ii. Upon the request of the contractor, good cause shown by the Contractor, and a determination that the public health, safety

The service bond covers dishonest acts of the contractor's employees against the City. A copy of the bond shall be provided to the City when the agreement commences. Developing a plan that integrates arts into the City to create a sense of place, civic identity, and unique character will enhance the quality neighborhoods, vibrant natural features, and outstanding recreational opportunities that Ormond Beach is already known for. As the first arts Public Art Master Plan for the City, we are excited to explore Ormond Beach's creative assets and develop suitable and realistic goals and objectives, policies and procedures, financial strategies, and deliver a plan that will encourage and tailor installations and programs to the needs of current and prospective visitors, residents, and business owners.

We approach every project with the belief that every community is special and deserving of vibrant, culturally rich, fun places that reflect the best of who they are. Widespread willingness to invest and connect is, we believe, foundational to a thriving, resilient community in which all people can be happy and prosperous.

COMPANY BACKGROUND

DESIGNING LOCAL

PROJECT LEAD: PUBLIC ART PLANNING & COMMUNITY ENGAGEMENT

FIRM OVERVIEW

Founded in 2014, our firm was born from the belief that design, art, culture, historic preservation, and other important unique attributes of communities are often overlooked in the planning process. We bring an authentic curiosity and passion to our work.

We recognize that prosperity and economic development come from strategically planning and investing in our communities culture and unique assets. The result: better community relations, increased pride and ownership by stakeholders, and revered places that people and businesses naturally choose to be a part of. We seek to help communities grow their pride, realize their ability to influence the future, and create a prosperous community for all.

Our process is straightforward and simple. Through robust and creative public engagement we help to extract the story of the place in which we are working. We take that story, as told by the community itself, and help translate that into a unique, interesting, and powerful built environment.

OUR APPROACH

WE APPROACH PUBLIC ART AS ECONOMIC DEVELOPMENT

Investing in quality of life and sense of place is a key strategy for attracting and retaining businesses and residents. We work to bring the unique elements of your community to the forefront so you stand out.

WE TREAT CREATIVITY AS A CULTIVATED RESOURCE

Each community has a significant latent resource in the form of the creative energy of its residents. Our projects enable this energy to be focused toward building community pride, identity, and investment, and growing an environment that enables success for artists and creatives.

WE BELIEVE THAT CITIES SHOULD BE FUN

Whether a resident or visitor, spending time in cities should be enriching, enjoyable, and engaging. To put it simply, cities should be fun. We strive toward this ideal with all of our projects.

EXPERTISE

ARTS & CULTURE PLANNING

We work with communities to create policies, implementation plans, and review processes for public art and cultural facilities. We also manage the process for procuring art on behalf of our clients.

HISTORIC PRESERVATION

We prepare applications and provide compliance for federal and local historic tax credits. We also research historic places and generate the documentation, photography, and mapping required for the National Register of Historic Places and local registers.

COMMUNITY PLANNING

We collaborate with municipalities and the public to create plans for corridors, districts, parks, and neighborhoods. We also work with property owners and developers to test various approaches to site development and to determine associated yields.

PUBLIC ENGAGEMENT

We develop creative and effective methods for public input through interactive activities and strong communication. We build consensus around a strategic vision through graphic production, group discussions, and iterative feedback.

LANDSCAPE ARCHITECTURE

We design public spaces including parks, streets, open spaces, plazas, playgrounds, and gardens. We are able to provide all phases of technical documentation including construction documentation, cost estimating, and construction oversight.

WE'VE BUILT A PRACTICE AROUND OUR DESIRE TO CREATE VIBRANT, ENGAGING, & AUTHENTIC PLACES

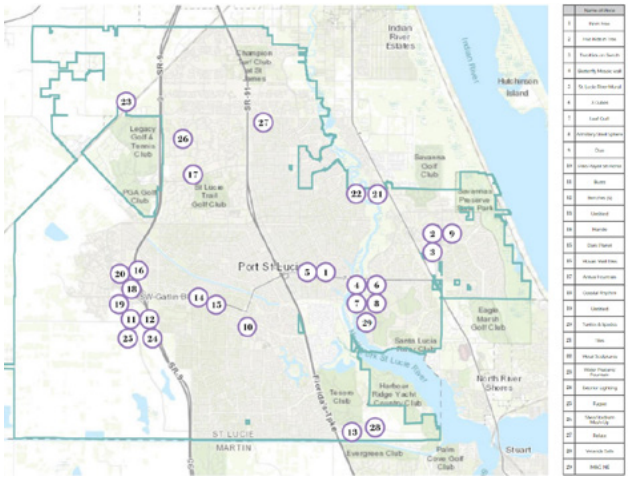
PORT ST. LUCIE ART IN PUBLIC PLACES MASTER PLAN & IMPLEMENTATION

PORT ST. LUCIE, FLORIDA

SEE THE FINAL PLAN HERE

The Public Master Plan takes an overarching look at the existing Art in Public Places program for the City while setting out a vision for the future and defining how public art will integrate into the success of the City. This Plan seeks to transform the Port St. Lucie Art in Public Places program into an efficient, resident-driven public service that delivers high quality public art that resonates for the people of Port St. Lucie. By defining the story of the city, establishing bold strategies, and conceptualizing impactful projects, this plan sets out a vision of a creative, fun, and high impact Art in Public Places Program in Port St. Lucie.

At the heart of an efficient and effective Art in Public Places program, are clear and strong policies. This plan creates such policies and gives clear guidance on how to manage the overall program, including policy for art acquisition, collection management, donation procedures, and maintenance. The plan itself is geared towards process and implementation as much as creativity and fun in order to deliver results for the community.



The final Public Art Master Plan explains the existing Art in Public Places program, lays out a vision for where it should go in the future, and puts forth concrete steps that the city can take in order to make the vision a reality. The focus on using public art was to create remarkable places in Port St. Lucie that connect residents with their community, creates an identity for the city, further advance the goals of the city and its residents. Designing Local has continued to provide art implementation for the last 2 years.

PINELLAS PARK PUBLIC ART PLAN

PINELLAS PARK, FLORIDA

SEE THE FINAL PLAN HERE

As the physical heart of Pinellas County, the City of Pinellas Park has grown into a uniquely open, accessible community. There were great opportunities to enhance the community's identity with residents and neighbors in the region. A key priority of the public art programming in Pinellas Park was to help create an ecosystem of artists, creatives, performers, and consumers. Past efforts have encouraged artists to locate within the Arts Village, creating opportunities for artists to showcase their art and patrons to enjoy and purchase it. The public art program was needed to help expand the art ecosystem in the city by creating new opportunities for artists and visitors to experience art.

Focusing on the future was a key perspective of the planning team. The plan was not created just for today but also creates an impactful, sustainable public art program for the future. This program was developed to outlast those involved in this process in order to create solid deliverables for years to come. The community engagement efforts that were undertaken as part of the planning process were key to developing not only the vision and priorities for public art, but also the ideas that will help ensure public art becomes a beacon for residents and visitors in Pinellas Park. Engagement efforts included a large-scale survey, as well as in-person engagement at a number of events.

The foundation of the Pinellas Park Public Art Plan rests on four pillars: community engagement, stakeholder feedback, best practices, and a forward focus. Step by step, the City of Pinellas Park will be able to formalize, initiate, and fund a public art program that will have a lasting impact on the city. The program is governed by transparent procedures that ensure it is efficient and effective. A variety of funding mechanisms to ensure program sustainability were also presented.

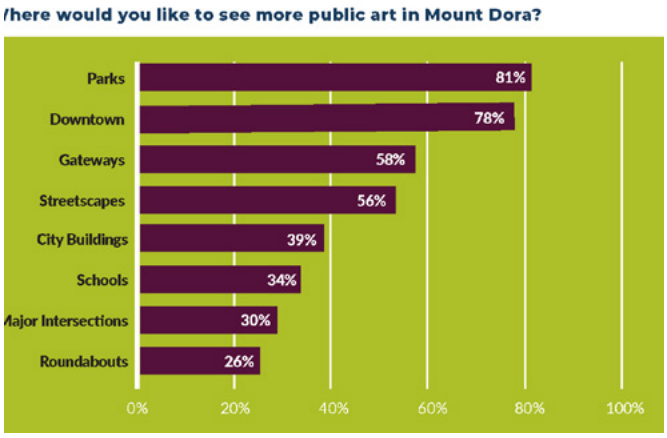
MOUNT DORA PUBLIC ART PLAN

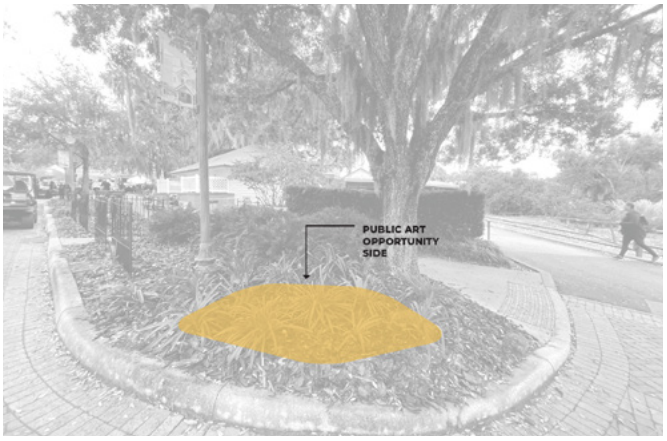
MOUNT DORA, FLORIDA

SEE THE FINAL PLAN HERE

Mount Dora stands on its own as a unique historic and arts focused community in Central Florida. The City of Mount Dora has an interesting legacy and connection with Scottish culture. Tree-lined streets and quaint historic buildings conceal a deep love for the arts in the community that bursts into display during the special events that take place in the community, many of which are art focused. In Mount Dora public art will help the physical environment come alive with the spirit of the community.



Discussions between the project team and community stakeholders formed the basis of the project team's understanding of the City and of efforts to revitalize Mount Dora. The project team conducted a tour of the community as well as follow up visits to collect information and ideas. We found that community members love the unique small town historic charm of Mount Dora and revealed a desire to continue to enhance performing arts. There are also fantastic opportunities to connect performing and public art. One recommendation was the creation of a public art trail that would connect many of these sites, some of which already feature public art.



The Mount Dora Public Art Plan lays the foundation for the future of public art in the City and prepares for expansion of the existing public art efforts to help ensure that the physical environment reflects the art focused culture of its residents and visitors. The Public Art Plan includes five unique design inspiration sections that can be used by artists to gain insight when creating pieces for Mount Dora. By strengthening the public art program, Mount Dora is one step closer to delivering on the vision of the community to see a wide variety of high quality public art from artists with various backgrounds.

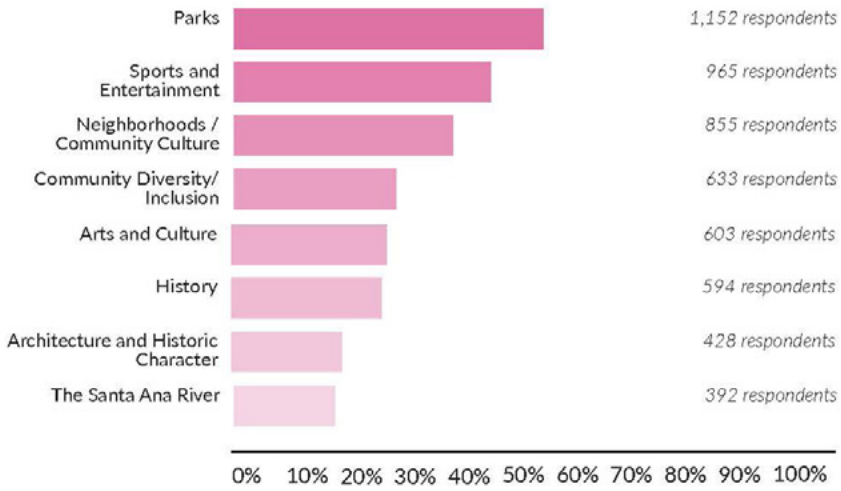
ANAHEIM PUBLIC ART MASTER PLAN

ANAHEIM, CALIFORNIA

SEE THE FINAL PLAN HERE

While Anaheim is known worldwide for its high-profile tourist attractions, it is also home to unique neighborhoods with rich architecture, numerous beloved parks, and an impressive public art collection. Recognizing the value that public art adds to the city, in 2018, Anaheim City Council renewed its commitment to public art by establishing the Public Art Ordinance. Public art adds to the dynamic environment of Anaheim and delivers high-impact public spaces that elevate the city's people, history, and imagination.



Despite the COVID-19 pandemic, this plan is a result of extensive public engagement. The consultant team, along with City leadership and staff, worked diligently to engage the public throughout an 18-month process (August 2020-December 2021) and provided ample opportunity for a broad cross-section of the community to participate in shaping the vision for public art in Anaheim. The team held over 40 virtual stakeholder engagement opportunities, including 18 individual interviews, 25 focus groups, and six identical community meetings in each of Anaheim's 6 Council Districts to listen and learn about the community's vision for public art. Participants included business owners, arts organizations, art educators, realtors, private developers, community groups, and engaged residents. Translation services were available on an as-needed basis. 2,149 people participated in a survey. In all, over 3,000 people were engaged.

The Public Art Master Plan outlines how the City of Anaheim could fund, manage, and review public art projects in the future. The Anaheim Public Art Master Plan takes an overarching look at Anaheim's legacy of public art while setting a vision for the future and defining how public art will shape Anaheim for years to come. The framework of this plan is a strategy for the establishment and operationalization of a formal Public Art Program that proposes ways to ensure public art in Anaheim is transformational, unifying, and is representative of the spirit of Anaheim.

SANDUSKY PUBLIC ART & PLACEMAKING PLAN

SANDUSKY, OHIO

SEE THE FINAL PLAN HERE

The City of Sandusky is one of Ohio's hidden gems that is seeing a significant amount of new investment and cutting-edge planning. With an opportunity to increase attachment to place and to draw new tourists, the City of Sandusky passed a public art ordinance in January of 2018 guaranteeing funding for public art through a 1% allocation of their general fund. In an effort to invest the newly earmarked public art dollars responsibly, the City set out to complete a Public Art and Placemaking Plan. The plan directs spending to high priority projects and creates the needed infrastructure for administering a robust public art program.

Designing Local organized extensive stakeholder engagement and a public art popsicle pop up to kickoff the planning process. Participants were asked their vision for public art in the City and were asked to think about potential transformational projects.

The team hosted several additional meetings to co-create ideas for the City's first projects that will be a result of the planning process. In addition to developing placemaking strategies, the team trained the newly formed Public Art and Cultural commission on procurement process for public art, the policy for maintenance and collection management, and donations.

The Sandusky Public Art and Placemaking Plan offers the City an opportunity to inspire elected officials and to create public art strategies that are uniquely Sandusky. By creating a framework for public art well into the future, the city can both execute projects that were conceptualized as well respond to opportunities as they arise. With an efficient and effective process for public art, the City of Sandusky has the tools to ensure a successful program well into the future.

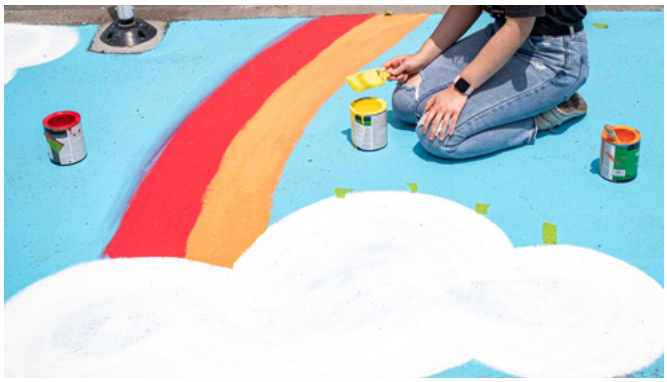
SULLIVANT BRIGHT PUBLIC ART & PARKLET

COLUMBUS DEPARTMENT OF PUBLIC SERVICE | COLUMBUS, OHIO

SEE THE FINAL PLAN HERE

The Sullivant Avenue corridor in West Columbus has experienced severe disinvestment over several decades. The City of Columbus has initiated a major streetscape improvement project for the corridor that will include sidewalk repairs, new crosswalks and medians, and improved signalization. To complement this project and encourage direct involvement by local community members, the City of Columbus engaged Designing Local to plan and manage a program to incorporate public art and placemaking elements throughout the corridor.

Designing Local is currently cataloging potential project sites and understanding proposed capital improvements. Following the initial phase, the team will host a series of focus groups with community leaders that will culminate into one large public meeting. After the public meeting, the team will select artists for a variety of projects.
Each project will be visually represented and presented to the Department of Public Service for approval. The team will also propose tactical urbanism parklets within this phase. Once the Department of Public Service approves the Public Art Plan, the team will present the Plan to the Columbus Art Commission for approval.



This project demonstrates the firm's abilities to provide strategic direction for placemaking and land use issues as well as the firm's capabilities to both develop and communicate creative concepts which contribute to community safety and sense of place. Sidewalk bump-outs and pedestrian refuge islands were constructed to shorten the distance to cross the street, make pedestrians more visible, and help to slow driver speeds. Data collected after implementation shows that crashes decreased by approximately 50%, and extreme speeding (50+ mph) was reduced by as much as 92%.

METHODOLOGY & TECHNICAL APPROACH

PROPOSED WORK PLAN

The proposed scope for the City of Ormond Beach Downtown Public Art Master Plan is outlined on the following pages. The scope should be refined with input from staff. Please note that references to "Client Group" is the City of Ormond Beach-designated project manager, members of Ormond Beach City Council, Ormond Beach Arts District Board, and City staff, and the "Team" is the Designing Local team members.

PHASE 1: MOBILIZATION

TASK 1: REVIEW OF EXISTING DOCUMENTS

1.01: Research and document an inventory of existing art and cultural assets throughout Ormond Beach. The team will work with the Client Group to determine what current arts and culture destinations and attributes are revered and valued. The team will be familiar with the following:

- Relevant previously prepared plans for the City, including the 2019 Ormond Beach CRA Master Plan, the Ormond Beach Main Street branding strategy, and the Chapter 18, Ormond Beach Code of Ordinances, Public Arts Program in the Downtown Overlay District;
- Geographic distribution of cultural attributes and assets;
- Ormond Beach history;
- Locations for future development projects in the City;
- All arts and culture work of Ormond Beach in the last 10 years;
- National assessment of conditions and trends in arts and culture planning and placemaking, paying special attention to municipalities of similar size and character both locally and nationally as benchmark cities.

1.02: Design a comprehensive project plan and detailed schedule of the overall timeline for the creation of the Plan. This will address the role and responsibility of the Client Group and Team with specific milestones to reach within the scope of the project including, but not limited to: timing of any project management meetings, stakeholder meetings, public meetings, and project presentations and reports. This will be refined and monitored by both the Client Group and the Team project manager.

1.03: Contribute to the development of a project website. The Team will work with the Client Group to create a project website that will allow the public to be engaged and informed throughout the planning process. The website will include information on planned events, images from public engagement events, an online mapping tool for data visualization, an online survey, and any other relevant information to the planning process. In addition to a project website, a communication plan will be developed with the Client Group to ensure maximum community engagement and publicity.

- Project framework;
- Work plan and overall timeline of the project;
- Project website content;
- Stakeholder list.

TASK 2: WHAT IS PUBLIC ART

Based on the public workshops and stakeholder meetings, the Team will extract the story Ormond Beach wants to tell to the outside world through its Downtown Public Art Master Plan. This narrative, in addition to any existing plans and the needs assessment completed in Task 1, will become the foundation on which the the Downtown Public Art Master Plan is built. The Downtown Public Art Master Plan will contain goals and action steps for public art that are achievable within the next 5 years. Each recommendation will be examined for connection to other planning projects. It is understood that the objectives of the plan may be subject to change during the planning process.

- **Public Art Policy or Procedure Changes** - Recommended public art policies required to successfully implement a strong Public Art Program including maintenance, acquisition, donations and gifts, general collection management policies, and governance policies. This would contain an Administrative Guide for commissioning, selecting, and acquiring artwork;
- **Public Art Opportunities** – Map of future sites of high priority, such as Downtown venues and the Granada Bridge, as defined by the Client Group, community, and careful review of planned improvements to public places. This would recommend geographic priorities for parks, public facilities, streetscape, private property, and the Granada Bridge with site criteria and framework for temporary versus permanent, iconic/gateway art placement, and participatory art. Identification of themes and values on which the community should focus its public art resources, including the prioritization of projects proposed, with a projected timeline and financial strategy for the Downtown Public Art Master plan implementation;

SUBJECT: RFP 2024-09 – Downtown Public Art Master Plan

TO ALL BIDDERS: You are requested to make all changes and/or additions contained in this Addendum to the Bidding Documents. Failure to acknowledge this Addendum in Proposal may result in rejection of bid.

The following additional information is being provided in response to inquiries received.

Question 1: The Downtown Public Art Master Plan RFP released over the weekend requires submitting firms to have completed "no less than three previous public art plans". In our experience, this type of master plan is not common, and we feel very few firms will have completed 3 in Florida as the RFP prefers and your pool of applicants will be severely limited. Would the City consider removing this Past Performance Experience to open up the potential pool of applicants? Additionally, is there a reason this couldn't be awarded through the Continuing Contracts RFQ which is still being processed? In reading the RFP, a landscape architectural or planning firm would be able to handle the Scope of Services you are seeking and is capable of producing any graphics, maps or reports necessary to complete the task.

Answer 1: The requirements of the RFP stand as-is, we welcome and will review all submissions submitted prior to the deadline identified in the RFP. The Continuing Contracts RFQ has not yet been awarded, as such, contracts are not in place to award on that basis.

The foregoing changes are hereby incorporated into the Bidding Contract Documents for the City of Ormond Beach – RFP 2024-09 – Downtown Public Art Master Plan for the City of Ormond Beach.

AGENDA ITEM

May 21, 2024 - City Commission

Number: 8.B

Section:	CONSENT AGENDA		
Item Category:	Consent - Resolution	**Res./Ord. No:**	2024-80
Strategic Goal:	Transportation & Community Development - Other		
Department:	Public Works - Engineering		
Subject:	Intent to Award - 2024 Roadway Resurfacing 2024-11		
Summary:	The 2024 Road Resurfacing project is a scheduled Capital Improvement Project. Road resurfacing is an important pavement maintenance activity which prolongs the service life of City roads and defers costly reconstruction of roadways. This project will include approximately 4.12 miles of asphalt road resurfacing on various streets throughout the City, including replacement of curb, gutter, and sidewalk where deemed necessary. A set of plans and street location maps are attached. A disposition item for advertisement of competitive bidding was approved by the Commission on Jan 23, 2024. This project was bid with some of the work as an additive alternate as prices for asphalt have been rising steadily. On March 5, 2024, bids were opened, and base bids ranged from $791,358.35 - $1,075,157.50. Total bids including the alternate were over the budget allotted for this project, so only the base bid is recommended for award. The low bidder was Masci General Contractor, Inc., of Port Orange, FL. Masci General Contractor, Inc., has successfully completed similar projects for the City and is recommended for this project.		
Financial Impact:	Funding in the amount of $750,000 was included in the Fiscal Year 2023-2024 budget, within Fund 308 - Transportation Improvement. Since this project was budgeted last fiscal year, a future budget amendment will be needed to carry forward funding.		
Citizen Impact:	Residents will experience minor, temporary traffic delays and access inconveniences associated with the construction activities of this project. One to two streets are typically milled within a day and new asphalt is paved typically within two to three days after milling. The		

	process of removing and replacing curb and gutter will usually take approximately 3-5 weeks. Work will be performed between 7 a.m. - 7 p.m., Monday-Friday.
Recommended Action (Staff, Advisory Board and/or Other):	Staff recommends award of the base bid for the 2024 Roadway Resurfacing Project, Bid Number 2024-11, to Masci General Contractor, Inc., at the contract amount of $791,358.35.

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and Masci General Contractor, Inc. (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify

case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

a. Scanning and uploading the document, or

b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to,

Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

3. THE TOP OF THE CONCRETE SHALL BE AT AN ELEVATION NO LOWER THAN THE CROWN OF THE ADJACENT ROADWAY, AND NO HIGHER THAN 8 INCHES ABOVE THE CROWN UNLESS APPROVED BY THE CITY TO MAKE A MORE NATURAL TRANSITION WITH THE ADJACENT LAND.
4. ALL WALKS SHALL HAVE A CROSS SLOPE OF 1/4 INCH PER FOOT AND SHALL NOT EXCEED A LONGITUDINAL SLOPE OF 1:20, EXCEPT AT DESIGNATED RAMPS THAT SHALL NOT EXCEED 1:12. PROVIDE A TACTILE WARNING SURFACE AT ALL RAMPS PER A.D.A. THE CONTRACTOR SHALL INSURE THAT ALL PROVISIONS OF A.D.A. AND FLORIDA ACCESSIBILITY CODE ARE MET.*
5. Section:	CONSENT AGENDA		
Item Category:	Consent - Resolution	**Res./Ord. No:**	2024-81
Strategic Goal:	Quality of Life - Other		
Department:	Public Works - Engineering		
Subject:	Work Auth - PAC Fire Damage Repair, Bomar Construction		
Summary:	On March 9, 2024 a fire at the Performing Arts Center (PAC) caused significant damage to the Theater and Lobby areas. Prompt action by City crews and Paul Davis Restoration of Volusia remediated potential mold and mildew. The fire scene has been released, however the investigation is still ongoing. This proposal from Bomar Construction is for the repair of the hallway, art gallery area, HVAC, and repair to the electrical systems in both the hallway and theater areas remediating the damage caused by the fire. In 2022, the City Commission approved a contract with Bomar, for construction management services on a continuing contract basis. Under this contract, Bomar acts as a general contractor and contracts with specialty subcontractors through a competitive bidding process. Bomar submits a maximum construction price based on the competitive bids, including a construction management fee. Staff chose to utilize the construction management services contract for this project as they are most familiar with the PAC.		
Financial Impact:	Funding will be provided in Fund 301-General Capital Improvements Fund and be derived from insurance reimbursement.		
Citizen Impact:	The PAC offers performances, gallery space for curated art shows for local artists, county school students, individuals with disabilities, an annual photography show and a venue for seminars and other public and civic group meetings. It is important to get this restoration completed timely and professioanly, so these activities can resume.		
Recommended Action (Staff,	Staff recommends approval of the work authorization for Bomar in the amount of $626,297 for repairs to the Performing Arts Center.

AGENDA ITEM

May 21, 2024 - City Commission

Number: 8.D

Section:	CONSENT AGENDA		
Item Category:	Consent - Resolution	**Res./Ord. No:**	2024-82
Strategic Goal:	Governance - Other		
Department:	Public Works - Engineering		
Subject:	Engineering Consultant Continuing Contracts		
Summary:	In 2017, the City, under the provisions of the Consultants' Competitive Negotiations Act (CCNA), entered into contracts with 37 firms for professional, architectural, and engineering services. Florida Statutes allows for continuing contracts "for projects in which the construction costs do not exceed $4 million, for study activity when the fee for such professional service does not exceed $500,000, or for work of a specified nature as outlined in the contract required by the agency, with no time limitation except that the contract must provide a termination clause." Continuing Contracts allow staff to directly select a firm for professional services contract work. The consultant meets with staff to discuss the required scope of services, then develops and submits a scope of services with a cost proposal for review. Following scope and cost negotiations, a Work Authorization is executed for the work. Since these continuing contracts were procured over 5 years ago, the City Manager directed staff to conduct a new procurement. A request for qualifications (RFQ) for professional, architectural and engineering Services was advertised on Nov 17, 2023. The RFQ set forth 19 categories for which firms could submit, and 63 firms responded, submitting 203 proposals. On March 5, 2024, the City Commission approved the review committee rankings, and authorized staff to negotiate contracts with the 51 recommended firms for Commission approval. All but one of the 19 categories have the same contract; the airport category contract includes additional language due to the nature of the work. Attached is a list of the consulting firms by category. As there are 51 contract documents to be approved, staff has attached only the non-airport and airport contract form, which will be used as applicable for each firm. This item does not award work specific to any project or representative consultant at this time. Staff will bring future work authorizations based		

	on negotiated scope of services and anticipated work hours to the Commission for approval of those services.
Financial Impact:	None
Citizen Impact:	Maintaining consultant continuing contracts allows the City to save time retaining consultants for capital projects, and reduces consultant costs to the City.
Recommended Action (Staff, Advisory Board and/or Other):	Staff requests City Commission approval of 51 Engineering Consultant continuing contracts.

CONSULTANT shall also be bound by all requirements as contained in the RFQ package and all addenda thereto. This Agreement standing alone does not authorize the performance of any work or require CITY to place any orders for work.

SECTION 1a. MISCELLANEOUS SERVICES. From time to time the CITY may require assistance from the CONSULTANT for miscellaneous small projects unrelated to an on-going project for which a Work Authorization has been approved. The small projects may include inspections, attendance at meetings, review of developer's plans, review of the CITY's facilities or other small matters as requested by the CITY. The CONSULTANT shall provide these services only when authorized by the City Manager, or her designee. The CONSULTANT shall invoice the CITY on a monthly basis for such miscellaneous services. There is hereby granted a general authorization for up to $7,500.00 for such services in each fiscal year. Each invoice submitted for miscellaneous services shall detail what services were performed and by whom.

Even if the manner of compensation is fixed fee, a fee schedule is required as justification for the fixed fee charged.

The Work Authorizations will be issued under and shall incorporate the terms of this Agreement. CITY makes no covenant or promise as to the number of available projects or that CONSULTANT will perform any project for CITY during the life of this Agreement. CITY reserves the right to contract with other parties for the services contemplated by this Agreement when it is determined by CITY to be in the best interest of CITY to do so.

(b) If the Scope of Services is not clearly defined, the Work Authorization may be issued on a Time Basis Method and contain a Not-to-Exceed amount. The CONSULTANT shall be compensated for actual hours incurred in accordance with the fee schedule attached and incorporated into the Work Authorization. CONSULTANT shall perform all work required by the Work Authorization and compensated for actual hours incurred, but in no event shall CONSULTANT be paid more than the Not-to-Exceed amount specified in the applicable Work Authorization.

The CITY shall not compensate CONSULTANT for any changes in scope, time, or price that have not been preapproved in writing by the CITY.

Neither the acceptance of the Work nor payment by CITY shall be deemed to be a waiver of CITY'S right to enforce any obligations of CONSULTANT hereunder or to the recovery of damages for defective Work not discovered by CITY at the time of final inspection, and/or payment.

SECTION 8. PAYMENT AND BILLING DISPUTES/AUDIT.

(a) If CONSULTANT disputes any determination by the CITY project manager that some or all of an invoice shall not be paid, the determination shall be appealed by the CONSULTANT to the City Manager within fifteen (15) days of notification to the CONSULTANT that some or all of the disputed invoice will not be paid. The City Manager, or her designee, shall schedule and conduct a hearing within ten (10) days of the receipt of the notice of appeal. The City Manager, or her designee, will render a decision on the appeal within five (5) business days from the date of the hearing. The decision of the City Manager is final administrative action. The parties agree that any appeal of the decision of the City Manager shall be by petition for writ of certiorari to the Circuit Court in and for Volusia County. Such an appeal shall not be a hearing de novo but shall be limited to appellate review of the record created before the City Manager. An appeal shall be filed within thirty (30) days of the execution of the order to be appealed.

(b) CITY may perform or have performed an audit of the records of CONSULTANT before or after final payment to support final payment hereunder. Total compensation to CONSULTANT may be determined subsequent to an audit and shall be used to calculate final payment to CONSULTANT.

(c) In addition to the above, if federal or state funds are used for any work under the Agreement, their duly authorized representatives shall have access to any books, documents, papers, and records of CONSULTANT which are directly pertinent to work performed under this Agreement for purposes of making audit, examination, excerpts, and transcriptions.

(d) CONSULTANT agrees to maintain all books, documents, papers, accounting records, and other evidence pertaining to work performed under this Agreement in such a manner as will readily conform to the terms of this Agreement and to make such materials available at CONSULTANT's office at all reasonable times during the Agreement period and for five (5) years from the date of final payment under the Agreement for audit or inspection as provided for in subsections (b) and (c) of this Section.

(e) In the event any audit or inspection conducted after final payment, but within the period provided in paragraph (d) of this Section, reveals any overpayment by CITY under the terms of the Agreement, CONSULTANT shall refund such overpayment to CITY within thirty (30) days of notice by CITY.

SECTION 9. RESPONSIBILITIES OF CONSULTANT.

(a) CONSULTANT shall be responsible for the professional quality, technical accuracy, competence, methodology, and the coordination of all of the following which are listed for illustration purposes and not as a limitation: documents, analysis, reports, data, plans, plats, maps, surveys, specifications, and any and all other services of whatever type or nature furnished by CONSULTANT under this Agreement. CONSULTANT shall, without additional compensation, correct or revise any errors or deficiencies in his plans, analysis, data, reports, designs, drawings, specifications, and any and all other services of whatever type or nature.

(b) Neither CITY's review, approval, or acceptance of, nor payment for, any of the services required shall be construed to operate as a waiver of any rights under this Agreement nor of any cause of action arising out of the performance of this Agreement; and CONSULTANT shall be and always remain liable to CITY in accordance with applicable law for any and all damages to CITY caused by CONSULTANT'S negligent or wrongful performance of any of the services furnished under this Agreement.

If this Agreement calls for the payment based on a Fixed Fee amount, CONSULTANT shall be paid no more than a percentage of the Fixed Fee amount equivalent to the percentage of the completion of work, as determined solely and conclusively by CITY, contemplated by this Agreement.

(c) If the termination is due to the failure of CONSULTANT to fulfill its Agreement obligations, CITY may take over the work and prosecute the same to completion by other Agreements or otherwise. In such case, CONSULTANT shall be liable to CITY for all reasonable additional costs occasioned to CITY thereby. CONSULTANT shall not be liable for such additional costs if the failure to perform the Agreement arises without any fault or negligence of CONSULTANT; provided, however, that CONSULTANT shall be responsible and liable for the actions of its subconsultants, agents, employees, and persons and entities of a similar type or nature. Such causes may include acts of God or of the public enemy, acts of CITY in its sovereign

In such event, adjustment in the Agreement price shall be made as provided in subsection (b) of this Section.

(e) The rights and remedies of CITY provided for in this Section are in addition and supplemental to any and all other rights and remedies provided by law or under this Agreement.

It further agrees that it will include this clause without modification in all lower tier transactions, solicitations, proposals, contracts, and subcontracts

(2). Trade restriction. The CONSULTANT by execution of this Agreement, certifies that it:

(a). is not owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms published by the Office of the United States Trade Representative (USTR);

(b). has not knowingly entered into any contract or subcontract for this project with a person that is a citizen or national of a foreign country on said list, or is owned or

controlled directly or indirectly by one or more citizens or nationals of a foreign country on said list;

(c). has not procured any product nor subcontracted for the supply of any product for use on the project that is produced in a foreign country on said list.

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no contract shall be awarded to a CONSULTANT or subconsultant who is unable to certify to the above. If the CONSULTANT knowingly procures or subcontracts for the supply of any product or service of a foreign country on said list for use on the project, the Federal Aviation Administration may direct through the CITY cancellation of the Agreement at no cost to the CITY.

Further, the CONSULTANT agrees that, if upon execution of this Agreement, it will incorporate this provision for certification without modification in each contract and in all lower tier subcontracts. The CONSULTANT may rely on the certification of a prospective subconsultant unless it has knowledge that the certification is erroneous.

The CONSULTANT shall provide immediate written notice to the CITY if the CONSULTANT learns that its certification or that of a subconsultant was erroneous when submitted or has become erroneous by reason of changed circumstances. The subconsultant agrees to provide written notice to the CONSULTANT if at any time it learns that its certification was erroneous by reason of changed circumstances.

This certification is a material representation of fact upon which reliance was placed when making the award. If it is later determined that the CONSULTANT or subconsultant knowingly rendered an erroneous certification, the Federal Aviation Administration may direct through the CITY cancellation of the Agreement or subcontract for default at no cost to the CITY.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of a CONSULTANT is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 1001.

(3). Rights to inventions. All rights to inventions and materials generated under this Agreement are subject to regulations issued by the FAA and the CITY of the Federal grant under which this Agreement is executed.

(4). Disadvantaged business enterprises. The CONSULTANT or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Agreement. The CONSULTANT shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT assisted contracts. Failure by the CONSULTANT to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy, as the City deems appropriate.

(5). Lobbying and influencing federal employees. No Federal appropriated funds shall be paid, by or on behalf of the CONSULTANT, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making of any Federal grant and the amendment or modification of any Federal grant.

If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member

of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any Federal grant, the CONSULTANT shall complete and submit Standard Form-LLL, “Disclosure of Lobby Activities,” in accordance with its instructions.

(6). Access to records and reports. The CONSULTANT shall maintain an acceptable cost accounting system. The CONSULTANT agrees to provide the City, the Federal Aviation Administration and the Comptroller General of the United States or any of their duly authorized representatives access to any books, documents, papers, and records of the CONSULTANT which are directly pertinent to the specific Agreement for the purpose of making audit, examination, excerpts and transcriptions. The CONSULTANT agrees to maintain all books, records and reports required under this Agreement for a period of not less than three years after final payment is made and all pending matters are closed.

(7). Airport and Airway Improvement Act of 1982, Section 520 - General Civil Rights provisions. The CONSULTANT assures that it will comply with pertinent statutes, executive orders and such rules as are promulgated to assure that no person shall, on the grounds of race, creed, color, national origin, sex, age, or handicap be excluded from participating in any activity conducted with or benefiting from Federal assistance. This provision is in addition to that required of Title VI of the Civil Rights Act of 1964.

(8). Civil Rights. In all its activities within the scope of its airport program, the CONSULTANT agrees to comply with pertinent statutes, Executive Orders, and such rules as identified in Title VI List of Pertinent Nondiscrimination Acts and Authorities to ensure that no person shall, on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability be excluded from participating in any activity conducted with or benefiting from Federal

assistance. This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

(9). Non-discrimination statutes and authorities. During the performance of this Agreement, the CONSULTANT, for itself, its assignees, and successors in interest (hereinafter referred to as the "CONSULTANT"), agrees as follows:

1. Compliance with Regulations: The CONSULTANT (hereinafter includes subconsultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this Agreement.

2. Nondiscrimination: The CONSULTANT, with regard to the work performed by it during the Agreement, will not discriminate on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in the selection and retention of subconsultants, including procurements of materials and leases of equipment. The CONSULTANT will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the Agreement covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.

3. Solicitations for Subcontracts, including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding or negotiation made by the CONSULTANT for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subconsultant or supplier will be

notified by the CONSULTANT of the CONSULTANT's obligations under this Agreement and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.

4. Information and Reports: The CONSULTANT will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the CITY or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of a CONSULTANT is in the exclusive possession of another who fails or refuses to furnish the information, the CONSULTANT will so certify to the CITY or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

5. Sanctions for Noncompliance: In the event of a CONSULTANT's noncompliance with the non-discrimination provisions of this Agreement, the CITY will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:

    a. Withholding payments to the CONSULTANT under the Agreement until the CONSULTANT complies; and/or

    b. Cancelling, terminating, or suspending the Agreement, in whole or in part.

6. Incorporation of Provisions: The CONSULTANT will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations, and directives

issued pursuant thereto. The CONSULTANT will act with respect to any subcontract or procurement as the CITY or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the CONSULTANT becomes involved in, or is threatened with litigation by a subconsultant, or supplier because of such direction, the CONSULTANT may request the CITY to enter into any litigation to protect the interests of the CITY. In addition, the CONSULTANT may request the United States to enter into the litigation to protect the interests of the United States.

(10). Clean air and water pollution control. CONSULTANT agrees to comply with all applicable standards, orders, and regulations issued pursuant to the Clean Air Act (42 USC §§ 7401-7671q) and the Federal Water Pollution Control Act as amended (33 USC §§ 1251-1387). The CONSULTANT agrees to report any violation to the CITY immediately upon discovery. The CITY assumes responsibility for notifying the Environmental Protection Agency (EPA) and the Federal Aviation Administration. CONSULTANT must include this requirement in all subcontracts that exceed $150,000.

(11). Texting while driving. In accordance with Executive Order 13513, “Federal Leadership on Reducing Text Messaging While Driving”, (10/1/2009) and DOT Order 3902.10, “Text Messaging While Driving”, (12/30/2009), the Federal Aviation Administration encourages recipients of Federal grant funds to adopt and enforce safety policies that decrease crashes by distracted drivers, including policies to ban text messaging while driving when performing work related to a grant or subgrant. In support of this initiative, the CITY encourages the CONSULTANT to promote policies and initiatives for its employees and other work personnel

that decrease crashes by distracted drivers, including policies that ban text messaging while driving motor vehicles while performing work activities associated with the project. The CONSULTANT must include the substance of this clause in all sub-tier contracts exceeding $10,000 that involve driving a motor vehicle in performance of work activities associated with the project.

(12). Prohibition of certain telecommunications and surveillance. CONSULTANT and any subconsultant agrees to comply with mandatory standards and policies relating to use and procurement of certain telecommunications and video surveillance services or equipment in compliance with the National Defense Authorization Act [Public Law 115-232 § 889(f)(1)].

(13.). FLSA. This Agreement incorporates by reference the provisions of 29 CFR part 201, et seq, the Federal Fair Labor Standards Act (FLSA), with the same force and effect as if given in full text. The FLSA sets minimum wage, overtime pay, recordkeeping, and child labor standards for full and part-time workers. The CONSULTANT has full responsibility to monitor compliance to the referenced statute or regulation. The CONSULTANT must address any claims or disputes that arise from this requirement directly with the U.S. Department of Labor – Wage and Hour Division.

(14). Prohibition of segregated facilities.

(a) The CONSULTANT agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The CONSULTANT agrees that a breach of this clause is a violation of the Equal Employment Opportunity clause in this Agreement.

(b) “Segregated facilities,” as used in this clause, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin because of written or oral policies or employee custom. The term does not include separate or single-user rest rooms or necessary dressing or sleeping areas provided to assure privacy between the sexes.

(c) The CONSULTANT shall include this clause in every subcontract and purchase order that is subject to the Equal Employment Opportunity clause of this Agreement.

(15). Procurement of recovered materials. CONSULTANT and any subconsultants agree to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, and the regulatory provisions of 40 CFR Part 247. 1) The Agreement requires procurement of $10,000 or more of a designated item during the fiscal year; or
2) The CONSULTANT has procured $10,000 or more of a designated item using Federal funding during the previous fiscal year.

The list of EPA-designated items is available at www.epa.gov/smm/comprehensive-procurement-guidelines-construction-products.

b) Fails to meet reasonable Agreement performance requirements; or

c) Is only available at an unreasonable price.

The CONSULTANT represents that it not a corporation that was convicted of a criminal violation under any Federal law within the preceding 24 months.

(17). Veteran's preference. In the employment of labor (excluding executive, administrative, and supervisory positions), the CONSULTANT and all sub-tier consultants must give preference to covered veterans as defined within Title 49 United States Code Section 47112. Covered veterans include Vietnam-era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns (as defined by 15 USC § 632) owned and controlled by disabled veterans. Subject:	FEC Railroad Crossing Maintenance		
Summary:	The Florida East Coast Railway (FEC) owns the right-of-way throughout the City on which it operates its tracks and facilities. Per the License Agreements in effect for the Hand Avenue and Wilmette Avenue grade crossings, the City is responsible for installation, construction, maintenance, and replacement of all facilities at the crossing sites. The FEC periodically performs field inspections of all grade crossings on their lines to determine when crossings have declined to the point of requiring maintenance. In July 2023, the FEC notified the City of its intent to perform grade crossing maintenance on the Hand Avenue and Wilmette Avenue crossings in 2024. On April 3, the City received Formal Notice of Intent to Work for both crossings, with work scheduled to commence May 16. Hand Avenue construction is estimated at $183,734.66, and Wilmette Avenue at $182,540.12. The FEC will invoice the City on an actual cost basis upon completion of construction.		
Financial Impact:	$100,000 was included in the 2023/2024 CIP in the Transportation Fund-308. Additional funding from the Transportation Fund can be made available for these crossings.		
Citizen Impact:	Maintaining the railroad grade crossings is in the best interest of the health, safety and welfare of the citizens of Ormond Beach.		
Recommended Action (Staff, Advisory Board and/or Other):	This is notification of the FEC required grade crossing maintenance expense to be incurred by the City.

Dear Mr. Finley:

This is in reference to the FEC notification letter dated July 1, 2023, listing the crossings scheduled for maintenance in the year 2024. The above-referenced grade crossing has declined to the point of requiring said maintenance. The Railway or our contractors will perform all work associated with the crossing to include maintenance of traffic and paving. We have scheduled this work to begin on **May 16, 2024.**

In accordance with the terms of the agreement dated June 12, 2012, the cost of the crossing maintenance is the responsibility of the CITY. The costs to the CITY are as outlined in the enclosed estimate, however this is an estimate only and all charges for which the CITY is responsible shall be billed on an actual cost basis. Additionally, the CITY will be responsible to replace the traffic loop sensors if they are damaged during construction. If this occurs, the new sensors must be installed behind the crossing warning device gate arm to better protect them during future crossing maintenance.

I have included the enclosed estimate for your reference and review. Upon completion, FEC will invoice the actual cost for this work. If there is a specific account or tracking number you wish to be included or noted with this invoicing, please provide that information at your earliest opportunity prior to this invoicing. In the interim, our Contractor, Gulfstream Engineering, will be in contact to coordinate the scheduling of the work. Otherwise, if you have any questions in this matter, please do not hesitate to contact me at (904) 279-3196.

DRUG-FREE WORKPLACE CERTIFICATION

IDENTICAL OR "TIE" BID: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more Bids which are equal in respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a Bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie Bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violation.

Give each employee that engages in providing the commodities or contractual services that are under proposal a copy of the statement specified in subsection (1).

In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) calendar days after such conviction.

Impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

AGENDA ITEM

May 21, 2024 - City Commission

Number: 8.H

Section:	CONSENT AGENDA		
Item Category:	Consent - Disposition Item	**Res./Ord. No:**	
Strategic Goal:	Water Quality & the Environment - Other		
Department:	Public Works		
Subject:	Utilization of Rental Services - Ring Power Corporation		
Summary:	This item provides notification of the City's use of Ring Power Corporation, The Cat Rental Store, to provide rental equipment for the Stormwater Maintenance Section. The Stormwater Maintenance section utilizes a reach-out mower in maintaining the City rights-of-way, along with stormwater ditches and swales. The city-owned reach-out mower went out of service for an extended period of time for major mechanical repairs, requiring the use of a rental mower. In the current Fiscal Year, it will be necessary to make several purchases/rentals which cumulatively will exceed the $25,000 threshold and therefore require City Commission approval.		
Financial Impact:	These expenses have been included in the Fiscal Year 2023 - 2024 budget. There are sufficient funds for this item in the Stormwater Maintenance Section budget.		
Citizen Impact:	The reach-out mower provides for the ability to maintain the stormwater swale and ditch systems, allowing for the free flowing of stormwater runoff from rainfall events.		
Recommended Action (Staff, Advisory Board and/or Other):	Staff recommends approval of the City's use of rental services from Ring Power Corporation, The Cat Rental Store.

AGENDA ITEM

May 21, 2024 - City Commission

Number: 8.J

Section:	CONSENT AGENDA		
Item Category:	Consent - Disposition Item	**Res./Ord. No:**	
Strategic Goal:	Governance - Other		
Department:	Finance		
Subject:	RFP - Property, Liability and Workers' Compensation Insurance		
Summary:	Currently, Brown and Brown is designated as the City's agent of record to procure Property & Casualty Insurance. The agent of record is responsible for marketing, acquiring, and assisting in the maintenance of the City's property and casualty insurance program. The current agent of record contract for Property & Casualty was approved by the City Commission in June 2017 and has been renewed annually since that time. The City's internal policy for professional agreements under annual agreements is to periodically review and solicit proposals as needed to ensure high quality services are provided at fair and competitive rates. Due to the volatile property and casualty insurance market and significant premium increases, prior to this year's renewal, the City Commission directed staff to review and rebid the contract for these lines of insurance. In lieu of soliciting an agent of record to procure insurance on the City's behalf, the City Commission directed staff to prepare an RFP for the direct purchase of Property, Liability and Workers' Compensation insurance coverages. If approved by the City Commission, the RFP will be advertised and released on May 26, 2024. The City will conduct a pre-submittal meeting to address questions concerning the RFP on June 3, 2024. The City will also accept written inquiries regarding this RFP until June 5, 2024 at 4:00 PM. Answers to all questions raised will be distributed in the form of an addendum to plan holders who have registered through DemandStar (demandstar.com) or specifically requested the RFP through the City's Purchasing Division. Proposals will be received until June 28, 2024, at 2 p.m. Evaluation and a recommendation to the City Commission will be made prior to the renewal date of October 1, 2024.		

Financial Impact:	Funding for the City's insurance program is derived from the General Fund, Stormwater Fund, Airport Fund, Water/Wastewater Fund and Solid Waste Fund.
Citizen Impact:	TBD
Recommended Action (Staff, Advisory Board and/or Other):	This agenda item serves as public notice of staff's intent to issue the Request for Proposals.

CITY OF ORMOND BEACH
REQUEST FOR PROPOSALS
PROPERTY, LIABILITY & WORKERS' COMPENSATION INSURANCE

STATEMENT OF PURPOSE

The City of Ormond Beach, Florida is seeking property, liability & workers' compensation insurance coverage.

TERM OF AGREEMENT

The term of this Agreement shall be for a period of one year minimum. Most coverage/contracts shall be proposed for the term October 1, 2024-September 30, 2025. Guarantees beyond one year are desired. City renewal for subsequent years will in part be dependent upon acceptability of cost, coverage, service, provider stability and market conditions.

The City should be given at least 90 days' notice, by certified or registered mail, of cancellation, non-renewal, adverse change or increase in rates.

SCOPE OF SERVICES

GENERAL INFORMATION

Property/liability/Workers' Compensation Insurance proposals are requested by the City of Ormond Beach (hereinafter referred to as the City) **for coverages and with coverage limits comparable to the City's current coverages as outlined in Exhibit A-Policy Summary Breakdown** . The City is substantially self-insured at present, with large self-insured retentions for general liability and workers' compensation risks. Third Party Administration (TPA) services are not solicited. For workers' compensation risks, the City is pleased with the services of its current TPA, Relation Insurance Services and is not seeking to engage the services of a new TPA. For all liability risks that are substantially or totally self-insured, the City utilizes contract attorneys and prefers not to engage the services of a TPA for these claims.

EXTENT OF COVERAGE, OPTIONS

The City is requesting proposals for several types of policy options and coverage. The City requests all proposers to provide a premium breakdown for each policy option and coverage proposed. Although all options and coverage may be purchased, some may not. The City reserves the right to decide, at its discretion, which options and coverage shall be purchased, and in which combination, from among those proposed.

Full replacement cost is requested for property coverage.

EXPOSURE DATA

Throughout this Request are various data in the form of schedules, lists, narratives, etc., they are intended to be representative of the City's exposures prior to or at the time of preparation of this request. The intent is for all proposers to have recent, common information upon which to prepare their proposals. It is expected that the successful proposer(s) will coordinate with the City to determine if the exposure data needs to be up-dated at the time the policy(ies) and/or contract(s) are to become effective.

UNINTENTIONAL OMISSION OF EXPOSURE DATA
Due to the extensiveness of the City's exposure data, including but not limited to the schedules herein, it is possible that items may have inadvertently been omitted in assembling this request for proposals. If so, the City wishes to avoid denial of coverage or penalties as a result of unintentional omission(s). Proposers are requested to endorse their policies to provide that coverage will not be affected by such unintentional omissions, and may provide that when omitted items are covered that a premium shall be payable by the City (unless waived by the insurer) for retroactive coverage.

The following endorsement is suggested, but proposers may offer an alternative equivalent.
Coverage for Unintentionally Omitted Exposures

POLICY/CONTRACT FORMAT:
All desired coverage should be proposed for combination in as few policies/contracts as possible, if in the City's best interests (e.g. a package policy format may be the best method of combining several coverage at the best price). However, the City may benefit if able to combine coverage options from more than one proposal. Each proposer should state the extent to which individual coverage being proposed are separable without a change in premium cost. For example, an insurer may indicate that property and general liability coverage are inseparable from each other in a package policy, but other coverage are available either as part of the package policy or separately in mono-line policies.

SAMPLE POLICIES AND ENDORSEMENTS:
Recognizing that coverage varies among insurers, the City requests that sample policy forms and endorsements be provided with proposals for a fair analysis of coverage as well as price. To the extent exclusions and restrictions are intended by proposers, they should be stated in the proposals because they will not be allowed subsequently.

NAMED INSURED:
The following named insured is desired for all coverage:
The City of Ormond Beach (First Named Insured), and Boards, Commissions, Councils, Authorities, Agencies, or Committees, etc. of the City, even if newly created and Elected or appointed officials, members of Boards, Commissions, Councils, Authorities, Agencies, or Committees, etc. And employees and volunteers of the City (while acting on behalf of the City), even if newly elected, appointed, hired, etc. and Elected and appointed officials and employees, as representatives of the City to other Boards and Other entities or persons, to the extent required by agreement, contract or lease with the City, or Boards, Commissions, Councils, Authorities, Agencies or Committees, etc. of the City of Ormond Beach, 22 South Beach Street. Ormond Beach. Florida 32174.

FLORIDA SOVEREIGN IMMUNITY:
Florida Statute 768.states that a governmental entity "shall not be deemed to have waived any defense of sovereign immunity or to have increased the limits of its liability as a result of its obtaining insurance coverage for tortuous acts…". Therefore, the City does not permit insurers to endorse policies to waive the City's sovereign immunity. Although coverage is being purchased to respond to liability claims, the City may wish to exercise its right to rely on sovereign immunity for specific claims. Underwriters should keep in mind that when such reliance on sovereign immunity is successful, claims experience will be more favorable.

SELF-ADMINISTRATION THROUGH CONTRACTED COUNSEL:
The City wishes to continue to utilize its contracted attorneys who have been continuously serving the City for liability risks that are substantially or totally self-insured. When programs are proposed with substantial retentions, proposers should give the City an option to utilize its choice of counsel. If there are premium differences between using the City's choice of counsel or of using the insurer's choice of counsel, provide specifics.

INSURER QUALIFICATIONS:
Proposals are expected from insurers with acceptable financial strength and acceptable (at the City's discretion) policyholder service reputation. Insurer name and Best's rating, if available, should be furnished for each insurer being proposed. If self-insurance funds, captive insurers or other types of providers are proposed, financial information should be submitted with the proposal. **Any insurer interested in providing coverages should apply in writing for consideration, using the Submission Form and provided details on coverage, policies, exclusions, financial strength and premiums.**

(f) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of $1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

D. Requirements for Certificates of Insurance

1. With the execution of the Contract Documents, the Contractor, including service-related contractors, shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain an endorsement that the coverage under the policies will not be canceled, non-renewed or materially changed until at least thirty (30) days' prior written notice of such cancellation, non-renewal or change (except for nonpayment of premium, which shall be ten (10) days) and a copy of the cancellation endorsement signed by an authorized representative of the insurer, be given to the City. The contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of the Contract Documents.

2. New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.

3. If requested by the City, the contractor shall immediately furnish complete copies of the Contractor's insurance policies, forms and endorsements.

4. For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves

chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.

5. If the Contractor fails to obtain and maintain for the life of the Project the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City form the amount due the Contractor for the work covered by the Contract.

E. Policies of Insurance

1. Except as otherwise provided in this Exhibit, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-), in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.

2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carrier; written confirmation is required.

3. All policies of insurance or certificates thereof referred to in this Exhibit shall be deposited with the City Clerk.

4. The City shall be named an Additional Insured on General Liability including products and completed operations and Automobile Liability policies of insurance and certificates thereof.

Although they are not offering extortion, they are still covering the costs of the claim including the response, forensics, legal costs and liability of a ransomware attack. They just cannot pay the ransom payments.

Preferred Governmental Insurance Trust
Excess Insurance Structure

To protect members of the fund from large losses and to protect the financial security of the fund, the *Preferred* Governmental Insurance Trust (*Preferred*) board of trustees has elected to purchase an extremely conservative excess of loss insurance structure. We stress *Preferred*'s excess of loss structure because an excess structure provides *Preferred* members several levels of protection that reinsurance does not.

Foremost among these is the fact that *Preferred*'s excess of loss policies list every individual member as a named insured, giving every member direct access to the insurance company for payment of claims. Reinsurers are only responsible to the trust itself. Therefore, if a trust became financially troubled, there is no guarantee from an insurance company that any individual claim will be paid or even that a reimbursement will go towards the originating claim.

Preferred is a non-assessable Trust authorized under Florida Statue and is not rated by AM Best. *Preferred* is not protected by the Florida Guarantee Association in the event it becomes unable to meet its claims payment obligations. *Preferred* members are not constrained by notice requirements or punitive run-off claims costs to exit. *Preferred* is a non-admitted pool in the state of Florida.

Limited Worldwide Coverage - Intended to extend the scope of "policy territories" to anywhere in the world. This is limited to the activities of any insured who is domiciled in the United States and the original suit for damage is brought within the United States, its territories, possessions, or in Canada.

Extended Bodily Injury Coverage - Amends definition of occurrence to include any intentional act by or at the direction of the insured, which results in bodily injury, but only if such bodily injury results from the use of "reasonable" force for purposes of protecting persons or property.

Newly Acquired Organizations - Automatic protection for newly acquired organizations until the new organizations are specifically added to the policy or 90 days, whichever occurs first.

Additional Persons Insured - Includes as insureds: (1) Any spouse of a partner concerning business activities of the partnership and (2) any employee of the named insured while acting within the scope of his or her duties. (If the limit is $100,000 and there are three insured vehicles, the maximum paid would be the sum of the coverage, or $300,000).

Stacked UM coverage is only available when the named insured is an individual; entities do not qualify for stacked coverage. Non-stacked UM coverage is available for both entities (corporations, partnerships, etc.) and individuals.

WORKERS' COMPENSATION DEFINITIONS

PART A:
Workers' Compensation pays for all medically necessary remedial treatment, care, and attendance by a health care provider for as long as necessary to enable the employer to fully recover. There are no deductibles and no limits on payments.

Compensation for Disability is designed to partially reimburse the injured employee for inability to perform normal work, following a compensable injury.

There are specific classifications of disabilities:
- Permanent Total
- Temporary Total
- Permanent Impairment
- Temporary Partial

Compensation for death is payable if resulting within one year from the accident causing injury, or if it follows continuous disability and results from the accident within five years, thereafter the total amount that may be paid out over time is $150,000.

PART B:
This coverage will pay for all sums which you are legally obligated to pay because of bodily injury by accident or disease sustained by any employee arising out of their employment. This coverage is distinct from any Workers' Compensation claim. Recent suits have been successfully based on a variety of grounds from a number of different parties including spouses and children.

"MONOPOLISTIC STATES INCLUDING A COMMONWEALTH IN ASSOCIATION WITH THE UNITED STATES STOP LOSS COVERAGE"

This endorsement is used to provide Part B - Employers Liability coverage for operations that are conducted in a monopolistic fund state. It is needed because Workers' Compensation policies written by these state fund do not provide this coverage.

Monopolistic States: North Dakota, Ohio, Washington, Wyoming, and Puerto Rico

The client must contact the above states directly to obtain Workers' Compensation coverage.

EXPERIENCE MODIFICATION FACTOR

For eligible risks, the National Council on Compensation insurance (NCCI) computes an experience modification which is a multiplier that must be applied to the manual premium for any eligible risk by any company insuring the risk.

Rating is based on the experience period which is the past three years, excluding the immediate preceding year. The experience period includes only completed policy periods within the three years.

Your experience modification applies for a period of one year from the effective date of it promulgation.

G. Errors and Omissions

It is a material requirement of this agreement that the Covered Party accurately report the values of the property for which it seeks coverage at the locations within the Coverage Agreement territory where that property is located. Subject to this requirement, **we** will not preclude coverage for damage at a particular location where the Covered Party or its producer made an error or unintentional omission:

1. In the description or location of item(s) of property in the most recent **Schedule of DECLARATIONS** or documentation submitted to and accepted by **us,** provided that the item is the type covered under the Coverage Agreement and the error or omission is not greater than the limit set forth in the Declarations.

2. In the **Schedule of DECLARATIONS** so that the report omitted a location owned or occupied by the Named Covered Party at the inception date.

Any such error or unintentional omission shall be reported promptly on discovery and additional premium paid from Coverage Agreement inception. The limit shown in the Declarations is the maximum amount of indemnity for any occurrence. This coverage does not apply to inland marine, automobile or if coverage is found in whole or in part elsewhere in this agreement.

H. Expediting Expenses:

1. **We** will pay, in the event of a **covered loss,** for the reasonable extra costs of temporary repair to **covered property** or of expediting the permanent repair or replacement of that property, whichever is less. N. New Locations:

New Locations are covered for coverages marked with an "**X**" in **Section I.B.** Coverages of PGIT MN-104 Property and Inland Marine Coverage Form and coverages provided by endorsement for the first sixty (60) days after the date of acquisition. If **we** do not receive and accept that report within sixty (60) days, the coverage for that Location shall cease at the end of the coverage period stated above.

FLOOD COVERAGE

THIS ENDORSEMENT CHANGES THE AGREEMENT. PLEASE READ IT CAREFULLY.

This endorsement modifies coverage provided under the **PROPERTY AND INLAND MARINE COVERAGE FORM, PGIT MN-104:**

EXCLUSION F.3.

A. **We** will pay for direct physical loss to **covered property** caused by **flood**.

All **flood** losses within a continuous 72-hour period will be considered a single **occurrence.** The expiration of this agreement will not reduce this 72-hour period.

B. Limit of Liability

The following **limits of liability** do not increase any other applicable **limit of liability.**

1. The most **we** will pay for any one **occurrence** of **flood** loss in any one **coverage agreement period** within a state or at a Location shown on the Schedule of this endorsement will be our proportion of the limit of liability shown in the Schedule of this endorsement.

Schedule

State or location	Limit of Liability
FLORIDA	**See DECLARATIONS**
ALL OTHER STATES	**No Coverage**

2. The most **we** will pay for all **flood** losses during any one **coverage agreement period** is $100,000,000. This amount is the most we will pay for all aggregate claims for flood losses by all members of the trust. It is not a per member maximum.

C. FLOOD DEDUCTIBLE

$25,000 any one occurrence except;
Property designated as being within **Flood Zone A** or **Flood Zone V** (and prefixes and suffixes thereof) by the Federal Emergency Management Agency (FEMA), or within a 100 Year Flood Plain as designated by the United States Army Corps of Engineers, will have a Special Flood Deductible equal to all flood insurance available for such property under the National Flood Insurance Program, whether purchased or not or 5% of the Total Insured Value at each affected location, whichever is greater. If such property is not eligible for the National Flood Insurance Program because the community in which the property is located does not participate in the National Flood Insurance Program, the Special Flood Deductible will be $1,000,000 per insured location damaged in the flood occurrence or 5% of the Total Insured Value at each affected location whichever is greater.

In the event of a Flood both the Flood deductible and the Special Flood Deductible apply, then the Flood Deductible of $25,000 any one occurrence will apply to locations not designated within **Flood Zones A and V** (and prefixes and suffixes thereof), and the Special Flood Deductible will apply to locations within **Flood Zones A and V** (and prefixes and suffixes thereof).

D. ADDITIONAL DEFINITIONS

Flood Zone A

Property will be determined to be within a Flood Zone A if it is within an area designated as such on a FEMA Flood Insurance Rate Map or a Flood Hazard Boundary Map. SCHEDULE OF DEDUCTIBLES

THIS ENDORSEMENT CHANGES THE AGREEMENT. PLEASE READ IT CAREFULLY.

This endorsement modifies coverage provided under the **PROPERTY AND INLAND MARINE COVERAGE FORM, PGIT MN-104:**

A. Deductible(s)
Your deductibles for this agreement will be according to the terms of the following paragraphs, and information in the DECLARATIONS.

1. Unless shown differently on this form or any endorsement, **we** will not pay unless a **covered loss** from any one **occurrence** exceeds the amount shown on this form or any endorsement. **We** will then pay for the excess, up to any other applicable **limit of liability.** If a **covered loss** involves two or more deductibles, **we** will only use the largest of the applicable deductibles, except in respect to Flood, where both the Flood deductible and Special Flood deductible can apply to the same Flood event, or unless shown differently on this form or any endorsement.
2. **Earth Movement** Deductible
   a. **We** will not pay for an **earth movement** loss within a state or at a location shown on EARTH MOVEMENT COVERAGE form PGIT MN-109 unless the loss exceeds deductible shown on the Earth Movement Schedule of this endorsement. **We** will then pay the amount of loss in excess of the deductible, up to the applicable **limit of liability** in any one **occurrence.**
   b. A deductible of $10,000 per **occurrence** applies to **covered property** in transit.

Florida	See DECLARATIONS	See DECLARATIONS

3. **Flood** Deductible
   a. **We** will not pay for a **flood** loss within a state or at a location shown on FLOOD COVERAGE form PGIT MN-107 until the loss exceeds the applicable deductible shown on the Flood Schedule of this endorsement. **We** will then pay the amount of loss in excess of the deductible, up to the applicable **limit of liability** in any one **occurrence**.
   b. A deductible of $10,000 per **occurrence** applies to **covered property** in transit.

Flood Schedule

State, Flood Zone, or Location	Flat Deductible
Florida	See DECLARATIONS and PGIT MN-107

4. **Named Storm** Deductible
   a. **We** will not pay for a **named storm** event loss until the loss exceeds deductible shown in the DECLARATIONS. **We** will then pay the amount of loss in excess of the deductible, up to the applicable **limit of liability** in any one **occurrence**.

b. A deductible of $10,000 per **occurrence** applies to **covered property** in transit.

c. Deductible applies per location, as defined by each itemized listing on the applicable schedule.

d. For any Blanket Coverage listed on the applicable Inland Marine Schedule, the Deductible shall be calculated based upon the Total Insured Value, not on the per item value. For individually scheduled inland marine items, the deductible is calculated based upon the scheduled value of the item.

e. **Loss** of **Business Income,** when not scheduled per location, will be added to the values of damaged locations pro-rata by the amount of actual **Loss** of **Business Income.**

Example:

5.0% Named Storm Deductible
$100,000 Loss of Business Income Limit

Location #1	Total Insured Value = $100,000
Location #2	Total Insured Value = $200,000
Location #3	Total Insured Value = $300,000
Location #4	Total Insured Value = $400,000

Assume a Named Storm caused the following covered loss:

Location #1	$ 0
Location #2	$20,000
Location #3	$ 5,000
Location #4	$25,000
Loss of Business Income	$10,000

The Loss of Business Income would be allocated 40% to Location #2, 10% to Location #3, and 50% to Location #4 yielding:

Location	Deductible	Adjusted Loss	Payable
#2	$10,000	$20,000 + $4,000 = $24,000	$14,000
#3	$15,000	$5,000 + $1,000 = $6,000	$ 0
#4	$20,000	$25,000 + $5,000 = $30,000	$10,000
TOTAL	$24,000

PUBLIC ENTITY

THIS ENDORSEMENT CHANGES THE AGREEMENT. PLEASE READ IT CAREFULLY.

This endorsement modifies coverage provided under the **PROPERTY AND INLAND MARINE COVERAGE FORM, PGIT MN-104:**

Words and phrases that appear in quotation marks have special meaning. Refer to **F.** Equipment Breakdown Coverage Definitions. These definitions supersede those in PGIT MN-104 as regards this endorsement.

A. Equipment Breakdown Coverage Agreements

1. Equipment Breakdown – Covered Cause of Loss
Covered Cause of loss is a "Breakdown" to "**Covered Equipment.**"

2. Coverages Provided

Each of the following coverages is provided if either a limit or the word Included is shown for that coverage in the DECLARATIONS. If neither a limit nor the word Included is shown, then that coverage is not provided.

These coverages apply only to that portion of the loss or damage that is a direct result of a Covered Cause of Loss.

a. Property Damage

We will pay for direct damage to "**Covered Property**" located at the premises described in the DECLARATIONS.

b. Expediting Expenses

With respect to direct damage to "**Covered Property,**" **we** will pay for the extra cost **you** necessarily incur to:

(1) Make temporary repairs; and

(2) Expedite the permanent repairs or replacement of the damaged property.

c. **Loss** of **Business Income**

(1) The coverage as otherwise provided by **Section II – Coverages,** paragraph **B.** is extended to include loss caused by a Covered Cause of Loss, subject to the limit shown in the DECLARATIONS.

(2) If **you** have coverage for **Loss** of **Business Income** and:

(a) If a number of days is shown in the DECLARATIONS for Extended Period of Restoration Coverage, it will replace the five consecutive days in the definition of "**Period of Restoration."**

(b) If **you** have coverage for Ordinance or Law, then the "**Period of Restoration**" is extended to include the additional period of time required for demolition, removal, repair, remodeling or reconstruction.

d. **Additional Expense**

(1) The coverage as otherwise provided by **Section II – Coverages,** Item B.2 **Additional Expense** is extended to include loss caused by a Covered Cause of Loss, subject to the limit shown in the DECLARATIONS.

(2) If **you** have coverage for **Additional Expense** and:

(a) If a number of days is shown in the DECLARATIONS for Extended Period of Restoration Coverage, it will replace the five consecutive days in the definition of "**Period of Restoration.**"

(b) If **you** have coverage for Ordinance or Law, then the "**Period of Restoration**" is extended to include the additional period of time required for demolition, removal, repair, remodeling or reconstruction.

e. Spoilage Damage

(1) **We** will pay for:

(a) **Your** loss of "perishable goods" due to spoilage;

(b) **Your** loss of "perishable goods" due to spoilage that is caused by or results from an interruption in utility services that is the direct result of a "breakdown" to "**covered equipment**" that is owned by a utility, landlord, or other supplier with whom **you** have a contract to provide **you** with any of the following services: electrical power, communications, waste disposal, air conditioning, refrigeration, heating, gas, air, water or steam. Coverage for such loss will begin 24 hours after the time the "breakdown" causes the interruption of the utility service; or

We will also pay any necessary expense **you** incur to reduce the amount of loss under this coverage. **We** will pay such expenses to the extent that they do not exceed the amount of loss that otherwise would have been payable under this coverage.

(2) If **you** are unable to replace the "perishable goods" before its anticipated sale, the amount of **our** payment will be determined on the basis of the sales price of the "perishable goods" at the time of the "breakdown", less discounts and expenses **you** otherwise would have had. Otherwise **our** payment will be determined in accordance with the Valuation provision of this Endorsement.

f. Utility Interruption

If **you** have coverage for **Loss** of **Business Income Additional Expense** that coverage is extended to include loss resulting from the interruption of utility services provided all of the following conditions are met:

(1) The interruption is the direct result of a "Breakdown" to "**Covered Equipment"** owned, operated or controlled by the local private or public utility or distributor that directly generates, transmits, distributes, or provides utility services which **you** receive;

(2) The "**Covered Equipment**" is used to supply electric power, communication services, air conditioning, heating, gas, sewer, water or steam to **your** premises; and

(3) The interruption of utility services to **your** premises lasts at least the consecutive period of time shown in the DECLARATIONS as the Time Deductible. Once this waiting period is met, coverage will commence at the initial time of the interruption and will be subject to all applicable deductibles.

g. Newly Acquired Premises

We will automatically provide coverage at newly acquired premises **you** have purchased or leased. This coverage begins at the time **you** acquire the property and continues for a period not exceeding 90 days, under the following conditions:

(1) **You** must inform us, in writing, of the newly acquired premises as soon as practicable;

(2) **You** agree to pay us an additional premium as determined by us;

(3) The coverage for these premises will be subject to the same terms, conditions, exclusions and limitations as other covered premises; and

(4) If the coverages and deductibles vary for existing premises, then the coverages for the newly acquired premises will be the broadest coverage and highest limits and deductible applicable to the existing premises.

h. Ordinance Or Law Coverage

The following applies despite the Ordinance or Law Exclusion and provided these increase in loss are necessitated by the enforcement of any laws or ordinances that are in force at the time of the "Breakdown" which regulate the demolition, construction, repair or use of the building or structure. With respect to the building or structure that was damaged as a result of the "Breakdown":

(1) **We** will pay for:

(a) The loss in value of the undamaged portion of the building or structure as a consequence of enforcement of an ordinance or law that requires the demolition of undamaged parts of the same building or structure;

(b) **Your** actual cost to demolish and clear the site of the undamaged parts of the same building or structure as a consequence of enforcement of an ordinance or law that requires the demolition of such undamaged property; and

(c) The increased cost actually and necessarily expended to:

(i) Repair or reconstruct the damaged or destroyed portions of the building or structure; and

(ii) Reconstruct or remodel the undamaged portion of that building or structure with buildings or structures of like materials, height, floor area, and style for like occupancy, whether or not demolition is required on:

a. The same premises or on another premises if **you** so elect. However, if **you** rebuild at another premises, the most **we** will pay is the increased cost of construction that **we** would have paid to rebuild at the same premises; or

b. Another premises if the relocation is required by the ordinance or law. The most **we** will pay is the increased cost of construction at the new premises.

(2) **We** will not pay for any:

(a) Demolition or site clearing until the undamaged portions of the buildings or structures are actually demolished;

(b) Increase in loss until the damaged or destroyed buildings or structures are actually rebuilt or replaced and approved by the regulating government agency;

(c) Loss due to any ordinance or law that:

(i) **You** were required to comply with before the loss, even if the building was undamaged; and

(ii) **You** failed to comply with;

(d) Increase in the loss, excess of the amount required to meet the minimum requirement of any ordinance or law enforcement at the time of the "Breakdown"; or

(e) Increase in loss resulting from a substance declared to be hazardous to health or environment by any government agency.

(3) If:

(a) The building or structure is damaged by a "Breakdown" that is covered under this agreement;

(b) There is other physical damage that is not covered under this agreement; and

(c) The building damage in its entirety results in enforcement of ordinance or law;

then **we** will not pay the full amount of the loss under this coverage. Instead, **we** will pay only that proportion of such loss, meaning the proportion that the covered "Breakdown" loss bears to the total physical damage.

But if the building or structure sustains direct physical damage that is not covered under this Endorsement and such damage is the subject of the ordinance or law, then there is no Ordinance Or Law coverage under this Endorsement even if the building has also sustained damage by a covered "Breakdown."

i. Errors and Omissions

We will pay for any loss or damage, which is not otherwise payable under this Coverage Part solely because of the items listed below:

(1) Any error or unintentional omission in the description or location of property as insured under this Endorsement or any subsequent amendments;

(2) Any failure through error to include any premises owned or occupied by **you** at the inception date of this Agreement; or

(3) Any error or unintentional omission by **you** that results in cancellation of any premises insured by this Endorsement.

No coverage is provided as a result of any error or unintentional omission by **you** in the reporting of values or the coverage **you** requested.

It is a condition of this coverage that such errors or unintentional omissions shall be reported and corrected when discovered. The agreement premium will be adjusted accordingly to reflect the date the premises should have been added had no error or omission occurred.

j. "**Data**" or "**Media**" Coverage Extension

(b) Reprogram instructions used in any covered "Computer Equipment."

(3) There shall be no coverage for any loss or expense incurred due to damaged "**Media**" or lost or corrupted "**Data**" if the "**Data**" or "**Media**" cannot be replaced, recreated or restored. To the extent that electronic **data** is not replaced, recreated or restored, the loss will be valued at the cost of replacement of the **media** on which the electronic **data** was stored, with blank **media** of a substantially identical type.

k. "Fungus," Wet Rot and Dry Rot Coverage Extension

(1) Property Damage

(a) **We** will pay for loss or damage by "**Fungus**," wet rot, or dry rot only when the "**Fungus**," wet rot, or dry rot is the direct result of a "Covered Cause of Loss" that occurs during the Agreement period. As used in this Coverage, the term loss or damage means:

(b) Limit

(i) The most **we** will pay for coverage provided under this Coverage is the amount shown in the declarations for this section per **Covered Location** per 12-month period starting with the **effective date** of this Agreement. With respect to a particular **occurrence** of loss which results in **"Fungus,"** wet rot, or dry rot, **we** will not pay more than such limit even if the **"Fungus,"** wet rot, or dry rot continues to be present or active or recurs in a later agreement period.

(ii) If **"fungus,"** wet rot, or dry rot results from damage by water as otherwise covered under this Endorsement, the limit in **k.(1)(b)(i)** is part of, not in addition to, the Water Damage Limitation Limit of Coverage.

(iii) If **"fungus,"** wet rot, or dry rot results from a "Covered Cause of Loss" other than water, the limit in **k.(1)(b)(i)** is part of, not in addition to, the Property Damage Limit of Coverage.

(2) Loss of Business Income or **Additional Expense**

(a) If **you** have selected the **Loss** of **Business Income** Coverage or **Additional Expense** Coverage, the applicable coverage is extended to cover the additional loss caused by the presence of **"Fungus,"** wet or dry rot as identified in paragraph **k.(1)(a)** above.

This coverage applies despite the operation of the Ordinance or Law Exclusion.

d. Water Damage

The damage to "**Covered Property**" by water including any salvage expenses, except no coverage applies to such damage resulting from leakage of a sprinkler system or domestic water piping.

D. Equipment Breakdown Coverage Deductibles

1. Application of Deductibles

We will not pay for loss or damage resulting from any "One Breakdown" until the amount of **covered loss** or damage exceeds the deductible shown in the DECLARATIONS for each applicable coverage. **We** will then pay the amount of **covered loss** or damage in excess of the deductible, up to the applicable Limit of Coverage.

c. Multiple of Daily Value Deductible

If a multiple of daily value is shown in the DECLARATIONS, this deductible will be calculated as follows:

(1) For the entire premises where the loss occurred, determine the total amount of "**Business Income**" that would have been earned during the "**Period of Restoration**" had no "Breakdown" taken place.

(2) Divide the result in Paragraph **(1)** by the number of days the business would have been open during the "**Period of Restoration.**" The result is the daily value.

(3) Multiply the daily value in Paragraph **(2)** by the number of days shown in the DECLARATIONS. **We** will first subtract this deductible amount from any loss **we** would otherwise pay. **We** will then pay the amount of loss or damage in excess of the deductible, up to the applicable Limit of Coverage.

e. Minimum or Maximum Deductibles

(1) If:

(a) A minimum dollar amount deductible is shown in the DECLARATIONS; and

(b) The dollar amount of the Multiple of Daily Value or the Percentage of Loss Deductible is less than the Minimum Deductible;

7. Damages arising out of coercion, criticism, demotion, evaluation, reassignment, discipline, defamation, harassment, humiliation, discrimination against or termination of any employee, or any personnel practices, policies, acts or omissions;

9. Damages arising out of operations for which you:
   a. have violated or failed to comply with any workers' compensation law, or
   b. have rejected any workers' compensation law.

I. Other Insurance. If, as respects Florida, any other insurance exists protecting you against loss covered by this Coverage Agreement, this Coverage Agreement shall apply in excess of the other insurance.

PART THREE - CLAIMS

A. Your Claims Handling Duties. It is your responsibility to investigate, settle, defend and appeal any claim made against you. It is also your responsibility to investigate, settle, defend and appeal any suit brought or other proceedings instituted against you.

You shall have the obligation to pursue a reasonable settlement and accept any reasonable offer of settlement of any such claim, suit, or other proceedings. You shall use diligence and prudence to settle all such claims, suits, or other proceedings which in the exercise of sound judgment should be settled. However, you shall not make or agree to any settlement for any sum in excess of the Self Insured Retention without the approval of the Trust. In the event of your failure to comply with this paragraph, the Trust shall owe no duty to indemnify you for any loss, cost, or expense paid by you in excess of your Self Insured Retention.

B. Your Claims Reporting Duties. It is important for you to understand that "Written Notice" shall contain complete details of the injury, disease or death. Providing loss runs does not constitute notice.

1. You must give us written notice as soon as you learn of any of the following events involving loss which exceed (or might in the future exceed) 50% of your retention:

   a. claim;
   b. award;
   c. verdict;
   d. action;
   e. suit;
   f. proceeding;
   g. judgment.

2. You must give us immediate (within 14 days) written notice of any accident involving:

   b. spinal cord injury, quadriplegia, paraplegia, or paralysis
   c. a permanent total disability as defined in the workers' compensation law;
   d. serious burn injury;
   e. brain injury;
   f. amputation of a major member.
   g. Loss of vision or any other senses
   h. Massive internal injuries affecting body organ or organs
   i. All workers' compensation employer liability claims
   j. Disabilities for a period of six (6) months or more
   k. Bodily injury to two (2) or more covered employees from a single accident

C. **Claims Information.** You agree to send to us any claims information which we may request.

D. **Claims Participation By Us.** At our own election and expense, we have the right and shall be given the opportunity to participate with you in the settlement, defense or appeal of any claim, suit or proceeding which might involve a loss to us. We have no duty to investigate, handle, settle or defend any claims, suits, or proceedings against you.

E. **Proof of Loss.** When paid loss exceeds your retention, you must provide us with a payment register listing all payments made on the claim. We will reimburse you the amount you have paid in excess of your retention, within 30 days of receiving in a form acceptable to us, a complete and proper proof of loss.

F. **Commutation.** Beginning thirty-six (36) months after receipt of notice by us of a claim, we may then, or at any time after, submit the claim for commutation. If we so elect, the claim shall be submitted to an actuary or appraiser to be mutually appointed by you and us. Should we both fail to agree upon an actuary or appraiser, then each party shall select an actuary or appraiser who shall then select an independent actuary, or appraiser who shall fix a lump sum amount. We may pay the lump sum amount, which shall constitute a full and final release of our liability for the claim. However, such lump sum payment shall not constitute a full and final release of our liability if, after the lump sum payment, any supplemental award is made increasing the amount of benefits payable to the Employee and his/her dependents. Any additional liability, at our election, may immediately be commuted via the process above and we may discharge such liability payment of another lump sum.

G. **Claim Audit.** You will let us or our representative examine and audit claim files upon our request. These audits may be conducted during your regular business hours.

PART FOUR - PREMIUM

A. Deposit and Adjustment Premiums. At the beginning of the **Coverage Agreement** period you must pay us the deposit premium shown in the declarations.

C. Final Premium. The final premium due us for the coverage agreement period will be computed based on audited payrolls. The final premium will be calculated pro rata based on the time this **Coverage Agreement** was in force. Final premium will not be less than the minimum premium.

D. **Payroll** means the gross pay of your employees for the coverage agreement period plus other amounts and items received by your employees as part of their pay for the coverage agreement period. We will send you a payroll reporting form describing what is included in payroll.

E. **Records.** You will keep records of information needed to compute premium. You will provide us with copies of those records when we ask for them.

AUTOMOBILE COVERAGE FORM

Various provisions in this Coverage Agreement restrict coverage. Read the entire Coverage Agreement carefully to determine rights, duties and what is and is not covered.

Throughout this Coverage Agreement the words "you" and "your" refer to the Named Covered Parties shown in the Declarations. The words "we," "us" and "our" refer to the Trust providing this coverage.

Other words and phrases that appear in quotation marks have special meaning. Refer to SECTION VI - DEFINITIONS.

SECTION I - COVERED AUTOS

ITEM TWO of the Declarations shows the "autos" that are covered "autos" for each of your coverages. The following numerical symbols describe the "autos" that may be covered "autos." The symbols entered next to a coverage on the Declarations designate the only "autos" that are covered "autos."

A. Description of Covered Auto Designation

Symbols SYMBOL DESCRIPTION

1 = ANY "AUTO."

2 = ALL OWNED "AUTOS" ONLY. Only those "autos" you own and or lease (and for Liability Coverage any "trailers" you don't own while attached to power units you own). This also includes all those "autos" you acquire ownership of after the coverage agreement begins.

3 = OWNED PRIVATE PASSENGER "AUTOS" ONLY. Only the private passenger "autos" you own. This includes those private passenger "autos" you acquire ownership of after the coverage agreement begins.

4 = OWNED "AUTOS" OTHER THAN PRIVATE PASSENGER "AUTOS" ONLY. Only those "autos" you own that are not of the private passenger type (and for Liability Coverage any "trailers" you don't own while attached to power units you own). This includes those "autos" not of the private passenger type you acquire ownership of after the coverage agreement begins.

5 = OWNED "AUTOS" SUBJECT TO NO-FAULT. Only those "autos" you own and or lease that are required to have No-Fault benefits in the state where they are licensed or principally garaged. This includes those "autos" you acquire ownership of after the coverage agreement begins provided they are required to have No-Fault benefits in the state where they are licensed or principally garaged.

6 = OWNED "AUTOS" SUBJECT TO A COMPULSORY UNINSURED MOTORISTS LAW. Only those "autos" you own and or lease that because of the law in the state where they are licensed or principally garaged are required to have and cannot reject Uninsured Motorists Coverage. This includes those "autos" you acquire ownership of after the coverage agreement begins provided they are subject to the same state uninsured motorists requirement.

7 = SPECIFICALLY DESCRIBED "AUTOS." Only those "autos" described in ITEM THREE of the Declarations for which a premium charge is shown (and for Liability Coverage any "trailers" you don't own while attached to any power unit described in ITEM THREE).

8 = HIRED "AUTOS" ONLY. Only those "autos" you hire, rent or borrow. This does not include any "auto" you lease, hire, rent, or borrow from any of your employees or partners or members of their households.

9 = NONOWNED "AUTOS" ONLY. Only those "autos" you do not own, hire, rent or borrow that are used in connection with your business. This includes "autos" owned by your employees or partners or members of their households but only while used in your business

10 = Per definition assigned on PGIT MN-399, if applicable.

B. Owned Autos You Acquire After the Coverage Agreement Begins

1. If symbols 1, 2, 3, 4, 5 or 6 are entered next to a coverage in ITEM TWO of the Declarations, then you have coverage for "autos" that you acquire of the type described for the remainder of the coverage agreement period. No additional or return premium during the remainder of the annual coverage term, except as noted in B.2.c. below. If the coverage agreement period is a two year agreement then the annual premium change will be reflected in the 2nd year of the coverage agreement renewal premium.
2. But, if symbol 7 is entered next to a coverage in ITEM TWO of the Declarations, an "auto" you acquire will be a covered "auto" for that coverage only if:
   a. We already cover all "autos" that you own for that coverage or it replaces an "auto" you previously owned that had that coverage; and
   b. You tell us within 30 days after you acquire it that you want us to cover it for that coverage.
   c. Additional and return premium will be subject to pro-rata adjustment. This pro-rata adjustment will apply to all coverage for the "autos" that are added or deleted.

C. Certain Trailers, Mobile Equipment and Temporary Substitute Autos

If this Coverage Form provides Liability Coverage, the following types of vehicles are also covered "autos" for Liability Coverage:

1. "Trailers" with a load capacity of 2,000 pounds or less designed primarily for travel on public roads.
2. "Mobile equipment" while being carried or towed by a covered "auto."
3. Any "auto" you do not own while used with the permission of its owner as a temporary substitute for a covered "auto" you own that is out of service because of its:
   a. Breakdown;
   b. Repair;
   c. Servicing;
   d. "Loss"; or
   e. Destruction.

SECTION II- LIABILITY COVERAGE

A. Coverage

We will pay all sums a “covered party” legally must pay as damages because of "bodily injury" or "property damage" to which this coverage applies, caused by an "accident" and resulting from the ownership, maintenance or use of a covered "auto."

We will also pay all sums a “covered party” legally must pay as a "covered pollution cost or expense" to which this coverage applies, caused by an "accident" and resulting from the ownership, maintenance or use of covered "autos." However, we will only pay for the "covered pollution cost or expense" if there is either "bodily injury" or "property damage" to which this coverage applies that is caused by the same "accident."

We have the right and duty to defend any "suit" asking for such damages or a "covered pollution cost or expense." However, we have no duty to defend "suits" for "bodily injury" or "property damage" or a "covered pollution cost or expense" not covered by this Coverage Form. We may investigate and settle any claim or "suit" as we consider appropriate. Our duty to defend or settle ends when the Liability Coverage Limit has been exhausted by payment of judgments or settlements.

Any "leased auto" designated or described in the Schedule will be considered a covered "auto" you own and not a covered "auto" you hire or borrow.

The coverages provided under this endorsement apply to any "leased auto" until the expiration date of the Common Declarations page, or when the lessor or his or her agent takes possession of the "leased auto," whichever occurs first.

1. Who Is A Covered Party

The following are "covered parties":

a. You for any covered "auto."

b. Anyone else while using with your permission a covered "auto" you own, hire or borrow except:

(1) The owner or anyone else from whom you hire or borrow a covered "auto." This exception does not apply if the covered "auto" is a "trailer" connected to a covered "auto" you own.

(2) Your employee if the covered "auto" is owned by that employee or a member of his or her household.

(3) Someone using a covered "auto" while he or she is working in a business of selling, servicing, repairing or parking "autos" unless that business is yours.

(4) Anyone other than your employees, partners, a lessee or borrower or any of their employees, while moving property to or from a covered "auto."

(5) A partner of yours for a covered "auto" owned by him or her or a member of his or her household.

c. Anyone liable for the conduct of a “covered party” described above but only to the extent of that liability.

2. Coverage Extensions

a. Supplementary Payments. In addition to the Limit of Coverage, we will pay for the “covered party”:

(1) All expenses we incur.

(2) Up to $1,000 for cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

(3) The cost of bonds to release attachments in any "suit" we defend, but only for bond amounts within our Limit of Coverage.

(4) All reasonable expenses incurred by the “covered party” at our request, including actual loss of earning up to $250 a day because of time off from work.

(5) All costs taxed against the “covered party” in any "suit" we defend.

(6) All interest on the full amount of any judgment that accrues after entry of the judgment in any "suit" we defend; but our duty to pay interest ends when we have paid, offered to pay or deposited in court the part of the judgment that is within our Limit of Coverage.

b. Out-of-State Coverage Extensions.

While a covered "auto" is away from the state where it is licensed we will:

(1) Increase the Limit of Coverage for Liability Coverage to meet the limits specified by a compulsory or financial responsibility law of the jurisdiction where the covered "auto" is being used. This extension does not apply to the limit or limits specified by any law governing motor carriers of passengers or property.

(2) Provide the minimum amounts and types of other coverages, such as no-fault, required of out-of-state vehicles by the jurisdiction where the covered "auto" is being used.

We will not pay anyone more than once for the same elements of loss because of these extensions.

B. Exclusions

This coverage does not apply to any of the following:

1. Expected Or Intended Injury

"Bodily injury" or "property damage" expected or intended from the standpoint of the "covered party."

2. Contractual

Liability assumed under any contract or agreement.

But this exclusion does not apply to liability for damages:

a. Assumed in a contract or agreement that is an "insured contract" provided the "bodily injury" or "property damage" occurs subsequent to the execution of the contract or agreement; or

b. That the “covered party” would have in the absence of the contract or agreement.

3. Workers' Compensation

Any obligation for which the “covered party” or the “covered party’s” coverage provider may be held liable under any workers' compensation, disability benefits or unemployment compensation law or any similar law.

4. Employee Indemnification And Employer's Liability "Bodily injury" to:

a. An employee of the “covered party” arising out of and in the course of employment by the “covered party”; or

b. The spouse, child, parent, brother or sister of that employee as a consequence of paragraph a. above.

This exclusion applies:

(1) Whether the “covered party” may be liable as an employer or in any other capacity; and

(2) To any obligation to share damages with or repay someone else who must pay damages because of the injury.

But this exclusion does not apply to "bodily injury" to domestic employees not entitled to workers' compensation benefits or to liability assumed by the “covered party” under an "insured contract."

5. Fellow Employee

"Bodily injury" to any fellow employee of the “covered party” arising out of and in the course of the fellow employee's employment.

6. Care, Custody Or Control

"Property damage" to or "covered pollution cost or expense" involving property owned or transported by the "covered party" or in the "covered party’s" care, custody or control. But this exclusion does not apply to liability assumed under a sidetrack agreement.

7. Handling Of Property

"Bodily injury" or "property damage" resulting from the handling of property:

a. Before it is moved from the place where it is accepted by the "covered party" for movement into or onto the covered "auto"; or

b. After it is moved from the covered "auto" to the place where it is finally delivered by the "covered parties."

8. Movement Of Property By Mechanical Device

"Bodily injury" or "property damage" resulting from the movement of property by a mechanical device (other than a hand truck) unless the device is attached to the covered "auto."

9. Operations

"Bodily injury" or "property damage" arising out of the operation of any equipment listed in paragraphs **6.b.** and **6.c.** of the definition of "mobile equipment."

10. Completed Operations

"Bodily injury" or "property damage" arising out of your work after that work has been completed or abandoned.

In this exclusion, your work means:

a. Work or operations performed by you or on your behalf; and

b. Materials, parts or equipment furnished in connection with such work or operations.

Your work includes warranties or representations made at any time with respect to the fitness, quality, durability or performance of any of the items included in paragraphs a. or b. above.

Your work will be deemed completed at the earliest of the following times:

(1) When all of the work called for in your contract has been completed.

(2) When all of the work to be done at the site has been completed if your contract calls for work at more than one site.

(3) When that part of the work done at a job site has been put to its intended use by any person or organization other than another contractor or subcontractor working on the same project.

Work that may need service, maintenance, correction, repair or replacement, but which is otherwise complete, will be treated as completed.

11. Pollution

"Bodily injury" or "property damage" arising out of the actual, alleged or threatened discharge, dispersal, seepage, migration, release or escape of "pollutants":

a. That are, or that are contained in any property that is:

(1) Being transported or towed by, handled, or handled for movement into, onto or from, the covered "auto";

(2) Otherwise in the course of transit by or on behalf of the “covered party”; or

(3) Being stored, disposed of, treated or processed in or upon the covered "auto";

b. Before the "pollutants" or any property in which the "pollutants" are contained are moved from the place where they are accepted by the "covered party" for movement into or onto the covered "auto"; or

c. After the "pollutants" or any property in which the "pollutants" are contained are moved from the covered "auto" to the place where they are finally delivered, disposed of or abandoned by the "covered party."

Paragraph **a**. above does not apply to fuels, lubricants, fluids, exhaust gases or other similar "pollutants" that are needed for or result from the normal electrical, hydraulic or mechanical functioning of the covered "auto" or its parts, if:

(1) The "pollutants" escape, seep, migrate, or are discharged, dispersed or released directly from an "auto" part designed by its manufacturer to hold, store, receive or dispose of such "pollutants"; and

(2) The "bodily injury," "property damage" or "covered pollution cost or expense" does not arise out of the operation of any equipment listed in paragraphs **6.b.** and **6.c.** of the definition of "mobile equipment."

Paragraphs **b.** and **c**. above of this exclusion do not apply to "accidents" that occur away from premises owned by or rented to a "covered party" with respect to "pollutants" not in or upon a covered "auto" if:

(3) The "pollutants" or any property in which the "pollutants" are contained are upset, overturned or damaged as a result of the maintenance or use of a covered "auto"; and

(4) The discharge, dispersal, seepage, migration, release or escape of the "pollutants" is caused directly by such upset, overturn or damage.

12. War

"Bodily injury" or "property damage" due to war, whether or not declared, or any act or condition incident to war. War includes civil war, insurrection, rebellion or revolution. This exclusion applies only to liability assumed under a contract or agreement.

13. Professional Liability

"Bodily injury" resulting from the providing or the failure to provide any medical or other professional services.

14. Racing

This coverage does not apply to any "bodily injury" or "property damage" sustained as a result of any covered "auto" while the covered “auto” is being used in any professional or non-professional racing or demolition contest or stunting activity, or while practicing for such contest or activity. This coverage also does not apply to any “bodily injury” sustained while the “auto” is being prepared for such a contest or activity.

C. Limit Of Coverage

1. Regardless of the number of covered "autos," "covered parties," premiums paid, claims made or vehicles involved in the "accident," the most we will pay for the total of all damages and "covered pollution cost or expense" combined, resulting from any one "accident" is the Limit of Coverage for Liability Coverage shown in the Declarations.

2. All "bodily injury," "property damage" and "covered pollution cost or expense" resulting from continuous or repeated exposure to substantially the same conditions will be considered as resulting from one "accident."

3. No one will be entitled to receive duplicative payments for the same elements of "loss" under this Coverage Agreement and any Medical payments, Uninsured Motorist, or Underinsured Motorists within this Coverage Agreement.

4. The most we will pay is further limited by limitations set forth in Section 768.28(5), Florida Statutes (2010) or the equivalent limitations of successor law which are applicable at the time of loss.

However, subject to the amount in the Limit of Coverage shown in the Declarations - **FLORIDA AUTOMOBILE LIABILITY LIMITS** we will pay:

a. The amount indicated when the Florida Legislature enacts an appropriate claim bill in accordance with Section 768.28 (5), Florida Statutes;

b. The amount determined by a court of competent jurisdiction for liable action taken outside the state of Florida; or

c. The amount shown in the Limit of Coverage shown in the Declarations when Florida Statutes Section 768.28 (5), is inapplicable.

5. Damages will not include:

a. taxes, fines, penalties, or sanctions;

b. punitive or exemplary damages or the multiple portion of any multiplied damages award;

c. matters uninsurable under the laws pursuant to which this **Coverage Agreement** is construed; or

d. the cost to comply with any injunctive or other non-monetary or declaratory relief, including specific performance, or any agreement to provide such relief.

D. Other Coverage

For any covered “autos” you do not own, hire, rent or borrow that are used in connection with your business, the coverage provided by this Coverage Form is excess over any other collectible coverage.

SECTION III - PHYSICAL DAMAGE COVERAGE

However, you have the option of having glass breakage caused by a covered "auto's" collision or overturn considered a "loss" under Collision Coverage.

Rental Coverage below of $5,000 in any one coverage period for transportation expense incurred by you because of the total theft of a covered "auto" of the private passenger type. We will pay only for those covered "autos" for which you carry either Comprehensive or Specified Causes of Loss Coverage. We will pay for transportation expenses incurred during the period beginning 48 hours after the theft and ending, regardless of the coverage agreement's expiration, when the covered "auto" is returned to use or we pay for its "loss."

5. Rental Coverage

a. We will pay for rental reimbursement expenses incurred by you for the rental of an “auto” because of “loss” to a covered “auto”. Payment applies in addition to the otherwise applicable amount of each coverage you have on a covered “auto”. No deductibles apply to this coverage.

b. We will pay only for those expenses incurred during the policy period beginning 24 hours after the “loss” and ending, regardless of the policy’s expiration, with the lesser of the following number of days:

e. The maximum amount payable is $50.00 per day per covered automobile per occurrence, or $5,000 in the aggregate for the coverage period in which the losses occur. The rental coverage for theft also applies under this same aggregate.

C. Claims Information- You agree to send to us any claims information which we may request. You agree to submit a claim status update for all claims to us on a quarterly basis by the 15th day after the quarter month ending.

D. Claims Participation By Us- Whenever an action or claim is asserted against any "Covered party" that may involve our liability under the Coverage Agreement, the "Covered party" shall keep us regularly apprised of the status and developments concerning the action or claim. The Trust shall not be required to furnish a reservation of rights (either in writing or verbally) to a "Covered party" with respect to the action or claim unless and until we determine in our reasonable opinion that payment of combined insured damages and insured allocated costs and expenses will exhaust, per " occurrence", "accident", offense, or "Wrongful Act", the self insured retention or we give written notice that we have assumed the defense of the action or claim against the "Covered party". This paragraph does not alter

any other notification or reporting requirements on behalf of any "Covered party" as provided elsewhere in the Coverage Agreement.

E. Change of Claim Handling Agency- The Covered Party shall obtain our direct written consent to change, or end, a “third party administrator’s” services. This provision also applies subsequent to the term of this Coverage Agreement.

F. Appeal- We have the right to appeal any judgment that results in a verdict when the verdict is equal or greater than the Covered Party’s “self insured retention.”

G. Proof of Loss- When paid loss exceeds your retention, you must provide us with a payment register listing all payments made on the claim. We will reimburse you the eligible amount you have paid in excess of your retention, within 30 days of receiving a form acceptable to us, a complete and proper proof of loss.

H. Claim Audit- You will let us or our representative examine and audit claim files upon our request. These audits may be conducted during your regular business hours.

I. Defense Counsel- You have the right to select defense counsel of your choosing, however only reasonable and necessary attorney’s fees in accordance with the Preferred Panel Counsel hourly rate schedule and the Preferred Attorney Guidelines at the time of loss will be applied to the claim and eligible for reimbursement if all other Policy Conditions are met. The Preferred Panel Counsel hourly rate schedule and the Preferred Attorney Guidelines are distributed to both the Insured Member and their respective Third-Party Administrator.

DEFINITIONS

A. Allocated Claims Expenses

“Allocated claims expense” means expenses incurred in connection with the investigation of “occurrences”, adjustment of claims and defense and settlement or trial of “suits.” “Allocated claims expenses” include, but are not limited to, payments for attorneys, law firms (rates not to exceed Preferred’s approved Panel Counsel hourly rate schedule at time of loss), doctors, experts, appraisers, photographers, adjusters, investigators, printers, stenographers, costs of appeal bonds and pre and post judgment interest. “Allocated claims expense” does not include any salaries or fees paid to the “third party administrator,” or salaries or wages of any regular full time or part time employee of the Covered Party. The TPA/Member will be held responsible for any fees or fines associated with their failure to follow State and Federal requirements.

B. Self Insured Retention

The “self insured retention” means that sum or sums indicated in the Coverage Declarations and general endorsements or the Self Insured Retention Schedule, which the Covered Party shall pay:

1. For settlement or satisfaction of claims, “suits” or judgments, after making deductions for all salvages and recoveries; plus
2. “Allocated claims expenses.”

The “self insured retention” shall be paid by the Covered Party prior to any obligation on the part of us.

C. Third Party Administrator

“Third party administrator” means the independent organization that provides claims services under contract to you.

Retained Limits Policy

COMMON CONDITIONS, DEFINITIONS AND EXCLUSIONS

Throughout this **Policy** the words **You** and **Your** refer to the **Named Insured**. The words **We**, **Us**, and **Our** refer to the company providing this insurance.

Certain words and phrases that appear in bold print have special meanings found either in the Common Conditions, Definitions and Exclusions section of the **Policy**, or in the Definitions sections of the Coverage Parts.

A. Policy Conditions

All Coverage Parts included in this **Policy** are subject to the following conditions except as otherwise expressly indicated.

1. Alteration, Assignment and Headings

   a. Notice to any agent or knowledge possessed by any agent or by any other person shall not affect a waiver or a change in any part of this **Policy** nor prevent the **Insurer** from asserting any right under the terms of this **Policy**.

   b. No change in, modification of, or assignment of interest under this **Policy** shall be effective except when made by a written endorsement to the **Policy** signed by an authorized representative of the **Insurer**.

   c. The titles and headings to the various parts, sections, subsections and endorsements of the **Policy** are included solely for ease of reference and do not in any way limit, expand or otherwise affect the provisions of such parts, sections, subsections or endorsements.

2. Alternative Dispute Resolution

   The **Insured** and the **Insurer** shall submit any dispute or controversy arising out of or relating to this **Policy** or the breach, termination or invalidity thereof, including disputes as to the scope or applicability of coverage, to the alternative dispute resolution ("ADR") process set forth in this section.

   Either an **Insured** or the **Insurer** may elect the type of ADR process discussed below; provided, however, that the **Insured** shall have the right to reject the choice by the **Insurer** of the type of ADR process at any time prior to its commencement, in which case the choice by the **Insured** of ADR process shall control.

   There shall be two choices of ADR process: (1) non-binding mediation administered by any mediation facility to which the **Insurer** and the **Insured** mutually agree, in which the **Insured** and the **Insurer** shall try in good faith to settle the dispute by mediation in accordance with the then-prevailing commercial mediation rules of the mediation facility; or (2) arbitration submitted to any arbitration facility to which the **Insured** and the **Insurer** mutually agree, in which the arbitration panel shall consist of three disinterested individuals. In either mediation or arbitration, the mediator or arbitrators shall have expertise in the legal, or the insurance issues relevant to the matters in dispute. In the event of arbitration, the decision of the arbitrators shall be final and binding and provided to both parties. No award of the arbitrators shall include attorneys' fees or other costs. In the event of mediation, either party shall have the right to commence arbitration in accordance with this section; provided, however, that no such arbitration shall be commenced until at least 60 days after the date the mediation is concluded or terminated. In all events, each party shall bear its own expenses in the ADR process.

   Either ADR process may be commenced in New York, New York or in the state indicated in Item 1 of the Declarations as the principal address of the **Named Insured**. The **Named Insured** shall act on behalf of each and every **Insured** in connection with any ADR process under this section.

2016. All rights reserved.

3. Appeals

   We can appeal a judgment against an **Insured** under this agreement if:

   a. The judgment is for more than the amount of the **Retained Limit**, and

   b. An **Insured** does not appeal it.

   If **We** appeal a judgment, **We** will pay the costs of the appeal and any interest on those costs. Those payments will be in addition to any Limit of Insurance of this **Policy**.

4. Audit of Books and Records

   We may audit **Your** books and records at any time during the **Policy Period** or within five years after the **Policy Period**. There is no time limit on auditing **Your** books and records with respect to **Claims** under this **Policy**.

5. Authorization Clause

   By the acceptance of this **Policy**, the **Named Insured** agrees to act on behalf of all **Insureds** with respect to the giving and receiving of notice of **Claim**, the giving or receiving of notice of cancellation or non renewal, the payment of premiums and the receiving of any premiums that may become due under this **Policy**, the agreement to and acceptance of endorsements, consenting to any settlement, exercising the right to the **Extended Reporting Period**, and the giving or receiving of any other notice provided for in this **Policy**, and all **Insureds** agree that the **Named Insured** shall so act on their behalf.

6. Conflicting State Law or Regulation

   In the event that provisions of this **Policy** conflict with any state law or regulation, then such law or regulation shall prevail and this **Policy** is amended to conform with such law or regulation.

7. Defense and Settlement

   a. **We** have no duty to defend a **Claim** against an **Insured** seeking **Damages**.

   b. **We** shall have no obligation to pay or indemnify an **Insured** for any amount if an **Insured**'s obligation to pay **Damages** and **Claim Expenses** is within or equal to the **Retained Limit**.

   c. **You** have the duty to defend any **Claim** to which this insurance applies and shall be responsible for the **Damages** and **Claim Expenses** up to the **Retained Limit**.

   d. When the **Damages** and **Claim Expenses** for which **You** become legally obligated to pay exceed the **Retained Limit**, **You** will be entitled to indemnification by **Us**. **You** shall submit any request for indemnification to **Us** as soon as practicable after the **Damages** and **Claim Expenses** exceed the **Retained Limit**. **We** will promptly indemnify **You** in excess of the **Retained Limit** subject to the Limit of Insurance for the applicable Coverage Part as shown on the Declarations. The **Retained Limit** must be satisfied by actual payment by **You**. The **Retained Limit** may not be satisfied by payment by the **Insured** of any deductible of any other **Policy** or payments made on behalf of the **Insured** by any other insurer, person or entity. The **Insured** must make actual payment of the **Retained Limit** under this **Policy** without regard to whether the **Insured** must pay other amounts under any other **Policy**, even if the claimed amounts are deemed to have been caused by one **Occurrence, Accident** or **Wrongful Act**. The **Retained Limit** shall not be impaired by any **Claim** brought against an **Insured** which is not covered under the applicable Coverage Part.

   e. **Your** legal obligation to pay the **Damages and Claim Expenses** must be evidenced either by a judgment against any **Insured** after final adjudication, or by an arbitration award entered as a judgment, or by a written settlement executed by **You** and the settling claimants.

   f. **You** must obtain **Our** prior written approval before offering or agreeing to pay an amount which is in excess of the **Retained Limit** in order to settle any **Claim**.

   g. **We** shall have the right and **You** shall avail **Us** of the opportunity to associate with **You** in the defense of any **Claim** that in **Our** sole opinion may create indemnification obligations for **Us**.

2016. All rights reserved.

h. **We** shall have the right to settle any **Claim** that in **Our** sole opinion may create indemnification obligations for **Us**.

8. Duties In the Event of **Accident**, **Occurrence**, **Wrongful Act**, or **Claim**

a. **You** must see to it that:

i. **We** are notified in writing as soon as practicable once **You** have knowledge of any **Accident** or **Occurrence** which may reasonably and subsequently give rise to a **Claim** being made against an **Insured** that is likely to result in liability for **Us** under this **Policy**. Notice shall be deemed given as soon as practicable if it is given to **Us** by the department or person to whom **You** have delegated such claims reporting responsibility as soon as practicable after they have knowledge of such **Accident** or **Occurrence**. Further, for any **Claim** arising from a **Wrongful Act**, notification to **Us** may be given no later than sixty (60) days after the end of the **Policy Period**.

9. Estates, Legal Representatives and Spouses

The estates, heirs, legal representatives, assigns, spouses and legally recognized domestic partners of an **Insured** and any natural person qualifying as a domestic partner of an **Insured** under the provisions of any applicable federal, state or local law or under the provisions of any formal program established by the **Named Insured** shall be considered an **Insured** under this **Policy**; but coverage is afforded to such estates, heirs, legal representatives, assigns, spouses and legally recognized domestic partners only for a **Claim** arising solely out of their status as such and, in the case of a spouse or legally recognized domestic partner, where the **Claim** seeks **Damages** from marital community property, jointly held property or property transferred from a natural person **Insured** to the spouse or legally recognized domestic partner. All of the terms and conditions of this **Policy** including, without limitation, the **Retained Limit** applicable to **Damages** and **Claim Expenses** claimed against an **Insured** shown in Item 4 of the Declarations, shall also apply to such estates, heirs, legal representatives, assigns, spouses and legally recognized domestic partners.

2016. All rights reserved.

10. Rights of Third Parties/Financial Impairment

    a. Other than (a) provided to **You** in Condition A.2. above (Alternative Dispute Resolution) or (b) expressly provided for by law, this **Policy** grants no rights whatsoever to any person or organization to sue **Us** or join **Us** as a party to any action against any **Insured** to determine the liability of any **Insured** nor shall **We** be impleaded by any **Insured** or its legal representatives. Bankruptcy or insolvency of any **Insured** or of the estate of any **Insured** (or any insurer providing underlying insurance or an **Insured**'s inability to pay any part of the **Retained Limit**) shall not relieve **Us** of **Our** obligations nor deprive **Us** of any rights or defenses under this **Policy**.

    b. In the event there is a reduced recovery or no recovery available to an **Insured** as a result of such financial impairment of any **Insurer** providing other insurance, the coverage under this **Policy** shall apply only in excess of the **Retained Limit**. Under no circumstances shall **We** be required to drop down and replace any underlying Limit of Insurance, or assume any other obligations of any financially impaired **Insurer** or an **Insured**.

11. Inspection

    We have the right, but are not obligated to inspect any **Insured**'s premises and operations at any time. **Our** inspections are not safety inspections. They relate only to the insurability of the premises and operations and the premium to be charged. **We** may give **You** reports on the conditions **We** find. **We** may also recommend changes to make the premises or operation a better insurance risk. While they may help reduce losses, **We** do not undertake the duty of any person or organization to provide for or advise on the health or safety of workers, third parties or the public. **We** do not warrant or represent that the premises or operations are safe or healthful, or that they comply with laws, regulations, codes or standards.

12. Interpretation

    The terms and conditions of this **Policy** shall be interpreted and construed as a commercial contract in an evenhanded fashion as between the parties. If the language of this **Policy** is to be interpreted in any suit, arbitration, mediation or appeal, any dispute regarding such interpretation shall be resolved in the manner most consistent with the relevant terms and conditions, without regard to authorship of the language, without any presumption or arbitrary interpretation or construction in favor of either the **Insured** or the **Insurer** and without reference to the reasonable expectations of either the **Insured** or the **Insurer**.

13. Other Insurance

    If insurance with any other **Insurer** is available to cover a **Claim** for an **Insured** for any coverage under this **Policy** whether on a primary, excess, or contingent basis, the insurance under this **Policy** is excess of and does not contribute with such other insurance.

    It is also agreed that such other insurance is excess over the **Retained Limit** and we will not make any payments until the other insurance and the **Retained Limit** have been exhausted.

    The insurance under this **Policy** is not subject to the terms, conditions, or limitations of any other insurance.

    This condition does not apply with respect to excess insurance purchased specifically to be in excess of this **Policy**.

14. Premium

        i. Is responsible for the payment of all premiums; and

        ii. Will be the payee for any return premiums **We** pay.

    b. **We** will compute all premiums for this **Policy** in accordance with **Our** rules and rates.

    c. The **Named Insured** must keep records of the information needed for premium computation, and send copies at such times as **We** may request.

2016. All rights reserved.

15. Representations

    a. The **Insured** represents and acknowledges that the statements and information contained in the **Application** are true and accurate and:

        i. are the basis of this **Policy** and are to be considered as incorporated into and constituting a part of this **Policy**; and

        ii. shall be deemed material to the acceptance of this risk or the hazard assumed by the **Insurer** under this **Policy**; and

    b. It is understood and agreed that:

        i. this **Policy** is issued in reliance upon the truth and accuracy of such representations;

        ii. if such representations or such information are not true, accurate and complete, this **Policy** shall be null and void in its entirety and the **Insurer** shall have no liability hereunder;

    c. Any **Insured's** failure to disclose all hazards as of the inception date of this **Policy** shall not prejudice the **Insured** with respect to the coverage afforded by this **Policy**; provided such failure or omission is not intentional and any **Insured** did not know about such hazard prior to the commencement of the **Policy Period**.

16. Right to Recover Payment

    Any persons or organizations for whom **We** make a payment under this insurance must transfer to **Us** their right of recovery against any other party. After a **Claim** they must do everything necessary to secure, and nothing to impair, these rights. However, **We** will waive **Our** right of recovery against any person or organization with respect to which the **Insured** has waived its right of recovery prior to the **Occurrence**, **Accident**, or **Wrongful Act** in an **Insured Contract**.

17. Territory

    Coverage under this **Policy** shall extend to **Accidents**, **Occurrences** or **Wrongful Acts** taking place or sustained anywhere in the world, provided the **Claim** is made within the jurisdiction of and subject to the laws of the United States of America, Canada or their respective territories or possessions.

18. Termination of the **Policy**

    a. The **Named Insured** may cancel this **Policy** at any time by sending **Us** a written request or by returning the **Policy** stating the date of cancellation.

    b. **We** may cancel this **Policy** at any time by mailing to the **Named Insured** a notice of cancellation 60 days (10 days in the event of non-payment of premium) in advance of the cancellation date. **Our** notice of cancellation will be mailed to the **Named Insured**'s last known address, and will indicate the date on which coverage is terminated.

    c. If cancellation is requested by the **Named Insured**, return premium will be computed at 90% of the pro rata premium.

        If **We** cancel, return premium will be computed pro rata. If this **Policy** insures more than one **Named Insured**, cancellation may be effected by the **Named Insured** as shown on the Declarations Page for the account of all the **Named Insureds**. Notice of cancellation by **Us** to the **Named Insured** will be deemed notice to all **Insureds** and payment of any return premium to such **Named Insured** will be for the account of all interests.

    d. This **Policy** shall also terminate at the earliest of the following times:

        i. Upon expiration of the **Policy Period** as set forth in Item 2 of the Declarations; or

        ii. At such other time as may be agreed upon by the **Insurer** and the **Named Insured**.

    e. Either party may elect to non-renew the **Policy** at its expiration date for any reason.

2016. All rights reserved.

19. Transfer of Rights and Duties

    Your rights and duties under this insurance may not be transferred without **Our** written consent except in the case of death of an individual **Insured**.

    If **You** die, **Your** rights and duties will be transferred to **Your** legal representative but only while acting within the scope of duties as **Your** legal representative. Until **Your** legal representative is appointed, anyone having proper temporary custody of **Your** property will have **Your** rights and duties but only with respect to that property.

20. Valuation

    All premiums, limits, retentions, **Damages**, **Claim Expenses** and other amounts under this **Policy** are expressed and payable in the currency of the United States of America. If judgment is rendered, settlement is denominated or another element of **Damages** and **Claim Expenses** under this **Policy** is stated in a currency other than United States of America dollars, payment under this **Policy** shall be made in United States dollars at the applicable rate of exchange as published in *The Wall Street Journal* as of the date the final judgment is reached. If the amount of the settlement is agreed upon or the other element of **Damages** or **Claim Expenses** is due, respectively, or if it is not published on such date, the rate as published on the next date of publication of *The Wall Street Journal* shall apply.

21. When a **Claim** is Payable

    With respect to payment of **Claims,** this **Policy** will not apply until **You** are obligated to pay the amount of the **Retained Limit** covered under this **Policy**. When the amount of **Damages** and **Claim Expenses** has finally been determined as provided in Condition A. 7. Defense and Settlement, **We** will promptly indemnify **You** the amount of the **Damages** and **Claim Expenses** covered under this **Policy**.

    If **We** are required or at **Our** sole discretion, elect to pay any amounts on behalf of an **Insured** within the **Retained Limit**, **You** will promptly reimburse **Us** for any such amounts.

In consideration of the payment of the premium, in reliance upon the **Application**, and subject to the Declarations and the terms and conditions of this **Policy**, the **Insureds** and the **Insurer** agree as follows:

A. Insuring Agreement

The **Insurer** will indemnify the **Insured** for **Damages** and **Claim Expenses** in excess of the **Retained Limit** for which the **Insured** becomes legally obligated to pay because of a **Claim** first arising out of an **Occurrence** happening during the **Policy Period** in the Coverage Territory for **Bodily Injury**, **Personal Injury**, **Advertising Injury**, or **Property Damage** taking place during the **Policy Period**.

No other obligation to pay any additional sums, perform acts or provide services is covered.

B. Retained Limit

The **Insurer's** liability under this **Policy** applies only to **Damages** and **Claims Expenses** which are in excess of the **Retained Limit** applicable to this Coverage Part and specified in Item 4. A. Insuring Agreement

1.     Further, this exclusion shall not apply to any actual or alleged failure to execute required actions or mistaken actions committed in the **Administration** of **Your Employee Benefit Program**.

15. Alleging, based upon, arising out of or attributable to any **Wrongful Act** for which coverage is afforded under any other Coverage Part of this **Policy**.

F. Extended Reporting Period

If the **Insurer** terminates or does not renew this **Policy** (other than for failure to pay a premium when due), or if the **Named Insured** terminates or does not renew this **Policy** and does not obtain replacement coverage as of the effective date of such termination or non-renewal, the **Named Insured** shall have the right to a continuation of the coverage granted by this **Policy** for at least one **Extended Reporting Period** as follows:

1. Automatic **Extended Reporting Period**

    The **Named Insured** shall have continued coverage granted by this **Policy** for a period of 60 days following the effective date of such termination or non-renewal, but only for **Claims** first made during such 60 days and arising from **Wrongful Acts** taking place prior to the effective date of such termination or non-renewal. This Automatic **Extended Reporting Period** shall immediately expire upon the purchase of replacement coverage by the **Named Insured**.

2. Optional **Extended Reporting Period**

This right to continue coverage shall lapse unless written notice of such election is given by the **Named Insured** to the **Insurer**, and the **Insurer** receives payment of the additional premium, within 30 days following the effective date of termination or non-renewal.

The first 60 days of the Optional **Extended Reporting Period**, if it becomes effective, shall run concurrently with the Automatic **Extended Reporting Period**.

3. The **Insurer** shall give the **Named Insured** notice of the premium due for the Optional **Extended Reporting Period** as soon as practicable following the date the **Named Insured** gives such notice of such election, and such premium shall be paid by the **Named Insured** to the **Insurer** within 10 days following the date of such notice by the **Insurer** of the premium due. The Optional **Extended Reporting Period** is not cancelable and the entire premium for the Optional **Extended Reporting Period** shall be deemed fully earned and non-refundable upon payment.
4. The Automatic and Optional **Extended Reporting Periods** shall be part of and not in addition to the Limit of Insurance for the immediately preceding **Policy Period**. The purchase of the Optional **Extended Reporting Period** shall not increase or reinstate the Limits of Insurance, which shall be the maximum liability of the **Insurer** for the **Policy Period** and **Extended Reporting Periods** combined.

This endorsement modifies insurance provided under the following:

PUBLIC ENTITY RETAINED LIMITS POLICY

With respect to any **Claim** arising out of a **Certified Act of Terrorism,** the **Policy** is amended to add the following:

A. The following definitions are added and apply under this endorsement wherever the term certified acts of terrorism or the phrase any injury or damage appear in bold print:

1. For the purposes of this endorsement, **Injury** or **Damage** means any injury or damage covered under any Coverage Part or **Policy** to which this endorsement is applicable and includes but is not limited to **Bodily Injury, Property Damage, Personal Injury** and **Advertising Injury, Injury, Damages** or **Claims Expenses** as may be defined in any applicable Coverage Part or **Policy**.

2. **Certified Act of Terrorism** means an act that is certified by the Secretary of the Treasury, in accordance with the federal Terrorism Risk Insurance Act, to be an act of terrorism pursuant to such Act. The criteria contained in the Terrorism Risk Insurance Act for a **Certified Act of Terrorism** include the following:

   a. The act resulted in insured losses in excess of $5 million in the aggregate, attributable to all types of insurance subject to the Terrorism Risk Insurance Act; and
   b. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.
   c. The terms and limitations of any terrorism exclusion, or the inapplicability or omission of a terrorism exclusion, do not serve to create coverage for **Injury** or **Damage** that is otherwise excluded under this Policy.

B. In the event of any incident of terrorism, coverage does not apply to **Injury** or **Damage** that is otherwise excluded under any Coverage Part or **Policy** to which this endorsement is applicable.

C. If aggregate insured losses attributable to terrorist acts under the federal Terrorism Risk Insurance Act exceed $100 billion in a Program Year (January 1 through December 31) and **We** have met our insurer deductible under the Terrorism Risk Insurance Act, **We** shall not be liable for the payment of any portion of the amount of such losses that exceeds $100 billion, and in such case insured losses up to that amount are subject to pro rata allocation in accordance with procedures established by the Secretary of the Treasury.

POLICYHOLDER DISCLOSURE
NOTICE OF TERRORISM
INSURANCE COVERAGE

Coverage for acts of terrorism is included in your policy. You are hereby notified that under the Terrorism Risk Insurance Act, as amended, the definition of act of terrorism has changed. As defined in Section 102(1) of the Act: The term "act of terrorism" means any act or acts that are certified by the Secretary of the Treasury---in consultation with the Secretary of Homeland Security, and the Attorney General of the United States---to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property, or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion. Under your coverage, any losses resulting from certified acts of terrorism may be partially reimbursed by the United States Government under a formula established by the Terrorism Risk Insurance Act, as amended. However, your policy may contain other exclusions which might affect your coverage, such as an exclusion for nuclear events. Under the formula, the United States Government generally reimburses 80% of covered terrorism losses exceeding the statutorily established deductible paid by the insurance company providing the coverage. The Terrorism Risk Insurance Act, as amended, contains a $100 billion cap that limits U.S. Government reimbursement as well as insurers' liability for losses resulting from certified acts of terrorism when the amount of such losses exceeds $100 billion in any one calendar year. If the aggregate insured losses for all insurers exceed $100 billion, your coverage may be reduced.

The portion of your term premium that is attributable to coverage for acts of terrorism is $8,510, and does not include any charges for the portion of losses covered by the United States government under the Act.

Policy certificate

Insurance effected through the Coverholder:

CFC Underwriting Limited
85 Gracechurch Street
London EC3V 0AA
United Kingdom

PLEASE NOTE – This notice contains important information. PLEASE READ CAREFULLY.

This Certificate is issued by the Coverholder in accordance with the authorization granted to the Coverholder under the Binding Authority Agreement with the Unique Market Reference stated within this Policy. This Policy comprises a Certificate, the Declarations page, Wording and all other provisions and conditions attached and any endorsements issued.

The liability of an insurer under this contract is several and not joint with other insurers party to this contract. An insurer is liable only for the proportion of liability it has underwritten. An insurer is not jointly liable for the proportion of liability underwritten by any other insurer. Nor is an insurer otherwise responsible for any liability of any other insurer that may underwrite this contract.

The proportion of liability under this contract underwritten by an insurer (or, in the case of a Lloyd's syndicate, the total of the proportions underwritten by all the members of the syndicate taken together) is shown in this Policy.

In the case of a Lloyd's syndicate, each member of the syndicate (rather than the syndicate itself) is an insurer. Each member has underwritten a proportion of the total shown for the syndicate (that total itself being the total of the proportions underwritten by all the members of the syndicate taken together). The liability of each member of the syndicate is several and not joint with other members. A member is liable only for that member's proportion. A member is not jointly liable for any other member's proportion. Nor is any member otherwise responsible for any liability of any other insurer that may underwrite this contract. The business address of each member is Lloyd's, One Lime Street, London EC3M 7HA. The identity of each member of a Lloyd's syndicate and their respective proportion may be obtained by writing to Market Services, Lloyd's, at the above address.

Although reference is made at various points in this clause to "this contract" in the singular, where the circumstances so require this should be read as a reference to contracts in the plural.

In Witness whereof this Certificate has been signed by:

POLICYHOLDER DISCLOSURE NOTICE OF TERRORISM INSURANCE COVERAGE

ATTACHING TO POLICY NUMBER: ESM0639793756
THE INSURED: City of Ormond Beach
WITH EFFECT FROM: 01 Oct 2023

Coverage for acts of terrorism is included in your policy. You are hereby notified that under the Terrorism Risk Insurance Act, as amended in 2015, the definition of act of terrorism has changed. As defined in Section 102(1) of the Act: The term "act of terrorism" means any act or acts that are certified by the Secretary of the Treasury—in consultation with the Secretary of Homeland Security, and the Attorney General of the United States—to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property, or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

Under your coverage, any losses resulting from certified acts of terrorism may be partially reimbursed by the United States Government under a formula established by the Terrorism Risk Insurance Act, as amended. However, your policy may contain other exclusions which might affect your coverage, such as an exclusion for nuclear events. Under the formula, the United States Government generally reimburses 85% through 2015; 84% beginning on January 1, 2016; 83% beginning on January 1, 2017; 82% beginning on January 1, 2018; 81% beginning on January 1, 2019 and 80% beginning on January 1, 2020, of covered terrorism losses exceeding the statutorily established deductible paid by the insurance company providing the coverage.

The Terrorism Risk Insurance Act, as amended, contains a $100 billion cap that limits U.S. Government reimbursement as well as insurers' liability for losses resulting from certified acts of terrorism when the amount of such losses exceeds $100 billion in any one calendar year. If the aggregate insured losses for all insurers exceed $100 billion, your coverage may be reduced.

The portion of your annual premium that is attributable to coverage for acts of terrorism is USD0.00 and does not include any charges for the portion of losses covered by the United States government under the Act.

HOW MUCH WE WILL PAY

YOUR MAXIMUM LIMITS UNDER THIS POLICY

The maximum amount payable by **us** under this Policy for any one claim or series of related claims is the **policy limit** plus the **incident response limit**.

The maximum amount payable by **us** under any Insuring Clause for any one claim or series of related claims is the amount shown as the limit in the Declarations page for that Insuring Clause.

The maximum amount payable by **us** under any Section for any one claim or series of related claims is the amount shown as the limit in the Declarations page for that Section.

YOUR MAXIMUM LIMIT FOR RELATED INCIDENTS

Where more than one claim arises from the same original cause or single source or event, all of those claims will be deemed to be one claim and only one **policy limit** and one **incident response limit** will apply in respect of that claim.

In the event that cover is provided under multiple Insuring Clauses or multiple Sections for any one claim, only one **policy limit** and one **incident response limit** will apply in total for that claim.

YOUR AGGREGATE LIMIT FOR LIABILITY CLAIMS

CFC Underwriting Limited is Authorized and Regulated by the Financial Conduct Authority
©1999-2023 CFC Underwriting Ltd, All Rights Reserved

In respect of **INSURING CLAUSES 4, 5, 6** and **7**, the maximum amount payable under this Policy in total aggregate will be the **policy limit**.

In respect of **INSURING CLAUSES 4, 5, 6** and **7**, **we** may at any time pay to **you** in connection with any **claim** the amount of the **policy limit** (after deduction of any amounts already paid). Upon that payment being made **we** will relinquish the conduct and control of the **claim** and be under no further liability in connection with that **claim** except for the payment of **costs and expenses** incurred prior to the date of such payment (unless the **policy limit** is stated to be inclusive of **costs and expenses**).

If **costs and expenses** are stated in the Declarations page to be in addition to the **policy limit** plus the **incident response limit**, or if the operation of local laws require **costs and expenses** to be paid in addition to the **policy limit** plus the **incident response limit**, and if a damages payment in excess of the **policy limit** plus the **incident response limit** has to be made to dispose of any **claim**, **our** liability for **costs and expenses** will be in the same proportion as the **policy limit** plus the **incident response limit** bears to the total amount of the damages payment.

YOUR DEDUCTIBLE

We will only be liable for that part of each and every claim which exceeds the amount of the **deductible**. If any expenditure is incurred by **us** which falls within the amount of the **deductible**, then **you** will reimburse that amount to **us** upon **our** request.

Where more than one claim arises from the same original cause or single source or event all of those claims will be deemed to be one claim and only one **deductible** will apply.

In respect of **INSURING CLAUSE 3** (**SECTIONS B** and **D** only), a single **waiting period**, **deductible** and **indemnity period** will apply to each claim. Where the same original cause or single source or event causes more than one period of computer systems downtime these will be considered one period of computer systems downtime whose total duration is equal to the cumulative duration of each individual period of computer systems downtime.

Where cover is provided under multiple Sections or multiple Insuring Clauses only one **deductible** will apply to that claim and this will be the highest **deductible** of the Sections under which cover is provided.

CONDITIONS

1. What you must do if an incident takes place

   If any **senior executive officer** becomes aware of any incident which may reasonably be expected to give rise to a claim under this Policy, **you** must:

   a. other than in accordance with **CONDITION 2**, notify the **cyber incident manager** as soon as is reasonably practicable and follow their directions. However, this notification must be made no later than the end of any applicable extended reporting period. A telephone call to **our cyber incident response line** or confirmed notification via **our** cyber incident response app will constitute notification to the **cyber incident manager**;
   b. in respect of **INSURING CLAUSE 2** (**SECTIONS A**, **B** and **C** only), report the incident to the appropriate law enforcement authorities; and
   c. in respect of **INSURING CLAUSES 4**, **5** and **6**, not admit liability for or settle or make or promise any payment or incur any **costs and expenses** without **our** prior written agreement (which will not be unreasonably withheld).

   Due to the nature of the coverage offered by this Policy, any unreasonable delay by **you** in notifying the **cyber incident manager** could lead to the size of the claim increasing or to **our** rights of recovery being restricted. **We** will not be liable for that portion of any claim that is due to any unreasonable delay in **you** notifying the **cyber incident manager** of any incident in accordance with this clause. However, if **you** are prevented from notifying **us** by a legal or regulatory obligation then **your** rights under this Policy will not be affected.

   If **you** discover a **cyber event you** may only incur costs without **our** prior written consent within the first 72 hours following the discovery and any **third party** costs incurred must be with a company forming part of the **approved claims panel providers**. All other costs may only be incurred with the prior written consent of the **cyber incident manager** (which will not be unreasonably withheld).

2. What you must do in the event of a circumstance which could give rise to a claim

   In respect of **INSURING CLAUSES 5** and **6**, should a **senior executive officer** become aware of:

   a. a situation during the **period of the policy** that could give rise to a **claim**; or
   b. an allegation or complaint made or intimated against **you** during the **period of the policy**;

   then **you** have the option of whether to report this circumstance to **us** or not. However, if **you** choose not to report this circumstance **we** will not be liable for that portion of any **claim** that is greater than it would have been had **you** reported this circumstance.

CFC Underwriting Limited is Authorized and Regulated by the Financial Conduct Authority
©1999-2023 CFC Underwriting Ltd, All Rights Reserved

If **you** choose to report this circumstance **you** must do so no later than the end of any applicable extended reporting period for it to be considered under this Policy and **we** will require **you** to provide full details of the circumstance, including but not limited to:

a. the time, place and nature of the circumstance;
b. the manner in which **you** first became aware of this circumstance;
c. the reasons why **you** believe that this circumstance could give rise to a **claim**;
d. the identity of the potential claimant; and
e. an indication as to the size of the **claim** that could result from this circumstance.

Any subsequent **claim** arising directly from this circumstance will be deemed to have been made at the time this circumstance was notified to **us** and **we** will regard this **claim** as having been notified under this Policy.

3. Additional insureds

We will indemnify any **third party** as an additional insured under this Policy, but only in respect of sums which they become legally obliged to pay (including liability for claimants' costs and expenses) as a result of a **claim** arising solely out of an act, error or omission committed by **you**, provided that:

a. **you** contracted in writing to indemnify the **third party** for the **claim** prior to it first being made against them; and
b. had the **claim** been made against **you**, then **you** would be entitled to indemnity under this Policy.

Before **we** indemnify any additional insured they must:

a. prove to **us** that the **claim** arose solely out of an act, error or omission committed by **you**; and
b. fully comply with **CONDITION 1** as if they were **you**.

Where a **third party** is treated as an additional insured as a result of this Condition, any **claim** made by that **third party** against **you** will be treated by **us** as if they were a **third party** and not as an insured.

4. Agreement to pay claims (duty to defend)

We have the right and duty to take control of and conduct in **your** name the investigation, settlement or defense of any **claim**. **We** will not have any duty to pay **costs and expenses** for any part of a **claim** that is not covered by this Policy.

You may ask the **cyber incident manager** to consider appointing **your** own lawyer to defend the **claim** on **your** behalf and the **cyber incident manager** may grant **your** request if they consider **your** lawyer is suitably qualified by experience, taking into account the subject matter of the **claim**, and the cost to provide a defense.

CFC Underwriting Limited is Authorized and Regulated by the Financial Conduct Authority
©1999-2023 CFC Underwriting Ltd, All Rights Reserved

We will endeavor to settle any **claim** through negotiation, mediation or some other form of alternative dispute resolution and will pay on **your** behalf the amount **we** agree with the claimant. If **we** cannot settle using these means, **we** will pay the amount which **you** are found liable to pay either in court or through arbitration proceedings, subject to the **policy limit** and **incident response limit**.

We will not settle any **claim** without **your** consent. If **you** refuse to provide **your** consent to a settlement recommended by **us** and elect to continue legal proceedings in connection with the **claim**, any further **costs and expenses** incurred will be paid by **you** and **us** on a proportional basis, with 80% payable by **us** and 20% payable by **you**. As a consequence of **your** refusal, **our** liability for the **claim**, excluding **costs and expenses**, will not be more than the amount for which the **claim** could have been settled.

5. Cancellation

   This Policy may be canceled with 30 days written notice by either **you** or **us**.

   If **you** give **us** notice of cancellation, the return **premium** will be in proportion to the number of days that the Policy is in effect. However, if **you** have made a claim under this Policy there will be no return **premium**.

   If **we** give **you** notice of cancellation, the return **premium** will be in proportion to the number of days that the Policy is in effect.

   We also reserve the right of cancellation in the event that any amount due to **us** by **you** remains unpaid more than 60 days beyond the **inception date**. If **we** exercise this right of cancellation it will take effect from 14 days after the date the written notice of cancellation is issued.

   The Policy Administration Fee will be deemed fully earned upon inception of the Policy.

6. Continuous cover

   If **you** have neglected, through error or oversight only, to report an incident discovered by **you** that might give rise to a **claim** under this Policy during the period of a previous renewal of this Policy issued to **you** by **us**, then provided that **you** have maintained uninterrupted insurance of the same type with **us** since the expiry of that earlier Policy, then, notwithstanding **EXCLUSION 10**, **we** will permit the matter to be reported under this Policy and **we** will indemnify **you**, provided that:

   a. the indemnity will be subject to the applicable limit of liability of the earlier Policy under which the matter should have been reported or the **policy limit** plus the **incident response limit**, whichever is the lower;
   b. **we** may reduce the indemnity entitlement by the monetary equivalent of any prejudice which has been suffered as a result of the delayed notification; and

CFC Underwriting Limited is Authorized and Regulated by the Financial Conduct Authority
©1999-2023 CFC Underwriting Ltd, All Rights Reserved

c. the indemnity will be subject to all of the terms, Conditions, Definitions and Exclusions of this Policy, other than a) above.

7. Dispute resolution

All disputes or differences between **you** and **us** will be referred to mediation or arbitration and will take place in the country of registration of the company named as the insured in the Declarations page.

In respect of any arbitration proceeding **we** will follow the applicable rules of the arbitration association in the country where the company stated as the insured in the Declarations page is registered, the rules of which are deemed incorporated into this Policy by reference to this Condition. Unless the applicable arbitration association rules state otherwise, a single arbitrator will be appointed who will be mutually agreed between **you** and **us**. If **you** and **we** cannot agree on a suitable appointment then **we** will refer the appointment to the applicable arbitration association.

Each party will bear its own fees and costs in connection with any mediation or arbitration proceeding but the fees and expenses of the arbitrator will be shared equally between **you** and **us** unless the arbitration award provides otherwise.

Nothing in this Condition is intended to remove **your** rights under **CONDITION 18**. However, if a determination is made in any mediation or arbitration proceeding, **CONDITION 18** is intended only as an aid to enforce this determination.

8. Extended reporting period

An extended reporting period of 60 days following the **expiry date** will be automatically granted at no additional premium. This extended reporting period will cover, subject to all other terms, conditions and exclusions of this Policy:

a. any **claim** first made against **you** during the **period of the policy** and reported to **us** during this extended reporting period;
b. any **cyber event**, **loss** or **system failure** first discovered by **you** during the **period of the policy** and reported to **us** during this extended reporting period; and
c. any circumstance that a **senior executive officer** became aware of during the **period of the policy** and reports to **us** during this extended reporting period.

No claim will be accepted by **us** in this 60 day extended reporting period if **you** are entitled to indemnity under any other insurance, or would be entitled to indemnity under such insurance if its limit of liability was not exhausted.

9. Optional extended reporting period

If **we** or **you** decline to renew or cancel this Policy then **you** will have the right to have issued an endorsement providing an optional extended reporting period for the duration stated in the Declarations page which will be effective from the cancellation or non-renewal date. This

CFC Underwriting Limited is Authorized and Regulated by the Financial Conduct Authority
©1999-2023 CFC Underwriting Ltd, All Rights Reserved

optional extended reporting period will cover, subject to all other terms, conditions and exclusions of this Policy:

a. any **claim** first made against **you** and reported to **us** during this optional extended reporting period, provided that the **claim** arises out of any act, error or omission committed prior to the date of cancellation or non-renewal; and
b. any **cyber event**, **loss** or **system failure** first discovered by **you** during this optional extended reporting period, provided that the **cyber event**, **loss** or **system failure** occurred during the **period of the policy**.

If **you** would like to purchase the optional extended reporting period **you** must notify **us** and pay **us** the optional extended reporting period premium stated in the Declarations page within 30 days of cancellation or non-renewal.

The right to the optional extended reporting period will not be available to **you** where cancellation or non-renewal by **us** is due to non-payment of the **premium** or **your** failure to pay any amounts in excess of the applicable **policy limit** and **incident response limit** or within the amount of the applicable **deductible** as is required by this Policy in the payment of claims.

At the renewal of this Policy, **our** quotation of different **premium**, **deductible**, limits of liability or changes in policy language will not constitute non-renewal by **us**.

10. Fraudulent claims

If it is determined by final adjudication, arbitral tribunal or written admission by **you**, that **you** notified **us** of any claim knowing it to be false or fraudulent in any way, **we** will have no responsibility to pay that claim, **we** may recover from **you** any sums paid in respect of that claim and **we** reserve the right to terminate this Policy from the date of the fraudulent act. If **we** exercise this right **we** will not be liable to return any **premium** to **you**. However, this will not affect any claim under this Policy which has been previously notified to **us**.

11. Innocent non-disclosure

We will not seek to avoid the Policy or reject any claim on the grounds of non-disclosure or misrepresentation except where the non-disclosure or misrepresentation was reckless or deliberate.

12. Mergers and acquisitions

If **you** acquire an entity during the **period of the policy** whose annual revenue does not exceed 20% of the **company's** annual revenue, as stated in its most recent financial statements, cover is automatically extended under this Policy to include the acquired entity as a **subsidiary**.

If **you** acquire an entity during the **period of the policy** whose annual revenue exceeds 20% of the **company's** annual revenue, as stated in its most recent financial statements, cover is

CFC Underwriting Limited is Authorized and Regulated by the Financial Conduct Authority
©1999-2023 CFC Underwriting Ltd, All Rights Reserved

automatically extended under this Policy to include the acquired entity as a **subsidiary** for a period of 45 days.

We will consider providing cover for the acquired entity after the period of 45 days if:

a. **you** give **us** full details of the entity within 45 days of its acquisition; and
b. **you** accept any amendment to the terms and conditions of this Policy or agree to pay any additional **premium** required by **us**.

In the event **you** do not comply with a. or b. above, cover will automatically terminate for the entity 45 days after the date of its acquisition.

Cover for any acquired entity is only provided under this Policy for any act, error or omission committed on or after the date of its acquisition.

No cover will be automatically provided under this Policy for any acquired entity:

a. whose business activities are materially different from **your** business activities;
b. that has been the subject of any lawsuit, disciplinary action or regulatory investigation in the 3 year period prior to its acquisition; or
c. that has experienced a **cyber event** in the 3 year period prior to its acquisition, if the **cyber event** cost more than the highest **deductible** of this Policy.

If during the **period of the policy you** consolidate, merge with or are acquired by another entity then all coverage under this Policy will terminate at the date of the consolidation, merger or acquisition unless **we** have issued an endorsement extending coverage, and **you** have agreed to any additional **premium** and terms of coverage required by **us**.

13. Our rights of recovery

You must maintain all of **your** rights of recovery against any **third party** and make these available to **us** where possible.

We will not exercise any rights of recovery against any **employee** or **senior executive officer**, unless this is in respect of any fraudulent or dishonest acts or omissions as proven by final adjudication, arbitral tribunal or written admission by **you**.

Any recoveries will be applied in proportion to the amounts paid by **you** and **us**.

14. Prior subsidiaries

Should an entity cease to be a **subsidiary** after the **inception date**, cover in respect of the entity will continue as if it was still a **subsidiary** during the **period of the policy**, but only in respect of an act, error, omission or event occurring prior to the date that it ceased to be a **subsidiary**.

15. **Process for adjustment of business interruption losses**

    In order to determine the amount of **loss** following an interruption to **your business operations** covered under **INSURING CLAUSE 3** (**SECTIONS B**, **C**, **D** and **E** only), the **cyber incident manager** will appoint an independent expert agreed between **you** and **us** which will be paid for by **us** in accordance with **INSURING CLAUSE 3** (**SECTION F** only).

    If an independent expert cannot be agreed upon, one will be appointed by an arbitrator mutually agreed between **you** and **us** whose decision will be final and binding.

    Once an independent expert has been appointed, their calculation of **loss** will be final and binding.

16. **Process for paying privacy breach notification costs**

    Any **privacy breach** notification transmitted by **you** or on **your** behalf must be done with **our** prior written consent. **We** will ensure that notification is compliant with any legal or regulatory requirements and contractual obligations. No offer must be made for financial incentives, gifts, coupons, credits or services unless with **our** prior written consent which will only be provided if the offer is commensurate with the risk of harm.

    We will not be liable for any portion of the costs **you** incur under **INSURING CLAUSE 1** (**SECTION E** only) that exceed the costs that **you** would have incurred had **you** gained **our** prior written consent. In the absence of **our** prior written consent **we** will only be liable to pay **you** the equivalent cost of a notification made using the most cost effective means permissible under the governing law.

17. **Supply chain interruption events**

    In respect of **INSURING CLAUSE 3** (**SECTION D** only), it is a condition precedent to liability under this Policy that **you** submit to **us** a written report from the **supply chain partner** confirming the root cause and length of the outage.

18. **Choice of law and service of suit**

    In the event of a dispute between **you** and **us** regarding this Policy, the dispute will be governed by the laws of the State of the United States of America shown as the choice of law stated in the Declarations page. **We** agree, at **your** request, to submit to the jurisdiction of a court of competent jurisdiction within the United States of America.

    Nothing in this Condition constitutes or should be understood to constitute a waiver of **our** rights to commence an action in any court of competent jurisdiction in the United States of America, to move an action to a United States District Court, or to seek a transfer of a case to another court as permitted by the laws of the United States of America or the laws of any State of the United States of America.

It is further agreed that service of process in such suit may be made upon the law firm stated in the Declarations page and that in any suit instituted against **us**, **we** will abide by the final decision of such court or of any appellate court in the event of an appeal. The law firm stated in the Declarations page is authorized and directed to accept service of process on **our** behalf in any such suit and, at **your** request, to give a written undertaking to **you** that they will enter a general appearance on **our** behalf in the event such suit is instituted.

Additionally, in accordance with the statute of any state, territory or district of the United States which makes such a provision, **we** hereby designate the Superintendent, Commissioner or Director of Insurance or other officer specified for that purpose in the statute, or his successor or successors in office, as **our** true and lawful attorney upon whom may be served any lawful process in any action, suit or proceeding instituted by **you** arising out of this Policy. The law firm stated in the Declarations page is hereby designated as the firm to whom the above mentioned officer is authorized to mail such process or a copy thereof.

TERRITORY

The insurance afforded applies worldwide, provided the Claim is made in the United States of America, its territories or possessions or Puerto Rico.

LIMITS OF LIABILITY

A. **Limit of Liability-Each Claim:** For Professional Liability, the total liability of the Company for the combined total of Damages and Claim Expenses for each Claim first made against the Insured during the Policy Period or the Extended Reporting Period, if exercised, shall not exceed the Limit of Liability stated in the Declarations as applicable to Each Claim.

B. **Limit of Liability-Coverage Part Aggregate:** Subject to the above Section LIMITS OF LIABILITY A., for Professional Liability, the total liability of the Company shall not exceed the Coverage Part Aggregate Limit of Liability as stated in the Declarations for all Damages and Claim Expenses arising out of all Claims first made against the Insured during the Policy Period and the Extended Reporting Period, if exercised.

C. **Limit of Liability-Reduction for Refusal to Settle:** The Company shall not settle any Claim without the consent of the Insured. If, however, the Insured is a partnership, professional association, professional corporation or limited liability company, the written consent of an Insured who was formerly but is no longer a member of the partnership, professional association or limited liability company or director, officer, stockholder or employee of a professional corporation will not be required, provided the written consent of the corporate directors, officers, stockholders or employees of a professional corporation, or their duly appointed representatives, has been obtained. If, however, the Insured shall refuse to consent to any settlement recommended by the Company and shall elect to contest the Claim or continue any legal proceedings in connection with such Claim, then the Company's liability for the Claim shall not exceed the amount for which the Claim could have been so settled including Claim Expenses incurred up to the date of such refusal. Such amounts are subject to the provisions of the above Limits of Liability A. and B.

D. **Deductible:** For Professional Liability, the Deductible amount stated in the Declarations shall be paid by the Named Insured and shall be applicable to each Claim and shall include Damages and Claim Expenses, whether or not Damages payments are made.

Such amounts shall, upon written demand by the Company, be paid by the Named Insured within ten (10) days. The total payments requested from the Named Insured in respect of each Claim shall not exceed the Deductible amount stated in the Declarations.

The determination of the Company as to the reasonableness of the Claim Expenses shall be conclusive on the Named Insured.

E. Multiple Insureds, Claims and Claimants: The inclusion herein of more than one Insured in any Claim or the making of Claims by more than one person or organization shall not operate to increase the Limits of Liability stated in the Declarations. More than one Claim arising out of a single act, error or omission or a series of related acts, errors or omissions shall be considered a single Claim. All such Claims, whenever made, shall be deemed to be first made on the date on which the earliest Claim arising out of such act, error or omission is made, or with regard to written notice given to and accepted by the Company pursuant to Section CLAIMS B., Discovery Clause, on the date within the Policy Period on which such written notice of potential Claim is first received by the Company.

DEFENSE AND CLAIM EXPENSES

A. Defense and Investigation of Claims: The Company shall have the right and duty to defend and investigate any Claim to which coverage under this Coverage Part applies pursuant to the following provisions:

1. Claim Expenses incurred in defending and investigating such Claim shall be a part of and shall not be in addition to the Professional Liability Limits of Liability stated in the Declarations. Such Claim Expenses shall reduce the Limits of Liability and shall be applied against the Deductible. The Company shall have no obligation to pay any Damages or to defend or continue to defend any Claim or to pay Claim Expenses after the Professional Liability Limits of Liability stated in the Declarations have been exhausted by payment(s) of Damages and/or Claim Expenses.

2. The Company shall select defense counsel; provided, however, that if the law of the state of the Named Insured's domicile, stated in Item 2. of the Declarations, allows the Insured to control the selection of defense counsel where a conflict of interest has arisen between the Insured and the Company, the Company will provide a list of attorneys or law firms from which the Insured may designate defense counsel who shall act solely in the interest of the Insured, and the Insured shall direct such defense counsel to cooperate with the Company. Such cooperation shall include:

a. Providing on a regular basis, but not less frequently than every three (3) months, written reports on claimed Damages**,** potential liability, progress of any litigation, any settlement demands, or any investigation developments that materially affect the Claim;

b. Providing any other reasonable information requested;

c. Providing fully itemized billing on a periodic basis; and

d. Cooperating with the Company and the Insured in resolving any discrepancies;

and the fees and costs incurred by such defense counsel, including those fees and costs generated by defense counsel's cooperation with the Company, as stated above, shall be included in Claim Expenses. Such Claim Expenses shall be a part of and shall not be in addition to the Professional Liability Limits of Liability stated in the Declarations. Such Claim Expenses shall reduce the Limits of Liability and shall be applied against the Deductible.

CLAIMS

A. Claim Reporting Provision: It is a condition precedent to coverage afforded by this Coverage Part that the Insured shall give to the Company written notice as stated in the Notices item of the Declarations as soon as practicable of any Claim first made against the Insured during the Policy Period or the Extended Reporting Period, if exercised.

In the event suit is brought against the Insured, the Insured shall immediately forward to Markel Corporation, P.O. Box 2009, Glen Allen, VA 23058-2009, on behalf of the Company, every demand, notice, summons or other process received by him/her or by his/her representatives.

B. Discovery Clause: If during the Policy Period, the Insured first becomes aware of a specific act, error or omission in Professional Services which is reasonably expected to result in a Claim within the scope of coverage of this Coverage Part, then the Insured may provide written notice as stated in the Declarations to the Company containing the information listed below. If such written notice is received by the Company during the Policy Period, then any Claim subsequently made against the Insured arising out of such act, error or omission in Professional Services shall be deemed for the purpose of this insurance to have been first made on the date on which such written notice is received by the Company.

It is a condition precedent to the coverage afforded by this Discovery Clause that written notice be given to the Company containing the following information:

1. The description of the specific act, error or omission in Professional Services;

2. The date on which such act, error or omission in Professional Services took place;

3. The injury or damage which has or may result from such act, error or omission in Professional Services;

4. The identity of any injured persons; and

5. The circumstances by which the Insured first became aware of such act, error or omission in Professional Services.

Subject to the paragraph hereinabove, if during the Policy Period the Insured provides such written notice of a specific act, error or omission in Professional Services which is reasonably expected to result in a Claim within the scope of coverage of this Coverage Part, the Company at its sole option, may investigate such specific act, error or omission in Professional Services. Such matter shall be subject to all terms, conditions and provisions in this Coverage Part as applicable to a Claim.

EXTENDED REPORTING PERIOD

A. The Named Insured's right to exercise the Extended Reporting Period under this Coverage Part shall exist solely if the Named Insured also exercises its right to purchase the Extended Reporting Period under all Insuring Agreements in the policy for which an Extended Reporting Period is available.

B. If the Named Insured nonrenews this policy in its entirety or cancels this policy in its entirety pursuant to Common Policy Conditions Section A., Cancellation, or if the Company nonrenews this policy in its entirety or cancels this policy in its entirety pursuant to Common Policy Conditions A., Cancellation, for reasons other than nonpayment of premium, Deductible or non-compliance with the terms and conditions of this policy, then the Named Insured shall have the right upon payment of an additional premium calculated at the percentage stated in the Declarations of the adjusted annual premium for the Policy Period, subject to adjustment as per Common Policy Conditions K., Premium and Audit, but in no event less than the percentage stated in the Declarations of the annual minimum premium for the policy, to extend the coverage granted under this Coverage Part, for the period of months stated in the Declarations, as elected by the Named Insured to apply to Claims first made against the Insured during the period of months as elected and reported to the Company pursuant to, Section CLAIMS A., Claim Reporting Provision, following immediately upon the effective date of such cancellation or nonrenewal, for any act, error or omission in Professional Services which happened on or after the applicable Retroactive Date stated in the Declarations and prior to the effective date of such cancellation or nonrenewal and which is otherwise covered by this Coverage Part.

This extended period of coverage months as elected by the Named Insured and described in this paragraph shall be referred to in this policy as the Extended Reporting Period.

If, however, this Coverage Part is immediately succeeded by claims made insurance coverage on which the Professional Liability Retroactive Date is the same as or earlier than that stated in the Declarations of this policy, the succeeding insurance shall be deemed to be a renewal hereof and, in consequence, the Named Insured shall have no right to purchase an Extended Reporting Period.

The quotation of a different premium and/or deductible and/or limit of liability for renewal does not constitute a cancellation or refusal to renew for the purpose of this provision.

This Extended Reporting Period shall not be available when any Insured's license or right to practice his/her profession is revoked, suspended or surrendered.

C. As a condition precedent to the right to purchase the Extended Reporting Period, the Named Insured must have paid:

1. All Deductibles when due;

2. All premiums due for the Policy Period; and

3. All premium and deductible(s), if any, due on any other policy(ies) issued by the Company or any of its affiliated companies in an uninterrupted series of policies of which this policy is a renewal or replacement.

The right to purchase the Extended Reporting Period shall terminate unless a written request for the Extended Reporting Period is received by the Company within thirty (30) days after the effective date of cancellation or

nonrenewal together with payment of the additional deposit premium for the Extended Reporting Period. If such written request and payment of additional premium for the Extended Reporting Period are not so received by the Company, there shall be no right to purchase the Extended Reporting Period at a later date.

D. The Named Insured shall pay any additional premium that may be due as a result of audit, promptly when due.

E. In the event of the purchase of the Extended Reporting Period the entire premium therefor shall be fully earned at its commencement.

F. The Extended Reporting Period shall not in any way increase the Limits of Liability stated in the Declarations.

COMMON POLICY CONDITIONS

All Coverage Parts included in this policy are subject to the following conditions.

Throughout this policy, the term Company refers to the insurance company providing this insurance.

A. CANCELLATION

This policy may be cancelled by the Named Insured on behalf of all Insureds by mailing to the Company written notice as stated in the Notices item of the Declarations stating when thereafter such cancellation shall be effective. If cancelled by the Named Insured, the Company shall retain the customary short rate proportion of the premium. Payment or tender of unearned premium shall not be a condition precedent to the effectiveness of cancellation, but such payment shall be made as soon as practicable.

This policy may be cancelled by the Company by mailing to the Named Insured, at the address stated in the Declarations written notice stating when, not less than thirty (30) days thereafter, such cancellation shall be effective. However, if the Company cancels the policy because the Named Insured has failed to pay a premium or Deductible when due, including premium and deductible(s) due on any other policy(ies) issued by the Company or any of its affiliated companies in an uninterrupted series of policies for which this policy is a renewal or replacement, this policy may be cancelled by the Company by mailing a written notice of cancellation to the Named Insured stating when, not less than ten (10) days thereafter, such cancellation shall be effective. The mailing of notice as aforementioned shall be sufficient notice and the effective date of cancellation stated in the notice shall become the end of the Policy Period. Such notice shall be conclusive on all Insureds. Delivery of such written notice by the Named Insured or the Company shall be equivalent to mailing. If cancelled by the Company, earned premium shall be computed pro rata. Premium adjustment may be made at the time cancellation is effected or as soon as practicable thereafter.

B. CHANGE IN CONTROL OF NAMED INSURED

If after the inception date of the policy:

1. The Named Insured is merged into or consolidated with another organization such that it is not the surviving organization, or sells all or substantially all of its assets to another organization or person or group of organizations and/or persons acting in concert;

2. Another organization or person or group of organizations and/or persons acting in concert shall acquire an amount of the voting interest representing more than fifty percent (50%) of the voting rights for the election or appointment of directors or trustees of the Named Insured, or acquires the voting rights of such an amount of such interest; or

3. A receiver, liquidator, conservator, trustee or similar official is appointed with respect to the Named Insured;

no coverage shall be afforded under this policy unless:

a. Written notice of such transaction or event is given to the Company by the Named Insured as soon as practicable, but in no event later than thirty (30) days after such transaction or event, including complete details of the nature of such transaction or event and the other organization, person, group of organizations, persons acting in concert, receiver, liquidator, conservator, trustee and/or similar official appointed with respect to the Named Insured;

b. The Named Insured submits such additional information in connection therewith as the Company may deem necessary;

c. The Company, at its sole discretion, agrees to continue coverage by written endorsement to the policy; and

d. The Named Insured agrees to accept any special terms, conditions, exclusions or additional premium charge as may be required by the Company.

C. REPRESENTATIONS

By acceptance of this policy, the Insureds agree as follows:

1. That the information and statements contained in the application(s) are the basis of this policy and are to be considered as incorporated into and constituting a part of this policy; and

2. That the information and statements contained in the application(s) are their representations, that they shall be deemed material to the acceptance of the risk or hazard assumed by the Company under this policy, and that this policy is issued in reliance upon the truth of such representations.

D. ENTIRE AGREEMENT

The Declarations, Common Policy Conditions, Coverage Part(s), the application(s) and any written endorsements attached hereto shall be deemed to be a single unitary contract.

E. OTHER INSURANCE

This insurance shall be in excess of the applicable Deductible stated in the Declarations and any other insurance available to the Insured whether such other insurance is stated to be primary, contributory, excess, contingent or otherwise, unless such other insurance is written only as a specific excess insurance over the Limits of Liability provided in this policy.

If any Claim under this policy is also covered by one or more policies issued by the Company or any of its affiliated companies affording coverage to the Named Insured or to any organization or person who controls, is controlled by, or is affiliated by common control with the Named Insured unless such other insurance is written only as specific excess insurance or umbrella insurance over the Limits of Liability provided in this policy, then with respect to such Claim:

1. The Limit of Liability available under this policy will be equal to the percentage that this policy's available Limit of Liability bears to the total combined Limits of Liability available under all applicable policies; and

2. The total Limit of Liability available for such Claim shall not exceed the greater/est available Limit of Liability remaining on all such policies and its payment shall extinguish the Company's and its affiliated companies' liability on all such policies for such Claim.

F. CHANGES

Notice to any agent or knowledge possessed by any agent or other person acting on behalf of the Company shall not effect a waiver or a change in any part of this policy and shall not estop the Company from asserting any right under the terms of the policy. The terms of this policy shall not be waived or changed, except by written endorsement issued to form a part of this policy, and this policy embodies all agreements existing between the Insureds and the Company or any of its agents relating to this insurance.

G. ASSIGNMENT OF INTEREST

Assignment of interest under this policy shall not bind the Company unless its consent is endorsed hereon.

H. SUBROGATION

In the event of any payment under this policy, the Company shall be subrogated to the right of recovery of all Insureds to the extent of such payment. The Insured shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The Insured shall do nothing after the Claim to prejudice such rights.

The Company shall not exercise any such rights against any person or organization included in the definition of Insured. Notwithstanding the foregoing, however, the Company reserves the right to exercise any rights of subrogation against an Insured in respect of any Claim brought about or contributed to by an intentional, willful, dishonest, fraudulent act or omission of such Insured or by an act or omission of such Insured that constitutes a willful violation of any statute or regulation.

Any amount so recovered, whether effected by the Company or by the Insured, shall first be used for the repayment of expenses incurred toward subrogation; second, for any Damages and Claim Expenses payment by the Insured

which is in excess of the amount of the Limit of Liability under this policy and which is excess of any amount paid by any insurer under any other policy; third, for any damages and claims expenses payment by any excess insurer on behalf of the Insured; fourth, for any damages and claim expenses payment by any primary insurer on behalf of the Insured; and, last, for repayment of the Insured's Deductible.

I. ASSISTANCE AND COOPERATION OF THE INSURED

The Insured shall cooperate with the Company and upon the Company's request, the Insured shall:

1. Submit to examination and interview by a representative of the Company, under oath if required;

2. Attend hearings, depositions and trials;

3. Assist in effecting settlement, securing and giving evidence, obtaining the attendance of witnesses in the conduct of suits;

4. Give a written statement or statements to the Company's representatives and meet with such representatives for the purpose of determining coverage and investigating and/or defending any Claim; and

5. Provide any information required to comply with federal or state reporting regulations;

All without cost to the Company. The Insured shall further cooperate with the Company and do whatever is necessary to secure and effect any right of indemnity, contribution or apportionment which the Insured may have. The Insured shall not, except at his/her own cost, make any payment, admit any liability, settle any Claims, assume any obligation or incur any expense without the prior written consent of the Company.

J. FALSE OR FRAUDULENT CLAIMS

If any Insured shall commit fraud in proffering any Claim, this insurance shall become void as to such Insured from the date such fraudulent Claim is proffered.

K. PREMIUM AND AUDIT

Upon expiration of this policy, the Named Insured shall furnish to the Company a statement of the Named Insured's actual total premium base as stated in the Declarations for the Policy Period. The actual earned premium shall be computed thereon at the premium rate stated in the Declarations. If the actual earned premium is more than the deposit premium stated in the Declarations, the Named Insured shall pay the difference to the Company; if less, the Company shall refund the difference to the Named Insured except that the Company shall be entitled to the minimum premium as stated in the Declarations. The Company shall have the right to require of the Named Insured, at any time within the said Policy Period or one year thereafter, a sworn statement of the entire amount (or number) of such premium base during the whole or any specified part of the said period, and the Named Insured shall furnish said statement within ten (10) days after request. The statement referred to shall be subject to verification and audit by a duly authorized representative of the Company, who shall have the right and opportunity to examine the books and records of the Named Insured as respects such premium base, and such examination may be made at any time during the said period and within three (3) years thereafter. The rendering of any estimate or statement or the making of any previous settlement shall not bar the examination herein provided for, nor the Company's right to additional premium.

L. INSPECTION

The Company shall be permitted but not obligated to inspect the Insured's operations at any time. Neither the Company's right to make inspections, nor the making thereof, nor any report thereon shall constitute an undertaking on behalf of or for the benefit of the Insured or others, to determine or warrant that such operations are safe or healthful, or are in compliance with any law, rule or regulation.

M. ACTION AGAINST THE COMPANY

No action shall lie against the Company unless, as a condition precedent thereto, the Insured shall have fully complied with all of the terms and conditions of this policy, nor until the amount of the Insured's obligation to pay shall have been fully and finally determined either by judgment against the Insured after actual trial or by written agreement of the Insured, the claimant and the Company.

Nothing contained in this policy shall give any person or organization any right to join the Company as a co-defendant in any action against the Insured to determine the Insured's liability. Bankruptcy or insolvency of the Insured or of the Insured's estate shall not relieve the Company of any of its obligations hereunder.

N. AUTHORIZATION

By acceptance of this policy, the first person or organization stated in Item 1. of the Declarations shall act on behalf of all Insureds with respect to the giving and receiving of all notices to and from the Company as provided herein: the exercising of the Extended Reporting Period, if available; the cancellation of this policy in whole or part; the payment of premiums and Deductibles when due; the receiving of any return premiums that may become due under this policy; and the Insureds agree that such person or organization shall act on their behalf.

O. POLICY EXTENDED REPORTING PERIOD – ALL CLAIMS MADE COVERAGES

The Named Insured's right to exercise the Extended Reporting Period under any Coverage Part shall exist solely if the Named Insured also exercises its right to purchase the Extended Reporting Period under all Coverage Parts that provide coverage on a claims made basis.

P. TERMS AND CONDITIONS

This policy is comprised of these Common Policy Conditions, the Declarations, various Coverage Parts and endorsements, if applicable, and the application. Although various Coverage Parts may be referenced in this policy, a Coverage Part is included within this policy only if that Coverage Part is stated as being purchased in the Coverage Schedule in Item 5. of the Declarations.

Except for these Common Policy Conditions or unless stated to the contrary in any Coverage Part or endorsement, the terms and conditions of each Coverage Part of this policy apply only to that Coverage Part and shall not apply to any other Coverage Part of this policy. Any defined term referenced in the Common Policy Conditions but defined in a Coverage Part shall, for purposes of coverage under that Coverage Part, have the meaning set forth in that Coverage Part. If any provision in the Common Policy Conditions is inconsistent or in conflict with the terms and conditions of any Coverage Part, the terms and conditions of such Coverage Part shall control for purposes of that Coverage Part.

COMMERCIAL GENERAL LIABILITY COVERAGE FORM

Various provisions in this policy restrict coverage. Read the entire policy carefully to determine rights, duties and what is and is not covered.

Throughout this policy the words "you" and "your" refer to the Named Insured shown in the Declarations, and any other person or organization qualifying as a Named Insured under this policy. The words "we", "us" and "our" refer to the company providing this insurance.

The word "insured" means any person or organization qualifying as such under Section **II** – Who Is An Insured.

Other words and phrases that appear in quotation marks have special meaning. Refer to Section **V** – Definitions.

SECTION I – COVERAGES

COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY

1. Insuring Agreement

a. We will pay those sums that the insured becomes legally obligated to pay as damages because of "bodily injury" or "property damage" to which this insurance applies. We will have the right and duty to defend the insured against any "suit" seeking those damages. However, we will have no duty to defend the insured against any "suit" seeking damages for "bodily injury" or "property damage" to which this insurance does not apply. We may, at our discretion, investigate any "occurrence" and settle any claim or "suit" that may result. But:

(1) The amount we will pay for damages is limited as described in Section **III** – Limits Of Insurance; and

(2) Our right and duty to defend ends when we have used up the applicable limit of insurance in the payment of judgments or settlements under Coverages **A** or **B** or medical expenses under Coverage **C.**

No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for under Supplementary Payments – Coverages **A** and **B.**

b. This insurance applies to "bodily injury" and "property damage" only if:

(1) The "bodily injury" or "property damage" is caused by an "occurrence" that takes place in the "coverage territory";

(2) The "bodily injury" or "property damage" occurs during the policy period; and

(3) Prior to the policy period, no insured listed under Paragraph **1.** of Section **II** – Who Is An Insured and no "employee" authorized by you to give or receive notice of an "occurrence" or claim, knew that the "bodily injury" or "property damage" had occurred, in whole or in part. If such a listed insured or authorized "employee" knew, prior to the policy period, that the "bodily injury" or "property damage" occurred, then any continuation, change or resumption of such "bodily injury" or "property damage" during or after the policy period will be deemed to have been known prior to the policy period.

c. "Bodily injury" or "property damage" which occurs during the policy period and was not, prior to the policy period, known to have occurred by any insured listed under Paragraph **1.** of Section **II** – Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim, includes any continuation, change or resumption of that "bodily injury" or "property damage" after the end of the policy period.

d. "Bodily injury" or "property damage" will be deemed to have been known to have occurred at the earliest time when any insured listed under Paragraph **1.** of Section **II** – Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim:

(1) Reports all, or any part, of the "bodily injury" or "property damage" to us or any other insurer;

(2) Receives a written or verbal demand or claim for damages because of the "bodily injury" or "property damage"; or

(3) Becomes aware by any other means that "bodily injury" or "property damage" has occurred or has begun to occur.

e. Damages because of "bodily injury" include damages claimed by any person or organization for care, loss of services or death resulting at any time from the "bodily injury".

2. Exclusions

This insurance does not apply to:

a. Expected Or Intended Injury

"Bodily injury" or "property damage" expected or intended from the standpoint of the insured. This exclusion does not apply to "bodily injury" resulting from the use of reasonable force to protect persons or property.

b. Contractual Liability

"Bodily injury" or "property damage" for which the insured is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages:

(1) That the insured would have in the absence of the contract or agreement; or

(2) Assumed in a contract or agreement that is an "insured contract", provided the "bodily injury" or "property damage" occurs subsequent to the execution of the contract or agreement. Solely for the purposes of liability assumed in an "insured contract", reasonable attorneys' fees and necessary litigation expenses incurred by or for a party other than an insured are deemed to be damages because of "bodily injury" or "property damage", provided:

(a) Liability to such party for, or for the cost of, that party's defense has also been assumed in the same "insured contract"; and

(b) Such attorneys' fees and litigation expenses are for defense of that party against a civil or alternative dispute resolution proceeding in which damages to which this insurance applies are alleged.

c. Liquor Liability

"Bodily injury" or "property damage" for which any insured may be held liable by reason of:

(1) Causing or contributing to the intoxication of any person;

(2) The furnishing of alcoholic beverages to a person under the legal drinking age or under the influence of alcohol; or

(3) Any statute, ordinance or regulation relating to the sale, gift, distribution or use of alcoholic beverages.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in:

(a) The supervision, hiring, employment, training or monitoring of others by that insured; or

(b) Providing or failing to provide transportation with respect to any person that may be under the influence of alcohol;

if the "occurrence" which caused the "bodily injury" or "property damage", involved that which is described in Paragraph **(1)**, **(2)** or **(3)** above.

However, this exclusion applies only if you are in the business of manufacturing, distributing, selling, serving or furnishing alcoholic beverages. For the purposes of this exclusion, permitting a person to bring alcoholic beverages on your premises, for consumption on your premises, whether or not a fee is charged or a license is required for such activity, is not by itself considered the business of selling, serving or furnishing alcoholic beverages.

d. Workers' Compensation And Similar Laws

Any obligation of the insured under a workers' compensation, disability benefits or unemployment compensation law or any similar law.

e. Employer's Liability

"Bodily injury" to:

(1) An "employee" of the insured arising out of and in the course of:

(a) Employment by the insured; or

(b) Performing duties related to the conduct of the insured's business; or

(2) The spouse, child, parent, brother or sister of that "employee" as a consequence of Paragraph **(1)** above.

This exclusion applies whether the insured may be liable as an employer or in any other capacity and to any obligation to share damages with or repay someone else who must pay damages because of the injury.

This exclusion does not apply to liability assumed by the insured under an "insured contract".

(1) "Bodily injury" or "property damage" arising out of the actual, alleged or threatened discharge, dispersal, seepage, migration, release or escape of "pollutants":

(ii) "Bodily injury" or "property damage" for which you may be held liable, if you are a contractor and the owner or lessee of such premises, site or location has been added to your policy as an additional insured with respect to your ongoing operations performed for that additional insured at that premises, site or location and such premises, site or location is not and never was owned or occupied by, or rented or loaned to, any insured, other than that additional insured; or

(iii) "Bodily injury" or "property damage" arising out of heat, smoke or fumes from a "hostile fire";

(b) At or from any premises, site or location which is or was at any time used by or for any insured or others for the handling, storage, disposal, processing or treatment of waste;

(c) Which are or were at any time transported, handled, stored, treated, disposed of, or processed as waste by or for:

(i) Any insured; or

(ii) Any person or organization for whom you may be legally responsible; or

However, this subparagraph does not apply to:

(i) "Bodily injury" or "property damage" arising out of the escape of fuels, lubricants or other operating fluids which are needed to perform the normal electrical, hydraulic or mechanical functions necessary for the operation of "mobile equipment" or its parts, if such fuels, lubricants or other operating fluids escape from a vehicle part designed to hold, store or receive them. This exception does not apply if the "bodily injury" or "property damage" arises out of the intentional discharge, dispersal or release of the fuels, lubricants or other operating fluids, or if such fuels, lubricants or other operating fluids are brought on or to the premises, site or location with the intent that they be discharged, dispersed or released as part of the operations being performed by such insured, contractor or subcontractor;

(ii) "Bodily injury" or "property damage" sustained within a building and caused by the release of gases, fumes or vapors from materials brought into that building in connection with operations being performed by you or on your behalf by a contractor or subcontractor; or

(iii) "Bodily injury" or "property damage" arising out of heat, smoke or fumes from a "hostile fire".

(e) At or from any premises, site or location on which any insured or any contractors or subcontractors working directly or indirectly on any insured's behalf are performing operations if the operations are to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of, "pollutants".

(2) Any loss, cost or expense arising out of any:

(a) Request, demand, order or statutory or regulatory requirement that any insured or others test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of, "pollutants"; or

(b) Claim or suit by or on behalf of a governmental authority for damages because of testing for, monitoring, cleaning up, removing, containing, treating, detoxifying or neutralizing, or in any way responding to, or assessing the effects of, "pollutants".

However, this paragraph does not apply to liability for damages because of "property damage" that the insured would have in the absence of such request, demand, order or statutory or regulatory requirement, or such claim or "suit" by or on behalf of a governmental authority.

b. Up to $250 for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

c. The cost of bonds to release attachments, but only for bond amounts within the applicable limit of insurance. We do not have to furnish these bonds.

d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to $250 a day because of time off from work.

e. All court costs taxed against the insured in the "suit". However, these payments do not include attorneys' fees or attorneys' expenses taxed against the insured.

© Insurance Services Office, Inc., 2012

g. All interest on the full amount of any judgment that accrues after entry of the judgment and before we have paid, offered to pay, or deposited in court the part of the judgment that is within the applicable limit of insurance.

These payments will not reduce the limits of insurance.

2. If we defend an insured against a "suit" and an indemnitee of the insured is also named as a party to the "suit", we will defend that indemnitee if all of the following conditions are met:

a. The "suit" against the indemnitee seeks damages for which the insured has assumed the liability of the indemnitee in a contract or agreement that is an "insured contract";

b. This insurance applies to such liability assumed by the insured;

c. The obligation to defend, or the cost of the defense of, that indemnitee, has also been assumed by the insured in the same "insured contract";

d. The allegations in the "suit" and the information we know about the "occurrence" are such that no conflict appears to exist between the interests of the insured and the interests of the indemnitee;

e. The indemnitee and the insured ask us to conduct and control the defense of that indemnitee against such "suit" and agree that we can assign the same counsel to defend the insured and the indemnitee; and

(a) Cooperate with us in the investigation, settlement or defense of the "suit";

(2) Provides us with written authorization to:

So long as the above conditions are met, attorneys' fees incurred by us in the defense of that indemnitee, necessary litigation expenses incurred by us and necessary litigation expenses incurred by the indemnitee at our request will be paid as Supplementary Payments. Notwithstanding the provisions of Paragraph **2.b.(2)** of Section **I** – Coverage **A** – Bodily Injury And Property Damage Liability, such payments will not be deemed to be damages for "bodily injury" and "property damage" and will not reduce the limits of insurance.

Our obligation to defend an insured's indemnitee and to pay for attorneys' fees and necessary litigation expenses as Supplementary Payments ends when we have used up the applicable limit of insurance in the payment of judgments or settlements or the conditions set forth above, or the terms of the agreement described in Paragraph **f.** above, are no longer met.

c. A limited liability company, you are an insured. Your members are also insureds, but only with respect to the conduct of your business. Your managers are insureds, but only with respect to their duties as your managers.

d. An organization other than a partnership, joint venture or limited liability company, you are an insured. Your "executive officers" and directors are insureds, but only with respect to their duties as your officers or directors. Your stockholders are also insureds, but only with respect to their liability as stockholders.

e. A trust, you are an insured. Your trustees are also insureds, but only with respect to their duties as trustees.

2. Each of the following is also an insured:
   a. Your "volunteer workers" only while performing duties related to the conduct of your business, or your "employees", other than either your "executive officers" (if you are an organization other than a partnership, joint venture or limited liability company) or your managers (if you are a limited liability company), but only for acts within the scope of their employment by you or while performing duties related to the conduct of your business. However, none of these "employees" or "volunteer workers" are insureds for:

         (a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), to a co-"employee" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;

   b. Any person (other than your "employee" or "volunteer worker"), or any organization while acting as your real estate manager.
   c. Any person or organization having proper temporary custody of your property if you die, but only:
      (1) With respect to liability arising out of the maintenance or use of that property; and
      (2) Until your legal representative has been appointed.
   d. Your legal representative if you die, but only with respect to duties as such. That representative will have all your rights and duties under this Coverage Part.
3. Any organization you newly acquire or form, other than a partnership, joint venture or limited liability company, and over which you maintain ownership or majority interest, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:
   a. Coverage under this provision is afforded only until the 90th day after you acquire or form the organization or the end of the policy period, whichever is earlier;
   b. Coverage **A** does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and
   c. Coverage **B** does not apply to "personal and advertising injury" arising out of an offense committed before you acquired or formed the organization.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

SECTION III – LIMITS OF INSURANCE

1. The Limits of Insurance shown in the Declarations and the rules below fix the most we will pay regardless of the number of:
   a. Insureds;
   b. Claims made or "suits" brought; or
   c. Persons or organizations making claims or bringing "suits".
2. The General Aggregate Limit is the most we will pay for the sum of:
   a. Medical expenses under Coverage **C;**

   c. Damages under Coverage **B.**

© Insurance Services Office, Inc., 2012

3. The Products-Completed Operations Aggregate Limit is the most we will pay under Coverage **A** for damages because of "bodily injury" and "property damage" included in the "products-completed operations hazard".

4. Subject to Paragraph **2.** above, the Personal And Advertising Injury Limit is the most we will pay under Coverage **B** for the sum of all damages because of all "personal and advertising injury" sustained by any one person or organization.

5. Subject to Paragraph **2.** or **3.** above, whichever applies, the Each Occurrence Limit is the most we will pay for the sum of:

   a. Damages under Coverage **A**; and

   b. Medical expenses under Coverage **C**

   because of all "bodily injury" and "property damage" arising out of any one "occurrence".

6. Subject to Paragraph **5.** above, the Damage To Premises Rented To You Limit is the most we will pay under Coverage **A** for damages because of "property damage" to any one premises, while rented to you, or in the case of damage by fire, while rented to you or temporarily occupied by you with permission of the owner.

The Limits of Insurance of this Coverage Part apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits of Insurance.

SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS

1. **Bankruptcy**

   Bankruptcy or insolvency of the insured or of the insured's estate will not relieve us of our obligations under this Coverage Part.

2. **Duties In The Event Of Occurrence, Offense, Claim Or Suit**

   a. You must see to it that we are notified as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, notice should include:

   (1) How, when and where the "occurrence" or offense took place;

   (2) The names and addresses of any injured persons and witnesses; and

   (3) The nature and location of any injury or damage arising out of the "occurrence" or offense.

   b. If a claim is made or "suit" is brought against any insured, you must:

   (1) Immediately record the specifics of the claim or "suit" and the date received; and

   (2) Notify us as soon as practicable.

   You must see to it that we receive written notice of the claim or "suit" as soon as practicable.

   c. You and any other involved insured must:

   (1) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the claim or "suit";

   (2) Authorize us to obtain records and other information;

   (3) Cooperate with us in the investigation or settlement of the claim or defense against the "suit"; and

   (4) Assist us, upon our request, in the enforcement of any right against any person or organization which may be liable to the insured because of injury or damage to which this insurance may also apply.

   d. No insured will, except at that insured's own cost, voluntarily make a payment, assume any obligation, or incur any expense, other than for first aid, without our consent.

3. **Legal Action Against Us**

   No person or organization has a right under this Coverage Part:

   a. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or

   b. To sue us on this Coverage Part unless all of its terms have been fully complied with.

   A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured; but we will not be liable for damages that are not payable under the terms of this Coverage Part or that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

4. Other Insurance

If other valid and collectible insurance is available to the insured for a loss we cover under Coverages **A** or **B** of this Coverage Part, our obligations are limited as follows:

a. Primary Insurance

This insurance is primary except when Paragraph **b.** below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in Paragraph **c.** below.

b. Excess Insurance

(1) This insurance is excess over:

(a) Any of the other insurance, whether primary, excess, contingent or on any other basis:

(i) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

(ii) That is Fire insurance for premises rented to you or temporarily occupied by you with permission of the owner;

(iii) That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises rented to you or temporarily occupied by you with permission of the owner; or

(iv) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion **g.** of Section **I** – Coverage **A** – Bodily Injury And Property Damage Liability.

(b) Any other primary insurance available to you covering liability for damages arising out of the premises or operations, or the products and completed operations, for which you have been added as an additional insured.

(2) When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

(3) When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and

(b) The total of all deductible and self-insured amounts under all that other insurance.

(4) We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

5. Premium Audit

a. We will compute all premiums for this Coverage Part in accordance with our rules and rates.

b. Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the first Named Insured. The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.

c. The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

6. Representations

By accepting this policy, you agree:

a. The statements in the Declarations are accurate and complete;

© Insurance Services Office, Inc., 2012

b. Those statements are based upon representations you made to us; and

c. We have issued this policy in reliance upon your representations.

7. Separation Of Insureds

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

a. As if each Named Insured were the only Named Insured; and

b. Separately to each insured against whom claim is made or "suit" is brought.

8. Transfer Of Rights Of Recovery Against Others To Us

If the insured has rights to recover all or part of any payment we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

9. When We Do Not Renew

If we decide not to renew this Coverage Part, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 30 days before the expiration date.

If notice is mailed, proof of mailing will be sufficient proof of notice.

MINIMUM AND ADVANCE PREMIUM ENDORSEMENT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE

MINIMUM PREMIUM 100 **%**

Item **5.b.** of the **Premium Audit** condition under **SECTION IV—COMMERCIAL GENERAL LIABILITY CONDITIONS, SECTION IV—LIQUOR LIABILITY CONDITIONS** and **SECTION IV—PRODUCTS/ COMPLETED OPERATIONS LIABILITY CONDITIONS** is amended to read:

b. The advance premium for this Coverage Part is a deposit premium only. The final premium shall be subject to audit. At the close of each audit period we will compute the earned premium for that period. Any audit premiums are due and payable to us on notice to the first Named Insured. If the sum of the advance and audit premiums paid for the policy term is greater than the earned premium, we will return the excess to the first Named Insured, subject to the minimum premium as defined below. In the event the first Named Insured fails or refuses to allow our representative to audit your books and records, we may unilaterally charge a final premium for the Policy Period at double the minimum or advance premium, whichever is greater, and such final premium shall be immediately due and payable on notice to the first Named Insured.

For purposes of this endorsement, the terms advance premium, earned premium, and minimum premium are defined as follows:

Advance Premium—the premium that is stated in the applicable initial policy Declarations or Renewal Certificate and payable in full by the first Named Insured at the inception of each Policy Period.

Earned Premium—the premium that is developed by applying the rate(s) scheduled in the policy to the actual premium basis for the audit period.

Minimum Premium—the lowest premium for which this insurance will be written for the Policy Period stated in **Item 2.** of the Declarations of the applicable initial policy or subsequent Renewal Certificate. This minimum premium is equal to 100% (unless a different percentage [%] is shown in the Schedule above) of the advance premium including any premium adjustments made by endorsement to this policy during the Policy Period. Premium adjustments do not include the audit premium developed for the Policy Period stated in **Item 2.** of the Declarations.

CONTRACTORS SPECIAL CONDITIONS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE FORM
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE FORM

SCHEDULE

Coverage	Limits of Insurance
Each Occurrence Limit	$ 1,000,000
Personal and Advertising Injury Limit	$ $1,000,000
General Aggregate Limit (Other than Products/Completed Operations)	$ 2,000,000
Products/Completed Operations Aggregate Limit	$ $2,000,000
(If no entry appears above, the minimum limits of insurance will be equal to the limits of insurance shown in the Declarations).	

A. The following is added to **SECTION IV—COMMERCIAL GENERAL LIABILITY CONDITIONS** and **SECTION IV—PRODUCTS/COMPLETED OPERATIONS LIABILITY CONDITIONS:**

Contractors Special Conditions

You will obtain current certificates of insurance from all contractors and subcontractors, evidencing such contractors and subcontractors are "adequately insured," including evidence of:

1. Commercial General Liability insurance, including Products/Completed Operations insurance; and
2. Effective dates of coverage that "coincide" with the effective dates of coverage on this policy.

Failure to comply with this condition does not alter the coverage provided by this policy but will result in an additional premium charge.

B. The following is added to **SECTION IV—COMMERCIAL GENERAL LIABILITY CONDITIONS** and **SECTION IV—PRODUCTS/COMPLETED OPERATIONS LIABILITY CONDITIONS,** subsection **5. Premium Audit:**

Should you fail to provide current certificates of insurance from all "adequately insured" contractors at such times as we request to complete a premium audit, a premium charge will be computed by multiplying the "total cost" for all sublet work that fails to meet Contractors Special Conditions, by a rate per $1,000 payroll for the applicable classification of the work performed. If the policy does not contain the applicable classification and rate, we will multiply our usual and customary rate per $1,000 payroll for that classification.

This premium calculation will be made in addition to the premium charged for payroll or gross sales/gross receipts as indicated in the Declarations. The insured's payroll or gross sales/gross receipts will not in any way be reduced.

C. For purposes of this endorsement, the following definitions apply:

1. "Adequately insured" means that the contractors and subcontractors that perform operations for you maintain Commercial General Liability including Products/Completed Operations insurance in force with the minimum Limits of Insurance shown in the Schedule for their operations, including operations performed for them by others.
2. "Coincide" means that the effective dates of coverage for all policies of all contractors and subcontractors that cover that period of time during which work was performed for you within the effective dates covered by this policy.
3. "Total cost" means the cost of all labor, materials and equipment furnished, used or delivered for use in the execution of the work and all fees, bonuses or commissions paid.

All other terms and conditions of this policy remain unchanged.

2. The words "we", "us" and "our" refer to the insurers providing this insurance;

3. The word "insured" means the persons or organizations qualifying as such under SECTION III – WHO IS AN INSURED;

4. The words:

   (a) Newly formed or acquired organizations are not included in the description of the Named Insured in Item 1 of the Declarations, and

   (b) During the policy period, a Named Insured forms or acquires any organization other than a partnership, joint venture, or limited liability company,

   the words "Named Insured," "you" and "your" shall refer in like manner to any such organization formed or acquired by a Named insured. However, insurance afforded by this policy (1) applies only if there is no other insurance, similar to the insurance afforded by this policy, available to the newly formed or acquired organization and (2) continues only until the 60th day after the organization's formation or acquisition or the end of the policy period, whichever is earlier.

SECTION I - COVERAGES

In consideration of the payment of the premium, in reliance upon the statements in the Declarations made part of this policy, subject to all of the terms of this policy including the applicable limits of insurance, we agree with you as respects those coverages shown in Item 3 of the Declarations as follows:

PART 1 - LIABILITY

COVERAGE A - BODILY INJURY AND PROPERTY DAMAGE LIABILITY

1. **Insuring Agreement.**

   (a) We will pay those sums that the insured becomes legally obligated to pay as damages because of ***bodily injury*** or ***property damage*** that occurs during the policy period and is caused by an ***occurrence*** that takes place in the ***coverage territory*** arising out of the ownership, maintenance, or use of a ***scheduled aircraft.***

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

We will have the right and duty to defend the insured against any ***suit*** seeking those damages. However, we will have no duty to defend the insured against any ***suit*** seeking damages for ***bodily injury*** or ***property damage*** to which this insurance does not apply or when this insurance is excess. We may, at our discretion, investigate any ***occurrence*** and settle any claim or ***suit*** that may result. But, the amount we will pay for damages is limited as described in SECTION IV - LIMITS OF INSURANCE. Our right and duty to defend end when we have used up the applicable limit of insurance in the payment of judgments or settlements under Coverage A.

(b) Our obligation to pay damages on behalf of any insured applies only to the amount of damages in excess of any deductible amounts stated in this policy. The terms of this insurance apply irrespective of the application of the deductible amount. We may pay any part or the entire deductible amount to effect settlement of any claim or ***suit*** and, upon notification that we have made any such payment, the first Named Insured shall promptly reimburse us for any deductible amount we paid.

(c) No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for in SUPPLEMENTARY PAYMENTS below.

In addition to the exclusions contained in SECTION II – GENERAL POLICY EXCLUSIONS, the following exclusions apply to Coverage A.

This insurance does not apply to:

(b) CONTRACTUAL LIABILITY

Bodily injury or ***property damage*** for which the insured is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion (b) does not apply to liability for damages:

(1) That the insured would have in the absence of the contract or agreement; or

(2) Assumed in a contract or agreement that is an ***insured contract***, provided the ***bodily injury*** or ***property damage*** occurs subsequent to the execution of the contract or agreement.

(c) WORKERS COMPENSATION AND SIMILAR LAWS

Any obligation for which the insured or any carrier as the insured's insurer may be held liable under any workers' compensation, unemployment compensation or disability benefits law, or under any similar law.

(d) EMPLOYER'S LIABILITY

(1) An employee of the insured arising out of and in the course of employment by the insured; or
(2) The spouse, child, parent, brother or sister of that employee as a consequence of Paragraph (d) (1) above.

This exclusion (d) applies:

(A) Whether the insured may be liable as an employer or in any other capacity; and
(B) To any obligation to share damages with or repay someone else who must pay damages because of the injury.

This exclusion (d) does not apply to liability for damages assumed in a contract or agreement that is an ***insured contract***, provided the ***bodily injury*** occurs subsequent to the execution of the contract or agreement.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(e) DAMAGE TO PROPERTY

Property damage to property owned, occupied, rented or used by the insured or in the care, custody, or control of the insured.

Provided no part of the ***dispensable load*** consists of munitions, this exclusion (f) shall not apply to any claim or ***suit*** caused by or resulting in an aircraft crash, fire, explosion, or collision or a recorded in ***flight*** emergency causing abnormal aircraft operation.

SUPPLEMENTARY PAYMENTS

1. We will pay, as respects any claim against an insured we investigate or settle, or any ***suit*** against an insured we investigate, defend or settle:

   (a) All expenses we incur.

   (b) Up to $5,000 for the cost of bail bonds required because of ***occurrences*** or violations of laws or regulations for civil aviation arising out of the use of an aircraft component of an ***unmanned aircraft system*** to which insurance for ***bodily injury*** is afforded by Part 1. We do not have to furnish these bonds.

   (c) The cost of bonds to release attachments but only for bond amounts within the applicable limit of insurance. We do not have to furnish these bonds.

   (a) Up to the amount shown in Paragraph 3 (a) of Item 3 of the Declarations for expenses incurred by the insured under emergency conditions for charges made by other than an insured but limited to those expenses associated with labor, materials, rental of equipment, vehicles or tools for:

      (1) Application of foam on a runway; or

      (2) Fire and crash control and rescue.

   (b) Up to the amount shown in Paragraph 3 (b) of Item 3 of the Declarations for expenses incurred by the insured for relocating such aircraft component of an ***unmanned aircraft system*** to a safe takeoff location agreed to in advance by us following a landing made under emergency conditions at a location where a safe takeoff cannot be made.

   (c) Up to the amount shown in Paragraph 3 (c) of Item 3 of the Declarations for expenses incurred by the insured for search and rescue operations connected with any such aircraft component of an ***unmanned aircraft system*** to which this insurance applies, which is missing and presumed crashed, provided such expenditures are agreed to in advance by us.

   However, the payments described in:

      (1) Paragraphs (a), (b) and (c) above, do not include payments for:

         a. Any medical, hospital or funeral expense; or

         b. ***Bodily injury*** sustained by any person;

      (2) Paragraphs (a) and (c) above, do not include payments for salvage of all or part of such aircraft component of an ***unmanned aircraft system;***

      (3) Paragraph (b) above, do not include payments for any expense which qualifies as an element of the ***cost to repair*** (including any expense associated with dismantling and reassembly) if the aircraft component of an ***unmanned aircraft system*** is a ***scheduled aircraft*** which sustains ***physical damage*** to which the insurance afforded under Coverage B applies; and

      (4) Paragraph (c) above, do not include:

         a. Loss of or damage to equipment used in search and rescue operations; or

         b. Expense incurred after it has been reasonably established that there are no survivors.

3. The supplementary payments described in Paragraphs 1 and 2 will not reduce the limits of insurance.

PART 2 – PHYSICAL DAMAGE

COVERAGE B - PHYSICAL DAMAGE TO SCHEDULED AIRCRAFT

1. **Insuring Agreement.**

   We will pay for ***physical damage*** to the ***scheduled aircraft*** sustained anywhere in the ***coverage territory*** during the policy period. But, the amount we will pay for ***physical damage*** to the ***scheduled aircraft*** is limited as described in SECTION IV - LIMITS OF INSURANCE.

   No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for in Conditions below.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. **Exclusions.**

In addition to the exclusions contained in SECTION II – GENERAL POLICY EXCLUSIONS, the following exclusions apply to Coverage B.

This insurance does not apply to ***physical damage***:

DAMAGE TO TIRES

To tires installed on the ***scheduled aircraft*** caused by any peril other than fire, theft, vandalism or malicious mischief. This exclusion does not apply if such ***physical damage*** is the direct result of other ***physical damage*** covered by this policy.

3. **Conditions.**

In addition to the conditions contained in SECTION V - POLICY CONDITIONS, the following conditions apply to Coverage B:

(a) Your Additional Duties.

You shall:

(1) Protect the damaged property whether or not the insurance afforded by this policy applies and if you fail to do so, we shall have no obligation to pay for any further ***physical damage*** due to your failure to protect the damaged property; reasonable expenses incurred in affording such protection shall be deemed to be incurred at our request.

(2) File with us within ninety-one (91) days after ***physical damage***, sworn proof of loss in such form and including such information as we may reasonably require and shall, upon our request, submit to examination under oath, exhibit the damaged property and produce for our examination all pertinent records and invoices, permitting copies of such documents to be made, all at such reasonable times and places as we shall designate.

(3) Do all things necessary to arrange for transfer of your interest in any salvage to us or our nominee.

(b) Adjustment and Payment.

(1) We will adjust all claims for ***physical damage*** for which insurance is afforded by this policy with the first Named Insured only; and

(2) Any payment we make for ***physical damage*** will be made to the first Named Insured for the account of all interests.

(c) Appraisal.

If we fail to reach agreement with the first Named Insured as to the value of the damaged property, or the ***cost to repair*** the ***physical damage***, an appraisal may be demanded by either party. In this event, each party shall select a competent appraiser. The appraisers shall select a competent and impartial umpire. The appraisers shall appraise the value of the damaged property, or the ***cost to repair*** the ***physical damage*** and failing to agree shall submit their differences to the umpire. An award in writing of any two shall determine the value of the damaged property, or the ***cost to repair*** the ***physical damage***. Each party will pay its chosen appraiser and shall bear equally the other expenses of the appraisal and the umpire. We shall not be held to have waived any of our rights by any act relating to appraisal.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(d) No Benefit to Others.

No person or organization, other than you, having custody of property insured under Part 2 will benefit from this insurance.

(e) Salvage.

After we have made payment for ***physical damage***, we become the beneficiary of all salvaged property. There shall be no abandonment without our consent.

(f) Recovered Property.

If either you or we recover any property after we have made payment for ***physical damage***, that party must give the other prompt notice. At your option, the property will be returned to you. You must then return to us the amount we paid to you for the property. We will pay recovery expenses and the expenses to repair the recovered property, subject to the limits of insurance.

(g) Application of Deductible.

In the event that two or more ***scheduled aircraft*** are covered by this policy, the applicable deductible shall apply separately to each. The amount specified as a deductible does not apply to ***physical damage*** caused by:

(1) Lightning, theft, robbery or pilferage; or

(2) Fire or explosion, if such fire or explosion is not the result of collision of the aircraft while ***in motion***.

(h) Automatic Increase in Insured Value of Scheduled Aircraft.

Subject to the Maximum ***Insured Value*** Limit shown in the Declarations, the ***insured value*** of any ***scheduled aircraft*** that is modified shall automatically increase to reflect the additional cost, if any, of such modification, provided that you notify the Policy Issuing Office shown in the Declarations of such increase in the ***insured value*** within sixty (60) days following the completion of such modification and the first Named Insured agrees to pay the additional premium we require.

(i) Automatic Reinstatement.

In the event of ***physical damage*** that is not a ***total loss***, whether or not Coverage B of this policy applies, the ***insured value*** of the ***scheduled aircraft*** shall be reduced as of the time of ***physical damage*** by the ***cost to repair*** the ***physical damage***. Upon the commencement of repairs, the ***insured value*** shall be increased by the value of the completed repairs until the ***insured value*** of the ***scheduled aircraft*** is fully restored or this policy terminates, whichever occurs first.

(j) Premium Fully Earned After Total Loss.

In the event of a ***total loss*** to a ***scheduled aircraft***, after the Company has made payment in accordance with the provisions of this policy, the premium for such s***cheduled aircraft*** shall be fully earned.

The aircraft shall be deemed to have been restored to the control of the insured on the safe return of the aircraft to the insured at an airfield not excluded by the geographical limits of this policy, and entirely suitable for the operation of the aircraft (such safe return shall require that the aircraft be parked with engines shut down and under no duress).

      (2) Claims made or ***suits*** brought; or

      (3) Persons or organizations making claims or bringing ***suits***.

   (b) The Each ***Occurrence*** Limit is the most we will pay for damages under Coverage A, because of all ***bodily injury*** and ***property damage*** arising out of any one ***occurrence***.

   (c) If any aggregate limits of insurance and aggregate deductibles are shown in this policy, they apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case the additional period will be deemed part of the last preceding period for purposes of determining the limit of insurance or deductible. No aggregate limit shall be increased by successive claims or ***suits*** or from ***occurrence*** to ***occurrence***.

   (d) The limits that shall automatically apply to a ***newly acquired aircraft*** are the same as those applicable to the first ***scheduled aircraft*** of the same make and model shown in the Aircraft Schedule(s).

2. As respects PART 2 - PHYSICAL DAMAGE, the Limits of Insurance shown in the Declarations and Aircraft Schedule(s) and the rules below fix the most we will pay for ***physical damage*** to the ***scheduled aircraft*** insured under Coverage B:

However, our obligation to pay for ***physical damage*** will be reduced by the applicable deductible, if any, shown in this policy. Upon paying for a ***total loss***, we will have no obligation to pay for further ***physical damage*** to such ***scheduled aircraft***.

5. Changes.

   This policy contains all the agreements between you and us concerning the insurance afforded. The first Named Insured shown in the Declarations is authorized to make changes in the terms of this policy with our consent. This policy's terms can be amended or waived only by endorsement issued on our behalf by the Policy Issuing Office shown in the Declarations and made a part of this policy.

6. Cancellation.

   (a) The first Named Insured shown in the Declarations may cancel this policy by mailing or delivering to us advance written notice of cancellation.

   (b) We may cancel this policy by mailing or delivering to the first Named Insured written notice of cancellation at least:

      (1) ten (10) days before the effective date of cancellation if we cancel for nonpayment of premium; or

      (2) thirty (30) days before the effective date of cancellation if we cancel for any other reason.

   (c) We will mail or deliver our notice to the last mailing addresses known to us for the first Named Insured.

   (d) Notice of cancellation will state the effective date of cancellation. The policy period will end on that date.

   (e) If this policy is cancelled, we will send the first Named Insured any premium refund due. If we cancel, the refund will be pro rata. If the first Named Insured cancels, the refund may be less than pro rata. The cancellation will be effective even if we have not made or offered a refund.

7. Transfer of Your Rights and Duties Under This Policy.

   Your rights and duties under this policy may not be transferred without our written consent except in the case of the death of an individual Named Insured.

Until your legal representative is appointed, anyone having lawful temporary custody of your property will have your rights and duties applicable to PART 1 - LIABILITY but only with respect to that property.

8. Bankruptcy.

   Bankruptcy or insolvency of the insured or of the insured's estate will not relieve us of our obligations under this policy.

9. Legal Action Against Us.

   No person or organization has a right under this policy to join us as a party or otherwise bring us into a ***suit*** asking for damages from an insured or to sue us on this policy unless all of its terms have been fully complied with.

   A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured; but we will not be liable for damages that are not payable under the terms of this policy or that are in excess of the applicable limit of insurance.

   An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

   Each of the insurers appoints the Policy Issuing Office shown in the Declarations, as duly authorized agent for service of process. Service of process shall be made upon Policy Issuing Office at the address shown in the Declarations. 10. Transfer of Rights of Recovery Against Others to Us.

    If the insured has rights to recover all or part of any payment we have made under this policy, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring ***suit*** or transfer those rights to us and help us enforce them.

11. Separation of Insureds.

    Except with respect to the limits of insurance and any rights or duties specifically assigned in this policy to the first Named Insured, this insurance applies:

    (a) As if each Named Insured were the only Named Insured; and

    (b) Separately to each insured against whom claim is made or ***suit*** is brought.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

12. Duties in the Event of Occurrence, Physical Damage, Claim or Suit.

(a) You must see to it that the Policy Issuing Office shown in the Declarations is notified as soon as practicable of an ***occurrence*** that may result in a claim or ***suit***, or of any ***physical damage*** sustained that may result in a claim. In the event of theft, robbery or pilferage you shall also give notice to the police. To the extent possible, notice should include:

(1) How, when and where the ***occurrence*** or ***physical damage*** took place;

(2) The names and addresses of any injured persons and witnesses; and

(3) The nature and location of any injury or damage arising out of the ***occurrence*** or ***physical damage***.

(b) If a claim is made or ***suit*** is brought against any insured, you and any other involved insured must immediately:

(1) Record the specifics of the claim or ***suit*** and the date received; and

(2) Send copies of any demands, notices, summonses or legal papers received in connection with the claim or ***suit*** to the Policy Issuing Office shown in the Declarations.

(c) You and any other involved insured must:

(1) Authorize the Policy Issuing Office shown in the Declarations to obtain records and other information;

(3) Assist the Policy Issuing Office shown in the Declarations, upon its request, in the enforcement of any right against any person or organization that may be liable to the insured because of injury or damage to which this insurance may also apply.

(d) No insured will, except at that insured's own cost, voluntarily make any payment, assume any obligation, or incur any expense, other than for first aid, without the consent of the Policy Issuing Office shown in the Declarations.

13. Inspections and Surveys.

(a) We have the right to:

(1) Make inspections and surveys at any time;

(2) Give you reports on the conditions we find; and

(3) Recommend changes.

(b) We are not obligated to make any inspections, surveys, reports or recommendations and any such actions we do undertake relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. We do not warrant that conditions are safe or healthful or comply with laws, regulations, codes or standards.

(c) Paragraphs (a) and (b) of this condition apply not only to us, but also to any rating, advisory, rate service or similar organization which makes insurance inspections, surveys, reports or recommendations.

(d) Paragraph (b) of this condition does not apply to any inspections, surveys, reports or recommendations we may make relative to certification, under state or municipal statutes, ordinances or regulations, of boilers, pressure vessels or elevators.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

14. Examination of Your Books and Records.

We may examine and audit your books and records as they relate to this policy at any time during the policy period and up to three years afterward.

15. Premium Audit.

(a) We will compute all premiums for this policy in accordance with our rules and rates.

(b) Premium shown in this policy as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the first Named Insured. The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.

(c) The first Named Insured must keep records of the information we need for premium computation and send us copies of those records at such times as we may request.

16. Other Insurance.

If other valid and collectible insurance is available to the insured for a loss covered by this policy, our obligations are limited as follows:

(a) Primary Insurance

This insurance is primary except when Paragraph (b) below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in Paragraph (c) below.

(b) Excess Insurance

This insurance is excess over any other primary insurance available to you, covering liability for damages to which this policy applies, for which you have been added as an insured.

When this insurance is excess, we will have no duty arising from any coverage afforded by this policy to defend the insured against any ***suit*** if any other insurer has a duty to defend the insured against that ***suit***. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and

(2) The total of all deductible and self-insured amounts set forth in all that other insurance.

When the insurance afforded by this policy is excess over any other insurance, then the limits of insurance shown in this policy shall be reduced by the applicable limits of such other insurance if such other insurance shall have been written through Global Aerospace Underwriting Managers Limited or any of its subsidiaries or subsidiaries thereof.

Using the method described in (c) below, we will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the limits of insurance shown in this policy.

(c) Method of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

17. Automatic Insurance for Newly Acquired Aircraft.

    (a) The coverages that shall automatically apply to the ***newly acquired aircraft*** are the same as those applicable to the first ***scheduled aircraft*** of the same make and model shown in the Aircraft Schedule(s).

    (b) Refer to SECTION IV - LIMITS OF INSURANCE for the limits of insurance applicable to ***newly acquired aircraft***.

18. Failure to Give Notice.

    Inadvertent failure to give notice or other information to the Policy Issuing Office shown in the Declarations, as required by this policy will not relieve us of our obligations set forth in this policy, provided that any such inadvertent failure is corrected as soon as possible after coming to the attention of you or your Insurance Department, if any.

19. Financial Responsibility Laws.

    When this policy is certified as proof of financial responsibility for the future under the provisions of any financial responsibility law applicable to aircraft, such insurance as is afforded by this policy for ***bodily injury*** liability and ***property damage*** liability shall comply with the provisions of such law to the extent of the coverage and limits of insurance required by such law, but in no event in excess of the Limits of Insurance shown in the Declarations of this policy. The insured agrees to reimburse us for any payment made by us which we would not have been obligated to make under the terms of this policy except for the agreement contained in this paragraph.

20. Two or More Scheduled Aircraft.

TRIA DISCLOSURE
(Does Not Provide Any Insurance Coverage)

THIS DISCLOSURE PROVIDES A SUMMARY OF THE PROVISIONS OF THE "TERRORISM RISK INSURANCE ACT", AS AMENDED. THIS DISCLOSURE IS MADE A PART OF THIS POLICY. EXCEPT AS EXPRESSLY PROVIDED, NOTHING IN THIS DISCLOSURE CHANGES ANY OF THE TERMS OR CONDITIONS OF THIS POLICY, AND UNDER NO CIRCUMSTANCES DOES THIS DISCLOSURE AFFORD ANY TERRORISM COVERAGE OR ANY OTHER COVERAGE.

I. Terrorism Risk Insurance Act Notice

Under the Terrorism Risk Insurance Act, as amended, (referred to herein as TRIA), you have a right to purchase insurance coverage from us for losses arising out of an "Act of Terrorism" as defined in Section 102(1) of TRIA.

For purposes of this disclosure and to ensure compliance with TRIA, the term “Act of Terrorism” means:

A. Certification - Any act that is certified by the Secretary of the Treasury of the United States, in consultation with the Secretary of Homeland Security, and the Attorney General of the United States:

(1) to be an act of terrorism;
(2) to be a violent act or an act that is dangerous to:
  (a) human life;
  (b) property; or
  (c) infrastructure;
(3) to have resulted in damage within the United States, or outside of the United States in the case of:
  (a) an air carrier or commercial vessel defined as one principally based in the United States, on which United States income tax is paid, and whose insurance coverage is subject to regulation in the United States;
  (b) the premises of a United States mission; and
(4) to have been committed by an individual(s) as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

B. Limitation - No act shall be certified by the Secretary as an act of terrorism if:
(1) the act is committed as part of the course of war declared by the Congress, except that this clause shall not apply with respect to any coverage for workers’ compensation; or
(2) property and casualty insurance losses resulting from the act, in aggregate, do not exceed $5,000,000.

C. Determinations Final - Any certification of, or determination not to certify, an act of terrorism under this paragraph shall be final, and shall not be subject to judicial review.

D. No Delegation - The Secretary may not delegate or designate to any other officer, employee, or person, any determination under this paragraph of whether, during the effective period of the Program, an act of terrorism has occurred.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

Federal Share of Compensation

If coverage is purchased (see Section III below), payments made under this policy, for losses caused by a certified "Act of Terrorism", will be reimbursed in part by the United States Government to us using a formula established by federal law. Under this formula, if the aggregate insured losses exceed a trigger amount ($200,000,000 beginning on January 1, 2020), the United States Government generally reimburses a percentage (80% beginning on January 1, 2020) of covered terrorism losses exceeding the statutorily established deductible paid by us for losses arising from certified "Acts of Terrorism".

$100 Billion Program Cap

TRIA contains a program cap of $100,000,000,000 that limits United States Government reimbursement as well as our liability for losses resulting from certified "Acts of Terrorism" when the amount of such losses in any one calendar year exceeds the program cap. If the aggregated insured losses for all insurers exceed the program cap, coverage (if purchased) for "Acts of Terrorism" may be reduced.

II. Conditional Termination of this Disclosure

A. The provisions of TRIA state that the Terrorism Risk Insurance Program "shall terminate on December 31, 2027." Unless the program is renewed, extended or otherwise continued by the federal government, this disclosure terminates upon the first occurrence of any of the following conditions:

(1) the policy period ends; or

(2) the federal Terrorism Risk Insurance Program has terminated either in its entirety or with respect to the type of insurance afforded by this policy; or

(3) a renewal, extension or continuation of the Terrorism Risk Insurance Program has become effective without a requirement to make terrorism coverage available with respect to the type of insurance afforded by this policy.

B. If none of the conditions set forth in paragraph II. A. above occur, this disclosure will remain in effect unless we notify you of changes in response to federal law.

III. TRIA Terrorism Coverage

As required by TRIA, an offer of terrorism coverage within the terms of TRIA ("TRIA Terrorism Coverage") was included in our quote. No insurance is afforded by this notice and no TRIA Terrorism Coverage is afforded under this policy unless such offer was accepted and TRIA Terrorism Coverage was purchased.

If TRIA Terrorism Coverage was purchased, TRIA endorsement(s) are attached to this policy and the premium for such coverage will be as stated in the binder as respects any such endorsement(s).

If TRIA Terrorism Coverage was not purchased, coverage for terrorism is excluded as provided in the policy, unless, as permitted by TRIA, alternative terrorism coverage was negotiated, in which case one or more endorsement(s) to this policy include the negotiated coverage for terrorism ("Alternative Terrorism Coverage"). If purchased, such Alternative Terrorism Coverage, includes portions which fall within TRIA (the "TRIA Portion"), as well as other coverage outside of TRIA, and the premium corresponding to the TRIA Portion of the Alternative Terrorism Coverage is 10% of the total premium for the endorsements providing the Alternative Terrorism Coverage.

Any TRIA Terrorism Coverage and the TRIA Portion of any Alternative Terrorism Coverage is subject to all of the disclosures and limitations set forth in Section I above.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

IV. Application

Nothing contained in this disclosure shall vary, waive, alter, or extend any of the terms, conditions, agreements or provisions of this policy, other than as above stated.

Notwithstanding anything in the policy to the contrary, as used in this disclosure, the words “you” and “your” refer to the Named Insured shown in the Declarations and any other person or organization qualifying as a Named Insured under this policy. The words “we”, “us” and “our” refer to the insurers shown in the Declarations, providing this insurance.

General Terms and Conditions

I. Our promise to you

In consideration of the premium charged, and in reliance on the statements made and information provided to **us**, **we** will pay **covered amounts** as defined in this policy, provided **you** properly notify **us** of **claims**, **events**, and **occurrences**, and meet **your** obligations to **us** in accordance with the terms of this policy.

II. Limits of liability

Regardless of the number of Coverage Parts **you** have purchased, the maximum **we** will pay for all **covered amounts** will be as follows:

A. Aggregate limit

The Aggregate Limit identified in the Declarations (if applicable to the relevant Coverage Part) is the maximum amount **we** will pay for all **covered amounts** for all covered **occurrences**, **events**, or **claims**, unless a lower sublimit is specified, in which case the sublimit is the maximum amount **we** will pay for the type of covered loss to which the sublimit applies.

B. Each occurrence limit

The Each Occurrence Limit identified in the Declarations (if **you** have purchased a relevant Coverage Part) is the maximum amount **we** will pay for all **covered amounts** for each covered **occurrence** or **event**, unless a lower sublimit is specified, in which case the sublimit is the maximum amount **we** will pay for the type of covered loss to which the sublimit applies. The Each Occurrence Limit, or any sublimit, will be in excess of any applicable **deductible** and will be a part of, and not in addition to, any applicable aggregate limit.

C. Each claim limit

The Each Claim Limit identified in the Declarations (if **you** have purchased a relevant Coverage Part) is the maximum amount **we** will pay for all **covered amounts** for each covered **claim**, unless a lower sublimit is specified, in which case the sublimit is the maximum amount **we** will pay for the type of covered **claim** to which the sublimit applies. The Each Claim Limit, or any sublimit, will be in excess of any applicable **deductible** and will be a part of, and not in addition to, any applicable aggregate limit.

D. Multiple Coverage Parts

If the same **claim** or related **claim**, **event**, or **occurrence** is covered under more than one Coverage Part, **we** will pay only under one Coverage Part, which will be the Coverage Part that provides the most favorable coverage.

Regardless of the Coverage Parts under which the same **claim** or related **claim**, **event**, or **occurrence** is covered, only one **deductible** will apply, which will be the highest applicable **deductible** of the triggered Coverage Parts.

III. Your obligations to us

A. Named insured responsibilities

It will be the responsibility of the **named insured** (or, if there is more than one **named insured**, the first one listed on the Declarations) to act on behalf of all **insureds** with respect to the following:

1. timely giving and receiving notice of cancellation or non-renewal;
2. timely payment of premium;
3. agreement to any endorsements to the policy;
4. receipt of return premiums; and

2. notifying **us** immediately if **you** receive any settlement demands or offers, and sending **us** copies of any demands, notices, summonses, or legal papers;

3. submitting to examination and interrogation under oath by **our** representative and giving **us** a signed statement of **your** answers;
4. attending hearings, depositions, and trials as **we** request;
5. assisting in securing and giving evidence and obtaining the attendance of witnesses;
6. providing written statements to **our** representative and meeting with such representative for the purpose of investigation and/or defense;
7. providing all documents and information **we** may reasonably request, including authorizing **us** to obtain records; and
8. pursuing **your** right of recovery from others.

C. Your representations

You warrant that all representations made and all materials submitted by **you** or on **your** behalf in connection with the **application** for this policy are true, accurate, and not misleading, and agree they were relied on by **us** and were material to **our** decision to issue this policy to **you**. If **we** learn any of the representations or materials were untrue, inaccurate, or misleading in any material respect, **we** are entitled to treat this policy as if it had never existed.

IV. Other provisions affecting coverage

A. Alteration and assignment

No change in or modification of, or assignment of interest under this policy will be effective unless made by written endorsement to this policy signed by our authorized representative.

B. Bankruptcy or insolvency

Your bankruptcy or insolvency will not relieve us of any of our obligations under this policy.

C. Cancellation

1. This policy may be canceled by the **named insured** by giving written notice, which must include the date the cancellation will be effective, to **us** at the address stated in the Declarations. However, the **named insured** may not cancel the policy after it has submitted or reported any loss or **claim** to **us**.
2. This policy may be canceled by **us** only for non-payment of premium. In such cases, **we** will mail to the **named insured** by registered, certified, or other first class-mail (or by email where allowed by applicable law), at the **named insured's** address (or email address) stated in Item 1 of the Declarations, written notice which must include the date the cancellation will be effective. The effective date of the cancellation will be no less than ten days after the date of the notice of cancellation.
3. The mailing (or emailing) of the notice will be sufficient proof of notice, and this policy will terminate at the date and hour specified in the notice.
4. If this policy is canceled by **us** or the **named insured**, **we** will return a pro rata proportion of the premium.
5. Payment or tender of any unearned premium by **us** will not be a condition precedent to the cancellation, but such payment will be made as soon as possible.

D. Change in circumstances

You must notify **us** as soon as reasonably possible of any change in **your** business operations during the **policy period** which will materially affect this insurance. This includes, but is not limited to, ownership or control of **your** business, any change in the nature of the business carried out at an **insured location**, or any change in **your** operating conditions. **We** may then vary the terms and conditions of this policy. If **you** have any doubt whether a change is material, **you** should consult **your** broker or agent.

E. Coverage territory

This policy will only apply to any **claim**, arbitration, or other proceeding (if **you** have purchased a relevant Coverage Part) brought against **you** within the United States, its territories or possessions, or Canada.

We will not pay any more than the amount stated in the Declarations applicable to each Coverage Part purchased, whether such amount consists of insured losses sustained by one **named insured** or multiple **named insureds**.

I. Other insurance

Any payment due under this policy will be primary with respect to, and will not contribute with, any other valid and collectible insurance covering the same loss.

However, if **you** have purchased either the Terrorism and Sabotage Liability Coverage Part or the Nuclear, Chemical, Biological, and Radiological Terrorism Coverage Part:

1. with respect to any **claim** made against **you** under Section I. 2. with respect to any **claim** made against **you** under Section I. Insuring agreements – What is covered, Employers' liability, any payment due under that Coverage Part will be specifically excess of and will not contribute with any other valid and collectible insurance, unless such other insurance is written specifically as excess over this policy.

J. Participation

In the event this policy or any Coverage Part is written as part of a quota share arrangement, **our** obligations will be several and not joint and are limited solely to the extent of **our** individual participation, as described in the Declarations. **We** will not be responsible for the share of any other carrier who for any reason does not satisfy all or part of its obligations.

K. Partial payments

In the event **we** determine a covered loss exceeds the **deductible**, **we** will advance mutually agreed upon partial payment(s) on the covered loss, subject to all other policy provisions. **We** will only advance such payment(s) upon **our** receipt of a signed and sworn proof of loss submitted by **you**, which must include adequate supporting documentation and meet any other requirements described in the applicable Coverage Part.

L. Recovery from third parties

In the event of a claim in which there is potential for recovery from any third party, **we** will have the right to pursue resolution of that action in **your** name at **our** expense. In the event of any payment by **us** under this policy, **we** will be subrogated to all of **your** rights of recovery to that payment.

You will do nothing to prejudice **our** subrogation rights without **our** prior written consent.

You will do everything necessary to secure and preserve **our** subrogation rights, including but not limited to the execution of any documents necessary to allow **us** to bring suit in **your** name.

You (or any of **your** agents, contractors, or subcontractors) must use due diligence and do (and concur in doing and permit to be done) everything reasonably practicable to avoid or diminish any loss insured and to secure compensation for any such loss, including protecting rights and taking action against other parties to enforce any rights and remedies or to obtain relief or indemnity.

M. Sanctions

We will not provide any benefit under this policy where doing so would breach any sanction, prohibition, or restriction imposed by law.

The benefit to **you** of notifying **us** of a **potential claim** is that if an actual **claim** arises from the same circumstances as the properly notified **potential claim**, then **we** will treat that **claim** as if it had first been made against **you** on the date **you** properly notified **us** of it as a **potential claim**, even if that **claim** is first made against **you** more than one year after the **policy period** has expired. All **potential claim** notifications must be in writing and submitted to **us** via the designated email address or mailing address identified in Item 6 of the Declarations.
Deductible	D.	**We** will not be obligated to make any payments under this Coverage Part unless the covered loss **you** sustain from a **malicious attack**, regardless of the number of locations affected, is greater than the **deductible**, in which case **we** will only be responsible for the amount of loss in excess of such **deductible**. **Our** obligation to pay **damages** and **claim expenses** under Insuring agreement C. Third-party liability is in excess of the **deductible**, which **you** must pay in connection with each covered **claim**, regardless of the number of locations affected.
Emergency repairs	E.	In the event of a **malicious attack**, **you** must make any emergency repairs necessary to protect **covered property** from further loss or damage.
Maintenance of workers compensation and employers' liability insurance	F.	Solely with respect to Insuring agreement D. Employers' liability, **you** must maintain **employers' liability coverage** on a continuous basis during the **policy period**. **We** will recognize erosion or exhaustion of the limit of liability of the underlying **employers' liability coverage** only by those losses that otherwise would have been covered under this Coverage Part. **We** will have no obligation to pay any sums under Insuring agreement D. Employers' liability, including any **damages**, **claim expenses**, or other covered amounts, for any **claim** that would be covered by the required **employers' liability coverage** but for **your** failure to maintain such coverage.
Proof of loss	G.	Before **we** make any payment under Insuring agreement A or B, **you** must give **us** a signed proof of loss as soon as reasonably possible. If **we** have not received such proof from **you** within 12 months after the end of the **policy period**, **we** will have no obligation to make any

payments with respect to that claim.

Your obligation not to incur any expense or admit liability

H. **You** must not make any payment, incur any expense, admit any liability, or assume any obligation without **our** prior consent. If **you** do so, it will be at **your** own cost and expense. However, **your** compliance with paragraph E. Emergency repairs will not constitute a failure to comply with this condition.

IV. Defense, settlement, and valuation

Defense and settlement

A. 1. **We** have the right and the duty to defend any covered **claim**, even if such **claim** is groundless, false, or fraudulent.

2. **We** have the right to select and appoint counsel to defend **you** against a covered **claim**. **You** may request in writing that **we** appoint defense counsel of **your** own choice, but whether to grant or deny such a request will be at **our** sole discretion.

3. **We** have the right to solicit and negotiate settlement of any **claim** but will not enter into a settlement without **your** consent, which **you** agree not withhold unreasonably. If **you** withhold consent to a settlement **we** recommend and which is acceptable to the party who made the **claim**, the most **we** will pay for that **claim** is:

   a. the amount of **our** recommended settlement; and

   b. **claim expenses** incurred up to the date of **our** recommendation.

Initial response expense

B. We will pay up to 20 consecutive days of or $25,000 for crisis management services performed by Control Risks, whichever is less, for reasonable and necessary expenses incurred by Control Risks responding to an incident that **you** have reported in accordance with Section III. Your obligations but which is subsequently determined not to be covered under this Coverage Part. This sublimit is subject to a $100,000 aggregate limit and is part of, and not in addition to, the Active Shooter and Malicious Attack Limit of Liability stated in the Declarations.

Salvage and recoveries

C. All salvages, recoveries, and payments recovered or received subsequent to a loss settlement under this Coverage Part will be for **our** benefit.

Valuation

D. 1. <u>Business interruption</u>

In calculating **income loss**, **we** will take into consideration:

a. the actual earnings at the **insured location** during the 12 months immediately preceding the date of the **occurrence**; and

b. the trend of **your** business and variations before and after the **occurrence** so that allowances are made for any material variations or changed circumstances, whether relating to market conditions or otherwise.

When fully adjusted, the **income loss** payable will represent as nearly as possible the earnings **you** would have realized during the **period of restoration** had the **occurrence** not occurred.

If **you** could have reduced the total **income loss** or **extra expense** resulting from the interruption of business by:

i. a complete or partial resumption of the business operations;

ii. making use of merchandise, stock, or other property at the **insured location(s)** or elsewhere; and/or

iii. using or increasing business operations elsewhere,

we will take such possible reduction of loss into account when calculating the amount of loss **we** will pay.

If **we** and **you** do not agree on the amount of **income loss** and/or **extra expense**, either party may make a written demand for an appraisal of such loss. If such demand is made, each party will select a competent and impartial appraiser. The appraisers will then jointly select an umpire. If the appraisers cannot agree on an umpire, they may request that such selection be made by a judge of a court having jurisdiction. Each appraiser will separately state the amount of **income loss** and/or **extra expense**. If the appraisers do not agree on the amount of the loss, they will submit their differences to the umpire. Agreement by the umpire and at least one of the appraisers regarding the amount of the **income loss** and/or **extra expense** will be binding on **you** and **us**. Each party will pay their respective chosen appraiser and will equally share the costs of the umpire.

2. Physical damage to property

In the event of physical damage to or loss of **covered property**, **we** will pay the cost of repairing, replacing, or reinstating (whichever is the least) such property on the same site, or nearest available site (whichever incurs the least cost) with material of like kind and quality without deduction for depreciation, subject to the following provisions:

a. the repairs, replacement, or reinstatement must be executed promptly and with due diligence;

b. until repairs, replacement, or reinstatement is made, **we** will have no obligation to pay more than the actual cash value at the time of loss; and

c. if repairs, replacement, or reinstatement with material of like kind and quality is restricted or prohibited by any by-laws or law, then **we** will have no obligation to pay any increased cost of replacement due to such restriction or prohibition.

Our liability for loss under this Coverage Part will not exceed the least of the following:

i. the amount shown in the Declarations applicable to the destroyed or damaged property;

ii. the replacement cost of the property or any part of it which was intended for the same occupancy and use, as calculated at the time of the loss; or

iii. the amount actually and necessarily spent in replacing the property or any part of it.

We will normally expect **you** to carry out repair or replacement of the damaged property, but if **we** and **you** agree it is not practicable or reasonable to do so, **we** will pay **you** an amount based on the repair or replacement costs, less an allowance for fees and associated costs not otherwise incurred.

V. Other provisions affecting coverage

Abandonment	A.	There may be no abandonment to **us** of any property.
Arson loss and claims	B.	Notwithstanding anything to the contrary in this Coverage Part, it is agreed that any otherwise covered loss or **claim** based upon, arising out of, or in any way involving **arson** is subject to a sublimit of $100,000 in the aggregate. Any payments **we** make will be in excess of the **deductible**. Such payments will be a part of, and not in addition to, the Active Shooter and Malicious Attack Limit of Liability.
Inspection and audit	C.	**We** will have the right to inspect any **insured location** at any time. **Our** right to make inspections, the making of any such inspections, and any report regarding

such inspections will not constitute an undertaking to determine or warrant that any property is safe.

We may examine and audit **your** books and records as they relate to this Coverage Part at any time during the **policy period** and within two years afterward.

Joint ventures

D. With respect to any **claim** made against a **joint venture**, **we** will only pay for the same percentage of covered **damages** and **claim expenses** as the percentage of **your** participation in such **joint venture**. The insolvency of any members of the **joint venture** or any other parties will not increase such percentage. This **joint venture** provision will not apply to any liability of an **insured** where, as a result of a **claim**, the terms of the **joint venture** agreement place the entirety of the **joint venture's** liability on such **insured**.

Loss payees

E. 1. In the event there is a specified lender loss payee or mortgagee ("loss payee") with an interest in **covered property**, **we** will pay for loss to such **covered property** to each loss payee under all present or future mortgages according to their respective interests. **We** will pay the loss payees in order of precedence of the mortgages.

2. The loss payee agrees to notify **us** of any change in ownership, occupancy, or hazard, and agrees to pay any additional premium associated with such change, as **we** may reasonably require, within ten days of receiving a written request from **us**. If the loss payee fails to pay the additional premium, **we** will have the right to cancel this policy.

   However, **we** will not invalidate the interests of any loss payee under this Coverage Part because of any:

   a. act of neglect of the debtor, mortgagor, or owner of the **covered property**;

   b. foreclosure, notice of sale, or similar proceedings with respect to the **covered property**;

   c. change in the title or ownership of the **covered property**; or

   d. change to a more hazardous occupancy.

3. If **you** fail to provide **us** with a proof of loss in accordance with Section III. Your obligations, the loss payee may provide it on **your** behalf. In that event, the loss payee will be subject to the provisions of this Coverage Part regarding **our** receipt and settlement of claims.

4. If **we** cancel this policy and/or any interest of the loss payee under this Coverage Part, **we** will give the loss payee 90 days written notice before the effective date of cancellation, or ten days if the cancellation is due to nonpayment of premium. In the event of nonpayment of premium, the loss payee must pay the premium due on the debtor, mortgagor, or owner's behalf or **we** will cancel this policy.

5. If **you** cancel this policy, coverage available to the loss payee will terminate ten days after **we** provide the loss payee written notice of cancellation, unless:

   a. the loss payee authorizes or otherwise consents to **your** cancellation before **we** terminate the policy; or

   b. **you** replace this policy with insurance providing coverage for the interests of the loss payee, in which case coverage provided to the loss payee under this Coverage Part will terminate on the effective date of the replacement policy.

6. Notwithstanding anything to the contrary in the General Terms and Conditions, Section IV. Other provisions affecting coverage, L. Recovery from third parties, if **we** pay the loss payee for any loss but deny payment to the debtor, mortgagor, or owner, **we** will be subrogated to all of the rights of the loss payee.

   No subrogation will impair the right of the loss payee to sue or recover the full amount of its claim.

7. At **our** option, **we** may pay to the loss payee the whole principal due on the debt or mortgage plus any accrued interest. In that event, all rights and securities will be assigned and transferred from the loss payee to **us**, and **we** will pay the remaining

debt or mortgage.

Protection maintenance	F.	**You** and **we** agree that any protection provided for the safety of **covered property** will be maintained in good order throughout the **policy period** and will be in use at all relevant times. **You** agree not to withdraw or vary this protection to the detriment of **our** interests without **our** consent.
Related claims and malicious attacks	G.	All **claims** arising out of the same **occurrence** will be considered a single **claim** and deemed to have been made at the time the first of such **claims** is reported to **us**. All such related **claims** will be subject to one **deductible** and a single Each Claim Limit of Liability. Each **occurrence** will be subject to one **deductible** and a single Active Shooter and Malicious Attack Limit of Liability. In no event will **we** have any obligation to make any payment under this Coverage Part for any **claim** or **occurrence** resulting from a **malicious attack** which commences prior to the inception of the **policy period**.
