10. REPORTS, SUGGESTIONS, REQUESTS

11. ADJOURNMENT

M I N U T E S

Item #1 – Meeting Call to Order

Mayor Partington called the meeting to order at 7:00 p.m.

Item #2 – Invocation

Pastor Neal Ganzel Jr., Coquina Presbyterian Church, provided the invocation.

Item #3 – Pledge of Allegiance

Mayor Partington led the Pledge of Allegiance.

Item #4 – Presentations and Proclamations

Item #4A – Janet Frank

Mayor Partington presented a proclamation to Ms. Janet Frank for her visits to all of the Florida State Parks.

Ms. Frank thanked the Commission for their support and proudly showed them her book with all the stamps collected at the parks.

Mayor Partington noted the Florida Governor announced The Great Outdoors initiative and mentioned some discounts available to residents.

Item #4B – Celebrate Babies Week

Mayor Partington proclaimed October 15 through October 21, 2023 as Celebrate Babies Week and presented a proclamation to Ms. Lisa Beitez from the Northeast Central Florida Infant Mental Health Chapter.

Ms. Beitez thanked the Commission for their support and discussed the importance of infant mental health.

Item #4C – National Family Literacy Day

Mayor Partington presented a proclamation to Ms. Stacey Simmons from the Daughters of the American Revolution for National Family Literacy Day.

Ms. Simmons presented a certificate award to the Mayor and Commission for their support.

Item #4D – Mobility Week

Mayor Partington proclaimed October 27 through November 4, 2023 as Mobility Week and presented a proclamation to Ms. Loreen Bobo from District 5 of the Florida Department of Transportation.

Ms. Bobo discussed the Target Zero initiative and thanked the Commission for their support.

Mayor Partington expressed his support of the Target Zero initiative.

Item #5 – Audience Remarks

Ms. Fran Cranfield, 136 Bear Creek Path, discussed the traffic issues on Hull Road and expressed concerns regarding the airport, Tomoka Oaks, and the Belvedere Fuel Farm.

Ms. Celeste Mastrobuono, 23 Malayan Sun Bear Path, expressed opposition to the Belvedere Fuel Farm.

Ms. Judy Robin, 81 Grizzly Bear Path, requested the Commission invite the Belvedere Fuel Farm owners to the site during special events, such as Biketoberfest, to view the traffic concerns.

Ms. Nancy Bates, 1 Indian Bear Path, expressed her opposition to the fuel farm and thanked the Commission for their opposition. She inquired if there was pushback from the letters previously sent. She noted she felt communication between the city and county and other entities involved should remain open.

Ms. Lindsey Pate, 40 Wild Cat Lane, thanked staff and the Commission for the work on National Night Out. She reviewed the Volusia County Council's approved motions regarding the fuel farm and expressed her concerns.

Ms. Catherine Pante, Daytona Beach, shared concerns regarding the Volusia County Council's motions. She requested the Ormond Beach Fire Department and Police Department send a letter of opposition regarding the fuel farm.

Ms. Mary Allen, 198 Bear Foot Trail, voiced concerns regarding the potential increase in traffic.

Ms. Michelle Zirkelbach, 328 River Buff Drive, discussed her experience with fuel farms and expressed concerns regarding the fuel farm and Tomoka Oaks.

Item #6 – Approval of Minutes

Mayor Partington advised the minutes of the October 4, 2023, meeting had been sent to the Commission for review and were posted on the city's website for public viewing. He asked for any corrections, additions, or omissions. He stated hearing no corrections, the minutes would stand approved as presented.

Commissioner Briley moved, seconded by Commissioner Sargent, for approval of the October 4, 2023, City Commission meetings minutes.

The motion passed by voice vote.

Item #7 – Consent Agenda

Mayor Partington advised the actions proposed for the items on the Consent Agenda were so stated on the agenda. He asked if any member of the Commission had questions or wished to discuss any items separately.

Commissioner Sargent moved, seconded by Commissioner Briley, for approval of the consent agenda.

Call Vote:	Commissioner Tolland	Yes
	Commissioner Sargent	Yes
	Commissioner Briley	Yes
Carried.	Mayor Partington	Yes

Comments on the Consent Agenda

Commissioner Sargent, Commissioner Tolland, and Commissioner Briley expressed support of Item 7W regarding the collective bargaining agreement with the Ormond Beach International Union of Police Associations.

Item #8 – Public Hearings

Mayor Partington opened the Public Hearings.

Item #8A – Partial Right-of-Way Vacation, Benton Street

City Clerk Susan C. Dauderis read by title only:

City Clerk Susan C. Dauderis read by title only:

ORDINANCE NO. 2023-52

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, VACATING A PORTION OF HAMMOND STREET, A PLATTED PUBLIC RIGHT-OF-WAY SOUTH OF PENNSYLVANIA AVENUE AND NORTH OF PLANTATION OAKS BOULEVARD, LOCATED BETWEEN VOLUSIA COUNTY PARCEL IDENTIFICATION NUMBERS: 3125-08-00-0014, 3136-01-07-0010 AND 3136-01-01-0021; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR RECORDATION AND TRANSMITTAL; AND SETTING FORTH AN EFFECTIVE DATE.

Commissioner Sargent moved, seconded by Commissioner Briley, for approval of Ordinance No. 2023-52, on first reading, as read by title only.

Call Vote:	Commissioner Briley	Yes
	Commissioner Tolland	Yes
	Commissioner Sargent	Yes
Carried.	Mayor Partington	Yes

Item #8C – Partial Right-of-Way Vacation, Rosemary Street

City Clerk Susan C. Dauderis read by title only:

ORDINANCE NO. 2023-53

AN OF THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, VACATING A PORTION OF ROSEMARY STREET, A PLATTED PUBLIC RIGHT-OF-WAY SOUTH OF PENNSYLVANIA

AVENUE, LOCATED BETWEEN VOLUSIA COUNTY PARCEL IDENTIFICATION NUMBERS: 3136-01-09-0001 AND 3136-01-08-0010; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR RECORDATION AND TRANSMITTAL; AND SETTING FORTH AN EFFECTIVE DATE.

Commissioner Briley moved, seconded by Commissioner Sargent, for approval of Ordinance No. 2023-53, on first reading, as read by title only.

Call Vote:	Commissioner Briley	Yes
	Commissioner Tolland	Yes
	Commissioner Sargent	Yes
Carried.	Mayor Partington	Yes

Item #8D – Enclave Subdivision, Preliminary Plat

City Clerk Susan C. Dauderis read by title only:

RESOLUTION NO. 2023-191

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA APPROVING THE PRELIMINARY PLAT FOR THE "ENCLAVE SUBDIVISION"; ESTABLISHING CONDITIONS AND EXPIRATION DATE OF APPROVAL; AND SETTING FORTH AN EFFECTIVE DATE.

Mr. Spraker explained the request was for a preliminary plat on 26 acres with 12 individual lots. He reviewed the location, zoning, site plan features, and the next steps for the item if approved.

Commissioner Tolland inquired about the wetlands; whereby, Mr. Spraker stated the wetlands were isolated based on the environmental assessment. She asked about the right-of-way, five-foot sidewalk and if with future developments could there be a requirement for wider sidewalks to allow for multi-modal use; whereby, Mr. Spraker stated the Commission could make it a policy direction, possibly part of a master sidewalk plan.

Commissioner Briley expressed his support of larger sidewalks.

Mr. Spraker stated staff could look into a sidewalk masterplan to bring back to the Commission in the future.

Commissioner Sargent moved, seconded by Commissioner Tolland, for approval of Resolution No. 2023-191, as read by title only.

Call Vote:	Commissioner Tolland	Yes
	Commissioner Sargent	Yes
	Commissioner Briley	Yes
Carried.	Mayor Partington	Yes

Item #8E – 1133 and 1141 N. US Highway 1 Special Exception for Outdoor Activity

City Clerk Susan C. Dauderis read by title only:

RESOLUTION NO. 2023-192

A RESOLUTION AUTHORIZING THE EXECUTION AND ISSUANCE OF A DEVELOPMENT ORDER FOR A SPECIAL EXCEPTION TO ALLOW OUTDOOR ACTIVITY TO INCLUDE ITINERANT VENDING DURING SPECIAL EVENTS AT "CM CUSTOM POOL DESIGNS" AND "MOORE OUTDOOR LIVING" LOCATED AT 1133 AND 1141 NORTH U.S. HIGHWAY 1 AND BEING SITUATED WITHIN THE I-1 (LIGHT INDUSTRIAL) ZONING DISTRICT; ESTABLISHING CONDITIONS AND EXPIRATION DATE OF APPROVAL; AND SETTING FORTH AN EFFECTIVE DATE.

Mr. Spraker explained the item was for a property within the Interlocal Service Boundary Agreement and explained the location and Land Development Code regulations related to the property. He noted one of the permitted special exception uses included outdoor activity. He stated the application was to include up to ten itinerant vendors and two food

trucks on the property, noting there were no plans for outdoor music. He explained at the Planning Board meeting there was discussion regarding the fence at the rear of the property, explaining there was a recommendation to install a fence and the applicant was willing to comply with the recommendation. He clarified the special exception permit was for 3 years.

Commissioner Briley moved, seconded by Commissioner Sargent, for approval of Resolution No. 2023-192, as read by title only.

Ms. Christine Wagstaff, 1138 ½ Roberts Street, expressed concerns regarding the fence near her property and requested the Commission consider asking the applicant to include a fence on the area abutting her property. She also voiced concern regarding the noise from motorcycles, noting discussions she had with the applicant.

Ms. Robin Kann, 1138 Roberts Street, stated support of Ms. Wagstaff and voiced concerns regarding the noise.

Mayor Partington inquired if staff was involved with the neighbor's discussions with the applicant; whereby, Mr. Spraker noted staff was not involved. He explained the Planning Board recommended the fence along the 1133 Roberts Street property, noting there was an existing fence along the property of 1138 Roberts Street.

Commissioner Tolland stated it looked like there was a fence around the rear of the property except for the area abutting 1133 Roberts Street; whereby, Mr. Spraker stated that was correct. He explained there was a chain link fence on the applicant side of the property and at seven to eight-foot fence wooden fence on the neighboring side of the property.

Commissioner Briley inquired if the wooden fence was the applicant's or the neighbor's; whereby, Mr. Spraker stated the chain link fence was the applicant's, noting the applicant Mr. Coby Moore was available to confirm.

Mr. Coby Moore, applicant, stated the fences were in place when he bought the property in 2022.

Commissioner Briley inquired if the applicant would be amenable to take down the chain link fence and replace with another wooden privacy fence; whereby, Mr. Moore stated the Iron Horse Saloon was right next door and would cause more noise than the parking and planned vendors on his property, noting the motorcycle parking and vendors would be in the front of the property, not at the rear.

Commissioner Sargent inquired why a second privacy fence would be added to the 1138 Roberts Street portion of the property; whereby, Commissioner Briley stated he was asking to help buffer the noise for the surrounding neighbors.

Commissioner Sargent and Commissioner Tolland expressed concerns regarding a second privacy fence.

Mayor Partington inquired how the noise level from surrounding sites could be contained; whereby, Mr. Spraker stated there were other vendors who were permitted for live music and noted the applicants request was for ten vendor spaces, two food trucks, and parking. Mayor Partington inquired if the applicant was subject to the noise ordinances; whereby, Mr. Spraker stated that was correct and clarified the site would not produce music.

Commissioner Briley and Commissioner Tolland expressed support of the Planning Board recommendation. Commissioner Tolland requested the fence be of similar style and height to the surrounding fence; whereby, Mr. Spraker noted the Development Order could be amended to include a fence of similar height.

Ms. Wagstaff stated the higher fence would help buffer the sound, noting the fence should include her property.

Mayor Partington clarified there was already a wooden fence on Ms. Wagstaff's property; whereby, Mr. Spraker stated it appeared that way but would not be able to confirm the fence was on her property without a survey.

Commissioner Briley moved, seconded by Commissioner Sargent, for approval of Resolution No. 2023-192, with the addition of the fence to be installed of similar height, as read by title only.

Call Vote:	Commissioner Sargent	Yes
	Commissioner Briley	Yes
	Commissioner Tolland	Yes
Carried.	Mayor Partington	Yes

Item #9A – FY 2022-23 Budget Amendments

City Clerk Susan C. Dauderis read by title only:

ORDINANCE NO. 2023-54

AN ORDINANCE AMENDING THE ANNUAL BUDGET FOR FISCAL YEAR 2022-2023 BY AMENDING THE GENERAL FUND (001); DOWNTOWN REDEVELOPMENT TRUST FUND (104); STORMWATER UTILITY FUND (107); AIRPORT FUND (108); LOCAL LAW ENFORCEMENT TRUST FUND (109); PENSION CONTRIBUTION PASS THROUGH FUND (113); RECREATION FACILITY FEE FUND (115); GRANTS FUND (116); 2010 BEACHFRONT PARK BOND FUND (220); CAPITAL IMPROVEMENTS FUND (301); EQUIPMENT RENEWAL & REPLACEMENT FUND (302); PUBLIC SAFETY VEHICLE & EQUIPMENT FUND (305); TRANSPORTATION IMPROVEMENTS FUND (308); FACILITIES RENEWAL & REPLACEMENT FUND (317); WATER AND WASTEWATER FUND (401); RENEWAL & REPLACEMENT FUND (409); SOLID WASTE FUND (460); AND THE GENERAL LIABILITY FUND (504); AND SETTING FORTH AN EFFECTIVE DATE.

Ms. Kelly McGuire, Finance Director, explained the item was an annual item for the Commission to approve the amendments to the budget, noting most amendments were from Capital Improvement Projects previously approved by the Commission.

Commissioner Sargent moved, seconded by Commissioner Tolland, for approval of Ordinance No. 2023-54, on first reading, as read by title only.

Call Vote:	Commissioner Briley	Yes
	Commissioner Tolland	Yes
	Commissioner Sargent	Yes
Carried.	Mayor Partington	Yes

Item #10 – Reports, Suggestions, Requests

Events, Compliments, and Announcements

Ms. Joyce Shanahan, City Manager, stated there was a Special City Commission meeting scheduled on October 25, 2023, Regular City Commission meeting on November, 7, 2023 at Calvary Christian Center, and discussed the remaining City Commission meetings for 2023. She reviewed upcoming events including the 150-Mile Super Scenic Highway Yard Sale, Community Helper Day, Fall Bird Walk, Hometown Heroes, and Veteran's Day Luncheon.

Commissioner Briley reviewed the events he attended including the State of the City and the Ormond Beach MainStreet Installation.

Commissioner Tolland discussed the events she attended including the Quality of Life Advisory Board meeting, Townhall meeting, State of the City, and ReGrow the Loop events. She thanked the Crotty family for their work in the community and challenged the residents to enjoy the City landmarks and enjoy the beauty of Ormond Beach.

Commissioner Sargent thanked staff and the Police Union for their work during the collective bargaining. He reviewed events he attended including State of the City and requested staff look into a State of the City for the residents and allow the Commissioners to recognize a citizen from their zone. Commissioner Sargent announced he would be seeking re-election for Zone 2 City Commissioner.

Mayor Partington shared a note he received from Mr. John Tyler with the Florida Department of Transportation. He congratulated Ormond Beach MainStreet and discussed the organization and discussed the State of the City event.

Belvedere Fuel Farm
Commissioner Sargent discussed the Volusia County motions made and noted actions taken by the City.

Audience Remarks
Mayor Partington stated there were no plans for a runway extension and wanted to stop the rumor before it spread, noting the cutting of trees was required by the Federal Aviation Administration due to the potential obstruction. He stated a post card was sent around Bear Creek regarding increased planes at the airport and noted there were no items before staff regarding increased planes by Embry-Riddle at the Ormond Beach Municipal Airport.

Item #11 – Adjournment

The meeting was adjourned at 8:42 p.m.

APPROVED: November 7, 2023

AGENDA ITEM

November 7, 2023 - City Commission

Number: 8.A

Section:	CONSENT AGENDA		
Item Category:	Consent - Resolution	**Res./Ord. No:**	2023-195
Strategic Goal:	Quality of Life - Other		
Department:	Public Works - Engineering		
Subject:	Granada Boulevard Streetscape Sidewalk Banding Repair Contract Modification		
Summary:	This is a request for the City Commission, also acting as the Community Redevelopment Agency (CRA) for the City, to approve a Contract Amendment with P&S Paving, Inc. for the Granada Blvd. Streetscape Sidewalk Banding Repair project. On December 6, 2022, the City Commission approved a contract with P&S Paving for the Granada Blvd. Streetscape Sidewalk Banding Repairs. Following execution of this contract, it was discovered that the specified integral shell material was unable to be sourced. While P&S Paving and City Staff made every attempt to find a solution to re-create the desired banding as directed by the Commission and specified in the awarded bid, lack of satisfactory materials prevented this from occurring. In addition to completing a test panel with alternate shell material, P&S paving pre-ordered several items for the project, including benches and trash receptacles. Staff has negotiated a contract amendment with P&S Paving to reduce the scope and price for the contract. The modification reduces the cost to $53,000.94 for expenses incurred in constructing a test panel ($2,197) and purchase of benches and trash receptacles ($50,803.14). The amendment reflects the modified terms agreed upon by P&S Paving, Ormond Beach City Attorney's office, and Ormond Beach Engineering Department. No other work will be completed under this agreement. Staff is working with Ormond Beach Main Street to identify suitable alternatives to bring back to commission for re-bidding. This item will be brought back to the City Commission for approval prior to advertising.		
Financial Impact:	Sufficient funds are available in Fund 104-Community Redevelopment Agency for the costs incurred under this modified contract. As these funds were originally budgeted in the prior year, a budget amendment will be required.		

Citizen Impact:	The streetcape sidewalk banding repair project will enhance the walkability of the CRA area and improve the overall safety and aesthetics of the downtown area. A reworking of this project will allow staff to implement a new plan that best reflects the vision of the City and aesthetically benefits Downtown Ormond Beach.
Recommended Action (Staff, Advisory Board and/or Other):	It is recommended that the City Commission, also acting as the CRA for the City, approve the Contract Amendment with P&S Paving, Inc. to reduce the contract amount to $53,000.94.

RESOLUTION NO. 2023-195

A RESOLUTION OF THE CITY COMMISSION, ALSO ACTING AS THE COMMUNITY REDEVELOPMENT AGENCY, OF THE CITY OF ORMOND BEACH, FLORIDA APPROVING AND AUTHORIZING THE EXECUTION OF AN AMENDMENT TO AGREEMENT FOR STREETSCAPE AND BANDING REPAIR WITH P&S PAVING, INC. REGARDING THE GRANADA BLVD. STREETSCAPE BANDING REPAIR PROJECT, UNDER BID NO. 2022-19; AUTHORIZING PAYMENT THEREFOR; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City Commission approved Resolution No. 84-74 declaring the Central Business District ("District"), as described therein, to be a Community Redevelopment Area in accordance with section 163.357, *Florida Statutes*, and

WHEREAS, Resolution 84-74 further declared the City Commission to be the Community Redevelopment Agency ("Agency") for the District, and

WHEREAS, in accordance with section 163.387, Florida Statutes, the City Commission approved Ordinance No. 84-34 establishing a Redevelopment Trust Fund ("Trust Fund") for the Agency in accordance with the said statutory provisions, and

WHEREAS, by Resolution No. 87-4, the City Commission approved the Granada Boulevard Master Streetscape Plan ("Granada Plan") as the official City policy and plan for the said area, and

WHEREAS, by Resolution No. 87-53, the City Commission approved the Bovard Avenue/Vining Court Master Streetscape Plan ("Bovard Plan") as the official City policy and plan for the said area, and

WHEREAS, together the said plans comprised the Community Redevelopment Plan ("Plan") for the said area, and

WHEREAS, the City Commission, also acting as the Agency, approved Resolution Nos. 89-262, 93-178, 93-252, 00-155, and 01-168 readopting and amending the Granada and Bovard Plans, and

WHEREAS, the City Commission, also acting as the Agency, approved Resolution No. 2004-181, amending the Granada Plan to provide the establishment of a Property Improvement Grant Program ("Grant Program") for the District, and

WHEREAS, the City Commission, also acting as the Agency, approved Resolution 2004-187 establishing conditions for the implementation of the Property Improvement Grant Program for the District, and

WHEREAS, the City Commission, also acting as the Agency, approved Resolution 2007-157, adopting the updated master plan for the Ormond Beach Downtown Community Redevelopment Area (CRA), and

WHEREAS, the City Commission, also acting as the Agency, approved Resolution 2019-178, adopting the amended master plan for the Ormond Beach Downtown Community Redevelopment Area (CRA), and

WHEREAS, the City and P&S Paving, Inc. are parties to an Agreement, dated January 3, 2023, for construction services for the Granada Blvd. streetscape banding repair project ("the Project"), and

WHEREAS, subsequent to the execution of the Agreement, it became evident that materials essential for the Project were unavailable preventing the Project from being completed as planned, and

WHEREAS, the parties desire to amend the Agreement by reducing the price and scope of services as detailed on the Amendment to Agreement for Streetscape and Banding Repair attached hereto and incorporated herein by reference, and

WHEREAS, the City Manager has certified that funds in the amount of $53,000.94 have been appropriated to the credit of the Downtown Redevelopment Trust Fund (104) and have not been appropriated for any other purpose, and

WHEREAS, the City Commission, on behalf of the City and the Community Redevelopment Agency, concurs in the said determination and recommendation, now therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, ALSO ACTING AS THE COMMUNITY REDEVELOPMENT AGENCY, THAT:

SECTION ONE. The Mayor/Chairman and the City Manager are hereby authorized and directed to execute an Amendment to Agreement for Streetscape and Banding Repair at the said price, and to pay the cost thereof from the Downtown Redevelopment Trust Fund.

SECTION TWO. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 7th day of November, 2023.

SUSAN CARROLL DAUDERIS
City Clerk

AMENDMENT TO AGREEMENT FOR STREETSCAPE AND BANDING REPAIR

CITY OF ORMOND BEACH, FLORIDA
and
P & S PAVING, INC.

THE AGREEMENT between the City of Ormond Beach ("City") and P&S Paving, Inc. ("Contractor") for Granada Blvd. Streetscape Banding Repair (Bid No. 2022-19) that was entered into on January 3, 2023 in the amount of $2,818,049.80 is hereby amended as set forth below:

WHEREAS, the parties executed an Agreement for sidewalk upgrades and other related work on Granada Boulevard. Material to this contract was the removal of existing concrete pavers to be replaced with colored concrete with coquina shell finish; and

WHEREAS, after the City accepted the bid but before construction could commence, the product necessary for the coquina finish became commercially unavailable. Due to the unavailability of the product that is material to the Agreement, both parties mutually agree that the Agreement as specified is impossible to perform and at no fault of either party; and

WHEREAS, the scope of work and price under this Agreement must be modified; and

THEREFORE, the parties agree to amend the Agreement as follows:

1. As of the date of this Amendment, P&S Paving, Inc. has provided the City $50,803.14 in product (benches and receptacles) and services related to a sidewalk materials test in the amount of $2,197. The price under the Agreement shall be reduced to $53,000.94 for the reduced product and scope of services. The parties agree that no further work shall be done due to impossibility of performance, and the $53,000.94 payment shall be considered the final payment by the City to the Contractor under this Agreement.

2. All other provisions of the Agreement remain in full force and effect, including any warranties/guarantees related to the products provided.

IN WITNESS WHEREOF, the parties hereto have made and executed this Amendment to the Agreement on the dates indicated below.

AGENDA ITEM

November 7, 2023 - City Commission

Number: 8.B

Section:	CONSENT AGENDA		
Item Category:	Consent - Resolution	**Res./Ord. No:**	2023-196
Strategic Goal:	Transportation & Community Development - Other		
Department:	Planning & Building		
Subject:	2023 Ormond Scenic Loop and Trail, 150 mile Super Scenic Garage Sale		
Summary:	This is a request from the Ormond Scenic Loop & Trail Corridor Management Organization to waive residential garage sale permits and fees as part of the fifteenth Annual Scenic Loop and Trail, 150 mile Super Scenic Garage Sale on the beachside from the north city limits to the south city limits, and from the Halifax River to the Atlantic Ocean, on Saturday, November 18, 2023 from 8:00 a.m. to 2:00 p.m. The City Commission has authorized this fee waiver since 2021. This year will be the 15th year of a 150-mile Super Scenic Garage Sale, an event for shoppers and sellers covering over 150 miles along Florida's east coast. The event starts in Fernandina Beach and ends in Ponce Inlet, running along State Road A1A through Nassau, Duval, St. Johns, Flagler and Volusia counties with a mix of locations to stop and shop while exploring our coastal communities along the way. The event is promoted by the Florida Scenic Highways and National Scenic Byways and the Friends of A1A Scenic & Historic Coastal Byway.		
Financial Impact:	Garage sales are allowed for residential properties up to 3 times per year. There is a $5 fee for the first two garage sales and the third garage sale is allowed with no fee. If the City Commission elects to allow the permits and fees to be waived, the financial impact will be inconsequential.		
Citizen Impact:	The 15th Annual Super Scenic 150-Mile Garage Sale is designed to promote the beachside portion of the Ormond Scenic Loop and Trail and State Road A1A. The event provides interest for commercial uses along the corridor. The event will occur with or without the permits and fees waiver limited to Sat, Nov 18, 2023, from 8:00 a.m. to 2:00 p.m. The Ormond Scenic Loop & Trail Corridor Management Organization		

	request seeks to include this portion of Ormond Beach in the 150-Mile Garage Sale.
Recommended Action (Staff, Advisory Board and/or Other):	Staff recommends the City Commission approve the request from the Ormond Scenic Loop & Trail Corridor Management Organization to waive residential garage permits and fees as part of the 15TH Annual Super Scenic 150-Mile Garage Sale, beachside from the north to the south city limits, and from Halifax River to the Atlantic Ocean, Sat, Nov 18, 2023 from 8:00 a.m. to 2:00 p.m.
Staff Contact:	Steven Spraker, Planning Director, (386) 676-3341
Attachments:	1. 23-196 OSLT garage sale waiver (P23-0213G) 2. 2023 garage Sale poster 3. A1A Super Scenic 150 mile Garage Sale - November 18th, 2023
Approval:	Kelly McGuire, Finance Director 10/16/2023 Claire Whitley, Assistant City Manager 10/18/2023 Joyce Shanahan, City Manager 11/2/2023

RESOLUTION NO. 2023-196

A RESOLUTION AUTHORIZING A WAIVER OF RESIDENTIAL GARAGE SALE PERMITS AND FEES AS PART OF THE 15TH ANNUAL SUPER SCENIC 150-MILE GARAGE SALE ON THE BEACHSIDE FROM THE NORTH CITY LIMITS TO THE SOUTH CITY LIMITS FROM THE HALIFAX RIVER TO THE ATLANTIC OCEAN ON SATURDAY, NOVEMBER 18, 2023 FROM 8:00 A.M. TO 2:00 P.M.; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, on Saturday, November 18, 2023 from 8:00 a.m. to 2:00 p.m. the fifteenth year of the Annual Super Scenic 150-Mile Garage Sale is planned, which is an event for shoppers and sellers covering over 150 miles along Florida's east coast. The event starts in Fernandina Beach and ends in Ponce Inlet, and runs along A1A through Nassau, Duval, St. Johns, Flagler and Volusia counties with a mix of locations to stop and shop, while exploring coastal communities along the way, and

WHEREAS, the Ormond Scenic Loop & Trail Corridor Management Organization desires to participate in the Annual Super Scenic 150-Mile Garage Sale to promote the beachside portion of the Ormond Scenic Loop and Trail and the State Road A1A corridor; and

WHEREAS, the Ormond Scenic Loop & Trail Corridor Management Organization has requested in an e-mail dated October 12, 2023 to waive residential garage sale permits and fees as part of the 15th Annual Super Scenic 150-Mile Garage Sale; and

WHEREAS, to assist in the promotion of the beachside portion of the Ormond Scenic Loop and Trail and the State Road A1A corridor, the City Commission desires to allow the waiver of residential garage sale permits and fees as part of the 15th Annual Super Scenic 150-

Mile Garage Sale on the beachside from the north city limits to the south city limits, from the Halifax River to the Atlantic Ocean, on Saturday, November 18, 2023 from 8:00 a.m. to 2:00 p.m., now therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The City Commission hereby authorizes the waiver of residential garage sale permits and fees as part of the 15th Annual Super Scenic 150-Mile Garage Sale on the beachside from the north city limits to the south city limits, from the Halifax River to the Atlantic Ocean, on Saturday, November 18, 2023 from 8:00 a.m. to 2:00 p.m.

SECTION TWO. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 7th day of November, 2023.

[External Email-Use Caution] - OB/IT Helpdesk

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Mr. Spraker,

There will be another garage sale onSaturday, November 18th. Would you be so kind as to grant the same beachside waiver of garage sale fee the same as you gave us last year? I apologize for the very late request, Steven. The Loop has been so busy with ReGrow the Loop and a few other very exciting projects that the time slipped away. All we are asking is for a residential waiver of garage sale fees on beachside Ormond Beach for November 18th from 8am-2pm. There will be no community sites this year as the previous location has closed so we are hoping the residents will become involved this year. If it's too late, then darnit it's my fault for not taking care of this much sooner.

Here is the information related to this year's garage sale.

VISIT WWW.SCENICA1A.ORG FOR THE FULL 2023 ROUTE MAP

Friends of A1A and our fellow Florida Scenic Highway partners are promoting the longest Garage Sale in Northeast Florida for the 15th year! There will be many locations along the 150 mile route to stop and shop. Some are residences along the A1A Byway and others are community centers or businesses. This is the official registration form for the 2023 sale.

Buyers and Sellers are invited to participate from 8 am to 2 pm. Pre-registration allows coordinators at the Friends of A1A to limit the number of participants in small areas. At larger areas, the host property owner decides set up and location. Other facts you may need to know are listed below. If you have any questions, please find more information at www.scenica1a.org or contact A1A Super Scenic Garage Sale Coordinator Danielle Anderson at (904) 425-8055.

Who: Friends of A1A Scenic & Historic Coastal Byway (event coordinator) and partners: A1A Ocean Islands Trail (Nassau/Duval), Ormond Scenic Loop & Trail (Volusia), Halifax Heritage Byway (Volusia)

What: The 15th Annual Super Scenic 150 Mile Garage Sale

Where: From Fernandina Beach (Nassau) to Ponce Inlet (Volusia) along more than 150 **Miles of Florida Scenic Highways**

When: Saturday, November 18, 2023 from 8 am to 2 pm

Why: Friends of A1A strives to increase visitation/economic impact to the scenic sites and businesses along the Byways.

How: Friends of A1A uses registration fees to place ads in surrounding county press and internet news media, and to provide event signs. Info and signs may be picked up prior to the day of the event.

Location Assignments: As the registration fee is paid, sellers may identify community locations desired, if not on their own property. *Specific **community sites** have various fees. Visit www.scenica1a.org for each community site's location information. **Home/business registration: $25.**

Setup: Sellers bring their own table, chairs and goods. Site hosts will arrange space layouts as needed. Time of setup is one hour before event and breakdown is one hour after. Sellers are to bring all needed supplies.

Cleanup: Please leave the selling location clean and litter free upon completion of the event.

Proceeds: Sellers retain all proceeds. Contributions to Friends of A1A are always welcome.

Hope you're well. Thanks again for your consideration.

Best regards,

Nancy Galdo
Vice Chair, OSLT

Item Category:	Consent - Resolution	**Res./Ord. No:**	2023-197
Strategic Goal:	Public Safety - Other		
Department:	Finance - Grants		
Subject:	Victims of Crime Act (VOCA) Grant Funding, FY 2023-24		
Summary:	Request for the City Commission to retroactively (to October 2023) authorize the acceptance of a grant award between the State of Florida, Office of the Attorney General, and the City for the 24th year to fund the Victim Advocate position within the Ormond Beach Police Department. The City has received a grant award of $51,336 for FY 2023-24. There are no match requirements. In March 2023, a grant request was submitted to the Office of the Attorney General for the purpose of continuing the City's Victim Advocate program. The program was established by the U.S. Department of Justice with the passage of the Victims of Crime Act of 1984. The program is a "pass-through" by the State of Florida that provides resources to assist all crime victims to fully understand and exercise their rights established by the legislature. The advocates are used to assist in cases of assault, domestic violence, child abuse and elder abuse. However, this is only a portion of the victims assisted by the advocate. The advocate assists victims in receiving appropriate notifications of court actions, in receiving referrals to support agencies, and in participating in the Victims of Crime Compensation Program.		
Financial Impact:	The grant award is $51,336 and the grant funds will be used to pay as much as possible of the Victim Advocate's salary and benefits, some operating expenses, and for training and certifications. The grant funds cover 75% of personnel costs and other approved expenses. Any remaining costs will be derived from the Police Department Budget.		
Citizen Impact:	The Victim Advocate assists victims of crime in our community in understanding and exercising their rights.		

Recommended Action (Staff, Advisory Board and/or Other):	Retroactive approval of the attached agreement is respectfully requested.

RESOLUTION NO. 2023-197

A RESOLUTION AUTHORIZING THE ACCEPTANCE OF A GRANT AWARD FROM THE STATE OF FLORIDA, OFFICE OF THE ATTORNEY GENERAL REGARDING FUNDING FOR THE CITY'S VICTIM'S ADVOCATE PROGRAM; AUTHORIZING THE EXECUTION OF ALL DOCUMENTS INCIDENTAL THERETO, INCLUDING ANY CONTRACT NECESSARY FOR THE CITY TO ACCEPT THE GRANT AWARD; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City's application to the State of Florida, Office of the Attorney General, for financial assistance in the continuation of a Victim's Advocate program within the Ormond Beach Police Department was duly filed and approved, and

WHEREAS, the total project cost is $51,336.00, and

WHEREAS, the State will provide grant funding in the full amount of $51,336.00 (100% of the cost) and the City is not required to provide any match funds for the FY2023-2024 grant period, and

WHEREAS, the City and the State of Florida desire to enter into an agreement relative thereto, and

WHEREAS, due to the grant award period beginning on October 1, 2023, and the short turnaround time afforded by the Attorney General to the City in having the Agreement signed and returned, the Mayor and City Manager executed the Agreement on September 26, 2023, and the signed Agreement was returned, now therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The City Commission hereby ratifies the Mayor and City Manager's execution of an Agreement between the State of Florida, Office of the Attorney General regarding the funding of a Victim's Advocate Program. A copy of said agreement, which shall be effective retroactively to October 1, 2023, is attached hereto and incorporated herein by reference.

SECTION TWO. The Mayor and City Manager are hereby authorized and directed to execute any additional contract, including any and all documents that are necessary and incidental thereto, for the City to accept the grant award.

SECTION THREE. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 7th day of November, 2023.

City Clerk

FY 2023/2024
(Grant Period October 1, 2023, through September 30, 2024)

AGREEMENT BETWEEN THE STATE OF FLORIDA
DEPARTMENT OF LEGAL AFFAIRS
OFFICE OF THE ATTORNEY GENERAL

AND

City of Ormond Beach

GRANT NO: VOCA-C-2023-City of Ormond Beach-00141

THIS AGREEMENT is entered into in the City of Tallahassee, Leon County, Florida by and between the State of Florida, Department of Legal Affairs, Office of the Attorney General (OAG), the pass-through agency for the Victims of Crime Act (VOCA), Catalog of Federal Domestic Assistance (CFDA) Number - 16.575, hereafter referred to as "the OAG, " an agency of the State of Florida, with headquarters located at PL-01, The Capitol, Tallahassee, Florida 32399-1050, and the City of Ormond Beach, hereafter referred to as "the Provider," and jointly referred to as "the Parties." The parties agree as follows:

ARTICLE 1. ENGAGEMENT OF THE PROVIDER

The OAG engages the Provider to perform services as specified in this Agreement. All services are to be performed solely by the Provider and may not be subcontracted or assigned without prior written consent of the OAG. The consent of the OAG does not vest any rights in the subcontractor or create any obligation on behalf of the OAG to the subcontractor. All subcontract agreements will contain a disclosure to this effect.

This Agreement will be performed in accordance with the rules implementing the provisions of VOCA, 34 U.S.C. § 20103, Crime Victim Assistance, 28 C.F.R. §§ 94.101 through 94.122, the federal government-wide grant rules as set forth in 2 C.F.R. § 200, et. seq., and the U.S. Department of Justice, (DOJ), Office of Justice Programs, DOJ Grants Financial Guide, (Financial Guide), and any other regulations or guidelines currently or subsequently required by the U.S. Department of Justice and State or Federal laws.

ARTICLE 2. SCOPE OF WORK

For the 2023/2024 Grant Period, the Provider will maintain a victim services program that will be available to provide direct services to victims of crime who are identified by the Provider or are presented to the Provider, as specified in the Provider's 2023/2024 Grant Application as approved by the OAG and incorporated herein by reference.

ARTICLE 3. TIME OF PERFORMANCE

This Agreement will become effective on October 1, 2023, or on the date when this Agreement has been signed by all parties, whichever is later, and will end on September 30, 2024. No costs incurred by the Provider prior to the effective date or after the termination date of this Agreement will be reimbursed and the Provider is solely responsible for any such expenses.

ARTICLE 4. GRANT FUNDS

The Provider will not commingle grant funds (payments and reimbursements made under this Agreement) with other personal or business accounts. The DOJ Financial Guide does not require physical segregation of cash deposits or the establishment of any eligibility requirements for funds which are provided to a Provider. The Provider's accounting systems must ensure grant funds are not commingled with funds on either a program-by-program or a project-by-project basis. Grant funds specifically budgeted and received for one project may not be used to support another. When the Provider's existing accounting system cannot comply with this requirement, the Provider will establish an additional accounting system to provide adequate grant fund accountability for each project.

In accordance with the provisions of section 287.0582, Florida Statutes, if the terms of this Agreement and reimbursement contemplated by this Agreement extend beyond the current fiscal year, the OAG's performance and obligation to reimburse under this Agreement are contingent upon an annual appropriation and spending authority by the Florida Legislature. In addition, the OAG's performance and obligation to reimburse under this Agreement is contingent upon the OAG's VOCA award, as funded through the DOJ, Office for Victims of Crime formula grant program.

ARTICLE 5. FINANCIAL CONSEQUENCES

In accordance with section 215.971, Florida Statutes, provisions specifying the financial consequences that apply if the Provider fails to perform the minimum level of service required by this Agreement are set forth in this paragraph. The Provider will be held responsible for maintaining a victim services program that will be available to provide direct services to victims of crime who are identified by the Provider or are presented to the Provider, and meeting the deliverables and the performance standards as outlined in the current year VOCA Grant Application and approved by the OAG, included within the OAG E-Grants Management System, and incorporated herein by reference in the approved application, unless otherwise modified as approved by the OAG in writing. If the Provider does not maintain a victim services program that will be available to provide direct services to victims of crime as outlined in the approved application without an approved justification, the OAG may impose a corrective action plan and will reduce the final payment for the grant period under this Agreement by five percent of the total award amount listed in Article 11. Additionally, failure of Provider to comply with all provisions of this agreement, including but not limited to compliance with audits, maintenance of documentation, monitoring, and report submissions will result in the withholding of payments until such issues are resolved as determined by the OAG. The provisions in this Article do not limit the OAG's rights under the law with regard to breach of this agreement or specified termination provisions.

ARTICLE 6. REGISTRATION REQUIREMENTS

Prior to execution of this Agreement, the PROVIDER will be registered electronically with the State of Florida at MyFloridaMarketPlace.com. If the parties agree that exigent circumstances exist that would prevent such registration from taking place prior to execution of this Agreement, then the PROVIDER will so register within 21 days from execution. Failure of the PROVIDER to register electronically with the state of Florida will result in non-payment for expenditures by the Department of Financial Services until the PROVIDER has complied. The online registration can be completed at: https://vendor.myfloridamarketplace.com. If the PROVIDER needs assistance in registering, the PROVIDER may call 1-866-352-3776, fax 866-552-2992, or email: vendorhelp@myflorida.com Failure of the PROVIDER to timely register may result in cancellation of this Agreement.

The Provider will comply with the applicable requirements regarding registration with the System for Award Management (SAM) (or with a successor government-wide system officially designated by the Federal Office of Management and Budget and the DOJ's Office of Justice Programs), and to acquire and provide a Data Universal Numbering System (DUNS) number. The Provider will comply with applicable restrictions on subcontractors that do not acquire and provide a DUNS number. The details of Provider obligations are posted on the Office of Justice Programs' website at https://www.ojp.gov/funding (Award condition: Registration with

the System for Award Management and Universal Identifier Requirements) and are incorporated by reference. This special condition does not apply to the Provider who is an individual and received the grant award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

ARTICLE 7. W-9 REQUIREMENT

The State of Florida Department of Financial Services requires that vendors have a verified Substitute Form W-9 on file to avoid delays in payments. Information on how to register and complete your Substitute Form W-9 can be found at http://flvendor.myfloridacfo.com. The Vendor Management Section can also be reached at (850) 413-5519.

ARTICLE 8. E-GRANT SYSTEM REQUIREMENT

The PROVIDER's administrator has the authority to grant access to the E-Grant system to the PROVIDER'S employees. The PROVIDER will immediately remove access to the E-Grants system when an employee is no longer employed at the PROVIDER's agency or when an employee's access is no longer necessary to perform their job duties at the PROVIDER's agency. The PROVIDER will perform quarterly checks to ensure that only authorized employees have access to the E-Grant system and will report quarterly to the OAG their compliance with this provision.

ARTICLE 9. AUTHORIZED EXPENDITURES

Only expenditures which are detailed in the approved budget of the grant application, a revised budget, or an amended budget approved by the OAG are eligible for reimbursement with grant funds. Any requested modification to the budget must be submitted by the Provider in writing to the OAG and will require prior approval by the OAG. Budget modification approval is at the sole discretion of the OAG. Any grant funds reimbursed under this Agreement must be used in accordance with the rules implementing the provisions of VOCA, 34 U.S.C. § 20103, Crime Victim Assistance, 28 C.F.R. §§94.101 through 94.122, the federal government-wide grant rules as set forth in the 2 C.F.R. § 200, and the DOJ, Office of Justice Programs, DOJ Financial Guide, and any other regulations or guidelines currently or subsequently required by the DOJ and state or federal laws. Expenditures for the acquisition and maintenance of telephones and equipment will be proportional to the percentage of VOCA grant funded staff who utilize the telephones and equipment, as contemplated by this Agreement.

Grant funds cannot be used as a revenue generating source and crime victims cannot be charged either directly or indirectly for services reimbursed with grant funds. Third party payers such as insurance companies, victim compensation, Medicare or Medicaid may not be billed for services provided by grant funded personnel to clients. Grant funds must be used to provide services to all crime victims, regardless of their financial resources or availability of insurance or third-party reimbursements.

Travel expenses will be reimbursed with grant funds only in accordance with section 112.061, Florida Statutes.

Expenditures of state financial assistance must be in compliance with all laws, rules and regulations applicable to expenditures of state funds, including, but not limited to, the Florida Reference Guide for State Expenditures.

Only allowable costs resulting from obligations incurred during the term of this Agreement are eligible for reimbursement, and any balances of unobligated cash that have been advanced or paid that are not authorized to be retained for direct program costs in a subsequent period must be refunded to the OAG. Any funds paid in excess of the amount to which the Provider is entitled under the terms of this Agreement must be refunded to the

OAG.

The Provider will reimburse the OAG for all unauthorized expenditures and the Provider will not use grant funds for any expenditures made by the Provider prior to the execution of this Agreement or after the termination date of this Agreement. If the Provider is a unit of local or state government, the Provider must follow the written purchasing procedures of that governmental agency or unit. If the Provider is a non-profit organization, the Provider will obtain a minimum of three written quotes for all single item grant-related purchases equal to or in excess of $2,500 unless it is documented that the vendor is a sole source supplier. The Provider will use the lowest quote for the purchase.

The Provider will not use any federal funds (including grant funds), either directly or indirectly, in support of any contract or subaward to either the Association of Community Organizations for Reform Now (ACORN) or its subsidiaries, without the express prior written approval of the U.S. Department of Justice, Office of Justice Programs.

The Provider must report suspected fraud, waste and abuse to the OAG's Office of the Inspector General at 850-414-3300.

ARTICLE 10. PROGRAM INCOME

The Provider will provide services to crime victims, at no charge, through the VOCA grant funded project. Upon request, the Provider will provide the OAG with financial records and internal documentation regarding the collection and disposition of program income, including, but not limited to, Victim Compensation, insurance, Medicare, Medicaid, restitution and direct client fees.

ARTICLE 11. AMOUNT OF FUNDS

A. Total Funds: The OAG will reimburse the Provider for contractual services or availability to provide services for the entire time of performance, as set forth in Article 3 of this Agreement, and completed in accordance with the terms and conditions of this Agreement. The total sum of monies available for reimbursement to the Provider for services provided will not exceed $51,336.00.

B. "Availability to Provide Services" is defined as maintaining sufficient capacity to assist victims during the Provider's business hours throughout the Agreement term. Provider's business hours should be set during standard business work hours, which are between 8:00 a.m. to 6:00 p.m. Monday through Friday, unless otherwise approved as alternative standard business work hours by the OAG. Employee leave earned under this grant period is reimbursable; however, the Provider must continue to maintain sufficient capacity to assist victims.

C. "Contractual Services" are defined as those specified services established within the OAG approved budget for which the Provider is to be paid upon completion at the set rate also established within the OAG approved budget, as authorized expenditures eligible for payment, or reimbursement pursuant to ARTICLE 9, AUTHORIZED EXPENDITURES, of this Agreement.

D. The OAG strongly encourages the Provider to secure funding from other sources if the Provider anticipates the program will continue beyond the current grant year.

ARTICLE 12. METHOD OF PAYMENT

A. Payment: Payment for services performed under this Agreement will be issued in accordance with the provisions of section 215.422, Florida Statutes. The OAG will have 20 days from the receipt of any invoice

for the approval and inspection of goods or services.

B. Performance Reports: All required performance reports must be completed by the Provider and received by the OAG to document the provision of the project deliverables. Processing of reimbursement of a monthly invoice is contingent upon timely OAG receipt of performance reports, subject to approval by the OAG of the level of service provided during the invoiced period, and approval by the OAG of all required performance reports. The Provider will provide all performance reports on a quarterly and annual basis unless otherwise requested by the OAG. The quarterly reports for quarters ending December, March, and June must be submitted by the Provider to the OAG by the 15th day of the month immediately following the end of the quarter. The final performance report is due to the OAG no later than the last day of the month immediately following the cancellation, expiration, or termination of this Agreement.

C. Monthly Invoices: Except for the monthly invoices for December, March, and June, each monthly invoice and all required supporting documentation, including a Certificate of Availability, must be submitted by the Provider to the OAG by the last day of the month immediately following the month for which reimbursement is requested, unless otherwise approved by the OAG in writing. The monthly invoices for December, March, and June and all required supporting documentation, including a Certificate of Availability, must be submitted by the Provider to the OAG by the 15th day of the month immediately following the month for which reimbursement is requested, unless otherwise approved by the OAG in writing. The Provider will maintain appropriate documentation of all costs for which reimbursement is sought on the invoice. The OAG may require any appropriate documentation of expenditures prior to approval of the invoice and may withhold reimbursement if services are not satisfactorily completed or if the documentation is not satisfactory. The final invoice is due to the OAG no later than the last day of the month immediately following the cancellation, expiration, or termination of this Agreement.

D. Correction of Invoices: If the Provider submits an invoice that does not accurately reflect the costs associated for that month, the correct costs must be submitted on the next monthly invoice or forfeit reimbursement from the grant for those particular costs. The OAG will not accept any corrected invoices that are not received within this timeframe. If complete and correctly documented invoices are not received within these time frames, all right to reimbursement may be forfeited, the OAG may not honor any subsequent requests for payment. Any reimbursement due or any approval necessary under the terms of this Agreement will be withheld until all evaluation, financial and program reports due from the Provider, and necessary adjustments thereto, have been approved by the OAG.

E. Notice of Investigation: The Provider is required to inform the OAG if they are being investigated by any governmental agency for financial, programmatic, or other issues. If it comes to the attention of the OAG that the Provider is being investigated, all pending requests for reimbursement may not be processed until the matter is resolved to the satisfaction of the OAG.

F. Maintenance and Submission of Reports: The Provider will maintain and timely submit such progress, fiscal, inventory, and other reports as the OAG may require pertaining to this grant.

G. Matching Grant Award: The Provider is required to match the grant award as required in the rules implementing the Federal Victims of Crime Act. Match contributions equal to 20 percent (cash or in-kind) of the total cost of each VOCA project (VOCA grant funds plus match contributions) must be reported monthly to the OAG. All funds designated as match contributions are restricted in the same manner and to be expended for the same uses as the VOCA victim assistance grant funds and must be expended within the grant period. Unless otherwise approved by the OAG, match contributions must be reported on a monthly basis in an amount consistent with the amount of funding requested for reimbursement.

ARTICLE 13. VENDOR OMBUDSMAN

Pursuant to section 215.422(7), Florida Statutes, the Florida Department of Financial Services has

established a Vendor Ombudsman, whose duties and responsibilities are to act as an advocate for vendors who may have problems obtaining timely payments from state agencies. The Vendor Ombudsman may be reached at (850) 413-5516.

ARTICLE 14. LIABILITY AND ACCOUNTABILITY

The Provider, if a non-profit entity, will provide continuous and adequate director, officer, and employee liability insurance coverage against any personal liability or accountability by reason of actions taken while acting within the scope of their authority during the existence of this Agreement and any renewal and extension thereof. Such coverage may be provided by a self-insurance program established and operating under the laws of the state of Florida.

ARTICLE 15. INDEPENDENT CONTRACTOR

The Provider is an independent contractor and not an officer, employee, agent, servant, joint venture, or partner of the state of Florida, except where the Provider is a state Agency. Neither the Provider nor its agents, employees, subcontractors, or assignees will represent to others that the Provider has the authority to bind the OAG. This Agreement does not create any right to any state retirement, leave or other benefits applicable to state of Florida personnel as a result of the Provider performing its duties or obligations under this Agreement. The Provider will take such actions as may be necessary to ensure that each subcontractor of the Provider will be deemed an independent contractor and will not be considered or permitted to be an officer, employee, agent, servant, joint venturer, or partner of the state of Florida. The OAG will not furnish support services (e.g., office space, office supplies, telephone service, and administrative support) to the Provider, or its subcontractor or assignee, unless specifically agreed to in writing by the OAG.

All deductions for social security, withholding taxes, income taxes, contributions to unemployment compensation funds and all necessary insurance for the Provider, the Provider's officers, employees, agents, subcontractors, or assignees will be the sole responsibility of the Provider.

ARTICLE 16. DOCUMENTATION, RECORD RETENTION

The Provider will maintain books, records, and documents (including electronic storage media) in accordance with generally accepted accounting procedures and practices which sufficiently and properly reflect all revenues and expenditures of grant funds.

The Provider will maintain a file for inspection by the OAG or its designee, Chief Financial Officer, Auditor General, or the DOJ that contains written invoices for all fees, or other compensation for services and expenses, in detail sufficient for a proper pre-audit and post-audit. This includes the nature of the services performed or expenses incurred, the identity of any persons who performed the services or incurred the expenses, the daily time and attendance records and the amount of time expended in performing the services (including the day on which the services were performed), and if expenses were incurred, a detailed itemization of such expenses. All documentation, including audit working papers, will be maintained by the Provider for a period of five years from the termination date of this Agreement, or until any audit has been completed and any findings have been resolved, whichever is later.

The Provider will give authorized representatives of the OAG the right to access, receive and examine all records, books, papers, case files, documents, goods, and services related to the grant funds. The Provider, by signing this Agreement specifically authorizes the OAG to receive and review any record reasonably related to the purpose of the grant as authorized in the original approved grant application and or the amendments thereto. Failure to provide documentation as requested by the OAG under the provisions of this Agreement will result in either the termination of the agreement or suspension of further reimbursements to the Provider until all requested documentation has been received, reviewed, and the costs are approved for reimbursement by the OAG.

ARTICLE 17. PUBLIC RECORDS

The Provider will comply with Chapter 119, Florida Statutes, Florida's public record law. The Provider will keep and maintain public records required by the OAG to perform all services required under this Agreement. A request to inspect or copy public records relating to this Agreement must be made directly to the OAG. If the OAG does not possess the requested records, the OAG will immediately notify the Provider of the request. Upon request by the OAG to inspect or copy public records relating to this Agreement, the Provider will provide the OAG with a copy of the requested records at no cost to the OAG or allow the records to be inspected or copied by the member of the public making the records request at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law. The Provider must ensure that in allowing public access to all documents, papers, letters, or other materials made or received in conjunction with this Agreement, those records that are exempt or confidential and exempt from public records disclosure requirements of Chapter 119, Florida Statutes, or other provisions of Florida law, are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement if the Provider does not transfer the records to the OAG.

If the Provider fails to provide the public records to the OAG within a reasonable time, it may be subject to penalties under section 119.10, Florida Statutes, as well as unilateral cancellation of this Agreement by the OAG. In the event the Provider's business closes or the Provider is permanently unable to perform under this Agreement, the Provider will electronically transfer, at no cost, all public records to the OAG upon becoming aware of any impending closure or event that renders the Provider unable to perform said services. Upon completion of this Agreement, the Provider will keep and maintain public records required by the OAG to perform the services to be provided in the scope of this Agreement, or electronically transfer in a file format compatible with the information technology systems of the OAG, at no cost to the OAG, all public records in possession of the Provider. If the Provider transfers all public records to the OAG upon completion or termination of the Agreement, the Provider will destroy all duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Provider keeps and maintains public records upon completion of the Agreement, it must meet all applicable requirements for retaining public records, consistent with the state of Florida's records retention schedule. All public records stored electronically must be provided to the OAG, upon request of its Custodian of Public Records, at no cost to the OAG, in a format compatible with the information technology systems of the OAG. The OAG may unilaterally terminate this Agreement if the Provider refuses to allow access to all public records made or maintained by the Provider in conjunction with this Agreement, unless the records are exempt from Section 24(a) of Art. I, Florida State Constitution, and sections 119.07(1) or 960.15, Florida Statutes.

IF THE PROVIDER HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE PROVIDER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 850-414-3634, PublicRecordsRequest@myfloridalegal.com, OFFICE OF THE ATTORNEY GENERAL, PL-01, THE CAPITOL, TALLAHASSEE, FL 32399-1050.

ARTICLE 18. PROPERTY

The Provider will be responsible for the proper care and custody of all property purchased with grant funds and agrees not to sell, transfer, encumber, or otherwise dispose of property acquired with grant funds without the written permission of the OAG. If the Provider is no longer a grant funds recipient, all property acquired by grant funds will be subject to the provisions of the DOJ Financial Guide.

ARTICLE 19. AUDITS; COMPLIANCE WITH THE INSPECTOR GENERAL

A. Pursuant to section 20.055, Florida Statutes, the Provider, and any subcontractor to the Provider understand and will comply with their duty to cooperate with the Inspector General in any investigations, audit inspection or review.

B. The administration of funds disbursed by the OAG to the Provider may be subject to audits and monitoring by the OAG, as described in this section.

C. Title 2 C.F.R. Part 2, Subpart A, is applicable if the Provider is a non-federal entity, meaning a state, local government, Indian tribe, institution of higher learning, or nonprofit organization that carries out a federal award as a recipient or subrecipient, as defined in that Part.

1. In the event the Provider expends $750,000 or more during the non-federal entity's fiscal year in federal awards, it must have a single or program-specific audit conducted for that year in accordance with the provisions of federal government-wide grant rules as set forth in 2 C.F.R. § 200, et. seq. Article 11 to this Agreement indicates the amount of federal funds disbursed through the OAG by this Agreement. In determining the federal awards expended in its fiscal year, the Provider will take into account all sources of federal awards, including federal resources received from the OAG. The determination of amounts of federal awards expended should be in accordance with the guidelines established by federal government-wide grant rules as set forth in 2 C.F.R. § 200. An audit of the Provider conducted by the Auditor General in accordance with 2 C.F.R. § 200.500, will meet the requirements of this part.

2. In connection with the audit requirements addressed in this part, the Provider will fulfill the requirements relative to auditee responsibilities as provided in 2 C.F.R. § 200.508.

3. In the event the Provider expends less than $750,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with 2 C.F.R. § 200.500, the cost of the audit must be reimbursed from non-federal funds (i.e., the cost of such an audit must be reimbursed from Provider resources obtained from other than federal entities), as mandated in 2 C.F.R. § 200.400.

ARTICLE 20. AUDIT REPORT SUBMISSION

Copies of audit reports conducted pursuant to Florida Statute 215.97 and the Florida Rules of the Auditor General Chapter 10.650, must be submitted no later than 150 days following cancellation, termination or expiration of this Agreement.

A. Copies of audit reports for audits conducted in accordance with the 2 C.F.R. § 200.500, and required by this Agreement will be submitted, when required by 2 C.F.R. § 200.512, by or on behalf of the Provider directly to the following:

Office of the Attorney General
Bureau of Advocacy and Grants Management
PL-01, The Capitol
Tallahassee, Florida 32399-1050

B. Any reports, management letters, or other information required to be submitted to the OAG pursuant to this Agreement will be submitted timely in accordance with federal government-wide grant rules as set forth in 2 C.F.R. § 200, et. seq., as applicable.

C. Providers should indicate the date the financial reporting package was delivered in correspondence accompanying the financial reporting package.

ARTICLE 21. MONITORING

In addition to reviews of audits conducted in accordance with 2 C.F.R. § 200.500, the Provider will comply and cooperate with any monitoring procedures and processes and additional audits deemed appropriate by the OAG, including but not limited to on-site visits. The Provider will also comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the OAG or its designee, Chief Financial Officer, Auditor General or the U.S. Department of Justice.

The Provider may not accept duplicate funding for any cost, position, service or deliverable funded by the OAG. Duplicative funding is defined as more than 100 percent payment from all funding sources for any cost, position, service or deliverable. If there are multiple funding sources and a program is funded by the OAG, the OAG or its designee has the right to review all documents related to those funding sources to determine whether duplicative funding is an issue. If duplicate funding is found, this Agreement may be suspended, terminated or both while the extent of the overpayment is determined. Failure to comply with state or federal law, and the U.S. Department of Justice Programs, Financial Guide, may also result in the suspension, termination, or both of this Agreement while the extent of the overpayment is determined. Absent fraud, in the event that there has been an overpayment to the Provider for any reason, if the amount of the overpayment cannot be determined to a reasonable degree of certainty, as determined in the sole discretion of the OAG, the Provider will reimburse to the OAG one half of the monies previously paid to the Provider for that line item for the grant year in question.

ARTICLE 22. RETURN OF FUNDS

The Provider will return to the OAG any overpayments made to the Provider for unearned income or disallowed items pursuant to the terms and conditions of this Agreement. In the event the Provider or any outside accountant or auditor determines that an overpayment has been made, the Provider will immediately return to the OAG such overpayment without prior notification from the OAG. In the event the OAG discovers that an overpayment has been made, the contract manager, on behalf of the OAG, will notify the Provider and the Provider will forthwith return the funds to the OAG. Should the Provider fail to immediately reimburse the OAG for any overpayment, the Provider will be charged interest at the rate in effect on the date of the overpayment, as determined by the State of Florida, Chief Financial Officer, pursuant to Chapter 55, Florida Statutes, on the amount of the overpayment or outstanding balance thereof. Interest will accrue from the date of the Provider's initial receipt of funds up to the date of reimbursement of said overpayment funds to the OAG.

ARTICLE 23. PUBLIC ENTITY CRIME, AND DEBARMENT

Public Entity Crime: Pursuant to section 287.133, Florida Statutes, the following restrictions are placed on persons convicted of public entity crimes to transact business with the OAG: When a person or affiliate has been placed on the convicted vendor list following a conviction for a public entity crime, he/she may not submit a bid, proposal or reply on a contract to provide any goods or services to a public entity, may not submit a bid, proposal or reply on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids, proposals or replies on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list. The Provider certifies that neither it nor any affiliate has been placed on such convicted vendor list and will notify the OAG within five days of its, or any of its affiliates, placement thereon.

ARTICLE 24. GRATUITIES

The Provider will not offer or give any gift or any form of compensation to any OAG employee. As part of the consideration for this Agreement, the parties intend that this provision will survive this Agreement for a period of two years. In addition to any other remedies available to the OAG, any violation of this provision will

result in referral of the Provider's name and description of the violation of this term to the Department of Management Services for the potential inclusion of the Provider's name on the suspended vendors list for an appropriate period. The Provider will ensure that its subcontractors, if any, comply with these provisions.

ARTICLE 25. PATENTS, COPYRIGHTS, AND ROYALTIES

The Provider agrees that if any discovery or invention arises or is developed in the course of or as a result of work or services performed under this Agreement, or in any way connected herewith, the discovery or invention will be deemed transferred to and owned by the state of Florida. Any and all patent rights accruing under or in connection with the performance of this Agreement are hereby reserved to the state of Florida.

In the event that any books, manuals, films, or other copyrightable materials are produced, the Provider will identify all such materials to the OAG. The Provider does hereby assign to the OAG and its assigns or successors, all rights accruing under or in connection with performance under this Agreement, including the United States Copyright, all other literary rights, all rights to sell, transfer or assign the copyright, and all rights to secure copyrights anywhere in the world.

The Provider will indemnify and hold the OAG and its employees harmless from any claim or liability whatsoever, including costs and expenses, arising out of any copyrighted, patented, or unpatented invention, process, or article manufactured or used by the Provider in the performance of this Agreement. The Provider will indemnify and hold the OAG and its employees harmless from any claim against the OAG for infringement of patent, trademark, copyright or trade secrets. The OAG will provide prompt written notification of any such claim. During the pendency of any claim of infringement, the Provider may, at its option and expense, procure for the OAG, the right to continue use of, or to replace or modify the article to render it non-infringing. If the Provider uses any design, device, or materials covered by letters patent, or copyright, it is mutually agreed and understood without exception the compensation paid pursuant to this Agreement includes all royalties or costs arising from the use of such design, device, or materials in any way involved in the work contemplated by this Agreement.

Subcontracts must specify that all patent rights and copyrights are reserved to the state of Florida.

ARTICLE 26. IDEMNIFICATION AND ASSUMPTION OF LIABILITY

The Provider will be liable for and indemnify, defend, and hold the OAG, and all of its officers, agents, and employees, harmless from all claims, suits, judgments, or damages, including attorney's fees and costs, arising out of any act or omission or neglect by the Provider and its agents, employees and subcontractors during the performance or operation of this Agreement or any subsequent modifications or extensions thereof. The Provider's evaluation or inability to evaluate its liability will not excuse the Provider's duty to defend and to indemnify the OAG within seven days after notice by the OAG. The Provider will pay all costs and fees including attorney's fees related to these obligations and their enforcement by the OAG. The OAG's failure to notify the Provider of a claim will not release the Provider from these duties. The Provider will not be liable for any claims, suits, judgments, or damages arising solely from the negligent acts of the OAG. The Provider will assume all liability associated with providing services under the terms and conditions of this Agreement. This includes, but is not limited to, premises liability and any travel taken by any employee of Provider or any recipient of Provider's services.

NOTE: The indemnification provisions of this Article are not applicable to entities identified in section 768.28(2), Florida Statutes, and do not constitute a waiver of sovereign immunity, or increase the limited waiver of sovereign immunity specified in section 768.28, Florida Statutes.

ARTICLE 27. TERMINATION

A. Termination at Will: This Agreement may be terminated by the OAG for any reason upon five days

written notice via certified U.S. mail, hand delivery, or email to the Provider to the physical or email address provided by the Provider in the application.

B. Termination for Non-Appropriation or Lack of Funds: In the event funds for payment pursuant to this Agreement become unavailable, the OAG may terminate this Agreement upon no less than 24 hours written notice to the Provider. The notice will be sent by a method of email, or by hand delivery with proof of delivery, to the representative of the Provider responsible for administration of the program. The OAG will be the final authority as to the availability and adequacy of funds.

C. Upon Termination: In the event this Agreement is terminated by the OAG, the Provider will deliver documentation of ownership or title, if appropriate for all supplies, equipment and personal property purchased with grant funds to the OAG, within 30 days after termination of this Agreement. Any finished or unfinished documents, data, correspondence, reports and other products prepared by or for the Provider under this Agreement will be made available to and for the exclusive use of the OAG.

D. Notwithstanding the above, the Provider will not be relieved of liability to the OAG for damages sustained by the OAG by any termination by the OAG of this Agreement by the Provider. In the event this Agreement is terminated by the OAG, the Provider will be reimbursed for satisfactorily performed and documented services provided prior to the effective date of termination.

ARTICLE 28. AMENDMENTS

Modification of any provision of this Agreement must be mutually agreed upon by all parties and requires a written and fully executed amendment to this Agreement, except as provided for budget modifications submitted by the Provider in writing which have been previously approved by the OAG pursuant to the terms of ARTICLE 9, AUTHORIZED EXPENDITURES.

ARTICLE 29. NONDISCRIMINATION

Recipients of federal financial assistance must comply with applicable federal civil rights laws, which may include the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. §§ 10228(c) and 10221(a)); the Victims of Crime Act of 1984, as amended (34 U.S.C. § 20110(e)); The Juvenile Justice and Delinquency Prevention Act of 1974, as amended (34 U.S.C. § 11182(b)); Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d); Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. §794), Title II of the Americans with Disabilities Act of 1990 (42 U.S.C. § 12131-34); Title IX of the Education Amendments of 1972 (20 U.S.C. §§ 1681, 1683, 1685-86); the Age Discrimination Act of 1975 (42 U.S.C. §§ 6101-07); and Exec. Order 13279 (67 Fed. Reg. 241).

Pursuant to applicable federal laws and Chapter 760, Florida Statutes, the Provider will not discriminate against any client or employee in the performance of this Agreement or against any applicant for employment because of age, race, religion, color, disability, national origin, marital status or sex. All contractors, subcontractors, sub-grantees, or others that the Provider engages to provide services or benefits to clients or employees in connection with any of its programs and activities will not discriminate against those clients or employees because of age, race, religion, color, disability, national origin, marital status or sex.

The Provider must have policies and procedures in place for responding to complaints of discrimination that employees and beneficiaries file directly with the Provider. Information provided by the U.S. Department of Justice, Office of Justice Programs, to assist with policy and procedure development is available at http://ojp.gov/about/offices/ocr.htm.

In the event a federal or state court, or a federal or state administrative agency, makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, marital status or sex against the Provider, the Provider will forward a copy of the findings to the Office of Justice Programs,

Office for Civil Rights (OCR), and the OAG.

As clarified by Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Safe Streets Act and Title VI of the Civil Rights Act of 1964, the Provider must take reasonable steps to ensure that LEP persons have meaningful access to its programs and activities. Meaningful access may entail providing language assistance services, including oral and written translation, where necessary. The Provider is encouraged to consider the need for language services for LEP persons served or encountered both in developing its budgets and in conducting its programs and activities. Additional assistance and information regarding your LEP obligations can be found at http://www.lep.gov.

In accordance with federal civil rights laws, the Provider will not retaliate against individuals for taking action or participating in action to secure rights protected by these laws.

All Providers must complete a review of the Office of Justice Programs, Office for Civil Rights training modules during the 2023-2024 grant period and confirm compliance with this requirement to the OAG through self- reporting by December 31, 2023. The training modules are available at http://ojp.gov/about/ocr/assistance.htm. Pursuant to section 287.134, Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a response on a contract to provide any goods or services to a public entity; may not submit a response on a contract with a public entity for the construction or repair of a public building or public work; may not submit a response on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity. The Provider will notify the OAG if it or any of its suppliers, subcontractors, or consultants have been placed on the convicted vendor list or the discriminatory vendor list during the life of this Agreement.

The OCR issued an advisory document for federal grant recipients on the proper use of arrest and conviction records in making hiring decisions. See Advisory for Recipients of Financial Assistance from the U.S. Department of Justice on the U.S. Equal Employment Opportunity Commission's Enforcement Guidance: Consideration of Arrest and Conviction Records in Employment Decisions Under Title VII of the Civil Rights Act of 1964 (June 2013), available at http://ojp.gov/about/ocr/pdfs/UseofConviction_Advisory.pdf. Recipients should be mindful that the misuse of arrest or conviction records to screen either applicants for employment or employees for retention or promotion may have a disparate impact based on race or national origin, resulting in unlawful employment discrimination. If warranted, recipients should also incorporate an analysis of the use of arrest and conviction records in their Equal Employment Opportunity Plans.

ARTICLE 30. NONDISCRIMINATION IN PROGRAMS INVOLVING STUDENTS

The Provider will not use award funding to discriminate against students that are participating in (or benefiting from) programs that are funded by those same federal funds. As an example, provided by the Office for Victims of Crime, Office of Justice Programs, the Provider cannot use VOCA funding to treat a Catholic student differently than a non-Catholic student when both are applying for, or receiving benefits from, the VOCA program. This same protection also applies to the students' parents or legal guardians.

ARTICLE 31. ACKNOWLEDGEMENTS

A. All publications, advertising, or written descriptions of the sponsorship of the program will state: "This project was supported by Award No. VOCA-C-2023-City of Ormond Beach-00141 awarded by the Office for Victims of Crime, Office of Justice Programs. Sponsored by (City of Ormond Beach) and the state of Florida."

B. The Provider is required to display a civil rights statement prominently on all publications,

websites, posters, and informational materials mentioning USDOJ programs in bold print and no smaller than the general text of the document. The full civil rights statement must be used whenever possible. Single page documents that do not have space for the full civil rights statement may contain a condensed version in a print size no smaller than the text used throughout the document. If the civil rights statement is missing on a publication, the statement must be included the next time the publication is revised or reprinted and printed copies of the statement must be attached to the current supply of the publication until the next revision is reprinted.

C. Full Civil Rights Statement: In accordance with federal law and U.S. Department of Justice policy, this organization is prohibited from discriminating on the basis of race, color, national origin, religion, sex, age, or disability. To file a complaint of discrimination, write the Florida Department of Legal Affairs, Federal Discrimination Complaint Coordinator, PL-01 The Capitol, Tallahassee, Florida, 32399-1050, or call 850 -414-3300, or write Office for Civil Rights, Office of Justice Programs, U.S. Department of Justice, 810 7th Street, NW, Washington, DC 20531 or call 202-307-0690 (Voice) or 202-307-2027 (TDD/TYY) or https://www.ojp.gov/program/civil-rights/filing-civil-rights-complaint. Individuals who are hearing impaired or have speech disabilities may also contact OCR through the Federal Relay Service at 800-877-8339 (TTY), 877-877-8982 (Speech), or 800-845-6136 (Spanish).

D. Condensed Civil Rights Statement: The City of Ormond Beach is an equal opportunity provider and employer.

E. The Provider is required to display the OAG's "Civil Rights Fact Sheet" at locations open to the public. The "Civil Rights Fact Sheet" will be made available to the Provider via the OAG E-Grants Management System.

ARTICLE 32. EMPLOYMENT

A. The employment of unauthorized aliens by the Provider is considered a violation of Title 8 section 274A(a) of the Immigration and Nationality Act. If the Provider knowingly employs unauthorized aliens, such violation will be cause for unilateral cancellation of this Agreement. Any services performed by any such unauthorized aliens will not be paid.

B. In accordance with section 448.095(2), Florida Statutes, the Provider must register with and use the U.S. Department of Homeland Security's E-Verify system: https://www.e-verify.gov/ to verify the work authorization status of all new employees hired to perform services specified in the Purchase Order. Subcontractors must also be registered in the E-Verify system and provide the Provider with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. The Provider will maintain a copy of such affidavit for the duration of the Agreement. The OAG may request documentation of compliance with this provision at any time during the Agreement term. The Agreement may be subject to termination for failure to comply with the requirements set forth in this Article, as specified in section 448.095(2)(a), Florida Statutes.

ARTICLE 33. NO THIRD-PARTY RIGHTS

This Agreement and the rights and obligations created by it are intended for the sole benefit of the OAG and the Provider. No third party to this Agreement, including the victims served by the Provider, have any rights under this Agreement. No third party may rely upon this Agreement, or the rights and representations created by it for any purpose.

ARTICLE 34. ADMINISTRATION OF AGREEMENT

A. All approvals referenced in this Agreement must be obtained from the parties' contract administrators or their designees. All notices must be given to the parties' contract administrators respectively.

B. The OAG's contract administrator is Christina F. Harris, Chief, Bureau of Advocacy and Grants Management.

C. The Provider's contract administrator will be provided at the time of execution.

D. The parties will provide each other with written notification of any change in its designated representative for this Agreement. Such changes do not require a formal written amendment to this Agreement.

ARTICLE 35. CONTROLLING LAW AND VENUE

This Agreement will be governed by the laws of the state of Florida. All litigation arising under this Agreement will be instituted in the appropriate state or federal court in Leon County, Florida.

ARTICLE 36. ENTIRE AGREEMENT

This Agreement and the Provider's approved 2023-2024 grant application in the E-Grants Management System, embody the entire agreement of the parties. There are no provisions, terms, conditions, or obligations other than those contained herein. This Agreement supersedes all previous communications, representations or agreements on this same subject, verbal or written, between the parties. There are no representations or statements that are relied upon by the parties that are not expressly set forth herein.

The Provider's signature below specifically acknowledges understanding of the fact that the privilege of obtaining a VOCA grant is not something this or any Provider is entitled to receive. This Agreement is for one-time funding only and will not exceed one federal fiscal year. There is absolutely no expectation or guarantee, implied or otherwise, the Provider will receive VOCA funding in the future. Each of the parties executing this Agreement have full authority to do so and have received all lawfully necessary approvals to enter into this Agreement.

IN WITNESS WHEREOF, the OFFICE OF THE ATTORNEY GENERAL and City of Ormond Beach, have executed this agreement.

October 2023

Victims of Crime Act (VOCA) 2023-2024

VOCA FIX Act Match Waiver

In accordance with the VOCA Fix Act, effective July 22, 2021, and the United States Department of Justice, Office for Victims of Crime revised Match Waiver process, the Office of the Attorney General waives the match requirement for all 2023-2024 VOCA Assistance grants funded with FFY 2019 V2-GX-0047 and FFY 2020 V2-GX-0052. The time period for these awards is October 1, 2023, through September 30, 2024.

These considerations are being made due to the continued challenges service providers are experiencing in their ability to meet the match requirement due to financial constraints and unique circumstances experienced during the pandemic.

City of Ormond Beach
AGENDA ITEM

November 7, 2023 - City Commission

Number: 8.D

Section:	CONSENT AGENDA		
Item Category:	Consent - Resolution	**Res./Ord. No:**	2023-198
Strategic Goal:	Public Safety - Other		
Department:	Police Department		
Subject:	Sole Source - Contract for Owens Accreditation Services, LLC, Accreditation Services		
Summary:	Request to approve the contract for Owens Accreditation Services, LLC to provide accreditation services to the Ormond Beach Police Department (OBPD). This vendor currently provides Accreditation Services and has been instrumental in the department maintaining Accreditation Status since 2020. The OBPD became accredited in 2002 and maintained that accreditation until 2012. From 2012 to 2019 the accreditation status and staff dedicated to the process was inconsistent. In 2019, it was determined it would be best to outsource the accreditation function and Owens Accreditation Services, LLC was awarded the bid for one year. In Oct 2020, under the tutelage of Owens Accreditation Services, LLC, the OBPD was once again re-accredited, without conditions, and has maintained accreditation status. Jeff Owens, Owens Accreditation Services, LLC, is extremely knowledgeable of the accreditation system and processes, given his experience as a former accreditation manager and employee of the Florida Commission for Accreditation, and has proven to be a great resource and valuable asset to the OBPD. The intent to utilize Owen Accreditation Services, LLC as a sole source vendor was advertised via Demandstar on Aug 22, 2023 for 15 business days. A quote from Owens Accreditation Services, LLC was received for $28,968 (services invoiced monthly at $2,414) with a contract term of 3 years, with renewals of 2 additional one-year periods upon mutual agreement of the parties. (It should be noted the services obtained through outsourcing this function is more cost effective than conducting it in house with City staff. The current salary range for an accreditation specialist is $34,153.60 - $54,641.60 plus benefits.)		

Financial Impact:	The cost for accreditation services is $28,968 per year, and funds are included in the Fiscal Year 2023-24 budget.
Citizen Impact:	Maintaining an accredited Police Department improves transparency and affirms the agency's high standards of practice to earn the trust and confidence of the city's residents and businesses.
Recommended Action (Staff, Advisory Board and/or Other):	Staff recommends approval of contract renewal with Owens Accreditation Services, LLC, unless otherwise directed by the Commission.
Staff Contact:	Jesse Godfrey, Police Chief, (386) 676-3500
Attachments:	1. 23-198 Owens Accreditation Svcs (P23-0187G) 2. Owens Agreement 3. 2023 Bid to Ormond Beach Accreditation Specialist
Approval:	Kelly McGuire, Finance Director 10/6/2023 Claire Whitley, Assistant City Manager 10/13/2023 Joyce Shanahan, City Manager 11/2/2023

RESOLUTION NO. 2023-198

A RESOLUTION ACCEPTING THE QUOTE FROM OWENS ACCREDITATION SERVICES, LLC REGARDING ACCREDITATION SERVICES FOR THE POLICE DEPARTMENT; AUTHORIZING THE EXECUTION OF AN AGREEMENT AND PAYMENT THEREFOR; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City solicited quotes for professional accreditation services for the Police Department (the Project) in accordance with Section 2-300(g), *Code of Ordinances*, and

WHEREAS, the City's professional staff reviewed the only quote received and determined that the quote submitted by Owens Accreditation Services, LLC is the most advantageous quote for the City to provide accreditation services in the amount of $28,968.00/year (a copy of said quote being incorporated in the contract which is attached hereto and incorporated herein by reference), and

WHEREAS, the contract shall be effective retroactively from October 1, 2023, and

WHEREAS, based on the foregoing the City's professional staff recommends that the City Commission accept the quote from Owens Accreditation Services, LLC and enter into a contract for a three-year term totaling $86,904.00, now therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The quote from Owens Accreditation Services, LLC to provide accreditation services for the City is hereby accepted.

SECTION TWO. The Mayor and the City Manager are hereby authorized and directed to execute a contract between the City and Owens Accreditation Services, LLC for the Project in an amount of $28,968.00/year (totaling $86,904.00 for a three-year term), and to pay the

cost thereof from the General Fund (001). Said contract shall be effective retroactively from October 1, 2023.

SECTION THREE. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 7th day of November, 2023.

_____
BILL PARTINGTON
Mayor

ATTEST:

_____
SUSAN CARROLL DAUDERIS
City Clerk

AGREEMENT

THIS AGREEMENT is made and entered into by and between the **City of Ormond Beach** ("City"), a Florida municipal corporation, 22 South Beach Street, Ormond Beach, Volusia County, Florida and **Owens Accreditation Services, LLC** ("Contractor"), 3245 N.E. 106th Street, Anthony, FL 32617, and in consideration of the mutual promises and covenants herein contained, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree to the following:

1. **Scope of Work.** The Quotation dated August 23, 2023 attached hereto as Exhibit "A", and the Scope of Services, attached hereto as Exhibit "B", are incorporated herein by reference and are a material part of this Agreement. The Contractor shall fully comply with the terms and conditions described in the attached exhibits.

2. **Term.** This Agreement shall be effective retroactively to October 1, 2023 and continue for three (3) years, to September 30, 2026. This Agreement may be renewed for two (2) additional one-year periods upon mutual agreement of the parties.

3. **Consideration.** Contractor shall perform the services at the price set forth on Exhibit "A". Contractor shall prepare and submit invoices to the City at the address set forth in Paragraph 9 of this Agreement. All such invoices shall be paid by the City within thirty (30) days.

4. **Delivery.** Contractor shall complete the project within the time frame set forth on the attached exhibits.

5. **Termination of Agreement.**
   (a) The City Commission shall have the right to terminate the Agreement in the event the Contractor files any petition or proceeding for bankruptcy relief, or is adjudicated to be bankrupt or insolvent, or fails to pay just debts as they ordinarily become due; or for a material breach of this agreement that remains uncured for at least thirty days after prior written receipt of a notice of violation of same.

   (b) This Agreement may not be terminated by the Contractor.

6. **Assignment.** The Contractor shall not assign, convey or transfer all or any part of this Agreement, or all or any part of Contractor's interest herein, or all or any part of any interest in the Contractor, without the prior written consent of the City Commission, which consent shall not be unreasonably withheld.

7. **Complete Agreement.** This Agreement, including the provisions set forth in the exhibit attached hereto and incorporated by reference herein, constitutes the entire and complete agreement of the parties, and the promises and covenants herein contained shall survive the life of this Agreement.

8. **Amendment to Agreement.** Any amendment, change, or modification of this Agreement must be in writing and fully executed by both parties.

9. **Notices**. All notices which are required by this Agreement shall be provided to the parties at the following addresses, or such other addresses as may be requested in writing by either party:

City of Ormond Beach	**Owns Accreditation Services, LLC**
Joyce Shanahan, City Manager	Jeff Owens, Manager
(copy to City Attorney)	3245 N.W. 106th Street
22 South Beach Street	Anthony, FL 32617
Ormond Beach, FL 32174	

10. **Sovereign Immunity**. The City expressly retains and reserves all rights, privileges, immunities, and benefits of sovereign immunity. This provision shall be construed broadly in favor of the City.

11. **Venue**. The terms and conditions of this Agreement shall be construed and enforced under the laws of the State of Florida. Any action or proceeding, either at law or in equity, regarding this Agreement shall be brought in the circuit court, Seventh Judicial Circuit in and for Volusia County, Florida. Venue in any other jurisdiction or forum, whether it be any other circuit, state or federal venue, is hereby expressly waived.

12. **Waiver of Conditions**. No waiver by the City of any condition or breach of performance by the Contractor shall constitute an irrevocable, continuing, or subsequent waiver by the City of the same condition or breach of performance, or of any other condition or other breach of performance.

13. **Severability**. If any part of this Agreement is declared to be unenforceable or void by a court of competent jurisdiction, the remaining parts of the Agreement shall remain in full force and effect as long as the services to be provided by the Contractor are not materially affected, altered or impaired as a result of said judicial declaration.

14. **Conflicting Provisions.** In the event of any conflict between the provisions of this Agreement and any exhibits, the provision most favorable to the City shall control and shall be given full force and effect.

15. **Indemnification**. The City, its agents, employees, and officials, both elected and appointed, shall be indemnified and held harmless by Contractor from any and all liabilities, claims, and causes of action which may arise out of the willful, negligent, or unlawful acts or omissions of the Contractor or its subcontractors in the performance of this Agreement, unless such claims are a result of the City's sole negligence, as determined by the final decision maker of such claim.

16. **Duty to Defend.** The Contractor shall defend all suits and administrative actions, including all appellate proceedings, brought against the City, its agents, employees, and officials, both elected and appointed and shall pay all attorneys' fees and costs associated with the City's legal defense, as may be selected by the City, arising from all claims and causes of action described in Section 15 above. Such payment on behalf of the City shall be in addition to any and all other legal or equitable remedies available to the City and shall not be considered to be the City's exclusive remedy.

17. **Contractor's Insurance.** The Contractor shall purchase and maintain for the entire life of this Agreement, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under this Agreement, whether such operations be by the Contractor, or by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City. The Contractor is responsible for the amount of any deductible or self-insured retention.

18. **Types of Insurance and Limits of Liability**

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include and not limited to the following:

(a) Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

$100,000 Each Accident Bodily Injury by Accident
$100,000 Each Employee Bodily Injury by Disease
$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

(b) Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

a. Premises, Operations, Products and Completed Operations
b. Owners' & Contractors' Protective
c. Products & Completed Operation
d. Explosion, Collapse & Underground Conditions
e. Blanket Contractual Liability
f. Personal Injury Liability
g. Broad Form Property Damage Endorsement, including Completed Operations
h. Independent Contractors
i. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
j. Pollution Liability (if applicable)
k. Asbestos Abatement (if applicable)
l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less and not limited to the following amounts:

Limits (not less than)

$1 Million Each Occurrence
$2 Million General Aggregate
$1 Million Aggregate Products & Completed Operations

NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

(c) Automobile Liability Insurance is required if an Automobile(s) is used in the performance of the contract.

ISO Symbol 1 (Any Auto), or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos), and limits shall be no less than:

$1 Million	Combined Single Limit for Bodily Injury and Property Damage

(d) Excess Liability

For contracts $250,000 or greater an Excess Liability Policy of at least but not limited to $1,000,000 in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the

Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention not to exceed $25,0000 per occurrence.

(e) Builder's Risk

Contractor shall purchase Builder's Risk Insurance for any contracts that are deemed to be vertical construction on an All-Risk policy, and shall also include coverage for wind, hail, and named storm. Limits of coverage shall be at least and not limited to the value of the project.

(f) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of $1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

19. **Requirements for Certificates of Insurance.**

(a) With the execution of this Agreement, the Contractor shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain a provision that the coverage under the policies will not be canceled, non-renewed or materially changed until at least **thirty (30)** days' prior written notice of such cancellation, non-renewal or change [except for nonpayment of premium, which shall be **ten (10)** days] has been given to the City. The Contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of this Agreement.

(b) New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.

(c) If requested by the City, the Contractor shall furnish complete copies of the Contractor's insurance policies, forms and endorsements.

(d) For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.

(e) If the Contractor fails to obtain and maintain for the life of the Agreement the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Agreement.

(f) **Policies of Insurance**

1. Except as otherwise provided herein, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-) in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.

2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carriers; written confirmation is required.

3. All policies of insurance or certificates thereof referred to herein shall be deposited with the City Clerk.

4. The City shall be named an Additional Insured on General Liability and Automobile Liability policies of insurance and certificates thereof.

20. **Enforcement of Costs.** If any legal action or other proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default, or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable attorneys' fees, court costs, and all expenses even if not taxable court costs (including, without limitation, all such fees, costs and expenses incident to arbitration, appellate, bankruptcy, and post-judgment proceedings), incurred in that action or proceeding or any appeal, in addition to any other relief to which the party or parties may be entitled. Attorneys' fees include legal assistant fees, expert witness fees, investigative fees, administrative costs, and all other charges billed by the attorney for the prevailing party.

21. **Compliance With Laws.** Contractor shall comply with all applicable federal, state and local laws and regulations.

22. **Compliance With Florida Public Records Law.** Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

(a) Keep and maintain public records required by the City to perform the contracted service.
(b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at

a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.
(d) Upon completion of the contract, transfer at no cost, to the City all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.
(e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

CITY CLERK
22 SOUTH BEACH STREET
ORMOND BEACH, FLORIDA 32175. (386)677-0311
CITYCLERK@ORMONDBEACH.ORG

Ref: Fla. Stat. §119.0701(2016)

23. **Limitation of Remedy and Liability.** Contractor and Owner expressly waive any claim for consequential damages against the other including but not limited to, a waiver of claims for diminished bonding capacity, loss of financing, loss of business reputation, lost profits on other projects or other lost opportunity damage claims.

Contractor expressly agrees that any claim (tort, contract, claim in equity, or otherwise) by Contractor for damages against Owner shall not exceed the total amount of the contract price, less any amounts actually paid to the Contractor by the Owner.

24. **Waiver of Right to Jury Trial.** THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHT WHICH ANY PARTY MAY HAVE TO TRIAL BY JURY IN RESPECT OF ANY PROCEEDING, LITIGATION OR COUNTERCLAIM BASED ON, OR ARISING OUT OF, UNDER OR

IN CONNECTION WITH THIS AGREEMENT OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY. IF THE SUBJECT MATTER OF ANY LAWSUIT IS ONE IN WHICH THE WAIVER OF JURY TRIAL IS PROHIBITED, NO PARTY TO THIS AGREEMENT SHALL PRESENT AS A NON-COMPULSORY COUNTERCLAIM IN ANY SUCH LAWSUIT ANY CLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT. FURTHERMORE, NO PARTY TO THIS AGREEMENT SHALL SEEK TO CONSOLIDATE ANY SUCH ACTION IN WHICH A JURY TRIAL CANNOT BE WAIVED.

25. **Verification of Employment Status Using E-Verify System**

(a) Section 448.09, *Florida Statutes*, makes it unlawful for any person to knowingly employ, hire, recruit, or refer, either for herself or himself, or on behalf of another, for private or public employment within the state, an alien who is not duly authorized to work in the United States. Contractor warrants that it is registered with the U.S. Department of Homeland Security's E-Verify system, and is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.

(b) Contractor agrees that if the contractor enters into an agreement with a subcontractor, the subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and contractor warrants it shall maintain any such affidavits for the duration of the contract. If the City has a good faith belief that a subcontractor knowingly violated Section 448.09 (1), the City shall promptly notify the contractor and order the contractor to immediately terminate the contract with the subcontractor.

(c) In the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and as provided by statute, the contractor may not be awarded a public contract for at least one (1) year after the date of termination. The contractor may also be held liable for any additional costs incurred by the City as a result of the termination of the contract.

26. **No Conflict of Interest.** The Contractor warrants and agrees that neither it, nor any of its employees, agents, officers, directors, shareholders and independent contractors are, or will become, under contract with or accept compensation from any individual, business, corporation or governmental entity that has the possibility of an adverse interest to those of the City of Ormond Beach. The Contractor and its officers, directors, shareholders, employers, agents and subcontractors, agree not to provide any services or assistance to any entity directly or indirectly relating to the services provided to the City and to immediately notify the City Manager and City Attorney of any contact with any entity that has, or potentially has, a conflict of interest with the City of Ormond Beach. This provision shall be interpreted as broadly as possible to prevent any potential or actual conflict of interest presently or in the future by the Contractor.

27. **Effective Date.** This Agreement shall become effective upon the date last signed by the parties hereto.

IN WITNESS WHEREOF, the undersigned parties have caused this Agreement to be signed on the dates indicated hereinbelow.

August 23, 2023

Bid Coordinator
City of Ormond Beach
22 South Beach Street
Ormond Beach, FL 32174

I respectfully submit this bid in response to your currently advertised position of Police Accreditation Specialist for the Ormond Beach Police Department. My quote considers the next scheduled reaccreditation assessment for the police department in 2026.

- Start date or October 1, 2023
- Project end date September 30, 2026
- A fee of $28,968.00 per year (Invoiced Monthly at $2414.00)

I have proof of professional and personal insurance on file at Ormond Beach City Hall with HR Christina Maguire.

As you may know, I have served in this position since 2019 and would be honored to continue serving.

I have a well-rounded career in the criminal justice arena that began in 1985. [Resume' below]

I have experience in drafting department policies, working with fellow staff to create and review policies, maintaining and updating policies through PowerDMS, overseeing policy reviews to maintain CFA compliance, collecting necessary documentation to ensure accreditation compliance, revising policies to sustain changes in CFA requirements, researching applicable issues that apply to policy direction, planning work assignments to comply with the Police Chief's goals and objectives, preparing appropriate agency correspondence, providing accreditation overviews to new employees, reviewing the accuracy of proofs, performing annual inventories and inspections, promoting a friendly demeanor with coworkers, acting as a liaison with CFA in Tallahassee, and attending triennial CFA accreditation conferences.

Please feel free to contact me for any questions.

Respectfully,

Jeff Owens

Jeffrey Owens

- I have received State training as an Accreditation Manager and as an Accreditation Assessor for the CFA and FCAC credentials in Florida. Inversely, I have also taught these programs to new policy and accreditation professionals.

Jeff Owens is a career criminal justice professional who has work experience in Communications, Law Enforcement, and Corrections. He spent the first part of his career as a Marion County, Florida Deputy Sheriff and retired as a Lieutenant who managed and oversaw several State and National accreditation credentials, including FMJS, ACA, FCAC, CFA, CALEA, CALEA-Communications, and FL-TAC.

Since retiring from his original "accredited" agency, Jeff has now successfully served several other Florida agencies through the process of accreditation and reaccreditation. These include the Daytona Beach Police Department, the Indian River County Sheriff's Office, the Hollywood Police Department, the Kenneth City Police Department, the Ormond Beach Police Department, the Golden Beach Police Department, the Juno Beach Police Department, the Suwannee County Sheriff's Office, and the Tequesta Police Department.

He also had the honor and privilege of working for the Florida Accreditation Office in Tallahassee as a Program Manager for several months. Jeff is a trained Accreditation Manager and Assessment Team Leader in the disciplines of Law Enforcement, Corrections, and Communications.

I appreciate your consideration.

EXHIBIT "B"

The City of Ormond Beach is seeking an agency to provide services for Accreditation Specialist. A breakdown of what is being requested is attached.

- Drafts department policies and procedures through research, analysis and need study.
- Assigns department personnel tasks to create and/or review policies and procedures as directed by staff
- Maintains and updates department policies and procedures to reflect changes in department practice, legal guidelines and changing CFA requirements.
- Oversees the periodic review process where all policies and procedures are reviewed for content and currency per CFA requirements.
- Ensures compliance with CFA accreditation requirements. Oversees and collects regular documentation for proof of compliance.
- Crafts and revises department policy to ensure compliance with CFA standards.
- Researches (via the internet, visitation, conferencing, network and other network) emerging issues in law enforcement practice with eye toward how they will affect our department and look at the best way of implementing them here.
- Prepares and submits proposals to staff members and supervisors initiating changes and new programs.
- Plans work assignments based on departmental goals.
- Prepares various types of reports and correspondence.
- Reviews the work product of employees for accuracy and completeness as they pertain to CFA standards and/or proofs.
- Counsels and provides training on employee assignments.
- Meets attendance requirements.
- Promotes consumer friendly environment within the department.
- Performs annual inspections/inventories as required by CFA requirements.
- Acts as liaison with CFA. Keeps abreast with trends and future issues with accreditation.
- Conducts inspections of work areas as required by CFA standards and departmental standards and directives.
- Develops and implements employee training related to CFA standards and/or requirements.
- Evaluates working conditions to promote maximum efficiency.
- Completes other duties and job functions associated with the position as may be assigned.

The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- Minimum of one year of previous law enforcement experience required.
- Minimum of one year working in in law enforcement accreditation required.
- Must possess mastery of reading, verbal and written communication skills. Must be able to understand and express ideas clearly and concisely both verbally and in writing.

- Ability to make decisions, render judgments, take action and commit oneself to a course of action.
- Ability to recognize problems and then to obtain and process information from different sources to assist in identifying possible causes of problems.
- Ability to reach logical conclusions and courses of action based on factual information.
- Ability to anticipate problems and use a proactive approach to solving them.
- Ability to reach effective decisions under frequently and/or rapidly changing situations.
- Ability to plan, schedule, coordinate work and establish priorities to accomplish a task or goal.
- Ability to develop training related to the Accreditation process.
- Ability to perceive the impact of decisions within the department as well as on other agencies and the public.
- Knowledge of interpersonal communication principles and techniques.
- Knowledge of human resources management.
- Knowledge of departmental reporting procedures, forms and record keeping.
- Knowledge of training and instruction principals and techniques.
- Ability to manage large scale projects, multi-tasking, and numerous deadlines.
- Ability to work independently with minimal supervision
- Highly self-motivated.

- Acts as liaison with CFA. Keeps abreast with trends and future issues with accreditation.
- Conducts inspections of work areas as required by CFA standards and departmental standards and directives.
- Develops and implements employee training related to CFA standards and/or requirements.
- Evaluates working conditions to promote maximum efficiency.
- Completes other duties and job functions associated with the position as may be assigned.

Under Florida Statute 838.22(2) It is unlawful for a public servant, with corrupt intent, to obtain a benefit for any person or to cause unlawful harm to another, to circumvent a competitive bidding process required by law or rule by using a sole-source contract for commodities or services. (3) It is unlawful for any person to knowingly agree, conspire, combine, or confederate, directly or indirectly, with a public servant to violate subsection (1) or subsection (2). (4) It is unlawful for any person to knowingly enter into a contract for commodities or services which was secured by a public servant acting in violation of subsection (1) or subsection (2). **(5) Any person who violates this section commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.**

Explain why the requested product or service is the only one that can satisfy your requirements (attach additional sheets, if necessary):

The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- Minimum of one year of previous law enforcement experience required.
- Minimum of one year working in in law enforcement accreditation required.
- Worked within the law enforcement accreditation field within the last 3 years.
- Must possess mastery of reading, verbal and written communication skills. Must be able to understand and express ideas clearly and concisely both verbally and in writing.
- Ability to make decisions, render judgments, take action and commit oneself to a course of action.
- Ability to recognize problems and then to obtain and process information from different sources to assist in identifying possible causes of problems.
- Ability to reach logical conclusions and courses of action based on factual information.
- Ability to anticipate problems and use a proactive approach to solving them.
- Ability to reach effective decisions under frequently and/or rapidly changing situations.
- Ability to plan, schedule, coordinate work and establish priorities to accomplish a task or goal.
- Ability to develop training related to the Accreditation process.
- Ability to perceive the impact of decisions within the department as well as on other agencies and the public.
- Knowledge of interpersonal communication principles and techniques.
- Knowledge of human resources management.
- Knowledge of departmental reporting procedures, forms and record keeping.
- Knowledge of training and instruction principals and techniques.
- Ability to manage large scale projects, multi-tasking, and numerous deadlines.
- Ability to work independently with minimal supervision
- Highly self-motivated.

Explain why this vendor is the only practicably available source for this purchase, and identify what steps were taken to find other sources (attach additional sheets, if necessary):

Past searches have been unsuccessful in finding any other individuals or organizations with the necessary skillset to perform this job successfully.

STATEMENT OF NEED:
My department's recommendation for sole source is based upon an objective review of the product/service required and is in the best interest of the City of Ormond Beach. I know of no conflict of interest on my part or any other individual's part, nor do I have any personal involvement in any way with the supplier(s) involved. No gratuities, favors or compromising action have taken place. Neither has my personal familiarity with particular brands, types of equipment, materials or firms been a deciding influence on my request to sole source this purchase when there are other known suppliers to exist.

Signature (Dept. Director or Division Manager)

City of Ormond Beach
AGENDA ITEM

November 7, 2023 - City Commission

Number: 8.E

Section:	CONSENT AGENDA		
Item Category:	Consent - Resolution	**Res./Ord. No:**	2023-199
Strategic Goal:	Water Quality & the Environment - Other		
Department:	Public Works - Utilities Management		
Subject:	Sole Source - Barscreen Rebuild for WRF from Parkson		
Summary:	This is a sole source purchase request from Parkson for Rebuild/Retrofit of one of the Aqua Guard Continuous Self-Cleaning Barscreen units at the City's Water Reclamation Facility (WRF). The WRF utilizes 2 Parkson barscreen units at the headworks of the facility. The purpose of these screen units is to remove any materials larger than 6 mm in size from the wastewater stream entering the plant. Having these screens in operation aids in reducing the amount of solids and debris that other plant equipment has to deal with, thereby reducing the overall wear and tear on those machines. The barscreen units aid in reducing the amount of material that accumulates in the WRF's treatment basins over time, and are expected to operate on a continuous basis (24 hours, seven days a week). These screens wear down over time and need to be periodically rebuilt to maintain the level of service expected. Parkson has met the City's barscreen needs in the past and has provided written confirmation indicating they are the only authorized vendor in the State of Florida for the OEM parts for Parkson barscreen products. Intent to utilize a sole source vendor was advertised via Demandstar on Aug. 25, 2023.		
Financial Impact:	$172,817 for Rebuild/Retrofit of one Aqua Gaurd Barscreen unit is included in the FY 2023-24 budget, Fund 409 - Water and Wastewater Renewal and Replacement, General Facility and System Upgrades.		
Citizen Impact:	The replacement of bar screen parts as part of an established preventative maintenance program provides for safe and efficient operation of the wastewater treatment system while reducing unexpected costs and repairs.		

Recommended Action (Staff, Advisory Board and/or Other):	Staff recommends approval of the sole source purchase of Rebuild/Retrofit for one barscreen unit at the WRF.
Staff Contact:	Bob Preis, Utilities Manager, (386) 676-3305
Attachments:	1. 23-199 Bar Screen Rebuild-Parkson (P23-0182G) 2. Parkson Agreement 3. Sole Source Form - Parkson 4. Sole Source Letter (Ormond Beach) 2023
Approval:	Kelly McGuire, Finance Director 10/16/2023 Claire Whitley, Assistant City Manager 10/18/2023 Joyce Shanahan, City Manager 11/2/2023

RESOLUTION NO. 2023-199

A RESOLUTION AUTHORIZING THE SOLE SOURCE PROCUREMENT OF PARTS AND SERVICE FROM PARKSON CORPORATION FOR THE CITY'S AQUA GUARD SELF-CLEANING BAR/FILTER SCREEN AT THE WATER RECLAMATION FACILITY; AUTHORIZING THE EXECUTION OF A CONTRACT; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City's Water Reclamation Facility houses two Aqua Guard self-cleaning bar/filter screens which operate on a continuous basis, and

WHEREAS, one of the units has become worn down and is in need of rehabilitation, and

WHEREAS, Parkson Corporation is the sole source provider for parts and service that are compatible with the City's existing Aqua Guard self-cleaning bar/filter screen, and therefore, this purchase is a sole source procurement pursuant to Section 2-300(g), of the *Code of Ordinances*, and

WHEREAS, the City's staff recommends the purchase of parts and service from Parkson Corporation at a cost of $172,817.00, and

WHEREAS, the City Manager has certified that the money for the payment of the parts and services has been appropriated to the credit of the Water and Wastewater Renewal and Replacement Fund (409) and is not appropriated for any other purpose, and

WHEREAS, the City Commission concurs in the said determination and recommendation, now therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The City Commission hereby approves the sole source purchase of parts and service for the Aqua Guard self-cleaning bar/filter screen at the Water Reclamation Facility from Parkson Corporation in the amount of $172,817.00 and to pay the cost thereof from the Water and Wastewater Renewal and Replacement Fund.

SECTION TWO. The Mayor and City Manager are hereby authorized and directed to execute a contract with Parkson Corporation for the services, a copy of said contract being attached hereto and incorporated herein by reference.

SECTION THREE. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 7th day of November, 2023.

SUSAN CARROLL DAUDERIS
City Clerk

AGREEMENT

THIS AGREEMENT is made and entered into by and between the **City of Ormond Beach** ("City"), a Florida municipal corporation, 22 South Beach Street, Ormond Beach, Volusia County, Florida and **Parkson Corporation** ("Contractor"), 1401 W. Cypress Creek Road, Suite 100, Ft. Lauderdale, FL 33309, and in consideration of the mutual promises and covenants herein contained, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree to the following:

1. **Scope of Work.** The Quotation dated August 21, 2023 attached hereto as Exhibit "A", is incorporated herein by reference and is a material part of this Agreement. The Contractor shall fully comply with the terms and conditions described in the attached exhibit.

2. **Term.** This Agreement shall be effective on the date it is fully executed by the parties.

3. **Consideration.** Contractor shall provide the equipment and perform the services at the prices set forth on Exhibit "A". Contractor shall prepare and submit invoices to the City at the address set forth in Paragraph 9 of this Agreement. All such invoices shall be paid by the City within thirty (30) days.

4. **Delivery.** Contractor shall complete the project within the time frame set forth on Exhibit "A".

5. **Termination of Agreement**.
   (a) The City Commission shall have the right to terminate the Agreement in the event the Contractor files any petition or proceeding for bankruptcy relief, or is adjudicated to be bankrupt or insolvent, or fails to pay just debts as they ordinarily become due; or for a material breach of this agreement that remains uncured for at least thirty days after prior written receipt of a notice of violation of same.

   (b) This Agreement may not be terminated by the Contractor.

6. **Assignment**. The Contractor shall not assign, convey or transfer all or any part of this Agreement, or all or any part of Contractor's interest herein, or all or any part of any interest in the Contractor, without the prior written consent of the City Commission, which consent shall not be unreasonably withheld.

7. **Complete Agreement**. This Agreement, including the provisions set forth in the exhibit attached hereto and incorporated by reference herein, constitutes the entire and complete agreement of the parties, and the promises and covenants herein contained shall survive the life of this Agreement.

8. **Amendment to Agreement**. Any amendment, change, or modification of this Agreement must be in writing and fully executed by both parties.

9. **Notices**. All notices which are required by this Agreement shall be provided to the parties at the following addresses, or such other addresses as may be requested in writing by either party:

City of Ormond Beach	**Parkson Corporation**
Joyce Shanahan, City Manager	Andrew Singer, Contracts Manager
(copy to City Attorney)	1401 W. Cypress Creek Road, Suite 100
22 South Beach Street	Ft. Lauderdale, FL 33309
Ormond Beach, FL 32174	

10. **Sovereign Immunity**. The City expressly retains and reserves all rights, privileges, immunities, and benefits of sovereign immunity. This provision shall be construed broadly in favor of the City.

11. **Venue**. The terms and conditions of this Agreement shall be construed and enforced under the laws of the State of Florida. Any action or proceeding, either at law or in equity, regarding this Agreement shall be brought in the circuit court, Seventh Judicial Circuit in and for Volusia County, Florida. Venue in any other jurisdiction or forum, whether it be any other circuit, state or federal venue, is hereby expressly waived.

12. **Waiver of Conditions**. No waiver by the City of any condition or breach of performance by the Contractor shall constitute an irrevocable, continuing, or subsequent waiver by the City of the same condition or breach of performance, or of any other condition or other breach of performance.

13. **Severability**. If any part of this Agreement is declared to be unenforceable or void by a court of competent jurisdiction, the remaining parts of the Agreement shall remain in full force and effect as long as the services to be provided by the Contractor are not materially affected, altered or impaired as a result of said judicial declaration.

14. **Conflicting Provisions.** In the event of any conflict between the provisions of this Agreement and any exhibits, the provision most favorable to the City shall control and shall be given full force and effect.

15. **Indemnification**. The City, its agents, employees, and officials, both elected and appointed, shall be indemnified and held harmless by Contractor from any and all third-party liabilities, claims, and causes of action to the extent caused by the willful, negligent, or unlawful acts or omissions of the Contractor or its subcontractors in the performance of this Agreement, unless such claims are a result of the City's sole negligence, as determined by the final decision maker of such claim.

16. **Duty to Defend.** The Contractor shall defend all suits and administrative actions, including all appellate proceedings, brought against the City, its agents, employees, and officials, both elected and appointed and shall pay all attorneys' fees and costs associated with the City's legal defense, as may be selected by the Contractor and approved by the City, arising from all claims and causes of action described in Section 15 above. Such payment on behalf of the City shall be in addition to any and all other legal or equitable remedies available to the City and shall not be considered to be the City's exclusive remedy.

17. **Contractor's Insurance**. The Contractor shall purchase and maintain for the entire life of this Agreement, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under this Agreement, whether such operations be by the Contractor, or by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor shall provide the City with a Certificate of Insurance evidencing these requirements. The Contractor is responsible for the amount of any deductible or self-insured retention.

18. **Types of Insurance and Limits of Liability**

The insurance required herein shall be written for the limits of liability specified herein, and shall include the following:

(a) Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

$100,000 Each Accident Bodily Injury by Accident
$100,000 Each Employee Bodily Injury by Disease
$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(b) Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

a. Premises, Operations, Products and Completed Operations
b. Owners' & Contractors' Protective
c. Products & Completed Operation
d. Explosion, Collapse & Underground Conditions
e. Blanket Contractual Liability

f. Personal Injury Liability
g. Broad Form Property Damage Endorsement, including Completed Operations
h. Independent Contractors
i. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be for the following amounts:

$1 Million Each Occurrence
$2 Million General Aggregate
$1 Million Aggregate Products & Completed Operations

(c) Automobile Liability Insurance is required if an Automobile(s) is used in the performance of the contract.

ISO Symbol 1 (Any Auto), or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos), and limits shall be no less than:

$1 Million	Combined Single Limit for Bodily Injury and Property Damage

(d) Excess Liability
[not applicable]

(e) Builder's Risk
[not applicable]

(f) Professional Liability, Malpractice and/or Errors and Omissions
[not applicable]

19. **Requirements for Certificates of Insurance.**

(a) With the execution of this Agreement, the Contractor shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain a provision that the coverage under the policies will not be canceled, non-renewed or materially changed until at least **thirty (30)** days' prior written notice of such cancellation, non-renewal or change [except for nonpayment of premium, which shall be **ten (10)** days] has been given to the City. The Contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of this Agreement.

(b) New certificates of insurance shall be provided to the City no later than thirty (30) days after coverage renewals. There shall be no gap in insurance coverage during the required coverage period.

(c) If requested by the City, the Contractor shall furnish complete copies of the Contractor's insurance policies, forms and endorsements.

(d) If the Contractor fails to obtain and maintain for the life of the Agreement the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Agreement.

(e) **Policies of Insurance**

1. Except as otherwise provided herein, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-) in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.

2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carriers; written confirmation is required.

3. All policies of insurance or certificates thereof referred to herein shall be deposited with the City Clerk.

4. The City shall be named an Additional Insured on General Liability and Automobile Liability policies of insurance and certificates thereof.

20. **Enforcement of Costs.** If any legal action or other proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default, or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable attorneys' fees, court costs, and all expenses even if not taxable court costs (including, without limitation, all such fees, costs and expenses incident to arbitration, appellate, bankruptcy, and post-judgment proceedings), incurred in that action or proceeding or any appeal, in addition to any other relief to which the party or parties may be entitled. Attorneys' fees include legal assistant fees, expert witness fees, investigative fees, administrative costs, and all other charges billed by the attorney for the prevailing party.

21. **Compliance With Laws.** Contractor shall comply with all applicable federal, state and local laws and regulations.

22. **Compliance With Florida Public Records Law.** Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

(a) Keep and maintain public records required by the City to perform the contracted service.
(b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.
(d) Upon completion of the contract, transfer at no cost, to the City all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.
(e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

CITY CLERK
22 SOUTH BEACH STREET
ORMOND BEACH, FLORIDA 32175. (386)677-0311
CITYCLERK@ORMONDBEACH.ORG

Ref: Fla. Stat. §119.0701(2016)

23. **Limitation of Remedy and Liability.** Contractor and Owner expressly waive any claim for indirect, incidental, punitive, exemplary, special, and consequential damages against the other including but not limited to, a waiver of claims for diminished bonding capacity, loss of financing, loss of business reputation, lost profits on other projects or other lost opportunity damage claims, even if either or both parties have been advised of the

possibility of such damages. In no event shall Contractor's (to include its officers, directors, employees, and agents) aggregate liability arising out of, resulting from, or in any way related to this Agreement from any cause or causes exceed the Purchase Order price or applicable insurance coverage, whichever is greater. This limitation of liability is cumulative and not per incident.

Contractor expressly agrees that any claim (tort, contract, claim in equity, or otherwise) by Contractor for damages against Owner shall not exceed the total amount of the contract price, less any amounts actually paid to the Contractor by the Owner.

24. **Waiver of Right to Jury Trial.** THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHT WHICH ANY PARTY MAY HAVE TO TRIAL BY JURY IN RESPECT OF ANY PROCEEDING, LITIGATION OR COUNTERCLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY. IF THE SUBJECT MATTER OF ANY LAWSUIT IS ONE IN WHICH THE WAIVER OF JURY TRIAL IS PROHIBITED, NO PARTY TO THIS AGREEMENT SHALL PRESENT AS A NON-COMPULSORY COUNTERCLAIM IN ANY SUCH LAWSUIT ANY CLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT. FURTHERMORE, NO PARTY TO THIS AGREEMENT SHALL SEEK TO CONSOLIDATE ANY SUCH ACTION IN WHICH A JURY TRIAL CANNOT BE WAIVED.

25. **Verification of Employment Status Using E-Verify System**

(a) Section 448.09, *Florida Statutes*, makes it unlawful for any person to knowingly employ, hire, recruit, or refer, either for herself or himself, or on behalf of another, for private or public employment within the state, an alien who is not duly authorized to work in the United States. Contractor warrants that it is registered with the U.S. Department of Homeland Security's E-Verify system, and is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.

(b) Contractor agrees that if the contractor enters into an agreement with a subcontractor, the subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and contractor warrants it shall maintain any such affidavits for the duration of the contract. If the City has a good faith belief that a subcontractor knowingly violated Section 448.09 (1), the City shall promptly notify the contractor and order the contractor to immediately terminate the contract with the subcontractor.

(c) In the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and as provided by statute, the contractor may not be awarded a public contract for at least one (1) year after the date of termination. The contractor may also be held liable for any additional costs incurred by the City as a result of the termination of the contract.

26. **No Conflict of Interest.** The Contractor warrants and agrees that neither it, nor any of its employees, agents, officers, directors, shareholders and independent contractors are, or will become, under contract with or accept compensation from any individual, business, corporation or governmental entity that has the possibility of an adverse interest to those

of the City of Ormond Beach. The Contractor and its officers, directors, shareholders, employers, agents and subcontractors, agree not to provide any services or assistance to any entity directly or indirectly relating to the services provided to the City and to immediately notify the City Manager and City Attorney of any contact with any entity that has, or potentially has, a conflict of interest with the City of Ormond Beach. This provision shall be interpreted as broadly as possible to prevent any potential or actual conflict of interest presently or in the future by the Contractor.

27. **Effective Date.** This Agreement shall become effective upon the date last signed by the parties hereto.

IN WITNESS WHEREOF, the undersigned parties have caused this Agreement to be signed on the dates indicated hereinbelow.

This Quotation is governed by and subject to Parkson's Standard Conditions of Sale, which are incorporated by reference and accessible at: http://www.parkson.com/files/documents/AFRM-terms.pdf

PATENTS:

The Equipment and/or process quoted herein may operate under one or more U.S. patents. The Purchase Price includes a one-time royalty payment (if any), which provides the Buyer with immunity to operate the Equipment specified in the Quotation under any applicable patents.

CLARIFICATIONS AND EXCEPTIONS:

Parkson is not in receipt of any plans and specifications. The equipment quoted above is based upon Parkson's current standards and may or may not comply with any specification that may exist. Parkson reserves the right to revise this quotation upon receipt of any plans and specifications.

BUYER / OWNER RESPONSIBILITY UNLESS OTHERWISE STATED:

Getting the Unit ready for the Rebuild/Retrofit

- Upon disassembly on-site, if any unforeseen parts or structural repairs are discovered, Parkson Corporation will notify the customer prior to commencement of any repairs which will

be beyond the originally quoted scope. The costs for these items and any time extension will be added to the scope of work.

- Removal and installation of Aqua Guard unit in channel, includes and is not limited to:
  1. High pressure washing of the unit / removal of all solids. Additional charges and delays will occur if it is necessary for our crew / factory to send equipment out for cleaning and solids disposal.
  2. Disassembling from adjoining equipment / electrical / controls.
  3. Disconnecting shower water connections and water supply.
  4. Disconnecting controls / electrical connection and interconnecting wiring removal (including any of the following, but not limited to: E-stop button, solenoids, motors, interlock switches, wiring and conduit from each unit-mounted electrical device to a terminal box or control panel).
  5. Removing piping connections, platforms, gratings and railings unless stated otherwise.
  6. Removing any other auxiliary equipment or service not detailed above.
- Readiness of the equipment before requesting [rebuild or start-up] service. Non-readiness may result in additional charges.

Getting the Site ready for the Rebuild/Retrofit (Personnel Safety is of utmost importance)

- Provide a safe work area around the equipment.
  7. If the rebuild is performed with the unit in the channel; customer/owner to cover the channel with minimum ¾" plywood and ensure it is properly secured.
  8. If unit is tilted out of the channel customer/owner to supply a brace (spanning the channel) sufficient enough to support the weight of the unit while it is being rebuilt.
  9. Whenever possible, unit should be staged away a safe distance away from any currently utilized equipment and/or work areas.
- Provide proper ventilation inside the building
- Care and storage of rebuild components upon receipt at customer site.
- Unloading of replacement parts when they arrive on site.
- Delivered material needs to be stored at the same elevation and within 10 feet of the screen (if applicable)
- Redirect channel flow.
- Provide clean, dry channel.
- Old parts weighing 50 lbs or more should be loaded on a customer supplied forklift (or equal) in order to place them in a customer supplied dumpster.

Customer must Provide

- At a minimum a forklift and possibly a crane / hoist.
- Manlift, ladders
- Dumpster for all old parts [on-site rebuild only].
- Hydraulic puller to remove gear assembly.
- Any other specialty tool which may be required.

- Please return one signed copy of this quotation and Purchase Order to Parkson Corporation at the address below. Refer to this quotation, date, and related correspondence.

Parkson
Treating Water Right

Standard Conditions of Sale

I. GENERAL: All references to Parkson (or any derivative thereof) shall mean Parkson Corporation. and all references to Buyer shall mean the customer named in a purchase order, quotation or proposal (collectively referred to herein as "quotation"). All quotations from Parkson shall be considered solicitations of offers and all purchase orders placed by Buyer shall be considered offers, which can only be accepted in writing by Parkson. Buyer shall either sign Parkson's quotation, or in the alternative, issue a non-conflicting purchase order containing necessary information, such as site name, price schedule, type and quantity of product, requested delivery date and delivery instructions. Parkson hereby objects to and rejects any and all additional or different terms proposed by Buyer, whether contained in Buyer's request for quotation, purchase order, purchasing or shipping release forms. Notwithstanding any terms or conditions that may be included in Buyer's purchase order form or other communications, Parkson's acceptance is conditional upon Buyer's assent to the terms and conditions set forth herein. It is agreed that sales are made only on the terms and conditions herein and any other terms or conditions shall not become a part of the agreement unless expressly agreed to in writing by Parkson. Parkson's failure to object to any terms or conditions contained in Buyer's purchase order or other communication shall not be deemed to be acceptance of such terms or conditions. These terms and conditions shall be deemed incorporated (as though set forth in full) into any agreement entered into between Parkson and Buyer unless otherwise noted in writing. Parkson reserves the right, without any increase in price, to modify the design and specifications of Parkson products, provided that the modification does not adversely affect the original performance specifications as specified by Parkson or as requested by Buyer. Shipments, deliveries and performance of work shall at all times be subject to the approval of Parkson's Credit Department. Parkson may at any time decline to make any shipment or delivery or perform any work except upon receipt of payment or security or upon terms and conditions satisfactory to Parkson.

II. PRICES, TERMS OF PAYMENT & TAXES: (a) **PRICES**: Unless expressly stated to be firm for a definite period, Parkson's offers are subject to change without notice, and in all cases are subject to withdrawal at any time before acknowledgment by Buyer. Quoted prices are firm for only thirty (30) days. Orders placed after thirty (30) days are subject to price increases in Parkson's sole discretion. Prices on acknowledged orders are firm for the agreed upon delivery time. Customer requests to extend originally agreed upon delivery date(s) will be subject to price escalation. If a price is stated in the quotation, it is based upon shipment of the quantities and quality requested by Buyer and based on Parkson's internal delivery schedule at the time of preparation of said quotation. (b) **TERMS OF PAYMENT**: Payments against invoices shall be due and payable thirty (30) days from the date of delivery to a carrier, or upon receipt of an invoice from Parkson, whichever first occurs. If in Parkson's opinion, Buyer's financial condition does not justify continuation of production or shipment on the terms of payment specified, Parkson may, upon written notice to Buyer, cancel or suspend any outstanding order or part thereof, unless Buyer shall promptly pay for all goods delivered or shall make advance payments to Parkson as it, at its option, shall determine. If Buyer delays shipment for any reason, date of readiness for shipment shall be deemed to be the date of shipment for payment purposes. If Buyer delays manufacture for any reason, a payment shall be made based on purchase price and percentage of completion, with the balance payable in accordance with the terms as stated. If payments are not made in conformance with the terms stated herein, the contract price shall, without prejudice to Parkson's right to immediate payment, be increased by 1½% per month on the unpaid balance, not to exceed the maximum amount permitted by law. If at any time in Parkson's judgment Buyer may be or may become unable or unwilling to meet the terms specified herein, Parkson may require satisfactory assurance or full or partial payment as a condition to commencing, or continuing manufacture, or in advance of shipment. A 2.0% processing fee will be added to all invoices over $10,000 paid by credit card. (c) **TAXES**: Except for the amount, if any, of tax stated in a Parkson quotation, the prices set forth therein are exclusive of any amount for federal, state, local, excise, sales, use, property, in-country, import, VAT or similar taxes or duties. Such prices also exclude permit, license, customs and similar fees levied upon shipment of Parkson products. The City of Ormond Beach is not subject to sales tax.

III. SHIPMENT/STORAGE: (a) SHIPMENT: The anticipated shipment date(s) set forth in the quotation is/are approximate and subject to change. Notwithstanding other limitations set forth by Parkson, Parkson shall not be liable for any delays in shipment which are caused by events beyond the control of Parkson including, but not limited to, delays caused by inaccurate or incomplete data, changes, or revisions in the work to be performed, tardy approval of drawings by Buyer, acts of Buyer or Buyer's agent, Force Majeure (see Section XIII below). Parkson shall have the right to extend the anticipated shipment date for up to ten (10) business days, for any reason, provided Parkson shall give Buyer written notice of such delay prior to the scheduled shipping date. Buyer's order will be crated for domestic truck shipment and Parkson assumes no responsibility for loss of, or damage to, the equipment following delivery to a carrier, who shall be deemed to be acting as agent for Buyer, and the equipment shall thereafter be at the Buyer's sole risk. It is Parkson's policy to ship its equipment "Bill Collect," and the carrier will mail its invoice(s) directly to Buyer's billing address, unless otherwise agreed to in writing. **(b) STORAGE**: Once Buyer has been notified that its order is ready for shipment, if Buyer requests that the order (in whole or in part) not be shipped until a later date, the equipment will be segregated from other inventory and Buyer shall execute Parkson's Transfer of Title form evidencing transfer of title and transfer of risk of loss from Parkson to Buyer pursuant to Section IV below. In the event that Buyer shall refuse to execute Parkson's Transfer of Title form and/or if the fabricator is unable to withstand storage of the equipment, Parkson shall have the right, at its sole discretion, to transfer the equipment to an intermediate storage facility, all at Buyer's cost, whereby transfer of title and risk of loss will be deemed to pass, pursuant to Section IV below, when the products are delivered to the carrier at the factory. All costs associated with shipping the equipment to said storage facility or from said storage facility to the job site (or any other site requested by Buyer) shall be the responsibility of Buyer. Buyer shall reimburse Parkson upon demand for any costs incurred by Parkson in connection with said storage, including without limitation, steps taken to protect the equipment from the elements, transport, storage facility fees, insurance, etc. Any delay in shipment requested or caused by Buyer or its agents will not affect the Terms of Payment above.

IV. TITLE & RISK OF LOSS: Parkson's prices are F.O.B. Parkson's Factory and are exclusive of taxes, shipping, handling and insurance. Title to all equipment and risk of loss, deterioration or damage shall pass to Buyer upon delivery to a carrier; except that a

security interest in the equipment or any replacement shall remain in Parkson's name, regardless of mode of attachment to realty or other property, until the full purchase price has been received by Parkson. Any claim by Buyer against Parkson for shortage or damage occurring prior to delivery must be made in writing within thirty (30) calendar days after receipt of shipment and accompanied by an original transportation bill signed by the carrier noting that carrier received goods from Parkson in the condition claimed. Parkson shall have the right to ship all goods at one time or in portions, within the time for shipping provided in such order, unless specifically requested in writing by the Buyer that these shipments be made in total. Any shipments returned to Parkson as a result of Buyer's unexcused delay or failure to accept delivery will require Buyer to pay all additional costs incurred by Parkson, including any storage costs as set forth in Section III above.

V. **ERECTION**: Unless otherwise agreed in writing, products are assembled, installed and/or erected by and at the full expense of Buyer.

VI. **CANCELLATION & BREACH**: Buyer agrees that Parkson products are specially manufactured goods that are not suitable for sale to others in the ordinary course of business. Therefore, purchase orders placed with Parkson cannot be canceled without recourse, nor shipments of goods made up, or in process, be deferred beyond the original shipment dates specified, except with Parkson's written consent.

VII. **DRAWINGS & SPECIFICATIONS:** In the event that drawings are sent to Buyer for approval after an order is placed, the drawings must be returned marked "Approved" or "Approved as Noted" within twenty (20) calendar days after receipt unless otherwise noted. In the event that Buyer's written comments are not given within the twenty (20) day period, Parkson shall deem the items approved.

VIII. **CORRECTIVE WORK & "BACK CHARGES".** In no event shall any work be done, or services or material be purchased, or expense otherwise incurred by the Buyer for the account of Parkson until after full and complete particulars (including an estimate of material cost) have been submitted in writing and approved in writing by Parkson. Parkson must be given the opportunity to discuss and research alternative methods to lower the costs involved in such corrective work. Unless agreed-upon in writing by Parkson, Parkson will not be liable for labor costs, overhead, administrative costs, interest or any other consequential or indirect costs Buyer incurs. Returned items will not be accepted unless Parkson has previously agreed to such return in writing and supplied written return-shipping instructions to Buyer.

IX. **SELECTION OF MATERIALS:** Because all Parkson products are specially manufactured products, the material make-up of many of Parkson's products varies from project to project. The determination of the materials' suitability and adaptability (including without limitation, paints and/or coatings) to the specific needs of the Buyer is solely the Buyer's choice and responsibility.

X. **CONFIDENTIAL INFORMATION & IMPROVEMENTS:** The design, construction, application and operation of Parkson's products, services and relevant documentation embody proprietary and confidential information; therefore, Buyer will maintain this information in strict confidence, will not disclose it to others, and will only use this information in connection with the use of the products or to facilitate the provision of services sold by Parkson. Buyer will not copy or reproduce any written or printed materials or drawings furnished to Buyer by Parkson. Buyer agrees to immediately return all confidential material to Parkson if requested in writing by Parkson. Buyer will not copy any information provided by Parkson or make any design drawings of Parkson's equipment and will not permit others to copy or make any design drawings of the equipment. Parkson shall have a royalty-free license to make, use and sell, any changes or improvements in the products invented or suggested by Buyer or its employees. Buyer acknowledges that a remedy at law for any breach or attempted breach of this Section will result in a harm to Parkson for which monetary damages alone will not be adequate. Buyer covenants and agrees that neither it nor any of its affiliates will oppose any demand for specific performance and injunctive and other equitable relief in case of any such breach or attempted breach. Notwithstanding anything to the contrary herein, Parkson may seek enforcement of any breach of this Section without the necessity of complying with the provisions regarding resolution of disputes herein. Parkson acknowledges that under Florida Public Records law, records must be produced under that law which may be contrary to this provision, and Buyer's compliance with Florida Public Records law shall not be deemed a breach of this agreement.

XI. **FIELD SERVICE:** Field Service included in the quotation will only be scheduled upon written request and may be subject to credit approval. Should the Buyer have outstanding balances due Parkson, no startup / field service will be scheduled until such payments are received by Parkson. The Buyer assumes all responsibility for the readiness of the system when it requests startup service. Should Parkson's Field Service Engineer arrive at the jobsite and determine that the system cannot be started up within a reasonable time, Parkson shall have the option to bring the Field Service Engineer home and bill the Buyer for time, travel and living expenses. Additional field service is available from Parkson at the prevailing per-diem rate at the time of the request for service plus all travel and living expenses, portal-to-portal. A purchase order or change order will be required prior to scheduling this additional service.

XII. **LIMITATION OF LIABILITY:** Unless expressly agreed to in writing, all damages not direct and actual in nature, including without limitation, consequential, incidental, indirect, exemplary and punitive damages, shall be expressly prohibited damages for either party. Such prohibited damages include, but are not limited to, lost rent or revenue; rental payments; costs (increased or not) of administration or supervision; costs or delays suffered by others unable to commence work or provide services as previously scheduled for which a party to this contract may be liable; increased costs of borrowing funds devoted to the project (including interest); delays in selling all or part of the project upon completion; damages caused by reason of Force Majeure or acts of God (with the broadest statutory or court of law definition possible); termination of agreements to lease or buy all or part of the project, whether or not suffered before completion of services or work; forfeited bonds, deposits, or other monetary costs or penalties due to delay of the project; interest for any reason assessed to either party; increased taxes (federal, state, local, or international) due to delay or recharacterization of the project; lost tax credits or deductions due to delay; impairment of security; attorney and other legal fees for any reason assessed to either party, loss of use of the Equipment or any associated Equipment, costs of substitute Equipment, facilities or services, down time costs, claims of customers of Buyer for such other damages; or any other indirect loss arising from the conduct of the parties. Parkson only agrees to responsibility for damages from proven negligent and willful acts of its direct employees only.

XIII. FORCE MAJEURE AND UNFORESEEN PRICE/TIME ESCALATIONS – Parkson shall not be responsible for failure to fulfill its obligations hereunder due to causes beyond its reasonable control, including but not limited to, acts of God, acts of Purchaser, natural or artificial disaster, riot, war, strike, delay by carrier, acts or omissions of other parties, changes in law, material shortage, fire, strikes, floods an the like which shall be considered Force Majeure excusing Parkson from performance and barring any remedies for non- performance. During the daily course of business, Parkson absorbs normal trade supply chain fluctuations; however, in the event that between the time that the pricing is extended, and the purchase of materials used, there is an enactment by any governmental entity or a tariff of other charge that impacts the cost or timing to obtain materials beyond a normal fluctuation, Parkson reserves the right to increase the price and/or timing of products delivered to the Purchaser to include all or a portion of this tariff or other charge.

XIV. APPLICABLE LAWS & GOVERNING LAW: To the best of Parkson's knowledge, Parkson products comply with most laws, regulations and industrial practices; however, Parkson does not accept responsibility for any state, city or other local law not specifically brought to Parkson's attention. For OSHA compliance, (1) Parkson is only liable for those OSHA standards that are in effect as of the date of the quotation, and to the extent they are applicable to the performance of Parkson. (2) Parkson is only responsible for the physical characteristics of the product(s) and not for the circumstances of the use of the product(s). (3) Parkson's liability through any noncompliance to OSHA shall be limited to the cost of modifying the product(s) or replacing the non-complying product(s) or component(s) after receipt of prompt written notice of noncompliance. The rights and obligations of Buyer and Parkson shall be governed by and interpreted in accordance with the substantive laws of the state of Florida including the uniform commercial code of Florida, excluding conflicts of law and choice of law principles.

XV. DISPUTE RESOLUTION: Any issue, difference, claim or dispute ("Action") that may arise out of or in connection with the project referenced in the quotation, including these terms and conditions, shall be first resolved by negotiation at the highest executive levels between the Buyer and Parkson. If said negotiation is unsuccessful, any said Action shall be filed in the State of Florida, County of Volusia. Both parties expressly waive the right to trial by jury.

XVI. PATENTS: Parkson shall indemnify Buyer against any judgment for damages and costs which may be rendered against Buyer in a suit brought on account of the alleged infringement of any United States patent by any product supplied by Parkson, unless (a) the alleged infringement occurs as a result of any alteration or modification to the product or the use of the product in combination with the products or services of any party other than Parkson, or (b) the product was made in accordance with materials, designs or specifications furnished or designated by Buyer.

XVII. MECHANICAL WARRANTY: For a period of one (1) year following the date the Equipment is shipped ("Warranty Period"), Parkson's Equipment is limitedly warranted to be free from defective material and workmanship, under normal use and service and when installed, operated and maintained in accordance with installation instructions, this policy and maintenance/operating procedures. To make claim under this Warranty, Buyer must notify Parkson within forty-five (45) business days after the date of discovery of any nonconformity and make the affected Equipment immediately available for inspection by Parkson or its service representative. Parkson Equipment may be deemed nonconforming only by an authorized Parkson representative. **Returns will not be accepted unless Parkson has authorized said return in writing.** If Parkson's inspection indicates nonconforming materials and/or workmanship, the Equipment will, at Parkson's option, either be repaired or replaced without charge. Upon receipt of Parkson's written consent, Equipment may be promptly returned to Parkson, F.O.B. its factory. However, under certain circumstances, Parkson may decide, in its sole discretion, to repair or replace the Equipment at the Project site. Buyer hereby agrees to provide Parkson, its employees and/or representatives, free of charge, on-site access to the Project site, and any necessary utilities and plant personnel needed by Parkson for the purpose of repairing and/or replacing nonconforming Equipment per this Warranty.

The following will void this Warranty:

(A) Equipment is used for purposes other than those for which it was designed;
(B) Equipment is not used in accordance with generally approved practices;
(C) Disasters, whether natural or manmade, such as fire, flood, wind, earthquake, cave-in, lightning, war, or vandalism;
(D) Unauthorized alterations to or modifications of the Equipment not approved by Parkson, in writing;
(E) Abuse, neglect or misuse of Equipment, including without limitation, operation of Equipment after a defect is discovered;
(F) Operation of Equipment by persons not properly trained for that purpose;
(G) Failure to operate the Equipment in accordance with Parkson's specifications, O&M manuals or other written guidelines; and/or
(H) Failure to perform regular cleaning, inspection, adjustment and/or preventative maintenance.

BE ADVISED: Parkson is not liable for any corrective work or expenditure that has not been authorized by Parkson in writing prior to the commencement of such work and prior to committing to such expenditures. Inspection service calls, requested by Buyer, where no evidence of nonconforming materials and/or workmanship is found, will be invoiced to the Buyer at Parkson's current per diem, plus all travel and living expenses. Onsite labor and freight are not covered by this Warranty. This Warranty does not cover normal wear and tear. Following a Warranty claim, verification of proper operation and maintenance is required. Physical damage due to external forces and/or accident is not covered by this Warranty. The effects of corrosion and unforeseeable influent characteristics are excluded from this Warranty. Actions by 3rd parties in causing nonconformity of the Equipment are not covered under this Warranty.

THE FOREGOING LIMITED WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER GUARANTEES AND WARRANTIES OF ANY KIND WHATSOEVER, WRITTEN, ORAL OR IMPLIED; ALL OTHER WARRANTIES INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY AND/OR FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY DISCLAIMED.

XVIII. INDEMNIFICATION: Buyer shall comply and require its employees to comply with all instructions given by Parkson regarding installation, use and maintenance of the Equipment sold by Parkson and shall require its employees to use reasonable care and all safety devices in the operation and maintenance of said Equipment. Buyer shall not remove or permit removal or modification of any safety device, warning sign or label. Buyer shall immediately give Parkson written notice of any personal injury or property damage arising out of the use of the Equipment and cooperate with Parkson in investigating any such accident or malfunction.

XIX. MISCELLANEOUS: Parkson does not assume responsibility for nor warrant the performance or accuracy of Buyer's furnished design, design criteria, or specifications. The parties agree that the foregoing terms and conditions constitute the entire terms and conditions between Buyer and Parkson and that there are no other agreements, terms or conditions, expressed or implied, unless otherwise agreed to in writing by Parkson. The terms and conditions herein shall supersede any terms and conditions of any other document that may apply to the transaction between the Buyer and Parkson. This document may not be modified or superseded other than by an instrument in writing signed by both Buyer and Parkson. This document shall be binding upon and inure to the benefit of Buyer and Parkson and their heirs, assignees, legal representatives and the project Owner for the project referenced in the quotation. The invalidity or non-enforceability of any particular provision of this document shall not affect the other provisions hereof, and this document shall be construed in all respects as if such invalid or unenforceable provisions were omitted.

City of Ormond Beach
SOLE SOURCE JUSTIFICATION FORM

Requisition No.: _____ Date: 8/25/23

Vendor: Parkson's Corporation Cost: $172,817.00

Requested by: Ron Burk, Equipment Maintenance Supervisor Department: Equipment Maintenance

Per City Ordinance Sec. 2-300(g)- A contract may be made without competition when the department head or division manager certifies to the purchasing agent or the finance director's designee in writing that after conducting a good faith review of available sources, that there is only one (1) source for the required item(s) or service(s). The purchasing agent or the finance director's designee shall conduct negotiations as appropriate as to price, delivery and terms. A record of sole procurements shall be maintained as a public record.

Describe the product or service being requested in detail:
This is for the rebuild of One (1) Parkson Aqua Guard Continuous Self-Cleaning Bar/Filter Screen that is in operation at the City's Water Reclamation Facility (WRF).

Explain why the requested product or service is the only one that can satisfy your requirements (attach additional sheets, if necessary):

Parkson Corporation is the original manufacturer/supplier and is the only source for the OEM replacement parts.

Explain why this vendor is the only practicably available source for this purchase, and identify what steps were taken to find other sources (attach additional sheets, if necessary):

Parkson Corporation is the original manufacturer/supplier and is the only source for the OEM replacement parts. Parkson Corporation has provided a sole source letter.

STATEMENT OF NEED:
My department's recommendation for sole source is based upon an objective review of the product/service required and is in the best interest of the City of Ormond Beach. I know of no conflict of interest on my part or any other individual's part, nor do I have any personal involvement in any way with the supplier(s) involved. No gratuities, favors or compromising action have taken place. Neither has my personal familiarity with particular brands, types of equipment, materials or firms been a deciding influence on my request to sole source this purchase when there are other known suppliers to exist.

Bob Preis, Utilities Manager

Under Florida Statute 838.22(2) It is unlawful for a public servant, with corrupt intent, to obtain a benefit for any person or to cause unlawful harm to another, to circumvent a competitive bidding process required by law or rule by using a sole-source contract for commodities or services. (3) It is unlawful for any person to knowingly agree, conspire, combine, or confederate, directly or indirectly, with a public servant to violate subsection (1) or subsection (2). (4) It is unlawful for any person to knowingly enter into a contract for commodities or services which was secured by a public servant acting in violation of subsection (1) or subsection (2). **(5) Any person who violates this section commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.**

City of Ormond Beach
AGENDA ITEM

November 7, 2023 - City Commission

Number: 8.F

Section:	CONSENT AGENDA		
Item Category:	Consent - Resolution	**Res./Ord. No:**	2023-200
Strategic Goal:	Water Quality & the Environment - Other		
Department:	Public Works - Utilities Management		
Subject:	Work Authorization - Refurbishment of WTP Centrifuge Unit		
Summary:	This is a request for the execution of a work authorization with Andritz Seperation, Inc. (Andritz) for the refurbishment of a Centrifuge unit at the Water Treatment Plant (WTP) for the amount of $118,895. On April 18, 2023, the City Commission authorized an agreement with Andritz for services to repair the centrifuge unit with a not-to-exceed amount of $101,242 for the shipping, inspection, and repairs. This was an estimate at the time because the extent of the needed repairs for the centrifuge unit was unknown. Upon disassembly at Andritz's factory, the gear unit and conveyor system were discovered to be heavily worn, beyond what was originally anticipated. On August 24, 2023, Andritz sent the City a Scope of Repair report with a price of $118,895, with supporting documentation justifying the additional cost of $17,653 for repair work. Andritz was given approval to proceed with the repairs. This agenda item is to inform and request approval from the Commission for the additional cost and funding of $17,653, bringing the actual price for refurbishing the centrifuge unit to $118,895. This extensive repair will bring the Centrifuge unit into conformance with the manufacturer's recommendations.		
Financial Impact:	Fund 409 - Water and Wastewater Renewal and Replacement - General Facility and System Upgrades has adequate funds to cover the additional cost of $17,653 for refurbishing the centrifuge unit.		
Citizen Impact:	Maintenance and repair of critical equipment at the WTP is required for the City to maintain the level of service expected by its customers.		
Recommended Action (Staff,	Staff recommends approval of the work authorization for an additional $17,653 (for a total of $118,895) to Andritz for the refurbishment of the WTP centrifuge unit.

RESOLUTION NO. 2023-200

A RESOLUTION AUTHORIZING A WORK AUTHORIZATION AND ADDITIONAL FUNDING TO ANDRITZ SEPARATION, INC. FOR THE REPAIR OF THE CENTRIFUGE UNIT AT THE WATER TREATMENT PLANT; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City and Andritz Separation, Inc. are parties to an agreement for services to repair a centrifuge unit at the water treatment plant dated April 18, 2023, and

WHEREAS, Resolution 2023-74, approving said agreement, authorized the expenditure of the not-to-exceed amount of $101,242.00 for shipping, inspection and repairs of the centrifuge, and

WHEREAS, the cost to repair the centrifuge is $17,653.00 more than previously authorized as detailed on the comprehensive repair report which is incorporated in the Work Authorization attached hereto and incorporated herein by reference, and

WHEREAS, the City Manager has certified that additional funding in the amount of $17,653.00 for the repair costs has been appropriated to the credit of the Water & Wastewater Renewal and Replacement Fund (409) and has not been appropriated for any other purpose, and

WHEREAS, the City Commission concurs in the said determination and recommendation, now therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The City Commission hereby approves the additional funding of $17,653.00 for the centrifuge repairs, and to pay the cost thereof from the Water and Wastewater Renewal and Replacement Fund.

SECTION TWO. The Mayor and the City Manager are hereby authorized and directed to execute a Work Authorization between the City and Andritz Separation, Inc. for repair services for the centrifuge unit at the water treatment plant.

SECTION THREE. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 7th day of November, 2023.

Sales Responsible: **MARKERT, LUKE**

Dear Ron Burk,

The delivery dates and price in Suppliers quotations dated 03/28/23, although represented as firm, were calculated based on sourcing and manufacturing certain components in areas affected by restrictions resulting from the COVID-19 break out and on information existing prior to the implementation of these restrictions.

Unfortunately, the unforeseen outbreak, spread and consequences of COVID-19, including governmental and other restrictions being put in place to mitigate its spread, will have an impact on the delivery time and price related to the components sourced from such countries. As such, Supplier's quoted delivery times and price will need to be adjusted once Supplier has better information with respect to the full impact of the coronavirus and related restrictions and when normal sourcing, manufacturing, personnel travel and transportation activities in or to the affected areas will resume. Supplier will update Purchaser as soon as more information is available and will submit a revised quotation/proposal with firm delivery dates and price as soon as commercially practicable.

Andritz reserves its right and shall be entitled to adjust its quoted delivery dates and/or price in order to reflect these impacts. Nothing in the quotations, or in any contractual documentation based upon the quotations shall be construed as a waiver of this right.

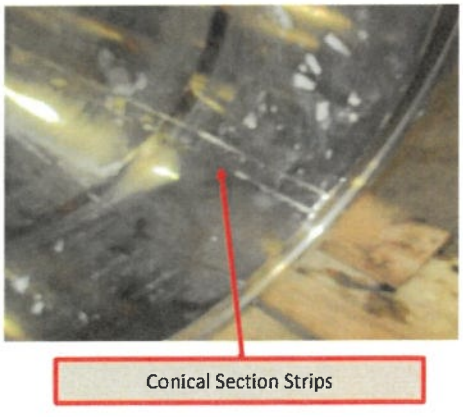
Notes:

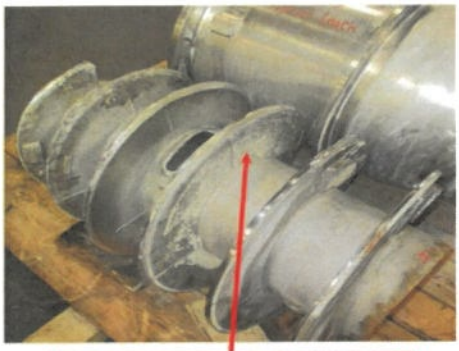
• Machine M2200 was received from ORMOND BEACH and was completely disassembled, cleaned and inspected for wear and dimensional accuracy.

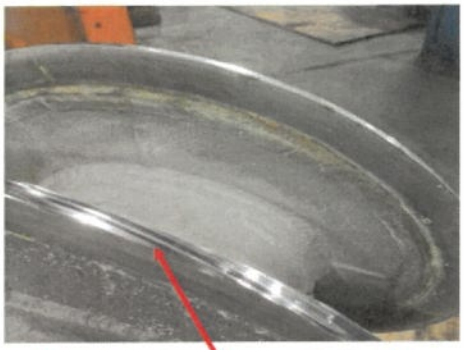


Component Findings / Recommended Scope of Repair

BOWL

• The bowl strips are in acceptable condition.
• The solid and effluent heads will be assembled to the bowl.
• The bowl will be balanced as an assembly per OEM specifications.

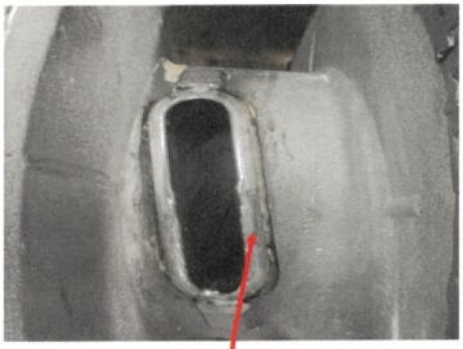




CONVEYOR

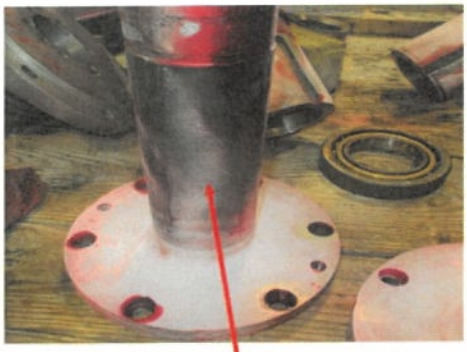
- The conveyor flights are heavily worn throughout the entire length of the conveyor. The conveyor flights will be removed and new flights will be installed and profiled to OEM specifications..
- New T/C tiles will be installed on the conveyor flights.
- New wear material will be applied to the pushing face of the conveyor and profiled to OEM specifications.
- The feed ports are in acceptable condition.
- The conveyor will be stress relieved per ANDRITZ specifications.
- The conveyor will be linebored to ANDRITZ specifications.
- The conveyor will be balanced as an assembly to ANDRITZ specifications.

Conveyor



Worn Conveyor Flights

Damaged Tiles

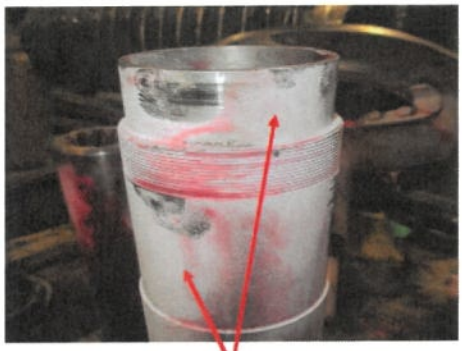


Damaged Tiles

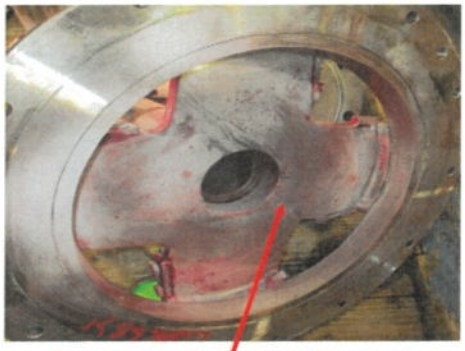
Feed Port

SPLINE TRUNNION

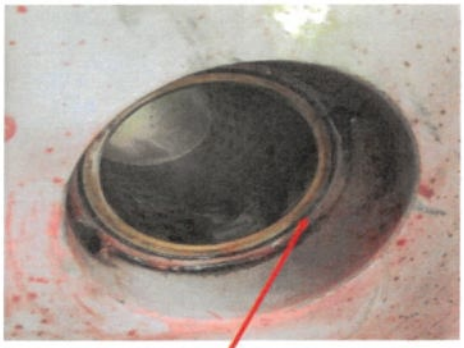
- The bushing/seal area is within OEM specifications.
- The spline features are in acceptable condition.
- The trunnion fit will be matched to the conveyor.



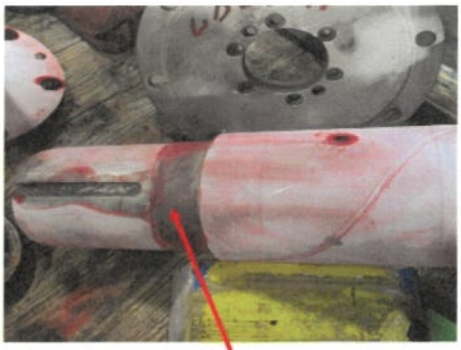
FEED TRUNNION



- The bushing/seal area is within OEM specifications.
- The thrust bearing area is within OEM specifications.
- The seal area on the end of the trunnion is within OEM specifications.
- The trunnion fit will be matched to the conveyor.



SOLIDS HEAD



- The main bearing area is within OEM specifications.
- The oil/case flinger area is within OEM specifications.
- The gear flange mounting area is within OEM specifications.
- The bushing is not within OEM specifications. The bushing will be replaced and honed to OEM specifications.
- The conveyor seal bore is within OEM specifications.
- The wear tabs are showing wear. The wear tabs will be touched up as needed.
- The wear ring on the head is in acceptable condition.
- There is slight wear on the head spokes. The worn areas will be polished.
- The head plows are in acceptable condition.
- The head case plows are in acceptable condition.
- The head fit will be matched to the bowl.
- The head will be assembled using new bearings, seals, O-rings and fasteners.

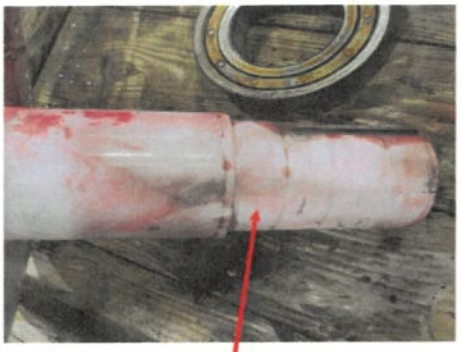
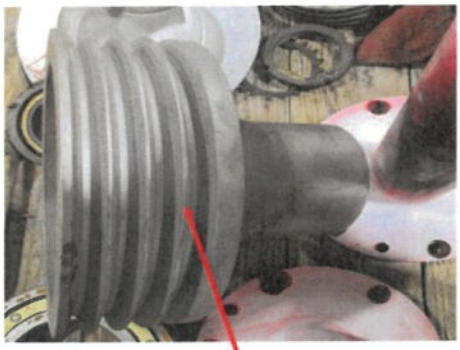
EFFLUENT HEAD

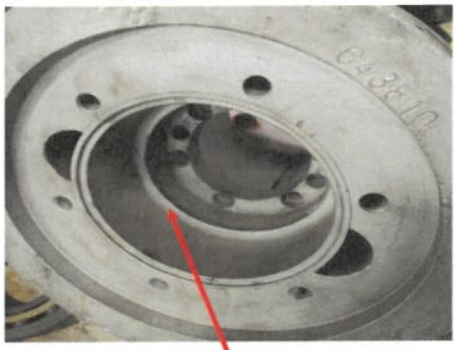


- The main bearing area is within OEM specifications.
- The oil/case flinger area is within OEM specifications.
- The sheave mounting area is within OEM specifications.
- The bushing is not within OEM specifications. The bushing will be replaced and honed to OEM specifications.
- The conveyor seal bore is within OEM specifications.
- The head fit will be matched to the bowl.
- The head will be assembled using new bearings, seals, O-rings and fasteners.

Effluent Head

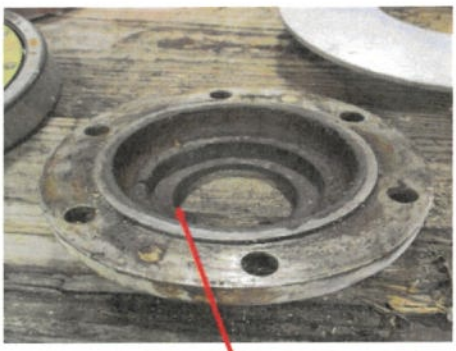


Conveyor Bushing/Seal Area



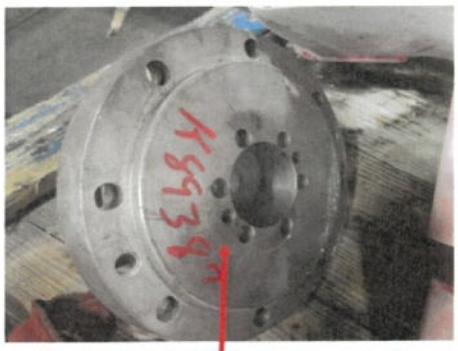
Main Bearing Area

SHEAVE



- The sheave V-grooves are in acceptable condition.
- The thrust bearing bore is not within OEM specifications. The bearing bore will be repaired.
- The thrust cap is in acceptable condition.
- The thrust cap will be machined to the proper stack-up during assembly.

Sheave V-grooves

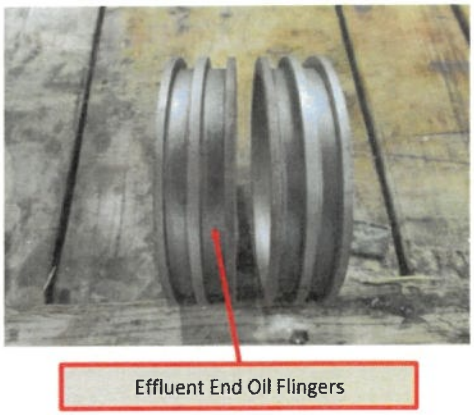


Thrust Bearing Bore

Thrust Cap

GEAR FLANGE

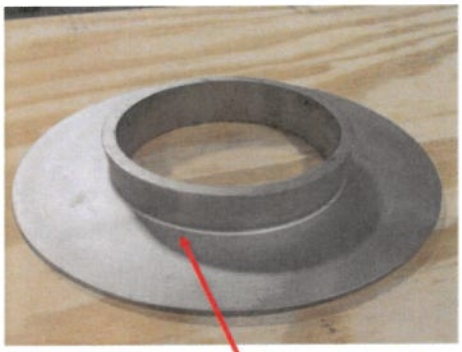
- The gear flange is in acceptable condition.
- The face and fit of the gear flange will be machined after assembly.



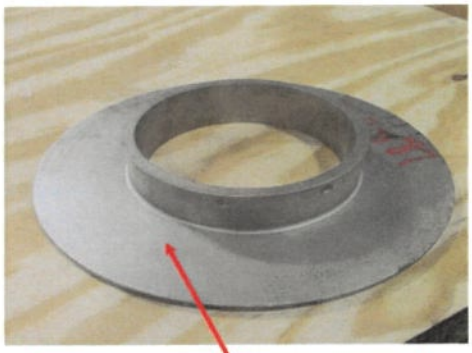
Gear Flange

OIL FLINGERS

- The solids end oil flingers are in acceptable condition.
- The effluent end oil flingers are in acceptable condition.



Solids End Oil Flingers



Effluent End Oil Flingers

CASE FLINGERS

- The solids end case flingers are in acceptable condition.
- The effluent end case flingers are in acceptable condition.

Solids End Case Flinger

Effluent End Case Flinger

FEED PIPE

- No feed pipe was provided with this repair.

PILLOW BLOCKS

- No pillow blocks were provided with this repair.

GEAR UNIT

- The gear unit is quoted below.

ASSEMBLY

- The centrifuge will be assembled with new bearings, seals, O-rings and fasteners.
- The customers repaired gear unit will be installed.
- The centrifuge will be moved to the test area and prepared for the testing operation.

TEST AND SHIP

- The standard test will be documented per ANDRITZ QA-127 at the customers operating speed 1800 RPM.
- The centrifuge will be removed from the test area, cleaned, and all required areas will be painted.
- The centrifuge will be prepared for return shipment to the customer.

COVID-19 pandemic delays, disrupts, or prevents Andritz's performance, or increases shipping or freight costs, Andritz shall be entitled to change order containing an appropriate adjustment in the contract price and/or delivery schedule. Furthermore, in the event that developments related to the pandemic, whether initiated prior to or after the date of this proposal, quotation, or order, including but not limited to travel advisories, steps taken to protect the health and safety of employees, Government orders, and temporary facility shutdowns, increase the cost or time for delivery, Andritz shall be entitled to adjust the price and delivery dates herein to reflect these impacts. Andritz's delivery date and prices (including freight) are estimates only based on Andritz's standard delivery dates and prices and do not account for the present and future schedule impacts of the COVID-19 pandemic. Nothing in this proposal, quotation, or order, or any contract based hereon, shall be construed as a waiver of these rights.

****

The crisis in Russia/Ukraine is impacting the complete global supply chain, including but not limited to, raw material shortages, extended delivery times, unavailability/restricted availability of transport as well as unforeseeable price increases. The Parties therefore agree that the price and delivery times in this order confirmation are indicative only. In case the crisis leads to any impacts on the delivery time or to a price increase of more than 5% of the order value after the date of the order confirmation, we reserve our right to adapt the prices and/or the delivery times accordingly. Nothing in this order confirmation can be construed as a waiver of such right. Of course, we will stay in close contact with you, being stipulated that we are doing our best effort to overcome this significant cost pressure and hurdles in the supply chain.

****

TERMS APPLICABLE

This quotation or acknowledgement and Seller's sale of Products and /or provision of Services described in Buyer's purchase order issued in whole or in part in response to this quotation or in response to which this acknowledgement is issued are expressly limited to and expressly made conditional on, Buyer's acceptance of the Terms and Conditions of Sale and/or Service listed below, which are the exclusive terms and conditions upon which Andritz Separation Inc. or the applicable Andritz entity supplying the same ("Seller") will accept a purchase order for the sale of new, used and refurbished products, equipment, parts and/or the provision of services ("Products" and "Services"). These Terms and Conditions of Sale and/or Service control, supersede and replace any and all other additional and/or different terms and conditions of Buyer, and Seller hereby objects to and rejects all such terms and conditions of Buyer without further notification, except to the extent Seller expressly agrees to such conditions in writing. Seller's commencement of work under the Purchase Order or Buyer's acceptance of delivery of or payment for any Products or Services covered by this Agreement, in whole or in part, shall be deemed Buyer's agreement to the foregoing. The term "this Agreement" as used herein means this quotation or acknowledgment or Buyer's purchase order, together with any attachment thereto, any documents expressly incorporated by reference (but excluding any Buyer terms and conditions attached thereto or incorporated therein by reference), and these Terms and Conditions of Sale and/or Service.

7 . DELIVERY OR PERFORMANCE

Delivery or performance dates are good faith estimates and do not mean that "time is of the essence." Buyer's failure to promptly make advance or interim payments, supply technical information, drawings and approvals will result in a commensurate delay in delivery or performance. Installation of any Product shall not be Seller's responsibility unless specifically provided for in this Agreement. Upon and after delivery, risk of loss or damage to the Products shall be Buyer's. Delivery of the Products hereunder will be made on the terms agreed to by the parties as set forth in this Agreement, according to INCOTERMS 2010.

8 . WARRANTY

(a) Products Warranty.

(i) New Equipment Warranty. In the case of the purchase of new equipment the Seller warrants to Buyer that the new equipment manufactured by it will be delivered free from defects in material and workmanship. This warranty shall commence upon delivery of the new equipment to Buyer and shall expire on the earlier to occur of 12 months from initial operation of the new equipment and 18 months from delivery thereof (the "Warranty Period").

(ii) Parts and Used or Reconditioned Machinery or Equipment Warranty. In the case of parts or used or reconditioned machinery or equipment, and unless otherwise indicated, Seller warrants to Buyer that the parts or the used or reconditioned machinery or equipment manufactured by it will be delivered free from defects in material and workmanship. This warranty shall commence upon delivery of the parts or the used or reconditioned machinery or equipment to the buyer and shall expire 6 months from delivery thereof (the "Warranty Period").

(iii) If during the Warranty Period Buyer discovers a defect in material or workmanship of a Product and gives Seller written notice thereof within 10 days of such discovery, Seller will, at its option, either deliver to Buyer, on the same terms as the original delivery was made, according to INCOTERMS 2010, a replacement part or repair the defect in place. Any repair or replacement part furnished pursuant to this warranty are warranted against defects in material and workmanship for one period of 12 months from completion of such repair or replacement, with no further extension. Seller will have no warranty obligations for the Products under this Paragraph 3(a): (i) if the Products have not been stored, installed, operated and maintained in accordance with generally approved industry practice and with Seller's specific written instructions; (ii) if the Products are used in connection with any mixture or substance or operating condition other than that for which they were designed; (iii) if Buyer fails to give Seller such written 10 day notice; (iv) if the Products are repaired by someone other than Seller or have been intentionally or accidentally damaged; (v) for corrosion, erosion, ordinary wear and tear or in respect of any parts which by their nature are exposed to severe wear and tear or are considered expendable; or (vi) for expenses incurred for work in connection with the removal of the defective articles and reinstallation following repair or replacement.

(b) Services Warranty. Seller warrants to Buyer that the Services performed will be free from defects in workmanship and will conform to any mutually agreed upon specifications. If any failure to meet this warranty appears within 12 months from the date of completion of the Services, on the condition that Seller be promptly notified in writing thereof, Seller as its sole obligation for breach of this warranty will correct the failure by re-performing any defective portion of the Services furnished. Seller does not warrant the accuracy of, or performance results of, any conclusions or recommendations provided, nor that any desired objective will result from the Service provided and Seller shall not be liable for any loss of use or any production losses whatsoever.

(c) Seller further warrants to Buyer that at delivery, the Products manufactured by it will be free of any liens or encumbrances. If there are any such liens or encumbrances, Seller will cause them to be discharged promptly after notification from Buyer of their existence.

(d) THE EXPRESS WARRANTIES SELLER MAKES IN THIS PARAGRAPH 3 ARE THE ONLY WARRANTIES IT WILL MAKE. THERE ARE NO OTHER WARRANTIES, WHETHER STATUTORY, ORAL, EXPRESS OR IMPLIED. IN PARTICULAR, THERE ARE NO IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

(e) The remedies provided in Paragraphs 3(a), 3(b), and 3(c) are Buyer's exclusive remedy for breach of warranty.

(f) With respect to any Product or part thereof not manufactured by Seller, Seller shall pass on to Buyer only those warranties made to Seller by the manufacturer of such Product or part which are capable of being so passed on.

9. LIMITATION OF LIABILITY

Notwithstanding any other provision in this Agreement, the following limitations of liability shall apply:

(a) In no event, whether based on contract, tort (including negligence), strict liability or otherwise, shall Seller, its officers, directors, employees, subcontractors, suppliers or affiliated companies be liable for loss of profits, revenue or business opportunity, loss by reason of shutdown of facilities or inability to operate any facility at full capacity, or cost of obtaining other means for performing the functions performed by the Products, loss of future contracts, claims of customers, cost of money or loss of use of capital, in each case whether or not foreseeable, or for any indirect, special, incidental or consequential damages of any nature resulting from, arising out of or connected with the Products, Services, or this Agreement or from the performance or breach hereof.

(b) The aggregate liability of Seller, its officers, directors, employees, subcontractors, suppliers or affiliated companies, for all claims of any kind for any loss, damage, or expense resulting from, arising out of or connected with the Products, Services or this Agreement or from the performance or breach hereof, together with the cost of performing make good obligations to pass performance tests, if applicable, shall in no event exceed the contract price.

(c) The limitations and exclusions of liability set forth in this Paragraph 4 shall take precedence over any other provision of this Agreement and shall apply whether the claim of liability is based on contract, warranty, tort (including negligence), strict liability, indemnity, or otherwise. The remedies provided in this Agreement are Buyer's exclusive remedies.

(d) All liability of Seller, its officers, directors, employees, subcontractors, suppliers or affiliated companies resulting from, arising out of or connected with the Products, Services or this Agreement or from the performance or breach hereof shall terminate on the third anniversary of the date of this Agreement.

(e) In no event shall Seller be liable for any loss or damage whatsoever arising from its failure to discover or repair latent defects or defects inherent in the design of goods serviced (unless such discovery or repair is normally discoverable by tests expressly specified in the scope of work under this Agreement) or caused by the use of goods by the Buyer against the advice of Seller. If Seller furnishes Buyer with advice or assistance concerning any products or systems that is not required pursuant to this Agreement, the furnishing of such advice or assistance will not subject Seller to any liability whether in contract, indemnity, warranty, tort (including negligence), strict liability or otherwise.

10. CHANGES, DELETIONS AND EXTRA WORK

Seller will not make changes in the Products unless Buyer and Seller have executed a written Change Order for such change. Buyer, without invalidating this Agreement, may make changes by altering, adding to or deducting from the general scope of the Services by written Change Order. Any such Change Order will include an appropriate adjustment to the contract price and delivery schedule. If the change impairs Seller's ability to satisfy any of its obligations to Buyer, the Change Order will include appropriate modifications to this Agreement. Seller shall be entitled to a Change Order adjusting the contract price, delivery schedule and/or any affected obligations of Seller if, after the date of this Agreement a change in applicable law should require a change in the Products or Services or in the event and to the extent that an act or omission of Buyer, or any error or change in Buyer-provided information, affects the Seller's performance hereunder.

11. TAXES

Seller's prices do not include any sales, use, excise or other taxes. In addition to the price specified herein, the amount of any present or future sales, use, excise or other tax applicable to the sale or use of the Products or Services shall be billed to and paid by Buyer unless Buyer provides to Seller a tax-exemption certificate acceptable to the relevant taxing authorities.

12. SECURITY INTEREST

Seller shall retain a purchase money security interest and Buyer hereby grants Seller a lien upon and security interest in the Products until all payments hereunder have been made in full. Buyer acknowledges that Seller may file a financing statement or comparable document as required by applicable law and may take all other action it deems reasonably necessary to perfect and maintain such security interest in Seller and to protect Seller's interest in the Products.

13. SET OFF

Neither Buyer nor any of its affiliates shall have any right to set off claims against Seller or any of its affiliates for amounts owed under this Agreement or otherwise.

14. PATENTS

Unless the Products or any part thereof are designed to Buyer's specifications and provided the Product or any part thereof is not used in any manner other than as specified or approved by Seller in writing, (i) Seller shall defend against claims made in a suit or proceeding brought against Buyer by an unaffiliated third party that any Product infringes a device claim of a United States or Canadian patent issued as of the effective date of this Agreement and limited to the field of the specific Products provided under this Agreement; provided Seller is notified promptly in writing and given the necessary authority, information and assistance for the defense of such claims; (ii) Seller shall satisfy any judgment (after all appeals) for damages entered against Buyer on such claims so long as such damages are not attributable to willful conduct or sanctioned litigation conduct; and (iii) if such judgment enjoins Buyer from using any Product or a part thereof, then Seller will, at its option: (a) obtain for Buyer the right to continue using such Product or part; (b) eliminate the infringement by replacing or modifying all or part of the Products; or (c) take back such Product or part and refund to Buyer all payments on the purchase price that Seller has received for such Product or part. The foregoing states Seller's entire liability for patent infringement by any Product or part thereof.

15. SOFTWARE LICENSE, WARRANTY, FEES

The following Software Terms and Conditions apply to any embedded or separately packaged software produced by Seller and furnished by Seller hereunder.

(a) Seller hereby grants to Buyer a non-exclusive, non-transferable, non-sub-licensable license to the Software, and any modifications made by Seller thereto only in connection with configuration of the Products and operating system for which the Software is ordered hereunder, and for the end-use purpose stated in the related Seller operating documentation. Buyer agrees that neither it nor any third party shall modify, reverse engineer, decompile or reproduce the Software, except Buyer may create a single copy for backup or archival purposes in accordance with the related Seller operating documentation (the "Copy"). Buyer's license to use the Software and the Copy of such Software shall terminate upon any breach of this Agreement by Buyer. All copies of the Software, including the Copy, are the property of Seller, and all copies for which the license is terminated shall be returned to Seller with written confirmation after termination.

(b) Seller warrants that, on the date of shipment of the Software or the Products containing the Software to Buyer: (1) the Software media contain a true and correct copy of the Software and are free from material defects; (2) Seller has the right to grant the license hereunder; and (3) the Software will function substantially in accordance with the related Seller operating documentation.

(c) If within 12 months from the date of delivery of the Software or Products containing the Software, Buyer discovers that the Software is not as warranted above and notifies Seller in writing prior to the end of such 12 month period, and if Seller determines that it cannot or will not correct the nonconformity, Buyer's and Buyer's Seller-authorized transferee's exclusive remedies, at Seller's option, are: (1) replacement of the nonconforming Software; or (2) termination of this license and a refund of a pro rata share of the contract price or license fee paid.

(d) If any infringement claims are made against Buyer arising out of Buyer's use of the Software in a manner specified by Seller, Seller shall: (i) defend against any claim in a suit or proceeding brought by an unaffiliated third party against Buyer that the Software violates a registered copyright or a confidentiality agreement to which Seller was a party, provided that Seller is notified promptly in writing and given the necessary authority, information and assistance for the defense and settlement of such claims (including the sole authority to select counsel and remove the Software or stop accused infringing usage); (ii) Seller shall satisfy a final judgment (after all appeals) for damages entered against Buyer for such claims, so long as such damages are not attributable to willful conduct or sanctioned litigation conduct; and (iii) if such judgment enjoins Buyer from using the Software, Seller may at its option: (a) obtain for Buyer the right to continue using such Software; (b) eliminate the infringement by replacing or modifying the Software; or (c) take back such Software and refund to Buyer all payments on the purchase price that Seller has received. However, Seller's obligations under this Paragraph shall not apply to the extent that the claim or adverse final judgment relates to: (1) Buyer's running of the Software after being notified to discontinue; (2) non-Seller software, products, data or processes; (3) Buyer's alteration of the Software; (4) Buyer's distribution of the Software to, or its use for the benefit of, any third party; or (5) Buyer's acquisition of confidential information (a) through improper means; (b) under circumstances giving rise to a duty to maintain its secrecy or limit its use; or (c) from a third party who owed to the party asserting the claim a duty to maintain the secrecy or limit the use of the confidential information. Buyer will reimburse Seller for any costs or damages that result from actions 1 to 5. In Seller's discretion and at Seller's own expense, with regard to any actual or perceived infringement claim related to the Software, Seller may: (i) procure the right to use the Software, (ii) replace the Software with a functional equivalent, and/or (iii) modify the Software. Under (ii) and (iii) above, Buyer shall immediately stop use of the allegedly infringing Software.

(e) This warranty set forth in subparagraph (c) above shall only apply when: (1) the Software is not modified by anyone other than Seller or its agents authorized in writing; (2) there is no modification in the Products in which the Software is installed by anyone other than Seller or its agents authorized in writing; (3) the Products are in good operating order and installed in a suitable operating environment; (4) the nonconformity is not caused by Buyer or a third party; (5) Buyer promptly notifies Seller in writing, within the period of time set forth in subparagraph (c) above, of the nonconformity; and (6) all fees for the Software due to Seller have been timely paid. SELLER HEREBY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH REGARD TO THE SOFTWARE, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, COURSE OF DEALING AND USAGE OF TRADE.

(f) Buyer and its successors are limited to the remedies specified in this Paragraph.

(g) Any subsequent modifications or enhancements to the Software made by Seller are, at Seller's option, subject to a fee.

16. SITE RISKS

(a) Concealed Conditions. The parties acknowledge and agree that increased costs or schedule extensions due to any concealed conditions at the job site shall be to Buyer's account. Buyer shall hold Seller harmless for increased costs and grant any necessary schedule extensions if any concealed or hazardous conditions are found.

(b) Environmental Remediation. Buyer acknowledges that Seller is not an expert in environmental remediation and shall not be directed by change order or otherwise to perform any environmental remediation as part of the Services, including but not limited to asbestos and lead paint removal. If any environmental remediation becomes necessary, Buyer will contract directly with a qualified third party to perform such work.

17. TERMINATION

(a) Buyer may terminate this Agreement upon breach by Seller of a material obligation hereunder and Seller's failure to cure, or to commence a cure of, such breach within a reasonable period of time (but not less than 30 days) following written receipt of notice of

ANDRITZ Separation Inc.

ABA: 026010786

the same from Buyer.

(b) Buyer may only terminate this Agreement for Buyer's convenience upon written notice to Seller and upon payment to Seller of Seller's termination charges, which shall be specified to Buyer and shall take into account among other things expenses (direct and indirect) incurred and commitments already made by Seller and an appropriate profit, provided, that in no event shall Seller's termination charges be less than 25% of the contract price.

(c) Seller shall have the right to suspend and/or terminate its obligations under this Agreement if payment is not received within 30 days of due date. In the event of the bankruptcy or insolvency of Buyer or in the event of any bankruptcy or insolvency proceeding brought by or against Buyer, Seller shall be entitled to terminate any order outstanding at any time during the period allowed for filing claims against the estate and shall receive reimbursement for its cancellation charges.

18. CONFIDENTIALITY

Buyer acknowledges that the information that Seller submits to Buyer in connection with this Agreement and the performance hereof includes Seller's confidential and proprietary information, both of a technical and commercial nature. Buyer agrees not to disclose such information to third parties without Seller's prior written consent. Seller grants to Buyer a non- exclusive, royalty-free, perpetual, non-transferrable license to use Seller's confidential and proprietary information for the purpose of the installation, operation, maintenance and repair of the Products that are the subject hereof only. Buyer further agrees not to, and not to permit any third party to, analyze, measure the properties of, or otherwise reverse engineer the Products; fabricate the Products or any parts thereof from Seller's drawings or to use the drawings other than in connection with this Agreement. Buyer will defend and indemnify Seller from any claim, suit or liability based on personal injury (including death) or property damage related to any Product or part thereof which is fabricated by a third party without Seller's prior written consent and from and against related costs, charges and expenses (including attorneys' fees). All copies of Seller's confidential and proprietary information shall remain Seller's property and may be reclaimed by Seller at any time in the event Buyer is in breach of its obligations under this Paragraph.

19. END USER

If Buyer is not the end user of the Products sold hereunder (the "End User"), then Buyer will use its best efforts to obtain the End User's written consent to be bound to Seller by the provisions hereof. If Buyer does not obtain such End User's consent, Buyer shall defend and indemnify Seller and Seller's agents, employees, subcontractors and suppliers from any action, liability, cost, loss, or expense for which Seller would not have been liable or from which Seller would have been indemnified if Buyer had obtained such End User's consent.

20. FORCE MAJEURE

(a) Force Majeure Defined. For the purpose of this Agreement "Force Majeure" will mean all events, whether or not foreseeable, beyond the reasonable control of either party which affect the performance of this Agreement, including, without limitation, acts of God, acts or advisories of governmental or quasi-governmental authorities, laws or regulations, strikes, lockouts or other industrial disturbances, acts of public enemy, wars, insurrections, riots, epidemics, pandemics, outbreaks of infectious disease or other threats to public health, lightning, earthquakes, fires, storms, severe weather, floods, sabotage, delays in transportation, rejection of main forgings and castings, lack of available shipping by land, sea or air, lack of dock lighterage or loading or unloading facilities, inability to obtain labor or materials from usual sources, serious accidents involving the work of suppliers or sub-suppliers, thefts and explosions.

(b) Suspension of Obligations. If either Buyer or Seller is unable to carry out its obligations under this Agreement due to Force Majeure, other than the obligation to make payments due hereunder, and the party affected promptly notifies the other of such delay, then all obligations that are affected by Force Majeure will be suspended or reduced for the period of Force Majeure and for such additional time as is required to resume the performance of its obligations, and the delivery schedule will be adjusted to account for the delay.

(c) Option to Terminate. If the period of suspension or reduction of operations will extend for more than four (4) consecutive months or periods of suspension or reduction total more than 6 months in any 12 month period, then either Buyer or Seller may terminate this Agreement.

(d) Strikes On-Site. Notwithstanding anything herein to the contrary, in the event a strike, lockout, labor, union or other industrial disturbance at Buyer's site affects, delays, disrupts or prevents Seller's performance of the Agreement, Seller shall be entitled to a Change Order containing an appropriate adjustment in the contract price and delivery schedule.

21. INDEMNIFICATION AND INSURANCE

(a) Indemnification. Seller agrees to defend and indemnify Buyer from and against any third-party claim for bodily injury or damage to tangible property ("Loss") arising in connection with the Products or the Services provided by Seller hereunder, but only to the extent such Loss has been caused by the negligence, willful misconduct or other legal fault ("Fault") of Seller. Buyer shall promptly tender the defense of any such third-party claim to Seller. Seller shall be entitled to control the defense and resolution of such claim, provided that Buyer shall be entitled to be represented in the matter by counsel of its choosing at Buyer's sole expense. Where such Loss results from the Fault of both Seller and Buyer or a third party, then Seller's defense and indemnity obligation shall be limited to the proportion of the Loss that Seller's Fault bears to the total Fault.

(b) Insurance. Seller shall maintain commercial general liability insurance with limits of $2,000,000 per occurrence and in the aggregate covering claims for bodily injury (including death) and physical property damage arising out of the Products or Services. Seller shall also provide workers' compensation insurance or the like as required by the laws of the jurisdiction where the Services will be performed, and owned and non-owned auto liability insurance with limits of $1,000,000 combined single limit. Seller will provide a Certificate of Insurance certifying the existence of such coverages upon request.

22. GENERAL

(a) Seller represents that any Products or parts thereof manufactured by Seller will be produced in compliance with all applicable federal, state, and local laws applicable to their manufacture and in accordance with Seller's engineering standards. Seller shall not be liable for failure of the Products to comply with any other specifications, standards, laws or regulations.

(b) This Agreement shall inure only to the benefit of Buyer and Seller and their respective successors and assigns. Any assignment of this Agreement or any of the rights or obligations hereunder, by either party without the written consent of the other party shall be void.

(c) This Agreement contains the entire and only agreement between the parties with respect to the subject matter hereof and supersedes all prior oral and written understandings between Buyer and Seller concerning the Products, Services and any prior course of dealings or usage of the trade not expressly incorporated herein.

(d) This Agreement may be modified, supplemented,or amended onlyby a writing signed by an authorized representative of Seller. Seller's waiver of any breach by Buyer of any terms of this Agreement must also be in writing and any waiver by Seller or failure by Seller to enforce any of the terms and conditions of this Agreement at any time, shall not affect, limit, or waive Seller's right thereafter to enforce and compel strict compliance with every term and condition hereof.

(e) All terms of this Agreement which by their nature should apply after the cancellation, completion or termination of this Agreement shall survive and remain fully enforceable after any cancellation, completion, or termination hereof.

(f) (i) If Seller's office is located in the United States, this Agreement and the performance hereof will be governed by and construed according to the laws of the State of Georgia. (ii) If Seller's office is located in Canada, this Agreement and the performance hereof will be governed by and construed according to the laws of the Province of New Brunswick.

(g) (i) In the circumstances of f(i) above, any controversy or claim arising out of or relating to this Agreement, or the breach hereof, or to the Products or the Services provided pursuant hereto, shall be definitively settled by arbitration, to the exclusion of courts of law, administered by the American Arbitration Association ("AAA") in accordance with its Construction Industry Arbitration Rules in force at the time this Agreement is signed and to which the parties declare they will adhere (the "AAA Rules"), and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction over the party against whom enforcement is sought or having jurisdiction over any of such party's assets. The arbitration shall be conducted in Atlanta, Georgia by a panel of three members, one of whom will be appointed by each of Buyer and Seller and the third of whom will be the chairman of the panel and will be appointed by mutual agreement of the two party appointed arbitrators. All arbitrators must be persons who are not employees, agents, or former employees or agents of either party. In the event of failure of the two party appointed arbitrators to agree within 45 days after submission of the dispute to arbitration upon the appointment of the third arbitrator, the third arbitrator will be appointed by the AAA in accordance with the AAA Rules. In the event that either of Buyer or Seller fails to appoint an arbitrator within 30 days after submission of the dispute to arbitration, such arbitrator, as well as the third arbitrator, will be appointed by the AAA in accordance with the AAA Rules. (ii) In the circumstances of f(ii) above, any controversy or claim arising out of or relating to this Agreement, or the breach hereof, or to the Products or the Services provided pursuant hereto, shall be definitively settled under the auspices of the Canadian Commercial Arbitration Centre ("CCAC"), by means of arbitration and to the exclusion of courts of law, in accordance with its General Commercial Arbitration Rules in force at the time the Agreement is signed and to which the parties declare they will adhere (the "CCAC Rules"), and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction over the party against whom enforcement is sought or having jurisdiction over any of such party's assets. The arbitration shall be conducted in Saint John, New Brunswick by a panel of three arbitrators, one of whom will be appointed by each of Buyer and Seller and the third of whom will be the chairman of the arbitral tribunal and will be appointed by mutual agreement of the two party-appointed arbitrators. All arbitrators must be persons who are not employees, agents, or former employees or agents of either party. In the event of failure of the two party-appointed arbitrators to agree within 45 days after submission of the dispute to arbitration upon the appointment of the third arbitrator, the third arbitrator will be appointed by the CCAC in accordance with the CCAC Rules. In the event that either of Buyer or Seller fails to appoint an arbitrator within 30 days after submission of the dispute to arbitration, such arbitrator, as well as the third arbitrator, will be appointed by the CCAC in accordance with the CCAC Rules.

(h) In the event this Agreement pertains to the sale of any goods outside the United States or Canada, the parties agree that the United Nations Convention for the International Sale of Goods shall not apply to this Agreement.

(i)The parties hereto have required that this Agreement be drawn up in English. Les parties aux presentes ont exige que la presente convention soit rédigée en anglais.

Please do not hesitate to contact us if you require further information.

Sales Responsible: **MARKERT, LUKE**

Dear Ron Burk,

The delivery dates and price in Suppliers quotations dated 03/28/23, although represented as firm, were calculated based on sourcing and manufacturing certain components in areas affected by restrictions resulting from the COVID-19 break out and on information existing prior to the implementation of these restrictions.

Unfortunately, the unforeseen outbreak, spread and consequences of COVID-19, including governmental and other restrictions being put in place to mitigate its spread, will have an impact on the delivery time and price related to the components sourced from such countries. As such, Supplier's quoted delivery times and price will need to be adjusted once Supplier has better information with respect to the full impact of the coronavirus and related restrictions and when normal sourcing, manufacturing, personnel travel and transportation activities in or to the affected areas will resume. Supplier will update Purchaser as soon as more information is available and will submit a revised quotation/proposal with firm delivery dates and price as soon as commercially practicable.

Andritz reserves its right and shall be entitled to adjust its quoted delivery dates and/or price in order to reflect these impacts. Nothing in the quotations, or in any contractual documentation based upon the quotations shall be construed as a waiver of this right.

Item	Product	ID No.	S/W*	Quantity	Unit	Unit Price	Amount
10	FIELD SERVICE	100031977		1	EA	14,442.00	14,442.00

Please be advised this is an estimate only for the Field Service part of the job. Actual costs will be adjusted, based on the service tech's time sheet and expenses, and invoiced upon completion of the service trip. It will be necessary to receive your purchase order before we can confirm this trip in our service schedule.

Labor per each trip:
16 Travel Hours @ $153.50/hr. = $2,456.00
Up to 8 Service Hours @ $215.00/hr. = $1,720.00
Up to 2 OT Service Hours @ $322.50/hr. = $645.00

Estimated Expenses per each trip = $2,400.00

Please see attached rate sheet.

*Travel hours are based on travel from the technician’s home base to the City of Ormond Beach and back.
*Regarding Labor hours & Expenses, any cost in excess of the amount shown above per trip, must be preapproved by the City of Ormond Beach. Andritz will provide itemization of the expenses at the time of invoice.

EXPLANATION OF SERVICES:

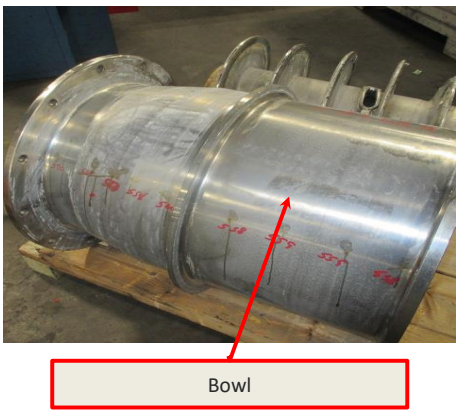
M2200 Repair

Customer: City of Ormond Beach
Salesperson: Luke Markert
Date Quoted: 8/24/2023
Model: M2200 (18x28)
Serial Number: LB-4452

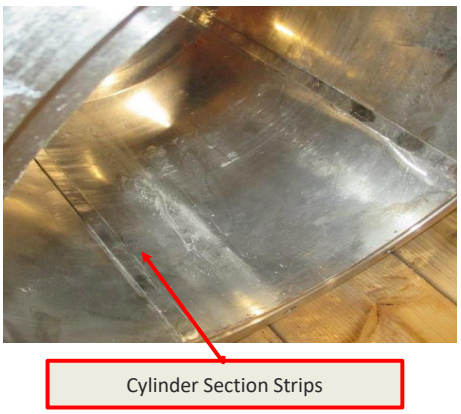
Location: Ormond Beach, FL
Material of Construction: 316
Job Number: S-48-K89387
Manufacturer: BIRD
Assembly Drawing: L2-953-157
Estimated Delivery ARO: 7 - 8 weeks dependent on parts delivery and service center workload at the time of PO received.

Totals

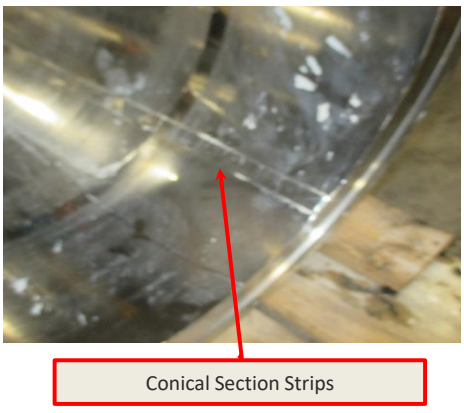
Total Labor :	$	54,100.00
Total Material :	$	27,770.00
TOTAL REPAIR:	**$**	**81,870.00**



Notes:



• Machine M2200 was received from ORMOND BEACH and was completely disassembled, cleaned and inspected for wear and dimensional accuracy.



Component Findings / Recommended Scope of Repair

BOWL

• The bowl strips are in acceptable condition.
• The solid and effluent heads will be assembled to the bowl.
• The bowl will be balanced as an assembly per OEM specifications.

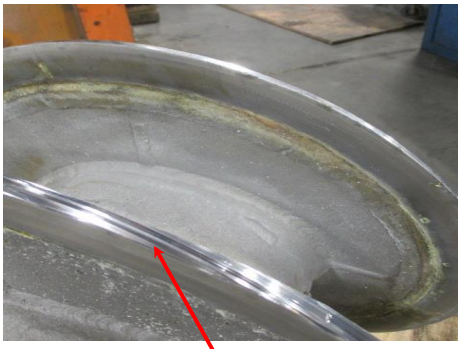
CONVEYOR

• The conveyor flights are heavily worn throughout the entire length of the conveyor. The conveyor flights will be removed and new flights will be installed and profiled to OEM specifications..

• New T/C tiles will be installed on the conveyor flights.

• New wear material will be applied to the pushing face of the conveyor and profiled to OEM specifications.

• The feed ports are in acceptable condition.



• The conveyor will be stress relieved per ANDRITZ specifications.

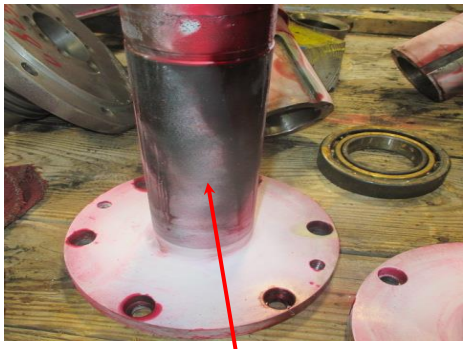
• The conveyor will be linebored to ANDRITZ specifications.

• The conveyor will be balanced as an assembly to ANDRITZ specifications.

Conveyor

Worn Conveyor Flights

Damaged Tiles



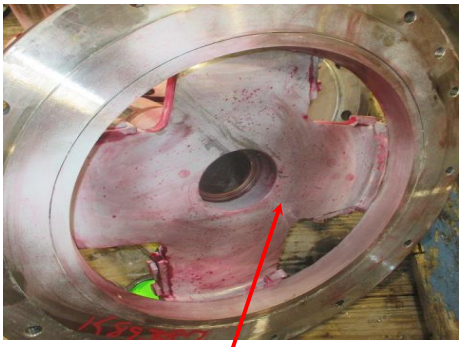
Damaged Tiles

Feed Port

SPLINE TRUNNION

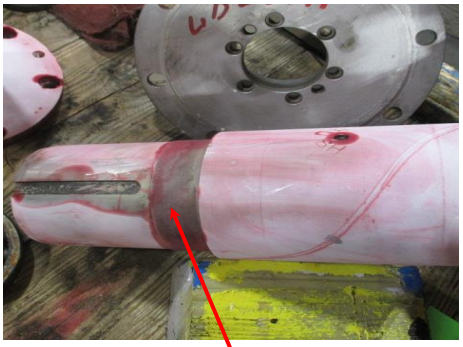
• The bushing/seal area is within OEM specifications.
• The spline features are in acceptable condition.
• The trunnion fit will be matched to the conveyor.

FEED TRUNNION

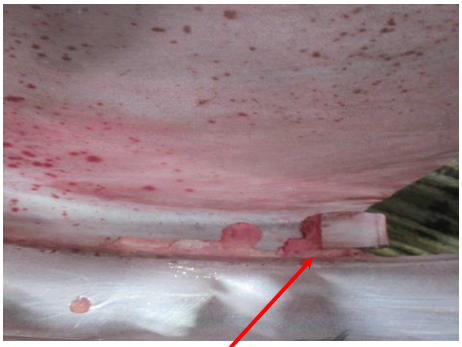


• The bushing/seal area is within OEM specifications.
• The thrust bearing area is within OEM specifications.
• The seal area on the end of the trunnion is within OEM specifications.
• The trunnion fit will be matched to the conveyor.

SOLIDS HEAD

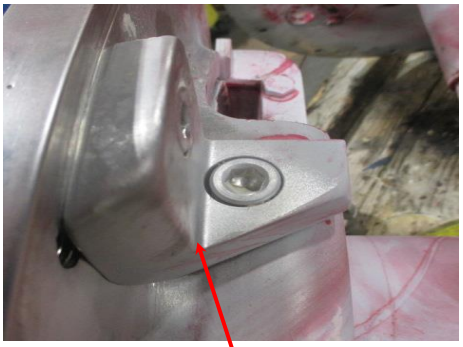


- The main bearing area is within OEM specifications.
- The oil/case flinger area is within OEM specifications.
- The gear flange mounting area is within OEM specifications.
- The bushing is not within OEM specifications. The bushing will be replaced and honed to OEM specifications.
- The conveyor seal bore is within OEM specifications.
- The wear tabs are showing wear. The wear tabs will be touched up as needed.
- The wear ring on the head is in acceptable condition.
- There is slight wear on the head spokes. The worn areas will be polished.
- The head plows are in acceptable condition.
- The head case plows are in acceptable condition.
- The head fit will be matched to the bowl.
- The head will be assembled using new bearings, seals, O-rings and fasteners.



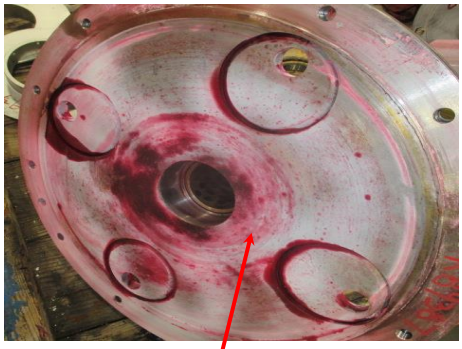
Solids Head

Conveyor Bushing/Seal Area



Main Bearing Area

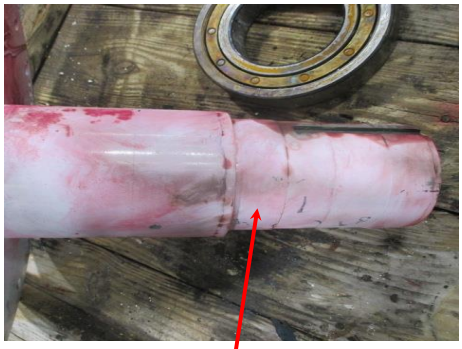
Wear Tab



Head Plow

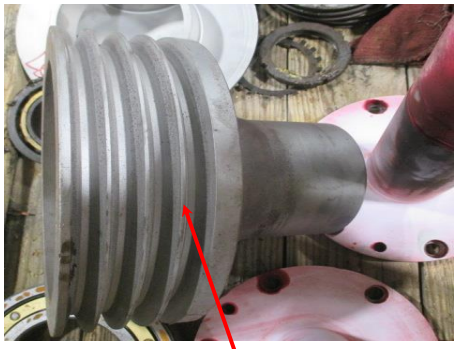
Case Plow

EFFLUENT HEAD



- The main bearing area is within OEM specifications.
- The oil/case flinger area is within OEM specifications.
- The sheave mounting area is within OEM specifications.
- The bushing is not within OEM specifications. The bushing will be replaced and honed to OEM specifications.
- The conveyor seal bore is within OEM specifications.
- The head fit will be matched to the bowl.
- The head will be assembled using new bearings, seals, O-rings and fasteners.

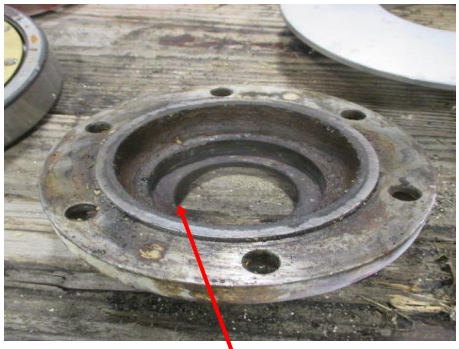
Effluent Head



Conveyor Bushing/Seal Area

Main Bearing Area

SHEAVE



- The sheave V-grooves are in acceptable condition.
- The thrust bearing bore is not within OEM specifications. The bearing bore will be repaired.
- The thrust cap is in acceptable condition.
- The thrust cap will be machined to the proper stack-up during assembly.

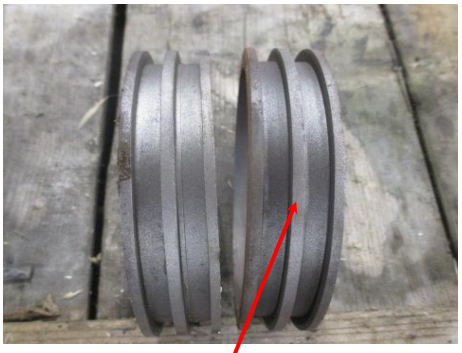
Sheave V-grooves

Thrust Bearing Bore

Thrust Cap

GEAR FLANGE

- The gear flange is in acceptable condition.
- The face and fit of the gear flange will be machined after assembly.



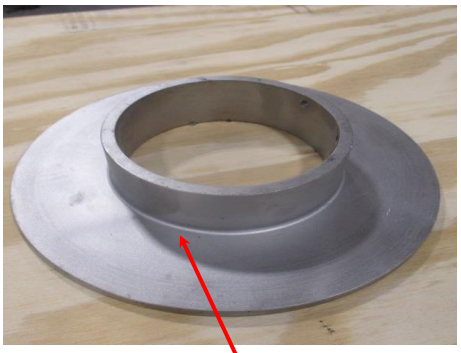
Gear Flange

OIL FLINGERS

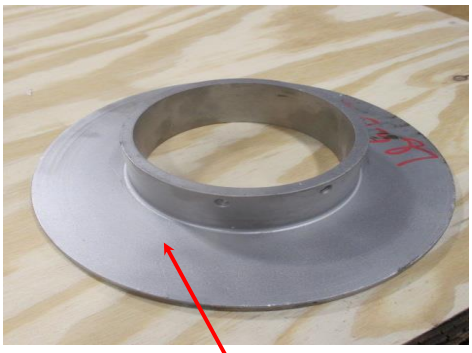
• The solids end oil flingers are in acceptable condition.

• The effluent end oil flingers are in acceptable condition.

Solids End Oil Flingers



Effluent End Oil Flingers



CASE FLINGERS

• The solids end case flingers are in acceptable condition.

• The effluent end case flingers are in acceptable condition.

Solids End Case Flinger

Effluent End Case Flinger

FEED PIPE

• No feed pipe was provided with this repair.

PILLOW BLOCKS

• No pillow blocks were provided with this repair.

GEAR UNIT

• The gear unit is quoted below.

ASSEMBLY

• The centrifuge will be assembled with new bearings, seals, O-rings and fasteners.

• The customers repaired gear unit will be installed.

• The centrifuge will be moved to the test area and prepared for the testing operation.

TEST AND SHIP

• The standard test will be documented per ANDRITZ QA-127 at the customers operating speed 1800 RPM.

• The centrifuge will be removed from the test area, cleaned, and all required areas will be painted.

• The centrifuge will be prepared for return shipment to the customer.

COVID-19 pandemic delays, disrupts, or prevents Andritz's performance, or increases shipping or freight costs, Andritz shall be entitled to change order containing an appropriate adjustment in the contract price and/or delivery schedule. Furthermore, in the event that developments related to the pandemic, whether initiated prior to or after the date of this proposal, quotation, or order, including but not limited to travel advisories, steps taken to protect the health and safety of employees, Government orders, and temporary facility shutdowns, increase the cost or time for delivery, Andritz shall be entitled to adjust the price and delivery dates herein to reflect these impacts. Andritz's delivery date and prices (including freight) are estimates only based on Andritz's standard delivery dates and prices and do not account for the present and future schedule impacts of the COVID-19 pandemic. Nothing in this proposal, quotation, or order, or any contract based hereon, shall be construed as a waiver of these rights.
****

The crisis in Russia/Ukraine is impacting the complete global supply chain, including but not limited to, raw material shortages, extended delivery times, unavailability/restricted availability of transport as well as unforeseeable price increases. The Parties therefore agree that the price and delivery times in this order confirmation are indicative only. In case the crisis leads to any impacts on the delivery time or to a price increase of more than 5% of the order value after the date of the order confirmation, we reserve our right to adapt the prices and/or the delivery times accordingly. Nothing in this order confirmation can be construed as a waiver of such right. Of course, we will stay in close contact with you, being stipulated that we are doing our best effort to overcome this significant cost pressure and hurdles in the supply chain.
****

TERMS APPLICABLE

This quotation or acknowledgement and Seller's sale of Products and /or provision of Services described in Buyer's purchase order issued in whole or in part in response to this quotation or in response to which this acknowledgement is issued are expressly limited to and expressly made conditional on, Buyer's acceptance of the Terms and Conditions of Sale and/or Service listed below, which are the exclusive terms and conditions upon which Andritz Separation Inc. or the applicable Andritz entity supplying the same ("Seller") will accept a purchase order for the sale of new, used and refurbished products, equipment, parts and/or the provision of services ("Products" and "Services"). These Terms and Conditions of Sale and/or Service control, supersede and replace any and all other additional and/or different terms and conditions of Buyer, and Seller hereby objects to and rejects all such terms and conditions of Buyer without further notification, except to the extent Seller expressly agrees to such conditions in writing. Seller's commencement of work under the Purchase Order or Buyer's acceptance of delivery of or payment for any Products or Services covered by this Agreement, in whole or in part, shall be deemed Buyer's agreement to the foregoing. The term "this Agreement" as used herein means this quotation or acknowledgment or Buyer's purchase order, together with any attachment thereto, any documents expressly incorporated by reference (but excluding any Buyer terms and conditions attached thereto or incorporated therein by reference), and these Terms and Conditions of Sale and/or Service.

7 . DELIVERY OR PERFORMANCE

Delivery or performance dates are good faith estimates and do not mean that "time is of the essence." Buyer's failure to promptly make advance or interim payments, supply technical information, drawings and approvals will result in a commensurate delay in delivery or performance. Installation of any Product shall not be Seller's responsibility unless specifically provided for in this Agreement. Upon and after delivery, risk of loss or damage to the Products shall be Buyer's. Delivery of the Products hereunder will be made on the terms agreed to by the parties as set forth in this Agreement, according to INCOTERMS 2010.

8 . WARRANTY

(a) Products Warranty.

(i) New Equipment Warranty. In the case of the purchase of new equipment the Seller warrants to Buyer that the new equipment manufactured by it will be delivered free from defects in material and workmanship. This warranty shall commence upon delivery of the new equipment to Buyer and shall expire on the earlier to occur of 12 months from initial operation of the new equipment and 18 months from delivery thereof (the "Warranty Period").

(ii) Parts and Used or Reconditioned Machinery or Equipment Warranty. In the case of parts or used or reconditioned machinery or equipment, and unless otherwise indicated, Seller warrants to Buyer that the parts or the used or reconditioned machinery or equipment manufactured by it will be delivered free from defects in material and workmanship. This warranty shall commence upon delivery of the parts or the used or reconditioned machinery or equipment to the buyer and shall expire 6 months from delivery thereof (the "Warranty Period").

(iii) If during the Warranty Period Buyer discovers a defect in material or workmanship of a Product and gives Seller written notice thereof within 10 days of such discovery, Seller will, at its option, either deliver to Buyer, on the same terms as the original delivery was made, according to INCOTERMS 2010, a replacement part or repair the defect in place. Any repair or replacement part furnished pursuant to this warranty are warranted against defects in material and workmanship for one period of 12 months from completion of such repair or replacement, with no further extension. Seller will have no warranty obligations for the Products under this Paragraph 3(a): (i) if the Products have not been stored, installed, operated and maintained in accordance with generally approved industry practice and with Seller's specific written instructions; (ii) if the Products are used in connection with any mixture or substance or operating condition other than that for which they were designed; (iii) if Buyer fails to give Seller such written 10 day notice; (iv) if the Products are repaired by someone other than Seller or have been intentionally or accidentally damaged; (v) for corrosion, erosion, ordinary wear and tear or in respect of any parts which by their nature are exposed to severe wear and tear or are considered expendable; or (vi) for expenses incurred for work in connection with the removal of the defective articles and reinstallation following repair or replacement.

(b) Services Warranty. Seller warrants to Buyer that the Services performed will be free from defects in workmanship and will conform to any mutually agreed upon specifications. If any failure to meet this warranty appears within 12 months from the date of completion of the Services, on the condition that Seller be promptly notified in writing thereof, Seller as its sole obligation for breach of this warranty will correct the failure by re-performing any defective portion of the Services furnished. Seller does not warrant the accuracy of, or performance results of, any conclusions or recommendations provided, nor that any desired objective will result from the Service provided and Seller shall not be liable for any loss of use or any production losses whatsoever.

c) Seller further warrants to Buyer that at delivery, the Products manufactured by it will be free of any liens or encumbrances. If there are any such liens or encumbrances, Seller will cause them to be discharged promptly after notification from Buyer of their existence.

(d) THE EXPRESS WARRANTIES SELLER MAKES IN THIS PARAGRAPH 3 ARE THE ONLY WARRANTIES IT WILL MAKE. THERE ARE NO OTHER WARRANTIES, WHETHER STATUTORY, ORAL, EXPRESS OR IMPLIED. IN PARTICULAR, THERE ARE NO IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

(e) The remedies provided in Paragraphs 3(a), 3(b) and 3(c) are Buyer's exclusive remedy for breach of warranty.

(f) With respect to any Product or part thereof not manufactured by Seller, Seller shall pass on to Buyer only those warranties made to Seller by the manufacturer of such Product or part which are capable of being so passed on.

9 . LIMITATION OF LIABILITY

Notwithstanding any other provision in this Agreement, the following limitations of liability shall apply:

(a) In no event, whether based on contract, tort (including negligence), strict liability or otherwise, shall Seller, its officers, directors, employees, subcontractors, suppliers or affiliated companies be liable for loss of profits, revenue or business opportunity, loss by reason of shutdown of facilities or inability to operate any facility at full capacity, or cost of obtaining other means for performing the functions performed by the Products, loss of future contracts, claims of customers, cost of money or loss of use of capital, in each case whether or not foreseeable, or for any indirect, special, incidental or consequential damages of any nature resulting from, arising out of or connected with the Products, Services, or this Agreement or from the performance or breach hereof.

(b) The aggregate liability of Seller, its officers, directors, employees, subcontractors, suppliers or affiliated companies, for all claims of any kind for any loss, damage, or expense resulting from, arising out of or connected with the Products, Services or this Agreement or from the performance or breach hereof, together with the cost of performing make good obligations to pass performance tests, if applicable, shall in no event exceed the contract price.

(c) The limitations and exclusions of liability set forth in this Paragraph 4 shall take precedence over any other provision of this Agreement and shall apply whether the claim of liability is based on contract, warranty, tort (including negligence), strict liability, indemnity, or otherwise. The remedies provided in this Agreement are Buyer's exclusive remedies.

(d) All liability of Seller, its officers, directors, employees, subcontractors, suppliers or affiliated companies, resulting from, arising out of or connected with the Products, Services or this Agreement or from the performance or breach hereof shall terminate on the third anniversary of the date of this Agreement.

(e) In no event shall Seller be liable for any loss or damage whatsoever arising from its failure to discover or repair latent defects or defects inherent in the design of goods serviced (unless such discovery or repair is normally discoverable by tests expressly specified in the scope of work under this Agreement) or caused by the use of goods by the Buyer against the advice of Seller. If Seller furnishes Buyer with advice or assistance concerning any products or systems that is not required pursuant to this Agreement, the furnishing of such advice or assistance will not subject Seller to any liability whether in contract, indemnity, warranty, tort (including negligence), strict liability or otherwise.

10 . CHANGES, DELETIONS AND EXTRA WORK

Seller will not make changes in the Products unless Buyer and Seller have executed a written Change Order for such change. Buyer, without invalidating this Agreement, may make changes by altering, adding to or deducting from the general scope of the Services by written Change Order. Any such Change Order will include an appropriate adjustment to the contract price and delivery schedule. If the change impairs Seller's ability to satisfy any of its obligations to Buyer, the Change Order will include appropriate modifications to this Agreement. Seller shall be entitled to a Change Order adjusting the contract price, delivery schedule and/or any affected obligations of Seller if after the date of this Agreement a change in applicable law should require a change in the Products or Services or in the event and to the extent that an act or omission of Buyer, or any error or change in Buyer-provided information, affects the Seller's performance hereunder.

11 . TAXES

Seller's prices do not include any sales, use, excise or other taxes. In addition to the price specified herein, the amount of any present or future sales, use, excise or other tax applicable to the sale or use of the Products or Services shall be billed to and paid by Buyer unless Buyer provides to Seller a tax-exemption certificate acceptable to the relevant taxing authorities.

12 . SECURITY INTEREST

Seller shall retain a purchase money security interest and Buyer hereby grants Seller a lien upon and security interest in the Products until all payments hereunder have been made in full. Buyer acknowledges that Seller may file a financing statement or comparable document as required by applicable law and may take all other action it deems reasonably necessary to perfect and maintain such security interest in Seller and to protect Seller's interest in the Products.

13 . SET OFF

Neither Buyer nor any of its affiliates shall have any right to set off claims against Seller or any of its affiliates for amounts owed under this Agreement or otherwise.

14 . PATENTS

Unless the Products or any part thereof are designed to Buyer's specifications and provided the Product or any part thereof is not used in any manner other than as specified or approved by Seller in writing, (i) Seller shall defend against claims made in a suit or proceeding brought against Buyer by an unaffiliated third party that any Product infringes a device claim of a United States or Canadian patent issued as of the effective date of this Agreement and limited to the field of the specific Products provided under this Agreement; provided Seller is notified promptly in writing and given the necessary authority, information and assistance for the defense of such claims; (ii) Seller shall satisfy any judgment (after all appeals) for damages entered against Buyer on such claims so long as such damages are not attributable to willful conduct or sanctioned litigation conduct; and (iii) if such judgment enjoins Buyer from using any Product or a part thereof, then Seller will, at its option: (a) obtain for Buyer the right to continue using such Product or part; (b) eliminate the infringement by replacing or modifying all or part of the Products; or (c) take back such Product or part and refund to Buyer all payments on the purchase price that Seller has received for such Product or part. The foregoing states Seller's entire liability for patent infringement by any Product or part thereof.

15 . SOFTWARE LICENSE, WARRANTY, FEES

The following Software Terms and Conditions apply to any embedded or separately packaged software produced by Seller and furnished by Seller hereunder:

(a) Seller hereby grants to Buyer a non-exclusive, non-transferable, non-sub-licensable license to the Software, and any modifications made by Seller thereto only in connection with configuration of the Products and operating system for which the Software is ordered hereunder, and for the end-use purpose stated in the related Seller operating documentation. Buyer agrees that neither it nor any third party shall modify, reverse engineer, decompile or reproduce the Software, except Buyer may create a single copy for backup or archival purposes in accordance with the related Seller operating documentation (the "Copy"). Buyer's license to use the Software and the Copy of such Software shall terminate upon any breach of this Agreement by Buyer. All copies of the Software, including the Copy, are the property of Seller, and all copies for which the license is terminated shall be returned to Seller with written confirmation after termination.

(b) Seller warrants that, on the date of shipment of the Software or the Products containing the Software to Buyer: (1) the Software media contain a true and correct copy of the Software and are free from material defects; (2) Seller has the right to grant the license hereunder; and (3) the Software will function substantially in accordance with the related Seller operating documentation.

(c) If within 12 months from the date of delivery of the Software or Products containing the Software, Buyer discovers that the Software is not as warranted above and notifies Seller in writing prior to the end of such 12 month period, and if Seller determines that it cannot or will not correct the nonconformity, Buyer's and Buyer's Seller-authorized transferee's exclusive remedies, at Seller's option, are: (1) replacement of the nonconforming Software; or (2) termination of this license and a refund of a pro rata share of the contract price or license fee paid.

(d) If any infringement claims are made against Buyer arising out of Buyer's use of the Software in a manner specified by Seller, Seller shall: (i) defend against any claim in a suit or proceeding brought by an unaffiliated third party against Buyer that the Software violates a registered copyright or a confidentiality agreement to which Seller was a party, provided that Seller is notified promptly in writing and given the necessary authority, information and assistance for the defense and settlement of such claims (including the sole authority to select counsel and remove the Software or stop accused infringing usage); (ii) Seller shall satisfy a final judgment (after all appeals) for damages entered against Buyer for such claims, so long as such damages are not attributable to willful conduct or sanctioned litigation conduct; and (iii) if such judgment enjoins Buyer from using the Software, Seller may at its option: (a) obtain for Buyer the right to continue using such Software; (b) eliminate the infringement by replacing or modifying the Software, or (c) take back such Software and refund to Buyer all payments on the purchase price that Seller has received. However, Seller's obligations under this Paragraph shall not apply to the extent that the claim or adverse final judgment relates to: (1) Buyer's running of the Software after being notified to discontinue; (2) non-Seller software, products, data or processes; (3) Buyer's alteration of the Software; (4) Buyer's distribution of the Software to, or its use for the benefit of, any third party; or (5) Buyer's acquisition of confidential information (a) through improper means; (b) under circumstances giving rise to a duty to maintain its secrecy or limit its use; or (c) from a third party who owed to the party asserting the claim a duty to maintain the secrecy or limit the use of the confidential information. Buyer will reimburse Seller for any costs or damages that result from actions 1 to 5. In Seller's discretion and at Seller's own expense, with regard to any actual or perceived infringement claim related to the Software, Seller may: (i) procure the right to use the Software, (ii) replace the Software with a functional equivalent, an/or (iii) modify the Software. Under (ii) and (iii) above, Buyer shall immediately stop use of the allegedly infringing Software.

(e) This warranty set forth in subparagraph (c) above shall only apply when: (1) the Software is not modified by anyone other than Seller or its agents authorized in writing; (2) there is no modification in the Products in which the Software is installed by anyone other than Seller or its agents authorized in writing; (3) the Products are in good operating order and installed in a suitable operating environment; (4) the nonconformity is not caused by Buyer or a third party; (5) Buyer promptly notifies Seller in writing, within the period of time set forth in subparagraph (c) above, of the nonconformity; and (6) all fees for the Software due to Seller have been timely paid. SELLER HEREBY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH REGARD TO THE SOFTWARE, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, COURSE OF DEALING AND USAGE OF TRADE.

(f) Buyer and its successors are limited to the remedies specified in this Paragraph.

(g) Any subsequent modifications or enhancements to the Software made by Seller are, at Seller's option, subject to a fee.

16 . SITE RISKS

(a) Concealed Conditions. The parties acknowledge and agree that increased costs or schedule extensions due to any concealed conditions at the job site shall be to Buyer's account. Buyer shall hold Seller harmless for increased costs and grant any necessary schedule extensions if any concealed or hazardous conditions are found.

(b) Environmental Remediation. Buyer acknowledges that Seller is not an expert in environmental remediation and shall not be directed by change order or otherwise to perform any environmental remediation as part of the Services, including but not limited to asbestos and lead paint removal. If any environmental remediation becomes necessary, Buyer will contract directly with a qualified third party to perform such work.

17 . TERMINATION

(a) Buyer may terminate this Agreement upon breach by Seller of a material obligation hereunder and Seller's failure to cure, or to commence a cure of, such breach within a reasonable period of time (but not less than 30 days) following written receipt of notice of

the same from Buyer.

(b) Buyer may only terminate this Agreement for Buyer's convenience upon written notice to Seller and upon payment to Seller of Seller's termination charges, which shall be specified to Buyer and shall take into account among other things expenses (direct and indirect) incurred and commitments already made by Seller and an appropriate profit; provided, that in no event shall Seller's termination charges be less than 25% of the contract price.

(c) Seller shall have the right to suspend and/or terminate its obligations under this Agreement if payment is not received within 30 days of due date. In the event of the bankruptcy or insolvency of Buyer or in the event of any bankruptcy or insolvency proceeding brought by or against Buyer, Seller shall be entitled to terminate any order outstanding at any time during the period allowed for filing claims against the estate and shall receive reimbursement for its cancellation charges.

18 . CONFIDENTIALITY

Buyer acknowledges that the information that Seller submits to Buyer in connection with this Agreement and the performance hereof includes Seller's confidential and proprietary information, both of a technical and commercial nature. Buyer agrees not to disclose such information to third parties without Seller's prior written consent. Seller grants to Buyer a non- exclusive, royalty-free, perpetual, non-transferrable license to use Seller's confidential and proprietary information for the purpose of the installation, operation, maintenance and repair of the Products that are the subject hereof only. Buyer further agrees not to, and not to permit any third party to, analyze, measure the properties of, or otherwise reverse engineer the Products, fabricate the Products or any parts thereof from Seller's drawings or to use the drawings other than in connection with this Agreement. Buyer will defend and indemnify Seller from any claim, suit or liability based on personal injury (including death) or property damage related to any Product or part thereof which is fabricated by a third party without Seller's prior written consent and from and against related costs, charges and expenses (including attorneys' fees). All copies of Seller's confidential and proprietary information shall remain Seller's property and may be reclaimed by Seller at any time in the event Buyer is in breach of its obligations under this Paragraph.

19 . END USER

If Buyer is not the end user of the Products sold hereunder (the "End User"), then Buyer will use its best efforts to obtain the End User's written consent to be bound to Seller by the provisions hereof. If Buyer does not obtain such End User's consent, Buyer shall defend and indemnify Seller and Seller's agents, employees, subcontractors and suppliers from any action, liability, cost, loss, or expense for which Seller would not have been liable or from which Seller would have been indemnified if Buyer had obtained such End User's consent.

20 . FORCE MAJEURE

(a) Force Majeure Defined. For the purpose of this Agreement "Force Majeure" will mean all events, whether or not foreseeable, beyond the reasonable control of either party which affect the performance of this Agreement, including, without limitation, acts of God, acts or advisories of governmental or quasi-governmental authorities, laws or regulations, strikes, lockouts or other industrial disturbances, acts of public enemy, wars, insurrections, riots, epidemics, pandemics, outbreaks of infectious disease or other threats to public health, lightning, earthquakes, fires, storms, severe weather, floods, sabotage, delays in transportation, rejection of main forgings and castings, lack of available shipping by land, sea or air, lack of dock lighterage or loading or unloading facilities, inability to obtain labor or materials from usual sources, serious accidents involving the work of suppliers or sub-suppliers, thefts and explosions.

(b) Suspension of Obligations. If either Buyer or Seller is unable to carry out its obligations under this Agreement due to Force Majeure, other than the obligation to make payments due hereunder, and the party affected promptly notifies the other of such delay, then all obligations that are affected by Force Majeure will be suspended or reduced for the period of Force Majeure and for such additional time as is required to resume the performance of its obligations, and the delivery schedule will be adjusted to account for the delay.

(c) Option to Terminate. If the period of suspension or reduction of operations will extend for more than four (4) consecutive months or periods of suspension or reduction total more than 6 months in any 12 month period, then either Buyer or Seller may terminate this Agreement.

(d) Strikes On-Site. Notwithstanding anything herein to the contrary, in the event a strike, lockout, labor, union or other industrial disturbance at Buyer's site affects, delays, disrupts or prevents Seller's performance of this Agreement, Seller shall be entitled to a Change Order containing an appropriate adjustment in the contract price and delivery schedule.

21 . INDEMNIFICATION AND INSURANCE

(a) Indemnification. Seller agrees to defend and indemnify Buyer from and against any third-party claim for bodily injury or damage to tangible property ("Loss") arising in connection with the Products or the Services provided by Seller hereunder, but only to the extent such Loss has been caused by the negligence, willful misconduct or other legal fault ("Fault") of Seller. Buyer shall promptly tender the defense of any such third-party claim to Seller. Seller shall be entitled to control the defense and resolution of such claim, provided that Buyer shall be entitled to be represented in the matter by counsel of its choosing at Buyer's sole expense. Where such Loss results from the Fault of both Seller and Buyer or a third party, then Seller's defense and indemnity obligation shall be limited to the proportion of the Loss that Seller's Fault bears to the total Fault.

(b) Insurance. Seller shall maintain commercial general liability insurance with limits of $2,000,000 per occurrence and in the aggregate covering claims for bodily injury (including death) and physical property damage arising out of the Products or Services. Seller shall also provide workers' compensation insurance or the like as required by the laws of the jurisdiction where the Services will be performed, and owned and non-owned auto liability insurance with limits of $1,000,000 combined single limit. Seller will provide a Certificate of Insurance certifying the existence of such coverages upon request.

22 . GENERAL

(a) Seller represents that any Products or parts thereof manufactured by Seller will be produced in compliance with all applicable federal, state, and local laws applicable to their manufacture and in accordance with Seller's engineering standards. Seller shall not be liable for failure of the Products to comply with any other specifications, standards, laws or regulations.

(b) This Agreement shall inure only to the benefit of Buyer and Seller and their respective successors and assigns. Any assignment of this Agreement or any of the rights or obligations hereunder, by either party without the written consent of the other party shall be void.

(c) This Agreement contains the entire and only agreement between the parties with respect to the subject matter hereof and supersedes all prior oral and written understandings between Buyer and Seller concerning the Products, Services and any prior course of dealings or usage of the trade not expressly incorporated herein.

(d) This Agreement may be modified, supplemented,or amended onlyby a writing signed by an authorized representative of Seller. Seller's waiver of any breach by Buyer of any terms of this Agreement must also be in writing and any waiver by Seller or failure by Seller to enforce any of the terms and conditions of this Agreement at any time, shall not affect, limit, or waive Seller's right thereafter to enforce and compel strict compliance with every term and condition hereof.

(e) All terms of this Agreement which by their nature should apply after the cancellation, completion or termination of this Agreement shall survive and remain fully enforceable after any cancellation, completion, or termination hereof.

(f) (i) If Seller's office is located in the United States, this Agreement and the performance hereof will be governed by and construed according to the laws of the State of Georgia. (ii) If Seller's office is located in Canada, this Agreement and the performance hereof will be governed by and construed according to the laws of the Province of New Brunswick.

(g) (i) In the circumstances of f(i) above, any controversy or claim arising out of or relating to this Agreement, or the breach hereof, or to the Products or the Services provided pursuant hereto, shall be definitively settled by arbitration, to the exclusion of courts of law, administered by the American Arbitration Association ("AAA") in accordance with its Construction Industry Arbitration Rules in force at the time this Agreement is signed and to which the parties declare they will adhere (the "AAA Rules"), and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction over the party against whom enforcement is sought or having jurisdiction over any of such party's assets. The arbitration shall be conducted in Atlanta, Georgia by a panel of three members, one of whom will be appointed by each of Buyer and Seller and the third of whom will be the chairman of the panel and will be appointed by mutual agreement of the two party appointed arbitrators. All arbitrators must be persons who are not employees, agents, or former employees or agents of either party. In the event of failure of the two party appointed arbitrators to agree within 45 days after submission of the dispute to arbitration upon the appointment of the third arbitrator, the third arbitrator will be appointed by the AAA in accordance with the AAA Rules. In the event that either of Buyer or Seller fails to appoint an arbitrator within 30 days after submission of the dispute to arbitration, such arbitrator, as well as the third arbitrator, will be appointed by the AAA in accordance with the AAA Rules. (ii) In the circumstances of f(ii) above, any controversy or claim arising out of or relating to this Agreement, or the breach hereof, or to the Products or the Services provided pursuant hereto, shall be definitively settled under the auspices of the Canadian Commercial Arbitration Centre ("CCAC"), by means of arbitration and to the exclusion of courts of law, in accordance with its General Commercial Arbitration Rules in force at the time the Agreement is signed and to which the parties declare they will adhere (the "CCAC Rules"), and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction over the party against whom enforcement is sought or having jurisdiction over any of such party's assets. The arbitration shall be conducted in Saint John, New Brunswick by a panel of three arbitrators, one of whom will be appointed by each of Buyer and Seller and the third of whom will be the chairman of the arbitral tribunal and will be appointed by mutual agreement of the two party-appointed arbitrators. All arbitrators must be persons who are not employees, agents, or former employees or agents of either party. In the event of failure of the two party-appointed arbitrators to agree within 45 days after submission of the dispute to arbitration upon the appointment of the third arbitrator, the third arbitrator will be appointed by the CCAC in accordance with the CCAC Rules. In the event that either of Buyer or Seller fails to appoint an arbitrator within 30 days after submission of the dispute to arbitration, such arbitrator, as well as the third arbitrator, will be appointed by the CCAC in accordance with the CCAC Rules.

(h) In the event this Agreement pertains to the sale of any goods outside the United States or Canada, the parties agree that the United Nations Convention for the International Sale of Goods shall not apply to this Agreement.

(i)The parties hereto have required that this Agreement be drawn up in English. Les parties aux présentes ont exigé que la présente convention soit rédigée en anglais.

City of Ormond Beach
AGENDA ITEM

November 7, 2023 - City Commission

Number: 8.G

Section:	CONSENT AGENDA		
Item Category:	Consent - Resolution	**Res./Ord. No:**	2023-201
Strategic Goal:	Quality of Life - Other		
Department:	Finance - Grants		
Subject:	Volusia County ECHO Grant Request - Sports Complex Softball Quad LED Lighting		
Summary:	This is a request for the City Commission to authorize the submittal of a grant application to the Volusia County Environmental, Cultural, Historical and Outdoor Recreation (ECHO) program for funding assistance relative to the installation of LED lighting fixture head replacement for the softball quad at the Ormond Beach Sports Complex. To qualify for ECHO funds, program funds are to be used solely to finance acquisition, restoration, construction and improvement of environmental/ecological, cultural, historical/heritage and outdoor recreation facilities for public use. The minimum amount that can be requested is $12,500; the total project cost must be at least $25,000 since the program requires a dollar-for-dollar match. The maximum that can be requested is $600,000 per project, for a $1,200,000 total cost under normal project guidelines. The sum of all ECHO grants received by a standard project, or multiple projects on a site or facility complex may total up to, but not more than $3.1 million over the life of the ECHO program. ECHO requires projects that are funded be open for public use within 2 years of grant award date. No more than 1 application for the same facility, complex, project, or site will be awarded per year regardless of the number of applicant organizations. An applicant may only have 3 open awards and applications combined at a time. The City currently has 1 open ECHO project. The current ECHO cycle is open with the following timeline: • Mandatory Workshop - Thursday, Sept 28, 9:00 AM. • Mandatory Technical Completeness Application Deadline - Thursday, Nov 9, 4 PM - Applications must be submitted as final.		

	• Final Application Deadline - Thursday, Dec 14, 4 PM - Deadline for any insufficiencies determined under technical review by ECHO staff to be corrected and resubmitted. • ECHO Advisory Committee Tour and Eligibility Meeting, Mandatory for Applicants - Thursday, Jan 25. • ECHO Advisory Committee meets as Grant Review Panel, Mandatory for Applicants - Thursday, Feb 15, 9 AM. ECHO funding applications require a 50% local match. The ECHO program will not fund project planning, such as feasibility studies and architectural drawings, or program and operational support. However, some of these expenses may be used as part of the match. To submit a grant application, the City must provide a resolution authorizing the submittal of a grant application and budgeting/appropriation of local matching funds as a requirement. The Sports Complex is an active recreational facility with a large variety of amenities situated on approximately 130 acres. The City strives to implement green technologies that have low impact on the environment. Over the past several years, staff has been working, in conjunction with the LSAB, to implement LED lighting projects on recreational facilities. Adding LED lighting to the softball quad, will reduce energy consumption, CO2 and waste. LED lighting is far more environmentally friendly, energy efficient and economically viable compared to fluorescent and halogen lighting. Lower energy usage reduces carbon emissions and is beneficial to the environment. LEDs contain no environmentally harmful substances and with long life expectancy, the impact on the environment is minimized. Due to long-life expectancies and superior construction design of LEDs, operational and maintenance costs will be minimal and have an operational life of 35,000 to 50,000 hours. 35,000 hours is a 20-year life span if lights are operated 4-5 hours per day. Benefits of LED lighting are numerous: environmentally friendly, energy efficient, longer life, cost savings, simple installation, low maintenance, increased safety, better game quality, and more playing time.
Financial Impact:	Total estimated cost for this project is $912,959. The ECHO grant request will be for $456,479 with the City of Ormond Beach providing $456,480 in cash match from the Leisure Services Capital Fund.
Citizen Impact:	The lighting renovations will temporarily close down one softball field at a time. This approach will allow three softball fields to be operational during the implementation of replacing the old fixture heads with new LED technology. Staff implementing the project will work with Leisure Services to coordinate field closures relating to their recreational activities.
Recommended Action (Staff,	Staff recommends the City Commission authorize the submittal of a grant proposal for this project, budgeting/appropriation of matching

Advisory Board and/or Other):	funds, and authorize the execution of any and all documents necessary to accept a grant award if offered.

RESOLUTION NO. 2023-201

A RESOLUTION AUTHORIZING THE SUBMITTAL OF A GRANT APPLICATION TO THE COUNTY OF VOLUSIA UNDER THE ECHO GRANTS-IN-AID PROGRAM FOR FUNDING ASSISTANCE REGARDING THE INSTALLATION OF LED LIGHTING AT THE ORMOND BEACH SPORTS COMPLEX FOR THE SOFTBALL QUAD; AUTHORIZING THE EXECUTION OF ALL DOCUMENTS INCIDENTAL THERETO, INCLUDING ANY CONTRACT NECESSARY FOR THE CITY TO ACCEPT THE GRANT AWARD; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the County of Volusia has a current grant cycle open under the ECHO Grants-In-Aid Program in which the City can request maximum funding assistance in the amount of $600,000.00 with City matching funds on a dollar-for-dollar basis, or 50:50 match, and

WHEREAS, the City Commission desires to submit a grant application to the County of Volusia under the ECHO Grants-In-Aid Program, a draft copy of which is attached hereto as Exhibit "A" and incorporated herein by reference, for the purpose of obtaining funding assistance in the amount of $456,479.00 regarding the installation of LED lighting for the softball quad at the Ormond Beach Sports Complex ("the Project"), and

WHEREAS, the total Project cost is estimated to be $912,959.00, and

WHEREAS, the City is required to make a matching contribution of at least $456,480.00, now therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, VOLUSIA COUNTY, FLORIDA, THAT:

SECTION ONE. The City Manager or her designee is hereby authorized and directed to submit a grant application, including any and all documents that are necessary and incidental thereto, to the County of Volusia under the ECHO Grants-In-Aid Program in the amount of $456,479.00 regarding the installation of LED lighting for the softball quad at the Ormond Beach Sports Complex.

SECTION TWO. The Mayor and City Manager are hereby further authorized and directed to execute any contract, including any and all documents that are necessary and incidental thereto, for the City to accept the grant award.

SECTION THREE. The City Manager hereby certifies that the City's matching funds in the amount of $456,480.00 will be derived from the Leisure Services Capital Fund.

SECTION FOUR. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 7th day of November, 2023.

8. Provide the Mission Statement for your organization:

   The future of the City of Ormond Beach depends on a partnership among citizens, businesses, civic organizations, elected officials, and City employees. Working together, we can make Ormond Beach one of the most attractive, stimulating, and progressive cities in the nation.

   We see Ormond Beach as a community characterized by a high quality of life for all. From our youngest citizens to our oldest, we want to provide significant opportunities for earning, for learning, for leisure and recreation, and for self-expression.

We see Ormond Beach as a community of many dimensions. Among these, we see our City as:

- *A family oriented community, striving to provide a safe and supportive environment in which families of all ages can build on their strengths and their traditions.*
- *A learning community, in which all citizens may participate in life-long opportunities for personal growth and development, especially as they participate in the strong historic, cultural, artistic, and athletic traditions of the area.*
- *An environmentally sensitive community, marked by mature trees, clean water, well-kept neighborhoods, and attractively landscaped thoroughfares.*
- *An economically sound community, boasting a diverse economy and a balanced, controlled, but friendly approach to business and development.*
- *A diverse community, one in which all citizens and all sectors of the City find meaningful opportunities and one in which all are valued for the unique contribution they make.*
- *A responsive community, with a City government that cares and communicates well with the citizenry and provides timely, even-handed, and courteous service to all.*
- *A well-run community, offering high quality basic City services in an effective and efficient manner, and encouraging creative and proactive approaches to government.*

An involved community, one in which citizens throughout the community acknowledge and respect their differences, but recognize that the accomplishment of our objectives will require the full participation of all.

PROJECT INFORMATION

1. Project Title: Ormond Beach Sports Complex Softball Quad Installation of LED Lighting

   Project Location Address: 700 Hull Road

   City: Ormond Beach

   State: Florida

   Zip Code: 32174

2. Type of Project:

   ☐ Renovation ☐ Restoration ☒ New Construction ☐ Acquisition

3. ECHO Category – Select One (review ECHO Guidebook pages 3 - 4):

   ☐ Environmental ☐ Cultural ☐ Historic ☒Outdoor Recreation

4. The Project Site of Facility is (select one):

   ☒ Owned by Applicant ☐ Leased by Applicant (length of lease): Length of lease

   ☐ Land/Project Management Agreement (length of agreement): Length of agreement

NOTE: LEASES/AGREEMENTS MUST BE BINDING AND NON-CANCELABLE

5. Is the Project Site/Facility mortgaged or will it be? ☐ Yes ☒ No

PROJECT DESCRIPTION

1. Describe the project and explain how it will achieve the goals of Resolution 2020-79 to plan for the future growth of Volusia and enhance the quality of life for its residents (use factual information/documentation to show how this project will accomplish these goals):

   County Resolution 2020-79 seeks to "enhance the quality of life for its residents by continuing to provide environmental, cultural, historical, and outdoor recreational opportunities." As a family-oriented community, Ormond Beach consistently works to meet the needs of its citizens and visitors. The Ormond Beach Sports Complex provides a wide variety of recreational opportunities which makes this project match perfectly to the goals of Resolution 2020-79. This project further promotes the goals of County Resolution 2020-79 by ensuring that ECHO projects are geographically distributed as the Ormond Beach Sports Complex is the only comprehensive sports venue in northeast Volusia County with the capacity to accommodate the needs of local, regional, state, national and international sports programming. This project will also further the goals of Resolution 2020-79 as it will provide for the "continuing need for high quality user oriented outdoor recreational opportunities."

   The Ormond Beach Sports Complex is a very active recreational facility with a large variety of amenities situated on approximately 130 acres. The Complex is bounded on the southeast corner The Sports Complex has nine (9) full size soccer fields, three (3) multi-purpose fields, four (4) full size baseball fields, four (4) T-ball fields, five (5) softball fields, a shuffleboard facility with six (6) courts, a picnic area, a meeting facility, four (4) concession stands, paved and unpaved parking areas, as well as overflow parking. The Complex is also the site of the Limitless Playground which is an all-inclusive playground for people of all levels and abilities to enjoy as well as another playground which is located near the soccer fields and T-ball fields. This facility hosts professional, national, regional, college and high school competitive and recreational events. The softball, baseball, and soccer fields are used annually by many different age groups. The Champions Field/Stadium hosts soccer and football games for local high schools, Pop Warner football programs, and the Ormond Beach Soccer Club. LED lighting is already on many of fields at the Sports Complex with the exceptions of the T-ball fields, the Kiwanis Baseball Field, two multi-purpose fields, and the softball quad. The project of this application is to install environmentally friendly LED lighting on the softball quad. Providing lighting to the softball quad would expand the usage of this extremely popular sports facility for night time play.

   For fiscal year 2022-2023, there was 190 days of programming consisting of 2,912 hours at the softball quad. The fields were used for practices and games by Ormond Beach Youth Baseball & Softball Association (OBYBSA) Baseball Association Machine Pitch League, USSSA Baseball Tournaments, Seabreeze High School, Warner Christian Softball, Calvary Christian Softball, City

Adult COED Softball, City Youth Flag Football, OBYBSA Lady Spikes, and Athletx Baseball Tournament.

2. If applying for an exceptional grant, describe how the project meets the requirements of an exceptional project. An exceptional project means a project of paramount and crucial countywide importance which provides for receipt of services by significantly large numbers of people in all areas of the county. For more information on exceptional projects see page 8 of the ECHO Guidebook.
   NA

3. Describe the project and construction timeline:

   For this project, the contract bidding and awarding process is anticipated to occur between June and September 2024 with construction anticipated to begin in October 2024 and completed by April 2025.

4. Describe how the green infrastructure and sustainability standards will be used in the project (Green Building Standards | US EPA).

   The City of Ormond Beach continually strives to implement green technologies that have low impact on the environment. Staff has been working with the Leisure Service Advisory Board to implement LED lighting projects in the five-year Capital Improvement Plan. This project will assist in continuing to implement LED lighting in recreational facilities. By implementing LED lighting at the softball quad, we will reduce the impacts on the environment by lowering energy consumption, CO2 and waste. LED lighting is a far more environmentally friendly, energy efficient and an economically viable option compared to traditional methods, such as fluorescent and halogen lighting. The lower energy usage reduces carbon emissions and is therefore beneficial to the environment. LEDs contain no environmentally harmful substances and with long life expectancy, the impact on the environment is also minimized.

   Due to the long life expectancies and superior construction design of LEDs, the operational and maintenance costs will be minimal. They will have an operational life of between 35,000 to 50,000 hours. With regard to life span, 35,000 hours is a 20 year life span if you operate the lights between 4-5 hours per day. Ongoing maintenance is virtually eliminated. The benefits of LED lighting are numerous: environmentally friendly, energy efficient, longer life, cost savings, simple installation, low maintenance, increased safety and better game quality.

5. How will the project conserve water and/or promote water efficiency?

   NA

6. How will the project conserve energy and/or promote renewable energy?

   LED lighting uses lower energy than traditional fluorescent and halogen lighting thereby reducing energy consumption.

7. How will the project, if a new facility, meet the green building standards or certifications?

   NA

8. Describe how the project will comply with the ADA accessibility requirements:

   All ADA requirements will be met with this project.

9. If applicable, describe any additional phases:

   No additional project phases are planned.

PROJECT TEAM

1. List the name and address of the architect, engineer, design consultants and/or general contractor selected. Include the information for the persons signing the Certification of Information and Compliance Form:

   Joyce Shanahan, City Manager
   Kelly McGuire, Finance Director
   Shawn Finley, P.E., Public Works Director
   Alex Schumann, P.E., City Engineer
   Robert Carolin, Leisure Services Director
   Stefan Sibley, Assistant Leisure Services Director
   Cara Culliver, Principal Landscape Architect
   April Martti, Engineering Projects Coordinator
   Loretta Moisio, Grants Coordinator
   Address for all listed above: P.O. Box 277, Ormond Beach, FL 32175-0277

2. List the person/persons who created the budget and describe their experience with this type of project:

   Shawn Finley, P.E., Public Works Director, and Alex Schumann, P.E., City Engineer, created the budget for this project. Mr. Finley has been with the City for thirteen years serving first as Civil Engineer, then Deputy City Engineer, then City Engineer and now Public Works Director. Mr.

Finley has served as project manager for a large number and variety of projects implemented throughout the City. Mr. Schumann has been with the City for over six years, three as a Civil Engineer, two as Deputy City Engineer and being promoted to City Engineer in 2021 and has experience managing City ECHO projects. The implementation of all ECHO funded projects has been the responsibility of the City's Engineering Division.

3. If a complete list is not available, explain why (include when the project team will be selected):

   Staff has been working with Musco Sports Lighting to prepare engineered drawings for this sports field lighting project. The City will also utilize the expertise of A.M. Weigel Construction Company (Weigel) as its Construction Managers for this project. Weigel, and its principals, are highly qualified construction managers having worked on many public projects for Volusia County Schools, the Daytona Beach International Airport, Embry-Riddle Aeronautical University, and many municipalities, including the City of Ormond Beach. Weigel has served the City of Ormond Beach as construction managers on three ECHO funded projects; Ormond Beach Skate Park Expansion (2012); the Environmental Discovery Center (2014); and, the Ormond Beach Sports Complex Field Lighting (2018).

PROJECT MANAGEMENT TEAM

1. List the name of staff dedicated to this project (include their responsibilities and the amount of time each will be spending on the project per week):

Staff	Responsibilities	Weekly Time
Alex Schumann, P.E., City Engineer	Project Management: Bidding, Award, Construction	5%
Shawn Finley, P.E., Public Works Director	Project Management: Bidding, Award, Construction	5%
Cara Culliver, Principal Landscape Architect	Project Management: Bidding, Award, Construction	10%
April Martti, Engineering Projects Coordinator	Project Management: Grant Administration	5%
Stefan Sibley, Assistant Leisure Services Director	Post Construction Management	15%
Robert Carolin, Leisure Services Director	Post Construction Management	5%

PERFORMANCE MEASURES

1. Explain the project's goals and objectives:

The goal is to convert all field lighting to LED at the Sports Complex. As this project site is within the Sports Complex, it will assist in accomplishing the goal. Ongoing maintenance is virtually eliminated. The benefits of LED lighting are numerous: environmentally friendly, energy efficient, longer life, cost savings, simple installation, low maintenance, increased safety and better game quality.

2. Elaborate on how these goals and objectives will be measured for the length of the restrictive covenants:

Data is collected on the usage of fields and reported monthly, quarterly, and annually. This data collection will continue in perpetuity and thereby meet the restrictive covenants length requirement.

Categories of Measurements:

- Programs Offered: 9
- Participants: 11,120
- Attendance: 19,165
- Volunteers: 142
- Volunteer Hours: 2,130
- New Programs: 1
- Returning Programs: 8
- Participant/Attendee Surveys: 0

FUNDING REQUEST

1. Project Funding (Grant Request Amount and Match Amount):
    a. Standard Grant Request (up to $600,000.00) $ 456,479.00
    b. Exceptional Grant Request (up to $2,500,000.00) $ NA
    c. Confirmed Match Funds $ 456,480.00
    d. Total Project Cost (ECHO + Match) $ 912,959.00
2. Mandatory Workshop was attended by: Loretta Moisio

    Date of Workshop: 9/28/2023
3. List any prior year grants received from ECHO (include year, project name and amount of grant):

    2005 – Central Park Development - $205,000
    2006 – Central Park Development: Boardwalk - $300,000
    2007 – The Casements/Rockefeller Gardens Restoration - $500,000

2012 – Skate Park Expansion - $225,000
2014 – Environmental Discovery Center Construction - $400,000
2018 – Ormond Beach Sports Complex Field Lighting - $400,000
2019 – Ormond Beach Sports Complex: Championship Softball Field – $400,000
2020 – MacDonald House Restoration - $400,000
2020 – Nova Tennis Court Lighting - $137,500
2022 – Performing Arts Center Renovation - $600,000

BUDGET INFORMATION

1. A complete project budget must be submitted in the format provided by the county. Budget must be accurate and realistic (projects will be implemented within the budget set at the time of application).

2. The budget should be presented by each type of funding:
    a. UC = Unencumbered Cash
    b. LM = Land Match
    c. IK = In-kind
    d. PSC = Previously Spent Cash
3. The budget must include temporary and permanent ECHO signage (signs may not be funded with ECHO funding).

BUDGET DETAIL CHART Construction Phase Expenditures *Add rows as needed*	UC +	LM +	IN-KIND +	PSC	= MATCH	ECHO	TOTAL
General Requirements:	147,459				147,459	0.00	147,459
Mobilization, Waste Collection, etc.							
Contractor Fees							
Professional Services:							
Consultant Services							
Construction:							
Field Lighting Fixtures	250,000				250,000	325,000	575,000
Fixture Installation	53,521				53,521	131,479	185,000
Specialties							
Playground Equipment							
Picnic tables, grilles							
Signage:	5,500				5,500	0.00	5,500
Educational Signage							
ECHO Temp Sign							
ECHO Permanent Sign							
PROJECT TOTALS	456,480				456,480	456,479	912,959

Line items should be made to match your project (some examples are Equipment, Metals, Finishes, Wood, and Plastic, Thermal, Plumbing). Budgeted match amounts should be placed in the corresponding description column (Unencumbered Cash, Land Match, In-kind Services/Items or Previously Spent Cash).

Request amounts should be compromised of all line items and entered in the detail category heading.

MATCH DOCUMENTATION

1. All documentation for match must be included in the application as outlined in the ECHO Guidebook pages 9 - 11.

RESTRICTIVE COVENANTS

1. Do you agree to comply with the requirement to file a 20-year Restrictive Covenant with the Volusia County Clerk of Court if ECHO Grant is awarded?

☒ Yes ☐ No

△ *If the project of the application is mortgaged or leased property, other than those applying for trails in the County Master Plan or projects on land not owned by the applicant, a letter from the Mortgagee or Lessor, stating that they agree to sign the Restrictive Covenants must be provided with the application.*

△ *Applicants with projects on State or Federal owned lands are automatically exempt from this requirement but are held to the same liquidated damages cited within the Restrictive Covenants through language found in the final ECHO agreement for which the grantee is held responsible.*

OPERATING FORECAST DETAIL

1. Outline how the facility or project will operate once complete. The narration should include such items (as applicable) as staffing, maintenance requirements, increased programming, fees and memberships. Include a detailed maintenance and replacement plan for the 20-year compliance period:

   The addition of LED lighting will provide for expanded playing time on all four of fields. The selected vendor will have a twenty-five (25) year full coverage warranty that will include all LED components critical to the operation of the lighting system. During this timeframe, there will be little to no maintenance costs. Additional staff will not be required.

   A uniform fee structure for all of Volusia County residents will be charged based on usage, duration and specifics needed for preparation of the individual fields. The current fee schedule is attached.

   The City of Ormond Beach has a full-time Leisure Services Department with sixty-four (64) employees and is responsible for all City facility staffing, programming and maintenance. In addition, the City of Ormond Beach maintains a continuing contractor program through multiple approved vendors that perform various levels of service.

2. Submit a business plan, feasibility study and marketing plan. These plans must be specific to Volusia County and the proposed project:

   Currently, the Ormond Beach Leisure Services partners with Volusia County Schools, the Daytona Beach Convention and Visitors Bureau, the Ormond Beach Youth Sports Associations, Bethune Cookman College, various local, state and national sport associations.

Press releases, print advertisements, and social media notifications will be used for promoting upcoming events and activities. Information will also be posted on the Sports Volusia website and the Ormond Beach website.

BUSINESS PLAN:

FEASIBILITY STUDY: In 2021, the City initiated its update of the City of Ormond Beach Parks and Recreation Master Plan. As part of the update, the following occurred:

- A statistically valid survey was sent out to the public;
- An online survey was made available to the public;
- Public meetings were held and audience polling was conducted during the meetings; and,
- A joint Leisure Services Advisory Board and Quality of Life Board meeting was held during which member polling was conducted.

The responses from these activities were compiled to form the basis for a report of "Existing Conditions and Needs Assessment Findings" which was presented to the City Commission at a workshop on August 17, 2021. (Attached.) Based on the data in this report, there is substantial public support for athletic field renovations.

Statistically Valid Survey Sent Out to the Public:

- In the summary of findings and priority actions, recommendation #2 is to upgrade existing parks including athletic fields. (Page 11)

- The survey showed that 25.1% of the respondents had visited the Sports Complex during the past two years. (Page 24)

- The survey showed that 24.6% of the respondent households had participated in youth sports over the last five years. (Page 27)

- The survey responses for Residents' Level of Support for Actions the City Could Take to Improve the Parks and Recreation System showed a 51% level of support to "upgrade existing parks." (Page 33)

Online Survey Made Available to the Public:

- The online survey results showed that 36.26% of the respondents had visited the Sports Complex during the past two years. (Page 35)

- The online survey results showed that 32.6% of the respondents and/or household members had visited parks and recreation facilities on a daily basis in the past two years. (Page 36)

- The online survey results showed that 38% of the respondents and/or household members participated in youth sports in the last five years. (Page 38)

Joint Leisure Services Advisory Board and Quality of Life Board Meeting held with Member Polling Conducted:

- In interviews with the members of Joint Advisory Board, four members stated the need to place a priority on improvements to existing parks and facilities to ensure high quality experiences. (Page 60)

MARKETING PLAN: Once the renovations are complete, the improved facility will continue to be marketed through the City's website, its social media platforms, and local media outlets.

Social Media Marketing: As part of the overall marketing plan for leisure services facilities, Facebook is a key tool. A multi-faceted approach to social media by focusing on programming, and customer relationships is essential to reach program participants.

The Leisure Services Facebook page was created in 2018. Since that time, the page has grown to 2,186 likes and 2,768 followers. The Leisure Services Facebook has reached over 27,000 people within the last three months. These numbers illustrate the importance of using social media to engage with our customers.

City of Ormond Beach Website: Program participants can register from the City's website. Customers can click "registration" on the Leisure Service webpage. After clicking on the link, customers are re-directed to the registration site where they will find information about program offerings and then can select their choices and complete the registration process.

TIPS:

Tips for writing a business plan:

- A business plan is a document detailing a business's future objectives and strategies for achieving them.
- A business plan should be a detailed road map that explains the goals and plans to achieve them.

Tips for writing a feasibility study:

- A feasibility study is an assessment of the practicality of a proposed plan or method that will provide a clear picture of your organization's budget and operations.
- A few factors that should be considered while writing the feasibility study:
    - How will the project provide quality of life benefits to county residents?
    - Have you conducted a survey or public meeting/workshop?

- Is the project practical?
- What is the life expectancy of the project?
- Can the organization maintain the project for the 20 year compliance period?

Tips for writing a marketing plan:

- A marketing plan is an operational document that outlines an advertising strategy an organization will implement to reach its target market.
- The marketing plan should include details on the marketing channels and the campaign.

FISCAL STABILITY

TOTALS	1,554,846.75	1,581,104.46	1,728,996.20	1,780,850.74

2. Has this organization defaulted on any grant in the past five years?
   ☐ Yes ☒No

   If yes, please explain:

FINANCIAL AUDIT/REVIEW/AGREED UPON PROCEDURES

1. County of Volusia and Local Municipalities must provide a link to their Financial Statement under GASB 34.

   https://www.ormondbeach.org/ArchiveCenter/ViewFile/Item/10221

   The link should include the following documents:
   a. A Management Letter from the last fiscal year Independent Auditor's Report on the Basic Financial Statement.
   b. A Response Letter from the last fiscal year Independent Auditor's Report on the Basic Financial Statement.

c. An Opinion Letter from the last fiscal year Independent Auditor's Report on the Basic Financial Statement.

2. Not-for-Profit Organizations: the required financial information is determined by the operating revenue or expenses/expenditures annual average of the three fiscal years prior to the application deadline, as outlined in the ECHO Guidebook.
    a. Additional supporting documents for Not-for-Profit organizations:
        i. IRS letter granting Not-for-Profit 501 (c) (3) status in Florida.
        ii. The most recent Uniform Business Report (Annual Report) filed with the State of Florida, Division of Corporations.
        iii. Unrestrictive ownership or undisturbed use of facility documentation (unless the project is an acquisition).
        iv. Letter of intent to sell from the owner for Acquisition Projects.

DRAWINGS

1. Drawings are required from ALL applicants (documents must be legible and to scale with legends):
    b. Current drawings and/or excavation plans for the facility.
    a. Site survey with existing structures and site plans with structures.

2. Vacant land acquisition projects shall include:

    a. Conceptual drawings of improvements to the property, which are to be completed within two years of acquisition.
    b. Proposed structures must include elevations, floor plans and design elements such as landscaping.
3. Street Locator Map (indicate the physical location of the project within the local areas; include road names and "North" for directional reference).

4. Site Plan should show the building footprint, travel ways, parking, landscaping, etc. This section should include:
    a. Site Survey
    b. Trees and topography
    c. Civil drawing
    d. Water retention drainage and circulation

5. Preliminary and Schematic Drawings. Drawings should show:
    a. A general model of floor/site plans, showing the location of project elements.
    b. Florida-friendly landscape plan (The Florida Friendly Landscaping guide can be found at https://ffl.ifas.ufl.edu/pdf/FYN_Plant_Selection_Guide_2015.pdf).

6. Design and Development Documents. Documents should show more detail including:
    a. Selection of materials and engineering systems involved
    b. Detailed cost estimate
    c. Environmentally sustainable materials

7. Construction Documents should include written and graphic instructions. These documents should be focused on specifications for the project (building systems, floor plans, elevations, etc.) and should include site utilities and ADA information.
    a. Outdoor, trails, parks, sports facilities and playgrounds require a bid set of plans, which are ready to be used for the procurement process.
    b. New construction, facility remodel and historic projects require a set of A&E plans, which are ready to be used for the procurement process.
    c. Historic projects need to demonstrate research and compliance with the Historic Preservation Standards and Guidelines.

8. Permanent ECHO Sign documents should include site design, materials and site placement.

CERTIFICATION OF INFORMATION AND COMPLIANCE FORM

I/We certify that all of the information contained within this application and subsequent attachments is true and correct to the best of my/our knowledge and that the project for which the application is made shall be in compliance with the Americans with Disabilities Act of 1990, and that should a grant be awarded, the organization agrees to comply with the conditions of the grant award agreement including the Restrictive Covenants.

QUITCLAIM DEED

STATE OF GEORGIA)
)
COUNTY OF FULTON)

THIS INDENTURE, made this the 2nd day of June, 1959, between the UNITED STATES OF AMERICA, acting by and through the Administrator of General Services, under and pursuant to the powers and authority contained in the provisions of the Federal Property and Administrative Services Act of 1949, approved June 30, 1949 (63 Stat. 377), as amended, and the Surplus Property Act of 1944 (58 Stat. 765), as amended, and regulations and orders promulgated thereunder, party of the first part, and the CITY OF ORMOND BEACH, a municipal corporation created, organized and operating under and by virtue of the laws of the State of Florida, in the County of Volusia, in the State of Florida, party of the second part.

WITNESSETH:

That the said party of the first part, for and in consideration of the assumption by the party of the second part of all the obligations and its taking subject to certain reservations, restrictions and conditions and its covenant to abide by and agreement to certain other reservations, restrictions and conditions, all as set out hereinafter, has remised, released and forever quitclaimed and by these presents does remise, release and forever quitclaim to the party of the second part, its successors and assigns, under and subject to the reservations, restrictions and conditions, and exceptions, all as hereinafter expressed and set out, all right, title, interest, claim and demand which the party of the first part has in and to that certain tract of land in Sections 12, 13, in the Grant to George Anderson (Section 37) and in the Grant to Ann Papy (Section 38), Township 14 South, Range 31 East, and in Sections 7, 8, 18 in the Grant to Ann Papy (Section 44) and in the Grant to George Anderson (Section 38), Township 14 South, Range 32 East, situate, lying and being in the County of Volusia, in the State of Florida, and more particularly described as follows, to-wit:

BEGINNING at a point where the southwesterly side of the right-of-way of the Florida East Coast Railway is intersected by the waters of Tomoka River, and run thence N 43° 02' 50" W along the southwesterly side of said railway right-of-way, a distance of 310 feet, more or less, to a point where the southwesterly side of said railway right-of-way is intersected by the southerly boundary of the Grant to George Anderson, Section 38, Township 14 South, Range 32 East; thence N 75° 43' 30" W along the southerly boundary of said Anderson Grant, 5574.52 feet more or less to a point 1600 feet southeasterly from the southwest corner of said Grant, (the southwest corner of Section 37, Township 14 South, Range 31 East); thence N 14° 28' 20" E along a line parallel to the west boundary of said Anderson Grant and distant 1600 feet easterly therefrom, 990 feet; thence N 75° 43' 30" W parallel to the southerly boundary of said Grant, 1500 feet to the west boundary of said Grant; thence S 14° 28' 20" W along the westerly boundary of said Anderson Grant, 796.90 feet more or less to a point where the west boundary of said Grant (Section 37, Township 14 South, Range 31 East) is intersected by the line dividing Sections 1 and 12 in said last mentioned Township; thence S 88° 21' 20" W along the line dividing said Section 1 and 12, 1140.25 feet more or less to the northwest corner of Government Lot 1 in said Section 12; thence S 1° 36' 10" E along the westerly boundary of said Government Lot 1, 2676.04 feet more or less to the southwest corner of said Government Lot 1; thence S 88° 39' 10" W along the northerly boundary of Government Lot 3 in said Section 12, 1318.61

DRAFT

feet, more or less to the northwest corner of said Government Lot 3; thence S 1° 38' E along the westerly boundary of said Government Lot 3, 2669.29 feet, more or less to a point in the southerly boundary of said Section 12; thence N 88° 04' 20" E along the southerly boundary of said Section 12, 902.43 feet more or less to a point in the west boundary of the Grant to Ann Papy (Section 38, Township 14 South, Range 31 East); thence S 1° 05' 40" E along the west boundary of said Ann Papy Grant, 876.68 feet more or less to the southwest corner of said Grant; thence N 89° 00' 20" E along the southerly boundary of said Papy Grant, 409.75 feet more or less, to a point where the southerly boundary of said Grant is intersected by the westerly boundary of Government Lot 1 in Section 13, Township 14 South, Range 31 East; thence S 1° 37' 40" E along the westerly boundary of said Government Lot 1, 1735.42 feet more or less to the southwest corner of said Government Lot; thence N 89° 00' 20" E along the southerly boundary of Government Lot 1 in said Section 13, Township 14 South, Range 31 East, 1320 feet; thence N 88° 52' 50" E along the southerly boundary of Government Lots 3, 2, and 1 in Section 18, Township 14 South, Range 32 East, 4032.28 feet more or less to the waters of Tomoka River; thence northerly and in a northeasterly direction down the waters of said river, 7800 feet, more or less, to the point of beginning; LESS AND EXCEPT THEREFROM, and reserving unto the party of the first part, the following three parcels of land which parcels are described as follows, to-wit:

Section 38 of the Ann Papy Grant, Township 14 South, Range 31 East, containing 67.2 acres, more or less, and

Lot 1, Section 13, Township 14 South, Range 31 East, containing 53.6 acres, more or less, and

Lot 3, Section 18, Township 14 South, Range 32 East, containing 54.0 acres, more or less.

ALSO, that certain permanent easement, for road purposes, in and over the following described land, to-wit:

A strip of land in the Grant to George Anderson, Section 38 Township 14 South, Range 32 East, Volusia County, Florida, said strip of land being described more particularly as follows: For point of reference commence at the Southwest corner of said Anderson Grant (Southwest Corner of Section 37, Township 14 South, Range 31 East) and run thence South 75° 43' 30" East along the Southerly boundary of said Anderson Grant, a distance of 1600 feet; run thence North 14° 28' 20" East and parallel to the Westerly boundary of said Anderson Grant, a distance of 990 feet for point of beginning. From the point of beginning thus described run North 75° 43' 30" West and parallel to the Southerly boundary of said Anderson Grant, a distance of 100 feet; run thence North 14° 28' 20" East, and parallel to the Westerly boundary of said Anderson Grant, a distance of 2635.59 feet to a point in the right-of-way of the Florida East Coast Railway near the Northeasterly side of said Right of Way; run thence North 49° 01' 20" East a distance of 573.35 feet to the southwesterly side of the right-of-way of Florida State Road #4 (U. S. Highway #1); run thence South 43° 01' 40" East along said right-of-way, a distance of 100.06 feet to a point; run thence South 49° 01' 20" West a distance of 545.83 feet to a point in the Northeasterly side of the right-of-way of the Florida East Coast Railway which lies North 14° 28' 20" East from the point of beginning; run thence

DRAFT

South 14° 28' 20" West a distance of 3594.15 feet to the point of beginning, containing 7.35 acres, more or less; subject, however, to the following:

(1) All existing public utility easements;
(2) The primary right of the Florida East Coast Railway Company, the trustees of its property, their successors and assigns, to use, for all usual, customary and incidental common carrier purposes, that portion of the hereinbefore described strip of land which lies within the right-of-way of the Florida East Coast Railway, the said Florida East Coast Railway right-of-way being a strip of land 145 feet wide, extending 60 feet northwesterly and 85 feet southwesterly from the center line of the main northbound track of said Railway when measured at right angles to the center line of said track.

SUBJECT, HOWEVER, to the following:

(1) All existing easements and rights-of-way for roads, highways, railroads, pipelines and public utilities; and

(2) A prohibition against the placing of any obstruction on any of the above described land which lies within 2000 feet in any direction from the Federal Aviation Agency V. O. R. Facility presently situate on the above described property. For the purpose of this prohibition, an obstruction is defined to be any structure over six feet in height or any metal fence or other metal object or structure which would adversely affect the operations of the said Federal Aviation Agency V. O. R. Facility; and

(3) The reservation by the party of the first part, for so long as is required, of an easement for the maintenance and operation of the presently existing Federal Aviation Agency V. O. R. Facility, and ingress thereto and egress therefrom, in, on, over and across the following described property, to-wit:

A tract of land in Lots 3, 4 and 6 in the southwest quarter of Section 7, Township 14 South, Range 32 East, Volusia County, Florida; BEGINNING at the SW corner of Lot 3, in said Section 7, proceed North 680 feet more or less along the west line of said Lot 3 to the north side of a paved taxiway; thence along the north edge of said taxiway Southeasterly 460 feet more or less; thence South 720 feet more or less; thence West 400 feet more or less; thence North 280 feet more or less along the west side of lot 6 to the point of beginning; together with one hundred foot wide strip of land embracing an existing paved taxiway and extending along its centerline from near the NW corner of the above plot of land Northwestwardly 1100 feet more or less.

IT IS AGREED AND UNDERSTOOD by and between the parties hereto that the party of the second part will not be required to maintain the NE/SW and NW/SE runways situate on the above described property.

AISO, EXCEPTING from this conveyance all right, title and interest in and to all its property in the nature of equipment, furnishings and other personal property located on the above described premises which can be removed from the land without material injury to the land or structures located thereon, other than property of such nature located on the premises conveyed hereby which is reasonably necessary for the operation or maintenance of the airport or for the operation or maintenance of the structures and improvements specifically listed hereinabove as being transferred hereby, for any reasonable use for which such structures or improvements are readily adaptable; and further excepting from this conveyance all its structures on said premises other than structures specifically described or enumerated above as being conveyed hereunder; and reserving to the party of the first part for itself and its lessees, licensees, permittees, agents, and assigns the right to use the property and structures excepted hereby in such a manner as will not materially and adversely affect the development, improvements, operation or maintenance of the airport and the right of removal from said premises of such property and structures,

DRAFT

all within a reasonable period of time after the date hereof, which shall not be construed to mean any period more than one (1) year after the date of this instrument, together with a right of ingress to and egress from said premises for such purposes.

The property hereby conveyed has heretofore been declared surplus to the needs of the UNITED STATES OF AMERICA, is presently under the jurisdiction of the General Services Administration, is available for disposal and its disposal has been heretofore authorized by the Administrator of General Services, acting pursuant to the above referred to laws, regulations and orders.

TO HAVE AND TO HOLD the same, together with all and singular the appurtenances thereunto belonging or in any wise appertaining, and all the estate, right, title, interest or claim whatsoever of the said party of the first part, either in law or in equity, except the property excepted hereinabove and the rights reserved hereinabove, and under and subject to the reservations, restrictions and conditions set forth in this instrument, to the only proper use, benefit and behoof of the said party of the second part, its successors and assigns, forever.

By the acceptance of this deed or any rights hereunder, the said party of the second part, for itself, its successors and assigns, agrees that the transfer of the property transferred by this instrument, is accepted subject to the following restrictions set forth in subparagraphs (1) and (2) of this paragraph, which shall run with the land, imposed pursuant to the authority of Article 4, Section 3, Clause 2 of the Constitution of the UNITED STATES OF AMERICA, the Surplus Property Act of 1944, as amended, the Federal Property and Administrative Services Act of 1949, as amended, and applicable rules, regulations and orders:

(1) That, except as provided in subparagraph (6) of the next succeeding unnumbered paragraph, the land, buildings, structures, improvements and equipment in which this instrument transfers any interest shall be used for public airport purposes for the use and benefit of the public, on reasonable terms and without unjust discrimination and without grant or exercise of any exclusive right for use of the airport within the meaning of the terms "exclusive right" as used in subparagraph (4) of the next succeeding paragraph. As used in this instrument, the term "airport" shall be deemed to include at least all such land, buildings, structures, improvements and equipment.

(2) That, except as provided in subparagraph (6) of the next succeeding paragraph, the entire landing area, as defined in GSA Regulation 2-I-102.01 a. 11, dated December 1953, and all structures, improvements, facilities and equipment in which this instrument transfers any interest shall be maintained for the use and benefit of the public at all times in good and serviceable condition, to assure its efficient operation, provided, however, that such maintenance shall be required as to structures, improvements, facilities and equipment only during the remainder of their estimated life, as determined by the Administrator of the Federal Aviation Agency or his successor. In the event materials are required to rehabilitate or repair certain of the aforementioned structures, improvements, facilities or equipment, they may be procured by demolition of other structures, improvements, facilities or equipment transferred hereby and located on the above land which have outlived their use as airport property in the opinion of the Administrator of the Federal Aviation Agency or his successor.

By the acceptance of this deed or any rights hereunder, the said party of the second part for itself, its successors and assigns, also assumes the obligations of, covenant to abide by and agree to, and this transfer is made subject to, the following reservations and restrictions set forth in subparagraph (1) to (7), inclusive, of this paragraph, which shall run with the land, imposed pursuant to the authority of Article 4, Section 3, Clause 2 of the Constitution of the UNITED STATES OF AMERICA, the Surplus Property Act of 1944, as amended, Federal Property and Administrative Services Act of 1949, as amended, and applicable rules, regulations and orders:

(1) That insofar as it is within its powers, the party of the second part shall adequately clear and protect the aerial approaches to the

DRAFT

airport by removing, lowering, relocating, marking or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

(2) That the UNITED STATES OF AMERICA (hereinafter sometimes referred to as the "Government") through any of its employees or agents shall at all times have the right to make nonexclusive use of the landing area of the airport at which any of the property transferred by this instrument is located or used, without charge: Provided, however, that such use may be limited as may be determined at any time by the Administrator of the Federal Aviation Agency or his successor to be necessary to prevent undue interference with use by other authorized aircraft: Provided, further, that the Government shall be obligated to pay for damages caused by such use, or if its use of the landing area is substantial, to contribute a reasonable share of the cost of maintaining and operating the landing area, commensurate with the use made of it.

(3) That during any national emergency declared by the President of the UNITED STATES OF AMERICA or the Congress thereof, including any existing national emergency, the Government shall have the right to make exclusive or nonexclusive use and have exclusive or nonexclusive control and possession, without charge, of the airport at which any of the property transferred by this instrument is located or used, or of such portion thereof as it may desire, provided, however, that the Government shall be responsible for the entire cost of maintaining such part of the airport as it may use exclusively, or over which it may have exclusive possession or control, during the period of such use, possession, or control, and shall be obligated to contribute a reasonable share, commensurate with the use made by it, of the cost of maintenance of such property as it may use nonexclusively or over which it may have nonexclusive control and possession: Provided, further, that the Government shall pay a fair rental for its use, control or possession, exclusively or nonexclusively, of any improvements to the airport made without United States aid, and never owned by the United States.

Rec'd by Dept of Justice 11/14/63

(4) That no exclusive right, as defined in subsection (g) (2) (C) of Section 13 of the Surplus Property Act of 1944, as amended, for the use of the airport at which the property transferred by this instrument is located shall be vested (directly or indirectly) in any person or persons to the exclusion of others in the same class, the term "exclusive right" being defined to mean

(1) any exclusive right to use the airport for conducting any particular aeronautical activity requiring operation of aircraft;

(2) any exclusive right to engage in the sale or supplying of aircraft, aircraft accessories, equipment, or supplies (excluding the sale of gasoline and oil), or aircraft services necessary for the operation of aircraft (including the maintenance and repair of aircraft, aircraft engines, propellers, and appliances).

(5) That, except as provided in subparagraph (6) of this paragraph, the property transferred hereby may be successively transferred only with the proviso that any such subsequent transferee assumes all the obligations imposed upon the party of the second part by the proviso of this instrument.

(6) That no property transferred by this instrument shall be used, leased, sold, salvaged, or disposed of by the party of the second part for other than airport purposes without the written consent of the Administrator of the Federal Aviation Agency, which shall be granted only if said Administrator determines that the property can be used, leased, sold, salvaged or disposed of for other than airport purposes without materially and adversely affecting the development, improvement, operation or maintenance of the airport at which such property is located: Provided, that no structures disposed of hereunder shall be used as an industrial plant, factory, or similar facility within the meaning of Section 23 of the Surplus Property Act of 1944, as amended, unless the party of the second par shall pay to the United States such sums as the Administrator of the Federal Aviation Agency or his successor in function shall determine to be a fair consideration for the removal of the restriction imposed by this proviso.

DRAFT

(7) The party of the second part does hereby release the Government, and will take whatever action may be required by the Administrator of the Federal Aviation Agency to assure the complete release of the Government from any and all liability the Government may be under for restoration or other damages under any lease or other agreement covering the use by the Government of the airport, or part thereof, owned, controlled or operated by the party of the second part, upon which, adjacent to which, or in connection with which, any property transferred by this instrument was located or used: Provided, that no such release shall be construed as depriving the party of the second part of any right it may otherwise have to receive reimbursement under Section 17 of the Federal Airport Act for the necessary rehabilitation or repair of public airports heretofore or hereafter substantially damaged by any Federal agency.

By acceptance of this instrument or any rights hereunder, the party of the second part further agrees with the party of the first part as follows:

(1) That in the event that any of the aforesaid terms, conditions, reservations or restrictions are not met, observed, or complied with by the party of the second part or any subsequent transferee, whether caused by the legal inability of said party of the second part or subsequent transferee to perform any of the obligations herein set out, or otherwise, the title, right of possession and all other rights transferred by this instrument to the party of the second part, or any portion thereof, shall at the option of the party of the first part revert to the party of the first part sixty (60) days following the date upon which demand to this effect is made in writing by the Administrator of the Federal Aviation Agency or his successor in function, unless within sixty (60) days such default or violation shall have been cured and all such terms, conditions, reservations and restrictions shall have been met, observed, or complied with, in which event said reversion shall not occur and title, right of possession, and all other rights transferred hereby, except such, if any, as shall have previously reverted, shall remain vested in the party of the second part, its transferees, successors and assigns.

(2) That if the construction as covenants of any of the foregoing reservations and restrictions recited herein as covenants or the application of the same as covenants in any particular instance is held invalid, the particular reservations or restrictions in question shall be construed instead merely as conditions upon the breach of which the Government may exercise its option to cause the title, interest, right of possession and all other rights transferred to the party of the second part, or any portion thereof, to revert to it, and the application of such reservations or restrictions as covenants in any other instance and the construction of the remainder of such reservations and restrictions as covenants shall not be affected thereby.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed as of the day and year first above written.

CITY OF ORMOND BEACH
LEISURE SERVICES DEPARTMENT

Fee Schedule
2023-2024

EXCERPT

DEFINITIONS/CLARIFICATIONS FOR PURPOSES OF FEE SCHEDULE

Information provided below applies to all classes, programs, events, activities, rentals within the Leisures Services Department fee schedule, unless otherwise stated in fee schedule.

"RESIDENT" DEFINED. Proof of residency must be supplied at time of registration in order to receive resident rates/benefits.

- one who has a domicile or permanent residence within the City limits of Ormond Beach,
- a person who is permanently inhabiting quarters within the City limits of Ormond Beach,
- a person who owns real property within the City limits of Ormond Beach
- a person who owns and operates a business (with a valid occupational license) physically located within the City limits of Ormond Beach
- a person who is employed by the City of Ormond Beach.
- for purposes of programs, rentals and activities at The Casements and Rockefeller Gardens, the Nova Skate Park and Tennis Courts, Central Park, Andy Romano Beachfront Park, Environmental Discovery Center and the Sports Complex, a resident shall include a person who maintains his or her domicile or permanent residence in any of the incorporated municipalities within Volusia County unincorporated area of Volusia County, who operates a business in any of the incorporated municipalities within Volusia County or the Volusia County or is employed by any municipality within Volusia County or by the County of Volusia. This is due to Volusia unincorporated area of ECHO grant funding that was provided for these locations.
- all other persons shall be classified as non-residents.

"SCHOLARSHIP CREDIT (FEE WAIVER)" DEFINED. A partial or full fee waiver given to resident participants who cannot afford the full cost of certain programs. They must meet certain scholarship eligibility requirements (provide current State of Florida letter verifying food stamp or Medicaid eligibility for child, or letter from school indicating eligibility for free lunch program.)

"NON-RESIDENT FEE": A non-resident shall pay 50% more than the resident fee or shall pay the non-resident rate if shown, as applicable. This applies to all fees shown in this fee schedule.

"FACILITY FEE": 10% is added to all "base" fees in the Leisure Services Department; (i.e., program, classes, rentals, etc.). The fees shown in this updated schedule do include the 10% facility fee.

"FACILITY CAP": On programs or activities that can only handle a certain number of participants, residents will be accepted before nonresidents can be added to the program unless the program is co-sponsored by another agency, i.e., Volusia County.

DRAFT

"CENTER ACTIVITY CARDS": Cards are issued to those who wish to participate in center activities at a recreation center where there is no program or class charge (i.e., free play basketball in gymnasium, game room activities). These cards are used at Nova Community Center and South Ormond Neighborhood Center only.

the
South Ormond Neighborhood Center.

"NON-PROFIT": "Non-profit" groups shall pay 50% less than "For profit" groups or shall pay the non-profit rate as shown, if applicable. Staff fees, overtime, utility charges, field lights, cleaning, other extra fees are not included in non-profit discounted fees. In order to qualify for the reduced fee, the entity must submit a non-profit status certificate; i.e., 501(c)3 status certificate.

"SALES TAX": FL State Sales Tax is required on rentals. Sales tax exempt certificate required for tax exemption.

CLASSES/PROGRAMS/EVENTS/FACILITY RENTALS

Note: Any classes, programs, events, facility rentals shown in this schedule are indicative of the Leisure Services Department offerings and may be added to or deleted as necessary with the approval of the Leisure Services Director.
Material and supplies may be an added fee, based on program requirements.

"Volunteer Instructor-run Classes": These classes are offered through the use of volunteer instructors. No class fee is charged to the participants.

"Room Rental to Class Instructors" The instructor will collect payment directly from the student and the City will receive a room rental fee from the instructor equivalent to 30% of the revenue collected plus 10% facility fee or the instructor may elect to pay the room rental shown in this fee schedule.
There will be a minimum utility surcharge to the instructor depending on the total number of hours used, on a per program basis.

"Department-run Classes, Clinics": Class fees are established by the Coordinator in charge. Nonresident fees are 50% additional.

"Department-run Youth Sports": Youth Volleyball, Basketball Training League, Flag Football, Girl's Basketball, Summer Sports Clinics and other youth sports. Fee established by Athletics Supervisor.

"Department-run Adult Sports": Adult Coed Softball, Adult CoedVolleyball, Men's Basketball League, Men's Softball, Men's Baseball and other adult sports. Fee established by Athletics Supervisor.

DRAFT

"Parent Sponsored Youth Sports": Ormond Beach Youth Baseball/Softball Association; Ormond Beach Youth Soccer Club; Ormond Beach Youth Basketball Association: Ormond Beach Youth Football and Cheerleading Association, Inc.; and Ormond Beach Pride, Inc. "Base" fees are determined by each Association.

Associations have the option to do their own registration or to have Leisure Services do the registration. Either way, per lease agreement with associations, fees collected are shared between City and Association as follows:

Association:	Base fee (as determined by Association)
City:	10% Facility fee (10% of fee charged to participant)
City:	Nonresident fee (50% additional which is charged to nonresidents only)
City:	If Dept. does the registration, a per participant registration fee of $2.50 per child is paid to City by Association.

FEES TO BE INCREASED 3% ANNUALLY, WITH CITY COMMISSION APPROVAL, UNLESS OTHERWISE NOTED.

Please note: Fees in this document have been rounded up to the nearest dollar.

Mayor and Commissioner Interviews

DRAFT

- Upgrading sports facilities and adding a new gym;
- Keeping up with recreation trends, including provision of adequate pickleball facilities;
- Addition of a multi-purpose open space;
- Adding “another” Andy Romano Beachfront Park;
- Saving green space;
- Specific park improvements, including:
  - Granada Bridge enhancement and expanding “four corners” to include coffee, snack stand;
  - Water taxis to Cassen Park/restaurants;
- Providing adequate recreation opportunities in West Ormond, including a community center; and
- Overall, improving public safety, health, and quality of life through the parks and recreation system.

Joint Advisory Board Member Interviews

DRAFT

- Need for improvements to and maintenance of existing parks and facilities to ensure high quality experiences. Ormond Beach Sports Complex was noted in particular to have drainage issues on the fields and be in need of stadium improvements (4);
- Parks and recreation facilities in West Ormond (2);
- Improve the performing arts center (2);
- A gymnasium/multi-purpose indoor center (2);
- A civic center/place for formal events (2);
- Safe bicycle paths/trails through city (2);
- Additional amenities in parks - restrooms in particular (2);
- Expansion of Cassen Park, possibly with a restaurant (2); and
- Pickleball courts (2).

Stakeholder and Focus Group Interviews

DRAFT

- More connected walking, biking, and multi-use trails (7);
- Improved safety (improvement of pedestrian crosswalks, widening trails, lighting) (3);
- Improved marketing/communication to make people aware of current programming/facilities (3);
- Increase in accessible natural areas (2); and
- Greater accessibility - in terms of transit to facilities (1) and for people with disabilities (1).

HISTORY

The Volusia ECHO program, generated by a grassroots initiative, resulted from a citizen approved referendum passed November 7, 2000. Volusia ECHO provides grant funds to finance acquisition, restoration, construction or improvement of projects to be used for environmental, cultural, historical and outdoor recreational purposes. It is the intent of the Volusia County Council that funds be allocated throughout the county to provide broad geographical distribution and apportioned appropriately among the environmental, cultural, historical and outdoor recreational projects.

The Volusia ECHO Program seeks to enhance the quality of life of Volusia County's residents by working to achieve the following goals over a broad geographic base:

- Provide environmental/ecological, cultural, historical/heritage and outdoor recreational opportunities.
- Preserve significant archaeological or historic resources; and develop, enhance and promote heritage tourism opportunities, experiences and resources.
- Foster public memory and community identity by promoting and providing access to destinations and experiences associated with past events, peoples and places within the County of Volusia.
- Provide high quality, user oriented outdoor recreational opportunities including, but not limited to, access to the Atlantic Ocean through the establishment of oceanfront parks and off-beach parking.
- Improve the quality of life for Volusia's residents by providing access to the cultural arts, increase cultural based tourism, and encourage redevelopment and revitalization of downtown and urban areas through the provision of cultural arts projects.

OVERVIEW

Environmental

Understanding of the environment and educating the public are key factors in maintaining a healthy sustainable community. ECHO funds support development of environmental projects, including green infrastructure and nature-based solutions, which promote environmental awareness and stewardship to help citizens make responsible decisions that will protect our environment and future sustainability.

Volusia County has a diverse and delicate ecosystem, ranging from low beach and marsh areas to high and dry pine forests. A sole source aquifer below the county's land mass sustains our water needs. It is critical that a proper balance is maintained between preserving life sustaining ecological systems and meeting the demands of our increasing population.

Cultural

Cultural activities play an important role in improving the quality of life for residents and visitors. Volusia County is a proud supporter of the arts.

The arts increase the county's tourism-based economy and encourage redevelopment in our downtown and urban areas.

Historic

Volusia County is home to over 200 sites listed on the National Register of Historic Places, including downtown neighborhoods, agricultural and educational districts, and individual buildings, churches, and archaeological sites. In 2005, the Historic Preservation Board, a County Council advisory board, developed a list of critical historic properties. In an effort to save Volusia County's historical landmarks, special ECHO policies were approved by the County Council to encourage restoration and acquisition of these endangered facilities.

Each year, the Florida Trust for Historic Preservation recognizes significant contributions of individuals, societies, businesses and government entities that have demonstrated outstanding achievement in the field of historic preservation through its statewide Annual Preservation Awards Program. The County of Volusia received the "Outstanding Organization Achievement Award" in 2010 for its commitment to historic preservation through the ECHO program.

Outdoor Recreation

Outdoor recreation plays an important role in the quality of life of Volusia County residents and tourists. The 2000 ECHO referendum, passed by our citizens, resulted from a grassroots initiative that viewed Volusia County as an extensive and vibrant park system.

Our county's abundant natural resources enrich our lives through passive and active sports parks. Additionally, the countywide trail system meanders as a linear park throughout Volusia County.

FUNDING

The County's Chief Financial Officer shall determine the amount of funds available for award each year. Each application that is recommended for funding will be funded at 100% of the requested amount as funds are available. If the recommended awards result in a grantee receiving only partial funding, the applicant will be given the option of accepting the partial funding amount during the Grant Review Panel session.

The potential grantee shall provide a revised budget to the County prior to the approval of final award by the County Council that describes the use of the reduced ECHO grant and corresponding match.

Standard Project

The maximum standard grant request amount is $600,000. The minimum amount is $12,500. Required match is 1:1. A standard project is defined by the total square footage of the facility to be constructed, renovated or improved and the site on which the project exists. Both the improved and unimproved property will have an established footprint based on the initial application.

A project or facility complex may receive multiple standard grants up to, but not more than, $3.1 million over the life of the ECHO program unless the project provides a substantial expansion to the total square footage of a project or site, which results in significant additional public use. Such an expansion may allow the Grantee to apply for an additional $3.1 million. Approval by the County Council is required prior to application in order for an applicant to exceed the initial $3.1 million funding cap.

Exceptional Project

The maximum exceptional grant request amount is $2.5 million. Required match is 1:1. No project or facility complex may receive more than one Exceptional grant award through the life of the ECHO program. If the exceptional award was not the maximum award, the applicant may request a Standard Single-Phase project grant(s) to reach the cap amount.

ECHO Grant applicants must be:

- Volusia County Government; or
- Municipal Government within Volusia County; or
- Not-for-Profit Corporation that meets the following criteria:
    - A Not-For-Profit corporation incorporated in the State of Florida and classified as a 501(c)(3) tax exempt under Federal Internal Revenue Service regulations and designated in compliance with s.170 of the Internal Revenue Code of 1954; and
    - Has maintained incorporated status for more than two years prior to the application deadline; or
    - Has been incorporated in the State of Florida for less than two years at the time of the application deadline, but has provided sufficient evidence of operations for a minimum of 10 years in Volusia County and provided the most recent five years of Independent Certified Audits and Management Letters of the organization.
    - Is registered as a Foreign Corporation doing business in the State of Florida with a local group within Volusia County that can provide sufficient evidence of public service to Volusia County citizens for the five-year period prior to the ECHO application deadline. Foreign corporations must also demonstrate five years of 501(c)(3) status in its State of Incorporation.

The applicant may not owe the County of Volusia any money or have any outstanding violations of Volusia County Code of Ordinances.

The applicant must have satisfied all administrative requirements of previous grants and agreements received from or administered by the County of Volusia.

The applicant may have no more than three open projects at one time to be eligible to apply for additional funding.

Projects whose owner/tenant (i.e., the applicant) does not provide ECHO related services as their main mission are ineligible.

The applicant must agree to required match per the guidelines established in the ECHO Guidebook.

Clean Hands

The applicant may not owe the County of Volusia any money or have any outstanding violations of Volusia County's Code of Ordinances. The ECHO Committee strongly suggests applicants request a "Clean Hands" search well in advance of submitting an ECHO grant to determine if they owe money to the County or are in violation of a County Code.

The ECHO Clean Hands form has instructions and lists the contacts in each of the five County Departments to which it, and the Not-For-Profit Officers and Shareholders form, must be submitted. Forms and information may be requested from the ECHO office.

ECHO staff will conduct a Clean Hands search of all applicants prior to presenting the grant award recommendations to the County Council. Failure to resolve clean hand situations prior to the County Council meeting will result in the applicant being ineligible for a grant award.

Pursuant to Volusia County Council Resolution 2000-156, an organization's project/application must meet the following criteria:

- The Volusia ECHO Program funds are to be used solely to finance acquisition, restoration, construction and improvement of environmental/ecological, cultural, historical/heritage and outdoor recreation projects for public use.

  In addition to all other requirements, standalone green infrastructure and nature-based solutions projects require a conservation easement or other legally binding document to guarantee long-term management and public access.

- Only one application for the same project, facility complex or site will be accepted in a single grant cycle.
- There may be no more than two open ECHO grant awards per project site to be an eligible application.
- Projects should not duplicate each other or an existing or planned ECHO related function in the same area of service, whether public or private. This applies to projects from the same applicant or different applicants.
- County staff shall make recommendations on duplication and eligibility.
- Historic restoration, a trail system, off-beach parking, green infrastructure, nature-based solutions projects and established, fully open to the public ECHO related projects are exempt from these duplication restrictions.
- Projects solely for depreciable items, with less life expectancy than the required grant agreement period, are ineligible unless there is sufficient evidence the applicant has the ability to replace them.

PUBLIC ACCESS

The project must be accessible to the public for a period of 20 years from execution of the grant agreement. In addition, grantees may not discriminate in the schedule of fees or terms of use of the facility. Public access must be provided within two years of the ECHO award. If this does not occur, the applicant will not be eligible to apply for additional ECHO funding.

Projects that ultimately allow access only to the exterior of a building are ineligible unless the project is a standalone green infrastructure or nature-based solutions project. These include:

- Projects intended primarily for students, faculty and staff and/or that are intended to augment or supplement a curriculum.
- Projects on multi-use campuses/complexes with no designated parking.

UNRESTRICTED OWNERSHIP/ UNDISTURBED USE OF FACILITY

Documentation of the ownership or lease of the facility and property shall provide for undisturbed use. Length of the lease shall be consistent with requirements set in the Restrictive Covenants. Leases shall not be cancelable without cause. Owners of leased property must be a municipality of Volusia County, the County of Volusia, the State or Federal government, or an eligible Not for Profit.

Applicant must document ownership or undisturbed use by one of the following:

- Proof of unrestricted ownership of property and/or building(s): unrestricted shall mean unqualified ownership and power of disposition. Projects leased to For-Profit entities are not eligible for ECHO funding. Documentation may be a copy of the deed or the title. Provisional sales contracts, property appraiser documents, binders, or letters of intent are not acceptable documentation of ownership.
- Proof of undisturbed use of property and/or building(s) for 20 years.
- Trails on the County's Trails Master Plan/ Projects with Land Management Agreements: Ten years with an automatic 10-year renewal or a Use Permit may be provided as proof for any trail system that is going to be constructed on another government's right-of-way or property that is not available for purchase or lease. Trail projects are still required to provide 20 years public use for restoration, expansion, and new projects and are subject to the penalties set in the Restrictive Covenants if the public use period is reduced.
- Trails and projects on public lands not owned by the applicant: In lieu of the restrictive covenants and unrestricted ownership, trails projects that are part of the County's Trails Master Plan approved by the County Council or projects on State or Federal lands, the public right of continuing access and undisturbed use shall be provided by a use permit, land management agreement, or Project Management Agreement to which the applicant is party. Agreements between the owner and applicant shall meet the 20-year time period requirements. If the Agreement between the owner and the applicant is dissolved prior to the end of the time period stated within the Agreement, the grantee shall repay the County in the manner set forth in the restrictive covenants and the final ECHO Grant Agreement.

- Project management agreements on State or Federal Public Land for the purpose of developing an Environmental Learning Center and or experience, or to restore a historic structure shall be for the construction and/or restoration period. The applicant must provide, at a minimum, a letter of intent from the property owner that demonstrates:
    - The property owner will agree to a project management agreement for the construction / restoration period.
    - The property owner has the ability to manage and maintain the property and meet programs/goals identified in their application.
    - Confirmation that the property owner understands the scope of the project and the commitments of this application. The grantee shall be responsible for submitting required reports.

Acquisition Projects. Applications that request funding for the acquisition of property as part of a project must include a notarized letter of "agreement to sell" from the current property owner and provide an appraisal by a State Certified or MAI appraiser unless the sale price is $250,000 or less, whereby a Certified General Appraisal is acceptable.

When the application is to acquire real property, applicants will be considered exempt from this ownership eligibility requirement and undisturbed use requirement at the time of application.

In the application, the applicant must provide:

- A legal description of the real property;
- The purchase price;
- An appraisal by a State Certified or MAI Appraiser if the sale price is greater than $250,000 (see definition for State Certified and MAI Appraiser, appendix A), or a certified general appraisal including narrative analysis for acquisitions with a sale price of $250,000 or less (see definition for certified general appraisal, appendix A);
- A notarized letter of intent to sell signed by the property owner.

Historic or Off-beach Parking Reimbursement Projects requesting funds from ECHO for projects with a sale price of greater than $250,000 must provide an appraisal by a State Certified Appraiser or a Member of the Appraisers Institute If the project sale price is $250,000 or less, an appraisal by a certified general appraiser must be provided.

The purchase of (closing on) most real property (an expense) may not take place prior to the execution of the final Grant Award Agreement although a purchase agreement may be negotiated. The following is required:

- A statement that the grantee will meet the ownership or undisturbed use requirements immediately upon acquisition.

To request a check at closing: Applicants must operate on less than $100,000 per year and the grant request is less than $150,000. Applicants will be required to include the Restrictive Covenants as part of the closing agreement.

ACCESSIBILITY REQUIREMENTS

Section 504 of the Rehabilitation Act of 1973 provides that no otherwise qualified individual with a disability in the United States, as defined in Section 7 (20), shall, solely by reason of his/her handicap (disability), be excluded from the participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving federal financial assistance.

In addition, the Americans with Disabilities Act of 1990 (ADA) prohibits discrimination on the basis of disability in employment (Title I), State and local government services (Title II), and places of public accommodation and commercial facilities (Title III).

Regardless of federal funding requirements, all Volusia County ECHO grant award agreements state, all acts to be performed in conjunction with this agreement shall be performed in strict conformity with all applicable federal, state, and local laws. This includes compliance with Chapter 553, Florida Statutes, Building Construction Standards, Part V, and accessibility by Handicapped Persons. This statute formally incorporates into the laws of Florida the accessibility requirements of the Americans with Disabilities Act of 1990.

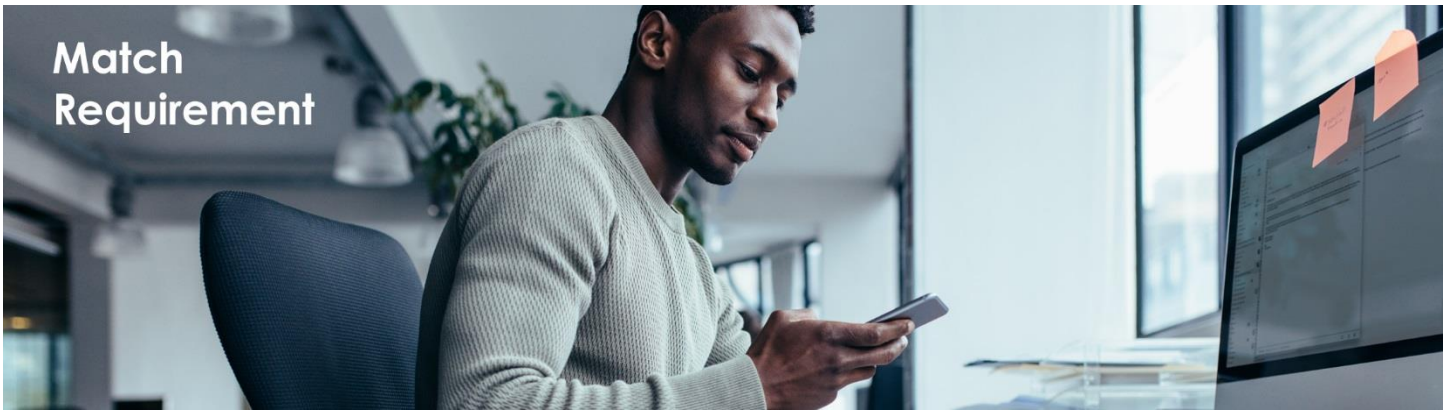
IMPORTANT: Applicants must review the compliance mandates of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 for information regarding facility accessibility. Contact the State Architectural and Transportation Barriers Compliance Board.

The National Endowment for the Arts can also be contacted for information; ask for assistance through the Office of Accessibility at 202-682-5532 or https://www.arts.gov/accessibility/accessibility-resources/nea-office-accessibility. Request the 504/ADA Handbook. This handbook provides helpful information regarding compliance with federal laws; however, there are instances where the State of Florida law prescribes access measures which exceed the federal standards. In case of conflict, the organization must comply with the more stringent requirement. For information on state standards, please contact the State of Florida Division of Cultural Affairs at 850-245-6356.

EXCEPTIONAL PROJECT

Exceptional Project means a project of paramount and crucial countywide importance, which provides for receipt of services by significantly large numbers of people in all areas of the county as demonstrated and determined by a three-fourths majority of the appointed ECHO Advisory Committee (up to nine members) and a majority of the County Council (four of seven).

Grant Funding Amounts and Match



Exceptional project applicants may request up to $2.5 million. The applicant must provide a 1:1 match. Fifty percent of the match must be unencumbered Cash Match and up to one-half of the Cash Match may come from previously spent cash.

Projects or facility complexes may not receive multiple Exceptional Awards that total more than the maximum allowed for a single Exceptional Award. The cap for their request is set by the County Council.

The project or facility complex may not request another Exceptional Grant award throughout the life of the ECHO program even if it is for a substantial expansion of the facility. The project may receive standard grants until reaching the $3.1 million lifetime cap, unless there is a substantial expansion and if approved by the County Council.

The date of required public access will be within four three years of the ECHO award. If this does not occur, the applicant will not be eligible to apply for additional ECHO funding.

Encumbrance and construction period extensions are available under the same conditions as a standard grant.

Documentation of match must be provided during the application process. Below are the categories of match and acceptable documentation for each category. Applicants must provide official documentation of match.

UNENCUMBERED CASH ON HAND

Cash in the bank, grants from other sources (grants must be awarded with contract executed) and funds must be encumbered before the Grant Review Panel is convened, and irrevocable pledges from the applicant organization (pledges must be in the bank before the Grant Review Panel is convened). The amount of required match that must be unencumbered cash on hand varies depending on the agency type and size. The guidelines below will be followed:

County Government or Local Municipality:
Must provide 50% of overall match in unencumbered cash or expenditures.

A Not-For-Profit organization with:

- Operating revenues or expenses/ expenditures annual average of the three fiscal years completed prior to the application deadline of $500,000 or greater. Must provide 50% of overall match in unencumbered cash or expenditures.
- Operating revenues or expenses/ expenditures annual average of the three fiscal years complete prior to the application deadline less than $500,000 and greater than $250,000. Must provide 30% of overall match in unencumbered cash or expenditures.
- Operating revenues or expenses/ expenditures annual average of the three fiscal years complete prior to the application deadline less than $250,000. Must provide 20% of overall match in unencumbered cash or expenditures.

Documentation:

- Current bank statement or copy of signed/executed resolution including pledged dollar amount, project name and date the funds will be available.
- Funds from grant awards used for match, that have not been previously expended, may be used for unencumbered cash match and be provided throughout the ECHO grant period and are not required to be in the bank prior to issuance of a notice to proceed by the County. Government grants must have an executed grant document. If the applicant is using the unspent portion of a grant for unencumbered cash match, the applicant must provide an official document showing the remaining grant balance that is available for this project. Potential grants that have been applied for are not eligible match but may be mentioned in the application.
- Irrevocable pledges must have a notarized letter stating the pledged amount, the purpose of the pledge and the date the funds will be made available. Funds must be in the bank prior to the grant review panel meeting.

IN-KIND SERVICES/ PREVIOUSLY SPENT CASH

In-kind services are the documented non-cash contributions provided to the applicant by individuals and non-corporate, non-governmental parties. Contributions may be in the form of the fair market value of goods and services directly benefiting and specifically identifiable to the project.

Previously spent cash is the encumbrances or cash expenditures completed within the seven-year period prior to the application. Expenditures must have been on eligible items (list on next page).

Documentation:

- **In-Kind Services (IK):** An itemized list of products or services including:
  - Name of person or organization making the in-kind donation.
  - Description of the goods and/or services donated.
  - Fair market value of the in-kind contributions including total value of the goods/services, value amount of the donation and basis for determination of the value.
  - Date the donation was/will be provided for the project.

  Future in-kind donations must be supported by a notarized letter.

  Previously provided in-kind service or product donations do not require backup in this application other than specified in the manual; however, official documentation must be available for review upon request by the County or the ECHO Advisory Committee.

- **Previously Spent Cash:** Copies of the work order, invoice and the front and back of the canceled check are required for each purchase.

LAND MATCH (LM)

The documented current market value, sale price or current leasehold value of real property used for the project (property value must be documented by appraisal documents obtained from the Volusia County Property Appraiser's Office or a professional appraiser). The property value is set at the time of first use. Once 100% of the property value has been used for ECHO mission purposes, it cannot be used again. In addition, if property value has been used to secure other grants (not ECHO) that amount is considered ineligible. LM can be used for up to 25% of total match. Property donated by the County or acquired through a County source, including ECHO or Forever, is NOT eligible for match.

Unless the project is an eligible Historic or Off-Beach Parking Reimbursement project or a trail section of the Trails Master Plan, at least half of the cash match (25% of the 1:1 total match) must be unencumbered cash or irrevocable pledge that are guaranteed to be on hand in the bank prior to the Grant Review Panel.

One hundred percent of the cash match may be derived from real property value when the project is a section of the County's Trails Master Plan including real property not owned by the applicant. Eligible reimbursement projects may use the purchase price and/or mortgage as 100% match.

Trails on the County's Master Plan, projects on State or Federal land, and property donated by the County are not eligible for match.

An applicant operating on more than $100,000 annually may use real property value for up to one-half of the required cash match if the property was purchased or donated within the seven years prior to the deadline of the application. A copy of the deed and a copy of the appraisal must be provided.

An applicant operating on less than $100,000 annually and requesting $150,000 or less in ECHO funds may use up to 25% of the purchase price or real property value no matter when the property was purchased or donated. A copy of the deed and a copy of the appraisal must be provided.

The total value of the real property, for the purpose of match, is set at the value documented in the application whereby an initial grant is awarded to the project site. Applicant may use real property as match for more than one project, but only up to the value documented at the time of first use.

Property already used as match for a grant other than ECHO is considered encumbered and is not eligible for use as match for ECHO projects.

In the case of Real Property with large tracts of land with multiple uses, including non-ECHO eligible property, only the value of real property needed for the ECHO capital project and adjacent property required for access (including parking) and for reaching programming goals may be used for match.

The acquisition value and/or fair market value of real property, provided for the purpose of a historical restoration and/or environmental learning project on State or Federal land, may be used in lieu of up to 50% of the required cash match and 100% of the other match (or 75% of the total required match) regardless of when the property was donated, purchased, leased, or when a Land Management Agreement or Project Management Agreement was initiated, but may be used only once as match. The acquisition value and/or fair market value of land provided for the purpose of a trail project of the County's Trails Master Plan, including land not owned by the applicant, may be used for 100% of the match regardless of when the property was donated, purchased, leased, or when a Land Management Agreement or Project Management Agreement was initiated, but may be used only once as match. The applicant is reminded that ECHO is a reimbursement grant program. The applicant must

discuss the ability to initiate the reimbursement program.

For any linear trails crossing large tracts of land, the value will reflect the value of the total land available for public access. In lieu of using actual acquisition value of land for match, the value may be determined by the Property Appraiser value or a general appraisal by an independent.

The current annual fair market value of an unencumbered lease may be used as match as demonstrated with a State Certified or MAI Appraisal.

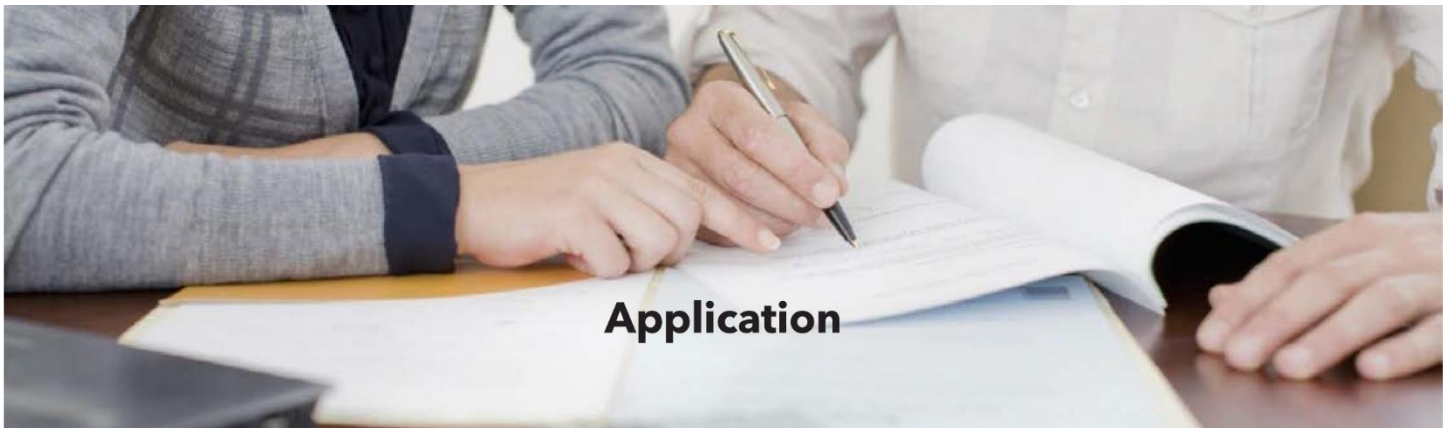
ELIGIBLE MATCH OR ECHO FUNDING

Additional funding restrictions are stated within the categories below. Expenses may include the actual amount to be paid or the value of the in-kind contribution.

Match and/or ECHO:

- **Architectural/Engineering Services:** Match items may include design work, schematics, design development, engineering, bidding and negotiation, consultant services, surveys necessary to develop the project (boundary, wetland, tree, historical, or archeological), and contract administration. Most architectural services may be used as match if they meet the seven-year match rule for in-kind services/ previously spent cash, with some exceptions, such as feasibility studies. Applicants may use ECHO grant dollars only for final construction drawings that are generated after a grant is awarded and after a Notice to Proceed has been issued by the County to the grantee.
- **Site Construction:** Items may include building demolition, site clearing, sewers and drainage, underground ducts and utility structures, utility connection and structures, termite control, exterior irrigation systems, earthwork, landscaping and parking surfaces.
- **Concrete:** May include cast-in-place concrete, architectural cast-in-place concrete-form work, structural pre-cast concrete and special concrete toppings/finishes.
- **Masonry:** May include unit masonry, stone masonry veneer, restoration and cleaning, and glass masonry assemblies.
- **Metals:** May include structural steel, metal fabrication, metal stairs, pipe and tube railings, gratings and ornamental metalwork.
- **Wood and Plastic:** May include rough carpentry, finish carpentry, interior/exterior architectural woodwork, panel-work or plastic fabrications.
- **Thermal and Moisture Protection:** May include waterproofing, fireproofing, shingles and roofing, siding and sealants.
- **Doors and Windows:** May include steel, wood, glass, and aluminum doors; frames; automatic or revolving doors; steel, wood, glass and aluminum windows; decorative or mirrored glass; and door and window hardware.
- **Finishes:** May include plaster, sheathing, ceramic tile, wood/brick flooring, carpet, paint and wall coverings. Acoustical treatments such as panel or tile ceilings apply only to theatres, performing art centers, auditoriums and science centers.
- **Specialties:** May include louvers and vents, permanent signs, lockers, metal storage shelving, partitions and mobile storage units. ECHO may fund 100% of permanently installed educational interpretive signs.
- **Equipment:** May include such items as theatre and stage equipment and playground equipment that is permanently installed. Note: Do not include expenses for office equipment in the ECHO or Match columns. Match funds that are spent on these items must be directly related to project public use, such as computer equipment used to educate the public, and not be administrative.
- **Furnishings:** May include casework and theatre seating or other items required for public use. Note: Do not include expenses for office furniture, window treatment hardware or louver blinds in the ECHO or Match column.
- **Special Construction:** May include X-ray protection and metal building systems.
- **Conveying Systems:** May include elevators, moving walkways, wheelchair lifts and vertical conveyors.
- **Mechanical:** May include pumps, motors, interior fire protection sprinkler systems, plumbing fixtures, water heaters, HVAC pumps and controls, boilers, furnaces, liquid coolers and evaporators, air-conditioning units, humidifiers, fans, metal ductwork and air filters.
- **Electrical:** May include wires, cables, transformers, switchgear, panel-boards, fuses, disconnect switches, circuit breakers, interior and exterior lighting (including theatrical lighting), fire

alarm systems, public address systems and lighting control equipment.



Historic Reimbursement or Off-Beach Parking Reimbursement Projects may use mortgaged funds as match. If the grant amount is less than the actual purchase price, the balance of the purchase price (even when mortgaged) may be used as 100% of the required match. When a mortgage for an eligible Historical or Off-Beach Parking Reimbursement project is used as match, the interest paid on the mortgage is considered to be the "cost of doing business," and may not be used as match.

Eligible match, but not ECHO funding:

- Expenditures for eligible items made prior to the execution of the Grant Award for the subject project of this application, unless the project is a Historic or Off Beach Parking Reimbursement.
- Expenditures for architectural, engineering and other technical services necessary to initiate the project (construction drawing expenses incurred within the grant period, relative to the project phase that is funded, are permitted).
- Environmental remediation or code compliance expenditures needed to complete an eligible project; Level I only of environmental assessments.
- Applicant organizations operating on less than $200,000 annually, averaged over a three-year period, may use up to $7,500 of the expenditures for a grant writer.
- Not-For-Profit organizations operating on less than $200,000 annually, averaged over a three-year period, may use expenditures for Agreed upon Procedures.
- Certified Audits or Reviews necessary for applying to ECHO as PSC cash match.
- If the same audit/review is used for two grant periods, its use as match is limited to the year an initial grant is awarded.
- When the grantee is acting as the general contractor, hourly wages of employees who work directly on physical construction of the project (not administrative), less benefits, are eligible for match only.
- Work and expenses must be clearly documented on a spreadsheet as it pertains to the project.
- Back-up required by the County will include at a minimum location of work, type of work, date/time recorded daily, and record of payment less benefits.
- Expenditures for temporary or permanent ECHO sign.

May not be used for match or ECHO funding:

- Expenses associated with lobbying or attempting to influence Federal, State or local legislation, the judicial branch and State agencies.
- Fundraising, private entertainment, food, beverages, plaques, awards or scholarships.
- Projects that are restricted to private or exclusive participation, including restricting access based on sex, race, color, religion, national origin, disability, age, handicap or marital status.
- Debt reduction unless the project is a Historic or Off-Beach Parking Reimbursement Project.
- Loans or borrowed funds.
- Endowments.
- Operational support (i.e., organizational salaries, programs, travel, supplies, furniture, fixtures and equipment).
- Permit preparation or fees with the exception of a level one environmental study.
- Maintenance.
- Legal fees or taxes.
- Feasibility studies and conceptual drawings.
- Projects whose main purpose is to provide environmental remediation or code compliance.
- Contingency fees.
- Match from a County source unless the County is the applicant.
- Revenue from bond issues that have not been passed (approved) at the time of this application.
- Expenditures from tax increment financing districts or community redevelopment agencies unless pre-approved by the County Council for a project with countywide economic impact.

APPLICATION PROCESS

Applicants must complete the following steps in the ECHO application process:

- Attend an ECHO Grant Review Workshop. The grant review workshop is mandatory for all applicants. The workshop(s) are offered on an annual basis, and attendance is required. The workshops will review the application process and grant requirements for the upcoming grant cycle.
- Submit a Technical Application.
- Submit a Final Application. Applicant must be eligible to apply and the subsequent application must demonstrate eligibility.
- Attend an Eligibility Meeting.
- Attend the Grant Review Panel. Application must achieve a minimum score of eighty from the ECHO Advisory Committee acting as the Grant Review Panel in order to be recommended for funding.
- Receive final approval by official action of the County Council.

APPLICATION REQUIREMENTS

There are several components that are required to be submitted in an application. The following information is required for each section:

- **Applicant information.** This includes basic contact information and the applicant's mission.
- **Project information.** This includes items such as project location, type, ECHO Category, applicable leases or mortgages on the property.
- **Project funding.** Include the amount requested, value of match and indicate other funding.
- **Project team.** Include names, contact information and experience of the project team and management of project.
- **Notice of Restrictive Covenant:**
  - Applicant must confirm that they agree to the terms of the restrictive covenant.
  - If the project of the application is mortgaged or leased property, other than those applying for trails in the County Master Plan or projects on State or Federal land not owned by the applicant, a letter from the Mortgagee or Lessor, stating that they agree to sign the Restrictive Covenants, must be supplied with the application.
  - Applicants with projects on State-owned land are automatically exempt from this requirement, but are held to the same liquidated damages cited within the Restrictive Covenants through language found in the final ECHO Agreement for which the grantee is held responsible.
- **Certification of Information and Compliance.** Must be executed by officials with appropriate authority for contracts, CFO and Board of Directors for Nonprofits.
- **Project description.** Explain how project will achieve the goals of Resolution 2020-79 to plan for future growth of Volusia County and enhance the quality of life for residents.
  - Use factual information/documentation to show how project will accomplish those goals (preserve historic resources, provide heritage tourism opportunities, create user oriented outdoor recreational opportunities

including oceanfront parks and/or provide access to the cultural arts).
    - The description needs to address the project and construction timeline, green infrastructure and sustainability standards, public accessibility, ADA accessibility requirements, and if applicable any additional phases.
    - When addressing green infrastructure and sustainability standards the following questions should be answered:
        - How will the project conserve water and/or promote water efficiency?
        - How will the project conserve energy and/or promote renewable energy?
        - If the project is a new facility, how will it meet green building standards or certifications?

- **Performance measures.** Explain the project's goals and objectives. Elaborate on how these goals and objectives will be measured for the length of the restrictive covenant.

- **Drawings.** Drawings are required from all applicants. All applicants must submit current drawings and/or excavation plans for the facility, site survey with existing structures and site plans with structures. Maps must be legible, to scale with legends.
    - Vacant land acquisition projects shall include conceptual drawings of improvements to the property, which are to be completed within two years of acquisition. Proposed structures shall include elevations, floor plans and design elements such as landscaping.

- **Street Locator Map.** The map should indicate the physical location of the project within the local area. It should also include road names and "North" for directional reference.

- **Site Plan.** Plans should show a building footprint, travel ways, parking, landscaping, etc. Plans should be to scale. This section includes site survey, trees and topography, civil, water retention drainage and circulation.

- **Preliminary and Schematic Drawings.** Drawings should show a general model of floor/site plans, showing location of project elements. This includes a Florida-friendly landscape plan.

- **Design and Development Documents.** Documents should show more detail, including selection of materials and engineering systems (heating, cooling, etc.) involved. Documents should also have a more detailed cost estimate and include green infrastructure and environmentally sustainable materials where appropriate. County and municipal applicants are reminded of the construction of energy-efficient and sustainable buildings requirements pursuant to Florida Statute § 255.2575.

- **Construction documents.** Documents should include written and graphic instructions. These documents should be focused on specifications for the project (building systems, floor plans, elevations, etc.). These documents should include site utilities and ADA information.
    - Outdoor, trails, parks, sports facilities and playgrounds would require a bid set of plans, which are ready to be used for the procurement process. New construction, facility remodel and historic projects would require a bid set of A&E plans, which are ready to be used for the procurement process. In addition, historic projects would need to demonstrate research and compliance with Historic Preservation Standards and Guidelines.

- **Permanent ECHO Sign documents.** Include sign design, materials and site placement.

- **Project Budget (including match)**
  Project Budget Detail Chart
    - A complete project budget must be submitted in the format provided by the county. The budget should be presented by each type of funding: UC unencumbered cash, LM land match, IK in-kind services or PSC previously spent cash, ECHO Request and Project Total. The budget must include temporary and permanent ECHO signage (the ECHO portion of the budget may not be used to fund the signs). It is imperative that the budget is accurate and realistic because all awarded projects will be responsible to implement their projects as presented in the application's budget.

- **Match documentation.** All documentation for match must be included in the application as required in the ECHO guidebook.

- **Operating Forecast.** This section must outline how the facility or project will operate, such as staffing, maintenance requirements and increased programming. All fees, including memberships and entrance fees, must be included. It also includes a detailed maintenance and replacement plan for the

20-year compliance period. Applicants must provide sufficient evidence that they address sustainability as part of the project design and as part of the operating forecast.
    - Applicants must submit a business plan, feasibility study and marketing plan. These plans must be specific to Volusia County and the proposed project.

- **Fiscal Stability.** This includes a review of fiscal stability of applicants, which should be an overview of the organization or department in local government. It also includes operational funding and costs associated with the project. This must be completed for the prior fiscal year, current fiscal year and the upcoming two fiscal years. Not-for-Profits may reflect the use of endowments to demonstrate fiscal stability.

- **Financial Audit.** The requirements for this section vary depending on the type and size of the applicant. Below is an outline of the requirements.

County of Volusia and Local Municipalities

These entities shall provide a link to their Financial Statement under GASB 34. The link should include the following documents:

- A Management Letter from the last fiscal year Independent Auditor's Report on the Basic Financial Statement.
- A Response Letter from the last fiscal year Independent Auditor's Report on the Basic Financial Statement. If no response letter was needed, make that statement here.
- An Opinion Letter from the last fiscal year Independent Auditor's Report on the Basic Financial Statement.

Not-for-Profit Organizations

The required financial information for a Not-for-Profit is determined by the operating revenue or expenses/expenditures annual average of the three fiscal years completed prior to the application deadline, as outlined below.

A Not-for-Profit organization with operating revenues or expenses/expenditures annual average of the three fiscal years completed prior to the application deadline of $500,000 or greater must provide:

- A Certified Financial Audit of its most recent completed fiscal year and completed within 18 months prior to the application deadline.
- A Management Letter that is part of the audit.
- The most recent Response Letter relative to the Management Letter. If no official response was provided, the applicant shall provide a statement to that effect and the applicant shall provide a response to comments made in the Management Letter.
- Most recent Month-End Finance Statement.

A Not-For-Profit organization with operating revenues or expenses/expenditures annual average of the three fiscal years complete prior to the application deadline less than $500,000 and greater than $250,000 must provide:

- A Financial Statement Review of its most recent completed fiscal year and completed within 18 months prior to the application deadline.
- A Management Letter that is part of the review.
- The most recent Response Letter relative to the Management Letter. If no official response was provided, the applicant shall provide a statement to that effect and the applicant shall provide a response to comments made in the Management Letter.
- Their most recent Month-End Financial Statement.

A Not-For-Profit organization with operating revenues or expenses/expenditures annual average of the three fiscal years complete prior to the application deadline less than $250,000 must provide:

- Agreed upon Procedures as defined in Guidebook.
- Their most recent Month-End Financial Statement.

Additional supporting documents for Not-for-Profit organizations:

- Must attach an official IRS letter granting Not-for-Profit 501(c)(3) status in Florida.
- Must attach their most recent Uniform Business Report (also referred to as an Annual Report) filed with the State of Florida, Division of Corporations.
- Must attach unrestrictive ownership or undisturbed use of facility documentation unless the project is an acquisition of real property.
- Must attach a letter of intent to sell from the owner for Acquisition Projects.

TECHNICAL APPLICATION

Submittal of a complete technical application is mandatory. If the application is received after the submission deadline, the County will not accept the submittal and the application will be deemed ineligible to submit a final application.

ECHO program staff will review the technical application and provide feedback to the applicant regarding eligibility, including compliance with program guidelines and completeness requirements. Staff will provide each applicant with a technical review prior to the final application deadline. This will give applicants the ability to implement recommendations in the review to ensure that their final application complies with program rules/guidelines and completeness requirements.

FINAL APPLICATION

Submittal of a final application is mandatory. If the application is received after the submission deadline, the County will not accept submittal and the application will be deemed ineligible. No deficiency correction will be allowed after the final application deadline.

ECHO Program Staff shall determine compliance with applicant/project eligibility and completeness requirements. Applications missing items or not meeting application/project eligibility requirements may be deemed ineligible. Staff will provide each applicant and ECHO Advisory Committee members with a Final Completeness Review recommending eligibility and the completeness status prior to the mandatory Eligibility Meeting. The Final Completeness Review will include whether the project has public accessibility, regardless of anticipated future phases.

If the applicant is advised, they must provide to the County all documentation noted as deficient in the County's Final Completeness Review. The amending supplement must be submitted electronically via email with the subject titled as follows: name of the organization, name of the project, and the grant number assigned to the application. The email shall also include a list of the documents attached to the email. The amending supplement documents shall clearly indicate the section of the application being replaced, changed, or supplemented on each of the pages. (These will be labeled as "addendums.")

ECHO Advisory Committee members will receive copies of the grant applications before the Eligibility Meeting. Members may contact ECHO Program staff during their review of the applications to better understand statements within the applications and clarification on ECHO policies, procedures and criteria. The committee has final determination as to the completeness of an application and its acceptance for subsequent scoring,

Clean Hands

The "Clean Hands" requirement stipulates that the applicant, its officers and/or significant stakeholders must be in compliance with all Volusia County codes and have no outstanding past due debt with the County of Volusia to be eligible to receive an ECHO Grant.

Staff will complete a "Clean Hands" search prior to the eligibility meeting. Copies of this search will be maintained in the project file. Applicants that do not pass this requirement will be deemed ineligible. Therefore, it is recommended that applicants complete this search themselves prior to application. This will allow time for the applicants to resolve any outstanding issues.

ELIGIBILITY MEETING

The ECHO Advisory Committee shall visit each applicant's project site, at which it is mandatory that the applicant's representative is in attendance. During the site visit, the applicant will have the opportunity to make a brief presentation and answers questions from the committee. These visits could take multiple meetings. After the site visits, the committee will confirm the eligibility of the applications.

Applicant requirements:

- Must attend the eligibility meeting at their project site and when the committee convenes to discuss eligibility of applications.
- Respond to initial questions from the committee.
- Prepared to provide a brief presentation and to answer questions posed by the committee on all areas of the application information and the project.
- Applicants may only update the committee/panel on topics covered in the application such as additional match funds or design changes.

GRANT REVIEW PANEL

The ECHO Advisory Committee sits as the Grant Review Panel to review and score all eligible applications. The committee will:

- Determine exceptional status for any applications requesting such, and
- Score and rank all eligible projects, and
- Indicate their reasons for the scores by writing comments on the Project Evaluation Sheet forms. Comments are intended to assist the applicant in future applications and should include remarks relative to the strength or weakness of the application, and
- Sign and date the score sheets and provide them to the County for public record. Eligible applications will be evaluated on their application along with information verbalized by the applicant as part of their grant review panel session. The total number of possible points is 100. Each panel member's evaluations will be based on:
    - Administrative compliance of the grant;
    - Project description;
    - Budget detail; and
    - Operating forecast details.

Evaluations are averaged to determine a score for the application. In calculating an average score, the highest and lowest individual scores will not be included. Each panel member may grant additional points for applications which provide sufficient evidence that sustainability elements (e.g. green infrastructure) are part of the approved project design.

Applications scoring 80 or above will be recommended for grants to the County Council by the ECHO Advisory Committee. Projects not recommended by the ECHO Committee may be funded by a majority vote of the County Council.

Exceptional Project Scoring

The Grant Review Panel will review all applications at the same time and will determine if a project meets the Exceptional Project criteria by a three-fourths majority vote of appointed members prior to the project ranking process (see definition for Exceptional Project in guidebook). This initial determination does not rank the project. If a project is determined Exceptional, then it will be either be recommended or not recommended by the committee to County Council. This recommendation is dependent upon funding availability and the standard grant scoring criteria for ECHO projects.

VOLUSIA COUNTY COUNCIL

Before the County will approve a grant for acquisition, all documentation required by the applicant and required by law or by any party for closing must be presented for review by staff and by the County Council. The term "any party" shall include seller, buyer/applicant, mortgagee, lien holder, realtor, title company, insurer and closing agent. ECHO funding is restricted to the actual purchase price and does not include closing fees and costs or property tax payments. All funding must be approved by the County Council.

At a regularly scheduled meeting of the County Council, the ECHO Program staff shall provide the County Council documentation of the ECHO awards recommended by the ECHO Advisory Committee, including the names of all applicants and projects, project locations and funding recommendations.

Additionally, staff will provide verification that the applicants recommended for awards have received "Clean Hands" status and information on those applications that were determined ineligible, if applicable.

County staff and the ECHO Advisory Chair or designee will present the committee's recommended projects and grant awards to the County Council for final approval.

The Council will review the recommendations and approve or deny recommended projects. The County Council has final authority over all grant awards. Although not required, applicants may wish to attend the County Council meeting to address questions posed by the Council during their discussions of the ECHO recommended awards.

THE AWARD PROCESS

The ECHO Grant Agreement must be executed by the applicant prior to County Council approval. If approved, the County Council will execute the ECHO Grant Agreement on the date of approval by County Council.

The following items must be completed prior to issuance of a Notice to Proceed:

- **Restrictive Covenants.** These covenants, accompanied by the complete legal description of the project property, must be filed with the Clerk of the Court if a grant is awarded. The restrictive covenant will remain on the property for a period of 20 years.
  - The complete legal description of the property is required and is found on the survey and/or the deed. This legal description must be approved by the ECHO office prior to recording with the Restrictive Covenants.
  - Land Management Agreements for trails of the County Master Plan or Project Management Agreements for projects on State or Federal lands not owned or leased by the applicant are acceptable in lieu of Restrictive Covenants but are subject to the same penalties of the Restrictive Covenants as stated in the ECHO Grant Agreement.
- **Bid Documents.** All local governments should follow their local procurement guidelines in selection of architect or construction services. All other grant applicants shall supply documentation of their bidding process or donation of services.
- **Performance Bond.** A performance bond naming Volusia County as a co-obligee must be submitted prior to notice to proceed is issued.
- **Management Agreements.** Management services agreements, existing or anticipated. The continuing use of any facility built with ECHO funds must be consistent with ECHO program goals as set forth in this application guide. The commitments and obligations for use and public access in the original grant application and the binding restrictive covenant must be maintained. ECHO recognizes that public-private partnerships may be mutually beneficial. Private, for-profit entities may be engaged to perform management services only if the ECHO goals and the application commitments are maintained. All management agreements, existing or future, must be approved by the County to ensure compliance with these objectives. For existing or potential agreements, the applicant shall provide the name of the management service, contact, phone number, and address.

Once these items are completed, a Notice to Proceed will be issued by the ECHO office. All of the ECHO funds awarded must be allocated toward products and services occurring after issuance of the notice to proceed by the County unless the project is a historic reimbursement or off-beach parking project.

Grantees who receive multiple grants for a project over several grant cycles must maintain the budget policies set in the year in which the individual grant was awarded unless the County approves that they may combine budgets.

The applicant must comply with all legal, financial, reporting and record maintenance requirements set forth in the application guidelines and agreement.

PUBLICITY REQUIREMENTS

The Volusia County logo and ECHO logo shall appear on the project and applicant website and shall be included in all media, print or electronic, for the project within 90 days of award. Any materials, print or electronic, that utilize the Volusia County logo and ECHO logo must be approved by Volusia County prior to publication.

A temporary ECHO construction sign must be erected within 90 days of award. The sign should be a minimum of 32 square feet. It must include the Volusia County logo, ECHO logo, project name, project type and the following language:

County of Volusia and (Grantee Name)

Working together to improve Environmental, Cultural, Historic and Outdoor Recreation opportunities for our residents and visitors. This project is funded in part by the voter-approved Volusia ECHO grant program.

Volusia ECHO has funded more than 240 projects.

These are a few of them.

Southeast Museum of Photography

Jackie Robinson Ballpark

Lyonia Environmental Center

Barkley Square Dog Park

PROJECT TIME LIMITS

Each grant must result in a project that is physically open to the public within two years of the grant award.

ECHO projects must complete construction within 730 days of execution of the Grant Agreement by the County.

Physical public access is required after each ECHO project is complete.

Exceptional Grants: The time frame to complete construction is three years from execution of the Grant Agreement by the County.

PROJECT EXTENSIONS

It is expected by the County that, at a minimum, all grant funds and match funds will be encumbered within the required project time limit, unless uncontrollable unforeseen circumstances occur.

Grantees may request extensions by writing to the ECHO Program no later than 60 days prior to the end of the project time limit period. Extensions by staff may not exceed an additional 365 days beyond the project time period allowed for a standard project or phase of an exceptional project.

The ECHO Program will send a written response within thirty days of receipt of the request, approving or denying the extension. Applicants receiving a denial can request review by the ECHO Advisory Committee.

Any extension requiring more than an additional 365 days beyond the project time period must submit a request in writing to the ECHO Program. These requests will only be reviewed two times per year, therefore it is imperative that grantees plan appropriately to ensure the grant award does not lapse. These requests will be reviewed by the ECHO Advisory Committee who will recommend approval or denial to the County Council.

CHANGES IN SCOPE/BUDGET

Grantees considering design changes must notify the County at the earliest time possible. The design provided in the application is part of the ECHO contract Agreement.

County staff may approve changes, including budgeted line items that do not alter the intent of the grant agreement or change the scope of the project. Changes in budget must be at or below 20% of the project's approved budget line item for staff to be able to approve them.

Major changes that alter the intended use or central design of a facility must be submitted to the ECHO Advisory Committee for review. This includes changes that add or delete a project element or budget changes that are above 20% of the project's approved budget line item. These requests will be reviewed by the ECHO Advisory Committee who will recommend approval or denial to the County Council.

Approval must be granted by the County before expenditures are encumbered for proposed design changes or a construction change is ordered in an existing contract.

Applicants are advised that this approval process may take several months.

REPORT REQUIREMENTS

Quarterly reports and pay requests must be submitted on a quarterly basis. After staff processed the quarterly reports, a summary will be provided to the ECHO Advisory Committee.

If quarterly reports are not submitted or not submitted timely (15th day after the end of the quarter, or the next business day) for two consecutive quarters, the grantee will be required to attend an ECHO Advisory Committee meeting to provide an update on their project status.

Quarterly reports should include the following information:

- Completion percentage of project design;
- Completion percentage of construction;
- Narrative describing progress made since previous quarter; and
- Changes or anticipated changes in timelines, scope and/or budget.

Pay request may be submitted more frequently if deemed necessary by the applicant.

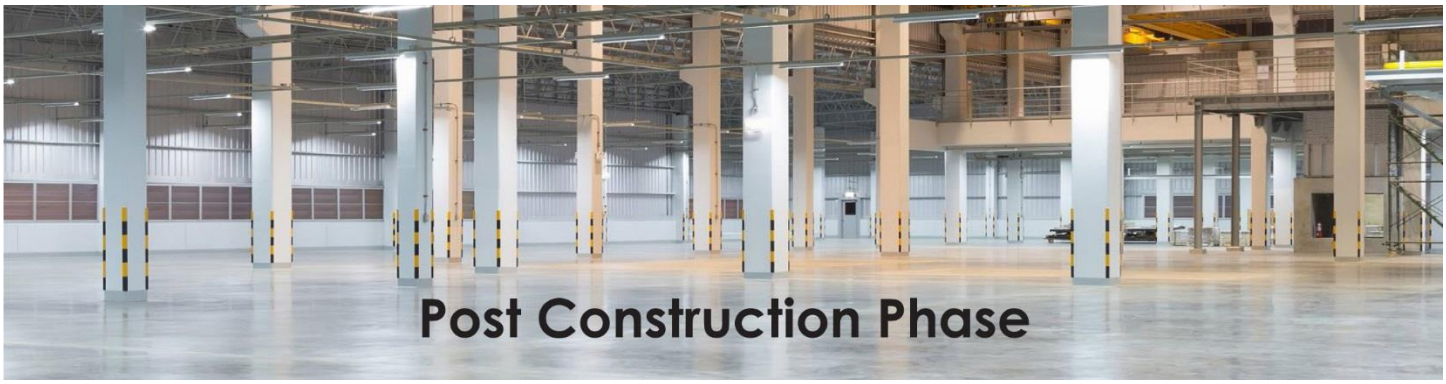
Pay requests must include:

- Item description, provider, application/ invoice number and date and be signed by grant manager.
- Reimbursement requests must match line items in approved budget.
- Reimbursement much match at least a 1:1 amount (accrued over complete project).
- Grantee must submit documentation for each request, including invoices and proof of payment (canceled checks and a lien release).
- The initial pay request must include proof that the applicant received a performance bond that names the County of Volusia as the co-obligee. Payment will not be permitted without this documentation.

After the project is completed, retainage may be released once:

- The grantee submits an official letter stating that the project is complete and requesting release of retainage; and

- ECHO staff completes a monitoring visit to ensure that all work in the original application has been completed including installation of a permanent ECHO sign.



MONITORING

ECHO program staff must be granted access to the project as requested during the construction phase. At a minimum, sites will be visited two times per year during the construction phase. ECHO staff will complete a monitoring worksheet after each site visit to ensure program compliance.

This monitoring worksheet will at the minimum ensure a review is completed of the following documents:

- Executed Agreement.
- Restrictive Covenants.
- Timely submittal of quarterly reports and reimbursement requests (including applicable back up documentation).
- All pay requests included proper documentation of payments for ECHO and match funds, which were appropriately filed.
- Items compensated in the last pay request completed.
- Documentation of bid process.
- Performance bond, naming the County of Volusia as co-obligee, for all contracted work prior to expenditure of ECHO funds.
- If the property is further encumbered.
- Timeliness of completion of project by applicable deadlines or extension requests.
- Changes to design, scope or intended use of the project and if so where proper approvals received.
- Temporary ECHO sign placed in a prominent public location.

CHANGES IN SCOPE

Major changes that alter the intended use of a facility as identified in the grant agreement must be submitted to the ECHO Advisory Committee for review during the 20-year period after execution of the grant agreement. These requests will be reviewed by the ECHO Advisory Committee who will recommend approval or denial to the County Council.

REPORTING REQUIREMENTS

Annual reports are to be submitted by July 15 of each year for a period of 20 years from the date of grant award, execution of the agreement.

Annual reports should include reporting from the grantees on the following information:

- Hours of operation/public access
- Programing and how it relates to ECHO
- Population served, including number served and applicable fees
- Operations/Budgets
- Partnerships
- Outlook for next year

PUBLICITY REQUIREMENTS

The Volusia County logo and ECHO logo shall appear on the project and applicant website and shall be included in all media, print or electronic, for the project within 90 days of grant award. Any materials, print or electronic, that utilize the Volusia County logo and ECHO logo must be approved by Volusia County prior to publication.

An ECHO sign must be erected prior to release of the retainage. The sign should be a minimum of 8 square feet and made of bronze, engraved granite, corian, or bronze finish of aluminum. It must be permanently installed in a prominent, highly visible location that is pre-approved by ECHO staff. It must include the Volusia County logo, ECHO logo, year of award and the following language:

> The Volusia ECHO Grant Program was approved by Volusia County citizens in November 2020 to construct environmental, cultural, historical and outdoor recreation projects.

The size can be decreased for historical projects upon request and approval of ECHO staff.

MONITORING

ECHO program staff must be granted access to the project as requested during the 20 year period from the date the agreement was executed. At a minimum, project sites will be visited on a tri-annual basis. If there are concerns, a site visit will be completed on an annual basis or more frequently if warranted, until the project receives three consecutive clean monitoring reports. ECHO staff will complete a monitoring worksheet after each site visit to ensure program compliance.

This monitoring worksheet will at the minimum ensure a review is completed of the following:

- Timely submittal of annual reports
- If the property is further encumbered
- County staff access to the facility
- Public Accessibility/Fees
- ADA Accessibility
- If the facility used for purposes defined in the grantee's original application
- If the facility is in clean working order (grant items being maintained and/or replaced as needed)
- If a permanent ECHO sign on site in a prominent location

DEFINITIONS

ENVIRONMENTAL / ECOLOGICAL PROJECT (Category “E” of ECHO) means a site, building or facility that provides access to an environmental/ ecological experience by the public.

CULTURAL PROJECT (Category “C” of ECHO) means a site, building or facility which shall be designed specifically for the programming, production, presentation, exhibition, or any combination of the above functions of any of the cultural disciplines, such as: music, dance, theatre, creative writing, literature, painting, sculpture, folk arts, photography, crafts, public media, and includes historical and science museums.

HISTORIC / HERITAGE PROJECT (Category “H” of ECHO) means a site, building or facility which utilizes its own and other historical resources to provide historical and/or heritage opportunities to the public and/or the facility is eligible to be registered as a significant historic facility by Federal, State or Local government and provides ECHO related programming by an ECHO eligible applicant.

OUTDOOR RECREATION PROJECT (Category “O” of ECHO) means a project that provides capital improvement structures and/or amenities that can be used or supports use by the public for outdoor recreational enjoyment. Amenity support can include outdoor athletic fields/athletic courts, boardwalks, trails, playgrounds and other facilities that provide outdoor recreational activity. It can also include capital facilities that support outdoor recreational use such as bathrooms, parking areas, pavilions, signage and other similar amenities.

ADVISORY COMMITTEE means the nine-member Committee appointed by the County Council to oversee the ECHO program and make recommendations for funding of the ECHO grant dollars to the County Council.

APPLICANT means a qualifying 501(c)(3) organization incorporated in the State of Florida with its principal office located in Volusia County, a municipality of the County of Volusia, or a budgeted organization of Volusia County Government.

ASSESSED VALUE OF PROPERTY means an annual determination by the Volusia County Property Appraiser of the just or fair market value of a property.

BUDGET means the organization’s unrestricted operating revenue.

CASH ON HAND means unencumbered cash dedicated to the ECHO project listed in the application.

CERTIFIED GENERAL APPRAISAL means a narrative appraisal, including a written analysis, opinion, or conclusion, issued by an appraiser relating to the nature, quality, value, or utility of a specified interest in, or aspect of, identified real property and includes a report communicating an appraisal analysis, opinion or conclusion of value regardless of title.

CERTIFIED GENERAL APPRAISER (not the County Property Appraiser) means a person who is certified by the Florida Department of Business and Professional Regulation are qualified to issue appraisal reports for any type of real property.

CERTIFIED FINANCIAL AUDIT means an examination of financial statements to determine whether operations are properly conducted in accordance with legal and regulatory requirements. Financial audits must be conducted in accordance with generally accepted auditing standards and governmental auditing standards. (These audits should include a Management Letter and a Response Letter).

COUNTY COUNCIL means the seven elected members of the Volusia County Council.

COMPLEX means a building or multiple buildings on the same site that share infrastructure or supporting facilities, amenities, signage or designation, or has other attributes of actual or perceived linkage.

ENVIRONMENTAL ASSESSMENT LEVEL I means appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice and the provisions of CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act) and ASTM E1527-05 (American Society for Testing and Materials). Information concerning CERCLA regulations may be found on the EPA website. An overview of the scope of ASTM E1527-05 may be found at the American Society for Testing and Materials website.

ENVIRONMENTAL/ECOLOGICAL EDUCATION means a process that leads to responsible individual and group actions. It should enhance critical thinking, problem solving and effective decision-making skills. It also should engage and

motivate individuals, enable them to weigh various sides of an environmental issue, make informed and responsible decisions, and take appropriate actions (based on the League of Environmental Educators of Florida Definition).

EXCEPTIONAL PROJECT means a project of paramount and crucial County-wide importance which provides services to (significant) large numbers of people in all areas of the County as demonstrated and determined by a three-fourths nine members) and a majority of the County Council (four of seven).

FEES means the financial sum charged by the applicant to the public for use of or entrance into the facility for which the applicant is applying for funds. Fees may include resident and non-resident charges, professional and nonprofit charges.

FINANCIAL STATEMENT REVIEW means performing inquiry and analytical procedures that provide the accountant with a reasonable basis for expressing limited assurance that there are no material modifications that should be made to the financial statements for them to be in conformity with GAAP or, if applicable, OCBOA (Other Comprehensive Basis of Accounting). (All audits and reviews of nonprofit and governments must include a Management Letter and a Response Letter.)

FISCAL STABILITY means the financial results of operations, available resources, and the organizational plan to resolve deficit problems. A concern for fiscal stability would be indicated by multi-year operating deficits and declining fund balances

FURNITURE AND EQUIPMENT means items that are not used for public purposes and are generally used for the administration of the building. (Examples: Tables, chairs and computers that are used for administrative purposes; equipment that is leased; desks and other office equipment which are used for administrative purposes; refrigerators, rugs, planters, books, etc.)

GRANT PERIOD means the time period in which grant funds are used for the project as set forth in the grant agreement.

GREEN INFRASTRUCTURE means the range of measures that use plant or soil systems, permeable pavement or other permeable surfaces or substrates, stormwater harvest and reuse, or landscaping to store, infiltrate, or evapotranspirate stormwater and reduce flows to sewer systems or to surface waters. (United States Environmental Protection Agency, n.d.)

IN-KIND CONTRIBUTION means the documented fair market value of non-cash contributions provided by the grantee or third parties that consist of real property or the value of goods and services directly benefiting and specifically identifiable to the project.

LEED, Leadership in Energy and Environmental Design (LEED) Green Building Rating System™ encourages and accelerates global adoption of sustainable green building and development practices through the creation and implementation of universally understood and accepted tools and performance criteria.

LEASE means a contract that conveys unconditional use of real property for a specific period of time. The minimum period of time shall be consistent with requirements set forth in the manual and the required length of the lease shall be determined from the final application deadline date.

LEARNING CENTER means a building that shall be used to provide educational or learning opportunities to the public and will serve as a center for research focusing on Volusia County's environmental/ecological, cultural, historical/ heritage and/or outdoor experiences.

MAI CERTIFIED APPRAISER means an appraiser who has completed the necessary training to achieve Membership in the Appraisal Institute.

MAINTENANCE is providing care, upkeep, repair or support of a physical piece of property. Maintenance expenditures are NOT allowed to be used for ECHO or Match dollars.

MANAGEMENT LETTER is a formal, written document that conveys the CPA's findings and observations about particular aspects of the client's business. It may describe certain procedures that the CPA performed in an engagement and identify ideas and recommendations that can improve the entity's operations. (The management letter should address issues related to the client's accounting systems, procedures and reports/issues, such as internal control environment, procurement practices, accounting policies, procedures and financial reporting practices. The management letter might also be expanded to cover other observations.)

MASTER TRAIL PROJECT means a specific segment of the Trail Master Plan that was approved by the County Council.

MEASURED GOALS AND OBJECTIVES means a set of specific quantifiable and qualifiable

accomplishments that can reasonably be anticipated to be achieved by the project and will be used for comparison to the expressed bases, standards and criteria of the ECHO program.

MONTH-END FINANCIAL REVIEW means the performance of inquiries and analytical procedures that provide the accountant with a reasonable basis for expressing limited assurance that there are no material modifications that should be made to the financial statements for them to be in conformity with GAAP.

NATURE-BASED SOLUTIONS means actions to protect, sustainably manage, and restore natural or modified ecosystems that address societal challenges effectively and adaptively, simultaneously providing human well-being and biodiversity benefits (International Union for Conservations of Nature, n.d.).

NEW CONSTRUCTION means adding a facility for the purpose of meeting the goals of this grant program to a property where no building previously existed or for the purpose of establishing an ECHO agreement period may also mean a substantial expansion or renovation that results in a significantly new public experience.

PAYMENT & PERFORMANCE BOND means surety insurance issued by a quality rated insurer authorized to issue in the face amount of the bond in the State of Florida, which guarantees the execution of the work under the construction contract.

PERMITS includes any building, zoning, use, excavation, fill, surface water, utility, or other official action of Federal, State, Regional or local government having the effect of permitting development of land.

PLANNING means the preliminary development of architectural, engineering and other technical services necessary to carry out the project.

PROJECT means the acquisition, construction, renovation and/or improvement of buildings and appurtenances, site improvements (such as driveways, parking facilities, stormwater management facilities, landscaping, signage and pedestrian facilities), and mandated off-site improvements that meet the requirements of an eligible ECHO project for the use and benefit of the public. This definition specifically excludes furniture, fixtures and equipment.

PROJECT AGREEMENT means an executed contract between Volusia County and a project sponsor setting forth mutual obligations regarding an approved ECHO funded project.

REHABILITATION means the act or process of returning a site or property to a state of utility through repair or alteration, which makes possible an efficient contemporary use while preserving those portions or features of the property which are significant to its historical, architectural and cultural values.

RENOVATION/IMPROVEMENT means the act or process of giving a property a state of increased utility or returning a property to a state of utility through repair, addition, or alteration that makes possible more efficient use.

RESPONSE LETTER is written by the client in response to the CPA's management letter. The response should be a written statement of explanation or rebuttal concerning the deficiencies or recommendations, including any corrective action taken or to be taken, related to the auditor's observations.

RESTORATION means the act or process of accurately recovering the form and details of a site or property and its setting as it appeared at a particular period of time by means of the removal of later work or by replacement of missing earlier work. Restoration of projects receiving ECHO funds shall be completed by architects, contractors and tradesmen having particular skill and sensitivity for handling historic building materials with care and attention to preservation and quality of details. Additionally, projects will be restored based on the Secretary of the Interior’s Standards.

STANDARD PROJECT means a project that can be completed including the grant and match, expended and the project be opened to the public within 730 days following the execution of a grant agreement.

SUSTAINABILITY means the ability to exist constantly while continuing to provide public accessibility as it relates to ECHO requirements.

UNDISTURBED USE means that the building to be renovated, expanded, or constructed and the site of such building will be owned by, or will be under lease to, the applicant by the date of the application submission and that the use of the site and building will be unencumbered by covenants, easements or other conditions contrary to the purpose of the project for a minimum length of time as required.

Prepared By:
County of Volusia
Legal Department
123 W. Indiana Ave.
DeLand, Florida 32720

Restrictive Covenants

THESE COVENANTS are entered into this _____ day of _____, 20___, by the _____ _____. *Hereinafter referred to as* "the Owner" and _____, *hereinafter referred to as* "the Grantee/Lessee", and shall be effective for a period of 20 years from the date of recordation by the Clerk of the Circuit Court of Volusia County, Florida.

WHEREAS, the Owner is the fee simple title holder of the Property located at _____, in the County of Volusia, Florida, as described as Exhibit A (legal description), attached to and made a part hereof, and

WHEREAS, the Grantee/Lessee is to receive ECHO Grant Program funds administered by the County of Volusia, Florida, 123 W. Indiana Avenue, DeLand, Florida 32720, *hereinafter referred to as* "the County", in the amount of $_____, to be used for the construction of the facility for public use specifically described in the ECHO Grant Agreement and its attached documents, situated on the property as described as Exhibit A, and

Now THEREFORE, as part of the consideration for the County grant, the Owner and the Grantee/Lessee hereby make and declare the following restrictive covenants which shall run with the title to said Property and be binding on the Owner and its successors in interest, if any, for the period stated in the preamble above:

1. The Owner and the Grantee/Lessee agree to maintain the property so that it continues to be used for as an ECHO facility as defined in the ECHO application definition and described in the grantee's application No. _____. This includes the requirement to maintain public access for the project for a period of twenty (20) years from the date of recording this restrictive covenant.
2. The Owner and the Grantee/Lessee agree that the County of Volusia, its agents and its designees shall have the right to inspect the Property at all reasonable times in order to ascertain whether the conditions of the Grant Award Agreement and these covenants are being observed.
3. The Owner and the Grantee/Lessee agree that these restrictions shall encumber the property for a period of 20 years from the date of recordation, and that if the restrictions are violated within the 20 year period, the County of Volusia shall be entitled to liquidated damages pursuant to the following schedule:
    a. If the violation occurs within the first half of the effective time period of these covenants, the County shall be entitled to return of the entire grant amount.
    b. If the violation occurs after the first half of the effective time period, the County shall be entitled to the return of the entire grant amount, less the quotient of two (2) divided by the number of years in the time period times each year past the mid period of the effective time period times the grant amount. For instance, if the violation occurs after the thirteenth (13^{th}) anniversary of the effective date of these covenants but prior to the fourteenth (14^{th}) anniversary, the County shall be entitled to return of 50% of the original grant amount.
4. The Owner and Grantee/Lessee are liable to the County of Volusia for the amount of the grant if the Owner or Grantee/Lessee breach these Restrictive Covenants and/or the Grant Award Agreement dated _____. To insure the ability to repay the grant, the Owner and Grantee/Lessee have agreed that they will maintain unencumbered equitable value in the property of at least the amount, and for at least the period of time provided in paragraph three (3) above. The Owner and Grantee/Lessee will not secure with a mortgage or otherwise hypothecate that equitable value in the property.
5. The Owner agrees to file these covenants with the Clerk of the Circuit Court of Volusia County, Florida, and shall pay any and all expenses associated with their filings and recording.
6. The Owner and Grantee/Lessee agree that the County of Volusia shall incur no tax liability as a result of these restrictive covenants.

IN WITNESS WHEREOF, the Owner and Grant Recipient have read these Restrictive Covenants and have hereto affixed their signatures.

INDEPENDENT REPORT ON APPLYING AGREED-UPON PROCEDURES

We have performed the procedures enumerated below, which were agreed to by the <ECHO Applicant>, solely to assist them with the filing of a Grant in Aid Application (the "ECHO Application") related to <ECHO Applicant>'s project with the County of Volusia (VC) for the calendar year (beginning January 1, 20____, and ending December 31, 20____). <ECHO Applicant>'s management is responsible for the filing of an ECHO Application related to <ECHO Applicant>'s project with Volusia County. This agreed-upon-procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The following procedures were applied to the organizational, financial and accounting records:

[ ] We observed the IRS determination letter verifying the entity is exempt from taxation under Code Section 501(c)(3).

[ ] We verified the current filing of the Form 990, Annual Return of Organization Exempt from Income Tax.

[ ] We verified the IRS Form 941 with proof of payment of withholding taxes for most recent calendar quarter.

[ ] We verified the entity's status with the Florida Department of State, Division of Corporations as currently being active.

[ ] We verified the entity's actual ownership of the real property on which the project will be constructed.

[ ] We observed sufficient documentation substantiating the outstanding mortgage balance on the project property.

[ ] We reviewed the real estate appraisal to verify the value used in the match calculations.

[ ] Describe, in general, the accounting system used in preparing the entity's financial statements.

[ ] Describe the process by which the entity accumulates the volunteer hours that will be used in the match calculations. Verify the amount was calculated using the hourly rate determined by the Independent Sector.

[ ] For previously spent cash match, we traced the amounts to the supporting invoices and cancelled checks.

[ ] Observe the existence of cash used in the match calculation to ensure availability on the date the application is submitted for critical review.

[ ] For the donated goods and services match, we traced the amounts to the supporting invoices and other appropriate documentation.

[ ] We obtained a representation letter from <ECHO Applicant>'s management confirming it made available to us all relevant information and it responded fully to all inquiries made by us during the engagement.

We were not engaged to, and did not perform an audit, the objective of which would be the expression of an opinion on the specified elements, accounts or items. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of <ECHO Applicant>, and the County of Volusia and is not intended to be used by anyone other than those specified parties.

City of Ormond Beach
AGENDA ITEM

November 7, 2023 - City Commission

Number: 8.H

Section:	CONSENT AGENDA		
Item Category:	Consent - Resolution	**Res./Ord. No:**	2023-202
Strategic Goal:	Quality of Life - Other		
Department:	Finance - Grants		
Subject:	Volusia County ECHO Grant Request - Nova Community Park Fields 2-5 Renovation		
Summary:	This is a request for the City Commission to authorize the submittal of a grant application to the Volusia County Environmental, Cultural, Historical and Outdoor Recreation (ECHO) program for funding assistance for the renovation of baseball fields 2-5 at the Nova Community Park. The project will replace the softball field (field number 2) infield area and partial outfield with a youth size baseball field due to the increasing needs by the community and the demand for more regulation tournaments. In addition to field 2, this project will renovate the three (3) baseball fields (field numbers 3-5), located on the west side of Nova Road. The infield areas and partial outfields will receive new clay, drainage improvements, Bermuda sod, irrigation and new pitcher rubber/bases. In November 2000, Volusia County voters approved a referendum to establish a funding program for environmental, cultural, heritage and outdoor projects. Pursuant to Volusia County Council Resolution 2000-156, program funds are to be used solely to finance acquisition, restoration, construction and improvement of environmental/ecological, cultural, historical/heritage and outdoor recreation facilities for public use. The program was to sunset after 20 years; however, Volusia County voters re-authorized the program for another 20 years during the 2020 general election. The minimum amount that can be requested in the Volusia ECHO program is $12,500, meaning that the total project cost must be at least $25,000 since the program requires a dollar-for-dollar match. The maximum that can be requested is $600,000 per project, for a $1,200,000 total project cost under the normal project guidelines. The		

	sum of all ECHO grants received by a standard project, or multiple projects on a site or facility complex may total up to, but not more than, $3.1 million over the life of the ECHO program. ECHO requires that projects funded must be open for public use within two (2) years of the grant award date. No more than one (1) application for the same facility, complex, project, or site will be awarded per year regardless of the number of applicant organizations. An applicant may only have three (3) open awards and applications combined at a time. The City currently has one open ECHO project. The current ECHO cycle is open with the following timeline: • Mandatory Workshop - Thursday, September 28, 9:00 AM. • Mandatory Technical Completeness Application Deadline - Thursday, November 9, 4:00 PM - Applications must be submitted as final. • Final Application Deadline - Thursday, December 14, 4:00 PM - Deadline for any insufficiencies determined under technical review by ECHO staff to be corrected and resubmitted. • ECHO Advisory Committee Tour and Eligibility Meeting, Mandatory for Applicants - Thursday, January 25. • ECHO Advisory Committee meets as Grant Review Panel, Mandatory for Applicants - Thursday, February 15, 9:00 AM. ECHO funding applications require a 50% local match. The ECHO program will not fund project planning, such as feasibility studies and architectural drawings, or program and operational support. However, some of these expenses may be used as part of the match. To submit a grant application, the City Commission must provide a resolution authorizing the submittal of a grant application and the budgeting and appropriation of local matching funds as a grant requirement.
Financial Impact:	The total estimated cost for this project is $432,652. The ECHO grant request will be for $216,326 with the City of Ormond Beach providing $216,326 in cash match from the Leisure Services Capital Fund ($100,000) and General Fund Reserves ($116,326) for the project.
Citizen Impact:	The renovation of baseball fields 2-5 at Nova Community Park will temporarily close down fields as the infield and partial outfield renovations take place. Staff implementing the project will work with the Leisure Services Department to coordinate field closures relating to their recreational activities.
Recommended Action (Staff, Advisory Board and/or Other):	Staff recommends that the City Commission authorize the submittal of a grant proposal for this project and the budgeting and appropriation of matching funds with the approval of the attached resolution and further authorize the execution of any and all documents necessary to accept a grant award if offered.
Staff Contact:	Loretta Moisio, Grants Coordinator, (386) 676-3315

RESOLUTION NO. 2023-202

A RESOLUTION AUTHORIZING THE SUBMITTAL OF A GRANT APPLICATION TO THE COUNTY OF VOLUSIA UNDER THE ECHO GRANTS-IN-AID PROGRAM FOR FUNDING ASSISTANCE REGARDING THE RENOVATION OF BASEBALL FIELDS 2-5 AT THE NOVA COMMUNITY PARK; AUTHORIZING THE EXECUTION OF ALL DOCUMENTS INCIDENTAL THERETO, INCLUDING ANY CONTRACT NECESSARY FOR THE CITY TO ACCEPT THE GRANT AWARD; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the County of Volusia has a current grant cycle open under the ECHO Grants-In-Aid Program in which the City can request maximum funding assistance in the amount of $600,000.00 with City matching funds on a dollar-for-dollar basis, or 50:50 match, and

WHEREAS, the City Commission desires to submit a grant application to the County of Volusia under the ECHO Grants-In-Aid Program, a copy of which is attached hereto and incorporated herein by reference, for the purpose of obtaining funding assistance in the amount of $216,326.00 regarding the renovation of baseball fields 2-5 at the Nova Community Park (the Project"), and

WHEREAS, the total Project cost is estimated to be $432,652.00 and

WHEREAS, the City is required to make a matching contribution of at least $216,326.00, now therefore

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, VOLUSIA COUNTY, FLORIDA, THAT:

SECTION ONE. The above recitals are true and correct and are incorporated by reference.

SECTION TWO. The City Manager or her designee is hereby authorized and directed to submit a grant application, including any and all documents that are necessary and incidental thereto, to the County of Volusia under the ECHO Grants-In-Aid Program for funding assistance in the amount of $216,326.00 regarding the renovation of baseball fields 2-5 at the Nova Community Park.

SECTION THREE. The Mayor and City Manager are hereby further authorized and directed to execute any contract, including any and all documents that are necessary and incidental thereto, for the City to accept the grant award.

SECTION FOUR The City Manager hereby certifies that the City's matching funds in the amount of $216,326.00 will be derived from the Leisure Services Capital Fund.

SECTION FIVE. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 7th day of November, 2023.

2024 GRANTS-IN-AID
STANDARD & EXCEPTIONAL GRANT APPLICATION

APPLICANT INFORMATION

1. Applicant (Legal name of organization): City of Ormond Beach
2. Address (mailing): P.O. Box 277

   City: Ormond Beach

   State: Florida

   Zip Code: 32175-0277
3. Type of Organization:

   ☒ Municipal government ☐Volusia County Government

   ☐ Not-for-Profit Corporation classified as a 501(c) (3)
4. Federal ID #: 59-6000398

   Florida Not-for-Profit Corporation Charter # (if applicable): NA

   Florida Dept. of Agriculture & Consumer Services Registration # (if applicable):

   NA
5. County Council District of Project: ☐1 ☐2 ☐3 ☒4 ☐5
6. Is the project in a Community Redevelopment District (CRA)? ☐Yes ☒No
7. Contact Person:

   Name: Loretta Moisio

   Title: Grants Coordinator

   Telephone #: 386-676-3315

   E-Mail: Loretta.Moisio@ormondbeach.org
8. Provide the Mission Statement for your organization:

   The future of the City of Ormond Beach depends on a partnership among citizens, businesses, civic organizations, elected officials, and City employees. Working together, we can make Ormond Beach one of the most attractive, stimulating, and progressive cities in the nation.

   We see Ormond Beach as a community characterized by a high quality of life for all. From our youngest citizens to our oldest, we want to provide significant opportunities for earning, for learning, for leisure and recreation, and for self-expression.

We see Ormond Beach as a community of many dimensions. Among these, we see our City as:

- *A family oriented community, striving to provide a safe and supportive environment in which families of all ages can build on their strengths and their traditions.*
- *A learning community, in which all citizens may participate in life-long opportunities for personal growth and development, especially as they participate in the strong historic, cultural, artistic, and athletic traditions of the area.*
- *An environmentally sensitive community, marked by mature trees, clean water, well-kept neighborhoods, and attractively landscaped thoroughfares.*
- *An economically sound community, boasting a diverse economy and a balanced, controlled, but friendly approach to business and development.*
- *A diverse community, one in which all citizens and all sectors of the City find meaningful opportunities and one in which all are valued for the unique contribution they make.*
- *A responsive community, with a City government that cares and communicates well with the citizenry and provides timely, even-handed, and courteous service to all.*
- *A well-run community, offering high quality basic City services in an effective and efficient manner, and encouraging creative and proactive approaches to government.*

An involved community, one in which citizens throughout the community acknowledge and respect their differences, but recognize that the accomplishment of our objectives will require the full participation of all.

PROJECT INFORMATION

1. Project Title: Nova Community Park Renovation of Fields 2-5

   Project Location Address: 440 North Nova Road

   City: Ormond Beach

   State: Florida

   Zip Code: 32174

2. Type of Project:

   ☒ Renovation ☐ Restoration ☐ New Construction ☐ Acquisition

3. ECHO Category – Select One (review ECHO Guidebook pages 3 - 4):

   ☐ Environmental ☐ Cultural ☐ Historic ☒Outdoor Recreation

4. The Project Site of Facility is (select one):

   ☒ Owned by Applicant ☐ Leased by Applicant (length of lease): Length of lease

   ☐ Land/Project Management Agreement (length of agreement): Length of agreement

NOTE: LEASES/AGREEMENTS MUST BE BINDING AND NON-CANCELABLE

5. Is the Project Site/Facility mortgaged or will it be? ☐ Yes ☒ No

PROJECT DESCRIPTION

1. Describe the project and explain how it will achieve the goals of Resolution 2020-79 to plan for the future growth of Volusia and enhance the quality of life for its residents (use factual information/documentation to show how this project will accomplish these goals):

   County Resolution 2020-79 seeks to "enhance the quality of life for its residents by continuing to provide environmental, cultural, historical, and outdoor recreational opportunities." As a family-oriented community, Ormond Beach consistently works to meet the needs of its citizens and visitors. In this regard, we continually invest to keep premier recreational facilities the very best they can be by **improving** them, **expanding** them, and **creating** new ones as needed by our citizens. Therefore, the City's goals align perfectly with those of Volusia County.

   Nova Community Park facilities provide a wide variety of organized, self-motivated, and passive recreational opportunities which rightly aligns this project to the goals of Resolution 2020-79. This project further promotes the goals of County Resolution 2020-79 as it will provide for the "continuing need for high quality user oriented outdoor recreational opportunities."

   Nova Community Park is a very active recreational facility with a large variety of amenities situated on approximately 64 acres. It is located in the urban area of the City with direct access and frontage on SR5A (Nova Road). The site is bounded on the south and north by homes with some commercial uses located near the road. The Park has five (5) baseball/softball fields – four on the west side of Nova Road and one on the east side of Nova Road. In addition to the baseball/softball fields, there are six (6) tennis courts, five (5) racquetball courts, one (1) outdoor basketball court, three (3) picnic facilities, a large playground, and a skateboard park. There is also a half mile 10-foot wide multipurpose trail system around the perimeter of the Park with interior connecting walkways for a total of approximately 1.5 miles. Nova Community Park is also home to the Nova Community Center with a gymnasium, fitness room, and activity room.

   Public access for vehicles is available at two park entrances. One is directly off Nova Road (SR5A) onto park property and the other is off Main Trail which is accessible from Nova Road. Public access for pedestrians is available via sidewalks along Nova Road, and through the adjacent neighborhoods and trails within the park area.

   In FY 2022-2023, Nova Fields #2-5 were actively used for a total of 171 days, totaling 2,443 hours. This usage included hosting the OBYBSA BASEBALL ASSOCIATION MINOR & MAJOR LEAGUES, the USSSA BASEBALL TOURNAMENTS, Athletic Baseball Tournament, and special populations challenger baseball league. During this time, the fields were frequented by 20,560 program participants and 28,590 event spectators. Currently, the Nova fields are rated as minor and

bambino by Babe Ruth Baseball. Now, with the planned conversion of one of our softball fields into a baseball field, we anticipate being able to accommodate more outside teams, leagues, tournaments, and spectators. This expansion will also enable us to offer a broader range of youth baseball programs, further enriching our community's sporting opportunities.

The project of this application is to replace the softball field (field number 2) infield area and partial outfield with a youth size baseball field due to the increasing needs by the community and the demand for more regulation tournaments. Besides field 2, this project will also renovate the three (3) baseball fields (field numbers 3-5; see location map), located on the west side of Nova Road. These fields were last renovated 20 years ago and due to heavy usage have deteriorated over time. Despite our efforts with quality annual maintenance, these fields have reached their expiration due to their high level of use. This project will be to completely renovate the infield areas and partial outfields for each of these fields and including drainage improvements. The infield areas and partial outfields will receive new clay, drainage improvements, Bermuda sod, irrigation and new pitcher rubber/bases. Ormond Beach is committed to investing in premier recreational facilities by improving them, expanding them and creating new ones.

2. If applying for an exceptional grant, describe how the project meets the requirements of an exceptional project. An exceptional project means a project of paramount and crucial countywide importance which provides for receipt of services by significantly large numbers of people in all areas of the county. For more information on exceptional projects see page 8 of the ECHO Guidebook.
   NA

3. Describe the project and construction timeline:

   For this project, the contract bidding and awarding process is anticipated to occur between June and September 2024 with construction anticipated to begin in October 2024 and completed by June 2025.

4. Describe how the green infrastructure and sustainability standards will be used in the project (Green Building Standards | US EPA).

   The City of Ormond Beach continually strives to implement green technologies that have low impact on the environment. By installing new “smart” irrigation technology, this will both save water and money. Efficient irrigation reduces impacts of overwatering by installing a weather base controller to adjust the irrigation schedule based on local weather conditions.

5. How will the project conserve water and/or promote water efficiency?

   The project will cut costs and water use by installing Falcon rotors with rain curtain nozzles to maximize performance and coverage pressure regulating systems which optimize flow rate to

conserve water. Efficient irrigation reduces impacts of over watering. Powered by current weather data, Rain Bird controllers only irrigate when the landscape requires it, saving additional time and water.

6. How will the project conserve energy and/or promote renewable energy?

   NA

7. How will the project, if a new facility, meet the green building standards or certifications?

   NA

8. Describe how the project will comply with the ADA accessibility requirements:

   All ADA requirements will be met with this project.

9. If applicable, describe any additional phases:

   No additional project phases are planned.

PROJECT TEAM

1. List the name and address of the architect, engineer, design consultants and/or general contractor selected. Include the information for the persons signing the Certification of Information and Compliance Form:

   Joyce Shanahan, City Manager
   Kelly McGuire, Finance Director
   Shawn Finley, P.E., Public Works Director
   Alex Schumann, P.E., City Engineer
   Robert Carolin, Leisure Services Director
   Stefan Sibley, Assistant Leisure Services Director
   Cara Culliver, Principal Landscape Architect
   April Martti, Engineering Projects Coordinator
   Loretta Moisio, Grants Coordinator
   Address for all listed above: P.O. Box 277, Ormond Beach, FL 32175-0277

2. List the person/persons who created the budget and describe their experience with this type of project:

Shawn Finley, P.E., Public Works Director, and Alex Schumann, P.E., City Engineer, created the budget for this project. Mr. Finley has been with the City for thirteen years serving first as Civil Engineer, then Deputy City Engineer, then City Engineer and now Public Works Director. Mr. Finley has served as project manager for a large number and variety of projects implemented throughout the City. Mr. Schumann has been with the City for over six years, three as a Civil Engineer, two as Deputy City Engineer and being promoted to City Engineer in 2021 and has experience managing City ECHO projects. The implementation of all ECHO funded projects has been the responsibility of the City's Engineering Division.

3. If a complete list is not available, explain why (include when the project team will be selected):

Staff has engaged the services of Zev Cohen and Associates (ZCA) to prepare engineering drawings and specifications for the construction of this project. ZCA is an interdisciplinary civil engineering, land planning and environmental consulting firm with extensive experience in the design and permitting of public recreation facilities in Volusia County dating back to 1977. The City will also utilize the expertise of A.M. Weigel Construction Company (Weigel) as its Construction Managers for this project. Weigel, and its principals, are highly qualified construction managers having worked on many public projects for Volusia County Schools, the Daytona Beach International Airport, Embry-Riddle Aeronautical University, and many municipalities, including the City of Ormond Beach. Weigel has served the City of Ormond Beach as construction managers on ECHO funded projects; Ormond Beach Skate Park Expansion (2012); the Environmental Discovery Center (2014); and, the Ormond Beach Sports Complex Field Lighting (2018). The estimate provided with this application was prepared by Weigel based upon plans prepared by ZCA.

PROJECT MANAGEMENT TEAM

1. List the name of staff dedicated to this project (include their responsibilities and the amount of time each will be spending on the project per week):

Staff	Responsibilities	Weekly Time
Alex Schumann, P.E., City Engineer	Project Management: Bidding, Award, Construction	5%
Shawn Finley, P.E., Public Works Director	Project Management: Bidding, Award, Construction	5%
Cara Culliver, Principal Landscape Architect	Project Management: Bidding, Award, Construction	10%
April Martti, Engineering Projects Coordinator	Project Management: Grant Administration	5%
Stefan Sibley, Assistant Leisure Services Director	Post Construction Management	15%

Robert Carolin, Leisure Services Director	Post Construction Management	5%

PERFORMANCE MEASURES

1. Explain the project's goals and objectives:

   The goal of this project is to renovate these fields to provide a safe environment where rising athletes can perform to the best of their ability. To provide for the community's needs and enhance outdoor playing spaces for everyone to enjoy.

2. Elaborate on how these goals and objectives will be measured for the length of the restrictive covenants:

Data is collected on the usage of fields and reported monthly, quarterly, and annually. This data collection will continue in perpetuity and thereby meet the restrictive covenants length requirement.

Categories of Measurements: (Figures reflect FY 22-23.)

- Programs Offered: 25
- Participants: 20,560
- Attendance: 28,590
- Volunteers: 0
- Volunteer Hours: 0
- New Programs: 0
- Returning Programs: 25
- Participant/Attendee Surveys: 0

FUNDING REQUEST

1. Project Funding (Grant Request Amount and Match Amount):
   a. Standard Grant Request (up to $600,000.00) $ 216,326.00
   b. Exceptional Grant Request (up to $2,500,000.00) $ NA
   c. Confirmed Match Funds $ 216,326.00
   d. Total Project Cost (ECHO + Match) $ 432,652.00
2. Mandatory Workshop was attended by: Loretta Moisio

   Date of Workshop: 9/28/2023

3. List any prior year grants received from ECHO (include year, project name and amount of grant):

   2005 – Central Park Development - $205,000
   2006 – Central Park Development: Boardwalk - $300,000
   2007 – The Casements/Rockefeller Gardens Restoration - $500,000
   2012 – Skate Park Expansion - $225,000
   2014 – Environmental Discovery Center Construction - $400,000
   2018 – Ormond Beach Sports Complex Field Lighting - $400,000
   2019 – Ormond Beach Sports Complex: Championship Softball Field – $400,000
   2020 – MacDonald House Restoration - $400,000
   2020 – Nova Tennis Court Lighting - $137,500
   2022 – Performing Arts Center Renovation - $600,000

BUDGET INFORMATION

1. A complete project budget must be submitted in the format provided by the county. Budget must be accurate and realistic (projects will be implemented within the budget set at the time of application).

2. The budget should be presented by each type of funding:
   a. UC = Unencumbered Cash
   b. LM = Land Match
   c. IK = In-kind
   d. PSC = Previously Spent Cash

3. The budget must include temporary and permanent ECHO signage (signs may not be funded with ECHO funding).

BUDGET DETAIL CHART Construction Phase Expenditures *Add rows as needed*	UC +	LM +	IN-KIND +	PSC	= MATCH	ECHO	TOTAL
General Requirements:	75,711				75,711	0.00	75,711
Mobilization, Waste Collection, etc.							
Contractor Fees							
Professional Services:							
Consultant Services							
Site Construction:	135,115				135,115	216,326	351,441
Ballfield Site Work, Irrigation & Drainage Improvements							
Specialties							
Playground Equipment							
Picnic tables, grilles							
Signage:	5,500				5,500		5,500
Educational Signage							
ECHO Temp Sign	500				500		500
ECHO Permanent Sign	5,000				5,000		5,000
PROJECT TOTALS	216,326				216,326	216,326	432,652

Line items should be made to match your project (some examples are Equipment, Metals, Finishes, Wood, and Plastic, Thermal, Plumbing). Budgeted match amounts should be placed in the corresponding description column (Unencumbered Cash, Land Match, In-kind Services/Items or Previously Spent Cash).

Request amounts should be compromised of all line items and entered in the detail category heading.

MATCH DOCUMENTATION

1. All documentation for match must be included in the application as outlined in the ECHO Guidebook pages 9 - 11.

RESTRICTIVE COVENANTS

1. Do you agree to comply with the requirement to file a 20-year Restrictive Covenant with the Volusia County Clerk of Court if ECHO Grant is awarded?
   ☒ Yes ☐ No

   △ *If the project of the application is mortgaged or leased property, other than those applying for trails in the County Master Plan or projects on land not owned by the applicant, a letter from the Mortgagee or Lessor, stating that they agree to sign the Restrictive Covenants must be provided with the application.*

   △ *Applicants with projects on State or Federal owned lands are automatically exempt from this requirement but are held to the same liquidated damages cited within the Restrictive Covenants through language found in the final ECHO agreement for which the grantee is held responsible.*

OPERATING FORECAST DETAIL

1. Outline how the facility or project will operate once complete. The narration should include such items (as applicable) as staffing, maintenance requirements, increased programming, fees and memberships. Include a detailed maintenance and replacement plan for the 20-year compliance period:

   Once the renovation of the fields is complete, it will allow for additional programming and expanded play on all four fields. Additional staff will not be required. If a grant is awarded, the facility will have a uniform fee structure for all of Volusia County residents based on usage, duration and specifics needed for preparation of the individual fields. The current fee schedule is attached and will be updated if a grant is awarded.

   The City of Ormond Beach has a full-time Leisure Services Department with sixty-four (64) employees and is responsible for all City facility staffing, programming and maintenance. In addition, the City of Ormond Beach maintains a continuing contractor program through multiple approved vendors that perform various levels of service.

2. Submit a business plan, feasibility study and marketing plan. These plans must be specific to Volusia County and the proposed project:

   Currently, the Ormond Beach Leisure Services partners with Volusia County Schools, the Daytona Beach Convention and Visitors Bureau, the Ormond Beach Youth Sports Associations, Bethune-Cookman University, various local, state and national sport associations.

Press releases, print advertisements, and social media notifications will be used for promoting upcoming events and activities. Information will also be posted on the Sports Volusia website and the Ormond Beach website.

BUSINESS PLAN:

FEASIBILITY STUDY: In 2021, the City initiated its update of the City of Ormond Beach Parks and Recreation Master Plan. As part of the update, the following occurred:

- A statistically valid survey was sent out to the public;
- An online survey was made available to the public;
- Public meetings were held and audience polling was conducted during the meetings; and,
- A joint Leisure Services Advisory Board and Quality of Life Board meeting was held during which member polling was conducted.

The responses from these activities were compiled to form the basis for a report of "Existing Conditions and Needs Assessment Findings" which was presented to the City Commission at a workshop on August 17, 2021. (Attached.) Based on the data in this report, there is substantial public support for athletic field renovations.

Statistically Valid Survey Sent Out to the Public:

- In the summary of findings and priority actions, recommendation #2 is to upgrade existing parks including athletic fields. (Page 11)

- The survey showed that 38.8% of the respondents had visited Nova Community Park during the past two years. (Page 24)

- The survey showed that 24.6% of the respondent households had participated in youth sports over the last five years. (Page 27)

- The survey responses for Residents' Level of Support for Actions the City Could Take to Improve the Parks and Recreation System showed a 51% level of support to "upgrade existing parks." (Page 33)

Online Survey Made Available to the Public:

- The online survey results showed that 52.12% of the respondents had visited Nova Community Park during the past two years. (Page 35)

- The online survey results showed that 32.6% of the respondents and/or household members had visited parks and recreation facilities on a daily basis in the past two years. (Page 36)

- The online survey results showed that 38% of the respondents and/or household members participated in youth sports in the last five years. (Page 38)

Joint Leisure Services Advisory Board and Quality of Life Board Meeting held with Member Polling Conducted:

- In interviews with the members of Joint Advisory Board, four members stated the need to place a priority on improvements to existing parks and facilities to ensure high quality experiences. (Page 60)

MARKETING PLAN: Once the renovations are complete, the improved facility will continue to be marketed through the City's website, its social media platforms, and local media outlets.

Social Media Marketing: As part of the overall marketing plan for leisure services facilities, Facebook is a key tool. A multi-faceted approach to social media by focusing on programming, and customer relationships is essential to reach program participants.

The Leisure Services Facebook page was created in 2018. Since that time, the page has grown to 2,186 likes and 2,768 followers. The Leisure Services Facebook has reached over 27,000 people within the last three months. These numbers illustrate the importance of using social media to engage with our customers.

City of Ormond Beach Website: Program participants can register from the City's website. Customers can click "registration" on the Leisure Service webpage. After clicking on the link, customers are re-directed to the registration site where they will find information about program offerings and then can select their choices and complete the registration process.

TIPS:

Tips for writing a business plan:

- A business plan is a document detailing a business's future objectives and strategies for achieving them.
- A business plan should be a detailed road map that explains the goals and plans to achieve them.

Tips for writing a feasibility study:

- A feasibility study is an assessment of the practicality of a proposed plan or method that will provide a clear picture of your organization's budget and operations.
- A few factors that should be considered while writing the feasibility study:
    - How will the project provide quality of life benefits to county residents?
    - Have you conducted a survey or public meeting/workshop?

- Is the project practical?
- What is the life expectancy of the project?
- Can the organization maintain the project for the 20 year compliance period?

Tips for writing a marketing plan:

- A marketing plan is an operational document that outlines an advertising strategy an organization will implement to reach its target market.
- The marketing plan should include details on the marketing channels and the campaign.

2. Has this organization defaulted on any grant in the past five years?
   ☐ Yes ☒No

   If yes, please explain:

FINANCIAL AUDIT/REVIEW/AGREED UPON PROCEDURES

1. County of Volusia and Local Municipalities must provide a link to their Financial Statement under GASB 34.

   https://www.ormondbeach.org/ArchiveCenter/ViewFile/Item/10221

   The link should include the following documents:
   a. A Management Letter from the last fiscal year Independent Auditor's Report on the Basic Financial Statement.
   b. A Response Letter from the last fiscal year Independent Auditor's Report on the Basic Financial Statement.

c. An Opinion Letter from the last fiscal year Independent Auditor's Report on the Basic Financial Statement.

2. Not-for-Profit Organizations: the required financial information is determined by the operating revenue or expenses/expenditures annual average of the three fiscal years prior to the application deadline, as outlined in the ECHO Guidebook.
    a. Additional supporting documents for Not-for-Profit organizations:
        i. IRS letter granting Not-for-Profit 501 (c) (3) status in Florida.
        ii. The most recent Uniform Business Report (Annual Report) filed with the State of Florida, Division of Corporations.
        iii. Unrestrictive ownership or undisturbed use of facility documentation (unless the project is an acquisition).
        iv. Letter of intent to sell from the owner for Acquisition Projects.

DRAWINGS

1. Drawings are required from ALL applicants (documents must be legible and to scale with legends):
    b. Current drawings and/or excavation plans for the facility.
    a. Site survey with existing structures and site plans with structures.

2. Vacant land acquisition projects shall include:

    a. Conceptual drawings of improvements to the property, which are to be completed within two years of acquisition.
    b. Proposed structures must include elevations, floor plans and design elements such as landscaping.
3. Street Locator Map (indicate the physical location of the project within the local areas; include road names and "North" for directional reference).

4. Site Plan should show the building footprint, travel ways, parking, landscaping, etc. This section should include:
    a. Site Survey
    b. Trees and topography
    c. Civil drawing
    d. Water retention drainage and circulation

5. Preliminary and Schematic Drawings. Drawings should show:
    a. A general model of floor/site plans, showing the location of project elements.
    b. Florida-friendly landscape plan (The Florida Friendly Landscaping guide can be found at https://ffl.ifas.ufl.edu/pdf/FYN_Plant_Selection_Guide_2015.pdf).

6. Design and Development Documents. Documents should show more detail including:
    a. Selection of materials and engineering systems involved
    b. Detailed cost estimate
    c. Environmentally sustainable materials

7. Construction Documents should include written and graphic instructions. These documents should be focused on specifications for the project (building systems, floor plans, elevations, etc.) and should include site utilities and ADA information.
    a. Outdoor, trails, parks, sports facilities and playgrounds require a bid set of plans, which are ready to be used for the procurement process.
    b. New construction, facility remodel and historic projects require a set of A&E plans, which are ready to be used for the procurement process.
    c. Historic projects need to demonstrate research and compliance with the Historic Preservation Standards and Guidelines.

8. Permanent ECHO Sign documents should include site design, materials and site placement.

CERTIFICATION OF INFORMATION AND COMPLIANCE FORM

I/We certify that all of the information contained within this application and subsequent attachments is true and correct to the best of my/our knowledge and that the project for which the application is made shall be in compliance with the Americans with Disabilities Act of 1990, and that should a grant be awarded, the organization agrees to comply with the conditions of the grant award agreement including the Restrictive Covenants.

PROOF OF OWNERSHIP

TITLE SEARCH REPORT

DRAFT

Fund File Number: 333795

The information contained in this title search is being furnished by Attorneys' Title Fund Services, LLC. If this report is to be used by a title insurance agent for evaluation and determination of insurability by the agent prior to the issuance of title insurance, then the agent shall have liability for such work.

Provided For: City of Ormond Beach Legal Department***Agent's File Reference:*** Nova Tennis Court Lighting

After an examination of this search the Agent must:

A. Evaluate all instruments, plats and documents contained in the report.

B. Include in the Commitment under Schedule B, any additional requirements and/or exceptions you find necessary from your analysis of the surveys, prior title evidence or other relevant information from the transaction.

C. Verify the status of corporations and limited partnerships and other business entities with the appropriate governmental agency or other authority.

D. Determine whether the property has legal access.

E. Determine if any unpaid municipal taxes or assessments exist, which are not recorded in the Official Records Books of the county.

F. Determine whether any portion of the property is submerged or artificially filled, if the property borders a body of water, and if riparian or littoral rights exist.

G. The information provided herein does not include a search of federal liens and judgment liens filed with the Florida Department of State pursuant to Sec. 713.901, et seq., F.S., and Sec. 55.201, et seq., F.S., respectively, which designate the Florida Department of State as the place for filing federal liens and judgment liens against personal property. For insuring purposes:

(a) Pursuant to Sec. 713.901, et seq., F.S., personal property includes, but is not limited to, mortgages, leaseholds, mortgages on leaseholds, interests in cooperative associations, vendees' interests, and options when those interests are held by a partnership, corporation, trust or decedent's estate; and

(b) Pursuant to Sec. 55.201, et seq., F.S., personal property includes, but is not limited to, leaseholds, interests in cooperative associations, vendees' interests, and options regardless of the type of entity holding such interests, including individuals. (Note: Mortgages have been specifically excluded from the personal property interests in which a judgment lien may be acquired under the provisions of Sec. 55.201, et seq., F.S.)

Other Encumbrances:

1. Nothing Found

REAL PROPERTY TAX INFORMATION ATTACHED

Proposed Insured:

None

A 20-year name search was not performed on the proposed insured. It is the agent's responsibility to obtain a name search if a loan policy to be issued based on this product is other than a 100% purchase money mortgage.

STANDARD EXCEPTIONS

Unless satisfactory evidence is presented to the agent eliminating the need for standard exceptions, the following should be made a part of any commitment or policy.

1. ***General or special taxes and assessments required to be paid in the year and subsequent years.***
2. ***Rights or claims of parties in possession not shown by the public records.***
3. ***Encroachments, overlaps, boundary line disputes, and any other matters which would be disclosed by an accurate survey and inspection of the premises.***

4. ***Easements or claims of easements not shown by the public records.***

5. ***Any lien, or right to a lien, for services, labor, or material heretofore or hereafter furnished, imposed by law and not shown by the public records.***

6. ***Any owner policy issued pursuant hereto will contain under Schedule B the following exception: Any adverse ownership claim by the State of Florida by right of sovereignty to any portion of the lands insured hereunder, including submerged, filled and artificially exposed lands, and lands accreted to such lands.***

7. ***Federal liens and judgment liens, if any, filed with the Florida Department of State pursuant to Sec. 713.901, et seq., F.S., and Sec. 55.201, et seq., F.S., respectively, which designate the Florida Department of State as the place for filing federal liens and judgment liens against personal property. For insuring purposes:***

   (a) Pursuant to Sec. 713.901, et seq., F.S., personal property includes, but is not limited to, mortgages, leaseholds, mortgages on leaseholds, interests in cooperative associations, vendees' interests, and options when those interests are held by a partnership, corporation, trust or decedent's estate; and

   (b) Pursuant to Sec. 55.201, et seq., F.S., personal property includes, but is not limited to, leaseholds, interests in cooperative associations, vendees' interests, and options regardless of the type of entity holding such interests, including individuals. (Note: Mortgages have been specifically excluded from the personal property interests in which a judgment lien may be acquired under the provisions of Sec. 55.201, et seq., F.S.)

8. ***Any lien provided by County Ordinance or by Chapter 159, Florida Statutes, in favor of any city, town, village or port authority, for unpaid service charges for services by any water systems, sewer systems or gas systems serving the land described herein; and any lien for waste fees in favor of any county or municipality.***

The report does not cover bankruptcies or other matters filed in the Federal District Courts of Florida.

In foreclosure proceedings, title should be examined between the effective date of this report and the recording of the lis pendens to assure that all necessary and proper parties are joined. Consideration should be given to joining as defendants any persons in possession, other than the record owner, and any parties, other than those named herein, known to the plaintiff or the plaintiff's attorney and having or claiming an interest in the property.

Prior to issuance of any policy of title insurance underwritten by Old Republic National Title Insurance Company, the agent must obtain and evaluate a title search for the period between the effective date of this Title Search Report and the recording date(s) of the instrument(s) on which the policy is based.

If this product is not used for the purpose of issuing a policy, then the maximum liability for incorrect information is $1,000.

Fund File Number: 333795

Note: The Agent is responsible for obtaining underwriting approval on any commitment prepared from this product in the amount of $1,000,000.00 or more.

DEED OF EASEMENT

The undersigned owner(s) of the premises herein described ("Grantor"), for and in consideration of Ten Dollars ($10.00) and other good and valuable consideration, the adequacy and receipt of which are acknowledged, hereby grant, sell and convey to Southern Bell Telephone and Telegraph Company, a Georgia corporation, authorized to do business in Florida, whose post office address is 20A53 Southern Bell Center, Atlanta, Georgia 30375, its successors, assigns and affiliated and associated companies ("Grantee"), an exclusive easement for the construction, operation and maintenance of a telecommunications electrical equipment structure commonly described as a "Concrete Hut"

as well as appurtenant facilities reasonably required for the support, use, operation and maintenance of such equipment structure to be installed from time to time with the right to reconstruct, improve, add to, enlarge and remove the same on, in or over the premises described in the attached Exhibit "A" ("Premises"); provided, however, that any addition or enlargement of the structure will be subject to approval by Special Exception;

2784 0210
BOOK VOLUSIA COUNTY PAGE

Grantee may allow any other person to construct wires or lay cable or conduit within the Premises for water, communications or electric power transmission or distribution. Grantee shall have the right of ingress, egress and regress to and upon said Premises at all times for the purposes of installing, constructing, operating, inspecting, maintaining and repairing its facilities. The Grantee shall have the right to clear and keep the Premises clear of all trees, undergrowth or other obstructions and to trim, cut and keep trimmed and cut all dead, weak, leaning or dangerous trees or limbs outside the Premises which might interfere with the lines or systems of communication or electric power serving the Grantee, subject to compliance with the City of Ormond Beach Tree Ordinance in effect at the time of trimming, clearing or cutting.

The grant of this Easement shall in no way restrict the right and interest of the Grantor in the use, maintenance and quiet enjoyment of the Premises to the extent that such use does not interfere with the rights granted herein. Any ad valorem taxes accruing from Grantee's improvements shall be chargeable to and paid by Grantee when due if separately assessed by the taxing authority as the personal or real property of Grantee. The Grantee shall be liable for personal injuries and damage to real or personal property that may result from its use of the Premises, and shall indemnify the Grantor in the event Grantor is required to pay any claim arising from said use by Grantee.

This Easement shall run with the land in perpetuity and shall be binding on and shall inure to the benefits of the parties hereto, their successors or assigns.

Grantor covenants that it is the fee simple owner of the Premises, has full right, title and capacity to grant this Easement, that the property is free and clear of any encumbrances or liens whatsoever character, and that it will defend the same against the claims of all parties.

In the event the Easement granted hereby is abandoned, the same shall automatically be deemed revoked and shall forthwith revert to the Grantor, with the Grantee having the right, within 90 days of abandonment, to remove all structures erected by it upon the premises.

CSFA Title: FRDAP

FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION

FLORIDA RECREATION DEVELOPMENT ASSISTANCE PROGRAM (FRDAP)

PROJECT AGREEMENT (SFY 2007-08) – Development

This PROJECT AGREEMENT is made and entered into this 23rd day of _____, 2007, by and between the STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION, hereinafter called the DEPARTMENT, and the CITY OF ORMOND BEACH, hereinafter called the GRANTEE, a local government, in furtherance of an approved public outdoor recreation project. In consideration of the mutual covenants contained herein and pursuant to section 375.075, Florida Statutes, and chapter 62D-5, Part V, Florida Administrative Code, the parties hereto agree as follows:

1. This PROJECT AGREEMENT shall be performed in accordance with section 375.075, Florida Statutes; and chapter 62D-5, Part V, Florida Administrative Code, effective August 15, 2004, hereinafter called the RULE. The GRANTEE shall comply with all provisions of the RULE, which is incorporated into this PROJECT AGREEMENT as if fully set forth herein. It is the intent of the DEPARTMENT and the GRANTEE that none of the provisions of section 163.01, Florida Statutes, shall apply to this PROJECT AGREEMENT.

2. The DEPARTMENT has found that public outdoor recreation is the primary purpose of the project known as Nova Community Park-Field #5 (Florida Recreation Development Assistance Program (FRDAP), FRDAP Project Number F08018), hereinafter called the PROJECT, and enters into this PROJECT AGREEMENT with the GRANTEE for the development of that real property, the legal description of which shall be submitted to the DEPARTMENT as described in the Florida Recreation Development Assistance Program Development Project Pre-reimbursement/Commencement Documentation Form, DEP Form FPS-A034.

3. All forms referenced in this PROJECT AGREEMENT may be found at www.dep.state.fl.us/parks/oirs. Further, the GRANTEE will also receive all

DRAFT

applicable forms for administration of project with GRANTEE's copy of the fully executed PROJECT AGREEMENT.

4. The GRANTEE shall construct, or cause to be constructed, certain public outdoor recreation facilities and improvements consisting of the following PROJECT ELEMENTS: Renovation of baseball field and other related support facilities. These PROJECT ELEMENTS may be modified by the DEPARTMENT if the GRANTEE shows good cause and the DEPARTMENT approves the modification.

5. The DEPARTMENT shall pay, on a reimbursement basis, to the GRANTEE, funds not to exceed $200,000.00, which will pay the DEPARTMENT's share of the cost of the PROJECT. DEPARTMENT funding is based upon the following:

DEPARTMENT Amount:	$200,000.00	50 %
GRANTEE Match:	$200,000.00	50 %
Type of Match:	Cash/In-Kind Services and/or Land Value	

6. The PROJECT reimbursement request shall include all documentation required by the DEPARTMENT for a proper pre-audit and post-audit review. Within sixty (60) days after receipt of the final request, the DEPARTMENT's Grant Manager shall review the completion documentation and payment request from the GRANTEE for the PROJECT. If the documentation is sufficient and meets the requirements of the Florida Recreation Development Assistance Program Completion Documentation Form, DEP Form FPS-A036, referenced in s. 62D-5.058(7)(d) of the RULE, the DEPARTMENT will approve the request for payment.

7. In addition to the invoicing requirements contained in the paragraph above, the DEPARTMENT will periodically request proof of a transaction (such as invoice or payroll register) to evaluate the appropriateness of costs to the PROJECT AGREEMENT pursuant to State guidelines (including cost allocation guidelines). When requested, this information must be provided within thirty (30) calendar days of the date of such request. The GRANTEE may also be required to submit a cost allocation plan to the DEPARTMENT in support of its multipliers (overhead, indirect, general administrative costs, and fringe benefits). State guidelines for allowable costs can be found in the Department of Financial Services' Reference Guide for State Expenditures at http://www.fldfs.com/aadir/reference%5Fguide, which GRANTEE shall follow .

8. The GRANTEE agrees to comply with the Division of Recreation and Parks' Grant and Contract Accountability Procedure, hereinafter called the PROCEDURE, incorporated into this PROJECT AGREEMENT by reference as if fully set forth herein. A copy of this PROCEDURE has been provided with this PROJECT AGREEMENT and may also be found at http://www.dep.state.fl.us/parks/oirs. All purchases of goods and services for

DRAFT

accomplishment of the PROJECT shall be secured in accordance with the GRANTEE's procurement procedures. Expenses representing the PROJECT costs, including the required matching contribution, shall be reported to the DEPARTMENT and summarized on certification forms provided in the PROCEDURE. The DEPARTMENT and GRANTEE agree to use the PROCEDURE guidelines for accounting for FRDAP funds disbursed for the PROJECT. The parties further agree that the principles for determining the eligible costs, supporting documentation and minimum reporting requirements of the PROCEDURE shall be used.

9. Allowable indirect costs as defined in the PROCEDURE shall not exceed 15% of the GRANTEE's eligible wages and salaries, unless approved in advance as described herein. Indirect costs that exceed 15% must be approved in advance in writing by the DEPARTMENT to be considered eligible PROJECT expenses.

10. It is understood by the GRANTEE that the amount of this PROJECT AGREEMENT may be reduced should the Governor's Office declare a revenue shortfall and assess a mandatory reserve. Should a shortfall be declared, the amount of this PROJECT AGREEMENT may be reduced by the amount deemed appropriate by the DEPARTMENT.

11. The State of Florida's performance and obligation to pay under this PROJECT AGREEMENT is contingent upon an annual appropriation by the Legislature. The GRANTEE understands that this PROJECT AGREEMENT is not a commitment of future appropriations.

12. All monies expended by the GRANTEE for the purpose contained herein shall be subject to pre-audit review and approval by the State of Florida Chief Financial Officer in accordance with section 17.03(2), Florida Statutes.

13. PROJECT funds may be reimbursed for eligible Preagreement Expenses (as defined in s. 62D-5.054(34) of the RULE) incurred by GRANTEE prior to execution of this PROJECT AGREEMENT in accordance with s. 62D-5.055(9) of the RULE. The DEPARTMENT and the GRANTEE fully understand and agree that there shall be no reimbursement of PROJECT funds by the DEPARTMENT for any expenditure made prior to the execution of this PROJECT AGREEMENT with the exception of those expenditures which meet the requirements of the foregoing sections of the RULE.

14. Prior to commencement of PROJECT development, the GRANTEE shall submit the documentation required by the Florida Recreation Development Assistance Program Development Project Pre-reimbursement/Commencement Documentation Form, DEP Form FPS-A034, referenced in s. 62D-5.058(7)(c) of the RULE, to the DEPARTMENT. Upon determining that the documentation complies with the RULE, the DEPARTMENT will give written notice to GRANTEE to commence the development.

DRAFT

15. The GRANTEE shall obtain all required local, state and federal permits and approvals prior to completion of the PROJECT construction and shall certify that it has done so to the DEPARTMENT by completing the Project Completion Certification, FPS-A037, referenced in s. 62D-5.058(7)(d) of the RULE.

16. This PROJECT AGREEMENT shall become effective upon execution by both parties and the GRANTEE shall complete construction of all PROJECT ELEMENTS on or before April 30, 2010 (hereinafter referred to as the PROJECT completion date), at which time all payment requests and completion documentation will be due to the DEPARTMENT.

17. Project completion means the PROJECT is open and available for use by the public. PROJECT must be designated complete prior to release of final reimbursement. See Rule 62D-5.054(41).

18. The GRANTEE shall maintain books, records and documents directly pertinent to performance under this PROJECT AGREEMENT in accordance with generally accepted accounting principles consistently applied, including the PROCEDURE. The DEPARTMENT, the State, or their authorized representatives shall have access to such records for audit purposes during the term of this PROJECT AGREEMENT and for five years following PROJECT AGREEMENT completion or resolution of any dispute arising under this PROJECT AGREEMENT. In the event any work is subcontracted, the GRANTEE shall similarly require each subcontractor to maintain and allow access to such records for audit purposes.

19. A. In addition to the requirements of the preceding paragraph, the GRANTEE shall comply with the applicable provisions contained in **Attachment 1, Special Audit Requirements**, attached hereto and made a part hereof. **Exhibit 1** to **Attachment 1** summarizes the funding sources supporting the PROJECT AGREEMENT for purposes of assisting the GRANTEE in complying with the requirements of **Attachment 1**. A revised copy of **Exhibit 1** must be provided to the GRANTEE for each amendment which authorizes a funding increase or decrease. If the GRANTEE fails to receive a revised copy of **Exhibit 1**, the GRANTEE shall notify the DEPARTMENT's Grant Manager to request a copy of the updated information.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

DRAFT

B. The GRANTEE is hereby advised that the Federal and/or Florida Single Audit Act Requirements may further apply to lower tier transactions that may be a result of this PROJECT AGREEMENT. The GRANTEE shall consider the type of financial assistance (federal and/or state) identified in **Attachment 1, Exhibit 1** when making its determination. For federal financial assistance, the GRANTEE shall utilize the guidance provided under OMB Circular A-133, Subpart B, Section ___.210 for determining whether the relationship represents that of a subrecipient or vendor. For state financial assistance, the GRANTEE shall utilize the form entitled "Checklist for Nonstate Organizations Recipient/Subrecipient vs. Vendor Determination" (form number DFS-A2-NS) that can be found under the "Links/Forms" section appearing at the following website:

https://apps.fldfs.com/fsaa

The GRANTEE should confer with its chief financial officer, audit director or contact the DEPARTMENT for assistance with questions pertaining to the applicability of these requirements.

20. Following receipt of an audit report identifying any reimbursement due the DEPARTMENT for the GRANTEE's noncompliance with this PROJECT AGREEMENT, the GRANTEE will be allowed a maximum of thirty (30) days to submit additional pertinent documentation to offset the amount identified as being due to the DEPARTMENT. The DEPARTMENT, following a review of the documentation submitted by the GRANTEE, will inform the GRANTEE of the final reimbursement due the DEPARTMENT.

21. The GRANTEE warrants and represents that it is self-funded for liability insurance, appropriate and allowable under Florida law, and that such self-insurance offers protection applicable to the GRANTEE's officers, employees, servants and agents while acting within the scope of their employment with the GRANTEE.

22. To the extent required by law, the GRANTEE will be self-insured against, or will secure and maintain during the life of this PROJECT AGREEMENT, Workers' Compensation Insurance for all of its employees connected with the work of this Project and, in case any work is subcontracted, the GRANTEE shall require the subcontractor to provide Workers' Compensation Insurance for all of the subcontractor's employees unless such employees are covered by the protection afforded by the GRANTEE. Such self-insurance program or insurance coverage shall comply fully with the Florida Workers' Compensation law. In case any class of employees engaged in hazardous work under this PROJECT AGREEMENT is not protected under Workers' Compensation statutes, the GRANTEE shall provide, and cause each subcontractor to provide, adequate insurance satisfactory to the DEPARTMENT, for the protection of its employees not otherwise protected.

DRAFT

23. The GRANTEE covenants that it presently has no interest and shall not acquire any interest which would conflict in any manner or degree with the performance of services required.

24. The purchase of non-expendable equipment is not authorized under the terms of this PROJECT AGREEMENT.

25. For the purpose of this PROJECT AGREEMENT, the DEPARTMENT's Grant Manager shall be responsible for ensuring performance of its terms and conditions and shall approve all reimbursement requests prior to payment. The GRANTEE's Grant Manager, identified in paragraph 26, or successor, shall act on behalf of the GRANTEE relative to the provisions of this PROJECT AGREEMENT. The GRANTEE, shall submit to the DEPARTMENT signed PROJECT status reports every January 5th, May 5th, and September 5th of each year summarizing the work accomplished, problems encountered, percentage of completion, and other information which may be requested by the DEPARTMENT. Photographs to reflect the construction work accomplished shall be submitted when the DEPARTMENT requests them.

26. Any and all notices required by this PROJECT AGREEMENT shall be deemed sufficient if delivered or sent by certified mail to the parties at the following addresses:

GRANTEE's Grant Manager	DEPARTMENT's Grant Manager
Ms. Loretta Moisio Grants Coordinator Post Office Box 277 Ormond Beach, FL 32175	Rita Ventry Florida Department of Environmental Protection 3900 Commonwealth Blvd., MS585 Tallahassee, Florida 32399-3000

27. Prior to final reimbursement, the GRANTEE must erect a permanent information sign on the PROJECT site which credits PROJECT funding or a portion thereof, to the Florida Department of Environmental Protection and the Florida Recreation Development Assistance Program.

28. The DEPARTMENT has the right to inspect the PROJECT and any and all records related thereto at any reasonable time.

29. This PROJECT AGREEMENT may be unilaterally canceled by the DEPARTMENT for refusal by the GRANTEE to allow public access to all documents, papers, letters, or other material made or received by the GRANTEE in conjunction with this PROJECT AGREEMENT unless the records are exempt from Section 24(a) of Article I of the State Constitution and Section 119.07, Florida Statutes.

DRAFT

30. A. The DEPARTMENT may terminate this PROJECT AGREEMENT at any time in the event of the failure of the GRANTEE to fulfill any of its obligations under this PROJECT AGREEMENT. Prior to termination, the DEPARTMENT shall provide thirty (30) calendar days written notice of its intent to terminate and shall provide the GRANTEE an opportunity to consult with the DEPARTMENT regarding the reason(s) for termination.

B. The DEPARTMENT may terminate this PROJECT AGREEMENT after three years if the Governor does not approve certification forward of the PROJECT funds.

31. Prior to the closing of the PROJECT, the DEPARTMENT shall have the right to a refund, either in whole or in part, of the FRDAP funds provided to the GRANTEE for noncompliance with the material terms of this PROJECT AGREEMENT. The GRANTEE, upon such written notification from the DEPARTMENT, shall refund, and shall forthwith pay to the DEPARTMENT, the amount of money demanded by the DEPARTMENT. Interest on any refund shall begin the date that the GRANTEE was informed that a refund was required and continues to accrue until the date the refund and interest are paid to the DEPARTMENT.

32. The GRANTEE shall comply with all federal, state and local regulations, rules and ordinances in developing this PROJECT. The GRANTEE acknowledges that this requirement includes compliance with all federal, state and local health and safety rules and regulations including all applicable building codes. The GRANTEE further agrees to include the requirements of this paragraph in all subcontracts made to perform this PROJECT AGREEMENT.

33. The GRANTEE may subcontract work under this PROJECT AGREEMENT without the prior written consent of the DEPARTMENT'S Grant Manager. The GRANTEE agrees to be responsible for the fulfillment of all work elements included in any subcontract. It is understood and agreed by the GRANTEE that the DEPARTMENT shall not be liable to any subcontractor for any expenses or liabilities incurred under the subcontract and that the GRANTEE shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract.

34. Land owned by the GRANTEE, which is developed or acquired with FRDAP funds, shall be dedicated in perpetuity as an outdoor recreation site by the GRANTEE for the use and benefit of the public as stated in section 62D-5.059(1) of the RULE. Land under control other than by ownership of the GRANTEE, such as by lease, shall be dedicated as an outdoor recreation area for the use and benefit of the public for a minimum period of twenty-five (25) years from the completion date set forth in the PROJECT completion certificate. All dedications must be recorded in the county property records by the owner, or by the GRANTEE if the owner has given GRANTEE authority to do so. Such PROJECT

DRAFT

shall be open at reasonable times and shall be managed in a safe and attractive manner appropriate for public use.

35. Failure to comply with the provisions of the RULE or the terms and conditions of this PROJECT AGREEMENT will result in termination of the PROJECT AGREEMENT by the DEPARTMENT. The DEPARTMENT shall give the GRANTEE in violation of the RULE or this PROJECT AGREEMENT a notice in writing under Paragraph 26 of the particular violations stating a reasonable time to comply. Failure to comply within the time period stated in the written notice shall result in termination of the PROJECT AGREEMENT and shall result in the imposition of the terms in Paragraph 31.

36. In the event of conflict in the provisions of the RULE, the PROJECT AGREEMENT and the Project Application, the provisions of the RULE shall control over this PROJECT AGREEMENT and this PROJECT AGREEMENT shall control over the Project Application documents.

37. If the DEPARTMENT determines that site control is not sufficient under the RULE, or has been compromised, the DEPARTMENT shall give the GRANTEE a notice in writing and a reasonable time to comply. If the deficiency is not corrected within the time specified in the notice, the DEPARTMENT shall terminate this PROJECT AGREEMENT and shall impose the terms of Paragraph 31.

38. Pursuant to section 216.347, Florida Statutes, the GRANTEE is prohibited from spending FRDAP grant funds for the purpose of lobbying the legislature, the judicial branch, or a state agency.

39. A. No person on the grounds of race, creed, color, national origin, age, sex, marital status or disability, shall be excluded from participation in; be denied the proceeds or benefits of; or be otherwise subjected to discrimination in performance of this PROJECT AGREEMENT.

B. An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid on a contract to provide goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not award or perform work as a contractor, supplier, subcontractor, or consultant under contract with any public entity, and may not transact business with any public entity. The Florida Department of Management Services is responsible for maintaining the discriminatory vendor list which may be found at http://dms.myflorida.com/dms/purchasing/convicted_suspended_discriminatory_complaints_vendor_lists. Questions regarding the discriminatory vendor list may be directed to the Florida Department of Management Services, Office of Supplier Diversity at (850) 487-0915.

DRAFT

40. Each party hereto agrees that it shall be solely responsible for the wrongful acts of its employees and agents. However, nothing contained herein shall constitute a waiver by either party of its sovereign immunity or the provisions of section 768.28, Florida Statutes.

41. The PROJECT AGREEMENT has been delivered in the State of Florida and shall be construed in accordance with the laws of Florida. Wherever possible, each provision of this PROJECT AGREEMENT shall be interpreted in such manner as to be effective and valid under applicable Florida law, but if any provision of this PROJECT AGREEMENT shall be prohibited or invalid under applicable Florida law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this PROJECT AGREEMENT. Any action hereon or in connection herewith shall be brought in Leon County, Florida unless prohibited by applicable law.

42. No delay or failure to exercise any right, power or remedy accruing to either party upon breach or default by either party under this PROJECT AGREEMENT shall impair any such right, power or remedy of either party; nor shall such delay or failure be construed as a waiver of any such breach or default, or any similar breach or default thereafter.

43. This PROJECT AGREEMENT is not intended nor shall it be construed as granting any rights, privileges or interest to any third party without mutual written agreement of the parties hereto.

44. This PROJECT AGREEMENT is an exclusive contract and may not be assigned in whole or in part without the prior written approval of the DEPARTMENT.

45. This PROJECT AGREEMENT represents the entire agreement of the parties. Any alterations, variations, changes, modifications or waivers of provisions of this PROJECT AGREEMENT shall only be valid when they have been reduced to writing, in the form of an Amendment duly executed by each of the parties hereto, and attached to the original of this PROJECT AGREEMENT.

List of attachments/exhibits included as part of this Agreement:

Specify Type	Letter/ Number	Description (include number of pages)
Attachment	1	Special Audit Requirements (5 Pages)

DRAFT

ATTACHMENT 1

SPECIAL AUDIT REQUIREMENTS

The administration of resources awarded by the Department of Environmental Protection *(which may be referred to as the "Department", "DEP", "FDEP" or "Grantor", or other name in the contract/agreement)* to the recipient *(which may be referred to as the "Contractor", Grantee" or other name in the contract/agreement)* may be subject to audits and/or monitoring by the Department of Environmental Protection, as described in this attachment.

MONITORING

In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, F.S., as revised (see "AUDITS" below), monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this Agreement, the recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Department of Environmental Protection. In the event the Department of Environmental Protection determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in OMB Circular A-133, as revised.

1. In the event that the recipient expends $500,000 or more in Federal awards in its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. EXHIBIT 1 to this Agreement indicates Federal funds awarded through the Department of Environmental Protection by this Agreement. In determining the Federal awards expended in its fiscal year, the recipient shall consider all sources of Federal awards, including Federal resources received from the Department of Environmental Protection. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions of OMB Circular A-133, as revised, will meet the requirements of this part.

2. In connection with the audit requirements addressed in Part I, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.

3. If the recipient expends less than $500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. In the event that the recipient expends less than $500,000 in Federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than Federal entities).

4. The recipient may access information regarding the Catalog of Federal Domestic Assistance (CFDA) via the internet at **http://12.46.245.173/cfda/cfda.html.**

DRAFT

PART II: STATE FUNDED

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2)(m), Florida Statutes.

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of $500,000 in any fiscal year of such recipient, the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this Agreement indicates state financial assistance awarded through the Department of Environmental Protection by this Agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Environmental Protection, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.

2. In connection with the audit requirements addressed in Part II, paragraph 1; the recipient shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

3. If the recipient expends less than $500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the recipient expends less than $500,000 in state financial assistance in its fiscal year, and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).

4. For information regarding the Florida Catalog of State Financial Assistance (CSFA), a recipient should access the Florida Single Audit Act website located at https://apps.fldfs.com/fsaa for assistance. In addition to the above websites, the following websites may be accessed for information: Legislature's Website at http://www.leg.state.fl.us/Welcome/index.cfm, State of Florida's website at http://www.myflorida.com/, Department of Financial Services' Website at http://www.fldfs.com/ and the Auditor General's Website at http://www.state.fl.us/audgen.

PART III: OTHER AUDIT REQUIREMENTS

(NOTE: This part would be used to specify any additional audit requirements imposed by the State awarding entity that are solely a matter of that State awarding entity's policy (i.e., the audit is not required by Federal or State laws and is not in conflict with other Federal or State audit requirements). Pursuant to Section 215.97(8), Florida Statutes, State agencies may conduct or arrange for audits of State financial assistance that are in addition to audits conducted in accordance with Section 215.97, Florida Statutes. In such an event, the State awarding agency must arrange for funding the full cost of such additional audits.)

PART IV: REPORT SUBMISSION

1. Copies of reporting packages for audits conducted in accordance with OMB Circular A-133, as revised, and required by PART I of this Attachment shall be submitted, when required by Section .320 (d), OMB Circular A-133, as revised, by or on behalf of the recipient directly to each of the following:

DRAFT

A. The Department of Environmental Protection at the following address:

Audit Director

Florida Department of Environmental Protection
Office of the Inspector General, MS 40
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000

B. The Federal Audit Clearinghouse designated in OMB Circular A-133, as revised (the number of copies required by Sections .320 (d)(1) and (2), OMB Circular A-133, as revised, should be submitted to the Federal Audit Clearinghouse), at the following address:

Federal Audit Clearinghouse
Bureau of the Census
1201 East 10th Street
Jeffersonville, IN 47132

C. Other Federal agencies and pass-through entities in accordance with Sections .320 (e) and (f), OMB Circular A-133, as revised.

2. Pursuant to Section .320(f), OMB Circular A-133, as revised, the recipient shall submit a copy of the reporting package described in Section .320(c), OMB Circular A-133, as revised, and any management letters issued by the auditor, to the Department of Environmental Protection at the following address:

Audit Director

Florida Department of Environmental Protection
Office of the Inspector General, MS 40
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000

3. Copies of financial reporting packages required by PART II of this Attachment shall be submitted by or on behalf of the recipient directly to each of the following:

A. The Department of Environmental Protection at the following address:

Audit Director

Florida Department of Environmental Protection
Office of the Inspector General, MS 40
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000

B. The Auditor General's Office at the following address:

State of Florida Auditor General
Room 401, Claude Pepper Building
111 West Madison Street
Tallahassee, Florida 32399-1450

DRAFT

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

4. Copies of reports or management letters required by PART III of this Attachment shall be submitted by or on behalf of the recipient directly to the Department of Environmental Protection at the following address:

Audit Director

Florida Department of Environmental Protection
Office of the Inspector General, MS 40
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000

5. Any reports, management letters, or other information required to be submitted to the Department of Environmental Protection pursuant to this Agreement shall be submitted timely in accordance with OMB Circular A-133, Florida Statutes, or Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, as applicable.

6. Recipients, when submitting financial reporting packages to the Department of Environmental Protection for audits done in accordance with OMB Circular A-133, or Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, should indicate the date that the reporting package was delivered to the recipient in correspondence accompanying the reporting package.

PART V: RECORD RETENTION

The recipient shall retain sufficient records demonstrating its compliance with the terms of this Agreement for a period of 5 years from the date the audit report is issued, and shall allow the Department of Environmental Protection, or its designee, Chief Financial Officer, or Auditor General access to such records upon request. The recipient shall ensure that audit working papers are made available to the Department of Environmental Protection, or its designee, Chief Financial Officer, or Auditor General upon request for a period of 3 years from the date the audit report is issued, unless extended in writing by the Department of Environmental Protection.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

EXHIBIT – 1

FUNDS AWARDED TO THE RECIPIENT PURSUANT TO THIS AGREEMENT CONSIST OF THE FOLLOWING:

Federal Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following:

Federal Program Number	Federal Agency	CFDA Number	CFDA Title	Funding Amount	State Appropriation Category

State Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following Matching Resources for Federal Programs:

Federal Program Number	Federal Agency	CFDA	CFDA Title	Funding Amount	State Appropriation Category

State Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following Resources Subject to Section 215.97, F.S.:

State Program Number	Funding Source	State Fiscal Year	CSFA Number	CSFA Title or Funding Source Description	Funding Amount	State Appropriation Category
F8018	Land Acquisition Trust Fund	FY2007-2008	37.017	Florida Recreation Development Assistance Program	$200,000.00	140002

Total Award		$200,000.00

For each program identified above, the recipient shall comply with the program requirements described in the Catalog of Federal Domestic Assistance (CFDA) [http://12.46.245.173/cfda/cfda.html] and/or the Florida Catalog of State Financial Assistance (CSFA) [https://apps.fldfs.com/fsaa/searchCatalog.aspx]. The services/purposes for which the funds are to be used are included in the Contract scope of services/work. Any match required by the recipient is clearly indicated in the Contract.

RESTRICTIVE COVENANTS

THESE COVENANTS are entered into this 15th day of March 2012, by the **City of Ormond Beach, 22 S. Beach Street, Ormond Beach, FL 32174,** hereinafter referred to as "the Owner" and **City of Ormond Beach,** hereinafter referred to as "the Grantee/Lessee," and shall be effective for a period of **30** years from the date of recordation by the Clerk of the Circuit Court of Volusia County, Florida

WHEREAS, the Owner is the fee simple title holder of the Property located on **440 N. Nova Road, Ormond Beach, FL 32174,** in the County of Volusia, Florida, as described as Exhibit A (legal description), attached to and made a part hereof, and

WHEREAS, the Grantee/Lessee is to receive ECHO Grant Program funds administered by the County of Volusia, Florida, 123 W. Indiana Avenue, DeLand, FL 32720, hereinafter referred to as "the County," in the amount of **$225,000** to be used for the construction of the facility situated on the property of the Owner as described as Exhibit A, and

Now THEREFORE, as part of the consideration for the County grant, the Owner and the Grantee/Lessee hereby make and declare the following restrictive covenants which shall run with the title to said Property and be binding on the Owner and its successors in interest, if any, for the period stated in the preamble above:

1. The Owner and the Grantee/Lessee agree to maintain the property so that it continues to be used for as an ECHO facility as defined in the ECHO application definition and described in the grantee's application **No. 12-05**.
2. The Owner and the Grantee/Lessee agree that the County of Volusia, its agents and its designees shall have the right to inspect the Property at all reasonable times in order to ascertain whether the conditions of the Grant Award Agreement and these covenants are being observed.
3. The Owner and the Grantee/Lessee agree that these restrictions shall encumber the property for a period of **30** years from the date of recordation, and that if the restrictions are violated within the **30**-year period, the County of Volusia shall be entitled to liquidated damages pursuant to the following schedule:

   a. If the violation occurs within the first half of the effective time period of these covenants, the County shall be entitled to return of the entire grant amount.

   b. If the violation occurs after the first half of the effective time period, the County shall be entitled to return of the entire grant amount, less the quotient of 2 divided by the number of years in the time period times each year past the mid period of the effective time period times the grant amount. For instance, if the effective period is for forty (40) years and the violation occurs after the thirtieth anniversary of the effective date of these covenants, but prior to the thirty-first anniversary, the County shall be entitled to return of 50% of the original grant amount.
4. The Owner and Grantee/Lessee are liable to the County of Volusia for the amount of the grant if the Owner or Grantee/Lessee breach these Restrictive Covenants and/or the Grant Award Agreement dated **March 15, 2012**. To insure the ability to repay the grant, the Owner and Grantee/Lessee have agreed that they will maintain unencumbered equitable value in the property of at least the amount, and for at least the period of time provided in paragraph three (3) above. The Owner and Grantee/Lessee will not secure with a mortgage or otherwise hypothecate that equitable value in the property.
5. The Owner agrees to file these covenants with the Clerk of the Circuit Court of Volusia County, Florida, and shall pay any and all expenses associated with their filings and recording.
6. The Owner and Grantee/Lessee agree that the County of Volusia shall incur no tax liability as a result of these restrictive covenants.

INTERLOCAL AGREEMENT FOR THE RECIPROCAL USE OF MUNICIPAL RECREATION FACILITIES AND PROVISION FOR THERAPEUTIC RECREATION PROGRAM FOR SPECIAL NEEDS CHILDREN WITH DISABILITIES

THIS AGREEMENT is made and entered into this 16 day of July, 2013, by and between the City of Ormond Beach and the City of Port Orange, each a Florida municipal corporation (hereinafter "City", "Cities", "public agency(ies)", "user agency", or "owner", as the context so requires), who agree as follows:

WHEREAS, Section 163.01, *Florida Statutes*, known as the Florida Interlocal Cooperation Act of 1969, permits any public agency of the State of Florida to exercise jointly with any other public agency, any power, privilege, or authority which said agencies share in common and which each might exercise separately, and

WHEREAS, the acquisition, ownership, custody, operation, maintenance, lease, or sale of real or personal property is one of the permitted purposes of an interlocal agreement under the Florida Interlocal Cooperation Act of 1969, and

WHEREAS, the City of Ormond Beach and the City of Port Orange have in the past frequently made use of each other's facilities for recreational and other programs, to the mutual benefit of each such public agency, and

WHEREAS, in order to obviate the necessity of executing separate agreements each time a participating city desires to use one of the other city's facilities, the cities deem it to be in their best interest and in the best interest of the people whom they serve to have one agreement in effect regarding the reciprocal use of their respective facilities in the future,

NOW THEREFORE, in consideration of mutual covenants hereinafter set forth, the said public agencies agree as follows:

DRAFT

1. That the City of Ormond Beach hereby grants the City of Port Orange Parks & Recreation Department the privilege to use any of its facilities as set forth in Schedule "A", attached hereto and incorporated herein by reference, for joint recreation purposes including, but not limited to, use by residents of Port Orange registered in Therapeutic Recreation summer camp programs, subject to the terms and conditions set forth hereinafter.

2. That the City of Port Orange hereby grants the City of Ormond Beach Leisure Services Department the privilege to use any of its facilities as set forth in Schedule "B", attached hereto and incorporated herein by reference, for joint recreation-related purposes including but not limited to, use by residents of the City of Ormond Beach registered in Therapeutic Recreation summer camp programs, subject to the terms and conditions set forth hereinafter.

3. That a request for the use of the listed facilities by one public agency to another public agency shall be communicated to the chief administrative officer of the agency, or his/her designee, as far in advance of the anticipated date of use as possible, and shall be approved or rejected by such officer or designee at his or her sole discretion.

4. That the parties hereto, by their chief administrative officers, may mutually agree to amend Schedules "A" and "B" by the addition of other facilities or the deletion of listed facilities at any time during the term of this Agreement.

5. That upon approval of the request for use of a specified facility, the owner agency's chief administrative officer, or his/her designee, may establish a fee for the use of the facility by calculating the cost directly attributable to such use by the user agency. The owner agency agrees to invoice the user agency and the user agency shall pay the invoice within thirty (30) days of receipt thereof. In the event of any dispute arising out of any invoice, the chief administrative officers of both agencies, or their designees, shall meet and make every effort to

DRAFT

resolve the matter in an amicable fashion. If the parties are unable to negotiate a resolution of the dispute, the decision of the chief administrative officer of the owner agency shall be final.

6. That each agency shall at all times maintain liability insurance in the amount of no less than $200,000 per injury and $300,000 per accident, or such higher limits as may be imposed by any future amendments to Section 768.28, *Florida Statutes*. Such insurance may be provided by a self-insurance reserve program.

7. Nothing in this agreement shall be deemed as a waiver of sovereign immunity of any of the parties beyond any statutorily-limited waiver which may have been adopted by the Florida Legislature and nothing in this agreement shall inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under the doctrine of sovereign immunity.

8. Within the sovereign immunity limits set forth in Section 768.28, *Florida Statutes,* the user agency shall assume all risk and liability to itself, its agents, assigns, or employees, and shall be responsible to fully defend, indemnify and hold the owner agency harmless from and against any and all claims arising from or related to the use of the facilities by the user agency, and caused by the act or acts, negligence, or failure to exercise proper precautions of and by the user agency, its agents, assigns or employees while occupying, using or visiting the facilities and/or property of the owner agency. Each public agency agrees to provide the other with written notice of any claim subject to this provision, within ten (10) working days of its receipt, and to cooperate fully in the defense of any claim. Notice of claim shall be deemed to be given on the date of mailing thereof by US Mail, First Class delivery.

9. By entering into this agreement, the user agency is not undertaking to hold harmless, indemnify and/or defend the owner agency from and against any and all claims for any injury to

DRAFT

person or damage to property resulting from the conduct of the owner agency, its agents, assigns, or employees for any loss, damage or expense resulting from any act or acts of negligence, or the failure to exercise proper precautions of and by the owner agency, its agents, assigns or employees.

10. That the user agency agrees to repair any of the owner agency's facilities or property which may become damaged as a direct result of use by the user agency. The user agency shall notify the owner agency immediately should any damage occur during use by the user agency. The owner agency shall notify the user agency, in writing, within five (5) days of the discovery of any damage allegedly caused by the user agency. Upon prior approval of the owner agency, repairs shall be made as expeditiously as possible by the user agency.

11. That this agreement shall become effective upon execution by all parties and shall remain in full force and effect for (5) years and may be extended for additional terms of five (5) years upon written approval of the parties. This agreement may be terminated by any of the parties, with or without cause, thirty (30) days after a majority vote to so terminate by that party's governing body and written communication of that vote to the other public agencies.

12. That any notice required to be given by this agreement shall be directed to the following addresses:

CITY OF ORMOND BEACH Office of the City Manager 22 Beach Street Ormond Beach, FL 32174	CITY OF PORT ORANGE Office of the City Manager 1000 City Center Circle Port Orange, FL 32129

13. That in the event it becomes necessary to institute litigation to enforce any of the terms of this agreement, the prevailing party shall be entitled to recover all out-of-pocket expenses and a reasonable attorney's fee, from the date of filing until the termination of the litigation.

DRAFT

14. That this Agreement shall be filed with the Clerk of Circuit Court in and for Volusia County, Florida, pursuant to Section 163.01(11), *Florida Statutes*.

IN WITNESS WHEREOF, the parties hereto by their duly authorized officers have set their hands and seal the day and year first above written.

FCCI INSURANCE GROUP

PROTECTING BUSINESS, PROPERTY AND PEOPLE

GENERAL POWER OF ATTORNEY

Know all men by these presents: That the FCCI Insurance Company, a Corporation organized and existing under the laws of the State of Florida (the "Corporation") does make, constitute and appoint:

Joseph D Johnson Jr.; Brett A Ragland; Debra Sullivan

Each, its true and lawful Attorney-in-Fact, to make, execute, seal and deliver for and on its behalf as surety, and as its act and deed in all bonds and undertakings provided that no bond or undertaking or combination of bonds executed under this authority shall exceed the sum of (not to exceed $5,000,000): $5,000,000.00

This Power of Attorney is made and executed by authority of a Resolution adopted by the Board of Directors. That resolution also authorized any further action by the officers of the Company necessary to effect such transaction.

The signatures below and the seal of the Corporation may be affixed by facsimile, and any such facsimile signatures or facsimile Seal shall be binding upon the Corporation when so affixed and in the future with regard to any bond, undertaking or contract of surety to which it is attached.

In witness whereof, the FCCI Insurance Company has caused these presents to be signed by its duly authorized officers and its corporate Seal to be hereunto affixed, this 22nd day of September 2014.

DRAFT

GENERAL NOTES

1. ALL CONSTRUCTION, DRAINAGE STRUCTURES AND OTHER SITE IMPROVEMENTS SHALL BE CONSTRUCTED IN ACCORDANCE WITH THE LATEST EDITIONS OF FLORIDA DEPARTMENT OF TRANSPORTATION STANDARD PLANS AND SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION OR THE CITY OF ORMOND BEACH'S LAND DEVELOPMENT CODE REQUIREMENTS, STANDARD CONSTRUCTION DETAILS & STANDARD SPECIFICATIONS, WHICHEVER IS MORE STRINGENT.
2. SHOP DRAWINGS AND CERTIFICATIONS FOR ALL MATERIALS AND STRUCTURES ARE REQUIRED. THE CONTRACTOR SHALL REVIEW AND SIGN SHOP DRAWINGS. THE CONTRACTOR SHALL SUBMIT REVIEWED SHOP DRAWINGS TO THE ENGINEER FOR APPROVAL PRIOR TO ORDERING THE MATERIALS REQUIRED FOR CONSTRUCTION.
3. CONSTRUCTION SHALL BE IN ACCORDANCE WITH ALL REQUIRED PERMITS. THE CONTRACTOR SHALL MAINTAIN COPIES OF ALL RELEVANT PERMITS AND CONSTRUCTION DOCUMENTS AVAILABLE ON THE JOB SITE AT ALL TIMES.
4. CONTRACTOR TO MAINTAIN THE SITE IN A SAFE AND SECURE MANNER TO PROTECT PUBLIC SAFETY AND THE CONDITIONS OF THE IMPROVEMENTS.
5. THE CONTRACTOR SHALL MAINTAIN, AT THE JOB SITE, A RECORD COPY OF ALL CONSTRUCTION DRAWINGS AND SPECIFICATIONS ON WHICH ALL FIELD CHANGES ARE TO BE SHOWN. THESE CHANGES ARE TO BE INCORPORATED IN THE "AS-BUILT" SURVEY FURNISHED TO THE ENGINEER.
6. SHOULD CONDITIONS VARY FROM THOSE SHOWN ON THESE PLANS, THE CONTRACTOR SHALL IMMEDIATELY NOTIFY THE ENGINEER OF RECORD PRIOR TO CONTINUING CONSTRUCTION.
7. ANY FIELD MODIFICATIONS OR DEVIATIONS TO THESE CONSTRUCTION PLANS REQUIRES APPROVAL BY BOTH THE ENGINEER OF RECORD AND THE CITY OF ORMOND BEACH PRIOR TO PERFORMING THE WORK.
8. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO PROVIDE AN "AS-BUILT" SURVEY OF THE COMPLETED CONSTRUCTION. THE "AS-BUILT" SURVEY SHALL BE PREPARED IN ACCORDANCE WITH APPROPRIATE GOVERNMENTAL REGULATIONS AND ZCA REQUIREMENTS. THE "AS-BUILT" SURVEY SHALL BE PREPARED ON ZCA'S DESIGN/PERMITTED PLANS. ELECTRONIC AND PAPER COPIES OF THE AS-BUILT SURVEY SHALL BE PROVIDED TO THE ENGINEER OF RECORD. THE "AS-BUILT" SHALL BE SIGNED AND SEALED BY A FLORIDA REGISTERED PROFESSIONAL LAND SURVEYOR.
9. THE CONTRACTOR SHALL BE RESPONSIBLE FOR MAINTAINING VEHICULAR AND PEDESTRIAN TRAFFIC SAFELY THROUGH THE WORK ZONE AT ALL TIMES, IF APPLICABLE. ANY SIDEWALK, LANE OR ROAD CLOSURE REQUIRES REVIEW AND APPROVAL IN ADVANCE AND A SEVEN (7) DAY MINIMUM NOTICE TO THE CITY OF ORMOND BEACH/VOLUSIA COUNTY TRAFFIC OPERATIONS (386-239-6535). THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE REQUIRED COORDINATION.
10. MAINTENANCE OF TRAFFIC WILL BE IN ACCORDANCE WITH THE MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES FOR STREETS AND HIGHWAY CONSTRUCTION, MAINTENANCE AND UTILITY OPERATIONS AND THE FLORIDA DEPARTMENT OF TRANSPORTATION STANDARD PLANS, LATEST EDITIONS.
11. CONTRACTOR TO NOTIFY THE REGULATORY AGENCIES FORTY EIGHT (48) HOURS PRIOR TO THE START OF CONSTRUCTION. CONTRACTOR SHALL SEND COPIES OF ALL TESTING REPORTS TO THE REGULATORY AGENCIES AND THE ENGINEER OF RECORD.
12. SURVEY INFORMATION PROVIDED BY _____ DATED _____. ALL ELEVATIONS BASED ON NORTH AMERICAN VERTICAL DATUM OF 1988 (NAVD 88) AND ARE SHOWN IN FEET. STATE PLANE COORDINATES ARE BASED UPON NAD 83.
13. ALL PUBLIC LAND CORNERS AND MONUMENTS WITHIN THE LIMITS OF CONSTRUCTION ARE TO BE PROTECTED. THE CONTRACTOR SHALL EMPLOY A SURVEYOR, REGISTERED IN THE STATE OF FLORIDA, TO REPLACE/RESTORE ANY PROPERTY OR LAND MARKERS DISTURBED BY CONSTRUCTION.
14. NO LAND SHALL BE CLEARED, EXCAVATED OR FILLED AND NO STRUCTURES SHALL BE ERECTED, REPAIRED OR DEMOLISHED WITHOUT PROPER PERMIT(S).
15. THE CONTRACTOR SHALL BE RESPONSIBLE FOR COMPLIANCE WITH ALL LOCAL, STATE AND FEDERAL REGULATIONS AS WELL AS THE REQUIREMENTS OF ST. JOHNS RIVER WATER MANAGEMENT DISTRICT AND E.P.A. (NPDES). CONTRACTOR SHALL ESTABLISH BEST MANAGEMENT PRACTICES AND EROSION CONTROL METHODS PRIOR TO COMMENCING ANY SITE CLEARING OR DEMOLITION AND SHALL MAINTAIN THOSE BARRIERS UNTIL FINAL ACCEPTANCE OF THE PROJECT.
16. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE PROJECT'S NPDES PERMITTING, INSPECTION AND REPORTING, IF APPLICABLE.
17. THE EROSION, SEDIMENT AND TURBIDITY CONTROL MEASURES DELINEATED HEREON ARE THE MINIMUM REQUIRED. ADDITIONAL CONTROLS MAY BE NEEDED, DEPENDING UPON THE ACTUAL SITE CONDITIONS, JURISDICTIONAL AGENCY PERMIT REQUIREMENTS AND CONSTRUCTION OPERATIONS. STAKED SILT FENCE SHALL BE UTILIZED TO CONTROL EROSION AND RELEASE OF SUSPENDED SOLIDS. SEDIMENT TRACKING CONTROL DEVICES SHALL BE USED TO PREVENT THE OFFSITE TRANSPORT OF SEDIMENT BY MOTORIZED VEHICLES. IF CONTROL MEASURES DO NOT PROVE SATISFACTORY, WORK SHALL CEASE UNTIL NEW MEASURES ARE ADOPTED WITH SATISFACTORY RESULTS.
18. ALL EROSION AND SEDIMENT TRACKING CONTROL DEVICES SHALL BE INSPECTED DAILY AND IMMEDIATELY FOLLOWING A RAINFALL EVENT. REFER TO PROJECT'S STORMWATER POLLUTION PREVENT PLAN (SWPPP). ANY DEFICIENCIES FOUND IN THE EROSION CONTROL MEASURES SHALL BE REPAIRED IMMEDIATELY. THE CONTRACTOR SHALL KEEP A LOG BOOK DOCUMENTING THESE DAILY INSPECTIONS, DEFICIENCIES AND REMEDIAL ACTIONS.
19. ALL UNSUITABLE SOILS AND UNSUITABLE MATERIALS (SUCH AS CLAY, ORGANICS, ROCK, CEMENTED COQUINA, DEBRIS, ETC.) SHALL BE REMOVED, DISPOSED OF IN A LEGAL MANNER AND REPLACED WITH DRY COMPACTED GRANULAR MATERIAL SATISFACTORY TO THE CITY OF ORMOND BEACH. THE COST OF ALL WORK AND MATERIALS IS TO BE INCLUDED IN THE UNIT PRICE OF THE ASSOCIATED CONSTRUCTION ITEMS UNLESS OTHERWISE SHOWN IN THE PLANS.
20. IN THE EVENT THAT WATER IS ENCOUNTERED DURING CONSTRUCTION, DEWATERING SHALL BE PERFORMED AS NEEDED. THE CONTRACTOR IS SOLELY RESPONSIBLE FOR THE DESIGN, PERMITTING, INSTALLATION, OPERATION AND SUBSEQUENT REMOVAL OF DEWATERING SYSTEMS AND THEIR SAFETY AND CONFORMITY WITH APPLICABLE CODES AND REGULATIONS.
21. PRIOR TO COMMENCEMENT OF CONSTRUCTION, THE CONTRACTOR SHALL NOTIFY THE APPROPRIATE ELECTRIC, TELEPHONE, GAS, CABLE TELEVISION, COMMUNICATIONS, ETC. COMPANIES TO DETERMINE THE TYPE AND LOCATION OF ALL UNDERGROUND FACILITIES IN THE AREA OF CONSTRUCTION.
22. ALL UNDERGROUND UTILITIES HAVE BEEN LOCATED HORIZONTALLY AND VERTICALLY BASED ON THE BEST INFORMATION AVAILABLE AND SHOULD BE CONSIDERED APPROXIMATE ONLY. THE CONTRACTOR SHALL BE RESPONSIBLE FOR LOCATING AND VERIFYING ALL ELEVATIONS OF EXISTING UTILITIES (PUBLIC AND PRIVATE) SHOWN OR NOT SHOWN PRIOR TO CONSTRUCTION. THE CONTRACTOR SHALL BE RESPONSIBLE FOR NOTIFYING THE VARIOUS UTILITY COMPANIES TO MAKE THE NECESSARY ARRANGEMENTS FOR ANY RELOCATION, DISRUPTION OF SERVICE OR CLARIFICATION OF ACTIVITY REGARDING SAID UTILITY. THE CONTRACTOR SHALL EXERCISE EXTREME CAUTION WHEN WORKING NEAR OR CROSSING A UTILITY, WHETHER SHOWN ON THESE PLANS OR FIELD LOCATED. THE CONTRACTOR SHALL BE RESPONSIBLE TO COORDINATE AND NOTIFY THE UTILITY COMPANIES FOR UTILITIES WITHIN 10' OF THE LIMITS OF THE PROPOSED CONSTRUCTION. THE CONTRACTOR SHALL BE RESPONSIBLE TO PAY FOR ANY REPAIR, RELOCATION OR TEMPORARY MEASURES NEEDED FOR EXISTING OR PROPOSED UTILITIES.
23. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO LOCATE AND AVOID ALL UTILITIES, OTHER STRUCTURES AND OBSTRUCTIONS BOTH ABOVE AND BELOW GROUND. ALL DAMAGE RESULTING FROM THE CONTRACTOR'S FAILURE TO COMPLY WITH THIS REQUIREMENT SHALL BE REPAIRED AT THE CONTRACTOR'S EXPENSE.
24. THE CONTRACTOR SHALL NOTIFY ALL UTILITY PROVIDERS AT LEAST TWO (2) BUSINESS DAYS PRIOR TO ANY CONSTRUCTION.
25. THE CONTRACTOR SHALL MAINTAIN UNINTERRUPTED SERVICE AT ALL SERVICE CONNECTIONS. THE MANNER IN WHICH THIS IS ACCOMPLISHED SHALL BE LEFT TO THE DISCRETION OF THE CONTRACTOR, SUBJECT TO THE REQUIREMENTS OF THE CONTRACT SPECIFICATIONS.
26. ALL EXISTING DRAINAGE STRUCTURES AND UTILITIES WITHIN THE CONSTRUCTION LIMITS SHALL REMAIN, UNLESS OTHERWISE NOTED IN PLANS.
27. ALL STATIONS AND OFFSETS REFER TO CENTERLINE CONSTRUCTION UNLESS OTHERWISE NOTED IN PLANS.
28. THE LENGTH OF ALL DRAINAGE PIPES AND LOCATION OF ALL DRAINAGE STRUCTURES ARE APPROXIMATE. THE LOCATION OF THE DRAINAGE STRUCTURE SHALL DETERMINE THE LENGTH OF PIPE.
29. THE TOP OF CASTING ELEVATIONS (TC) OF ALL STRUCTURES ARE SHOWN. HOWEVER, THE CONTRACTOR SHALL INSTALL ALL FRAMES SO AS TO PROVIDE A SMOOTH SURFACE FOR VEHICULAR AND/OR PEDESTRIAN TRAFFIC.
30. CONTRACTOR SHALL CONFIRM PROPOSED TOP OF CASTING (TC) ELEVATIONS WILL ALLOW POSITIVE DRAINAGE TO PROPOSED INLETS. IF POSITIVE DRAINAGE DOES NOT EXIST, CONTRACTOR TO COORDINATE WITH ENGINEER OF RECORD FOR SOLUTION AND ADJUST PROPOSED INLETS AS NECESSARY AT NO COST.
31. CONTRACTOR SHALL CONFIRM ELEVATION OF EXISTING GRADE PRIOR TO PLACING DRAINAGE OUTFALL STRUCTURES. CONTRACTOR SHALL NOTIFY ENGINEER OF RECORD IF EXISTING GRADE DOES NOT MATCH PROPOSED OUTFALL INVERT. CONTRACTOR SHALL ADJUST OUTFALL STRUCTURE INVERT AND/OR STRUCTURE LOCATION AS DIRECTED BY ENGINEER OF RECORD AT NO COST.
32. ANY DRAINAGE PROBLEMS CREATED BY CONSTRUCTION, OR EXISTING BEFORE CONSTRUCTION AND NOT ALLEVIATED, SHOULD BE BROUGHT TO THE ATTENTION OF THE ENGINEER OF RECORD AT THE TIME OF DISCOVERY.
33. ALL STORMWATER PIPES AND INLETS SHALL BE CLEANED OF DEBRIS AND ERODED MATERIALS AT LAST STAGES OF AND PRIOR TO COMPLETION OF CONSTRUCTION.
34. //

GENERAL NOTES

34. SPECIAL ATTENTION IS DIRECTED TO THE FACT THAT PORTIONS OF SOME DRAINAGE STRUCTURES MAY EXTEND INTO THE STABILIZED PORTION OF THE ROADBED. EXTREME CAUTION WILL BE NECESSARY DURING COMPACTION AND STABILIZATION OPERATIONS AT THESE LOCATIONS TO AVOID DAMAGE AND ACHIEVE THE REQUIRED COMPACTION.
35. DURING CONSTRUCTION, AN ALL-WEATHER ACCESSIBLE ROADWAY SHALL BE MAINTAINED AT ALL TIMES FOR FIRE ACCESS.
36. ALL REQUIRED FIRE LINES & HYDRANTS SHALL BE INSTALLED IN ACCORDANCE WITH LOCAL & STATE REQUIREMENTS AND OPERATIONAL PRIOR TO THE START OF VERTICAL CONSTRUCTION.
37. NONE OF THE EXISTING MATERIAL THAT IS REMOVED IS TO BE USED IN THE CONSTRUCTION OF THE NEW BASE UNLESS OTHERWISE NOTED ON PLANS.
38. ALL RAMPS, SIDEWALKS AND ACCESSIBLE ROUTES ARE TO BE IN COMPLIANCE WITH CURRENT A.D.A. REQUIREMENTS.
39. SIGNS THAT ARE REMOVED AND ARE TO BE RELOCATED SHALL BE STOCK PILED BY THE CONTRACTOR. ANY EXISTING SIGNS DAMAGED DURING CONSTRUCTION SHALL BE REPLACED BY THE CONTRACTOR AT HIS COST.
40. ROADWAY AND PARKING SIGNAGE AND MARKINGS SHALL BE IN CONFORMANCE WITH THE MANUAL OF UNIFORM TRAFFIC CONTROL DEVICES, CURRENT EDITION.
41. UNLESS OTHERWISE NOTED, PROPOSED GRADES SHOWN ARE FINISHED GRADES.
42. OPERATION AND MAINTENANCE OF THE STORMWATER SYSTEM WILL BE PROVIDED BY THE OWNER OF PROPERTY. MAINTENANCE IS TO INCLUDE BI-WEEKLY MOWING OF SIDE SLOPES FOR VEGETATION CONTROL AND MONTHLY INSPECTION/CLEANING OF CULVERTS & STORM SYSTEMS.
43. ALL DISTURBED AREAS SHALL BE SODDED, UNLESS OTHERWISE SHOWN, AND SHALL HAVE SOD/ VEGETATED COVER ESTABLISHED PRIOR TO THE INSPECTION FOR THE CERTIFICATE OF OCCUPANCY.
44. INSTALLATION OF THE REQUIRED STREET SIGNS, TRAFFIC SIGNS, PAVEMENT STRIPING, STREET LIGHTS AND SIDEWALKS ALONG WITH THE PAINTING OF THE FIRE HYDRANTS MUST BE COMPLETED PRIOR TO THE ISSUANCE OF THE CERTIFICATE OF COMPLETION.
45. CONTRACTOR IS RESPONSIBLE FOR INSPECTING AND PRE-TESTING PRIOR TO SCHEDULING A TEST OR WALK-THROUGH WITH THE UTILITY REPRESENTATIVES, MUNICIPAL REPRESENTATIVES AND ENGINEER OF RECORD. ANY COST ASSOCIATED WITH RETESTING SHALL BE PAID FOR BY THE CONTRACTOR.
46. THE ENGINEER OF RECORD AND LOCAL UTILITY SHALL BE GIVEN SEVENTY-TWO (72) HOURS NOTICE OF ALL REQUESTED MEETINGS AND/OR TESTING MEASURES.
47. CONTRACTOR SHALL BE RESPONSIBLE TO COORDINATE WITH THE REGULATORY REPRESENTATIVES TO DETERMINE THE INSPECTIONS NEED FOR THE PROJECT. CONTRACTOR SHALL PROVIDE PROPER NOTIFICATION TO INSPECTING AUTHORITIES BEFORE AND DURING CONSTRUCTION.
48. ZEV COHEN AND ASSOCIATES, INC (ZCA) LIABILITY SHALL BE LIMITED TO THE COMPANY'S DESIGN OF SPECIFIC IMPROVEMENTS AS DEPICTED ON THE SITE INFRASTRUCTURE CONSTRUCTION DOCUMENTS.

CONTRACTOR REQUIREMENTS FOR SITE CLEARING, GRADING, AND EROSION CONTROL DESIGN AND CONSTRUCTION NOTES

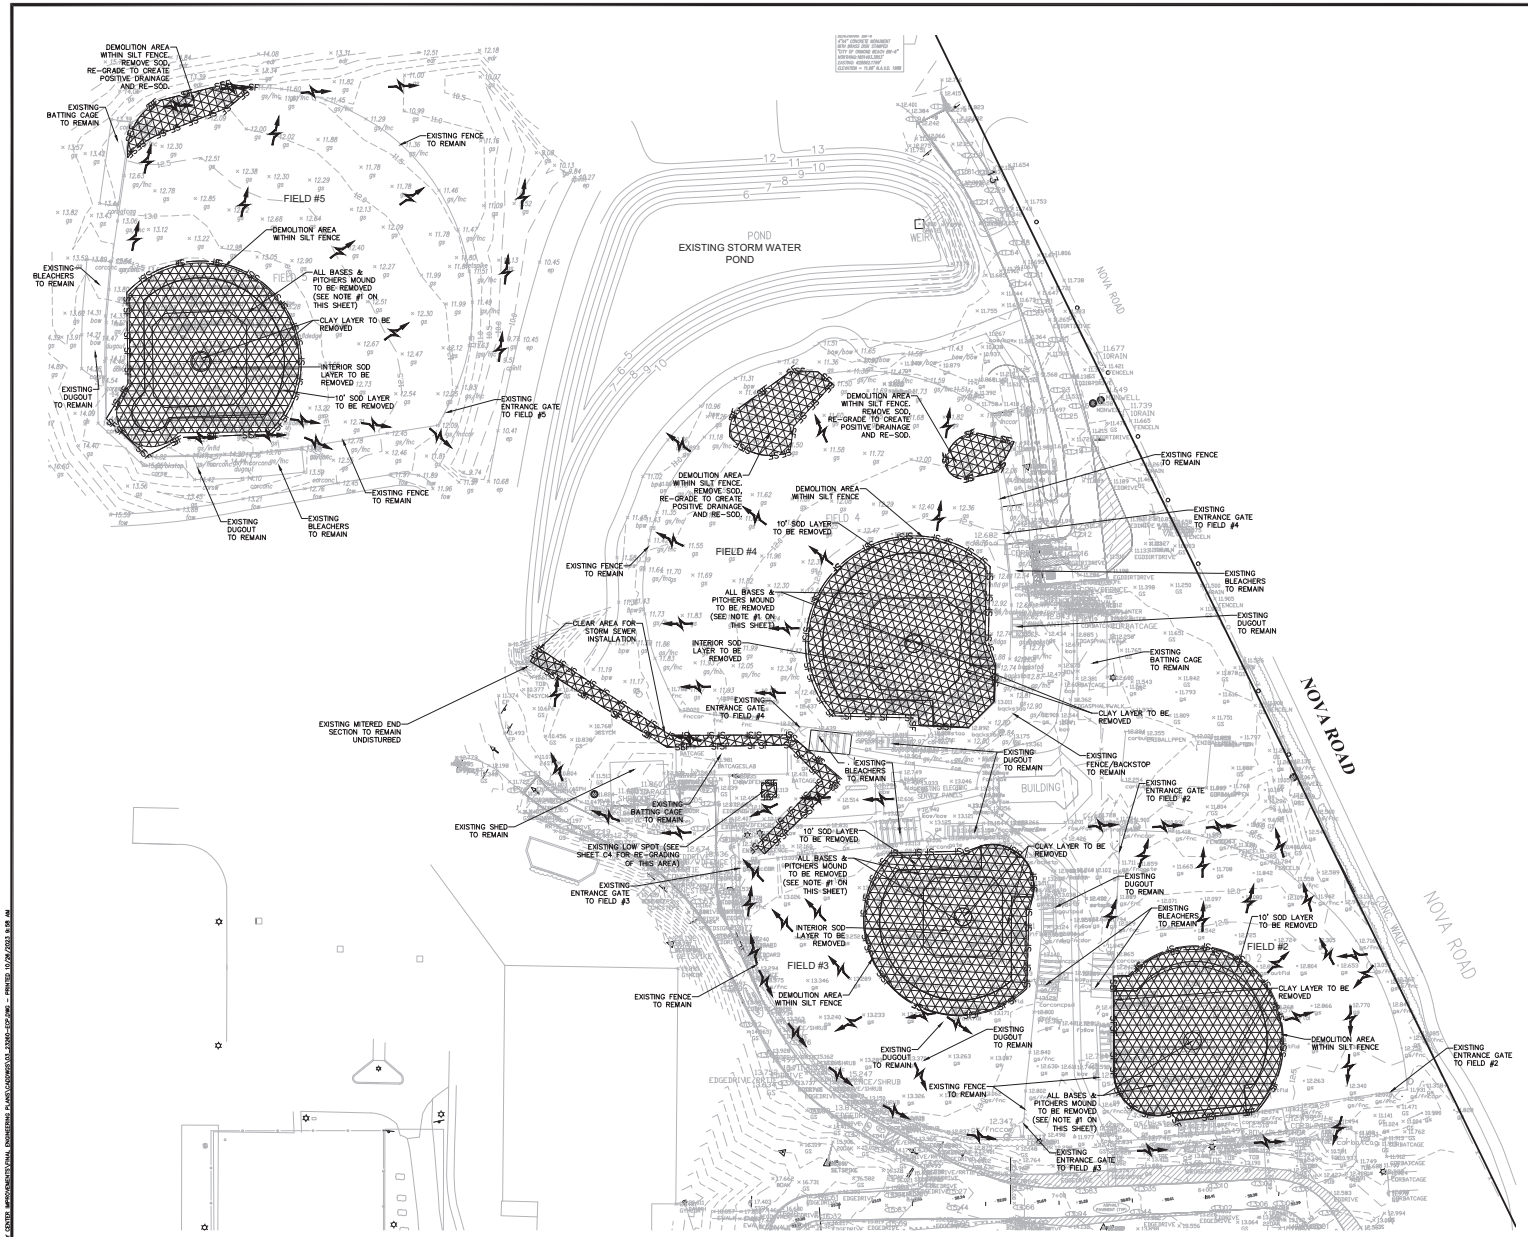
10. THE REMOVAL OF ALL VEGETATION AND TOPSOIL ON THE FUTURE ROADWAY, PARKING AND BUILDING LOT AREAS IS REQUIRED TO BE COMPLETED PRIOR TO THE PLACEMENT OF FILL ON THOSE AREAS. THE TOPSOIL MAY BE TEMPORARILY STOCKPILED AND USED AS TOPSOIL OVER OVER PROPOSED GREEN AREAS SUCH AS PLANT BEDS, SODDED AREAS, AND WHERE TREES ARE TO BE INSTALLED OR RELOCATED.
11. A SIGNED, DATED, AND SEALED LETTER FROM A SOILS ENGINEER OR THE ENGINEER OF RECORD CERTIFYING THAT THE AREAS TO BE FILLED HAVE BEEN STRIPPED OF ORGANIC MATERIALS, MUST BE SUBMITTED TO THE CITY PRIOR TO FILLING.
12. FILL MATERIAL IS TO BE PLACED IN ONE FOOT LIFTS AND COMPACTED TO THE APPROPRIATE DENSITY (98% FOR PAVED AREAS AND 95% FOR BUILDING PADS AND ALL OTHER AREAS AS PER AASHTO T-180).
13. DURING SUBDIVISION DEVELOPMENT WHEN FUTURE BUILDING LOTS ARE FILLED AS PART OF THE OVERALL SUBDIVISION IMPROVEMENTS, COMPACTION TEST REPORTS MUST BE PERFORMED ON THE BUILDING LOTS AT 300 FOOT INTERVALS. THESE TESTS ARE TO BE PERFORMED IN ONE-FOOT VERTICAL INCREMENTS. THE RESULTS OF THESE TESTS ARE TO BE SUBMITTED TO THE CITY UPON COMPLETION OF THE TESTS.
12. IF ANY MUCK MATERIAL IS DISCOVERED, IT SHALL BE REQUIRED TO BE REMOVED AND REPLACED WITH A SUITABLE MATERIAL THAT IS PROPERLY BACKFILLED, COMPACTED AND TESTED USING AASHTO T-180 MODIFIED PROCTOR METHOD.
13. STOCKPILING IS NOT GENERALLY PERMITTED BY THE CITY. WHEN ALLOWED, STOCKPILES SHALL NOT EXCEED 10K FEET IN HEIGHT MEASURED FROM THE ORIGINAL GRADE AT A MINIMUM, STOCK PILES THAT WILL REMAIN IN PLACE IN EXCESS OF TWENTY DAYS SHOULD BE SEEDED AND MULCHED IMMEDIATELY UPON PLACEMENT OF THE FINAL LIFT. STOCKPILE AREA IS TO BE SURROUNDED BY SILT FENCE FROM THE INITIAL LIFT.
14. SOILS ARE TO BE STABILIZED BY WATER OR OTHER MEANS DURING CONSTRUCTION. THIS IS INTENDED TO REDUCE SOIL EROSION AND THE IMPACT TO NEIGHBORING COMMUNITIES. ADEQUATE WATERING METHODS SHOULD BE EMPLOYED TO ALLOW DAILY COVERAGE OF THE ENTIRE LIMITS OF ALL AREAS THAT DO NOT HAVE AN ESTABLISHED VEGETATIVE COVER. METHODS TO BE EMPLOYED INCLUDE, BUT ARE NOT LIMITED TO, WATER TRUCKS, PERMANENT IRRIGATION SYSTEMS, TEMPORARY SPRINKLER SYSTEMS OPERATED BY PUMPING UNITS CONNECTED TO WET RETENTION PONDS, WATER CANNONS, TEMPORARY IRRIGATION SYSTEMS MOUNTED ATOP STOCKPILE AREAS, AND OTHER METHODS AS DEEMED NECESSARY BY THE CITY.
15. ALL FILL MATERIALS LOCATED BENEATH STRUCTURES AND PAVEMENT SHALL CONSIST OF CLEAN GRANULAR SAND FREE FROM ORGANICS AND SIMILAR MATERIAL THAT COULD DECOMPOSE.
16. ALL FILL TO BE PLACED IN LANDSCAPED AREAS SHALL HAVE A Ph RANGE BETWEEN 5.5 AND 7.5, BE ORGANIC IN NATURE, FREE OF ROCKS AND DEBRIS, OR MATCH NATIVE EXISTING SOILS.
17. OWNER SHALL FILE A "NOTICE OF INTENT TO USE GENERIC PERMIT FOR STORM WATER DISCHARGE FROM LARGE AND SMALL CONSTRUCTION ACTIVITIES" WITH THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION AS REQUIRED BY DEP. CONTRACTOR SHALL BE REQUIRED TO COMPLY WITH ALL PROVISIONS OF THE GENERIC PERMIT INCLUDING BUT NOT LIMITED TO:
   A. PREPARE SUCH STORM AND SEDIMENT CONTROL MEASURES AS MAY BE NECESSARY TO PREVENT DISCHARGE OF POLLUTANTS FROM THE SITE FROM THE START OF CONSTRUCTION UNTIL THE FINAL GROUND COVER HAS BEEN ESTABLISHED.
   B. EMPLOY A DEP CERTIFIED INSPECTOR TO MAKE WEEKLY INSPECTIONS / REPORTS OF THE CONDITION OF EROSION AND SEDIMENT CONTROL MEASURES.
   C. EMPLOY A DEP CERTIFIED INSPECTOR TO MAKE INSPECTIONS / REPORTS OF THE CONDITION OF EROSION AND SEDIMENT CONTROL MEASURES WITHIN 24 HOURS OF EVERY RAINFALL EVENT EXCEEDING ONE-HALF INCH.
   D. MAINTAIN ALL EROSION AND SEDIMENT CONTROL MEASURES THROUGHOUT CONSTRUCTION.
   E. ADD EROSION AND SEDIMENT CONTROL MEASURES AS SITE CONDITIONS CHANGE.

STANDARD CONSTRUCTION DETAIL	INDEX
CONTRACTOR REQUIREMENTS FOR SITE CLEARING, GRADING, AND EROSION CONTROL DESIGN AND CONSTRUCTION NOTES NTS	M-16B
	MAY 2020

GENERAL NOTES:

1. ALL CONSTRUCTION SHALL BE IN ACCORDANCE WITH THE CITY OF ORMOND BEACH'S LAND DEVELOPMENT CODE REQUIREMENTS, AND THE STANDARD CONSTRUCTION DETAILS AND CONSTRUCTION SPECIFICATIONS (SCDCS). AN ENGINEERING PERMIT AND TREE REMOVAL PERMIT IS REQUIRED PRIOR TO STARTING CONSTRUCTION.
2. NO LAND SHALL BE CLEARED, EXCAVATED OR FILLED AND NO STRUCTURE SHALL BE ERECTED, REPAIRED OR DEMOLISHED WITHOUT PROPER PERMIT(S) AS REQUIRED BY THE CITY OF ORMOND BEACH.
3. NOTIFY THE CITY OF ORMOND BEACH AT COMDEV@ORMONDBEACH.ORG 48 HOURS PRIOR TO THE START OF CONSTRUCTION.
4. ANY CONSTRUCTION CHANGES TO APPROVED PLANS SHALL BE SUBMITTED TO THE CITY OF ORMOND BEACH FOR APPROVAL PRIOR TO PERFORMING THE WORK.
5. ROAD CONSTRUCTION AND PIPE INSTALLATION COMPACTION AND DENSITY TESTING SHALL CONFORM TO THE CITY OF ORMOND BEACH'S MINIMUM REQUIREMENTS. CERTIFIED COPIES OF TEST REPORTS SHALL BE SUBMITTED TO THE CITY INSPECTOR AND THE CITY'S ENGINEERING DIVISION.
6. A PRE-PAVING UTILITY INSPECTION MUST BE REQUESTED AND COMPLETED PRIOR TO THE PAVING OF ALL ROADS, STREETS, AND PARKING AREAS.
7. A FINAL INSPECTION, TO BE CONDUCTED BY THE CITY OF ORMOND BEACH, SHALL BE PERFORMED ON ALL CONSTRUCTION. THE DESIGN ENGINEER SHALL NOTIFY THE CITY OF ORMOND BEACH AT COMDEV@ORMONDBEACH.ORG WHEN REQUESTING A FINAL INSPECTION.
8. THREE COMPLETE SETS OF AS-BUILT DRAWINGS (5 FOR SUBDIVISIONS) ARE REQUIRED TO BE SUBMITTED TO THE CITY OF ORMOND BEACH PRIOR TO REQUESTING A FINAL INSPECTION. AS-BUILT DRAWINGS MAY BE SUBMITTED IN DIGITAL FORMAT WITH DIGITAL SIGNATURE OF SURVEYOR AND/OR ENGINEER OF RECORD.
9. THE CITY HAS A CONTRACTOR FOR ROLL OFF SERVICE. NO OTHER CONTRACTOR SHALL BE PERMITTED TO PROVIDE THIS SERVICE. VERIFY COMPANY UNDER CONTRACT WITH THE CITY.
10. CONSTRUCTION SITES THAT DISTURB ONE ACRE OR MORE WILL BE REQUIRED TO SEEK COVERAGE UNDER THE GENERIC PERMIT FOR STORM WATER DISCHARGE FROM LARGE AND SMALL CONSTRUCTION ACTIVITIES. IN ACCORDANCE WITH THIS REQUIREMENT, A STORM WATER POLLUTION PREVENTION PLAN (SWPP) MUST BE SUBMITTED TO THE CITY OF ORMOND BEACH AT COMDEV@ORMONDBEACH.ORG PRIOR TO CONSTRUCTION TO BE IN COMPLIANCE WITH THE PERMIT.
11. CONTRACTOR WILL FOLLOW REQUIRED WASTE MANAGEMENT PRACTICES
12. SEEDING OR SODDING SHALL BE INITIATED FOR EROSION AND SEDIMENT CONTROL ON DISTURBED AREAS AS SOON AS PRACTICABLE IN PORTIONS OF THE SITE WHERE CONSTRUCTION ACTIVITIES HAVE TEMPORARILY OR PERMANENTLY CEASED.
13. ANY FIELD MODIFICATIONS OR DEVIATIONS TO THIS CONSTRUCTION PLAN REQUIRES WRITTEN APPROVAL BY BOTH THE ENGINEER OF RECORD AND THE CITY OF ORMOND BEACH.

STANDARD CONSTRUCTION DETAIL	INDEX
GENERAL CONSTRUCTION NOTES	M-2
	MAY 2020



CONTRACTOR REQUIREMENTS FOR SITE CLEARING, GRADING, AND EROSION CONTROL DESIGN AND CONSTRUCTION NOTES

THE FOLLOWING MEASURES REPRESENT MINIMUM STANDARDS TO BE ADHERED TO BY THE CONTRACTOR THROUGHOUT THE CONSTRUCTION OF A PROJECT. THE CITY RESERVES THE RIGHT TO REQUIRE ADDITIONAL MEASURES TO BE EMPLOYED WHEN WARRANTED BY EXTREME CONDITIONS AND/OR THE FAILURE OF THE CONTRACTOR TO EMPLOY THE APPROPRIATE EROSION CONTROL BEST MANAGEMENT PRACTICES. FAILURE TO COMPLY WITH THESE PROVISIONS SHALL RESULT IN THE ISSUANCE OF A "STOP WORK ORDER".

1. NO DISTURBANCE OF PROPOSED CONSERVATION EASEMENTS, NATURAL BUFFERS, OR WATER BODIES IS PERMITTED. THE CONTRACTOR SHALL LOCATE THESE AREAS ON SITE AND BARRICADE THEM TO AVOID ANY UNAUTHORIZED CLEARING. BARRICADES AND OTHER PROTECTIVE FENCING ARE TO BE LOCATED AT THE DRIP LINE OF EXISTING NATIVE TREES OR AT THE EDGE OF THE NATIVE UNDER- STORY HABITAT, WHICHEVER IS NEAREST TO THE CONSTRUCTION ACTIVITY.
2. SPECIMEN AND HISTORIC TREES, CONSERVATION EASEMENTS, NATURAL VEGETATION BUFFERS, AND SIMILAR AREAS, MUST BE PROTECTED BY BARRICADES OR FENCING PRIOR TO CLEARING. BARRICADES ARE TO BE SET AT THE DRIP LINE OF THE TREES AND MAINTAINED THROUGHOUT THE DURATION OF THE PROJECT. BARBED WIRE IS NOT PERMITTED AS A PROTECTIVE BARRIER.
3. WHERE A CHANGE OF GRADE OCCURS AT THE DRIP LINE OF A SPECIMEN TREE, SILT FENCES WILL BE REQUIRED DURING CONSTRUCTION AND RETAINING WALLS MUST BE INSTALLED PRIOR TO FINAL ACCEPTANCE BY THE CITY.
4. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO HAVE ALL PROTECTIVE VEGETATION BARRICADES AND EROSION CONTROL STRUCTURES AND MEASURES IN PLACE PRIOR TO THE COMMENCEMENT OF ANY EARTHWORK, INCLUDING PRELIMINARY GRUBBING. THESE MEASURES INCLUDE, BUT ARE NOT LIMITED TO, TEMPORARY CONSTRUCTION FENCES, SYNTHETIC JUTE BALES, WATTLES, &/OR HAVE BEST MANAGEMENT PRACTICES (BMP'S) AS REQUIRED, SILT FENCES, AND FLOATING TURBIDITY BARRIERS. FURTHER, IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO MAINTAIN ALL EROSION CONTROL DEVICES THROUGHOUT THE DURATION OF THE ENTIRE PROJECT. MAINTENANCE SHALL INCLUDE PERIODIC INSPECTION AND REMOVAL OF DEBRIS ABUTTING EROSION CONTROL DEVICES.
5. PRIOR TO THE INSTALLATION OF ANY FILL MATERIALS ON SUBJECT SITE, SILT FENCES SHALL BE INSTALLED (1) ALONG SUBJECT SITE BOUNDARY AND PROPERTY LINES, (2) AT THE EDGE OF CONSERVATION EASEMENTS AND WETLANDS, (3) ADJACENT TO NATURAL LANDSCAPE BUFFERS, (4) AROUND THE PERIMETER OF EXISTING STORM WATER TREATMENT FACILITIES, AND (5) AT ANY ADDITIONAL AREAS THAT THE CITY DEEMS NECESSARY TO BE PROTECTED FROM POTENTIAL EROSION IMPACTS DURING CONSTRUCTION. THESE CONDITIONS SHALL APPLY IN ALL INSTANCES WHERE FILL MATERIAL IS PLACED OR INSTALLED WITHIN 25 FEET OF ANY OF THE AFOREMENTIONED. WHILE THESE ITEMS REPRESENT THE MINIMUM REQUIREMENTS, THE CITY RESERVES THE RIGHT TO IMPOSE ADDITIONAL PROTECTIVE MEASURES, AS DETERMINED DURING ACTUAL SITE VISITS CONDUCTED AS PART OF THE STANDARD REVIEW OF THE SITE THROUGHOUT PROJECT CONSTRUCTION.
6. AT A MINIMUM, THE CONTRACTOR SHALL SEED AND MULCH ALL DISTURBED AREAS. SUFFICIENT GRASS COVERAGE IS TO BE ESTABLISHED WITHIN TWO WEEKS.
7. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR THROUGH SCHEDULING, TO MINIMIZE THE DISTURBANCE OF SITE AREAS THAT HAVE BEEN BROUGHT TO THEIR PROPOSED FINAL GRADE. WITHIN SEVEN (7) DAYS OF BRINGING A SUBJECT AREA TO ITS FINAL GRADE OR INACTIVITY IN CONSTRUCTION, THE CONTRACTOR SHALL INSTALL SEED AND MULCH OR SOD, AS REQUIRED. ANY PROJECT THAT IS INACTIVE FOR A PERIOD OF 30 DAYS OR MORE THE AREA SHALL BE STABILIZED TO THE SATISFACTION OF THE CITY OF ORMOND BEACH.
8. ONCE AN AREA IS SEEDED OR SODDED, IT MUST BE MAINTAINED BY THE CONTRACTOR TO ALLOW THE GRASS TO BECOME ESTABLISHED. IF THE GRASS IS NOT ESTABLISHED WITHIN TWO WEEKS THE CITY MAY REQUIRE THE CONTRACTOR TO RE-SEED OR A NON-VEGETATIVE OPTION MAY BE EMPLOYED.
9. ABSOLUTELY NO BURYING OF CLEARED MATERIALS IS PERMITTED.

STANDARD CONSTRUCTION DETAIL	INDEX
CONTRACTOR REQUIREMENTS FOR SITE CLEARING, GRADING, AND EROSION CONTROL DESIGN AND CONSTRUCTION NOTES NTS	M-16A
	MAY 2020

1. CONSTRUCTION STANDARDS FOR ALL DRAINAGE SYSTEM COMPONENTS SHALL CONFORM TO THE LATEST EDITION OF THE "FDOT STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION" AND AS SPECIFIED HEREIN.
2. ALL STORM WATER PIPES AND STRUCTURES SHALL BE INSTALLED ON A FIRM FOUNDATION WITH ALL UNSUITABLE MATERIAL (MUCK, ROCK, COQUINA, ETC.) REMOVED AND REPLACED WITH CLEAN GRANULAR MATERIAL.
3. DEWATERING SHALL BE PROVIDED TO KEEP GROUNDWATER ELEVATION A MINIMUM OF 6 INCHES BELOW THE COMPONENT BEING INSTALLED.
4. ALL PIPES AND STRUCTURES SHALL BE PLACED TRUE TO LINES AND GRADES AS DEPICTED ON THE APPROVED PLANS.
5. ALL PIPE JOINTS SHALL BE PROPERLY HONED AND FILTER FABRIC LINED USING A METHOD TO HOLD THE FABRIC IN PLACE DURING BACKFILL.
6. BACKFILL AND COMPACT TO THE SPRING-LINE (CENTER OF PIPE) ELEVATION AND REQUEST CITY INSPECTION AND APPROVAL BEFORE CONTINUING.
7. ALL WORK COVERED WITHOUT CITY INSPECTION WILL BE REQUIRED TO BE EXCAVATED AND INSPECTED AT THE CONTRACTOR'S EXPENSE.
8. TRENCHES SHALL BE BACKFILLED AND COMPACTED WITH CLEAN GRANULAR MATERIAL IN MAX 6" LIFTS WITH A MINIMUM COMPACTION OF 98 PERCENT (AASHTO-T180) IN PAVED AREAS AND 95 PERCENT (AASHTO-T180) IN UNPAVED AREAS.
9. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO ENSURE THAT TRENCH COMPACTION TESTS AT POINTS 1' ABOVE THE PIPE AND AT A MAX. 1' VERTICAL INTERVALS TO FINISH GRADE, AT A MAXIMUM SPACING OF 100 FEET, AND TO FURNISH COPIES OF TEST REPORTS PROMPTLY TO THE CITY'S INSPECTOR.
10. ALL STORM SEWER PIPE SHALL BE REINFORCED CONCRETE (RCP), HIGH DENSITY POLYETHYLENE (HDPE), POLYVINYL CHLORIDE (PVC) OR ALUMIN

LEGEND:

- SF — PROPOSED SILT FENCE
- PROPOSED DEMOLITION/ CLEARING AREA
- EXISTING FLOW DIRECTION

NOTES:
1. CONTRACTOR SHALL REMOVE ALL BASES & PITCHERS RUBBER FROM ALL FIELDS AND REPLACE THEM WITH NEW ONES FOLLOWING COMPLETION OF SURFACE IMPROVEMENTS. CONTRACTOR SHALL REPLACE ALL BASES MAINTAINING THE EXISTING LAYOUT.

ES BMP 1.01

TEMPORARY GRAVEL CONSTRUCTION ENTRANCE

DEFINITION

A STONE STABILIZED PAD LOCATED AT POINTS OF VEHICULAR INGRESS AND EGRESS ON A CONSTRUCTION SITE.

PURPOSE

TO REDUCE THE AMOUNT OF SEDIMENT TRANSPORTED ONTO PUBLIC ROADS BY MOTOR VEHICLES OR RUNOFF.

CONDITIONS WHERE PRACTICE APPLIES

WHEREVER TRAFFIC WILL BE LEAVING A CONSTRUCTION SITE AND MOVES DIRECTLY ONTO A PUBLIC ROAD OR OTHER PAVED AREA.

PLANNING CONSIDERATIONS

CONSTRUCTION ENTRANCES PROVIDE NO AREA WHERE MUD CAN BE REMOVED FROM VEHICLES PRIOR TO VEHICLE TIRES BEFORE THE ENTER A PUBLIC ROAD. IF THE ACTION OF THE VEHICLE TRAVELING OVER THE GRAVEL PAD IS NOT SUFFICIENT TO REMOVE THE MAJORITY OF THE MUD, THEN THE TIRES MUST BE WASHED BEFORE THE VEHICLE ENTERS A PUBLIC ROAD. WASHING FACILITIES SHOULD BE LOCATED SO THAT THEY INTERCEPT THE WASH WATER AND TRAP THE SEDIMENT BEFORE IT IS CARRIED OFF-SITE. CONSTRUCTION ENTRANCES SHOULD BE USED IN CONJUNCTION WITH THE STABILIZATION OF CONSTRUCTION ROADS TO REDUCE THE AMOUNT OF MUD PICKED UP BY CONSTRUCTION VEHICLES.

DESIGN CRITERIA

AGGREGATE SIZE

FDOT AGGREGATE NO. 1 (1.5 – 3.5 INCH STONE) SHOULD BE USED.

ENTRANCE DIMENSIONS

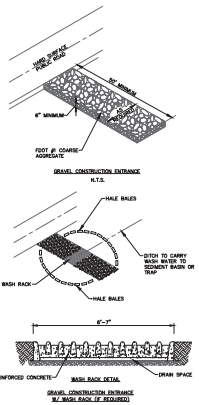
AGGREGATE LAYER MUST BE AT LEAST 6 INCHES THICK. IT MUST EXTEND THE FULL WIDTH OF THE VEHICULAR INGRESS AND EGRESS AREA. THE LENGTH OF THE ENTRANCE MUST BE AT LEAST 50 FEET. (SEE DETAIL).

WASHING

IF CONDITIONS OF THE SITE ARE SUCH THAT THE MAJORITY OF THE MUD IS NOT REMOVED BY THE REVISED TRAVELING OVER THE GRAVEL, THEN THE TIRES OF THE VEHICLES MUST BE WASHED BEFORE ENTERING A PUBLIC ROAD. WASH WATER MUST BE CARRIED AWAY FROM THE ENTRANCE TO A SETTLING AREA TO REMOVE SEDIMENT. A WASH RACK MAY ALSO BE USED TO MAKE WASHING MORE CONVENIENT AND EFFECTIVE. SEE DETAIL.

LOCATION

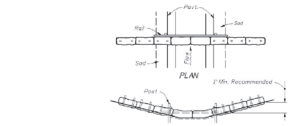
THE ENTRANCE SHOULD BE LOCATED TO PROVIDE FOR MAXIMUM UTILITY BY ALL CONSTRUCTION VEHICLES.



INDICATE PROPOSED LOCATION OF GRAVEL CONSTRUCTION ENTRANCE ON THE GRADING PLAN.

CONSTRUCTION SPECIFICATIONS

THE AREA OF THE ENTRANCE SHOULD BE CLEARED OF ALL VEGETATION, ROOTS AND OTHER OBJECTIONABLE MATERIAL. THE GRAVEL SHALL BE PLACED TO THE SPECIFIED DIMENSIONS. ANY DRAINAGE FACILITIES (PIPES, DITCHES, CULVERTS, ETC.) SHALL BE INSTALLED ACCORDING TO SPECIFICATIONS. IF WASH RACKS ARE USED, THEY SHOULD BE CONSTRUCTED ACCORDING TO SPECIFICATIONS. IF WASH RACKS ARE TO MANUFACTURER'S SPECIFICATIONS.



MAINTENANCE

THE ENTRANCE SHALL BE MAINTAINED IN A CONDITION WHICH WILL PREVENT TRACKING OF FLOW OF MUD ONTO PUBLIC RIGHTS-OF-WAY. THIS MAY REQUIRE PERIODIC TOP DRESSING WITH ADDITIONAL STONE AS CONDITIONS DEMAND AND REPAIR AND/OR CLEANOUT OF ANY STRUCTURES USED TO TRAP SEDIMENT. ALL MATERIALS SPILLED, DROPPED, WASHED OR TRACKED FROM VEHICLES ONTO ROADWAYS OR INTO STORM DRAINS MUST BE REMOVED IMMEDIATELY.

NOTE: COMPLY WITH FDOT REQUIREMENTS FOR SOIL TRACKING PREVENTION DEVICE IN FDOT ROADWAY ROW (INDEX NO. 106)

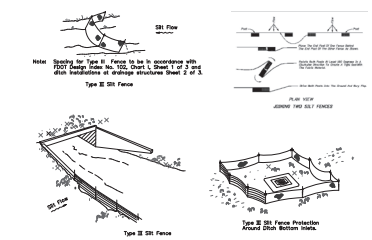
NOTES FOR SYNTHETIC BALES OR BALE TYPE BARRIERS



1. Type I and II Synthetic Barrier should be spaced in accordance with Chart 1, Sheet 1.
2. Bales shall be anchored with 2"x2" x 3' (or 1" dia.) x 4' wood stakes. Stakes of other material or shape providing equivalent strength may be used if approved by the Engineer. Stakes other than wood shall be removed upon completion of the project.
3. Walls and posts shall be 2" x 4" wood. Other materials providing equivalent strength may be used if approved by the Engineer.
4. Adjacent bales shall be butted firmly together.
5. Where used in conjunction with silt fence, bales shall be placed on the upstream side of the fence.
6. Bales to be paid for under the contract unit price for Synthetic Bales, LF. The unit price shall include the cost of filter fabric for Type I and II Barriers. Sandbags shall be paid for under the unit price for Sandbagging, CY. Rock bags to be paid for under the contract unit price for Rock Bags, EA.

Permit Requirements

Property owners who wish to install, expand or substantially modify an irrigation system are required, in advance of such work, to obtain an irrigation permit from the Florida Department of Health in Volusia County. Irrigation installation requirements are described in the following county ordinances:

Landscape Irrigation Ordinance (http://www.volusia.org/services/growth-and-resource-management/environmental-management/pollution-control/waterwise-landscape-irrigation-ordinance/)

Wells, Pumping Facilities & Irrigation Systems - Section 74-31 to 48 County Ordinance (http://volusia.floridahealth.gov/programs-and-services/environmental-health/irrigation-construction/irrigation-forms.html)

We Volusia County Health Department developed an Irrigation Permitting Packet (http://volusia.floridahealth.gov/programs-and-services/environmental-health/irrigation-construction/_documents/irrigation-permit.pdf) in order assist applicants. It includes the application form, a Contractor/Owner Irrigation Self Certification Checklist and a site plan template. Please call our office at 386-274-0694 for more information.

A summary of site specific requirements is as follows:

1. Automatic irrigation controllers, when utilized, shall contain a functional rain sensor device, capable of being set to one minute run times, and battery backup capability to retain programming in the event of a power failure.
2. A rain sensor placed on a stationary structure, free and clear of any overhead obstructions and above the height of the sprinkler coverage.
3. Equipment with check valves used in low-lying areas to prevent low head drainage.
4. Backflow prevention methods and other provisions prescribed in section 74-42.
5. Irrigation design with the appropriate uniformity for the type of plant being grown and for the type of soil.
6. Irrigation system equipment installed as designed.
7. Irrigation zones divided according to: available flow rate, vegetated groupings (i.e., turf, shrubs, native plants, etc.), sprinkler types (i.e., sprinklers with matching precipitation rates) and soil characteristics.
8. Spray heads and rotors not mixed in same zone.
9. Distribution equipment in a given zone having matched precipitation rates.
10. Application rates that avoid runoff and permit uniform water infiltration into the soil, considering land slope, soil hydraulic properties, vegetative ground cover and prevailing winds.
11. A minimum separation of four inches between distribution equipment and pavement.
12. A minimum separation of 12 inches between distribution equipment and buildings and other vertical structures.
13. No direct spray onto walkways, buildings, roadways and drives.

	STANDARD CONSTRUCTION DETAIL IRRIGATION SYSTEM REQUIREMENTS NTS.	INDEX LS-14A MAY 2020

14. Lawn spray patterns providing head to head coverage.
15. Water conveyance systems with a flow velocity of five feet per second or less.
16. Pipelines designed to provide the system with the appropriate pressure required for maximum irrigation uniformity.
17. Pressure regulating heads.
18. A maintenance checklist provided to the property owner by the irrigation contractor accompanied by a recommended maintenance schedule, proper irrigation system settings according to season, recommendations for checking rain sensor device, filter cleaning recommendations and information on the current water restrictions.

Landscape Requirements

1. A high volume irrigation area shall not exceed 50 percent of the landscaped area. Low or medium volume irrigation areas may be utilized in lieu of any high volume irrigation area.
2. A medium volume irrigation area shall not exceed 25 percent of the landscaped area. However, the landscaped area may contain up to 75 percent medium volume irrigation area, if no high volume irrigation area is utilize on site.
3. A low volume irrigation area may be utilized for an entire landscaped area with the exception of native vegetation areas regulated by section 50-373(b)(4).
4. In the alternative to (1), (2), and (3) above, if 25 percent of the pre-existing native vegetation is retained on site, the remaining 75 percent of the landscaped area may be a high volume irrigation area For all pre-existing native vegetation retained on a parcel:
   - No supplemental water shall be applied to the native vegetation area.
   - Only hand pruning of native vegetation is allowed.
   - Mechanical mowing or clearing is prohibited.

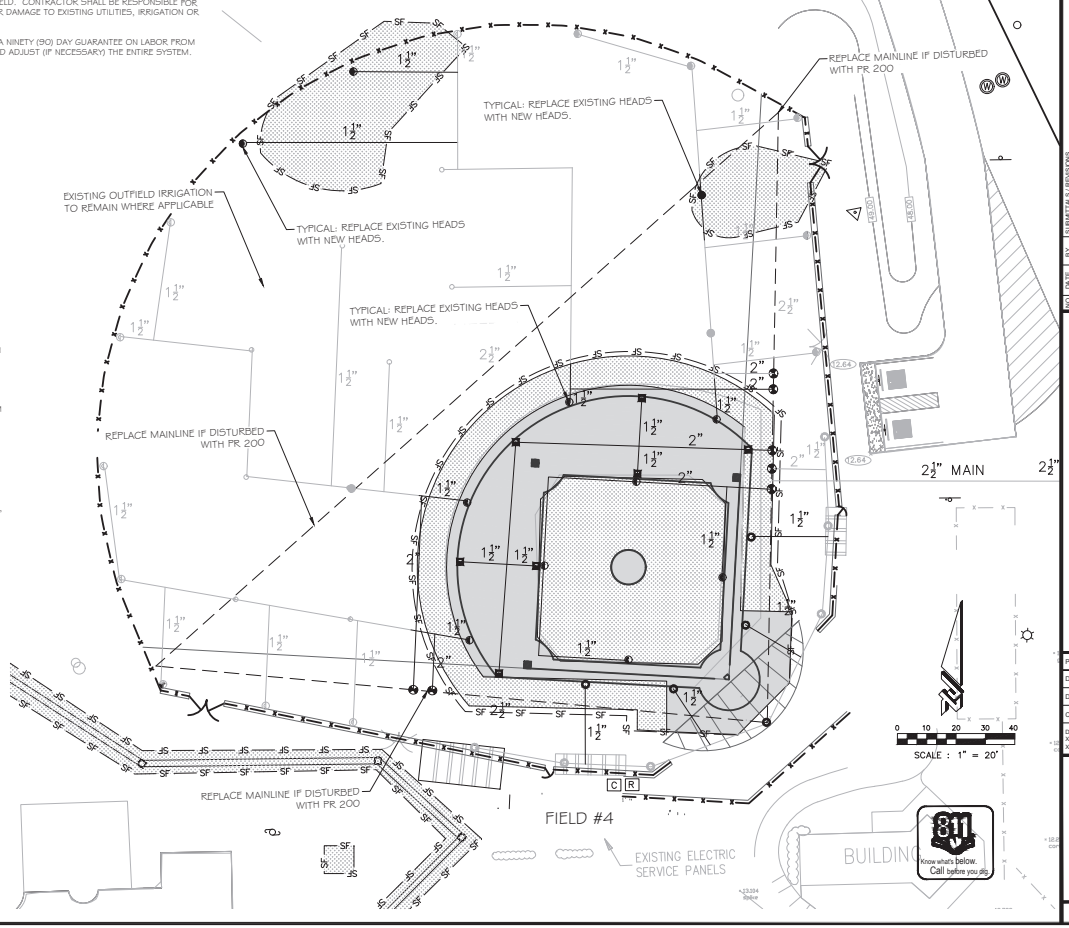
License Requirements

No person may install or repair an irrigation system in Volusia County unless they possess a valid irrigation certificate of competency from the Department. The following persons are exempted from having to possess a certificate of competency:

- Licensed Florida Water Well Contractors and Florida State Certified Pluming Contractors.
- Florida State Registered Plumbing Contractors.
- Property owners who personally perform construction, maintenance or repairs on an irrigation system that serves his or her owner-occupied single family residence.

	STANDARD CONSTRUCTION DETAIL IRRIGATION SYSTEM REQUIREMENTS NTS.	INDEX LS-14B MAY 2020

REUSE SUPPLY



1. ALL IRRIGATION PIPES TO BE SCHEDULE 40 PVC LAVENDER FOR NON POTABLE DRINKING WATER.
2. ALL IRRIGATION HEADS TO BE MOUNTED ON SWING JOINTS.
3. IRRIGATION CONTROLLER AND RAIN SENSOR TO BE INSTALLED IN 3RD BASE DUGOUT.
4. ALL IRRIGATION LINES TO HAVE A MINIMUM OF TWENTY-FOUR (24") INCH COVER FOR FIELD MAINTENANCE.
5. CONNECT PROPOSED IRRIGATION SYSTEM WITH SUPPLIED TWO (2") INCH REUSE SUPPLY.
6. ALL SLEEVES AND MAIN LINE TO BE SCHEDULE 40 PVC PIPE.
7. THE ENTIRE SYSTEM TO BE INSTALLED IN COMPLIANCE WITH ALL LOCAL CODES. CONTRACTOR TO SUPPLY AND INSTALL ALL CHECK VALVES, BACKFLOW PREVENTERS, PERMITS, ETC... AS REQUIRED BY THESE CODES EVEN IF THOSE ITEMS ARE NOT SHOWN ON THE DRAWINGS.
8. ALL SLEEVES UNDER SIDEWALKS TO BE BURIED 6'-12" BELOW WALK SURFACE.
9. MAIN LINE LOCATION IS SHOWN SCHEMATICALLY. WHENEVER POSSIBLE LATERAL LINES ARE TO BE BURIED IN COMMON TRENCH WITH THE MAIN LINE.
10. ALL LOW VOLTAGE WIRING TO BE #14 DIRECT BURIAL WIRE.
11. ALL MATERIAL TO BE NEW. ALL PIPE TO BE CUT SQUARELY AND BURRS REMOVED. ALL PVC JOINTS TO BE MADE WITH THE USE OF CLEANER, PRIMER AND CLEAN SOLVENT WELD.
12. ALL WORK TO BE DONE IN GOOD WORKLIKE MANNER AND IN ACCORDANCE WITH THE MANUFACTURES RECOMMENDATIONS.
13. ALL LINE LOCATIONS ARE APPROXIMATE. CONTRACTOR TO ADJUST TRENCHING IN THE FIELD FOR EXISTING CONDITIONS, PLANTINGS AND STRUCTURES.
14. HEAD LOCATIONS ARE APPROXIMATE. CONTRACTOR TO MAINTAIN 100% COVERAGE WITH 50% OVERLAP.
15. CONTRACTOR SHALL BE RESPONSIBLE FOR THE LOCATION AND EXISTENCE OF ALL UNDERGROUND UTILITIES AND IRRIGATION IN THE FIELD. CONTRACTOR SHALL BE RESPONSIBLE FOR THE PROTECTION AND MAINTENANCE AND SHALL BE RESPONSIBLE FOR DAMAGE TO EXISTING UTILITIES, IRRIGATION OR STRUCTURES.
16. THERE SHALL BE A ONE (1) YEAR GUARANTEE ON ALL PARTS AND A NINETY (90) DAY GUARANTEE ON LABOR FROM THE DATE OF FINAL ACCEPTANCE, THE CONTRACTOR SHALL CHECK AND ADJUST (IF NECESSARY) THE ENTIRE SYSTEM.

PROJECT NOTES

1. IRRIGATION CONTRACTOR RESPONSIBLE FOR FIELD LOCATING EXISTING LATERAL PIPING.
2. CONNECTION INTO EXISTING SYSTEM TO BE ADJUSTED AS NECESSARY BASED ON CONDITIONS IN THE FIELD, TO PROVIDE FULLY OPERATIONAL SYSTEM. PRIOR TO BEGINNING WORK, THE EXISTING SYSTEM SHALL BE OPERATED BY THE CONTRACTOR TO DETERMINE THE ACTUAL EXTENT OF THE SYSTEM.
3. IRRIGATION CONTRACTOR RESPONSIBLE FOR RELOCATING AND CAPPING EXISTING LINES AS NECESSARY PRIOR TO NEW CONSTRUCTION. EXTEND LINES AS NECESSARY AND STUB ABOVE GROUND FOR FUTURE CONNECTION.
4. ZONE LINES WITHIN THE CONSTRUCTION BOUNDARY THAT SUPPLY OTHER AREAS SHALL BE REROUTED AS REQUIRED, AND RECONNECTED TO THEIR ORIGINAL VALVES, OR TO NEW VALVES ON THE EXISTING SYSTEM, AS APPROPRIATE. THESE NEW LINES MAY REMAIN WITHIN THE CONSTRUCTION BOUNDARY, BUT SHALL BE ROUTED SO THAT THEY ARE ACCESSIBLE AFTER CONSTRUCTION IS COMPLETE.
5. ALL COMPONENTS REMOVED SHALL BE DISPOSED OF PROPERLY AND NOT REUSED.
6. IRRIGATION CONTRACTOR TO COORDINATE SLEEVE INSTALLATION WITH GENERAL CONTRACTOR.
7. DISTURBANCE TO EXISTING TREES AND PLANT MATERIAL, AS BY TRENCHING, SHALL BE MINIMIZED.
8. ALL EXISTING ZONES AND NEW ZONES TO BE OPERATIONAL FROM EXISTING CONTROLLER. EXISTING WIRE AND MAINLINE TO BE REPAIRED AS NECESSARY SO EXISTING SYSTEM REMAINS FULLY OPERATIONAL.
9. PLAN IS FOR BIDDING PURPOSES ONLY CONTRACTOR TO FIELD VERIFY ALL REQUIRED MODIFICATIONS AND PROVIDE SHOP DRAWINGS FOR REVIEW TO CITY OF ORMOND BEACH AND SHOULD BE APPLIED TO ALL IMPACTED FIELDS.
10. THESE IRRIGATION IMPROVEMENTS ARE THE SAME FOR FIELDS 2, 3 & 5.
11. ON FIELD 5 THREE F4-PC-SS-NP ARE TO BE REPLACED IN THE OUTFIELD.

DEFINITIONS/CLARIFICATIONS FOR PURPOSES OF FEE SCHEDULE

Information provided below applies to all classes, programs, events, activities, rentals within the Leisures Services Department fee schedule, unless otherwise stated in fee schedule.

"RESIDENT" DEFINED. Proof of residency must be supplied at time of registration in order to receive resident rates/benefits.

- one who has a domicile or permanent residence within the City limits of Ormond Beach,
- a person who is permanently inhabiting quarters within the City limits of Ormond Beach,
- a person who owns real property within the City limits of Ormond Beach
- a person who owns and operates a business (with a valid occupational license) physically located within the City limits of Ormond Beach
- a person who is employed by the City of Ormond Beach.
- for purposes of programs, rentals and activities at The Casements and Rockefeller Gardens, the Nova Skate Park and Tennis Courts, Central Park, Andy Romano Beachfront Park, Environmental Discovery Center and the Sports Complex, a resident shall include a person who maintains his or her domicile or permanent residence in any of the incorporated municipalities within Volusia County unincorporated area of Volusia County, who operates a business in any of the incorporated municipalities within Volusia County or the Volusia County or is employed by any municipality within Volusia County or by the County of Volusia. This is due to Volusia unincorporated area of ECHO grant funding that was provided for these locations.
- all other persons shall be classified as non-residents.

"SCHOLARSHIP CREDIT (FEE WAIVER)" DEFINED. A partial or full fee waiver given to resident participants who cannot afford the full cost of certain programs. They must meet certain scholarship eligibility requirements (provide current State of Florida letter verifying food stamp or Medicaid eligibility for child, or letter from school indicating eligibility for free lunch program.)

"NON-RESIDENT FEE": A non-resident shall pay 50% more than the resident fee or shall pay the non-resident rate if shown, as applicable. This applies to all fees shown in this fee schedule.

"FACILITY FEE": 10% is added to all "base" fees in the Leisure Services Department; (i.e., program, classes, rentals, etc.). The fees shown in this updated schedule do include the 10% facility fee.

"FACILITY CAP": On programs or activities that can only handle a certain number of participants, residents will be accepted before nonresidents can be added to the program unless the program is co-sponsored by another agency, i.e., Volusia County.

DRAFT

"CENTER ACTIVITY CARDS": Cards are issued to those who wish to participate in center activities at a recreation center where there is no program or class charge (i.e., free play basketball in gymnasium, game room activities). These cards are used at Nova Community Center and South Ormond Neighborhood Center only.

the
South Ormond Neighborhood Center.

"NON-PROFIT": "Non-profit" groups shall pay 50% less than "For profit" groups or shall pay the non-profit rate as shown, if applicable. Staff fees, overtime, utility charges, field lights, cleaning, other extra fees are not included in non-profit discounted fees. In order to qualify for the reduced fee, the entity must submit a non-profit status certificate; i.e., 501(c)3 status certificate.

"SALES TAX": FL State Sales Tax is required on rentals. Sales tax exempt certificate required for tax exemption.

CLASSES/PROGRAMS/EVENTS/FACILITY RENTALS

Note: Any classes, programs, events, facility rentals shown in this schedule are indicative of the Leisure Services Department offerings and may be added to or deleted as necessary with the approval of the Leisure Services Director.
Material and supplies may be an added fee, based on program requirements.

"Volunteer Instructor-run Classes": These classes are offered through the use of volunteer instructors. No class fee is charged to the participants.

"Room Rental to Class Instructors" The instructor will collect payment directly from the student and the City will receive a room rental fee from the instructor equivalent to 30% of the revenue collected plus 10% facility fee or the instructor may elect to pay the room rental shown in this fee schedule.
There will be a minimum utility surcharge to the instructor depending on the total number of hours used, on a per program basis.

"Department-run Classes, Clinics": Class fees are established by the Coordinator in charge. Nonresident fees are 50% additional.

"Department-run Youth Sports": Youth Volleyball, Basketball Training League, Flag Football, Girl's Basketball, Summer Sports Clinics and other youth sports. Fee established by Athletics Supervisor.

"Department-run Adult Sports": Adult Coed Softball, Adult CoedVolleyball, Men's Basketball League, Men's Softball, Men's Baseball and other adult sports. Fee established by Athletics Supervisor.

DRAFT

"Parent Sponsored Youth Sports": Ormond Beach Youth Baseball/Softball Association; Ormond Beach Youth Soccer Club; Ormond Beach Youth Basketball Association: Ormond Beach Youth Football and Cheerleading Association, Inc.; and Ormond Beach Pride, Inc. "Base" fees are determined by each Association.

Associations have the option to do their own registration or to have Leisure Services do the registration. Either way, per lease agreement with associations, fees collected are shared between City and Association as follows:

Association:	Base fee (as determined by Association)
City:	10% Facility fee (10% of fee charged to participant)
City:	Nonresident fee (50% additional which is charged to nonresidents only)
City:	If Dept. does the registration, a per participant registration fee of $2.50 per child is paid to City by Association.

FEES TO BE INCREASED 3% ANNUALLY, WITH CITY COMMISSION APPROVAL, UNLESS OTHERWISE NOTED.

Please note: Fees in this document have been rounded up to the nearest dollar.

Summary Findings | Other Needs

DRAFT

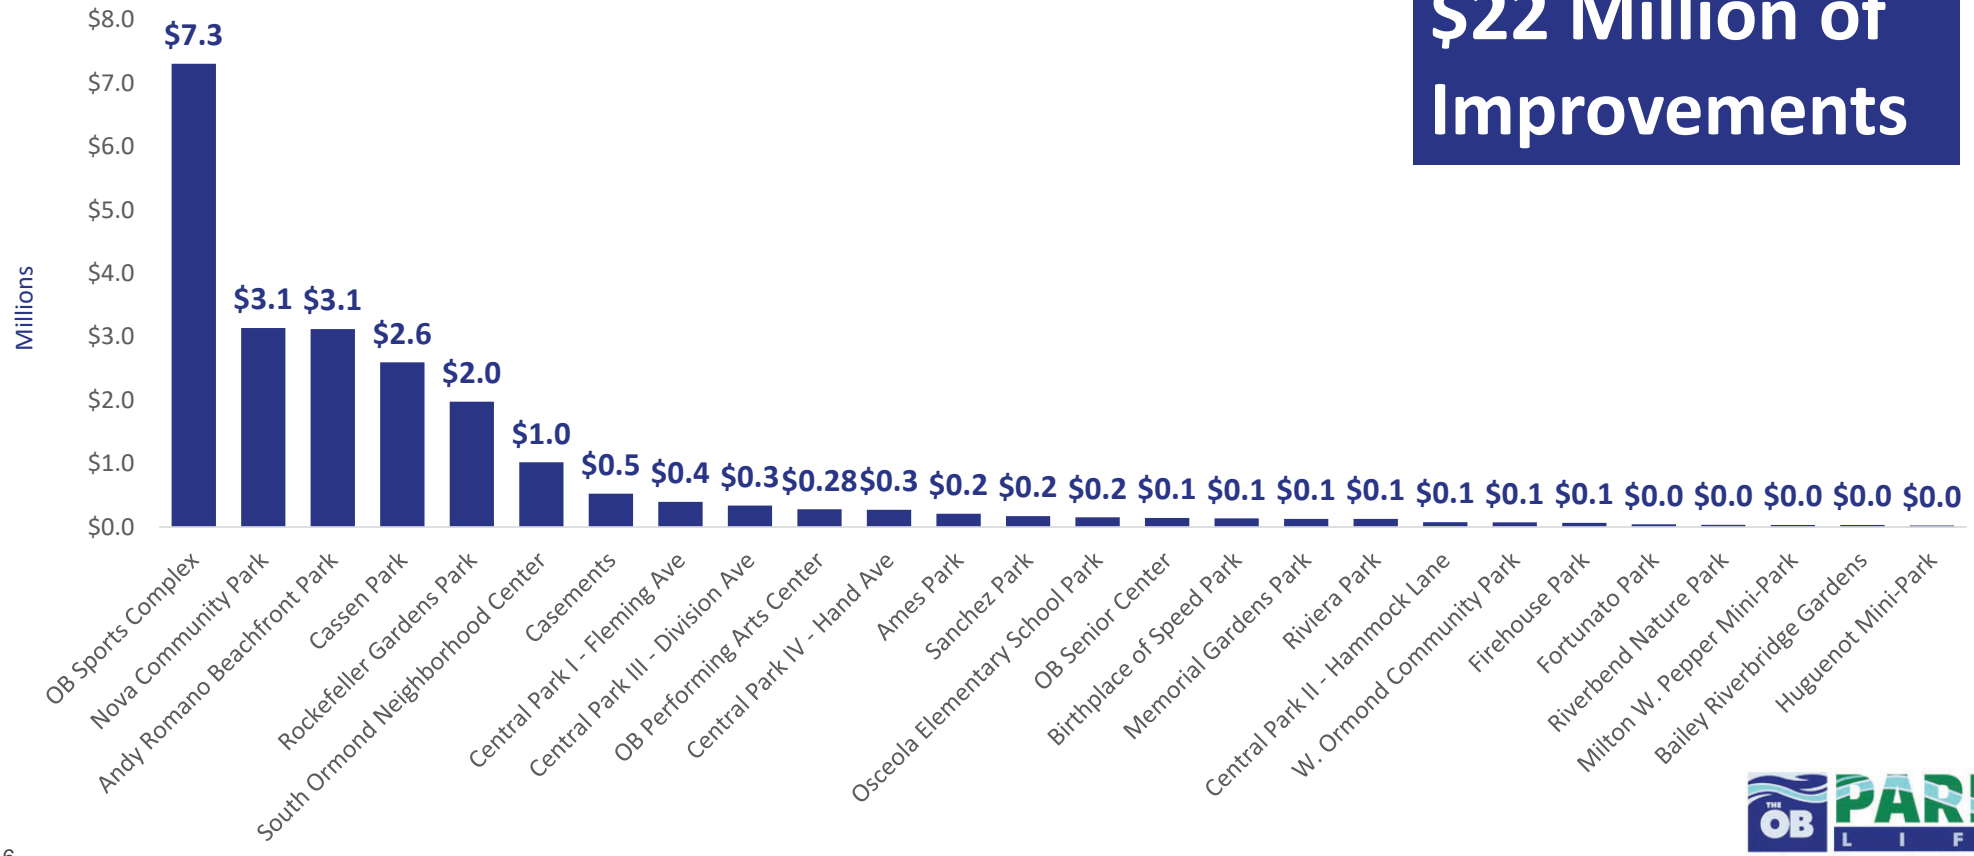
Based on Stakeholder Input:



- Adding a new gym/multi-purpose center/civic center;
- Provision of adequate pickleball facilities;
- Addition of a multi-purpose open space;
- Providing adequate recreation opportunities in West Ormond, including a community center and athletic fields; and
- Providing additional amenities in parks, restrooms in particular.

How did we identify these summary needs?

Mayor and Commissioner Interviews

DRAFT

- Upgrading sports facilities and adding a new gym;
- Keeping up with recreation trends, including provision of adequate pickleball facilities;
- Addition of a multi-purpose open space;
- Adding “another” Andy Romano Beachfront Park;
- Saving green space;
- Specific park improvements, including:
  - Granada Bridge enhancement and expanding “four corners” to include coffee, snack stand;
  - Water taxis to Cassen Park/restaurants;
- Providing adequate recreation opportunities in West Ormond, including a community center; and
- Overall, improving public safety, health, and quality of life through the parks and recreation system.

Parks and Recreation Master Plan

Joint Advisory Board Member Interviews

DRAFT

- Need for improvements to and maintenance of existing parks and facilities to ensure high quality experiences. Ormond Beach Sports Complex was noted in particular to have drainage issues on the fields and be in need of stadium improvements (4);
- Parks and recreation facilities in West Ormond (2);
- Improve the performing arts center (2);
- A gymnasium/multi-purpose indoor center (2);
- A civic center/place for formal events (2);
- Safe bicycle paths/trails through city (2);
- Additional amenities in parks - restrooms in particular (2);
- Expansion of Cassen Park, possibly with a restaurant (2); and
- Pickleball courts (2).

Parks and Recreation Master Plan

Stakeholder and Focus Group Interviews

DRAFT

- More connected walking, biking, and multi-use trails (7);
- Improved safety (improvement of pedestrian crosswalks, widening trails, lighting) (3);
- Improved marketing/communication to make people aware of current programming/facilities (3);
- Increase in accessible natural areas (2); and
- Greater accessibility - in terms of transit to facilities (1) and for people with disabilities (1).

HISTORY

The Volusia ECHO program, generated by a grassroots initiative, resulted from a citizen approved referendum passed November 7, 2000. Volusia ECHO provides grant funds to finance acquisition, restoration, construction or improvement of projects to be used for environmental, cultural, historical and outdoor recreational purposes. It is the intent of the Volusia County Council that funds be allocated throughout the county to provide broad geographical distribution and apportioned appropriately among the environmental, cultural, historical and outdoor recreational projects.

The Volusia ECHO Program seeks to enhance the quality of life of Volusia County's residents by working to achieve the following goals over a broad geographic base:

- Provide environmental/ecological, cultural, historical/heritage and outdoor recreational opportunities.
- Preserve significant archaeological or historic resources; and develop, enhance and promote heritage tourism opportunities, experiences and resources.
- Foster public memory and community identity by promoting and providing access to destinations and experiences associated with past events, peoples and places within the County of Volusia.
- Provide high quality, user oriented outdoor recreational opportunities including, but not limited to, access to the Atlantic Ocean through the establishment of oceanfront parks and off-beach parking.
- Improve the quality of life for Volusia's residents by providing access to the cultural arts, increase cultural based tourism, and encourage redevelopment and revitalization of downtown and urban areas through the provision of cultural arts projects.

OVERVIEW

Environmental

Understanding of the environment and educating the public are key factors in maintaining a healthy sustainable community. ECHO funds support development of environmental projects, including green infrastructure and nature-based solutions, which promote environmental awareness and stewardship to help citizens make responsible decisions that will protect our environment and future sustainability.

Volusia County has a diverse and delicate ecosystem, ranging from low beach and marsh areas to high and dry pine forests. A sole source aquifer below the county's land mass sustains our water needs. It is critical that a proper balance is maintained between preserving life sustaining ecological systems and meeting the demands of our increasing population.

Cultural

Cultural activities play an important role in improving the quality of life for residents and visitors. Volusia County is a proud supporter of the arts.

The arts increase the county's tourism-based economy and encourage redevelopment in our downtown and urban areas.

Historic

Volusia County is home to over 200 sites listed on the National Register of Historic Places, including downtown neighborhoods, agricultural and educational districts, and individual buildings, churches, and archaeological sites. In 2005, the Historic Preservation Board, a County Council advisory board, developed a list of critical historic properties. In an effort to save Volusia County's historical landmarks, special ECHO policies were approved by the County Council to encourage restoration and acquisition of these endangered facilities.

Each year, the Florida Trust for Historic Preservation recognizes significant contributions of individuals, societies, businesses and government entities that have demonstrated outstanding achievement in the field of historic preservation through its statewide Annual Preservation Awards Program. The County of Volusia received the "Outstanding Organization Achievement Award" in 2010 for its commitment to historic preservation through the ECHO program.

Outdoor Recreation

Outdoor recreation plays an important role in the quality of life of Volusia County residents and tourists. The 2000 ECHO referendum, passed by our citizens, resulted from a grassroots initiative that viewed Volusia County as an extensive and vibrant park system.

Our county's abundant natural resources enrich our lives through passive and active sports parks. Additionally, the countywide trail system meanders as a linear park throughout Volusia County.

FUNDING

The County's Chief Financial Officer shall determine the amount of funds available for award each year. Each application that is recommended for funding will be funded at 100% of the requested amount as funds are available. If the recommended awards result in a grantee receiving only partial funding, the applicant will be given the option of accepting the partial funding amount during the Grant Review Panel session.

The potential grantee shall provide a revised budget to the County prior to the approval of final award by the County Council that describes the use of the reduced ECHO grant and corresponding match.

Standard Project

The maximum standard grant request amount is $600,000. The minimum amount is $12,500. Required match is 1:1. A standard project is defined by the total square footage of the facility to be constructed, renovated or improved and the site on which the project exists. Both the improved and unimproved property will have an established footprint based on the initial application.

A project or facility complex may receive multiple standard grants up to, but not more than, $3.1 million over the life of the ECHO program unless the project provides a substantial expansion to the total square footage of a project or site, which results in significant additional public use. Such an expansion may allow the Grantee to apply for an additional $3.1 million. Approval by the County Council is required prior to application in order for an applicant to exceed the initial $3.1 million funding cap.

Exceptional Project

The maximum exceptional grant request amount is $2.5 million. Required match is 1:1. No project or facility complex may receive more than one Exceptional grant award through the life of the ECHO program. If the exceptional award was not the maximum award, the applicant may request a Standard Single-Phase project grant(s) to reach the cap amount.

ECHO Grant applicants must be:

- Volusia County Government; or
- Municipal Government within Volusia County; or
- Not-for-Profit Corporation that meets the following criteria:
    - A Not-For-Profit corporation incorporated in the State of Florida and classified as a 501(c)(3) tax exempt under Federal Internal Revenue Service regulations and designated in compliance with s.170 of the Internal Revenue Code of 1954; and
    - Has maintained incorporated status for more than two years prior to the application deadline; or
    - Has been incorporated in the State of Florida for less than two years at the time of the application deadline, but has provided sufficient evidence of operations for a minimum of 10 years in Volusia County and provided the most recent five years of Independent Certified Audits and Management Letters of the organization.
    - Is registered as a Foreign Corporation doing business in the State of Florida with a local group within Volusia County that can provide sufficient evidence of public service to Volusia County citizens for the five-year period prior to the ECHO application deadline. Foreign corporations must also demonstrate five years of 501(c)(3) status in its State of Incorporation.

The applicant may not owe the County of Volusia any money or have any outstanding violations of Volusia County Code of Ordinances.

The applicant must have satisfied all administrative requirements of previous grants and agreements received from or administered by the County of Volusia.

The applicant may have no more than three open projects at one time to be eligible to apply for additional funding.

Projects whose owner/tenant (i.e., the applicant) does not provide ECHO related services as their main mission are ineligible.

The applicant must agree to required match per the guidelines established in the ECHO Guidebook.

Clean Hands

The applicant may not owe the County of Volusia any money or have any outstanding violations of Volusia County's Code of Ordinances. The ECHO Committee strongly suggests applicants request a "Clean Hands" search well in advance of submitting an ECHO grant to determine if they owe money to the County or are in violation of a County Code.

The ECHO Clean Hands form has instructions and lists the contacts in each of the five County Departments to which it, and the Not-For-Profit Officers and Shareholders form, must be submitted. Forms and information may be requested from the ECHO office.

ECHO staff will conduct a Clean Hands search of all applicants prior to presenting the grant award recommendations to the County Council. Failure to resolve clean hand situations prior to the County Council meeting will result in the applicant being ineligible for a grant award.

Pursuant to Volusia County Council Resolution 2000-156, an organization's project/application must meet the following criteria:

- The Volusia ECHO Program funds are to be used solely to finance acquisition, restoration, construction and improvement of environmental/ecological, cultural, historical/heritage and outdoor recreation projects for public use.

  In addition to all other requirements, standalone green infrastructure and nature-based solutions projects require a conservation easement or other legally binding document to guarantee long-term management and public access.

- Only one application for the same project, facility complex or site will be accepted in a single grant cycle.
- There may be no more than two open ECHO grant awards per project site to be an eligible application.
- Projects should not duplicate each other or an existing or planned ECHO related function in the same area of service, whether public or private. This applies to projects from the same applicant or different applicants.
- County staff shall make recommendations on duplication and eligibility.
- Historic restoration, a trail system, off-beach parking, green infrastructure, nature-based solutions projects and established, fully open to the public ECHO related projects are exempt from these duplication restrictions.
- Projects solely for depreciable items, with less life expectancy than the required grant agreement period, are ineligible unless there is sufficient evidence the applicant has the ability to replace them.

PUBLIC ACCESS

The project must be accessible to the public for a period of 20 years from execution of the grant agreement. In addition, grantees may not discriminate in the schedule of fees or terms of use of the facility. Public access must be provided within two years of the ECHO award. If this does not occur, the applicant will not be eligible to apply for additional ECHO funding.

Projects that ultimately allow access only to the exterior of a building are ineligible unless the project is a standalone green infrastructure or nature-based solutions project. These include:

- Projects intended primarily for students, faculty and staff and/or that are intended to augment or supplement a curriculum.
- Projects on multi-use campuses/complexes with no designated parking.

UNRESTRICTED OWNERSHIP/ UNDISTURBED USE OF FACILITY

Documentation of the ownership or lease of the facility and property shall provide for undisturbed use. Length of the lease shall be consistent with requirements set in the Restrictive Covenants. Leases shall not be cancelable without cause. Owners of leased property must be a municipality of Volusia County, the County of Volusia, the State or Federal government, or an eligible Not for Profit.

Applicant must document ownership or undisturbed use by one of the following:

- Proof of unrestricted ownership of property and/or building(s): unrestricted shall mean unqualified ownership and power of disposition. Projects leased to For-Profit entities are not eligible for ECHO funding. Documentation may be a copy of the deed or the title. Provisional sales contracts, property appraiser documents, binders, or letters of intent are not acceptable documentation of ownership.
- Proof of undisturbed use of property and/or building(s) for 20 years.
- Trails on the County's Trails Master Plan/ Projects with Land Management Agreements: Ten years with an automatic 10-year renewal or a Use Permit may be provided as proof for any trail system that is going to be constructed on another government's right-of-way or property that is not available for purchase or lease. Trail projects are still required to provide 20 years public use for restoration, expansion, and new projects and are subject to the penalties set in the Restrictive Covenants if the public use period is reduced.
- Trails and projects on public lands not owned by the applicant: In lieu of the restrictive covenants and unrestricted ownership, trails projects that are part of the County's Trails Master Plan approved by the County Council or projects on State or Federal lands, the public right of continuing access and undisturbed use shall be provided by a use permit, land management agreement, or Project Management Agreement to which the applicant is party. Agreements between the owner and applicant shall meet the 20-year time period requirements. If the Agreement between the owner and the applicant is dissolved prior to the end of the time period stated within the Agreement, the grantee shall repay the County in the manner set forth in the restrictive covenants and the final ECHO Grant Agreement.

- Project management agreements on State or Federal Public Land for the purpose of developing an Environmental Learning Center and or experience, or to restore a historic structure shall be for the construction and/or restoration period. The applicant must provide, at a minimum, a letter of intent from the property owner that demonstrates:
    - The property owner will agree to a project management agreement for the construction / restoration period.
    - The property owner has the ability to manage and maintain the property and meet programs/goals identified in their application.
    - Confirmation that the property owner understands the scope of the project and the commitments of this application. The grantee shall be responsible for submitting required reports.

Acquisition Projects. Applications that request funding for the acquisition of property as part of a project must include a notarized letter of "agreement to sell" from the current property owner and provide an appraisal by a State Certified or MAI appraiser unless the sale price is $250,000 or less, whereby a Certified General Appraisal is acceptable.

When the application is to acquire real property, applicants will be considered exempt from this ownership eligibility requirement and undisturbed use requirement at the time of application.

In the application, the applicant must provide:

- A legal description of the real property;
- The purchase price;
- An appraisal by a State Certified or MAI Appraiser if the sale price is greater than $250,000 (see definition for State Certified and MAI Appraiser, appendix A), or a certified general appraisal including narrative analysis for acquisitions with a sale price of $250,000 or less (see definition for certified general appraisal, appendix A);
- A notarized letter of intent to sell signed by the property owner.

Historic or Off-beach Parking Reimbursement Projects requesting funds from ECHO for projects with a sale price of greater than $250,000 must provide an appraisal by a State Certified Appraiser or a Member of the Appraisers Institute If the project sale price is $250,000 or less, an appraisal by a certified general appraiser must be provided.

The purchase of (closing on) most real property (an expense) may not take place prior to the execution of the final Grant Award Agreement although a purchase agreement may be negotiated. The following is required:

- A statement that the grantee will meet the ownership or undisturbed use requirements immediately upon acquisition.

To request a check at closing: Applicants must operate on less than $100,000 per year and the grant request is less than $150,000. Applicants will be required to include the Restrictive Covenants as part of the closing agreement.

ACCESSIBILITY REQUIREMENTS

Section 504 of the Rehabilitation Act of 1973 provides that no otherwise qualified individual with a disability in the United States, as defined in Section 7 (20), shall, solely by reason of his/her handicap (disability), be excluded from the participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving federal financial assistance.

In addition, the Americans with Disabilities Act of 1990 (ADA) prohibits discrimination on the basis of disability in employment (Title I), State and local government services (Title II), and places of public accommodation and commercial facilities (Title III).

Regardless of federal funding requirements, all Volusia County ECHO grant award agreements state, all acts to be performed in conjunction with this agreement shall be performed in strict conformity with all applicable federal, state, and local laws. This includes compliance with Chapter 553, Florida Statutes, Building Construction Standards, Part V, and accessibility by Handicapped Persons. This statute formally incorporates into the laws of Florida the accessibility requirements of the Americans with Disabilities Act of 1990.

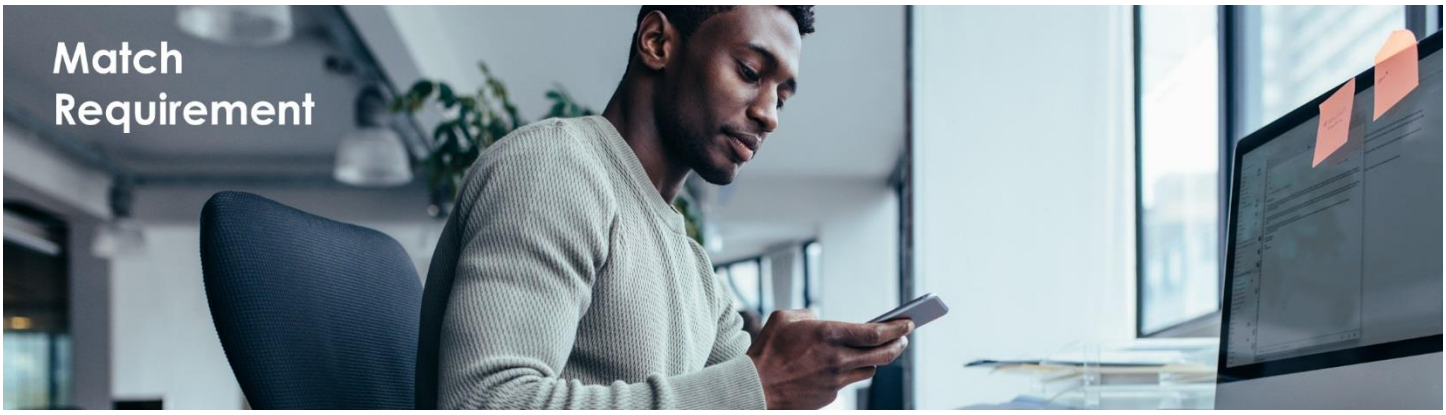
IMPORTANT: Applicants must review the compliance mandates of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 for information regarding facility accessibility. Contact the State Architectural and Transportation Barriers Compliance Board.

The National Endowment for the Arts can also be contacted for information; ask for assistance through the Office of Accessibility at 202-682-5532 or https://www.arts.gov/accessibility/accessibility-resources/nea-office-accessibility. Request the 504/ADA Handbook. This handbook provides helpful information regarding compliance with federal laws; however, there are instances where the State of Florida law prescribes access measures which exceed the federal standards. In case of conflict, the organization must comply with the more stringent requirement. For information on state standards, please contact the State of Florida Division of Cultural Affairs at 850-245-6356.

EXCEPTIONAL PROJECT

Exceptional Project means a project of paramount and crucial countywide importance, which provides for receipt of services by significantly large numbers of people in all areas of the county as demonstrated and determined by a three-fourths majority of the appointed ECHO Advisory Committee (up to nine members) and a majority of the County Council (four of seven).

Grant Funding Amounts and Match



Exceptional project applicants may request up to $2.5 million. The applicant must provide a 1:1 match. Fifty percent of the match must be unencumbered Cash Match and up to one-half of the Cash Match may come from previously spent cash.

Projects or facility complexes may not receive multiple Exceptional Awards that total more than the maximum allowed for a single Exceptional Award. The cap for their request is set by the County Council.

The project or facility complex may not request another Exceptional Grant award throughout the life of the ECHO program even if it is for a substantial expansion of the facility. The project may receive standard grants until reaching the $3.1 million lifetime cap, unless there is a substantial expansion and if approved by the County Council.

The date of required public access will be within four three years of the ECHO award. If this does not occur, the applicant will not be eligible to apply for additional ECHO funding.

Encumbrance and construction period extensions are available under the same conditions as a standard grant.

Documentation of match must be provided during the application process. Below are the categories of match and acceptable documentation for each category. Applicants must provide official documentation of match.

UNENCUMBERED CASH ON HAND

Cash in the bank, grants from other sources (grants must be awarded with contract executed) and funds must be encumbered before the Grant Review Panel is convened, and irrevocable pledges from the applicant organization (pledges must be in the bank before the Grant Review Panel is convened). The amount of required match that must be unencumbered cash on hand varies depending on the agency type and size. The guidelines below will be followed:

County Government or Local Municipality:
Must provide 50% of overall match in unencumbered cash or expenditures.

A Not-For-Profit organization with:

- Operating revenues or expenses/ expenditures annual average of the three fiscal years completed prior to the application deadline of $500,000 or greater. Must provide 50% of overall match in unencumbered cash or expenditures.
- Operating revenues or expenses/ expenditures annual average of the three fiscal years complete prior to the application deadline less than $500,000 and greater than $250,000. Must provide 30% of overall match in unencumbered cash or expenditures.
- Operating revenues or expenses/ expenditures annual average of the three fiscal years complete prior to the application deadline less than $250,000. Must provide 20% of overall match in unencumbered cash or expenditures.

Documentation:

- Current bank statement or copy of signed/executed resolution including pledged dollar amount, project name and date the funds will be available.
- Funds from grant awards used for match, that have not been previously expended, may be used for unencumbered cash match and be provided throughout the ECHO grant period and are not required to be in the bank prior to issuance of a notice to proceed by the County. Government grants must have an executed grant document. If the applicant is using the unspent portion of a grant for unencumbered cash match, the applicant must provide an official document showing the remaining grant balance that is available for this project. Potential grants that have been applied for are not eligible match but may be mentioned in the application.
- Irrevocable pledges must have a notarized letter stating the pledged amount, the purpose of the pledge and the date the funds will be made available. Funds must be in the bank prior to the grant review panel meeting.

IN-KIND SERVICES/ PREVIOUSLY SPENT CASH

In-kind services are the documented non-cash contributions provided to the applicant by individuals and non-corporate, non-governmental parties. Contributions may be in the form of the fair market value of goods and services directly benefiting and specifically identifiable to the project.

Previously spent cash is the encumbrances or cash expenditures completed within the seven-year period prior to the application. Expenditures must have been on eligible items (list on next page).

Documentation:

- **In-Kind Services (IK):** An itemized list of products or services including:
  - Name of person or organization making the in-kind donation.
  - Description of the goods and/or services donated.
  - Fair market value of the in-kind contributions including total value of the goods/services, value amount of the donation and basis for determination of the value.
  - Date the donation was/will be provided for the project.

  Future in-kind donations must be supported by a notarized letter.

  Previously provided in-kind service or product donations do not require backup in this application other than specified in the manual; however, official documentation must be available for review upon request by the County or the ECHO Advisory Committee.

- **Previously Spent Cash:** Copies of the work order, invoice and the front and back of the canceled check are required for each purchase.

LAND MATCH (LM)

The documented current market value, sale price or current leasehold value of real property used for the project (property value must be documented by appraisal documents obtained from the Volusia County Property Appraiser's Office or a professional appraiser). The property value is set at the time of first use. Once 100% of the property value has been used for ECHO mission purposes, it cannot be used again. In addition, if property value has been used to secure other grants (not ECHO) that amount is considered ineligible. LM can be used for up to 25% of total match. Property donated by the County or acquired through a County source, including ECHO or Forever, is NOT eligible for match.

Unless the project is an eligible Historic or Off-Beach Parking Reimbursement project or a trail section of the Trails Master Plan, at least half of the cash match (25% of the 1:1 total match) must be unencumbered cash or irrevocable pledge that are guaranteed to be on hand in the bank prior to the Grant Review Panel.

One hundred percent of the cash match may be derived from real property value when the project is a section of the County's Trails Master Plan including real property not owned by the applicant. Eligible reimbursement projects may use the purchase price and/or mortgage as 100% match.

Trails on the County's Master Plan, projects on State or Federal land, and property donated by the County are not eligible for match.

An applicant operating on more than $100,000 annually may use real property value for up to one-half of the required cash match if the property was purchased or donated within the seven years prior to the deadline of the application. A copy of the deed and a copy of the appraisal must be provided.

An applicant operating on less than $100,000 annually and requesting $150,000 or less in ECHO funds may use up to 25% of the purchase price or real property value no matter when the property was purchased or donated. A copy of the deed and a copy of the appraisal must be provided.

The total value of the real property, for the purpose of match, is set at the value documented in the application whereby an initial grant is awarded to the project site. Applicant may use real property as match for more than one project, but only up to the value documented at the time of first use.

Property already used as match for a grant other than ECHO is considered encumbered and is not eligible for use as match for ECHO projects.

In the case of Real Property with large tracts of land with multiple uses, including non-ECHO eligible property, only the value of real property needed for the ECHO capital project and adjacent property required for access (including parking) and for reaching programming goals may be used for match.

The acquisition value and/or fair market value of real property, provided for the purpose of a historical restoration and/or environmental learning project on State or Federal land, may be used in lieu of up to 50% of the required cash match and 100% of the other match (or 75% of the total required match) regardless of when the property was donated, purchased, leased, or when a Land Management Agreement or Project Management Agreement was initiated, but may be used only once as match. The acquisition value and/or fair market value of land provided for the purpose of a trail project of the County's Trails Master Plan, including land not owned by the applicant, may be used for 100% of the match regardless of when the property was donated, purchased, leased, or when a Land Management Agreement or Project Management Agreement was initiated, but may be used only once as match. The applicant is reminded that ECHO is a reimbursement grant program. The applicant must

discuss the ability to initiate the reimbursement program.

For any linear trails crossing large tracts of land, the value will reflect the value of the total land available for public access. In lieu of using actual acquisition value of land for match, the value may be determined by the Property Appraiser value or a general appraisal by an independent.

The current annual fair market value of an unencumbered lease may be used as match as demonstrated with a State Certified or MAI Appraisal.

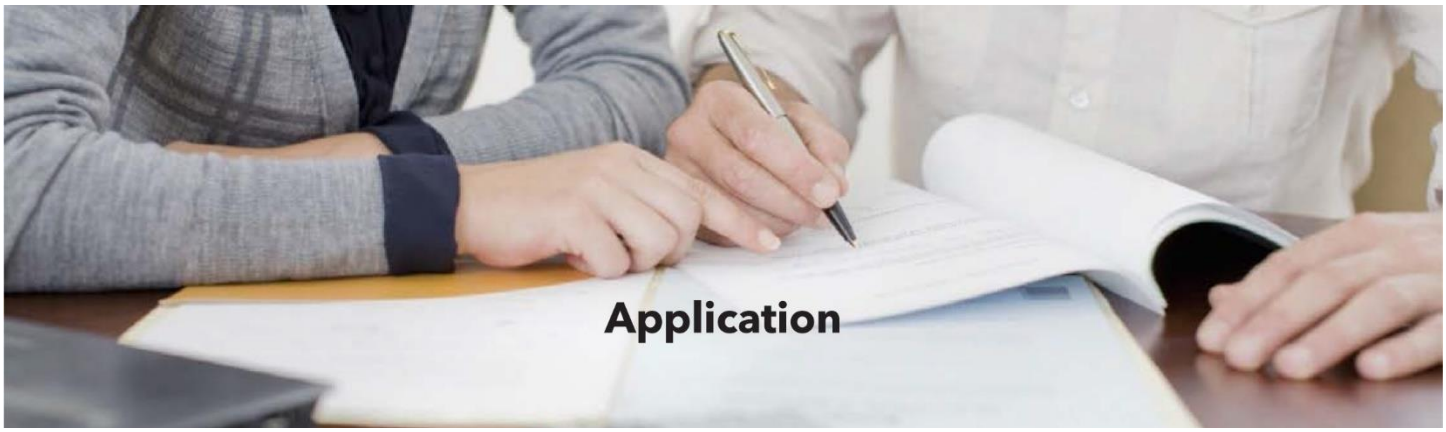
ELIGIBLE MATCH OR ECHO FUNDING

Additional funding restrictions are stated within the categories below. Expenses may include the actual amount to be paid or the value of the in-kind contribution.

Match and/or ECHO:

- **Architectural/Engineering Services:** Match items may include design work, schematics, design development, engineering, bidding and negotiation, consultant services, surveys necessary to develop the project (boundary, wetland, tree, historical, or archeological), and contract administration. Most architectural services may be used as match if they meet the seven-year match rule for in-kind services/ previously spent cash, with some exceptions, such as feasibility studies. Applicants may use ECHO grant dollars only for final construction drawings that are generated after a grant is awarded and after a Notice to Proceed has been issued by the County to the grantee.
- **Site Construction:** Items may include building demolition, site clearing, sewers and drainage, underground ducts and utility structures, utility connection and structures, termite control, exterior irrigation systems, earthwork, landscaping and parking surfaces.
- **Concrete:** May include cast-in-place concrete, architectural cast-in-place concrete-form work, structural pre-cast concrete and special concrete toppings/finishes.
- **Masonry:** May include unit masonry, stone masonry veneer, restoration and cleaning, and glass masonry assemblies.
- **Metals:** May include structural steel, metal fabrication, metal stairs, pipe and tube railings, gratings and ornamental metalwork.
- **Wood and Plastic:** May include rough carpentry, finish carpentry, interior/exterior architectural woodwork, panel-work or plastic fabrications.
- **Thermal and Moisture Protection:** May include waterproofing, fireproofing, shingles and roofing, siding and sealants.
- **Doors and Windows:** May include steel, wood, glass, and aluminum doors; frames; automatic or revolving doors; steel, wood, glass and aluminum windows; decorative or mirrored glass; and door and window hardware.
- **Finishes:** May include plaster, sheathing, ceramic tile, wood/brick flooring, carpet, paint and wall coverings. Acoustical treatments such as panel or tile ceilings apply only to theatres, performing art centers, auditoriums and science centers.
- **Specialties:** May include louvers and vents, permanent signs, lockers, metal storage shelving, partitions and mobile storage units. ECHO may fund 100% of permanently installed educational interpretive signs.
- **Equipment:** May include such items as theatre and stage equipment and playground equipment that is permanently installed. Note: Do not include expenses for office equipment in the ECHO or Match columns. Match funds that are spent on these items must be directly related to project public use, such as computer equipment used to educate the public, and not be administrative.
- **Furnishings:** May include casework and theatre seating or other items required for public use. Note: Do not include expenses for office furniture, window treatment hardware or louver blinds in the ECHO or Match column.
- **Special Construction:** May include X-ray protection and metal building systems.
- **Conveying Systems:** May include elevators, moving walkways, wheelchair lifts and vertical conveyors.
- **Mechanical:** May include pumps, motors, interior fire protection sprinkler systems, plumbing fixtures, water heaters, HVAC pumps and controls, boilers, furnaces, liquid coolers and evaporators, air-conditioning units, humidifiers, fans, metal ductwork and air filters.
- **Electrical:** May include wires, cables, transformers, switchgear, panel-boards, fuses, disconnect switches, circuit breakers, interior and exterior lighting (including theatrical lighting), fire

alarm systems, public address systems and lighting control equipment.



Historic Reimbursement or Off-Beach Parking Reimbursement Projects may use mortgaged funds as match. If the grant amount is less than the actual purchase price, the balance of the purchase price (even when mortgaged) may be used as 100% of the required match. When a mortgage for an eligible Historical or Off-Beach Parking Reimbursement project is used as match, the interest paid on the mortgage is considered to be the "cost of doing business," and may not be used as match.

Eligible match, but not ECHO funding:

- Expenditures for eligible items made prior to the execution of the Grant Award for the subject project of this application, unless the project is a Historic or Off Beach Parking Reimbursement.
- Expenditures for architectural, engineering and other technical services necessary to initiate the project (construction drawing expenses incurred within the grant period, relative to the project phase that is funded, are permitted).
- Environmental remediation or code compliance expenditures needed to complete an eligible project; Level I only of environmental assessments.
- Applicant organizations operating on less than $200,000 annually, averaged over a three-year period, may use up to $7,500 of the expenditures for a grant writer.
- Not-For-Profit organizations operating on less than $200,000 annually, averaged over a three-year period, may use expenditures for Agreed upon Procedures.
- Certified Audits or Reviews necessary for applying to ECHO as PSC cash match.
- If the same audit/review is used for two grant periods, its use as match is limited to the year an initial grant is awarded.
- When the grantee is acting as the general contractor, hourly wages of employees who work directly on physical construction of the project (not administrative), less benefits, are eligible for match only.
- Work and expenses must be clearly documented on a spreadsheet as it pertains to the project.
- Back-up required by the County will include at a minimum location of work, type of work, date/time recorded daily, and record of payment less benefits.
- Expenditures for temporary or permanent ECHO sign.

May not be used for match or ECHO funding:

- Expenses associated with lobbying or attempting to influence Federal, State or local legislation, the judicial branch and State agencies.
- Fundraising, private entertainment, food, beverages, plaques, awards or scholarships.
- Projects that are restricted to private or exclusive participation, including restricting access based on sex, race, color, religion, national origin, disability, age, handicap or marital status.
- Debt reduction unless the project is a Historic or Off-Beach Parking Reimbursement Project.
- Loans or borrowed funds.
- Endowments.
- Operational support (i.e., organizational salaries, programs, travel, supplies, furniture, fixtures and equipment).
- Permit preparation or fees with the exception of a level one environmental study.
- Maintenance.
- Legal fees or taxes.
- Feasibility studies and conceptual drawings.
- Projects whose main purpose is to provide environmental remediation or code compliance.
- Contingency fees.
- Match from a County source unless the County is the applicant.
- Revenue from bond issues that have not been passed (approved) at the time of this application.
- Expenditures from tax increment financing districts or community redevelopment agencies unless pre-approved by the County Council for a project with countywide economic impact.

APPLICATION PROCESS

Applicants must complete the following steps in the ECHO application process:

- Attend an ECHO Grant Review Workshop. The grant review workshop is mandatory for all applicants. The workshop(s) are offered on an annual basis, and attendance is required. The workshops will review the application process and grant requirements for the upcoming grant cycle.
- Submit a Technical Application.
- Submit a Final Application. Applicant must be eligible to apply and the subsequent application must demonstrate eligibility.
- Attend an Eligibility Meeting.
- Attend the Grant Review Panel. Application must achieve a minimum score of eighty from the ECHO Advisory Committee acting as the Grant Review Panel in order to be recommended for funding.
- Receive final approval by official action of the County Council.

APPLICATION REQUIREMENTS

There are several components that are required to be submitted in an application. The following information is required for each section:

- **Applicant information.** This includes basic contact information and the applicant's mission.
- **Project information.** This includes items such as project location, type, ECHO Category, applicable leases or mortgages on the property.
- **Project funding.** Include the amount requested, value of match and indicate other funding.
- **Project team.** Include names, contact information and experience of the project team and management of project.
- **Notice of Restrictive Covenant:**
  - Applicant must confirm that they agree to the terms of the restrictive covenant.
  - If the project of the application is mortgaged or leased property, other than those applying for trails in the County Master Plan or projects on State or Federal land not owned by the applicant, a letter from the Mortgagee or Lessor, stating that they agree to sign the Restrictive Covenants, must be supplied with the application.
  - Applicants with projects on State-owned land are automatically exempt from this requirement, but are held to the same liquidated damages cited within the Restrictive Covenants through language found in the final ECHO Agreement for which the grantee is held responsible.
- **Certification of Information and Compliance.** Must be executed by officials with appropriate authority for contracts, CFO and Board of Directors for Nonprofits.
- **Project description.** Explain how project will achieve the goals of Resolution 2020-79 to plan for future growth of Volusia County and enhance the quality of life for residents.
  - Use factual information/documentation to show how project will accomplish those goals (preserve historic resources, provide heritage tourism opportunities, create user oriented outdoor recreational opportunities

including oceanfront parks and/or provide access to the cultural arts).
    - The description needs to address the project and construction timeline, green infrastructure and sustainability standards, public accessibility, ADA accessibility requirements, and if applicable any additional phases.
    - When addressing green infrastructure and sustainability standards the following questions should be answered:
        - How will the project conserve water and/or promote water efficiency?
        - How will the project conserve energy and/or promote renewable energy?
        - If the project is a new facility, how will it meet green building standards or certifications?

- **Performance measures.** Explain the project's goals and objectives. Elaborate on how these goals and objectives will be measured for the length of the restrictive covenant.

- **Drawings.** Drawings are required from all applicants. All applicants must submit current drawings and/or excavation plans for the facility, site survey with existing structures and site plans with structures. Maps must be legible, to scale with legends.
    - Vacant land acquisition projects shall include conceptual drawings of improvements to the property, which are to be completed within two years of acquisition. Proposed structures shall include elevations, floor plans and design elements such as landscaping.

- **Street Locator Map.** The map should indicate the physical location of the project within the local area. It should also include road names and "North" for directional reference.

- **Site Plan.** Plans should show a building footprint, travel ways, parking, landscaping, etc. Plans should be to scale. This section includes site survey, trees and topography, civil, water retention drainage and circulation.

- **Preliminary and Schematic Drawings.** Drawings should show a general model of floor/site plans, showing location of project elements. This includes a Florida-friendly landscape plan.

- **Design and Development Documents.** Documents should show more detail, including selection of materials and engineering systems (heating, cooling, etc.) involved. Documents should also have a more detailed cost estimate and include green infrastructure and environmentally sustainable materials where appropriate. County and municipal applicants are reminded of the construction of energy-efficient and sustainable buildings requirements pursuant to Florida Statute § 255.2575.

- **Construction documents.** Documents should include written and graphic instructions. These documents should be focused on specifications for the project (building systems, floor plans, elevations, etc.). These documents should include site utilities and ADA information.
    - Outdoor, trails, parks, sports facilities and playgrounds would require a bid set of plans, which are ready to be used for the procurement process. New construction, facility remodel and historic projects would require a bid set of A&E plans, which are ready to be used for the procurement process. In addition, historic projects would need to demonstrate research and compliance with Historic Preservation Standards and Guidelines.

- **Permanent ECHO Sign documents.** Include sign design, materials and site placement.

- **Project Budget (including match)**
  Project Budget Detail Chart
    - A complete project budget must be submitted in the format provided by the county. The budget should be presented by each type of funding: UC unencumbered cash, LM land match, IK in-kind services or PSC previously spent cash, ECHO Request and Project Total. The budget must include temporary and permanent ECHO signage (the ECHO portion of the budget may not be used to fund the signs). It is imperative that the budget is accurate and realistic because all awarded projects will be responsible to implement their projects as presented in the application's budget.

- **Match documentation.** All documentation for match must be included in the application as required in the ECHO guidebook.

- **Operating Forecast.** This section must outline how the facility or project will operate, such as staffing, maintenance requirements and increased programming. All fees, including memberships and entrance fees, must be included. It also includes a detailed maintenance and replacement plan for the

20-year compliance period. Applicants must provide sufficient evidence that they address sustainability as part of the project design and as part of the operating forecast.
    - Applicants must submit a business plan, feasibility study and marketing plan. These plans must be specific to Volusia County and the proposed project.

- **Fiscal Stability.** This includes a review of fiscal stability of applicants, which should be an overview of the organization or department in local government. It also includes operational funding and costs associated with the project. This must be completed for the prior fiscal year, current fiscal year and the upcoming two fiscal years. Not-for-Profits may reflect the use of endowments to demonstrate fiscal stability.

- **Financial Audit.** The requirements for this section vary depending on the type and size of the applicant. Below is an outline of the requirements.

County of Volusia and Local Municipalities

These entities shall provide a link to their Financial Statement under GASB 34. The link should include the following documents:

- A Management Letter from the last fiscal year Independent Auditor's Report on the Basic Financial Statement.
- A Response Letter from the last fiscal year Independent Auditor's Report on the Basic Financial Statement. If no response letter was needed, make that statement here.
- An Opinion Letter from the last fiscal year Independent Auditor's Report on the Basic Financial Statement.

Not-for-Profit Organizations

The required financial information for a Not-for-Profit is determined by the operating revenue or expenses/expenditures annual average of the three fiscal years completed prior to the application deadline, as outlined below.

A Not-for-Profit organization with operating revenues or expenses/expenditures annual average of the three fiscal years completed prior to the application deadline of $500,000 or greater must provide:

- A Certified Financial Audit of its most recent completed fiscal year and completed within 18 months prior to the application deadline.
- A Management Letter that is part of the audit.
- The most recent Response Letter relative to the Management Letter. If no official response was provided, the applicant shall provide a statement to that effect and the applicant shall provide a response to comments made in the Management Letter.
- Most recent Month-End Finance Statement.

A Not-For-Profit organization with operating revenues or expenses/expenditures annual average of the three fiscal years complete prior to the application deadline less than $500,000 and greater than $250,000 must provide:

- A Financial Statement Review of its most recent completed fiscal year and completed within 18 months prior to the application deadline.
- A Management Letter that is part of the review.
- The most recent Response Letter relative to the Management Letter. If no official response was provided, the applicant shall provide a statement to that effect and the applicant shall provide a response to comments made in the Management Letter.
- Their most recent Month-End Financial Statement.

A Not-For-Profit organization with operating revenues or expenses/expenditures annual average of the three fiscal years complete prior to the application deadline less than $250,000 must provide:

- Agreed upon Procedures as defined in Guidebook.
- Their most recent Month-End Financial Statement.

Additional supporting documents for Not-for-Profit organizations:

- Must attach an official IRS letter granting Not-for-Profit 501(c)(3) status in Florida.
- Must attach their most recent Uniform Business Report (also referred to as an Annual Report) filed with the State of Florida, Division of Corporations.
- Must attach unrestrictive ownership or undisturbed use of facility documentation unless the project is an acquisition of real property.
- Must attach a letter of intent to sell from the owner for Acquisition Projects.

TECHNICAL APPLICATION

Submittal of a complete technical application is mandatory. If the application is received after the submission deadline, the County will not accept the submittal and the application will be deemed ineligible to submit a final application.

ECHO program staff will review the technical application and provide feedback to the applicant regarding eligibility, including compliance with program guidelines and completeness requirements. Staff will provide each applicant with a technical review prior to the final application deadline. This will give applicants the ability to implement recommendations in the review to ensure that their final application complies with program rules/guidelines and completeness requirements.

FINAL APPLICATION

Submittal of a final application is mandatory. If the application is received after the submission deadline, the County will not accept submittal and the application will be deemed ineligible. No deficiency correction will be allowed after the final application deadline.

ECHO Program Staff shall determine compliance with applicant/project eligibility and completeness requirements. Applications missing items or not meeting application/project eligibility requirements may be deemed ineligible. Staff will provide each applicant and ECHO Advisory Committee members with a Final Completeness Review recommending eligibility and the completeness status prior to the mandatory Eligibility Meeting. The Final Completeness Review will include whether the project has public accessibility, regardless of anticipated future phases.

If the applicant is advised, they must provide to the County all documentation noted as deficient in the County's Final Completeness Review. The amending supplement must be submitted electronically via email with the subject titled as follows: name of the organization, name of the project, and the grant number assigned to the application. The email shall also include a list of the documents attached to the email. The amending supplement documents shall clearly indicate the section of the application being replaced, changed, or supplemented on each of the pages. (These will be labeled as "addendums.")

ECHO Advisory Committee members will receive copies of the grant applications before the Eligibility Meeting. Members may contact ECHO Program staff during their review of the applications to better understand statements within the applications and clarification on ECHO policies, procedures and criteria. The committee has final determination as to the completeness of an application and its acceptance for subsequent scoring,

Clean Hands

The "Clean Hands" requirement stipulates that the applicant, its officers and/or significant stakeholders must be in compliance with all Volusia County codes and have no outstanding past due debt with the County of Volusia to be eligible to receive an ECHO Grant.

Staff will complete a "Clean Hands" search prior to the eligibility meeting. Copies of this search will be maintained in the project file. Applicants that do not pass this requirement will be deemed ineligible. Therefore, it is recommended that applicants complete this search themselves prior to application. This will allow time for the applicants to resolve any outstanding issues.

ELIGIBILITY MEETING

The ECHO Advisory Committee shall visit each applicant's project site, at which it is mandatory that the applicant's representative is in attendance. During the site visit, the applicant will have the opportunity to make a brief presentation and answers questions from the committee. These visits could take multiple meetings. After the site visits, the committee will confirm the eligibility of the applications.

Applicant requirements:

- Must attend the eligibility meeting at their project site and when the committee convenes to discuss eligibility of applications.
- Respond to initial questions from the committee.
- Prepared to provide a brief presentation and to answer questions posed by the committee on all areas of the application information and the project.
- Applicants may only update the committee/panel on topics covered in the application such as additional match funds or design changes.

GRANT REVIEW PANEL

The ECHO Advisory Committee sits as the Grant Review Panel to review and score all eligible applications. The committee will:

- Determine exceptional status for any applications requesting such, and
- Score and rank all eligible projects, and
- Indicate their reasons for the scores by writing comments on the Project Evaluation Sheet forms. Comments are intended to assist the applicant in future applications and should include remarks relative to the strength or weakness of the application, and
- Sign and date the score sheets and provide them to the County for public record. Eligible applications will be evaluated on their application along with information verbalized by the applicant as part of their grant review panel session. The total number of possible points is 100. Each panel member's evaluations will be based on:
    - Administrative compliance of the grant;
    - Project description;
    - Budget detail; and
    - Operating forecast details.

Evaluations are averaged to determine a score for the application. In calculating an average score, the highest and lowest individual scores will not be included. Each panel member may grant additional points for applications which provide sufficient evidence that sustainability elements (e.g. green infrastructure) are part of the approved project design.

Applications scoring 80 or above will be recommended for grants to the County Council by the ECHO Advisory Committee. Projects not recommended by the ECHO Committee may be funded by a majority vote of the County Council.

Exceptional Project Scoring

The Grant Review Panel will review all applications at the same time and will determine if a project meets the Exceptional Project criteria by a three-fourths majority vote of appointed members prior to the project ranking process (see definition for Exceptional Project in guidebook). This initial determination does not rank the project. If a project is determined Exceptional, then it will be either be recommended or not recommended by the committee to County Council. This recommendation is dependent upon funding availability and the standard grant scoring criteria for ECHO projects.

VOLUSIA COUNTY COUNCIL

Before the County will approve a grant for acquisition, all documentation required by the applicant and required by law or by any party for closing must be presented for review by staff and by the County Council. The term "any party" shall include seller, buyer/applicant, mortgagee, lien holder, realtor, title company, insurer and closing agent. ECHO funding is restricted to the actual purchase price and does not include closing fees and costs or property tax payments. All funding must be approved by the County Council.

At a regularly scheduled meeting of the County Council, the ECHO Program staff shall provide the County Council documentation of the ECHO awards recommended by the ECHO Advisory Committee, including the names of all applicants and projects, project locations and funding recommendations.

Additionally, staff will provide verification that the applicants recommended for awards have received "Clean Hands" status and information on those applications that were determined ineligible, if applicable.

County staff and the ECHO Advisory Chair or designee will present the committee's recommended projects and grant awards to the County Council for final approval.

The Council will review the recommendations and approve or deny recommended projects. The County Council has final authority over all grant awards. Although not required, applicants may wish to attend the County Council meeting to address questions posed by the Council during their discussions of the ECHO recommended awards.

THE AWARD PROCESS

The ECHO Grant Agreement must be executed by the applicant prior to County Council approval. If approved, the County Council will execute the ECHO Grant Agreement on the date of approval by County Council.

The following items must be completed prior to issuance of a Notice to Proceed:

- **Restrictive Covenants.** These covenants, accompanied by the complete legal description of the project property, must be filed with the Clerk of the Court if a grant is awarded. The restrictive covenant will remain on the property for a period of 20 years.
  - The complete legal description of the property is required and is found on the survey and/or the deed. This legal description must be approved by the ECHO office prior to recording with the Restrictive Covenants.
  - Land Management Agreements for trails of the County Master Plan or Project Management Agreements for projects on State or Federal lands not owned or leased by the applicant are acceptable in lieu of Restrictive Covenants but are subject to the same penalties of the Restrictive Covenants as stated in the ECHO Grant Agreement.
- **Bid Documents.** All local governments should follow their local procurement guidelines in selection of architect or construction services. All other grant applicants shall supply documentation of their bidding process or donation of services.
- **Performance Bond.** A performance bond naming Volusia County as a co-obligee must be submitted prior to notice to proceed is issued.
- **Management Agreements.** Management services agreements, existing or anticipated. The continuing use of any facility built with ECHO funds must be consistent with ECHO program goals as set forth in this application guide. The commitments and obligations for use and public access in the original grant application and the binding restrictive covenant must be maintained. ECHO recognizes that public-private partnerships may be mutually beneficial. Private, for-profit entities may be engaged to perform management services only if the ECHO goals and the application commitments are maintained. All management agreements, existing or future, must be approved by the County to ensure compliance with these objectives. For existing or potential agreements, the applicant shall provide the name of the management service, contact, phone number, and address.

Once these items are completed, a Notice to Proceed will be issued by the ECHO office. All of the ECHO funds awarded must be allocated toward products and services occurring after issuance of the notice to proceed by the County unless the project is a historic reimbursement or off-beach parking project.

Grantees who receive multiple grants for a project over several grant cycles must maintain the budget policies set in the year in which the individual grant was awarded unless the County approves that they may combine budgets.

The applicant must comply with all legal, financial, reporting and record maintenance requirements set forth in the application guidelines and agreement.

PUBLICITY REQUIREMENTS

The Volusia County logo and ECHO logo shall appear on the project and applicant website and shall be included in all media, print or electronic, for the project within 90 days of award. Any materials, print or electronic, that utilize the Volusia County logo and ECHO logo must be approved by Volusia County prior to publication.

A temporary ECHO construction sign must be erected within 90 days of award. The sign should be a minimum of 32 square feet. It must include the Volusia County logo, ECHO logo, project name, project type and the following language:

County of Volusia and (Grantee Name)

Working together to improve Environmental, Cultural, Historic and Outdoor Recreation opportunities for our residents and visitors. This project is funded in part by the voter-approved Volusia ECHO grant program.

Volusia ECHO has funded more than 240 projects.

These are a few of them.

Southeast Museum of Photography

Jackie Robinson Ballpark

Lyonia Environmental Center

Barkley Square Dog Park

PROJECT TIME LIMITS

Each grant must result in a project that is physically open to the public within two years of the grant award.

ECHO projects must complete construction within 730 days of execution of the Grant Agreement by the County.

Physical public access is required after each ECHO project is complete.

Exceptional Grants: The time frame to complete construction is three years from execution of the Grant Agreement by the County.

PROJECT EXTENSIONS

It is expected by the County that, at a minimum, all grant funds and match funds will be encumbered within the required project time limit, unless uncontrollable unforeseen circumstances occur.

Grantees may request extensions by writing to the ECHO Program no later than 60 days prior to the end of the project time limit period. Extensions by staff may not exceed an additional 365 days beyond the project time period allowed for a standard project or phase of an exceptional project.

The ECHO Program will send a written response within thirty days of receipt of the request, approving or denying the extension. Applicants receiving a denial can request review by the ECHO Advisory Committee.

Any extension requiring more than an additional 365 days beyond the project time period must submit a request in writing to the ECHO Program. These requests will only be reviewed two times per year, therefore it is imperative that grantees plan appropriately to ensure the grant award does not lapse. These requests will be reviewed by the ECHO Advisory Committee who will recommend approval or denial to the County Council.

CHANGES IN SCOPE/BUDGET

Grantees considering design changes must notify the County at the earliest time possible. The design provided in the application is part of the ECHO contract Agreement.

County staff may approve changes, including budgeted line items that do not alter the intent of the grant agreement or change the scope of the project. Changes in budget must be at or below 20% of the project's approved budget line item for staff to be able to approve them.

Major changes that alter the intended use or central design of a facility must be submitted to the ECHO Advisory Committee for review. This includes changes that add or delete a project element or budget changes that are above 20% of the project's approved budget line item. These requests will be reviewed by the ECHO Advisory Committee who will recommend approval or denial to the County Council.

Approval must be granted by the County before expenditures are encumbered for proposed design changes or a construction change is ordered in an existing contract.

Applicants are advised that this approval process may take several months.

REPORT REQUIREMENTS

Quarterly reports and pay requests must be submitted on a quarterly basis. After staff processed the quarterly reports, a summary will be provided to the ECHO Advisory Committee.

If quarterly reports are not submitted or not submitted timely (15th day after the end of the quarter, or the next business day) for two consecutive quarters, the grantee will be required to attend an ECHO Advisory Committee meeting to provide an update on their project status.

Quarterly reports should include the following information:

- Completion percentage of project design;
- Completion percentage of construction;
- Narrative describing progress made since previous quarter; and
- Changes or anticipated changes in timelines, scope and/or budget.

Pay request may be submitted more frequently if deemed necessary by the applicant.

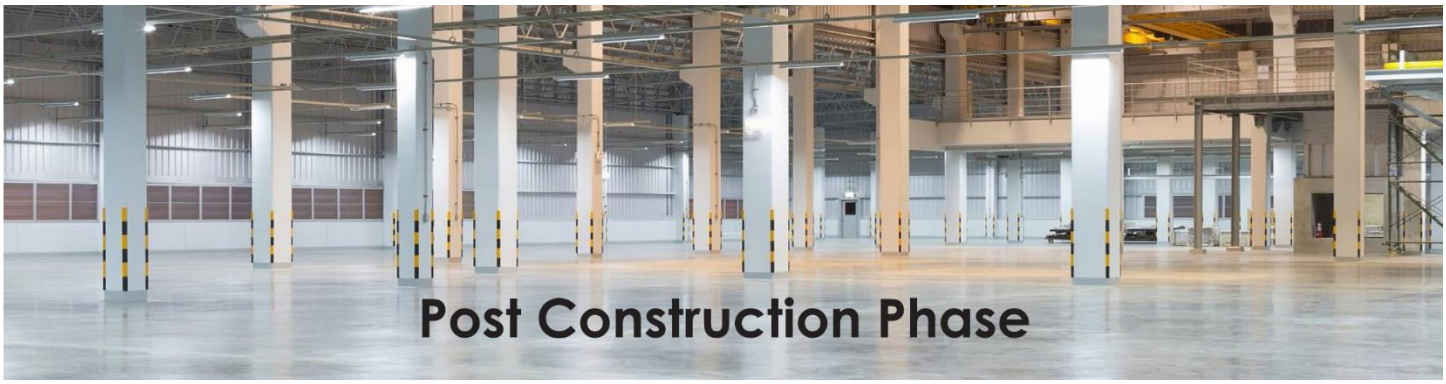
Pay requests must include:

- Item description, provider, application/ invoice number and date and be signed by grant manager.
- Reimbursement requests must match line items in approved budget.
- Reimbursement much match at least a 1:1 amount (accrued over complete project).
- Grantee must submit documentation for each request, including invoices and proof of payment (canceled checks and a lien release).
- The initial pay request must include proof that the applicant received a performance bond that names the County of Volusia as the co-obligee. Payment will not be permitted without this documentation.

After the project is completed, retainage may be released once:

- The grantee submits an official letter stating that the project is complete and requesting release of retainage; and

- ECHO staff completes a monitoring visit to ensure that all work in the original application has been completed including installation of a permanent ECHO sign.



MONITORING

ECHO program staff must be granted access to the project as requested during the construction phase. At a minimum, sites will be visited two times per year during the construction phase. ECHO staff will complete a monitoring worksheet after each site visit to ensure program compliance.

This monitoring worksheet will at the minimum ensure a review is completed of the following documents:

- Executed Agreement.
- Restrictive Covenants.
- Timely submittal of quarterly reports and reimbursement requests (including applicable back up documentation).
- All pay requests included proper documentation of payments for ECHO and match funds, which were appropriately filed.
- Items compensated in the last pay request completed.
- Documentation of bid process.
- Performance bond, naming the County of Volusia as co-obligee, for all contracted work prior to expenditure of ECHO funds.
- If the property is further encumbered.
- Timeliness of completion of project by applicable deadlines or extension requests.
- Changes to design, scope or intended use of the project and if so where proper approvals received.
- Temporary ECHO sign placed in a prominent public location.

CHANGES IN SCOPE

Major changes that alter the intended use of a facility as identified in the grant agreement must be submitted to the ECHO Advisory Committee for review during the 20-year period after execution of the grant agreement. These requests will be reviewed by the ECHO Advisory Committee who will recommend approval or denial to the County Council.

REPORTING REQUIREMENTS

Annual reports are to be submitted by July 15 of each year for a period of 20 years from the date of grant award, execution of the agreement.

Annual reports should include reporting from the grantees on the following information:

- Hours of operation/public access
- Programing and how it relates to ECHO
- Population served, including number served and applicable fees
- Operations/Budgets
- Partnerships
- Outlook for next year

PUBLICITY REQUIREMENTS

The Volusia County logo and ECHO logo shall appear on the project and applicant website and shall be included in all media, print or electronic, for the project within 90 days of grant award. Any materials, print or electronic, that utilize the Volusia County logo and ECHO logo must be approved by Volusia County prior to publication.

An ECHO sign must be erected prior to release of the retainage. The sign should be a minimum of 8 square feet and made of bronze, engraved granite, corian, or bronze finish of aluminum. It must be permanently installed in a prominent, highly visible location that is pre-approved by ECHO staff. It must include the Volusia County logo, ECHO logo, year of award and the following language:

> The Volusia ECHO Grant Program was approved by Volusia County citizens in November 2020 to construct environmental, cultural, historical and outdoor recreation projects.

The size can be decreased for historical projects upon request and approval of ECHO staff.

MONITORING

ECHO program staff must be granted access to the project as requested during the 20 year period from the date the agreement was executed. At a minimum, project sites will be visited on a tri-annual basis. If there are concerns, a site visit will be completed on an annual basis or more frequently if warranted, until the project receives three consecutive clean monitoring reports. ECHO staff will complete a monitoring worksheet after each site visit to ensure program compliance.

This monitoring worksheet will at the minimum ensure a review is completed of the following:

- Timely submittal of annual reports
- If the property is further encumbered
- County staff access to the facility
- Public Accessibility/Fees
- ADA Accessibility
- If the facility used for purposes defined in the grantee's original application
- If the facility is in clean working order (grant items being maintained and/or replaced as needed)
- If a permanent ECHO sign on site in a prominent location

DEFINITIONS

ENVIRONMENTAL / ECOLOGICAL PROJECT (Category “E” of ECHO) means a site, building or facility that provides access to an environmental/ ecological experience by the public.

CULTURAL PROJECT (Category “C” of ECHO) means a site, building or facility which shall be designed specifically for the programming, production, presentation, exhibition, or any combination of the above functions of any of the cultural disciplines, such as: music, dance, theatre, creative writing, literature, painting, sculpture, folk arts, photography, crafts, public media, and includes historical and science museums.

HISTORIC / HERITAGE PROJECT (Category “H” of ECHO) means a site, building or facility which utilizes its own and other historical resources to provide historical and/or heritage opportunities to the public and/or the facility is eligible to be registered as a significant historic facility by Federal, State or Local government and provides ECHO related programming by an ECHO eligible applicant.

OUTDOOR RECREATION PROJECT (Category “O” of ECHO) means a project that provides capital improvement structures and/or amenities that can be used or supports use by the public for outdoor recreational enjoyment. Amenity support can include outdoor athletic fields/athletic courts, boardwalks, trails, playgrounds and other facilities that provide outdoor recreational activity. It can also include capital facilities that support outdoor recreational use such as bathrooms, parking areas, pavilions, signage and other similar amenities.

ADVISORY COMMITTEE means the nine-member Committee appointed by the County Council to oversee the ECHO program and make recommendations for funding of the ECHO grant dollars to the County Council.

APPLICANT means a qualifying 501(c)(3) organization incorporated in the State of Florida with its principal office located in Volusia County, a municipality of the County of Volusia, or a budgeted organization of Volusia County Government.

ASSESSED VALUE OF PROPERTY means an annual determination by the Volusia County Property Appraiser of the just or fair market value of a property.

BUDGET means the organization’s unrestricted operating revenue.

CASH ON HAND means unencumbered cash dedicated to the ECHO project listed in the application.

CERTIFIED GENERAL APPRAISAL means a narrative appraisal, including a written analysis, opinion, or conclusion, issued by an appraiser relating to the nature, quality, value, or utility of a specified interest in, or aspect of, identified real property and includes a report communicating an appraisal analysis, opinion or conclusion of value regardless of title.

CERTIFIED GENERAL APPRAISER (not the County Property Appraiser) means a person who is certified by the Florida Department of Business and Professional Regulation are qualified to issue appraisal reports for any type of real property.

CERTIFIED FINANCIAL AUDIT means an examination of financial statements to determine whether operations are properly conducted in accordance with legal and regulatory requirements. Financial audits must be conducted in accordance with generally accepted auditing standards and governmental auditing standards. (These audits should include a Management Letter and a Response Letter).

COUNTY COUNCIL means the seven elected members of the Volusia County Council.

COMPLEX means a building or multiple buildings on the same site that share infrastructure or supporting facilities, amenities, signage or designation, or has other attributes of actual or perceived linkage.

ENVIRONMENTAL ASSESSMENT LEVEL I means appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice and the provisions of CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act) and ASTM E1527-05 (American Society for Testing and Materials). Information concerning CERCLA regulations may be found on the EPA website. An overview of the scope of ASTM E1527-05 may be found at the American Society for Testing and Materials website.

ENVIRONMENTAL/ECOLOGICAL EDUCATION means a process that leads to responsible individual and group actions. It should enhance critical thinking, problem solving and effective decision-making skills. It also should engage and

motivate individuals, enable them to weigh various sides of an environmental issue, make informed and responsible decisions, and take appropriate actions (based on the League of Environmental Educators of Florida Definition).

EXCEPTIONAL PROJECT means a project of paramount and crucial County-wide importance which provides services to (significant) large numbers of people in all areas of the County as demonstrated and determined by a three-fourths nine members) and a majority of the County Council (four of seven).

FEES means the financial sum charged by the applicant to the public for use of or entrance into the facility for which the applicant is applying for funds. Fees may include resident and non-resident charges, professional and nonprofit charges.

FINANCIAL STATEMENT REVIEW means performing inquiry and analytical procedures that provide the accountant with a reasonable basis for expressing limited assurance that there are no material modifications that should be made to the financial statements for them to be in conformity with GAAP or, if applicable, OCBOA (Other Comprehensive Basis of Accounting). (All audits and reviews of nonprofit and governments must include a Management Letter and a Response Letter.)

FISCAL STABILITY means the financial results of operations, available resources, and the organizational plan to resolve deficit problems. A concern for fiscal stability would be indicated by multi-year operating deficits and declining fund balances

FURNITURE AND EQUIPMENT means items that are not used for public purposes and are generally used for the administration of the building. (Examples: Tables, chairs and computers that are used for administrative purposes; equipment that is leased; desks and other office equipment which are used for administrative purposes; refrigerators, rugs, planters, books, etc.)

GRANT PERIOD means the time period in which grant funds are used for the project as set forth in the grant agreement.

GREEN INFRASTRUCTURE means the range of measures that use plant or soil systems, permeable pavement or other permeable surfaces or substrates, stormwater harvest and reuse, or landscaping to store, infiltrate, or evapotranspirate stormwater and reduce flows to sewer systems or to surface waters. (United States Environmental Protection Agency, n.d.)

IN-KIND CONTRIBUTION means the documented fair market value of non-cash contributions provided by the grantee or third parties that consist of real property or the value of goods and services directly benefiting and specifically identifiable to the project.

LEED, Leadership in Energy and Environmental Design (LEED) Green Building Rating System™ encourages and accelerates global adoption of sustainable green building and development practices through the creation and implementation of universally understood and accepted tools and performance criteria.

LEASE means a contract that conveys unconditional use of real property for a specific period of time. The minimum period of time shall be consistent with requirements set forth in the manual and the required length of the lease shall be determined from the final application deadline date.

LEARNING CENTER means a building that shall be used to provide educational or learning opportunities to the public and will serve as a center for research focusing on Volusia County's environmental/ecological, cultural, historical/ heritage and/or outdoor experiences.

MAI CERTIFIED APPRAISER means an appraiser who has completed the necessary training to achieve Membership in the Appraisal Institute.

MAINTENANCE is providing care, upkeep, repair or support of a physical piece of property. Maintenance expenditures are NOT allowed to be used for ECHO or Match dollars.

MANAGEMENT LETTER is a formal, written document that conveys the CPA's findings and observations about particular aspects of the client's business. It may describe certain procedures that the CPA performed in an engagement and identify ideas and recommendations that can improve the entity's operations. (The management letter should address issues related to the client's accounting systems, procedures and reports/issues, such as internal control environment, procurement practices, accounting policies, procedures and financial reporting practices. The management letter might also be expanded to cover other observations.)

MASTER TRAIL PROJECT means a specific segment of the Trail Master Plan that was approved by the County Council.

MEASURED GOALS AND OBJECTIVES means a set of specific quantifiable and qualifiable

accomplishments that can reasonably be anticipated to be achieved by the project and will be used for comparison to the expressed bases, standards and criteria of the ECHO program.

MONTH-END FINANCIAL REVIEW means the performance of inquiries and analytical procedures that provide the accountant with a reasonable basis for expressing limited assurance that there are no material modifications that should be made to the financial statements for them to be in conformity with GAAP.

NATURE-BASED SOLUTIONS means actions to protect, sustainably manage, and restore natural or modified ecosystems that address societal challenges effectively and adaptively, simultaneously providing human well-being and biodiversity benefits (International Union for Conservations of Nature, n.d.).

NEW CONSTRUCTION means adding a facility for the purpose of meeting the goals of this grant program to a property where no building previously existed or for the purpose of establishing an ECHO agreement period may also mean a substantial expansion or renovation that results in a significantly new public experience.

PAYMENT & PERFORMANCE BOND means surety insurance issued by a quality rated insurer authorized to issue in the face amount of the bond in the State of Florida, which guarantees the execution of the work under the construction contract.

PERMITS includes any building, zoning, use, excavation, fill, surface water, utility, or other official action of Federal, State, Regional or local government having the effect of permitting development of land.

PLANNING means the preliminary development of architectural, engineering and other technical services necessary to carry out the project.

PROJECT means the acquisition, construction, renovation and/or improvement of buildings and appurtenances, site improvements (such as driveways, parking facilities, stormwater management facilities, landscaping, signage and pedestrian facilities), and mandated off-site improvements that meet the requirements of an eligible ECHO project for the use and benefit of the public. This definition specifically excludes furniture, fixtures and equipment.

PROJECT AGREEMENT means an executed contract between Volusia County and a project sponsor setting forth mutual obligations regarding an approved ECHO funded project.

REHABILITATION means the act or process of returning a site or property to a state of utility through repair or alteration, which makes possible an efficient contemporary use while preserving those portions or features of the property which are significant to its historical, architectural and cultural values.

RENOVATION/IMPROVEMENT means the act or process of giving a property a state of increased utility or returning a property to a state of utility through repair, addition, or alteration that makes possible more efficient use.

RESPONSE LETTER is written by the client in response to the CPA's management letter. The response should be a written statement of explanation or rebuttal concerning the deficiencies or recommendations, including any corrective action taken or to be taken, related to the auditor's observations.

RESTORATION means the act or process of accurately recovering the form and details of a site or property and its setting as it appeared at a particular period of time by means of the removal of later work or by replacement of missing earlier work. Restoration of projects receiving ECHO funds shall be completed by architects, contractors and tradesmen having particular skill and sensitivity for handling historic building materials with care and attention to preservation and quality of details. Additionally, projects will be restored based on the Secretary of the Interior’s Standards.

STANDARD PROJECT means a project that can be completed including the grant and match, expended and the project be opened to the public within 730 days following the execution of a grant agreement.

SUSTAINABILITY means the ability to exist constantly while continuing to provide public accessibility as it relates to ECHO requirements.

UNDISTURBED USE means that the building to be renovated, expanded, or constructed and the site of such building will be owned by, or will be under lease to, the applicant by the date of the application submission and that the use of the site and building will be unencumbered by covenants, easements or other conditions contrary to the purpose of the project for a minimum length of time as required.

Prepared By:
County of Volusia
Legal Department
123 W. Indiana Ave.
DeLand, Florida 32720

Restrictive Covenants

THESE COVENANTS are entered into this _____ day of _____, 20___, by the _____ _____. *Hereinafter referred to as* "the Owner" and _____, *hereinafter referred to as* "the Grantee/Lessee", and shall be effective for a period of 20 years from the date of recordation by the Clerk of the Circuit Court of Volusia County, Florida.

WHEREAS, the Owner is the fee simple title holder of the Property located at _____, in the County of Volusia, Florida, as described as Exhibit A (legal description), attached to and made a part hereof, and

WHEREAS, the Grantee/Lessee is to receive ECHO Grant Program funds administered by the County of Volusia, Florida, 123 W. Indiana Avenue, DeLand, Florida 32720, *hereinafter referred to as* "the County", in the amount of $_____, to be used for the construction of the facility for public use specifically described in the ECHO Grant Agreement and its attached documents, situated on the property as described as Exhibit A, and

Now THEREFORE, as part of the consideration for the County grant, the Owner and the Grantee/Lessee hereby make and declare the following restrictive covenants which shall run with the title to said Property and be binding on the Owner and its successors in interest, if any, for the period stated in the preamble above:

1. The Owner and the Grantee/Lessee agree to maintain the property so that it continues to be used for as an ECHO facility as defined in the ECHO application definition and described in the grantee's application No. _____. This includes the requirement to maintain public access for the project for a period of twenty (20) years from the date of recording this restrictive covenant.
2. The Owner and the Grantee/Lessee agree that the County of Volusia, its agents and its designees shall have the right to inspect the Property at all reasonable times in order to ascertain whether the conditions of the Grant Award Agreement and these covenants are being observed.
3. The Owner and the Grantee/Lessee agree that these restrictions shall encumber the property for a period of 20 years from the date of recordation, and that if the restrictions are violated within the 20 year period, the County of Volusia shall be entitled to liquidated damages pursuant to the following schedule:
    a. If the violation occurs within the first half of the effective time period of these covenants, the County shall be entitled to return of the entire grant amount.
    b. If the violation occurs after the first half of the effective time period, the County shall be entitled to the return of the entire grant amount, less the quotient of two (2) divided by the number of years in the time period times each year past the mid period of the effective time period times the grant amount. For instance, if the violation occurs after the thirteenth (13^{th}) anniversary of the effective date of these covenants but prior to the fourteenth (14^{th}) anniversary, the County shall be entitled to return of 50% of the original grant amount.
4. The Owner and Grantee/Lessee are liable to the County of Volusia for the amount of the grant if the Owner or Grantee/Lessee breach these Restrictive Covenants and/or the Grant Award Agreement dated _____. To insure the ability to repay the grant, the Owner and Grantee/Lessee have agreed that they will maintain unencumbered equitable value in the property of at least the amount, and for at least the period of time provided in paragraph three (3) above. The Owner and Grantee/Lessee will not secure with a mortgage or otherwise hypothecate that equitable value in the property.
5. The Owner agrees to file these covenants with the Clerk of the Circuit Court of Volusia County, Florida, and shall pay any and all expenses associated with their filings and recording.
6. The Owner and Grantee/Lessee agree that the County of Volusia shall incur no tax liability as a result of these restrictive covenants.

IN WITNESS WHEREOF, the Owner and Grant Recipient have read these Restrictive Covenants and have hereto affixed their signatures.

INDEPENDENT REPORT ON APPLYING AGREED-UPON PROCEDURES

We have performed the procedures enumerated below, which were agreed to by the <ECHO Applicant>, solely to assist them with the filing of a Grant in Aid Application (the "ECHO Application") related to <ECHO Applicant>'s project with the County of Volusia (VC) for the calendar year (beginning January 1, 20____, and ending December 31, 20____). <ECHO Applicant>'s management is responsible for the filing of an ECHO Application related to <ECHO Applicant>'s project with Volusia County. This agreed-upon-procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The following procedures were applied to the organizational, financial and accounting records:

[ ] We observed the IRS determination letter verifying the entity is exempt from taxation under Code Section 501(c)(3).

[ ] We verified the current filing of the Form 990, Annual Return of Organization Exempt from Income Tax.

[ ] We verified the IRS Form 941 with proof of payment of withholding taxes for most recent calendar quarter.

[ ] We verified the entity's status with the Florida Department of State, Division of Corporations as currently being active.

[ ] We verified the entity's actual ownership of the real property on which the project will be constructed.

[ ] We observed sufficient documentation substantiating the outstanding mortgage balance on the project property.

[ ] We reviewed the real estate appraisal to verify the value used in the match calculations.

[ ] Describe, in general, the accounting system used in preparing the entity's financial statements.

[ ] Describe the process by which the entity accumulates the volunteer hours that will be used in the match calculations. Verify the amount was calculated using the hourly rate determined by the Independent Sector.

[ ] For previously spent cash match, we traced the amounts to the supporting invoices and cancelled checks.

[ ] Observe the existence of cash used in the match calculation to ensure availability on the date the application is submitted for critical review.

[ ] For the donated goods and services match, we traced the amounts to the supporting invoices and other appropriate documentation.

[ ] We obtained a representation letter from <ECHO Applicant>'s management confirming it made available to us all relevant information and it responded fully to all inquiries made by us during the engagement.

We were not engaged to, and did not perform an audit, the objective of which would be the expression of an opinion on the specified elements, accounts or items. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of <ECHO Applicant>, and the County of Volusia and is not intended to be used by anyone other than those specified parties.

City of Ormond Beach
AGENDA ITEM

November 7, 2023 - City Commission

Number: 8.I

Section:	CONSENT AGENDA		
Item Category:	Consent - Disposition Item	**Res./Ord. No:**	
Strategic Goal:	Transportation & Community Development - Other		
Department:	Planning & Building		
Subject:	FEMA FMA Program Grant Application		
Summary:	This item is to provide information regarding the 2023 Federal Emergency Management Agency (FEMA) Flood Mitigation Assistance (FMA) grant program. Staff has submitted two projects to the Volusia County Local Mitigation Strategy (LMS) group to elevate four homes and acquire/demolish/preserve one home. These homes were impacted by flooding and the City will be submitting these two applications for funding consideration. If the grant submissions are successful, additional action and information will be provided to the City Commission. On October 12, 2023, FEMA published the fiscal year 2023 funding opportunities for the FMA grant program. The application start date was Oct 16, 2023, and the deadline to submit to the Florida Department of Emergency Management is Dec 1, 2023. The purpose of the program is to reduce/eliminate the flood risk of repetitive flood damage to structures and buildings insured by the National Flood Insurance Program, and to enhance community flood resilience within NFIP-participating communities. The four homes included in the elevation project are: 363 Putnam Ave, 30 Sandalwood Ln, 40 Sandalwood Ln, and 520 West St. These properties have experienced flooding following moderate to severe storm events, including storms and hurricanes. Due to their location within FEMA-identified floodplains, specifically Flood Zone AE, the probability of structural flooding recurrence of these properties is high. To prevent future flooding and reduce flood insurance claims, the City proposes the flood mitigation of the 4 identified flood-prone candidates via elevation. The candidate project located at 293 Melrose Ave is proposed for		

	acquisition, demolition and preservation. The property has experienced structural flooding following moderate to severe storm events, including storms and hurricanes. Due to the high flood-risk area and the anticipated flooding events to be incurred by the homeowner, the City proposes the acquisition, demolition, and preservation as open space. The acquisition/demolition will eliminate all future insurance claims and other related flood losses. Maintenance of the land as open space will be the responsibility of the City.
Financial Impact:	The City, as sub-applicant to the State, will submit the two applications. The total estimated cost to elevate the four homes is $1,710,500 and the cost to acquire the one home is approximately $420,000. Three of the four elevation properties qualify for 100% federal funding and the other qualifies for 75% federal funding. For the property planned to be acquired and demolished, the federal funding will be 100% as well. Any match or expenses not eligible for federal funding are to be reimbursed by the property owners pursuant to guidelines set forth in the FMA Program guidelines. City's share will be $0. If the grant projects are selected for funding, the award notification will most likely occur later in 2024.
Citizen Impact:	If grant funds are awarded, the property owners will be able to mitigate their homes from damage caused by future flooding.
Recommended Action (Staff, Advisory Board and/or Other):	This is presented as information only, no action is required. Staff desires to make the City Commission aware of staff applying for the FMA on behalf of five homeowners.

City of Ormond Beach
AGENDA ITEM

November 7, 2023 - City Commission

Number: 8.J

Section:	CONSENT AGENDA		
Item Category:	Consent - Disposition Item	**Res./Ord. No:**	
Strategic Goal:	Quality of Life - Other		
Department:	Leisure Services		
Subject:	Auto Renewal - Golden Eagle (at Andy Romano)		
Summary:	This is notification of staff's intent to allow the Golden Eagle Associates, Inc. agreement to automatically renew for one additional year. In March 2013, the City Commission authorized the execution of an agreement with Golden Eagle Associates, Inc., for concession services at Andy Romano Beachfront Park. The contract states the agreement will automatically renew for additional one year periods unless either party provides at least 90 days prior written notice to the other party of their intent not to renew the agreement. This renewal will be the 9th automatic renewal of this agreement. This vendor has continually provided satisfactory concession services at Andy Romano Beachfront Park. It is staff's intent to automatically renew their contract for one additional year effective March 20, 2024.		
Financial Impact:	The auto-renewal of the agreement does not impact the budget.		
Citizen Impact:	The renewal of this contract ensures concessions are provided in a consistent and professional manner to Andy Romano Beachfront Park visitors.		
Recommended Action (Staff, Advisory Board and/or Other):	Staff's intent is to automatically renew the Golden Eagle Associates, Inc. contract for an additional one year period effective March 20, 2024, unless otherwise directed by the City Commission.		
Staff Contact:	Robert Carolin, Leisure Services Director, (386) 676-3279

AGREEMENT

THIS AGREEMENT is made and entered into by and between the **City of Ormond Beach** ("City"), a Florida municipal corporation, 22 South Beach Street, Ormond Beach, Volusia County, Florida and **Golden Eagle Associates, Inc., individually and d/b/a Rita's Ices** ("Contractor"), 212 Cessna Blvd., Unit 7, Port Orange, FL 32128, and in consideration of the mutual promises and covenants herein contained, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree to the following:

1. **Scope of Work.** The Proposal dated January 16, 2013, attached hereto as Exhibit "A", is incorporated herein by reference and is a material part of this Agreement. The Contractor shall fully comply with the terms and conditions described in the attached exhibit.

2. **Term.** This Agreement shall be effective on the date it is fully executed by the parties. The initial term of this Agreement shall be for a period of one (1) year and may be automatically renewed for additional one (1) year periods unless either party provides at least ninety (90) days prior written notice to the other party of their intent not to renew the Agreement.

3. **Consideration.** Contractor shall pay to the City an Annual Guarantee and an Annual Percentage Fee as set forth on Exhibit "A".

4. **Termination of Agreement.**
   (a) The City Commission shall have the right to terminate the Agreement in the event the Contractor files any petition or proceeding for bankruptcy relief, or is adjudicated to be bankrupt or insolvent, or fails to pay just debts as they ordinarily become due; or for a material breach of this agreement that remains uncured for at least thirty days after prior written receipt of a notice of violation of same.

   (b) This Agreement may not be terminated by the Contractor.

5. **Assignment.** The Contractor shall not assign, convey or transfer all or any part of this Agreement, or all or any part of Contractor's interest herein, or all or any part of any interest in the Contractor, without the prior written consent of the City Commission, which consent shall not be unreasonably withheld.

6. **Complete Agreement.** This Agreement, including the provisions set forth in the exhibit attached hereto and incorporated by reference herein, constitutes the entire and complete agreement of the parties, and the promises and covenants herein contained shall survive the life of this Agreement.

7. **Amendment to Agreement.** Any amendment, change, or modification of this Agreement must be in writing and fully executed by both parties.

8. **Notices.** All notices which are required by this Agreement shall be provided to the parties at the following addresses, or such other addresses as may be requested in writing by either party:

City of Ormond Beach	**Golden Eagle Associates, Inc.**
Joyce Shanahan, City Manager	Roy Savoca, President
(copy to City Attorney)	212 Cessna Blvd., Unit 7
22 South Beach Street	Port Orange, FL 32128
Ormond Beach, FL 32174	

9. **Sovereign Immunity.** The City expressly retains and reserves all rights, privileges, immunities, and benefits of sovereign immunity. This provision shall be construed broadly in favor of the City.

10. **Venue.** The terms and conditions of this Agreement shall be construed and enforced under the laws of the State of Florida. Any action or proceeding, either at law or in equity, regarding this Agreement shall be brought in the circuit court, Seventh Judicial Circuit in and for Volusia County, Florida. Venue in any other jurisdiction or forum, whether it be any other circuit, state or federal venue, is hereby expressly waived.

11. **Waiver of Conditions.** No waiver by the City of any condition or breach of performance by the Contractor shall constitute an irrevocable, continuing, or subsequent waiver by the City of the same condition or breach of performance, or of any other condition or other breach of performance.

12. **Severability.** If any part of this Agreement is declared to be unenforceable or void by a court of competent jurisdiction, the remaining parts of the Agreement shall remain in full force and effect as long as the services to be provided by the Contractor are not materially affected, altered or impaired as a result of said judicial declaration.

13. **Conflicting Provisions.** In the event of any conflict between the provisions of this Agreement and any exhibits, the provision most favorable to the City shall control and shall be given full force and effect.

14. **Indemnification.** The City, its agents, employees, and officials, both elected and appointed, shall be indemnified and held harmless by Contractor from any and all liabilities, claims, and causes of action which may arise out of the willful, negligent, or unlawful acts or omissions of the Contractor or its subcontractors in the performance of this Agreement, unless such claims are a result of the City's sole negligence, as determined by the final decision maker of such claim.

15. **Duty to Defend.** The Contractor shall defend all suits and administrative actions, including all appellate proceedings, brought against the City, its agents, employees, and officials, both elected and appointed and shall pay all attorneys' fees and costs associated with the City's legal defense, as may be selected by the City, arising from all claims and causes of action described in Section 14 above. Such payment on behalf of the City shall

be in addition to any and all other legal or equitable remedies available to the City and shall not be considered to be the City's exclusive remedy.

16. **Contractor's Insurance.** The Contractor shall purchase and maintain for the entire life of this Agreement, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under this Agreement, whether such operations be by the Contractor, or by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City. The Contractor is responsible for the amount of any deductible or self-insured retention.

17. **Types of Insurance and Limits of Liability.** The insurance required herein shall be written for not less than the limits of liability specified herein or as required by law, whichever is greater, and shall include the following:

(a) Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

$100,000. Each Accident Bodily Injury by Accident
$100,000. Each Employee Bodily Injury by Disease
$500,000. Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverages.)

(b) **Commercial General Liability Insurance** shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 88, or its successor form, including but not limited to the following coverages (any deviation shall be noted on the Certificates of Insurance), and the CITY OF ORMOND BEACH shall be named as an additional insured:

1. Premises and Operations
2. Owners' & Contractors' Protective
3. Products & Completed Operations
4. Explosion, Collapse & Underground Conditions
5. Blanket Contractual Liability
6. Personal Injury Liability
7. Broad Form Property Damage Endorsement, including Completed Operations
8. Independent Contractors
9. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
10. Pollution Liability (if applicable)
11. Asbestos Abatement (if applicable)
12. Fire Damage Liability

Certain coverages outlined above may not be required if they do not relate to the Agreement, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less than the following for all tiers of Contractors and Subcontractors:

Contract Value	**Limits (not less than)**
0 - 25,000	$300,000 Each Occurrence $300,000 General Aggregate* $300,000 Aggregate Products & Completed Operations $ 25,000 Fire Damage (any one fire)
$25,001 - $250,000	$500,000 Each Occurrence $1 Million General Aggregate* $1 Million Aggregate Products & Completed Operations $ 50,000 Fire Damage (any one fire)
$250,001 - $3,000,000	$1 Million Each Occurrence $1 Million General Aggregate* $1 Million Aggregate Products &

	$ 50,000	Completed Operations Fire Damage (any one fire)
$3,000,001 & over	20% of the Value of the Contract [Minimum $1 Million Each Occurrence/$2 Million General Aggregate]	

*NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

(c) **Automobile Liability Insurance** for the operation, use, maintenance, loading or unloading of automobiles - ISO Symbol 1 (Any Auto) or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos). The coverage limits shall be no less than the following for all tiers of Contractors and Subcontractors:

Contract Value	**Limits (not less than)**
0 - 25,000	$300,000 Combined Single Limit
$25,001 - $250,000	$500,000 Combined Single Limit
$250,001 and over	$1 Million Combined Single Limit

(d) Excess Liability

For Contracts of $250,000 or more, and in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention for occurrences insured in this Excess Policy not to exceed $25,000 and a minimum limit of $1 Million.

(e) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of $1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provide a retroactive date no later than the inception date of claims made coverage.

18. **Requirements for Certificates of Insurance.**

(a) With the execution of this Agreement, the Contractor shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies

shall contain a provision that the coverage under the policies will not be canceled, non-renewed or materially changed until at least **thirty (30)** days' prior written notice of such cancellation, non-renewal or change [except for nonpayment of premium, which shall be **ten (10)** days] has been given to the City. The Contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of this Agreement.

(b) New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.

(c) If requested by the City, the Contractor shall furnish complete copies of the Contractor's insurance policies, forms and endorsements.

(d) For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.

(e) If the Contractor fails to obtain and maintain for the life of the Agreement the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Agreement.

(f) **Policies of Insurance**

1. Except as otherwise provided herein, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-) in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.

2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carriers; written confirmation is required.

3. All policies of insurance or certificates thereof referred to herein shall be deposited with the City Clerk.

4. The City shall be named an Additional Insured on all policies of insurance and certificates thereof.

19. **Enforcement of Costs.** If any legal action or other proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default, or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable attorneys' fees, court costs, and all expenses even if not taxable court costs (including, without limitation, all such fees, costs and expenses incident to arbitration, appellate, bankruptcy, and post-judgment proceedings), incurred in that action or proceeding or any appeal, in addition to any other relief to which the party or parties may be entitled. Attorneys' fees include legal assistant fees, expert witness fees, investigative fees, administrative costs, and all other charges billed by the attorney for the prevailing party.

20. **Effective Date.** This Agreement shall become effective upon the date last signed by the parties hereto.

IN WITNESS WHEREOF, the undersigned parties have caused this Agreement to be signed on the dates indicated hereinbelow.

GENERAL CONDITIONS

PUBLIC ENTITY CRIMES: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit proposals on leases or real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

DISCRIMINATION: Pursuant to Section 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid or proposal on a contract to provide any goods or services to a public entity, may not submit a bid or proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit bid or proposal on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity.

PUBLIC RECORDS/NON-CONFIDENTIALITY OF BIDS AND/OR PROPOSALS: The City of Ormond Beach cannot and does not warrant the confidentiality of any information submitted in response to this solicitation. Florida law provides that municipal records shall at all times be open for personal inspection by any person, Section 119.01, F.S., The Public Records Law. Information and materials received by the City of Ormond Beach in connection with all Proposers' response shall be deemed to be public records subject to public inspection upon award, recommendation for award, or 30 days after bid opening, whichever occurs first. Section 119.071, F.S.

DISTRIBUTION OF BIDS AND RFP'S: The City uses the services of Onvia DemandStar (www.demandstar.com) to distribute its bids and RFP's on-line on the Internet. If you have received a copy of this RFP from any source other than Onvia DemandStar, please be aware that you may not have received the latest version of the RFP or any related addendums.

SUBMISSION OF RESPONSES: All submittals shall be delivered in a sealed envelope. The Request for Proposals (RFP) number, title, and opening date shall be clearly displayed on the outside of the sealed envelope (and on the outside of any express shipping package). The delivery of said submittal to the Purchasing Office on or before the specified opening date and time is solely and strictly the responsibility of the Submitter. Any submittal received by the Purchasing Office after the specified date and time will not be accepted. Submittals must be presented on forms provided by the City. No other forms will be accepted. Telephone, telefax and telegraph Submittals will not be considered. No Submittal may be modified after opening. No Submittal may be withdrawn after opening for a period of ninety (90) days unless otherwise specified.

EXECUTION OF SUBMITTAL: Submittals must contain a manual signature of authorized representative in the space(s) provided. Submittals must be typed or printed in ink. Use of erasable ink is not permitted. All corrections made by Submitter to any Submittal entry must be initialed. The company name and Federal Employer Identification Number (F.E.I.N.) number shall appear in the space(s) provided.

RFP OPENING: Submittals shall be opened and the name of the submitters shall be read publicly. No discussion of the Submittals will occur at this time.

SUBMITTAL TABULATION: Any submitter wishing to receive a copy of the tabulation is required to enclose a stamped, self-addressed envelope with their Submittal response.

CLARIFICATION/CORRECTION OF RFP ENTRY: The City of Ormond Beach reserves the right to allow for the clarification of questionable entries and for the correction of obvious mistakes.

INTERPRETATION: Any questions concerning conditions and specifications shall be directed to the Purchasing Coordinator. Those interpretations which may affect the eventual outcome of this Submittal will be furnished in writing to all prospective Submitters. No interpretation shall be considered binding unless provided in writing by the City of Ormond Beach.

MINORITY POLICIES: The City of Ormond Beach, Florida, encourages the full participation of Disadvantaged and Women Business Enterprises (D&WBE) in the provision of goods and services.

LICENSES AND PERMITS: The Vendor/Contractor is responsible for obtaining all necessary permits and licenses to comply with all Federal, State, local laws, rules and regulations required to perform work in accordance with the specifications.

ADDITIONAL TERMS AND CONDITIONS: The City of Ormond Beach reserves the right to reject Submittals containing any additional terms or conditions not specifically requested in the original conditions and specifications.

TAXES: The City of Ormond Beach is exempt from Federal Excise Taxes and all sales taxes.

SILENCE OF SPECIFICATIONS: The apparent silence of any specification and any supplemental specifications as to any details or the omission from same of any detailed description concerning any point shall be regarded as meaning that only the best commercial practices are to prevail and that only materials of first quality and correct type, size, and design are to be used. All workmanship is to be first quality. All interpretations of the specifications shall be made upon the basis of this statement.

ASSIGNMENT: Any purchase order or contract issued pursuant to a Submittal and the monies which may become due hereunder are not assignable except with the prior written approval of the City Manager or City Commissioner, whichever authorized the purchase or Agreement.

LIABILITY: The Contractor shall hold and save the City of Ormond Beach, its officers, agents, and employees harmless against claims by third parties resulting from the Contractor's or supplier's breach of contract or negligence, including all attorney's fees and costs, and shall pay any and all damages, fees, and costs assessed on behalf of the City. The City expressly reserves all rights, privileges and benefits of sovereign immunity.

PATENTS AND ROYALTIES: The Contractor, without exception, shall indemnify and save harmless the City of Ormond Beach and its employees from liability of any kind, including cost

and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by the City of Ormond Beach. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the Submittal prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work.

NON-APPROPRIATION OF FUNDS: In the event sufficient budget funds are not available for a new fiscal period, the CITY shall notify the VENDOR/CONTRACTOR of such occurrence and the contract shall terminate on the last day of the current fiscal period, without any penalty or expense to the CITY of any kind whatsoever.

AWARDS: The CITY reserves the right, in its sole discretion, as the best interest of the CITY may require, to make award(s) by individual item, group of items, all or none, or a combination thereof; on a geographical basis and/or with one or more vendors, contractors, consultants or specialists; or to reject any and all Submittals or waive any minor irregularity or technicality in the Submittals received.

THE CITY OF ORMOND BEACH RESERVES THE RIGHT TO REJECT ANY OR ALL PROPOSALS, AND TO WAIVE INFORMALITIES AS MAY BE DEEMED TO BE IN THE BEST INTEREST OF THE CITY.

TERMS AND CONDITIONS

A. The City of Ormond Beach reserves the right without prejudice to reject any or all proposals, to request clarification of information submitted, and to request additional information of one or more proposers.

B. The City reserves the right to award the contract to the next most qualified firm if the successful firm fails to execute a contract within two weeks after the award of the contract by the City Commission.

C. In accordance with federal, State, and local regulations, the firm shall not discriminate under the contract against any person.

D. The firm shall not assign or transfer any interest in the contract without prior approval of the City Commission.

E. The City reserves the right to terminate the contract at any time.

F. Submission of a proposal indicates acceptance by the firm of the conditions contained in this Request for Proposals unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the City of Ormond Beach and the firm selected.

G. Submittals should include a copy of firm's insurance certificate, Conflict, Non-Conflict of Interest Statement/Litigation Statement, and Drug Free Workplace Certificate.

I. OBJECTIVE OF THE REQUEST FOR PROPOSALS

The purpose of this Request for Proposals (RFP) is to solicit competitive sealed proposals to provide concession services for the City of Ormond Beach's Andy Romano Beachfront Park *(OBARBFP)* as more particularly set forth in this RFP. The concession stand consists of a single-window service counter and a total operating space of 19'8"x 17'8" equipped with triple wash sink, and a power supply consistent with running coolers, ice machines, etc. The successful Respondent or Respondents will demonstrate the ability to provide a safe, consistent and reliable delivery system for the specified goods and services that will:

1. Maximize the public's use and enjoyment of the park;
2. Encourage tourism;
3. Provide an accurate and verifiable system to account for all revenue collected;
4. Provide an accurate and verifiable system to determine the dates and times of operation;
5. Adequately compensate the City of Ormond Beach, as the trustee of the public's interest in Ormond Beach's Andy Romano Beachfront Park and to offset the City's costs of operating and maintaining the park.

II. SCOPE OF SERVICES

Concession Operations

a) The successful respondent shall be responsible for reviewing and complying with all laws, regulations, and ordinances applicable to Concessionaires.

b) The successful respondent shall provide all necessary equipment related to operating a successful concession business. *For Example:* coffee machines, refrigerators, ice machine, coolers, etc., are the sole responsibility of the contracted Concessionaire. The Concessionaire shall make any repairs caused by Concessionaire's negligence at Concessionaire's expense. Existing items within the designated concession stand will remain the City's throughout the duration of the contract. Equipment or replacement equipment desired by the Concessionaire will be acquired and installed at Concessionaire's expense. If any public agency having jurisdiction over such matters require safety or other improvements to any of the equipment used by the Concessionaire in their operations, Concessionaire shall be required to effect these improvements at their sole expense. Any desired modifications to existing concession stand must obtain prior approval by the Director of Leisure Services or his/her designee. All approved modifications become property of the City of Ormond Beach.

c) The public's right shall not be infringed upon by an activity of the Concessionaire or any of its employees, agents, or subcontractors. The activities of the Concessionaire shall be such as to render service to the public in a dignified manner.

d) The Concessionaire shall use no undue pressure, coercion or persuasion in an attempt to influence the public to use the services or products of the Concessionaire.

e) Except as expressly permitted by the resulting contract, solicitation outside of the designated concession area is prohibited.

f) The Concessionaire shall operate in a manner that will ensure the convenience and safety of the public.

g) All employees, officers, agents, and subcontractors of the Concessionaire shall be neatly attired in uniforms that properly identify them as official City of Ormond Beach Concessionaire personnel.

h) The design of such uniforms shall be subject to the prior approval of the City of Ormond Beach's Director of Leisure Services or his/her designee. All uniforms worn shall be maintained in a neat and clean manner.

i) All employees, officers, agents, and subcontractors of the Concessionaire shall wear photo identification badges that will be furnished by and at the expense of the awarded Respondent.

j) The City of Ormond Beach's Director of Leisure Services or his designee shall have the right to require any employee(s) of the Concessionaire to be permanently removed from the beach premises whenever it appears to be in the best interest of the City of Ormond Beach.

k) The Concessionaire shall be required to participate in any food, beverage and product sponsorship agreements currently in place with the City of Ormond Beach or any which may be put in place during the term of the Contract.

l) The Concessionaire shall offer quality products at competitive prices at least consistent with similar goods and services presently being offered locally in other local facilities.

m) All pricing for all goods and services are to be posted and visible for all customers.

n) The concessionaire will be responsible for the signing in and out of the mobility impaired chair (MIC) stored onsite. Please note there is no rental fee associated with the usage of the MIC. Procedures for usage of the MIC will be determined and approved by the Director of Leisure Service or his/her designee.

Maintenance

a) The Concessionaire shall maintain all facilities and equipment in a clean and sanitary condition. All food and beverage facilities shall be in accordance with all applicable rules, ordinances and/or laws pertinent to the health authorities

of Volusia County, the Florida State Board of Health and any other health department having jurisdiction.

b) The Concessionaire shall be responsible for maintaining a clean, safe and appealing environment in and around the concession area. The Concessionaire shall develop and adhere to a recycling program approved by the City of Ormond Beach.

Personnel and Experience of the Concessionaire

a) All persons involved in concession activities are required to undergo a background check and drug test at the Concessionaire's expense. In addition, it is the Concessionaire's responsibility to insure all new hires, officers, and agents, are communicated to the City of Ormond Beach's Director of Leisure Services or his/her designee after completion of the background checks and drug testing. It is the responsibility of the successful Respondent to issue individual identification badges upon successful completion of the background check and drug test. No individual shall be permitted to work in the park without this identification. The City of Ormond Beach reserves the right to request random drug testing of all of the successful Respondent's personnel.

b) The City of Ormond Beach includes a diverse population and the successful Respondent shall reflect this diversity by encouraging diversity in employment of concessions.

c) The successful Respondent shall have documented experience in the applicable industry for the goods and services which will be managed. This documentation and references are a requirement and evaluation factor of this RFP.

Concession Fee

A. As consideration for the City of Ormond Beach granting the concession privileges to the successful Respondent or Respondents, the Concessionaire shall pay to the City of Ormond Beach an Annual Guarantee *and* an Annual Percentage Fee, as follows:

Annual Guarantee:
For each lease year, or pro rata portion thereof, during the term of the Contract, the Concessionaire shall pay to the City of Ormond Beach, in twelve equal payments, monthly in advance, an Annual Guarantee as proposed by the Respondent, *and*

Annual Percentage Fee:
For each lease year during the term of the Contract, the Concessionaire shall pay to the City of Ormond Beach no later than May 15th, an Annual Percentage Fee proposed by the Respondent of the Gross Receipts reported on the previous year's Income Tax Return derived from the operation of the Beach Concession.

B. The proposed Annual Guarantee and Annual Percentage Fee will be factors in the decision to award a Contract to the successful Respondent. The agreed upon Annual Guarantee and Annual Percentage Fee will increase annually by an amount proposed by

the Respondent, which will also be a factor in the decision to award a Contract. The annual increase of the Annual Guarantee and Annual Percentage Fee will take effect at the anniversary of each Contract term.

C. This concession fee shall not be listed as a separate line item on any receipt provided to any customer or member of the public.

Reporting and Financials

a) The successful Respondent shall ensure all concession venues are equipped with a cash register system with duplicate receipt capability.

b) Concessionaire shall provide quarterly income statements and will be required to send these reports electronically to the City of Ormond Beach's Director of Leisure Services and City of Ormond Beach Finance Director.

c) The City of Ormond Beach reserves the right to audit any financial documentation at anytime.

d) Respondent shall include in the quarter report, days and time worked for the reporting month. This information shall be verifiable through the cash register system.

Menu Items

The successful Respondent is expected to serve quality pre-packaged food, drink and sundry items (example: ice cream, potato chips, crackers, canned/bottled sodas, water, suntan lotion, etc.) to meet the needs of the visiting public. Simple menu items should be offered at competitive prices. Alcoholic beverages are not permitted on the premises. Each proposer will be required to include a sample menu of products to be offered with a proposed price list corresponding to each product.

III. TERM OF AGREEMENT

The successful Respondent shall comply with all federal, state and local rules and regulations regarding food handling, operation of a concession business, and any other laws that would apply to operating a similar type of business. Special attention must be paid to the regulations outlined by the State of Florida, Department of Professional and Business Regulation, Division of Hotels and Restaurants.

The initial term of this agreement shall be for a period of one (1) year and will be automatically renewed for one year thereafter unless either party provides at least ninety (90) days prior written notice to the other party of their intent not to renew the agreement.

IV. QUALIFICATIONS

In order to be considered responsive, Proposers shall, at a minimum, demonstrate compliance with the following Pre-Qualification Criteria in their proposal. All requested documentation and/or information shall be provided in the Proposal to confirm that the Proposer has satisfied the Prequalification Criteria in order to be properly evaluated as listed herein. Proposers failing to meet these requirements shall be deemed non-responsive. The Proposer shall, at the time of

Proposal submittal, time of award, and throughout the duration of the Contract, continue to meet the following Pre-qualification Criteria requirements as stated in the Solicitation Documents.

- Must be a registered Concessionaire in Florida.
  - Must submit copy of license with proposal.
- Must complete all attached contract documents.
- Must submit a sample menu including all items and pricing.
- A schedule of operations must be submitted with proposal and any deviation from that schedule must be approved by the Leisure Services Director or his/her designee.
- Must submit a proposed schedule of hours of operation for the concession for Winter Season and Summer Season. This schedule of hours of operation shall be in the best interests of meeting the needs of the public and will be a factor in the decision to award a Contract to the successful Respondent.

The Concessionaire shall have proven successful and progressive leadership (three years in a like business) in offering to the public those services as outlined. References are required as per the defined Evaluation Criteria listed in this package and shall be submitted on the forms provided with the proposal. A minimum of three (3)/maximum of five (5) customer references should include name and address of agency, length of contract, contact name, telephone number, fax number and email address. A minimum of two (2)/maximum of three (3) supplier references are also required and should include the above information.

V. PROPOSAL PROCESS

The firm or individual(s) interested in this contract should include a response to each of the following items in their written proposal:

1. A Submittal Letter signed by authorized agent of the firm with documentation, such as a Memorandum of Authority, that this individual is authorized to commit the firm to a Contract. Clearly state the name, title and contact information for the individual designated by the firm as contact point for any requests for additional information required by Volusia County.

2. A profile of the firm, including:

   a. A brief history of the business.

   b. Organizational structure of business.

   c. Designation of the legal entity by which the business operates (i.e., sole proprietorship, partnership, limited liability partnership, corporation, Limited Liability Corporation, etc.).

   d. Ownership interests.

   e. Active business venues (counties, states, cities, etc.).

   f. Present status and projected direction of business.

   g. The overall qualifications of the business to provide the services requested.

h. The qualifications of the firm's employees who will work on this contract.

i. Documentation from the appropriate state's agency confirming firm's legal entity type (i.e. sole proprietorship, partnership, limited liability partnership, corporation, Limited Liability Corporation, etc.). For non-Florida businesses submit documentation from the state in which the business was formed and documentation from the State of Florida providing authorization to perform business in the state of Florida.

j. Federal Identification Number of firm.

3. Business Plan
   The business plan should include the approach to the project and vision of Beach concessions; it should include the following:
   - Equipment and inspection plan
   - Training plan
   - Transition plan and timeline
   - Green initiatives.

4. References
   List at least three (3) recent references where the proposed services have been used within the past year.

5. Business Tax Receipt (BTR)
   To be responsive to this solicitation, each Respondent who is currently required to have a Business Tax Receipt (BTR) at the time of submittal shall provide a copy of their current BTR in their response to this solicitation.

6. Concenssionaire Registration/License
   Respondent must provide proof of that they have properly registered as a Concessionaire in the State of Florida.

7. Menu:
   Respondent must provide a sample menu with the proposal.

VI. PROPOSAL SUBMITTAL

Please check the contents of your RFP package carefully to ensure that you have in your possession all the necessary documents, as referenced within this RFP, including any addenda. If you are missing any items, please contact the City's Purchasing Coordinator at 386-676-3223, or by e-mail at: chris.byle@ormondbeach.org.

Submission of a proposal pursuant to this RFP shall constitute acknowledgement and acceptance of the terms and conditions set forth herein. Portions of this RFP and the contents of the proposal submitted by the successful proposer may become contractual obligations if an Agreement is awarded. Failure of the successful proposer to accept these obligations may result in cancellation of the award of contract.

The City reserves the right to withdraw this RFP at any time without prior notice. All proposals submitted in response to this RFP become the property of the City of Ormond Beach.

Deadline for Submission: To be considered, proposals must be received no later than 3:00 p.m., December 12, 2012.

Inquiries: Technical questions may arise as firms are preparing their proposals. The City will accept written inquiries regarding this RFP until seven (7) working days prior to the RFP due date. Questions received after that time will not be responded to. Answers to questions that warrant attention of all the potential proposers will be distributed in the form of an addendum.

Please direct written inquiries to:

Chris Byle
City of Ormond Beach
22 South Beach Street
Ormond Beach, Florida 32174
Telephone: (386) 676-3223
FAX: (386) 676-3374
Chris.byle@ormondbeach.org

Signature Requirements: Proposals must be signed by a duly authorized official(s) of the proposing firm. Consortiums, joint ventures, or teams submitting proposals, although permitted and encouraged, will not be considered responsive unless it is established that all contractual responsibility rests solely with one firm or legal entity which shall not be a subsidiary or affiliate with limited resources. Each proposal shall indicate the entity responsible for execution on behalf of the proposal team.

Proposal Delivery: The City must receive one (1) unbound original and three (3) bound copies of your submittal no later than the date and time specified above. Submit proposals to: Chris Byle, Purchasing Coordinator, City Hall, 22 South Beach Street, Ormond Beach, FL 32174. The RFP title and number shall be plainly marked on the outside of the delivery envelope or package. It is solely the responsibility of the submitter to ensure that the Proposal is delivered on or before the specified date and time. Late proposals will not be accepted.

Addenda and Supplements to the Request for Proposals (RFP): In the event that it becomes necessary to revise any part of this RFP, or if additional information is necessary to enable the proposing firm to make an adequate interpretation of the provisions of this RFP, a supplement to the RFP will be provided to each firm that has requested a copy of this document.

Rejection Rights: The City of Ormond Beach reserves the right, at any time, to modify, waive or otherwise vary the terms and conditions of this RFP including, but not limited to, the deadlines for submission and submission requirements. The City further reserves the right to reject any or all submittals, to cancel or withdraw this RFP at any time and to negotiate with any party prior to or after submittal of proposals. Selection is also dependent upon the negotiation of a mutually acceptable contract with the successful proposers.

Cost of Proposal Preparation: No reimbursement will be made by the City of Ormond Beach for any costs incurred in the preparation of the proposal or presentation.

Proposals to be in Effect: Each proposal shall state that it is valid for a period of not less than 90 days from date of receipt.

VII. EVALUATION PROCESS AND CRITERIA

The City of Ormond Beach will conduct an evaluation of all proposals, submitted by the deadline, to determine compliance with proposal requirements and mandatory document submissions. The committee will evaluate proposals and select the Proposer that meets the best interests of the City, and will make a recommendation of Award of Contract to the City Commission.

Evaluation Criteria:

For the purposes of further evaluation, the responsive proposals will be evaluated on, but shall not be limited to, consideration of the following criteria:

Qualifications and Experience (30 points)
Price (30 points)
References (30 points)
Business Plan (10 points)

Responsive proposals will be ranked in each of the criteria

The City reserves the following rights:

Conduct pre-award discussion and/or pre-award negotiations with any or all responsive and responsible Proposer(s) who submit proposals determined to be reasonably acceptable of being selected for award; conduct personal interviews or require presentations of any or all Proposer(s) prior to selection.

Request that Proposer(s) furnish additional information as the City may reasonably require.

Process the selection of the successful Proposer without further discussion.

Accept or reject qualifications or proposals in part or whole.

Limit and/or determine the actual contract services to be included in a contract.

Engage outside experts to assist staff in evaluating the merits and viability of each Proposer.

Obtain information for use in evaluating submittals from any source.

Verify the information received in the proposal. If a proposer knowingly and willfully submits false information or data, the City of Ormond Beach reserves the right to reject that proposal. If it is determined that an Agreement was awarded as a result of false statements or other data submitted in response to this RFP, the City of Ormond Beach reserves the right to terminate the Agreement.

Waive any irregularity in any proposal, or reject any or all submittals, should it be deemed in the best interest of the City of Ormond Beach to do so.

The City shall be the sole judge of the proposer's qualifications.

REGISTRATION AND INSURANCE REQUIREMENTS FOR VENDOR/CONTRACTOR WORKING ON CITY PROJECTS

Registration Requirements

VENDORS doing business within the City Limits must be registered with the City. Requirements for registering a business are as follows:

Copy of City Business Tax Receipt (where your business is located).
Certificate of Insurance showing General Liability and Workers' Comp (or State Workers' Comp Exemption form).
Application Fee: $25.00 For more information, contact the City's Business Tax Receipt official.

State Certified/Registered Contractors

All registered contractors must be registered with Volusia County. Volusia County Contractor Licensing, 123 W. Indiana Ave., Rm 203, Deland, Fl. 32720 (386) 736-5957 Opt. 2 –(386) 740-5215 Fax. Certified Contractors have the option of registering with Volusia County, or providing information directly to the business tax receipt official.

If you have any questions regarding the above requirements, please contact the business tax receipt official at (386) 676-3234.

EXHIBIT A
Risk Management and Insurance Requirements

A. Payment and Performance Bonds

1. Except as otherwise provided herein, the Contractor shall, prior to beginning performance, deliver to the City, and the City shall record in the public records of Volusia County, Florida, the Contractor's Payment and Performance Bond in an amount equal to the full amount of the Contract.

2. (a) Payment and Performance Bonds shall not be required for any contract except those which are for the construction of a public building, for the prosecution and completion of a public work (as described in Section 180.06, **Florida Statutes,** as amended from time to time) or for repairs upon a public building or public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time).

(b) With respect to those Contracts for which Payment and Performance Bonds are otherwise required:

i. Unless the City Manager, or his designee, determines such Bond to be necessary to protect the interests of the City, no Contractor shall be required to provide a Payment and Performance Bond for any Contract which is for $25,000.00 or less.

ii. Upon the request of the contractor, good cause shown by the Contractor, and a determination that the public health, safety and welfare will be sufficiently protected, the City Commission may exempt the contractor from the requirement of providing a Payment and Performance Bond for any Contract which is for more than $25,000.00 but is less than $200,000.00.

3. The Payment and Performance Bond shall list the Contractor as Principal and be issued by a surety insurer authorized to do business in Florida as a surety and listed as an acceptable surety in the Federal Register.

4. The Payment and Performance Bond shall be executed pursuant to Section 255.05, **Florida Statutes**, and be in a form substantially similar to the form set forth in Section 255.05(3), **Florida Statutes**.

5. The Payment and Performance Bond shall specifically provide coverage for delay damages due to a default by the Contractor.

6. The Payment and Performance Bond shall not make the Contract part of the Bond agreement.

7. In lieu of the Payment and Performance Bond, the Contractor may file with the Finance Director of the City, in an amount equal to the full amount of the Contract, cash, a money order, a certified check, a cashier's check, an irrevocable letter of credit, or a security of a type listed in Part II, Chapter 625, **Florida Statutes**.

8. In the event the surety on any Payment and Performance Bond furnished by the Contractor is declared bankrupt or becomes insolvent, or its right to do business in the State of Florida is terminated, the Contractor shall, within five (5) working days thereafter, substitute another Payment and Performance Bond and surety acceptable to the City.

9. The Contractor is totally and solely responsible for keeping its surety informed as to the Base Contract Price as bid, significant changes in the Project Scope, and the overall progress and completion of the Project for the entire life of the Contract.

10. The payment and performance bond requirements stated herein above shall not be applicable to service-related contracts unless otherwise determined by the City Manager in order to protect the health, safety and welfare of the general public.

B. Contractual Provisions Relative to Risk Management

All contracts for any public works to be performed, and service-related contracts, for or on behalf of the City shall include the following, or substantially similar, provisions:

1. Hold Harmless

(a) General

The City, its agents, employees, and officials, both elected and appointed, shall be held harmless from and against all claims for bodily injury, sickness, disease, death or personal injury or damage to property or loss of use resulting therefrom, arising out of the agreement, contract or lease unless such claims are a result of the City's sole negligence, as determined by the final arbiter of such claim.

(b) Professional Services Contracts

The City, its agents, employees, and officials, both elected and appointed shall be held harmless from and against all claims for bodily injury, sickness, disease, death or personal injury or damage to property or loss of use resulting therefrom arising out of performance of the agreement or contract, unless such claims are a result of the City's sole negligence, as determined by the final arbiter of such claim.

The City, its agents, employees, and officials, both elected and appointed shall also be held harmless from and against all claims for financial loss with respect to the provision of or failure to provide professional or other services resulting in professional, malpractice, or errors and omissions liability arising out of performance of the agreement or contract, unless such claims are a result of the City's sole negligence, as determined by the final arbiter of such claim.

2. Payment on Behalf of City

The Contractor shall pay all costs of the City's legal defense, as may be selected by the City, for all claims described in the Hold Harmless paragraph.

Such payment on behalf of the City shall be in addition to any and all other legal remedies available to the City and shall not be considered to be the City's exclusive remedy.

3. Loss Control/Safety

Precaution shall be exercised at all times by the Contractor for the protection of all persons, including employees and property. The Contractor shall comply with all applicable laws, regulations and ordinances related to safety and health, shall make special efforts to detect hazardous conditions, and shall take prompt action when loss control/safety measures are reasonably necessary.

The City may order work to be stopped if conditions exist that present an immediate danger to persons or property. The Contractor acknowledges that such work stoppage will not shift responsibility for any damages from the Contractor to the City.

4. Service Bond

For Service-related contracts only, the City may require the Contractor to secure a service bond with a minimum $25,000 coverage limit for the period of the service agreement. The service bond covers dishonest acts of the contractor's employees against the City. A copy of the bond shall be provided to the City when the agreement commences.

Service-related contracts include and are not limited to businesses providing janitorial, pest control, general repair, security, carpet cleaning, locksmith, temporary employment, painting, moving services or other contracts as determined in the discretion of the Risk Manager as necessary to minimize loss.

C. Contractor's Insurance

1. General

The Contractor, including service-related contractors, shall purchase and maintain for the entire life of the Project, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under the Contract Documents, whether such operations be by the Contractor, by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City. The Contractor is responsible for the amount of any deductible or self-insured retention.

2. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include the following:

(a) Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

$100,000. Each Accident Bodily Injury by Accident
$100,000. Each Employee Bodily Injury by Disease
$500,000. Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

(b) Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 88, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

a. Premises and Operations
b. Owners' & Contractors' Protective
c. Products & Completed Operation
d. Explosion, Collapse & Underground Conditions
e. Blanket Contractual Liability
f. Personal Injury Liability
g. Broad Form Property Damage Endorsement, including Completed Operations
h. Independent Contractors
i. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)

j. Pollution Liability (if applicable)
k. Asbestos Abatement (if applicable)
l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less than the following amounts for all tiers of Contractors and Subcontractors:

Contract Value	Limits (not less than)
0 - $25,000	$300,000 Each Occurrence $300,000 General Aggregate* $300,000 Aggregate Products & Completed Operations $ 25,000 Fire Damage (any one fire)
$25,001 - $250,000	$500,000 Each Occurrence $1 Million General Aggregate* $1 Million Aggregate Products & Completed Operations $ 50,000 Fire Damage (any one fire)
$250,001 - $3,000,000	$1 Million Each Occurrence $1 Million General Aggregate* $1 Million Aggregate Products & Completed Operations $ 50,000 Fire Damage (any one fire)
$3,000,001 & over	20% of the Value of the Contract [Minimum $1 Million Each Occurrence/$2 Million General Aggregate]

* NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

(c) Automobile Liability Insurance for the operation, use, maintenance, loading or unloading of automobiles - ISO Symbol 1 (Any Auto) or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos).

Contract Value	Limits (not less than)
0 - $25,000	$300,000 Combined Single Limit
$25,001 - $250,000	$500,000 Combined Single Limit
$250,001 and over	$1 Million Combined Single Limit

(d) Excess Liability

For Contracts of $250,000 or more, and in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention for occurrences insured in this Excess Policy not to exceed $25,000 and a minimum limit of $1 Million.

(e) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of $1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

D. Requirements for Certificates of Insurance

1. With the execution of the Contract Documents, the Contractor, including service-related contractors, shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain an endorsement that the coverage under the policies will not be canceled, non-renewed or materially changed until at least thirty (30) days' prior written notice of such cancellation, non-renewal or change (except for nonpayment of premium, which shall be ten (10) days) and a copy of the cancellation endorsement signed by an authorized representative of the insurer, be given to the City. The contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of the Contract Documents.

2. New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.

3. If requested by the City, the contractor shall immediately furnish complete copies of the Contractor's insurance policies, forms and endorsements.

4. For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.

5. If the Contractor fails to obtain and maintain for the life of the Project the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City form the amount due the Contractor for the work covered by the Contract.

E. Policies of Insurance

1. Except as otherwise provided in this Exhibit, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-), in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.

2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carriers; written confirmation is required.

3. All policies of insurance or certificates thereof referred to in this Exhibit shall be deposited with the City Clerk.

4. The City shall be named an Additional Insured on General Liability and Automobile Liability policies of insurance and certificates thereof.

City of Ormond Beach
Request for Proposals (RFP)
Ormond Beach's Andy Romano Beachfront Park Concession
(RFP No. 2013-03)

RFP RESPONSE FORM

THIS RESPONSE IS SUBMITTED TO:

Purchasing Coordinator
City of Ormond Beach
22 S. Beach Street
Ormond Beach, Florida 32174

The undersigned SUBMITTER proposes and agrees, if this Submittal is accepted, to enter into a Contract with the CITY that reflects the items of this Request for Proposal (RFP) and to provide all services, as specified or indicated in the RFP Documents, in full accordance with

the terms and conditions set forth in therein.

SUBMITTER accepts all of the terms and conditions of the General Conditions. SUBMITTER will sign the Contract) and submit the Contract security (when applicable) and other documents required by the Contract Documents within ten (10) days after the date of CITY's Notice of Award.

In submitting this information, SUBMITTER represents, as more fully set forth in the Agreement, that:

SUBMITTER has examined copies of all the RFP Documents and of the following Addenda:

Addendum Date	Addendum Number
Dec. 6, 2012	Number 1
Jan. 11, 2013	Number 2

Receipt of all of which is hereby acknowledged.

This Submittal is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; SUBMITTER has not directly or indirectly induced or solicited any other Submitter to submit a false or sham Submittal; SUBMITTER has not solicited or induced any person, firm or a corporation to refrain from bidding; and SUBMITTER has not sought by collusion to obtain for himself any advantage over any other Bidder or over the CITY.

Ormond Beach's Andy Romano Beachfront Park Concession
(RFP No. 2013-03)

CITY OF ORMOND BEACH, FLORIDA
DRUG-FREE WORKPLACE CERTIFICATION

IDENTICAL OR "TIE" SUBMITTALS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more proposals which are equal in respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violation.

3) Give each employee that engages in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).

4) In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) calendar days after such conviction.

5) Impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

ADDENDUM NO. 1
TO RFP DOCUMENTS FOR

Ormond Beach's Andy Romano Beachfront Park Concession:
RFP NO. 2013-03

December 6, 2012

TO: All Prospective Proposers

SUBJECT: Addendum NO. 1 to the Request for Proposals
Ormond Beach's Andy Romano Beachfront Park Concession
RFP No. 2013-03

This addendum is being issued to provide all prospective proposers with information on answers to questions and inquires to the proposal. **Please note the RFP Opening date has changed and is scheduled for January 18, 2013, at 3:00 p.m.,** in the Upstairs Conference Room, located at City Hall, 22 South Beach Street, Ormond Beach, Florida.

In order to give a timely response, **additional questions pertaining to RFP No. 2013-03, Ormond Beach's Andy Romano Beachfront Park Concession will be received until 5 p.m. on January 9, 2013** with a final addendum to be issued shortly thereafter if needed.

1. **Question: The question I have is in the Menu Items section(page 8),:" The Successful Respondent is expected to serve quality pre-packaged food, drinks". Does this mean all foods served must be prepackaged and prepared of premises, no Fryer, no Griddle, and no Soda Fountain?**

   ✓ *The City will consider all proposals whether for pre-package food, prepared food, or a combination of offerings. Microwave ovens, soda fountains, electric commercial hotdog rollers, and similar devices may be utilized. However, the facility is not equipped to facilitate onsite cooking.*

2. **Question: Will there be beach access from the Park, and will there be signage outside the Park indicating this?**

   ✓ *Yes, there will be beach access from the park. Signage will follow Volusia County standards of design and placement.*

3. **Question: Will the City allow signage, i.e.: *Hershey's Ice Cream*, and would this signage be visible to travelers along A1A?**

   ✓ *Removable signage will be located at concession window only. The sign will not be visible from A1A as current codes do not allow for this.*

4. **Question: The description of the concession stand "consisting of" does not mention air conditioning. Will the building be air conditioned?**

   ✓ *Yes*

5. **Question: Along those lines, I did not see it mentioned who is responsible for utilities costs?**

   ✓ *The City of Ormond Beach will supply utilities for the concession stand operation.*

6. **Question: The bid states "adequately compensate the City of Ormond Beach to offset City costs of operating and maintaining the park". Does the City have an estimate of what those costs will be and, if you can, let me know what percent of those costs you expect to have the concession stand provide.**

   ✓ *The City does not have a specific expectation as to the revenue generated by the concession stand in relation to the total cost to operate and maintain the park. Each proposer will need to determine the amount of concession fees they are willing to pay based upon their expected gross margin. The proposed concession fees (annual guarantee amount and annual percentage fee) will be part of the determination for award used by the selection committee.*

7. **Question: Regarding "properly or neatly attired in uniform as City of Ormond Beach Concessionary personnel", will the City provide the uniforms or will there be a cost to obtain them?**

   ✓ *No. It is the successful respondent's responsibility to provide uniforms for their staff.*

8. **Question: "Initial term of this agreement shall be for one year and automatic renewal for one year thereafter." Does this mean that a new bid offering will go out every two years for the concession stand?**

   ✓ *No. Both the City and the winning proposer will have the ability to decide each year if the contract is renewed for another annual term.*
   The language for the terms of the contract are amended to read: The initial term of this agreement shall be for a period of one year ***with automatic annual renewals thereafter*** *unless either party provides at least ninety days prior written notice to the other party of their intent not to renew the agreement.*

9. **Question: "Schedule of Operation": Is the City expecting the concession to be open the same hours as the Park.**

   ✓ *No, that is a bid qualifier and as such will be part of the determination for award by the selection committee.*

10. ***Question:*** **If so, does the City post the hours, i.e.*: Park open from dusk to dawn*?**

    ✓ *Park hours will be posted.*

11. **Question: Will the Park provide a seating area with umbrellas or is there a covered area with picnic tables near the concession?**

    ✓ *The park will have several covered areas with picnic tables.*

12. **I am not familiar with the workings of "Payment and Performance Bonds". Would you please provide clarification of this on pages 14 and 15 and the service bond on page 16?**

    ✓ *This is standard language used in all requests for proposals and is not applicable to this particular proposal. Neither payment and performance bonds nor service bonds will be required.*

13. **Question: Are there exceptions to payment agreement of the annual guarantee and annual percentage fee in the case of a serious weather condition such as hurricane or tornado which would drastically affect the operation and income of the concession?**

    ✓ *In the event that the concession stand cannot be operated as a result of a natural disaster, the City will consider a request for temporary abatement of the concession fees.*

14. **Question: It appears that the concept is that the concession be a full service operation selling in addition to ice cream, a variety of packaged snack and food items. Do you also anticipate that the concessioner would offer cooked items, such as burgers, hot dogs, French fries, etc.?**

    ✓ *As indicated in answer #1, the facility is not equipped for cooking.*

15. **How much floor space total is in the RFP**

    ✓ *19'8" x 17"8", 352 square feet.*

16. **Will there be a hood installed on the property? If no, can we submit a bid that includes one as well?**

    ✓ *There will not be a hood installed.*

17. **Is there a grease trap available? Once again, if no, can we submit a bid that includes one?**

    ✓ *A grease trap is not available.*

18. **What is your vision for this property and when can we meet to discuss?**

    ✓ *The vision is to have a concession stand that serves the visitors of Ormond Beach's Andy Romano Beachfront Park with quality food and sundries, while representing the City of Ormond Beach in a positive, professional manner. After reviewing all submissions, the RFP committee will contact the top proposers for further discussion.*

In all other respects, except as specifically stated herein, the subject RFP remains unchanged.

END OF ADDENDUM NO. 1

ADDENDUM NO. 2
TO RFP DOCUMENTS FOR

Ormond Beach's Andy Romano Beachfront Park Concession:
RFP NO. 2013-03

January 11, 2013

TO: All Prospective Proposers

SUBJECT: Addendum NO. 2 to the Request for Proposals
Ormond Beach's Andy Romano Beachfront Park Concession
RFP No. 2013-03

This addendum is being issued to provide all prospective proposers with information on answers to questions and inquires to the proposal. Please note the **RFP Opening** date has not changed and is scheduled for **January 18, at 3:00 p.m.,** in the Upstairs Conference Room, located at City Hall, 22 South Beach Street, Ormond Beach, Florida.

1. **Question: Are there any food, beverage, or product sponsorship agreements currently in place for the City of Ormond Beach?**

   ✓ *There are currently no such agreements in place.*

2. **Question: After the initial drug test; who is responsible for the fees associated with the random drug testing?**

   ✓ *Random drug testing will be at the sole expense of the contracted concessionaire.*

3. **Question: Who is responsible for the cleaning and restocking of the restrooms?**

   ✓ *City of Ormond Beach staff will be responsible for the stocking, upkeep and maintenance of the restrooms.*

4. **Question: What will the electrical amperage available to the concession stand be?**

   ✓ *There is a 100amp, single phase service dedicated to the operations of the concession stand.*

5. **Question: What type of security systems will be installed at the concession stand? Cameras? Safe?**

✓ *No safe or cameras are being installed. It is the sole responsibility of the successful respondent to provide any security items they feel are needed to operate.*

6. **Question: Will there be access between the office, the utility room, and the concession area?**

   ✓ *No, that area is reserved for City of Ormond Beach staff.*

7. **Question: The answer given was "The City of Ormond Beach will supply utilities for the concession stand operation." To clarify, does this mean The City will pay monthly utilities charges incurred in and surrounding The Concession, i.e. power, lighting, gas, HVAC bills?**

   ✓ *Yes, the City of Ormond Beach will pay water, sewer and electric associated with the operation of the concession throughout the duration of the approved contract.*

8. **Question: Please clarify the point you intend to make entitled TAXES, on page 3 of 24. How does this relate to the Concessionaire? Are sales taxes to be collected on menu items bought by the Concessionaire and/or sold at The Concession?**

   ✓ *Yes, unless the concessionaire is a bona fide tax exempt entity, the concessionaire is responsible for collecting and reporting all appropriate sales tax associated with concessions operations.*

In all other respects, except as specifically stated herein, the subject RFP remains unchanged.

Golden Eagle Associates, Incorporated

Firm Profile

Golden Eagle Associates, Inc. is a Delaware corporation registered to do business in Florida. The corporation does business using the names Rita's Ices and Rita's Italian Ices. The corporation opened a store at 2429-41 North Atlantic Ave in Daytona Beach in May of 2008. The corporation operates several mobile carts throughout Volusia County.

The corporation consists of Roy Savoca (50% owner) as President and Kathy Savoca (50% owner) as Vice President.

In addition to the fixed location in Daytona Beach, the corporation operates several mobile facilities at venues including but not limited to, the City of Port Orange – Recreational Sports Facility, Daytona Beach Pop Warner Football, Ormond Beach Pop Warner Football, Bethune-Cookman University (at various sporting events and on campus), the Daytona Cubs, Daytona Lagoon, all Volusia County YMCA Swim meets, Daytona Beach Speed Swimming meets, Spruce Creek HS Swim meets.

The fixed location and the mobile operations have grown since their opening and continue to grow. The current plan is to expand the mobile operations by adding additional facilities and locations. The fixed location will continue to grow through increasing local awareness and increasing the products being offered.

Keeping customers continually interested (and regularly frequenting the location) requires a variety of offerings. The limited space of a concession stand restricts an operator's ability to overstock products. Our ability to operate fixed and mobile locations uniquely positions us for success operating the Andy Romano Park Concession Facility. Our ability to create a varied menu using the fewest base ingredients and the minimum number of dry goods will allow us to save on storage space without sacrificing the variety customers demand to regularly patronize the establishment. The success of our locations (fixed and mobile) demonstrates this ability. Our ability to operate in the variety of venues demonstrates our flexibility to adapt to the various requirements of our hosts. The close proximity of our fixed location will allow us to easily restock items as needed. In any venture of this nature, customer service is a key to success. Our experience in this area is second to none.

Several of the local Colleges and Universities have hospitality programs. Students in these programs are perfect candidates for the concession stand. They have knowledge of the business and, as college students, have demonstrated an ability to learn. We do not limit our search to only hospitality students; we look at any person with strong interpersonal skills and an ability to learn. Our on-campus presence provides the ability to recruit students who meet our criteria. Many of the local people possess the same skills; our contact with them through our fixed location allows us to reach out to them with employment opportunities. We strongly support diversity. Our current staff ranges in age from college age to mid 50s, is multiracial, and men and women.

Federal ID - 208092543

Golden Eagle Associates, Incorporated

Business Plan

A day at the beach should be one of stress free fun. Our vision for the Andy Roman Park Concession stand is to aid in this goal by minimizing the number of items a family (or person) needs to bring to the beach. To accomplish this we will be providing a reasonable source for forgotten items (sunglasses and sunscreen), snacks, hot and cold beverages, breakfast, and lunch.

The business will require a dipping cabinet, a chest freezer, a beverage refrigerator, a refrigerator, a safe, ice maker, 2 cash registers, a hot dog roller, a toaster, hot cheese dispenser, and 2 slow cookers. Our managers will be knowledgeable of all equipment and will call appropriate service technicians when a problem is encountered. We will schedule regular maintenance by certified technicians as specified by the manufacturer or industry standards. The total cost of the equipment is estimated to be less than $5,000 and will be paid for from company reserves.

We will be using the same training methodology used in our fixed location. The training consists of classroom (or virtual classroom) familiarization with the business, the job details, procedures for making customer products, cleaning, opening and closing procedures, and use of the equipment. This is followed with on site training with an experienced team member. The trainee team member must take a food safety class (Food Safety Management Principle 2nd Edition by NEHA Training) and pass the associated exam.

We anticipate a three pronged approach to opening the concession stand. One prong will be to find and hire a staff. The staff will consist of senior and junior people. We foresee the summer staff being larger than the winter staff. The second prong will be the specifying and purchasing of the equipment. We estimate these steps will take approximately 1 month. The third prong will be to contact the health department and work with them to certify the location. In our past experience this process can be accomplished in a week. This becomes a question of the coordination and timing of the equipment installation, the delivery of inventory, the inspector's availability, and the issuing of the CofO. After the equipment is installed and tested, we will begin in-store training. The in-store training will take approximately 1 week.

We are strong believers in being "Green". Wherever practical we use green products and methods. We reduce power consumption by using CFLs, turning off unused equipment, setting equipment to minimum setting required, and using times and set back thermostats. We use energy star equipment whenever practical. We serve in green containers i.e. paper cups rather than Styrofoam. We identify all materials which are recyclable and recycle them.

Golden Eagle Associates, Incorporated

Our current beachside location does approximately 26,000 transactions per year; we assume 40% of those transactions occur during "beach" hours. Each transaction consists of 2 to 3 treats. Using this as a basis conservatively we estimate 2.5 times the number of transactions for an on beach location – 26,000 transactions. On the low side; if each transaction consists of 2 $3.50 items then total sales would be $182,000 including 6.5% sales tax; 170,892 sales without sales tax. Using $11.00 per transaction the numbers become $286,000 and 268,545 respectively.

We propose the following fee schedule:

Annual Guarantee - $ 10,000
Percentage of Sales 12% from $ 100,001 to 175,000
15% above $ 175,000

Using the numbers above on 170,892 in sales we would pay
$ 10,000 - Annual Guarantee
$ 20,507 - % Sales
$ 30,507 - Total

Using the numbers above on 268,545 in sales we would pay
$ 10,000 - Annual Guarantee
$ 35,031 - % Sales
$ 45,031 - Total

We will increase these numbers by 1% per year

Hours of Operation:

Winter - Monday to Thursday - Noon to Park Close
Friday, Saturday, and Sunday - 10am to Park Close

Summer – Sunday to Monday – 8am to Park Close

City of Ormond Beach
AGENDA ITEM

October 17, 2023 - City Commission

Number: 8.A

Section:	PUBLIC HEARINGS		
Item Category:	Public Hearing - Ordinances	**Res./Ord. No:**	2023-51
Strategic Goal:	Transportation & Community Development - Other		
Department:	Planning & Building		
Subject:	Partial Right-of-Way Vacation, Benton Street		
Summary:	Request for a right-of-way vacation for a portion of the unopened Benton Street right-of-way as part of the Bradford Park subdivision. The Site Plan Review Committee (SPRC) received an application from RCM Properties, L.L.C., Ridge Land Holdings LLC, and Plantation Oaks of Ormond Beach Homeowners Association, Inc. for a partial vacation of approximately 0.95 acres of the right-of-way located south of Pennsylvania Ave and located between Volusia County parcels 3136-01-08-0010 and 3136-01-07-0010, & 3136-01-01-0021 and along parcels 3136-01-01-0021 and 3136-01-21-0050 as part of the Bradford Park subdivision. Benton Street was platted as a right-of-way with the Revised Plat of National Gardens plat recorded in 1926, and is not an improved right-of-way. Application seeks to vacate approximately 0.88 acres internal to the subdivision and approximately 0.07 acres (5 foot portion) external to the subdivision. Key consideration for a right-of-way vacation is whether the platted right-of-way has a public function, such as roads, utilities, or corridors for public utilities such as electric, telephone, wireless, or cable companies. It is important for plat dedications for public roads, the government does not own or have fee simple title to the dedicated property and cannot sell or barter it away as a condition of vacating the right-of-way. The sole criterion for vacating a street right-of-way is the function for public use. The applicant has secured letters of no objection to the partial right-of-way vacation from all franchise utilities, including FPL, Charter communications, TECO gas and AT&T. Section 17-8 of the Code of Ordinances details the process for a street right-of-way vacation (or partial vacation) and requires SPRC review (approved, with no objection on Sept 2, 2023), Notice of Intent		

	to vacate (approved by the City Commission on Oct 4, 2023), and an Ordinance to vacate the right-of-way (to be approved Oct 17 and Nov 7, 2023).
Financial Impact:	None
Citizen Impact:	No direct citizen impact. The purpose of the partial right-of-way vacation is to remove the platted streets from 1926 to allow a subdivision with its own dedication of public streets.
Recommended Action (Staff, Advisory Board and/or Other):	Staff recommends approval of the partial right-of-way vacation for the partial release of approximately 0.95 acres of the Benton Street right-of-way.
Staff Contact:	Steven Spraker, Planning Director, (386) 676-3341
Attachments:	1. 23-51 Benton Street ROW Vacation (P23-0171G) 2. Exhibit A, Benton Street 3. National Gardens MB 10 PG 252 4. No Objection Letters 5. Ordinance Business Impact Estimate 10-01-23 OB Form - BENTON STREET ROW Vacation

ORDINANCE NO. 2023-51

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, VACATING A PORTION OF BENTON STREET, A PLATTED PUBLIC RIGHT-OF-WAY SOUTH OF PENNSYLVANIA AVENUE, LOCATED BETWEEN VOLUSIA COUNTY PARCEL IDENTIFICATION NUMBERS: 3136-01-08-0010, 3136-01-07-0010, AND 3136-01-01-0021, AND ALONG VOLUSIA COUNTY PARCEL IDENTIFICATION NUMBERS: 3136-01-01-0021 AND 3136-01-21-0050; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR RECORDATION AND TRANSMITTAL; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City Commission of the City of Ormond Beach, Florida, did on October 4, 2023 adopt Resolution No. 2023-164, declaring its intention to consider adopting an ordinance vacating a portion of Benton Street, a sixty foot (60.0') right-of-way platted within the revised plat of National Gardens recorded in Volusia County Map Book 10, Page 252; said right-of-way being located south of Pennsylvania Avenue, between Volusia County parcel identification numbers: 3136-01-08-0010, 3136-01-07-0010, and 3136-01-01-0021, and along Volusia County parcel identification numbers: 3136-01-01-0021 and 3136-01-21-0050, and being more particularly described and depicted in Exhibit "A" attached hereto and incorporated herein by reference, and

WHEREAS, the City's Site Plan Review Committee reviewed the property owners' request and recommend approval of the partial right-of-way vacation, and

WHEREAS, the applicants have provided letters of no objections from the applicable utility providers for the partial right-of-way vacation, and

WHEREAS, the owners of all of the property that abuts the aforedescribed portion of the said street affected by the proposed vacation, which owners are residents of the State of Florida, have been served with a copy of the aforesaid Resolution or have filed their waiver of the requirement of service thereof, and a copy of the aforesaid Resolution has been published once in a newspaper of general circulation in the City of Ormond Beach, Florida, and proof of publication thereof has been filed with the City, and

WHEREAS, based on the evidence presented at the public hearing, and based upon common knowledge of the area in question, the City Commission hereby finds that the subject vacation is in the overall public interest, now therefore,

BE IT ENACTED BY THE PEOPLE OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. That portion of Benton Street, a sixty foot (60.0') right-of-way platted within the revised plat of National Gardens recorded in Volusia County Map Book 10, Page 252, said right-of-way being located south of Pennsylvania Avenue, between Volusia County parcel identification numbers: 3136-01-08-0010, 3136-01-07-0010, and 3136-01-01-0021, and along Volusia County parcel identification numbers: 3136-01-01-0021 and 3136-01-21-0050, and being more particularly described and depicted in Exhibit "A" attached hereto and incorporated herein by reference, is hereby vacated and forever freed of all rights of the public.

SECTION TWO. That portion of the Benton Street right-of-way being more particularly described and depicted in Exhibit "A", be and the same is hereby vacated, closed and abandoned as a right-of-way, and said property be and the same is hereby released and discharged of any and every public right, use, title and interest of the City of Ormond Beach for right-of-way purposes, and that said property shall revert to the adjoining and abutting owners who have a reversionary interest, except and subject to any easements of record, over, under and across the subject property.

SECTION THREE. The City Clerk is hereby directed to record a certified copy of this Ordinance in the public records of Volusia County, Florida.

SECTION FOUR. The City Clerk is further directed to transmit the recorded Ordinance to the Volusia County Property Appraiser.

SECTION FIVE. All Ordinances or parts of Ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION SIX. This Ordinance shall take effect immediately upon its adoption.

PASSED UPON at the first reading of the City Commission, this 17th day of October, 2023.

PASSED UPON, at the second and final reading of the City Commission, this 7th day of November, 2023.

Ordinance Adoption
Business Impact Estimate

Proposed ordinance's number and legal title:

2023-51

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, VACATING A PORTION OF BENTON STREET, A PLATTED PUBLIC RIGHT-OF-WAY SOUTH OF PENNSYLVANIA AVENUE, LOCATED BETWEEN VOLUSIA COUNTY PARCEL IDENTIFICATION NUMBERS: 3136-01-08-0010, 3136-01-07-0010, AND 3136-01-01-0021, AND ALONG VOLUSIA COUNTY PARCEL IDENTIFICATION NUMBERS: 3136-01-01-0021 AND 3136-01-21-0050; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR RECORDATION AND TRANSMITTAL; AND SETTING FORTH AN EFFECTIVE DATE.

This Business Impact Estimate is provided in accordance with section 166.041(4), Florida Statutes. If one or more boxes are checked below, this means the City is of the view that a business impact estimate is not required by state law for the proposed ordinance, but the City is, nevertheless, providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant or other financial assistance accepted by the municipal government;
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☒ The proposed ordinance is enacted to implement the following:
    a. Part II of Chapter 163, Florida Statutes, relating to growth policy, county and municipal planning, and land development regulation, including zoning, development orders, development agreements and development permits;
    b. Sections 190.005 and 190.046, Florida Statutes, regarding community development districts;
    c. Section 553.73, Florida Statutes, relating to the Florida Building Code; or
    d. Section 633.202, Florida Statutes, relating to the Florida Fire Prevention Code.

In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the City hereby publishes the following information:

1. A summary of the proposed ordinance, including a statement of the public purpose to be served by the proposed ordinance, such as serving the public health, safety, morals, and welfare of the City.

   This is a request for a right-of-way vacation for a portion of the unopened Benton Street right-of-way as part of the Bradford Park subdivision. The Site Plan Review Committee (SPRC) received an application from RCM Properties, L.L.C., Ridge Land Holdings LLC, and Plantation Oaks of Ormond Beach Homeowners Association, Inc. for a partial vacation of approximately 0.95 acres of the Benton Street right-of-way located south of Pennsylvania Avenue and located between Volusia County parcel identification numbers 3136-01-08-0010 and 3136-01-07-0010 & 3136-01-01-0021 and along Volusia County parcel identification numbers 3136-01-01-0021 and 3136-01-21-0050 as part of the Bradford Park subdivision. Benton Street was platted as a right-of-way with the Revised Plat of National Gardens plat recorded in 1926. Benton Street is not an improved right-of-way. The application seeks to vacate an area of approximately 0.88 acres internal to the Bradford Park subdivision and approximately 0.07 acres (a 5 foot portion) external to the subdivision.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City, including the following, if any:

   a. An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted;

      None. This is a right-of-way vacation of an older plat for a new subdivision. No compliance costs are anticipated.

   b. Identification of any new charge or fee on businesses subject to the proposed ordinance, or for which businesses will be financially responsible; and

      None. This is a right-of-way vacation of an older plat for a new subdivision. There are no charges or fees proposed.

   c. An estimate of the City's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.

      None. This is a right-of-way vacation of an older plat for a new subdivision. There are no new charges or fees proposed. The vacated right-of-way would be incorporated into a new subdivision.

3. A good faith estimate of the number of businesses likely to be impacted by the ordinance.

   None. This is a right-of-way vacation of an older plat for a new subdivision.

4. Any additional information the City determines may be useful.

   (This section may include: methodology or data used to prepare the Business Impact Estimate, e.g., City staff solicited comments from businesses as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail/email, posting on the City's website, public workshop, etc.; efforts made to reduce the potential fiscal impact on businesses; and state the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals or businesses) and, therefore, the proposed ordinance does not affect only businesses.)

No business impacts proposed. The item was advertised by certified mail to abutting property owners and newspaper advertisements. Information on the application is also on the city's website.

City of Ormond Beach
AGENDA ITEM

October 17, 2023 - City Commission

Number: 8.B

Section:	PUBLIC HEARINGS		
Item Category:	Public Hearing - Ordinances	**Res./Ord. No:**	2023-52
Strategic Goal:	Transportation & Community Development - Other		
Department:	Planning & Building		
Subject:	Partial Right-of-Way Vacation, Hammond Street		
Summary:	Request for a right-of-way vacation for a portion of the unopened Hammond Street right-of-way as part of the Bradford Park subdivision. The Site Plan Review Committee (SPRC) received an application from RCM Properties, L.L.C., Ridge Land Holdings LLC, and Plantation Oaks of Ormond Beach Homeowners Association, Inc. for a partial vacation of approximately 0.55 acres of the Hammond Street right-of-way located south of Pennsylvania Ave and north of Plantation Oaks Blvd, located between Volusia County parcels 3125-08-00-0014 and 3136-01-07-0010 & 3136-01-01-0021 as part of the Bradford Park subdivision. Hammond Street was platted as a right-of-way with the Revised Plat of National Gardens plat recorded in 1926, and is not an improved right-of-way. Key consideration for a right-of-way vacation is whether the platted right-of-way has a public function, such as roads, utilities, or corridors for public utilities such as electric, telephone, wireless, or cable companies. It is important for plat dedications for public roads, the government does not own or have fee simple title to the dedicated property and cannot sell or barter it away as a condition of vacating the right-of-way. The sole criterion for vacating a street right-of-way is the function for public use. The applicant has secured letters of no objection to the partial right-of-way vacation from all franchise utilities, including FPL, Charter communications, TECO gas and AT&T. Section 17-8 of the Code of Ordinances details the process for a street right-of-way vacation (or partial vacation) and requires SPRC review (approved, with no objection on Sept 2, 2023), Notice of Intent to vacate (approved by the City Commission on Oct 4, 2023), and an Ordinance to vacate the right-of-way (to be approved Oct 17 and Nov 7, 2023).		

Financial Impact:	None
Citizen Impact:	No direct citizen impact. The purpose of the partial right-of-way vacation is to remove the platted streets from 1926 to allow a subdivision with its own dedication of public streets.
Recommended Action (Staff, Advisory Board and/or Other):	Staff recommends approval of the partial right-of-way vacation for the partial release of approximately 0.55 acres of the Hammond Street right-of-way.

ORDINANCE NO. 2023-52

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, VACATING A PORTION OF HAMMOND STREET, A PLATTED PUBLIC RIGHT-OF-WAY SOUTH OF PENNSYLVANIA AVENUE AND NORTH OF PLANTATION OAKS BOULEVARD, LOCATED BETWEEN VOLUSIA COUNTY PARCEL IDENTIFICATION NUMBERS: 3125-08-00-0014, 3136-01-07-0010 AND 3136-01-01-0021; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR RECORDATION AND TRANSMITTAL; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City Commission of the City of Ormond Beach, Florida, did on October 4, 2023 adopt Resolution No. 2023-165, declaring its intention to consider adopting an ordinance vacating a portion of Hammond Street, a sixty foot (60.0') right-of-way platted within the revised plat of National Gardens recorded in Volusia County Map Book 10, Page 252; said right-of-way being located south of Pennsylvania Avenue and north of Plantation Oaks Boulevard, between Volusia County parcel identification numbers: 3125-08-00-0014, 3136-01-07-0010, and 3136-01-01-0021, and being more particularly described and depicted in Exhibit "A" attached hereto and incorporated herein by reference, and

WHEREAS, the City's Site Plan Review Committee reviewed the property owners' request and recommend approval of the partial right-of-way vacation, and

WHEREAS, the applicants have provided letters of no objections from the applicable utility providers for the partial right-of-way vacation, and

WHEREAS, the owners of all of the property that abuts the aforedescribed portion of the said street affected by the proposed vacation, which owners are residents of the State of Florida, have been served with a copy of the aforesaid Resolution or have filed their waiver of the requirement of service thereof, and a copy of the aforesaid Resolution has been published once in a newspaper of general circulation in the City of Ormond Beach, Florida, and proof of publication thereof has been filed with the City, and

WHEREAS, based on the evidence presented at the public hearing, and based upon common knowledge of the area in question, the City Commission hereby finds that the subject vacation is in the overall public interest, now therefore,

BE IT ENACTED BY THE PEOPLE OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. That portion of Hammond Street, a sixty foot (60.0') right-of-way platted within the revised plat of National Gardens recorded in Volusia County Map Book 10, Page 252, said right-of-way being located south of Pennsylvania Avenue and north of Plantation Oaks Boulevard, between Volusia County parcel identification numbers: 3125-08-00-0014, 3136-01-07-0010, and 3136-01-01-0021, and being more particularly described and depicted in Exhibit "A" attached hereto and incorporated herein by reference, is hereby vacated and forever freed of all rights of the public.

SECTION TWO. That portion of the Hammond Street right-of-way being more particularly described and depicted in Exhibit "A", be and the same is hereby vacated, closed and abandoned as a right-of-way, and said property be and the same is hereby released and discharged of any and every public right, use, title and interest of the City of Ormond Beach for right-of-way purposes, and that said property shall revert to the adjoining and abutting owners who have a reversionary interest, except and subject to any easements of record, over, under and across the subject property.

SECTION THREE. The City Clerk is hereby directed to record a certified copy of this Ordinance in the public records of Volusia County, Florida.

SECTION FOUR. The City Clerk is further directed to transmit the recorded Ordinance to the Volusia County Property Appraiser.

SECTION FIVE. All Ordinances or parts of Ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION SIX. This Ordinance shall take effect immediately upon its adoption.

PASSED UPON at the first reading of the City Commission, this 17th day of October, 2023.

PASSED UPON, at the second and final reading of the City Commission, this 7th day of November, 2023.

Ordinance Adoption
Business Impact Estimate

Proposed ordinance's number and legal title:

2023-52

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, VACATING A PORTION OF HAMMOND STREET, A PLATTED PUBLIC RIGHT-OF-WAY SOUTH OF PENNSYLVANIA AVENUE AND NORTH OF PLANTATION OAKS BOULEVARD, LOCATED BETWEEN VOLUSIA COUNTY PARCEL IDENTIFICATION NUMBERS: 3125-08-00-0014, 3136-01-07-0010 AND 3136-01-01-0021; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR RECORDATION AND TRANSMITTAL; AND SETTING FORTH AN EFFECTIVE DATE.

This Business Impact Estimate is provided in accordance with section 166.041(4), Florida Statutes. If one or more boxes are checked below, this means the City is of the view that a business impact estimate is not required by state law for the proposed ordinance, but the City is, nevertheless, providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
☐ The proposed ordinance relates to the issuance or refinancing of debt;
☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant or other financial assistance accepted by the municipal government;
☐ The proposed ordinance is an emergency ordinance;
☐ The ordinance relates to procurement; or
☒ The proposed ordinance is enacted to implement the following:
   a. Part II of Chapter 163, Florida Statutes, relating to growth policy, county and municipal planning, and land development regulation, including zoning, development orders, development agreements and development permits;
   b. Sections 190.005 and 190.046, Florida Statutes, regarding community development districts;
   c. Section 553.73, Florida Statutes, relating to the Florida Building Code; or
   d. Section 633.202, Florida Statutes, relating to the Florida Fire Prevention Code.

In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the City hereby publishes the following information:

1. A summary of the proposed ordinance, including a statement of the public purpose to be served by the proposed ordinance, such as serving the public health, safety, morals, and welfare of the City.

This is a request for a right-of-way vacation for a portion of the unopened Hammond Street right-of-way as part of the Bradford Park subdivision. The Site Plan Review Committee (SPRC) received an application from RCM Properties, L.L.C., Ridge Land Holdings LLC, and Plantation Oaks of Ormond Beach Homeowners Association, Inc. for a partial vacation of approximately 0.55 acres of the Hammond Street right-of-way located south of Pennsylvania Avenue and north of Plantation Oaks Boulevard, located between Volusia County parcel identification numbers 3125-08-00-0014 and 3136-01-07-0010 & 3136-01-01-0021 as part of the Bradford Park subdivision. Hammond Street was platted as a right-of-way with the Revised Plat of National Gardens plat recorded in 1926. Hammond Street is not an improved right-of-way. The application seeks to vacate an area of approximately 0.55 acres south of Pennsylvania Avenue and north of Plantation Oaks Boulevard.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City, including the following, if any:

    a. An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted;

    None. This is a right-of-way vacation of an older plat for a new subdivision. No compliance costs are anticipated.

    b. Identification of any new charge or fee on businesses subject to the proposed ordinance, or for which businesses will be financially responsible; and

    None. This is a right-of-way vacation of an older plat for a new subdivision. There are no charges or fees proposed.

    c. An estimate of the City's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.

    None. This is a right-of-way vacation of an older plat for a new subdivision. There are no new charges or fees proposed. The vacated right-of-way would be incorporated into a new subdivision.

3. A good faith estimate of the number of businesses likely to be impacted by the ordinance.

    None. This is a right-of-way vacation of an older plat for a new subdivision.

4. Any additional information the City determines may be useful.

    (This section may include: methodology or data used to prepare the Business Impact Estimate, e.g., City staff solicited comments from businesses as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail/email, posting on the City's website, public workshop, etc.; efforts made to reduce the potential fiscal impact on businesses; and state the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals or businesses) and, therefore, the proposed ordinance does not affect only businesses.)

    No business impacts proposed. The item was advertised by certified mail to abutting property owners and newspaper advertisements. Information on the application is also on the city's website.

City of Ormond Beach
AGENDA ITEM

October 17, 2023 - City Commission

Number: 8.C

Section:	PUBLIC HEARINGS		
Item Category:	Public Hearing - Ordinances	**Res./Ord. No:**	2023-53
Strategic Goal:	Transportation & Community Development - Other		
Department:	Planning & Building		
Subject:	Partial Right-of-Way Vacation, Rosemary Street		
Summary:	Request for a right-of-way vacation for a portion of the unopened Rosemary Street right-of-way as part of the Bradford Park subdivision. The Site Plan Review Committee (SPRC) received an application from RCM Properties, L.L.C., Ridge Land Holdings LLC, and Plantation Oaks of Ormond Beach Homeowners Association, Inc. for a partial vacation of approximately 0.88 acres of the Rosemary Street right-of-way located south of Pennsylvania Ave and located between Volusia County parcels 3136-01-09-0001 and 3136-01-08-0010 as part of (internal to) the Bradford Park subdivision. Rosemary Street was platted as a right-of-way with the Revised Plat of National Gardens plat recorded in 1926, and is not an improved right-of-way. Key consideration for a right-of-way vacation is whether the platted right-of-way has a public function, such as roads, utilities, or corridors for public utilities such as electric, telephone, wireless, or cable companies. It is important for plat dedications for public roads, the government does not own or have fee simple title to the dedicated property and cannot sell or barter it away as a condition of vacating the right-of-way. The sole criterion for vacating a street right-of-way is the function for public use. The applicant has secured letters of no objection to the partial right-of-way vacation from all franchise utilities, including FPL, Charter communications, TECO gas and AT&T. Section 17-8 of the Code of Ordinances details the process for a street right-of-way vacation (or partial vacation) and requires SPRC review (approved, with no objection on Sept 2, 2023), Notice of Intent to vacate (approved by the City Commission on Oct 4, 2023), and an Ordinance to vacate the right-of-way (to be approved Oct 17 and Nov 7, 2023).		

Financial Impact:	None
Citizen Impact:	No direct citizen impact. The purpose of the partial right-of-way vacation is to remove the platted streets from 1926 to allow a subdivision with its own dedication of public streets.
Recommended Action (Staff, Advisory Board and/or Other):	Staff recommends approval of the partial right-of-way vacation for the partial release of approximately 0.88 acres of the Rosemary Street right-of-way.

ORDINANCE NO. 2023-53

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, VACATING A PORTION OF ROSEMARY STREET, A PLATTED PUBLIC RIGHT-OF-WAY SOUTH OF PENNSYLVANIA AVENUE, LOCATED BETWEEN VOLUSIA COUNTY PARCEL IDENTIFICATION NUMBERS: 3136-01-09-0001 AND 3136-01-08-0010; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR RECORDATION AND TRANSMITTAL; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City Commission of the City of Ormond Beach, Florida, did on October 4, 2023 adopt Resolution No. 2023-166, declaring its intention to consider adopting an ordinance vacating a portion of Rosemary Street, a sixty foot (60.0') right-of-way platted within the revised plat of National Gardens recorded in Volusia County Map Book 10, Page 252; said right-of-way being located south of Pennsylvania Avenue, between Volusia County parcel identification numbers: 3136-01-09-0001 and 3136-01-08-0010, and being more particularly described and depicted in Exhibit "A" attached hereto and incorporated herein by reference, and

WHEREAS, the City's Site Plan Review Committee reviewed the property owners' request and recommend approval of the partial right-of-way vacation, and

WHEREAS, the applicants have provided letters of no objections from the applicable utility providers for the partial right-of-way vacation, and

WHEREAS, the owners of all of the property that abuts the aforedescribed portion of the said street affected by the proposed vacation, which owners are residents of the State of

Florida, have been served with a copy of the aforesaid Resolution or have filed their waiver of the requirement of service thereof, and a copy of the aforesaid Resolution has been published once in a newspaper of general circulation in the City of Ormond Beach, Florida, and proof of publication thereof has been filed with the City, and

WHEREAS, based on the evidence presented at the public hearing, and based upon common knowledge of the area in question, the City Commission hereby finds that the subject vacation is in the overall public interest, now therefore,

BE IT ENACTED BY THE PEOPLE OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. That portion of Rosemary Street, a sixty foot (60.0') right-of-way platted within the revised plat of National Gardens recorded in Volusia County Map Book 10, Page 252, said right-of-way being located south of Pennsylvania Avenue, between Volusia County parcel identification numbers: 3136-01-09-0001 and 3136-01-08-0010, and being more particularly described and depicted in Exhibit "A" attached hereto and incorporated herein by reference, is hereby vacated and forever freed of all rights of the public.

SECTION TWO. That portion of the Rosemary Street right-of-way being more particularly described and depicted in Exhibit "A", be and the same is hereby vacated, closed and abandoned as a right-of-way, and said property be and the same is hereby released and discharged of any and every public right, use, title and interest of the City of Ormond Beach for right-of-way purposes, and that said property shall revert to the adjoining and abutting owners who have a

reversionary interest, except and subject to any easements of record, over, under and across the subject property.

SECTION THREE. The City Clerk is hereby directed to record a certified copy of this Ordinance in the public records of Volusia County, Florida.

SECTION FOUR. The City Clerk is further directed to transmit the recorded Ordinance to the Volusia County Property Appraiser.

SECTION FIVE. All Ordinances or parts of Ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION SIX. This Ordinance shall take effect immediately upon its adoption.

PASSED UPON at the first reading of the City Commission, this 17th day of October, 2023.

PASSED UPON at the second and final reading of the City Commission, this 7th day of November, 2023.

RE: PROPOSED ROW VACATION OF PLATTED RIGHT-OF-WAY NATIONAL GARDENS, MAP BOOK 10, PAGES 250.PUBLIC RECORDS OF VOLUSIA COUNTY, FLORDIA. ADJACENT TO PARCEL NUMBERS: 313601090001, 313601080010, 313601070010, 313601010021, 3125080000014 AND 312501690010.

To Whom It May Concern:

This letter is in response to a request to Charter Communications - Spectrum to vacate the above referenced "Easements" which is also described in the attached survey map.

Spectrum has "no objection" to the vacation of the ROW easement of the above mentioned property as described in the attached "Exhibit A" and survey map.

If you have any questions regarding this, please contact me.

Sincerely,

Stacy R. Stafford

Ordinance Adoption
Business Impact Estimate

Proposed ordinance's number and legal title:

2023-53

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, VACATING A PORTION OF ROSEMARY STREET, A PLATTED PUBLIC RIGHT-OF-WAY SOUTH OF PENNSYLVANIA AVENUE, LOCATED BETWEEN VOLUSIA COUNTY PARCEL IDENTIFICATION NUMBERS: 3136-01-09-0001 AND 3136-01-08-0010; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR RECORDATION AND TRANSMITTAL; AND SETTING FORTH AN EFFECTIVE DATE.

This Business Impact Estimate is provided in accordance with section 166.041(4), Florida Statutes. If one or more boxes are checked below, this means the City is of the view that a business impact estimate is not required by state law for the proposed ordinance, but the City is, nevertheless, providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
☐ The proposed ordinance relates to the issuance or refinancing of debt;
☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant or other financial assistance accepted by the municipal government;
☐ The proposed ordinance is an emergency ordinance;
☐ The ordinance relates to procurement; or
☒ The proposed ordinance is enacted to implement the following:
   a. Part II of Chapter 163, Florida Statutes, relating to growth policy, county and municipal planning, and land development regulation, including zoning, development orders, development agreements and development permits;
   b. Sections 190.005 and 190.046, Florida Statutes, regarding community development districts;
   c. Section 553.73, Florida Statutes, relating to the Florida Building Code; or
   d. Section 633.202, Florida Statutes, relating to the Florida Fire Prevention Code.

In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the City hereby publishes the following information:

1. A summary of the proposed ordinance, including a statement of the public purpose to be served by the proposed ordinance, such as serving the public health, safety, morals, and welfare of the City.

This is a request for a right-of-way vacation for a portion of the unopened Rosemary Street right-of-way as part of the Bradford Park subdivision. The Site Plan Review Committee (SPRC) received an application from RCM Properties, L.L.C., Ridge Land Holdings LLC, and Plantation Oaks of Ormond Beach Homeowners Association, Inc. for a partial vacation of approximately 0.88 acres of the Rosemary Street right-of-way located south of Pennsylvania Avenue and located between Volusia County parcel identification numbers 3136-01-09-0001 and 3136-01-08-0010 as part of the Bradford Park subdivision. Rosemary Street was platted as a right-of-way with the Revised Plat of National Gardens plat recorded in 1926. Rosemary Street is not an improved right-of-way. The application seeks to vacate an area of approximately 0.88 acres internal to the Bradford Park subdivision

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City, including the following, if any:

    a. An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted;

    None. This is a right-of-way vacation of an older plat for a new subdivision. No compliance costs are anticipated.

    b. Identification of any new charge or fee on businesses subject to the proposed ordinance, or for which businesses will be financially responsible; and

    None. This is a right-of-way vacation of an older plat for a new subdivision. There are no charges or fees proposed.

    c. An estimate of the City's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.

    None. This is a right-of-way vacation of an older plat for a new subdivision. There are no new charges or fees proposed. The vacated right-of-way would be incorporated into a new subdivision.

3. A good faith estimate of the number of businesses likely to be impacted by the ordinance.

    None. This is a right-of-way vacation of an older plat for a new subdivision.

4. Any additional information the City determines may be useful.

    (This section may include: methodology or data used to prepare the Business Impact Estimate, e.g., City staff solicited comments from businesses as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail/email, posting on the City's website, public workshop, etc.; efforts made to reduce the potential fiscal impact on businesses; and state the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals or businesses) and, therefore, the proposed ordinance does not affect only businesses.)

    No business impacts proposed. The item was advertised by certified mail to abutting property owners and newspaper advertisements. Information on the application is also on the city's website.

City of Ormond Beach
AGENDA ITEM

November 7, 2023 - City Commission

Number: 9.D

Section:	PUBLIC HEARINGS		
Item Category:	Public Hearing - Ordinances	**Res./Ord. No:**	2023-55
Strategic Goal:	Transportation & Community Development - Other		
Department:	Planning & Building		
Subject:	Tomoka Reserve, Issuance of a Development Order		
Summary:	This is an application submitted by Robert A. Merrell III, Esquire, Cobb Cole on behalf of the property owner, Triumph Oaks of Ormond Beach I, LLC, for the issuance of a development order for the Tomoka Reserve subdivision. The application seeks to allow the issuance of a development order for 272 single-family lots on approximately 147.94 acres under certain conditions and associated subdivision improvements. The subject property is currently zoned as PRD, Planned Residential Development, and is located at 20 Tomoka Oaks Boulevard. The subject property has a land use designation of “Low Density Residential” (LDR) and the zoning classification of Planned Residential Development. The land area for the application was platted in 1961 as the Sam Snead Golf and Country Club. The Tomoka Oaks Golf & Country Club included an 18-hole golf course, clubhouse, cart barn, and maintenance barn. On October 17, 2006, the City Commission approved Ordinance 2006-17 that authorized the following: 1. Zoning map amendment from R-2, Single-Family Low Density to PRD, Planned Residential Development; 2. The Tomoka Oaks Golf Village development order; 3. Development of 119 multi-family units (townhomes and condominiums) and 3 single-family homes, along with a re-designed golf course; 4. The property owner was to provide for covenants and restrictions that restrict the golf course to open space and golf course use with the development of residential use; and 5. A phasing plan for site development.		

The project development order expired in 2014 based on no permit activity. Because there was no construction, none of the development order conditions, including the covenant and restrictions for a golf course, were implemented. The applicant purchased the property in 2021 and has sought to implement a new development order to provide zoning entitlements for the property.

Planning Board reviewed the application for the issuance of a development order at the July 13, 2023, August 21, 2023, and September 26, 2023 meetings. The July 13, 2023 site plan showed a mixture of 50, 60 and 80 foot wide lots. There were approximately 30 individuals who addressed the Planning Board. This Planning Board meeting was continued to the August 21, 2023 meeting. After the advertisement for this meeting, the applicant submitted a new site plan and agreed to several recommendations of the Site Plan Review Committee (SPRC). The Planning Board deemed the changes material and required a new public hearing. At the September 26, 2023 Planning Board meeting, the Board reviewed an updated site plan that had two primary issues from the SPRC remaining: (1) lot widths along the perimeter and (2) 50 foot landscape buffer plantings and irrigation. There were approximately 20 individuals who addressed the Planning Board.

Planning Board recommended denial of the issuance of the development order by a 7-0 vote. During the deliberation of the motion, Planning Board members discussed several issues they desired to make the City Commission aware of. These items are as follows:

1. **Density**. Each board member expressed concern about the proposed number of lots. Board members indicated support of the SPRC recommendation of 100 foot wide lots on the perimeter. Additionally, some board members believed that all the lots (including interior lots) should be wider and have additional square footage. Board members discussed a wide range of allowed lots with most members in a range between 220 and 240 lots.
2. **50 foot buffer**. Board members stated that there should be a type 6 buffer where gaps exist and irrigation to newly planted landscape material.
3. **Traffic**. Board members stated that the traffic analysis is flawed based upon evidence and testimony provided and their experiences. Specific discussions included: (A) the existing diamond of Saint Andrews Drive and Tomoka Oaks Boulevard, (B) impacts to Tomoka Oaks and the Trails subdivision, (C) intersection impacts at Main Trail and West Granada Boulevard.
4. **Architectural design**. Board members sought a wide variety of architectural elevations. The comment of no cookie cutter

homes was provided. The Board focused on the distance between houses that could repeat building styles.

5. **Driveways**. Board members discussed a desire to have a longer driveway in order to stack vehicles on the house lots and not have on-street parking.

The Planning Board discussed the 2006 approval and the appropriateness of that development order. The 2006 development order has been provided as a City Commission attachment. Each of the Planning Board minutes are included in the City Commission packet.

Project discussion: This application is for the issuance of a development order under the existing PRD zoning designation. The PRD zoning includes additional site requirements such as additional natural preservation, common areas, and recreation areas. The PRD development order is a negotiated zoning district. The staff report provides detailed analysis of the project, environmental considerations, the history of the property, and detailed traffic analysis. It is important to note, this stage of development is solely for a zoning development order and additional construction details are required with the Preliminary Plat reviewed by the Planning Board and City Commission.

After the Planning Board review, there are two main issues that remain: (1) number of lots and (2) 50 foot buffer. The SPRC recommendation has been for a 100 foot lot width minimum along the perimeter of Tomoka Oaks. This recommendation is based upon (1) the R-2 minimum lot size is 100', (2) lot widths were identified as key issues at the pre-application neighborhood meetings, and (3) to provide compatibility to the existing lots. The Planning Board also expressed concerns with the interior lot widths. Regarding the second issue, the 50 foot buffer planting material and irrigation, the SPRC believes where there are gaps in the existing vegetation, these areas should be filled in with sufficient landscape material to create a buffer. SPRC staff also believe newly planted materials should have irrigation based on the Land Development Code.

Other key issues discussed by the Planning Board included traffic, architectural design, and driveways. For the traffic issue, the project went through an extensive traffic engineering study and included local road analysis which is not normally required in a traffic analysis. SPRC staff has hired an independent traffic reviewer who has deemed the project complete and accurate with all accepted transportation study regulations. The traffic analysis does not state the project would not create additional trips, but instead the project trips are within the Level of Services adopted by the Comprehensive Plan and project traffic improvements will be made. The architectural design has been a key review point and the Planning Board desired more separation between similar houses. The length of the driveway was brought up at the September 26, 2023 meeting. Board members expressed concern

	about short driveways having insufficient depth for adequate off-street parking.
Financial Impact:	There is no budget impact as the result of this application for the issuance of a development order.
Citizen Impact:	The Tomoka Reserve is a unique parcel of land that has single-family homes surrounding the perimeter. Residents have provided input at neighborhood meetings, through written correspondence, and testimony at public hearings. Key concerns have included (1) compatibility, (2) lot sizes, (3) buffers, (4) traffic, (5) property values, (6) preservation of the land as a golf course, (7) location of the emergency access easement, and (8) wildlife impact. Written project correspondence and input provided at the Planning Board meetings are included.
Recommended Action (Staff, Advisory Board and/or Other):	Planning Board recommended **DENIAL** (7-0 vote) of the proposed application for the issuance of the development order based on concerns regarding: (1) lot sizes and number of proposed units, (2) 50 foot buffer planting and irrigation, (3) traffic impacts, (4) architectural design concerns, and (5) length of driveways on the single family lots. The SPRC also recommends denial based on the analysis contained in the Planning Board staff report.

ORDINANCE NO. 2023-55

AN ORDINANCE AUTHORIZING THE EXECUTION AND ISSUANCE OF A PLANNED RESIDENTIAL DEVELOPMENT DEVELOPMENT ORDER FOR THE "TOMOKA RESERVE" SUBDIVISION, AUTHORIZING THE DEVELOPMENT OF 272 LOTS ON 147.94± ACRES TO BE LOCATED AT 20 TOMOKA OAKS BOULEVARD; ESTABLISHING CONDITIONS AND EXPIRATION OF APPROVAL; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, Triumph Oaks of Ormond Beach I, LLC, a Florida Limited Liability Company (the "Applicant/Property Owner"), has submitted an application to allow the development of a subdivision of 272 lots on 147.94± acres to be located at 20 Tomoka Oaks Boulevard, Volusia County parcel number: 3242-07-00-0010 (the "Property"), to be known as "Tomoka Reserve" (the "Project"), as described and depicted in the Planned Residential Development ("PRD") Development Order attached hereto and incorporated herein, and

WHEREAS, on October 17, 2006, by Ordinance 2006-17, the City Commission authorized a zoning map amendment for approximately 147 acres located at 20 Tomoka Oaks Boulevard from R-2, Single Family Low Density, to PRD, Planned Residential Development, and authorized a development order for: a re-configured golf course, 119 multi-family units (townhomes and condominiums) and three single family lots, under certain conditions, which development order is recorded in Official Records Book 5944, at Pages 2179 through 2227, inclusive of the Public Records of Volusia County, Florida, and

WHEREAS, the aforementioned development order approved by Ordinance 2006-17 expired on October 17, 2014, and

WHEREAS, the 147.94± acre parcel located at 20 Tomoka Oaks Boulevard, is currently zoned as Planned Residential Development (PRD); however, no active development order exists for the Property, and

WHEREAS, the Planning Board held public hearings on July 13, 2023; August 21, 2023; and September 26, 2023, as required by Chapter 1, Article II, Section 1-15(d)(2), of the *Land Development Code*, and has recommended denial of the Project, and

WHEREAS, the City Commission has held a public hearing in accordance with Section 166.041(3)(c)(2), *Florida Statutes* and has considered the following:

(1) The report and recommendations of the Planning Board;

(2) The report and recommendations of the Site Plan Review Committee;

(3) The comments of governmental agencies, utility corporations and individuals, as received, and

(4) The testimony of the City's planning staff, the Applicant, expert witnesses, persons that may be affected as a result of the application, and documentary evidence pertaining thereto, if any, and

WHEREAS, the City Commission further finds with respect to the application for the issuance of a development order, that there is competent substantial evidence to support the following:

(1) The proposed development conforms to the standards and requirements of the *Land Development Code* and will not create undue crowding beyond the conditions normally permitted in the zoning district, or adversely affect the public health, safety, welfare or quality of life;

(2) The proposed development is consistent with the Comprehensive Plan;

(3) The proposed development will not adversely impact environmentally sensitive lands or natural resources, including but not limited to waterbodies, wetlands, xeric communities, wildlife habitats, endangered or threatened plants and animal species or species of special concern, wellfields, and individual wells;

(4) The proposed use will not substantially or permanently depreciate the value of surrounding property; create a nuisance; or deprive adjoining properties of adequate light and air; create excessive noise, odor, glare, or visual impacts on the neighborhood and adjoining properties;

(5) There are adequate public facilities to serve the development, including but not limited to roads, sidewalks, bike paths, potable water, wastewater treatment, drainage, fire and police safety, parks and recreation facilities, schools, and playgrounds;

(6) Ingress and egress to the property and traffic patterns are designed to protect and promote motorized vehicle and pedestrian/bicycle safety and convenience, allow for desirable traffic flow and control, and provide adequate access in case of fire or catastrophe;

(7) The proposed development is functional in the use of space and aesthetically acceptable;

(8) The proposed development provides for the safety of occupants and visitors; and

(9) The proposed use of materials and architectural features will not adversely impact the neighborhood and aesthetics of the area; now therefore,

BE IT ENACTED BY THE PEOPLE OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The foregoing recitals are incorporated herein as the findings of the City Commission.

SECTION TWO. The application of the Property Owner for the issuance of a PRD Development Order for the "Tomoka Reserve" project is hereby approved. The Mayor and the City Manager are authorized and directed to execute and issue the attached PRD Development Order for the "Tomoka Reserve" Planned Residential Development to allow the development of 272 lots on 147.94± acres under certain conditions, to be located at 20 Tomoka Oaks Boulevard (Volusia County parcel number: 3242-07-00-0010).

SECTION THREE. The Project shall be required to obtain a Preliminary Plat and provide detail engineering plans with review by the Planning Board and action by the City Commission prior to the issuance of a site construction permit. A neighborhood meeting shall be required after the first Site Plan Review Committee submittal and prior to the Planning Board meeting for the Preliminary Plat.

SECTION FOUR. The lot layout as shown in Exhibit "C" to the PRD Development Order, and the Tomoka Reserve Planting and Maintenance Plan, dated September 6, 2023 as shown in Exhibit "D" to the PRD Development Order, are hereby accepted.

SECTION FIVE. The Project shall provide subdivision phasing with the Preliminary Plat. The subdivision phasing may be modified with review and approval of the Site Plan Review Committee.

SECTION SIX. Section 2-35(h)(3)(a) of the *Land Development Code* allows additional outdoor recreational areas to be provided in lieu of indoor recreation area. The project

is required to provide 24,840 square feet of outdoor recreational area. The proposed 9.34 acres of outdoor recreational area exceeds the *Land Development Code* requirements and is hereby accepted.

SECTION SEVEN. The Applicant shall be in full and complete compliance with the project conditions described and attached as Exhibit "E" to the PRD Development Order.

SECTION EIGHT. The Applicant, including the Applicant's successors and assigns, shall at all times fully comply with the terms and conditions of the PRD Development Order.

SECTION NINE. All Ordinances or parts of Ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION TEN. This Ordinance shall take effect immediately upon its adoption.

PASSED UPON at the first reading of the City Commission this 7th day of November, 2023.

PASSED UPON at the second and final reading of the City Commission this 5th day of December, 2023.

PLANNED RESIDENTIAL DEVELOPMENT DEVELOPMENT ORDER

This matter having come on for public hearing before the City Commission of the City of Ormond Beach, Florida, on November 7, 2023 and December 5, 2023 and the City Commission having considered those items as required by Section 1-18(e) of the *Land Development Code*, and having heard testimony and evidence from all affected persons, the City Commission hereby finds that:

1. The proposed development conforms to the standards and requirements of the *Land Development Code* and will not create undue crowding beyond the conditions normally permitted in the zoning district, or adversely affect the public health, safety, welfare or quality of life;

2. The proposed development is consistent with the Comprehensive Plan;

3. The proposed development will not adversely impact environmentally sensitive lands or natural resources, including but not limited to waterbodies, wetlands, xeric communities, wildlife habitats, endangered or threatened plants and animal species or species of special concern, wellfields, and individual wells;

4. The proposed use will not substantially or permanently depreciate the value of surrounding property; create a nuisance; or deprive adjoining properties of adequate light and air; create excessive noise, odor, glare, or visual impacts on the neighborhood and adjoining properties;

5. There are adequate public facilities to serve the development, including but not limited to roads, sidewalks, bike paths, potable water, wastewater treatment, drainage, fire and police safety, parks and recreation facilities, schools, and playgrounds;

6. Ingress and egress to the property and traffic patterns are designed to protect and promote motorized vehicle and pedestrian/bicycle safety and convenience, allow for desirable traffic flow and control, and provide adequate access in case of fire or catastrophe;

7. The proposed development is functional in the use of space and aesthetically acceptable;

8. The proposed development provides for the safety of occupants and visitors; and

9. The proposed use of materials and architectural features will not adversely impact the neighborhood and aesthetics of the area.

Thereupon and in consideration thereof, the City Commission hereby orders that:

A. The application of Triumph Oaks of Ormond Beach I, LLC, a Florida Limited Liability Company (the "Applicant/Property Owner"), for a Planned Residential Development ("PRD") Development Order authorizing the development and construction of a residential subdivision of 272 lots to be known as "Tomoka Reserve" located on a 147.94± acre parcel at 20 Tomoka Oaks Boulevard (Parcel ID number: 3242-07-00-0010) on that real property described in Exhibit "A" attached hereto and incorporated herein by reference is hereby granted, subject to the following conditions:

1. All applicable provisions of Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-35, PRD, Planned Residential Development District, of the City of Ormond Beach *Land Development Code*, except as otherwise specifically modified are hereby made a part of this PRD Development Order;

2. The project shall be required to obtain a Preliminary Plat and provide detail engineering plans with review by the Planning Board and action by the City Commission prior to the issuance of a site construction permit. A neighborhood meeting shall be required after the first Site Plan Review Committee submittal and prior to the Planning Board meeting for the Preliminary Plat;

3. Resolution of the outstanding Site Plan Review Committee comments through the Preliminary Plat process described in Exhibit "B";

4. Full and complete compliance with the Applicant's Site Plan attached as Exhibit "C";

5. Full and complete compliance with the Applicant's Tomoka Reserve Planting and Maintenance Plan, dated September 6, 2023 attached as Exhibit "D";

6. Full and complete compliance with the project conditions attached as Exhibit "E";

B. The final plans for the development project shall be consistent with all of the conditions listed in this PRD Development Order and as depicted in the plans attached hereto as Exhibits "C" and "D" and incorporated herein by reference.

C. No material change shall be made to the final plan for the development project without further review by the Planning Board and approval by the City Commission in accordance with the procedures for the approval or modification of development orders.

D. All site construction activity shall be performed in strict compliance with the terms and conditions of this PRD Development Order approved for this development project, and of the *Land Development Code*.

E. There shall be no site preparation including clearing, filling, dredging, or excavation, nor shall any construction begin until the Preliminary Plat site plans are approved. If construction has not begun within five years (December 5, 2028) from the date of City Commission approval of this PRD Development Order with the subdivision plat processed in accordance with Sections 4-17 or 4-18 of the *Land Development Code*, this PRD Development Order shall automatically become void and shall have no further effect. Before the planned development permit can be re-established, a new PRD Development Order application must be filed shall be reviewed and approved by the Planning Board and the City Commission under the provisions of Section 1-14(3)(b), of the *Land Development Code*.

F. In the event the use of the land approved by this PRD Development Order is abandoned for a period of two (2) years or there has been no construction activity during that period, any permit shall be void and a Notice of Final Plan Revocation shall be filed under the provisions of Section 1-14(3)(b) of the *Land Development Code,* and a new application for a PRD Development Order must be submitted for consideration in accordance with the requirements of the *Land Development Code*.

G. The Neighborhood Improvement Officer shall semi-annually prepare a report indicating which planned developments are not in compliance with Section 1-14, or with the conditions provided in the PRD Development Order. In the event a Neighborhood Improvement Officer determines there to be any violation, such Officer shall initiate appropriate code enforcement action for hearing before the City's Special Master.

H. This PRD Development Order shall be recorded in the public records of Volusia County, Florida, at the expense of Triumph Oaks of Ormond Beach I, LLC, a Florida Limited Liability Company, and shall be binding upon the Property Owners and its successors and assigns, and shall run with the real property described in Exhibit "A" attached hereto and incorporated herein by reference (Volusia County Parcel ID Number: 3242-07-00-0010).

Mayor

(CITY SEAL)

Attest: _____
JOYCE A. SHANAHAN
City Manager

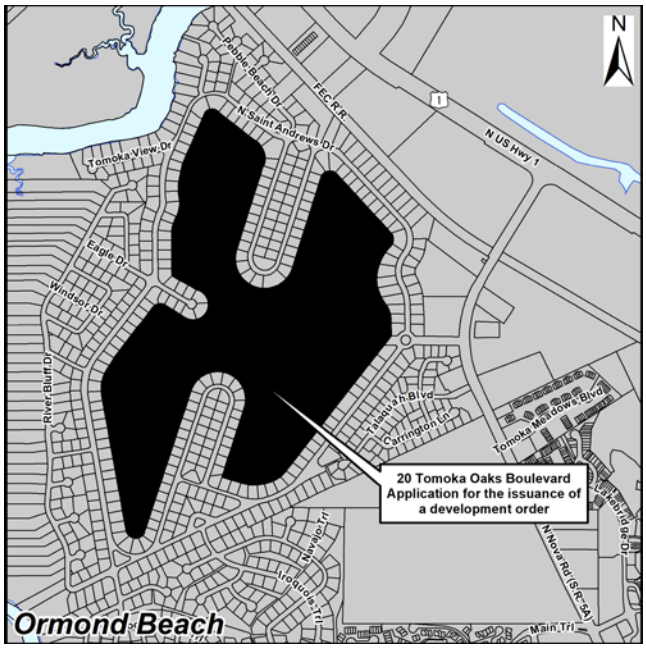

EXHIBIT "A"

LEGAL DESCRIPTION
(from Sliger & Associates, Inc. survey – survey date April 15, 2021)

PROPERTY DESCRIPTION:

SAM SNEAD GOLF AND COUNTRY CLUB, A PART OF THE THOMAS FITCH GRANT, LYING WESTERLY OF THE FLORIDA EAST COAST RAILWAY, SECTION 39, TOWNSHIP 14 SOUTH, RANGE 32 EAST, ACCORDING TO THE PLAT THEREOF, AS RECORDED IN MAP BOOK 25, PAGE 61, PUBLIC RECORDS OF VOLUSIA COUNTY, FLORIDA.

LOCATION MAP

PARCEL ID: 3242-07-00-0010

OWNER: TRIUMPH OAKS OF ORMOND BEACH I LLC

APPLICANT: TRIUMPH OAKS OF ORMOND BEACH I LLC

ADDRESS OF DEVELOPMENT ORDER: 20 TOMOKA OAKS BOULEVARD, ORMOND BEACH, FL 32174

Project Name: PZ-22-043
Project Description: Tomoka Reserve
Review Comments List Date: 9/13/2023

Ref. # 62, Landscape Architect, Cara Culliver, 1/25/23 3:25 PM, Cycle 2, Unresolved
Markup: Buffer Type, Tomoka Reserve PD Plans 5 -Buffer plan.pdf

- Staff is supporting a Type 6 landscape buffer which is consistent with the 50' buffer width & requires 7 trees, 70 shrubs & 70 ground covers per 100' lineal feet.

Ref. # 134, Landscape Architect, Cara Culliver, 6/12/23 5:00 PM, Cycle 4, Unresolved
Markup: High Density Buffer Planting, Draft 4 Buffer Planting Maintenance Plan (6-6-23).pdf

- A Type 6 buffer which is 50' foot depth requires 7 trees, 70 shrubs & 70 ground covers per 100' lineal feet. The document states 30 shrubs and the planting depth is 20 foot which is inconsistent with Section 3-06(d)(1)(2) of the Land Development Code.

- The elevation & plan view drawings shall be to scale and should show a typical 100 foot length & 50' foot depth planting design. This applies to all of the Typical Buffer Sketches.
- There is no reference to the keyed out plant materials and not able to determine what's being proposed?

- The plan view sketch only shows 5 trees and the requirement is 7 trees per 100 lineal foot. Also, the shrub requirement is 70 and only 30 are shown.

- Spacing trees 15 feet apart doesn't give enough room for growth and you have a 50' foot wide buffer to work within.

- The wildflower areas should be shown in more natural shape.

Ref. # 135, Landscape Architect, Cara Culliver, 6/13/23 10:39 AM, Cycle 4, Unresolved
Markup: Master Buffer Plan, Draft 4 Buffer Planting Maintenance Plan (6-6-23).pdf

- Need to reference on the master buffer plan where these 3 different typical buffer planting would occur.

- Ultimately, the 3 different planting sketches/specifications will have to be incorporated on 24x36 scaled drawing and included in the ZevCohen landscape plans.

Ref. # 136, Landscape Architect, Cara Culliver, 6/13/23 10:43 AM, Cycle 4, Unresolved
Markup: Tree Mitigation for Specimen & Protected Trees, Draft 4 Buffer Planting Maintenance Plan (6-6-23).pdf

- Tree mitigation if applicable could drive the density of the buffers and tree caliper sizes. This will have to be worked out with final future detailed drawings.

Ref. # 137, Landscape Architect, Cara Culliver, 6/13/23 10:50 AM, Cycle 4, Unresolved
Markup: Medium Density Buffer & Intact Buffer Plantings Sketches, Draft 4 Buffer Planting Maintenance Plan (6-6-23).pdf

- The medium and intact buffer sketches would need to be applied to the actual site to determine what needs to be planted back.

- There is a ground cover requirement and no mention of this in the written text for both of these sketches.

Ref. # 138, Landscape Architect, Cara Culliver, 6/13/23 11:01 AM, Cycle 4, Unresolved
Markup: Planting Details, Draft 4 Buffer Planting Maintenance Plan (6-6-23).pdf

- Please use the City standard planting details.

Ref. # 139, Landscape Architect, Cara Culliver, 6/13/23 11:13 AM, Cycle 4, Unresolved
Markup: Watering Schedule, Draft 4 Buffer Planting Maintenance Plan (6-6-23).pdf

- Staff is not supportive hand watering for establishment of plant materials/trees. A permanent irrigation system needs to be in place for the establishment of the trees and plant materials as per Section 3-05(e) of the Land Development Code.

- The watering requirement of trees wouldn't be the same as watering requirement for shrubs/ground covers. For example and based on the University of Florida research, 3 gallons of water per caliper inch and establishment rates are based on 3 month per inch of trunk caliper. To establish a 30 (8 gallons of water) or 45 gallon tree (9 gallons of water) at 2.5" caliper would take 8-12 months. You would need to water daily for 1-2 months and every other day for 4 months and weekly until establishment. This is not an efficient way to water a project of this size and there will be limited to no access to this 50 foot buffer when the project is developed. Also, we frequently experience drought which is going to be a factor in keeping this natural buffer alive.

Ref. # 140, Landscape Architect, Cara Culliver, 6/13/23 3:41 PM, Cycle 4, Unresolved
Markup: Intact Buffer, Draft 4 Buffer Planting Maintenance Plan (6-6-23).pdf
- When 7 existing trees are not present with this buffer type, than Understory trees would be more appropriate than more shade canopy trees.

Ref. # 141, Landscape Architect, Cara Culliver, 6/13/23 3:52 PM, Cycle 4, Unresolved
Markup: Suggested Tree List, Draft 4 Buffer Planting Maintenance Plan (6-6-23).pdf
- The intent is to provide screening please limit the amount of deciduous trees used in this plant palette.

- This project would have Canopy and Understory trees. Please add a category for native Understory Trees. Might want to call the Medium tree an Understory tree on the sketches.

- I don't think the American Olive, American Hornbeam, Redbud and Sugarberry are available to meet the cities minimum tree size of 10' foot height and 2.5" caliper, please check availability and revise list as necessary.

- The Florida Privet is semi-evergreen and can shed its leaves in the winter.

Ref. # 142, Landscape Architect, Cara Culliver, 6/14/23 8:37 AM, Cycle 4, Unresolved
Markup: Tree Size & Spacing, Draft 4 Buffer Planting Maintenance Plan (6-6-23).pdf
- The minimum tree size is 10' foot height and 2.5" caliper per Sec.3-05(d)(2).

- Spacing trees 15 feet apart especially for canopy trees doesn't not provide enough room for growth. You have a 50' buffer depth and greater spacing can be achieved with a staggered spacing.
Ref. # 143, Landscape Architect, Cara Culliver, 6/14/23 9:02 AM, Cycle 4, Unresolved
Markup: Wildflowers, Draft 4 Buffer Planting Maintenance Plan (6-6-23).pdf
- For the success of the wildflower seeds they are installed a certain way, during the fall season, type of seed mix and what's the application rate. Please provide more detailed specifications.
Ref. # 144, Landscape Architect, Cara Culliver, 6/14/23 9:16 AM, Cycle 4, Unresolved
Markup: Existing Turfgrass, Draft 4 Buffer Planting Maintenance Plan (6-6-23).pdf
- The existing turfgrass will need to be removed for the plantings of the trees and shrubs. The existing grass is going to compete with the establishment of the shrubs and most likely grow over the shrubs and choke them out. This will become a long-term maintenance issue if the grass is left.

Once the plant materials are installed a 3" inch mulch layer (suggest using Pine Bark) will retain the soils moisture.

Ref. # 155, Landscape Architect, Cara Culliver, 9/8/23 10:05 AM, Cycle 5, Unresolved
Markup: Plans Preparation, 2023 09 06 Buffer Tree Planting Locations.pdf

- Per Section 3-05(b)(1),a landscape plan prepared by a person registered as a landscape architect under F.S. ch. 481, part II, shall be submitted in conjunction with any development requiring site plan approval. The plan shall include all items related to trees and tree protection, as well as the grade, type, size, and location of plant materials. All landscape plan sheets shall be signed and sealed.

Ref. # 156, Landscape Architect, Cara Culliver, 9/8/23 10:05 AM, Cycle 5, Unresolved
Markup: 50' Buffer Requirement (Applies To All Sheets BT-100-BT-108), 2023 09 06 Buffer Tree Planting Locations.pdf

- This plan does not demonstrate meeting compliance with the Type 6, 50' landscape buffer which requires 7 trees, 70 shrubs and 70 ground covers per 100' lineal feet. Five trees & 50 shrubs per 100 lineal feet doesn't meet Type 6 buffer requirements.

- Existing palms trees are three to one ratio (3:1), meaning 3 palms equals one required tree. A single palm can't be counted as a required tree.

- All plant materials shall be keyed out showing type, size and locations of plant materials, including a plant list with specifications.

- The landscaped buffer area shall include a minimum five-foot (5') wide visual screen constructed of plant materials which are selected, located, and maintained to provide a visual barrier that is designed to achieve forty percent (40%) opacity within three (3) years from the time of installation between three feet (3') and six feet (6') above the average ground level of the landscaped buffer area when viewed horizontally.

- Trees shall be established along the entire length of and contiguous to any property line at a maximum spacing of fifty feet (50') on-center.

- Abutting residential lot information needs to be show and referenced on this plan.

Ref. # 157, Landscape Architect, Cara Culliver, 9/8/23 10:18 AM, Cycle 5, Unresolved
Markup: Trees Required Chart, 2023 09 06 Buffer Tree Planting Locations.pdf

- This project buffer is 3.3 miles long which equals 17,424 L.F. divided by 100 (x) 7 required trees = 1,220 Required Trees for this buffer, 12,197 Shrubs & 12,197 ground covers.

- This 50' landscape buffer would require 1,220 trees and not 396 as per the chart and submitted plan.

- Please keep in mind protected and specimen tree mitigation might affect buffer density and design.

Ref. # 158, Landscape Architect, Cara Culliver, 9/8/23 11:44 AM, Cycle 5, Unresolved
Markup: Buffer Area Planting Requirements, 2023 09 06 v2 Buffer Planting Maintenance Plan.pdf

- Staff will not be supporting the "modified buffer" of 5 trees and 50 shrubs. We will be supporting the Type 6, 50' landscape buffer which requires 7 trees, 70 shrubs and 70 ground covers per 100' lineal feet.

- In addition to these requirements all landscape buffers require a minimum of 5' foot wide visual screen constructed of plant materials which are selected, located, and maintained to provide a visual barrier that is designed to achieve forty percent (40%) opacity within (3) years from the time of installation between three feet (3') and six feet (6') above the average ground level of the

landscaped buffer area when viewed horizontally.
- Also, trees shall be established along the entire length of and contiguous to any property line at a maximum spacing of fifty feet (50') on-center.

Ref. # 159, Landscape Architect, Cara Culliver, 9/8/23 11:48 AM, Cycle 5, Unresolved
Markup: Ground Cover Requirement, 2023 09 06 v2 Buffer Planting Maintenance Plan.pdf

- The design team has submitted no documentation of existing ground covers. This will be determined when full design plans are submitted.

- Ground covers will be required as per the Type 6 buffer requirements.

Ref. # 160, Landscape Architect, Cara Culliver, 9/8/23 11:56 AM, Cycle 5, Unresolved
Markup: Standards for Success, 2023 09 06 v2 Buffer Planting Maintenance Plan.pdf

- The revised plans submitted did not have a phasing plan. Please submit phasing plan for review.

- Staff will not be supporting a 2 year maintenance bond. We will not be supporting 80% plant survivability but will support 100%. Assuming 20% or greater of the plant materials in the buffer dies that would be a huge burden on Tomoka Reserve, Tomoka Oaks & the City. The question is who would be responsible for establishing "replaced" trees and shrubs after the 2 year period?

- Staff would support a maintenance bond of 6 years for each phase built. After each 2 years of each phase planted plant materials failed will be replaced by Tomoka Reserves HOA. If the maintenance bond is implemented the Tomoka Reserves HOA would be responsible to replace the buffer back per the approved plans and the City staff will conduct necessary inspections for compliance after each 2 year period.

Ref. # 161, Landscape Architect, Cara Culliver, 9/8/23 12:57 PM, Cycle 5, Unresolved
Markup: Short Term Maintenance, 2023 09 06 v2 Buffer Planting Maintenance Plan.pdf

- Staff is not supportive hand watering for establishment of plant materials/trees. A permanent irrigation system needs to be in place for the establishment of the trees and plant materials as per Section 3-05(e) of the Land Development Code.

- A 26 weeks or 6 month establishment period is not long enough to establish a 2.5" caliper tree. Based on the University of Florida research, 3 gallons of water per caliper inch and establishment rates are based on 3 month per inch of trunk caliper. To establish a 30 (8 gallons of water) or 45 gallon tree (9 gallons of water) at 2.5" caliper would take 8-12 months. You would need to water daily for 1-2 months and every other day for 4 months and weekly until establishment another 6 months. The larger the tree caliper the longer the establishment period.

Ref. # 162, Landscape Architect, Cara Culliver, 9/8/23 1:13 PM, Cycle 5, Unresolved
Markup: Irrigation System, 2023 09 06 v2 Buffer Planting Maintenance Plan.pdf

- If the irrigation system is designed "strategically" than there would be no distance challenges to pump the water or installing long lengths of irrigation pipe.

Ref. # 163, Landscape Architect, Cara Culliver, 9/8/23 1:16 PM, Cycle 5, Unresolved
Markup: Existing Turfgrass, 2023 09 06 v2 Buffer Planting Maintenance Plan.pdf

- The existing turfgrass will need to be removed for the plantings of the trees, shrubs & ground covers within the planting bed areas. All planting beds shall be prepped to remove all turfgrasses, weeds and unsuitable materials prior to planting. Leaving the existing grass is not the industry standard & going to compete with the establishment of the shrubs & ground covers and most likely grow over the shrubs and choke them out. This will become a long-term maintenance issue if the

grass is left & hinder the success of establishing plant materials. Once the plant materials are installed a 3" inch mulch layer (suggest using Pine Bark) will retain the soils moisture.

Ref. # 164, Landscape Architect, Cara Culliver, 9/8/23 1:26 PM, Cycle 5, Unresolved
Markup: Watering, 2023 09 06 v2 Buffer Planting Maintenance Plan.pdf

- Why would watering trees in Phase 1 be 4-6 gallons and less in Phase II & III with 2 gallons? The also applies to the shrubs. This is not based on University of Florida's research, "Planting & Establishing Trees" publication as noted in this report. A 2.5" caliper tree needs 9 gallons of water, 3.5" caliper needs 11 gallons, 4.5" caliper needs 17 gallons & 6" caliper needs 30 gallons of water.

Ref. # 165, Landscape Architect, Cara Culliver, 9/8/23 1:30 PM, Cycle 5, Unresolved
Markup: Irrigation System, 2023 09 06 v2 Buffer Planting Maintenance Plan.pdf

Irrigating a project of this size (3.3 lineal miles) with hand watering is very inefficient and time consuming. The best approach to watering plant materials is with an efficient irrigation system using "low volume" techniques where water can be applied "directly" to the root ball. Directing water to 100% of the root ball in a manner that water can be absorbed into the root ball when water is needed is critical to optimum tree establishment. Proper irrigation immediately after transplant will influence root growth; therefore the diameter of the tree's irrigation pattern should increase, especially for sandy soils, as the tree's roots expand into the native soil. Efficient irrigation is critical and takes the guess work out with everything being automated and precise.

Ref. # 166, Landscape Architect, Cara Culliver, 9/8/23 1:41 PM, Cycle 5, Unresolved
Markup: Vegetation Maintenance, 2023 09 06 v2 Buffer Planting Maintenance Plan.pdf

- Before an area is planted it is stripped to bare soil removing all competing vines, weeds, unsuitable materials & turfgrasses. This eliminates the initial competing of weeds with the new plant materials. The applicant wants to keep all the turfgrass intact which is not the industry standard for establishing plant materials within large buffer areas. Staff will not be supportive of keeping turfgrasses intact within the landscape buffer.

Ref. # 167, Landscape Architect, Cara Culliver, 9/8/23 1:56 PM, Cycle 5, Unresolved
Markup: Long-term Buffer Maintenance, 2023 09 06 v2 Buffer Planting Maintenance Plan.pdf

- The applicant described this buffer as being natural and grass mowing in the buffer contradicts this concept? It would be a maintenance nightmare to mow around and between the trees, shrubs and ground covers. As stated already this buffer would be stripped prior to planting and then topped dressed with 3" mulch layer. There would be no mowing within the buffer and only weed/vine control & pruning of deadwood from trees as described in this plan.

- Other long-term maintenance items would be trimming the existing palms trees and removing the dead fronds, palm boots & seed heads. Also, newly planted trees/plant materials need fertilizer and should be part of the maintenance plan.

Ref. # 168, Landscape Architect, Cara Culliver, 9/8/23 4:48 PM, Cycle 5, Unresolved
Markup: Notes #7 & #8 Modified Buffer, PD1_21067 COV-C1.pdf

- Note #7, staff will not be supporting the "modified buffer" of 5 trees and 50 shrubs. We will be supporting the Type 6, 50' landscape buffer which requires 7 trees, 70 shrubs and 70 ground covers per 100' lineal feet.

- Note #8, an approved buffer plan will be in-place to identify where supplemental plantings will be required.

Ref. # 169, Landscape Architect, Cara Culliver, 9/8/23 4:57 PM, Cycle 5, Unresolved
Markup: Tree Replacement Note, PD2-PD6_21067 ODP-PD5.pdf

- Specimen trees removed will not be on a one to one replacement basis. Mitigation Chart A will determine how many trees will be replaced at 4.5" caliper based on the caliper removed.

Ref. # 65, Civil Engineer, David Allen, 1/31/23 4:34 PM, Cycle 2, Unresolved
Markup: Civil-Operating tables, 21067 Tomoka Reserve Storm Package.pdf

How were the discharge rates established for these tables.

Ref. # 103, Civil Engineer, David Allen, 2/21/23 9:50 AM, Cycle 2, Unresolved
Markup: Civil-=Emergency Access, Autoturn Analysis.pdf

Provide a detail that shows the island and the pavement widths for North St Andrews Drive. Provide the vehicle turn exhibit for this connection as well as the connection within the subdivision.

Ref. # 105, Civil Engineer, David Allen, 2/21/23 11:47 AM, Cycle 2, Unresolved
Markup: Civil-Lot Size, Tomoka Reserve PD Plans 6- typical lot layout.pdf

In the Neighborhood meeting, the width of the lot adjacent to the buff,(existing lots) was a significant question. The width was more important than the square footage of the lot. Please provide rationale for the proposed lot sizes.

Ref. # 118, Civil Engineer, David Allen, 5/10/23 2:15 PM, Cycle 3, Unresolved
Markup: Civil-Dry Retention, 21067 PD-04-28-23.pdf

Dry retention ponds were indicated as allowing infiltration to meet the time related requirements for stormwater management. The borings for the ponds indicated a layer of organics and top soil. How will the ponds function after several rain events have compacted the top layer into an impervious layer at the bottom of the pond.

If the pond bottom is being counted as natural preservation, these organics will seal the pond bottom. If the organics are removed then it should not count towards the natural preservation.

Provide time table of acceptable water stage on the trees within the dry retention.

Ref. # 119, Civil Engineer, David Allen, 5/10/23 2:39 PM, Cycle 3, Unresolved
Markup: Civil- Auto Turn, Autoturn Analysis.pdf

This configuration no longer matches the roadway layout for the [project. please provide an update to this figure.

Also provide a detail that demonstrates the emergency vehicle at the emergency access in conjunction with the existing island in N. St Andrews.

Ref. # 145, Civil Engineer, David Allen, 6/21/23 4:08 PM, Cycle 4, Unresolved
Markup: Civil-Phasing Plan, PD2-PD6_21067 ODP PD2 (1).pdf

Is there a phasing plan available for the project? If so, at what stage will the Emergency Access be constructed?

How will the construction of utility connections be staged in the overall project?

Ref. # 147, Civil Engineer, David Allen, 6/26/23 3:27 PM, Cycle 4, Unresolved
Markup: Civil-Lot Width, PD2-PD6_21067 ODP PD2 (1).pdf

Change the word size to width. The size can increase by depth only. The concern is the width of the lots.

Ref. # 148, Civil Engineer, David Allen, 6/26/23 3:27 PM, Cycle 4, Unresolved
Markup: Civil-Pedestrian access, PD2-PD6_21067 ODP PD2 (1).pdf

Add the term "and individual property owners affected. "

Ref. # 149, Civil Engineer, David Allen, 6/26/23 4:56 PM, Cycle 4, Unresolved
Markup: Civil-Revision Emailed 06-26-23, PD1_21067 COV C1 (1).pdf

Note No. 9, Indicates that this will be a gated subdivision. Provide note that the streets will be [privately maintained. Provide a note that there will be an access/utility easement placed over the entire roadway parcel dedicated to the City of Ormond Beach.

Ref. # 171, Civil Engineer, David Allen, 9/10/23 3:54 PM, Cycle 5, Unresolved
Markup: Civil Emergency Access, PD1_21067 9_5_23r.pdf

Provide the model showing the fire vehicle entering the emergency access.

Ref. # 172, Civil Engineer, David Allen, 9/11/23 8:36 AM, Cycle 5, Unresolved
Markup: Civil-Roadway Section, PD2-PD6_21067 ODP-PD3.pdf

Please show the limits of the tract on this cross-section. Note that the City of Ormond Beach will have an Access-Utility Easement placed on the tract.

Ref. # 173, Civil Engineer, David Allen, 9/11/23 9:57 AM, Cycle 5, Unresolved
Markup: Civil-Access Easement, PD2-PD6_21067 ODP-PD2.pdf

The access easement should be 20 feet wide.

Ref. # 181, Civil Engineer, David Allen, 9/12/23 9:04 AM, Cycle 5, Unresolved
Markup: Civil-Sanitary Sewer Collection System, PD7-PD8_21067 UTL-PD9.pdf
TECHNICAL COMMENT FOR THE PRELIMINARY PLAT

A recent evaluation for the lift stations within the Tomoka Oaks Subdivision shows a significant increase in run-times for the Lift Station 8M1. The proposed gravity system is shown to direct the flow from the new subdivision to this lift station. After discussion with the Utility Manager, we request that the gravity collection system be directed to the Lift Station 8M, Nova Road.

Ref. # 123, Planning Director, Steven Spraker, 5/11/23 8:21 AM, Cycle 3, Unresolved
Markup: 50' Landscape Buffer, PD2-PD6_21067 ODP-PD5B.pdf

- Staff will be supporting a Type 6 buffer plantings within the 50' landscape buffer. Response comments indicate plantings to be a type 4 buffer which will include existing natural vegetation with temporary irrigation is being proposed. Staff is not supportive of a type 4 buffer type and the information provided to date has not made staff supportive of the plant materials or temporary irrigation. A permanent irrigation system needs to be in place for establishment of the trees which can take years depending on the caliper size and drought situations. Staff also have concerns with the long-term maintenance of the buffer area and survivability of the plants with temporary irrigation.

Ref. # 150, Planning Director, Steven Spraker, 6/27/23 10:00 AM, Cycle 4, Unresolved
Comment:
Key policy issues:

1. **Lot Sizes:**

Applicant: mixture of 80', 60' and 50' lots. 80' wide lots abut existing Tomoka Oaks lots.

Staff recommendation: Staff recommends 100' wide lots to total at least 10,000 square feet abutting the perimeter of the existing Tomoka Oaks single-family houses.

2. **Buffer abutting existing Tomoka Oaks single-family houses:**

Applicant: See Tomoka Reserve Buffer Planting and Maintenance Plan, dated June 6, 2023.

Staff recommendation: Staff recommends typical planting (type 6) and irrigation plan. See city Landscape Architect's comments.

~~3. **Setback plan:**~~

~~Applicant: See Sheet PD7.~~

~~Staff recommendation: Staff not supportive of building coverages or proposed setbacks. Staff recommended setbacks included in the review.~~

~~4. **PD6 note on lot separation.**~~

~~Applicant: Note states: The lot separation width shown on this sheet may be subject to change at the time of permitting. The represented distances are from existing lot in Tomoka Oaks neighborhood and proposed lots within Tomoka Reserve.~~

~~Staff recommendation: The 50' buffer abutting the Tomoka Oaks existing residential lots and areas called out as natural preservation shall not be modified and shall always be vegetative areas.~~

~~5. **St. Andrews and Tomoka Oaks Boulevard "diamond".**~~

~~Applicant: Traffic Impact Analysis, response to comments, Item 3 states the existing diamond is expected to operate within the adopted level of service during the peak hours. No improvements are proposed.~~

~~Staff recommendation: The diamond is awkward and in staff's opinion's confusing and potentially dangerous as additional trips are added. Staff recommends that a diamond reconfiguration be required at the construction (preliminary plat) phase of the development.~~

~~6. **Recreation – additional outdoor recreation.**~~

~~Applicant: See sheets PD10 and PD3 where 9.06 acres of outdoor recreation is provided throughout the subdivision.~~

~~Staff recommendation: Staff supportive of the request. Similar request have been approved – RidgeHaven subdivision was the last similar request.~~

Ref. # 174, Planning Director, Steven Spraker, 9/11/23 11:59 AM, Cycle 5, Unresolved
Markup: Planning, inclusion of Tomoka Oaks addresses, 2023 09 06 Buffer Tree Planting Locations.pdf

Please include the address of the abutting properties within Tomoka Oaks.

Ref. # 175, Planning Director, Steven Spraker, 9/11/23 11:59 AM, Cycle 5, Unresolved

Markup: Planning staff, proposed plantings and irrigation, 2023 09 06 Buffer Tree Planting Locations.pdf

Planning staff support the City Landscape Architect's position on buffer type and irrigation requirements.

Ref. # 176, Planning Director, Steven Spraker, 9/11/23 12:20 PM, Cycle 5, Unresolved
Markup: Planning, architectural standards, Project Narrative-PB Revision List.pdf

Per an e-mail, the document on architectural standards was an old draft and not reviewed. Staff understands the architectural standards are contained in Sheet PD8.

Ref. # 177, Planning Director, Steven Spraker, 9/11/23 12:20 PM, Cycle 5, Unresolved
Markup: Planning, Letter - buffer type, Project Narrative-PB Revision List.pdf

Staff is not supportive of the lesser plant material than a type 6 buffer and hand watering - see city Landscape Architect comments.

Ref. # 178, Planning Director, Steven Spraker, 9/11/23 12:20 PM, Cycle 5, Unresolved
Markup: Planning, letter, lot width, Project Narrative-PB Revision List.pdf

The letter response states there are 46 lots that are 100' in width and 10 lots that are 90' in width. This appears to be an older version referencing the 100' wide lots. The plan submitted has 80' wide lots proposed along the perimeter which staff is not supportive of.

Ref. # 179, Planning Director, Steven Spraker, 9/11/23 12:20 PM, Cycle 5, Unresolved
Markup: Planning, timing of the traffic light, Project Narrative-PB Revision List.pdf

The response comments state 30 days after a phase 1 plat approval. Staff believes this to mean a preliminary plat approval.

Ref. # 180, Planning Director, Steven Spraker, 9/11/23 12:20 PM, Cycle 5, Unresolved
Markup: Planning, hearing date, Project Narrative-PB Revision List.pdf

Note that the Planning Board hearing date is September 26th - not September 21st as indicated in the letter.

Ref. # 64, Utility 1, Mike Stephenson, 1/26/23 1:52 PM, Cycle 2, Unresolved
Markup: Site Plan - Revise and Resubmit, Tomoka Reserve PD Plans 7 - Utility plan.pdf

Utilities has no comments regarding the proposed planned residential development. Full site plan approval, however, will require review of more detailed construction plans and design documents. Elements that will be reviewed at that time include, but is not limited to: utility separation requirements, utility connection details, valves and hydrants spacing, applicable permit status, and the inclusion of applicable City standard details.

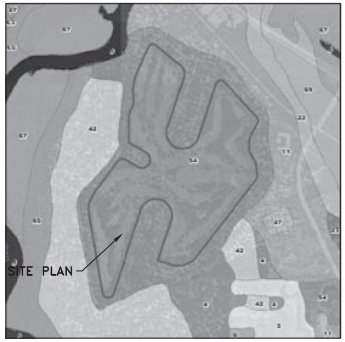
PROJECT DESCRIPTION:

ISSUANCE OF A DEVELOPMENT ORDER TO ALLOW 272 SINGLE-FAMILY LOTS AND ASSOCIATED SITE IMPROVEMENTS.

SITE INFORMATION:

SITE ADDRESS:	20 TOMOKA OAKS BLVD., ORMOND BEACH, FL 32174
PROJECT AREA:	147.94 ACRES
TAX PARCEL I.D. #:	3242070000010
ADJACENT ZONING	R2
EXISTING ZONING:	PRD-EXPIRED
PROPOSED ZONING:	PRD
EXISTING LAND USE:	VACANT
PROPOSED LAND USE:	RESIDENTIAL FAMILY
EXISTING FUTURE LAND USE:	LDR
MAXIMUM UNIT/LOT COUNT:	272
MAXIMUM MODEL HOME COUNT:	16
UNIT/LOT DENSITY:	1.83 PER ACRE
LOT TYPE	VARIES
REQUIRED LANDSCAPE BUFFER(S):	50 FT. MINIMUM
MINIMUM LOT DEPTH:	120 FT.
MINIMUM LOT WIDTH:	60 FT.
MAXIMUM BUILDING HEIGHT	35 FT.
UTILITIES:	PROVIDED BY CITY OF ORMOND BEACH



NOTES:
1. PROJECT MAY BE PHASED. PHASING PLAN WILL BE PROVIDED AT SITE PLAN APPROVAL.
2. ALL CONSTRUCTION TRAFFIC SHALL UTILIZE TOMOKA BLVD. AND NOVA ROAD ONLY
3. CONSTRUCTION ACTIVITIES SHALL ONLY BE ALLOWED ON MONDAY THROUGH SATURDAY BETWEEN THE HOURS OF 7:00 A.M. TO 7:00 P.M.
4. PEDESTRIAN ACCESS THROUGH THE SECONDARY ACCESS MAY BE PROVIDED BUT SHALL NOT BE REQUIRED. FINAL DESIGN AND LAYOUT TO BE COORDINATED DURING SUBDIVISION REVIEW
5. THE PERIMETER BUILDING SETBACK SHALL BE NO LESS THAN 50' FROM THE PROJECT BOUNDARY PER L.D.C.
6. MODEL HOMES INCLUDED IN 272 TOTAL PROPOSED UNITS
7. TYPE 6 BUFFER AS MODIFIED PER TOMOKA RESERVE BUFFER PLANTING AND MAINTENANCE PLAN SEP. 6, 2023.
8. EXISTING VEGETATION NATURAL VEGETATION WITHIN THE BUFFER WILL BE UTILIZED TO MEET THE MINIMUM STANDARDS. AT TIME OF CONSTRUCTION IF EXISTING NATURALLY OCCURRING LANDSCAPE IS INSUFFICIENT (BY CITY OF ORMOND BEACH LANDSCAPE ARCHITECT) SUPPLEMENTAL PLANTINGS WILL BE PROVIDED.
9. PROPOSED ENTRANCE WILL BE GATED TO VEHICULAR ACCESS. PEDESTRIAN ACCESS IS STILL PROVIDED THROUGH MAIN ENTRANCE AND EMERGENCY ACCESS.

Tomoka Reserve Architectural Standards

I. PREFERRED ARCHITECTURAL THEMES

A. The overall architectural vision for Tomoka Reserve has been established to create a community embodying a "timeless" quality. Such a vision will be realized through a variety of classical and regional architectural styles, combined with authentic detailing and use of high-quality materials.

Permitted architectural styles include but are not limited to contemporary, Modern, Postmodern, coastal themed styles, Mediterranean, Mission, Cracker, Craftsman, Ranch and Tuscan styles.

II. PROHIBITED ARCHITECTURAL STYLES

A. While diversity and creativity in the design of the homes at Tomoka Reserve is encouraged, certain architectural styles are not considered appropriate. These include, but are not limited to Art Deco, A-frame, Adobe, Cabin design style, Gothic, or Southwestern/Pueblo. Buildings and their accessory structures shall be consistent with a common architectural theme.

B. The architectural theme shall be established by harmoniously coordinating the general appearance of all buildings and related structures.

III. EXTERIOR MATERIALS/ELEVATIONS

A. Architectural variation and variety of housing types and designs within the neighborhood is encouraged. To facilitate this diversity the adjacent homes (the 2 adjacent homes on the same side of the street as well as the house across the street and its two adjacent homes) have to have a minimum of three different design elements of the following 10 elements

1. Roof color/materials
2. Roof pitch roof type (cable vs hip)
3. Skin/exterior finish materials
4. Color
5. Garage orientation/size
6. Porch size/location
7. Number of stories
8. Window sizes/shapes
9. Window locations
10. Decorative elements

B. The front facade should include four to six individual design elements and blank walls shall be discouraged unless adequately landscaped. Front elevation walls cannot be all one material and/or all one color.

C. A mixture of one-story and two-story homes will be encouraged to vary the streetscapes.

D. PERMITTED EXTERIOR MATERIALS INCLUDE:

1. Stucco (cement-based or synthetic) -smooth or textured finished (including tabby finish)
2. masonry-stone, brick, split rock and a ceramic concrete block is permitted but must be finished with material that covers the concrete block and grout lines with a minimum of 3/8" thick material; Stone can be Manufactured, Natural, or Cast
3. Wood/fiber cement-timbers, boards, board and batten, tongue and groove solid wood siding and rough sawn lumber; Hardie board or other similar fiber cement products emulating wood finishes
4. Other textures and materials will be evaluated on their own merit by the ARB. Artificial, simulated or imitation materials (e.g. aluminum siding, simulated brick from stucco, Masonite or composite board, etc.) are NOT permitted on the exteriors of a residence.

IV. ROOF

A. Acceptable roof materials for consideration include, heavy weight (30 year) composition shingles with significant dimensional texture, flat tile, "S" tile, slate tile, cedar wood shake, solar shingles and a high-quality standing seam metal roof. Copper and other metal roof products acceptable to the ARB are permitted for limited applications such as bay windows, process, cupolas, and dormers, or in accordance with specific architectural styles. Thermoplastic Polyolefin, PVC membrane or other similar roofing materials/roofing systems will be considered by the ARB on a case-by-case basis for properties developed with ultramodern or contemporary homes that incorporate a flat roof.

B. Roof lines will be variable using varied roof styles, pitches, projections, gables, and hips. Roof pitches shall be between 0 to 6:12. Dormers may have a roof pitch outside the above range. Flat roofs or flat roof with a parapet may be approved if it is a part of an integral design element such as with ultra-modern or contemporary designs. The roof pitch for primary structures should reflect the selected architectural style for the home.

C. Roof structures may be conventionally framed or constructed of prefabricated trusses.

V. WALL PLATES

A. The minimum wall plate heights shall be 9'-0" in main living areas on the first floor. The second-floor wall plate height must be no less than 9'-0" above the first-floor wall plate. Garages must have a minimum plate height of 8'-0".

VI. DRIVEWAYS

A. Driveways shall be stone, paver style materials, or concrete. Asphalt is NOT permitted.

VII. GARAGES

A. Three types of garages are permitted: front-entry, side entry, and accessory garage buildings.

VIII. FENCES

A. The following fence materials are permitted: wood, black wrought iron, high-quality aluminum, and white PVC. Perimeter fencing along rear or side (from front of house to rear property line shall be a maximum height of 6 feet. Fencing along the front property line or side property lines from the front of the house to the front property line shall have a maximum height of 4 feet. This "front yard" fencing must be decorative (no solid fences) and if a wood fence is utilized it must be painted.

IX. LANDSCAPE

A. All disturbed areas on the lot must be irrigated (unless xeric plantings are utilized), and landscaped with either trees, plants or sod including to the back of curb along the street and to the edge of clearing for natural areas and the water's edge for lots along pond banks. All landscaped beds shall be mulched.

X. MODIFICATIONS

A. All modifications to the above shall be submitted to the ARB for consideration of approval. The above are general guidelines. Tomoka Reserve development will have an enhanced focus on the environment, climate change and sustainability, along with protecting and enhancing future values.

1. DEFECTS, LIENS, ENCUMBRANCES, ADVERSE CLAIMS OR OTHER MATTERS, IF ANY, CREATED, FIRST APPEARING IN THE PUBLIC RECORDS OR ATTACHING SUBSEQUENT TO THE EFFECTIVE DATE BUT PRIOR TO THE DATE THE PROPOSED INSURED ACQUIRES FOR VALUE OF RECORD THE ESTATE OR INTEREST OR MORTGAGE THEREON COVERED BY THIS COMMITMENT. (STANDARD EXCEPTION; NOT A SURVEY MATTER)

2. ANY RIGHTS, INTERESTS, OR CLAIMS OF PARTIES IN POSSESSION OF THE LAND NOT SHOWN BY THE PUBLIC RECORDS. (STANDARD EXCEPTION; NOT A SURVEY MATTER)

3. ANY ENCROACHMENT, ENCUMBRANCE, VIOLATION, VARIATION OR ADVERSE CIRCUMSTANCE AFFECTING THE TITLE THAT WOULD BE DISCLOSED BY AN ACCURATE AND COMPLETE LAND SURVEY OF THE LAND. (AFFECTS SUBJECT PROPERTY AND SHOWN HEREON) [FENCES LABELED E1, E2, E3, E4, E5, E7, E8, E9]; [SCREENED POOL ENCLOSURE LABELED E6]

4. ANY LIEN, FOR SERVICES, LABOR, OR MATERIALS IN CONNECTION WITH IMPROVEMENTS, REPAIRS OR RENOVATIONS PROVIDED BEFORE, ON, OR AFTER DATE OF POLICY, NOT SHOWN BY THE PUBLIC RECORDS. (STANDARD EXCEPTION; NOT A SURVEY MATTER)

5. ANY DISPUTE AS TO THE BOUNDARIES CAUSED BY A CHANGE IN THE LOCATION OF ANY WATER BODY WITHIN OR ADJACENT TO THE LAND PRIOR TO DATE OF POLICY, AND ANY ADVERSE CLAIM TO ALL OR PART OF THE LAND THAT IS, AT DATE OF POLICY, OR WAS PREVIOUSLY UNDER WATER. (STANDARD EXCEPTION; NOT A SURVEY MATTER)

6. TAXES OR SPECIAL ASSESSMENTS NOT SHOWN AS LIENS IN THE PUBLIC RECORDS OR IN THE RECORDS OF THE LOCAL TAX COLLECTING AUTHORITY, AT DATE OF POLICY. (STANDARD EXCEPTION; NOT A SURVEY MATTER)

7. ANY MINERALS OR MINERAL RIGHTS LEASED, GRANTED OR RETAINED BY CURRENT OR PRIOR OWNERS. (STANDARD EXCEPTION; NOT A SURVEY MATTER)

8. TAXES AND ASSESSMENTS FOR THE YEAR 2021 AND SUBSEQUENT YEARS, WHICH ARE NOT YET DUE AND PAYABLE. (STANDARD EXCEPTION; NOT A SURVEY MATTER)

9. RESTRICTIONS, DEDICATIONS, CONDITIONS, RESERVATIONS, EASEMENTS AND OTHER MATTERS SHOWN ON THE PLAT OF SAM SNEAD GOLF & COUNTRY CLUB, AS RECORDED IN PLAT BOOK 25, PAGE(S) 61, BUT DELETING ANY COVENANT, CONDITION OR RESTRICTION INDICATING A PREFERENCE, LIMITATION OR DISCRIMINATION BASED ON RACE, COLOR, RELIGION, SEX, HANDICAP, FAMILIAL STATUS OR NATIONAL ORIGIN TO THE EXTENT SUCH COVENANTS, CONDITIONS OR RESTRICTIONS VIOLATE 42 USC 3604(C). (AFFECTS SUBJECT PARCEL, CANNOT BE GRAPHICALLY DEPICTED)

10. DEVELOPMENT ORDER ISSUED BY CITY OF ORMOND BEACH RECORDED IN OFFICIAL RECORDS BOOK 5944, PAGE 2183. (AFFECTS SUBJECT PARCEL, CANNOT BE GRAPHICALLY DEPICTED)

11. EASEMENT AGREEMENT AS SET FORTH IN INSTRUMENT RECORDED IN OFFICIAL RECORDS BOOK 5089, PAGE 1438. (AFFECTS SUBJECT PROPERTY AND SHOWN HEREON)

12. PROVISIONS CONTAINED IN DEED RECORDED IN OFFICIAL RECORDS BOOK 2052, PAGE 1019, INCLUDING RIGHTS OF LIFE TIME MEMBERS. (AFFECTS SUBJECT PARCEL, CANNOT BE GRAPHICALLY DEPICTED)

13. TERMS AND CONDITIONS OF ANY EXISTING UNRECORDED LEASE(S), AND ALL RIGHTS OF LESSEE(S) AND ANY PARTIES CLAIMING THROUGH THE LESSEE(S) UNDER THE LEASE(S). (STANDARD EXCEPTION; NOT A SURVEY MATTER)

14. ANY MAP OR DIAGRAM NOW OR PREVIOUSLY PROVIDED IS FOR REFERENCE AND INFORMATIONAL PURPOSES ONLY. THE COMPANY AND ITS AGENTS EXPRESSLY DISCLAIM ANY LIABILITY FOR ALLEGED LOSS OR DAMAGE WHICH MAY RESULT FROM RELIANCE UPON SUCH MAP(S) OR DIAGRAM(S). THE FOREGOING DOES NOT LIMIT ANY EXPRESS COVERAGES PROVIDED BY THE TERMS AND PROVISIONS OF ANY TITLE INSURANCE POLICY FOR MATTERS WHICH MIGHT BE REVEALED BY A SURVEY PREPARED AND CERTIFIED IN ACCORD WITH FLORIDA STATUTES SECTION 472.027.

SURVEYORS NOTES

1. NOTICE: THIS SURVEY WAS PREPARED WITH BENEFIT OF ALTA COMMITMENT FOR TITLE INSURANCE ISSUED BY FIRST AMERICAN TITLE INSURANCE COMPANY UNDER FILE NO. 12071-2664415 WITH AN EFFECTIVE DATE OF DECEMBER 30, 2020 AT 8:00 A.M. AS UPDATED AND REVISED ON JANUARY 12, 2021. (ISSUING OFFICE REGISTRY ID: 11413396);

2. DIMENSIONS ARE SHOWN IN FEET AND DECIMALS THEREOF.

3. BEARING STRUCTURE BASED ON NAD 83, FLORIDA STATE PLANE, EAST ZONE, U.S. SURVEY FOOT WITH THE BEARING ON THE WESTERLY LINE OF TOMOKA OAKS COUNTRY CLUB ESTATES UNIT 3A BEING S37°58'29"W.

4. UNDERGROUND FOUNDATIONS, IF ANY, NOT LOCATED.

5. THIS PROPERTY IS LOCATED IN FLOOD ZONE "X", THIS LOCATION IS DETERMINED BY SCALING FROM F.I.R.M. COMMUNITY PANEL 12127C0211 & 12127C0212, MAP EFFECTIVE DATE SEPTEMBER 29, 2017, APPROXIMATE SCALE 1"=500 FEET.

6. "NOT VALID WITHOUT THE SIGNATURE AND THE ORIGINAL RAISED SEAL OR DIGITAL SIGNATURE OF A FLORIDA LICENSED SURVEYOR AND MAPPER."

7. "THE PROPERTY DESCRIBED HEREIN, CONTAINS NO GAPS OR GORES AND TAKEN AS A TRACT, CONSTITUTES ONE CONTIGUOUS PARCEL OF LAND".

8. THE LEGAL DESCRIPTION OF THE PROPERTY AS DESCRIBED IN SCHEDULE A AND ON THE SURVEY ARE IN FACT ONE AND THE SAME PARCEL OF LAND IRRESPECTIVE OF THE MINOR DISCREPANCIES IN THE COURSES AND/OR DISTANCES.

I. Project Description

A. Title of Proposal

Tomoka Reserve Buffer Planting and Maintenance Plan

B. Location

Tomoka Oaks Blvd., Ormond Beach, FL.

C. Buffer Planting Plan and Maintenance Plan Objectives

1. Description

Tomoka Reserve is a 147.94-acre site with an approximate perimeter of 3.3 miles. As proposed, Tomoka Reserve will provide a 50-foot-wide vegetative buffer between the existing subdivisions and the perimeter lots in Tomoka Reserve. Over the long term, the buffer will be managed by the Tomoka Reserve's Homeowners Association. Today, much of the buffer contains native trees and shrubs that provide screening between the existing homes and the proposed development. In areas where the buffer is sparse or where no vegetation is present, native trees and shrubs will be planted to enhance the native buffer based on the requirements in the City of Ormond Beach Land Development Code.

2. Purpose and Need

The purpose of the Buffer Planting and Maintenance Plan is to describe how the buffer plants will be installed and maintained over the short and long term to maximize survivability. The overall objective of the buffer plantings will be to create a visual screen such that the existing homes and the new homes will have some level of screening so that each resident will have an obstructive view of the other.

The Tomoka Reserve development team is committed to keeping the ecology of the current buffer in place and increasing its integrity and diversity by using mostly native vegetation. The existing and enhanced vegetative screen will also function as a habitat for migratory birds and provide habitat for small mammals and turtles. With our commitment to using a wide variety of native species, we will be increasing the biodiversity of this already important plant community.

Another important aspect of using native plants is their ability to tolerate drought once they are established. By using regionally appropriate species, we will be removing the need for a permanent in-ground irrigation system that would draw large volumes of water out of the aquifer. The current buffer is not manicured or irrigated; this plan does not propose intensive management over the long term. The objective of this Buffer Planting and Maintenance Plan is to place trees and shrubs in the buffer to enhance the existing native vegetation.

II. Existing Conditions

A. Physical

The entirety of the site, including the 50-foot buffer, is comprised of sandy soils and there are no naturally occurring wetlands. The soils of this site are dominated by Paola fine sands, which are well-drained soils, Appendix A. The topography of the site has gentile slopes where the eastern portion of the site is higher than the north, south, and western areas. There are no physical barriers present that would prohibit us from enhancing that existing vegetative buffer.

B. Existing biotic conditions

A tree survey was conducted in 2021 that determined that there are 1,970 trees on site that are made up of 21 species of trees. The site is also home to a wide variety of insects, reptiles, amphibians, and small mammals, all of which will benefit from the installation of more native trees, shrubs, grasses, and wildflowers. Around the entire site, approximately 70% of the 50-foot buffer has trees and shrubs that act as a visual screen. However, in many places beneath the canopy, there are gaps in the understory that lack significant screening.

III. Buffer Planting Plan

A. Planting plan description and design

In areas where trees and shrubs will be installed, this plan follows the best management practices outlined in the American National Standards Institute (ANSI) 300 part 6

(Transplanting Standards) and Z60.1 (Nursery Stock Standards), additionally, the planting will follow the directions provided in Appendix B. Tree and Shrub Planting Details in Appendix B were provided by the City of Ormond Beach. The buffer design was created by

a Board Certified Master Arborist and a Registered Landscape Architect, where special consideration was given to incorporating native plants in the buffer plan, Appendix C.

Buffer Area Planting Requirements:

We will be using a modified buffer as the guidelines for the planting requirements. The buffer shall be 50 feet wide, will contain 5 trees and 50 shrubs.

For each 100 linear feet of buffer, where there are less than 5 exiting trees in the buffer, (trees having a DBH of at least 6 inches), trees will be installed to meet the buffer requirements or the fraction thereof. Where gaps of 50 feet or more occur between existing trees, even if there are 5 or more existing trees, landscape trees will be planted. The total number of buffer trees needed to meet the intent of this buffer plan is 396, Appendix D.

Where appropriate, native palms (*Sabal palmetto*) may be used as part of the overall planting requirements. All native palms that will be retained will count towards our tree requirement for each 100' buffer section. Over the length of a buffer zone, three palms will equal one hardwood tree. Palms shall have a minimum overall height of ten feet (10') at the time of planting. There are 110 existing palms within the buffer, which equates to 36 trees (110 palms /3 palms equal 1 hardwood tree = 36 hardwood trees). Overall, the total number of require trees will be reduce by 36 to represent the contribution of palms to the buffer tree planting requirements.

For each 100 linear feet of buffer, 50 shrubs will be installed where no shrubs are present. For each 100-foot section where shrubs exist in the buffer, existing shrubs will be assessed and shrubs will planted so that the number of shrubs in each 100' section will equal meet the required number for that buffer section.

Since ground cover plants already exist, we will not be planting any species of ground covers as part of the Buffer Planting Plan. The Tomoka Reserve Development Team recognizes the importance of native plants and to that end, native wildflower seed will be spread in select areas of the buffer. Florida native wildflower seed will be purchased from the Florida Wildflower Cooperative and spread by hand.

The landscaped buffer area shall include a minimum five-foot (5') wide visual screen constructed of plant materials which are selected, located, and maintained to provide a visual barrier that is designed to achieve forty percent (40%) opacity within three (3) years from the time of installation between three feet (3') and six feet (6') above the average ground level of the landscaped buffer area when viewed horizontally.

Each tree and shrub that will be planted will have a ring of ground cover removed to install each plant. All planting rings around trees and shrubs will be mulched with 3-inches of natural mulch to retain soil moisture.

This Buffer Planting Plan exceeds the requirements set forth in Section 3.05 (c)(2) Landscape design standards by using in excess of 50% xeric or drought tolerant plant species.

B. Standards for success

The property owner will provide a maintenance bond in favor of the City equal to the certified cost estimate of the landscaping improvements in order to guarantee the survival of the plantings for a period of two (2) years. During the two-year grow-in period, trees and shrubs that are not living will be replaced to meet the legal requirement of the bond. The maintenance bond will be released after two years when it has been demonstrated that 80% of all plant material is alive. Release of the bond will occur when the development team provides a report to the City on a raw count of all planted trees and shrubs such there will be 80% or better plant survival. It is expected that Tomoka Reserve will be built in phases where each phase will have its own bond for the plant material in the buffer of that section.

IV. Buffer Maintenance

A. Short Term Maintenance

Plants will be monitored and watered on a regular schedule. Over the short term, we have developed a regular watering schedule that will require plants to be watered multiple times over a seven-day period. Over the long term, we have developed a watering plant that will span 26 weeks. Based on the recommendations from the arborist and landscape architect, we will extend watering if they determine the plants need more water for the plants to

survive. This watering plan exceeds the recommendations of the University of Florida's webpage on Gardening Solutions publication Planting and Establishing Trees.

The plants being used for this project will be either native or Florida Friendly Landscape™ plants. Since the species being used are adapted to this climate and these soils, they will adapt and grow without difficulty since we are using the Right Plants in the Right Place concepts (https://ffl.ifas.ufl.edu/about-ffl/9-principles/principle-1-right-plant-/) as described by the Institute of Food and Agricultural Sciences Extension (UF/IFAS Extension) and the Florida Department of Environmental Protection.

Watering will be accomplished with a large water tank on a truck such that each plant will receive water from a person who will be able to confirm that enough water is provided. Since there are many species of wildlife that live in the buffer, we will not be installing above or below-ground irrigation.

The process of digging and trenching irrigation lines could displace, or harm protected species/existing flora. Additionally, hand-watering the buffer plantings will also the development team to more closely monitor plant health and establishment and will not waste water, which would be detrimental to the health of the aquifer. There are several challenges to using a pump-driven irrigation system, one is the distance to the buffer planting; if the distance is too great, we will not be able to effectively push water that far. The second issue is that the site currently does not have a power supply to run well pumps.

Trees and shrubs will be inspected at regular intervals to assess their health and level of establishment. If trees or shrubs die during the watering period, they will be replaced as outlined in the maintenance bond in favor of the City. A key component to the success of the plantings will be to maintain soil moisture. To achieve maximum soil moisture, we will not remove large swaths of ground cover; we will only remove enough existing plant material to install the buffer planting material, which will then be covered with mulch.

B. Watering Schedule

A watering schedule has been developed and provided below. Each watering event will be accomplished through the use of a truck and hand watering to ensure that each plant receives adequate water. If heavy rain events occur, the watering schedule will be

modified so we are not over-watering or wasting water. The objective of each watering event will be to provide approximately 4-6 gallons of water to each tree during Phase I and 2-gallons during Phases II & III. Shrubs will be given approximately 3 gallons of water in Phase I and 2 gallons in Phases II & III.

Buffer Tree, Shrub, and Bunch Grass Watering Schedule

Plant Material Watering will span six-months (26 weeks)

Phase I – Water 5 times per week, once a day for **five weeks** if plants are installed in the fall and winter (water twice a day if plants are installed between May and September) and monitor plant establishment.
– Monday, Tuesday, Wednesday, Friday, & Saturday

Phase II – Water 3 times per week for **ten weeks** and monitor plant establishment.
– Monday, Wednesday, & Friday

Phase III – Water 2 times per week for **11 weeks** and monitor plant establishment.
– Monday & Thursday

* Watering frequency and volume of water may be adjusted depending on rainfall and how well plants are becoming established, which will be determined by the arborist or landscape architect.

C. Vegetation Maintenance

The most important aspect of maintaining the newly installed trees and shrubs will be managing the ground cover around the plants so they do not overtop the new plantings. Most of the buffer has an intact tree canopy and sparse ground cover due to the shade. Maintenance in areas where there is shade will be less intense and will revolve around removing weeds and ground covers that are outcompeting the new plants. Most of the maintenance work will be accomplished through hand-pulling weeds and spraying the weeds with a mixture of vinegar, salt, soap, and water.

In areas where the buffer is largely absent, maintenance will include mowing the ground covers around the installed plants. Due to the spacing between trees and shrubs, a lawn mower will be used to suppress the ground cover to limit competition when necessary. Most of the maintenance work will be accomplished through hand-pulling weeds and spraying the weeds with a mixture of vinegar, salt, soap, and water.

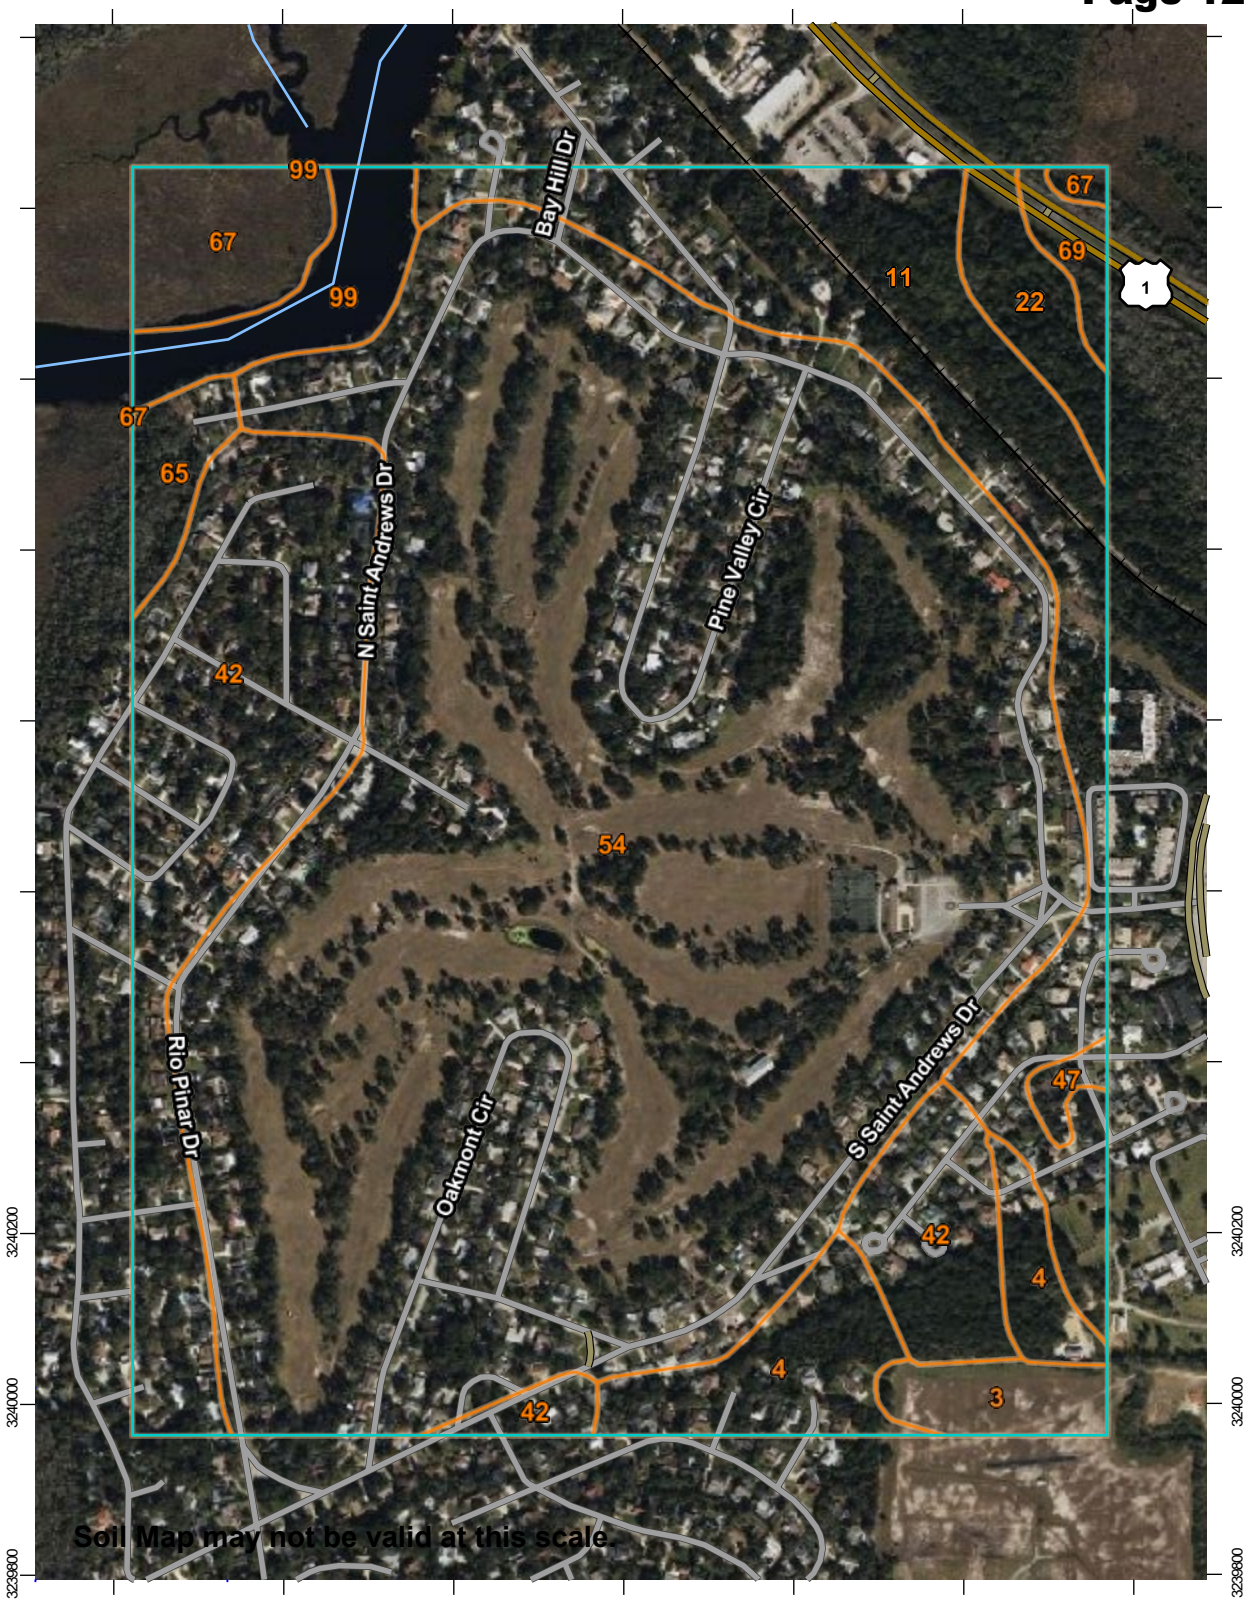
D. Long-term Buffer Maintenance

The long-term maintenance of the buffer will take place after the two-year buffer survival bond is satisfied. The long-term buffer maintenance will be managed by the Tomoka Reserve Homeowners Association (TRHOA).

TRHOA buffer maintenance activities shall include the removal of dead and hazardous trees, mowing grass that occurs between the buffer vegetation and the rear lot lines of the Tomoka Reserve homes, noxious plant removal as defined by and vine management.

Long-term Buffer Maintenance Schedule:

TRHOA will mow the grass in the buffer monthly between May 1 and October 31 each year. TRHOA will remove dead or hazardous trees as needed. For a tree to be removed, an International Society of Arboriculture (ISA) arborist will need to provide a report stating the tree in question is an “unacceptable risk” for the tree to be removed.



After the formation of the TRHOA, vines will be managed as needed. Once the initial vine maintenance occurs, TRHOA reserves the right to retreat vines after the initial site on a three-year cycle.

When possible, vines should be pulled from trees unless it will cause damage to the tree. When vines are removed, they will be cut just above the ground and treated with a herbicide to kill the underground roots. Whenever herbicides are being used, Florida law requires the herbicide applicators must have or be working for an individual who possesses a valid Florida Pesticide Applicator license.

Salvia coccinea	Scarlet Sage		Perennial
Solidago altissima	Tall goldenrod		Perennial
Solidago sempervirens	Seaside goldenrod		Perennial

* This plant list is not all-inclusive, additional native and Florida Friendly plants may be used based on the recommendcation of the landscape architect and arborist.

All plants listed are species native to Florida and commonly found in Volusia County.

Project Conditions – Tomoka Reserve

1. ***Lot Layout*:** The total number of lots proposed are 272. As shown in Exhibit "C", page PD2, the lot sizes along the perimeter of the exiting Tomoka Oaks subdivision are a minimum of 80' in width by 125' in depth and the interior lots are a minimum of 60' in lot width and 120' in lot depth. The actual count, location, and layout of the developed areas within the development shall be determined during subdivision review of the Preliminary Plat. The maximum lot count shall not exceed 272 units. The lot widths can deviate from the provided ranges if they increase in lot width or depth. No reduction in lot width or total square footage shall be permitted. The request for 272 single-family units or 1.84 units per acre as shown, described, and depicted in Exhibit "C" to the Planned Residential Development (PRD) Development Order is hereby granted.
2. ***Preliminary Plat Required:*** The project shall be required to obtain a Preliminary Plat and provide detail engineering plans with review by the Planning Board and action by the City Commission prior to the issuance of a site construction permit. A neighborhood meeting shall be required after the first Site Plan Review Committee submittal and prior to the Planning Board meeting for the Preliminary Plat.
3. ***Density:*** The proposed gross density is 1.84 units per acre (147.94 acres divided 272 units). The density permitted in the "Low Density Residential" land use is 4.3 units per acre.
4. ***Phasing:*** The subdivision phasing is to be developed with the Preliminary Plat and may be modified with the review and approval of the Site Plan Review Committee as a minor amendment.
5. ***Model homes:*** A maximum of 16 model homes are allowed within the subdivision. Model homes are allowed to be started after a stabilized road is constructed and water and sewer clearances have been obtained which may be before final subdivision acceptance by the Site Plan Review Committee. No certificate of occupancies would be released until after all subdivision improvements are completed.
6. ***Gated community:*** The project is proposed to have a gated access point for vehicles and to allow pedestrian access into the subdivision. Private, gated subdivisions are required to provide easements to the city through the platting process for access and maintenance of the project utilities. The streets, sidewalks, and stormwater system would be privately owned and maintained by the Tomoka Reserve Homeowners' Association. Changing from a gated to non-gated (public) subdivision would be considered a minor amendment.
7. ***Pedestrian access from Tomoka Oaks:*** Additional pedestrian access may be provided by Tomoka Reserve to lots within the existing Tomoka Oaks subdivision with an easement or other legal document approved by the individual Tomoka Oaks property owner(s).
8. ***Emergency Access Easement*:** As shown in Exhibit "C", page PD2, emergency access is required for the project. The easement area would be required to have a stabilized base and a grass surface for emergency vehicle use only. Construction details of the emergency access connection point would occur during the preliminary plat process and be subject to

approval of the Fire Chief, including the number of lots that would require the construction of the emergency access connection.

9. ***Dimensional standards:*** The setbacks for the project shall be:

   60' wide by 120' deep lots

   a) Rear: 20'
   b) Rear (accessory): 5'
   c) Side: 7.5'
   d) Side (accessory): 5'
   e) Side Corner: 15'
   f) Front Yard: 25'
   g) Porch: 15'
   h) Maximum building coverage shall be 50%.
   i) Maximum lot coverage shall be 75%.
   j) Maximum building height shall be 35 feet.
   k) Minimum square footage of house: 1,700 square feet

   80' wide by 125' deep lots

   l) Rear: 20'
   m) Rear (accessory): 5'
   n) Side: Minimum 8' to total 20' – both sides.
   o) Side (accessory): 5'
   p) Side Corner: 20'
   q) Front Yard: 25'
   r) Porch: 15'
   s) Maximum building coverage shall be 50%.
   t) Maximum lot coverage shall be 75%.
   u) Maximum building height shall be 35 feet.
   v) Minimum square footage of house: 1,700 square feet

10. ***Environmental:*** Ayden Environmental, LLC has performed an environmental analysis of the former golf course property and has obtained an approved remediation plan by the Florida Department of Environmental Protection. The summary letter from Ayden Environmental, LLC states: "All work will be completed in accordance with Chapter 62-780 of the Florida Administrative Code, which is Florida's regulatory framework for environmental cleanup." The required remediation plan would be implemented with an approved Preliminary Plat and its associated construction drawings.

    There are no wetlands on the subject property and the property lies within flood zone X (area of minimal flood hazard).

11. ***50 foot vegetative buffer:*** The project proposes a fifty-foot vegetation buffer around the exterior of the property abutting the existing Tomoka Oaks subdivision. This area is approximately 3.3 miles in length. Existing vegetation in this buffer areas would count towards the landscape requirements. The buffer planting plan as shown, described, and depicted in Exhibit "D" to the PRD Development Order is hereby granted.

12. ***Natural preservation:*** Section 2-35(h)(8) of the Land Development Code states: "Twenty percent (20%) of the project shall be left in a natural state. This may include designated conservation areas within lots or common areas, but shall not include classified wetlands and required upland buffers." The project is required to provide 29.6 acres and Exhibit "C", sheet PD6 shows 34 acres dedicated to natural preservation. The 50' buffer abutting the Tomoka Oaks existing lots and area called out for natural preservation shall not be modified and shall always be vegetative areas. Maintenance and replanting as necessary in the 50' vegetative buffer area is allowed with written authorization of the City Landscape Architect.

13. ***Recreational area:*** In lieu of the indoor recreation floor area requirement, the development may provide, at a minimum, an additional thirty (30) square feet per unit of outdoor active recreation space in compliance with Section 2-35(h) of the Land Development Code. The project is required to provide 24,840 square feet of outdoor recreational area. The proposed 9.34 acres of outdoor recreational area exceeds the Land Development Code requirements and is hereby accepted. The final design of the recreational areas shall be provided as part of the Preliminary Plat site plan. The recreational plan to utilize additional outdoor area instead of indoor recreation floor area as shown, described, and depicted in Exhibit "C" to the PRD Development Order is hereby granted.

14. ***Sidewalks:*** The developer shall construct a sidewalk in Phase 1 of the project development along both sides of Tomoka Oaks Boulevard as shown in Exhibit "C." Internal sidewalks are required on both sides of the streets within the subdivision.

15. ***Stormwater:*** The project seeks to use a low-impact development technique of berming around existing areas (keeping existing vegetation) to create stormwater retention areas. The final stormwater design shall be provided with the Preliminary Plat site plan application.

16. ***Fences:*** The fencing requirements for the Tomoka Reserve subdivision are included in Exhibit "C" on sheet PD8. The requirements state:

    > The following fence materials are permitted: wood, black wrought iron, high-quality aluminum, and white PVC. Perimeter fencing along rear or side (from front of the house to rear property line shall be a maximum height of 6 feet. Fencing along the front property line or side property lines from the front of the house to the front property line shall have a maximum height of 4 feet. This "front yard" fencing must be decorative (no solid fences) and if wood is utilized it must be painted.

17. ***Architecture:*** Home designs shall be consistent with the architectural elevations provided in Exhibit "C" on sheet PD8 and an architectural review committee for the subdivision is required. Submittal of new homes or modifications for building permits shall include written documentation from the architectural review committee that all architectural conditions have been satisfied.

18. ***Traffic****:* The project submittal for the issuance of a development order includes a Traffic Impact Analysis (TIA).

    A. Traffic signal at Nova Road and Tomoka Oaks Boulevard: The traffic analysis has identified the need for a traffic signal at Nova Road and Tomoka Oaks Boulevard. The applicant has agreed to a voluntary condition that the applicant will make application for the permits for the signal within 30 days of phase 1 plat approval (Preliminary Plat), the developer will initiate an application to the Florida Department of Transportation to construct a traffic signal at the intersection of Nova Road and Tomoka Oaks Boulevard. Prior to the issuance of first certificate of occupancy within the Tomoka Reserve Development, the traffic signal at Nova Road and Tomoka Oaks Boulevard has to be completed and functioning or fully bonded, and/or the full cost of constructing said traffic signal system must be deposited with the City of Ormond Beach.

    B. Intersection of Saint Andrews Drive and Tomoka Oaks Boulevard: The applicant has demonstrated that the diamond intersection meets the required level of service. The applicant has agreed to provide improvements to be engineered at the Preliminary Plat to modify the existing drive aisle to resolve turning radii conflicts for emergency vehicles and provide additional landscaping. The Preliminary Plat site plan shall be reviewed by the SPRC and Planning Board, and a recommendation provided to the City Commission on the geometry of this intersection.

19. ***Hours of construction****:* Hours of outside construction activities shall be from 7:00 a.m. to 7:00 p.m. Monday through Saturday, with no outside construction activities on Sundays.

20. ***Utilities*:** Detailed water and sewer connection shall be provided at the time of the Preliminary Plat. The project intends to use re-use irrigation, as available, with a supplemental well as needed.

DRAFT Planning Board minutes

September 26, 2023

M I N U T E S

ORMOND BEACH PLANNING BOARD

Regular Meeting

September 26, 2023 6:08 PM

Calvary Christian Center
1687 West Granada Boulevard
Ormond Beach, FL 32174

PURSUANT TO SECTION 286.0105, FLORIDA STATUTES, IF ANY PERSON DECIDES TO APPEAL ANY DECISION MADE BY THE PLANNING BOARD WITH RESPECT TO ANY MATTER CONSIDERED AT THIS PUBLIC MEETING, THAT PERSON WILL NEED A RECORD OF THE PROCEEDINGS AND FOR SUCH PURPOSE, SAID PERSON MAY NEED TO ENSURE THAT A VERBATIM RECORD OF THE PROCEEDING IS MADE, INCLUDING THE TESTIMONY AND EVIDENCE UPON WHICH THE APPEAL IS TO BE BASED.

PERSONS WITH A DISABILITY, SUCH AS A VISION, HEARING OR SPEECH IMPAIRMENT, OR PERSONS NEEDING OTHER TYPES OF ASSISTANCE, AND WHO WISH TO ATTEND CITY COMMISSION MEETINGS OR ANY OTHER BOARD OR COMMITTEE MEETING MAY CONTACT THE CITY CLERK IN WRITING, OR MAY CALL 677-0311 FOR INFORMATION REGARDING AVAILABLE AIDS AND SERVICES.

I. ROLL CALL

Members Present	Staff Present
Angie Shull, Vice Chair	Claire Whitley, Assistant City Manager
G.G. Galloway	Steven Spraker, Planning Director
Al Jorczak	Cara Culliver, Landscape Architect
Mike Scudiero	Robin Gawel, Senior Planner
Barry du Moulin	Sarah Cushing, Senior Planner
Troy Railsback	David Allen, Planning Civil Engineer
Doug Thomas, Chair	Randy Hayes, City Attorney
	Marcella Miller, Recording Technician

II. INVOCATION

Chairman Thomas led the invocation.

III. PLEDGE OF ALLEGIANCE

IV. NOTICE REGARDING ADJOURNMENT

NEW ITEMS WILL NOT BE HEARD BY THE PLANNING BOARD AFTER 9:00 PM UNLESS AUTHORIZED BY A MAJORITY VOTE OF THE BOARD MEMBERS PRESENT. ITEMS WHICH HAVE NOT BEEN HEARD BEFORE 9:00 PM MAY BE CONTINUED TO THE FOLLOWING THURSDAY OR TO THE NEXT REGULAR MEETING, AS DETERMINED BY AFFIRMATIVE VOTE OF THE MAJORITY OF THE BOARD MEMBERS PRESENT (PER PLANNING BOARD RULES OF PROCEDURE, SECTION 2.7).

DRAFT

V. APPROVAL OF THE MINUTES

Mr. Jorczak motioned to approve the August 21, 2023 Minutes. Mr. Galloway seconded it. Vote was called, and the motion was approved (7-0).

Chairman Thomas opened the Public Hearing.

Attorney Hayes explained the continuation of the August 21, 2023 Planning Board meeting on Tomoka Reserve. Recommendations were made by staff, Planning Board, and the HOA attorney to allow more time to analyze the previous set of new plans. Tonight, the Planning Board can make a recommendation to the City Commission or request additional information. Attorney Hayes added that the recent material submitted, according to the applicants, is consistent with the Comprehensive Plan and Land Development Code (LDC) regulations and staff disagrees and recommends that the application be denied. He concluded that the witnesses are not required to be re-sworn and directed for those wishing to speak to announce their name and whether or not they have been sworn in.

Chairman Thomas and the Planning Board discussed the allotted speaking time for residents and audience members and it was determined to allow three minutes per person. Chairman Thomas opened the public hearing.

VI. PUBLIC HEARINGS

A. PRD 2022-043, Tomoka Reserve – Issuance of a Development Order – continuation of the July 13, 2023 meeting

Staff Presentation

Mr. Spraker, Planning Director, thanked Calvary Christian Center for hosting the meeting and stated that the application is for the issuance of a development order for the Tomoka Reserve subdivision, at 20 Tomoka Oaks Boulevard. He continued that the existing land use is "Low Density Residential" and the existing zoning is Planned Residential Development (PRD). The zoning district does not have a development order associated with it any longer and has since expired, the reason for the public hearing.

Mr. Spraker continued that the project has gone through two pre-application meetings, the Site Plan Review Committee (SPRC),a neighborhood meeting, and today, the third Planning Board meeting. Mr. Spraker stated that if there is a recommendation tonight, the tentative City Commission meeting date will be November 07, 2023 at Calvary Christian Center. Mr. Spraker explained the issuance of a development order review process. A PRD is a zoning document that shows lots, landscape buffers, open areas, recreational areas, and architectural standards. A PRD does not require engineering construction plans that include stormwater and utilities, which will come later with a preliminary plat. The preliminary plat would go through a neighborhood meeting, Planning Board and City Commission.

Mr. Spraker displayed a recap of the July 13, 2023 site plan with the proposal of 276 units, a mixture of 50', 60', 80' wide lots. He explained the August submittal that was before the Planning Board, with a mixture of 60', 80', 90', and 100' wide lots, but because it was submitted after it was advertised, it required a new public hearing. He continued that the applicant agreed with some SPRC recommendations, including

the building coverage, setbacks, note for lot separation, Tomoka Oaks diamond improvements, sidewalks on both sides of Tomoka Oaks Boulevard, neighborhood meeting for the preliminary plat, the timing of the traffic signal, updated architectural design language and the removal of the cut-through of amenity space parking area.

Mr. Spraker stated that a new site plan was submitted on September 06, 2023, and the changes are primarily the mixture of lot sizes along the perimeter of the boundary of the project of 80' wide lots and interior, 60' wide lots. Other aspects of the site plan that did not change were the gated vehicular access of the subdivision, it is not in the wetlands or floodplain. Mr. Spraker added that other characteristics that did not change were the environmental assessment provided, the 34 acres of natural preservation, recreational areas, 50' buffer around the site, preservation of historic trees, the school concurrency and Traffic Impact Analysis provided.

Mr. Spraker stated that the two remaining key issues are the perimeter lot sizes and the material and irrigation of the 50' buffer. The SPRC continues to recommend 100' wide lots on the perimeter where the site plan shows 80' wide lots as the former and surrounding zoning district of R-2 are 100' wide lots.

Mr. Spraker continued that the existing conditions today with the 3.3 mile buffer in the planting plan states that there are native trees and shrubs that will provide screening between the existing homes and the proposed development. Another existing condition is the existing vegetation to be able to use and gaps of landscaping to be planted, and 70 percent of the 50' buffer with trees and shrubs for visual screening. Mr. Spraker stated that the proposed plan shows that the buffer shall be 50' wide containing five trees and 50 shrubs. No groundcover was proposed in the plan. The existing vegetation would be used for gaps of landscaping to be planted. Mr. Spraker added that watering would be provided by a large water tanker truck, not permanent irrigation. The plan offered a maintenance bond for two years and requires an 80 percent survival rate to release the bond.

Mr. Spraker delivered an overview of staff's recommendations, including the City's Landscape Architect, of a type 6 buffer of seven trees, 70 shrubs, and 70 ground cover plants. The proposed plan does not meet the visual screen requirement of the LDC. He stated that staff is supportive of the use of native/xeric plantings. He added that that the irrigation by water tanker truck does not comply with the LDC. Mr. Spraker expressed concerns with the fact that the watering plan shifts compliance to the future HOA. It can involve additional maintenance and costs, as well as the 2-year bond and 80 percent survival plant rate.

Mr. Spraker reviewed the correspondence that was received and that was also included in the meeting packet. Some of the correspondences included the compatibility with the existing Tomoka Oaks, property value concerns, loss of quality of life, traffic concerns, golf course perpetuity and related uses, the existing configuration of the diamond intersection, Tomoka Reserve HOA concerns, wildlife concerns and buffer concerns.

Mr. Spraker delivered an overview of the Planning Board review criteria consisting of the application submittal, staff report, SPRC comments, written correspondence provided, criteria of the LDC contained within the staff report, and testimony provided at the Planning Board public hearing. He stated that staff recommends denial of the proposed site plan for the issuance of a development order, based on the

perimeter lot sizes and the buffer planting plan. Mr. Spraker continued that if the Planning Board believes that it is appropriate they can recommend approval. Either recommendation of approval or denial goes to the City Commission for the final decision.

Applicant's Presentation

Mr. Rob Merrell, Esquire, Cobb Cole Attorneys at Law, representative for the applicant, stated that Mr. Don Spence will speak again on the buffer and Mr. Michael Hoteling, on the lot widths, the two key issues. Mr. Merrell recapped on the PRD due to its custom zoning for the property. He asked the Board for suggested items in negotiation for an agreement.

Key issue: Buffer:

Mr. Don Spence, Master Arborist/Native Plant Expert, Ph.D., Native Florida Landscapes, explained that he has been working with landscaping and native design for 25 years. Three years ago he completed a tree survey for the property and beginning in January, started work on the buffer plan. Mr. Spence stated that it is based on a low density residential and a buffer planting plan that had three or four plants to fill in gaps along the shrubs. He continued that several months later, they got pushback from the City as they wanted a type 6 buffer. He explained the reasons that the team felt it was not appropriate as a type 2 buffer is outlined for low density residential. A type 2 buffer is three trees and 30 shrubs. The team proposed a bonified, meaningful type 4 buffer with five trees and 50 shrubs, to fill in the gaps to provide visual screening between the existing homes and the homes that are proposed to be built. Mr. Spence expressed his concern with the said irrigation requested, as the existing trees and trees to be planted are native and once established over the next six to seven months, will not need it, same as the existing buffer that is not being watered. He stated that the goal is to plant plants that mimic the existing trees in the buffer, claiming that if the tree dies it will be replaced per the two year bond.

Mr. Spence continued reviewing the buffer planting plan and stated that the 50' wide buffer, that would be managed by the HOA, if there are tree problems would not be able to plant across the entire buffer due to many of the homes having fences or walls. In the plan, the center 20' of the buffer would be the planting zone. He continued that trees and shrubs need full sun and cannot be planted underneath of canopies. Mr. Spence stated that space is needed for access (15' on the development side and space for neighbors on the backside). He added that access is needed behind the property lots of the homes built to manage trees and any invasive plant problems, therefore cannot plant across along the entire width of the buffer. Mr. Spence reassured that the plants will be watered and made sure of their survival at 100 percent from the initial plan of 80 percent, after two years. The site will develop in phases and the bonds will follow in phases and long-term maintenance will be driven by the legal agreement that the HOA develops. Mr. Spence reviewed a table that explains the watering phase for the trees and shrubs and stated that the plan meets and exceeds what the University of Florida recommendation is. He continued that they are not willing to dig up the buffer for ground coverings and feel it does not add to the visual screening. He pointed out that a water tanker truck is in the plan for irrigation and backed up his point with the LDC guideline specifying that if using native/xeric plants a permanent irrigation system is not required. Mr. Spence concluded that there is no standard for a type 6 buffer being applied in a residential setting and no example of an industrial buffer design against residential.

Mr. Merrell stated that the proposed buffer plan is well founded and innovative, concurring with Mr. Spence, and added that a permanent irrigation system would tear up the manicured grass.

Key issue: Lot sizes:

Mr. Michael Hoteling, MAI, Managing Partner, Moody Williams Appraisal Group, stated that he has been appraising commercial, residential, subdivision type properties for 20 years. He spoke on the appropriateness of the lot sizes and stated that most of the lots of the homes being proposed are 2,100 to 2,900 square feet and most of the lots that get sold are between 60' wide and 80' wide, with some 100' wide. Mr. Hoteling commented that this will be a nice subdivision where the homes can range from $600,000 to possibly over $1 million. He added that when pricing the homes in Tomoka Oaks three weeks ago, there were no homes for sale that exceeded $700,000, except for those along the water. Mr. Hoteling concluded that what is being proposed to be built will add value to the existing development and not detract from it.

Mr. Merrell stated that the alternative to the custom zoning is straight zoning. The subject property is low density residential in which the zoning classification does not have all of what is being offered through the proposed project. He explained the reason it was decided to go through the PRD process and propose the combination of lots is because the market does not do 'Tomoka Oaks lot sizes' at 100' by 100' anymore. Mr. Merrell added that the applicants wanted the mixture of lot sizes starting at 50' wide lots and a larger landscape buffer for separation. The minimum guidelines for the landscape buffer is required to be 50' and if adding all of the green around the outside it is an average of 129' of greenspace between both properties. Doing straight zoning at a 6' buffer requirement as opposed to the 129'. The straight zoning would have also offered only two trees and 20 shrubs as the landscaping buffer requirement. Mr. Merrell added regarding outdoor recreation, and the open space and parks, that they are a concession as part of the negotiating PRD. Mr. Merrell referenced the architectural standards and how the applicants listened to the neighbors and their dislike of cookie-cutter homes. He touched on the pedestrian connectivity being volunteered, stating that they would add sidewalks out to Nova Road. Mr. Merrell concluded that something is going to be built, whether based on custom zoning or straight zoning.

Board Questions of the Applicant

Mr. Scudiero asked what the average lot square footage is in the existing Tomoka Oaks development versus what the perimeter lots would be with the 80' wide, 90' wide, and 100' wide lot range.

Mr. Dwight Durant, Zev Cohen & Associates, stated that what is being proposed are 80' wide by 120' deep lots, approximately 10,000 square feet, and the existing typical Tomoka Oaks lot is 100' by 120', approximately 10,000 to 12,000 square feet. The inside lots are approximately 7,000 – 8,000 square feet. It was discussed that some of the proposed lots have a different rear width and can be above 10,000 square feet.

Mr. du Moulin inquired about the proposed irrigation of the buffer and if there is a specific amount of time that the water tanker truck would irrigate. Mr. Merrell replied that the detailed proposal and plan is in the board packet materials.

Chairman Thomas asked about the different proposed façades of the homes and asked for clarification on if it is every 4th house before duplicating the same façade,

expressing that he does not like every other house repeating the same design. He added that currently in Tomoka Oaks you will not see two houses within 200', 300' and 400'. Mr. Merrell replied that the same façade cannot be next to each other or across the street, and urged Chairman Thomas and the Board to be specific in what it is exactly that they would like to see. Mr. Merrell clarified that the applicant is not trying to recreate or replicate Tomoka Oaks, an older product and design, but bring forward the quality and variety that they have asked for.

Mr. Railsback referenced the elevations and colors of the homes and stated that they should be not 'cookie cutter' in design. He asked what is being done for the softening of the diamond and if it will be a roundabout instead. Mr. Merrell relied that the diamond is proposed to be reconfigured to an amoeba shape, with rounded corners, allowing better flow for vehicles, including buses, as well as adding landscaping in the island.

Mr. Jake Stehr, Zev Cohen & Associates, read the material included in the recently submitted plans that stated architectural variations in the variety of house sizes designs in the neighborhood is encouraged to facilitate it so that the two adjacent homes on the same side of the street as well as the house across the street and its two adjacent homes have to have a minimum of three different design elements of the following ten elements.

Ms. Shull asked if the plan was referencing different design elements (example brick and siding) or if the whole house is different. Mr. Stehr answered elements such as roof pitch and roof type, the skin/exterior finish material, color, garage orientation and size, porch size and location, number of stories, window sizes and shapes, window location and decorative elements. He concluded that houses cannot be mirrored across the street from one another and that options will be given to future home buyers.

Mr. Galloway asked for clarification on the buffer. Mr. Merrell explained that their idea is to leave the places that already have bushes and trees alone. The reason for not wanting to lay groundcover down is to avoid tearing the ground/landscaping up and put wild landscaping in. Mr. Merrell added that if landscaping was put in along the entire 50' buffer it would not be able to be accessed and maintained, according to Mr. Spence.

Mr. Jorczak inquired about what the average required time for the trees, based on size, that is going to be planted to be able to provide 100 percent screening in all of the areas that trees have not been supplied to fill the gaps. He commented that it will determine if it will be three, five, or ten years before the trees will provide the screening. Mr. Spence replied that different trees grow different ways and it is hard to tell. The trees are designed to provide a canopy and the shrubs will provide the visual appearance between the homes. There is not going to be 100 percent complete vegetative screening, as the code only calls for 40 percent. Mr. Spence concluded that there will be gaps for a while and in time the plants, natives and shrubs will mature and will reseed themselves in the buffer, creating a denser buffer over time.

Ms. Shull asked Mr. Spraker for explanation of the request for the 50' buffer, the irrigation, and type 6 buffer. Mr. Spraker answered that one of the key factors expressed was the buffer and the lot sizes during the pre-application neighborhood meetings and the SPRC meetings. The goal is to provide the buffer to mitigate for some of the loss of the natural buffer that is there today. Tattersall, RidgeHaven, and Tymber Creek Apartments are projects that have natural buffers. He stated that staff

is not against the native or xeric plantings, but are against taking a former golf course, developing it into residential, and leaving gaps in the buffer. He added that Ms. Culliver, Landscape Architect, is available to go through the details of the recommendation if necessary. Mr. Spraker added that staff believes that irrigation is a key source for the plantings.

Tomoka Oaks HOA Presentation

Mr. Dennis Bayer, Esquire, 109 6th Street, Flagler Beach, legal counsel of the Tomoka Oaks HOA, expressed his disappointment with the applicant's response to the HOA in negotiating the architectural standards, traffic impacts and buffers. A few of the architectural ideas were agreed upon, but not on having the different architectural styles close to one another. Another HOA request was for buffer enforcement once the two-year performance bond is over. No comments were received back from the applicants regarding if that language was acceptable or not. Mr. Bayer rebutted Mr. Merrell's comment and said that property is currently zoned PRD and the last development proposed that came to the Board was to convert the golf course, which was PRD with part of the property being a golf course, and part of it residential. He spoke on the PRD and R-2 zoning and referenced a Florida Supreme Court case, The Snyder Decision, a landmark land use decision that has been in place in the Florida Supreme Court since 1993. Based on it, he remarked that the City Commission can say that they do not want R-2 zoning and that they want it to stay PRD, given the unique circumstance presented by the property. Mr. Bayer continued that they agree with staffs comments on the issue with the buffer and stated that the buffer is typically required between the new residential development and the existing residential development and are typically at a much higher standard than residential next to residential, as the use is being surrounded, therefore a different buffer requirement. Mr. Bayer referenced the Matanzas Shores Golf Course conversion where they required a lot of different issues with the buffer that was much greater than the standard residential buffers, which is part of the golf course conversion process. He stated that this is not the standard development review and is very unique. Mr. Bayer concluded that the HOA agrees with staff on the 100' wide lots on the perimeter and the type 6 buffer, and the recommendation of denial to the City Commission.

Mr. Tom Harowski, Certified Planner and Tomoka Oaks resident, 97 N. St. Andrews Drive, expressed the resident's frustration with the developments with the late withdraw of the plan that they presented at the last meeting, and the lesser plan submitted. He spoke on the applicants list of concessions in response to staff comments and stated that it did not affect the project in size or layout. The addition of the sidewalks on Tomoka Oaks Boulevard and the modification of the island, he says are basic safety issues. Mr. Harowski commented that the basic issues remain the same since the beginning. He continued that the applicants refuse to apply the staff recommended 100' wide lots on the perimeter or offer reasonable solutions. The threatened alternative of R-2 standard zoning, which requires 100' wide lots throughout seem acceptable to the applicant as an alternative and should be acceptable for a portion of the project. Mr. Harowski remarked that they turned to the design guidelines but still need to include the requirement for diversity in garage door orientation and the way the driveway faces. The compatibility is not having clusters of units that are the same. He remarked that the design that they have seen does not get that point. Mr. Harowski spoke on the important factor of the traffic signal

application and how a 30-day period was mentioned previously and stated that the application should be made promptly.

Audience Comments

Ms. Flavia Cassasola, 21 N. St. Andrews Drive, asked if the proposal gets approved if a moratorium has been considered on the noise level, 24 hours a day/7 days a week, from sunrise to sunset. She mentioned that people walk and bike the neighborhood at all hours of the day and remarked that the Mac tucks can be driving through as well as jack hammers working at all hours of the day and night, including weekends and holidays. Ms. Flavia asked if the construction schedule has been considered. She added that the investors bought the property to make money and that she has been in opposition since the beginning as there has been no compromise in the 272 units. Ms. Cassasola concluded that it is going to impact Tomoka Oaks, the Trails and Talaquah as well as the traffic and recommends denial.

Ms. Ashley Dufrene, 118 N. St. Andrews Drive, said that she took the Oath and reminded the Planning Board that the City of Ormond Land Development Code (LDC), Section 1-18, states that the proposed use will not substantially or permanently create a nuisance, deprive adjoining properties of adequate light and air or create excessive noise, odor, glare or visual impacts on the neighborhood and adjoining properties. Ms. Dufrene remarked that she lives on the golf course and knows that all three of those will happen if the development takes place without the proper guidance that the City and HOA is providing.

Ms. Bonnie Kloepfer, 23 Tomoka Oaks Drive, did not take the Oath prior but does so now. She commented that she is at the mouth of the Tomoka Oaks Golf Course. She added that she has a brand new white house and it will get filthy from the trucks and dirt from construction. She continued that the issue of 1,100 cars per day going back and forth is insane and cannot imagine what the traffic will be like. Ms. Kloepfer commented on their sentiments on trying to make it easy for the residents and their claim of compromising. She expressed her discontent with proposed number of homes. Ms. Kloepfer referenced yesterday's newspaper in regards to the purchases of one million plus homes on the rise in Volusia and Flagler Counties. She concluded her comments with the expression "if you build it, they will come", and said that she would like a proposed development such as Tomoka Estates or Estates of Tomoka Reserve instead of jammed in houses.

Ms. Denise White, 9 Fox Run Trail, The Trails, stated that she took the Oath. She thanked the Board for their time and service. Ms. White added that a reduction of four homes does nothing for the safety, traffic, density or lifestyle issues and changes nothing whatsoever. She remarked that it will impact everyone's lives and safety. Ms. White spoke on the merit of the old adage, "just because you can build does not mean that you should."

Mr. Jeff Boyle, 614 N. Halifax Drive, took the Oath and stated that the data in numbers in Volusia County are causing loss of sight in the big picture. He referenced the Comprehensive Plan policies and goals and remarked that the latest site plan is not compatible with adjacent homes and added that the revisions protect the neighborhood character, and does not guarantee safe traffic flow. Mr. Boyle continued that the revisions do not preserve natural open space. He stated that the golf course should have been zoned Open Space/Recreation, and commented that it is a mystery why it was not. The zonings protect adjacent property rights. Rezonings threaten those rights. Mr. Boyle said that Tomoka Oaks defines everything that is

good about Ormond Beach with a quality environment, quality homes and quality people who have suffered this thread with heroic dignity after paying premium property taxes to the City for over 60 years. Mr. Boyle stated that the revised site plan disrespects the city, the spirit and intent of the land use codes, the residents of the Trails and other nearby communities and the people of Tomoka Oaks. He added that they deserve better. He concluded that the revised plan is not Ormond Beach and is not who they are.

Ms. Ronnie Ranieri, 216 Rio Pinar Trail, swears to the Oath, and expressed her concern with 272 houses with only one point of egress. Another concern expressed is the traffic in the mornings and the safety of the kids that are walking or riding bikes to Tomoka Elementary School and the private Temple school. She commented that it is a tragedy waiting to happen. Ms. Ranieri remarked that reducing the plan by four houses from 276 is not going to work. She added that hundreds of cars are going to be coming out of the neighborhood at rush hour in the morning. Ms. Ranieri commented that most families have two cars and with the number of houses that are proposed, is worried about the kids.

Ms. Connie Colby, 108 Robal Lane, stated that she is concerned about it being a gated community as school busses do not go into gated communities. The children in middle school can walk and ride their bikes but middle school busses will have to come in the community somewhere to pick the kids up and will have to park outside of the gate, near the roundabout which would stop traffic. Ms. Colby continued that in her neighborhood a lot of the parents drive their kids to the bus stop or pick them up in the afternoon which will lead to more people parking along the road, causing a traffic mess. Ms. Colby pointed out that according to one of the maps, and with her experience living in gated communities, there has to be an emergency exit for emergency vehicles and suggests that there be a plan for it. Ms. Colby concluded that a lot of the proposed properties are close together and expressed her concern for boat, trailer, and RV storage on the properties.

Ms. Kelsey Kipi, 52 Pine Valley Circle, vowed to take the Oath, and commented that the reduction of the four homes on the plan is nothing and explained how they made lots slightly larger at the expense of the greenspace. She added that the developers purchased the golf course and asked why it could not a golf course that goes in. Ms. Kipi stated that Tomoka Oaks Golf Course closed due to a lack of maintenance to the course and not a lack of interest in the sport. Two local golf courses, both Halifax Plantation and Riviera, both have waitlists, according to Ms. Kipi. She suggested to restore the course and the membership with follow and profit will be made, and the greenspace will remain. No more angry citizens and no more debating on lot sizes and buffer zones and no more FDEP requirements. Ms. Kipi concluded to restore the course or sell it to someone who is willing to do so.

Ms. Lauren and Mr. Ned Huhta, 30 Pine Valley Circle, stated that they took the Oath. Ms. Huhta stated that she is a third generation resident and her grandfather designed and built their home. She expressed their concern with the signage for Tomoka Reserve and asked for specifics of where the signage will be located. Mr. Huhta added that he grew up in the house. He asked if the reclaimed water is going to be used for the proposed neighborhood residents as well as those around the perimeter. He asked if an adjoining property owner has a say in what is planted in the buffer and can decide on something mutually agreeable. Mr. Huhta remarked that they do not like Magnolia trees.

Ms. Wendy Dedo Findes, 16 Oakmont Circle, stated that she did not take the Oath but does now, and has lived in Tomoka Oaks for 27 years. She asked if the Planning Board has visited the Tomoka Oaks Golf Course or driven through Tomoka Oaks. She added that it is a very quiet, residential community and when the kids are in school, people are walking around quietly. Ms. Dedo Findes stated to build the proposed development inside of the golf course area will be a catastrophe. She said that there are no sidewalks, therefore kids ride their bikes in the narrow streets due to the neighborhood initially tailored to an older community. Ms. Dedo Findes added that the Trails are going to be affected. She spoke on the light at Tomoka Oaks and Nova Road and how it will be a havoc, with only one ingress and one egress through Tomoka Reserve which will spread out through Main Trail, Iroquois, and Rio Pinar. She continued that are a lot more children in the community now, including her 6th grade son at Ormond Beach Middle School (OBMS). She expressed her concern for all of the kids. Ms. Dedo Findes stated that all of this should be of consideration, the children, quality of life, and the environment. Ms. Dedo Findes concluded that wildlife have been displaced because there is nowhere to go with all of the developments.

Mr. Tyler Travis, 888 Willow Run, stated that he rents in Tomoka Oaks, and just moved here from Virginia and elaborated on his experience in a dense, high-traffic area in Virginia and offered a contrary, counter-perspective, expressing his respect for the current residents. He continued that he likes his privacy but is also interested in smaller lot sizes to be able to afford a home. Larger lots and estates would price him out, according to Mr. Travis. He is interested in new construction, and spoke on the architectural designs and how the applicant plans to alternate styles throughout. With townhomes it was only door color or shutter color that changed. Mr. Travis commented on the traffic and said that as long as there are sidewalks and traffic crossing lights, just as he was in a dense area in Virginia and it was not an issue. The kids had to walk to the bus stops, other than the younger kids whose parents took them to school. He added that he has a young child and had no problem playing with them out in the streets in their neighborhood.

Mr. Robert Banker, 1 Tomoka Oaks, #135, Escondido, stated that when the HOA President raised the idea of 276 units going in, the residents wanted it changed. He agreed with the President that then it went down to 272 units, that he did not like it and that it was not much of a change. Mr. Banker continued that he would like to see the number 0, unsure if it will happen. He commented that the applicant stated that they were going to put in $600,000, $800,000, and possibly $1 million homes. Mr. Banker stated that the plan shows a section in the middle similar to appearance as a sardine can which he does not see them being 7', 8', 10', 15' to 20' apart. He suggests that they will not sell for more than $100 to $150,000. A $700,000 will not be next to a $150,000 and still maintain value. He referenced the infrastructure and commented that no one is considering what it will do to the Publix area. Mr. Banker stated that the President commented that something is going in, and he asks why and what is the hurry. He spoke on a unilateral amendment and how the language for it should be stricken. Mr. Banker asked how when the construction is going on with the trucks backing up at the traffic signal, how the traffic will be going in and out.

Ms. Michele Zirkelbach, 328 River Bluff Drive, stated that she swears to the Oath. She thanked the Planning Board members for their time. In reference to time, she added that Mr. Merrell started out his presentation with the remark that a lot of hours have gone into talking about of stuff, and the irony in the statement. She commented

that for every hour that Mr. Merrell has spent, it is a billable hour for him and the residents match him hour for hour times every resident in the neighborhood and have more invested in this in manpower hours and are ready to have a real negotiation. Ms. Zirkelbach stated that when Mr. Merrell sits at the mediation table when someone comes back with a less than 2 percent reduction, he takes it for what it is a slap in the face. She continued that is where they are, 276 homes, down to 272, is not a meaningful move on their part in which finds offensive. She continued, and referenced Chairman's remark on speaking directly to the plan that that represented, and said that she finds it unacceptable. She spoke on the previous proposal approved, keeping parcel greenspace golf course and having less homes and nothing has been proved in terms of traffic. Ms. Zirkelbach stated that if continuing with this back and forth, for the Planning Board or City Commission to ask the hard questions about the traffic study. She stated that when looking at the traffic study and its statement that one car is going to be going to Tomoka Elementary out through Nova Road, that they have more common sense. She concluded that she agrees that something is going to go in there and offered food for thought on the market out there not for smaller lots and commented that Kings Landing subdivision in Port Orange is being brokered by Realty Pros, Mr. Buzzy Porter and Mr. Bill Navarra, whom she esteems, but said they are one acre home sites that are selling for $250, 000, $267, 000 to $278,000. Ms. Zirkelbach stated that if the threat is R-2 zoning and all of the lots being 10,000 square feet that the whole concept should be reconsidered as one-acre lots. One-acre lots is where it is at!

Ms. Missy Herrero, 111 N. St. Andrews Drive, stated that she has lived there for over 30 years and residents have spent thousands of dollars for legal representation to defend their quality of life and safety of their community. She continued that they do not have money to gain in the war of attrition. She said that they have been meeting with different members of the development and Board for over two years. Mr. Ray Barshay was quoted in the newspaper for saying that they just have not been able to tell their story, and Ms. Herrero commented that she does not know what they have been doing for two years. He invited them to see the quality of the product that they wanted to build out at Plantation Bay, on 80' wide lots. Ms. Herrero asked before she took her time to do so, what was behind the 80' wide lots. The answer was a golf course. Ms. Herrero spoke directly to the new plan and said that it is still not compatible in the existing neighborhood. 60' and 80' wide lots does not fit. The proposed buffer is the most inexpensive approach to the buffer. She mentioned a comment brought up by their HOA Attorney, that it is not a neighborhood backed up to a neighborhood, it is a neighborhood where people invested in property and homes on a golf course for views and privacy and are losing that, so the buffer should not be treated as a regular Residential to Residential buffer. Ms. Herrero commented that Mr. Rubin is from South Florida where she grew up, and her friend sent her miles and miles of buffers, dense, diverse, and well-maintained examples, with no water trucks driving along the buffer. She suggested that if it has to be built to some extent that it needs to be done in the best, high-quality possible approach as the reality is that the environmentally-friendly innovative approach is the least expensive and the most profitable for the developer. Ms. Herrero commented that there is information on how when golf courses are developed it affects the value of homes, with experts that say the opposite, and she said that data can be provided for it. She added that they do not have millions of dollars to win on this and they do. She suggested that if someone had time to pick apart the experts, it does not all add up and urged the Board vote no.

Ms. Dale Ryals, 20 Eagle Court, stated that she was not hear at the last meeting to take the Oath. She commented that her husband was in the hospital over the last month at Advent Hospital and when transported by ambulance and admitted to the Emergency Room, where he had to stay for two days due to no available room in the hospital. She continued that the hallways were lined with patients. The hospital claimed that they are not going to improve with only two hospitals. Ms. Ryals stated that when the development order was done the neighborhood was told by the City Commission that the golf course was needed for holding and draining the water to be able to put it back into the aquifer. She added putting rows of the houses with concrete and asphalt roads will have sewer drains and it will end up in the Tomoka Basin. They were told they could not add too many chemicals to the golf course so that it would not get into the Tomoka Basin. Ms. Ryals commented on the million and a half gallon water that had to be added to the reclaimed water, in which 250 of it came from St. Johns, and 250,000 came from her husband's pocket. The mylar-rubber liners was not paid for so her husband had to pay a lot of money to put the liners in, which could be an EPA problem.

Mr. John Rhoades, 39 N. St. Andrews Drive, stated that on his property, the city sewer and water/electricity come in from Nova Road through his yard/easement. He was aware when he purchased the property. He added that the infrastructure is going to have to come in from somewhere through easements or the main road which will tear up roads and create a miserable quality of life. He continued that the traffic and noise will be horrible and wants people to be aware of it when they are coming through resident's yards. Mr. Rhoades concluded that he appreciates the Boards time and trouble.

Mr. Paul Hughes, 4 Lauren Court, stated that he has taken 30 years of Oaths with the Government as an officer and added that his Oath is his bond. He commented that Tomoka Oaks is the body and the donut hole looks more like the large intestines. He remarked that hope is not a good plan for investments and added that there is no detailed entrance, drawing or plans that have put up to the gated, private, profit-motivated, smaller lot community. Mr. Hughes stated that the Escondido neighborhood has not seen any drawings to see how their lives will be altered with all of the underground utilities, sewers, that are max capacity now will all have to be altered at an extreme cost. He spoke on the northeast section where it has been cleared already on the plans and asked how they got a land use variance to alter the neighborhood standard to demolish a house or use for a rear entrance for EMS. Mr. Hughes remarked that he sees the issue with the watering for the plants and claims it will not be water that is treated. He referenced the Misners Branch Bridge and the overweight trucks that will be going over it and asked who will pay the construction costs when it has to be closed down for maintenance. He added that the plans do not include the utilities, and concluded that a person with nothing to hide, hides nothing.

Mr. John Measel, 16 Eagle Court, spoke on not irrigating the buffer and commented that if you do not water grass, you will get nothing but weeds and sandspurs. He added his concern with the traffic diamond and the thought that it will be suitable to add another 500-600 cars daily. He stated that it is not suitable now. Mr. Measel suggested to put a traffic circle and concluded that the traffic will be horrible.

Applicant's Rebuttal

Mr. Merrell thanked the residents for being there and spoke on the number of units that were reduced and stated that it started at 300 and is at 272. He reiterated the

straight zoning concept, the alternative in negotiating the zoning. He referenced the Snyder Case law and stated that it has nothing to do with rezoning of property that is surrounded by the exact same zoning. The limit of what you can ask for was talked about and it was said that you cannot think you are going to get the limit of what the Comprehensive Plan allows. Mr. Merrell referenced Mr. Spraker's report in that the Comprehensive Plan allowance is 4.3 units per acre, 632 units, which was their starting point.

Mr. Merrell referenced Mr. Harowski and thanked him and his input and suggestions on architecture and commented that they did not do all of what was suggested and remarked if the Board wants a particular thing to let the applicants know. On the traffic signal timing, Mr. Merrell remarked that if the light was not put in based on the DOT's timing that they would put the money up to have it built when the permit was issued and Mr. Lassiter will process the FDOT request. Mr. Merrell advised the Planning Board that if they feel differently to make it part of the motion.

Mr. Merrell referenced Ms. Flavia's remarks and stated that they have proposed construction time limits, on the cover sheet of the plan, Monday – Saturday, 7am – 7pm. He advised that it will not be 24/7 and it will not take place on Sundays.

Mr. Merrell refenced Ms. Lauren and Mr. Ned Huhta's inquiries on signage and answered that the plan is to have a sign like what was exhibited at the first hearing, at the entrance to the Tomoka Reserve community, not the entrance to Tomoka Oaks. The City Utility Department will have the answer on reclaimed water. Mr. Merrell stated that they are happy to discuss the types of trees.

Mr. Merrell thanked Mr. Travis for his remarks.

Tomoka Oaks HOA Rebuttal

Mr. Bayer referenced the Board members comments over the last couple of Board meetings that the project is too dense, with no significant reduction, as well as staff's comments on why the Type 6 buffer is appropriate and why it needs to be maintained and irrigated. He remarked that he understands a natural look and does not think it is a natural area with issues. Mr. Bayer spoke on the traffic circle and how it should be a requirement. He added that there has not been any substantive change since the last meeting and based on that he agrees with staff's recommendation of denial with it being time to go to City Commission. Mr. Bayer concluded that he respects the request that it go with the recommendation of the Planning Board of no, that it is not adequate and the way the property should be developed.

Live Stream Update

Mr. Spraker stated that staff is aware the livestream cut out from one link and are not able to re-establish that link. He stated a new live link has been established that is on the city's Facebook page and the city website. He stated he is aware that audience members are getting e-mails and texts and the city Public Information Officer (PIO) is also providing the new link.

Applicant's Rebuttal

Mr. Merrell stated at the end of the day, in response to Mr. Bayer, he pretty much repeated what has been talked about all along which is what to do with the lot sizes and the buffer in terms how it is planted and maintained. Mr. Merrell stated you heard a difference of opinion and they were professional opinions, very well thought out. He stated that there were hopes that the Board listened to them and looked at the

package that was in front of them, because if they said, "yes, but.." Mr. Merrell stated that is the safe route and then the City Commission knows that the Planning Board is willing to say the proposed houses can be built, but on suggested terms. Mr. Merrell continued that if the Planning Board says no for them to say why and explain because there are things in the reasons presented to you that you could say why and that it may not be the type of evidence that is needed to say no. He asked the Board to think about those things.

Break

Chairman Thomas stated that the Board is going to take a break at 8:14 p.m. The meeting resumed at 8:27 p.m.

Board Discussion

Chairman Thomas thanked all of those who spoke and for their input. He stated it is very important that the Board gets that and hopes that they all feel that over the three meetings that they have all been treated with dignity and respect and that true feeling that the Board really does care about their thoughts, wants to hear from them, and considers their opinions. Chairman Thomas stated that he wanted to remind the audience, "we are you - we are no different than you, we are just the volunteer people who sit up here and want to do what is best for our overall community." He thanked the audience for attending and for their participation. Chairman Thomas stated they are bringing the discussion up to the Board and the Board will have the discussion among themselves. He stated that the public hearing is closed, and cannot acknowledge anybody in the audience without the Board asking for them, and commented to please not raise any hands because it is closed for the public participation.

Mr. Jorczak stated that in the staff report it was discussed for the replacement of any of the plantings that may die and the two-year bond being put up to replace those issues. He stated that he noticed in some developments where there are dead trees long after the development has been completed and wondered if the city has any information with respect to developers who are responsible for going to do replacements in a certain time period and what the evidence generally is throughout the community. Mr. Jorczak stated that there have been a lot of developments that he has not gone through after they have been built to see what the propensity is for that to happen irrespective of the information that had been presented as to what it takes for the shrubbery to mature and then survive without any irrigation. Mr. Jorczak inquired if there was any data that could be shared as to an incidence of that happening and the time period to resolve it if another development was under no compunction or no city responsibility to do that replacement.

Mr. Spraker stated that staff does not have any empirical data to answer this question. He stated that typically a subdivision is constructed by a developer with inspections of landscaping at the end of construction to ensure whatever was supposed to be built is there and then it is turned over to a Homeowners' Association (HOA) for maintenance. Mr. Spraker continued if there are complaints about gaps in buffers or dead material, Neighborhood Improvement staff will investigate and look at the approved plans and seek to come to a resolution. The city Landscape Architect is often times included in the review. Mr. Spraker stated that there is a method for enforcement. Attorney Hayes stated that there are conditions in the development order and the obligations for maintenance are with the Homeowners' Association

(HOA). Staff seeks to work with the respective parties to find a solution. Attorney Hayes continued that there are enforcement provisions that code enforcement staff can enforce.

Mr. Jorczak asked if irrigation is a typical part of a development order. Mr. Spraker referenced the example of the Pineland subdivision that used a natural area that did not require new irrigation. He stated that wherever there are landscape plantings there is a requirement for irrigation.

Ms. Shull asked about long-term irrigation for other properties and referenced the applicant's request not to use an irrigation system. Mr. Spraker stated that if it is planted then there is an irrigation system and if it is a natural area, it is already established and no additional irrigation is installed. He referenced the natural areas and wetlands within the Pineland subdivision. Mr. Spraker stated that Tomoka Reserve has areas that will not need irrigation based on the natural areas. He continued that the city Landscape Architect advised that as new landscape material is planted, irrigation is required.

Ms. Shull asked why the plan did not want to include groundcover material and asked Mr. Spraker elaborate. Mr. Spraker stated that a buffer is sought between two developments and the groundcover is a tool to accomplish the buffer. Mr. Spraker stated in staff's opinion, the type 6 is an appropriate buffer. He concluded that if there is a desire to trade groundcover material for more trees or shrubs, that it is possible through the development order process. The groundcover is one of three layers that make up a landscape buffer.

Ms. Shull asked about maintenance and vine maintenance. Mr. Spraker stated that a normal course of maintenance would include managing vines and such material. He explained that he understood that the desire of the buffer is to let it grow natural and that SPRC staff are focused on the gaps in the buffer and filling the gaps. Ms. Shull inquired if the maintenance would be taken over by the HOA. Mr. Spraker confirmed that is correct.

Mr. Scudiero remarked that this is an applicant who appears before us quite often, and the least that can be done is to provide direction. Mr. Scudiero commented that he does not love the plan and did not think that was a secret. He stated that his biggest hang-up is the density. He continued, not just density in general, because of some of the lots being larger throughout the perimeter, commenting at least you cannot always see in other neighborhoods around the city where the density is higher. Mr. Scudiero stated that his concern is the references to the donut, which is not a completely inaccurate description. He stated if you are going to fill the donut in, it has to be with the same material as the rest of the donut. Mr. Scudiero stated his concern here is that the lot sizes, not just lot widths, need to be consistent throughout. He stated that would be his biggest suggestion to the attorney.

Mr. Scudiero added that when you take a neighborhood that is 50 or 60 years old, there is no way to re-create every style of home and architecture as so much has change in that time period. Mr. Scudiero stated that the homes today, even if they are the same square footage, they are vastly different than what was built originally in Tomoka Oaks. Mr. Scudiero continued that it is owed to the surrounding residents to make the development as close as possible – make the donut as contiguous as possible. He added and as consistent as possible. Mr. Scudiero concluded explaining his heartburn is that the development plan does not get anywhere close, especially with the 60' wide lots in the center, to the existing development.

Mr. Railsback commented that he concurred with Mr. Scudiero's comments. He stated that he read the application and all of the submittals. He stated that he previously lived in the Trails and was familiar with this area, which was one of the residents' concerns. He stated that he believed the Board members have a very intimate perspective of that area of the community. Mr. Railsback added that he served on the Quality-of-Life Board and that elements such as traffic and continuity are important to his decision-making process. He stated that in his review he could not ignore the fact that there is an open question of should the property always be a golf course. Mr. Railsback compared it to someone who bought on a lake or on the river and if someone was going to develop a houseboat development behind them. He stated that would invade on their original thought process of where they wanted to live and what they decided to purchase.

Mr. Railsback stated that if something goes in there that is not a golf course, considering the conformity and compatibility discussed and whether concessions were made. He commented that from the perspective of what could go there, 632 units are allowed under the land use and there are other concurrency issues that would pair that number down. Mr. Railsback stated that he is works in the area of HOA/condo unit development and has been thinking of the issues of development and what should of or could have been done that would be better for the surrounding area. He identified parking as an issue. Mr. Railsback expressed concern with so many vehicles with short driveways and two or three cars parking in the street when you have guests. He stated that he did not want this to be an afterthought and wishes there were longer driveways.

Mr. Railsback commented that he would like much less density and how that is his major concern. He offered the estate home concept as an alternative concept that would be more compatible. He continued that it is going to take an established neighborhood with larger lots and homes that are not 7 ½ feet offset from the property line, effectively 156' apart, then something greater than that should be in place, adding that there are no homes in Tomoka Oaks that are 15' apart or that have the same building elevations. Mr. Railsback stated in order to get his support there would need to be enhanced architectural standards that separate similar building elevations and much less density. He remarked that if you have a larger home price per square foot, rather than a ton of smaller homes, you can get to the same range and get a project that is better conforming to the area. Mr. Railsback expressed concerns about the traffic flow, including the thoroughfare leading into Rio Pinar, Iroquois, and Main Trail and out to SR40. He stated it will become a racetrack at different times of the day with safety concerns. Mr. Railsback expressed his concerns with Rio Pinar and North/South St. Andrews Drive. He expressed that a higher density project would provide additional traffic impacts and does not know how that many cars would work through that area.

Mr. Railsback stated he agreed with the donut comments. He stated the new development should be the same design or better. Mr. Railsback expressed support for greater sized lots or a greater size home and the rising tide will bring everything up.

Mr. du Moulin stated he rode his bike from Winding Woods through the area and Tomoka Oaks is a unique community with the houses beautifully maintained with its own character. Mr. du Moulin expressed that he is still shaky on the legal issues on whether or not the former golf course can be built upon. He stated that if the

developers want to be good stewards to their neighbors, the community, and to Ormond Beach that they should consider a larger scope for the housing development. Mr. du Moulin recalled at the last Planning Board meeting that there was a project called the "Enclave" which had larger lots sizes, 12 homes on 26 acres. He stated that the only problem was that it had septic systems and that is not applicable here. He suggested if something was to go on the former golf course, if it legally can go in there, the developers need to expand the acreage per lot.

Mr. du Moulin continued that he was concerned with the traffic and suggests that the traffic studies are flawed. He stated that the Fishkind study was also flawed. Mr. du Moulin expressed additional concerns with the traffic patterns and expressed that the traffic studies do not cut it. He stated the project needs to consider larger lots that would reduce the overall traffic demand and suggested a rotary at Tomoka Oaks Boulevard and Saint Andrews Drive diamond.

Mr. Jorczak stated that he has spent a considerable amount of time reviewing this project and concurs that it is unique. He expressed a concern that the proposed houses would be cookie-cutter homes which is quite a bit different than the existing neighborhood surrounding the project. Mr. Jorczak stated if this project were 5 miles from the center of town, it may be appropriate, but this is dropped into an existing residential subdivision that has an atmosphere. Mr. Jorczak stated that he understood the business model that the developer is working with and what homes that they believe that they can sell. He commented that the elephant in the room for him has been the change in lot size. Mr. Jorczak stated that this property could be even better than the existing Tomoka Oaks homes. He encouraged the developer to take a look at other potential economic models with larger lot sizes. Mr. Jorczak continued that the former golf course is such a unique piece of property and how he would like to see what is already there expanded as opposed to a standard development model.

Mr. Jorczak expressed concerns about traffic from the project and traffic in general. He stated that traffic is a common issue that happens everywhere - the infrastructure does not catch up to the level of development. Mr. Jorczak continued that traffic is astounding and getting worse by the year, and it will continue to get worse. He stated these elements have to be dealt with in a fashion to minimize the effects, including the use of larger lots. He stated that both issues of traffic and density can be helped with larger lots. Mr. Jorczak commented that the land area's limited access should also be considered. He stated that there is not one project before the Planning Board that has not discussed access. He acknowledged that the property will likely be developed in some residential fashion. Mr. Jorczak stated that density, traffic/safety, diversity of building styles, and compatibility with the surrounding neighborhood are all key issues and concerns. He concluded that the comments of the other Board members are valid comments and there needs to be a better job of mitigating the impacts of this development than what is in front of them.

Mr. Galloway commented that he wanted to be clear that he has friends, professionally and long term, on both sides of this equation. Mr. Galloway stated to the resident who asked about the board members familiarity with this area, that he and his family have spent a lot of time in Tomoka Oaks and the Trails.

Mr. Galloway stated he has done research in relation to this application and lots being built in this area. The first thing is that not a single developer has been able to develop to maximum land use density allowed. He added that it seems that developers ask for the moon and we pull back the density. He stated that 60 to 70 percent of the lots that

his company pulled were between 55' and 65' in width. He continued that 30 to 40 percent were 70' to 80' in width. Mr. Galloway stated that they could not find any new subdivisions with 100' wide lots. He stated that a 50' wide lot would probably cost the builder $100,000 today. There are no more $25,000 lots. Mr. Galloway continued that a 100' wide lot, not on the water, would likely cost between $185,000 and $250,000, and then there is the cost of the house construction.

Mr. Galloway recalled he did a tape measurement prior to the meeting and the buffer would go from the stage to the curtain at the end of the seating area. The new house would have a 30' setback, plus the 50' buffer, and the Tomoka Oaks 25' setback. Mr. Galloway stated that there would 115' from house to house. He commented that he never has seen an inner-city neighborhood have that much space between the back of the houses. He expressed his concerns including the potential of neighbors to take down trees.

Mr. Galloway stated that the applicant did what he had asked of them by putting in a combination of lot sizes. He remarked that what they did not do was listen. He continued expressing that everyone has property rights – the developer has property rights and homeowners have property rights – what they did not do was listen to the neighborhood. Mr. Galloway stated that he could vote for this project if it had less density. He continued that he thought that the project would come back with 220, 230, 240 – maybe 250 lots. Mr. Galloway stated he was a little shocked and a little disappointed that the number of lots was not less. He stated he is not sure if they are still asking for the moon or if they will take what the City Commission will give.

Mr. Galloway commented that he believed that something would be built on the property. He continued that there is always an ability to buy property, at the right price, and encouraged residents to continue the purchase option. Mr. Galloway encouraged the HOA and residents to pursue a purchase through a community development bond over 30 years. He stated it would cost about $129 a month per homeowner and that they can buy it. He asked the audience how many individuals would be willing to participate in a purchase. Mr. Galloway stated if the residents bought it, they could decide what to do with the land. He continued to encourage the residents to seek to buy the property. Mr. Galloway concluded that he is for this project, but not at this density.

Mr. Jorczak asked if every single lot was 100' in width, what would that do to reduce the density in terms of the number of lots as it currently sits. Mr. Spraker stated he believes that the applicant has done an analysis and would prefer that the applicant address this question. City staff have not reviewed any plans where all lots are 100' in width. Mr. Spraker speculated that between 280 and 300 lots would be possible. Mr. Spraker stated the applicant would likely have a better answer.

Mr. Jorczak clarified that all the other parameters would be the same. Mr. Merrell questioned which perimeters and Mr. Jorczak stated all of them. Mr. Merrell replied that they have a plan adhering to the Land Development Code that allowed 300 lots. Mr. Jorczak stated that he is not talking about the code. Mr. Merrell continued that the project engineers developed a code compliant plan for the benefit of the property owner and the answer is 300.

Mr. Jorczak stated that he is looking for the 100' wide lot within the context of the PRD application, including the buffer and recreational area. Mr. Merrell stated the question mixes apples and oranges. Mr. Merrell stated a 100' wide project would utilize a different set of standards other than the PRD and the buffers and recreation

areas. Mr. Jorczak stated his fundamental question was within the PRD development plan, if the lots were all 100' in width, what the total number be. Mr. Merrell replied that they do not have the answer to that question and concluded that they mixed the lots up and brought the other things along – these all go together.

Attorney Hayes stated that the lot number question would require other site-specific analysis which is not before the Board tonight. He continued that if it is of belief that the density is too much on this project, then the Board can talk a little bit about it, but that it is a development application under a PRD zoning. Chairman Thomas sought clarification if the question was to maintain the PRD site plan layout and require a minimum lot size of 100' in width and depth. Mr. Railsback stated it would be approximately 240 lots based on the existing lot areas in the site plan. Mr. Galloway questioned if that impacted the buffer. Mr. Railsback replied with the calculated lot sizes in the site plan (60' X 125' and 80' X 125') and then divided by 10,000 square feet which came to approximately 240 lots. Mr. Galloway confirmed that there would still be a 50' buffer.

Ms. Shull reviewed the case studies provided about other golf courses provided by the applicant. She stated the studies looked good with a 9-hole course and how one golf course added estate homes. She continued that one in Boca left the part of the golf course and added a 55+ community with 120 homes. Ms. Shull stated that other things can be done with the property. She expressed that she understood the intention was not to rebuild a golf course. She stated that the other densities are not anywhere near what is being proposed. She stated that she concurred with other board members on the density. Ms. Shull expressed concern that traffic is going to be too much, concerns with children in other neighborhoods with no sidewalks, Tomoka Reserve cut through traffic. She stated that no matter what is said, that it is 600 more cars. Ms. Shull added that the stoplight is an issue and commented that the traffic signal should be in place before the homes are finished, just as the WaWa did the traffic signal first.

Ms. Shull stated that the density is a big concern and how the buffer needs to be installed as a type 6 with irrigation. Ms. Shull remarked that the HOA should not bear the burden of future buffer costs. She added that the ground cover needs to be installed.

Ms. Shull stated that she does not like the different lot sizes of 60' and 80' in width and explained that the lot widths need to be larger. She continued that the length of the driveways and having options for side entry garages are important for neighborhoods. Ms. Shull concluded that if there is not enough parking, individuals will park on the street and the community will not look good.

Chairman Thomas stated that the traffic engineer for the project does a very good job for traffic studies, but the system is so flawed that it is unreal. He continued that the studies are not reality, totally not reality. Chairman Thomas stated the density is a concern, as well as the traffic with the biggest problem coming out Main Trail to West Granada Boulevard. He stated this will be a nightmare. He stated that when the school is rebuilt and how right now coming out of the Trails where there is no bus pickup for elementary kids so they are either taken by their parents or riding bikes – most will go by car. Chairman Thomas asked the traffic engineer if they did the traffic study at school hours with the elementary school at Main Trail to West Granada Boulevard and commented that he doubted it. Chairman Thomas acknowledged the traffic engineer nodded yes, that the study was done. Chairman Thomas stated that people are not going want to wait the time they are going to have to wait because of

the way that intersection is right now you have going out to Granada. He stated that you have people wanting to turn right and you have people wanting to go straight and people wanting to turn left. He continued if somebody wants to turn left, nobody will be able to go anywhere. Chairman Thomas stated especially when school is coming out after people drop their kids off in the morning and people are still trying to get there and to the little Christian School to the west on Granada Boulevard that also has people stacked up waiting to turn right. Chairman Thomas stated that the traffic nightmare in his opinion is not going to be at Tomoka Oaks and Nova Road, but it is going to be a nightmare because people coming out of Tomoka Oaks now are going down on Rio Pinar and turning on Main Trail or on Iroquois. Chairman Thomas stated that the school will have more kids going to it because the school will be bigger. He reiterated that traffic will be a nightmare. He asked who will pay for needed improvements at the intersection and asked if the developer is going to pay for the intersection improvements.

Chairman Thomas asked the acreage of Tomoka Oaks minus the Tomoka Reserve property. He stated that there are over 500 homes in Tomoka Oaks. Mr. Spraker recalled there was a density analysis provided that showed Tomoka Oaks had a density of 2.09 units per acre. The acreage would be 547 homes divided by 2.09 units per acre.

Chairman Thomas stated that he has a problem with the density that has been discussed several times. He agreed with the applicant that there is a demand for 50 and 60' wide lots, but he did not believe that this demand is in the heart of an existing development of 100' wide lots. Chairman Thomas recalled he was on the Board in 2006 and the development plan at that time saved the golf course, allowed 117 condominiums, and three single-family lots. He stated that the 2006 approval recognized the property as a collection point of water to recharge the aquifer. Chairman Thomas stated that he understands times have changed, costs have risen, and housing types have changed. He stated that he wished the project team could come back with a plan similar to the 2006 plans because everyone got what they wanted.

Chairman Thomas added that 117 units will not work and now he can understand 220 to 230 residential units. Chairman Thomas stated that this is zoned as PRD now and it does not necessarily need to change.

Attorney Hayes asked to summarize a few points before answering the question. He stated this is a legal proceeding and there are rules that do apply and explained the Planning Board-role as a decision maker to weigh the competent and substantial evidence that was described at the July meeting. He stated the role of the Planning Board to weigh the testimony provided and determine which evidence is more credible. Attorney Hayes stated the initial burden is on the applicant to establish the application is consistent with the Comprehensive Plan and the requirements of the Land Development Code. The Planning staff's report is part of the evidence to consider. Attorney Hayes continued that application tonight is for a development within the Planned Residential Development zoning designation. The R-2 zoning district is not applicable tonight and may be a future application, but it is not before the Board tonight.

Attorney Hayes stated he wanted to point out some observations and his comments are not testimony. He continued that his role is to provide legal advice and counsel.

Attorney Hayes stated this is a unique piece of property and Tomoka Oaks was designed around this golf course and provided the following observations:

- Tomoka Oaks had an R-2 zoning designation;
- The R-2 zoning district also applied to the former golf course property for decades. The golf course operated for decades. He stated one may ask why was it not zoned separately. Attorney Hayes stated no additional zoning was in place because of restrictive covenants;
- The restrictive covenants for the former golf course were released by the HOA. The protection went away and the land continued to operate as a golf course;
- There was an application in 2005/2006 to rezone the golf course property from R-2 to PRD. This was reviewed by the Planning Board and approved by the City Commission. The approval allowed 119 multi-family units and three single-family units and certain conditions such as a covenant to restrict the use to a golf course with development;
- The 2006 development order expired with no construction. The 2006 covenant for use as a golf course was never recorded.

Attorney Hayes stated that these demonstrate the unique characteristics of this property. He continued that it is another application for development under the PRD zoning. He stated that there is probably a difference in why it is not separated out in the early years as described and how it is his speculation and it can be taken it for what it is worth. Attorney Hayes explained where the Board was and that the Board has to weigh the competent and substantial evidence and if the application is consistent with the Comprehensive Plan and the requirements of the Land Development Code. The initial burden is on the applicant and it shifts over to the HOA. Attorney Hayes stated that the Board gets to make that final determination.

Attorney Hayes stated that if the Board does not believe the application meets the criteria then the motion should be for denial. If it is believed to meet the criteria, then the motion should be for approval, and if it falls somewhere in between, a creative motion can be made, including a denial, and provide conditions. Attorney Hayes concluded that the Board has discretion, because as stated by the applicant, this a negotiated development order.

Chairman Thomas asked if there is a legal requirement if this application does not go through, does the city have to re-zone the property. Attorney Hayes stated that there is no rezoning application before the board. He continued if the Planning Board and the City Commission deny the current application, the question becomes what options does the applicant have. Attorney Hayes stated the applicant can present another PRD site plan under the PRD zoning or they can file an application to rezone the property to R-2. Attorney Hayes stated the rezoning to the R-2 is not before the board tonight.

Chairman Thomas stated he wished the applicant presented something like 2006 with some higher housing numbers. He stated at this point that he has major problems with the application.

Mr. Galloway asked Mr. Railsback what number he calculated if all were 100' wide lots. Mr. Railsback responded 240 lots. Mr. Railsback replied that it could be a little more or less based on the geometry of the property.

Mr. Galloway inquired about his interest of entertaining a motion of accepting the proposal with comments from staff for 240 homes. He stated that would give the applicant a message of where we stand and he always states that he would like to see the lot range between 220 and 240 lots. Attorney Hayes replied that the motion would require new data. Attorney Hayes commented that from what he was understanding the concern is the density. Attorney Hayes continued that a recommendation can be made for denial with details of the reasons for the denial motion so that there is a good factual basis for the recommendation. Attorney Hayes stated the detailed reasons or conditions would allow the applicant to make a decision of how they will move forward or pursue an application to R-2.

Mr. Galloway withdrew his motion.

Chairman Thomas stated his desired range was 220-225 lots. He discussed other lot range potentials and stated he would set the lot range low. He remarked that the City Commission would have some idea of what the Planning Board thought was appropriate and added at 250 lots, it is only a reduction of 22 lots.

Mr. Galloway stated he was putting a lot number out there to let the applicant know the current plan is too many lots. He commented that the City Commission will make the final determination. Chairman Thomas stated it would be in the minutes that they were looking at 220 units. Mr. Jorczak commented that if there is a denial tonight, the number is out there. Mr. Jorczak stated if the applicant wants to go to the City Commission, they can adjust the number to some extent.

Attorney Hayes stated that the Board can approve a motion with reasonable conditions. He added that the question then becomes what is reasonable based on the testimony and evidence presented. Attorney Hayes continued that it appears to that the Board does not like the density and desires something less. He stated that his recommendation is to make a motion to deny and state the reasons into the record this way the applicant has items to consider as they move forward and consider what the Board has stated.

Mr. Railsback stated that what the City Attorney and the applicant are asking the Board to do is to tell the reasons why the Board is denying the application. He provided an example that the Board denies the project because it is more than 230 units, the lack of a rotary circle, and the lots were not a minimum of 100’ in width. Mr. Railsback commented that with the recommendations, the applicant could consider the revisions for the City Commission hearing.

Ms. Shull stated that she did not know that every little detail, the sprinkler system, the things that the Planning Department has said, could be put into a motion and expressed that those are the things that the Board would like taken care of. She added that that there was a lot in there that they do not know if it has been taken care of yet because the Planning Department has not had an opportunity to go over it. She continued that they have not had the opportunity to run the numbers to see how many 100’ lots could go in there. Ms. Shull concluded that for them to sit there on a calculator and figure that it is around 220 is not a good way to put into a motion.

Chairman Thomas stated that this is true and he could go for no irrigation if the developer would pass the two years and maybe go to 5 or 7+ years that they would guarantee that those would last.

Ms. Shull stated that the motion is going to be three pages long. She stated that the City Commission will know what was discussed, read the notes, and know the points

of concern. Ms. Shull suggested a motion to deny and to please read the Planning Board minutes.

Chairman Thomas stated he believed that each City Commissioner or Mayor that appointed will be calling and seeking information from board members and that is totally legal. He stated that he knows that his commissioner talks to him about a lot of decisions made by the Planning Board.

Attorney Hayes reiterated what he heard and expressed that if he is wrong, for the Board to correct him. What the Board does not like as a basis for denial is:

- Density – believe that it is too much. There was talk about fuzzy numbers that the Board may be comfortable with under an appropriate plan;
- Traffic analysis is flawed based on evidence and testimony that you have heard and in the Boards own experiences;
- The traffic triangle should be a traffic circle; and
- The buffer and whether it should be a natural buffer or some other form of buffer and whether that buffer should have irrigation of some form.

Attorney Hayes asked if there were any other items.

Chairman Thomas stated a concern is the Main Trail and West Granada Boulevard intersection. He continued that is going to be a major problem. Attorney Hayes replied that would all be supported by the minutes and the record.

Attorney Hayes stated that if a motion is made with those parameters based on the evidence in the record that the application could be moved on up to the next level which would be the City Commission. He stated that the City Commission would take all the information under advisement, as they always do, and they will make their own determination after a legal proceeding just as this.

Mr. Railsback asked if the variety of elevations was included. Attorney Hayes stated that it was not, but that it could be included but not necessarily limited, because there are so many things. He reiterated that the Board's recommendation is advisory to the City Commission.

Chairman Thomas asked the Planning Director when the meeting minutes are written up and with the recommendation of the Board, if a synopsis could be included of the reasons that the vote was to deny it so that it would be in print that goes to the Mayor and City Commissioners.

Mr. Spraker explained that the way the minutes are done is more verbatim than a summary so that the entire scope of what is being said is reflected. He continued that staff always does a summary, usually brief, that hits the highlights. He concluded that yes, the minutes can reflect exactly what was said.

Mr. Scudiero stated that he would like to make a motion and if there is a second they can each give their articulated reasons both for the record and for the applicant's benefit.

Board Motion and Discussion

Mr. Scudiero motioned to deny PRD 2022-043, Tomoka Reserve – Issuance of a Development Order. Ms. Shull seconded it.

Chairman Thomas announced that the Board was going into discussion.

Mr. Scudiero stated his summary of concerns:

- Density;
- The plan that the applicant has come up with the buffers;
- An improved traffic rotary at the entrance;
- Instead of the 60, 80, 90 and maybe 100' wide lots, they want them all to be 100' in lot width, just like the rest of the neighborhood.

Mr. Railsback added the desire for a variety of house building elevations, including colors and roofing materials. He stated at least the minimum in the application and if a greater separation was given, his thought was that was another carrot for the City Commission.

Ms. Shull stated her issues are:

- The buffer, a desire to see a type 6 buffer;
- Would like to see the irrigation system to go in;
- Traffic signal to go in;
- Not sure about the diamond and roundabout. She noted that traffic study with the fire truck trying to get around that thing and it bothered her;
- Lot sizes are too much. The 60' wide lots are too crammed into that little space and it does not conform to the rest of the neighborhood that is already there;
- The gated community was a positive; and
- The main thing is the density because of the traffic.

Mr. du Moulin stated that he is concerned with the proposed lot sizes and the rotary.

Mr. Jorczak stated the elephant in the room for him has always been the density and he thought that it had been addressed. He added that he would like to see something less for the lots than what Mr. Railsback calculated in terms of how that is going to fit within the existing community. Mr. Jorczak discussed the architectural styles that the Board talked about and expressed that it would be nice if there was something better defined as to what the flexibility would be. He stated that he supported a no vote and concurs with what the city staff has recommended with respect to irrigation. Mr. Jorczak commented that he would recommend beyond what they had indicated in terms of just the perimeter lots being 100' in frontage. He continued that he believed that there is far less density of homes. He stated what the developer wants to do with respect to reducing that and seeing whether he has an economic model, is something that they will have to work with. Mr. Jorczak concluded that the way it is proposed today, he would vote for denial.

Mr. Galloway stated that he has a problem making them all 100' in width because of the lot radiuses with no way to get 100' wide lots on a curve. He added that he is okay with 100' wide on the back side of the lots. Mr. Galloway stated that he believed that there needed to be a flexibility of 80' and 100' wide lots. He concluded that you cannot get a 100' wide lot in a circle.

Mr. Jorczak stated that you can go above 100' in lot width and that he believed that the fewer number of homes would be better.

Mr. Galloway stated that he thought that it could be done with a combination of 80 and 100' wide lots. He stated that he would hate to tie-string them with 100' wide lots.

Chairman Thomas asked if Mr. Galloway was going to put a ratio on that, and said that what he looked at was that there was ten 100' wide lots and a few 80' wide lots. Mr. Galloway stated that he did not believe that a ratio was needed and that they should let the engineers analyze that. He stated that you can say that there should be more 100' wide lots, but you cannot tie somebody down to put all 100' wide lots in.

Mr. Railsback suggested making the lot deeper with a minimum of 10,000 square feet (80' X 125'). He stated that if you have to squeeze an 80' wide frontage lot, then it needs to be deeper. Mr. Galloway concurred and commented that the Board was doing the schematics and are not engineers. Chairman Thomas stated what we are is neighbors. Mr. Galloway concluded that in this type of property you cannot make all 100' wide lots.

Attorney Hayes sought to refocus the Board. He stated that there is a motion and second for denial. He continued that most of the comments are consistent and some are a little different. Attorney Hayes explained to the Board that you can incorporate the comments as part of the motion and second for supporting purposes of the motion to deny. He stated that these comments are not going to tie anything down specifically. Attorney Hayes restated that the Board's action is a recommendation. He stated if the maker of the motion and the seconder is okay incorporating those comments as a supporting basis for the motion to deny, all of that information would go up to the City Commission.

Chairman Thomas asked for a point of clarification if any member of the Board can call any City Commissioner or Mayor. Attorney Hayes confirmed that there is no Sunshine Law requirement for a member of the Planning Board communicating with a member of the City Commission. Attorney Hayes stated that Planning Board members cannot talk with each other.

Mr. Railsback stated for the minutes that he would like to see longer driveways as parking in the street is going to be an afterthought and that he would be remiss if he did not bring it up. He continued that he is okay with deeper lots and believes that two or three spots are needed plus the garage, not one car hanging into the road.

Attorney Hayes stated that he saw the maker of the motion and the seconder nod their heads to incorporate the item as a supporting basis for the motion.

Chairman Thomas asked if Attorney Hayes had his concerns on the list. Attorney Hayes responded that he did.

Chairman Thomas stated that there is a motion and a second. He stated that the Board has had discussion and asked the recording technician to call the vote. Mr. Galloway asked the motion be repeated. Chairman Thomas stated the motion was to deny the application. Attorney Hayes confirmed that the supporting basis in the Board comments are incorporated. Chairman Thomas asked the recording technician to call the vote.

Vote was called:

Mr. du Moulin: Yes, to deny.
Mr. Scudiero: Yes.
Mr. Railsback: Yes.

Mr. Galloway: Yes.
Mr. Jorczak: Yes.
Ms. Shull: Yes.
Chairman Thomas: Yes.

The motion for denial was approved (7-0).

Chairman Thomas stated that when the Planning Board first started at the first meeting, he told them that this is one of the top five decisions that he had ever been involved in at the Planning Board. He stated that it can now be moved up to the number two slot. Chairman Thomas stated that the only one that proceeded it was voting to tear down the Ormond Hotel to which he regrets to this day.

Chairman Thomas thanked the audience for their patience and courtesy. He stated that these have been the biggest meetings they have had and that they are probably one of the nicest, most respectful groups ever. He stated there has been no hollering or hooting and that he thanked the audience for that because they made the Board's job easier.

VII. OTHER BUSINESS

No other business was discussed.

VIII. MEMBER COMMENTS

No member comments.

IX. ADJOURNMENT

The meeting was adjourned at 9:42 p.m.

Respectfully submitted,

_____

Steven Spraker, Planning Director

ATTEST:

_____

Doug Thomas, Chair

Minutes transcribed by Marcella Miller.

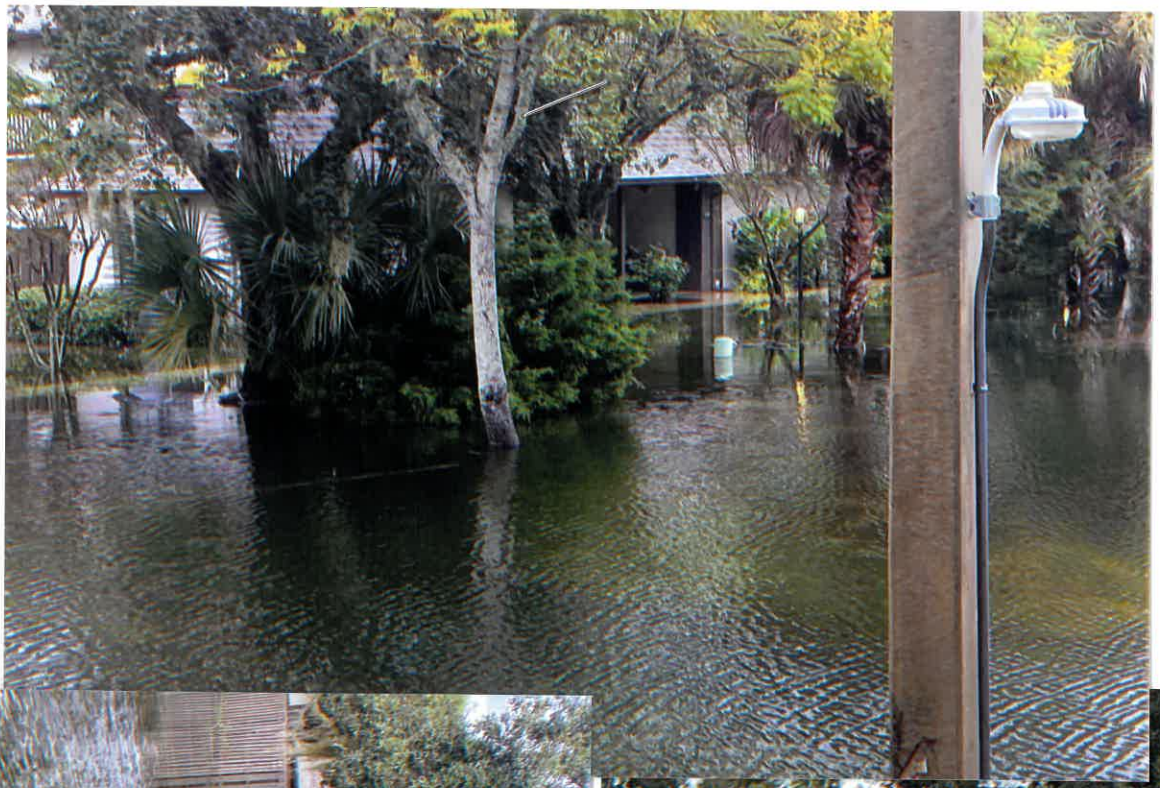
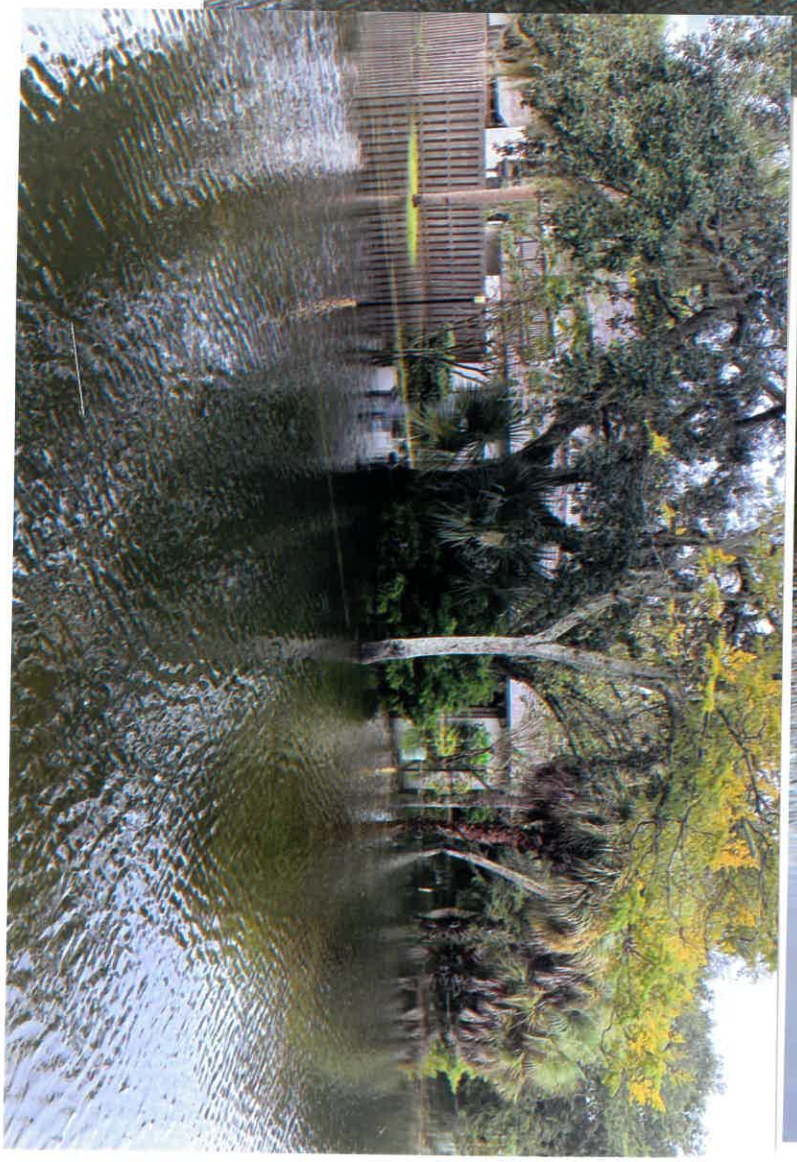
Steven, please include these pictures in the Planning Board packet. One of the outstanding concerns of SPRC https://www.ormondbeach.org/DocumentCenter/View/24979/09262023-1---SPRC-comments was never addressed.

Dry retention ponds were indicated as allowing infiltration to meet the time-related requirements for stormwater management. The borings for the ponds indicated a layer of organics and top soil. How will the ponds function after several rain events have compacted the top layer into an impervious layer at the bottom of the pond?



The pictures of flooding in The Trails dated 9/30/23 are an example of the failing of a well-meaning retention pond.



Please also include these pictures in the Commission Packet.

Thank you.

>
> Dear Mayor Partington and city commissioners,
>
> I object to the possible development of the old Tomoka Oaks Golf Course, known as Tomoka Reserve, for the following reasons:
>
> 1. Making Ormond Beach into another Orlando with cookie cutter houses and high density
> 2. The City, County or State should purchase the property and make it into a park.
> 3. Too much additional traffic
> 4. Lowering property values due to inadequate services and congestion
> 5. Jamming a large dense incompatible development into Tomoka Oaks golf course footprint
> 6. Unsafe roads (no sidewalks in Tomoka Oaks and Trails) for children, baby carriages, bikers, walkers, joggers, etc.
> 7. Inadequate emergency vehicle access
> 8. Traffic will backup at Tomoka Oaks/Nova Rd and Main Trails/Granada intersections.
> 9. Current traffic study by developer is inaccurate and inadequate
> 10. Nova Road and Granada intersections to Tomoka Oaks and Trails must be changed before the development construction
> 11. Unsafe road congestion due to parking in old and new neighborhoods.
> 12. The Planning Board and Commissioners should use the approved 2006

development plan with 122 units as a guide for future development.

13. It may not be legal to remove the golf course and fill the land with houses because of title restrictions
14. Destruction of green space and natural habitat
15. Possible flooding downhill from development. The developer only has to plan for a 25 year flood level by code.
16. Crowding of our hospitals, schools and other amenities
17. Raising of property taxes to pay for additional services (water, sewage, garbage, rec centers, etc)
18. Ruining the quality of life for our neighborhood
19. Inadequate golf course soil poisons remediation
20. Design of new dry retention ponds in development
21. 5+ years of construction noise, dust and massive vehicles in Tomoka Oaks, Trails, Escondido, Talaquah, Nova Rd and Granada
22. Inadequate plan for planting, irrigation and maintenance of landscape buffer proposed by developer
23. Lots are too small in possible new development
24. Escondido Condo residents will have no way of safely entering or leaving their homes during peak traffic periods.

Thank you for listening.

Subject:	"For Tomoka Reserve Commission Packet" - Re: Proposed Tomoka Oaks Golf Course Redevelopment
Date:	Wednesday, October 18, 2023 7:57:45 PM

[External Email-Use Caution] - OB/IT Helpdesk

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear friends of Ormond Beach!

I hope this email finds you and all your families well!
Previous I had some communication with you all in regards to the proposed Tank Farm ... which we all pray for
to be placed elsewhere.

Today, I am contacting you regarding another potentially disastrous project here in our backyard (in your district, and
wonderful Ormond Beach) - the so called Tomoka Oaks Golf Course (Redevelopment).

In my previous life I did represent (on a worldwide basis) some of the world largest corporations,
including a mega construction company, as an outside negotiator and coordinator (the 4 eyed principle) - for major
Worldwide projects, incl. city developments, hydroelectric dams, ports, water supply / waste water systems, etc. etc.

First - The legal right to change the zoning from the Golf Course designation should not stand and is illegal in my
legal opinion.

My Humble Comments to the Proposed Development:

- Rule of Thumb - Never ever construct a "land-locked" development within another already established
development. I have witnessed a myriad of potential major problems when doing so:

- Years of construction noise (6 days/week -normally from 9am to 6 pm). Often developers don't adhere
to these time restriction which often leads to police / other government interventions, as well as,
possible law suits.

- Water supply issues when new supply lines are added, problems with contaminants, brown water etc. etc. are
prevalent. Existing area resident might face non-drinkable water, having to boil water, etc.

- Groundwater Table problems. Currently both Tomoka Oaks and the Trails have

ground water table issues
where wells used for sprinkler systems etc. are running too low or being dry... A Ground Water Table Study
should be required.

- Soil / Environmental Hazard - For any construction site / area when soil is to be removed from, in this case,
an old / established golf course that most likely has been contaminated from years of fertilizers, pesticide and
other types of chemicals etc. Most of these chemical used have been banned for years, but will require an
environmental soil / abatement study. If problems are detected , EPA HAZMAT will have to be involved at the expense of the developer, as well as the City. If not taken seriously, lots of medical problems, such as cancer
etc. can and will develop... I can just see the mega law suits ...

- Flooding from Under dimension Wastewater, Sewerage and Drainage Systems (i.e. from major storms).
This is most likely bound to happen, with major impact for Tomoka Oaks and the Trails. The calculated flow /
run off rate etc. is currently based on the open Golf Course area acting as a "sponge" thus absorbing storms
and heavy rains. With any new construction this has to be carefully studied and completely re-engineered,
since only a couple of small retention ponds will not suffice. This could be a major headache and expense for
the City. (Ps. this happened when I lived in Naples when a new development was added (thanks to City
approved changed zoning) next door to already 25-30 year old existing developments = long stretches of
upgraded wastewater and sewer lines had to be implemented at a huge unforeseen cost to the City of
Naples, besides also being faced with a number of law suits from home owners that experienced flooding
issues).

- Power Network Stability - currently FPL is already FAILING us (which is another issued to also be addressed
separately) here in Tomoka Oaks /the Trails, whereas we frequently loose power, due to the fact that the
existing exiting power transmission lines are on above ground poles which always seem to get tangled up with
trees. With any new development FPL should be forced to redo parts of their existing power transmission
network.

- Cell Communications - it seems that we have only one cell tower servicing the Trails / Tomoka Oaks,
located in Tomoka Oaks. During previous storms etc. when power has been out for days we have had NO

cell communication, internet etc. (another topic to be addressed separately). When power finally returned
it was almost impossible to make a call due to this only cell towers limited capacity. By adding this proposed
new development, upgraded communication access needs to be addressed, for safety, etc. Ps. when talking
to AT&T (as far as I know the current cell tower provider) they would need to obtain various permissions etc.
to add another tower which actually, if approved, can take years.

- Required Road upgrades - according to FDOT - any entrance from or exit to a two + two lane road, such as
the larger Nova Rd. from Tomoka Oaks will require a separate traffic study and most likely installation of a
new traffic light. In addition, 2 designated entrance and exit lanes into and from Tomoka Oaks will be
required which will also entail upgrading the existing traffic configuration.
According to FDOT all this will have to be paid for by the proposed developer, which can be a steep expense,
and should be made clear to the developer in this case.

- Road Safety Issues - At this point the combined road network servicing the Trails and Tomoka Oaks are used
by both developments, and thus only engineered for the current house population. With any new additions
there will be a need to review and make needed upgrades for safety incl. most likely road pavement
resurfacing (since a large number of roads are in very poor shape), install better street lightning and speed
bumps (due to lots of speeders).
The Traffic from this proposed "new" development will also impact the Trails entrances / exits.
After talking to FDOT the Trails main entrance / exit (Main Trail / W. Granada Blvd. Rt.40) is not up to current
code and should be re-engineered and redone. As mentioned above - 2 entrance lanes + 2 exit lanes is a
current requirement for being attached to a divided 2 + 2 lane road (W. Granada). Also the Trails entrance /
exit (next to the park) will also need to be re-engineered - especially with the new, shortly to be
implemented FDOT reconstruction of Nova Road from W. Granada to the Trails entrance / exit next to the
park.....

Final Comment: It seems that there isn't **ANY** financial upside for our City to allow for this project to move forward,
especially with all unknown and potentially disastrous and / or financial problems, besides the wrath of lots of angry
residents. There are a number of other concerns, but this is a starting point for you, our city leaders to do the right

thing and **DENY** the Tomoka Oaks Golf Course redevelopment to move forward.

..... On a positive note ... Why not re-establish the Golf Course, perhaps in a smaller format with some attached green areas.....

Please feel free to contact me at your earliest convenience with any questions ....
Sincerely,

Erik Emsing

Hi my name is Heidi Nates and I live in Tomoka Oaks. I could name many reasons why the development should not be built but as an outdoor enthusiast I think the area would be better suited as property for Ormond Beach to use as a public Golf course, Pickleball courts, walking paths and bike paths. It's a beautiful piece of property! Why destroy it to put up more homes. Let's create something positive for the whole Ormond Beach
Thank you in advance for considering

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Ladies and Gentlemen,

I am presenting a sincere opinion piece to you concerning the proposal to ruin the Tomoka Oaks Golf Course. It is from the owners of a home on Pine Valley Circle adjacent to the course, who really enjoy the lifestyle that was purchased by our parents back in 1968. My father purchased the builder's home, which, at the time, was Tomoka Unit 1. A short walk through the brush and big oaks and you would be on the course. My father averaged 3 days per week enjoying the course.

We are now faced with the possibility of replacing the beloved green space with some 250 plus homes that will significantly change the complexion of the entire Tomoka Oaks subdivision. I have a file containing the original promo materials used to attract potential buyers to the area, and the most impressive offering was the "on-site" golf course. Whether you were a golfer or not, there was a lot to like about having this beautiful course in your back yard. It was the centerpiece of the development.

The insufficient buffer measure is no where near enough. Some TOHA homes have a clear and unprotected view to whatever the proposed homes
look like. There should be a specific plan devised by the developer to provide distinct separation between intended construction and existing homes in Tomoka Oaks. I haven't seen anything like that from the developer.

There is considerable concern about the effect of the development on our property values. It used to be that the on-course homes had a value premium. We are not sure how that premium will coexist with the development proposal.
The many different animals that call the golf course home will certainly be displaced, to an unknown degree. That is nothing but cruel.

Traffic presents a double whammy, with the Belvedere addition and the housing in Tomoka Reserve. I don't believe proper traffic studies revealed the realistic traffic results as they would impact Tomoka Oaks residents. The traffic density will increase significantly and cause dangerous situations for kids, pets, seniors walking without sidewalks, and emergency vehicles trying to serve the folks that need their help. Nova Road will be present in the new expletives used by our residents.

Hundreds of people made the decision to purchase in Tomoka Oaks for the lifestyle, the natural surroundings, and the quiet, safe streets. All
of that seems to be in the "crush" of development.

We are facing a very negative future with the consideration of the proposal. We respectfully request the commission members take another
serious look at Mr. Spain's letter, and provide a NO vote to the application.

Thank You very much for your time. We are anxious to retain our lifestyle as we know it.....quiet and green.

Sincerely

Paul and Deb Maybeck

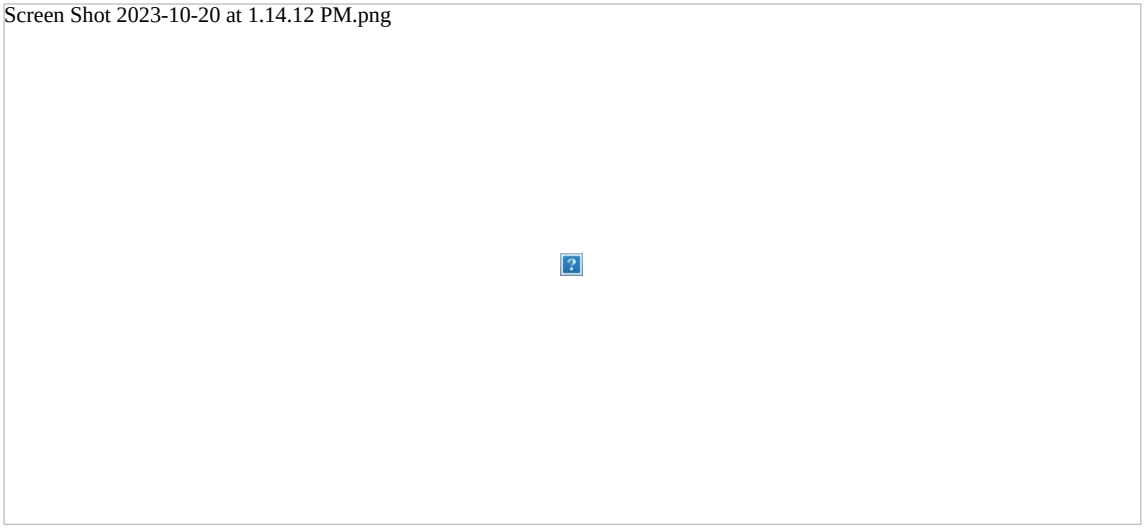
[External Email-Use Caution] - OB/IT Helpdesk

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Commissioner ,s and Mayor

My name is Denise Corley. My husband and I own a home on South St. Andrews on the golf course. I have written to you several times over the past 2 years since we purchased our home on the golf course in December of 2019.

First, we did pay a higher value for our home because it was on the golf course. There is no dispute that the golf course is an asset to home values like a waterview, it means peace and serenity and that is a value that is paid for and taxed by assessment of house values.



The golf course after the failed PDR in 2006 was sold and thus began a long mismanagement and lack of investment to the point of neglect. Was it a planned land grab? Who knows? 178 homes circling the golf course watched in slow motion as the course deteriorated. The quiet sale to an out of town developer with the help of local businessmen removed the chance of citizens or the city of Ormond Beach to step in to save the course or at least buy the property to preserve it as some form of open space as was the intention of the original planned development of Tomoka Oaks.

So far 2 strikes against this PDR, the SPRC voted no and so did the Planning Board.

In the last few years we have watched several PDR's by Triumph Oaks of Ormond Beach 1, LLC, Lake Worth, FL being presented to our community with little variation in the density (number of houses), starting at 300 and now at 272. Does anyone really care if the "numbers don't work" for the developers if they don't build 272 homes? The 50' buffer and drainage ponds being sold as "open space" in the backyards of golf course homes is no sacrifice to the developer. Who wants a drainage pond in their backyard, not the same people who bought a house on a golf course!

The plan being presented is incompatible with Tomoka Oaks. Railroad style homes have short front yards, narrow width with long depth, closely packed buildings with cars and garages up front. The Land Development Plan Sec. 2-42 Design Standards states-

Screen Shot 2023-10-20 at 1.14.12 PM.png

The developers know that this is the wrong piece of land, the wrong shape, the wrong access for what they are proposing. If you remove the 50' buffer and drainage pond land and just calculate the density of the individual houses of the individual lots you will see it is very dense indeed. When developers say "this is what the market demands, do not believe them". This formula is for bigger profits for the developer and not aspirations for the buyer. This development is going to look like a

parking lot.

Nobody seems to be paying any attention to the Environmental Report while all the appropriate officials have signed off on the plan- nobody seems to be bothered that if done correctly, the soil on the golf course will be a virtual science project of assessing toxicity of the first 2-4 feet of the soil. And possibly moving toxic soil onto "open space" which is likely right behind my house and other golf course homes. Let sleeping dogs lie.

Let's follow-up with the kids arrested for breaking windows at the Golf Course Club House and the quick demolition of all the buildings at the golf course before the soil samples were submitted by Ayden Environment hired by the developer for analysis and submitted to the Florida Department of Environmental Protection.
That soil has now been moved around on the land without remediation for toxic chemicals that are now known to be there and will take extensive oversight in the proceeding years of phased development to do the remediation- which of course none was done during the demolition of the buildings, especially around the golf club maintenance shed. According to the environmental reports on record, the first submittal of soil samples came after the demolition job. So no costly remediation took place if it were warrentanted.

All 18 golf greens are flagged for soil remediation, who is going to oversee that that soil is properly handled by environmental state code? We already have one case of mishandling of the soil during the demolition of the golf course buildings.
Florida's unique and beautiful environment is fragile in terms of soil and water.

To my knowledge, The St. John's Water Authority has not made an assessment to determine where the golf Course land is a ground water recharging area for the Tomoka River and the aquifer.

Screen Shot 2023-10-20 at 12.43.26 PM.png

The commissioners in 2006 approved a planned PDR that they thought compatible with Tomoka Oaks. The plan included a golf course, more recreational amenities, 122 townhouses, and 5 executive state homes. Commissioners in 2006 even questioned the impact of the traffic on the community at that time!

The over development that has taken place since then has caused the traffic congestion we are living with today. More development in this area (300 more homes, 700 more cars, 2,700 more daily trips in and out of Tomoka Oaks) will have monumental negative impacts.

This development plan will reduce the "quality of life" for thousands of people who already chose to live here. Ormond Beach does not have the infrastructure to accommodate all these people and traffic. This place will be a madhouse!

The very fact that this same developer is "threatening" all of us with an R-2 plan (claiming 300+ homes) which if the "numbers worked" they would have done that plan first.

Help your city, help Tomoka Oaks, The Trails, Escondido Condos and Talaquah, don't approve this plan.

Try to find a way to keep Tomoka Oaks Golf Course as open space, propose a referendum to purchase and tax.

Here is an idea from Save DeerRun Golf Course- create MSBU.

MSBU. MSBU's are Municipal Service Benefit Units and are also known as "special assessments." They are a method by which the Board of County Commissioners can pay for certain specific projects by apportioning the costs to the property owners in a community or neighborhood that benefits from the projects.

From SaveDeer Run- savedeereun.com

Lastly, below is an article a member of the Tomoka Oaks Golf Course Committee, who has since past away, John Anthony, sent me from the Daytona News Journal dated 1989, in it there is a claim that the Tomoka Oaks Golf Course was designed with a 30' buffer around the houses on the course. So homeowners have been enjoying a 30' buffer around the course since day 1.

Thank you,
Denise Corley

DBNJ 10/5/89

Tomoka Oaks time capsule

Certain people and events nurtured the growth of Ormond Beach's first subdivision into the genteel, established community known as Tomoka Oaks:

■ The Tomoka Oaks subdivision master plan, calling for a 521-unit single/family development, was approved 33 years ago in May 21, 1956. Then followed approval of Unit VI, for 11 single-family homes.

The last segment plan for 89 single-family homes in The Oaks was approved October, 1977, according to planning department records.

■ The original Oaks architect was Milton Pepper. A later design, submitted by engineer J. Phillips was dropped when the city rejected it.

■ News-Journal files indicate an Arizona-based corporation, Sovereign Industries, Inc., owned the Oaks in 1970, and rebuilt the clubhouse facilities, added nine holes to the golf course and developed more homes.

■ According to Jerry Upson, one of the Oaks first builders, golf home lots sold for $8,900 and $10,000 in the sixties. Today's price for the same lot: between $60,000 and $70,000.

■ Canadian-born athlete Lawson Mitchell served as Tomoka Oaks Golf & Country Club head golf pro from 1967 to 1980. He was vacationing on the West Coast when The News-Journal tried to reach him for this story.

■ In 1977, radiology physician Dr. Richard Ryals, and two partners signed a lease-option agreement with prominent local businessman Milton Pepper to buy the golf course and club.

Dr. Ryals is now sole owner of the club.

■ Retired stockbroker Rockwell V. "Rocky" Collins named major Oaks thoroughfares after famous golf courses around the world: St. Andrews for Scotland's green; Rio Pinar after an Orlando course.

■ The largest golf tournament played at the Oaks was the Florida Amateur, in June 1970, according to News-Journal files.

■ Rocky Collins' home at 28 N. St. Andrews Dr., built by Tom Kittrell in 1962, is the Oaks' oldest.

■ There's a 30-foot buffer zone behind all Oaks homes abutting the golf course; the typical city setback is 20 feet.

■ The average Oaks lot size is 100 square feet, the largest of any area subdivision.

> Dear Mayor Partington...
> Aside from the list of reasons to consider Not allowing homes on the golf course,.....I live on Rio Pinar Dr. in Tomoka Oaks, and have for 34 years.... Traffic has increased considerably with vehicles cutting through Main Trail, Rio Pinar, and St. Andrews for access/egress to/from Granada and Nova. Walking is becoming increasingly dangerous and these roads are already thoroughfares in our beautiful neighborhoods. The islands and winding streets which add character to our neighborhood, pose obstacles to vehicles, especially at night, when it is dark. Thanks for your consideration of no additional traffic through our neighborhoods.

>
> Ladies and Gentlemen,
>
> I am once again appealing to all of you to please reconsider this abomination that has been planned for inside our beautiful Tomoka Oaks. These developers have been trying to razzle dazzle all of us with waving around PHD's and how long they've been doing surveys and using whatever they can to impress everyone. Well, I don't care what they claim to have, they don't live here and do not see what goes on. I'm not impressed. The traffic is horrific already, the hospitals are crammed beyond belief (they've never sat in the hallway of the hospital waiting for treatment) They are ridiculously understaffed. We don't have enough schools or teachers ! People moved to Ormond because it wasn't like Orlando, Tampa or Miami crazy. It's becoming just that because the officials are just wanting more tax money which is out of control already ! There is only one entrance in and out of the development (Minimum 550 vehicles one way everyday)and what about emergency vehicles? It's crazy ! The dangers of kids playing in the streets, riding bikes.....the fun is over....it'll be just like living in New York with crammed houses, cars flying by all day long. Seriously, 272 homes jammed in there. They said they wanted to compromise with us and they are not looking to compromise. We suggested less houses for more money but they don't want to do it. They surely can make the same amount of money if not more but they're

not interested.
One money tidbit. Again they are saying how the water table won't be a problem. If the houses around the outside of the Golf Course get flooded then what? Is that just an Oops!!!! It's always not a problem until it's a problem !

We are begging you to not approve this abomination.

Sincerely,

Sharon B. Kloepfer

[External Email-Use Caution] - OB/IT Helpdesk

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hello Mr. Spraker,

I live at 54 Pine Valley Circle which is on the 6th tee. I have lived here since 1992. Raised my daughters here, retired from teaching and was hoping to live out my life in this peaceful setting. I would love if there was still a golf course here. I'm hoping that is still possible.

The thought of this development being built in the middle of this lovely old established neighborhood seems too ridiculous to me to even be considered. I am very surprised the owners came up with this hideous plan. One of them used to live across the street from me here in Tomoka Oaks!

I won't list the many reasons this development would be a bad idea because I know you are aware of them. I will just tell you I am 75 years old now and I bought a house on a golf course and should not have to deal with years of construction beyond my back yard.

Please do what you can to end, halt, curtail, STOP this development from happening.

Thank you,
Paula Mousikos

October 16, 2023

To: City Commissioners of Ormond Beach

Re: Tomoka Reserve development

Dear Commissioner,

My name is Jim Rose and I live at 21 Eagle Court, Ormond Beach in the Tomoka Oaks subdivision. My wife Janice and I are one of 176 homeowners in Tomoka Oaks who live contiguous to the Tomoka Oaks golf course that is being proposed for development. I am also the Chairman of the Tomoka Oaks HOA Golf Course Committee.

I am writing to you in regard to the landscaped buffer being proposed by the developer. My concern is that whatever buffer is finally decided upon, the Tomoka Oaks landowners living next door have no real ability to enforce the promises made that will have to eventually be kept by the Tomoka Reserve HOA. I would propose that as part of any agreement concerning the buffer, the Tomoka Oaks homeowners that are contiguous to Tomoka Reserve have the same legal rights and remedies as Tomoka Reserve homeowners have against the Tomoka Reserve HOA. Under Florida Statute 720, homeowners have a right to sue their HOA for failure to uphold the HOA's obligation under their covenants. The Tomoka Oaks homeowners should have the same right, but limited to the buffer area.

I think it is important that Tomoka Oaks citizens know they can enforce the obligations the Tomoka Reserve HOA has in regard to the buffer. We do not want to be left with promises not kept. Thank you.

Jim Rose

Ormond Beach Commissioners,

My name is Melonie Caldwell my Husband and I own and reside at 18 Oakmont Circle, Ormond Beach, FL. I am writing regarding the proposed Tomoka Reserve development within 20 Tomoka Oaks Boulevard.

I understand that growth and development are in our future. However, I have major concerns with this area adding 272 more houses. With only one way in and out of this area, there are safety concerns for all residents of Tomoka Reserve and Tomoka Oaks. Being in Florida, national disasters happen quite frequently. With only one way in and out for Tomoka Reserve, evacuating the area will create issues. There are only three ways out of Tomoka Oaks, two of which are through the very narrow streets of The Trails. The single entrance into Tomoka Reserve is located on a small diamond that will get backed up at the inter section Tomoka Oaks Blvd and Nova Road. Not to mention that large bus type vehicles have issues navigating around this area.

I see proposed emergency access points that will cut through the lots of the existing Tomoka Oaks residents. If these access points need to be created, it seems that the proposed development is too large for the area that they are trying to squeeze it into. All these factors along with excessive traffic, drainage issues, and wildlife relocation concern me.

During a meeting with the developers, questions about the character of the new development were not answered directly. This is because they strictly want to plat the land and sell it. Do they even really know what the developers will do once the land is plated and sold? They can tell us what is proposed but because they will not be the ones constructing the area, how can they ensure what is being proposed.

The residents of this area want to keep the integrity of our neighborhood and the surrounding ones. As residents, we work extremely hard to maintain and upkeep our properties. The fact that we do not want to lose the peaceful, safe community and value we have created here is not unreasonable.

This development needs to mirror the surrounding areas for safety. Creating 100-foot lots will match the zoning along with the lot sizes within Tomoka Oaks. The 50ft buffer zones also need to be maintained, this will cut back on traffic, drainage concerns, and less wildlife relocation.

This is why I oppose the large development that is being proposed.

Thank you for your time and consideration.

Best Regards,

Melonie Caldwell
18 Oakmont Cir

[External Email-Use Caution] - OB/IT Helpdesk

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

To all who love Ormond Beach,

Unfortunately, I will be out of town 7 Nov 2023 and will not be able to attend the Commissioners' meeting. I would like to state for the record that I would really expect the Commissioners to vote against this monstrosity called "Tomoka Oaks Reserve". I am not anti-progress and I understand everything changes, but this particular project is a disaster for the city of Ormond. All negative aspects of the project have been presented and the builders have not truly addressed most of the concerns adequately.

The primary concern that comes to my mind is egress in case of an emergency on Nova Road. The only direct entrance into the new proposed development is through the existing Tomoka Oaks community via Tomoka Oaks Blvd. There are no other direct entrances or exits through the new development as it is surrounded by an existing neighborhood. What is the plan for emergency evacuation should Tomoka Oaks Blvd be blocked by an accident, train derailment, hurricane damage or whatever other disasters may present in the future?

I truly believe the city of Ormond failed its residents when it failed to purchase the golf course when it was originally sold to the developers. I also believe the city, county or even the state should purchase this land for future greenery preservation in the middle of Ormond City. Possibly a future "Central Park of Ormond"? Of course, the price will be much higher now as the land is in the hands of greedy out of town developers. Once this project goes forth, the landscape of the city of Ormond will for eternity be altered.

I beg the commissioners to unanimously vote against this development as it stands. Serious consideration should be given to the preservation of this last piece of greenery in the heart of Ormond Beach.

Most respectfully,

Flavia Casassola,
Tomoka Oaks resident
21 N St Andrews Drive

Sent from Yahoo Mail for iPhone

October 30, 2023

Dear City of Ormond Beach Commission,

Did you know:

- Cobb Cole, attorney for the Tomoka Reserve applicant, told the golf course property owners that the approved 2006 Tomoka Golf Village PRD is not covered under their property's title insurance and would give the City a reason to deny their Tomoka Reserve application (attachments A, B).

- The 2006 Tomoka Golf Village Development Order restricted the golf course to open space and golf course use (attachment C). In identifying this use publicly during their hearings, the city implicitly recognized the implied covenants of green space perpetuity that residents have relied on since 1963 when purchasing homes in Tomoka Oaks.

- The Tomoka Golf Village Development Order was active for 8 years: 10/17/2006 - 10/17/2014.

    - Over 138 homes were sold in Tomoka Oaks during those 8 years, and 87 homes were identified by the MLS as being "on the golf course" or "in a golf course community" (attachment D. Note all 87 MLS listing sheets are located in your Commission packet). Commissioner Briley, former President of the Daytona Beach Association of REALTORS® and the 2022 District Vice-President for Florida REALTORS®, knows better than any other commissioner that the MLS is the cornerstone of integrity for disseminating information to real estate agents and home buyers regarding properties for sale.

    - The City was not required to inform residents when the Tomoka Golf Village Development Order expired on 10/17/2014.

- Over 156 homes sold in Tomoka Oaks during 10/17/2014 - 12/31/2020. Of those, 108 homes (attachment E) were identified by the MLS as being "on the golf course" or in a "golf course community" as indicated in the LAND, MISCELLANEOUS, and REMARKS fields of the MLS listing sheet. (All 108 MLS listing sheets are located in your Commission Packet).

- Two separate Florida land use experts (one an Attorney and the other a certified Land Use Planner) provided the City independent professional opinions supporting the golf course property has a legally "implied use" to remain a golf course or recreational area (attachments F, G).

- The 2006 Tomoka Golf Village PRD is "competent, substantial evidence" which the Commission can (and should) cite to deny the 2022 Tomoka Reserve application.

To the Mayor and all Commissioners I say, "Be the leaders you are asking us to trust and believe in."

Rightly or wrongly, fairly or unfairly, the City of Ormond Beach is facing a crisis regarding a potential fuel depot on the boundary of our city which has citizens feeling personally threatened, and many of us conflicted regarding City leadership. We understand the depot is outside the City's jurisdiction, and we appreciate your efforts to stop this fuel farm development. But the reality of this crisis, as it relates to Tomoka Reserve (which is under city control), is that Ormond Beach citizens NEED TO SEE a Commission willing to strongly deny the Tomoka Reserve developers thus demonstrating that developer rights are not sovereign in Ormond Beach.

Please do not leave the door open for any development of this showcase property that does not retain the golf course green space. At the very least, deny the Tomoka Reserve application based on the 2006 Tomoka Golf Village PRD in which the Commission and City attorney implicitly recognized land use restrictions that the golf course property remains a golf course or open green space in perpetuity (attachment A). During the 2023 Commission hearing, clearly state for the record that subsequent PRD applications must retain the golf course property.

Better yet, decisively step forward during the Commission hearing and demonstrate that you are leaders who think for yourselves. Bold leadership requires commissioners who have the wisdom, courage, and integrity to expand their evaluation of "competent, substantial evidence" to go beyond the evidence limits imposed by the city's legal department (Attachment A; Note on page 6). Allow the expert opinions of land use attorney Brent Spain and land use planner Daryl Forgey, AICP, to be entered as competent, substantial evidence of an implied perpetuity use that safeguards the golf course property from any PRD or R-2 development.

Thank you from the 561 households* in Ormond Beach who oppose the residential development of the Tomoka Oaks golf course property.

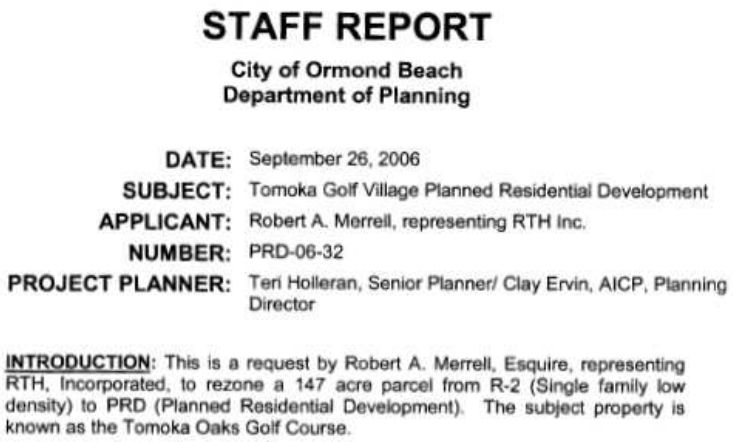
2006 Tomoka Golf Village PRD-06-32 Synopsis



2005

- RTH Inc., owners of the Tomoka Oaks golf course, contacted the City to review options for renovating the golf and country club. Residential elements were included.

- August 11, 2005 City Attorney Randy Hayes identified what may be pertinent to any reviewer when determining whether the property must be maintained exclusively as a golf course. Hayes' email stated: *I have only been provided the Warranty Deed to review. An ownership and encumbrance search by a title company could verify the existence or non-existence of other related instruments that may have also been recorded regarding the use and/or any restrictions pertaining to the land* (attachment I).

2006 - 2014

#1 STAFF REPORT September 26, 2006
(Complete Staff Report located in your Commission Packet)

STAFF REPORT

City of Ormond Beach
Department of Planning

DATE: September 26, 2006
SUBJECT: Tomoka Golf Village Planned Residential Development
APPLICANT: Robert A. Merrell, representing RTH Inc.
NUMBER: PRD-06-32
PROJECT PLANNER: Teri Holleran, Senior Planner/ Clay Ervin, AICP, Planning Director

INTRODUCTION: This is a request by Robert A. Merrell, Esquire, representing RTH, Incorporated, to rezone a 147 acre parcel from R-2 (Single family low density) to PRD (Planned Residential Development). The subject property is known as the Tomoka Oaks Golf Course.

2006 Staff Report Highlights:

- Robert Merrell of Cobb Cole (current attorney for 2022 Tomoka Reserve applicant) represents the 2006 applicant.

- Owners seek to maintain the current golf course and country club, and add 122 clustered residential units consisting of townhomes, condos, and 3 single-family residences.

- City Staff's main concern was that there are private restrictions that superseded the land use and zoning that would prohibit any uses except as a golf and country club.

  > A title opinion from the owner said there were no restrictions on the property that it (has to) remain a golf course and country club.

NOTE FROM CAROLYN DAVIS - there is no evidence that an ownership and encumbrance search (as suggested by Attorney Hayes in August 2005) was provided to verify the owner's title opinion claim of no restrictions.

- City Staff stated integration of residential land uses cannot negatively impact adjoining residential property owners, and could not adjoin existing lots.

  > Applicant agreed that views from abutting residential properties had to be protected and not negatively impact existing homes.

- Staff indicated the remaining portion of the golf course be restricted so that it cannot be used for future residential development and so that adjoining neighbors are confident that the use of the property for a golf course and recreational open space is protected.

  > Applicant agreed to provide that surety through an easement over the remaining portion of the golf course that will ensure the property remains as open space/recreational use.

- The primary focus is to preserve the existing golf course, locate the new buildings so that they do not impact the existing homes, and enhance the landscaping to minimize the impacts of the new development.

- August 10, 2006 Planning Board recommendation taken from the Staff Report:

  > Recommended approval subject to condition that the owner provide for covenants and restrictions that restrict the golf course to open space and golf course use.

#2 COMMISSION HEARING October 3, 2006

ORMOND BEACH CITY COMMISSION MEETING
HELD AT CITY HALL COMMISSION CHAMBERS

October 3, 2006 7:00 p.m.

Present were: Mayor Fred Costello, Lori Gillooly, Troy Kent, Ed Kelley, and Bill Partington, Ci
Manager Isaac Turner, Assistant City Manager Theodore MacLeod, City Attorney Randy Haye
and City Clerk Veronica Patterson.

Pages 15542 - 15545 (attachment J)
Item #9 (G) - The Tomoka Oaks Golf Village

2006 Commission Hearing Highlights:

- The golf course shall remain a golf course and would not be able to be converted to any other use without approval by the City Commission.

- Attorney Rob Merrell, representing the applicant, stated:

  > The Planning Board recommended unanimous approval with conditions the property owner made to cluster a lower number of units that would allow and preserve a great deal of open space.

  > The Property owner made a commitment to maintain the open space of the golf course in perpetuity.

  > The development order under this proposal would indicate that the golf course would remain open space, and the City would then be able to enforce that as an element of the development order.

  > Mr. Merrell reported resident testimony mentioned a 99-year provision, but there was no such covenant. Mr. Hayes concurred there was no covenant of record regarding the golf course. He noted the city could now go back to try to do what some of the homeowners believed they already had for some 30 years.

  NOTE: In June 2022, Carolyn Davis provided the City the owner, title, and encumbrance research (suggested by Attorney Hayes in 2005) which <u>does</u> provide documentation of the 99 year lease and of the 1963 perpetuity clause that the property remains a golf course or recreational green space. Research located at https://www.ormondbeach.org/ArchiveCenter/ViewFile/Item/10425 beginning on page 543.

- Commissioner Kent said the plans had not changed a great deal since meeting with the developers and he was in agreement with the proposal. (Retention of a perpetual golf course with residential development clustered in the middle.)

- Commissioner Gillooly received an “iron clad commitment” from Rob Merrell that this would would be the last residential plan for the Tomoka Oaks community. Based on that assurance, she agreed to the development.

- Commissioner Partington (now current Mayor of Ormond Beach) agreed with this development for the same reasons as Commissions Gillooly and Kent. It would improve the entire subdivision and set the standard for development in other areas.

- Commissioner Kelley was provided assurance there would be no buildings constructed directly behind someone who now had a golf course view. This project would be an improvement to the entire neighborhood and it would assure the golf course remains.

- Mayor Costello reaffirmed his support for the proposal for clustered homes with the golf course remaining. He pointed out that in this development order the only thing permissible was the golf course open space.

- Based upon the applicant's perpetuity condition to retain the golf course property, and the endorsement of this condition by the applicant's attorney, Rob Merrell, and the City Attorney, Randy Hayes, the commissioners voted unanimously to approve the application.

#3 COMMISSION HEARING October 17, 2006

ORMOND BEACH CITY COMMISSION MEETING
HELD AT CITY HALL COMMISSION CHAMBERS

October 17, 2006 7:00 p.m.

Present were: Mayor Fred Costello, Lori Gillooly, Troy Kent, Ed Kelley, and Bill Partington, City Manager Isaac Turner, Assistant City Manager Theodore MacLeod, Deputy City Attorney Sandy Upchurch, and City Clerk Veronica Patterson

Pages 15559 - 15560 (attachment K)
Item #9 (B) - "The Tomoka Oaks Golf Village

Highlights:

- All commissioners voted unanimously to approve the Tomoka Oaks Golf Village.

#4 DEVELOPMENT ORDER October 17, 2006 (attachment C)
Entire Development Order located in your Commission Packet

10/31/2006 12:31 PM
Instrument# 2006-273445 # 1

BEFORE THE
CITY COMMISSION
OF THE
CITY OF ORMOND BEACH

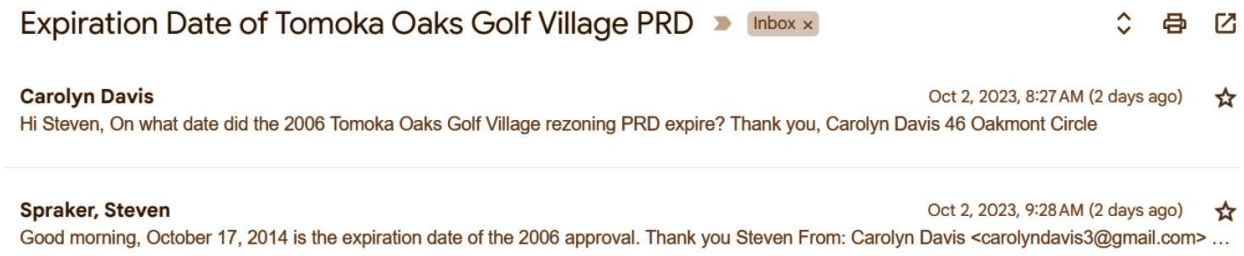
IN RE: Application of RTH, Inc.
PRD-06-32
"Tomoka Oaks Golf Village" Planned Residential Development
within the limits of the existing Tomoka Oaks Golf Course

DEVELOPMENT ORDER

Development Order effective 10/17/2006 filed with Volusia County.

2006 Development Order Highlights:

- The land use will not substantially or permanently depreciate the value of surrounding property; create a nuisance; or deprive adjoining properties of adequate light and air; create excessive noise, odor, glare, or visual impacts on the neighborhood and adjoining properties.



- The owner shall provide for covenants and restrictions that restrict the golf course to open space and golf course use. The City of Ormond Beach shall be involved in a manner that requires the approval of the city if the owners ever wish to remove the restricted use.

- The Development Order shall be recorded in the public records of Volusia County, Florida, at the expense of RTH, Inc. a Florida corporation, and shall be binding upon RTH, Inc., a Florida corporation, and its successors and assigns, and shall run with the real property described in Exhibit "A" attached hereto and incorporated herein by reference. (Parcel ID No. 3242-07-00-0010)

Homes Sales During the Active Development Order
Over 138 homes were sold in Tomoka Oaks during the 8 years the development order was active. 87 homes were identified on the MLS listing sheet as being "on the golf course" or in a "golf course community" (attachment F).

2014 - 2021

DEVELOPMENT ORDER EXPIRES October 17, 2014

The City was not required to inform Tomoka Oaks residents that the development order had expired.

- Home buyers continued to rely on MLS listing sheets identifying properties as being “on the golf course” or “in a golf course community” (attachment E).

- After halting clubhouse operations in approximately 2018, the owner of the golf course continued to give the appearance the property was remaining a golf course when the owner placed a sign on the clubhouse door stating: *The Tomoka Oaks Golf Course is temporarily closed for public play so that maintenance can work to improve our quality of play.*

- The clubhouse sign still remained on the clubhouse prior to the sale of the property in April 2021 thus giving residents and home buyers the reasonable expectation that the property was still a permanent golf course.

2022 and 2023

On June 12, 2022, Carolyn Davis provided the city a 100+ page report detailing extensive title documents, covenants, restrictions, and marketing documents that outlined why the golf course property has clouds thus giving grounds for the city to deny any PRD or R-2 rezoning applications. (Report available at https://www.ormondbeach.org/ArchiveCenter/ViewFile/Item/10425 starting on page 543.)

NOTE
On June 30, 2022, City Attorney Randy Hayes informed Steven Spraker there is no covenant requiring the golf course to be used in perpetuity (attachment L).

The city’s conclusion was questioned by attorney Brent Spain in his July 12, 2023 letter of opinion to the City (attachment F) detailing:

a) There is no language in the 1963 Warranty Deed authorizing the release or modification of the actual restrictive covenant limiting the use of the property to a golf and country club, golf course, and related uses.
b) The City’s reliance upon the 1969 Resolution and the 1971 Release to claim the use restriction was somehow waived or released (attachment L) is misplaced as neither document purports to release, waive or otherwise modify the use restriction.
c) Regardless of the express restrictive covenant, an implied restriction limits the Tomoka Oaks property to be used as a golf course.

On July 13, 2023, City Attorney Randy Hayes disallowed the competent, substantial evidence of Brent Spain to be entered into the public hearings even though Hayes had suggested in 2005 this evidence was *pertinent to any reviewer when determining whether the property must be maintained exclusively as a golf course* (attachment I).

END OF NOTE

On July 8, 2022, Steven Spraker informed Carolyn Davis that in response to her research, the SPRC requested the following of the applicant:

> *The 2006 approval referenced a title opinion that provides that there are no private land use restrictions associated with the former golf course property. Please provide a title opinion that there are no private land use restrictions associated with the subject property.*

On April 12, 2023, in response to the SPRC request, Cobb Cole attorney Rob Merrell emailed Steven Spraker the Tomoka Reserve Owner's Policy of Title Insurance accompanied by an opinion written by Matthew Welch, a real estate and title attorney at Cobb Cole (attachment B). This opinion stated in part:

> *Last year, I was asked to give an opinion on the purported issues related to the development of the old golf course property (covenants, reverter, etc.). This email shall serve to provide you with the same information I provided our client. Attached is the title insurance policy given to Triumph Oaks pursuant to the 2021 acquisition of the land. To keep things clear and focused, you may skip through pages 1 – 5, page 6 provides ownership and coverage information, page 7 is the legal description, pages 8 and 9 are the exceptions from coverage. So, if it is listed on pages 8 or 9, title insurance coverage does not exist and, based on what Steve Spraker told Sheldon Rubin, it would give the city a reason to deny the application.*
>
> **Page 8 of the title opinion** identifies item #9, the 2006 Tomoka Golf Village Development Order 5944/2183 as being exempt from title insurance coverage therefore providing the city a reason to deny the application.
>
> > *#9. Development Order Issued by City of Ormond Beach recorded in Official Records Book 5944, Page 2183.*
>
> **Synopsis Conclusion**: *Should attorneys for the City or Cobb Cole suggest the 2006 Tomoka Golf Village PRD not be sufficient or relevant evidence to deny the 2022 Tomoka Reserve PRD*, it must be noted the 2006 PRD is still competent, substantial evidence that attorneys Hayes and Merrell, and the 2006 City Commission, *implicitly* recognized land use restrictions in 2006 that the golf course property remains a golf course or open green space in perpetuity.

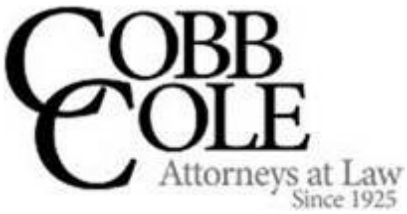
Subject: Triumph Oaks

Randy:



I am a real estate and title attorney at Cobb Cole. Last year, I was asked to give an opinion on the purported issues related to the development of the old golf course property (covenants, reverter, etc.). This email shall serve to provide you with the same information I provided our client. Attached is the title insurance policy given to Triumph Oaks pursuant to the 2021 acquisition of the land. To keep things clear and focused, you may skip through pages 1 – 5, page 6 provides ownership and coverage information, page 7 is the legal description, pages 8 and 9 are the exceptions from coverage. So, if it is listed on pages 8 or 9, title insurance coverage does not exist and, based on what Steve Spraker told Sheldon Rubin, it would give the city a reason to deny the application. For now, you can disregard items 1 – 7, item 8 is the plat which does not reference any type of reverter or restriction, disregard 9 and 10, 12 and 13, and 14 and 15. That leaves us with

item 11, which is a deed that reserves unto several people and their spouses, lifetime memberships in the country club. Being a 1979 deed, I have made the assumption that they are all deceased. In any event, it goes on to say that during the term of the wrap around mortgage, or for up to 18 years if mortgage has been paid in full, the property will revert to grantor if not used as a golf course. That time period has expired. It is my opinion that the golf course requirement has terminated and there remains no reverter clause or existing lifetime memberships. I hope this helps with your analysis and approval. Best regards.

-Matt

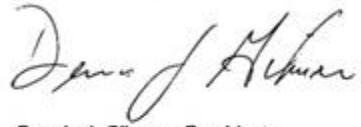
First American	Owner's Policy of Title Insurance (with Florida modifications) ISSUED BY **First American Title Insurance Company** POLICY NUMBER **5011412- 2664415**
Owner's Policy	

Any notice of claim and any other notice or statement in writing required to be given to the Company under this policy must be given to the Company at the address shown in Section 18 of the Conditions.

COVERED RISKS



SUBJECT TO THE EXCLUSIONS FROM COVERAGE, THE EXCEPTIONS FROM COVERAGE CONTAINED IN SCHEDULE B, AND THE CONDITIONS, **FIRST AMERICAN TITLE INSURANCE COMPANY**, a Nebraska corporation (the "Company") insures, as of Date of Policy against loss or damage, not exceeding the Amount of Insurance, sustained or incurred by the Insured by reason of:

1. Title being vested other than as stated in Schedule A.
2. Any defect in or lien or encumbrance on the Title. This Covered Risk includes but is not limited to insurance against loss from
   (a) A defect in the Title caused by
      (i) forgery, fraud, undue influence, duress, incompetency, incapacity, or impersonation;
      (ii) failure of any person or Entity to have authorized a transfer or conveyance;
      (iii) a document affecting Title not properly created, executed, witnessed, sealed, acknowledged, notarized, or delivered;
      (iv) failure to perform those acts necessary to create a document by electronic means authorized by law;
      (v) a document executed under a falsified, expired, or otherwise invalid power of attorney;
      (vi) a document not properly filed, recorded, or indexed in the Public Records including failure to perform those acts by electronic means authorized by law; or
      (vii) a defective judicial or administrative proceeding.
   (b) The lien of real estate taxes or assessments imposed on the Title by a governmental authority due or payable, but unpaid.
   (c) Any encroachment, encumbrance, violation, variation, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land. The term "encroachment" includes encroachments of existing improvements located on the Land onto adjoining land, and encroachments onto the Land of existing improvements located on adjoining land.
3. Unmarketable Title.
4. No right of access to and from the Land.

(Covered Risks Continued on Page 2)

In Witness Whereof, First American Title Insurance Company has caused its corporate name to be hereunto affixed by its authorized officers as of Date of Policy shown in Schedule A.

COVERED RISKS (Continued)

5. The violation or enforcement of any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
   (a) the occupancy, use, or enjoyment of the Land;
   (b) the character, dimensions, or location of any improvement erected on the Land;
   (c) the subdivision of land; or
   (d) environmental protection
   if a notice, describing any part of the Land, is recorded in the Public Records setting forth the violation or intention to enforce, but only to the extent of the violation or enforcement referred to in that notice.
6. An enforcement action based on the exercise of a governmental police power not covered by Covered Risk 5 if a notice of the enforcement action, describing any part of the Land, is recorded in the Public Records, but only to the extent of the enforcement referred to in that notice.
7. The exercise of the rights of eminent domain if a notice of the exercise, describing any part of the Land, is recorded in the Public Records.
8. Any taking by a governmental body that has occurred and is binding on the rights of a purchaser for value without Knowledge.
9. Title being vested other than as stated in Schedule A or being defective
   (a) as a result of the avoidance in whole or in part, or from a court order providing an alternative remedy, of a transfer of all or any part of the title to or any interest in the Land occurring prior to the transaction vesting Title as shown in Schedule A because that prior transfer constituted a fraudulent or preferential transfer under federal bankruptcy, state insolvency, or similar creditors' rights laws; or
   (b) because the instrument of transfer vesting Title as shown in Schedule A constitutes a preferential transfer under federal bankruptcy, state insolvency, or similar creditors' rights laws by reason of the failure of its recording in the Public Records
      (i) to be timely, or
      (ii) to impart notice of its existence to a purchaser for value or to a judgment or lien creditor.
10. Any defect in or lien or encumbrance on the Title or other matter included in Covered Risks 1 through 9 that has been created or attached or has been filed or recorded in the Public Records subsequent to Date of Policy and prior to the recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

The Company will also pay the costs, attorneys' fees, and expenses incurred in defense of any matter insured against by this Policy, but only to the extent provided in the Conditions.

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
      (i) the occupancy, use, or enjoyment of the Land;
      (ii) the character, dimensions, or location of any improvement erected on the Land;
      (iii) the subdivision of land; or
      (iv) environmental protection;
      or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.
   (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
   (a) created, suffered, assumed, or agreed to by the Insured Claimant;
   (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
   (c) resulting in no loss or damage to the Insured Claimant;
   (d) attaching or created subsequent to Date of Policy; or
   (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Title.
4. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction vesting the Title as shown in Schedule A, is
   (a) a fraudulent conveyance or fraudulent transfer; or
   (b) a preferential transfer for any reason not stated in Covered Risk 9 of this policy.
5. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

CONDITIONS

1. DEFINITION OF TERMS

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized by law.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien, or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Unless prohibited by applicable law, arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association may be demanded if agreed to by both the Company and the Insured at the time of a controversy or claim. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, and service of the Company in connection with its issuance or the breach of a policy provision or other obligation. effect on the date the demand for arbitration is made, or, at the option of the Insured, the rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the Land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim whether or not based on negligence shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located. Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

18. NOTICES, WHERE SENT

EXCEPTIONS FROM COVERAGE

This policy does not insure against loss or damage and the Company will not pay costs, attorneys' fees, or expenses that arise by reason of:

1. Any rights, interests, or claims of parties in possession of the land not shown by the public records.

2. Any encroachment, encumbrance, violation, variation or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the land.

3. Any lien, for services, labor, or materials in connection with improvements, repairs or renovations provided before, on, or after Date of Policy, not shown by the public records.

4. Any dispute as to the boundaries caused by a change in the location of any water body within or adjacent to the land prior to Date of Policy, and any adverse claim to all or part of the land that is, at Date of Policy, or was previously under water.

5. Taxes or special assessments not shown as liens in the public records or in the records of the local tax collecting authority, at Date of Policy.

6. Any minerals or mineral rights leased, granted or retained by current or prior owners.

7. Taxes and assessments for the year 2021 and subsequent years, which are not yet due and payable.

8. Restrictions, dedications, conditions, reservations, easements and other matters shown on the plat of Sam Snead Golf & Country Club, as recorded in Plat Book 25, Page(s) 61, but deleting any covenant, condition or restriction indicating a preference, limitation or discrimination based on race, color, religion, sex, handicap, familial status or national origin to the extent such covenants, conditions or restrictions violate 42 USC 3604(c).

9. Development Order Issued by City of Ormond Beach recorded in Official Records Book 5944, Page 2183.

10. Easement Agreement as set forth in instrument recorded in Official Records Book 5089, Page 1438 .

11. Provisions contained in Deed recorded in Official Records Book 2052, Page 1019, including rights of life time members.

12. Terms and conditions of any existing unrecorded lease(s), and all rights of lessee(s) and any parties claiming through the lessee(s) under the lease(s).

13. Any map or diagram now or previously provided is for reference and informational purposes only. The Company and its agents expressly disclaim any liability for alleged loss or damage which may result from reliance upon such map(s) or diagram(s). The foregoing does not limit any express

coverages provided by the terms and provisions of any title insurance policy for matters which might be revealed by a survey prepared and certified in accord with Florida Statutes Section 472.027.

NOTE: Exception(s) numbered 1 - 5 above is/are hereby deleted.

14. That certain mortgage from Triumph Oaks of Ormond Beach I, LLC, a Florida limited liability company to EJTS HOLDING, LLC, dated April 23, 2021 in the original principal sum of $1,600,000.00 and the terms and conditions thereof.

15. All matters disclosed by survey prepared by: Sliger and Associates, Inc., dated April 15, 2021, Field Date: April 13, 2021. There are fences of undetermined ownership labeled E1, E2, E3, E4, E5, E7 crossing onto subject property on the West side, and fences of undetermined ownership labeled E8 and E9 crossing onto subject property on the West side, screened pool enclosure labeled E6 crossing onto subject property on the South side, asphalt drive extends beyond the East boundary line, under Job No. 21-0493.

BEFORE THE
CITY COMMISSION
OF THE
CITY OF ORMOND BEACH

IN RE: Application of RTH, Inc.
PRD-06-32
"Tomoka Oaks Golf Village" Planned Residential Development
within the limits of the existing Tomoka Oaks Golf Course

DEVELOPMENT ORDER

This matter having come on for public hearing before the City Commission of the City of Ormond Beach, Florida, on October 3, 2006 and October 17, 2006, and the City Commission having considered those items as required by Chapter 1, Article II, Section 1-18(D)(3) of the *Land Development Code*, and having heard testimony and evidence from all affected persons, the City Commission hereby finds that:

(1) The land use conforms to the standards and requirements of this *Land Development Code* and will not create undue crowding beyond the conditions normally permitted in the PRD, Planned Residential zoning district, or adversely affect the public health, safety, welfare or quality of life;

(2) The land use is consistent with the *Comprehensive Plan*;

(3) The land use will not adversely impact environmentally sensitive lands or natural resources, including but not limited to waterbodies, wetlands, xeric communities, wildlife habitats, endangered or threatened plants and animal species or species of special concern, wellfields, and individual wells;

(4) The land use will not substantially or permanently depreciate the value of surrounding property; create a nuisance; or deprive adjoining properties of adequate light and air; create excessive noise, odor, glare, or visual impacts on the neighborhood and adjoining properties;

(5) Public facilities, such as roads, sidewalks, bike paths, potable water, wastewater treatment, drainage, fire and police safety, parks and recreation facilities, schools, and playgrounds will not be unduly burdened and are adequate to serve the land use;

(6) Ingress and egress to the property and traffic patterns are designed to protect and promote motorized vehicle and pedestrian/bicycle safety and convenience, allow for desirable traffic flow and control, and provide adequate access in case of fire or catastrophe;

(7) The land use is functional in the use of space and aesthetically acceptable;

(8) The land use provides for the safety of occupants and visitors;

(9) The proposed use of materials and architectural features will not adversely impact the neighborhood and aesthetics of the area; and

(10) The testimony provided at public hearings.

Thereupon and in consideration thereof, the City Commission hereby orders that:

A. The application of RTH, Inc., a Florida corporation, for the "Tomoka Oaks Golf Village" a planned residential development to allow the construction of consisting of 119-multifamily units (townhomes and condominiums) and 3-single family dwellings on a 147-acre parcel within the limits of the existing Tomoka Oaks Golf Course, in the R-2 Single Family Low Density zoning district, on that real property described and depicted on Exhibit "A" attached hereto and incorporated herein by reference, is hereby granted, subject to the following conditions:

1. All applicable provisions of Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-35, Planned Residential Development, of the City of Ormond Beach *Land Development Code*, except as otherwise specifically modified hereby, shall at all times be strictly complied with;

2. That the following recommendations of the Planning Board shall be resolved and strictly complied with at all times:

a. The owner shall provide for covenants and restrictions that restrict the golf course to open space and golf course use. The City of Ormond Beach shall be involved in a manner that requires the approval of the City if the owners ever wish to remove the restriction on use.

b. The owner shall provide a note on the plat for the property indicating to future property owners the proximity of the airport and the flight pattern of the traffic from the airport.

c. The applicant shall include a landscape buffer around the 3 single-family lots that is a minimum of 10-feet in width with trees and shrubs in accordance with the minimum buffering requirements specified by the Land Development Code, Chapter 3, Article I, Section 3-06, as currently adopted.

3. That the following comments of the Site Plan Review Committee shall be resolved and strictly complied with at all times:

CITY LANDSCAPE ARCHITECT COMMENTS:

a. Wheel stops must be provided. Vehicle bumpers will not overhang the planting beds.

b. Applicant must provide a littoral planting detail and specifically show where they are to be planted on the pond banks in all applicable ponds; applicant must provide calculation for each pond; clarify if ponds are wet or dry; if dry then littoral planting is not required.

c. Applicant must provide a note on the plans that any tree needed to be removed during construction will require a one for one replacement penalty; protected trees will require one 2.5" caliper variety and specimen trees will require one 4.5" caliper variety to suit its planting location; replacement trees need to be Florida #1 at a minimum height of ten feet (10'). CPH will make the determination as to what is best suited for each replacement.

d. Remove the asterisk note on page TR-8.

CIVIL ENGINEER COMMENTS:

e. Applicant must provide legend to clarify phasing.

f. Sheet C6 – Include Temporary Construction Entrance in Phase 1A.

g. Sheet C2 – Provide As Built Requirements for Water and Sewer; relocate the As Built Requirements for Roadway Construction from sheet C36.

h. Sheet C22 –Removing the fire hydrant from the pond.

i. Sheets C45-C47 – Estimated Wet Season Water Table Elevation and Design Pond High Water Elevation to each section.

j. Applicant must locate easements for utilities and lift station on the plat.

CHIEF BUILDING OFFICIAL COMMENTS:

k. Applicant must provide additional fire hydrants to townhouse and condo locations.

l. Applicant must provide location of fire department connections.

m. The location of handicap spaces for the clubhouse is unacceptable; accessible parking spaces shall not cross the roadway and shall be as close to the building as possible.

FIRE DEPARTMENT COMMENTS:

n. Fire hydrants shall be installed at intervals not to exceed 500 feet; provide location of additional hydrants on plans.

PUBLIC UTILITIES COMMENTS:

o. Manhole #44 on page C18 of the plans needs to be lined.

p. Applicant must update fire hydrant assembly detail.

q. Show how reuse will be connected to existing reuse line or the proposed reuse line to be constructed to the reuse storage pond by Tomoka Oaks.

r. Reuse meter to be provided by owner of make and model approved by the City. A reuse agreement will need to be executed by the owner and the City.

s. Applicant must confirm if water master meter shall be needed or if units will be individually metered.

t. Applicant must provide match lines on composite utility sheets.

u. All water and sewer lines to be owned and maintained by City must be in public rights of way or 40 foot access and utility easement; an easement or deed is also needed for the lift station.

POLICE DEPARTMENT COMMENTS:

v. Parking lot lighting, pole heights must not exceed 20 feet and maximum wattage shall be 250 watts (see Land Development Code Chapter 3, Article 5 Architectural Design Standards, Chapter 3 Page 10). This will impact lighting calculations currently submitted.

4. The subdivision is approved to have a total of consisting of 119-multifamily units (townhomes and condominiums) and 3-single family dwellings with the following dimensions as shown on the attached plans. The townhomes and condominiums shall be developed in accordance with the conceptual plans approved for the proposed PRD and the requirements established in Chapter 2, Article IV, Section 2-57 M. Multi-Family Dwellings:

Land Use	Min. Lot Area	Min. Lot Width	Front Setback	Side Corner	Side Setback	Rear Setback
Single-family	10,000-square feet	100- feet	30-feet	20-feet	8-feet total 20-feet	25-feet

5. As a stand alone zoning district the following permitted uses and dimensional criteria for this Planned Residential Development are hereby established as follows:

1. **Permitted Principal Uses and Structures.**

   a. Single-family Detached units

   b. Townhouse Units, as located on the conceptual development plan prepared by Conklin Porter and Homes, CPH project number T7501, dated June 2005.

   c. **Multifamily Condominium units** as located on the

conceptual development plan prepared by Conklin Porter and Homes, project number T7501, dated June 2005.

2. Permitted Accessory Uses and Structures

a. Single Family detached dwellings and all accessory uses customarily associated with, dependent on and incidental to their permitted principal uses, provided that such uses conform to the regulations set forth in Chapter 2, Article III.

b. Home Occupations, Type "A", subject to the regulations set forth in Chapter 2, Article III.

6. The project shall be phased over a 5-year period and shall consist of 6 phases; a new phase shall not be initiated until the improvements and enhancements identified in the previous phase have been initiated and are substantially completed. This condition shall not prevent the owner from completing multiple phases concurrently. The following summarizes the phasing of the project:

Phase	Description
1A	Construction of the tennis facility, maintenance area, parking, spine road and associated stormwater improvements. The "Golf Townhomes" at the northern most portion of the development (9th and 10th fairway) will be constructed
1B	Demolition and reconstruction of the clubhouse and parking lot.
1C	Completion of all of the townhomes in the golf and tennis areas.
2A	Development of condominiums at tennis facility.
2B	Development of condominiums at the driving range and clubhouse areas.
3	Development of 3-single family homes on the estate lots.

B. The final plans for the development project shall be consistent with the provisions of this Development Order and the plans depicted in Exhibit "B" hereto; provided, however, that the said plans shall be amended as necessary in order to achieve such consistency.

C. No material change shall be made to the final plan for the development project without further review by the Planning Board and approval by the City Commission in accordance with the procedures for the approval of this Development Order.

D. All site construction activity shall be performed in strict compliance with the terms and conditions of this Development Order approved for this development project, and of the *Land Development Code.*

E. If the final plan approval lapses under the provisions of Section 1-14(C)(2) of the *Land Development Code*, before the planned development permit can be re-established, a new PRD Development Order shall be considered by the City Commission.

F. In the event the use of the land approved by this PRD Development Order is abandoned for a period of two (2) years or there has been no construction activity during that period, the permit shall be void and a Notice of Final Plan Revocation filed under the provisions of Section 1-14(C)(2) of the *Land Development Code*, before the planned development permit can be reestablished, a new PRD Development Order shall be considered by the City Commission.

G. Semi-annually, the Neighborhood Improvement Officer shall prepare a report indicating which planned developments are not in compliance with Section 1-14, or the conditions stipulated in the Development Order, in the event a Neighborhood Improvement Officer subsequently determines there to be any violation, such Officer shall promptly present such determination to the Special Master for hearing.

H. Pursuant to Chapter 1, Article II, Section 1-14(C) (2), of the *Land Development Code*, the first phase of this Special Exception shall automatically expire and become void, without further action by the City Commission, 24 months (October 17, 2008) from the date of City commission approval, unless a site plan or building permit has been issued prior to that date; and a use building permit is so issued, this Special Exception shall remain in full force and effect unless and until subsequently amended by the City Commission.

I. The expiration date of the sixth and final phase of the project to be constructed shall be five (5) years in the future, or to October 17, 20011, and shall automatically expire and become void, without further action by the City Commission, unless a building permit

is issued for the sixth and final phase of the project prior to that date; and if a building permit is so issued, the Development Order shall remain in full force and effect unless and until subsequently amended by the City Commission

J. This Development Order shall be recorded in the public records of Volusia County, Florida, at the expense of RTH, Inc., a Florida corporation, and shall be binding upon RTH, Inc., a Florida corporation, and its successors and assigns, and shall run with the real property described in Exhibit "A" attached hereto and incorporated herein by reference. (Parcel ID No. 3242-07-00-0010)

GENERAL NOTES:

ALL CONSTRUCTION SHALL BE IN ACCORDANCE WITH THE CITY OF ORMOND BEACH'S LAND DEVELOPMENT CODE REQUIREMENTS, AND THE STANDARD CONSTRUCTION DETAILS AND CONSTRUCTION SPECIFICATIONS (SCDCS). AN ENGINEERING PERMIT AND TREE REMOVAL PERMIT IS REQUIRED PRIOR TO STARTING CONSTRUCTION.

NO LAND SHALL BE CLEARED, EXCAVATED OR FILLED AND NO STRUCTURE SHALL BE ERECTED, REPAIRED OR DEMOLISHED WITHOUT PROPER PERMIT(S) AS REQUIRED BY THE CITY OF ORMOND BEACH.

NOTIFY THE CITY OF ORMOND BEACH'S ENGINEERING DIVISION AT 676-3269 48 HOURS PRIOR TO THE START OF CONSTRUCTION.

ANY CONSTRUCTION CHANGES TO APPROVED PLANS SHALL BE SUBMITTED TO THE CITY OF ORMOND BEACH FOR APPROVAL PRIOR TO PERFORMING THE WORK.

ROAD CONSTRUCTION AND PIPE INSTALLATION COMPACTION AND DENSITY TESTING SHALL CONFORM TO THE CITY OF ORMOND BEACH'S MINIMUM REQUIREMENTS. CERTIFIED COPIES OF TEST REPORTS SHALL BE SUBMITTED TO THE CITY INSPECTOR AND THE CITY'S ENGINEERING DIVISION.

A PRE-PAVING UTILITY INSPECTION MUST BE REQUESTED AND COMPLETED PRIOR TO THE PAVING OF ALL ROADS, STREETS, AND PARKING AREAS.

A FINAL INSPECTION, TO BE CONDUCTED BY THE CITY OF ORMOND BEACH, SHALL BE PERFORMED ON ALL CONSTRUCTION. THE DESIGN ENGINEER SHALL NOTIFY THE CITY OF ORMOND BEACH'S ENGINEERING DIVISION 676-3269 WHEN REQUESTING A FINAL INSPECTION.

THREE COMPLETE SETS OF AS-BUILT DRAWINGS (5 FOR SUBDIVISIONS) ARE REQUIRED TO BE SUBMITTED TO THE CITY OF ORMOND BEACH PRIOR TO REQUESTING A FINAL INSPECTION.

THE CITY HAS A CONTRACTOR FOR ROLL OFF SERVICE. NO OTHER CONTRACTOR SHALL BE PERMITTED TO PROVIDE THIS SERVICE. VERIFY COMPANY UNDER CONTRACT WITH THE CITY.

CONSTRUCTION STANDARDS FOR ALL DRAINAGE SYSTEM COMPONENTS SHALL CONFORM TO THE LATEST EDITION OF THE FDOT ROADWAY AND TRAFFIC DESIGN STANDARDS MANUAL.

ALL STORM SEWER PIPE SHALL BE REINFORCED CONCRETE (RCP), HIGH DENSITY POLYETHYLENE (HDPE), POLYVINYL CHLORIDE (PVC) OR ALUMINUM CORRUGATED METAL PIPE (ACMP), AS SHOWN ON THE PLANS.

STORM DRAINAGE PIPES SHALL BE A MINIMUM OF FIFTEEN (15) INCH DIAMETER OR EQUIVALENT.

STORM INLETS, MANHOLES AND CATCH BASINS SHALL BE EITHER POURED IN PLACE OR PRE CAST REINFORCED CONCRETE. STRUCTURES SHALL BE REQUIRED AT EACH CHANGE OF PIPE SIZE OR CHANGE IN PIPE DIRECTION.

STORM INLETS SHALL BE SPACED IN SUCH A MANNER AS TO ACCEPT ONE HUNDRED (100) PERCENT OF THE DESIGN STORM RUNOFF.

WET DETENTION PONDS SHALL BE EIGHT (8) FEET MINIMUM TO TWELVE (12) FEET MAXIMUM DEPTH BELOW THE DESIGN LOW OR NORMAL WATER STAGE.

MAXIMUM DISTANCES BETWEEN INLETS AND/OR JUNCTION BOXES:

PIPE SIZE (INCHES)	LENGTH OF RUN (FEET)
15	150
18	300
24 OR GREATER	400

ALL SWALES, DITCHES AND DRY RETENTION POND SIDE SLOPES SHALL BE NO STEEPER THAN 4:1 (H:V) AND SHALL BE SODDED.

NORMAL ROADSIDE SWALES SHALL BE CONSTRUCTED TO A MAXIMUM DEPTH OF 18" BELOW THE OUTSIDE EDGE OF PAVEMENT OR CONCRETE CURB.

CONCRETE EROSION CONTROL MUST BE PROVIDED WHERE SWALES OF CULVERTS INTERCEPT DRAINAGE DITCHES.

A MINIMUM ONE FOOT (1') FREEBOARD ABOVE THE DESIGN HIGH WATER ELEVATION IS REQUIRED AT ALL POINTS AROUND WET DETENTION PONDS.

LAKE INFLOW AND OUTLET STRUCTURES SHALL GENERALLY BE CONSTRUCTED WITH REINFORCED CONCRETE AND SHALL BE SUBJECT TO THE APPROVAL OF THE CITY.

SOIL EROSION CONTROL MEASURES, SATISFACTORY TO THE CITY, SHALL BE EMPLOYED DURING CONSTRUCTION AND UPON COMPLETION OF THE POND.

THE CITY MAY REQUEST THAT THE DEVELOPER SUBMIT A REPORT BY A QUALIFIED HYDROLOGIST ON THE IMPACT THE POND WILL HAVE ON NEIGHBORING WATER TABLE ELEVATIONS BOTH DURING CONSTRUCTION AND AFTER POND COMPLETION. THE CITY MAY REQUIRE GROUNDWATER MONITORING DURING THE POND EXCAVATION.

ADEQUATE MAINTENANCE EASEMENTS OR RIGHTS-OF-WAY AS APPROVED BY THE CITY SHALL BE PROVIDED AROUND THE ENTIRE PERIMETER OF ALL PONDS AND ASSOCIATED OUTFALLS DISCHARGING INTO AND OUT OF PONDS. APPLICABLE CROSS SECTIONS SHALL BE INCLUDED ON ALL FINAL DEVELOPMENT PLANS.

DEVELOPMENT PLANS SHALL CONTAIN DRAINAGE CONTROL STRUCTURE (OVERFLOW) INFORMATION, BOTTOM ELEVATION, TOP ELEVATION, NORMAL WATER LEVEL AND THE 25 YR. - 24 HR. DESIGN HIGH WATER LEVELS

IN GENERAL, ALL RETENTION/DETENTION PONDS MUST BE CONSTRUCTED PRIOR TO ANY ROAD, PARKING LOT OR BUILDING CONSTRUCTION COMMENCING OR AS CURRENT PERMIT CONDITIONS DICTATE.

THE ENGINEER OF RECORD SHALL BE RESPONSIBLE TO OBTAIN ANY AND ALL DEWATERING PERMITS THAT MAY BE REQUIRED.

CULVERTS CROSSING RIGHTS-OF-WAY SHALL EXTEND FROM RIGHT-OF-WAY LINE TO RIGHT-OF-WAY LINE UNDER THE ROADWAY.

ALL STORM WATER MANAGEMENT SYSTEMS ARE TO BE OWNED AND MAINTAINED BY EITHER THE SURROUNDING PROPERTY OWNERS OR AN ASSOCIATION OF THE SURROUNDING PROPERTY OWNERS OR SOME OTHER GROUP AS APPROVED BY THE CITY.

SANITARY SEWER CONSTRUCTION GENERAL NOTES

THE CITY'S PUBLIC UTILITY DEPARTMENT SHALL BE NOTIFIED PRIOR TO BEGINNING ANY SEWER CONSTRUCTION.

ALL SANITARY SEWER MAIN LINES SHALL BE A MINIMUM OF 8" IN DIAMETER. SERVICE LATERALS WITH MULTIPLE CONNECTIONS SHALL BE 6" DIAMETER OR LARGER.

ALL SANITARY SEWER LINES SHALL BE PVC SDR 35. IN PLACES WHERE A MINIMUM COVER OF 4.0' CANNOT BE MAINTAINED, C-900 GREEN PVC DR-25, CLASS 100 OR CONCRETE ENCASEMENT SHALL BE USED.

MINIMUM ALLOWABLE SANITARY SEWER SLOPES ALLOWED ARE:

8" PIPE 0.40%
10" PIPE 0.30%
12" PIPE 0.22%

SEWER LINE CONSTRUCTION SHALL BE ACCOMPLISHED BY THE USE OF A LASER INSTRUMENT UNLESS ANOTHER METHOD IS PREVIOUSLY APPROVED BY THE CITY.

THE CONTRACTOR SHALL AT ALL TIMES, DURING PIPE LAYING, DEWATER THE GROUND SUFFICIENTLY TO KEEP THE GROUNDWATER ELEVATION A MINIMUM OF 6" BELOW THE PIPE BEING LAID WITHIN THE AREA OF THE TRENCH.

ALL PIPES SHALL BE LAID ON A FIRM FOUNDATION. SOFT OR SPONGY BEDDING FOR PIPES WILL NOT BE ACCEPTED. ANY UNSUITABLE MATERIAL SHALL BE REMOVED AND REPLACED WITH A DRY, COMPACTED, GRANULAR MATERIAL SATISFACTORY TO THE CITY.

EXCAVATION AND BACKFILL: THE CONTRACTOR SHALL PROVIDE ADEQUATE SHEETING AND BRACING OF EXCAVATION WORK OR USE OF TRENCH BOX IN ORDER TO PROVIDE FOR THE SAFETY OF WORKMEN, AS WELL AS REPRESENTATIVES OF THE CITY, THE DESIGN ENGINEER, AND THE DEVELOPER.

THE CONTRACTOR SHALL INSTALL A METALLIZED FOIL LOCATER TAPE, OR SIMILAR DEVICE AS MAY BE APPROVED BY THE CITY FOR THE FULL LENGTH OF ALL PVC WATER, RECLAIMED WATER AND SEWAGE FORCE MAINS. THIS PIPE LOCATER AID SHALL BE INSTALLED (15) INCHES BELOW FINISHED GRADE OR AS DIRECTED BY THE MANUFACTURER AND IS IN ADDITION TO THE LOCATER WIRE REQUIRED IN THE UTILITY PIPE LOCATION MATERIALS DETAIL (MISCELLANEOUS DETAILS SECTION - M10).

MANHOLES SHALL BE LOCATED AT INTERVALS NOT EXCEEDING 400 FEET.

MANHOLE RIMS SHALL MATCH FLUSH WITH THE FINISH GRADE ELEVATION IN PAVED AREAS AND A MINIMUM OF 0.2 FEET ABOVE GRADE IN UNPAVED AREAS.

THE CONTRACTOR SHALL CONSTRUCT SANITARY SEWER MANHOLES IN SUCH A WAY THAT SEWER LINES DO NOT INTERSECT SEALED JOINTS BETWEEN SECTIONS OF THE MANHOLE.

RUBBER BOOTS AND STAINLESS STEEL BANDS SHALL BE UTILIZED IN THE CONNECTION OF THE SEWER MAIN TO THE MANHOLES (SEE RUBBER BOOT AND PRECAST JOINT CONNECTION DETAIL).

INDIVIDUAL SANITARY SERVICE CONNECTORS ON NEW CONSTRUCTION SHALL NOT BE CONNECTED DIRECTLY INTO MANHOLES, BUT TO SEWER MAIN LINES BY USE OF WYE CONNECTIONS.

FOR SINGLE FAMILY HOMES, SINGLE FOUR INCH SEWER SERVICES SHALL BE CONSTRUCTED AT EACH LOT OR UNIT AND LOCATED ON THE DOWNSTREAM SIDE OF THE LOT CENTER LINE. THESE SERVICES SHALL BE EXTENDED 4 FEET ABOVE GROUND AT THE PROPERTY LINE WITH A PVC RISER AND PLUG BEING EASILY VISIBLE FROM THE ROAD. RUBBER SEAL FITTINGS TO BE USED ON ALL LINES, NO GLUED JOINTS.

FOR MULTI-FAMILY AND COMMERCIAL SITES, SIX INCH MINIMUM SEWER SERVICES AND CLEANOUTS SHALL BE PROVIDED AS APPROVED BY THE CITY.

SANITARY SEWER LATERALS LONGER THAN 70 FEET, MEASURED FROM THE SEWER MAIN TO THE RIGHT-OF-WAY LINE MAY BE APPROVED ON A CASE BY CASE BASIS. SUCH LATERALS SHALL BE D.I.P. EPOXY LINED OR C-900 PVC.

SANITARY SEWER MANHOLES WHICH HAVE SEWER FORCE MAINS DISCHARGING DIRECTLY INTO THEM, OR ANY MANHOLE WITHIN 200 FEET OF A LIFT STATION, SHALL BE FIBERGLASS OR PVC LINED. RETRO-FITTING OF MANHOLES WITH LINERS SHALL BE REQUIRED WHEN NEW CONNECTIONS SUCH AS THIS ARE MADE. FIBERGLASS SHALL BE A MINIMUM 1/2" THICKNESS UNLESS APPROVED OTHERWISE BY THE CITY. LINING SHALL BE AGRU SURE-GRIP OR PRE-APPROVED EQUAL.

SEE CHART S-9C FOR PIPE SIZE AND MATERIALS.

THE CITY OF ORMOND BEACH REQUIRES THE DEVELOPER TO TELEVISE ANY AND ALL SANITARY SEWER MAIN LINES AND LATERALS PRIOR TO ANY FINAL ACCEPTANCE, AND RESERVES THE RIGHT TO REQUEST WATER AND AIR RESTING.

ALL SEWER MAINS PRIOR TO ACCEPTANCE BY THE CITY SHALL BE TELEVISED BY A REPUTABLE COMPANY THAT ENGAGES IN THIS TYPE OF WORK. THE VIDEO SHALL BE NON-STOP WITH AUDIO DESCRIBING WHAT IS BEING REVIEWED. WRITTEN VIDEO LOGS DESCRIBING THE CONDITION OF THE LINES SHALL ACCOMPANY THE TAPE SUBMISSION TO THE CITY.

CONTRACTORS SHALL BE REQUIRED TO TELEVISE ALL SEWER LINES IN THE PRESENCE OF CITY PERSONEL AND PROVIDE COPIES OF THE VIDEO TAPE TO THE PUBLIC UTILITY DEPT. ANY DEFECTS NOTED SHALL BE CORRECTED PRIOR TO ACCEPTANCE BY THE CITY.

ALL MANHOLES CONSTRUCTED IN SIDE YARDS, BACKYARDS, AND EASEMENTS OFF THE RIGHT-OF-WAY SHALL BE OUTFITTED WITH FIBERGLASS LINERS OR OTHER TYPES OF LINERS OR COATINGS APPROVED BY THE CITY. IN ADDITION THE CITY MAY REQUIRE LINERS OR COATINGS TO BE INSTALLED IN OTHER AREAS WHERE THE PUBLIC UTILITY DEPARTMENTS BELIEVE THE NEED IS JUSTIFIED.

ALL SEWER LINES WHICH ARE CONSTRUCTED OFF PUBLIC RIGHTS-OF-WAY WITHIN SIDEYARDS, BACKYARDS, AND OTHER POORLY ACCESSABLE AREAS SHALL BE CONSTRUCTED OF C-900 PVC, OR EPOXY LINED DUCTILE IRON PIPE. ABSOLUTLY NO USE OF PLASTIC STYRENE FITTINGS SHALL BE ALLOWED.

SEWER LATERAL LOCATIONS SHALL BE MARKED ALONG THE OUTSIDE OF THE CURB WITH A SAWCUT "V", OR BY A METAL TAB SET INTO THE PAVEMENT.

EZ-WRAP PLASTIC, AS MANUFACTURED BY PRESS-SEAL GASKET CORPORATION OR APPROVED EQUAL, SHALL BE USED ON THE OUTSIDE OF ALL MANHOLE AND WETWELL JOINTS. APPLY ONE LAYER OF 9" WRAP CENTERED ON EACH JOINT. A CITY INSPECTOR SHALL PERSONALLY INSPECT ALL JOINT SEALS PRIOR TO BACKFILLING OPERATIONS.

M A T E R I A L S		
DIAMETER	MATERIAL	STANDARD
> 3" - 4"	PVC 1120 / SDR 21	ASTM D 2241
> 4" - 12"	PVC 1120 / CLASS 150	AWWA C 900
14" - 36" (16"- 24" — DR - 18) (30"- 36" — DR - 21)	PVC 1120	AWWA C 905

NOTE: *PVC PIPE COLOR SHALL BE BLUE FOR POTABLE WATER MAIN, GREEN OR WHITE FOR SEWER FORCE MAIN, AND PURPLE FOR REUSE MAIN.

WATER SYSTEM CONSTRUCTION GENERAL NOTES

THE CITY'S PUBLIC UTILITIES DEPARTMENT SHALL BE NOTIFIED PRIOR TO BEGINNING ANY WATER SYSTEM CONSTRUCTION.

DEWATERING SHALL BE PROVIDED TO KEEP GROUNDWATER ELEVATION A MINIMUM OF 6 INCHES BELOW WATER MAIN BEING LAID.

ALL WATER MAINS SHALL BE LAID ON A FIRM FOUNDATION WITH ALL UNSUITABLE MATERIAL (MUCK, ROCK, COQUINA, ETC.) REMOVED AND REPLACED WITH CLEAN GRANULAR MATERIAL.

TRENCHES SHALL BE BACKFILLED WITH CLEAN GRANULAR MATERIAL IN MAX. 1' LIFTS WITH A MINIMUM COMPACTION OF 98 PERCENT (AASHTO-T180) IN PAVED AREAS AND 90 PERCENT IN UNPAVED AREAS.

IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO ENSURE THAT TRENCH COMPACTION TESTS BE PROVIDED AT POINTS 1 FOOT ABOVE THE PIPE AND AT 1 FOOT VERTICAL INTERVALS TO FINISH GRADE, AT A MINIMUM SPACING OF EVERY 300 FEET, AND TO FURNISH COPIES OF TEST REPORTS PROMPTLY TO THE CITY ENGINEERING DEPARTMENT.

METALLIZED PIPE LOCATION TAPE SHALL BE LOCATED 15 INCHES BELOW FINISHED GRADE OR AS SPECIFIED BY MANUFACTURER FOR ALL PVC LINES. MARKER TAPE SHALL BE USED ON ALL DUCTILE IRON PIPE.

ALL WATER SERVICES (SINGLE 1" AND DOUBLE 1 1/2") SHALL BE POLYETHYLENE TUBING (BLUE IN COLOR) ; POLYBUTYLENE SHALL NOT BE ALLOWED.

ALL WATER SERVICE ENDINGS SHALL BE MARKED WITH 4" X 4" LUMBER (PRESSURE TREATED) EXTENDING 4 FEET ABOVE GRADE, WITH WATER SERVICES SECURED 24" ABOVE THE GROUND. WIRE TIES SHALL BE USED TO SECURE THE CURB STOPS TO SUPPORT POSTS.

WATER VALVES SHALL BE PLACED AT ALL STREET INTERSECTIONS AND AT MAXIMUM SPACINGS OF 500 FEET.

AT ALL WATER MAIN TEES AND CROSSES, VALVES SHALL BE INSTALLED ON ALL LEGS EXCEPT ONE.

APPROVED WATER VALVE TYPES ARE THE FOLLOWING:

A. STANDARD GATE VALVES LESS THAN 24" DIAMETER RESILIENT SEAT GATE VALVES (AWWA C-509).
B. TAPPING VALVES AND MECHANICAL TAPPING SLEEVE SHALL BE STAINLESS STEEL (AWWA C - 509)

ALL WATER VALVE BOXES SHALL BE ADJUSTED TO FINISH GRADE AND THE LIDS PAINTED BLUE TO MAKE THEM PLAINLY VISIBLE.

WATER VALVES SHALL BE COMPLETELY OPENED BY THE CONTRACTOR UPON FINAL ACCEPTANCE OF NEW WATER SYSTEMS IN THE PRESENCE OF UTILITY DEPARTMENT PERSONNEL.

ALL FIRE HYDRANTS SHALL BE CONSTRUCTED TO MAKE THEM EASILY ACCESSIBLE TO FIRE PERSONNEL IN CASE OF FIRE. THE MAIN NOZZLE CONNECTION SHOULD ALWAYS FACE THE STREET AND BE 16-18" ABOVE GRADE.

AS STANDARD PRACTICE, WATER MAINS SHALL BE INSTALLED 4 FEET OFF THE BACK OF CURB OR AS APPROVED BY THE CITY.

ALL WATER MAINS SHALL BE NSF-APPROVED FOR POTABLE WATER USE, AND SHALL HAVE A MINIMUM COVER OF 36 INCHES. IN SPECIAL CASES WHERE IT IS IMPOSSIBLE OR INAPPROPRIATE TO PROVIDE ADEQUATE COVER, DUCTILE IRON CLASS 350 OR CONCRETE ENCASEMENT MAY BE USED AS APPROVED BY THE CITY.

ALL PROPOSED WATER MAINS SHALL BE FLUSHED, DISINFECTED AND BACTERIOLOGICALLY CLEARED FOR SERVICE IN ACCORDANCE WITH LATEST AWWA STANDARDS AND THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION REQUIREMENTS.

WATER MAINS SHALL BE AWWA C-900 CL 150 OR D.I.P. CLASS 350 STANDARD CEMENT LINED.

UPON CONSTRUCTION COMPLETION AND ACCEPTANCE OF THE SYSTEM, IT SHALL BE THE DESIGN ENGINEER'S RESPONSIBILITY TO ENSURE THAT THE SYSTEM IS PROPERLY CERTIFIED AND ACCEPTED BY THE HEALTH DEPARTMENT, AND THAT CERTIFIED AS-BUILT DRAWINGS ARE PROVIDED TO THE CITY PRIOR TO PAVING AND ANY USE OF THE SYSTEM. PROVIDE THREE (3) BLUELINE COPIES AND ONE (1) MYLAR OF AS-BUILT DRAWINGS.

MEGALUG OR EQUIVALENT, RESTRAINED JOINT SYSTEM MAY BE USED ON ALL RESTRAINED FITTINGS, VALVES, ETC. MINIMUM DEPTH OF BURY ON PIPES NOT MEETING REQUIRED COVER REQUIREMENTS SHALL FOLLOW THE MOST RECENT DIPRA THRUST RESTRAINT DESIGN GUIDELINES.

WATER SYSTEMS SHALL BE PRESSURE TESTED AT 150 PSI STATIC PRESSURE FOR A PERIOD OF 2 HOURS PER AWWA STANDARDS. TESTS SHALL BE CONDUCTED BEFORE FINAL PAVING AND IN THE PRESENCE OF THE CITY'S INSPECTOR.

ALL WATER SERVICES SHALL BE MARKED WITH A "^" SAWCUT INTO THE CURB OR BY METAL TABS SET INTO THE PAVEMENT.

ALL WATER VALVES AND BLOW-OFFS SHALL BE MARKED WITH AN "X" SAWCUT INTO THE CURB OR BY METAL TABS SET INTO THE PAVEMENT, LOCATION OF METAL TABS IN INCHES FROM EDGE OF PAVEMENT SHALL EQUAL DISTANCE IN FEET FROM EDGE OF PAVEMENT TO VALVE.

WATER SERVICES SHALL NORMALLY BE DOUBLE 1 1/2" SERVICES LOCATED AT SIDE LOT LINES. IN INSTANCES WHERE SERVICES NEED TO BE OFFSET, 1" SINGLE SERVICES SHALL BE SPECIFIED. THESE SERVICES MAY BE OFFSET A MAXIMUM OF 5.0'.

UNIFLANGE 1300 SERIES PIPE RESTRAINTS AS MANUFACTURED BY FORD OR APPROVED EQUAL MAY BE USED AS APPROPRIATE FOR RESTRAINING IN-LINE PRESSURE PIPE EACH SIDE OF PIPE JOINT, AS REQUIRED BY RESTRAINT TABLE.

TRACING WIRE SHALL BE INSTALLED IN ACCORDANCE WITH UTILITY PIPE LOCATION MATERIALS DETAIL.

NO GALVANIZED PIPE, FITTINGS, ETC. ARE ACCEPTED.

ALL WATER METERS SHALL BE INSTALLED AT THE RIGHT OF WAY LINE ONLY REGARDLESS OF SIZE.

ROADWAY CONSTRUCTION NOTES

ALL RIGHT OF WAY OTHER THAN ROADWAY AREAS SHALL BE SEEDED AND MULCHED OR SODDED. THE CITY RESERVES THE RIGHT TO REQUIRE SODDING IN SPECIAL AREAS WHERE EROSION IS A CONCERN.

THE FOLLOWING WILL BE THE STANDARD PROTECTION FOR DITCHES UNLESS DRAINAGE CALCULATIONS INDICATE OTHERWISE:

SWALE PROFILE GRADES	PROTECTION REQUIRED
0.2% - 1.0%	SEEDING AND MULCHING
1.0% - 4.0%	SODDING
4.0% AND GREATER	DITCH PAVING

ALL FRANCHISE UTILITY CROSSINGS, INCLUDING BUT NOT LIMITED TO FPL, BELLSOUTH AND CABLE SHALL BE INSTALLED PRIOR TO INSTALLATION AND COMPACTION OF THE ROAD SUB BASE. ANY CROSSINGS AFTER INSTALLATION OF THE SUB BASE SHALL BE BY DIRECTIONAL BORE.

THE LIMITS OF STABILIZED SUB BASE SHALL EXTEND TO A DEPTH OF SIX INCHES (6") BELOW THE BOTTOM OF THE BASE AND OUTWARD TO TWELVE INCHES (12") BEYOND THE CURB.

THE STABILIZING MATERIAL IF REQUIRED, SHOULD BE A HIGH BEARING VALUE SOIL, SAND-CLAY, LIMEROCK, RECYCLED CONCRETE, SHELL OR OTHER MATERIAL AS APPROVED BY THE CITY AND A LICENSED SOILS ENGINEER.

THE SUB BASE SHALL BE STABILIZED NOT LESS THAN FORTY (40) POUNDS LIMEROCK BEARING RATIO (LBR). A COMPACTION OF NO LESS THAN NINETY-EIGHT (98%) PERCENT DENSITY BASED ON AASHTO T-180 SHALL BE REQUIRED.

TESTS FOR SUB BASE BEARING CAPACITY AND COMPACTION SHALL BE DONE AT A MINIMUM OF EVERY 300 FEET AND SHALL BE STAGGERED TO THE LEFT, RIGHT AND AT CENTER LINE OF THE ROADWAY.

BASES FOR ALL STREETS SHALL HAVE A MINIMUM SIX INCH (6") DEPTH. PRIMING AND SANDING SHALL BE REQUIRED AS SOON AS BEARING CAPACITY AND COMPACTION HAS BEEN ACHIEVED.

RECYCLED CONCRETE OR LIMEROCK BASES SHALL BE COMPACTED TO (98 %) MAXIMUM DENSITY BASED ON AASHTO T-180 MODIFIED PROCTOR TEST.

RECYCLED CONCRETE MIX DESIGNS SHALL BE SUBMITTED TO THE CITY FOR APPROVAL PRIOR TO START OF SUB BASE PREPARATION.

CEMENT DELIVERY TICKETS SHALL BE PROVIDED TO THE CITY AT THE TIME OF PLACEMENT.

TESTING OF THE IN-PLACE BASE SHALL BE DONE AT INTERVALS EQUIVALENT TO SUB BASE TESTING AND SHALL CONSIST OF, AS A MINIMUM, MOISTURE CONTENT AND COMPACTION TEST.

DESIGN MIXES SHALL BE SUBMITTED TO THE CITY FOR THEIR APPROVAL NO LESS THAN THREE (3) WORKING DAYS PRIOR TO ANY ROADWAY CONSTRUCTION.

ASPHALT SPECIFICATIONS SHALL BE SUBMITTED BY THE DESIGN ENGINEER WITH FINAL PLANS TO THE CITY. FLORIDA STATE CERTIFIED BATCH PLANTS MUST THEN CERTIFY THAT THESE APPROVED SPECIFICATIONS HAVE BEEN MET.

EXTRACTION AND GRADATION TESTS ON ASPHALT MIXES SHALL BE PROVIDED TO THE CITY TO INSURE THAT DESIGN MIXES MEET THE CITY STANDARD SPECIFICATIONS.

THE ROADWAY CROWN SHALL HAVE A STANDARD ONE QUARTER INCH (1/4") PER FOOT SLOPE.

ALL ROADWAYS WITH CURB AND GUTTER SECTIONS SHALL HAVE AS A STANDARD A MINIMUM LONGITUDINAL SLOPE OF 0.30

THE FINISHED PAVEMENT EDGE SHALL BE WITHIN ONE QUARTER INCH (1/4") OF THE ADJACENT CONCRETE CURB.

CONCRETE CURBS SHALL BE PROVIDED ON BOTH SIDES OF ALL STREETS AND CONSTRUCTED WITH 2500 PSI CONCRETE AT 28 DAYS.

CONCRETE CURBS SHALL BE SAW CUT TO A DEPTH EQUAL TO 1/4 OF CURB THICKNESS AT INTERVALS OF TEN FEET (10') WITH EXPANSION JOINTS AT STREET INTERSECTIONS, STRUCTURES AND ALONG CURVES AT SIXTY FEET (60') INTERVALS. ALL EXPANSION JOINT MATERIAL IS REQUIRED TO BE INSTALLED THROUGH THE ENTIRE DEPTH OF THE CONCRETE CURB.

AN "X" SHALL BE CUT IN THE CURB TO MARK THE LOCATION OF WATER DISTRIBUTION SYSTEM VALVE.

AN "T" SHALL BE CUT INTO THE CURB TO MARK THE LOCATION OF ALL VALVES OTHER THAN WATER DISTRIBUTION VALVES.

A "V" SHALL BE CUT IN THE CURB TO MARK THE LOCATION OF ALL SEWER SERVICES.

A "L" SHALL BE CUT IN THE CURB TO MARK THE LOCATION OF ALL RECLAIMED WATER SERVICES.

A "^" SHALL BE CUT IN THE CURB TO MARK THE LOCATION OF ALL WATER SERVICES.

THREE (3) CONCRETE CYLINDERS SHALL BE TAKEN AND TESTED FOR EVERY THREE HUNDRED (300) FEET OF ROADWAY CONSTRUCTED. TEST RESULTS SHALL THEN BE PROVIDED TO THE CITY AS THEY BECOME AVAILABLE.

THE DEVELOPER SHALL PROVIDE ALL REQUIRED PAVEMENT MARKINGS ON ALL ROADWAYS PER CITY, COUNTY AND STATE REQUIREMENTS. CENTERLINE STRIPES SHALL BE PROVIDED ON EXTENSIONS OF CITY COLLECTOR OR ARTERIAL ROADS, COUNTY ROADS AND STATE HIGHWAYS ONLY.

STOP BARS SHALL BE PLACED AT ALL SUBDIVISION ENTRANCES AND INTERSECTIONS CONTAINING CITY COLLECTOR AND ARTERIAL ROADS, COUNTY ROADS AND STATE HIGHWAYS.

ALL TRAFFIC CONTROL DEVICES PLACED AT INTERSECTIONS, PRIVATE STREETS, PUBLIC STREETS, COUNTY ROADS AND STATE HIGHWAYS WITHIN THE CITY LIMITS SHALL BE INSTALLED ACCORDING TO THE MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES, LATEST EDITION.

THE DEVELOPER IS RESPONSIBLE FOR PAYING FEES FOR ALL STREET LIGHTS PRIOR TO ACCEPTANCE OF THE PROJECT BY THE CITY.

STANDARD TURNING RADII FOR INTERSECTIONS:

3-LANE ACCESS OR FEEDER	35'
LOCAL TO COLLECTOR	35'
LOCAL OR COLLECTOR TO ARTERIAL	40'
ARTERIAL TO ARTERIAL	50'

CITY INSPECTOR SHALL BE PRESENT DURING PAVING OF ALL PUBLIC AND PRIVATE ROADS. PAVING SHALL BE PERFORMED DURING NORMAL BUSINESS HOURS, MONDAY THROUGH FRIDAY. PAVING DURING WEEKENDS IS NOT PERMITTED.

CONSTRUCTION METHODS AND DESIGN FOR CONCRETE PAVEMENT SHALL CONFORM TO FDOT STANDARD SPECIFICATION FOR ROAD AND BRIDGE CONSTRUCTION, LATEST EDITION.

ALL CONTRACTORS THAT ARE PERFORMING THE CONSTRUCTION OF PUBLIC IMPROVEMENTS (WATER MAIN, SANITARY SEWER MAIN, RECLAIMED WATER MAIN, STORM WATER PIPES AND INLETS AND ALSO CONSTRUCTION OF ROADWAYS) SHALL BE CERTIFIED WITH THE FLORIDA STATE DEPARTMENT OF PROFESSIONAL REGULATIONS (DPR) FOR THE TYPE OF WORK THAT THEY PERFORM. A COPY OF THE VALID LICENSE IS REQUIRED AT PRE CONSTRUCTION MEETING.

UTILITY DEPTH:

- HIGH VOLTAGE UTILITIES SUCH AS POWER (FEEDER, SERVICE AND DROPS) SHALL BE BURIED A MINIMUM OF 30 INCHES IN DEPTH.
- LOW VOLTAGE UTILITIES SUCH AS PHONE AND CABLE TV SHALL BE BURIED A MINIMUM OF 12 INCHES IN DEPTH FOR FEEDER AND SERVICES. SERVICE DROPS SHALL BE BURIED A MINIMUM OF 6 INCHES IN DEPTH.
- HIGH VOLTAGE UTILITIES INSTALLED PARALLEL TO PRESSURE MAINS SHALL MAINTAIN A MINIMUM FIVE FOOT SEPARATION.

GEOTECHNICAL TESTING REPORTS SIGNED AND SEALED BY A PROFESSIONAL ENGINEER SHALL BE SUBMITTED TO THE CITY OF ORMOND BEACH PRIOR TO FINAL SIGN OFF. REPORTS SHALL CLEARLY LABEL PROJECT NAME AND PHASE.

SITE DATA

1. EXISTING ZONING: R-2
PROPOSED ZONING: PRD

PLANNED RESIDENTIAL DEVELOPMENT (PRD)
SECTION 2-26 CITY OF ORMOND BEACH
LAND DEVELOPMENT CODE

PERMITTED USES: SINGLE FAMILY HOMES, TOWNHOMES, AND MULTI-FAMILY CONDOMINIUMS

2. DENSITY REQUIREMENTS
FUTURE LAND USE MAP: LOW DENSITY RESIDENTIAL
MAX. DENSITY REQUIREMENT OF 4.0 UNITS PER ACRE

OVERALL DENSITY OF PROPOSED DEVELOPMENT:
122 UNITS/147 ACRES = 0.83 UNITS/ACRE

SINGLE FAMILY ESTATE LOTS SUB AREA DENSITY:
5 UNITS/4.59 ACRES = 0.98 UNITS/ACRE

TENNIS COURT CONDOS SUB AREA DENSITY:
30 UNITS/7.55 ACRES = 3.78 UNITS/ACRE

TENNIS COURT TOWNHOMES SUB AREA DENSITY:
5 UNITS/1.35 ACRES = 3.70 UNITS/ACRE

GOLF COURSE CONDOS SUB AREA DENSITY:
54 UNITS/6.96 ACRES = 7.84 UNITS/ACRE

TOWNHOMES SUB AREA DENSITY:
30 UNITS/7.45 ACRES = 4.04 UNITS/ACRE

3. DIMENSIONAL REQUIREMENTS
ENTIRE SITE AREA: 147 AC
PROJECT AREA: 1,446,706.36 SF (33.21 AC)

MINIMUM PARCEL SIZE OF 5 ACRES REQUIRED
SITE AREA PROVIDED 147 AC.

MAXIMUM BUILDING HEIGHT OF 40' REQUIRED
MAX. 40' BUILDING HEIGHT PROVIDED

200 - FOOT MINIMUM SEPARATION FOR STRUCTURES OF MULTI-FAMILY AND ASSOCIATED PARKING FROM A A SINGLE FAMILY ZONING DISTRICT.
201.20 FEET PROVIDED

40-FOOT MINIMUM SETBACK REQUIRED (OTHER THAN MULTI-FAMILY USE)
165-FOOT MINIMUM SETBACK PROVIDED

4. INTERIOR ROAD SYSTEM
40-FOOT RIGHT OF WAY PROPOSED FOR INTERIOR ROADS

5. PARKING REQUIREMENTS

5.1 COUNTRY CLUB, GOLF COURSE AND TENNIS CENTER
100 SEAT RESTAURANT
40 SEAT BAR
296 SEAT BANQUET HALL
2,824 S.F. PRO SHOP
18 HOLE GOLF COURSE
6 TENNIS COURTS
7,375 S.F. TENNIS CENTER

PARKING REQUIREMENTS:
1 SPACE PER 4 SEATS - RESTAURANT AND BAR
(81 SEATS/4 = 46 SPACES

1 SPACE PER 3 SEATS - BANQUET HALL
296 SEATS/3 = 99 SPACES

3 SPACES PER HOLE - GOLF COURSE
18 HOLES * 3 = 54 SPACES

1 SPACE PER 250 S.F. - PRO SHOP
2,824 S.F. / 250 = 11 SPACES

2 SPACES PER TENNIS COURT
6 COURTS * 2 = 12 SPACES

1 SPACE PER 250 S.F. - TENNIS CENTER
7,375 / 250 = 30 SPACES

TOTAL SPACES REQUIRED = 241 SPACES
HANDICAPPED SPACES REQ'D = 7 SPACES

PARKING PROVIDED:
TOTAL PROVIDED: 241 SPACES
HANDICAPPED SPACES PROVIDED: 8 SPACES

5.2 TOWN HOMES
30 TOWN HOME UNITS
1 GUEST SPACE REQUIRED PER 2 UNITS
30 UNITS / 2 = 15 SPACES
HANDICAPPED SPACES REQ'D = 1 SPACE

PARKING PROVIDED:
TOTAL PROVIDED: 16 SPACES
HANDICAPPED SPACES PROVIDED: 1

5.3 GOLF COURSE CONDOMINIUMS
54 CONDOMINIUM UNITS
2 SPACES REQUIRED PER UNIT + 1 GUEST SPACE PER 4 UNITS
54 UNITS * 2 = 94 UNITS / 4 = 122 SPACES
HANDICAPPED SPACES REQ'D = 6 SPACES (2 PER BUILDING)

PARKING PROVIDED:
TOTAL PROVIDED:
150 GARAGE SPACES + 32 SURFACE PARKING = 182 SPACES
HANDICAPPED SPACES PROVIDED: 8

5.4 TENNIS COURT CONDOMINIUMS
30 CONDOMINIUM UNITS
2 SPACES REQUIRED PER UNIT + 1 GUEST SPACE PER 4 UNITS
30 UNITS * 2 = 38 UNITS / 4= 68 SPACES
HANDICAPPED SPACES REQ'D = 4 SPACES (2 PER BUILDING)

PARKING PROVIDED:
TOTAL PROVIDED:
56 GARAGE SPACES + 12 SURFACE PARKING= 68 SPACES
HANDICAPPED SPACES PROVIDED: 4

5.5 SINGLE FAMILY ESTATE LOTS
FULL ON-SITE PARKING PROVIDED

6. LANDSCAPE AND UTILITY LINES
ALL COMMON AREAS SHALL BE LANDSCAPED AND IRRIGATED

7. RECREATIONAL FACILITIES
THE PROJECT INCLUDES GOLF, TENNIS, AND SWIMMING FACILITIES

7.1 INDOOR RECREATION:
INDOOR RECREATION REQUIRED:
30 S.F. PER DWELLING UNIT= 30 S.F.*122 UNITS = 3,660 S.F.

INDOOR RECREATION PROVIDED:
7,375 S.F. TENNIS CENTER + 10,348 S.F. CLUBHOUSE = 17,821 S.F.

7.2 OUTDOOR RECREATION:
OUTDOOR RECREATION REQUIRED:
60 S.F. PER DWELLING UNIT= 60 S.F.*122 UNITS = 7,320 S.F.

OUTDOOR RECREATION PROVIDED:
GOLF, TENNIS AND POOL AREAS PROVIDED EXCEED REQUIREMENTS

7.3 GOLF, TENNIS AND POOL RECREATION SITES WILL COMPLY WITH ALL GENERAL SITE PLAN DESIGN AND CONSTRUCTION STANDARDS.

7.4 COMMON ACCESSIBLE OPEN SPACE
COMMON ACCESSIBLE OPEN SPACE REQUIRED:
30 S.F. PER DWELLING UNIT = 30 S.F.*122 UNITS = 3,660 S.F.

COMMON ACCESSIBLE OPEN SPACE PROVIDED:
GOLF COURSE WILL BE OPEN TO THE PUBLIC AND EXCEED REQUIREMENTS

7.5 NATURAL STATE:
20% OF THE PROJECT REQUIRED TO BE LEFT IN A NATURAL STATE

ONLY 33.21 ACRES OUT OF 147 ACRES WILL BE UTILIZED FOR DEVELOPMENT
OVER 20% OF THE PROJECT WILL REMAIN IN ITS NATURAL STATE

8. SUPPLEMENTAL REQUIREMENTS
FENCES: LOCATION OF FENCES ARE SHOWN ON DEVELOPMENT PLANS

LIGHTING: LIGHTING FOR THE PROJECT IS SHOWN ON THE PLANS

DEED RESTRICTIONS AND COVENANTS: NO AMENDMENTS TO THE DEED RESTRICTIONS AND COVENANTS SHALL BE MADE WITHOUT PERMISSION OF THE CITY

UNITY OF TITLE: ALL LAND WITHIN THE TOMOKA OAKS GOLF VILLAGE PRD IS UNDER THE CONTROL OF THE APPLICANT

LANDSCAPE NOTES:

1. The Landscape Contractor shall be responsible for all materials and all work as called for on the Landscape Plans and in the Landscape Specifications. In the event of variation between quantities shown on plant list and the plans, the plans shall control. The Landscape Contractor shall verify all quantities and report any discrepancies at the time of bidding.
2. The Landscape Contractor shall review architectural/engineering plans and become thoroughly familiar with surface and subsurface utilities.
3. Every possible safeguard shall be taken to protect building surfaces, equipment and furnishings. The Landscape Contractor shall be responsible for any damage or injury to person or property which may occur as a result of negligence in the execution of the work.
4. The work shall be coordinated with other trades to prevent conflicts. Coordinate the planting with the irrigation work to assure availability and proper location of irrigation items and plants.
5. All planting shall be performed by personnel familiar with planting procedure and under the supervision of a qualified planting foreman.
6. All plant material shall be graded Florida No. 1 or better as outlined under Grades and Standards for Nursery Plants, Part I and II, published by the Florida Department of Agriculture and Consumer Services or to the standards as given in the latest "American Standard for Nursery Stock," American National Standards Institute.
7. The Landscape Architect or Owner shall have the right, at any stage of the operations, to reject any and all work and materials which, in his opinion, do not meet with the requirements of these specifications.
8. Except as otherwise specified, the Landscape Contractor's work shall conform to accepted horticultural practices as used in the trade.
9. The minimum acceptable size of all plants, measured after pruning, with branches in normal positions, shall conform to the measurements specified on the plant list, or as indicated on the Landscape drawings. Height and spread dimensions refer to main body of the plant and not extreme branch tip to tip. The caliper of tree trunks is to be taken one foot above the ground level.
10. Plants shall be protected upon arrival at the site, by being thoroughly watered and properly maintained until planted.
11. All tree pits shall be excavated to size and depth in accordance with the USDA Standard for Nursery Stock 260.1, unless shown otherwise on the drawings, and backfilled with the specified planting soil. The Landscape Contractor shall test fill all tree pits with water before planting to assure proper drainage percolation is available.
12. The Landscape Contractor shall be responsible for proper watering of all plants. All plants shall be thoroughly watered at time of planting and kept adequately watered until time of acceptance. It shall be the Landscape Contractor's responsibility to assure that plants are not over watered.
13. It shall be the Landscape Contractor's responsibility to prevent plants from falling or being blown over, to reset/replant and replant all plants which lean or fall and to replace all plants which are damaged due to lack of proper support or staking. The Landscape Contractor shall be legally liable for any damages caused by instability of any plant material.
14. All trees and all palms shall be guyed or staked or braced. The Landscape Contractor shall determine which small or multi-trunk trees need to be guyed and staked to maintain plants. Staking of trees and shrubs, if required, shall be done as per staking and guying detail prepared by the Landscape Architect. It shall be the responsibility of the Landscape Contractor to remove guys and stakes from the trees and job site after a period of 90 days.
15. Plants blown over by high winds, within the guaranteed period, shall not be cause for additional expense to the Owner, but shall be the responsibility of the Landscape Contractor. Damaged plants shall be replaced by the Landscape Contractor at no additional cost to the Owner.
16. Sod shall be certified to be free of the imported fire ant. Sod shall have a dense growth of acceptable grass, reasonably free of weeds with not less than 1 1/2" of soil firmly adhering to roots. It shall be the responsibility of the Landscape Contractor to measure and determine the exact ground required. This amount shall be verified with the Owner or Landscape Architect before installation.
17. The Landscape Contractor shall insure adequate vertical drainage in all plant beds, planters, and sod areas. Vertical drilling through any compacted fill to native soil shall be accomplished to insure drainage. If such drained fill is necessary to assure positive drainage, this issue shall be brought up by the Landscape Contractor at time of bidding.
18. The Landscape Contractor shall insure that his work does not interrupt established or projected drainage patterns.
19. The Landscape Contractor shall prune, shape and remove dead foliage/limbs from existing plant material to remain. Confirm with the Landscape Architect or Owner the extent of work required at time of bidding.
20. Mulch - All plant beds shall be top dressed with 3" shredded hardwood mulch (or approved equal).
21. Transplanted Material - The Landscape Contractor shall be responsible for determining and evaluating which plant materials are suitable for transplanting and shall verify this with the Landscape Architect or Owner. The Landscape Contractor shall take all reasonable, horticulturally acceptable measures to ensure the successful transplanting of determined plant materials. The Landscape Contractor shall be responsible for replacing any relocated plant materials which die if such measures are not taken, as determined by the Landscape Architect or Owner. Replacement plants shall be of identical species and size if required.
22. MAINTENANCE PRIOR TO FINAL INSPECTION AND ACCEPTANCE:

    Maintenance shall commence after each plant is planted and the maintenance period shall continue until the job or possible phase of the job is accepted by the Landscape Architect or Owner. Extreme care shall be taken to instruct the Owner or his representatives in general maintenance procedures.

    Plant maintenance shall include watering, pruning, weeding, cultivating, mulching, tightening, and repairing of guys, replacement of stakes or dead plants, resetting plants to proper grades or upright positions and restoration of the planting saucer and all other care needed for proper growth of the plants.

    During the maintenance period and up to the date of final acceptance, the Landscape Contractor shall do all necessary spraying and/or dusting of trees and shrubs. Upon completion of all planting, an inspection for acceptance of work will be held. The Landscape Contractor shall notify the Landscape Architect or Owner for scheduling of the inspection 10 days prior to the anticipated date.

    At the time of the inspection, if all of the materials are acceptable, a written notice will be given by the Landscape Architect or Owner to the Landscape Contractor stating the date when the Maintenance Period ends.

    GUARANTEE AND REPLACEMENT:

    All plant materials shall be guaranteed for one (1) year from the time of final inspection and interim acceptance shall be alive and in satisfactory growth for each specific kind of plant at the end of the guaranteed period.

    At the end of the guarantee period, any plant required under this contract that is dead or not in satisfactory growth, as determined by the Owner or the Landscape Architect, shall be removed and replaced. Replacement plants shall have an extended guarantee, as noted above, from time of replacement.

    All replacements shall be planted of the same kind and size as specified on the plant list. They shall be the responsibility of the Landscape Contractor.

Tomoka Oaks Homes Sales
During the Active Tomoka Oaks Golf Village Development Order: PRD-06-32

1. There were approximately 138 homes sold in Tomoka Oaks from 10/17/2006 - 10/17/2014
2. Of those 138 homes sold, 87 homes were identified by the MLS as either being on the golf course or in a golf course community as indicated in the LAND and in the MISCELLANEOUS fields:

> **Land:** Golf Course Community; On Golf Course;
> **Land:** On Golf Course
> **Land:** On Golf Course; Wooded
> **Land:** Corner Lot; On Golf Course
> **Land:** Corner Lot; Golf Course Community
>
> **Miscellaneous:** Golf Community

3. Of those 87 homes, the REMARKS field on the MLS sheet identified the golf course in the home's description. Example "remarks" taken from MLS sheets:

   - Located on the 18th green
   - On 13th green
   - Backs up to the 7th fairway and green
   - View of golf course
   - On the golf course
   - Exceptional golf course living
   - Lowest priced golf course home
   - Located in the golf course community of Tomoka Oaks
   - Tomoka Oaks golf course home
   - On Golf Course in Tomoka Oaks
   - Directly across the street from Tomoka Oaks Golf Course
   - Golf course is right across the street
   - Looks out over the Tomoka Oaks Golf Course
   - Tomoka Oaks, a well established neighborhood and a golf course community

4. All 87 MLS sheets are attached. Addresses in the index are clickable.

Remarks: Appraised in June 2008 for $350,000! 4 bedroom / 3 bath pool home centrally located in the heart of Tomoka Oaks on a quiet cul de sac. Tiled foyer offers a view of the family room's soaring cathedral ceiling and brick, remote control, gas fireplace. Recent remodel opened up the kitchen, formal dining and living room areas for a more flowing floor plan. Enjoy views of the luxurious pool and the very private backyard from the kitchen where there is a good-sized pantry and inside laundry. The master suite has an oversized shower, huge walk in closet, and plenty of room for a king sized bed. The other, first floor bedroom offers a great opportunity for in laws with its own bathroom and view of the pool. The 2nd floor boasts two bedrooms, a bathroom, and a 13 x 13 loft at the top of an ope

Remarks: NESTLED AMONG GIANT TREES, this comfortable home features lots of livability and value. The motivated seller has just reduced this well maintained Tomoka Oaks golf course home over $70,000. Conveniently located in the heart of Ormond Beach, this property is within walking distance of the Trails shopping center, churches, public transportation and grocery stores. The pretty bay window, in the living room, greets you with lots of light as you walk in the front door. Notice the large family room and four bedrooms. The huge screened porch overlooks the 4th green and fairway, and is perfect for large family gatherings and casual entertaining. Beautifully shrubbed and landscaped, this property is one you will be proud to own. Here is a great opportunity to be on a golf course property at a ver

Remarks: Fantastic Pre-Foreclosure Opportunity!Nice ranch style home located directly across the street from Tomoka Oaks Golf Course! This is a home that anyone will enjoy as it features a large living area complete with a fireplace, four nice sized bedrooms and one that could be utilized as a home office as it is separate from the other bedrooms. The kitchen is very functional with a new stove and refrigerator and a computer area for additional counter space. New windows and roof were installed in 2003. Neutral color tile throughout the home except in the bedrooms which has new carpeting. The private + lovely landscaped back yard has plenty of room for a swimming pool if so desired and even has a new well pump for irrigation. This home is convenient to shopping, hospitals + schools and GOLF!

Remarks: NO WAY...IN ORMOND?...Fantastic 3 bedroom 2 bath concrete block home with excellent curb appeal in Ormonds Tomoka Oaks Golf Community! New Hurricane impact windows, water softener, irrigation system and attic insulation in 2010 and new roof in 2005. This family home features formal living room, dining area and separate family room, breakfast nook, updated kitchen with corian counters as well as a skylight for natural lighting. The large master bedroom has plenty of closet space as does the entire house. Newer tile in the foyer, kitchen & living area. Inside laundry room and over sized two car garage with lots of parking space. Fenced backyard, pavered patio and sidewalk and large gate for that boat or RV parking. You will LOVE the screened front and back porches. Homeowners Association Fe

Util for Land Only: City Water; Electric; Sewer; Well

Remarks: Central Location! Tomoka Oaks. Beautiful Setting! The 18th Fairway. Terrific Lot! High on a hill. This is a wonderful family home with lots of space. Just off the entry is the large formal living and dining areas. The newly remodeled kitchen sits central to both formal and informal areas of this spacious home. Thru the kitchen off the dining area you enter the huge family room with a wood burning brick faced fireplace and room for casual dining or watching you favorite TV shows from your comfortable easy chair or sofa. Adjacent to the family room, kitchen and dining space is a large glass enclosed patio,(wall air conditioner) looking onto the 18th fairway. Back thru the family room is the big main floor master suite complete with a walk in closet, a generous bath with jetted tub and walk i

Remarks: BANK APPROVED PRICE UNTIL FEBRUARY 11, 2013.Accepting back-up offers.A 5 Bedroom, 3.5 bath heated salt water pool home with a sprawling lanai that boasts a beautiful, yet private view of the 11th green of the Tomoka Oaks Golf Course. Exceptional stone work, massive bonus room, brand new marble bar that includes a wine chiller. Completely updated interior that includes a massive stone fireplace for those rare winter nights. The fifth bedroom is downstairs and has been converted into a home office, but could be a mother-in-law suite as well. No detail was overlooked and no expense was spared, from the soft close drawers to the custom made window treatments that are surrounded elegantly by beautifully installed crown molding. The huge island makes the kitchen a cook's dream. Economically,

Remarks: -Paradise Awaits! This gorgeous home is perfectly situated in a pristine, park-like setting. The vibrant greens and pops of color are a pleasing contrast with the traditional brick architecture. Youll constantly feel the outdoors coming in whether seated in the living room with double sliders to the pool or looking out the oversized kitchen windows. Every meal will be a breeze with the Gourmet Chef's Delight Kitchen! Recent top of the line makeover includes stainless appliances, gas cook top, double oven, additional refrigeration space in the Sub Zero refrigerator drawers that can be used for temperature controlled wine storage as well as party platters and fresh foods, under counter cabinet designed to store mixer, breakfast bar, and beautiful wood cabinets complimented by a strikin

Remarks: DELIGHTFUL house in charming and convenient Tomoka Oaks! The spacious corner lot on a quiet street sets the tone for the generously sized living and bedroom dimensions inside. Meticulously cared for by only its second owner, this home promises something for everyone. The peaceful covered front porch allows for chairs and seasonal d□cor to greet guests before they enter the large foyer. A beautifully updated kitchen easily serves the eat in nook area or the formal dining table while overlooking the 29 x 14 living room perfect for family gatherings or entertaining. The master suite has ample space for large furnishings, sitting room, a desk, or even exercise equipment. It also features a dressing area adjacent to the bathroom and walk in closet. On the opposite side of the house, youll fin

Tomoka Oaks Homes Sales
During the Expired Tomoka Oaks Golf Village Development Order: PRD-06-32

1. There were approximately 156 homes sold in Tomoka Oaks from 10/18/2014 - 12/22/2020

2. Of those 156 homes sold, 108 homes were identified by the MLS as either being “on the golf course” or in a “golf course community” as indicated in the LAND, MISCELLANEOUS, and REMARKS fields of the MLS sales sheet.

3. All 108 MLS sheets are attached. Addresses in the index are clickable.

Remarks: Love an All-Natural Setting with Pool on the Golf Course? Does coquina rock, lush outdoor landscaping and a beautiful sun tunnel and glass atrium in the family room sound like your style? This California Contemporary pool home is directly on the Tomoka Oaks Golf Course and is designed to feel like you are living outdoors. 2 large sliders open from the family room to the lush backyard and onto the golf course. A coquina stone fireplace, open floor plan with beautiful live atrium grace the family room. Great for family and friend gatherings the home includes an entertainment bar room with seating, open to the family room and a formal dining room that looks out onto the atrium and family room. The kitchen has been updated with new cabinets, granite countertops, a wine bar, pull-out cabinets

Remarks: Beautiful Tomoka Oaks is an established, golf course community conveniently located in the heart of Ormond Beach. This lovely 3 bedroom, split planned home is inviting, light and bright, offering wood flooring and tile in the kitchen. Soaring ceilings greet you upon entering the living/dining area with a full view of the kitchen and windows looking out back to your private back yard. Located in a cul de sac, you have wide sides to the home and are not on top of your neighbors. The master bedroom is good sized and is located on one side of the home back by the big family room with stone faced fireplace. The other 2 bedrooms are on the other side of the home with a jack and jill bathroom. The garage sits lower on the lot with a fenced yard and side entry for another car. Come see this nic

Remarks: This amazing property with extensive details throughout is ready to be your new HOME! Enjoy the welcoming curb appeal with mature landscaping, professional planters, and a large porch which boasts a delightful swing. Opening the front door reveals an expansive great room with stately brick fireplace, sun tunnels allowing in natural light, and enough open space for multiple furniture arrangement options. Decorative glass offers a subtle backdrop to suit any decor and provides only a peak at the hidden treasure - a completely remodeled kitchen that is sure to delight any chef! Not a single element was missed in designing this heart of the home - there is an abundance of storage, a 10 foot island, seating area with TV, double ovens (one oversized and one regular), soft touch drawers,

Remarks: Terrific, well maintained family home on golf course and across from river. Impressive 10 ft front door makes a statement upon entry to foyer. Split plan boasts 4 huge bedrooms, each with 9 ft ceilings, balconies, direct bathroom access & large closets. Master bedroom suite features modern spa-like bath w/garden tub, tiled shower and enormous walk-in, split custom closet. Cathedral ceilings & architecturally designed windows allow plenty of natural light and parquet wood floors flow throughout main living spaces. The spacious kitchen has plenty of cabinet & counter space. Covered patio for outdoor entertaining, spacious & picturesque backyard flows to golf course with room for future pool, if desired. 800 SF, 2 car garage offers additional storage and work space. Newer HVAC units & more.

Remarks: Welcome home to a unique brick/ pool home nestled with mature oaks in the quiet golf community of Tomoka Oaks. This custom built brick home includes a half acre lot adjacent to the rear of the property. The home also boasts of twelve energy efficient solar panels that puts power back onto the grid. This will save you money each month and lower your monthly electric bills. The home has a split floor plan of 3 bedrooms including a master retreat and 2 bathrooms. The master bedroom has it's own office/study or sitting room with a private screened porch. The large kitchen opens by the den which has a fireplace and also opens to the family/game room. By the kitchen is a bar with a built in wine closet. Large windows line the formal living and dining room to view your beautiful oaks and

Remarks: Enjoy the heart of this home with a kitchen overlooking the family room and back yard! An abundance of cabinets can store an array of cooking accessories and there is plenty of counter space to accommodate them when following delicious recipes! For every day use, this multi purpose design could be breakfast bar seating for casual dining or a quick snack. The brick fire place balances all the natural light that flows in to the family room through the sliders to the enclosed porch. Both overlook a buffer of trees in the large backyard that is just waiting for a green thumb make over! The formal living room and dining room offer a great layout for entertaining, but also could easily be remodeled for a home office or other use.

Remarks: Location, Location, Location... This light and bright four bedroom home is located on a quiet street in sought after Tomoka Oaks... Home has foyer, formal living and dining areas and family room & eat in kitchen too!... Golfing community that is located close to Trails shopping center, restaurants, recreation and park area, and the beach is just a 10 minute drive... Neutral and tasteful decor ready for you to move right in... Pintrest inspired projects throughout this home add to the charm... Loads of storage and closet space and indoor laundry... This home also has (in addition to the true four bedrooms) another air conditioned room off the garage that could work well for an in-law or office separate from the rest of the house... Nice shaded lot with fresh landscaping.

Remarks: Desirable and highly sought after Tomoka Oaks pool home. Spacious 4 bedroom, 2 bath, true split floor plan. Hardwood floors and tile throughout. Kitchen is complete with granite countertops and stainless steel appliances. All of the rooms are generous in size and have beautiful plantation shutters. Surround sound in the family room as well as new sliding glass doors. As you step outside, you are greeted with a vacation style saltwater pool and spa. All patio furniture is yours to keep. Recent upgrades include: metal roof and carrier infinity AC with all new duct work and insulation installed in 2016. There are so many new items on this home, so take a look at the extensive upgrade list. Close to wonderful shopping and local restaurants! This home has it all!

Waterfront: Dock; Riverfront Home/Unit

Remarks: Remarkable riverfront pool home with dock sits high on the bluff in the very desirable Tomoka Oaks community. Lovely traditional architecture with long rocking chair porch is charming and somewhat misleading because upon entering the home you will be greeted by bright open spaces with vaulted ceilings and large panes of glass that allow light to pour in through an architecturally impressive great room that opens to the generous granite island kitchen. Accordion sliding glass doors create a wall of glass that can be completely open to the outdoor living space that offers a well appointed tiki bar, lanai and beautiful screened pool with southern exposure for year round sun.
