I have been in general aviation for over 40 years. I have always tried to be a good neighbor when it comes to citizens and airplane noise. Some things are inevitable however there is always room for improvement. It is important to keep all channels of communication open and listen to all concerns. Explaining why things happen rather than not say anything is always better.

INTEREST:

Please provide a brief statement concerning your interest in advisory boards and your willingness to serve as a member. *

My expertise as a business owner in a management role, focused on vetting new subcontractors under a county contract and resolving complex field issues, often requiring contract terminations, demotions, or disciplinary actions, positions me well to serve as an effective Human Resources advisory board member. This experience has honed my ability to assess talent, enforce standards, and navigate challenging interpersonal and organizational dynamics, making me well equipped to offer solutions.

INTEREST:

Please provide a brief statement concerning your interest in advisory boards and your willingness to serve as a member. *

After being nominated and appointed by the Mayor, I served on the City of Orlando's Municipal Planning Board before moving to Ormond Beach last year. I loved every minute of it. To have a hand in helping to shape the development and growth of the city was an incredibly fulfilling experience. Last year, I moved my entire family (wife, kids, grandkids, and parents) to Ormond Beach and I hope to become as (or more) involved in the direction and growth of our city.

I am currently the O.B. representative to the Bicycle & Pedestrian Advisory Committee, which is 1 of the sub-committees of the TPO. I filled the position which had been vacant for several years. As a BPAC member, I have also been on sub-committees including Project Proposal Review & Ranking, as well as the Long Range Planning committee. I initially asked to be appointed because as a bicyclist, I was hit by a car. It was my hope that I could encourage the creation of more & safer bike trails.

I recently responded to your survey about Board Appointments and I want to change my response, if possible.

I currently serve on the Board of Adjustments and wish to complete this term. However, I would like to remove my name for consideration for reappointed.

My other requests remain unchanged.

Thank you

With the Fire Fighters Trustee Pension Board, it has felt like a comfortable fit. I also feel that the firefighters are truly appreciative that I care about their pensions and recently was invited to the 9/11 tower climb in HH. Whenever I run into them during the course of any given day, there is always a warm greeting. They mean a great deal to me.

The PB is a work in process and learning curve. I've recognized everyone at City Hall for their dedication on many occasions.

Hello,

I would like to continue to serve on the NIAB (I submitted the online form). However, I would not like to continue to serve on the Board of Adjustments and Appeals. My schedule has caused me to need to be excused from many of the regular meetings.

Thanks,
Frank

Serving on these boards for years, I have a robust understanding of the needs of the city with respect to the Historic Landmark Preservation Board (HLBP) and the Leisure Services Advisory Board (LSAB). For instance, I have lead teams of historians/archaeologist and understand state/local regulations related to historic preservation, an asset to this committee. With respect to the LSAB, I represent the environmental component and promote the financial assistance available from OB Friends of Rec.

Any additional comments regarding meeting availability:

Hello,

We are cool with Dr. Shapiro remaining on the Historic Landmark Preservation Board. I do not believe that we have any other members on other planning boards.

Also, we are no longer known as the Ormond Beach Historic Trust, we changed our name many years ago to Ormond Beach Historical Society

Have a great afternoon!

Taylor,

I reached out to Siobhan for advice and contact info and she suggested that I reach out to Desiree Girty at the Historical Trust, 386-677-7005. I just hung up with her and she's not familiar with this process either other than the fact that Dr. Shapiro has been the HLPB Chair and isn't sure how to help with the inquiry.

I have her cc'd on this e-mail if you would like to perhaps ask the question in a more appropriate way as this is my first year in 5 in reaching out for this type of board business communications. I'm trying to help you though

I have valued my time serving on the Planning Board over the past eight years. Throughout my tenure, I've aim to offer a unique perspective on the issues we address. Each year, I gain new insights and a broader understanding of the City and this process. I hope that my contributions continue to show different viewpoints and encourage thoughtful discussions.

As a lifelong resident of Ormond Beach, I grew up using the youth sports facilities and parks. My children are now doing the same. Sports facilities and parks are very important to the development of our youth. As a parent and volunteer coach, I feel this is the best way for me to contribute.

I have been currently serving on the Aviation Advisory Board and offer a perspective of Professional Civil Engineer while the other members provide perspectives from a pilot's point of view. I have a master's degree in engineering and my work experience managing large project budgets provides a good background for the budget advisory board. I have local experience in land development and understand the planning board requirements, I do not expect to have any conflicts of interest.
