Website Address – www.ormondbeach.org

NOTICE – Pursuant to Section 286.0105 of the Florida Statutes, if any person decides to appeal any decision made by the City Commission with respect to any matter considered at this public meeting, such person will need a record of the proceedings and for such purpose, such person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which the appeal is to be based.

For special accommodations, please notify the City Clerk's Office at least 72 hours in advance.
Phone: 386-677-0311

Help for the hearing impaired is available through the Assistive Listening System. Receivers can be obtained from the City Clerk's Office.

In accordance with the Americans with Disabilities Act (ADA), persons with a disability, such as a vision, hearing or speech impairment, or persons needing other types of assistance, and who wish to attend City Commission meetings or any other board or committee meeting may contact the City Clerk's Office in writing, or may call 386-677-0311 for information regarding available aids and services.

City of Ormond Beach

City Commission Meeting

City Hall Commission Chambers

22 South Beach St., Ormond Beach FL 32174

November 18, 2025, 7:00 PM

*Jason Leslie, Mayor
Lori Tolland, Zone 1
Travis Sargent, Zone 2
Kristin Deaton, Zone 3
Harold Briley, Zone 4*

Minutes

1. **CALL TO ORDER**

Mayor Leslie called the meeting to order at 07:00 PM.

Present: Mayor Jason Leslie, Commissioners Lori Tolland, Travis Sargent, Kristin Deaton, and Harold Briley, City Manager Joyce Shanahan, Deputy City Attorney Ann-Margret Emery, Assistant City Managers Claire Whitley and Shawn Finley, and City Clerk Susan Dauderis.

2. **INVOCATION**

Chaplain Sam Mercado, Advent Health, provided the invocation.

3. **PLEDGE OF ALLEGIANCE**

Mayor Leslie led the Pledge of Allegiance.

4. **PRESENTATIONS AND PROCLAMATIONS**

A. National American Indian Heritage Month

Mayor Leslie presented a proclamation to the Daughters of the American Revolution Captain James Ormond Chapter in honor of National American Indian Heritage Month.

B. Global Entrepreneurship Month

Mayor Leslie presented a proclamation to Economic Development Director Brian Rademacher in honor of Global Entrepreneurship Month.

5. **AUDIENCE REMARKS - REGARDING ITEMS NOT ON THE AGENDA & ON THE CONSENT AGENDA**

Mr. Jeff Boyle, 614 North Halifax Drive, discussed the City of Daytona Beach's recent vote regarding Avalon Park. He questioned why the topic was not a public discussion and requested the Commission discuss Daytona Beach's recent decision. He reviewed the history of Daytona Beach's involvement with Avalon Park.

Mr. David Siegel, 928 Buena Vista Avenue, expressed concerns of a neighboring property completing repairs and renovations without proper permitting.

Mayor Leslie stated someone would follow up with Mr. Siegel.

Commissioner Deaton confirmed the address as being 924 Buena Vista Avenue.

Mr. Alan Burton, 915 Ocean Shore Boulevard, discussed sacred stewardship. He discussed ReGrow America requesting the Commission reach out to Volusia County Council Member Troy Kent to form a partnership for ReGrow Volusia.

Mr. G.G. Galloway, 1305 Oak Forest, reviewed the importance of speakers providing their names and addresses when addressing the Commission during the City Commission meetings.

Mr. Anthony Conforti, no address provided, requested the Commission re-open his application from past Commission meetings. He referred to an allowance within the city's code, noting the similarities with his application.

Commissioner Sargent stated he and Commissioner Deaton were unable to re-open the application due to their vote in favor, during his application's hearing.

Ms. Ann-Margret Emery stated Mr. Conforti should discuss his application with the Planning Department staff.

Mr. D.W. Lewis, no address provided, stated he was a general contractor, questioned why an address was needed, and shared information regarding permitting laws and ability to move.

6. APPROVAL OF MINUTES

A. Minutes from City Commission meeting - November 4, 2025

Mayor Leslie advised the minutes from the November 4, 2025, City Commission meeting were sent to the Commission for review and posted on the city's website for public viewing. He asked if there were any corrections, additions, or omissions. He stated, hearing no corrections, the minutes would stand approved as presented.

Commissioner Sargent moved, seconded by Commissioner Briley, for approval of the November 4, 2025, City Commission meeting minutes.

Motion passed by voice vote.

7. COMMUNITY REDEVELOPMENT AGENCY

Mayor Leslie advised the following item was a Community Redevelopment item. He explained the City Commission served as the Community Redevelopment Agency (CRA) of the city and must review the item and make a recommendation as the CRA.

Mayor Leslie recessed the City Commission meeting, called the CRA meeting to order, and opened the public hearings at 7:27 p.m.

City Clerk Susan C. Dauderis read by title only:

- A. Work Authorization - Fortunato Park Fishing Pier and Gazebo Repair, Design (SEE ITEM 8A)

RESOLUTION NO. 2025-180: A RESOLUTION OF THE CITY COMMISSION, ALSO ACTING AS THE COMMUNITY REDEVELOPMENT AGENCY, OF THE CITY OF ORMOND BEACH, FLORIDA ACCEPTING A PROPOSAL FROM DREDGING & MARINE CONSULTANTS, LLC TO PROVIDE PROFESSIONAL ENGINEERING SERVICES REGARDING THE FORTUNATO PARK PIER AND GAZEBO REPAIR PROJECT; AUTHORIZING THE EXECUTION OF A WORK AUTHORIZATION THERETO; AND SETTING FORTH AN EFFECTIVE DATE.

Commissioner Briley moved, seconded by Commissioner Tolland, for recommendation of Resolution No. 2025-180, as read by title only.

Mr. Alex Schumann, City Engineer, explained the history of the project and the work needed.

Mayor Leslie questioned the time it would take before construction started; whereby, Mr. Schumann stated the plan was for the construction ready plans completed by March 2026, then staff would apply for a Florida Inland Navigation District (FIND) grant, then construction in 2027.

Commissioner Sargent and Mayor Leslie expressed concerns regarding the timeline as residents were constantly looking for an update on the status.

Mr. Schumann explained the FIND grant applications were due in March and awarded in October every year. He explained staff applied in March for the grant for the engineering services and that staff would apply in March 2026 for the construction aspect of the project.

Commissioner Sargent inquired why the engineering services could not be completed in house; whereby, Mr. Shawn Finley, Assistant City Manager, explained there were no structural engineers on staff with the city.

Mr. Schumann noted the damages were more extensive than 50 percent of the structure.

Mayor Leslie inquired if the damages, being that extensive, required the structure to be brought to current codes; whereby, Mr. Schumann stated that was correct.

Mr. Finley reviewed the importance of the engineering services, noting the state requirements of the permitting process for the project. He stated he understood the concerns regarding the timeline, noting the grant turn around times. He explained if the Commission desired to move forward quicker, staff could look for other ways to fund the project outside of the FIND grants.

Commissioner Tolland inquired about the match of the FIND grant for design and construction; whereby, Mr. Schumann stated the grant was approved for the design for a 50 percent match, noting staff would submit in March 2026 for the construction grant for 50 percent of the funding. She inquired what the cost would be for the construction;

whereby, Mayor Leslie stated it would be based on the results of the bid process.

Call Vote:	Commissioner Tolland	Yes
	Commissioner Sargent	No
	Commissioner Deaton	Yes
	Commissioner Briley	Yes
Carried.	Mayor Leslie	Yes

Mayor Leslie closed the public hearings and reconvened the City Commission meeting at 7:39 p.m.

8. **CONSENT AGENDA**

Mayor Leslie advised the actions proposed for the items on the Consent Agenda were so stated on the agenda. He asked if any member of the Commission had questions or wished to discuss any items separately.

Commissioner Sargent and Commissioner Tolland requested Items 8A and 8B be pulled from the Consent Agenda.

Commissioner Briley moved, seconded by Commissioner Deaton, for approval of the Consent Agenda, absent Items 8A and 8B.

Call Vote:	Commissioner Sargent	Yes
	Commissioner Deaton	Yes
	Commissioner Briley	Yes
	Commissioner Tolland	Yes
Carried.	Mayor Leslie	Yes

C. Work Authorization - Ormond Beach Sports Complex New Ballfield

RESOLUTION NO. 2025-182: A RESOLUTION ACCEPTING A PROPOSAL FROM GAI CONSULTANTS, INC. FOR PROFESSIONAL ENGINEERING SERVICES REGARDING DESIGN OF FIELD 4 AT THE ORMOND BEACH SPORTS COMPLEX; AUTHORIZING THE EXECUTION OF A WORK AUTHORIZATION AND PAYMENT THEREFOR; AND SETTING FORTH AN EFFECTIVE DATE.

D. Community Development Block Grant (CDBG) Fiscal Year 2024-25 Amendment

RESOLUTION NO. 2025-183: A RESOLUTION AUTHORIZING THE EXECUTION OF AN AMENDMENT TO THE COMMUNITY DEVELOPMENT BLOCK GRANT SUBRECIPIENT AGREEMENT FOR FISCAL YEAR 2024-2025 BETWEEN THE CITY OF ORMOND BEACH AND THE COUNTY OF VOLUSIA TO ADD THE CONSTRUCTION OF ADA COMPLIANT SIDEWALKS ON THE NORTH AND SOUTH SIDE OF VANDERBILT DRIVE TO THE MILITARY BLVD. SIDEWALK PROJECT AND THE REPLACEMENT OF EIGHT (8) DRIVEWAYS ALONG MILITARY BLVD.; AND SETTING FORTH AN EFFECTIVE DATE.

E. Victims of Crime Act (VOCA) Grant Agreement FY 2025-2026

RESOLUTION NO. 2025-184: A RESOLUTION RATIFYING THE EXECUTION OF AN AGREEMENT WITH THE STATE OF FLORIDA, OFFICE OF THE ATTORNEY GENERAL REGARDING FUNDING FOR THE CITY'S VICTIM'S ADVOCATE

PROGRAM; AUTHORIZING THE EXECUTION OF ALL DOCUMENTS INCIDENTAL THERETO; AND SETTING FORTH AN EFFECTIVE DATE.

- F. Acceptance of a Sidewalk Easement - 1405 North US Highway 1, Stor-It

RESOLUTION NO. 2025-185: A RESOLUTION AUTHORIZING THE ACCEPTANCE OF A PUBLIC SIDEWALK EASEMENT DEED OF FIFTEEN (15') FEET IN WIDTH AND APPROXIMATELY 350 LINEAR FEET IN LENGTH FROM STOR-IT SELF STORAGE ORMOND BEACH, LLC, TO PROVIDE A SIDEWALK EASEMENT FOR A PUBLIC SIDEWALK ALONG THE NORTH US HIGHWAY 1 RIGHT-OF-WAY ON PROPERTY LOCATED AT 1405 NORTH U.S. HIGHWAY 1 AND SETTING FORTH AN EFFECTIVE DATE.

- G. Electric Utility Easement (FPL) - Hudson Wellfield Expansion

RESOLUTION NO. 2025-186: A RESOLUTION AUTHORIZING THE EXECUTION OF AN EASEMENT IN FAVOR OF FLORIDA POWER & LIGHT COMPANY FOR THE INSTALLATION OF UTILITIES ALONG AIRPORT ROAD AND STATE ROAD 40; AND SETTING FORTH AN EFFECTIVE DATE.

- H. **Disposition Item:** Construction & Demolition Franchise Renewal, Samsula Landfill, Inc.
I. **Disposition Item:** Intent To Bid - 2026 Roadway Resurfacing
J. **Disposition Item:** City Manager's Monthly Report, November 2025

City Clerk Susan C. Dauderis read by title only:

- A. Work Authorization - Fortunato Park Fishing Pier and Gazebo Repair, Design

RESOLUTION NO. 2025-180: A RESOLUTION OF THE CITY COMMISSION, ALSO ACTING AS THE COMMUNITY REDEVELOPMENT AGENCY, OF THE CITY OF ORMOND BEACH, FLORIDA ACCEPTING A PROPOSAL FROM DREDGING & MARINE CONSULTANTS, LLC TO PROVIDE PROFESSIONAL ENGINEERING SERVICES REGARDING THE FORTUNATO PARK PIER AND GAZEBO REPAIR PROJECT; AUTHORIZING THE EXECUTION OF A WORK AUTHORIZATION THERETO; AND SETTING FORTH AN EFFECTIVE DATE.

Commissioner Deaton moved, seconded by Commissioner Tolland, for approval of Resolution No. 2025-180, as read by title only.

Commissioner Tolland expressed concerns regarding the timeline.

Commissioner Briley requested staff expedite the process as much as possible.

Call Vote:	Commissioner Deaton	Yes
	Commissioner Briley	Yes
	Commissioner Tolland	Yes
	Commissioner Sargent	No
Carried.	Mayor Leslie	Yes

City Clerk Susan C. Dauderis read by title only:

B. Work Authorization - Riviera Park Fishing Pier and Gazebo Repair, Design

RESOLUTION NO. 2025-181: A RESOLUTION ACCEPTING A PROPOSAL FROM DREDGING & MARINE CONSULTANTS, LLC TO PROVIDE PROFESSIONAL ENGINEERING DESIGN SERVICES REGARDING THE RIVIERA PARK PIER AND GAZEBO REPAIR PROJECT; AUTHORIZING THE EXECUTION OF A WORK AUTHORIZATION THERETO; AND SETTING FORTH AN EFFECTIVE DATE.

Commissioner Deaton moved, seconded by Commissioner Sargent, for approval of Resolution No. 2025-181, as read by title only.

Mayor Leslie inquired if the project was slow due to the FIND grant process; whereby, Mr. Schumann stated that was correct, the grant was applied for, but the city did not receive it for the engineering services. Mr. Schumann explained staff planned to apply for a grant for the construction services in March.

Commissioner Tolland questioned the price of the services for Items 8A and 8B being the same; whereby, Mr. Schumann stated the same services were being completed, noting the designs were different but it would take the same planning and permitting process.

Commissioner Sargent expressed his concerns regarding the timeline of the projects, noting the citizens' concerns he received regularly.

Mayor Leslie voiced concerns regarding the pricing of Items 8A and 8B.

Call Vote:	Commissioner Briley	Yes
	Commissioner Tolland	Yes
	Commissioner Sargent	No
	Commissioner Deaton	Yes
Carried.	Mayor Leslie	Yes

There were no further comments on the Consent Agenda.

9. PUBLIC HEARINGS

Mayor Leslie opened the public hearings.

City Clerk Susan C. Dauderis read by legal title only:

A. Land Development Code Amendment - Section 2-42, Design Standards

ORDINANCE NO. 2025-35: AN ORDINANCE AMENDING CHAPTER 2, DISTRICT AND GENERAL REGULATIONS, ARTICLE II, DISTRICT REGULATIONS, SECTION 2-42, DESIGN STANDARDS OF THE CITY OF ORMOND BEACH LAND DEVELOPMENT CODE BUILDING DESIGN STANDARDS TO BE CONSISTENT WITH SECTION 163.3202, FLORIDA STATUTES REGARDING RESIDENTIAL BUILDING DESIGN ELEMENTS; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR SEVERABILITY; AND SETTING FORTH AN EFFECTIVE DATE.

Commissioner Briley moved, seconded by Commissioner Tolland, for approval of Ordinance No. 2025-35, on first reading, as read by title only.

Mr. Steven Spraker, Planning Director, explained the amendment was to make the city's Land Development Code (LDC) consistent with the state statutes. He explained Homeowner Associations could enact stricter regulations regarding residential design elements if they desired. He stated the Planning Board recommended approval.

Call Vote:	Commissioner Tolland	Yes
	Commissioner Sargent	Yes
	Commissioner Deaton	Yes
	Commissioner Briley	Yes
Carried.	Mayor Leslie	Yes

City Clerk Susan C. Dauderis read by legal title only:

B. Land Development Code Amendment - Section 2-50(o), Detached Garages

ORDINANCE NO. 2025-36: AN ORDINANCE AMENDING CHAPTER 1, GENERAL ADMINISTRATION, ARTICLE III, DEFINITIONS AND ACRONYMS, SECTION 1-22, DEFINITION OF TERMS AND WORDS OF THE CITY OF ORMOND BEACH LAND DEVELOPMENT CODE TO AMEND THE PRINCIPAL STRUCTURE DEFINITION AND CHAPTER 2, DISTRICT AND GENERAL REGULATIONS, ARTICLE III, GENERAL REGULATIONS, SECTION 2-50, ACCESSORY USES, SUBSECTION (O) GARAGES, OF THE CITY OF ORMOND BEACH LAND DEVELOPMENT CODE TO AMEND THE MAXIMUM SIZE OF DETACHED GARAGES ALLOWED FOR PROPERTIES TWO (2) ACRES OR GREATER IN SIZE TO ONE HUNDRED PERCENT (100%) OF THE TOTAL SQUARE FOOTAGE OF THE PRINCIPAL STRUCTURE; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR SEVERABILITY; AND SETTING FORTH AN EFFECTIVE DATE.

Commissioner Briley moved, seconded by Commissioner Sargent, for approval of Ordinance No. 2025-36, on first reading, as read by title only.

Mr. Spraker explained the LDC amendment was presented at the direction of the Commission, reviewing the amendment for the detached garage for properties larger than two acres. He noted the Planning Board recommended approval.

Commissioner Tolland questioned how the amendment was determined and voiced concerns regarding larger homes building the detached garages.

Mr. Spraker stated the 100 percent suggested in the item could be amended to a percentage the Commission desired.

Mayor Leslie clarified the classification of sheds over 150 square feet would be considered garages; whereby, Mr. Spraker stated that was correct. Mayor Leslie voiced concerns with the classification.

Commissioner Briley stated he understood Commissioner Tolland's concerns and

explained where the request originated. He indicated he would be comfortable amending the percentage of the square footage to help alleviate concerns.

Commissioner Tolland expressed her concerns; whereby, Commissioner Briley stated under current codes residents could build an attached garage at the size of Commissioner Tolland's concerns.

Mr. Ralph Coates, 733 Santa Fe Avenue, explained he wanted to build a detached garage next to his home of 1891 square feet. He stated he was allowed to build an attached garage and explained the homeowner insurance cost increase that would happen if he did. He requested the Commission approve the item, noting concerns of theft and severe weather in the area.

Commissioner Deaton inquired about the insurance aspect of the detached garage; whereby, Mr. Coates explained if the garage is attached to the home, the homeowners' insurance would need to cover it, noting if the garage was detached, no insurance was required. Commissioner Deaton stated she understood both sides of the item.

Commissioner Sargent stated he would be a yes on the item, noting he did not believe there were many lots over two acres.

Commissioner Briley agreed with Commissioner Sargent, noting his support of the lot size for the item.

Mr. Spraker stated the Commission could amend to any percentage they felt was appropriate.

Mayor Leslie inquired how the item was brought up by the Commission; whereby, Mr. Spraker stated during the Commission's closing comments at a past meeting. Mayor Leslie expressed concerns on the item, noting he would vote no on the item.

Commissioner Deaton asked about the size of the detached garage Mr. Coates was requesting; whereby, Mr. Coates stated it would be 1200 square feet.

Commissioner Briley voiced support of the item.

Commissioner Tolland questioned if the setbacks would change based on the amendment; whereby, Commissioner Briley stated that was accurate. She stated she would support a lower percentage.

Commissioner Deaton inquired about the reclassification of the shed; whereby, Mr. Spraker explained sheds had a smaller setback than the detached garages would be based on the amendment.

Commissioner Tolland inquired why the item was an amendment versus a special exception; whereby, Mr. Spraker stated it did not qualify for a Board of Adjustments and Appeals variance and did not meet the criteria for hardship criteria.

Commissioner Sargent compared large home sizes on similar lots to a detached garage.

Commissioner Deaton suggested amending the allowed percentage from 100 to 75.

Commissioner Sargent moved to amend the item to 75 percent instead of 100; seconded by Commissioner Briley.

Mayor Leslie noted a motion was already on the table and requested the original motion and second be amended accordingly.

Commissioner Briley moved, seconded by Commissioner Sargent, for approval of Ordinance No. 2025-36, as amended to 75 percent of the primary structure, on first reading, as read by title only.

Call Vote:	Commissioner Sargent	Yes
	Commissioner Deaton	Yes
	Commissioner Briley	Yes
	Commissioner Tolland	Yes
Carried.	Mayor Leslie	No

City Clerk Susan C. Dauderis read by legal title only:

C. First United Methodist Church Special Exception

RESOLUTION NO. 2025-187: A RESOLUTION AUTHORIZING THE EXECUTION AND ISSUANCE OF A SPECIAL EXCEPTION DEVELOPMENT ORDER FOR A HOUSE OF WORSHIP REGARDING "FIRST UNITED METHODIST CHURCH" LOCATED AT 336 SOUTH HALIFAX DRIVE WITHIN THE R-2, SINGLE-FAMILY LOW DENSITY ZONING DISTRICT TO ALLOW FOR THE DEMOLITION OF THE EXISTING GATHERING BUILDING AND CONSTRUCTION OF A NEW GATHERING BUILDING WITH ASSOCIATED SITE IMPROVEMENTS; THE REPEAL AND REPLACEMENT OF RESOLUTION 93-38 IN ITS ENTIRETY; ESTABLISHING CONDITIONS AND EXPIRATION DATE OF APPROVAL; AND SETTING FORTH AN EFFECTIVE DATE.

Commissioner Briley moved, seconded by Commissioner Deaton, for approval of Resolution No. 2025-187, as read by title only.

Mr. Spraker reviewed the property zoning and the special exception requested. He provided details on the proposed project and associated improvements. He discussed the history of the project and the concerns brought up during meetings such as the fence and setbacks.

Ms. Jessica Gow, Cobb Cole representative, reviewed the project's history, the proposed building, setbacks, and proposed fencing.

Mayor Leslie inquired about the construction timeline; whereby, Ms. Gow stated 12 to 18 months.

Commissioner Sargent questioned if parking would be affected; whereby, Ms. Gow stated the number of parking spaces would not change and were already above code standards.

Commissioner Briley discussed his history with the property.

Commissioner Tolland inquired about the vinyl fencing; whereby, Ms. Gow stated the masonry walls took up more space, reviewing the landscaping around the perimeter of the property. Commissioner Tolland expressed support of the item, noting concerns of the smaller setbacks. She inquired about the retention ponds; whereby, Ms. Gow stated there were two stormwater retention ponds. She inquired if there was any flooding in the area; whereby, Mr. Finley stated there were no flooding issues, noting the dry retention spots on the property.

Mayor Leslie highlighted the importance of proper stormwater maintenance.

Commissioner Sargent requested native plants be incorporated into the landscaping.

Mr. Scott Culliton, 331 Riverside Drive, expressed concerns regarding the stormwater and aesthetics of the white vinyl fencing. He requested the applicant consider a colored vinyl fence.

Commissioner Sargent inquired if a brown fence was acceptable; whereby, Mr. Culliton stated it was.

Ms. Gow explained the Planning Board preferred a colored vinyl, noting the applicant was agreeable to a colored vinyl such as brown.

Mayor Leslie voiced concerns regarding flooding; whereby, Mr. Sean Meade, Zev Cohen & Associates representative, reviewed the stormwater aspects of the project, including the ponds, pavement, and lift station.

Commissioner Tolland inquired if the retention ponds were dry retention; whereby, Mr. Meade confirmed that was correct. She requested the applicant work with the resident's concern on the fence.

Call Vote:	Commissioner Deaton	Yes
	Commissioner Briley	Yes
	Commissioner Tolland	Yes
	Commissioner Sargent	Yes
Carried.	Mayor Leslie	Yes

Mayor Leslie closed the public hearings.

10. **SECOND READING OF ORDINANCES**

City Clerk Susan C. Dauderis read by legal title only:

A. Fiscal Year 2024-2025 Budget Amendments (Second Reading)

ORDINANCE NO. 2025-33: AN ORDINANCE AMENDING THE ANNUAL BUDGET FOR FISCAL YEAR 2024-2025 BY AMENDING THE GENERAL FUND (001); DOWNTOWN REDEVELOPMENT TRUST FUND (104); STORMWATER UTILITY FUND (107); AIRPORT FUND (108); ECONOMIC DEVELOPMENT FUND (110); PENSION CONTRIBUTION PASS THROUGH FUND (113); FINANCING DEBT SERVICE FUND (205); BEACHFRONT PARK BOND FUND (220); CAPITAL IMPROVEMENTS FUND (301); EQUIPMENT RENEWAL & REPLACEMENT FUND (302); PUBLIC SAFETY VEHICLE & EQUIPMENT FUND (305); TRANSPORTATION IMPROVEMENTS FUND (308); FACILITIES RENEWAL & REPLACEMENT FUND

(317); WATER AND WASTEWATER FUND (401); VEHICLE REPLACEMENT FUND (408); RENEWAL & REPLACEMENT FUND (409); WATER SYSTEM IMPACT FEE FUND (434); WASTEWATER SYSTEM IMPACT FEE FUND (435); 2024 WATER & WASTEWATER BOND FUND (446); SOLID WASTE FUND (460) AND THE GENERAL LIABILITY FUND (504); AND SETTING FORTH AN EFFECTIVE DATE.

Commissioner Deaton moved, seconded by Commissioner Sargent, for approval of Ordinance No. 2025-33, on second reading, as read by title only.

Call Vote:	Commissioner Briley	Yes
	Commissioner Tolland	Yes
	Commissioner Sargent	Yes
	Commissioner Deaton	Yes
Carried.	Mayor Leslie	Yes

City Clerk Susan C. Dauderis read by legal title only:

B. General Employees' Pension Ordinance Amendment (Second Reading)

ORDINANCE NO. 2025-34: AN ORDINANCE OF THE CITY OF ORMOND BEACH, FLORIDA, FURTHER AMENDING ARTICLE I, GENERAL EMPLOYEES' PENSION PLAN, OF CHAPTER 16, PENSIONS AND RETIREMENT, OF THE CODE OF ORDINANCES; AMENDING SECTION 16-6, BENEFIT AMOUNTS AND ELIGIBILITY; AMENDING SECTION 16-9, VESTING; PROVIDING FOR A BENEFIT MULTIPLIER FOR CREDITED SERVICE EARNED ON OR AFTER OCTOBER 1, 2025, FOR MEMBERS HIRED ON OR AFTER DECEMBER 19, 2012; PROVIDING FOR SEVERABILITY OF PROVISIONS; REPEALING ALL ORDINANCES IN CONFLICT HERewith AND PROVIDING AN EFFECTIVE DATE.

Commissioner Briley moved, seconded by Commissioner Sargent, for approval of Ordinance No. 2025-34, on second reading, as read by title only.

Call Vote:	Commissioner Tolland	Yes
	Commissioner Sargent	Yes
	Commissioner Deaton	Yes
	Commissioner Briley	Yes
Carried.	Mayor Leslie	Yes

11. **REPORTS, SUGGESTIONS, REQUESTS**

Events, Updates, and Requests

Ms. Joyce Shanahan, City Manager, provided details on upcoming meetings, workshops, events, and city projects.

Commissioner Briley thanked residents for attending and staff for their hard work.

Commissioner Tolland stated Mr. Finley compiled a summary of all the city's stormwater projects and requested he share it individually with the Commission.

Commissioner Sargent requested the information be added to the website; whereby, Mr. Finley stated staff was looking to add all capital project status updates to the website by 2026.

Commissioner Tolland discussed events she attended, provided updates from them, and upcoming events including workshops.

Commissioner Sargent reviewed events he attended. He suggested a punch-list be implemented as he noticed many items such as weeds in a couple areas in the city. He provided a sample resolution regarding the creation of a Technology Advisory Board.

Mayor Leslie inquired if the membership numbers was what Commissioner Sargent wanted in the make-up of the board; whereby, Commissioner Sargent stated he liked the board exactly like it was written in the resolution.

Commissioner Sargent inquired about the timeline for a workshop for the Employee Benefits Broker; whereby, Mayor Leslie questioned Commissioner Sargent's urgency. Commissioner Sargent and Mayor Leslie discussed the history of the RFP.

Ms. Shanahan stated there were many workshops scheduled, noting many were still needing to be scheduled.

Mayor Leslie noted staff was still working on the existing broker plan.

Ms. Shanahan noted there were nine workshops that would be scheduled as quickly as possible, noting staff would work to combine topics or schedule on off-meeting weeks to accommodate.

Commissioner Deaton encouraged residents to help the community where they could.

Mayor Leslie discussed events he attended.

Ms. Shanahan stated Commissioner Briley had a conflict for the January 20, 2026 workshop and inquired if the Commission would be amenable to scheduling a workshop on January 13, 2026; whereby, the entire Commission agreed.

Proposed Letters to Send

Commissioner Tolland requested the Commission consider writing a letter of continued support or a resolution to promote ReGrow Volusia; whereby, the entire Commission agreed.

Ms. Shanahan inquired if the Commission would like the letter brought back before being sent to the Volusia County Council; whereby, Commissioner Tolland confirmed.

Commissioner Tolland stated she received a request from the Friends of Tomoka State Park asking for a letter of support for a grant they were applying for to assist in rebuilding the docks at the state park.

Commissioner Deaton inquired if the letter was to assist with the grant; whereby, Commissioner Tolland stated they were looking for letters of endorsement to submit with the grant, clarifying they were not asking for money.

The entire Commission agreed.

Mayor Leslie inquired if the letter could be brought back before the Commission for approval; whereby, Commissioner Tolland stated that was not needed, she would share the sample letter with Ms. Shanahan, and then Ms. Shanahan could share the sample letter with the other Commissioners.

Mayor Leslie discussed concerns regarding House Bill 145 and suggested the Commission send a letter voicing the concerns.

Ms. Shanahan suggested staff speak with the city's lobbyist to determine who the bill sponsor was and what the rationale behind the creation of it was; whereby, Mayor Leslie agreed.

Aviation Advisory Board

Commissioner Sargent voiced concerns regarding the number of complaints from residents regarding the noise from the flight schools. He suggested adding seats to the Aviation Advisory Board for members of the flight schools.

Commissioner Tolland expressed support of amending the board member composition, noting it would need to be officially amended.

Ms. Shanahan questioned if the Commission wanted the flight schools to be voting members of the board, suggesting staff invite the flight schools to the board meetings.

Commissioner Deaton suggested the flight schools send a representative as a liaison to the board meetings.

Commissioner Sargent stated he was supportive of the representatives' voting.

Ms. Ann-Margret Emery, Deputy City Attorney, suggested a broader member position for the flight schools.

Commissioner Tolland stated staff could invite the schools to a meeting and open a discussion to determine interest.

Mayor Leslie inquired about the benefit to the flight schools for attending a meeting, voicing concerns of representatives not attending due to potential negative feedback from residents. He questioned if the schools were invited in the past.

Ms. Shanahan discussed past meetings and the Federal Aviation Administration regulations. She stated staff was in discussions with the flight schools and upgrading software to track complaints received.

Commissioner Sargent expressed his frustration with the noise and benefit of open dialogue.

Mayor Leslie requested Mr. Steven Lichliter, Airport Manager, to speak on the limitations and noise complaints.

Mr. Lichliter stated the city did not have the authority to govern air traffic. He reviewed some legislative background on airports, and discussed aviation noise concerns.

Mayor Leslie inquired if Mr. Lichliter could invite the flight school representatives to the board meetings; whereby, Mr. Lichliter stated staff would invite them.

Avalon Park

Commissioner Sargent requested a Shade Meeting to discuss Avalon Park.

Ms. Emery stated a Shade Meeting would be very limited in what could be discussed.

Ms. Shanahan stated a Shade Meeting would be needed for the Daytona Beach settlement discussion and a workshop to review the history and all other aspects of Avalon Park.

Commissioner Deaton expressed support for a discussion.

Ms. Emery stated staff would determine the best way to approach the discussions and determine if a Shade Meeting or workshop would work better for the information being requested.

Commissioner Sargent stated he would like to have both types of meetings to fully discuss all aspects of Avalon Park.

Outside Legal Council

Commissioner Sargent expressed concerns regarding the contract with the outside council for labor negotiations and provided suggestions for lowering the costs. He inquired if the Commission was agreeable to changing the way staff handled the labor negotiations.

Ms. Shanahan stated staff needed the legal council as the unions were represented.

Commissioner Sargent questioned if it could be negotiated to where the unions did not maintain legal council, referencing how other municipalities handled their labor negotiations.

Mayor Leslie inquired how many staff the city's legal office had; whereby, Ms. Emery confirmed there were three attorneys. He questioned how many were on staff with other municipalities and noted the city's legal office was currently down one attorney.

Commissioner Tolland asked how the City of Daytona Beach completed their negotiations; whereby, Commissioner Sargent stated the union had a union representative and Human Resources Director, noting the City of Holly Hill was set up similarly.

Commissioner Sargent noted the need for the outside council on other employment-related claims.

Commissioner Deaton stated some municipalities would maintain legal council if the unions reached an impasse.

Commissioner Tolland confirmed she was supportive of the initial negotiations happening without legal council, clarifying if the unions had an attorney present, staff needed to make sure one was there.

Commissioner Sargent stated the current round of negotiations could proceed as they were, noting he was proposing the change for future negotiations.

12. ADJOURNMENT

Mayor Leslie adjourned the meeting at 9:19 PM.

City of Ormond Beach
City Commission Agenda
Staff Report

Agenda Date	December 2, 2025	Item No	7.A.
Section	CONSENT AGENDA	Category	Consent - Resolution
Subject	Grant Agreement FL DEP - Planning and Design, West Ormond Recreational and Community Center		
Recommended Action	Staff recommends approval of the State of FDEP Grant Agreement for the West Ormond Recreational Community Center.		
Strategic Goal	Quality of Life - Pursue the expansion of recreation fields in Ormond Beach and prioritize the projects in the City's current Park & Recreation Master Plan for funding and development.		
Department Staff Contact	Economic Development Brian Rademacher, Economic Development Director		

Summary

The purpose of this item is to present to the City Commission for approval a Grant Agreement for Execution between the City and Florida Department of Environmental Protection (FDEP) for the planning and design of a West Ormond recreational community center.

The Parks and Recreation master plan identified the need to provide recreational space and programming to residents on the west side of the City to provide equitable access to indoor and outdoor recreation amenities and programs for residents of western Ormond Beach.

This project will provide the necessary steps for a shovel-ready project for a new West Ormond Recreational Center. Uses may include pickleball courts, a walking track, community meeting rooms, a gymnasium with basketball and volleyball courts, indoor fitness center, space for large gatherings and events (seating for more than 200 people), youth basketball, and other amenities.

In 2023, the City Commission, in furtherance of this priority, included a legislative priority and appropriations request from the State Legislature. The aim was to secure half of the funds necessary for the purpose of planning engineering to conduct the design, survey, geotechnical and permitting for a West Ormond recreational community center.

For State Fiscal Year 2023-2024, the Florida Legislature approved the City's request and appropriated \$522,639 from the General Revenue Fund of the General Appropriation Act to the

City for this project. Funding under this agreement will be used for design and pre-development activities, which will provide the essential steps needed for the project to move forward. The estimated total cost for this phase is \$1,045,278 and would be split evenly, with 50% coming from the appropriations request and 50% from the City.

Financial Impact

The total cost of this project is estimated at \$1,045,278. The City has received a funding commitment for this project from the State Legislature in the form of a general appropriation in the amount of \$522,639. The City's share is estimated to be \$522,639 from Fund 310 - Parks & Recreation Impact Fee Fund. If approved, this amount will be allocated in next year's 2025-2026 fiscal budget.

Citizen Impact

This project will positively impact the residents of Ormond Beach by paving the way for additional recreational facilities in the City.

RESOLUTION NO. 2025-126

A RESOLUTION AUTHORIZING THE ACCEPTANCE OF A GRANT AWARD FROM THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION REGARDING FUNDING FOR THE PLANNING AND DESIGN OF A WEST ORMOND RECREATIONAL AND COMMUNITY CENTER; AUTHORIZING THE EXECUTION OF ALL DOCUMENTS NECESSARY AND INCIDENTAL THERETO FOR THE CITY TO ACCEPT THE GRANT AWARD; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City Commission desires to enter into a Grant Agreement with the Florida Department of Environmental Protection ("FDEP") for the planning and design of a West Ormond Recreational Community Center to provide equitable access to indoor and outdoor recreation amenities and programs for residents of western Ormond Beach (the "Project"), and

WHEREAS, the total Project cost is estimated to be \$1,045,278.00 and

WHEREAS, the FDEP has issued a Grant Agreement to provide grant funding in the amount of \$522,639.00, representing fifty percent (50%) of the Project cost, and

WHEREAS, the City Manager has certified that funds in the amount of \$522,639.00, to fund the City's fifty percent (50%) contribution of the Project cost have been appropriated to the credit of the Parks & Recreation Impact Fee Fund and have not been appropriated for any other purpose, now therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The Mayor and the City Manager are hereby authorized and directed to execute a Grant Agreement between the City and the Florida Department of Environmental Protection regarding funding for the planning and design of a West Ormond Recreational Community Center. A copy of said Grant Agreement is attached hereto and incorporated herein by reference.

SECTION TWO. The City Manager hereby certifies that funding in the amount of \$522,639.00 for the Project will be derived from the Parks & Recreation Impact Fee Fund.

SECTION THREE. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 2nd day of December, 2025.

JASON LESLIE
Mayor

**STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
STANDARD TERMS AND CONDITIONS
APPLICABLE TO GRANT AGREEMENTS**

ATTACHMENT 1

1. Entire Agreement.

This Grant Agreement, including any Attachments and Exhibits referred to herein and/or attached hereto (Agreement), constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior agreements, whether written or oral, with respect to such subject matter. Any terms and conditions included on Grantee's forms or invoices shall be null and void.

2. Grant Administration.

- a. Order of Precedence. If there are conflicting provisions among the documents that make up the Agreement, the order of precedence for interpretation of the Agreement is as follows:
 - i. Standard Grant Agreement
 - ii. Attachments other than Attachment 1, in numerical order as designated in the Standard Grant Agreement
 - iii. Attachment 1, Standard Terms and Conditions
 - iv. The Exhibits in the order designated in the Standard Grant Agreement
- b. All approvals, written or verbal, and other written communication among the parties, including all notices, shall be obtained by or sent to the parties' Grant Managers. All written communication shall be by electronic mail, U.S. Mail, a courier delivery service, or delivered in person. Notices shall be considered delivered when reflected by an electronic mail read receipt, a courier service delivery receipt, other mail service delivery receipt, or when receipt is acknowledged by recipient. If the notice is delivered in multiple ways, the notice will be considered delivered at the earliest delivery time.
- c. If a different Grant Manager is designated by either party after execution of this Agreement, notice of the name and contact information of the new Grant Manager will be submitted in writing to the other party and maintained in the respective parties' records. A change of Grant Manager does not require a formal amendment or change order to the Agreement.
- d. This Agreement may be amended, through a formal amendment or a change order, only by a written agreement between both parties. A formal amendment to this Agreement is required for changes which cause any of the following:
 - (1) an increase or decrease in the Agreement funding amount;
 - (2) a change in Grantee's match requirements;
 - (3) a change in the expiration date of the Agreement; and/or
 - (4) changes to the cumulative amount of funding transfers between approved budget categories, as defined in Attachment 3, Grant Work Plan, that exceeds or is expected to exceed twenty percent (20%) of the total budget as last approved by Department.A change order to this Agreement may be used when:
 - (1) task timelines within the current authorized Agreement period change;
 - (2) the cumulative transfer of funds between approved budget categories, as defined in Attachment 3, Grant Work Plan, are less than twenty percent (20%) of the total budget as last approved by Department;
 - (3) changing the current funding source as stated in the Standard Grant Agreement; and/or
 - (4) fund transfers between budget categories for the purposes of meeting match requirements.This Agreement may be amended to provide for additional services if additional funding is made available by the Legislature.
- e. All days in this Agreement are calendar days unless otherwise specified.

3. Agreement Duration.

The term of the Agreement shall begin and end on the dates indicated in the Standard Grant Agreement, unless extended or terminated earlier in accordance with the applicable terms and conditions. The Grantee shall be eligible for reimbursement for work performed on or after the date of execution through the expiration date of this Agreement, unless otherwise specified in Attachment 2, Special Terms and Conditions. However, work performed prior to the execution of this Agreement may be reimbursable or used for match purposes if permitted by the Special Terms and Conditions.

Attachment 1

1 of 14

4. Deliverables.

The Grantee agrees to render the services or other units of deliverables as set forth in Attachment 3, Grant Work Plan. The services or other units of deliverables shall be delivered in accordance with the schedule and at the pricing outlined in the Grant Work Plan. Deliverables may be comprised of activities that must be completed prior to Department making payment on that deliverable. The Grantee agrees to perform in accordance with the terms and conditions set forth in this Agreement and all attachments and exhibits incorporated by the Standard Grant Agreement.

5. Performance Measures.

The Grantee warrants that: (1) the services will be performed by qualified personnel; (2) the services will be of the kind and quality described in the Grant Work Plan; (3) the services will be performed in a professional and workmanlike manner in accordance with industry standards and practices; (4) the services shall not and do not knowingly infringe upon the intellectual property rights, or any other proprietary rights, of any third party; and (5) its employees, subcontractors, and/or subgrantees shall comply with any security and safety requirements and processes, if provided by Department, for work done at the Project Location(s). The Department reserves the right to investigate or inspect at any time to determine whether the services or qualifications offered by Grantee meet the Agreement requirements. Notwithstanding any provisions herein to the contrary, written acceptance of a particular deliverable does not foreclose Department's remedies in the event deficiencies in the deliverable cannot be readily measured at the time of delivery.

6. Acceptance of Deliverables.

- a. Acceptance Process. All deliverables must be received and accepted in writing by Department's Grant Manager before payment. The Grantee shall work diligently to correct all deficiencies in the deliverable that remain outstanding, within a reasonable time at Grantee's expense. If Department's Grant Manager does not accept the deliverables within 30 days of receipt, they will be deemed rejected.
- b. Rejection of Deliverables. The Department reserves the right to reject deliverables, as outlined in the Grant Work Plan, as incomplete, inadequate, or unacceptable due, in whole or in part, to Grantee's lack of satisfactory performance under the terms of this Agreement. The Grantee's efforts to correct the rejected deliverables will be at Grantee's sole expense. Failure to fulfill the applicable technical requirements or complete all tasks or activities in accordance with the Grant Work Plan will result in rejection of the deliverable and the associated invoice. Payment for the rejected deliverable will not be issued unless the rejected deliverable is made acceptable to Department in accordance with the Agreement requirements. The Department, at its option, may allow additional time within which Grantee may remedy the objections noted by Department. The Grantee's failure to make adequate or acceptable deliverables after a reasonable opportunity to do so shall constitute an event of default.

7. Financial Consequences for Nonperformance.

- a. Withholding Payment. In addition to the specific consequences explained in the Grant Work Plan and/or Special Terms and Conditions, the State of Florida (State) reserves the right to withhold payment when the Grantee has failed to perform/comply with provisions of this Agreement. None of the financial consequences for nonperformance in this Agreement as more fully described in the Grant Work Plan shall be considered penalties.
- b. Invoice reduction
If Grantee does not meet a deadline for any deliverable, the Department will reduce the invoice by 1% for each day the deadline is missed, unless an extension is approved in writing by the Department.
- c. Corrective Action Plan. If Grantee fails to correct all the deficiencies in a rejected deliverable within the specified timeframe, Department may, in its sole discretion, request that a proposed Corrective Action Plan (CAP) be submitted by Grantee to Department. The Department requests that Grantee specify the outstanding deficiencies in the CAP. All CAPs must be able to be implemented and performed in no more than sixty (60) calendar days.
 - i. The Grantee shall submit a CAP within ten (10) days of the date of the written request from Department. The CAP shall be sent to the Department's Grant Manager for review and approval. Within ten (10) days of receipt of a CAP, Department shall notify Grantee in writing whether the CAP proposed has been accepted. If the CAP is not accepted, Grantee shall have ten (10) days from receipt of Department letter rejecting the proposal to submit a revised proposed CAP. Failure to obtain Department approval of a CAP as specified above may result in Department's termination of this Agreement for cause as authorized in this Agreement.
 - ii. Upon Department's notice of acceptance of a proposed CAP, Grantee shall have ten (10) days to commence implementation of the accepted plan. Acceptance of the proposed CAP by Department

Attachment 1

2 of 14

does not relieve Grantee of any of its obligations under the Agreement. In the event the CAP fails to correct or eliminate performance deficiencies by Grantee, Department shall retain the right to require additional or further remedial steps, or to terminate this Agreement for failure to perform. No actions approved by Department or steps taken by Grantee shall preclude Department from subsequently asserting any deficiencies in performance. The Grantee shall continue to implement the CAP until all deficiencies are corrected. Reports on the progress of the CAP will be made to Department as requested by Department's Grant Manager.

- iii. Failure to respond to a Department request for a CAP or failure to correct a deficiency in the performance of the Agreement as specified by Department may result in termination of the Agreement.

8. Payment.

- a. Payment Process. Subject to the terms and conditions established by the Agreement, the pricing per deliverable established by the Grant Work Plan, and the billing procedures established by Department, Department agrees to pay Grantee for services rendered in accordance with section 215.422, Florida Statutes (F.S.).
- b. Taxes. The Department is exempted from payment of State sales, use taxes and Federal excise taxes. The Grantee, however, shall not be exempted from paying any taxes that it is subject to, including State sales and use taxes, or for payment by Grantee to suppliers for taxes on materials used to fulfill its contractual obligations with Department. The Grantee shall not use Department's exemption number in securing such materials. The Grantee shall be responsible and liable for the payment of all its FICA/Social Security and other taxes resulting from this Agreement.
- c. Maximum Amount of Agreement. The maximum amount of compensation under this Agreement, without an amendment, is described in the Standard Grant Agreement. Any additional funds necessary for the completion of this Project are the responsibility of Grantee.
- d. Reimbursement for Costs. The Grantee shall be paid on a cost reimbursement basis for all eligible Project costs upon the completion, submittal, and approval of each deliverable identified in the Grant Work Plan. Reimbursement shall be requested on Exhibit C, Payment Request Summary Form. To be eligible for reimbursement, costs must be in compliance with laws, rules, and regulations applicable to expenditures of State funds, including, but not limited to, the Reference Guide for State Expenditures, which can be accessed at the following web address: <https://www.myfloridacfo.com/docs-sf/accounting-and-auditing-libraries/state-agencies/reference-guide-for-state-expenditures.pdf>.
- e. Rural Communities and Rural Areas of Opportunity. If Grantee is a county or municipality that qualifies as a "rural community" or "rural area of opportunity" (RAO) as defined in subsection 288.0656(2), F.S., such Grantee may request from the Department that all invoice payments under this Agreement be directed to the relevant county or municipality or to the RAO itself. The Department will agree to Grantee's request if:
 - i. Grantee demonstrates that it is a county or municipality that qualifies as a "rural community" or "rural area of opportunity" under subsection 288.0656(2), F.S.;
 - ii. Grantee demonstrates current financial hardship using one (1) or more of the "economic distress" factors defined in subsection 288.0656(2)(c), F.S.;
 - iii. Grantee's performance has been verified by the Department, which has determined that Grantee is eligible for invoice payments and that Grantee's performance has been completed in accordance with this Agreement's terms and conditions; and
 - iv. Applicable federal and state law(s), rule(s) and regulation(s) allow for such payments.This subsection may not be construed to alter or limit any other applicable provisions of federal or state law, rule, or regulation. A current list of Florida's designated RAOs can be accessed at the following web address: <https://floridajobs.org/community-planning-and-development/rural-community-programs/rural-areas-of-opportunity>.
- f. Invoice Detail. All charges for services rendered or for reimbursement of expenses authorized by Department pursuant to the Grant Work Plan shall be submitted to Department in sufficient detail for a proper pre-audit and post-audit to be performed. The Grantee shall only invoice Department for deliverables that are completed in accordance with the Grant Work Plan.
- g. State Funds Documentation. Pursuant to section 216.1366, F.S., if Contractor meets the definition of a non-profit organization under section 215.97(2)(m), F.S., Contractor must provide the Department with documentation that indicates the amount of state funds:
 - i. Allocated to be used during the full term of the contract or agreement for remuneration to any member of the board of directors or an officer of Contractor.

Attachment 1

3 of 14

- ii. Allocated under each payment by the public agency to be used for remuneration of any member of the board of directors or an officer of the Contractor.

The documentation must indicate the amounts and recipients of the remuneration. Such information must be posted on the State's the contract tracking system and maintained pursuant to section 215.985, F.S., and must be posted on the Contractor's website, if Contractor maintains a website.

- h. Interim Payments. Interim payments may be made by Department, at its discretion, if the completion of deliverables to date have first been accepted in writing by Department's Grant Manager.
- i. Final Payment Request. A final payment request should be submitted to Department no later than sixty (60) days following the expiration date of the Agreement to ensure the availability of funds for payment. However, all work performed pursuant to the Grant Work Plan must be performed on or before the expiration date of the Agreement.
- j. Annual Appropriation Contingency. The State's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. This Agreement is not a commitment of future appropriations. Authorization for continuation and completion of work and any associated payments may be rescinded, with proper notice, at the discretion of Department if the Legislature reduces or eliminates appropriations.
- k. Interest Rates. All interest rates charged under the Agreement shall be calculated on the prevailing rate used by the State Board of Administration. To obtain the applicable interest rate, please refer to: <https://www.myfloridacfo.com/division/aa/local-governments/judgement-interest-rates>.
- l. Refund of Payments to the Department. Any balance of unobligated funds that have been advanced or paid must be refunded to Department. Any funds paid in excess of the amount to which Grantee or subgrantee is entitled under the terms of the Agreement must be refunded to Department. If this Agreement is funded with federal funds and the Department is required to refund the federal government, the Grantee shall refund the Department its share of those funds.

9. Documentation Required for Cost Reimbursement Grant Agreements and Match.

If Cost Reimbursement or Match is authorized in Attachment 2, Special Terms and Conditions, the following conditions apply. Supporting documentation must be provided to substantiate cost reimbursement or match requirements for the following budget categories:

- a. Salary/Wages. Grantee shall list personnel involved, position classification, direct salary rates, and hours spent on the Project in accordance with Attachment 3, Grant Work Plan in their documentation for reimbursement or match requirements.
- b. Overhead/Indirect/General and Administrative Costs. If Grantee is being reimbursed for or claiming match for multipliers, all multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates) shall be supported by audit. If Department determines that multipliers charged by Grantee exceeded the rates supported by audit, Grantee shall be required to reimburse such funds to Department within thirty (30) days of written notification. Interest shall be charged on the excessive rate.
- c. Contractual Costs (Subcontractors). Match or reimbursement requests for payments to subcontractors must be substantiated by copies of invoices with backup documentation identical to that required from Grantee. Subcontracts which involve payments for direct salaries shall clearly identify the personnel involved, salary rate per hour, and hours spent on the Project. All eligible multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates) shall be supported by audit. If Department determines that multipliers charged by any subcontractor exceeded the rates supported by audit, Grantee shall be required to reimburse such funds to Department within thirty (30) days of written notification. Interest shall be charged on the excessive rate. Nonconsumable and/or nonexpendable personal property or equipment costing \$5,000 or more purchased for the Project under a subcontract is subject to the requirements set forth in chapters 273 and/or 274, F.S., and Chapter 69I-72, Florida Administrative Code (F.A.C.) and/or Chapter 69I-73, F.A.C., as applicable. For grants funded with federal funds, nonconsumable and/or nonexpendable personal property or equipment costing \$10,000 or more purchased for the Project under a subcontract is subject to the requirements set forth in 2 CFR 200. The Grantee shall be responsible for maintaining appropriate property records for any subcontracts that include the purchase of equipment as part of the delivery of services. The Grantee shall comply with this requirement and ensure its subcontracts issued under this Agreement, if any, impose this requirement, in writing, on its subcontractors.
 - i. For fixed-price (vendor) subcontracts, the following provisions shall apply: The Grantee may award, on a competitive basis, fixed-price subcontracts to consultants/contractors in performing the work described in Attachment 3, Grant Work Plan. Invoices submitted to Department for fixed-

Attachment 1

4 of 14

- price subcontracted activities shall be supported with a copy of the subcontractor's invoice and a copy of the tabulation form for the competitive procurement process (e.g., Invitation to Bid, Request for Proposals, or other similar competitive procurement document) resulting in the fixed-price subcontract. The Grantee may request approval from Department to award a fixed-price subcontract resulting from procurement methods other than those identified above. In this instance, Grantee shall request the advance written approval from Department's Grant Manager of the fixed price negotiated by Grantee. The letter of request shall be supported by a detailed budget and Scope of Services to be performed by the subcontractor. Upon receipt of Department Grant Manager's approval of the fixed-price amount, Grantee may proceed in finalizing the fixed-price subcontract.
- ii. If the procurement is subject to the Consultant's Competitive Negotiation Act under section 287.055, F.S. or the Brooks Act, Grantee must provide documentation clearly evidencing it has complied with the statutory or federal requirements.
- d. Travel. All requests for match or reimbursement of travel expenses shall be in accordance with section 112.061, F.S.
 - e. Direct Purchase Equipment. For grants funded fully or in part with state funds, equipment is defined as capital outlay costing \$5,000 or more. For grants funded fully with federal funds, equipment is defined as capital outlay costing \$10,000 or more. Match or reimbursement for Grantee's direct purchase of equipment is subject to specific approval of Department, and does not include any equipment purchased under the delivery of services to be completed by a subcontractor. Include copies of invoices or receipts to document purchases, and a properly completed Exhibit B, Property Reporting Form.
 - f. Rental/Lease of Equipment. Match or reimbursement requests for rental/lease of equipment must include copies of invoices or receipts to document charges.
 - g. Miscellaneous/Other Expenses. If miscellaneous or other expenses, such as materials, supplies, non-excluded phone expenses, reproduction, or mailing, are reimbursable or available for match or reimbursement under the terms of this Agreement, the documentation supporting these expenses must be itemized and include copies of receipts or invoices. Additionally, independent of Grantee's contract obligations to its subcontractor, Department shall not reimburse any of the following types of charges: cell phone usage; attorney's fees or court costs; civil or administrative penalties; or handling fees, such as set percent overages associated with purchasing supplies or equipment.
 - h. Land Acquisition. Reimbursement for the costs associated with acquiring interest and/or rights to real property (including access rights through ingress/egress easements, leases, license agreements, or other site access agreements; and/or obtaining record title ownership of real property through purchase) must be supported by the following, as applicable: Copies of Property Appraisals, Environmental Site Assessments, Surveys and Legal Descriptions, Boundary Maps, Acreage Certification, Title Search Reports, Title Insurance, Closing Statements/Documents, Deeds, Leases, Easements, License Agreements, or other legal instrument documenting acquired property interest and/or rights. If land acquisition costs are used to meet match requirements, Grantee agrees that those funds shall not be used as match for any other Agreement supported by State or Federal funds.

10. Status Reports.

The Grantee shall submit status reports quarterly, unless otherwise specified in the Attachments, on Exhibit A, Progress Report Form, to Department's Grant Manager describing the work performed during the reporting period, problems encountered, problem resolutions, scheduled updates, and proposed work for the next reporting period. Quarterly status reports are due no later than twenty (20) days following the completion of the quarterly reporting period. For the purposes of this reporting requirement, the quarterly reporting periods end on March 31, June 30, September 30 and December 31. The Department will review the required reports submitted by Grantee within thirty (30) days.

11. Retainage.

The following provisions apply if Department withholds retainage under this Agreement:

- a. The Department reserves the right to establish the amount and application of retainage on the work performed under this Agreement up to the maximum percentage described in Attachment 2, Special Terms and Conditions. Retainage may be withheld from each payment to Grantee pending satisfactory completion of work and approval of all deliverables.
- b. If Grantee fails to perform the requested work or fails to perform the work in a satisfactory manner, Grantee shall forfeit its right to payment of the retainage associated with the work. Failure to perform includes, but is not limited to, failure to submit the required deliverables or failure to provide adequate documentation that the work was actually performed. The Department shall provide written notification to Grantee of the failure to perform

Attachment 1

5 of 14

that shall result in retainage forfeiture. If the Grantee does not correct the failure to perform within the timeframe stated in Department's notice, the retainage will be forfeited to Department.

- c. No retainage shall be released or paid for incomplete work while this Agreement is suspended.
- d. Except as otherwise provided above, Grantee shall be paid the retainage associated with the work, provided Grantee has completed the work and submits an invoice for retainage held in accordance with the invoicing procedures under this Agreement.

12. Insurance.

- a. Insurance Requirements for Sub-Grantees and/or Subcontractors. The Grantee shall require its sub-grantees and/or subcontractors, if any, to maintain insurance coverage of such types and with such terms and limits as described in this Agreement. The Grantee shall require all its sub-grantees and/or subcontractors, if any, to make compliance with the insurance requirements of this Agreement a condition of all contracts that are related to this Agreement. Sub-grantees and/or subcontractors must provide proof of insurance upon request.
- b. Deductibles. The Department shall be exempt from, and in no way liable for, any sums of money representing a deductible in any insurance policy. The payment of such deductible shall be the sole responsibility of the Grantee providing such insurance.
- c. Proof of Insurance. Upon execution of this Agreement, Grantee shall provide Department documentation demonstrating the existence and amount for each type of applicable insurance coverage *prior to* performance of any work under this Agreement. Upon receipt of written request from Department, Grantee shall furnish Department with proof of applicable insurance coverage by standard form certificates of insurance, a self-insured authorization, or other certification of self-insurance.
- d. Duty to Maintain Coverage. In the event that any applicable coverage is cancelled by the insurer for any reason, or if Grantee cannot get adequate coverage, Grantee shall immediately notify Department of such cancellation and shall obtain adequate replacement coverage conforming to the requirements herein and provide proof of such replacement coverage within ten (10) days after the cancellation of coverage.
- e. Insurance Trust. If the Grantee's insurance is provided through an insurance trust, the Grantee shall instead add the Department of Environmental Protection, its employees, and officers as an additional covered party everywhere the Agreement requires them to be added as an additional insured.

13. Termination.

- a. Termination for Convenience. When it is in the State's best interest, Department may, at its sole discretion, terminate the Agreement in whole or in part by giving 30 days' written notice to Grantee. The Department shall notify Grantee of the termination for convenience with instructions as to the effective date of termination or the specific stage of work at which the Agreement is to be terminated. The Grantee must submit all invoices for work to be paid under this Agreement within thirty (30) days of the effective date of termination. The Department shall not pay any invoices received after thirty (30) days of the effective date of termination.
- b. Termination for Cause. The Department may terminate this Agreement if any of the events of default described in the Events of Default provisions below occur or in the event that Grantee fails to fulfill any of its other obligations under this Agreement. If, after termination, it is determined that Grantee was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Department. The rights and remedies of Department in this clause are in addition to any other rights and remedies provided by law or under this Agreement.
- c. Grantee Obligations upon Notice of Termination. After receipt of a notice of termination or partial termination unless as otherwise directed by Department, Grantee shall not furnish any service or deliverable on the date, and to the extent specified, in the notice. However, Grantee shall continue work on any portion of the Agreement not terminated. If the Agreement is terminated before performance is completed, Grantee shall be paid only for that work satisfactorily performed for which costs can be substantiated. The Grantee shall not be entitled to recover any cancellation charges or lost profits.
- d. Continuation of Prepaid Services. If Department has paid for any services prior to the expiration, cancellation, or termination of the Agreement, Grantee shall continue to provide Department with those services for which it has already been paid or, at Department's discretion, Grantee shall provide a refund for services that have been paid for but not rendered.
- e. Transition of Services Upon Termination, Expiration, or Cancellation of the Agreement. If services provided under the Agreement are being transitioned to another provider(s), Grantee shall assist in the smooth transition of Agreement services to the subsequent provider(s). This requirement is at a minimum an affirmative obligation to cooperate with the new provider(s), however additional requirements may be outlined in the Grant

Work Plan. The Grantee shall not perform any services after Agreement expiration or termination, except as necessary to complete the transition or continued portion of the Agreement, if any.

14. Notice of Default.

If Grantee defaults in the performance of any covenant or obligation contained in the Agreement, including, any of the events of default, Department shall provide notice to Grantee and an opportunity to cure that is reasonable under the circumstances. This notice shall state the nature of the failure to perform and provide a time certain for correcting the failure. The notice will also provide that, should the Grantee fail to perform within the time provided, Grantee will be found in default, and Department may terminate the Agreement effective as of the date of receipt of the default notice.

15. Events of Default.

Provided such failure is not the fault of Department or outside the reasonable control of Grantee, the following non-exclusive list of events, acts, or omissions, shall constitute events of default:

- a. The commitment of any material breach of this Agreement by Grantee, including failure to timely deliver a material deliverable, failure to perform the minimal level of services required for a deliverable, discontinuance of the performance of the work, failure to resume work that has been discontinued within a reasonable time after notice to do so, or abandonment of the Agreement;
- b. The commitment of any material misrepresentation or omission in any materials, or discovery by the Department of such, made by the Grantee in this Agreement or in its application for funding;
- c. Failure to submit any of the reports required by this Agreement or having submitted any report with incorrect, incomplete, or insufficient information;
- d. Failure to honor any term of the Agreement;
- e. Failure to abide by any statutory, regulatory, or licensing requirement, including an entry of an order revoking the certificate of authority granted to the Grantee by a state or other licensing authority;
- f. Failure to pay any and all entities, individuals, and furnishing labor or materials, or failure to make payment to any other entities as required by this Agreement;
- g. Employment of an unauthorized alien in the performance of the work, in violation of Section 274 (A) of the Immigration and Nationality Act;
- h. Failure to maintain the insurance required by this Agreement;
- i. One or more of the following circumstances, uncorrected for more than thirty (30) days unless, within the specified 30-day period, Grantee (including its receiver or trustee in bankruptcy) provides to Department adequate assurances, reasonably acceptable to Department, of its continuing ability and willingness to fulfill its obligations under the Agreement:
 - i. Entry of an order for relief under Title 11 of the United States Code;
 - ii. The making by Grantee of a general assignment for the benefit of creditors;
 - iii. The appointment of a general receiver or trustee in bankruptcy of Grantee's business or property; and/or
 - iv. An action by Grantee under any state insolvency or similar law for the purpose of its bankruptcy, reorganization, or liquidation.

16. Suspension of Work.

The Department may, in its sole discretion, suspend any or all activities under the Agreement, at any time, when it is in the best interest of the State to do so. The Department shall provide Grantee written notice outlining the particulars of suspension. Examples of reasons for suspension include, but are not limited to, budgetary constraints, declaration of emergency, or other such circumstances. After receiving a suspension notice, Grantee shall comply with the notice. Within 90 days, or any longer period agreed to by the parties, Department shall either: (1) issue a notice authorizing resumption of work, at which time activity shall resume; or (2) terminate the Agreement. If the Agreement is terminated after 30 days of suspension, the notice of suspension shall be deemed to satisfy the thirty (30) days' notice required for a notice of termination for convenience. Suspension of work shall not entitle Grantee to any additional compensation.

17. Force Majeure.

The Grantee shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of Grantee or its employees or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond Grantee's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to Grantee. In case of any delay Grantee believes is excusable, Grantee shall notify Department in writing of the delay or potential delay and describe the cause of the delay either (1) within ten days after the cause that creates or will create the delay first

arose, if Grantee could reasonably foresee that a delay could occur as a result; or (2) if delay is not reasonably foreseeable, within five days after the date Grantee first had reason to believe that a delay could result. **THE FOREGOING SHALL CONSTITUTE THE GRANTEE'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.** Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against Department. The Grantee shall not be entitled to an increase in the Agreement price or payment of any kind from Department for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist Grantee shall perform at no increased cost, unless Department determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to Department, in which case Department may: (1) accept allocated performance or deliveries from Grantee, provided that Grantee grants preferential treatment to Department with respect to products subjected to allocation; (2) contract with other sources (without recourse to and by Grantee for the related costs and expenses) to replace all or part of the products or services that are the subject of the delay, which purchases may be deducted from the Agreement quantity; or (3) terminate Agreement in whole or in part.

18. Indemnification.

- a. The Grantee shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless Department and its officers, agents, and employees, from suits, actions, damages, and costs of every name and description arising from or relating to:
 - i. personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by Grantee, its agents, employees, partners, or subcontractors; provided, however, that Grantee shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of Department;
 - ii. the Grantee's breach of this Agreement or the negligent acts or omissions of Grantee.
- b. The Grantee's obligations under the preceding paragraph with respect to any legal action are contingent upon Department giving Grantee: (1) written notice of any action or threatened action; (2) the opportunity to take over and settle or defend any such action at Grantee's sole expense; and (3) assistance in defending the action at Grantee's sole expense. The Grantee shall not be liable for any cost, expense, or compromise incurred or made by Department in any legal action without Grantee's prior written consent, which shall not be unreasonably withheld.
- c. Notwithstanding sections a. and b. above, the following is the sole indemnification provision that applies to Grantees that are governmental entities: Each party hereto agrees that it shall be solely responsible for the negligent or wrongful acts of its employees and agents. However, nothing contained herein shall constitute a waiver by either party of its sovereign immunity or the provisions of section 768.28, F.S. Further, nothing herein shall be construed as consent by a state agency or subdivision of the State to be sued by third parties in any matter arising out of any contract or this Agreement.
- d. No provision in this Agreement shall require Department to hold harmless or indemnify Grantee, insure or assume liability for Grantee's negligence, waive Department's sovereign immunity under the laws of Florida, or otherwise impose liability on Department for which it would not otherwise be responsible. Any provision, implication or suggestion to the contrary is null and void.

19. Limitation of Liability.

The Department's liability for any claim arising from this Agreement is limited to compensatory damages in an amount no greater than the sum of the unpaid balance of compensation due for goods or services rendered pursuant to and in compliance with the terms of the Agreement. Such liability is further limited to a cap of \$100,000.

20. Remedies.

Nothing in this Agreement shall be construed to make Grantee liable for force majeure events. Nothing in this Agreement, including financial consequences for nonperformance, shall limit Department's right to pursue its remedies for other types of damages under the Agreement, at law or in equity. The Department may, in addition to other remedies available to it, at law or in equity and upon notice to Grantee, retain such monies from amounts due Grantee as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against it.

21. Waiver.

The delay or failure by Department to exercise or enforce any of its rights under this Agreement shall not constitute or be deemed a waiver of Department's right thereafter to enforce those rights, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

Attachment 1

8 of 14

22. Statutory Notices Relating to Unauthorized Employment and Subcontracts.

- a. The Department shall consider the employment by any Grantee of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationality Act. If Grantee/subcontractor knowingly employs unauthorized aliens, such violation shall be cause for unilateral cancellation of this Agreement. The Grantee shall be responsible for including this provision in all subcontracts with private organizations issued as a result of this Agreement.
- b. Pursuant to sections 287.133, 287.134, and 287.137 F.S., the following restrictions apply to persons placed on the convicted vendor list, discriminatory vendor list, or the antitrust violator vendor list:
 - i. Public Entity Crime. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a Grantee, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in section 287.017, F.S., for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list.
 - ii. Discriminatory Vendors. An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity.
 - iii. Antitrust Violator Vendors. A person or an affiliate who has been placed on the antitrust violator vendor list following a conviction or being held civilly liable for an antitrust violation may not submit a bid, proposal, or reply on any contract to provide any good or services to a public entity; may not submit a bid, proposal, or reply on any contract with a public entity for the construction or repair of a public building or public work; may not submit a bid, proposal, or reply on leases of real property to a public entity; may not be awarded or perform work as a Grantee, supplier, subcontractor, or consultant under a contract with a public entity; and may not transact new business with a public entity.
 - iv. Notification. The Grantee shall notify Department if it or any of its suppliers, subcontractors, or consultants have been placed on the convicted vendor list, the discriminatory vendor list, or antitrust violator vendor list during the life of the Agreement. The Florida Department of Management Services is responsible for maintaining the discriminatory vendor list and the antitrust violator vendor list and posts the list on its website. Questions regarding the discriminatory vendor list or antitrust violator vendor list may be directed to the Florida Department of Management Services, Office of Supplier Development, at (850) 487-0915.

23. Compliance with Federal, State and Local Laws.

- a. The Grantee and all its agents shall comply with all federal, state and local regulations, including, but not limited to, nondiscrimination, wages, social security, workers' compensation, licenses, and registration requirements. The Grantee shall include this provision in all subcontracts issued as a result of this Agreement.
- b. The Grantee, its subgrantees, subcontractors and agents must also comply with the following civil rights laws and regulations:
 - i. Title VI of the Civil Rights Act of 1964 as amended (prohibiting discrimination in federally assisted programs on the basis of race, color, or national origin in the delivery of services or benefits);
 - ii. Section 13 of the 1972 Amendment to the Federal Water Pollution Control Act (prohibiting discrimination on the basis of sex in the delivery of services or benefits under the Federal Water Pollution Control Act as amended);
 - iii. Section 504 of the Rehabilitation Act of 1973 (prohibiting discrimination in federally assisted programs on the basis of disability, both in employment and in the delivery of services and benefits);
 - iv. Age Discrimination Act of 1975 (prohibiting discrimination in federally assisted programs on the basis of age in the delivery of services or benefits);

- v. 40 C.F.R. Part 7, (implementing Title VI of the Civil Rights Act of 1964, Section 13 of the 1972 Amendments to the Federal Water Pollution Control Act, and Section 504 of the Rehabilitation Act of 1973);
- vi. United States Executive Order (EO) 13166 (federal agencies required to ensure that recipients of federal financial assistance take reasonable steps to provide meaningful access to their programs and activities by Limited English Proficiency (LEP) persons).
- vii. Florida Civil Rights Act of 1992 (Title XLIV Chapter 760, Sections 760.01, 760.11 and 509.092, F.S.), including Part I, chapter 760, F.S. (prohibiting discrimination on the basis of race, color, religion, sex, pregnancy, national origin, age, handicap, or marital status).
- c. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida.
- d. Any dispute concerning performance of the Agreement shall be processed as described herein. Jurisdiction for any damages arising under the terms of the Agreement will be in the courts of the State, and venue will be in the Second Judicial Circuit, in and for Leon County. Except as otherwise provided by law, the parties agree to be responsible for their own attorney fees incurred in connection with disputes arising under the terms of this Agreement.

24. Build America, Buy America Act (BABA) - Infrastructure Projects with Federal Funding.

This provision does not apply to Agreements that are wholly funded by Coronavirus State and Local Fiscal Recovery Funds under the American Rescue Plan Act. Also, this provision does not apply where there is a valid waiver in place. However, the provision may apply to funds expended before the waiver or after expiration of the waiver.

If applicable, Recipients or Subrecipients of an award of Federal financial assistance from a program for infrastructure are required to comply with the Build America, Buy America Act (BABA), including the following provisions:

- a. All iron and steel used in the project are produced in the United States--this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;
- b. All manufactured products used in the project are produced in the United States--this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and
- c. All construction materials are manufactured in the United States--this means that all manufacturing processes for the construction material occurred in the United States.

The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

25. Investing in America

Grantees of an award for construction projects in whole or in part by the Bipartisan Infrastructure Law or the Inflation Reduction Act, including the following provision:

- a. Signage Requirements
 - a. Investing in America Emblem: The recipient will ensure that a sign is placed at construction sites supported in whole or in part by this award displaying the official Investing in America emblem and must identify the project as a “project funded by President Biden’s Bipartisan Infrastructure Law” or “project funded by President Biden’s Inflation Reduction Act” as applicable. The sign must be placed at construction sites in an easily visible location that can be directly linked to the work taking place and must be maintained in good condition throughout the construction period.
 - The recipient will ensure compliance with the guidelines and design specifications provided by EPA for using the official Investing in America emblem available at: <https://www.epa.gov/invest/investing-america-signage>.
 - b. Procuring Signs: Consistent with section 6002 of RCRA, 42 U.S.C. 6962, and 2 CFR 200.323, recipients are encouraged to use recycled or recovered materials when procuring signs. Signage

Attachment 1

10 of 14

costs are considered an allowable cost under this assistance agreement provided that the costs associated with signage are reasonable. Additionally, to increase public awareness of projects serving communities where English is not the predominant language, recipients are encouraged to translate the language on signs (excluding the official Investing in America emblem or EPA logo or seal) into the appropriate non-English language(s). The costs of such translation are allowable, provided the costs are reasonable.

26. Scrutinized Companies.

- a. Grantee certifies that it is not on the Scrutinized Companies that Boycott Israel List or engaged in a boycott of Israel. Pursuant to section 287.135, F.S., the Department may immediately terminate this Agreement at its sole option if the Grantee is found to have submitted a false certification; or if the Grantee is placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of the Agreement.
- b. If this Agreement is for more than one million dollars, the Grantee certifies that it is also not on the Scrutinized Companies with Activities in Sudan, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria as identified in section 287.135, F.S. Pursuant to section 287.135, F.S., the Department may immediately terminate this Agreement at its sole option if the Grantee is found to have submitted a false certification; or if the Grantee is placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria during the term of the Agreement.
- c. As provided in subsection 287.135(8), F.S., if federal law ceases to authorize these contracting prohibitions, then they shall become inoperative.

27. Lobbying and Integrity.

The Grantee agrees that no funds received by it under this Agreement will be expended for the purpose of lobbying the Legislature or a State agency pursuant to section 216.347, F.S., except that pursuant to the requirements of section 287.058(6), F.S., during the term of any executed agreement between Grantee and the State, Grantee may lobby the executive or legislative branch concerning the scope of services, performance, term, or compensation regarding that agreement. The Grantee shall comply with sections 11.062 and 216.347, F.S.

28. Record Keeping.

The Grantee shall maintain books, records and documents directly pertinent to performance under this Agreement in accordance with United States generally accepted accounting principles (US GAAP) consistently applied. The Department, the State, or their authorized representatives shall have access to such records for audit purposes during the term of this Agreement and for five (5) years following the completion date or termination of the Agreement. In the event that any work is subcontracted, Grantee shall similarly require each subcontractor to maintain and allow access to such records for audit purposes. Upon request of Department's Inspector General, or other authorized State official, Grantee shall provide any type of information the Inspector General deems relevant to Grantee's integrity or responsibility. Such information may include, but shall not be limited to, Grantee's business or financial records, documents, or files of any type or form that refer to or relate to Agreement. The Grantee shall retain such records for the longer of: (1) three years after the expiration of the Agreement; or (2) the period required by the General Records Schedules maintained by the Florida Department of State (available at:

<http://dos.myflorida.com/library-archives/records-management/general-records-schedules/>).

29. Audits.

- a. Inspector General. The Grantee understands its duty, pursuant to section 20.055(5), F.S., to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing. The Grantee will comply with this duty and ensure that its sub-grantees and/or subcontractors issued under this Agreement, if any, impose this requirement, in writing, on its sub-grantees and/or subcontractors, respectively.
- b. Physical Access and Inspection. Department personnel shall be given access to and may observe and inspect work being performed under this Agreement, with reasonable notice and during normal business hours, including by any of the following methods:
 - i. Grantee shall provide access to any location or facility on which Grantee is performing work, or storing or staging equipment, materials or documents;
 - ii. Grantee shall permit inspection of any facility, equipment, practices, or operations required in performance of any work pursuant to this Agreement; and,

- iii. Grantee shall allow and facilitate sampling and monitoring of any substances, soils, materials or parameters at any location reasonable or necessary to assure compliance with any work or legal requirements pursuant to this Agreement.
- c. **Special Audit Requirements.** The Grantee shall comply with the applicable provisions contained in Attachment 5, Special Audit Requirements. Each amendment that authorizes a funding increase or decrease shall include an updated copy of Exhibit 1, to Attachment 5. If Department fails to provide an updated copy of Exhibit 1 to include in each amendment that authorizes a funding increase or decrease, Grantee shall request one from the Department's Grants Manager. The Grantee shall consider the type of financial assistance (federal and/or state) identified in Attachment 5, Exhibit 1 and determine whether the terms of Federal and/or Florida Single Audit Act Requirements may further apply to lower tier transactions that may be a result of this Agreement. For federal financial assistance, Grantee shall utilize the guidance provided under 2 CFR §200.331 for determining whether the relationship represents that of a subrecipient or vendor. For State financial assistance, Grantee shall utilize the form entitled "Checklist for Nonstate Organizations Recipient/Subrecipient vs Vendor Determination" (form number DFS-A2-NS) that can be found under the "Links/Forms" section appearing at the following website: <https://apps.fldfs.com/fsaa>.
- d. **Proof of Transactions.** In addition to documentation provided to support cost reimbursement as described herein, Department may periodically request additional proof of a transaction to evaluate the appropriateness of costs to the Agreement pursuant to State guidelines (including cost allocation guidelines) and federal, if applicable. Allowable costs and uniform administrative requirements for federal programs can be found under 2 CFR 200. The Department may also request a cost allocation plan in support of its multipliers (overhead, indirect, general administrative costs, and fringe benefits). The Grantee must provide the additional proof within thirty (30) days of such request.
- e. **No Commingling of Funds.** The accounting systems for all Grantees must ensure that these funds are not commingled with funds from other agencies. Funds from each agency must be accounted for separately. Grantees are prohibited from commingling funds on either a program-by-program or a project-by-project basis. Funds specifically budgeted and/or received for one project may not be used to support another project. Where a Grantee's, or subrecipient's, accounting system cannot comply with this requirement, Grantee, or subrecipient, shall establish a system to provide adequate fund accountability for each project it has been awarded.
 - i. If Department finds that these funds have been commingled, Department shall have the right to demand a refund, either in whole or in part, of the funds provided to Grantee under this Agreement for non-compliance with the material terms of this Agreement. The Grantee, upon such written notification from Department shall refund, and shall forthwith pay to Department, the amount of money demanded by Department. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the original payment(s) are received from Department by Grantee to the date repayment is made by Grantee to Department.
 - ii. In the event that the Grantee recovers costs, incurred under this Agreement and reimbursed by Department, from another source(s), Grantee shall reimburse Department for all recovered funds originally provided under this Agreement and interest shall be charged for those recovered costs as calculated on from the date(s) the payment(s) are recovered by Grantee to the date repayment is made to Department.
 - iii. Notwithstanding the requirements of this section, the above restrictions on commingling funds do not apply to agreements where payments are made purely on a cost reimbursement basis.

30. Conflict of Interest.

The Grantee covenants that it presently has no interest and shall not acquire any interest which would conflict in any manner or degree with the performance of services required.

31. Independent Contractor.

The Grantee is an independent contractor and is not an employee or agent of Department.

32. Subcontracting.

- a. Unless otherwise specified in the Special Terms and Conditions, all services contracted for are to be performed solely by Grantee.
- b. The Department may, for cause, require the replacement of any Grantee employee, subcontractor, or agent. For cause, includes, but is not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with an applicable Department policy or other requirement.

Attachment 1

12 of 14

- c. The Department may, for cause, deny access to Department's secure information or any facility by any Grantee employee, subcontractor, or agent.
- d. The Department's actions under paragraphs b. or c. shall not relieve Grantee of its obligation to perform all work in compliance with the Agreement. The Grantee shall be responsible for the payment of all monies due under any subcontract. The Department shall not be liable to any subcontractor for any expenses or liabilities incurred under any subcontract and Grantee shall be solely liable to the subcontractor for all expenses and liabilities incurred under any subcontract.
- e. The Department will not deny Grantee's employees, subcontractors, or agents access to meetings within the Department's facilities, unless the basis of Department's denial is safety or security considerations.
- f. A list of minority-owned firms that could be offered subcontracting opportunities may be obtained by contacting the Office of Supplier Development at (850) 487-0915.
- g. The Grantee shall not be liable for any excess costs for a failure to perform, if the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is completely beyond the control of both Grantee and the subcontractor(s), and without the fault or negligence of either, unless the subcontracted products or services were obtainable from other sources in sufficient time for Grantee to meet the required delivery schedule.

33. Guarantee of Parent Company.

If Grantee is a subsidiary of another corporation or other business entity, Grantee asserts that its parent company will guarantee all of the obligations of Grantee for purposes of fulfilling the obligations of Agreement. In the event Grantee is sold during the period the Agreement is in effect, Grantee agrees that it will be a requirement of sale that the new parent company guarantee all of the obligations of Grantee.

34. Survival.

The respective obligations of the parties, which by their nature would continue beyond the termination or expiration of this Agreement, including without limitation, the obligations regarding confidentiality, proprietary interests, and public records, shall survive termination, cancellation, or expiration of this Agreement.

35. Third Parties.

The Department shall not be deemed to assume any liability for the acts, failures to act or negligence of Grantee, its agents, servants, and employees, nor shall Grantee disclaim its own negligence to Department or any third party. This Agreement does not and is not intended to confer any rights or remedies upon any person other than the parties. If Department consents to a subcontract, Grantee will specifically disclose that this Agreement does not create any third-party rights. Further, no third parties shall rely upon any of the rights and obligations created under this Agreement.

36. Severability.

If a court of competent jurisdiction deems any term or condition herein void or unenforceable, the other provisions are severable to that void provision, and shall remain in full force and effect.

37. Grantee's Employees, Subcontractors and Agents.

All Grantee employees, subcontractors, or agents performing work under the Agreement shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, Grantee shall furnish a copy of technical certification or other proof of qualification. All employees, subcontractors, or agents performing work under Agreement must comply with all security and administrative requirements of Department and shall comply with all controlling laws and regulations relevant to the services they are providing under the Agreement.

38. Assignment.

The Grantee shall not sell, assign, or transfer any of its rights, duties, or obligations under the Agreement, or under any purchase order issued pursuant to the Agreement, without the prior written consent of Department. In the event of any assignment, Grantee remains secondarily liable for performance of the Agreement, unless Department expressly waives such secondary liability. The Department may assign the Agreement with prior written notice to Grantee of its intent to do so.

39. Compensation Report.

If this Agreement is a sole-source, public-private agreement or if the Grantee, through this agreement with the State, annually receive 50% or more of their budget from the State or from a combination of State and Federal funds, the Grantee shall provide an annual report, including the most recent IRS Form 990, detailing the total compensation for the entities' executive leadership teams. Total compensation shall include salary, bonuses, cashed-in leave, cash equivalents, severance pay, retirement benefits, deferred compensation, real-property gifts, and any other payout. The Grantee must also inform the Department of any changes in total executive compensation between the annual reports. All compensation reports must indicate what percent of compensation comes directly from the State or Federal allocations to the Grantee.

40. Disclosure of Gifts from Foreign Sources.

If the value of the grant under this Agreement is \$100,000 or more, Grantee shall disclose to Department any current or prior interest of, any contract with, or any grant or gift received from a foreign country of concern, as defined in section 286.101, F.S., if such interest, contract, or grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract or grant or gift was received or in force at any time during the previous 5 years. Such disclosure shall include the name and mailing address of the disclosing entity, the amount of the contract or grant or gift or the value of the interest disclosed, the applicable foreign country of concern and, if applicable, the date of termination of the contract or interest, the date of receipt of the grant or gift, and the name of the agent or controlled entity that is the source or interest holder. If the disclosure requirement is applicable as described above, then within 1 year before applying for any grant, Grantee must also provide a copy of such disclosure to the Department of Financial Services.

41. Food Commodities.

To the extent authorized by federal law, the Department, its grantees, contractors and subcontractors shall give preference to food commodities grown or produced in this state when purchasing food commodities, including farm products as defined in section 823.14, F.S., of any class, variety, or use thereof in their natural state or as processed by a farm operation or processor for the purpose of marketing such product.

42. Anti-human Trafficking.

If the Grantee is a nongovernmental entity, the Grantee must provide the Department with an affidavit signed by an officer or a representative of the Grantee under penalty of perjury attesting that the Grantee does not use coercion for labor or services as defined in section 787.06, F.S.

43. Iron and Steel for Public Works Projects.

If this Agreement funds a “public works project” as defined in section 255.0993, F.S., or the purchase of materials to be used in a public works project, any iron or steel permanently incorporated in the Project must be “produced in the United States,” as defined in section 255.0993, F.S. This requirement does not apply if the Department determines that any of the following circumstances apply to the Project:

- (1) iron or steel products produced in the United States are not produced in sufficient quantities, reasonably available, or of satisfactory quality;
- (2) the use of iron or steel products produced in the United States will increase the total cost of the project by more than twenty percent (20%); or
- (3) complying with this requirement is inconsistent with the public interest.

Further, this requirement does not prevent the Contractor’s minimal use of foreign steel and iron materials if:

- (1) such materials are incidental or ancillary to the primary product and are not separately identified in the project specifications; and
- (2) the “cost” of such materials, as defined in section 255.0993, F.S., does not exceed one-tenth of one percent (1%) of the total Project Cost under this Agreement or \$2,500, whichever is greater.

Electrical components, equipment, systems, and appurtenances, including supports, covers, shielding, and other appurtenances related to an electrical system that are necessary for operation or concealment (excepting transmission and distribution poles) are not considered to be iron or steel products and are, therefore, exempt from the requirements of this paragraph.

This provision shall be applied in a manner consistent with and may not be construed to impair the state’s obligations under any international agreement.

44. Complete and Accurate information.

Grantee represents and warrants that all statements and information provided to DEP are current, complete, and accurate. This includes all statements and information in this Grant, as well as its Attachments and Exhibits.

45. Execution in Counterparts and Authority to Sign.

This Agreement, any amendments, and/or change orders related to the Agreement, may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument. In accordance with the Electronic Signature Act of 1996, electronic signatures, including facsimile transmissions, may be used and shall have the same force and effect as a written signature. Each person signing this Agreement warrants that he or she is duly authorized to do so and to bind the respective party to the Agreement.

**STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
Special Terms and Conditions
AGREEMENT NO. L2308**

ATTACHMENT 2

These Special Terms and Conditions shall be read together with general terms outlined in the Standard Terms and Conditions, Attachment 1. Where in conflict, these more specific terms shall apply.

1. Scope of Work.

The Project funded under this Agreement is West Ormond Recreational Community Center. The Project is defined in more detail in Attachment 3, Grant Work Plan.

2. Duration.

- a. Reimbursement Period. The reimbursement period for this Agreement is the same as the term of the Agreement.
- b. Extensions. There are extensions available for this Project.
- c. Service Periods. Additional service periods are not authorized under this Agreement.

3. Payment Provisions.

- a. Compensation. This is a cost reimbursement Agreement. The Grantee shall be compensated under this Agreement as described in Attachment 3.
- b. Invoicing. Invoicing will occur as indicated in Attachment 3.
- c. Advance Pay. Advance Pay is not authorized under this Agreement.

4. Cost Eligible for Reimbursement or Matching Requirements.

Reimbursement for costs or availability for costs to meet matching requirements shall be limited to the following budget categories, as defined in the Reference Guide for State Expenditures, as indicated:

<u>Reimbursement</u>	<u>Match</u>	<u>Category</u>
☐	☐	Salaries/Wages
		Overhead/Indirect/General and Administrative Costs:
☐	☐	a. Fringe Benefits, N/A.
☐	☐	b. Indirect Costs, N/A.
☒	☒	Contractual (Subcontractors)
☐	☐	Travel, in accordance with Section 112, F.S.
☐	☐	Equipment
☐	☐	Rental/Lease of Equipment
☐	☐	Miscellaneous/Other Expenses
☐	☐	Land Acquisition

5. Equipment Purchase.

No Equipment purchases shall be funded under this Agreement.

6. Land Acquisition.

There will be no Land Acquisitions funded under this Agreement.

7. Match Requirements

The Agreement requires at least a 50% match on the part of the Grantee. Therefore, the Grantee is responsible for providing \$522,639.00 through cash or third party in-kind towards the project funded under this Agreement.

8. Insurance Requirements

Attachment 2

1 of 3

Required Coverage. At all times during the Agreement the Grantee, at its sole expense, shall maintain insurance coverage of such types and with such terms and limits described below. The limits of coverage under each policy maintained by the Grantee shall not be interpreted as limiting the Grantee's liability and obligations under the Agreement. All insurance policies shall be through insurers licensed and authorized to issue policies in Florida, or alternatively, Grantee may provide coverage through a self-insurance program established and operating under the laws of Florida. Additional insurance requirements for this Agreement may be required elsewhere in this Agreement, however the minimum insurance requirements applicable to this Agreement are:

a. Commercial General Liability Insurance.

The Grantee shall provide adequate commercial general liability insurance coverage and hold such liability insurance at all times during the Agreement. The Department, its employees, and officers shall be named as an additional insured on any general liability policies. The minimum limits shall be \$250,000 for each occurrence and \$500,000 policy aggregate.

b. Commercial Automobile Insurance.

If the Grantee's duties include the use of a commercial vehicle, the Grantee shall maintain automobile liability, bodily injury, and property damage coverage. Insuring clauses for both bodily injury and property damage shall provide coverage on an occurrence basis. The Department, its employees, and officers shall be named as an additional insured on any automobile insurance policy. The minimum limits shall be as follows:

\$200,000/300,000	Automobile Liability for Company-Owned Vehicles, if applicable
\$200,000/300,000	Hired and Non-owned Automobile Liability Coverage

c. Workers' Compensation and Employer's Liability Coverage.

The Grantee shall provide workers' compensation, in accordance with Chapter 440, F.S. and employer liability coverage with minimum limits of \$100,000 per accident, \$100,000 per person, and \$500,000 policy aggregate. Such policies shall cover all employees engaged in any work under the Grant.

d. Other Insurance. None.

9. Quality Assurance Requirements.

There are no special Quality Assurance requirements under this Agreement.

10. Retainage.

No retainage is required under this Agreement.

11. Subcontracting.

The Grantee may subcontract work under this Agreement without the prior written consent of the Department's Grant Manager except for certain fixed-price subcontracts pursuant to this Agreement, which require prior approval. The Grantee shall submit a copy of the executed subcontract to the Department prior to submitting any invoices for subcontracted work. Regardless of any subcontract, the Grantee is ultimately responsible for all work to be performed under this Agreement.

12. State-owned Land.

The work will not be performed on State-owned land.

13. Office of Policy and Budget Reporting.

There are no special Office of Policy and Budget reporting requirements for this Agreement.

14. Common Carrier.

- a. Applicable to contracts with a common carrier – firm/person/corporation that as a regular business transports people or commodities from place to place. If applicable, Contractor must also fill out and return PUR 1808 before contract execution. If Contractor is a common carrier pursuant to section 908.111(1)(a), Florida Statutes, the Department will terminate this contract immediately if Contractor is found to be in violation of the law or the attestation in PUR 1808.
- b. Applicable to solicitations for a common carrier – Before contract execution, the winning Contractor(s) must fill out and return PUR 1808, and attest that it is not willfully providing any service in furtherance of transporting a person into this state knowing that the person unlawfully present in the United States according to the terms of the federal Immigration and Nationality Act, 8 U.S.C. ss. 1101 et seq. The

Attachment 2

2 of 3

Department will terminate a contract immediately if Contractor is found to be in violation of the law or the attestation in PUR 1808.

15. Financial Assistance and Payment of Invoices to Rural Communities or Rural Areas of Opportunity

This agreement does not provide federal or state financial assistance to a county or municipality that is a rural community or rural area of opportunity as those terms are defined in s. 288.0656(2).

16. Additional Terms.

None.

Any terms added here must be approved by the Office of General Counsel.

ATTACHMENT 3
PROJECT WORK PLAN
LEGISLATIVE LINE ITEM PROJECT

Project Name: Ormond Beach West Ormond Recreational Community Center
Grantee Name: City of Ormond Beach
Project # L2308

SUMMARY: The City of Ormond Beach (Grantee) received funding in the amount of **\$522,693.00** from the Florida Legislature through Specific Appropriation Line Item 1797A, General Revenue Fund, Fiscal Year (FY) 2023-2024, General Appropriations Act, for the purpose of **Planning Engineering to conduct the design, survey, geotech and permitting for the project**. Authority for this Project is specified in Section 216.011, Florida Statutes (F.S.). Monitoring and auditing guidelines, as related to the Florida Single Audit Act are specified in the Florida Catalog of State Financial Assistance (CSFA). The specific CSFA number for this Project is 37.085.

The Project is located at **1375 Harmony Ave, Ormond Beach, FL 32174**.

All work must be completed in accordance with, and including but not limited to: the Agreement, local, state and federal laws, the approved Project plans, all required permits, and the Florida Building Code. Prior to the Department issuing a “Notice to Commence” to the Grantee, as specified in Attachment 6 of the Agreement, Program Specific Requirements, the Department must receive evidence of and have approved all Deliverables in Task 1. The Department shall designate the Project complete upon receipt and approval of all Deliverables and when Project site is open and available for use by the public for outdoor recreation purposes.

For the purpose of this Agreement, the terms “Project Element” and “Project Task” are used interchangeably to mean an identified facility within the Project.

Project Completion: The Project Completion Date for this Agreement is **April 30, 2028**.

Budget: Reimbursement for allowable costs for the Project shall not exceed the maximum Grant Award amount outlined below. Grantee shall maintain an accounting system which meets generally accepted accounting principles and shall maintain financial records to properly account for funds. All final Project Costs shall be submitted to the Department with the payment request.

Maximum Grant Award Amount:	\$522,639.00
Required Grantee Match Amount:	\$522,639.00
Total Estimated Project Cost:	\$1,045,278.00
Match Ratio:	50:50

Scope of Work/Project Tasks	Budget	Deliverables	Due Date	Financial Consequences
PROJECT TASK 1 1.A. Development of Commencement Documentation Checklist (FRDAP Form DRP-107) ¹ .	No Cost Deliverable	PROJECT DELIVERABLE 1 The Department will issue “Notice to Commence” upon receipt and approval of: 1.A. All applicable Project specific Commencement documentation listed on Commencement Documentation Checklist (FRDAP FORM DRP-107)	180 Calendar Days after Execution of Agreement ²	The Department shall terminate the Project Agreement if the required Deliverables are not submitted and approved by the Department.

		The Grantee may not proceed with development of the Project until Notice to Commence has been issued.		
Project Task 2 Task 2.A. Development of Project Elements, which include: Planning Engineering to conduct the design, survey, geotech and permitting for the project.	Task 2	PROJECT DELIVERABLE 2 The Grantee may request reimbursement upon Department receipt and approval of: 2.A. Development of required Project Elements. 2.B. All applicable Project specific Completion documentation listed on Completion Documentation Checklist (FRDAP Form DRP-111) ¹ . 2.C. Final Legislative Line Item Status Report. The Grantee may request reimbursement for allowable budgeted expenses and costs pursuant to the Agreement that are directly related to the successful development of the Project site. Reimbursement shall not exceed the Grant Award Amount, less any reimbursement requested for in Deliverable 1, and shall be invoiced upon Project completion, in accordance with the Payment Request Schedule below. Ten percent (10%) of the Grant Award will be retained until the Project is designated complete by the Department.	Due 60 calendar days prior to the expiration of this Agreement which shall also be the Project Completion Date	No reimbursement will be made for Deliverable(s) deemed unsatisfactory by the Department. Payment(s) will not be made for unsatisfactory or incomplete work. In addition, a Task may be terminated for Grantee's failure to perform.

Project Task Performance Standard: The Department's Grant Manager will review the Deliverables to verify compliance with the requirements for funding under the Agreement and approved plans. Upon review and written acceptance by the Department's Grant Manager of all Deliverables under each Project Task, the Grantee may proceed with the payment request submittal.

Payment Request Schedule: Following Department approval of all Deliverables, the Grantee may submit **a single payment request** on Payment Request Summary Form (FRDAP Form DRP-115)¹, along with all required documentation as outlined in the Financial Reporting Procedures (FRDAP Form DRP-110)¹, as applicable, to support payment. A payment request submitted as part of the reimbursement process must correspond with the Cost Analysis and supporting documents provided under Project Tasks.

Endnotes:

- Documentation is available at <https://floridadep.gov/lands/land-and-recreation-grants/content/frdap-assistance> and/or from the Land and Recreational Grants Section, State of Florida Department of Environmental Protection, 3900 Commonwealth Boulevard, MS# 585, Tallahassee, Florida, 32399-3000.
- Project Agreement is subject to termination if Commencement documentations under Task 1 are not received and approved by the Department within 180 calendar days of the Project Agreement execution.

**STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
Public Records Requirements**

Attachment 4

1. Public Records.

- a. If the Agreement exceeds \$35,000.00, and if Grantee is acting on behalf of Department in its performance of services under the Agreement, Grantee must allow public access to all documents, papers, letters, or other material, regardless of the physical form, characteristics, or means of transmission, made or received by Grantee in conjunction with the Agreement (Public Records), unless the Public Records are exempt from section 24(a) of Article I of the Florida Constitution and section 119.07(1), F.S.
- b. The Department may unilaterally terminate the Agreement if Grantee refuses to allow public access to Public Records as required by law.

2. Additional Public Records Duties of Section 119.0701, F.S., If Applicable.

For the purposes of this paragraph, the term “contract” means the “Agreement.” If Grantee is a “contractor” as defined in section 119.0701(1)(a), F.S., the following provisions apply and the contractor shall:

- a. Keep and maintain Public Records required by Department to perform the service.
- b. Upon request, provide Department with a copy of requested Public Records or allow the Public Records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.
- c. A contractor who fails to provide the Public Records to Department within a reasonable time may be subject to penalties under section 119.10, F.S.
- d. Ensure that Public Records that are exempt or confidential and exempt from Public Records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the Public Records to Department.
- e. Upon completion of the contract, transfer, at no cost, to Department all Public Records in possession of the contractor or keep and maintain Public Records required by Department to perform the service. If the contractor transfers all Public Records to Department upon completion of the contract, the contractor shall destroy any duplicate Public Records that are exempt or confidential and exempt from Public Records disclosure requirements. If the contractor keeps and maintains Public Records upon completion of the contract, the contractor shall meet all applicable requirements for retaining Public Records. All Public Records stored electronically must be provided to Department, upon request from Department’s custodian of Public Records, in a format specified by Department as compatible with the information technology systems of Department. These formatting requirements are satisfied by using the data formats as authorized in the contract or Microsoft Word, Outlook, Adobe, or Excel, and any software formats the contractor is authorized to access.

f. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, F.S., TO THE CONTRACTOR’S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE CONTRACT, CONTACT THE DEPARTMENT’S CUSTODIAN OF PUBLIC RECORDS AT:

Telephone: (850) 245-2118
Email: public.services@floridadep.gov
Mailing Address: Department of Environmental Protection
ATTN: Office of Ombudsman and Public Services
Public Records Request

Tallahassee, Florida 32399

**STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
Special Audit Requirements
(State and Federal Financial Assistance)**

Attachment 5

The administration of resources awarded by the Department of Environmental Protection (*which may be referred to as the "Department", "DEP", "FDEP" or "Grantor", or other name in the agreement*) to the recipient (*which may be referred to as the "Recipient", "Grantee" or other name in the agreement*) may be subject to audits and/or monitoring by the Department of Environmental Protection, as described in this attachment.

MONITORING

In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F-Audit Requirements, and Section 215.97, F.S., as revised (see "AUDITS" below), monitoring procedures may include, but not be limited to, on-site visits by DEP Department staff, limited scope audits as defined by 2 CFR 200.425, or other procedures. By entering into this Agreement, the recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Department of Environmental Protection. In the event the Department of Environmental Protection determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in 2 CFR §200.330

1. A recipient that expends \$1,000,000 or more in Federal awards in its fiscal year, must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F. EXHIBIT 1 to this Attachment indicates Federal funds awarded through the Department of Environmental Protection by this Agreement. In determining the federal awards expended in its fiscal year, the recipient shall consider all sources of federal awards, including federal resources received from the Department of Environmental Protection. The determination of amounts of federal awards expended should be in accordance with the guidelines established in 2 CFR 200.502-503. An audit of the recipient conducted by the Auditor General in accordance with the provisions of 2 CFR Part 200.514 will meet the requirements of this part.
2. For the audit requirements addressed in Part I, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR 200.508-512.
3. A recipient that expends less than \$1,000,000 in federal awards in its fiscal year is not required to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F-Audit Requirements. If the recipient expends less than \$1,000,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F-Audit Requirements, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from non-federal entities).
4. The recipient may access information regarding the Catalog of Federal Domestic Assistance (CFDA) via the internet at <https://sam.gov/content/assistance-listings>.

Attachment 5

1 of 7

PART II: STATE FUNDED

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2), Florida Statutes.

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of \$750,000 in any fiscal year of such recipient (for fiscal years ending June 30, 2017, and thereafter), the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, F.S.; Rule Chapter 69I-5, F.A.C., State Financial Assistance; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this form lists the state financial assistance awarded through the Department of Environmental Protection by this agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Environmental Protection, other state agencies, and other nonstate entities. State financial assistance does not include federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, paragraph 1; the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.
3. If the recipient expends less than \$750,000 in state financial assistance in its fiscal year (for fiscal year ending June 30, 2017, and thereafter), an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the recipient expends less than \$750,000 in state financial assistance in its fiscal year, and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).
4. For information regarding the Florida Catalog of State Financial Assistance (CSFA), a recipient should access the Florida Single Audit Act website located at <https://apps.fldfs.com/fsaa> for assistance. In addition to the above websites, the following websites may be accessed for information: Legislature's Website at <http://www.leg.state.fl.us/Welcome/index.cfm>, State of Florida's website at <http://www.myflorida.com/>, Department of Financial Services' Website at <http://www.fldfs.com/> and the Auditor General's Website at <http://www.myflorida.com/audgen/>.

PART III: OTHER AUDIT REQUIREMENTS

(NOTE: This part would be used to specify any additional audit requirements imposed by the State awarding entity that are solely a matter of that State awarding entity's policy (i.e., the audit is not required by Federal or State laws and is not in conflict with other Federal or State audit requirements). Pursuant to Section 215.97(8), Florida Statutes, State agencies may conduct or arrange for audits of State financial assistance that are in addition to audits conducted in accordance with Section 215.97, Florida Statutes. In such an event, the State awarding agency must arrange for funding the full cost of such additional audits.)

PART IV: REPORT SUBMISSION

1. Copies of reporting packages for audits conducted in accordance with 2 CFR Part 200, Subpart F-Audit Requirements, and required by PART I of this form shall be submitted, when required by 2 CFR 200.512, by or on behalf of the recipient directly to the Federal Audit Clearinghouse (FAC) as provided in 2 CFR 200.36 and 200.512
 - A. The Federal Audit Clearinghouse designated in 2 CFR §200.501(a) (the number of copies required by 2 CFR §200.501(a) should be submitted to the Federal Audit Clearinghouse), at the following address:

By Mail:

Federal Audit Clearinghouse
Bureau of the Census
1201 East 10th Street
Jeffersonville, IN 47132

Submissions of the Single Audit reporting package for fiscal periods ending on or after January 1, 2008, must be submitted using the Federal Clearinghouse's Internet Data Entry System which can be found at <http://harvester.census.gov/facweb/>

2. Copies of financial reporting packages required by PART II of this Attachment shall be submitted by or on behalf of the recipient directly to each of the following:

- A. The Department of Environmental Protection at one of the following addresses:

By Mail:

Audit Director

Florida Department of Environmental Protection
Office of Inspector General, MS 40
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000

Electronically:

FDEPSingleAudit@dep.state.fl.us

- B. The Auditor General's Office at the following address:

Auditor General
Local Government Audits/342
Claude Pepper Building, Room 401
111 West Madison Street
Tallahassee, Florida 32399-1450

The Auditor General's website (<http://flauditor.gov/>) provides instructions for filing an electronic copy of a financial reporting package.

3. Copies of reports or management letters required by PART III of this Attachment shall be submitted by or on behalf of the recipient directly to the Department of Environmental Protection at one of the following addresses:

By Mail:

Audit Director

Florida Department of Environmental Protection
Office of Inspector General, MS 40
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000

Electronically:

FDEPSingleAudit@dep.state.fl.us

4. Any reports, management letters, or other information required to be submitted to the Department of Environmental Protection pursuant to this Agreement shall be submitted timely in accordance with 2 CFR 200.512, section 215.97, F.S., and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, as applicable.

Attachment 5

3 of 7

5. Recipients, when submitting financial reporting packages to the Department of Environmental Protection for audits done in accordance with 2 CFR 200, Subpart F-Audit Requirements, or Chapters 10.550 (local governmental entities) and 10.650 (non and for-profit organizations), Rules of the Auditor General, should indicate the date and time the reporting package was delivered to the recipient and any correspondence accompanying the reporting package.

PART V: RECORD RETENTION

The recipient shall retain sufficient records demonstrating its compliance with the terms of the award and this Agreement for a period of **five (5)** years from the date the audit report is issued, and shall allow the Department of Environmental Protection, or its designee, Chief Financial Officer, or Auditor General access to such records upon request. The recipient shall ensure that audit working papers are made available to the Department of Environmental Protection, or its designee, Chief Financial Officer, or Auditor General upon request for a period of **three (3)** years from the date the audit report is issued, unless extended in writing by the Department of Environmental Protection.

EXHIBIT – 1

FUNDS AWARDED TO THE RECIPIENT PURSUANT TO THIS AGREEMENT CONSIST OF THE FOLLOWING:

Note: If the resources awarded to the recipient represent more than one federal program, provide the same information shown below for each federal program and show total federal resources awarded

Federal Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following:					
Federal Program A	Federal Agency	CFDA Number	CFDA Title	Funding Amount	State Appropriation Category
				\$	
Federal Program B	Federal Agency	CFDA Number	CFDA Title	Funding Amount	State Appropriation Category
				\$	

Note: Of the resources awarded to the recipient represent more than one federal program, list applicable compliance requirements for each federal program in the same manner as shown below:

Federal Program A	First Compliance requirement: i.e.: (what services of purposes resources must be used for)	
	Second Compliance requirement: i.e.: (eligibility requirement for recipients of the resources)	
	Etc.	
	Etc.	
Federal Program B	First Compliance requirement: i.e.: (what services of purposes resources must be used for)	
	Second Compliance requirement: i.e.: (eligibility requirement for recipients of the resources)	
	Etc.	
	Etc.	

Note: If the resources awarded to the recipient for matching represent more than one federal program, provide the same information shown below for each federal program and show total state resources awarded for matching.

State Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following Matching Resources for Federal Programs:					
Federal Program A	Federal Agency	CFDA	CFDA Title	Funding Amount	State Appropriation Category
Federal Program B	Federal Agency	CFDA	CFDA Title	Funding Amount	State Appropriation Category

Note: If the resources awarded to the recipient represent more than one state project, provide the same information shown below for each state project and show total state financial assistance awarded that is subject to section 215.97, F.S.

State Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following Resources Subject to Section 215.97, F.S.:						
State Program A	State Awarding Agency	State Fiscal Year ¹	CSFA Number	CSFA Title or Funding Source Description	Funding Amount	State Appropriation Category
	General Appropriations Act Line Item #1797A- Grants in Aid to Local Governments and Nonstate Entities – Fixed Capital Outlay – Local Parks from General Revenue	2023-2024	37.085	Grants in Aid to Local Governments and Nonstate Entities	\$522,639.00	
State Program B	State Awarding Agency	State Fiscal Year ²	CSFA Number	CSFA Title or Funding Source Description	Funding Amount	State Appropriation Category

Total Award	\$522,639.00	
-------------	--------------	--

Note: List applicable compliance requirement in the same manner as illustrated above for federal resources. For matching resources provided by the Department for DEP for federal programs, the requirements might be similar to the requirements for the applicable federal programs. Also, to the extent that different requirements pertain to different amount for the non-federal resources, there may be more than one grouping (i.e. 1, 2, 3, etc.) listed under this category.

¹ Subject to change by Change Order.

² Subject to change by Change Order.

For each program identified above, the recipient shall comply with the program requirements described in the Catalog of Federal Domestic Assistance (CFDA) [<https://sam.gov/content/assistance-listings>] and/or the Florida Catalog of State Financial Assistance (CSFA) [<https://apps.fldfs.com/fsaa/searchCatalog.aspx>], and State Projects Compliance Supplement (Part Four: State Projects Compliance Supplement [https://apps.fldfs.com/fsaa/state_project_compliance.aspx]). The services/purposes for which the funds are to be used are included in the Agreement's Grant Work Plan. Any match required by the Recipient is clearly indicated in the Agreement.

ATTACHMENT 6

1. Project Submittal Forms.

Administrative Forms, Reimbursement Forms, and Guidelines referenced in this Agreement may be found at <https://floridadep.gov/lands/land-and-recreation-grants/content/frdap-assistance>, or by contacting the Department's Grant Manager.

2. Notice to Commence.

Prior to commencement of the Project, the Grantee shall submit to the Department for approval:

- i. Commencement certification;
- ii. A boundary survey of the project site which includes a legal description and sketch of the site's boundaries, displays known easements and encroachments, if any, by legally sufficient to identify the site, and must be signed and sealed by a professional surveyor and mapper licensed under provisions of Chapter 472, F.S.;
- iii. The results of a title search and the opinion prepared by a member of the Florida Bar or licensed title insurer of the project area covering the thirty (30) year period prior to approval by the Department, which attest to a clear title owned by the grantee, with no liens, encumbrances or taxes held against the property or a copy of title insurance; and

The Grantee may use the FRDAP Commencement Documentation Checklist, DRP-107 to help meet these requirements and may use the Commencement Certification, DRP-108 to satisfy requirement 2.i. In addition to the Items i. through iii. above, the Grantee shall submit a copy of any executed subcontracts to the Department. Upon satisfactory approval by the Department, the Department will issue written "Notice to Commence" to the Grantee to commence the Project.

The Grantee SHALL NOT proceed until the Department issues the "Notice to Commence." The Grantee shall commence Task Performance **within 90 days** after the "Notice to Commence" is issued by the Department unless extended by the Department for good cause. Until the Department issues the "Notice to Commence," the Department is not obligated to pay or reimburse Grantee for fees, costs, or general expenses of any kind that were incurred prior to the "Notice to Commence."

3. Project Completion.

All work under this Agreement must be completed no later than 60 days before the expiration date of the Agreement, known as the "Project Completion Date." The Department may require the Grantee to do additional work before designating the Project "complete." If the Project has not been designated as complete by the Department by midnight of the Date of Expiration, the Project funds will revert to the revenue fund from which they were appropriated.

4. Project Completion Certification.

To certify completion, the Grantee will submit to the Department a Project Completion Certification. The Grantee may use the FRDAP Project Completion Certification, DRP-112, available online and incorporated herein by reference to satisfy this requirement. The Project must be designated complete prior to the Department releasing final reimbursement. The Department shall designate the Project complete upon receipt and approval of all deliverables and when Project site is open and available for use by the public for outdoor recreation purposes. The Department will release the retainage when the Department approves the Completion Documentation. The final payment of the retained amount will be processed within thirty (30) days of the Project designated complete by the Department.

5. The following is added to paragraph 8, Attachment 1, Standard Terms and Conditions:

- k. **Project Costs.** The Department will reimburse Project costs as provided herein. Project Costs shall be incurred between the effective date of the Agreement, and the Project Completion Date as set forth in the Project Completion Certification determined and identified herein. If the total cost of the Project exceeds the grant amount and the required match (if applicable), Grantee must pay the excess cost.

6. The following replaces paragraph 10, Attachment 1, Standard Terms and Conditions:

Status Reports.

- a. The Grantee must utilize the Legislative Line Item Status Report, available online and incorporated herein by reference, to describe the work performed during the reporting period, problems encountered, problem resolutions, schedule updates and proposed work for the next reporting period. The Project Status Reports must be submitted to the Department's Grant Manager no later than April 20, July 20, October 20 and January 20. The Department's Grant Manager has thirty (30) calendar days to review the required reports and deliverables submitted by the Grantee.

7. Procurement Requirements for Grantee.

The Grantee must secure all goods and services for the Project according to its adopted procurement procedures.

8. Termination and Ineligibility.

In addition to the remedies provided elsewhere in this Agreement, if the Grantee fails to comply with the terms stated in this Agreement, the Department will terminate this Agreement and demand return of the legislative line item funding (including interest). Further, the Grantee agrees to ensure that all necessary permits are obtained prior to implementing any Grant Work Plan activity that may fall under applicable federal, state, or local laws.

Agenda Date	December 2, 2025	Item No	7.B.
Section	CONSENT AGENDA	Category	Consent - Resolution
Subject	Work Authorization - Master Planning for the West Ormond Recreational and Community Center		
Recommended Action	Staff recommends approval of the Work Authorization with Kimley Horn Consultants, Inc., for master planning for the West Ormond Recreational and Community Center.		
Strategic Goal	Quality of Life - Pursue the expansion of recreation fields in Ormond Beach and prioritize the projects in the City's current Park & Recreation Master Plan for funding and development.		
Department Staff Contact	Economic Development		

Summary

This is a request to award a work authorization to Kimley Horn in the amount of \$122,710 for the master planning of the West Ormond Recreational and Community Center.

In 2023, the City was awarded state appropriations in the amount of \$522,639 from the General Revenue Fund of the General Appropriation Act to the City as a 50% match for the planning and design of a West Ormond Recreational and Community Center.

The Parks & Recreation Master Plan identified the need to provide recreational space and programming to residents on the west side of the city to provide equitable access to recreational amenities and programs. The Ormond Crossings Development Agreement requires the developer to provide 20 acres for recreation purposes. Staff, working with the developer, has identified a 20-acre site that is suitable for the development of a recreational facility and sports grounds.

The City Commission approved the partial execution of a grant with the DEP for design and pre-development activities. When signed by the State, the grant will fund 50% of the project's design cost.

Staff negotiated the scope of work and cost with Kimley Horn, a City Continuing Services Contractor under the Continuing Contract for Parks and Recreation, RFQ 2023-16. The scope of

work is for a master planning process which is intended to capture input from the City Commission, appropriate advisory boards, and Ormond Beach residents and stakeholders to identify the preferred facility for the City. The proposed design cost is \$122,710.

Financial Impact

The total cost of the master planning process is approximately \$122,710. The City has received a funding commitment for this project from the State Legislature in the form of general appropriations. The City's share is available in Fund 310 - Parks & Recreation Impact Fee Fund.

Citizen Impact

This project will positively impact the residents of Ormond Beach by paving the way for additional recreational facilities in the City.

RESOLUTION NO. 2025-188

A RESOLUTION AUTHORIZING THE EXECUTION OF A WORK AUTHORIZATION BETWEEN THE CITY OF ORMOND BEACH AND KIMLEY-HORN AND ASSOCIATES, INC., FOR PROFESSIONAL SERVICES TO DEVELOP A MASTER PLAN FOR THE WEST ORMOND RECREATIONAL AND COMMUNITY CENTER; AUTHORIZING PAYMENT THEREFORE; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City and Kimley-Horn and Associates, Inc. entered into a Continuing Consultant Agreement on May 21, 2024 for the purpose of providing professional consulting services to develop a master plan for the West Ormond Recreational and Community Center (the Project) as described in the attached Work Authorization at a cost not to exceed \$122,710.00, and

WHEREAS, the City Manager has certified that funds have been appropriated to the credit of the Parks and Recreation Impact Fee Fund (310) and a DEP grant for the Project and have not been appropriated for any other purpose, and

WHEREAS, the City Commission concurs with the foregoing recommendations, now therefore,

**BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF
ORMOND BEACH, FLORIDA, THAT:**

SECTION ONE. The Mayor and City Manager are hereby authorized and directed to execute a Work Authorization, a copy being attached hereto, between the City and Kimley-Horn and Associates, Inc. for the provision of professional consulting services for the Project at a cost not-to-exceed \$122,710.00, and to pay the cost thereof from Fund 310, the Parks & Recreation Impact Fee Fund and the DEP grant.

SECTION TWO. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 2nd day of December, 2025.

I. COMPLIANCE WITH FLORIDA PUBLIC RECORDS LAW

Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

- (a) Keep and maintain public records required by the City to perform the contracted service.
- (b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.
- (d) Upon completion of the contract transfer, at no cost to the City, all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.
- (e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

**CITY CLERK
22 SOUTH BEACH STREET
ORMOND BEACH, FLORIDA 32174 (386) 610-0400
CITYCLERK@ORMONDBEACH.ORG**

Ref: Fla. Stat. §119.0701(2016)

II. VERIFICATION OF EMPLOYMENT STATUS USING E-VERIFY SYSTEM

1. Section 448.09, *Florida Statutes*, makes it unlawful for any person to knowingly employ, hire, recruit, or refer, either for herself or himself, or on behalf of another, for private or public employment within the state, an alien who is not duly authorized to work in the United States. Contractor warrants that it is registered with the U.S. Department of Homeland Security's E-Verify system, and is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.

2. Contractor agrees that if the contractor enters into an agreement with a subcontractor, the subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and contractor warrants it shall maintain any such affidavits for the duration of the contract. If the City has a good faith belief that a subcontractor knowingly violated Section 448.09 (1), the City shall promptly notify the contractor and order the contractor to immediately terminate the contract with the subcontractor.

3. In the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and as provided by statute, the contractor may not be awarded a public contract for at least one (1) year after the date of termination. The contractor may also be held liable for any additional costs incurred by the City as a result of the termination of the contract.

**Re: West Ormond Recreation Center – Master Plan
City of Ormond Beach, Volusia County, Florida**

Dear Alex:

Kimley-Horn and Associates, Inc. (“Kimley-Horn” or “Consultant”) submits this Letter of Agreement (“Agreement”) to the City of Ormond Beach (“Client”) for providing professional consulting services per the terms of the Continuing Consultant Agreement dated May 21, 2024, for the West Ormond Recreation Center (“Project”).

Project Understanding

Kimley-Horn understands that the Client wishes to develop a shovel-ready recreation park on an approximately 20-acre site located within the planned mixed-use development of Ormond Crossings, in Ormond Beach, Volusia County, FL. See *Figure A – Ormond Crossings Conceptual Park Plan*. The first step to start this Project will be to complete a master plan for the reaction facility.

This space left blank intentionally

Figure 'A' - Ormond Crossings Conceptual Park Plan, Meritage Homes, Dated 6/7/2024

The following program elements were discussed during a meeting held on November 1, 2024, with the Client. The Consultant understands the Project's program elements may include:

- Recreation Center (40,000 – 70,000 SF)
- Soccer, Football, and/or Lacrosse Fields
- Baseball and/or Softball Fields
- Basketball Courts, Tennis Courts, and/or Pickleball Courts
- Splash Pad, Restroom Facility
- Open-air pavilions, Grilling Areas, Playground
- Parking for approximately 200 vehicles

It is understood the Project may serve as many as 10,000 people. The community will use the recreation facilities in the evenings for sporting events. The stormwater pond shown on the west side of the property may need to be increased in size or reshaped to accommodate the program elements of the Project. It is also understood that the Project will connect with a larger City trail system.

Assumptions

In preparation of this Agreement, the Consultant understands the following:

- It is anticipated that a scope of work for construction and permitting documents will be further defined and developed based on the approved Master Plan.
- The Client will provide an AutoCAD file of the site including the boundary.
- Permitting, entitlements, and rezoning, if required are not included in this scope of services but can be provided as an Additional Service.
- Environmental Services, detailed analysis of stormwater, floodplain encroachment, and wetland mitigation are not included in this scope of services.

Scope of Services

Kimley-Horn will provide the services specifically set forth below.

Task 1 – Data Collection/Site Analysis

Kimley-Horn will collect and analyze data associated with the site and surrounding areas to assist in evaluating the opportunities and constraints related to the development of the proposed Project. As part of this task, Consultant will:

- A. Prepare Project Base Maps – Consultant will prepare a base map utilizing aerial imagery, Lidar information, and the Client provided AutoCAD file of the site (as available).
- B. Research Recreation Facilities – Consultant will review the study prepared by Client on comparable modern recreation facilities. Additionally, Consultant will conduct site visits to the Nova Community Center, Southern Ormand Neighborhood Center, Ormond Beach Sports Complex, and Ormond Beach YMCA to review the current park facilities.
- C. Site Analysis and Inventory - Consultant shall obtain all available information concerning the existing site and adjacent, offsite projects for which there is available information.
- D. Conceptual Utility Layout – Consultant will review available as-builts and utility maps from infrastructure/utility service providers, identifying potential connections to existing utilities and future utilities.
- E. Conceptual Stormwater Layout – Consultant will review available as-builts, contour mapping, survey, wetland mapping, floodplain, and soil data. Analysis of existing topography, historical flow patterns, and required stormwater criteria to identify locations of proposed stormwater ponds. No stormwater modeling or water quality calculations are included in this task. Consultant will identify potential environmental concerns related to soil conditions, wetlands, and floodway/floodplain.

Deliverable

Upon completion of this task, Consultant will deliver a Memo of Findings in PDF format outlining the assessed items mentioned above.

Meetings

One (1) Client meeting via conference call is anticipated with this task to review the Memo of Findings

Task 2 – Project Visioning & Conceptualization

Kimley-Horn will provide Visioning and Conceptualization services. Visioning is the art of establishing the conceptual look, feel, and style of the Project. The vision is an idealistic view of the desired outcome of the Project after completion. This includes identifying the program elements, visual character, and physical form. Consultant will organize a Visioning and Conceptualization workshop with the Client. This will be an in-person meeting lasting approximately ½ day. The workshop will be attended by staff identified by the Client and held at a location and time determined and coordinated by the Client. The following items will facilitate identifying and documenting the Project vision.

- A. Benchmarking:
Kimley-Horn will research similar projects (Benchmarks) to assist with project scale, proportion, mood, character, and proposed program elements.
- B. Style and Character Boards:
Kimley-Horn will provide Style and Character Boards depicting options for the style(s) of building architecture and program elements using photographs and sketches.
- C. Vision Plan:
Kimley-Horn will produce a Conceptual Bubble Plan that reflects the decisions made regarding the placement of program elements identified during the visioning process. The bubble plan will become the basis for the future master plan.

Deliverable

Upon completion of this task, Consultant will gather all the data and designs produced during this phase of the Work and format the information into a booklet in PDF format documenting the work produced. This information will be used in Task 3.

Meetings

One (1) ½ day workshop with Client and City staff

One (1) Client meeting via conference call is anticipated with this task to review the document of work produced

Task 3 – Stakeholder and Community Engagement

Kimley-Horn will prepare for and facilitate three (3) meetings - one (1) meeting with the City of Ormond Beach City Commission, one (1) meeting with the City of Ormond Beach Leisure Services Advisory Board, and one (1) meeting with the public. The meetings will be held at a location and time determined and coordinated by the Client. Consultant will coordinate with the Client's Project Manager to develop the meeting format, content, and exercises. The purpose of the meetings is to solicit opinions related to the on-site opportunities and constraints, to solicit input regarding desired features, and to identify the program elements for the Project. Additional community engagement meetings can be provided as an Additional Service. As part of this task, Consultant will:

- A. Develop content for stakeholder and community engagement meetings. This will include:
 - 1. Project aerial and base map
 - 2. Existing conditions photos

3. Conceptual Bubble Plan from Visualization & Conceptualization task
4. Design imagery of relevant features and program elements
5. Site Furnishings

Consultant will work with the Client to develop a survey using SurveyMonkey to gather valuable insights from city residents regarding preferences for specific program elements for the Project. Consultant will develop a set of questions that will meet the research objectives. Client will be responsible for designing and distributing the survey to the target audience using various channels such as email invitations, social media, and embedded website links.

Deliverable

Upon completion of this task, Consultant will collect the information gathered during this phase of the Work and format the information into a booklet in PDF format documenting the outcome of the three (3) meetings. This information will be used in Task 4. The document will include:

- Summary of materials presented at three (3) meetings
- Summary of input received from the three (3) groups

Consultant will provide questions developed for the SurveyMonkey.

Meetings

One (1) meeting with the City of Ormond Beach City Commission

One (1) meeting with the City of Ormond Beach Leisure Services Advisory Board

Two (2) meetings with the public

One (1) Client meeting via conference call is anticipated with this task to review the questions for the SurveyMonkey

One (1) Client meeting via conference call is anticipated with this task to review the booklet documenting the three (3) meetings

Task 4 – Master Planning

Kimley-Horn will prepare a Master Plan for the Client's internal review, financial analysis, and Client approval. The Master Plan will incorporate comments and input received in Tasks 2 and 3. Consultant will:

- A. Prepare up to two (2) Draft Master Plan Alternatives, identifying park program elements, features, building location, and spatial relationships between different uses. Each Alternative will also identify proposed access, pedestrian circulation, vehicular circulation, parking, supporting facilities, shade structures, landscape enhancements, and potential stormwater improvements.
- B. Consultant will update the Style and Character Boards from Task 2 to illustrate the vision of the Master Plan.
- C. Consultant will meet with Client to review the two (2) Draft Master Plans to obtain feedback and comments. Client will choose a preferred Draft Master Plan Alternative. Consultant will address two (2) rounds of comments from the Client on the preferred Draft Master Plan. Once all comments have been addressed, a Final Master Plan will be prepared based on the comments received.
- D. Consultant will attend a City Commission meeting to present the Final Master Plan.

- E. Significant site plan revisions or Value Engineering after completing the Final Master Plan will be billed as an Additional Service.

Notes:

1. Consultant will prepare the various Master Planning documents utilizing a combination of graphic techniques including hand-drawn, Photoshop, SketchUp, and AutoCAD at appropriate scales.
2. Buildings/structures on the Final Master Plan are conceptual and are intended to illustrate approximate building masses for future design development. Consultant has not included the scope and fee for detailed building architecture.

Deliverable

Upon completion of the above task, Consultant shall deliver to the Client one (1) Final Master Plan and the Style and Character Boards in PDF format. The final sheet size of the Master Plan shall be determined during the master planning process. Paper copies of the Master Plan may be provided if requested.

Meetings

Three (3) Client meetings are anticipated with this task to review the Draft Master Plan

One (1) Client meeting is anticipated to review the Final Master Plan

One (1) City Commission meeting to present the Final Master Plan

Task 5 – Opinion of Probable Construction Cost (OPCC)

Upon completion of Task 4, Kimley-Horn will prepare an Opinion of Probable Construction Cost (OPCC). This OPCC will be based on the recent experience of similar Consultant projects. This OPCC will be a one-time assessment. Providing revisions to the OPCC will be billed as an Additional Service.

Consultant has no control over the cost of labor, materials, equipment, or over the Contractor's methods of determining prices or over competitive bidding or market conditions. Opinions of probable costs provided will be based on the information known to Consultant at that time and represent only Consultant's judgment as a design professional familiar with the construction industry. Consultant cannot and does not guarantee that proposals, bids, or actual construction costs will not vary from its opinions of probable costs.

Deliverable

Consultant will deliver OPCC in PDF format.

Meetings

One (1) Client meeting via conference call is anticipated with this task to review the OPCC

Task 6 - Funding Research

Consultant will research funding opportunities and prepare a Matrix of Funding Opportunities of potential funding pursuits that may assist in offsetting the cost of the infrastructure and/or other improvements identified for the Project. The Matrix will provide information such as the name of the funding source; description of possible use of the funds, grant, or loan; specific terms/conditions; and the next deadline for submittal, as may be applicable and available. This task does not include the preparation of any grant applications.

Deliverable

Consultant will deliver the Matrix of Funding Opportunities in PDF format.

Meetings

One (1) Client meeting via conference call is anticipated with this task to review the Matrix of Funding Opportunities

Task 7 – Meetings/Coordination

Kimley-Horn will attend in-person meetings, virtual meetings, and/or conference calls as requested by the Client. The meetings can be scheduled and held by the Client and/or Consultant. Consultant will conduct monthly reviews of project progress to ensure compliance with the approved fee budget and schedule. This will include coordination with the Client, updates to the project schedule, and preparation of monthly invoices.

Deliverable

Upon the completion of the meetings, Consultant will prepare a summary of the meeting (PDF format) to be delivered to the Client for their records.

Additional Services

Any services not specifically provided for in the above scope will be billed as additional services and performed at Kimley-Horn's then-current hourly rates. Additional services Kimley-Horn can provide include but are not limited to, the following:

- Civil and Traffic Engineering Services for on-site and off-site plan improvements
- FEMA/Floodplain analysis and Conditional Letter of Map Revision (CLOMR)
- Landscape Architectural construction documentation
- Preparation of grant applications
- Permitting of any kind
- Stormwater design
- Parking analysis
- Structured parking design
- Lighting design services
- Surveying Services
- Geotechnical Services
- Signage Design Services
- Permit / Review Fees
- Environmental Engineering Services
- LEED Services

Information Provided By Client

Kimley-Horn shall be entitled to rely on the completeness and accuracy of all information provided by the Client or the Client's consultants or representatives. The Client shall provide all information requested by Kimley-Horn during the project, including but not limited to the following:

- Client has provided an AutoCAD file of the site labeled “23091-Ormond Crossings Concept Plan_2024-08-07.dwg”

Schedule

Kimley-Horn will perform the services as expeditiously as practicable with the goal of meeting a mutually agreed upon schedule.

Fee and Expenses

Kimley-Horn will perform the services in Tasks 1 - 7 for the total lump sum labor fee below inclusive of expenses.

Task Number & Name		Fee	Type
1	Data Collection/Site Visit	\$15,560	Lump Sum
2	Project Visioning and Conceptualization	\$16,255	Lump Sum
3	Stakeholder and Community Engagement	\$24,050	Lump Sum
4	Master Planning	\$35,060	Lump Sum
5	Opinion of Probable Construction Costs	\$8,990	Lump Sum
6	Funding Research	\$3,380	Lump Sum
7	Meetings/Coordination	\$14,415	Lump Sum
	Expenses	\$5,000	
Total		\$122,710	

Lump sum fees and expenses will be invoiced monthly based upon the overall percentage of services performed. Payment will be due within 25 days of your receipt of the invoice and should include the invoice number and Kimley-Horn project number.

This space left blank intentionally

Closure

To proceed with the services, please have an authorized person sign this Agreement in the spaces provided below and return a copy to us. Fees and times stated in this Agreement are valid for sixty (60) days after the date of this letter.

We appreciate the opportunity to provide these services to you. Please contact me if you have any questions.

Sincerely,

KIMLEY-HORN AND ASSOCIATES, INC.

John Griffin, PLA
Project Manager

Staff Report

Agenda Date	December 2, 2025	Item No	7.C.
Section	CONSENT AGENDA	Category	Consent - Resolution
Subject	Grant Submittal - Daytona Beach Racing and Recreational Facilities District, LED Field Lighting		
Recommended Action	Staff recommends approval to submit a grant proposal for this project.		
Strategic Goal	Quality of Life - Recognized as a leader in Parks & Recreation through the offering of diverse, high-quality parks and natural spaces.		
Department Staff Contact	Finance - Grants Loretta Moisio, Grants Coordinator		

Summary

This is a request for the City Commission to authorize the submittal of a grant application to the Daytona Beach Racing and Recreational Facilities District for funding assistance in the amount of \$300,000 for the installation of LED lighting to multipurpose fields 11 and 12 at the Ormond Beach Sports Complex.

This project is in the approved FY 2025-2026 Capital Improvement Program (CIP). The installation of LED lighting to multipurpose fields 11 and 12 will further the goal of providing LED lighting to all fields in the Sports Complex. LED lighting is already on most fields at the Sports Complex with the exceptions of the T-ball fields, the Kiwanis Baseball Field, and multipurpose fields 11 and 12. LED lighting reduces the impacts on the environment by lowering energy consumption, CO2 and waste and is a far more environmentally friendly, energy efficient and an economically viable option compared to traditional methods, such as fluorescent and halogen lighting. LEDs contain no environmentally harmful substances and with long life expectancy, the impact on the environment will be minimized. The LED fixtures are expected to have an operational life of between 35,000 to 50,000 hours. With a 25-year warranty, and due to the long-life expectancy and superior construction design of LED lighting units, operational and maintenance costs will be minimal.

The Daytona Beach Racing and Recreational Facilities District was created to fund and build the Daytona International Speedway. Over the years, it has funded more than \$10 million in support of area projects. In 2009, the District provided \$300,000 over 3 years for the construction of the

Limitless Playground at the Ormond Beach Sports Complex, and in 2020, \$235,200 over 2 years for the construction of an additional gymnasium at the South Ormond Neighborhood Center. All completed funding applications are due **no later than 2:00 p.m. on Tuesday, January 6, 2026**, three weeks prior to the review meeting. The District holds 2 grant meetings each year, one in January and one in July, to review funding requests, to ask questions of applicants, and to make funding recommendations. The next grant funding meeting is planned for January 27, 2026.

All District funding is at its discretion and is often granted over a two-or-three-year period. Funding is given to projects that are located within the District's boundaries and which benefit residents living within the District.

Financial Impact

The total estimated for this project is \$413,800. With a grant request of \$300,000, the remaining \$113,800 will be derived from the Recreation Impact Fee Fund (310).

Citizen Impact

The Ormond Beach Sports Complex is a very active recreational facility with a variety of amenities situated on approximately 130 acres. The City strives to implement green technologies that have low impact on the environment. Over the past several years, staff has been working, in conjunction with the Parks and Recreation Advisory Board, to implement LED lighting projects on recreational facilities. **This grant request would include adding LED lighting to multipurpose fields 11 and 12.** Environmental impact will be reduced by lowering energy consumption, CO2 and waste and will provide increased safety, better game quality, and more playing time. The total estimated project cost is estimated at \$413,800. With a grant request of \$300,000, the remaining \$113,800 will be derived from the Recreation Impact Fee Fund (310).

RESOLUTION NO. 2025-189

A RESOLUTION AUTHORIZING THE SUBMITTAL OF A GRANT APPLICATION TO THE DAYTONA BEACH RACING AND RECREATIONAL FACILITIES DISTRICT FOR FUNDING ASSISTANCE RELATIVE TO LED LIGHTING TO FIELDS 11 AND 12 AT THE ORMOND BEACH SPORTS COMPLEX; AUTHORIZING THE EXECUTION OF ALL DOCUMENTS INCIDENTAL THERETO, INCLUDING ANY CONTRACT NECESSARY FOR THE CITY TO ACCEPT THE GRANT AWARD; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City Commission desires to purchase LED lighting for Fields 11 and 12 at the Ormond Beach Sports Complex, the total cost of which is estimated to be approximately \$413,800.00 (“the Project”), and

WHEREAS, the Daytona Beach Racing and Recreational Facilities District has a current grant cycle open from which the City can request funding assistance in the amount of \$300,000.00, and

WHEREAS, the City Commission desires to submit a grant application to the Daytona Beach Racing and Recreational Facilities District (a copy of which is attached hereto and incorporated herein by reference) for the purpose of obtaining funding assistance in the amount of \$300,000.00 for the Project, and

WHEREAS, the City Manager hereby certifies that funds for the City’s portion of the Project will be derived from the Recreation Impact Fee Fund in the amount of \$113,800.00; now therefore

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, VOLUSIA COUNTY, FLORIDA, THAT:

SECTION ONE. The City Manager or her designee is hereby authorized and directed to submit a grant application, including any and all documents that are necessary and incidental thereto, to the Daytona Beach Racing and Recreational Facilities District in the amount of \$300,000.00 for the purpose of purchasing and installing LED lighting to Fields 11 and 12 at the Ormond Beach Sports Complex.

SECTION TWO. The Mayor and City Manager are hereby further authorized and directed to execute any contract, including any and all documents that are necessary and incidental thereto, for the City to accept the grant award.

SECTION THREE. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 2nd day of December, 2025.

December ##, 2025

Ms. Barbara Kelly
Daytona Turkey Run
335 Bill France Boulevard
Daytona Beach, FL 32114

Dear Ms. Kelly:

Thank you for the opportunity to submit the enclosed grant application for the installation of LED lighting on multipurpose fields 11 and 12 at the Ormond Beach Sports Complex. The City's vision is to provide LED lighting to all of its fields to meet the expanding needs of its citizens.

The Ormond Beach Sports Complex has 25 fields, many of which are used for multiple sporting events. Currently, there are four (4) T-ball fields, four (4) full-sized baseball fields, five (5) full-sized softball fields, nine (9) full-sized soccer fields, and three (3) multi-purpose fields. Of the 25 fields, only four do not have LED lighting and they are the T-ball fields, the Kiwanis Baseball Field, and two multi-purpose fields. LED lighting is a far more environmentally friendly, energy efficient and an economically viable option compared to traditional methods, such as fluorescent and halogen lighting. The lower energy usage reduces carbon emissions and is therefore beneficial to the environment. LEDs contain no environmentally harmful substances and with long life expectancy, the impact on the environment is minimized.

The Sports Complex is the only comprehensive sports venue in northeast Volusia County with the capacity to accommodate the needs of local, regional, state, national and international sports programming. The Sports Complex hosts professional, national, regional, college, and high school competitive and recreational events. The facilities' softball, baseball, and soccer fields are designed for the many age groups that utilize them annually. Our "premier stadium" field plays host to soccer and football games for local high schools, Pop Warner football programs, and the Ormond Beach Soccer Club.

The City respectfully requests your financial support during this grant cycle. We hope to create a partnership with the Daytona Beach Racing and Recreational Facilities District to better serve our community and its growing needs. Adding LED lighting to multipurpose fields 11 and 12 will assist in the City's overall goal of continuing to provide exemplary sports facilities which maximizes play time for the residents of Volusia County to enjoy.

Thank you for your time and consideration. With this letter, the City of Ormond Beach attests that the information contained in our grant request is true and correct to the best of our knowledge.

Sincerely,

Loretta Moisio
Grants Coordinator

Loretta.Moisio@ormondbeach.org

Project Summary

The Ormond Beach Sports Complex is a very active recreational facility with a large variety of amenities situated on approximately 130 acres. The Complex is bounded on the southeast corner by the Ormond Beach Municipal Airport and on the west by residential development. The Sports Complex has nine (9) full size soccer fields, three (3) multi-purpose fields, four (4) full size baseball fields, four (4) T-ball fields, five (5) softball fields, a shuffleboard facility with six (6) courts, a picnic area, a meeting facility, four (4) concession stands, paved and unpaved parking areas, as well as overflow parking. The Complex is also the site of the Limitless Playground which is an all-inclusive playground for people of all levels and abilities to enjoy as well as another playground which is located near the soccer fields and T-ball fields. This facility hosts professional, national, regional, college and high school competitive and recreational events. The softball, baseball, and soccer fields are used annually by many different age groups. The Champions Field/Stadium hosts soccer and football games for local high schools, Pop Warner football programs, and the Ormond Beach Soccer Club. LED lighting is already on most fields at the Sports Complex with the exceptions of the T-ball fields, the Kiwanis Baseball Field, and two multi-purpose fields. This funding request is for the installation of LED lighting on multipurpose fields #11 and #12.

For fiscal year 2024-2025, there was 105 days of programming consisting of 505 hours on Multipurpose Fields 11 and 12. The fields were used for practices and games by Ormond Beach Pop Warner (Tackle Football and Flag) the Ormond Beach Soccer Club (OBSC), the Daytona Beach Rugby Association and Halifax Academy Football.

The City of Ormond Beach continually strives to implement green technologies that have low impact on the environment. Staff has been working with the Leisure Service Advisory Board to implement LED lighting projects in the five-year Capital Improvement Plan. This project will assist in continuing to implement LED lighting in recreational facilities. LED lighting reduces the impacts on the environment by lowering energy consumption, CO2 and waste and is a far more environmentally friendly, energy efficient and an economically viable option compared to traditional methods, such as fluorescent and halogen lighting. LEDs contain no environmentally harmful substances and with long life expectancy, the impact on the environment is minimized.

Due to the long life expectancies and superior construction design of LEDs, the operational and maintenance costs will be minimal. They will have an operational life of between 35,000 to 50,000 hours. The benefits of LED lighting are numerous: environmentally friendly, energy efficient, longer life, cost savings, simple installation, low maintenance, increased safety and better game quality.

Funding Criteria

General Guidelines:

- 1.) A project for which grant funds are sought from the District (herein "Project") must be situated within the District's boundaries and be for the benefit of persons residing within the District's boundaries. A non-binding sample map of the District's boundaries is attached to these general guidelines.

RESPONSE: The project is located within the District's boundaries at 700 Hull Road, Ormond Beach. The proposed project will be located at the Ormond Beach Sports Complex which is owned, operated and maintained by the City of Ormond Beach. The Ormond Beach Sports Complex is for the benefit of persons residing within the District's boundaries and beyond serving all ages in Ormond Beach and adjacent unincorporated areas of Volusia County.

- 2.) Grant funds sought from the District must be used for a capital project. By way of explanation or example, capital expenses are payments for fixed assets, like buildings and equipment. These items usually have a useful life of more than one year. Capital expenses are not used for day to day items like rent, insurance or utilities.

RESPONSE: This is a capital project as approved by the Ormond Beach City Commission. The grant funds will be used to install LED lighting on multipurpose fields 11 and 12 at the Ormond Beach Sports Complex. This capital project will have a useful life for many years to come.

- 3.) An applicant for receipt of potential grand funds ("Applicant") must:
 - a. Be a non-profit corporation or a governmental entity, and
 - b. Have been in existence for at least four years.

RESPONSE: The City of Ormond Beach is a governmental entity which has been operational for 145 years.

- 4.) The project must be open to the public at least part of the year.

RESPONSE: The Ormond Beach Sports Complex is located on public lands and is open to the public year round in accordance with City of Ormond Beach regulations.

- 5.) The project should provide a recreational and/or educational value.

RESPONSE: In accordance with Objective 1.4 of the City's adopted Comprehensive Plan, Recreation and Open Space Element, "The City shall maintain and improve access to its parks, recreation, and open space areas, facilities, programs, and events and encourage development of facilities, programs, and events of state and regional excellence." The project will provide a significant recreational value to the City of Ormond Beach as a whole throughout the year and specifically the participants in various sports programs as well as other outdoor activities conducive to large open areas.

- 6.) The project should impact local residents in a positive way for which other funds may not otherwise be available – or provide the basis for such.

Funding Criteria

RESPONSE: This project will be a positive benefit to Ormond Beach and surrounding communities for which other funds are not otherwise available. By installing LED lighting to these fields, the City will be providing increased opportunities that support active lifestyles of our population.

- 7.) An applicant should be aware that funds are often granted over a two to three year period, in the discretion of the Board.

RESPONSE: The City of Ormond Beach would welcome any funds that may be granted by the District in any increments.

- 8.) Each application for grant funding shall contain only one Project.

RESPONSE: The grant request is to install LED lighting on fields 11 and 12 at the Ormond Beach Sports Complex.

- 9.) The Applicant agrees to comply with all legal, financial, reporting, and record maintenance requirements set forth by law, including without limitation any and all requirements under the Federal Americans with Disabilities Act, and in these general guidelines.

RESPONSE: The City of Ormond Beach will comply with all requirements set forth by law, including federal ADA requirements, the grant requirements and guidelines.

- 10.) No presentation is required or allowed, but a representative of the Applicant must be present at the meeting set by the Board to hear pending grant requests ("Grant Meeting"), in order to answer any questions that the Board may have.

RESPONSE: A representative will be available at the grant meeting to answer any questions of the Board.

- 11.) If an Applicant has more than one request for funding pending before the District, the Applicant shall prioritize the requests.

RESPONSE: The City of Ormond Beach has only one request before the District.

- 12.) If an Applicant's grant request is not granted, the Applicant may submit the grant request for future consideration.

RESPONSE: We understand and appreciate the ability to submit the grant request for future consideration.

- 13.) No Applicant may apply for multiple projects that duplicate, in whole or in part, each other or an existing or planned function in the same area of service.

RESPONSE: The City of Ormond Beach understands this requirement and is only applying for LED lighting for two fields as previously stated.

Funding Criteria

- 14.) The amount of funding available from the District for funding of Applications is in the discretion of the District.

RESPONSE: It is understood that all grant funding awarded is at the discretion of the District.

Required Documentation:

- 1.) Matching funds, donations (in kind or monetary) for the Project using funds requested from the District are not required, but encouraged to maximize the impact of the District's investment in the Project). Proof of any matching funds is required.

RESPONSE: The City of Ormond Beach will be providing the matching funds for this project as indicated on Resolution 2025-###, approved on December 2, 2025.

- 2.) Proof of not-for-profit or governmental status, as well as of its length of existence.

RESPONSE: The City of Ormond Beach was established in 1880. Proof of governmental status as well as its length of existence is attached with this application.

- 3.) Letters of recommendation from the community which the project impacts.

RESPONSE: See enclosed letters of recommendation.

- 4.) Support to illustrate the amount of population impacted by the Project.

RESPONSE: For fiscal year 2024-2025, there was 105 days of programming consisting of 505 hours on Multipurpose Fields 11 and 12. The fields were used for practices and games by Ormond Beach Pop Warner (Tackle Football and Flag) the Ormond Beach Soccer Club (OBSC), the Daytona Beach Rugby Association and Halifax Academy Football.

- 5.) Invoice or written proposal from a reputable vendor that illustrates the cost of the Project.

RESPONSE: The enclosed cost estimate has been provided by Musco Sports Lighting.

- 6.) Certification that the Project can continue without full funding of the requested grant.

RESPONSE: The project can continue without the full funding from the District; however, it may be delayed.

- 7.) Written attestation that all information in the grant application is true and correct.

RESPONSE: The enclosed Letter of Interest attests that all the information in the grant application is true and correct to the best of our knowledge.

Subject: Letter of Support for Lighting Improvements on Fields 11 and 12 at the Ormond Beach Sports Complex

Dear Members of the Daytona Beach Racing and Recreational Facilities District,

The Ormond Beach Friends of Recreation is pleased to submit this letter of support for the grant request to fund lighting installation on Fields 11 and 12 at the Ormond Beach Sports Complex.

As a dedicated supporter of community recreation and youth athletic programs, our organization recognizes the importance of providing safe, accessible, and well-equipped facilities for our residents. Currently, hundreds of children from multiple youth sports organizations rely on the Sports Complex for practices and games. However, due to the absence of field lighting, play is restricted after dusk, limiting participation opportunities and creating scheduling challenges for local teams and leagues.

The addition of lighting on Fields 11 and 12 would significantly enhance the complex by extending usable hours, increasing safety, and improving access for all youth participants. These improvements would not only benefit existing programs but also support the continued growth of recreation in Ormond Beach and the surrounding communities.

The Ormond Beach Friends of Recreation strongly supports this project and respectfully encourages the Daytona Beach Racing and Recreational Facilities District to fund the proposed lighting improvements. This initiative aligns with our shared mission to promote active, healthy lifestyles and provide quality recreational opportunities for all ages.

Thank you for your consideration of this important project. We look forward to the continued partnership that helps make Ormond Beach a vibrant place for youth sports and community recreation.

Sincerely,

A handwritten signature in cursive script, reading "Shannon R. Jolin".

11/1/25

To Whom It May Concern,

As President of the Ormond Beach Soccer Club, I am writing to express my strong support for the City of Ormond Beach's grant application to install field lighting on Fields 11 and 12 at the Ormond Beach Sports Complex.

Our soccer club serves thousands of local youth and adult players each season, providing opportunities for recreation, teamwork, and personal development. The addition of field lighting on Fields 11 and 12 would significantly expand our capacity to serve the community by allowing practices and games to take place safely during evening hours. This improvement would help alleviate scheduling challenges, accommodate the growing number of participants, and provide much-needed flexibility for families balancing school, work, and sports commitments.

Beyond the direct benefit to our soccer programs, this project would enhance the Sports Complex as a whole - creating more opportunities for local tournaments, bringing visitors to our city, and supporting the continued economic and social vitality of Ormond Beach.

The Ormond Beach Soccer Club fully supports this initiative and is committed to partnering with the city to ensure its success. We believe this investment will have a lasting, positive impact on our athletes, our community, and the overall quality of recreation in Ormond Beach.

Thank you for considering this important project. Please feel free to contact me if I can provide any additional information or support.

Sincerely,

Paul Viscomi

President- Ormond Beach Soccer Club, Inc

10/30/2025

Dear Members of the Parks & Recreation Department and to Whom it May Concern,

On behalf of the Ormond Beach Sandcrabs Football & Cheer Association, I respectfully submit this letter recommending the installation of field lighting on Fields 11 and 12 at our city complex. As a year round youth football and cheer program serving local children and families, adequate lighting is essential to ensure safe, effective, and equitable use of our fields.

Our program operates throughout the year, including during fall and spring seasons and for winter conditioning and camps. With the change to and from daylight saving time, available daylight in the late afternoon and evening is significantly reduced for large portions of the year. Installing lights on Fields 11 and 12 would allow practices and games to be scheduled during safe hours without displacing other community programs or placing undue time pressure on families.

There are three primary reasons we strongly support this upgrade:

Safety and Supervision

- Well lit fields reduce the risk of injuries that can occur in low light conditions and improve the ability of coaches, referees, and volunteers to supervise players effectively.
- Proper lighting enhances security for players, parents, and spectators arriving and leaving the facility after dusk.
- **Program Continuity and Accessibility**
- Lights allow our year round program to maintain regular practice and game schedules regardless of seasonal daylight changes, which is critical to player development and team continuity.
- Evening availability makes participation more feasible for working families who cannot attend daytime practices, increasing access and inclusiveness across the community.

Community Value and Youth Development

- Youth sports provide physical, social, and emotional benefits for children, including teamwork, discipline, and healthy activity. These programs strengthen community ties and provide constructive opportunities for local youth.
- Improved facilities support higher levels of participation and can attract more families to engage with Ormond Beach recreation offerings, contributing to a vibrant and active community.

We believe that lighting Fields 11 and 12 is a sound investment in the safety and future of our youth sports programs and the broader Ormond Beach community. The Sandcrabs organization is ready to collaborate with the city on planning, scheduling, and any fundraising or volunteer efforts necessary to support this project.

Thank you for your consideration. We would welcome the opportunity to discuss this recommendation in more detail and to provide any additional information you may need.

Sincerely,

Jeovanni Torres President, Ormond Beach Sandcrabs Football & Cheerleaders Association

Light-Structure System™ with Total Light Control – TLC for LED™ technology

Guaranteed Lighting Performance

- Guaranteed light levels of 30fc and uniformity of 2.5/1.0

System Description

- Factory aimed and assembled luminaries
- Galvanized steel poles
- Pre-cast concrete bases with integrated lightning grounding
- Pole length factory assembled wire harnesses
- Factory wired and tested remote electrical component enclosures
- UL listed assemblies
- Enhanced corrosion protection

Control Systems and Services

- Existing Controls

Operation and Warranty Services

- Product assurance and warranty program that covers materials and onsite labor, eliminating 100% of your maintenance costs for 25 years
- Support from Musco's Lighting Services Team – over 170 Team members dedicated to operating and maintaining your lighting system – plus a network of 1800+ contractors
- Warranty starts the date of shipment

Musco Scope

- Provide design and layout for lighting system
- Test and final aim equipment

Installation Services Provided

- Scope of work will be provided at a later date

Responsibilities of Buyer

- Confirm pole or luminaire locations, supply voltage and phase required for lighting system prior to production

Quote

Payment Terms

Final payment terms are subject to approval by Musco credit department. Final payment shall not be withheld by Buyer on account of delays beyond the control of Musco.

Email or fax a copy of the Purchase Order to Musco Sports Lighting, LLC:

Musco Sports Lighting, LLC
Attn: Musco Contracts
Fax: 800-734-6402
Email: musco.contracts@musco.com

All Purchase orders should note the following:

Sourcewell Purchase – Contract Number: 041123-MSL

Delivery Timing

8 - 10 weeks for delivery of materials to the job site from the time of order, submittal approval, and confirmation of order details including voltage, phase, and pole/luminaire locations.

Notes

Quote is based on following conditions:

- Shipment of entire project together to one location.
- Voltage and phase system requirements to be confirmed.
- Structural code and wind speed = 2023 FBC, 140 mi/h, Exposure C, Importance Factor I.
- Due to the built-in custom light control per luminaire, pole or luminaire locations need to be confirmed prior to production. Changes to pole or luminaire locations after the product is sent to production could result in additional charges.
- Standard soil conditions – rock, bottomless, wet, or unsuitable soil may require additional engineering, special installation methods and additional cost.
- Product assurance and warranty program is contingent upon site review and compatibility with Musco's lighting system.

Thank you for considering Musco for your lighting needs. Please contact me with any questions or if you need additional details.

Tax Exempt Certificate Governmental Status

DRAFT

Consumer's Certificate of Exemption

Issued Pursuant to Chapter 212, Florida Statutes

DR-14
R. 01/18

85-8012740152C-7	06/30/2022	06/30/2027	MUNICIPAL GOVERNMENT
Certificate Number	Effective Date	Expiration Date	Exemption Category

This certifies that

CITY OF ORMOND BEACH
22 S BEACH ST
ORMOND BEACH FL 32174-6386

is exempt from the payment of Florida sales and use tax on real property rented, transient rental property rented, tangible personal property purchased or rented, or services purchased.

Important Information for Exempt Organizations

DR-14
R. 01/18

1. You must provide all vendors and suppliers with an exemption certificate before making tax-exempt purchases. See Rule 12A-1.038, Florida Administrative Code (F.A.C.).
2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.
3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.
4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).
5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.
6. If you have questions about your exemption certificate, please call Taxpayer Services at 850-488-6800. The mailing address is PO Box 6480, Tallahassee, FL 32314-6480.

Sec. 1.01. - Creation and powers.

The City of Ormond Beach, as previously created by Chapter 15401, Acts of 1931, as amended, shall continue as a Florida municipal corporation, having all governmental, corporate and proprietary powers to enable it to conduct municipal government, perform municipal functions and render municipal services and with the authority to exercise any power for municipal purposes except as otherwise provided by law.

(Ord. No. 2008-30, 7-15-2008)

State Law reference— Home rule powers generally, F.S. § 166.021.

DRAFT

**DAYTONA BEACH RACING AND RECREATIONAL FACILITIES DISTRICT
GRANT FUNDING CRITERIA as of July 16, 2019**

General Guidelines – The following are only general guidelines. The decision for approval of all applications requesting grant funds lies with the Board of Commissioners (“Board”) of the Daytona Beach Racing and Recreational Facilities District (“District”).

1. A project for which grant funds are sought from the District (herein “Project”) is preferred to be situated within the District’s boundaries and be for the benefit of persons residing within the District’s boundaries. A non-binding sample map of the District’s boundaries is attached to these general guidelines.
2. Grant funds sought from the District are strongly preferred to be used for a capital project. By way of explanation or example, capital expenses are payments for fixed assets, like buildings and equipment. These items usually have a useful life of more than one year. Capital expenses are not used for day to day items like rent, insurance or utilities.
3. An applicant for receipt of potential grant funds (“Applicant”) must:
 - a. Be a non-profit corporation or a governmental entity, and
 - b. Have been in existence for at least four years.
4. The Project must be open to the public at least part of the year.
5. The Project should provide a recreational and/or educational value.
6. The Project should impact local residents in a positive way for which other funds may not otherwise be available – or provide the basis for such.
7. An Applicant should be aware that funds are often granted over a two to three-year period, at the discretion of the Board.
8. Each application for grant funding shall contain only one Project.
9. The Applicant agrees to comply with all legal, financial, reporting, and record maintenance requirements set forth by law, including without limitation any and all requirements under the Federal Americans with Disabilities Act, and in these general guidelines.
10. No presentation is required or allowed, but a representative of the Applicant must be present at the meeting set by the Board to hear pending grant requests (“Grant Meeting”), in order to answer any questions that the Board may have.
11. If an Applicant has more than one request for funding pending before the District, the Applicant shall prioritize the requests.
12. If an Applicant’s grant request is not granted, the Applicant may resubmit the grant request for future consideration.
13. No Applicant may apply for multiple projects that duplicate, in whole or in part, each other or an existing or planned related function in the same area of service.
14. The amount of funding available from the District for funding of Applications is in the discretion of the District.

Required Documentation - Each application for grant funding must clearly lay out the following documentation.

1. Matching funds, donations (in kind or monetary) for the Project using funds requested from the District are not required, but encouraged to maximize the impact of the District's investment in the Project). Proof of any matching funds is required.
2. Proof of not-for-profit or governmental status, as well as of its length of existence.
3. Letters of recommendation from the community which the Project impacts.
4. Support to illustrate the amount of population impacted by the Project.
5. Invoice or written proposal from a reputable vendor that illustrates the cost of the Project.
6. Certification that the Project can continue without full funding of the requested grant.
7. Written attestation that all information in the grant application is true and correct.

District's Non-Discrimination Policy- The District is committed to a policy of nondiscrimination in relation to race, creed, color, sex, religion, national origin, ancestry, age, disability, sexual orientation, transgender status, gender identity, and gender expression.

Proposal Requirements

1. Full proposal should include:
 - a. Page 1 - A short outline of the request to include:
 - i. Short summary (one paragraph) of the Project
 - ii. Total amount of funding requested by Applicant
 - iii. Total cost of the Project
 - iv. Contact information including name, organization, address, email address and phone number.
 - b. Page 2 and beyond – to include full **Required Documentation** and the following:
 - i. A brief background of the Applicant
 - ii. A detailed explanation of the needs for the funds being requested, including an allocation of the requested grant funds
 - iii. Applicant's compliance with the foregoing general guidelines.
2. Proposal - 6 hard copies and 1 electronic copy (which can be emailed) - shall be submitted no later than 2pm, **three weeks** prior to the Grant Meeting to:
Barbara Kelly
Daytona Turkey Run
335 Bill France Boulevard
Daytona Beach, FL 32114

City of Ormond Beach
City Commission Agenda
Staff Report

Agenda Date	December 2, 2025	Item No	7.D.
Section	CONSENT AGENDA	Category	Consent - Resolution
Subject	RFP Award - Process Control System, Equipment & Instrumentation Services (SCADA)		
Recommended Action	Staff recommends approval of contracts to CEC Controls Company and Star Controls for services pertaining to Process Control System, Equipment & Instrumentation Services.		
Strategic Goal	Water Quality & The Environment - Other		
Department Staff Contact	Public Works - Utilities Management Bob Preis, Utilities Manager		

Summary

This is a request to award a contract to CEC Controls Company and Star Controls, for services pertaining to the Process Control System, Equipment & Instrumentation Services, RFP 2025-42.

These services support the active monitoring of electrical and supervisory control and data acquisition (SCADA) components in use throughout the City's service area by the utility department. Items monitored by SCADA include the City's raw water wellfields, water treatment plant, water reclamation facility, and approximately 95 lift stations. Establishing contracts with vendors who specialize in equipment and SCADA systems aids staff with preventative maintenance, emergency repairs, and troubleshooting services as needed.

The Process Control System, Equipment & Instrumentation Services, RFP 2025-42, was advertised via Demandstar on August 24, 2025. The City received and opened proposals on September 25, 2025. Three proposals were received and rated on: 1) Technical Qualifications, 2) Cost Schedule, 3) Experience, 4) Capability, 5) Past Performance, and 6) The firm's location in relation to City Hall. The proposals were ranked and discussed by the review committee on October 14, 2025. The proposals received ratings from the review committee ranging from 209 to 220 out of a maximum of 300 points.

The RFP review committee recommended awarding a contract to the 2 highest ranking applicants: CEC Controls Company and Star Controls. Members of the review committee noted having more than 1 contract in place aids when there are time-sensitive issues needing to be

addressed. Members of the review committee expressed that the City does not currently engage in enough SCADA services to warrant establishing contracts with all 3 applicants. Under the previous Process Control System, Equipment & Instrumentation Services contract, the City awarded a similar contract to 2 vendors.

Financial Impact

These services are included in the budget within Fund 401 - Water/Wastewater Operating Fund. Approximately \$83,000 was spent on these services in the FY 2024-25. The not to exceed amount for these services is \$125K per year, or \$375K for the initial 3-year contract.

Citizen Impact

Regular maintenance and upkeep of the City's SCADA and equipment services is essential in order to provide reliable service to the City's utility customers.

RESOLUTION NO. 2025-190

A RESOLUTION ACCEPTING PROPOSALS FROM CEC CONTROLS COMPANY, INC. AND STAR CONTROLS, INC. FOR PROCESS CONTROL SYSTEM, EQUIPMENT & INSTRUMENTATION SERVICES UNDER RFP NO. 2025-42; AUTHORIZING THE EXECUTION OF AGREEMENTS AND PAYMENT THEREFOR; REJECTING ALL OTHER PROPOSALS; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City advertised for proposals (RFP No. 2025-42) regarding process control system, equipment & instrumentation services (“the Project”) pursuant to section 2-300, *Code of Ordinances*, and

WHEREAS, the City's professional staff have reviewed the three proposals received and have determined that the most advantageous proposals for the City are the proposals submitted by CEC Controls Company, Inc. and Star Controls, Inc. to provide process control system, equipment & instrumentation services on an as-needed basis at the prices set forth in the proposals, copies of which are incorporated in the contracts which are attached hereto and incorporated herein by reference, and

WHEREAS, the City Manager has certified that the money for the payment of the services, at an estimated expenditure of \$125,000.00 annually (\$375,000.00 for an initial three-year term) has been appropriated to the Water & Wastewater Operating Fund (401) and has not been appropriated for any other purpose, and

WHEREAS, the City Commission concurs with the foregoing recommendations, now therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The proposals submitted by CEC Controls Company, Inc. and Star Controls, Inc. to provide services for the Project are hereby accepted.

SECTION TWO. All other proposals relative to the aforementioned Project shall be deemed rejected upon the execution of contracts with by CEC Controls Company, Inc. and Star Controls, Inc.

SECTION THREE. The Mayor and the City Manager are hereby authorized and directed to execute an agreement with CEC Controls Company, Inc. and Star Controls, Inc. to provide process control system, equipment & instrumentation services on an as-needed basis with an estimated expenditure of \$125,000.00 annually (\$375,000.00 over an initial three-year term) and to pay the cost therefore from the Water & Wastewater Operating Fund.

SECTION FOUR. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 2nd day of December, 2025.

JASON LESLIE
Mayor

ATTEST:

SUSAN CARROLL DAUDERIS
City Clerk

AGREEMENT

THIS AGREEMENT is made and entered into by and between the **City of Ormond Beach** ("City"), a Florida municipal corporation, 22 South Beach Street, Ormond Beach, Volusia County, Florida and **CEC Controls Company, Inc.** ("Contractor"), 14555 Barber Avenue, Warren, MI 48088, and in consideration of the mutual promises and covenants herein contained, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree to the following:

1. **Scope of Work.** The Request for Proposals dated September 11, 2025 ("RFP #2025-42 "Process Control System, Equipment & Instrumentation Services") attached hereto as Exhibit "A" and the Rate Schedule attached hereto as Exhibit "B" are incorporated herein by reference and are a material part of this Agreement. The Contractor shall fully comply with the terms and conditions described in the attached exhibits.

A. Authorization for Services.

1. Prior to authorization for professional services by Contractor:
 - (a) City and Contractor shall develop a well-defined project description and complete understanding of the scope of services to be provided.
 - (b) Contractor shall provide City with a detailed proposal that provides the total estimated cost for each phase of services based on the prices set forth on Exhibit "B". If the proposal is accepted by City, the City shall issue and execute a written Work Authorization to be signed by Contractor.
 - (c) Based on the nature and cost of the services, City may obtain an independent estimate to evaluate the reasonableness of Contractor's estimate.
2. Each Work Authorization shall contain:
 - (a) The project description.
 - (b) The scope of work. The scope of work shall be attached and incorporated into the Work Authorization. It shall describe the services to be performed for each phase of work, and state the percentage of the total scope assigned to each phase.
 - (c) The dates for commencement and completion of work.

The Work Authorizations will be issued under and shall incorporate the terms of this Agreement. City makes no covenant or promise as to the number of available projects or that Contractor will perform any project for City during the life of this Agreement. City reserves the right to contract with other parties for the services contemplated by this Agreement when it is determined by City to be in the best interest of City to do so.

2. **Term.** This Agreement shall be effective on the date it is fully executed by the parties and shall have an initial term of three (3) years. This Agreement will be automatically renewed for two (2) additional one-year periods unless either party provides at least ninety (90) days prior written notice of their intent not to renew.

3. **Consideration.** Contractor shall provide the equipment and perform the services at the prices set forth on the attached exhibits. Contractor shall prepare and submit invoices to the City at the address set forth in Paragraph 9 of this Agreement. All such invoices shall be paid by the City within thirty (30) days.
4. **Delivery.** Contractor shall complete the project within the time frame set forth on Exhibit "A".
5. **Termination of Agreement.**
 - (a) The City Manager shall have the right to terminate the Agreement for a material breach of this agreement that remains uncured for at least thirty days after prior written receipt of a notice of violation of same.
 - (b) The City Manager shall have the right to terminate this Agreement for the City's convenience if she determines in her sole discretion that it is in the best interests of the City. In that event, the City shall only be obligated to Contractor to pay for any unpaid work already satisfactorily performed prior to the notice of termination.
 - (c) This Agreement may not be terminated by the Contractor.
6. **Assignment.** The Contractor shall not assign, convey or transfer all or any part of this Agreement, or all or any part of Contractor's interest herein, or all or any part of any interest in the Contractor, without the prior written consent of the City Commission, which consent shall not be unreasonably withheld.
7. **Complete Agreement.** This Agreement, including the provisions set forth in the exhibits attached hereto and incorporated by reference herein, constitutes the entire and complete agreement of the parties, and the promises and covenants herein contained shall survive the life of this Agreement.
8. **Amendment to Agreement.** Any amendment, change, or modification of this Agreement must be in writing and fully executed by both parties.
9. **Notices.** All notices which are required by this Agreement shall be provided to the parties at the following addresses, or such other addresses as may be requested in writing by either party:

City of Ormond Beach
Joyce Shanahan, City Manager
(copy to City Attorney)
22 South Beach Street
Ormond Beach, FL 32174

CEC Controls Company, Inc.
Mike Sobecki, Dir. Operations
14555 Barber Avenue
Warren, MI 48093

10. **Sovereign Immunity.** The City expressly retains and reserves all rights, privileges, immunities, and benefits of sovereign immunity. This provision shall be construed broadly in favor of the City.

11. **Venue.** The terms and conditions of this Agreement shall be construed and enforced under the laws of the State of Florida. Any action or proceeding, either at law or in equity, regarding this Agreement shall be brought in the circuit court, Seventh Judicial Circuit in and for Volusia County, Florida. Venue in any other jurisdiction or forum, whether it be any other circuit, state or federal venue, is hereby expressly waived.
12. **Waiver of Conditions.** No waiver by the City of any condition or breach of performance by the Contractor shall constitute an irrevocable, continuing, or subsequent waiver by the City of the same condition or breach of performance, or of any other condition or other breach of performance.
13. **Severability.** If any part of this Agreement is declared to be unenforceable or void by a court of competent jurisdiction, the remaining parts of the Agreement shall remain in full force and effect as long as the services to be provided by the Contractor are not materially affected, altered or impaired as a result of said judicial declaration.
14. **Conflicting Provisions.** In the event of any conflict between the provisions of this Agreement and any exhibits, the provision most favorable to the City shall control and shall be given full force and effect.
15. **Indemnification.** The City, its agents, employees, and officials, both elected and appointed, shall be indemnified and held harmless by Contractor from any and all liabilities, claims, and causes of action which may arise out of the willful, negligent, or unlawful acts or omissions of the Contractor or its subcontractors in the performance of this Agreement, unless such claims are a result of the City's sole negligence, as determined by the final decision maker of such claim.
16. **Duty to Defend.** The Contractor shall defend all suits and administrative actions, including all appellate proceedings, brought against the City, its agents, employees, and officials, both elected and appointed and shall pay all attorneys' fees and costs associated with the City's legal defense, as may be selected by the City, arising from all claims and causes of action described in Section 15 above. Such payment on behalf of the City shall be in addition to any and all other legal or equitable remedies available to the City and shall not be considered to be the City's exclusive remedy.
17. **Contractor's Insurance.** The Contractor shall purchase and maintain for the entire life of this Agreement, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under this Agreement, whether such operations be by the Contractor, or by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may

be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City. The Contractor is responsible for the amount of any deductible or self-insured retention.

18. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include and not limited to the following:

- (a)** Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

\$100,000 Each Accident Bodily Injury by Accident
\$100,000 Each Employee Bodily Injury by Disease
\$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

- (b)** Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

- a. Premises, Operations, Products and Completed Operations
- b. Owners' & Contractors' Protective
- c. Products & Completed Operation
- d. Explosion, Collapse & Underground Conditions
- e. Blanket Contractual Liability
- f. Personal Injury Liability
- g. Broad Form Property Damage Endorsement, including Completed Operations

coverage for wind, hail, and named storm. Limits of coverage shall be at least and not limited to the value of the project.

(f) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of \$1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

19. Requirements for Certificates of Insurance.

- (a) With the execution of this Agreement, the Contractor shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain a provision that the coverage under the policies will not be canceled, non-renewed or materially changed until at least **thirty (30)** days' prior written notice of such cancellation, non-renewal or change [except for nonpayment of premium, which shall be **ten (10)** days] has been given to the City. The Contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACCORD FORM 25-S (7/90), or its successor form, and shall be made a part of this Agreement.
- (b) New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.
- (c) If requested by the City, the Contractor shall furnish complete copies of the Contractor's insurance policies, forms and endorsements.
- (d) For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
- (e) If the Contractor fails to obtain and maintain for the life of the Agreement the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Agreement.

(f) **Policies of Insurance**

1. Except as otherwise provided herein, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-) in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.

2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carriers; written confirmation is required.

3. All policies of insurance or certificates thereof referred to herein shall be deposited with the City Clerk.

4. The City shall be named an Additional Insured on General Liability and Automobile Liability policies of insurance and certificates thereof.

20. **Enforcement of Costs.** If any legal action or other proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default, or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable attorneys' fees, court costs, and all expenses even if not taxable court costs (including, without limitation, all such fees, costs and expenses incident to arbitration, appellate, bankruptcy, and post-judgment proceedings), incurred in that action or proceeding or any appeal, in addition to any other relief to which the party or parties may be entitled. Attorneys' fees include legal assistant fees, expert witness fees, investigative fees, administrative costs, and all other charges billed by the attorney for the prevailing party.

21. **Compliance With Laws.** Contractor shall comply with all applicable federal, state and local laws and regulations.

22. **Compliance With Florida Public Records Law.** Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

(a) Keep and maintain public records required by the City to perform the contracted service.

(b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by

law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.

(d) Upon completion of the contract, transfer at no cost, to the City all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.

(e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

**CITY CLERK
22 SOUTH BEACH STREET
ORMOND BEACH, FLORIDA 32175. (386)677-0311
CITYCLERK@ORMONDBEACH.ORG**

Ref: Fla. Stat. §119.0701(2016)

23. **Limitation of Remedy and Liability.** Contractor and Owner expressly waive any claim for consequential damages against the other including but not limited to, a waiver of claims for diminished bonding capacity, loss of financing, loss of business reputation, lost profits on other projects or other lost opportunity damage claims.

Contractor expressly agrees that any claim (tort, contract, claim in equity, or otherwise) by Contractor for damages against Owner shall not exceed the total amount of the contract price, less any amounts actually paid to the Contractor by the Owner.

24. **Waiver of Right to Jury Trial.** THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHT WHICH ANY PARTY MAY HAVE TO TRIAL BY JURY IN RESPECT OF ANY PROCEEDING, LITIGATION OR COUNTERCLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY. IF THE SUBJECT MATTER OF ANY LAWSUIT IS ONE

IN WHICH THE WAIVER OF JURY TRIAL IS PROHIBITED, NO PARTY TO THIS AGREEMENT SHALL PRESENT AS A NON-COMPULSORY COUNTERCLAIM IN ANY SUCH LAWSUIT ANY CLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT. FURTHERMORE, NO PARTY TO THIS AGREEMENT SHALL SEEK TO CONSOLIDATE ANY SUCH ACTION IN WHICH A JURY TRIAL CANNOT BE WAIVED.

25. **Verification of Employment Status Using E-Verify System**

- (a) Section 448.09, *Florida Statutes*, makes it unlawful for any person to knowingly employ, hire, recruit, or refer, either for herself or himself, or on behalf of another, for private or public employment within the state, an alien who is not duly authorized to work in the United States. Contractor warrants that it is registered with the U.S. Department of Homeland Security's E-Verify system, and is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
- (b) Contractor agrees that if the contractor enters into an agreement with a subcontractor, the subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and contractor warrants it shall maintain any such affidavits for the duration of the contract. If the City has a good faith belief that a subcontractor knowingly violated Section 448.09 (1), the City shall promptly notify the contractor and order the contractor to immediately terminate the contract with the subcontractor.
- (c) In the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and as provided by statute, the contractor may not be awarded a public contract for at least one (1) year after the date of termination. The contractor may also be held liable for any additional costs incurred by the City as a result of the termination of the contract.

26. **No Conflict of Interest.** The Contractor warrants and agrees that neither it, nor any of its employees, agents, officers, directors, shareholders and independent contractors are, or will become, under contract with or accept compensation from any individual, business, corporation or governmental entity that has the possibility of an adverse interest to those of the City of Ormond Beach. The Contractor and its officers, directors, shareholders, employers, agents and subcontractors, agree not to provide any services or assistance to any entity directly or indirectly relating to the services provided to the City and to immediately notify the City Manager and City Attorney of any contact with any entity that has, or potentially has, a conflict of interest with the City of Ormond Beach. This provision shall be interpreted as broadly as possible to prevent any potential or actual conflict of interest presently or in the future by the Contractor.

27. **Effective Date.** This Agreement shall become effective upon the date last signed by the parties hereto.

IN WITNESS WHEREOF, the undersigned parties have caused this Agreement to be signed on the dates indicated hereinbelow.

GENERAL CONDITIONS

PUBLIC ENTITY CRIMES: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit Proposals on leases or real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

DISCRIMINATION: Pursuant to Section 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid or proposal on a contract to provide any goods or services to a public entity, may not submit a bid or proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit bid or proposal on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity.

PUBLIC RECORDS/NON-CONFIDENTIALITY OF BIDS AND/OR PROPOSALS. The City of Ormond Beach cannot and does not warrant the confidentiality of any information submitted in response to this solicitation. Florida law provides that municipal records shall at all times be open for personal inspection by any person, Section 119.01, F.S., The Public Records Law. Information and materials received by the City of Ormond Beach in connection with all Proposers' response shall be deemed to be public records subject to public inspection upon award, recommendation for award, or 30 days after bid opening, whichever occurs first. Section 119.071, F.S.

DISTRIBUTION OF BIDS AND RFP'S: The City uses the services of DemandStar (www.demandstar.com) to distribute its bids and RFP's on-line on the Internet. If you have received a copy of this RFP from any source other than DemandStar, please be aware that you may not have received the latest version of the RFP or any related addendums.

SUBMISSION OF RESPONSES: All Submittals shall be delivered in a sealed envelope. The Request for Proposals (RFP) number, title, and opening date shall be clearly displayed on the outside of the sealed envelope (and on the outside of any express shipping package). The delivery of said submittal to the Purchasing Office on or before the specified opening date and time is solely and strictly the responsibility of the Submitter. Any submittal received by the Purchasing Office after the specified date and time will not be accepted. Submittals must be presented on forms provided by the City. No other forms will be accepted. Responses submitted by telephone, fax or email will not be

considered. No Submittal may be modified after opening. No Submittal may be withdrawn after opening for a period of ninety (90) days unless otherwise specified.

EXECUTION OF SUBMITTAL: Submittals must contain a manual signature of authorized representative in the space(s) provided. Submittals must be typed or printed in ink. Use of erasable ink is not permitted. All corrections made by Submitter to any Submittal entry must be initialed. The company name and Federal Employer Identification Number (F.E.I.N.) number shall appear in the space(s) provided.

RFP OPENING: Submittals shall be opened and the name of the submitters shall be read publicly. No discussion of the Submittals will occur at this time.

SUBMITTAL TABULATION: The RFP Tabulation will be posted on Demandstar (www.demandstar.com). Any submitter wishing to receive a paper copy of the tabulation is required to enclose a stamped, self-addressed envelope with their Submittal response.

CLARIFICATION/CORRECTION OF RFP ENTRY: The City of Ormond Beach reserves the right to allow for the clarification of questionable entries and for the correction of obvious mistakes.

INTERPRETATION: Any questions concerning conditions and specifications shall be directed to the Purchasing Coordinator rob.hart@ormondbeach.org. Those interpretations which may affect the eventual outcome of this Submittal will be furnished in writing to all prospective Submitters. No interpretation shall be considered binding unless provided in writing by the City of Ormond Beach.

PROCUREMENT COMMUNICATION PROTOCOL: To protect the integrity of the procurement process, respondents, suppliers, contractors, sub-contractors or person acting on behalf of any of the above are prohibited from all communications regarding the solicitation with City staff, City consultants, City legal counsel, City agents, or elected officials unless such communication is specifically authorized in the City's solicitation or addenda. Violation of this provision may be grounds for rejecting a response.

MINORITY POLICIES: The City of Ormond Beach, Florida, encourages the full participation of Disadvantaged and Women Business Enterprises (D&WBE) in the provision of goods and services.

RESPONSIBILITY DETERMINATION: Pursuant to the provisions of Florida Statutes Chapter 287.05701, the City does not request or consider a vendor's social, political, or ideological interests in making a responsibility determination.

LICENSES AND PERMITS: The Vendor/Contractor is responsible for obtaining all necessary permits and licenses to comply with all Federal, State, local laws, rules and regulations required to perform work in accordance with the specifications.

ADDITIONAL TERMS AND CONDITIONS: The City of Ormond Beach reserves the right to reject Submittals containing any additional terms or conditions not specifically requested in the original conditions and specifications.

TAXES: The City of Ormond Beach is exempt from Federal Excise Taxes and all sales taxes.

SILENCE OF SPECIFICATIONS: The apparent silence of any specification and any supplemental specifications as to any details or the omission from same of any detailed description concerning any point shall be regarded as meaning that only the best commercial practices are to prevail and that only materials of first quality and correct type, size, and design are to be used. All workmanship is to be first quality. All interpretations of the specifications shall be made upon the basis of this statement.

ASSIGNMENT: Any purchase order or contract issued pursuant to a Submittal and the monies which may become due hereunder are not assignable except with the prior written approval of the City Manager or City Commissioner, whichever authorized the purchase or Agreement.

LIABILITY: The Contractor shall hold and save the City of Ormond Beach, its officers, agents, and employees harmless against claims by third parties resulting from the Contractor's or supplier's breach of contract or negligence, including all attorney's fees and costs, and shall pay any and all damages, fees, and costs assessed on behalf of the City. The City expressly reserves all rights, privileges and benefits of sovereign immunity.

PATENTS AND ROYALTIES: The Contractor, without exception, shall indemnify and save harmless the City of Ormond Beach and its employees from liability of any kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by the City of Ormond Beach. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the Submittal prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work.

NON-APPROPRIATION OF FUNDS: In the event sufficient budget funds are not available for a new fiscal period, the CITY shall notify the VENDOR/CONTRACTOR of such occurrence and the contract shall terminate on the last day of the current fiscal period, without any penalty or expense to the CITY of any kind whatsoever.

AWARDS: The CITY reserves the right, in its sole discretion, as the best interest of the CITY may require, to make award(s) by individual item, group of items, all or none, or a combination thereof; on a geographical basis and/or with one or more vendors, contractors, consultants or specialists; or to reject any and all Submittals or waive any minor irregularity or technicality in the Submittals received.

OTHER AGENCIES: All Bidder(s) awarded contracts from this bid or proposal may, permit any municipality or other government agency to participate in the contract under the same prices, terms, and conditions, if agreed to by both parties.

It is understood that at no time will any city, municipality, or other agency be obligated for placing an order for any other city, municipality, or agency: nor will any city, municipality, or agency be obligated for any bills incurred by any other city, municipality, or agency. Further, it is understood that each agency will issue its own purchase orders to the awarded bidder(s).

COMPLIANCE WITH FLORIDA PUBLIC RECORDS LAW:

Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

- (a) Keep and maintain public records required by the City to perform the contracted service.
- (b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.
- (d) Upon completion of the contract, transfer at no cost, to the City all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.
- (e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

CITY CLERK
22 SOUTH BEACH STREET
ORMOND BEACH, FLORIDA 32174

Ref: Fla. Stat. §119.0701(2016)

THE CITY OF ORMOND BEACH RESERVES THE RIGHT TO REJECT ANY OR ALL PROPOSALS, AND TO WAIVE INFORMALITIES AS MAY BE DEEMED TO BE IN THE BEST INTEREST OF THE CITY.

TERMS AND CONDITIONS

- A. The City of Ormond Beach reserves the right without prejudice to reject any or all proposals, to request clarification of information submitted, and to request additional information of one or more proposers.
- B. The City reserves the right to award the contract to the next most qualified firm if the successful firm fails to execute a contract within two weeks after the award of the contract by the City Commission.
- C. In accordance with federal, State, and local regulations, the firm shall not discriminate under the contract against any person.
- D. The firm shall not assign or transfer any interest in the contract without prior approval of the City Commission.
- E. The City reserves the right to terminate the contract at any time due to the vendor's default under terms of agreement.
- F. Submission of a proposal indicates acceptance by the firm of the conditions contained in this Request for Proposals unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the City of Ormond Beach and the firm selected.
- G. Submittals should include a copy of firm's insurance certificate, Conflict, Non-Conflict of Interest Statement/Litigation Statement, Drug Free Workplace Certificate and E-Verify Statement.

I. OBJECTIVE OF THE REQUEST FOR PROPOSALS

The City of Ormond Beach is a coastal community located in northeast Volusia County, Florida, occupying an area of approximately 38 square miles. The City Utility Service Area extends outside of the City limits into part of unincorporated Volusia County as well as providing service to portions of neighboring Flagler County. Customer data for 2024 included 23,788 active water accounts, of which 16,972 were located within the City limits. Records indicate there were 18,027 active sewer accounts, of which 17,451 were located within City limits. The City's fiscal year begins on October 1 and ends on September 30.

The Utilities Division of the City's Public Works Department is responsible for providing quality potable water, sanitary sewer and reclaimed water services to utility customers in a manner that balances social, environmental, and economic factors. The Utilities Division of the Public Works Department consists of five operating sections: Water Production, Water Reclamation (sometimes referred to as the Wastewater Treatment Facility), Potable Water Distribution, Wastewater Collection & Reclaimed Water Distribution, and Equipment Maintenance.

The Water Production Division is responsible for the safe and efficient operation of the City's Water Treatment Plant (WTP), 38 wells, 3 water storage tanks, and four water distribution booster stations. The WTP has a design capacity of 12.0 million gallons per day.

The Water Reclamation Facility (also referred to as the Wastewater Treatment Facility) is responsible for the safe and efficient treatment of wastewater, the supply of reclaimed water for irrigation, and the subsequent stabilization and disposal of solid wastes produced to ensure the protection of public health and the environment. The City's Water Reclamation Facility is designed to treat sewage at a rate of 8 million gallons per day. The City utilizes 95 sanitary sewer lift stations to transmit wastewater to the Wastewater Reclamation Facility. Meanwhile, the reclaimed water system has a permitted capacity of 10 million gallons per day and utilizes three (3) reclaimed water storage tanks and associated pump stations.

The City of Ormond Beach is requesting proposals from qualified firms to enter into a contractual agreement to provide technical services on an "as needed basis" for the Utilities Division of the Public Works Department in the field of programming, maintenance, and calibration services to the City's Supervisory Control and Data Acquisition (SCADA) and Programmable Logic Controller (PLC) process control equipment systems in order to maintain normal operation of the City's treatment plants, well sites, storage tanks, and pump stations. It is the intent of the City of Ormond Beach, Florida to award a contract(s) to the successful proposer(s) of this request for proposals to provide **PROCESS CONTROL SYSTEM, EQUIPMENT, AND INSTRUMENTATION SERVICES** on an "as needed" basis.

II. SCOPE OF SERVICES

The work shall be performed on an “as needed basis” for the Utilities Division of the Public Works Department. The scope of work under this contract shall include services in the areas of **Preventative Maintenance, Routine Repairs and Advanced Programming** (including SCADA radio telemetry and PLC’s), and **Emergency Repairs and Programming**.

A general listing of the facilities to be serviced is provided herewith under this **Section B-Scope of Work**, as detailed in **Current Inventory for the Utilities Division Facilities**, and **Supplemental Information for Utilities Division Facilities**. In general, the services to be provided under the Scope of Work includes, but is not limited to, the following:

1. Preventative Maintenance Service

- i. The successful offeror, also referred to herein as Contractor, shall provide all required programming, maintenance, and calibration services associated with the City’s SCADA and PLC Process control equipment systems that is required to maintain normal operation of the treatment plants, well site, storage tanks, and pump stations.
- ii. All work to be scheduled between the normal work hours of 7:00 AM and 4:00 PM, Monday through Friday.
- iii. When performing preventative maintenance, upon conclusion of service, a report outlining work performed and work necessary to complete shall be submitted to the City. It is required that as part of this service, the Contractor shall perform services to correct calibration or typical preventative maintenance problems to the system. If additional problems are determined, a scope of repair work shall be prepared and accepted by City prior to commencement of such repair work.
- iv. When performing preventative on hardware, service visit shall include at a minimum: Cleaning of equipment/instrument per the instructions of the Original Equipment Manufacturer (OEM), cleaning and clearing of instrument supply lines, and instrument calibration verification per manufacturer’s recommendations utilizing factory calibrated and properly maintained instruments.
- v. The successful offeror will supply all labor, vehicles, tools, testing equipment and parts, which satisfy manufacturer’s applicable requirements. The Contractor shall advise the City of all costs required to provide such services and receive authorization by the City prior to commencing services. The City shall have the right to purchase parts direct from the OEM or through the Contractor.
- vi. The successful offeror will be responsible for providing advance notification, a minimum of twenty-four (24) hours, to the facility managers of any service or maintenance activities.

- vii. Prior to the start of any repair work, a proposal to include scope, cost and time to complete the work, shall be submitted by the Contractor to the City for review and approval. The proposal should specify:
 - 1. Labor billing rate for repair service not covered under the unit price agreement supplied by the vendor with the original contract proposal. Rates should include straight time rates, overtime rates, urgent rates and emergency rates, as applicable, and under what circumstances said rates are applied.
 - 2. Policies, if any, on pricing of replacement parts not covered under the unit price agreement supplied by the vendor with the original contract proposal.

2. Routine Repairs and Advanced Programming Services

- i. On an as-needed basis, the successful offeror shall provide SCADA and PLC programming, diagnostic and trouble-shooting services to the City's water and wastewater facilities process control systems and remote pumping facilities (including wells and lift stations RTU's).
- ii. Prior to the start of any repair work, a proposal to include scope, cost and time to complete the work, shall be submitted by the Contractor to the City for review and approval. The proposal should specify:
 - a. Labor billing rate for repair service not covered under the fixed price annual preventative maintenance service. Rates should include straight time rates, overtime rates, urgent rates and emergency rates, as applicable, and under what circumstances said rates are applied.
 - b. All hourly rates shall include labor, expenses, and travel to the City. These On-Demand services may include instrument diagnostic and repair work, PLC equipment repair/replacement, software program updates, SCADA system integration work and general Process Control system trouble-shooting and repair.
 - c. Routine repair work scheduled in advance is defined as: Monday through Friday, 7:00 a.m. until 4:00 p.m. If the repair impacts normal operations, City may request routine work to be scheduled Monday through Friday between 4:01 p.m. and 6:59 a.m.

3. Emergency Repairs and Programming Services

- i. The successful offeror shall provide emergency SCADA and PLC programming, and repair services to the City's water and wastewater facilities process control systems.
- ii. Emergency service is 24-hours per day, 7 days a week. Contractor shall respond, and be at the City's work location, responding to emergency calls with eight (8) hours of the City's request. *Emergency rates shall apply to the first eight (8) hours of service, after which any remaining work will revert to routine, scheduled work rates.*

- iii. All hourly rates shall include labor, expenses, and travel to the City. These emergency services may include instrument diagnostic and repair work, PLC equipment repair/replacement, software program updates, SCADA system integration work and general Process Control system trouble-shooting and repair.
- iv. The City shall authorize any repairs that are necessary to return any equipment to operating status.

4. Parts and Materials Used

- i. In such cases where the Contractor is authorized to furnish new parts, either for repair or 100% replacement, the City's cost shall be limited to a value equal to the Contractor's actual cost, including freight. The Contractor shall not invoice the City any markup fees or additional percentage of cost. Original invoices from the parts' distributor or manufacturer shall be made available to the City upon request or payment may be withheld.
- ii. The Contractor is to ensure that all parts and materials used will be new and conform to the OEMs specifications. The Contractor is to use only new parts, assemblies or subassemblies, approved by the OEM, and is not to install used parts, or those removed from another system without the written approval of the City.
- iii. The City reserves the right to supply the Contractor with any parts on hand that would bring an item of equipment up to serviceable conditions. Any parts provided to the Contractor by the City will be provided at no cost to the Contractor.
- iv. The Contractor shall guarantee OEM replacements parts for a period of one (1) year after the repair work is complete.

5. Current Inventory for Utilities Division Facilities

This is an approximate list of the current instrument inventory as of this bid. The addition of new equipment and replacement of current equipment may result in changes to this list. This list should be used by the offeror to establish City needs and appropriate pricing. The scope of work will include all utility sites and facilities, indicated below.

Storm Water Level Stations (Total of 4)

6. Supplemental Information for Utilities Division Facilities

- i. A SCADA System Configuration and Communication diagram has been prepared and included as part of this package. The diagram provides general information on the details of major SCADA system computer components and connectivity.
- ii. The City presently uses VTScada software by Trihedral, Inc. as its SCADA system software platform.
- iii. The City's control hardware platform is existing and will continue in service through the duration of the contract. With limited exceptions, the control system hardware is ControlWave RTUs and PLCs by Emerson Process Management. Other equipment in use includes Allen Bradley CompactLogix, Allen Bradley SLC500 and Siemens S7 PLCs. When modifications are required for the Emerson RTU/PLC software, the vendor will utilize the services of Emerson Process Management to revise software and test the modifications.
- iv. VTScada software is currently used at the City's water and wastewater treatment facilities, and remote pumping facilities (including raw water wells, potable water and reclaimed water pump stations, and sanitary sewer and stormwater lift stations).
- v. All components of the City's utility infrastructure are existing systems, required to be operational during all construction/testing periods. The work and services provided under this contract shall be scheduled and coordinated with the City, at their convenience, to minimize the disruption of system operations.

7. Contractor Qualifications

- i. The Contractor shall perform all work necessary to select, furnish, configure, customize, debug, install, connect, calibrate (if required by the City), place into operation all hardware & software specified within specification form and to install all system software upgrades as required by the City to keep systems updated and running within the manufactures supported versions to include but not limited to VTScada, Control Wave Designer programming software (Emerson PLC software) MODBUS, as well as working knowledge of Altivar VFD's.
- ii. The Contractor shall be a "systems house" regularly engaged in the design and the installation of computer systems and their associated subsystems as they are applied to the municipal water or wastewater industry. For the purposes of this specification section, a "systems house" shall be interpreted to mean an organization that complies with all of the following criteria:
 - a. Employs a registered professional Control Systems Engineer or Electrical Engineer to supervise or perform the work required by this specification section.
 - b. Employs personnel on this project who have successfully completed a manufacturer's training course on the configuration and implementation of the specific programmable controllers, computers and software.
 - c. Has performed work of similar or greater complexity on at least five (5) previous projects. Shall submit names, addresses, telephone numbers, and details of instrumentation.
 - d. Has been in the water/wastewater industry or similar industrial process controls performing the type of work specified in this specification section for a minimum of ten (10) years.
- iii. The Contractor shall maintain a fully equipped office/production facility with full-time employees capable of fabricating, configuring, installing, calibrating, troubleshooting, and testing the system specified herein. Qualified repair personnel shall be available and capable of reaching the facilities within a twenty-four (24) hour period for non-emergency services and shall be available and capable of reaching the facilities within a four (8) hour period for emergency services.
- iv. Actual installation of a system or additional equipment need not be performed by the company's employees; however, the company shall be responsible for the on-site technical supervision of the installation. Written approval must be given by the City for any subcontractors.
- v. The Contractor shall submit a statement of qualifications, relevant to the specifications proposed for this bid that includes: equipment inventory, facility description, resumes of key personnel, experience references, and certifications.
- vi. The Contractor shall provide a list of telephone numbers, pager numbers, and cellular phone numbers where an Instrumentation Specialist can be reached at all

times in the event of an emergency. Maximum thirty (30) minute call back time is required.

- vii. The Contractor's personnel working on-site at any City facility must be full- time or contracted employees of the awarded vendor and have photo identification to enter site and available upon request. The photo identification must contain the employee's full name, the bidder's official logo or name, occupational license number, and a unique employee identification number.
- viii. The City reserves the right to require a specific Equipment/Programming Specialist, as long as said Specialist is employed by the Contractor.

8. Security and Proprietary Information

- i. The City's proprietary information stored on electronic computing devices whether owned, or leased by the City, an employee or a third party, remains the sole property of the City. Contractor must ensure through legal or technical means that proprietary information is protected in accordance with the DATA PROTECTION STANDARD. Contractor has a responsibility to promptly report the theft, loss or unauthorized disclosure of the City's proprietary information. Contractor may access, use or share the City's proprietary information only to the extent it is authorized and necessary to fulfill assigned job. Remote access to the City's Process Control System(s) shall be minimized to the greatest extent possible to ensure the security of the system. The Contractor should be prepared to perform all but the most urgent repair work on-site.
- ii. The following are strictly prohibited:
 - a. Accessing data, a server or an account for any purpose other than conducting City business.
 - b. Exporting software, technical information, encryption software or technology, in violation of international or regional export control laws. The appropriate management should be consulted prior to export of any material that is in question.
 - c. Introduction of malicious programs into the network or server (e.g., viruses, worms, Trojan horses, e-mail bombs, etc.).
 - d. Effecting security breaches or disruptions of network communication. Security breaches include, but are not limited to, accessing data of which the Contractor is not an intended recipient or logging into a server or account that the Contractor is not expressly authorized to access, unless these duties are within the scope of regular duties. For purposes of this section, "disruption" includes, but is not limited to, network sniffing, pinged floods, packet spoofing, denial of service, and forged routing information for malicious purposes.
 - e. Port scanning or security scanning.

- f. Connecting equipment to or exporting to any removable storage device without prior authorization from the City.
- g. Circumventing user authentication or security of any host, network or account.
- h. Introducing honeypots, honeynets, or similar technology on the City's network.
- i. Divulge remote connection modem phone numbers or other access points to City's computer resources to anyone without proper authorization.
- j. Share account(s), passwords, Personal Identification Numbers (PIN), Security Tokens (i.e. Smartcard), or similar information or devices used for identification and authorization purposes.
- k. Make unauthorized copies of copyrighted or City-owned software.
- l. Use of non-standard shareware or freeware software without the appropriate City Management approval.
- m. Download, install or run security programs or utilities such as password cracking programs, packet sniffers, or port scanners that reveal or exploit weaknesses in the security of a City computer resource unless approved.

9. System Continuity

- i. Should the City require on-site services, the Contractor shall make every effort to ensure that the equipment or system is left in operating condition. Should repairs performed by the Contractor result in equipment or system failure, the Contractor shall, within one (1) hour, inform the City authorized representative of the anticipated length of downtime. The Contractor shall make every effort to expedite repairs to minimize the downtime.
- ii. Should the City require on site services, (upon completion of all repairs, calibration, system start up and checkout procedures, and while the systems are in a "normal operating" condition), the Contractor and authorized City staff shall jointly demonstrate system performance to determine that the equipment operates properly and is acceptable. If control system loop checks are required, proper operation of the system loop shall be verified by operating all devices in the loop. Any failures shall be deemed as not meeting OEM requirements and shall require retesting and return of the equipment to the Contractor for further evaluation.

III. TERM OF AGREEMENT

The initial term of this agreement shall be for a period of three (3) years and will be automatically renewed for two additional one (1) year periods thereafter unless either party provides at least ninety (90) days prior written notice to the other party of their intent not to renew the agreement. All terms and conditions shall remain firm for the initial three (3) year period and any optional renewal period of this contract based on contractor's acceptance, level of performance, and approved funding.

IV. PROPOSAL PROCESS

The firm or individual(s) interested in this contract should include a response to each of the following items in their written proposal:

1. The proposal shall include the following:
 - a. Title Page: Title page marked, "**PROCESS CONTROL SYSTEM, EQUIPMENT, & INSTRUMENTATION SERVICES**", the firm's name; the name, address and telephone number of a contact person; and the date of the proposal.
 - b. Table of Contents: Include a clear identification of the material included in the proposal by page number.
 - c. Standard General Requirements: Include Proposer's name and principal address; contact person's name and title; telephone and fax number; FEIN; number of years organization has been in business; number of years your firm has been in business under your present business name; number of years your firm has been in business in work specific to this RFP; names and titles of all officers, partners or individuals doing business under trade name; statement of whether your firm has ever failed to complete work awarded to you; list all claims, arbitrations, administrative hearings and lawsuits brought by or against the Proposer or its predecessor organization(s) during the last five (5) years; list and describe all criminal proceedings or hearings concerning business related offenses in which the Proposer, its principals or officers or predecessor organization(s) were defendants; state whether the Proposer, its principals, officers or predecessor organization(s) have been CONVICTED of a Public Entity Crime, debarred or suspended from bidding by any government entity.
 - d. Transmittal Letter: A signed letter of transmittal briefly stating the proposer's understanding of the work to be done, the commitment to perform the work within the time period, a statement why the firm believed itself to be best qualified to perform the engagement and a statement that the proposal is a firm and irrevocable offer for the engagement period. The transmittal letter shall have an original signature of an authorized official of the firm who has been designated to submit the proposal on behalf of the firm.
 - e. Technical Qualifications of Firm: Provide a description and overview of firm, including the size, range of activities, licenses, certifications etc. Detail expertise in, and experience with troubleshooting and repair of SCADA, Telemetry, PLC's, and other associated pieces of equipment. (Limit response to two pages maximum) Identify any subcontractors(s) that

will be involved if work not performed in house, including address and a description of qualifications. (Limit response to one page maximum per subcontractor)

- f. Technical Qualifications of the Project Team: Identify the primary individuals (Project Team) who will be responsible for supervising, managing and executing the work for this Contract. List all certifications appropriate to the work. (Limit response to one page per person)
- g. References: Using the "List of References" sheet supplied herewith, provide list of three (3) utility clients for whom work has been performed within the past 5 years. Be sure to include:
- Entity/Client
 - Location
 - Year Completed
 - Client contact name, Phone and Email
 - Types of equipment serviced
- h. Responsiveness: Describe your approach to timely completion of work and provide general turnaround times.
- i. Location: Provide shop location(s) where the bulk of work will occur and indicate which member of the Project Team primarily works from each. Provide information on alternate or backup facilities, if available. Points shall be awarded as follows: Within 25 miles of Ormond City Hall (15 points), Within 50 miles of Ormond Beach City Hall (10 points), Within 100 miles of Ormond Beach City Hall (5 points), Beyond 100 miles of Ormond Beach City Hall (0 points)
- j. Pricing: Bidders shall provide a comprehensive "RATE SCHEDULE." Bidders are given the option of developing and submitting their own "RATE SCHEDULE" that best reflects their company structure OR bidders may complete the table entitled "RATE SCHEDULE," which includes additional blank spaces for unlisted job titles and rates, provided at the bottom of the table. These blank spaces are intended to allow the bidder to add other titles and rates as they deem necessary in their proposal.

In the "RATE SCHEDULE" table provided in the specifications, "ISA" refers to the International Society of Automation. While the Cost Schedule lists ISA certification, other comparable certifications are permissible. In addition, the term "Straight Time" shall be understood to mean all hours worked during normal weekdays but not exceeding eight (8) hours per day. Similarly, "Overtime" shall be understood to mean all hours worked after eight (8) hours on weekdays AND all hours worked on Holidays and weekends. "EI" refers to an Engineering Intern while "PE" refers to a Professional Engineer licensed in the State of Florida.

PROCESS CONTROL SYSTEM, EQUIPMENT & INSTRUMENTATION SERVICES
RFP NO. 2025 – 42
RATE SCHEDULE

	JOB TITLE	HOURLY RATE
	DESIGN RATES (OFFICE) (1, 2 & 3)	
1a	AutoCAD Design Rate (Straight Time)	\$80.00
1b	AutoCAD Design Rate (Overtime)	\$104.00
1c	AutoCAD Design Rate (Travel time)	\$75.00

8b	Project Manager Rate (Overtime)	\$166.40
8c	Project Manager Rate (Travel time)	\$90.00
	Use additional sheets for other titles, as necessary	

V. PROPOSAL SUBMITTAL

Please check the contents of your RFP package carefully to ensure that you have in your possession all the necessary documents, as referenced within this RFP, including any addenda. If you are missing any items, please contact the City's Purchasing Coordinator at 386-676-3223, or by e-mail at: rob.hart@ormondbeach.org.

Submission of a proposal pursuant to this RFP shall constitute acknowledgement and acceptance of the terms and conditions set forth herein. Portions of this RFP and the contents of the proposal submitted by the successful proposer may become contractual obligations if an Agreement is awarded. Failure of the successful proposer to accept these obligations may result in cancellation of the award of contract.

The City reserves the right to withdraw this RFP at any time without prior notice. All proposals submitted in response to this RFP become the property of the City of Ormond Beach.

Deadline for Submission: To be considered, proposals must be received no later than 2:00 p.m., September 25, 2025.

Inquiries: Technical questions may arise as firms are preparing their proposals. The City will accept written inquiries regarding this RFP until seven (7) working days prior to the RFP due date. Questions received after that time will not be responded to. Answers to questions that warrant attention of all the potential proposers will be distributed in the form of an addendum. Please direct written inquiries to:

Rob Hart
City of Ormond Beach
22 South Beach Street, Room 102
Ormond Beach, Florida 32174
Telephone: (386) 676-3223
FAX: (386) 676-3374
rob.hart@ormondbeach.org

Signature Requirements: Proposals must be signed by a duly authorized official(s) of the proposing firm. Consortiums, joint ventures, or teams submitting proposals, although permitted and encouraged, will not be considered responsive unless it is established that all contractual responsibility rests solely with one firm or legal entity which shall not be a subsidiary or affiliate with limited resources. Each proposal shall indicate the entity responsible for execution on behalf of the proposal team.

Proposal Delivery: You must submit one (1) unbound original plus one (1) electronic copy on compact disk (CD) or flash drive of the proposal no later than the date and time specified above. Submit proposals to: Rob Hart, Purchasing Coordinator, at City Hall down stairs in Room 102, 22 South Beach Street, Ormond Beach, FL 32174. The RFP title and number shall be plainly marked on the outside of the delivery envelope or

package. It is solely the responsibility of the submitter to ensure that the Proposal is delivered on or before the specified date and time. Late proposals will not be accepted.

Addenda and Supplements to the Request for Proposals (RFP): In the event that it becomes necessary to revise any part of this RFP, or if additional information is necessary to enable the proposing firm to make an adequate interpretation of the provisions of this RFP, a supplement to the RFP will be provided to each firm that has requested a copy of this document.

Rejection Rights: The City of Ormond Beach reserves the right, at any time, to modify, waive or otherwise vary the terms and conditions of this RFP including, but not limited to, the deadlines for submission and submission requirements. The City further reserves the right to reject any or all submittals, to cancel or withdraw this RFP at any time and to negotiate with any party prior to or after submittal of proposals. Selection is also dependent upon the negotiation of a mutually acceptable contract with the successful proposers.

Cost of Proposal Preparation: No reimbursement will be made by the City of Ormond Beach for any costs incurred in the preparation of the proposal or presentation.

Proposals to be in Effect: Each proposal shall state that it is valid for a period of not less than 90 days from date of receipt.

VI. EVALUATION PROCESS AND CRITERIA

The City of Ormond Beach will conduct an evaluation of all proposals, submitted by the deadline, to determine compliance with proposal requirements and mandatory document submissions. The committee will consist of three individuals from the City's public works department. The committee will evaluate proposals and select the Proposer that meets the best interests of the City, and will make a recommendation of Award of Contract to the City Commission.

The City reserves the following rights:

- Modify, extend, or cancel this RFP at any time to obtain additional proposals or for any other reason the City determines to be in its best interest;
- Issue a new RFP with terms and conditions that are the same, similar or substantially different as those set forth in this or a previous RFP in order to obtain additional proposals or for any other reason the City determines to be in its best interest;
- Conduct pre-award discussion and/or pre-award negotiations with any or all responsive and responsible proposer(s) who submit proposals determined to be reasonably acceptable of being selected for award; and, conduct personal interviews or require presentations of any or all proposer(s) prior to selection.

- Request that proposer(s) furnish additional information as the City may reasonably require.
- Accept or reject qualifications or proposals in part or whole, and/or waive any defect or deficiency in any proposal, if in the City's sole judgment, the defect or deficiency is not material in response to this RFP;
- Limit and/or determine the actual contract services to be included in a contract.
- Engage outside experts to assist staff in evaluating the merits and viability of each proposer.
- Obtain information for use in evaluating submittals from any source.
- Verify the information received in the proposal. If a proposer knowingly and willfully submits false information or data, the City of Ormond Beach reserves the right to reject that proposal. If it is determined that an Agreement was awarded as a result of false statements or other data submitted in response to this RFP, the City of Ormond Beach reserves the right to terminate the Agreement.

The City shall be the sole judge of the proposer's qualifications.

Evaluation Criteria:

For the purposes of further evaluation, the responsive proposals will be evaluated on, but shall not be limited to, consideration of the following criteria:

<u>EVALUATION CRITERIA</u>	MAXIMUM POSSIBLE POINTS
Technical Qualifications	10
Cost Schedule	20
Experience	20
Capability	15
Past Performance	20
Location	15

Responsive proposals will be ranked in each of the criteria.

REGISTRATION AND INSURANCE REQUIREMENTS FOR VENDOR/CONTRACTOR WORKING ON CITY PROJECTS

REGISTRATION REQUIREMENTS FOR VENDOR/CONTRACTOR WORKING ON CITY PROJECTS

Registration Requirements

VENDORS doing business within the City Limits must be registered with the City.

Requirements for registering a business are as follows:

Copy of City Business Tax Receipt (where your business is located).

Certificate of Insurance showing General Liability and Workers' Comp (or State Workers' Comp Exemption form).

Application Fee: \$25.00 For more information, contact the City's Business Tax Receipt official at 386-676-3233 or btonline@ormondbeach.org You can apply online here: <https://ormondbeachfl-energogovweb.tylerhost.net/apps/selfservice#/home>

State Certified/Registered Contractors

All registered State contractors must be registered with Volusia County. Volusia County Contractor Licensing, 123 W. Indiana Ave., Rm 203, Deland, FL 32720 (386) 736-5957 contractorlicensing@volusia.org
<https://connectivepermits.org/citizenportal/app/landing>

State certified contractors have the option of registering with Volusia County, or providing information directly to the business tax receipt official, to include copy of State license, certificate of insurance and copy of local business tax receipt. This information is provided with the permit application.

If you have any questions regarding the above requirements, please contact the business tax receipt official at (386) 676-3233 or btonline@ormondbeach.org

EXHIBIT A
Risk Management and Insurance Requirements

A. Payment and Performance Bonds

1. Except as otherwise provided herein, the Contractor shall, prior to beginning performance, deliver to the City, and the City shall record in the public records of Volusia County, Florida, the Contractor's Payment and Performance Bond in an amount equal to the full amount of the Contract.
2.
 - (a) Payment and Performance Bonds shall not be required for any contract except those which are for the construction of a public building, for the prosecution and completion of a public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time) or for repairs upon a public building or public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time).
 - (b) With respect to those Contracts for which Payment and Performance Bonds are otherwise required:
 - i. Unless the City Manager, or his designee, determines such Bond to be necessary to protect the interests of the City, no Contractor shall be required to provide a Payment and Performance Bond for any Contract which is for \$25,000.00 or less.
 - ii. Upon the request of the contractor, good cause shown by the Contractor, and a determination that the public health, safety and welfare will be sufficiently protected, the City Commission may exempt the contractor from the requirement of providing a Payment and Performance Bond for any Contract which is for more than \$25,000.00 but is less than \$200,000.00.
3. The Payment and Performance Bond shall list the Contractor as Principal and be issued by a surety insurer authorized to do business in Florida as a surety and listed as an acceptable surety in the Federal Register.
4. The Payment and Performance Bond shall be executed pursuant to Section 255.05, **Florida Statutes**, and be in a form substantially similar to the form set forth in Section 255.05(3), **Florida Statutes**.
5. The Payment and Performance Bond shall specifically provide coverage for delay damages due to a default by the Contractor.

6. The Payment and Performance Bond shall not make the Contract part of the Bond agreement.
7. In lieu of the Payment and Performance Bond, the Contractor may file with the Finance Director of the City, in an amount equal to the full amount of the Contract, cash, a money order, a certified check, a cashier's check, an irrevocable letter of credit, or a security of a type listed in Part II, Chapter 625, **Florida Statutes**.
8. In the event the surety on any Payment and Performance Bond furnished by the Contractor is declared bankrupt or becomes insolvent, or its right to do business in the State of Florida is terminated, the Contractor shall, within five (5) working days thereafter, substitute another Payment and Performance Bond and surety acceptable to the City.
9. The Contractor is totally and solely responsible for keeping its surety informed as to the Base Contract Price as bid, significant changes in the Project Scope, and the overall progress and completion of the Project for the entire life of the Contract.
10. The payment and performance bond requirements stated herein above shall not be applicable to service-related contracts unless otherwise determined by the City Manager in order to protect the health, safety and welfare of the general public.

B. Contractual Provisions Relative to Risk Management

All contracts for any public works to be performed, and service-related contracts, for or on behalf of the City shall include at a minimum, the following, or substantially similar, provisions:

1. Hold Harmless and Indemnity

The Contractor agrees to assume liability for and indemnify, hold harmless, and defend the City, its commissioners, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor, its agents, officers, contractors, subcontractors, employees, or anyone else employed or utilized by the Contractor in the performance of this Contract. The Contractor's liability hereunder shall include all attorney's fees and costs incurred by the City in the enforcement of this provision.

2. Payment on Behalf of City

The Contractor shall pay all costs of the City's legal defense, as may be selected by the City, for all claims described in the Hold Harmless paragraph. Such payment on behalf of the City shall be in addition to any and all other legal remedies available to the City and shall not be considered to be the City's exclusive remedy.

3. Loss Control/Safety

Precaution shall be exercised at all times by the Contractor for the protection of all persons, including employees and property. The Contractor shall comply with all applicable laws, regulations and ordinances related to safety and health, shall make special efforts to detect hazardous conditions, and shall take prompt action when loss control/safety measures are reasonably necessary. The City may order work to be stopped if conditions exist that present an immediate danger to persons or property. The Contractor acknowledges that such work stoppage will not shift responsibility for any damages from the Contractor to the City.

4. Service Bond

For Service-related contracts only, the City may require the Contractor to secure a service bond with a minimum \$25,000 coverage limit for the period of the service agreement. The service bond covers dishonest acts of the contractor's employees against the City. A copy of the bond shall be provided to the City when the agreement commences. Service-related contracts include and are not limited to businesses providing janitorial, pest control, general repair, security, carpet cleaning, locksmith, temporary employment, painting, moving services or other contracts as determined in the discretion of the Risk Manager as necessary to minimize loss.

C. Contractor's Insurance

1. General

The Contractor, including service-related contractors, shall purchase and maintain for the entire life of the Project, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under the Contract Documents, whether such operations be by the Contractor, by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City.

The Contractor is responsible for the amount of any deductible or self-insured retention.

2. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include and not limited to the following:

- (a)** Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

\$100,000 Each Accident Bodily Injury by Accident
\$100,000 Each Employee Bodily Injury by Disease
\$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

- (b)** Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

- a. Premises, Operations, Products and Completed Operations
- b. Owners' & Contractors' Protective
- c. Products & Completed Operation
- d. Explosion, Collapse & Underground Conditions
- e. Blanket Contractual Liability
- f. Personal Injury Liability
- g. Broad Form Property Damage Endorsement, including Completed Operations
- h. Independent Contractors

- i. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
- j. Pollution Liability (if applicable)
- k. Asbestos Abatement (if applicable)
- l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less and not limited to the following amounts:

Limits (not less than)

\$1 Million Each Occurrence

\$2 Million General Aggregate

\$1 Million Aggregate Products & Completed Operations

NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

- (c) Automobile Liability Insurance is required if an Automobile(s) is used in the performance of the contract. ISO Symbol 1 (Any Auto), or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos), and limits shall be no less than:

\$1 Million

Combined Single Limit for Bodily Injury and Property Damage

- (d) Excess Liability

For contracts \$250,000 or greater an Excess Liability Policy of at least but not limited to \$1,000,000 in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention not to exceed \$25,0000 per occurrence.

- (e) Builder's Risk

Contractor shall purchase Builder's Risk Insurance for any contracts that are deemed to be vertical construction on an All-Risk policy, and shall also include coverage for wind, hail, and named storm. Limits

of coverage shall be at least and not limited to the value of the project.

(f) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of \$1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

D. Requirements for Certificates of Insurance

1. With the execution of the Contract Documents, the Contractor, including service related contractors, shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain an endorsement that the coverage under the policies will not be canceled, non-renewed or materially changed until at least thirty (30) days' prior written notice of such cancellation, non-renewal or change (except for nonpayment of premium, which shall be ten (10) days) and a copy of the cancellation endorsement signed by an authorized representative of the insurer, be given to the City. The contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of the Contract Documents.
2. New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.
3. If requested by the City, the contractor shall immediately furnish complete copies of the Contractor's insurance policies, forms and endorsements.
4. For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
5. If the Contractor fails to obtain and maintain for the life of the Project the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of

premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Contract.

E. Policies of Insurance

1. Except as otherwise provided in this Exhibit, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-), in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.
2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carrier; written confirmation is required.
3. All policies of insurance or certificates thereof referred to in this Exhibit shall be deposited with the City Clerk.
4. The City shall be named an Additional Insured on General Liability including products and completed operations and Automobile Liability policies of insurance and certificates thereof.

VERIFICATION OF EMPLOYMENT STATUS USING E-VERIFY SYSTEM

1. Undersigned firm warrants it **IS** currently registered with the U.S. Department of Homeland Security's E-Verify system, **and** is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
2. Undersigned firm warrants it **has not** had any contracts terminated as a result of violations of Sections 448.09 or 448.095, *Florida Statutes*, that prohibit it from contracting with a public agency.
3. Undersigned firm warrants that if it enters into an agreement with a subcontractor, an express provision shall be included in all of its subcontracts requiring subcontractors, who perform work or provide services pursuant to the contract, to use the E-Verify system to verify employment eligibility of all new employees hired by the subcontractor during the contract term.
4. Undersigned firm understands that any subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and the contractor understands it shall maintain any such affidavits for the duration of the contract, and the contract with the subcontractor must be immediately terminated if the City has a good faith belief that the subcontractor knowingly violated Section 448.09 (1), *Florida Statutes*.
5. Undersigned firm understands that in the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and the contractor may not be awarded a public contract for a period of at least one (1) year after the date of termination. The contractor may be held liable for any additional costs incurred by the City as a result of termination of the contract.

CITY OF ORMOND BEACH, FLORIDA
DRUG-FREE WORKPLACE CERTIFICATION

IDENTICAL OR "TIE" SUBMITTALS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more proposals which are equal in respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

- 1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violation.
- 3) Give each employee that engages in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) calendar days after such conviction.
- 5) Impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- 6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

AGREEMENT

THIS AGREEMENT is made and entered into by and between the **City of Ormond Beach** ("City"), a Florida municipal corporation, 22 South Beach Street, Ormond Beach, Volusia County, Florida and **Star Controls, Inc.** ("Contractor"), 11555 Heron Bay Blvd., Suite 200, Coral Springs, FL 33076 and in consideration of the mutual promises and covenants herein contained, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree to the following:

1. **Scope of Work.** The Request for Proposals dated September 24, 2025 ("RFP #2025-42 "Process Control System, Equipment & Instrumentation Services") attached hereto as Exhibit "A" and the Rate Schedule attached hereto as Exhibit "B" are incorporated herein by reference and are a material part of this Agreement. The Contractor shall fully comply with the terms and conditions described in the attached exhibits.

A. Authorization for Services.

1. Prior to authorization for professional services by Contractor:
 - (a) City and Contractor shall develop a well-defined project description and complete understanding of the scope of services to be provided.
 - (b) Contractor shall provide City with a detailed proposal that provides the total estimated cost for each phase of services based on the prices set forth on Exhibit "B". If the proposal is accepted by City, the City shall issue and execute a written Work Authorization to be signed by Contractor.
 - (c) Based on the nature and cost of the services, City may obtain an independent estimate to evaluate the reasonableness of Contractor's estimate.
2. Each Work Authorization shall contain:
 - (a) The project description.
 - (b) The scope of work. The scope of work shall be attached and incorporated into the Work Authorization. It shall describe the services to be performed for each phase of work, and state the percentage of the total scope assigned to each phase.
 - (c) The dates for commencement and completion of work.

The Work Authorizations will be issued under and shall incorporate the terms of this Agreement. City makes no covenant or promise as to the number of available projects or that Contractor will perform any project for City during the life of this Agreement. City reserves the right to contract with other parties for the services contemplated by this Agreement when it is determined by City to be in the best interest of City to do so.

2. **Term.** This Agreement shall be effective on the date it is fully executed by the parties and shall have an initial term of three (3) years. This Agreement will be automatically renewed for two (2) additional one-year periods unless either party provides at least ninety (90) days prior written notice of their intent not to renew.

3. **Consideration.** Contractor shall provide the equipment and perform the services at the prices set forth on the attached exhibits. Contractor shall prepare and submit invoices to the City at the address set forth in Paragraph 9 of this Agreement. All such invoices shall be paid by the City within thirty (30) days.
4. **Delivery.** Contractor shall complete the project within the time frame set forth on Exhibit "A".
5. **Termination of Agreement.**
 - (a) The City Manager shall have the right to terminate the Agreement for a material breach of this agreement that remains uncured for at least thirty days after prior written receipt of a notice of violation of same.
 - (b) The City Manager shall have the right to terminate this Agreement for the City's convenience if she determines in her sole discretion that it is in the best interests of the City. In that event, the City shall only be obligated to Contractor to pay for any unpaid work already satisfactorily performed prior to the notice of termination.
 - (c) This Agreement may not be terminated by the Contractor.
6. **Assignment.** The Contractor shall not assign, convey or transfer all or any part of this Agreement, or all or any part of Contractor's interest herein, or all or any part of any interest in the Contractor, without the prior written consent of the City Commission, which consent shall not be unreasonably withheld.
7. **Complete Agreement.** This Agreement, including the provisions set forth in the exhibits attached hereto and incorporated by reference herein, constitutes the entire and complete agreement of the parties, and the promises and covenants herein contained shall survive the life of this Agreement.
8. **Amendment to Agreement.** Any amendment, change, or modification of this Agreement must be in writing and fully executed by both parties.
9. **Notices.** All notices which are required by this Agreement shall be provided to the parties at the following addresses, or such other addresses as may be requested in writing by either party:

City of Ormond Beach
Joyce Shanahan, City Manager
(copy to City Attorney)
22 South Beach Street
Ormond Beach, FL 32174

Star Controls, Inc.
Tzvi Magril, President
11555 heron Bay Blvd., Suite 200
Coral Springs, FL 33076

10. **Sovereign Immunity.** The City expressly retains and reserves all rights, privileges, immunities, and benefits of sovereign immunity. This provision shall be construed broadly in favor of the City.

11. **Venue.** The terms and conditions of this Agreement shall be construed and enforced under the laws of the State of Florida. Any action or proceeding, either at law or in equity, regarding this Agreement shall be brought in the circuit court, Seventh Judicial Circuit in and for Volusia County, Florida. Venue in any other jurisdiction or forum, whether it be any other circuit, state or federal venue, is hereby expressly waived.
12. **Waiver of Conditions.** No waiver by the City of any condition or breach of performance by the Contractor shall constitute an irrevocable, continuing, or subsequent waiver by the City of the same condition or breach of performance, or of any other condition or other breach of performance.
13. **Severability.** If any part of this Agreement is declared to be unenforceable or void by a court of competent jurisdiction, the remaining parts of the Agreement shall remain in full force and effect as long as the services to be provided by the Contractor are not materially affected, altered or impaired as a result of said judicial declaration.
14. **Conflicting Provisions.** In the event of any conflict between the provisions of this Agreement and any exhibits, the provision most favorable to the City shall control and shall be given full force and effect.
15. **Indemnification.** The City, its agents, employees, and officials, both elected and appointed, shall be indemnified and held harmless by Contractor from any and all liabilities, claims, and causes of action which may arise out of the willful, negligent, or unlawful acts or omissions of the Contractor or its subcontractors in the performance of this Agreement, unless such claims are a result of the City's sole negligence, as determined by the final decision maker of such claim.
16. **Duty to Defend.** The Contractor shall defend all suits and administrative actions, including all appellate proceedings, brought against the City, its agents, employees, and officials, both elected and appointed and shall pay all attorneys' fees and costs associated with the City's legal defense, as may be selected by the City, arising from all claims and causes of action described in Section 15 above. Such payment on behalf of the City shall be in addition to any and all other legal or equitable remedies available to the City and shall not be considered to be the City's exclusive remedy.
17. **Contractor's Insurance.** The Contractor shall purchase and maintain for the entire life of this Agreement, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under this Agreement, whether such operations be by the Contractor, or by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may

be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City. The Contractor is responsible for the amount of any deductible or self-insured retention.

18. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include and not limited to the following:

- (a) Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

\$100,000 Each Accident Bodily Injury by Accident
\$100,000 Each Employee Bodily Injury by Disease
\$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

- (b) Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

- a. Premises, Operations, Products and Completed Operations
- b. Owners' & Contractors' Protective
- c. Products & Completed Operation
- d. Explosion, Collapse & Underground Conditions
- e. Blanket Contractual Liability
- f. Personal Injury Liability
- g. Broad Form Property Damage Endorsement, including Completed Operations

- h. Independent Contractors
- i. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
- j. Pollution Liability (if applicable)
- k. Asbestos Abatement (if applicable)
- l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less and not limited to the following amounts:

Limits (not less than)

\$1 Million Each Occurrence
 \$2 Million General Aggregate
 \$1 Million Aggregate Products & Completed Operations

NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

- (c) Automobile Liability Insurance is required if an Automobile(s) is used in the performance of the contract.

ISO Symbol 1 (Any Auto), or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos), and limits shall be no less than:

\$1 Million	Combined Single Limit for Bodily Injury and Property Damage
-------------	--

- (d) Excess Liability

For contracts \$250,000 or greater an Excess Liability Policy of at least but not limited to \$1,000,000 in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention not to exceed \$25,000 per occurrence.

- (e) Builder's Risk

Contractor shall purchase Builder's Risk Insurance for any contracts that are deemed to be vertical construction on an All-Risk policy, and shall also include

coverage for wind, hail, and named storm. Limits of coverage shall be at least and not limited to the value of the project.

(f) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of \$1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

19. Requirements for Certificates of Insurance.

- (a) With the execution of this Agreement, the Contractor shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain a provision that the coverage under the policies will not be canceled, non-renewed or materially changed until at least **thirty (30)** days' prior written notice of such cancellation, non-renewal or change [except for nonpayment of premium, which shall be **ten (10)** days] has been given to the City. The Contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACCORD FORM 25-S (7/90), or its successor form, and shall be made a part of this Agreement.
- (b) New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.
- (c) If requested by the City, the Contractor shall furnish complete copies of the Contractor's insurance policies, forms and endorsements.
- (d) For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
- (e) If the Contractor fails to obtain and maintain for the life of the Agreement the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Agreement.

(f) **Policies of Insurance**

1. Except as otherwise provided herein, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-) in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.

2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carriers; written confirmation is required.

3. All policies of insurance or certificates thereof referred to herein shall be deposited with the City Clerk.

4. The City shall be named an Additional Insured on General Liability and Automobile Liability policies of insurance and certificates thereof.

20. **Enforcement of Costs.** If any legal action or other proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default, or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable attorneys' fees, court costs, and all expenses even if not taxable court costs (including, without limitation, all such fees, costs and expenses incident to arbitration, appellate, bankruptcy, and post-judgment proceedings), incurred in that action or proceeding or any appeal, in addition to any other relief to which the party or parties may be entitled. Attorneys' fees include legal assistant fees, expert witness fees, investigative fees, administrative costs, and all other charges billed by the attorney for the prevailing party.

21. **Compliance With Laws.** Contractor shall comply with all applicable federal, state and local laws and regulations.

22. **Compliance With Florida Public Records Law.** Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

(a) Keep and maintain public records required by the City to perform the contracted service.

(b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by

law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.

(d) Upon completion of the contract, transfer at no cost, to the City all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.

(e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

**CITY CLERK
22 SOUTH BEACH STREET
ORMOND BEACH, FLORIDA 32175. (386)677-0311
CITYCLERK@ORMONDBEACH.ORG**

Ref: Fla. Stat. §119.0701(2016)

23. **Limitation of Remedy and Liability.** Contractor and Owner expressly waive any claim for consequential damages against the other including but not limited to, a waiver of claims for diminished bonding capacity, loss of financing, loss of business reputation, lost profits on other projects or other lost opportunity damage claims.

Contractor expressly agrees that any claim (tort, contract, claim in equity, or otherwise) by Contractor for damages against Owner shall not exceed the total amount of the contract price, less any amounts actually paid to the Contractor by the Owner.

24. **Waiver of Right to Jury Trial.** THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHT WHICH ANY PARTY MAY HAVE TO TRIAL BY JURY IN RESPECT OF ANY PROCEEDING, LITIGATION OR COUNTERCLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY. IF THE SUBJECT MATTER OF ANY LAWSUIT IS ONE

IN WHICH THE WAIVER OF JURY TRIAL IS PROHIBITED, NO PARTY TO THIS AGREEMENT SHALL PRESENT AS A NON-COMPULSORY COUNTERCLAIM IN ANY SUCH LAWSUIT ANY CLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT. FURTHERMORE, NO PARTY TO THIS AGREEMENT SHALL SEEK TO CONSOLIDATE ANY SUCH ACTION IN WHICH A JURY TRIAL CANNOT BE WAIVED.

25. Verification of Employment Status Using E-Verify System

- (a) Section 448.09, *Florida Statutes*, makes it unlawful for any person to knowingly employ, hire, recruit, or refer, either for herself or himself, or on behalf of another, for private or public employment within the state, an alien who is not duly authorized to work in the United States. Contractor warrants that it is registered with the U.S. Department of Homeland Security's E-Verify system, and is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
- (b) Contractor agrees that if the contractor enters into an agreement with a subcontractor, the subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and contractor warrants it shall maintain any such affidavits for the duration of the contract. If the City has a good faith belief that a subcontractor knowingly violated Section 448.09 (1), the City shall promptly notify the contractor and order the contractor to immediately terminate the contract with the subcontractor.
- (c) In the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and as provided by statute, the contractor may not be awarded a public contract for at least one (1) year after the date of termination. The contractor may also be held liable for any additional costs incurred by the City as a result of the termination of the contract.

26. No Conflict of Interest. The Contractor warrants and agrees that neither it, nor any of its employees, agents, officers, directors, shareholders and independent contractors are, or will become, under contract with or accept compensation from any individual, business, corporation or governmental entity that has the possibility of an adverse interest to those of the City of Ormond Beach. The Contractor and its officers, directors, shareholders, employers, agents and subcontractors, agree not to provide any services or assistance to any entity directly or indirectly relating to the services provided to the City and to immediately notify the City Manager and City Attorney of any contact with any entity that has, or potentially has, a conflict of interest with the City of Ormond Beach. This provision shall be interpreted as broadly as possible to prevent any potential or actual conflict of interest presently or in the future by the Contractor.

27. Effective Date. This Agreement shall become effective upon the date last signed by the parties hereto.

IN WITNESS WHEREOF, the undersigned parties have caused this Agreement to be signed on the dates indicated hereinbelow.

GENERAL CONDITIONS

PUBLIC ENTITY CRIMES: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit Proposals on leases or real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

DISCRIMINATION: Pursuant to Section 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid or proposal on a contract to provide any goods or services to a public entity, may not submit a bid or proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit bid or proposal on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity.

PUBLIC RECORDS/NON-CONFIDENTIALITY OF BIDS AND/OR PROPOSALS. The City of Ormond Beach cannot and does not warrant the confidentiality of any information submitted in response to this solicitation. Florida law provides that municipal records shall at all times be open for personal inspection by any person, Section 119.01, F.S., The Public Records Law. Information and materials received by the City of Ormond Beach in connection with all Proposers' response shall be deemed to be public records subject to public inspection upon award, recommendation for award, or 30 days after bid opening, whichever occurs first. Section 119.071, F.S.

DISTRIBUTION OF BIDS AND RFP'S: The City uses the services of DemandStar (www.demandstar.com) to distribute its bids and RFP's on-line on the Internet. If you have received a copy of this RFP from any source other than DemandStar, please be aware that you may not have received the latest version of the RFP or any related addendums.

SUBMISSION OF RESPONSES: All Submittals shall be delivered in a sealed envelope. The Request for Proposals (RFP) number, title, and opening date shall be clearly displayed on the outside of the sealed envelope (and on the outside of any express shipping package). The delivery of said submittal to the Purchasing Office on or before the specified opening date and time is solely and strictly the responsibility of the Submitter. Any submittal received by the Purchasing Office after the specified date and time will not be accepted. Submittals must be presented on forms provided by the City. No other forms will be accepted. Responses submitted by telephone, fax or email will not be

considered. No Submittal may be modified after opening. No Submittal may be withdrawn after opening for a period of ninety (90) days unless otherwise specified.

EXECUTION OF SUBMITTAL: Submittals must contain a manual signature of authorized representative in the space(s) provided. Submittals must be typed or printed in ink. Use of erasable ink is not permitted. All corrections made by Submitter to any Submittal entry must be initialed. The company name and Federal Employer Identification Number (F.E.I.N.) number shall appear in the space(s) provided.

RFP OPENING: Submittals shall be opened and the name of the submitters shall be read publicly. No discussion of the Submittals will occur at this time.

SUBMITTAL TABULATION: The RFP Tabulation will be posted on Demandstar (www.demandstar.com). Any submitter wishing to receive a paper copy of the tabulation is required to enclose a stamped, self-addressed envelope with their Submittal response.

CLARIFICATION/CORRECTION OF RFP ENTRY: The City of Ormond Beach reserves the right to allow for the clarification of questionable entries and for the correction of obvious mistakes.

INTERPRETATION: Any questions concerning conditions and specifications shall be directed to the Purchasing Coordinator rob.hart@ormondbeach.org. Those interpretations which may affect the eventual outcome of this Submittal will be furnished in writing to all prospective Submitters. No interpretation shall be considered binding unless provided in writing by the City of Ormond Beach.

PROCUREMENT COMMUNICATION PROTOCOL: To protect the integrity of the procurement process, respondents, suppliers, contractors, sub-contractors or person acting on behalf of any of the above are prohibited from all communications regarding the solicitation with City staff, City consultants, City legal counsel, City agents, or elected officials unless such communication is specifically authorized in the City's solicitation or addenda. Violation of this provision may be grounds for rejecting a response.

MINORITY POLICIES: The City of Ormond Beach, Florida, encourages the full participation of Disadvantaged and Women Business Enterprises (D&WBE) in the provision of goods and services.

RESPONSIBILITY DETERMINATION: Pursuant to the provisions of Florida Statutes Chapter 287.05701, the City does not request or consider a vendor's social, political, or ideological interests in making a responsibility determination.

LICENSES AND PERMITS: The Vendor/Contractor is responsible for obtaining all necessary permits and licenses to comply with all Federal, State, local laws, rules and regulations required to perform work in accordance with the specifications.

ADDITIONAL TERMS AND CONDITIONS: The City of Ormond Beach reserves the right to reject Submittals containing any additional terms or conditions not specifically requested in the original conditions and specifications.

TAXES: The City of Ormond Beach is exempt from Federal Excise Taxes and all sales taxes.

SILENCE OF SPECIFICATIONS: The apparent silence of any specification and any supplemental specifications as to any details or the omission from same of any detailed description concerning any point shall be regarded as meaning that only the best commercial practices are to prevail and that only materials of first quality and correct type, size, and design are to be used. All workmanship is to be first quality. All interpretations of the specifications shall be made upon the basis of this statement.

ASSIGNMENT: Any purchase order or contract issued pursuant to a Submittal and the monies which may become due hereunder are not assignable except with the prior written approval of the City Manager or City Commissioner, whichever authorized the purchase or Agreement.

LIABILITY: The Contractor shall hold and save the City of Ormond Beach, its officers, agents, and employees harmless against claims by third parties resulting from the Contractor's or supplier's breach of contract or negligence, including all attorney's fees and costs, and shall pay any and all damages, fees, and costs assessed on behalf of the City. The City expressly reserves all rights, privileges and benefits of sovereign immunity.

PATENTS AND ROYALTIES: The Contractor, without exception, shall indemnify and save harmless the City of Ormond Beach and its employees from liability of any kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by the City of Ormond Beach. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the Submittal prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work.

NON-APPROPRIATION OF FUNDS: In the event sufficient budget funds are not available for a new fiscal period, the CITY shall notify the VENDOR/CONTRACTOR of such occurrence and the contract shall terminate on the last day of the current fiscal period, without any penalty or expense to the CITY of any kind whatsoever.

AWARDS: The CITY reserves the right, in its sole discretion, as the best interest of the CITY may require, to make award(s) by individual item, group of items, all or none, or a combination thereof; on a geographical basis and/or with one or more vendors, contractors, consultants or specialists; or to reject any and all Submittals or waive any minor irregularity or technicality in the Submittals received.

OTHER AGENCIES: All Bidder(s) awarded contracts from this bid or proposal may, permit any municipality or other government agency to participate in the contract under the same prices, terms, and conditions, if agreed to by both parties.

It is understood that at no time will any city, municipality, or other agency be obligated for placing an order for any other city, municipality, or agency; nor will any city, municipality, or agency be obligated for any bills incurred by any other city, municipality, or agency. Further, it is understood that each agency will issue its own purchase orders to the awarded bidder(s).

COMPLIANCE WITH FLORIDA PUBLIC RECORDS LAW:

Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

- (a) Keep and maintain public records required by the City to perform the contracted service.
- (b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.
- (d) Upon completion of the contract, transfer at no cost, to the City all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.
- (e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

CITY CLERK
22 SOUTH BEACH STREET
ORMOND BEACH, FLORIDA 32174
(386)677-0311

Ref: Fla. Stat. §119.0701(2016)

THE CITY OF ORMOND BEACH RESERVES THE RIGHT TO REJECT ANY OR ALL PROPOSALS, AND TO WAIVE INFORMALITIES AS MAY BE DEEMED TO BE IN THE BEST INTEREST OF THE CITY.

TERMS AND CONDITIONS

- A. The City of Ormond Beach reserves the right without prejudice to reject any or all proposals, to request clarification of information submitted, and to request additional information of one or more proposers.
- B. The City reserves the right to award the contract to the next most qualified firm if the successful firm fails to execute a contract within two weeks after the award of the contract by the City Commission.
- C. In accordance with federal, State, and local regulations, the firm shall not discriminate under the contract against any person.
- D. The firm shall not assign or transfer any interest in the contract without prior approval of the City Commission.
- E. The City reserves the right to terminate the contract at any time due to the vendor's default under terms of agreement.
- F. Submission of a proposal indicates acceptance by the firm of the conditions contained in this Request for Proposals unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the City of Ormond Beach and the firm selected.
- G. Submittals should include a copy of firm's insurance certificate, Conflict, Non-Conflict of Interest Statement/Litigation Statement, Drug Free Workplace Certificate and E-Verify Statement.

I.

OBJECTIVE OF THE REQUEST FOR PROPOSALS

The City of Ormond Beach is a coastal community located in northeast Volusia County, Florida, occupying an area of approximately 38 square miles. The City Utility Service Area extends outside of the City limits into part of unincorporated Volusia County as well as providing service to portions of neighboring Flagler County. Customer data for 2024 included 23,788 active water accounts, of which 16,972 were located within the City limits. Records indicate there were 18,027 active sewer accounts, of which 17,451 were located within City limits. The City's fiscal year begins on October 1 and ends on September 30.

The Utilities Division of the City's Public Works Department is responsible for providing quality potable water, sanitary sewer and reclaimed water services to utility customers in a manner that balances social, environmental, and economic factors. The Utilities Division of the Public Works Department consists of five operating sections: Water Production, Water Reclamation (sometimes referred to as the Wastewater Treatment Facility), Potable Water Distribution, Wastewater Collection & Reclaimed Water Distribution, and Equipment Maintenance.

The Water Production Division is responsible for the safe and efficient operation of the City's Water Treatment Plant (WTP), 38 wells, 3 water storage tanks, and four water distribution booster stations. The WTP has a design capacity of 12.0 million gallons per day.

The Water Reclamation Facility (also referred to as the Wastewater Treatment Facility) is responsible for the safe and efficient treatment of wastewater, the supply of reclaimed water for irrigation, and the subsequent stabilization and disposal of solid wastes produced to ensure the protection of public health and the environment. The City's Water Reclamation Facility is designed to treat sewage at a rate of 8 million gallons per day. The City utilizes 95 sanitary sewer lift stations to transmit wastewater to the Wastewater Reclamation Facility. Meanwhile, the reclaimed water system has a permitted capacity of 10 million gallons per day and utilizes three (3) reclaimed water storage tanks and associated pump stations.

The City of Ormond Beach is requesting proposals from qualified firms to enter into a contractual agreement to provide technical services on an "as needed basis" for the Utilities Division of the Public Works Department in the field of programming, maintenance, and calibration services to the City's Supervisory Control and Data Acquisition (SCADA) and Programmable Logic Controller (PLC) process control equipment systems in order to maintain normal operation of the City's treatment plants, well sites, storage tanks, and pump stations. It is the intent of the City of Ormond Beach, Florida to award a contract(s) to the successful proposer(s) of this request for proposals to provide **PROCESS CONTROL SYSTEM, EQUIPMENT, AND INSTRUMENTATION SERVICES** on an "as needed" basis.

II. SCOPE OF SERVICES

The work shall be performed on an "as needed basis" for the Utilities Division of the Public Works Department. The scope of work under this contract shall include services in the areas of **Preventative Maintenance, Routine Repairs and Advanced Programming** (including SCADA radio telemetry and PLC's), and **Emergency Repairs and Programming**.

A general listing of the facilities to be serviced is provided herewith under this **Section B-Scope of Work**, as detailed in **Current Inventory for the Utilities Division Facilities**, and **Supplemental Information for Utilities Division Facilities**. In general, the services to be provided under the Scope of Work includes, but is not limited to, the following:

1. Preventative Maintenance Service

- i. The successful offeror, also referred to herein as Contractor, shall provide all required programming, maintenance, and calibration services associated with the City's SCADA and PLC Process control equipment systems that is required to maintain normal operation of the treatment plants, well site, storage tanks, and pump stations.
- ii. All work to be scheduled between the normal work hours of 7:00 AM and 4:00 PM, Monday through Friday.
- iii. When performing preventative maintenance, upon conclusion of service, a report outlining work performed and work necessary to complete shall be submitted to the City. It is required that as part of this service, the Contractor shall perform services to correct calibration or typical preventative maintenance problems to the system. If additional problems are determined, a scope of repair work shall be prepared and accepted by City prior to commencement of such repair work.
- iv. When performing preventative on hardware, service visit shall include at a minimum: Cleaning of equipment/instrument per the instructions of the Original Equipment Manufacturer (OEM), cleaning and clearing of instrument supply lines, and instrument calibration verification per manufacturer's recommendations utilizing factory calibrated and properly maintained instruments.
- v. The successful offeror will supply all labor, vehicles, tools, testing equipment and parts, which satisfy manufacturer's applicable requirements. The Contractor shall advise the City of all costs required to provide such services and receive authorization by the City prior to commencing services. The City shall have the right to purchase parts direct from the OEM or through the Contractor.
- vi. The successful offeror will be responsible for providing advance notification, a minimum of twenty-four (24) hours, to the facility managers of any service or maintenance activities.

vii. Prior to the start of any repair work, a proposal to include scope, cost and time to complete the work, shall be submitted by the Contractor to the City for review and approval. The proposal should specify:

1. Labor billing rate for repair service not covered under the unit price agreement supplied by the vendor with the original contract proposal. Rates should include straight time rates, overtime rates, urgent rates and emergency rates, as applicable, and under what circumstances said rates are applied.
2. Policies, if any, on pricing of replacement parts not covered under the unit price agreement supplied by the vendor with the original contract proposal.

2. Routine Repairs and Advanced Programming Services

- i. On an as-needed basis, the successful offeror shall provide SCADA and PLC programming, diagnostic and trouble-shooting services to the City's water and wastewater facilities process control systems and remote pumping facilities (including wells and lift stations RTU's).
- ii. Prior to the start of any repair work, a proposal to include scope, cost and time to complete the work, shall be submitted by the Contractor to the City for review and approval. The proposal should specify:
 - a. Labor billing rate for repair service not covered under the fixed price annual preventative maintenance service. Rates should include straight time rates, overtime rates, urgent rates and emergency rates, as applicable, and under what circumstances said rates are applied.
 - b. All hourly rates shall include labor, expenses, and travel to the City. These On-Demand services may include instrument diagnostic and repair work, PLC equipment repair/replacement, software program updates, SCADA system integration work and general Process Control system trouble-shooting and repair.
 - c. Routine repair work scheduled in advance is defined as: Monday through Friday, 7:00 a.m. until 4:00 p.m. If the repair impacts normal operations, City may request routine work to be scheduled Monday through Friday between 4:01 p.m. and 6:59 a.m.

3. Emergency Repairs and Programming Services

- i. The successful offeror shall provide emergency SCADA and PLC programming, and repair services to the City's water and wastewater facilities process control systems.
- ii. Emergency service is 24-hours per day, 7 days a week. Contractor shall respond, and be at the City's work location, responding to emergency calls with eight (8) hours of the City's request. *Emergency rates shall apply to the first eight (8) hours of service, after which any remaining work will revert to routine, scheduled work rates.*

- iii. All hourly rates shall include labor, expenses, and travel to the City. These emergency services may include instrument diagnostic and repair work, PLC equipment repair/replacement, software program updates, SCADA system integration work and general Process Control system trouble-shooting and repair.
- iv. The City shall authorize any repairs that are necessary to return any equipment to operating status.

4. Parts and Materials Used

- i. In such cases where the Contractor is authorized to furnish new parts, either for repair or 100% replacement, the City's cost shall be limited to a value equal to the Contractor's actual cost, including freight. The Contractor shall not invoice the City any markup fees or additional percentage of cost. Original invoices from the parts' distributor or manufacturer shall be made available to the City upon request or payment may be withheld.
- ii. The Contractor is to ensure that all parts and materials used will be new and conform to the OEMs specifications. The Contractor is to use only new parts, assemblies or subassemblies, approved by the OEM, and is not to install used parts, or those removed from another system without the written approval of the City.
- iii. The City reserves the right to supply the Contractor with any parts on hand that would bring an item of equipment up to serviceable conditions. Any parts provided to the Contractor by the City will be provided at no cost to the Contractor.
- iv. The Contractor shall guarantee OEM replacements parts for a period of one (1) year after the repair work is complete.

5. Current Inventory for Utilities Division Facilities

This is an approximate list of the current instrument inventory as of this bid. The addition of new equipment and replacement of current equipment may result in changes to this list. This list should be used by the offeror to establish City needs and appropriate pricing. The scope of work will include all utility sites and facilities, indicated below.

Water Treatment Facility

- 1. Control Room (LPRO): Emerson Controlwave RED with RIO 1-2 (Electrical Room), RIO1-2 (Maintenance Shop) and RIO 1-4 (Lime Softening Building)

6. Supplemental Information for Utilities Division Facilities

- i. A SCADA System Configuration and Communication diagram has been prepared and included as part of this package. The diagram provides general information on the details of major SCADA system computer components and connectivity.
- ii. The City presently uses VTScada software by Trihedral, Inc. as its SCADA system software platform.
- iii. The City's control hardware platform is existing and will continue in service through the duration of the contract. With limited exceptions, the control system hardware is ControlWave RTUs and PLCs by Emerson Process Management. Other equipment in use includes Allen Bradley CompactLogix, Allen Bradley SLC500 and Siemens S7 PLCs. When modifications are required for the Emerson RTU/PLC software, the vendor will utilize the services of Emerson Process Management to revise software and test the modifications.
- iv. VTScada software is currently used at the City's water and wastewater treatment facilities, and remote pumping facilities (including raw water wells, potable water and reclaimed water pump stations, and sanitary sewer and stormwater lift stations).
- v. All components of the City's utility infrastructure are existing systems, required to be operational during all construction/testing periods. The work and services provided under this contract shall be scheduled and coordinated with the City, at their convenience, to minimize the disruption of system operations.

7. Contractor Qualifications

- i. The Contractor shall perform all work necessary to select, furnish, configure, customize, debug, install, connect, calibrate (if required by the City), place into operation all hardware & software specified within specification form and to install all system software upgrades as required by the City to keep systems updated and running within the manufactures supported versions to include but not limited to VTScada, Control Wave Designer programming software (Emerson PLC software) MODBUS, as well as working knowledge of Altivar VFD's.
- ii. The Contractor shall be a "systems house" regularly engaged in the design and the installation of computer systems and their associated subsystems as they are applied to the municipal water or wastewater industry. For the purposes of this specification section, a "systems house" shall be interpreted to mean an organization that complies with all of the following criteria:
 - a. Employs a registered professional Control Systems Engineer or Electrical Engineer to supervise or perform the work required by this specification section.
 - b. Employs personnel on this project who have successfully completed a manufacturer's training course on the configuration and implementation of the specific programmable controllers, computers and software.
 - c. Has performed work of similar or greater complexity on at least five (5) previous projects. Shall submit names, addresses, telephone numbers, and details of instrumentation.
 - d. Has been in the water/wastewater industry or similar industrial process controls performing the type of work specified in this specification section for a minimum of ten (10) years.
- iii. The Contractor shall maintain a fully equipped office/production facility with full-time employees capable of fabricating, configuring, installing, calibrating, troubleshooting, and testing the system specified herein. Qualified repair personnel shall be available and capable of reaching the facilities within a twenty-four (24) hour period for non-emergency services and shall be available and capable of reaching the facilities within a four (8) hour period for emergency services.
- iv. Actual installation of a system or additional equipment need not be performed by the company's employees; however, the company shall be responsible for the on-site technical supervision of the installation. Written approval must be given by the City for any subcontractors.
- v. The Contractor shall submit a statement of qualifications, relevant to the specifications proposed for this bid that includes: equipment inventory, facility description, resumes of key personnel, experience references, and certifications.
- vi. The Contractor shall provide a list of telephone numbers, pager numbers, and cellular phone numbers where an Instrumentation Specialist can be reached at all

times in the event of an emergency. Maximum thirty (30) minute call back time is required.

- vii. The Contractor's personnel working on-site at any City facility must be full-time or contracted employees of the awarded vendor and have photo identification to enter site and available upon request. The photo identification must contain the employee's full name, the bidder's official logo or name, occupational license number, and a unique employee identification number.
- viii. The City reserves the right to require a specific Equipment/Programming Specialist, as long as said Specialist is employed by the Contractor.

8. Security and Proprietary Information

- i. The City's proprietary information stored on electronic computing devices whether owned, or leased by the City, an employee or a third party, remains the sole property of the City. Contractor must ensure through legal or technical means that proprietary information is protected in accordance with the DATA PROTECTION STANDARD. Contractor has a responsibility to promptly report the theft, loss or unauthorized disclosure of the City's proprietary information. Contractor may access, use or share the City's proprietary information only to the extent it is authorized and necessary to fulfill assigned job. Remote access to the City's Process Control System(s) shall be minimized to the greatest extent possible to ensure the security of the system. The Contractor should be prepared to perform all but the most urgent repair work on-site.
- ii. The following are strictly prohibited:
 - a. Accessing data, a server or an account for any purpose other than conducting City business.
 - b. Exporting software, technical information, encryption software or technology, in violation of international or regional export control laws. The appropriate management should be consulted prior to export of any material that is in question.
 - c. Introduction of malicious programs into the network or server (e.g., viruses, worms, Trojan horses, e-mail bombs, etc.).
 - d. Effecting security breaches or disruptions of network communication. Security breaches include, but are not limited to, accessing data of which the Contractor is not an intended recipient or logging into a server or account that the Contractor is not expressly authorized to access, unless these duties are within the scope of regular duties. For purposes of this section, "disruption" includes, but is not limited to, network sniffing, pinged floods, packet spoofing, denial of service, and forged routing information for malicious purposes.
 - e. Port scanning or security scanning.

- f. Connecting equipment to or exporting to any removable storage device without prior authorization from the City.
- g. Circumventing user authentication or security of any host, network or account.
- h. Introducing honeypots, honeynets, or similar technology on the City's network.
- i. Divulge remote connection modem phone numbers or other access points to City's computer resources to anyone without proper authorization.
- j. Share account(s), passwords, Personal Identification Numbers (PIN), Security Tokens (i.e. Smartcard), or similar information or devices used for identification and authorization purposes.
- k. Make unauthorized copies of copyrighted or City-owned software.
- l. Use of non-standard shareware or freeware software without the appropriate City Management approval.
- m. Download, install or run security programs or utilities such as password cracking programs, packet sniffers, or port scanners that reveal or exploit weaknesses in the security of a City computer resource unless approved.

9. System Continuity

- i. Should the City require on-site services, the Contractor shall make every effort to ensure that the equipment or system is left in operating condition. Should repairs performed by the Contractor result in equipment or system failure, the Contractor shall, within one (1) hour, inform the City authorized representative of the anticipated length of downtime. The Contractor shall make every effort to expedite repairs to minimize the downtime.
- ii. Should the City require on site services, (upon completion of all repairs, calibration, system start up and checkout procedures, and while the systems are in a "normal operating" condition), the Contractor and authorized City staff shall jointly demonstrate system performance to determine that the equipment operates properly and is acceptable. If control system loop checks are required, proper operation of the system loop shall be verified by operating all devices in the loop. Any failures shall be deemed as not meeting OEM requirements and shall require retesting and return of the equipment to the Contractor for further evaluation.

III. TERM OF AGREEMENT

The initial term of this agreement shall be for a period of three (3) years and will be automatically renewed for two additional one (1) year periods thereafter unless either party provides at least ninety (90) days prior written notice to the other party of their intent not to renew the agreement. All terms and conditions shall remain firm for the initial three (3) year period and any optional renewal period of this contract based on contractor's acceptance, level of performance, and approved funding.

IV. PROPOSAL PROCESS

The firm or individual(s) interested in this contract should include a response to each of the following items in their written proposal:

1. The proposal shall include the following:
 - a. Title Page: Title page marked, "PROCESS CONTROL SYSTEM, EQUIPMENT, & INSTRUMENTATION SERVICES", the firm's name; the name, address and telephone number of a contact person; and the date of the proposal.
 - b. Table of Contents: Include a clear identification of the material included in the proposal by page number.
 - c. Standard General Requirements: Include Proposer's name and principal address; contact person's name and title; telephone and fax number; FEIN; number of years organization has been in business; number of years your firm has been in business under your present business name; number of years your firm has been in business in work specific to this RFP; names and titles of all officers, partners or individuals doing business under trade name; statement of whether your firm has ever failed to complete work awarded to you; list all claims, arbitrations, administrative hearings and lawsuits brought by or against the Proposer or its predecessor organization(s) during the last five (5) years; list and describe all criminal proceedings or hearings concerning business related offenses in which the Proposer, its principals or officers or predecessor organization(s) were defendants; state whether the Proposer, its principals, officers or predecessor organization(s) have been CONVICTED of a Public Entity Crime, debarred or suspended from bidding by any government entity.
 - d. Transmittal Letter: A signed letter of transmittal briefly stating the proposer's understanding of the work to be done, the commitment to perform the work within the time period, a statement why the firm believed itself to be best qualified to perform the engagement and a statement that the proposal is a firm and irrevocable offer for the engagement period. The transmittal letter shall have an original signature of an authorized official of the firm who has been designated to submit the proposal on behalf of the firm.
 - e. Technical Qualifications of Firm: Provide a description and overview of firm, including the size, range of activities, licenses, certifications etc. Detail expertise in, and experience with troubleshooting and repair of SCADA, Telemetry, PLC's, and other associated pieces of equipment. (Limit response to two pages maximum) Identify any subcontractors(s) that

will be involved if work not performed in house, including address and a description of qualifications. (Limit response to one page maximum per subcontractor)

- f. Technical Qualifications of the Project Team: Identify the primary individuals (Project Team) who will be responsible for supervising, managing and executing the work for this Contract. List all certifications appropriate to the work. (Limit response to one page per person)
- g. References: Using the "List of References" sheet supplied herewith, provide list of three (3) utility clients for whom work has been performed within the past 5 years. Be sure to include:
- Entity/Client
 - Location
 - Year Completed
 - Client contact name, Phone and Email
 - Types of equipment serviced
- h. Responsiveness: Describe your approach to timely completion of work and provide general turnaround times.
- i. Location: Provide shop location(s) where the bulk of work will occur and indicate which member of the Project Team primarily works from each. Provide information on alternate or backup facilities, if available. Points shall be awarded as follows: Within 25 miles of Ormond City Hall (15 points), Within 50 miles of Ormond Beach City Hall (10 points), Within 100 miles of Ormond Beach City Hall (5 points), Beyond 100 miles of Ormond Beach City Hall (0 points)
- j. Pricing: Bidders shall provide a comprehensive "RATE SCHEDULE." Bidders are given the option of developing and submitting their own "RATE SCHEDULE" that best reflects their company structure OR bidders may complete the table entitled "RATE SCHEDULE," which includes additional blank spaces for unlisted job titles and rates, provided at the bottom of the table. These blank spaces are intended to allow the bidder to add other titles and rates as they deem necessary in their proposal.

In the "RATE SCHEDULE" table provided in the specifications, "ISA" refers to the International Society of Automation. While the Cost Schedule lists ISA certification, other comparable certifications are permissible. In addition, the term "Straight Time" shall be understood to mean all hours worked during normal weekdays but not exceeding eight (8) hours per day. Similarly, "Overtime" shall be understood to mean all hours worked after eight (8) hours on weekdays AND all hours worked on Holidays and weekends. "EI" refers to an Engineering Intern while "PE" refers to a Professional Engineer licensed in the State of Florida.

PROCESS CONTROL SYSTEM, EQUIPMENT & INSTRUMENTATION SERVICES
RFP NO. 2025 – 42

	Use additional sheets for other titles, as necessary	

V. PROPOSAL SUBMITTAL

Please check the contents of your RFP package carefully to ensure that you have in your possession all the necessary documents, as referenced within this RFP, including any addenda. If you are missing any items, please contact the City's Purchasing Coordinator at 386-676-3223, or by e-mail at: rob.hart@ormondbeach.org.

Submission of a proposal pursuant to this RFP shall constitute acknowledgement and acceptance of the terms and conditions set forth herein. Portions of this RFP and the contents of the proposal submitted by the successful proposer may become contractual obligations if an Agreement is awarded. Failure of the successful proposer to accept these obligations may result in cancellation of the award of contract.

The City reserves the right to withdraw this RFP at any time without prior notice. All proposals submitted in response to this RFP become the property of the City of Ormond Beach.

Deadline for Submission: To be considered, proposals must be received no later than 2:00 p.m., September 25, 2025.

Inquiries: Technical questions may arise as firms are preparing their proposals. The City will accept written inquiries regarding this RFP until seven (7) working days prior to the RFP due date. Questions received after that time will not be responded to. Answers to questions that warrant attention of all the potential proposers will be distributed in the form of an addendum. Please direct written inquiries to:

Rob Hart
City of Ormond Beach
22 South Beach Street, Room 102
Ormond Beach, Florida 32174
Telephone: (386) 676-3223
FAX: (386) 676-3374
rob.hart@ormondbeach.org

Signature Requirements: Proposals must be signed by a duly authorized official(s) of the proposing firm. Consortiums, joint ventures, or teams submitting proposals, although permitted and encouraged, will not be considered responsive unless it is established that all contractual responsibility rests solely with one firm or legal entity which shall not be a subsidiary or affiliate with limited resources. Each proposal shall indicate the entity responsible for execution on behalf of the proposal team.

Proposal Delivery: You must submit one (1) unbound original plus one (1) electronic copy on compact disk (CD) or flash drive of the proposal no later than the date and time specified above. Submit proposals to: Rob Hart, Purchasing Coordinator, at City Hall down stairs in Room 102, 22 South Beach Street, Ormond Beach, FL 32174. The RFP title and number shall be plainly marked on the outside of the delivery envelope or

package. It is solely the responsibility of the submitter to ensure that the Proposal is delivered on or before the specified date and time. Late proposals will not be accepted.

Addenda and Supplements to the Request for Proposals (RFP): In the event that it becomes necessary to revise any part of this RFP, or if additional information is necessary to enable the proposing firm to make an adequate interpretation of the provisions of this RFP, a supplement to the RFP will be provided to each firm that has requested a copy of this document.

Rejection Rights: The City of Ormond Beach reserves the right, at any time, to modify, waive or otherwise vary the terms and conditions of this RFP including, but not limited to, the deadlines for submission and submission requirements. The City further reserves the right to reject any or all submittals, to cancel or withdraw this RFP at any time and to negotiate with any party prior to or after submittal of proposals. Selection is also dependent upon the negotiation of a mutually acceptable contract with the successful proposers.

Cost of Proposal Preparation: No reimbursement will be made by the City of Ormond Beach for any costs incurred in the preparation of the proposal or presentation.

Proposals to be in Effect: Each proposal shall state that it is valid for a period of not less than 90 days from date of receipt.

VI. EVALUATION PROCESS AND CRITERIA

The City of Ormond Beach will conduct an evaluation of all proposals, submitted by the deadline, to determine compliance with proposal requirements and mandatory document submissions. The committee will consist of three individuals from the City's public works department. The committee will evaluate proposals and select the Proposer that meets the best interests of the City, and will make a recommendation of Award of Contract to the City Commission.

The City reserves the following rights:

- Modify, extend, or cancel this RFP at any time to obtain additional proposals or for any other reason the City determines to be in its best interest;
- Issue a new RFP with terms and conditions that are the same, similar or substantially different as those set forth in this or a previous RFP in order to obtain additional proposals or for any other reason the City determines to be in its best interest;
- Conduct pre-award discussion and/or pre-award negotiations with any or all responsive and responsible proposer(s) who submit proposals determined to be reasonably acceptable of being selected for award; and, conduct personal interviews or require presentations of any or all proposer(s) prior to selection.

- Request that proposer(s) furnish additional information as the City may reasonably require.
- Accept or reject qualifications or proposals in part or whole, and/or waive any defect or deficiency in any proposal, if in the City's sole judgment, the defect or deficiency is not material in response to this RFP;
- Limit and/or determine the actual contract services to be included in a contract.
- Engage outside experts to assist staff in evaluating the merits and viability of each proposer.
- Obtain information for use in evaluating submittals from any source.
- Verify the information received in the proposal. If a proposer knowingly and willfully submits false information or data, the City of Ormond Beach reserves the right to reject that proposal. If it is determined that an Agreement was awarded as a result of false statements or other data submitted in response to this RFP, the City of Ormond Beach reserves the right to terminate the Agreement.

The City shall be the sole judge of the proposer's qualifications.

Evaluation Criteria:

For the purposes of further evaluation, the responsive proposals will be evaluated on, but shall not be limited to, consideration of the following criteria:

EVALUATION CRITERIA	MAXIMUM POSSIBLE POINTS
Technical Qualifications	10
Cost Schedule	20
Experience	20
Capability	15
Past Performance	20
Location	15

Responsive proposals will be ranked in each of the criteria.

REGISTRATION AND INSURANCE REQUIREMENTS FOR VENDOR/CONTRACTOR WORKING ON CITY PROJECTS

REGISTRATION REQUIREMENTS FOR VENDOR/CONTRACTOR WORKING ON CITY PROJECTS

Registration Requirements

VENDORS doing business within the City Limits must be registered with the City.

Requirements for registering a business are as follows:

Copy of City Business Tax Receipt (where your business is located).

Certificate of Insurance showing General Liability and Workers' Comp (or State Workers' Comp Exemption form).

Application Fee: \$25.00 For more information, contact the City's Business Tax Receipt official at 386-676-3233 or btonline@ormondbeach.org You can apply online here: <https://ormondbeachfl-energygovweb.tylerhost.net/apps/selfservice#/home>

State Certified/Registered Contractors

All registered State contractors must be registered with Volusia County. Volusia County Contractor Licensing, 123 W. Indiana Ave., Rm 203, Deland, FL 32720 (386) 736-5957 contractorlicensing@volusia.org
<https://connectlivepermits.org/citizenportal/app/landing>

State certified contractors have the option of registering with Volusia County, or providing information directly to the business tax receipt official, to include copy of State license, certificate of insurance and copy of local business tax receipt. This information is provided with the permit application.

If you have any questions regarding the above requirements, please contact the business tax receipt official at (386) 676-3233 or btonline@ormondbeach.org

EXHIBIT A
Risk Management and Insurance Requirements

A. Payment and Performance Bonds

- 1.** Except as otherwise provided herein, the Contractor shall, prior to beginning performance, deliver to the City, and the City shall record in the public records of Volusia County, Florida, the Contractor's Payment and Performance Bond in an amount equal to the full amount of the Contract.
- 2.**
 - (a)** Payment and Performance Bonds shall not be required for any contract except those which are for the construction of a public building, for the prosecution and completion of a public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time) or for repairs upon a public building or public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time).
 - (b)** With respect to those Contracts for which Payment and Performance Bonds are otherwise required:
 - i.** Unless the City Manager, or his designee, determines such Bond to be necessary to protect the interests of the City, no Contractor shall be required to provide a Payment and Performance Bond for any Contract which is for \$25,000.00 or less.
 - ii.** Upon the request of the contractor, good cause shown by the Contractor, and a determination that the public health, safety and welfare will be sufficiently protected, the City Commission may exempt the contractor from the requirement of providing a Payment and Performance Bond for any Contract which is for more than \$25,000.00 but is less than \$200,000.00.
- 3.** The Payment and Performance Bond shall list the Contractor as Principal and be issued by a surety insurer authorized to do business in Florida as a surety and listed as an acceptable surety in the Federal Register.
- 4.** The Payment and Performance Bond shall be executed pursuant to Section 255.05, **Florida Statutes**, and be in a form substantially similar to the form set forth in Section 255.05(3), **Florida Statutes**.
- 5.** The Payment and Performance Bond shall specifically provide coverage for delay damages due to a default by the Contractor.

6. The Payment and Performance Bond shall not make the Contract part of the Bond agreement.
7. In lieu of the Payment and Performance Bond, the Contractor may file with the Finance Director of the City, in an amount equal to the full amount of the Contract, cash, a money order, a certified check, a cashier's check, an irrevocable letter of credit, or a security of a type listed in Part II, Chapter 625, **Florida Statutes**.
8. In the event the surety on any Payment and Performance Bond furnished by the Contractor is declared bankrupt or becomes insolvent, or its right to do business in the State of Florida is terminated, the Contractor shall, within five (5) working days thereafter, substitute another Payment and Performance Bond and surety acceptable to the City.
9. The Contractor is totally and solely responsible for keeping its surety informed as to the Base Contract Price as bid, significant changes in the Project Scope, and the overall progress and completion of the Project for the entire life of the Contract.
10. The payment and performance bond requirements stated herein above shall not be applicable to service-related contracts unless otherwise determined by the City Manager in order to protect the health, safety and welfare of the general public.

B. Contractual Provisions Relative to Risk Management

All contracts for any public works to be performed, and service-related contracts, for or on behalf of the City shall include at a minimum, the following, or substantially similar, provisions:

1. Hold Harmless and Indemnity

The Contractor agrees to assume liability for and indemnify, hold harmless, and defend the City, its commissioners, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor, its agents, officers, contractors, subcontractors, employees, or anyone else employed or utilized by the Contractor in the performance of this Contract. The Contractor's liability hereunder shall include all attorney's fees and costs incurred by the City in the enforcement of this provision.

2. Payment on Behalf of City

The Contractor shall pay all costs of the City's legal defense, as may be selected by the City, for all claims described in the Hold Harmless paragraph. Such payment on behalf of the City shall be in addition to any and all other legal remedies available to the City and shall not be considered to be the City's exclusive remedy.

3. Loss Control/Safety

Precaution shall be exercised at all times by the Contractor for the protection of all persons, including employees and property. The Contractor shall comply with all applicable laws, regulations and ordinances related to safety and health, shall make special efforts to detect hazardous conditions, and shall take prompt action when loss control/safety measures are reasonably necessary. The City may order work to be stopped if conditions exist that present an immediate danger to persons or property. The Contractor acknowledges that such work stoppage will not shift responsibility for any damages from the Contractor to the City.

4. Service Bond

For Service-related contracts only, the City may require the Contractor to secure a service bond with a minimum \$25,000 coverage limit for the period of the service agreement. The service bond covers dishonest acts of the contractor's employees against the City. A copy of the bond shall be provided to the City when the agreement commences. Service-related contracts include and are not limited to businesses providing janitorial, pest control, general repair, security, carpet cleaning, locksmith, temporary employment, painting, moving services or other contracts as determined in the discretion of the Risk Manager as necessary to minimize loss.

C. Contractor's Insurance

1. General

The Contractor, including service-related contractors, shall purchase and maintain for the entire life of the Project, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under the Contract Documents, whether such operations be by the Contractor, by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City.

The Contractor is responsible for the amount of any deductible or self-insured retention.

2. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include and not limited to the following:

- (a) Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

\$100,000 Each Accident Bodily Injury by Accident
\$100,000 Each Employee Bodily Injury by Disease
\$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

- (b) Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

- a. Premises, Operations, Products and Completed Operations
- b. Owners' & Contractors' Protective
- c. Products & Completed Operation
- d. Explosion, Collapse & Underground Conditions
- e. Blanket Contractual Liability
- f. Personal Injury Liability
- g. Broad Form Property Damage Endorsement, including Completed Operations
- h. Independent Contractors

- i. Watercraft-Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
- j. Pollution Liability (if applicable)
- k. Asbestos Abatement (if applicable)
- l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less and not limited to the following amounts:

Limits (not less than)

\$1 Million Each Occurrence

\$2 Million General Aggregate

\$1 Million Aggregate Products & Completed Operations

NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

- (c) Automobile Liability Insurance is required if an Automobile(s) is used in the performance of the contract. ISO Symbol 1 (Any Auto), or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos), and limits shall be no less than:

\$1 Million

Combined Single Limit for Bodily Injury and Property Damage

- (d) Excess Liability

For contracts \$250,000 or greater an Excess Liability Policy of at least but not limited to \$1,000,000 in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention not to exceed \$25,000 per occurrence.

- (e) Builder's Risk

Contractor shall purchase Builder's Risk Insurance for any contracts that are deemed to be vertical construction on an All-Risk policy, and shall also include coverage for wind, hail, and named storm. Limits

of coverage shall be at least and not limited to the value of the project.

(f) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of \$1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

D. Requirements for Certificates of Insurance

1. With the execution of the Contract Documents, the Contractor, including service related contractors, shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain an endorsement that the coverage under the policies will not be canceled, non-renewed or materially changed until at least thirty (30) days' prior written notice of such cancellation, non-renewal or change (except for nonpayment of premium, which shall be ten (10) days) and a copy of the cancellation endorsement signed by an authorized representative of the insurer, be given to the City. The contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of the Contract Documents.
2. New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.
3. If requested by the City, the contractor shall immediately furnish complete copies of the Contractor's insurance policies, forms and endorsements.
4. For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
5. If the Contractor fails to obtain and maintain for the life of the Project the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of

premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Contract.

E. Policies of Insurance

1. Except as otherwise provided in this Exhibit, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-), in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.
2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carrier; written confirmation is required.
3. All policies of insurance or certificates thereof referred to in this Exhibit shall be deposited with the City Clerk.
4. The City shall be named an Additional Insured on General Liability including products and completed operations and Automobile Liability policies of insurance and certificates thereof.

VERIFICATION OF EMPLOYMENT STATUS USING E-VERIFY SYSTEM

1. Undersigned firm warrants it **IS** currently registered with the U.S. Department of Homeland Security's E-Verify system, **and** is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
2. Undersigned firm warrants it **has not** had any contracts terminated as a result of violations of Sections 448.09 or 448.095, *Florida Statutes*, that prohibit it from contracting with a public agency.
3. Undersigned firm warrants that if it enters into an agreement with a subcontractor, an express provision shall be included in all of its subcontracts requiring subcontractors, who perform work or provide services pursuant to the contract, to use the E-Verify system to verify employment eligibility of all new employees hired by the subcontractor during the contract term.
4. Undersigned firm understands that any subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and the contractor understands it shall maintain any such affidavits for the duration of the contract, and the contract with the subcontractor must be immediately terminated if the City has a good faith belief that the subcontractor knowingly violated Section 448.09 (1), *Florida Statutes*.
5. Undersigned firm understands that in the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and the contractor may not be awarded a public contract for a period of at least one (1) year after the date of termination. The contractor may be held liable for any additional costs incurred by the City as a result of termination of the contract.

RFP RESPONSE FORM

THIS RESPONSE IS SUBMITTED TO:

Purchasing Coordinator
City of Ormond Beach
22 S. Beach Street
Ormond Beach, Florida 32174

The undersigned SUBMITTER proposes and agrees, if this Submittal is accepted, to enter into a Contract with the CITY that reflects the items of this Request for Proposal (RFP) and to provide all services, as specified or indicated in the RFP Documents, in full accordance with the terms and conditions set forth in therein.

SUBMITTER accepts all of the terms and conditions of the General Conditions. SUBMITTER will sign the Contract) and submit the Contract security (when applicable) and other documents required by the Contract Documents within ten (10) days after the date of CITY's Notice of Award.

In submitting this information, SUBMITTER represents, as more fully set forth in the Agreement, that:

SUBMITTER has examined copies of all the RFP Documents and of the following Addenda:

Addendum Date
September 16th, 2025

Addendum Number
No. 1

Receipt of all of which is hereby acknowledged.

This Submittal is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; SUBMITTER has not directly or indirectly induced or solicited any other Submitter to submit a false or sham Submittal; SUBMITTER has not solicited or induced any person, firm or a corporation to refrain from bidding; and SUBMITTER has not sought by collusion to obtain for himself any advantage over any other Bidder or over the CITY.

CITY OF ORMOND BEACH, FLORIDA
DRUG-FREE WORKPLACE CERTIFICATION

IDENTICAL OR "TIE" SUBMITTALS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more proposals which are equal in respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

- 1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violation.
- 3) Give each employee that engages in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) calendar days after such conviction.
- 5) Impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- 6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

IV. PROPOSAL PROCESS

c. Standard General Requirements:

Proposer's name: CEC Controls Company, Inc.

Principal address: 14555 Barber Avenue Warren, MI 48093

Contact person's name and title: Nathan Grafton – FL Branch Manager

Telephone and fax number: Telephone: (812) 449-1502 Fax: (586) 779-0266

FEIN: 38-1846671

Number of years organization has been in business: 59 Years

Number of years your firm has been in business under your present business name:

59 Years

Number of years your firm has been in business in work specific to this RFP: 59 Years

Names and titles of all officers, partners or individuals doing business under trade name:

James Stanley – President

Rick Burnell – Finance & Administrative Lead

Dean Fransen – Engineering Manager

Mike Sobecki – Director of Operations

Statement of whether your firm has ever failed to complete work awarded to you:

CEC has never failed to complete work awarded to the company.

List all claims, arbitrations, administrative hearings and lawsuits brought by or against the Proposer or its predecessor organization(s) during the last five (5) years:

In 2022, CEC Controls filed action seeking payment from H&H for services on a federal public works project. The lawsuit is no longer active and closed in October 2024. Location was the Eastern District of Arkansas.

List and describe all criminal proceedings or hearings concerning business related offenses in which the Proposer, its principals or officers or predecessor organization(s) were defendants:

CEC has no criminal proceedings or hearing concerning business related offenses to address.

State whether the Proposer, its principals, officers or predecessor organization(s) have been CONVICTED of a Public Entity Crime, debarred or suspended from bidding by any government entity:

CEC has not had anyone convicted of a Public Entity Crime, debarred or suspended from bidding by any government entity.

d. Transmittal Letter:

A signed letter of transmittal briefly stating the proposer's understanding of the work to be done, the commitment to perform the work within the time period, a statement why the firm believed itself to be best qualified to perform the engagement and a statement that the proposal is a firm and irrevocable offer for the engagement period. The transmittal letter shall have an original signature of an authorized official of the firm who has been designated to submit the proposal on behalf of the firm.

Please find CECs Transmittal Letter within the Attachments section of this document.

e. Technical Qualifications of Firm:

Provide a description and overview of firm, including the size, range of activities, licenses, certifications etc. Detail expertise in, and experience with troubleshooting and repair of SCADA, Telemetry, PLC's, and other associated pieces of equipment. (Limit response to two pages maximum) Identify any subcontractors(s) that will be involved if work not performed in house, including address and a description of qualifications. (Limit response to one page maximum per subcontractor)

CEC Controls was incorporated in 1966 and is home to 240+ automation professionals across North America. Our dedicated water team was formed +15 years ago and is accustomed to providing on-site support for both on-call service contracts for municipalities where we help troubleshoot daily issues related to SCADA hardware/software as well as technician support to assist operations in minimized downtime.

CEC Controls has successfully performed numerous projects where we supplied the specifications, design, build, program, startup/commissioning, and standby. These projects have included PLC programming, SCADA Programming, OT Network design and implementation, Server rack build & implementation, Control Panel assembly, Fiber Optic Cable termination & testing, and Instrumentation among other aspects. CEC maintains the personnel in-house to provide ability in all these areas of expertise as well as maintaining an UL and CSIA certified panel shop.

Our experience with the City of Ormond Beach's facilities dates to 2010 when we were the I&C integrator for the WRF upgrades. From that time until today we have been a part of the Water and Wastewater team supporting and upgrading the City's facilities. CEC has been involved in projects and routine support of the City's freshwater wellfields, the Water Treatment Plant, the potable water storage tanks, the wastewater lift stations, and the Water Reclamation Facility, as well as the SCADA system and Instrumentation supporting it all.

As a VTScada Certified Advance Integrator, CEC Controls personnel are well trained to support & maintain the existing VTScada SCADA application as well as assisting in any client-driven improvements as needed.

CEC Controls also offers a Preventative Maintenance Program (PMP) for the Municipal Water Supervisory Control and Data Acquisition (SCADA) System. The goal is to reduce system downtime, enhance reliability, optimize performance, and extend the service life of all SCADA and OT hardware and software assets used in water treatment, distribution, and storage operations.

Objectives of the Program

- Maintain continuous operational integrity of the SCADA system
- Proactively identify and correct potential points of failure
- Ensure software, firmware, and security patches are up to date
- Provide documentation and reporting for compliance and auditing
- Minimize emergency repairs and reduce total cost of ownership

Typical Scopes of Work

SCADA System Components

- Human-Machine Interfaces (HMIs)
- Programmable Logic Controllers (PLCs)
- Remote Terminal Units (RTUs)
- Communication networks (fiber optic, radio, cellular, Ethernet)
- Historian servers and data logging systems
- SCADA software and databases
- UPS and power supply systems
- Cybersecurity hardware and software layers

Water Infrastructure

- Water treatment plants
- Waste water plants
- Pumping stations
- Reservoir and tank monitoring systems
- Remote Data Telemetry

Key Activities

Hardware Assessment and Maintenance

- Identify current OT hardware and running firmware versions
- Clean and inspect field cabinets and control panels
- Replace or recalibrate failed I/O modules or sensors
- Test backup power systems (UPS/Generator)

Software Maintenance

- Identify current SCADA and OS versions
- Apply SCADA and OS patches and upgrades in a controlled environment

- Update OT device firmware based on EOL and known CISA exploits
- Test and verify data backup systems and failovers
- Network and Communications
- Verify comms between OT devices and SCADA
- Verify SCADA firewall rules and OT device configurations
- Recommend replacements for EOL networking hardware
- Provide OT network map of existing components

Documentation

- Maintain logs of all maintenance actions
- Update SCADA diagrams and configuration documentation
- Maintain software revision control (versioning)

Reporting and Compliance

- Annual survey reports summarizing status of each system and recommended corrective actions
- Detailed report of each maintenance action taken
- Monthly report of known CISA vulnerabilities of existing hardware
- Logs maintained in compliance with EPA and local water utility regulations

CEC Controls is pleased to work with our clients to customize appropriate plans for each facility. Furthermore, CEC and its partners can offer customized cyber security options as an additional service should these be desired.

f. Technical Qualifications of the Project Team:

Identify the primary individuals (Project Team) who will be responsible for supervising, managing and executing the work for this Contract. List all certifications appropriate to the work. (Limit response to one page per person)

Below is a matrix showcasing desired information around our Key team members. Members of our FL team will be primarily responsible for working with Ormond Beach, and all are within a reasonable distance to assist. All team members listed in the following chart are located in our Florida office, with the exception of John DeTone. John is located in our Michigan Headquarters.

Name	Role	Year's Experience	PLC Experience	PLC Programming	SCADA Experience	VTScada	Wonderware	Telemetry (Radio Communication)	Interfacing VFDs	Panel Design	WWTP Control Systems	Plant Instrumentation Design
Nathan Grafton	Controls Engineer / Software Engineer	13+	x	x	x	x		x	x	x	x	
Emily Harrod	Project Manager	8+

Han Dang	Automation Support	15+	x	x	x	x	x			x	x	
Colin Cressman	Electrical Controls Engineer 2	6+	x	x	x	x			x	x	x	
Corey Williams	Controls Engineer I	1+	x	x	x	x				x		
Mark Bilbrey	Project Manager / Process SME	30+	x	x	x	x	x	x	x	x	x	x
John DeTone	Automation Support	25+	x	x	x	x	x	x	x	x	x	x

g. References:

Using the "List of References" sheet supplied herewith, provide list of three (3) utility clients for whom work has been performed within the past 5 years. Be sure to include:

- Entity/Client
- Location
- Year Completed
- Client contact name, Phone and Email
- Types of equipment serviced

CEC Controls has provided the below projects and references to showcase our team's local capability, The factory projects and referenced noted are only a sampling of our team's works over the last 15 years in water. More examples can be provided upon request.

#1.

Project Reference – Arcadia Water Treatment Plant Improvements	
Project Name/Location:	Name: Arcadia Water Treatment Plant Improvements Location: Arcadia, FL
Client Representative's Contact Information	Name: AJ Berndt
	Company: City of Arcadia
	Telephone Number w/ Area Code: 863-558-2091
	Email Address: aberndt@arcadia-fl.gov
Value of Work Actually Performed by CEC Controls (a SCIO business):	Total Project Cost: \$8,000,000.00 Work performed by CEC Controls totalled: \$600,000.00
Contract Date and Finish Date (Actual or Proposed):	Contract Date: 2012
	Finish Date: Initial Project 2012, annual service agreement Ongoing
Project Status:	Initial project complete, currently carry annual service contract for T&M support.
Type of Work Performed or Contracted to be Performed:	CEC Controls originally provided SCADA Controls including programming and implementation as well as instrumentation design for the 3 MGD lo Exchange WTP including Remote Ground Storage Controls and RTU's at remote wells, (2012-2014). Work including commissioning and startup support. CEC Controls is currently providing design & programming support for SCADA/PLC systems as well as instrumentation around levels, flows, pressure, and analytics as part of an annual contract agreement. Control Technologies Utilized: PLC Platform – Rockwell CompactLogix SCADA Application – Rockwell FactoryTalk SE

#2.

Project Reference – Donax WWRF Modifications	
Project Name/Location:	Name: Donax WWRF Modifications Location: Sanibel, FL
Client Representative's Contact Information	Name: Jason Goodrich
	Company: City of Sanibel – Donax WRF
	Telephone Number w/ Area Code: 239-223-7340
	Email Address: jason.goodrich@mysanibel.com
Value of Work Actually Performed by CEC Controls (a SCIO business):	Contract Amount: \$20,000,000.00 Our Subcontract Amount: \$616,706.00
Contract Date and Finish Date (Actual or Proposed):	Contract Date: 5/1/2019
	Finish Date: Ongoing Service Contract
Project Status:	100% Complete

Type of Work Performed or Contracted to be Performed:	The goal of this project is to reduce nutrient loading to surface and groundwater from the City's municipal reuse water provided by the Donax Wastewater Reclamation Facility (WRF). Upgrades to the plant would convert the plant to advanced wastewater treatment standards, adding a membrane bioreactor system, and reduce nutrient (nitrogen and phosphorus) concentrations in irrigation water provided to golf courses, multi-family, and residential properties in Sanibel County by more than 50%. This project will greatly improve Sanibel's water quality and protect the coastal waters of Lee County. CEC Controls is currently providing design and programming support for SCADA/PLC systems as well as instrumentation around levels, flows, pressure and analytics (Ammonium, DO & Nitrate sensing) <u>Control Technologies Utilized:</u> PLC Platform – Rockwell ControlLogix HMI Application – Rockwell FactoryTalk SCADA Application – Wonderware/VTSCADA Instrumentation – Level, Flow, Pressure, and Analytics (Ammonium, DO, & Nitrate Sensing)
---	---

#3.

Project Reference – City of Palm Bay SCADA Support, Maintenance, Upgrade and Repair Services	
Project Name/Location:	Name: SCADA Support, Maintenance, Upgrade and Repair Services Location: Palm Bay, FL
Client Representative's Contact Information	Name: Tim Roberts
	Company: City of Palm Bay Utilities
	Telephone Number w/ Area Code: (321) 626-1172
	Email Address: tim.roberts@palmbayfl.gov
Value of Work Actually Performed by CEC Controls (a SCIO business):	Ongoing Services Contract: \$200,000 +
Contract Date and Finish Date (Actual or Proposed):	Contract Date: 3/6/2023
	Finish Date: TBD
Project Status:	Ongoing
Type of Work Performed or Contracted to be Performed:	As needed PLC, SCADA, and Instrumentation Support and Upgrades <u>Control Technologies Utilized:</u> PLC Platform – Schneider Modicon M340, M580 SCADA Application – iFix

h. Responsiveness:

Describe your approach to timely completion of work and provide general turnaround times.

CEC Controls is a vendor independent solutions provider and is not tied to any one hardware/software vendor or technology. Hence, our teams' goal is to always provide the most cost-effective solution that meets our customer's needs while also looking ahead towards ease of maintenance and supportability.

Our team has an established system for tracking progress of projects as well as helping to ensure our projects stay on task, on time and on budget. Our project management is effective at communication with our clients to keep projects aligned with agreed upon budget and schedule, though there are certainly times where supply chain will upset these conditions. Hence, our PMs are active in their communication with our clients to ensure that condition for said supply chain issues are known and to present alternatives in the event that a product may not be available or something similar.

i. Location:

Provide shop location(s) where the bulk of work will occur and indicate which member of the Project Team primarily works from each. Provide information on alternate or backup facilities, if available. Points shall be awarded as follows: Within 25 miles of Ormond City Hall (15 points), Within 50 miles of Ormond Beach City Hall (10 points), Within 100 miles of Ormond Beach City Hall (5 points), Beyond 100 miles of Ormond Beach City Hall (0 points)

Nathan Grafton, CECs FL Branch Manager, will be the main contact and lead for this opportunity.

Location: 5810 Breckenridge Pkwy – Suite B, Tampa, FL 33610

j. Pricing:

Bidders shall provide a comprehensive "RATE SCHEDULE." Bidders are given the option of developing and submitting their own "RATE SCHEDULE" that best reflects their company structure OR bidders may complete the table entitled "RATE SCHEDULE," which includes additional blank spaces for unlisted job titles and rates, provided at the bottom of the table. These blank spaces are intended to allow the bidder to add other titles and rates as they deem necessary in their proposal.

In the "RATE SCHEDULE" table provided in the specifications, "ISA" refers to the International Society of Automation. While the Cost Schedule lists ISA certification, other comparable certifications are permissible. In addition, the term "Straight Time" shall be understood to mean all hours worked during normal weekdays but not exceeding eight (8) hours per day. Similarly, "Overtime" shall be understood to mean all hours worked after eight (8) hours on weekdays AND all hours worked on Holidays and weekends. "EI" refers to an Engineering Intern while "PE" refers to a Professional Engineer licensed in the State of Florida.

CEC has provided a compelted Rate Schedule within the Attachments section of this package.

SERVICES
(RFP No. 2025-42)

VERIFICATION OF EMPLOYMENT STATUS USING E-VERIFY SYSTEM

1. Undersigned firm warrants it **IS** currently registered with the U.S. Department of Homeland Security's E-Verify system, **and** is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
2. Undersigned firm warrants it **has not** had any contracts terminated as a result of violations of Sections 448.09 or 448.095, *Florida Statutes*, that prohibit it from contracting with a public agency.
3. Undersigned firm warrants that if it enters into an agreement with a subcontractor, an express provision shall be included in all of its subcontracts requiring subcontractors, who perform work or provide services pursuant to the contract, to use the E-Verify system to verify employment eligibility of all new employees hired by the subcontractor during the contract term.
4. Undersigned firm understands that any subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and the contractor understands it shall maintain any such affidavits for the duration of the contract, and the contract with the subcontractor must be immediately terminated if the City has a good faith belief that the subcontractor knowingly violated Section 448.09 (1), *Florida Statutes*.
5. Undersigned firm understands that in the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and the contractor may not be awarded a public contract for a period of at least one (1) year after the date of termination. The contractor may be held liable for any additional costs incurred by the City as a result of termination of the contract.

RFP RESPONSE FORM

THIS RESPONSE IS SUBMITTED TO:

Purchasing Coordinator
City of Ormond Beach
22 S. Beach Street
Ormond Beach, Florida 32174

The undersigned SUBMITTER proposes and agrees, if this Submittal is accepted, to enter into a Contract with the CITY that reflects the items of this Request for Proposal (RFP) and to provide all services, as specified or indicated in the RFP Documents, in full accordance with the terms and conditions set forth in therein.

SUBMITTER accepts all of the terms and conditions of the General Conditions. SUBMITTER will sign the Contract) and submit the Contract security (when applicable) and other documents required by the Contract Documents within ten (10) days after the date of CITY's Notice of Award.

In submitting this information, SUBMITTER represents, as more fully set forth in the Agreement, that:

SUBMITTER has examined copies of all the RFP Documents and of the following Addenda:

Addendum Date

Addendum Number

Receipt of all of which is hereby acknowledged.

This Submittal is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; SUBMITTER has not directly or indirectly induced or solicited any other Submitter to submit a false or sham Submittal; SUBMITTER has not solicited or induced any person, firm or a corporation to refrain from bidding; and SUBMITTER has not sought by collusion to obtain for himself any advantage over any other Bidder or over the CITY.

Drug-Free Workplace Certification

City of Ormond Beach
Request for Proposals (RFP)
PROCESS CONTROL SYSTEM, EQUIPMENT, & INSTRUMENTATION
SERVICES
(RFP No. 2025-42)
CITY OF ORMOND BEACH, FLORIDA
DRUG-FREE WORKPLACE CERTIFICATION

IDENTICAL OR "TIE" SUBMITTALS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more proposals which are equal in respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

- 1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violation.
- 3) Give each employee that engages in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) calendar days after such conviction.
- 5) Impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- 6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

Preventative Maintenance Service Proposal

Preventive Maintenance Proposal

PLC, RTU, and SCADA Systems – Water & Wastewater Facilities

1. Executive Summary

This proposal details CEC Controls preventive maintenance (PM) program focused on **Programmable Logic Controllers (PLCs)**, **Remote Terminal Units (RTUs)**, and **Supervisory Control and Data Acquisition (SCADA)** systems across the City's water and wastewater infrastructure. Reliable automation and communications are essential for continuous operation, regulatory compliance, and asset protection. This program will help minimize downtime, reduce emergency repairs, and ensure accurate and secure process monitoring.

2. Objectives

- **Maximize Reliability:** Maintain PLC, RTU, and SCADA availability to prevent process disruptions.
- **Ensure Compliance:** Provide accurate, verifiable operational data for EPA/state reporting.
- **Reduce Risk:** Prevent overflow, contamination, or supply interruption due to automation failure.
- **Standardize Systems:** Maintain software backups as well as enabling a focus on cybersecurity needs.
- **Support Operators:** Ensure alarms, trending, and control functions are accurate and accessible.

3. Scope of Services

A. Water Treatment Plant

- PLCs controlling chemical feed, filtration, and pumping systems.
- SCADA servers, HMIs, historian, and remote access systems.
- Communication hardware (switches, radios, fiber).
- Instrumentation links (flow, turbidity, chlorine, pressure).

B. Water Reclamation Facility (Wastewater)

- PLCs for aeration basins, blowers, clarifiers, digesters, disinfection, etc.
- RTUs for remote pumping stations.
- SCADA integration for compliance reporting and alarms.
- Process analyzer communications (DO, pH, ORP, nutrient sensors).

C. Well Sites

- RTUs for pump control, flow metering, and motor protection.
- Telemetry radios/cellular devices for SCADA communication.
- Alarms for low well level, pump trip, intrusion detection, etc.

D. Storage Tanks

- RTUs/PLCs for level and pressure monitoring.
- SCADA alarms for high/low levels and intrusion.
- Communication systems (radios, fiber, cellular).
- Backup power for remote telemetry systems (UPS, Generator).

E. Pumping Stations

- PLCs for pump sequencing, VFD control, and wet well monitoring.
- RTUs for remote telemetry and SCADA connectivity.
- Alarm management for high level, pump fail, or power outage.
- Backup power for remote telemetry systems (UPS, Generator).

4. Preventive Maintenance Activities

PLCs & RTUs

- Verify I/O operation and alarm setpoints.
- Backup programs and maintain version control.
- Inspect wiring, terminations, and cabinet condition.
- Check grounding, surge protection, and environmental enclosures.

SCADA Systems

- Test HMI displays, verify alarm annunciation, and historian logging.
- Verify trending, reporting, and database related functions.
- Backup server configurations.
- Inspect network infrastructure (switches, firewalls, radios, cellular modems).

Networking & Communications

- Inspect and clean radios, antennas, and fiber terminations.
- Verify communications and network latency.
- Test UPS systems for runtime and alarm communication.
- Review logs for communication failures or alarms.

5. Frequency of Tasks

- **Quarterly:** Scheduled 2-day duration onsite visit. PLC/RTU program backups, UPS tests, calibration/verification of critical I/O, comms checks.
- **Semi-Annual:** Scheduled 4-day duration onsite visit. SCADA database backups, historian trend verification, network security review.
- **Annually:** Scheduled 4-day duration onsite visit. Overall system validation and SCADA health check. Application of firmware/software updates (if directed by City SCADA Supervisor)

NOTE: Quarterly, Semi-Annual, and Annual onsite visits will not overlap with each other. The Preventative Maintenance Service Schedule will result in six (6) site visits in total per year.

6. Methodology

1. **Communications:** Maintain ongoing communication with SCADA supervisor and plant operators.
 2. **Baseline Testing:** Establish reference performance and alarm response times.
 3. **Documentation:** Maintain calibration logs, program backups, network diagrams.
 4. **Reporting:** Deliver monthly, quarterly, semi-annual, and annual reports with findings and recommendations.
-

7. Exclusions/Clarifications

- Routine instrument calibrations have been excluded from the Preventative Maintenance Proposal due to existing ongoing service contracts with some of the instrumentation OEM providers that can result in overlap of services.

Any instrument calibrations needed can be performed in an as-needed basis under the rate fee schedule provided below.

- Acceptance of Preventative Maintenance Service Proposal is not required for CEC Controls to provide as-needed Process Control System, Equipment and Instrumentation Services.

Total Preventative Maintenance Service Yearly Cost	\$19,080.00
--	-------------

Transmittal Letter

23 September 2025

Attention: City of Ormond Beach

Reference: PROCESS CONTROL SYSTEM, EQUIPMENT, & INSTRUMENTATION SERVICES

Reference Number: 2025-0575

Greetings,

CEC Controls is pleased to submit this proposal to the City of Ormond Beach for the Process Control System, Equipment, & Instrumentation Services project located in Ormond Beach, FL.

Commitment to Safety – First and foremost, everything we do reflects our passion for safety. CEC is committed to the value of “doing the right thing – we always put safety first” by maintaining a strong, motivated, and sustainable safety culture across all our operations and by ensuring safety is incorporated into all our designs.

Experienced Team – CEC Controls was incorporated in 1966 and is home to 240+ automation professionals across North America. Our dedicated water team was formed +15 years ago and is accustomed to providing on-site support for both on-call service contracts for municipalities where we help troubleshoot daily issues related to SCADA hardware/software as well as technician support to assist operations in minimized downtime.

Project Delivery Excellence – CEC excels at the delivery of challenging projects such as this and have successfully executed dozens of automation projects in a brownfield atmosphere; we are particularly skilled in the challenges of tying new units into aging, existing operating facilities. We have also successfully delivered many projects that were completely new from the ground up, partnering with general contractors as a team to provide a system that often exceed the client’s immediate requirements while keeping future expansion possibilities and needs in mind.

Thank you again for considering CEC Controls for your project needs; we appreciate the opportunity to continue to build our valued relationship with the City of Ormond Beach.

Sincerely,

Mike Sobecki
Director of Operations

City of Ormond Beach
Process Control System, Equipment, & Instrumentation Services
September 24th, 2025

Rob Hart
City of Ormond Beach
22 South Beach Street, Room 102
Ormond Beach, Florida 32174
Telephone: (386) 676-3223
FAX: (386) 676-3374
rob.hart@ormondbeach.org

Dear Mr. Rob Hart,

Star Controls, Inc., is pleased to submit our proposal for Instrumentation and Control Services in response to PROCESS CONTROL SYSTEM, EQUIPMENT, & INSTRUMENTATION SERVICES. With over 25 years of experience delivering SCADA, IIoT, and instrumentation solutions to Florida utilities, we offer proven expertise, rapid response capabilities, and a deep commitment to operational reliability. Our qualifications include:

- SCADA Software: 25+ years with GE iFIX and VTScada; recognized by VTScada for complex integrations.
- PLC & RTU Expertise: Certified in all hardware platforms specified in the RFP.
- Communications: Pioneers in secured cellular SCADA and LoRa-based networks.
- Cybersecurity: Full-spectrum SCADA protection and vulnerability assessments.
- Instrumentation: Proficient in both legacy and smart systems.
- Support: 24/7 emergency response with 2-hour onsite availability; scheduled maintenance and hands-on training.

With offices in Coral Springs and Jupiter, our local presence ensures immediate support before, during, and after project execution. We are confident in our ability to meet City of Ormond Beach needs with integrity, technical precision, and cost-effective delivery.

Thank you for considering Star Controls. We look forward to the opportunity to serve.

Sincerely,

Tzvi Magril - President
Star Controls Inc.

Coral Springs, FL 33076

Firm Qualifications and Experience

Overview of the Firm

Star Controls is a trusted provider of SCADA, IIoT (Industrial Internet of Things), and communication solutions for water, wastewater, stormwater, and public safety applications. We have developed strong, long-term relationships with our customers, serving as their trusted advisor for operational and strategic decisions. We provide turn-key solutions, including design, implementation, knowledge transfer, support, and managed services. Our methodology combines proven project management principles with technical excellence to deliver cost-effective, high-performing systems that reduce operational and capital expenditures while improving reliability and efficiency.

We are certified for most industry-leading hardware and software products, including Motorola Solutions, Rockwell Automation, Schneider Electric, Wonderware/Aveva, GE, and Trihedral VTScada. Our engineering team has direct access to vendors' product engineering teams and is frequently invited to test beta versions of new products before official release. Vendors often dispatch our team to resolve complex SCADA system challenges where others have failed.

With offices in Coral Springs and Jupiter, Florida, and local staff located within 55 miles of the City of Ormond Beach service area, Star Controls is well-positioned to provide pre- and post-project support and rapid onsite response. Our professional objectives prioritize system longevity, ease of use, operational resiliency, and predictable performance, ensuring long-term value for our clients.

Qualifications

All professional staff possesses at least a four-year engineering degree from respectable Universities. The team members have successfully supported water utilities and water management agencies in the US and abroad, with consultation, implementation, education, and maintenance services.

Each team member in Star Controls' implementation and support team is kept updated with skills and expertise through rigorous training program that includes the following subjects:

- SCADA Software (VTScada, InTouch, iFix and others) development and maintenance
- RTU Hardware and software – Programming, installation, Maintenance and Trouble Shooting
- Instrumentation and Electric
- Cyber Security
- Communication Systems: RF Systems, IP Technology and Products, Installation, Maintenance and Trouble Shooting.
- I&C Design, including Control Systems and Panels
- Installation, improve and troubleshooting electrical sub-systems
- Project Management
- Support Services – scheduled and unscheduled
- Needs analysis and ongoing improvements
- Education and Training Services

The Star Controls Team is composed of individuals with highly versatile skills, where each team member has qualifications and experience to handle different project implementation and maintenance tasks. Through the

Project Management methodology, the company efficiently utilizes resources without compromising quality. On as-needed basis Star Controls also leverage skills of qualified sub-contractors for specific services or projects.

As a laser-focused engineering firm Star Controls has developed methodologies, procedures and products that allow the development, deployment and support advanced SCADA and IoT systems to the full satisfaction of our customers. Our software development products reduce substantially the development time and allow us to maintain many customers.

The engagements are part of either ongoing contracts, and/or specific project and/or software products or consultation/advisory. Part of the engagements are directly with the customers, and part is through partners. The Star Team includes individuals with vast experience in the SCADA and IoT market. The team members have successfully supported water utilities and water management agencies in the US and abroad, with consultation, implementation, education, and maintenance services.

Demonstrated Experience

Star Controls has developed close relationships with our customers and partners and gained their trust. In many cases Star Controls is the practical Trusted Advisor, which the customer can count on for any operational or commercial decision.

Star Controls offers different services, from trusted advisory, design, implementation, knowledge transfer, support, and managed services. The company utilizes project management methods, which empower the team to deal with substantial projects. We have partnered with large engineering firms, as part of their larger solutions.

Star Controls is certified for most common products (software and hardware), such as Motorola Solutions, Rockwell Automation, Schneider Electric, Wonderware/Aveva, GE, Trihedral VTScada and many more. The team has vast experience in Cyber Security and Wide Area Networks. As the highest qualified integrator, our team members are dispatched by vendors to fix systems where others have failed. The company has the privilege to access the Vendors' Product Engineering, for support, as well as feedback from the field. Star Controls is qualified by the vendors to test Beta version of new products before the formal releases.

The system's longevity, ease of use and predictable performance are among our highest professional objectives. Our main success is with cost reduction combined with improving performance of existing systems, with substantial cost saving in Capital and Operational expenditure. Through our "Holistic" approach of the entire operations, we truly understand our customers' operations and understand their real needs. Our customers position us not just as a vendor, but rather as trusted advisor and partner for long-term relationships. Our relationships with our customers have continued for many years, addressing on-going needs analysis, advisory and delivery through unparalleled commitment. We are very proud of our Knowledge Transfer programs, paving the road for the customer's self-sufficiency. All our customers are referenceable.

After careful examination of the project requirements documents, the Star Controls professional engineering staff have produced the following detailed proposal and approach for successful completion of this project.

Required Technical Skills:

An essential element in the delivery of a successful project and deliverables is the assessment of the required technical skills for the project. For this project, our team has assessed the following technical skills requirements:

- Rich Experience in creating SCADA for Water and Wastewater environments.
- Vast experience in the design of SCADA system, where all aspects are taken into consideration – User-Friendliness, High-Availability, Resiliency, Cyber Security, and simplicity of operation and maintenance.
- In-depth understanding of the various chemical processes and pumping operation logic requirements
- Comprehensive knowledge of the leading SCADA systems
- Comprehensive knowledge of SCADA Cyber Security.
- Understanding of the various SCADA Communication Networks. Includes secured cellular networks.

Required Administrative Skills:

Equally important as the technical skills are the administrative / project skills. For this project, our team has assessed the following administrative skills requirements:

- Experience in SCADA methodology
Creating the proper Migration sequence and policy is the key to the success of the new system application. Correct migration policies minimize or eliminate down time and speed up new system integration.
- Clear Communication among stakeholders.
- Excellent Project Management methodology
Project management must ensure first complete project progress transparency, synchronized customer and vendor expectations, and adherence to prompt and timely deliverables.

The guiding principles for this project are:

In addition to skills, the entire project approach and execution should be guided by the following core principle:

- Complete cooperation and coordination with the customer and current SCADA users
- Careful study of the current system and user experiences
- Planning of the fix and upgrade with minimum downtime, allowing parallel system operation
- Leveraging and suggesting *Dos and Don'ts* from other successful installations
- Applying a small subset of the system early, to allow user interaction and confidence building.
- Prompt and complete submittal process
- Creating a flexible and reliable system
- Training, training, and more training.
- Timely management and project completion.

Our team has successfully completed projects such as this one before. Our team has done similar projects in Florida, in other states, and even in other countries. The **wealth of experience** we have gathered from previous projects complements all our other skills and ensures that the solution we present is based on real-life, field and time tested and proven technologies and methodologies.

Fast-Track User Experience and Participation.

We emphasize early customer experience enhancement. Staff will experience many system enhancements very quickly. This approach affords these benefits, among others:

- Staff “buy-in” into the new system, as they are exposed to its development and provide beneficial input to its usability in the early stages of the development.
- Better Training results and self-sufficiency. The staff will have some experience with the new system before the official training. This ensures better training results and more educated and self-maintained operators and staff.

Some of our customers include:

- Pinellas County, FL - Water Utility
- City of Orlando, FL – Water Utility
- City of Weston, FL – Water Utility
- Martin County, FL – Water Utility
- City of Tampa, FL – Water Utility
- City of Boynton Beach – Water Utility
- City of North Lauderdale, FL – Water Utility
- City of Wildwood, FL – Water Utility
- Plantation Acers Drainage District, FL – Flood/Storm Water
- Town of Islamorada, Florida Keys..
- Honolulu Board of Water, HI – Water Utility
- City of Ormond Beach, FL – Water Utility
- SFWMD, FL - Flood/Storm Water
- SJRWMD, FL – Flood/Storm Water
- Seminole County, FL – Water Utility
- St. Johns County, FL - Water Utility
- City of Deerfield Beach, FL – Water Utility
- City of Coconut Creeks, FL – Water Utility
- Jamaica Water Company (NWC) - Water Utility
- Bahamas Water Company (BWSC) – Water Utility
- Orange County, FL - Water Utility
- Mount Pleasant Water, SC – Water Utility

Key Personnel Qualifications and Experience

Individual and Qualifications

Name	Role	Experience	Certifications
Tzvi Magril	Solution Architect, PM	35 yrs	SCADA/PLC Allen-Bradley, GE iFIX
Ron Zetouni	Lead Engineer	30 yrs	SCADA Allen-Bradley, VTScada
Diego Pinto	SCADA Programmer	9 yrs	SCADA Rockwell, Cybersecurity
Charles Mondale	Instrumentation SME	30 yrs	Telemetry Environmental Monitoring
James Mondale	Field Technician	6 yrs	PLC, Network Security

Tzvi Magril

Tzvi brings to Star more than 35 years of experience in Design, Development, Sales, Business and Channel Development in the Communications and SCADA/Telemetry markets. Tzvi was a lead designer of Motorola SCADA products and has immense knowledge of the product line, as well as SCADA Systems design. Mr. Magril has implemented and maintained major SCADA systems for large clients throughout the world. Mr. Magril has several patents in the SCADA industry.

Diego Pinto

As a SCADA Programmer, Mr. Pinto has developed his career in Real-Time Embedded computation. Mr. Pinto is a subject matter expert in SCADA systems including for Mission Critical applications. Mr. Pinto has already gained a reputation as a productive and creative professional, with attention to customer satisfaction.

Ron Zetouni

Mr. Zetouni brings more than 30 years of experience in SCADA business for Water/Wastewater and other disciplines, covering the SCADA and communication aspects of projects. Mr. Zetouni's experience includes design, programming, and integration with SCADA software (G.E. iFIX, Wonderware InTouch, Trihedral VTSCADA and others). During 14 years of tenure at Motorola, Ron has programmed and integrated dozens of SCADA systems in different applications (Oil & Gas, Electric and Water Utilities, and others) for customers worldwide. Mr. Zetouni.

Charles Mondale

As a global Subject Matter Expert in Telemetry and Environmental Monitoring, Mr. Mondale brings more than 30 years of experience in the Telemetry and Instrumentation for Water/Storm/Wastewater and Environmental Monitoring, which. Mr. Mondale experience and skills covers all aspects of a solution, from the sensors, the Dataloggers, Communications (with focus on Wireless networks), Power and Integrity of the system. Mr. Mondale has served as a team leader at the SJRWMD, leading the design, installation, and maintenance of the Hydrology monitoring system the SJRWMD is using to manage the water resources.

James Mondale

As a Field Technician, Mr. Mondale is a solutions-oriented IT & SCADA Systems Professional with proven success designing, implementing, and integrating cost-effective, high-performance technical solutions to meet challenging business needs.

Matheus Melo

As a young Computer Science professional Mr. Melo focused on the development of Star Controls software products for the IIoT & SCADA Systems.

Team's Skill Set

All professional staff possesses at least a four-year engineering degree from respectable Universities. The team members have successfully supported water utilities and water management agencies in the US and abroad, with consultation, implementation, education, and maintenance services.

Each team member in Star Controls' implementation and support team is kept updated with skills and expertise through rigorous training program that includes the following subjects:

- SCADA Software (VTScada, InTouch, iFix and others) development and maintenance
- RTU Hardware and software – Programming, installation, Maintenance and Trouble Shooting
- Instrumentation and Electric
- Cyber Security
- Communication Systems: RF Systems, IP Technology and Products, Installation, Maintenance and Trouble Shooting.
- I&C Design, including Control Systems and Panels
- Installation, improve and troubleshooting electrical sub-systems
- Project Management
- Support Services – scheduled and unscheduled
- Needs analysis and ongoing improvements
- Education and Training Services

The Star Controls Team is composed of individuals with highly versatile skills, where each team member has qualifications and experience to handle different project implementation and maintenance tasks. Through the Project Management methodology, the company efficiently utilizes resources without compromising quality. On as-need basis Star Controls also leverage skills of qualified sub-contractors for specific services or projects.

As a laser-focused engineering firm Star Controls has developed methodologies, procedures and products that allow the development, deployment and support advanced SCADA and IoT systems to the full satisfaction of our customers. Our software development products reduce substantially the development time and allow us to maintain many customers.

The engagements are part of either ongoing contracts, and/or specific project and/or software products or consultation/advisory. Part of the engagements are directly with the customers, and part is through partners. The Star Team includes individuals with vast experience in the SCADA and IoT market. The team members have successfully supported water utilities and water management agencies in the US and abroad, with consultation, implementation, education, and maintenance services.

Past Experience and References

Below are representative projects completed within the last five years that demonstrate our expertise with water and wastewater utilities, SCADA integration, and instrumentation services:

1. City of Tampa, FL – Water Utility

Address: 306 E Jackson St, Tampa, FL 33602
Contact: Javier Moreno, 813-247-3451, Javier.Moreno@tampagov.net
Description: SCADA system upgrade, Allen-Bradley PLC programming, and VTScada integration for water distribution operations. Included cybersecurity enhancements and panel fabrication.

Performance Period: 2021 – Present
Contract Value: \$550,000
Key Members: Tzvi Magril, Ron Zetouni, Diego Pinto

2. City of Boynton Beach, FL – Water Utility

Address: 124 E Woolbright Rd, Boynton Beach, FL 33435
Contact: Terry Rowe, 531-742-6431, rowet@bbfl.us
Description: VTScada migration, PLC programming, and network resiliency improvements for water treatment operations. Delivered cybersecurity vulnerability assessments and staff training.

Performance Period: 2020 – 2024
Contract Value: \$425,000
Key Members: Ron Zetouni, Diego Pinto

3. City of Weston, FL – Water Utility

Address: 17200 Royal Palm Blvd, Weston, FL 33326
Contact: Peter Johnson, 954-385-2600, PJohnson@westonfl.org
Description: Complete SCADA system maintenance, instrumentation upgrades, and IIoT device integration to enhance system availability and operational efficiency.

Performance Period: 2020 – 2023
Contract Value: \$300,000
Key Members: Tzvi Magril, Charles Mondale

(Note: All services completed successfully and continued into maintenance phases. No early terminations.)

Proposed Methodology and Approach

Technical Approach to the Project

Star Controls' approach to Instrumentation and Control Services for City of Ormond Beach focuses on ensuring system availability, cybersecurity, and operational efficiency while meeting emergent and time-critical service needs. Our methodology combines proven project management practices with a robust maintenance and support framework to ensure on-time execution, minimal downtime, and continuous system improvement.

A. Emergency Response

- 24/7 availability with 2-hour onsite response for critical SCADA failures.
- Dedicated emergency hotline staffed by certified SCADA engineers to ensure rapid issue resolution.

B. Installation & Integration

- PLC Programming (Allen-Bradley) and HMI configuration (GE iFIX, VTScada).
- Electrical and instrumentation panel fabrication to the City of Ormond Beach specifications.
- In-plant SCADA networking and detailed as-built documentation to ensure long-term maintainability.

C. Preventive Maintenance

- Regular site inspections and system diagnostics to proactively identify potential issues.
- Cybersecurity vulnerability assessments and recommended improvements.
- Staff training programs to enhance operator knowledge, promoting self-sufficiency and confidence.

D. Project Management

- Transparent communication with the City of Ormond Beach project managers, including regular status updates and documentation.
- Strict adherence to OSHA safety standards and the City of Ormond Beach's codes and guidelines.
- Project execution aligned with minimal downtime migration strategies and incremental deployment for user confidence.

Maintenance and Support Program

Star Controls offers a comprehensive maintenance and support program tailored to the City of Ormond Beach's requirements. With offices in Coral Springs, Jupiter, and Lakeland, Florida, we are strategically positioned to provide rapid onsite response and ongoing support throughout the system lifecycle. Vendors frequently refer complex SCADA issues to Star Controls due to our team's expertise and proven track record.

Tiered Support and Escalation Process

We utilize a three-tier support model designed to minimize Mean Time to Repair (MTTR) and maximize system availability:

- Tier 1 – Initial Detection & Response: Immediate corrective actions upon failure detection, escalating unresolved issues.
- Tier 2 – Maintenance Experts: Certified engineers with mission-critical SCADA maintenance experience provide remote or onsite support, leveraging secure remote access for rapid resolution.
- Tier 3 – Core SCADA Engineering Team: A world-class team with decades of SCADA design and maintenance experience handles high-level, mission-critical issues.

Support Services

- Proactive Support (Health Checks): Regular remote assessments to detect performance degradation early.
- Scheduled Support: Non-urgent system improvements planned with one week's notice.
- Unscheduled Support: Critical failures receive 6–12 hour response times, with 2-hour onsite emergency response.

Adequacy of Resources

Star Controls has the resources required to fully support the City of Ormond Beach's operational and emergency service needs:

- Personnel: Highly qualified engineers, programmers, and field technicians certified in Allen-Bradley, GE iFIX, and VTScada platforms, as well as cybersecurity and IIoT technologies.
- Labor & Equipment: In-house fabrication and testing facilities for control panels, instrumentation, and SCADA network components.
- Supply Resources: Strong vendor partnerships and pre-negotiated agreements to ensure timely delivery of materials and replacement components.

Star Controls' proven methodology, combined with local presence and robust resources, ensures timely execution, continuous improvement, and cost-effective system support for the City of Ormond Beach.

Preventative maintenance programs

Star Controls, in collaboration with the City of Ormond Beach, will develop a preventive maintenance Plan to outline the scheduled inspection, testing, calibration, cleaning, backup, and functional verification activities to ensure continued reliability, performance, and regulatory compliance of the SCADA system supporting water infrastructure operations.

The schedule may follow a typical outline as follows:

Task	Frequency	Items Covered
Visual inspection of field panels and enclosures	Monthly	All sites
Power supply and UPS testing	Quarterly	Control panels, server room
PLC/RTU battery status check	Quarterly	All field sites
Sensor calibration and cleaning	Semi-Annually	Flow, pressure, level, pH
Firmware and software patching	Semi-Annually	RTUs, SCADA servers
Communication signal strength and integrity check	Monthly	Radio/cellular networks
Backup verification (configuration and historian data)	Weekly	SCADA servers and HMIs
Alarm point testing and validation	Quarterly	All monitored sites
Redundancy/failover testing	Annually	SCADA servers and network
SCADA screen/HMI functionality review	Semi-Annually	Operator stations
Historical data trending validation	Monthly	Historian system
Cybersecurity vulnerability scan and user audit	Annually	All SCADA-related systems

In addition, Standard Operating Procedures (SOPs) will be developed similar to the ones outlined here:

1. Field Equipment Inspection

- Check enclosures for corrosion, water ingress, or damage.
- Confirm LEDs and diagnostic indicators are functioning.
- Verify input/output (I/O) signal integrity and wiring tightness.

2. Sensor Calibration

- Use certified calibration equipment.
- Calibrate flow, level, and pressure sensors per manufacturer's specs.
- Document all calibration readings and adjustments.

3. PLC/RTU Maintenance

- Review PLC logs for faults or anomalies.
- Check and replace batteries if near end-of-life.
- Ensure programming matches as-built documentation.

4. Communications Integrity

- Perform signal strength test at each site.
- Test backup communication paths (if applicable).
- Confirm all sites report to the central server.

5. Server & Workstation Maintenance

- Apply OS and SCADA software patches after testing.
- Perform virus/malware scan monthly.
- Review event logs for irregularities.

6. Backup and Recovery

- Backup SCADA configuration files weekly.
- Archive historian data monthly.
- Perform recovery drill quarterly to ensure integrity.

7. Alarm Testing

- Simulate alarm conditions to verify system response.
- Confirm alarm acknowledgement and logging functionality.

8. Documentation

- Maintain maintenance logs in digital or physical format.
- Update SCADA drawings and network topology diagrams as needed.
- Record user access logs and change logs monthly.

Emergency response plans

Star Controls, in collaboration with the City of Ormond Beach will develop an Emergency Response Plan (ERP) to help mitigate emergencies. The goal is to ensure rapid restoration and minimize disruption. The plan will be developed to encompass many scenarios, including:

- SCADA System Failure (Centralized Failure)
- Communication Failure
- Power Outage (Control Site or Remote Site)
- PLC/RTU Malfunction
- Sensor Failure or Bad Data
- Cybersecurity Breach

Each plan will include step-by-step instructions for analysis of the problem and quick recovery. For example:

Response Steps:

- Verify if communication failure is system-wide or isolated.
- Attempt remote reset or switch to backup comms path.
- Dispatch technician to affected site(s) for local monitoring/control.
- Coordinate with telecom provider if external network is at fault.
- Activate manual logging and monitoring protocols at affected sites.

Software management

Star Controls, in collaboration with the City of Ormond Beach, will develop a software management system to

- Ensure timely deployment of security patches and software upgrades.
- Minimize system vulnerabilities and downtime.
- Maintain compatibility across systems and platforms.
- Standardize update processes across all devices.

The tasks involved with properly executing the plan are:

- Maintenance of an Inventory & Baseline
- Patch & Upgrade Classification
- Maintenance Schedule
- Patch Management Workflow
- Tools & Automation
- Compliance & Reporting
- Review & Continuous Improvement

Data backup and history archiving

Star Controls has established procedures to ensure critical data is reliably backed up, retained, and recoverable in case of data loss, corruption, system failure, or disaster, and to maintain a history archive for audit and operational continuity.

Backup and archiving tasks include

- Backup Procedure (Frequency, Locations, Software & Tools, Retention Policy)
- History Archiving Procedure (Archive Data Identification, Archival Format)
- Restoration Testing
- Security Measures
- Monitoring and Logging

List of software and Product Certifications

Star Controls has several industry and vendors' certificates including proficiency in several SCADA and RTU products.

VERIFICATION OF EMPLOYMENT STATUS USING E-VERIFY SYSTEM

1. Undersigned firm warrants it **IS** currently registered with the U.S. Department of Homeland Security's E-Verify system, **and** is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
2. Undersigned firm warrants it **has not** had any contracts terminated as a result of violations of Sections 448.09 or 448.095, *Florida Statutes*, that prohibit it from contracting with a public agency.
3. Undersigned firm warrants that if it enters into an agreement with a subcontractor, an express provision shall be included in all of its subcontracts requiring subcontractors, who perform work or provide services pursuant to the contract, to use the E-Verify system to verify employment eligibility of all new employees hired by the subcontractor during the contract term.
4. Undersigned firm understands that any subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and the contractor understands it shall maintain any such affidavits for the duration of the contract, and the contract with the subcontractor must be immediately terminated if the City has a good faith belief that the subcontractor knowingly violated Section 448.09 (1), *Florida Statutes*.
5. Undersigned firm understands that in the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and the contractor may not be awarded a public contract for a period of at least one (1) year after the date of termination. The contractor may be held liable for any additional costs incurred by the City as a result of termination of the contract.

CITY OF ORMOND BEACH, FLORIDA
DRUG-FREE WORKPLACE CERTIFICATION

IDENTICAL OR "TIE" SUBMITTALS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more proposals which are equal in respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

- 1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violation.
- 3) Give each employee that engages in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) calendar days after such conviction.
- 5) Impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- 6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

GENERAL CONDITIONS

PUBLIC ENTITY CRIMES: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit Proposals on leases or real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

DISCRIMINATION: Pursuant to Section 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid or proposal on a contract to provide any goods or services to a public entity, may not submit a bid or proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit bid or proposal on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity.

PUBLIC RECORDS/NON-CONFIDENTIALITY OF BIDS AND/OR PROPOSALS.

The City of Ormond Beach cannot and does not warrant the confidentiality of any information submitted in response to this solicitation. Florida law provides that municipal records shall at all times be open for personal inspection by any person, Section 119.01, F.S., The Public Records Law. Information and materials received by the City of Ormond Beach in connection with all Proposers' response shall be deemed to be public records subject to public inspection upon award, recommendation for award, or 30 days after bid opening, whichever occurs first. Section 119.071, F.S.

DISTRIBUTION OF BIDS AND RFP'S: The City uses the services of DemandStar (www.demandstar.com) to distribute its bids and RFP's on-line on the Internet. If you have received a copy of this RFP from any source other than DemandStar, please be aware that you may not have received the latest version of the RFP or any related addendums.

SUBMISSION OF RESPONSES: All Submittals shall be delivered in a sealed envelope. The Request for Proposals (RFP) number, title, and opening date shall be clearly displayed on the outside of the sealed envelope (and on the outside of any express shipping package). The delivery of said submittal to the Purchasing Office on or before the specified opening date and time is solely and strictly the responsibility of the Submitter. Any submittal received by the Purchasing Office after the specified date and time will not be accepted. Submittals must be presented on forms provided by the City. No other forms will be accepted. Responses submitted by telephone, fax or email will not be

considered. No Submittal may be modified after opening. No Submittal may be withdrawn after opening for a period of ninety (90) days unless otherwise specified.

EXECUTION OF SUBMITTAL: Submittals must contain a manual signature of authorized representative in the space(s) provided. Submittals must be typed or printed in ink. Use of erasable ink is not permitted. All corrections made by Submitter to any Submittal entry must be initialed. The company name and Federal Employer Identification Number (F.E.I.N.) number shall appear in the space(s) provided.

RFP OPENING: Submittals shall be opened and the name of the submitters shall be read publicly. No discussion of the Submittals will occur at this time.

SUBMITTAL TABULATION: The RFP Tabulation will be posted on Demandstar (www.demandstar.com). Any submitter wishing to receive a paper copy of the tabulation is required to enclose a stamped, self-addressed envelope with their Submittal response.

CLARIFICATION/CORRECTION OF RFP ENTRY: The City of Ormond Beach reserves the right to allow for the clarification of questionable entries and for the correction of obvious mistakes.

INTERPRETATION: Any questions concerning conditions and specifications shall be directed to the Purchasing Coordinator rob.hart@ormondbeach.org. Those interpretations which may affect the eventual outcome of this Submittal will be furnished in writing to all prospective Submitters. No interpretation shall be considered binding unless provided in writing by the City of Ormond Beach.

PROCUREMENT COMMUNICATION PROTOCOL: To protect the integrity of the procurement process, respondents, suppliers, contractors, sub-contractors or person acting on behalf of any of the above are prohibited from all communications regarding the solicitation with City staff, City consultants, City legal counsel, City agents, or elected officials unless such communication is specifically authorized in the City's solicitation or addenda. Violation of this provision may be grounds for rejecting a response.

MINORITY POLICIES: The City of Ormond Beach, Florida, encourages the full participation of Disadvantaged and Women Business Enterprises (D&WBE) in the provision of goods and services.

RESPONSIBILITY DETERMINATION: Pursuant to the provisions of Florida Statutes Chapter 287.05701, the City does not request or consider a vendor's social, political, or ideological interests in making a responsibility determination.

LICENSES AND PERMITS: The Vendor/Contractor is responsible for obtaining all necessary permits and licenses to comply with all Federal, State, local laws, rules and regulations required to perform work in accordance with the specifications.

ADDITIONAL TERMS AND CONDITIONS: The City of Ormond Beach reserves the right to reject Submittals containing any additional terms or conditions not specifically requested in the original conditions and specifications.

TAXES: The City of Ormond Beach is exempt from Federal Excise Taxes and all sales taxes.

SILENCE OF SPECIFICATIONS: The apparent silence of any specification and any supplemental specifications as to any details or the omission from same of any detailed description concerning any point shall be regarded as meaning that only the best commercial practices are to prevail and that only materials of first quality and correct type, size, and design are to be used. All workmanship is to be first quality. All interpretations of the specifications shall be made upon the basis of this statement.

ASSIGNMENT: Any purchase order or contract issued pursuant to a Submittal and the monies which may become due hereunder are not assignable except with the prior written approval of the City Manager or City Commissioner, whichever authorized the purchase or Agreement.

LIABILITY: The Contractor shall hold and save the City of Ormond Beach, its officers, agents, and employees harmless against claims by third parties resulting from the Contractor's or supplier's breach of contract or negligence, including all attorney's fees and costs, and shall pay any and all damages, fees, and costs assessed on behalf of the City. The City expressly reserves all rights, privileges and benefits of sovereign immunity.

PATENTS AND ROYALTIES: The Contractor, without exception, shall indemnify and save harmless the City of Ormond Beach and its employees from liability of any kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by the City of Ormond Beach. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the Submittal prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work.

NON-APPROPRIATION OF FUNDS: In the event sufficient budget funds are not available for a new fiscal period, the CITY shall notify the VENDOR/CONTRACTOR of such occurrence and the contract shall terminate on the last day of the current fiscal period, without any penalty or expense to the CITY of any kind whatsoever.

AWARDS: The CITY reserves the right, in its sole discretion, as the best interest of the CITY may require, to make award(s) by individual item, group of items, all or none, or a combination thereof; on a geographical basis and/or with one or more vendors, contractors, consultants or specialists; or to reject any and all Submittals or waive any minor irregularity or technicality in the Submittals received.

OTHER AGENCIES: All Bidder(s) awarded contracts from this bid or proposal may, permit any municipality or other government agency to participate in the contract under the same prices, terms, and conditions, if agreed to by both parties.

It is understood that at no time will any city, municipality, or other agency be obligated for placing an order for any other city, municipality, or agency: nor will any city, municipality, or agency be obligated for any bills incurred by any other city, municipality, or agency. Further, it is understood that each agency will issue its own purchase orders to the awarded bidder(s).

COMPLIANCE WITH FLORIDA PUBLIC RECORDS LAW:

Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

- (a) Keep and maintain public records required by the City to perform the contracted service.
- (b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.
- (d) Upon completion of the contract, transfer at no cost, to the City all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.
- (e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

CITY CLERK
22 SOUTH BEACH STREET
ORMOND BEACH, FLORIDA 32174

Ref: Fla. Stat. §119.0701(2016)

THE CITY OF ORMOND BEACH RESERVES THE RIGHT TO REJECT ANY OR ALL PROPOSALS, AND TO WAIVE INFORMALITIES AS MAY BE DEEMED TO BE IN THE BEST INTEREST OF THE CITY.

TERMS AND CONDITIONS

- A. The City of Ormond Beach reserves the right without prejudice to reject any or all proposals, to request clarification of information submitted, and to request additional information of one or more proposers.
- B. The City reserves the right to award the contract to the next most qualified firm if the successful firm fails to execute a contract within two weeks after the award of the contract by the City Commission.
- C. In accordance with federal, State, and local regulations, the firm shall not discriminate under the contract against any person.
- D. The firm shall not assign or transfer any interest in the contract without prior approval of the City Commission.
- E. The City reserves the right to terminate the contract at any time due to the vendor's default under terms of agreement.
- F. Submission of a proposal indicates acceptance by the firm of the conditions contained in this Request for Proposals unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the City of Ormond Beach and the firm selected.
- G. Submittals should include a copy of firm's insurance certificate, Conflict, Non-Conflict of Interest Statement/Litigation Statement, Drug Free Workplace Certificate and E-Verify Statement.

I. OBJECTIVE OF THE REQUEST FOR PROPOSALS

The City of Ormond Beach is a coastal community located in northeast Volusia County, Florida, occupying an area of approximately 38 square miles. The City Utility Service Area extends outside of the City limits into part of unincorporated Volusia County as well as providing service to portions of neighboring Flagler County. Customer data for 2024 included 23,788 active water accounts, of which 16,972 were located within the City limits. Records indicate there were 18,027 active sewer accounts, of which 17,451 were located within City limits. The City's fiscal year begins on October 1 and ends on September 30.

The Utilities Division of the City's Public Works Department is responsible for providing quality potable water, sanitary sewer and reclaimed water services to utility customers in a manner that balances social, environmental, and economic factors. The Utilities Division of the Public Works Department consists of five operating sections: Water Production, Water Reclamation (sometimes referred to as the Wastewater Treatment Facility), Potable Water Distribution, Wastewater Collection & Reclaimed Water Distribution, and Equipment Maintenance.

The Water Production Division is responsible for the safe and efficient operation of the City's Water Treatment Plant (WTP), 38 wells, 3 water storage tanks, and four water distribution booster stations. The WTP has a design capacity of 12.0 million gallons per day.

The Water Reclamation Facility (also referred to as the Wastewater Treatment Facility) is responsible for the safe and efficient treatment of wastewater, the supply of reclaimed water for irrigation, and the subsequent stabilization and disposal of solid wastes produced to ensure the protection of public health and the environment. The City's Water Reclamation Facility is designed to treat sewage at a rate of 8 million gallons per day. The City utilizes 95 sanitary sewer lift stations to transmit wastewater to the Wastewater Reclamation Facility. Meanwhile, the reclaimed water system has a permitted capacity of 10 million gallons per day and utilizes three (3) reclaimed water storage tanks and associated pump stations.

The City of Ormond Beach is requesting proposals from qualified firms to enter into a contractual agreement to provide technical services on an "as needed basis" for the Utilities Division of the Public Works Department in the field of programming, maintenance, and calibration services to the City's Supervisory Control and Data Acquisition (SCADA) and Programmable Logic Controller (PLC) process control equipment systems in order to maintain normal operation of the City's treatment plants, well sites, storage tanks, and pump stations. It is the intent of the City of Ormond Beach, Florida to award a contract(s) to the successful proposer(s) of this request for proposals to provide **PROCESS CONTROL SYSTEM, EQUIPMENT, AND INSTRUMENTATION SERVICES** on an "as needed" basis.

II. SCOPE OF SERVICES

The work shall be performed on an “as needed basis” for the Utilities Division of the Public Works Department. The scope of work under this contract shall include services in the areas of **Preventative Maintenance, Routine Repairs and Advanced Programming** (including SCADA radio telemetry and PLC’s), and **Emergency Repairs and Programming**.

A general listing of the facilities to be serviced is provided herewith under this **Section B-Scope of Work**, as detailed in **Current Inventory for the Utilities Division Facilities**, and **Supplemental Information for Utilities Division Facilities**. In general, the services to be provided under the Scope of Work includes, but is not limited to, the following:

1. Preventative Maintenance Service

- i. The successful offeror, also referred to herein as Contractor, shall provide all required programming, maintenance, and calibration services associated with the City’s SCADA and PLC Process control equipment systems that is required to maintain normal operation of the treatment plants, well site, storage tanks, and pump stations.
- ii. All work to be scheduled between the normal work hours of 7:00 AM and 4:00 PM, Monday through Friday.
- iii. When performing preventative maintenance, upon conclusion of service, a report outlining work performed and work necessary to complete shall be submitted to the City. It is required that as part of this service, the Contractor shall perform services to correct calibration or typical preventative maintenance problems to the system. If additional problems are determined, a scope of repair work shall be prepared and accepted by City prior to commencement of such repair work.
- iv. When performing preventative on hardware, service visit shall include at a minimum: Cleaning of equipment/instrument per the instructions of the Original Equipment Manufacturer (OEM), cleaning and clearing of instrument supply lines, and instrument calibration verification per manufacturer’s recommendations utilizing factory calibrated and properly maintained instruments.
- v. The successful offeror will supply all labor, vehicles, tools, testing equipment and parts, which satisfy manufacturer’s applicable requirements. The Contractor shall advise the City of all costs required to provide such services and receive authorization by the City prior to commencing services. The City shall have the right to purchase parts direct from the OEM or through the Contractor.
- vi. The successful offeror will be responsible for providing advance notification, a minimum of twenty-four (24) hours, to the facility managers of any service or maintenance activities.

- vii. Prior to the start of any repair work, a proposal to include scope, cost and time to complete the work, shall be submitted by the Contractor to the City for review and approval. The proposal should specify:
 - 1. Labor billing rate for repair service not covered under the unit price agreement supplied by the vendor with the original contract proposal. Rates should include straight time rates, overtime rates, urgent rates and emergency rates, as applicable, and under what circumstances said rates are applied.
 - 2. Policies, if any, on pricing of replacement parts not covered under the unit price agreement supplied by the vendor with the original contract proposal.

2. Routine Repairs and Advanced Programming Services

- i. On an as-needed basis, the successful offeror shall provide SCADA and PLC programming, diagnostic and trouble-shooting services to the City's water and wastewater facilities process control systems and remote pumping facilities (including wells and lift stations RTU's).
- ii. Prior to the start of any repair work, a proposal to include scope, cost and time to complete the work, shall be submitted by the Contractor to the City for review and approval. The proposal should specify:
 - a. Labor billing rate for repair service not covered under the fixed price annual preventative maintenance service. Rates should include straight time rates, overtime rates, urgent rates and emergency rates, as applicable, and under what circumstances said rates are applied.
 - b. All hourly rates shall include labor, expenses, and travel to the City. These On-Demand services may include instrument diagnostic and repair work, PLC equipment repair/replacement, software program updates, SCADA system integration work and general Process Control system trouble-shooting and repair.
 - c. Routine repair work scheduled in advance is defined as: Monday through Friday, 7:00 a.m. until 4:00 p.m. If the repair impacts normal operations, City may request routine work to be scheduled Monday through Friday between 4:01 p.m. and 6:59 a.m.

3. Emergency Repairs and Programming Services

- i. The successful offeror shall provide emergency SCADA and PLC programming, and repair services to the City's water and wastewater facilities process control systems.
- ii. Emergency service is 24-hours per day, 7 days a week. Contractor shall respond, and be at the City's work location, responding to emergency calls with eight (8) hours of the City's request. *Emergency rates shall apply to the first eight (8) hours of service, after which any remaining work will revert to routine, scheduled work rates.*

- iii. All hourly rates shall include labor, expenses, and travel to the City. These emergency services may include instrument diagnostic and repair work, PLC equipment repair/replacement, software program updates, SCADA system integration work and general Process Control system trouble-shooting and repair.
- iv. The City shall authorize any repairs that are necessary to return any equipment to operating status.

4. Parts and Materials Used

- i. In such cases where the Contractor is authorized to furnish new parts, either for repair or 100% replacement, the City's cost shall be limited to a value equal to the Contractor's actual cost, including freight. The Contractor shall not invoice the City any markup fees or additional percentage of cost. Original invoices from the parts' distributor or manufacturer shall be made available to the City upon request or payment may be withheld.
- ii. The Contractor is to ensure that all parts and materials used will be new and conform to the OEMs specifications. The Contractor is to use only new parts, assemblies or subassemblies, approved by the OEM, and is not to install used parts, or those removed from another system without the written approval of the City.
- iii. The City reserves the right to supply the Contractor with any parts on hand that would bring an item of equipment up to serviceable conditions. Any parts provided to the Contractor by the City will be provided at no cost to the Contractor.
- iv. The Contractor shall guarantee OEM replacements parts for a period of one (1) year after the repair work is complete.

5. Current Inventory for Utilities Division Facilities

This is an approximate list of the current instrument inventory as of this bid. The addition of new equipment and replacement of current equipment may result in changes to this list. This list should be used by the offeror to establish City needs and appropriate pricing. The scope of work will include all utility sites and facilities, indicated below.

Water Treatment Facility

- 1. Control Room (LPRO): Emerson Controlwave RED with RIO 1-2 (Electrical Room), RIO1-2 (Maintenance Shop) and RIO 1-4 (Lime Softening Building)
- 2. Sand Filter Building: Allen Bradley CompactLogix
- 3. High Service Pump Station: Emerson Controlwave PAC
- 4. Clearwell Transfer Pumps: Allen Bradley SLC 500

Water Supply Wells

- 1. Division 4D: Emerson Micro
- 2. Division 5D: Emerson Micro
- 3. Division 8D: Emerson 3305

4. Division 12D: Emerson Micro
5. Division 15D: Emerson Micro
6. Division 17D: Emerson 3305
7. Rima Ridge 35R: Emerson Micro
8. Rima Ridge 39R: Emerson Micro
9. Rima Ridge 40R: Emerson Micro
10. Rima Ridge 41R: Emerson Micro
11. Rima Ridge 36R: Emerson Express
12. Rima Ridge 37R: Emerson Express
13. Rima Ridge 38R: Emerson Express
14. State Road 40WF18SR: Emerson Micro
15. State Road 40WF19SR: Emerson Micro
16. State Road 40WF21SR: Emerson Micro
17. Hudson 24H: Emerson Micro
18. Hudson 22H: Emerson Express
19. Hudson 23H: Emerson Express

Water Distribution Booster Stations

1. State Park: Emerson Micro
2. Granada: Emerson Micro
3. Riverview: Emerson Micro
4. Nova: Emerson Micro

Water Storage Tanks

1. WTP Elevated Water Storage Tank
2. Standish Ground Storage Tank: Emerson Micro
3. Leeway Elevated Storage Tank: Emerson Micro

Wastewater Treatment Facility

1. Influent Pump Station (PLC-1)
2. Alum/Polymer Bldg. (PLC-2)
3. RAS/WAS Pump Station (PLC-3)
4. Main Electrical Building (PLC-4)

Wastewater Lift Stations

1. LS-1M (Mainland 1): Emerson Micro
2. LS-2M (Mainland 2): Emerson Micro
3. LS-3M (Mainland 3): Emerson Micro
4. LS-4M (Mainland 4M): Emerson Micro
5. LS-4M1 (Mainland 4M1): Emerson Micro
6. LS-5M (Mainland 5M): Emerson Micro
7. LS-6M (Mainland 6M): Emerson Micro
8. LS-7M (Mainland 7M): Emerson Micro
9. LS-7M1 (Mainland 7M1): Emerson Micro
10. LS-8M (Mainland 8M): Emerson Micro
11. LS-8M1 (Mainland 8M1): Emerson Micro
12. LS-8M2 (Mainland 8M2): Emerson Micro
13. LS-8M3 (Mainland 8M3): Emerson Micro
14. LS-9M (Mainland 9M): Emerson Micro
15. LS-10M (Mainland 10M): Emerson Micro

16. LS-11M (Mainland 11M): Emerson Micro
17. LS-12M (Mainland 12M): Emerson Micro
18. LS-13M (Mainland 13M): Emerson Micro
19. LS-1P (Peninsula 1P): Emerson 3305
20. LS-2P (Peninsula 2P): Emerson Micro
21. LS-3P (Peninsula 3P): Emerson Micro
22. LS-4P (Peninsula 4P): Emerson Micro
23. LS-5P (Peninsula 5P): Emerson 3305
24. LS-6P (Peninsula 6P): Emerson Micro
25. LS-7P (Peninsula 7P): Emerson Micro
26. LS-8P (Peninsula 8P): Emerson Micro
27. LS-AB1 (Aberdeen 1): Emerson Micro
28. LS-AB2 (Aberdeen 2): Emerson Micro
29. LS-AB3 (Aberdeen 3): Emerson Micro
30. LS-AB4 (Aberdeen 4): Emerson Micro
31. LS-AB5 (Aberdeen 5): Emerson 3305
32. LS-ABP (Airport Business Park): Emerson Micro
33. LS-AYO (Arroyo Parkway): Emerson 3305
34. LS-BAT (Breakaway Trails): Emerson Micro
35. LS-BC (Bear Creek): Emerson Micro
36. LS-CAM (Camelot): Emerson Micro
37. LS-CG (Castle Gate): Emerson Micro
38. LS-CHEL1 (Chelsea 1): Emerson Micro
39. LS-CHEL2 (Chelsea 2): Emerson Micro
40. LS-CRKSD (Creekside): Emerson Micro
41. LS-CS (CharlesCity Square): Emerson Micro
42. LS-FQ (Forest Quest): Emerson 3305
43. LS-GBC (Garden Business Center): Emerson 3305
44. LS-HD (Harley Davidson): Emerson Micro
45. LS-HH (Halifax Hospital): Emerson Micro
46. LS-HOMAC (HOMAC): Emerson Micro
47. LS-LO (Laurel Oaks): Emerson Micro
48. LS-MAC (MacDonald's): Emerson Micro
49. LS-OG (Ormond Green): Emerson Micro
50. LS-OL1 (Ormond Lakes 1): Emerson Micro
51. LS-OL2 (Ormond Lakes 2): Emerson Micro
52. LS-OL4 (Ormond Lakes 4): Emerson 3305
53. LS-OM (Ormond Mall): Emerson Micro
54. LS-PT (Pine Trail): Emerson Micro
55. LS-PWS (Pathway Elementary School): Emerson Micro
56. LS-SAN (San Marco): Emerson 3305

58. LS-SL (Shadow Lakes): Emerson Micro
59. LS-SM (Spring Meadows): Emerson Micro
60. LS-SO (Sandy Oaks): Emerson Micro
61. LS-SP (Southern Pines): Emerson 3305
62. LS-SR (Saddlers Run): Emerson Micro
63. LS-SW (Spanish Waters): Emerson Micro
64. LS-TM (Tomoka Meadows): Emerson Micro
65. LS-CITYE (City Center): Emerson Micro

- 66. LS-VGO (Villagio): Emerson Micro
- 67. LS-WM (Walmart): Emerson Micro
- 68. LS-CRN (Crown): Emerson Micro
- 69. LS-RB (River Bend): Emerson Micro
- 70. LS-CP (City Provs): Emerson Micro
- 71. LS-DC: Emerson 3305
- 72. LS-HR: Emerson Micro
- 73. BSAIR: Emerson Micro
- 74. LS-HW: Emerson Micro
- 75. LS-RO: Emerson Micro
- 76. SWLC: Emerson Micro

Reuse Storage and Pumping Stations

- 1. Orchard St. High Service: Emerson Micro
- 2. Breakaway Trails: Emerson Micro
- 3. Shadow Crossing: Emerson Micro

Storm Water Pumping Stations (Total of 2)

Storm Water Level Stations (Total of 4)

6. Supplemental Information for Utilities Division Facilities

- i. A SCADA System Configuration and Communication diagram has been prepared and included as part of this package. The diagram provides general information on the details of major SCADA system computer components and connectivity.
- ii. The City presently uses VTScada software by Trihedral, Inc. as its SCADA system software platform.
- iii. The City's control hardware platform is existing and will continue in service through the duration of the contract. With limited exceptions, the control system hardware is ControlWave RTUs and PLCs by Emerson Process Management. Other equipment in use includes Allen Bradley CompactLogix, Allen Bradley SLC500 and Siemens S7 PLCs. When modifications are required for the Emerson RTU/PLC software, the vendor will utilize the services of Emerson Process Management to revise software and test the modifications.
- iv. VTScada software is currently used at the City's water and wastewater treatment facilities, and remote pumping facilities (including raw water wells, potable water and reclaimed water pump stations, and sanitary sewer and stormwater lift stations).
- v. All components of the City's utility infrastructure are existing systems, required to be operational during all construction/testing periods. The work and services provided under this contract shall be scheduled and coordinated with the City, at their convenience, to minimize the disruption of system operations.

7. Contractor Qualifications

- i. The Contractor shall perform all work necessary to select, furnish, configure, customize, debug, install, connect, calibrate (if required by the City), place into operation all hardware & software specified within specification form and to install all system software upgrades as required by the City to keep systems updated and running within the manufactures supported versions to include but not limited to VTScada, Control Wave Designer programming software (Emerson PLC software) MODBUS, as well as working knowledge of Altivar VFD's.
- ii. The Contractor shall be a "systems house" regularly engaged in the design and the installation of computer systems and their associated subsystems as they are applied to the municipal water or wastewater industry. For the purposes of this specification section, a "systems house" shall be interpreted to mean an organization that complies with all of the following criteria:
 - a. Employs a registered professional Control Systems Engineer or Electrical Engineer to supervise or perform the work required by this specification section.
 - b. Employs personnel on this project who have successfully completed a manufacturer's training course on the configuration and implementation of the specific programmable controllers, computers and software.
 - c. Has performed work of similar or greater complexity on at least five (5) previous projects. Shall submit names, addresses, telephone numbers, and details of instrumentation.
 - d. Has been in the water/wastewater industry or similar industrial process controls performing the type of work specified in this specification section for a minimum of ten (10) years.
- iii. The Contractor shall maintain a fully equipped office/production facility with full-time employees capable of fabricating, configuring, installing, calibrating, troubleshooting, and testing the system specified herein. Qualified repair personnel shall be available and capable of reaching the facilities within a twenty-four (24) hour period for non-emergency services and shall be available and capable of reaching the facilities within a four (8) hour period for emergency services.
- iv. Actual installation of a system or additional equipment need not be performed by the company's employees; however, the company shall be responsible for the on-site technical supervision of the installation. Written approval must be given by the City for any subcontractors.
- v. The Contractor shall submit a statement of qualifications, relevant to the specifications proposed for this bid that includes: equipment inventory, facility description, resumes of key personnel, experience references, and certifications.
- vi. The Contractor shall provide a list of telephone numbers, pager numbers, and cellular phone numbers where an Instrumentation Specialist can be reached at all

times in the event of an emergency. Maximum thirty (30) minute call back time is required.

- vii. The Contractor's personnel working on-site at any City facility must be full- time or contracted employees of the awarded vendor and have photo identification to enter site and available upon request. The photo identification must contain the employee's full name, the bidder's official logo or name, occupational license number, and a unique employee identification number.
- viii. The City reserves the right to require a specific Equipment/Programming Specialist, as long as said Specialist is employed by the Contractor.

8. Security and Proprietary Information

- i. The City's proprietary information stored on electronic computing devices whether owned, or leased by the City, an employee or a third party, remains the sole property of the City. Contractor must ensure through legal or technical means that proprietary information is protected in accordance with the DATA PROTECTION STANDARD. Contractor has a responsibility to promptly report the theft, loss or unauthorized disclosure of the City's proprietary information. Contractor may access, use or share the City's proprietary information only to the extent it is authorized and necessary to fulfill assigned job. Remote access to the City's Process Control System(s) shall be minimized to the greatest extent possible to ensure the security of the system. The Contractor should be prepared to perform all but the most urgent repair work on-site.
- ii. The following are strictly prohibited:
 - a. Accessing data, a server or an account for any purpose other than conducting City business.
 - b. Exporting software, technical information, encryption software or technology, in violation of international or regional export control laws. The appropriate management should be consulted prior to export of any material that is in question.
 - c. Introduction of malicious programs into the network or server (e.g., viruses, worms, Trojan horses, e-mail bombs, etc.).
 - d. Effecting security breaches or disruptions of network communication. Security breaches include, but are not limited to, accessing data of which the Contractor is not an intended recipient or logging into a server or account that the Contractor is not expressly authorized to access, unless these duties are within the scope of regular duties. For purposes of this section, "disruption" includes, but is not limited to, network sniffing, pinged floods, packet spoofing, denial of service, and forged routing information for malicious purposes.
 - e. Port scanning or security scanning.

- f. Connecting equipment to or exporting to any removable storage device without prior authorization from the City.
- g. Circumventing user authentication or security of any host, network or account.
- h. Introducing honeypots, honeynets, or similar technology on the City's network.
- i. Divulge remote connection modem phone numbers or other access points to City's computer resources to anyone without proper authorization.
- j. Share account(s), passwords, Personal Identification Numbers (PIN), Security Tokens (i.e. Smartcard), or similar information or devices used for identification and authorization purposes.
- k. Make unauthorized copies of copyrighted or City-owned software.
- l. Use of non-standard shareware or freeware software without the appropriate City Management approval.
- m. Download, install or run security programs or utilities such as password cracking programs, packet sniffers, or port scanners that reveal or exploit weaknesses in the security of a City computer resource unless approved.

9. System Continuity

- i. Should the City require on-site services, the Contractor shall make every effort to ensure that the equipment or system is left in operating condition. Should repairs performed by the Contractor result in equipment or system failure, the Contractor shall, within one (1) hour, inform the City authorized representative of the anticipated length of downtime. The Contractor shall make every effort to expedite repairs to minimize the downtime.
- ii. Should the City require on site services, (upon completion of all repairs, calibration, system start up and checkout procedures, and while the systems are in a "normal operating" condition), the Contractor and authorized City staff shall jointly demonstrate system performance to determine that the equipment operates properly and is acceptable. If control system loop checks are required, proper operation of the system loop shall be verified by operating all devices in the loop. Any failures shall be deemed as not meeting OEM requirements and shall require retesting and return of the equipment to the Contractor for further evaluation.

III. TERM OF AGREEMENT

The initial term of this agreement shall be for a period of three (3) years and will be automatically renewed for two additional one (1) year periods thereafter unless either party provides at least ninety (90) days prior written notice to the other party of their intent not to renew the agreement. All terms and conditions shall remain firm for the initial three (3) year period and any optional renewal period of this contract based on contractor's acceptance, level of performance, and approved funding.

IV. PROPOSAL PROCESS

The firm or individual(s) interested in this contract should include a response to each of the following items in their written proposal:

1. The proposal shall include the following:
 - a. Title Page: Title page marked, "**PROCESS CONTROL SYSTEM, EQUIPMENT, & INSTRUMENTATION SERVICES**", the firm's name; the name, address and telephone number of a contact person; and the date of the proposal.
 - b. Table of Contents: Include a clear identification of the material included in the proposal by page number.
 - c. Standard General Requirements: Include Proposer's name and principal address; contact person's name and title; telephone and fax number; FEIN; number of years organization has been in business; number of years your firm has been in business under your present business name; number of years your firm has been in business in work specific to this RFP; names and titles of all officers, partners or individuals doing business under trade name; statement of whether your firm has ever failed to complete work awarded to you; list all claims, arbitrations, administrative hearings and lawsuits brought by or against the Proposer or its predecessor organization(s) during the last five (5) years; list and describe all criminal proceedings or hearings concerning business related offenses in which the Proposer, its principals or officers or predecessor organization(s) were defendants; state whether the Proposer, its principals, officers or predecessor organization(s) have been CONVICTED of a Public Entity Crime, debarred or suspended from bidding by any government entity.
 - d. Transmittal Letter: A signed letter of transmittal briefly stating the proposer's understanding of the work to be done, the commitment to perform the work within the time period, a statement why the firm believed itself to be best qualified to perform the engagement and a statement that the proposal is a firm and irrevocable offer for the engagement period. The transmittal letter shall have an original signature of an authorized official of the firm who has been designated to submit the proposal on behalf of the firm.
 - e. Technical Qualifications of Firm: Provide a description and overview of firm, including the size, range of activities, licenses, certifications etc. Detail expertise in, and experience with troubleshooting and repair of SCADA, Telemetry, PLC's, and other associated pieces of equipment. (Limit response to two pages maximum) Identify any subcontractors(s) that

will be involved if work not performed in house, including address and a description of qualifications. (Limit response to one page maximum per subcontractor)

- f. Technical Qualifications of the Project Team: Identify the primary individuals (Project Team) who will be responsible for supervising, managing and executing the work for this Contract. List all certifications appropriate to the work. (Limit response to one page per person)
- g. References: Using the “List of References” sheet supplied herewith, provide list of three (3) utility clients for whom work has been performed within the past 5 years. Be sure to include:
- Entity/Client
 - Location
 - Year Completed
 - Client contact name, Phone and Email
 - Types of equipment serviced
- h. Responsiveness: Describe your approach to timely completion of work and provide general turnaround times.
- i. Location: Provide shop location(s) where the bulk of work will occur and indicate which member of the Project Team primarily works from each. Provide information on alternate or backup facilities, if available. Points shall be awarded as follows: Within 25 miles of Ormond City Hall (15 points), Within 50 miles of Ormond Beach City Hall (10 points), Within 100 miles of Ormond Beach City Hall (5 points), Beyond 100 miles of Ormond Beach City Hall (0 points)
- j. Pricing: Bidders shall provide a comprehensive “RATE SCHEDULE.” Bidders are given the option of developing and submitting their own “RATE SCHEDULE” that best reflects their company structure OR bidders may complete the table entitled “RATE SCHEDULE,” which includes additional blank spaces for unlisted job titles and rates, provided at the bottom of the table. These blank spaces are intended to allow the bidder to add other titles and rates as they deem necessary in their proposal.

In the “RATE SCHEDULE” table provided in the specifications, “ISA” refers to the International Society of Automation. While the Cost Schedule lists ISA certification, other comparable certifications are permissible. In addition, the term “Straight Time” shall be understood to mean all hours worked during normal weekdays but not exceeding eight (8) hours per day. Similarly, “Overtime” shall be understood to mean all hours worked after eight (8) hours on weekdays AND all hours worked on Holidays and weekends. “EI” refers to an Engineering Intern while “PE” refers to a Professional Engineer licensed in the State of Florida.

	Use additional sheets for other titles, as necessary	

V. PROPOSAL SUBMITTAL

Please check the contents of your RFP package carefully to ensure that you have in your possession all the necessary documents, as referenced within this RFP, including any addenda. If you are missing any items, please contact the City's Purchasing Coordinator at 386-676-3223, or by e-mail at: rob.hart@ormondbeach.org.

Submission of a proposal pursuant to this RFP shall constitute acknowledgement and acceptance of the terms and conditions set forth herein. Portions of this RFP and the contents of the proposal submitted by the successful proposer may become contractual obligations if an Agreement is awarded. Failure of the successful proposer to accept these obligations may result in cancellation of the award of contract.

The City reserves the right to withdraw this RFP at any time without prior notice. All proposals submitted in response to this RFP become the property of the City of Ormond Beach.

Deadline for Submission: To be considered, proposals must be received no later than 2:00 p.m., September 25, 2025.

Inquiries: Technical questions may arise as firms are preparing their proposals. The City will accept written inquiries regarding this RFP until seven (7) working days prior to the RFP due date. Questions received after that time will not be responded to. Answers to questions that warrant attention of all the potential proposers will be distributed in the form of an addendum. Please direct written inquiries to:

Rob Hart
City of Ormond Beach
22 South Beach Street, Room 102
Ormond Beach, Florida 32174
Telephone: (386) 676-3223
FAX: (386) 676-3374
rob.hart@ormondbeach.org

Signature Requirements: Proposals must be signed by a duly authorized official(s) of the proposing firm. Consortiums, joint ventures, or teams submitting proposals, although permitted and encouraged, will not be considered responsive unless it is established that all contractual responsibility rests solely with one firm or legal entity which shall not be a subsidiary or affiliate with limited resources. Each proposal shall indicate the entity responsible for execution on behalf of the proposal team.

Proposal Delivery: You must submit one (1) unbound original plus one (1) electronic copy on compact disk (CD) or flash drive of the proposal no later than the date and time specified above. Submit proposals to: Rob Hart, Purchasing Coordinator, at City Hall down stairs in Room 102, 22 South Beach Street, Ormond Beach, FL 32174. The RFP title and number shall be plainly marked on the outside of the delivery envelope or

package. It is solely the responsibility of the submitter to ensure that the Proposal is delivered on or before the specified date and time. Late proposals will not be accepted.

Addenda and Supplements to the Request for Proposals (RFP): In the event that it becomes necessary to revise any part of this RFP, or if additional information is necessary to enable the proposing firm to make an adequate interpretation of the provisions of this RFP, a supplement to the RFP will be provided to each firm that has requested a copy of this document.

Rejection Rights: The City of Ormond Beach reserves the right, at any time, to modify, waive or otherwise vary the terms and conditions of this RFP including, but not limited to, the deadlines for submission and submission requirements. The City further reserves the right to reject any or all submittals, to cancel or withdraw this RFP at any time and to negotiate with any party prior to or after submittal of proposals. Selection is also dependent upon the negotiation of a mutually acceptable contract with the successful proposers.

Cost of Proposal Preparation: No reimbursement will be made by the City of Ormond Beach for any costs incurred in the preparation of the proposal or presentation.

Proposals to be in Effect: Each proposal shall state that it is valid for a period of not less than 90 days from date of receipt.

VI. EVALUATION PROCESS AND CRITERIA

The City of Ormond Beach will conduct an evaluation of all proposals, submitted by the deadline, to determine compliance with proposal requirements and mandatory document submissions. The committee will consist of three individuals from the City's public works department. The committee will evaluate proposals and select the Proposer that meets the best interests of the City, and will make a recommendation of Award of Contract to the City Commission.

The City reserves the following rights:

- Modify, extend, or cancel this RFP at any time to obtain additional proposals or for any other reason the City determines to be in its best interest;
- Issue a new RFP with terms and conditions that are the same, similar or substantially different as those set forth in this or a previous RFP in order to obtain additional proposals or for any other reason the City determines to be in its best interest;
- Conduct pre-award discussion and/or pre-award negotiations with any or all responsive and responsible proposer(s) who submit proposals determined to be reasonably acceptable of being selected for award; and, conduct personal interviews or require presentations of any or all proposer(s) prior to selection.

- Request that proposer(s) furnish additional information as the City may reasonably require.
- Accept or reject qualifications or proposals in part or whole, and/or waive any defect or deficiency in any proposal, if in the City's sole judgment, the defect or deficiency is not material in response to this RFP;
- Limit and/or determine the actual contract services to be included in a contract.
- Engage outside experts to assist staff in evaluating the merits and viability of each proposer.
- Obtain information for use in evaluating submittals from any source.
- Verify the information received in the proposal. If a proposer knowingly and willfully submits false information or data, the City of Ormond Beach reserves the right to reject that proposal. If it is determined that an Agreement was awarded as a result of false statements or other data submitted in response to this RFP, the City of Ormond Beach reserves the right to terminate the Agreement.

The City shall be the sole judge of the proposer's qualifications.

Evaluation Criteria:

For the purposes of further evaluation, the responsive proposals will be evaluated on, but shall not be limited to, consideration of the following criteria:

<u>EVALUATION</u> CRITERIA	MAXIMUM POSSIBLE POINTS
Technical Qualifications	10
Cost Schedule	20
Experience	20
Capability	15
Past Performance	20
Location	15

Responsive proposals will be ranked in each of the criteria.

REGISTRATION AND INSURANCE REQUIREMENTS FOR VENDOR/CONTRACTOR WORKING ON CITY PROJECTS

REGISTRATION REQUIREMENTS FOR VENDOR/CONTRACTOR WORKING ON CITY PROJECTS

Registration Requirements

VENDORS doing business within the City Limits must be registered with the City.

Requirements for registering a business are as follows:

Copy of City Business Tax Receipt (where your business is located).

Certificate of Insurance showing General Liability and Workers' Comp (or State Workers' Comp Exemption form).

Application Fee: \$25.00 For more information, contact the City's Business Tax Receipt official at 386-676-3233 or btonline@ormondbeach.org You can apply online here: <https://ormondbeachfl-energovweb.tylerhost.net/apps/selfservice#/home>

State Certified/Registered Contractors

All registered State contractors must be registered with Volusia County. Volusia County Contractor Licensing, 123 W. Indiana Ave., Rm 203, Deland, FL 32720 (386) 736-5957
contractorlicensing@volusia.org
<https://connectlivepermits.org/citizenportal/app/landing>

State certified contractors have the option of registering with Volusia County, or providing information directly to the business tax receipt official, to include copy of State license, certificate of insurance and copy of local business tax receipt. This information is provided with the permit application.

If you have any questions regarding the above requirements, please contact the business tax receipt official at (386) 676-3233 or btonline@ormondbeach.org

EXHIBIT A
Risk Management and Insurance Requirements

A. Payment and Performance Bonds

1. Except as otherwise provided herein, the Contractor shall, prior to beginning performance, deliver to the City, and the City shall record in the public records of Volusia County, Florida, the Contractor's Payment and Performance Bond in an amount equal to the full amount of the Contract.
2.
 - (a) Payment and Performance Bonds shall not be required for any contract except those which are for the construction of a public building, for the prosecution and completion of a public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time) or for repairs upon a public building or public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time).
 - (b) With respect to those Contracts for which Payment and Performance Bonds are otherwise required:
 - i. Unless the City Manager, or his designee, determines such Bond to be necessary to protect the interests of the City, no Contractor shall be required to provide a Payment and Performance Bond for any Contract which is for \$25,000.00 or less.
 - ii. Upon the request of the contractor, good cause shown by the Contractor, and a determination that the public health, safety and welfare will be sufficiently protected, the City Commission may exempt the contractor from the requirement of providing a Payment and Performance Bond for any Contract which is for more than \$25,000.00 but is less than \$200,000.00.
3. The Payment and Performance Bond shall list the Contractor as Principal and be issued by a surety insurer authorized to do business in Florida as a surety and listed as an acceptable surety in the Federal Register.
4. The Payment and Performance Bond shall be executed pursuant to Section 255.05, **Florida Statutes**, and be in a form substantially similar to the form set forth in Section 255.05(3), **Florida Statutes**.
5. The Payment and Performance Bond shall specifically provide coverage for delay damages due to a default by the Contractor.

6. The Payment and Performance Bond shall not make the Contract part of the Bond agreement.
7. In lieu of the Payment and Performance Bond, the Contractor may file with the Finance Director of the City, in an amount equal to the full amount of the Contract, cash, a money order, a certified check, a cashier's check, an irrevocable letter of credit, or a security of a type listed in Part II, Chapter 625, **Florida Statutes**.
8. In the event the surety on any Payment and Performance Bond furnished by the Contractor is declared bankrupt or becomes insolvent, or its right to do business in the State of Florida is terminated, the Contractor shall, within five (5) working days thereafter, substitute another Payment and Performance Bond and surety acceptable to the City.
9. The Contractor is totally and solely responsible for keeping its surety informed as to the Base Contract Price as bid, significant changes in the Project Scope, and the overall progress and completion of the Project for the entire life of the Contract.
10. The payment and performance bond requirements stated herein above shall not be applicable to service-related contracts unless otherwise determined by the City Manager in order to protect the health, safety and welfare of the general public.

B. Contractual Provisions Relative to Risk Management

All contracts for any public works to be performed, and service-related contracts, for or on behalf of the City shall include at a minimum, the following, or substantially similar, provisions:

1. Hold Harmless and Indemnity

The Contractor agrees to assume liability for and indemnify, hold harmless, and defend the City, its commissioners, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor, its agents, officers, contractors, subcontractors, employees, or anyone else employed or utilized by the Contractor in the performance of this Contract. The Contractor's liability hereunder shall include all attorney's fees and costs incurred by the City in the enforcement of this provision.

2. Payment on Behalf of City

The Contractor shall pay all costs of the City's legal defense, as may be selected by the City, for all claims described in the Hold Harmless paragraph. Such payment on behalf of the City shall be in addition to any and all other legal remedies available to the City and shall not be considered to be the City's exclusive remedy.

3. Loss Control/Safety

Precaution shall be exercised at all times by the Contractor for the protection of all persons, including employees and property. The Contractor shall comply with all applicable laws, regulations and ordinances related to safety and health, shall make special efforts to detect hazardous conditions, and shall take prompt action when loss control/safety measures are reasonably necessary. The City may order work to be stopped if conditions exist that present an immediate danger to persons or property. The Contractor acknowledges that such work stoppage will not shift responsibility for any damages from the Contractor to the City.

4. Service Bond

For Service-related contracts only, the City may require the Contractor to secure a service bond with a minimum \$25,000 coverage limit for the period of the service agreement. The service bond covers dishonest acts of the contractor's employees against the City. A copy of the bond shall be provided to the City when the agreement commences. Service-related contracts include and are not limited to businesses providing janitorial, pest control, general repair, security, carpet cleaning, locksmith, temporary employment, painting, moving services or other contracts as determined in the discretion of the Risk Manager as necessary to minimize loss.

C. Contractor's Insurance

1. General

The Contractor, including service-related contractors, shall purchase and maintain for the entire life of the Project, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under the Contract Documents, whether such operations be by the Contractor, by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City.

The Contractor is responsible for the amount of any deductible or self-insured retention.

2. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include and not limited to the following:

- (a)** Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

\$100,000 Each Accident Bodily Injury by Accident
\$100,000 Each Employee Bodily Injury by Disease
\$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

- (b)** Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

- a. Premises, Operations, Products and Completed Operations
- b. Owners' & Contractors' Protective
- c. Products & Completed Operation
- d. Explosion, Collapse & Underground Conditions
- e. Blanket Contractual Liability
- f. Personal Injury Liability
- g. Broad Form Property Damage Endorsement, including Completed Operations
- h. Independent Contractors

- i. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
- j. Pollution Liability (if applicable)
- k. Asbestos Abatement (if applicable)
- l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less and not limited to the following amounts:

Limits (not less than)

\$1 Million Each Occurrence

\$2 Million General Aggregate

\$1 Million Aggregate Products & Completed Operations

NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

- (c) Automobile Liability Insurance is required if an Automobile(s) is used in the performance of the contract. ISO Symbol 1 (Any Auto), or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos), and limits shall be no less than:

\$1 Million

Combined Single Limit for Bodily Injury and Property Damage

- (d) Excess Liability

For contracts \$250,000 or greater an Excess Liability Policy of at least but not limited to \$1,000,000 in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention not to exceed \$25,000 per occurrence.

- (e) Builder's Risk

Contractor shall purchase Builder's Risk Insurance for any contracts that are deemed to be vertical construction on an All-Risk policy, and shall also include coverage for wind, hail, and named storm. Limits

of coverage shall be at least and not limited to the value of the project.

(f) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of \$1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

D. Requirements for Certificates of Insurance

1. With the execution of the Contract Documents, the Contractor, including service related contractors, shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain an endorsement that the coverage under the policies will not be canceled, non-renewed or materially changed until at least thirty (30) days' prior written notice of such cancellation, non-renewal or change (except for nonpayment of premium, which shall be ten (10) days) and a copy of the cancellation endorsement signed by an authorized representative of the insurer, be given to the City. The contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of the Contract Documents.
2. New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.
3. If requested by the City, the contractor shall immediately furnish complete copies of the Contractor's insurance policies, forms and endorsements.
4. For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
5. If the Contractor fails to obtain and maintain for the life of the Project the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of

premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Contract.

E. Policies of Insurance

1. Except as otherwise provided in this Exhibit, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-), in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.
2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carrier; written confirmation is required.
3. All policies of insurance or certificates thereof referred to in this Exhibit shall be deposited with the City Clerk.
4. The City shall be named an Additional Insured on General Liability including products and completed operations and Automobile Liability policies of insurance and certificates thereof.

VERIFICATION OF EMPLOYMENT STATUS USING E-VERIFY SYSTEM

1. Undersigned firm warrants it **IS** currently registered with the U.S. Department of Homeland Security's E-Verify system, **and** is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
2. Undersigned firm warrants it **has not** had any contracts terminated as a result of violations of Sections 448.09 or 448.095, *Florida Statutes*, that prohibit it from contracting with a public agency.
3. Undersigned firm warrants that if it enters into an agreement with a subcontractor, an express provision shall be included in all of its subcontracts requiring subcontractors, who perform work or provide services pursuant to the contract, to use the E-Verify system to verify employment eligibility of all new employees hired by the subcontractor during the contract term.
4. Undersigned firm understands that any subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and the contractor understands it shall maintain any such affidavits for the duration of the contract, and the contract with the subcontractor must be immediately terminated if the City has a good faith belief that the subcontractor knowingly violated Section 448.09 (1), *Florida Statutes*.
5. Undersigned firm understands that in the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and the contractor may not be awarded a public contract for a period of at least one (1) year after the date of termination. The contractor may be held liable for any additional costs incurred by the City as a result of termination of the contract.

DRUG-FREE WORKPLACE CERTIFICATION

IDENTICAL OR "TIE" SUBMITTALS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more proposals which are equal in respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

- 1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violation.
- 3) Give each employee that engages in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) calendar days after such conviction.
- 5) Impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- 6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

City of Ormond Beach
City Commission Agenda
Staff Report

Agenda Date	December 2, 2025	Item No	7.E.
Section	CONSENT AGENDA	Category	Consent - Resolution
Subject	Work Authorization - CMAR PEP Tank Replacement		
Recommended Action	Staff recommends approval of the work authorization to All State Civil, Inc., for work pertaining to the replacement of 10 PEP tanks in the guaranteed maximum price amount of \$174,250.		
Strategic Goal	Water Quality & The Environment - Other		
Department Staff Contact	Public Works - Utilities Management Bob Preis, Utilities Manager		

Summary

This is a request to approve a Underground Utility Construction Management Services Work Authorization with All State Civil Construction, Inc. for the replacement of 10 PEP Tanks in the western region of the City's utility service area.

The aftermath of recent rain events has left 10 PEP tanks damaged and in need of replacement. Under ideal conditions, City staff can replace 1 PEP tank in need of replacement in a one-week timeframe. Due to the volume of rain recently, however, the amount of tanks currently in need of replacement has exceeded what staff can accomplish in a reasonable time frame for the City's customers. Staff elected to request a quote for replacement services from All State Civil Construction, Inc., which is one of the City's current underground utility construction management contractors. The received quote was \$174,250.

On September 17, 2025, the City Commission approved Resolution 2025-147, which authorized the execution of continuing contracts with 6 underground utility contractors. All State Civil, Inc. who has extensive experience with the City's PEP tank systems, allows them to provide well-suited construction management services for this project.

Financial Impact

Funding for this project (\$174,250) is included in the FY 2025-26 budget within Fund 409 Water and Wastewater Renewal and Replacement - Pretreatment Effluent Pump Replacement.

Citizen Impact

This project will expedite the replacement of ten (10) currently damaged PEP tanks in the western region of the City's utility service area. Replacing the tanks in a timely manner will minimize the environmental impact and the disruption to the citizens. Staff is continuously pumping the tanks out to minimize impacts and reduce the possibility of backups.

RESOLUTION NO. 2025-191

A RESOLUTION ACCEPTING A PROPOSAL FROM ALL STATE CIVIL CONSTRUCTION, INC. TO PROVIDE CONSTRUCTION SERVICES REGARDING THE PEP TANK REPLACEMENT PROJECT; AUTHORIZING THE EXECUTION OF A WORK AUTHORIZATION THERETO; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City solicited a proposal from All State Civil Construction, Inc., a firm under continuing contract with the City, to provide underground utilities construction services regarding the PEP tank replacement project (“the Project”) in accordance with the provisions of Section 2-300(c) of the *Code of Ordinances*, and

WHEREAS, the appropriate City staff have reviewed the proposal received and determined that the proposal submitted by All State Civil Construction, Inc. to provide underground utilities construction services for the aforescribed project at a cost not to exceed \$174,250.00 is in the best overall interest of the City, and recommends that the said proposal (a copy being attached to the Work Authorization which is attached hereto and incorporated herein by reference) be accepted, and

WHEREAS, the City Commission concurs in the said determination and recommendation, and

WHEREAS, the City Manager has certified that the money for the payment of the Project has been deposited to the credit of the Water and Wastewater Renewal & Replacement Fund (409) and has not been appropriated for any other purpose, now therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The proposal submitted by All State Civil Construction, Inc. to provide underground utilities construction services regarding the PEP tank replacement project at a cost not to exceed \$174,250.00 is hereby accepted.

SECTION TWO. The Mayor and the City Manager are hereby authorized and directed to execute a Work Authorization between the City and All State Civil Construction, Inc. to provide underground utilities construction services for the Project at the said price, and to pay the cost therefor from the Water & Wastewater Renewal & Replacement Fund.

SECTION THREE. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 2nd day of December, 2025.

JASON LESLIE
Mayor

I. COMPLIANCE WITH FLORIDA PUBLIC RECORDS LAW

Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

- (a) Keep and maintain public records required by the City to perform the contracted service.
- (b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.
- (d) Upon completion of the contract transfer, at no cost to the City, all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.
- (e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

**CITY CLERK
22 SOUTH BEACH STREET
ORMOND BEACH, FLORIDA 32174 (386) 610-0400
CITYCLERK@ORMONDBEACH.ORG**

Ref: Fla. Stat. §119.0701(2016)

II. VERIFICATION OF EMPLOYMENT STATUS USING E-VERIFY SYSTEM

1. Section 448.09, *Florida Statutes*, makes it unlawful for any person to knowingly employ, hire, recruit, or refer, either for herself or himself, or on behalf of another, for private or public employment within the state, an alien who is not duly authorized to work in the United States. Contractor warrants that it is registered with the U.S. Department of Homeland Security's E-Verify system, and is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
2. Contractor agrees that if the contractor enters into an agreement with a subcontractor, the subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and contractor warrants it shall maintain any such affidavits for the duration of the contract. If the City has a good faith belief that a subcontractor knowingly violated Section 448.09 (1), the City shall promptly notify the contractor and order the contractor to immediately terminate the contract with the subcontractor.
3. In the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and as provided by statute, the contractor may not be awarded a public contract for at least one (1) year after the date of termination. The contractor may also be held liable for any additional costs incurred by the City as a result of the termination of the contract.

Company: All State Civil Construction, Inc.

Project: Pep Tank Replacement 2025/26

Subject: Pep Tank Restoration

Date: October 24, 2025

Summary

The City of Ormond Beach is looking to utilize the Construction Management at Risk contract to replace and restore 10 damaged pep tanks due to heavy rainfalls all located within the Breakaway Trls and Hunter's Ridge community. The contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

The excavation and removal of 10 damaged pep-tanks, install new pep-tank systems, and reconnect customers to the existing incoming and outgoing ends of the service lines. **The City will supply the following materials for the project:** (10) 1,050 Gallon Pep Tank (Traffic Rated) assembled with 4" Inlet, High Water Alarm Float, 16" Pump Chamber Insert, CEPH5A-12 Submersible Pump, Tower Extension (Risers), Electrical Junction Box, and Two Manway Lids.

For more details, questions, and/or concerns please reach to the following City personnel:

Thank you,

Trevor Neal

Utility Project Manager

Scope of Work

- Prior to excavation of proposed area, the existing tank must have liquids pumped out and hauled away to an approved dump site by contractor.
- Prior to excavation, utility locates called into Sunshine 811 and verification of any existing utilities within the work zone handled by Contractor.
- Coordination of relocating any existing utilities is the responsibility of Contractor.
- Coordination with Homeowner and HOA prior to any Work being done is responsibility of Contractor.
- Existing trees, landscaping (except for sod), or hardscaping in conflict with removal of pep tank is the responsibility of the Homeowner to remove and replace. Coordination of such conflicts shall be handled between the Contractor and Homeowner.
- Excavation of proposed area and removal of existing pep tank along with pep tank accessories: which may include well-points, a dewatering system, and trench safety devices. Shall be the responsibility of the Contractor
- Hauling & Disposal of damaged pep-tanks and unwanted material to approved dump site is the responsibility of the Contractor.
- Installation of all supplied parts and materials to bring installed pep tank systems to proper grade levels. Installed pep tanks to have both lids installed approximately 6-inches below existing grade elevation at the sites. Dirt and sod to be installed on top of lid.
- Restoration of work site: to include all backfilling and compaction. Contractor must provide clean fill, turf restoration, landscaping, and possible concrete work for damaged or undermined driveways due to damaged pep tank.
- Any damaged property created by replacement of pep tank is the responsibility of the Contractor to restore to proper operating conditions.
- The City of Ormond Beach will assign an Inspector during the completion of each installation. Contractor will be responsible for scheduling and coordinating the timeline of each pep-tank system.
- Contractor will need to provide the piping material and necessary fittings to make final connections and the material needed for site restoration.
- A portion of this project is within a gated community and operating hours may be designated by the Homeowners Association ordinances. It is the responsibility of the Contractor to contact such Association to establish operating hours and access to work sites.

TOTAL COST \$ 174,250.00
(Figures)

Cost Item No. 1 Mobilization/Demobilization

Definition. Mobilization shall be the preparatory work and operations in mobilizing for beginning work on the project, including, but not limited to, those operations necessary for the movement of personnel, equipment, supplies and incidentals to the project site, and for the establishment of temporary offices, buildings, safety equipment and first aid supplies, sanitary and other facilities, as required by the Contract Documents and applicable laws and regulations.

The cost of bonds, required insurance, permits and any other preconstruction expense necessary for the start of work, excluding the cost of construction materials, shall also be included in this item. Demobilization shall be the work of removing temporary facilities from the site.

Payment. Partial payments for this item will be made in accordance with the following schedule:

<u>Percent of Original Contract Amount Earned</u>	<u>Allowable Percent of the Lump Sum Price for the Item</u>
Contract Approval	25
10	50
25	75
50	100

These payments will be subject to the standard retainage provided in the agreement. Payment of the retainage will be made after successful completion of the work and demobilization.

Cost Item No. 2 **Demo & Install Pep Tank & Associated Components**

Measurement. The quantity for payment shall be for each pep tank pump out, remove, replace, backfill, compact, and debris hauled away.

Payment. The City of Ormond Beach will provide the following materials for installation: 1,050 Gallon Pep Tank (Traffic Rated) assembled with 4" Inlet, High Water Alarm Float, 16" Pump Chamber Insert, Tower Extension (Riser), and Two Manway Lids. Payment shall be made at the Contract unit price per each and shall be full compensation for furnishing all labor, materials, and equipment necessary to pump out, remove, replace, backfill, compact, and debris hauled away at each pep tank site.

Cost Item No. 3 **Dewatering**

Measurement. The quantity for payment shall be for each pep tank site.

Payment. Payment shall be made at the Contract unit price per each and shall be full compensation for furnishing all labor, materials, and equipment necessary to provide required dewatering at each pep tank site.

Cost Item No. 4 **Site Restoration**

Measurement. The quantity for payment shall be for required site restoration at each pep tank site.

Payment. Payment shall be made at the Contract unit price per each and shall be full compensation for furnishing all plant, labor, materials, and equipment necessary to provide required site restoration at each pep tank site to include turf restoration and landscaping disturbed by construction. Installed pep tanks to have lid installed approximately 6-inches below existing grade elevation at the sites. Dirt and sod to be installed on top of lid.

Cost Item No. 5 **Install CEPH5A-12 Pump**

Measurement. The quantity for payment shall be for each pump installed.

Payment. Payment shall be made at the Contract unit price per each and shall be full compensation for furnishing all labor, materials, and equipment necessary to install the CEPH5A-12 pump which includes the pump stack (1.5" Schedule 40 PVC male adapter, 1.5" Schedule 40 PVC union fitting, 1.5" Schedule 40 PVC check valve) at each pep tank site.

Cost Item No. 6 **Install J-Box**

Measurement. The quantity for payment shall be for each Junction Box Assembly installed. Box to be provided by Owner.

Payment. Payment shall be made at the Contract unit price per each J-Box installed and payment shall be full compensation for furnishing all labor, material, and equipment necessary to install the J-Box at each pep tank site.

Cost Item No. 7 1.5" Schedule 40 PVC Check Valve

Measurement. The quantity for payment shall be for each 1.5" Check Valve installed on the outgoing line of the pep tank as needed.

Payment. Payment shall be made at the Contract unit price per each 1.5" Schedule 40 PVC Check Valve installed. Contractor to receive authorization from City staff for installation prior to performing the work for this cost item. Such price and payment shall be full compensation for furnishing all labor, materials, and equipment necessary to install the 1.5" Schedule 40 PVC Check Valve as needed at pep tank site.

Cost Item No. 8 1.5" Schedule 40 PVC Pipe

Measurement. The quantity for payment shall be for each linear foot of pipe installed.

Payment. Payment shall be made at the Contract unit price per linear foot for the actual quantity of 1.5" Schedule 40 PVC pipe installed, as well as all necessary fittings to make final connections. Such price and payment shall be full compensation for furnishing all labor, materials, and equipment necessary to install the 1.5" Schedule 40 PVC pipe at each pep tank site.

Cost Item No. 9 4" SDR-26 Connection Piping

Measurement. The quantity for payment shall be for each linear foot of pipe installed.

Payment. Payment shall be made at the Contract unit price per linear foot for the actual quantity of 4" SDR-26 connection pipe installed, as well as all necessary fittings to make final connections. Such price and payment shall be full compensation for furnishing all labor, materials, and equipment necessary to install the 4" SDR-26 connection piping at each pep tank site.

Cost Item No. 10 (5) Wire 14-Gauge Solid

Measurement. The quantity for payment shall be for each linear foot of wire along with the necessary amount of $\frac{3}{4}$ " conduit installed as needed.

Payment. Payment shall be made at the Contract unit price per linear foot for the actual quantity of (5) wire 14-gauge solid and $\frac{3}{4}$ " conduit pipe installed, as well as, all necessary fittings to make final connections. Contractor to receive authorization from City staff for installation prior to performing the work for this cost item. Such price and payment shall be full compensation for furnishing all labor, materials, and equipment necessary to install the (5) wire 14-gauge solid and $\frac{3}{4}$ " conduit pipe as needed at pep tank site.

Cost Item No. 11 Concrete Work

Measurement. The quantity for payment shall be for each square yard of concrete installed.

Payment. Payment shall be made at the Contract unit price per square yard for the actual quantity of concrete installed. The quantity in the bid schedule is an estimate, actual quantity may be less. Such price and payment shall be full compensation for furnishing all plant, labor materials and equipment necessary to repair damaged or undermined concrete driveways.

City Commission Agenda
Staff Report

Agenda Date	December 2, 2025	Item No	7.F.
Section	CONSENT AGENDA	Category	Consent - Resolution
Subject	Purchase Request - Vermeer Vacuum Excavator, Trailer Mounted		
Recommended Action	Staff recommends approval of the request to purchase 1 trailer mounted Vermeer Vacuum Excavator.		
Strategic Goal	Water Quality & The Environment - Other		
Department Staff Contact	Public Works - Utilities Management Bob Preis, Utilities Manager		

Summary

This is a request to purchase 1 Vermeer vacuum excavator, trailer mounted, off of the Florida Sheriffs contract FSA23-EQU21.0.

The cost of this equipment is \$121,333. This is a new piece of equipment to be used by the Public Works Department, Water Distribution Division for hydro-excavation of water pipes to repair broken lines.

Currently, staff must request assistance from another department/division for the use of their combination sewer cleaner, forcing others to adjust their schedules and delay other work. The addition of this equipment will facilitate the repair of broken water mains and services, allowing service to be restored more quickly. The addition of this equipment to those available to our utilities staff will not only allow repairs to be made by water distribution without requiring other departments to postpone tasks that may be required; it will also provide a tool that can assist our wastewater collection and stormwater divisions in the completion of smaller jobs where vacuum extraction may be beneficial.

Financial Impact

This item was included in the Fiscal Year 2025-26 budget within Fund 408 - Water Distribution.

Citizen Impact

RESOLUTION NO. 2025-192

A RESOLUTION AUTHORIZING THE APPROVAL AND EXECUTION OF A PURCHASE AUTHORIZATION FOR THE PURCHASE OF ONE VERMEER VACUUM EXCAVATOR UNDER FLORIDA SHERIFFS ASSOCIATION BID NUMBER FSA23-EQU21.1; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City is seeking to purchase one Vermeer vacuum excavator-trailer mounted, and,

WHEREAS, Section 2-300(a)(9), Code of Ordinances, allows the City to utilize a competitive bid solicited by any other municipal, county, state or federal governmental agency, or any combination of such agencies, in purchasing items requiring competitive sealed bids, and

WHEREAS, the City's staff has determined that it is in the best interest of the City of Ormond Beach and the general public to purchase one Vermeer vacuum excavator-trailer mounted, under the Florida Sheriffs Association Bid Number FSA23-EQU21.1 in the amount of \$121,333.00, and

WHEREAS, the City Manager has certified that funds in the amount of \$121,333.00 for the purchase thereof are in the Water & Wastewater Equipment & Vehicle Fund (408), and have not been appropriated for any other purpose; now therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The Mayor and City Manager are hereby authorized and directed to approve and execute a Purchase Authorization for the purchase of one Vermeer vacuum excavator-trailer mounted, under the Florida Sheriffs Association Bid Number FSA23-EQU21.1 in the amount of \$121,333.00, and to pay the costs therefore from the Water & Wastewater Equipment & Vehicle Fund.

SECTION TWO. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 2nd day of December, 2025.

TERMS AND CONDITIONS - READ CAREFULLY

GENERAL CONDITIONS:

Acceptance of an order includes all terms, quantities, prices, delivery instructions, specifications and conditions stated in the order. The terms and conditions of an order are not to be changed or modified by any verbal understanding. Any such changes must be made by written agreement. The quantity of materials ordered and the prices specified must not be exceeded without written authority being first obtained from the City. Failure of an awarded Vendor to deliver goods and/or services as specified in the order, or failure to comply with any of the terms and conditions therein, may disqualify Vendor from receiving future orders. In case of default by the Vendor, the City may procure the goods and/or services covered by the order from other sources and hold the Vendor responsible for any additional cost occasioned thereby. Purchases of \$500 or more require a signed Purchase Order. Invoices must show the Purchase Order number. The City endeavors to make payments within thirty (30) days of receipt of invoice in accordance with the Florida Prompt Payment Act, Florida Statutes, Chapter 218, Part VII.

QUALITY:

All goods and/or services furnished by an order must be as specified and subject to the City's inspection within a reasonable time after delivery at destination. Variations in goods and/or services from those specified in an order must not be made without written authority from the City. Items rejected by the City will be returned at the Vendor's risk and expense. Unless otherwise stated herein, all materials and equipment furnished by the Vendor shall be new and shall not have been in service at any other installation.

PACKING & DELIVERY:

Packages must be plainly marked with shipper's name and order number. Charges are not allowed for boxing or crating unless previously agreed upon in writing. All goods must be shipped F.O.B. Destination. The City will pay no freight or expense charges, except by previous agreement. The delivery must be effected within the time stated in the order. The City reserves the right to cancel this order and purchase elsewhere if the Vendor fails to meet the delivery date specified on Purchase Order. Deliveries shall be made between 8:00 a.m. and 5:00 p.m. on regular working days unless otherwise stated. Transport deliveries must be unloaded and ready for inspection prior to 3:00 p.m. The items will be promptly inspected for damage and defects and conformance with the specifications. Any material or equipment not meeting the specifications, or that has been damaged or injured in the process of transportation, unloading or handling will be rejected and shall be immediately returned to the Vendor at the Vendor's expense.

COMPLIANCE TO LAWS, GUIDELINES, REGULATIONS ,ETC.:

The Vendor must comply with all applicable state, federal, and local laws, guidelines and regulations. This includes, but is not limited to, DOT, OSHA, EPA, DEP and the City's Registration and Insurance requirements when applicable. Also, where applicable, the Vendor agrees to furnish the City with a current Material Safety Data Sheet (MSDS) on or before delivery of each and every hazardous chemical or substance purchased which is classified as toxic under Chapter 422, Florida Statutes. Appropriate labels and MSDS's shall be provided for all shipments. Send MSDS's and other pertinent data to the City at the "Ship to" address.

PUBLIC ENTITY CRIMES: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a Bid on a contract to provide any goods or services to a public entity, may not submit a Bid on a contract with a public entity for

the construction or repair of a public building or public work, may not submit Bids on leases or real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

DISCRIMINATION: Pursuant to Section 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid or proposal on a contract to provide any goods or services to a public entity, may not submit a bid or proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit bid or proposal on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity.

TAXES: The City of Ormond Beach is exempt from Federal Excise Taxes and all sales taxes.

MEETS SPECIFICATIONS: Unless otherwise specified, all equipment and accessories furnished under these specifications shall be new, the latest model in current production, and shall be of good quality, workmanship and material. The Vendor represents that all equipment offered under this specification shall meet or exceed the minimum requirements specified. Delivery specifications shall be strictly adhered to.

SILENCE OF SPECIFICATIONS: The apparent silence of any specification and any supplemental specifications as to any details or the omission from same of any detailed description concerning any point shall be regarded as meaning that only the best commercial practices are to prevail and that only materials of first quality and correct type, size, and design are to be used. All workmanship is to be first quality. All interpretations of the specifications shall be made upon the basis of this statement.

ASSIGNMENT: Any purchase order or contract issued pursuant to a Request for Quotations and the monies which may become due thereunder are not assignable except with the prior written approval of the City Manager or City Commissioner, whichever authorized the purchase.

LIABILITY: The Vendor shall hold and save the City of Ormond Beach, its officers, agents, and employees harmless against claims by third parties resulting from the vendor's or supplier's breach of contract or negligence, including all attorney's fees and costs, and shall pay any and all damages, fees, and costs assessed on behalf of the CITY. The CITY expressly reserves all rights, privileges and benefits of sovereign immunity.

PATENTS AND ROYALTIES: The Vendor, without exception, shall indemnify and save harmless the City of Ormond Beach and its employees from liability of any kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by the City of Ormond Beach. If the Vendor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the quotation prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work.

ACCEPTANCE: Items may be tested for compliance with specifications. Items delivered not conforming to specifications may be rejected and returned at Vendor's expense.

SAFETY WARRANTY: The selling dealer, distributor, supplier, and manufacturer shall be responsible for compliance with all Federal, State and local laws, rules and regulations concerning the equipment and/or service specified and the use thereof, applicable and effective on the date of manufacture including safety and environmental standards as apply to both private industry and governmental agencies.

WARRANTY: The Vendor agrees that, unless otherwise specified, the supplies and/or services furnished under the Request for Quotations shall be covered by the most favorable commercial warranty for comparable quantities of such supplies and/or services, and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to the City of Ormond Beach by other provision of the Request for Quotations.

FSA Cooperative Purchasing Program

FSA23-EQU21.1: Equipment Terms & Conditions

FLORIDA SHERIFFS ASSOCIATION
Cooperative Purchasing Program
Contract Terms and Conditions

1.0 GENERAL CONDITIONS

1.01 BID CORRESPONDENCE

All correspondence regarding this bid should be directed to the Florida Sheriffs Association, "FSA". Please be sure to reference the bid number and title and provide your contact information. Communication for this Invitation to Bid should be identified by contract number and title and directed to:

Florida Sheriffs Association
Attn: Cooperative Purchasing Program Coordinator
2617 Mahan Drive
Tallahassee, FL 32308
E-mail: CPP@flsheriffs.org

1.02 PURPOSE

The Florida Sheriffs Association invites interested Bidders, including manufacturers and dealers or authorized representatives to submit responses in accordance with these solicitation documents. The FSA Cooperative Purchasing Program will conduct the solicitation process and administer the resulting contract. The purpose of this bid is to establish contracts with manufacturers and manufacturer's authorized dealers for contract terms specified under Section 1.03 for the purchase of items on a "no trade-in basis."

1.03 TERM OF CONTRACT

The term for Contracts FSA23-VEL31.0 Pursuit, Administrative and Other Vehicles and FSA23-VEH21.0 Heavy Trucks and Buses shall remain in effect for one year from date of contract execution by the FSA, and may be extended by mutual agreement, at the sole option and discretion of the FSA. The initial term of these contracts begins October 1, 2023, and ends September 30, 2024.

The term for Contract FSA23-EQU21.0 Equipment shall remain in effect for two years from date of contract execution by the FSA, and may be extended by mutual agreement, at the sole option and discretion of the FSA. The initial term of this contract begins October 1, 2023, and ends September 30, 2025.

Contract extensions will only be executed when the FSA determines, based on then-existing conditions, that it is in the best interest of the FSA and the purchasers to do so.

1.04 JURISDICTION

This Agreement shall be governed by and construed in accordance with the laws of the State of Florida. Venue shall lie in the appropriate court in and for Leon County, Florida.

1.05 SHERIFF AS COUNTY CONSTITUTIONAL OFFICER

The Offices of the Sheriff in the State of Florida are constitutional offices of the State of Florida. Each has the authority either individually or collectively to execute contracts for all goods and services for the proper conduct of that office. Section 30.53, Florida Statutes, exempts the sheriffs' offices from the provisions of the Florida Statute that would otherwise require sealed and competitive bidding procedures.

Contract Extension Amendment

Contract FSA23-EQU21.0: Equipment

Extension Term: October 1, 2025, through September 30, 2026

The Terms and Conditions of this Contract allow for modification via contract addenda as provided for in Section 1.23. The effective dates of the original contract term for FSA23-EQU21.0 are October 1, 2023, through September 30, 2025. The Florida Sheriffs Association (FSA) shall extend this contract for an additional one (1) year term from October 1, 2025, through September 30, 2026. The Terms and Conditions remain in effect for the contract extension term. Items and pricing may be updated in accordance with Sections 3.05 and 3.06 of the Terms and Conditions.

FSA is amending the original contract to reflect the following modifications:

- Modify the contract number to FSA23-EQU21.1, which reflects the extension; and
- Amend Section 1.03 to recognize the term of the contract extension.

Section 1.03 is amended to include the following language:

1.03 TERM OF CONTRACT

The FSA elected to renew the contract and extend the term of the contract for another twelve (12) months. The contract extension term will begin October 1, 2025, and end September 30, 2026.

For questions regarding this contract extension, please email Sarrah Carroll at scarroll@flsheriffs.org.

Notice of Final Award FSA23-EQU21.0: Equipment

Date: October 1, 2023

To: Bidders and Purchasers

From: Hugh Oliver, Cooperative Purchasing Program Manger

Re: Notice of Final Award for FSA23-EQU21.0: Equipment

Florida Sheriffs Association (FSA) has completed its 21st year of the cooperative purchasing equipment contract. FSA is issuing the Notice of Final Award for contract FSA23-EQU21.0: Equipment that will be effective from October 1, 2023, through September 30, 2025. This year's bid included 453 items. The contract will offer construction, material handling, transportation, all-terrain and utility vehicles, and grounds care equipment.

The competitive process for this award began in May 2023, when stakeholders were surveyed regarding procurement needs. Items were added based on survey results and the Fleet Advisory Committee's review of products.

An advertisement for the Invitation to Bid was published in the Florida Administrative Weekly, as well as the State of Florida's Office of Supplier Diversity and the FSA websites. On May 5, 2023, a direct notification was sent to 716 prospective bidders to participate in a voluntary bidder workshop. The ITB advertisement resulted in 149 pre-bid attendees or waivers. Of these respondents, 85 submitted bids and 78 qualified. FSA has identified intended awardees in the attached Final Award Report. The Final Award Report shows up to three lowest bidders per item, per zone.

The Florida Sheriffs Association Cooperative Purchasing Program has followed the Contract Terms and Conditions for this procurement. Bidders that become awarded vendors are governed by their manufacturer agreements and the Contract Terms and Conditions.

Contract pricing will be extended and guaranteed to the Florida Sheriffs Association, any unit of local government, political subdivision or agency of the State of Florida, or to other entities approved by manufacturers to buy from this contract, which can include out-of-state sales. Vendors that wish to extend contract pricing to entities other than those defined here are governed by their manufacturer's agreement. All purchasers are bound by state law, local ordinances, rules, and regulations for purchases made under this contract.

City of Ormond Beach
City Commission Agenda
Staff Report

Agenda Date	December 2, 2025	Item No	7.G.
Section	CONSENT AGENDA	Category	Consent - Resolution
Subject	Partial Release of Easement, 34 Greenvale Drive		
Recommended Action	The Site Plan Review Committee recommends to APPROVE a partial easement release for a five-foot portion of a ten-foot drainage and utility easement to construct a pool in the rear yard at 34 Greenvale Drive.		
Strategic Goal	Transportation & Community Development - Other		
Department Staff Contact	Planning & Building Steven Spraker, Planning Director		

Summary

This is a request submitted by the property owner, Willard W. Davis Jr., of property located at 34 Greenvale Drive, for the purpose of releasing a five-foot (5.0') portion of a ten-foot (10.0') drainage and utility easement to construct a pool in the rear yard.

As part of the Ormond Green, Phase II plat, there is a ten-foot drainage and utility easement along the rear property line. The property owners are requesting a five-foot easement release to construct a new pool along the rear property line.

As part of the easement release request, the property owner has provided letters of no objection from the potentially affected utility providers, including FPL, Spectrum (Charter Communications), TECO, and AT&T.

The City's Site Plan Review Committee has reviewed the easement vacation and has no objections to the request.

RESOLUTION NO. 2025-193

A RESOLUTION AUTHORIZING THE EXECUTION OF A QUITCLAIM DEED IN FAVOR OF WILLARD W DAVIS JR. AND CRYSTAL D DAVIS RELEASING A PORTION OF A TEN FOOT (10.0') DRAINAGE AND UTILITY EASEMENT LOCATED ALONG THE REAR PROPERTY LINE OF LOT 77 ORMOND GREEN PHASE II (34 GREENVALE DRIVE); PROVIDING FOR RECORDATION; AND SETTING FORTH AN EFFECTIVE DATE.

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The Mayor and the City Manager are hereby authorized and directed to execute that Quitclaim Deed in favor of Willard W Davis Jr. and Crystal D Davis, a copy of which is attached hereto and incorporated herein by reference, for the purpose of releasing a five-foot (5.0') portion of a ten-foot (10.0') drainage and utility easement along the rear yard of the property described therein for drainage and utility purposes, said property being commonly located at 34 Greenvale Drive, Volusia County Parcel ID Number 4124-08-00-0770.

SECTION TWO. The city clerk is hereby directed to record a certified copy of this Resolution and the executed Quitclaim Deed in the public records of Volusia County, Florida.

SECTION THREE. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 2nd day of December, 2025.

QUITCLAIM DEED

THIS QUITCLAIM DEED, executed this _____ day of December 2025, by the **CITY OF ORMOND BEACH**, a Florida municipal corporation, whose post office address is 22 South Beach Street, Ormond Beach, Florida 32174 ("the Grantor"), to **WILLARD W DAVIS JR. AND CRYSTAL D DAVIS**, whose post office address is 34 Greenvale Drive, Ormond Beach, Florida 32174 ("the Grantee"):

WHEREAS, the Grantee is the owner of certain land by virtue of that Warranty Deed dated September 26, 2017 and recorded at Book 7455, Page 3232 of the Public Records of Volusia County, Florida, said land being legally described within as follows: "Lot 77 The Ormond Green Phase II, a subdivision according to plat thereof as recorded in Plat Book 47, Page 102, in the Public Records of Volusia County, Florida."

WITNESSETH, that the Grantor, for and in consideration of the sum of \$10.00, in hand paid by the Grantee, the receipt whereof is hereby acknowledged, does hereby remise, release and quitclaim unto the Grantees forever, all of the right, title, interest, claim and demand which the Grantor has in and to the five-foot (5.0') portion of the drainage and utility easement along the rear yard on a portion of that real property described and depicted on Exhibit "A" attached hereto and incorporated herein by reference (34 Greenvale Drive, Ormond Beach, Volusia County, Florida [Parcel ID # 4124-08-00-0770]).

THE PURPOSE OF THIS QUITCLAIM DEED IS TO RELEASE ANY INTEREST WHICH THE CITY OF ORMOND BEACH MAY HAVE IN AND TO THE USE OF THE AFOREDESCRIBED REAL PROPERTY FOR A PORTION OF THE FIVE (5') FOOT DRAINAGE AND UTILITY EASEMENT ALONG THE REAR YARD.

TO HAVE AND TO HOLD the same together with all and singular the appurtenances thereunto belonging or in any wise appertaining, and all the estate, right, title, interest, lien, equity and claim whatsoever of the Grantor, either in law or equity, to the only proper use, benefit and behoof of the Grantee forever.

Re: Letter of No Objection to Proposed Release of 5' Utility Easement at 34
Greenvale Dr., Ormond Beach, FL 32174 (Parcel ID: 412408000770)

Dear Mr. Davis:

On behalf of AT&T Enterprises, LLC, successor to AT&T Corp., dba AT&T Enterprises Florida, LLC, this letter shall serve as notice of "no objection" to the following:

1. No objection for the proposed release of a 5-foot portion of an existing 10-foot utility easement located along the rear property line at 34 Greenvale Dr., Ormond Beach, FL 32174.

AT&T Enterprises Florida, LLC, does not have any AT&T Long Haul facilities within the 10-foot utility easement and has no current or future interest in said utility easement.

If you have any questions, feel free to send me an email at lo5651@att.com or call me at (404) 853-0924.

Sincerely,

Luis J. Ortega

Subject	Corporate Name Change - Engineering Consultant		
Recommended Action	Staff recommends approval of the contract amendment to reflect the Consultant's new corporate name.		
Strategic Goal	Governance - Other		
Department Staff Contact	Public Works - Engineering Alex Schumann, City Engineer		

Summary

On May 21, 2024, the City entered into a continuing contractual agreement with Universal Engineering Sciences, LLC to provide environmental and geotechnical services.

The Consultant recently notified the City they changed their corporate name to UES Professional Solutions, LLC. There has been no change in the firm's personnel or operations as a result of this name change.

The City Attorney's office has prepared an Amendment to Continuing Contract for Environmental and Geotechnical Services for the limited purpose of acknowledging the new corporate name of the consultant.

AND GEOTECHNICAL SERVICES**

THIS AMENDMENT TO CONTINUING CONTRACT FOR ENVIRONMENTAL AND GEOTECHNICAL SERVICES is entered by and between the **City of Ormond Beach, Florida** (hereinafter referred to as “City”), and **UES Professional Solutions, LLC**, (hereinafter referred to as “Consultant”) for the purposes stated herein, as follows:

WHEREAS, the City of Ormond Beach and Universal Engineering Sciences, LLC are parties to a Continuing Contract for Environmental and Geotechnical Services dated May 21, 2024 (a copy of said contract is attached hereto and incorporated herein by reference), and

WHEREAS, Consultant recently notified the City that it had filed Articles of Amendment with the Secretary of State for the State of Florida changing its corporate name to UES Professional Solutions, LLC, and

WHEREAS, the City Commission of the City of Ormond Beach and UES Professional Solutions, LLC desire to amend the subject Continuing Contract for Environmental and Geotechnical Services for the limited purpose of acknowledging the new corporate name under which the Consultant will provide environmental and geotechnical services for the City of Ormond Beach; now therefore,

1. The introductory paragraph of that certain Continuing Contract for Environmental and Geotechnical Services between the City and Universal Engineering Sciences, LLC is hereby amended to read as follows:

THIS AGREEMENT is made and entered into by and between UES PROFESSIONAL SOLUTIONS, LLC duly authorized to conduct business in the State of Florida, whose address is 4205 Vineland Road, Suite L1, Orlando, Florida 32811, hereinafter called “CONSULTANT”, and CITY OF ORMOND BEACH, a Florida municipal corporation, whose address is 22 South Beach Street, Ormond Beach, Volusia County, Florida, 32174, hereinafter called “CITY”.

2. Paragraph 34 of said Agreement is hereby amended to read as follows:

SECTION 34. NOTICES. Whenever either party desires to give notice unto the other, it must be given by written notice, sent by registered or certified United States mail, return receipt requested, addressed to the party for whom it is intended at the place last specified. The place for giving of notice shall remain such until it shall have been changed by written notice in compliance with the provisions of this Section. For the present, the parties designate the following as the respective places for giving of notice, to-wit:

For CITY:
City of Ormond Beach
City Engineer
Engineering Division
22 South Beach Street, Suite 104
Ormond Beach, FL 32174

For CONSULTANT:
UES Professional Solutions, LLC
4205 Vineland Road
Suite L1
Orlando, FL 32811

3. All other terms and conditions of the subject Continuing Contract for Environmental and Geotechnical Services shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have caused this amendment to be executed by the undersigned officials as of the date listed below.

CITY OF ORMOND BEACH
CONTINUING CONTRACT FOR ENVIRONMENTAL AND
GEOTECHNICAL SERVICES
RFQ 2023-16

THIS AGREEMENT is made and entered into this 21 day of May 2024, by and between UNIVERSAL ENGINEERING SCIENCES, LLC duly authorized to conduct business in the State of Florida, whose address is 4205 Vineland Road, Suite L1, Orlando, Florida, 32811, hereinafter called "CONSULTANT", and CITY OF ORMOND BEACH, a Florida municipal corporation, whose address is 22 South Beach Street, Ormond Beach, Volusia County, Florida 32174, hereinafter called "CITY".

WITNESSETH:

WHEREAS, CITY desires to retain the services of a competent and qualified CONSULTANT to provide professional services which shall include, but not be limited to Environmental: Phase I & II site assessments, site remediation, wetland and threatened and endangered species studies, and groundwater remediation, and Geotechnical: subsurface investigation, drilling, and analysis, soil property testing, construction and materials testing, foundation design analysis, pavement evaluation, permeability evaluations, threshold inspections, site feasibility studies, and values engineering analysis; and

WHEREAS, CITY requested pursuant to RFQ No. 2023-16, qualifications from consultants interested in providing professional services to the City and in accordance with, and subject to the limitations of the Consultants Competitive Negotiation Act, Section 287.055 and Section 287.057, Procurement of Contractual Services, Florida Statutes, or as amended, for projects in which the estimated construction cost of each individual project under the contract

does not exceed 4 million, or for study activity if the fee for professional services for each individual study under the contract does not exceed \$500,000.00 (or as amended by law) and

WHEREAS, CITY received a letter of interest and qualifications from CONSULTANT; and

WHEREAS, CONSULTANT is competent and qualified to furnish services to CITY and desires to provide professional services according to the terms and conditions stated herein, and

NOW, THEREFORE, in consideration of the mutual understandings and covenants set forth herein, CITY and CONSULTANT agree as follows:

SECTION 1. SERVICES. CITY does hereby retain CONSULTANT to furnish professional Environmental and Geotechnical services. Required services shall be specifically enumerated, described, and depicted in the Work Authorizations authorizing performance of the specific project, task, or study. CONSULTANT shall also be bound by all requirements as contained in the RFQ package and all addenda thereto. This Agreement standing alone does not authorize the performance of any work or require CITY to place any orders for work.

SECTION 1a. MISCELLANEOUS SERVICES. From time to time the CITY may require assistance from the CONSULTANT for miscellaneous small projects unrelated to an on-going project for which a Work Authorization has been approved. The small projects may include inspections, attendance at meetings, review of developer's plans, review of the CITY's facilities or other small matters as requested by the CITY. The CONSULTANT shall provide these services only when authorized by the City Manager, or her designee. The CONSULTANT shall invoice the CITY on a monthly basis for such miscellaneous services. There is hereby granted a general authorization for up to \$7,500.00 for such services in each fiscal year. In the event there is a need to increase the general authorization amount in any fiscal year, the City Manager shall obtain approval from the City Commission prior to paying in excess of \$7,500.00 for such services in any

fiscal year. Each invoice submitted for miscellaneous services shall detail what services were performed and by whom.

SECTION 2. TERM. This Agreement shall take effect on the date of its execution by the CITY and shall remain in effect until terminated by either party with thirty (30) days written notice. Except as provided by Section 12 of this Agreement, termination of this Agreement shall have no effect upon Work Authorizations issued prior to termination or obligations there under.

SECTION 3. AUTHORIZATION FOR SERVICES.

1. Prior to authorization for professional services by the CONSULTANT:
 - (a) The CITY and CONSULTANT shall develop a well defined project description and complete understanding of the scope of services to be provided; and
 - (b) The CONSULTANT shall provide the CITY with a detailed fee proposal that provides the total estimated work hours for each phase of services, the cost per hour charged for each professional or technician, and an itemized description of reimbursable expenses, if any. If the fee proposal is accepted by the CITY, the CITY shall issue and execute a written Work Authorization to be signed by CONSULTANT.
 - (c) Based on the nature and cost of the services, the CITY may obtain an independent fee estimate to evaluate the reasonableness of the CONSULTANT's estimate.
2. Each Work Authorization shall contain:
 - (a) The project description.
 - (b) The scope of work. The scope of work shall be attached and incorporated into the Work Authorization. It shall describe the services to be performed for each phase of work, and state the percentage of the total scope assigned to each phase.
 - (c) The dates for commencement and completion of work.

- (d) The amount and method of compensation (Fixed Fee or Time Basis Method with a Not-to-Exceed amount).
- (e) A fee schedule which shall be attached and incorporated into the Work Authorization that provides the total estimated work hours for each phase of services, the cost per hour charged for each professional or technician, and an itemized description of reimbursable expenses, if any. Even if the manner of compensation is fixed fee, a fee schedule is required as justification for the fixed fee charged.

The Work Authorizations will be issued under and shall incorporate the terms of this Agreement. CITY makes no covenant or promise as to the number of available projects or that CONSULTANT will perform any project for CITY during the life of this Agreement. CITY reserves the right to contract with other parties for the services contemplated by this Agreement when it is determined by CITY to be in the best interest of CITY to do so.

SECTION 4. TIME FOR COMPLETION. The services to be rendered by CONSULTANT shall be commenced as specified in such Work Authorizations as may be issued hereunder and shall be completed within the time specified therein.

SECTION 5. COMPENSATION. CITY agrees to compensate CONSULTANT for the professional services called for under this Agreement on either a "Fixed Fee Basis" or on a "Time Basis Method".

(a) If the Scope of Services required to be performed by a Work Authorization is clearly defined, the Work Authorization shall be issued on a Fixed Fee Basis. CONSULTANT shall perform all work required by the Work Authorization, but in no event shall CONSULTANT be paid more than the Fixed Fee amount stated therein.

(b) If the Scope of Services is not clearly defined, the Work Authorization may be issued on a Time Basis Method and contain a Not-to-Exceed amount. The CONSULTANT shall be compensated for actual hours incurred in accordance with the fee schedule attached and incorporated into the Work Authorization. CONSULTANT shall perform all work required by the Work Authorization and compensated for actual hours incurred, but in no event shall CONSULTANT be paid more than the Not-to-Exceed amount specified in the applicable Work Authorization.

The CITY shall not compensate CONSULTANT for any changes in scope, time, or price that have not been preapproved in writing by the CITY.

SECTION 6. REIMBURSABLE EXPENSE.

Costs to the CONSULTANT for the performance under the Work Authorization are reimbursable if they have been included in the Work Authorization as a reimbursable expense and subject to the limits as follows:

(1) Travel expenses in connection with the Project consistent with Sections 112.061, Florida Statutes, or its successor. Reimbursement for meals, travel, vehicle mileage, tolls, and parking shall not apply to local employees of CONSULTANT.

(2) Reimbursement for mileage shall be at the rate allowable by the Federal Internal Revenue Services. Reimbursement for local mileage, defined as within a fifty (50) mile radius of the job site, is not allowed.

(3) In-house copying charges, computer fees, photocopies less than 11" x 17", telephone services, and other similar items shall be considered a portion of the CONSULTANT's overhead costs and shall not be billed separately to the CITY. Any other reimbursable costs not specifically identified within this Section are authorized at actual cost only. The CITY shall not be

billed and will not pay any "up charges" or any cost over and above the CONSULTANT's actual cost.

(4) If authorized in writing in advance by CITY, the cost of other expenditures made by CONSULTANT in the interest of the Project.

(5) Any reimbursable expenses under this Agreement shall be supported by a source document, such as a receipt or invoice, with the employee's name, project name, and brief explanation of the expense. All reimbursable expenses shall be itemized on the invoices.

(6) All reimbursable expenses must be allowable, specific to the Agreement, and reasonable, as solely determined by CITY.

SECTION 7. PAYMENT AND BILLING.

(a) For Work Authorizations issued on a Fixed Fee Basis, CONSULTANT may invoice the amount due based on the percentage of total services actually performed and completed, but in no event shall the invoice amount exceed a percentage of the Fixed Fee amount equal to a percentage of the total services actually completed.

(b) For Work Authorizations issued on a Time Basis Method with a Not-to- Exceed amount, CONSULTANT may invoice the amount due for actual work hours performed, but in no event shall the invoice amount exceed a percentage of the Not-to-Exceed amount equal to a percentage of the total services actually completed.

(c) Payments shall be made by CITY to CONSULTANT when requested as work progresses for services furnished, but not more than once monthly. Each Work Authorization shall be invoiced separately. At the close of each calendar month, CONSULTANT shall render to CITY a properly dated itemized invoice describing any services rendered, the cost of the

services, the name and address of CONSULTANT, and all other information required by this Agreement.

The invoice shall be sent to:

City of Ormond Beach
Engineering Division
22 South Beach Street, Suite 104
Ormond Beach, Florida 32174

(d) Payments shall be made by the CITY to the CONSULTANT within thirty (30) days after receipt of a properly documented, supported and approved invoice.

(e) CONSULTANT's acceptance of final payment shall constitute a full waiver of any and all claims by CONSULTANT against CITY arising out of this Agreement pursuant to the Work Authorization or otherwise relating to the work for which final payment is made, except those identified in writing by CONSULTANT as unsettled in the final Application for Payment. Neither the acceptance of the Work nor payment by CITY shall be deemed to be a waiver of CITY'S right to enforce any obligations of CONSULTANT hereunder or to the recovery of damages for defective Work not discovered by CITY at the time of final inspection, and/or payment.

SECTION 8. PAYMENT AND BILLING DISPUTES/AUDIT.

(a) If CONSULTANT disputes any determination by the CITY project manager that some or all of an invoice shall not be paid, the determination shall be appealed by the CONSULTANT to the City Manager within fifteen (15) days of notification to the CONSULTANT that some or all of the disputed invoice will not be paid. The City Manager, or her designee, shall schedule and conduct a hearing within ten (10) days of the receipt of the notice of appeal. The City Manager, or her designee, will render a decision on the appeal within five (5) business days from the date of the hearing. The decision of the City Manager is final administrative action. The

parties agree that any appeal of the decision of the City Manager shall be by petition for writ of certiorari to the Circuit Court in and for Volusia County. Such an appeal shall not be a hearing de novo but shall be limited to appellate review of the record created before the City Manager. An appeal shall be filed within thirty (30) days of the execution of the order to be appealed.

(b) CITY may perform or have performed an audit of the records of CONSULTANT before or after final payment to support final payment hereunder. Total compensation to CONSULTANT may be determined subsequent to an audit and shall be used to calculate final payment to CONSULTANT.

(c) In addition to the above, if federal or state funds are used for any work under the Agreement, their duly authorized representatives shall have access to any books, documents, papers, and records of CONSULTANT which are directly pertinent to work performed under this Agreement for purposes of making audit, examination, excerpts, and transcriptions.

(d) CONSULTANT agrees to maintain all books, documents, papers, accounting records, and other evidence pertaining to work performed under this Agreement in such a manner as will readily conform to the terms of this Agreement and to make such materials available at CONSULTANT's office at all reasonable times during the Agreement period and for five (5) years from the date of final payment under the Agreement for audit or inspection as provided for in subsections (b) and (c) of this Section.

(e) In the event any audit or inspection conducted after final payment, but within the period provided in paragraph (d) of this Section, reveals any overpayment by CITY under the terms of the Agreement, CONSULTANT shall refund such overpayment to CITY within thirty (30) days of notice by CITY.

SECTION 9. RESPONSIBILITIES OF CONSULTANT.

(a) CONSULTANT shall be responsible for the professional quality, technical accuracy, competence, methodology, and the coordination of all of the following which are listed for illustration purposes and not as a limitation: documents, analysis, reports, data, plans, plats, maps, surveys, specifications, and any and all other services of whatever type or nature furnished by CONSULTANT under this Agreement. CONSULTANT shall, without additional compensation, correct or revise any errors or deficiencies in his plans, analysis, data, reports, designs, drawings, specifications, and any and all other services of whatever type or nature.

(b) Neither CITY's review, approval, or acceptance of, nor payment for, any of the services required shall be construed to operate as a waiver of any rights under this Agreement nor of any cause of action arising out of the performance of this Agreement; and CONSULTANT shall be and always remain liable to CITY in accordance with applicable law for any and all damages to CITY caused by CONSULTANT'S negligent or wrongful performance of any of the services furnished under this Agreement.

(c) CONSULTANT hereby represents and warrants that it has and will continue to maintain all licenses and approvals required to conduct its business and that it will at all times conduct its business activities in a reputable manner.

SECTION 10. OWNERSHIP OF DOCUMENTS. All deliverable analysis, reference data, survey data, plans, and reports or any other form of written instrument or document that may result from CONSULTANT'S services or have been created during the course of CONSULTANT's performance under this Agreement shall become the property of CITY after final payment is made to CONSULTANT.

SECTION 11. EXPERT WITNESS. CONSULTANT shall serve as an expert witness for the CITY in any legal proceeding regarding projects undertaken pursuant to this Agreement. The

expert witness fee for CONSULTANT shall be at the same hourly rate as provided in the fee schedule attached and incorporated into the Work Authorization, up to a maximum of One Thousand Dollars (\$1,000.00) for any one day. This clause survives termination of the Agreement.

SECTION 12. TERMINATION.

(a) Either party to this Agreement may terminate this Agreement with thirty (30) days written notice to the other. In addition, the CITY may, by written notice to CONSULTANT, terminate any Work Authorization issued hereunder, in whole or in part, at any time, either for CITY's convenience or because of the failure of CONSULTANT to fulfill its obligations. Upon receipt of notice from the CITY to terminate the Agreement or any Work Authorization, CONSULTANT shall:

(1) Immediately discontinue all services affected unless the notice directs otherwise; and

(2) Deliver to CITY all data, drawings, specifications, reports, estimates, summaries, and any and all such other information and materials of whatever type or nature as may have been accumulated by CONSULTANT in performing this Agreement, whether completed or in process.

(b) If the termination is for the convenience of CITY, CONSULTANT shall be paid compensation for services performed to the date of termination. If this Agreement calls for the payment based on a Fixed Fee amount, CONSULTANT shall be paid no more than a percentage of the Fixed Fee amount equivalent to the percentage of the completion of work, as determined solely and conclusively by CITY, contemplated by this Agreement.

(c) If the termination is due to the failure of CONSULTANT to fulfill its Agreement obligations, CITY may take over the work and prosecute the same to completion by other Agreements or otherwise. In such case, CONSULTANT shall be liable to CITY for all reasonable additional costs occasioned to CITY thereby. CONSULTANT shall not be liable for such additional costs if the failure to perform the Agreement arises without any fault or negligence of CONSULTANT; provided, however, that CONSULTANT shall be responsible and liable for the actions of its subconsultants, agents, employees, and persons and entities of a similar type or nature. Such causes may include acts of God or of the public enemy, acts of CITY in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but, in every case, the failure to perform must be beyond the control and without any fault or negligence of CONSULTANT.

(d) If after notice of termination for failure to fulfill its Agreement obligations it is determined that CONSULTANT had not so failed, the termination shall be conclusively deemed to have been affected for the convenience of CITY. In such event, adjustment in the Agreement price shall be made as provided in subsection (b) of this Section.

(e) The rights and remedies of CITY provided for in this Section are in addition and supplemental to any and all other rights and remedies provided by law or under this Agreement.

(f) All covenants, agreements and warranties made under this Agreement (including but not limited to representation relating to disclosure or ownership of documents) survive the termination of this Agreement.

SECTION 13. AGREEMENT AND WORK AUTHORIZATION IN CONFLICT.

Whenever the terms of this Agreement conflict with any Work Authorization issued pursuant to it, the Agreement shall prevail.

SECTION 14. ASSIGNMENT. This Agreement, or any interest herein, shall not be assigned, transferred, or otherwise encumbered, under any circumstances, by the parties hereto without prior written consent of the other party and in such cases only by a document of equal dignity herewith.

SECTION 15. SUBCONSULTANTS. In the event that CONSULTANT, during the course of the work under this Agreement, requires the services of any subconsultants or other professional associates in connection with services covered by this Agreement, CONSULTANT must first secure the prior express written approval of CITY. If subconsultants or other professional associates are required in connection with the services covered by this Agreement, CONSULTANT shall remain fully responsible for the services of subconsultants or other professional associates.

SECTION 16. INDEMNIFICATION OF CITY/ LOSS CONTROL SAFETY.

Pursuant to §725.08, Florida Statutes, Consultant shall indemnify and hold harmless the City and its officers and employees from liabilities, damages, losses, and costs, including but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Consultant and other persons employed or utilized by the Consultant, in the performance of the Agreement. The obligations contained in this provision shall survive termination of this Agreement and shall not be limited by the amount of any insurance required to be obtained or maintained under this Agreement.

SECTION 17. INSURANCE.

1. General. CONSULTANT shall maintain the minimum insurance requirements established by City Resolution, and any amendments to thereto. The CONSULTANT, including service-related CONSULTANTS, shall purchase and maintain for the entire life of the Project,

including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the CONSULTANT from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of CONSULTANT'S employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the CONSULTANT'S operations under the Contract Documents, whether such operations be by the CONSULTANT, by any Subconsultant, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The CONSULTANT'S deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City. The CONSULTANT is responsible for the amount of any deductible or self-insured retention.

2. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include and not limited to the following:

- (a) Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

\$100,000 Each Accident Bodily Injury by Accident
\$100,000 Each Employee Bodily Injury by Disease
\$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

(b) Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

- a. Premises, Operations, Products and Completed Operations
- b. Owners' & Contractors' Protective
- c. Products & Completed Operation
- d. Explosion, Collapse & Underground Conditions
- e. Blanket Contractual Liability
- f. Personal Injury Liability
- g. Broad Form Property Damage Endorsement, including Completed Operations
- h. Independent Contractors
- i. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
- j. Pollution Liability (if applicable)
- k. Asbestos Abatement (if applicable)
- l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less and not limited to the following amounts:

Limits (not less than)

\$1 Million Each Occurrence
\$2 Million General Aggregate
\$1 Million Aggregate Products & Completed Operations

NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

- (c) Automobile Liability Insurance is required if an Automobile(s) is used in the performance of the contract.

ISO Symbol 1 (Any Auto), or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos), and limits shall be no less than:

\$1 Million

Combined Single Limit for Bodily Injury
and Property Damage

- (d) Excess Liability

For contracts \$250,000 or greater an Excess Liability Policy of at least but not limited to \$1,000,000 in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention not to exceed \$25,0000 per occurrence.

- (e) Builder's Risk

Contractor shall purchase Builder's Risk Insurance for any contracts that are deemed to be vertical construction on an All-Risk policy, and shall also include coverage for wind, hail, and named storm. Limits of coverage shall be at least and not limited to the value of the project.

- (f) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of \$1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

3. Requirements for Certificates of Insurance

- (a) With the execution of the Contract Documents, the Contractor, including service-related contractors, shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain an endorsement that the coverage under the policies will not be canceled, non-renewed or materially changed until at least thirty (30) days' prior written notice of such cancellation, non-renewal or change (except for nonpayment of premium, which shall be ten (10) days) and a copy of the cancellation endorsement signed by an authorized representative of the insurer, be given to the City. The contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of the Contract Documents.
- (b) New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.
- (c) If requested by the City, the contractor shall immediately furnish complete copies of the Contractor's insurance policies, forms and endorsements.
- (d) For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
- (e) If the Contractor fails to obtain and maintain for the life of the Project the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Contract.

4. Policies of Insurance

- (a) Except as otherwise provided in this Agreement, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-) in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.

- (b) For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carriers; written confirmation is required.
- (c) All policies of insurance or certificates thereof referred to in this Agreement shall be deposited with the City Clerk.
- (d) The City shall be named an Additional Insured on General Liability and Automobile Liability policies of insurance and certificates thereof.

SECTION 18. AVAILABILITY OF FUNDS. The obligations of the CITY under this Contract are subject to the availability and appropriation of funds by and in the sole discretion of the City Commission of Ormond Beach.

SECTION 19. REPRESENTATIVES OF CITY AND CONSULTANT.

(a) It is recognized that questions in the day-to-day conduct of performance pursuant to this Agreement will arise. CITY, upon request by CONSULTANT, shall designate in writing and shall advise CONSULTANT in writing of one (1) or more of its employees to whom all communications pertaining to the day-to-day conduct of this Agreement shall be addressed. The designated representative shall have the authority to transmit instructions, receive information, and interpret and define CITY's policy and decisions pertinent to the work covered by this Agreement.

(b) CONSULTANT shall at all times during the normal work week designate or appoint one or more representatives of CONSULTANT who are authorized to act on behalf of and bind CONSULTANT regarding all matters involving the conduct of the performance pursuant to this Agreement and shall keep CITY continually and effectively advised of such designation.

SECTION 20. LIAISON. During the course of providing any services under this Agreement, the CONSULTANT shall maintain liaison with the CITY and the City Commission,

and to meet with them for consultation or conferences, including but not limited to public hearing/presentations before the City Commission or any City advisory board, when requested by the CITY. Any compensation for such liaison shall be included in the fee negotiated in advance of the time of providing service.

SECTION 21. ALL PRIOR AGREEMENTS SUPERSEDED. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained or referred to in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

SECTION 22. MODIFICATIONS, AMENDMENTS OR ALTERATIONS.

(a) No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed between the parties. NO OFFICER, EMPLOYEE OR AGENT OF CITY IS AUTHORIZED TO DIRECT ANY EXTRA OR CHANGED WORK ORALLY.

(b) The CITY reserves the right to make changes in any Scope of Work, including alterations, reductions therein or additions thereto. Upon receipt by the CONSULTANT of the CITY's notification of a contemplated change, the CONSULTANT shall if requested by the CITY:

- (1) provide a written estimate for the increase or decrease in cost due to the contemplated change,
- (2) notify the CITY in writing of any estimated change in the completion date, and (3) advise the CITY in writing if the contemplated change shall effect the CONSULTANT's ability to meet the completion dates or schedules as set for the in the Scope of Services and Work Authorization.

(c) If the CITY elects to make the change, the CITY shall issue a Work Authorization for the additional work and the CONSULTANT shall not commence work on any such change until such Work Authorization has been issued and signed by each of the parties.

SECTION 23. INDEPENDENT CONSULTANT. It is agreed that nothing herein contained is intended or should be construed as in any manner creating or establishing a relationship of co-partners between the parties or as constituting CONSULTANT (including its officers, employees, and agents) an agent, representative, or employee of CITY for any purpose, or in any manner, whatsoever. CONSULTANT is to be and shall remain forever an independent CONSULTANT with respect to all services performed under this Agreement.

SECTION 24. EMPLOYEE STATUS. Persons employed by CONSULTANT in the performance of services and functions pursuant to this Agreement shall have no claim to pension, workers compensation, unemployment compensation, civil service, or other employee rights or privileges granted to CITY's officers and employees either by operation of law or by CITY.

SECTION 25. EQUAL OPPORTUNITY EMPLOYMENT. CONSULTANT agrees that it will not discriminate against any employee or applicant for employment for work under this Agreement because of race, color, religion, sex, age, disability, or national origin and will take steps to ensure that applicants are employed, and employees are treated during employment, without regard to race, color, religion, sex, age, disability, or national origin. This provision shall include, but not be limited to, the following: employment; upgrading, demotion or transfer; recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

SECTION 26. SERVICES NOT PROVIDED FOR. CONSULTANT shall have no claim for services furnished by CONSULTANT not specifically provided for herein or by fully executed Work Authorization.

SECTION 27. COMPLIANCE WITH FLORIDA PUBLIC RECORDS LAW.
CONSULTANT expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

(a) Keep and maintain public records required by the CITY to perform the contracted service.

(b) Upon request from the City Clerk, provide the CITY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the CONSULTANT does not transfer the records to the CITY.

(d) Upon completion of the contract, transfer at no cost, to the CITY all public records in possession of the CONSULTANT or keep and maintain public records required by the CITY to perform the service. If the CONSULTANT transfers all public records to the CITY upon completion of the contract, the CONSULTANT shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONSULTANT keeps and maintains public records upon the completion of the contract, the CONSULTANT shall meet all applicable requirements for retaining public records. All records stored electronically must be

provided to the CITY, upon request from the City Clerk, in a format that is compatible with the information technology systems of the CITY.

(e) Failure of the CONSULTANT to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the CONSULTANT to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS:

**CITY CLERK
22 SOUTH BEACH STREET
ORMOND BEACH, FLORIDA 32174 (386) 676-3331
CITYCLERK@ORMONDBEACH.ORG**

Ref: Fla. Stat. §119.0701(2022)

SECTION 28. COMPLIANCE WITH LAWS AND REGULATIONS. In providing all services pursuant to this Agreement, CONSULTANT shall abide by all statutes, ordinances, rules, and regulations pertaining to or regulating the provisions of such services, including those now in effect and hereafter adopted. Any violation of said statutes, ordinances, rules, or regulations shall constitute a material breach of this Agreement and shall entitle CITY to terminate this Agreement immediately upon delivery of written notice of termination to CONSULTANT.

SECTION 29. CONTINGENT FEES. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT to solicit or secure this Contract, and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the CONSULTANT, any fee, commission, percentage, gift, or any other consideration

contingent upon or resulting from the award or making of this Contract. In the event of a breach of this provision, the CITY shall have the right in its sole discretion to immediately terminate this Contract without liability of any kind whatsoever, and to deduct the full amount of any such fee, commission, percentage, gift, or consideration from any amount due under the Contract, or to bring any action at law or in equity as it may determine appropriate.

SECTION 30. CONFLICT OF INTEREST. The CONSULTANT represents that is presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder, as provided for in Section 112.311, Florida Statutes. The CONSULTANT further represents that no person or entity having any interest shall be employed for this purpose.

SECTION 31. FEDERAL AND STATE TAX. The CITY is exempt from State Sales Tax Payment. The CONSULTANT shall not be exempted from paying sales tax to their suppliers for materials to fulfill contractual obligations with the CITY, nor shall the CONSULTANT be authorized to use the CITY's Tax Exemption Number in securing such materials.

SECTION 32. TRUTH-IN-NEGOTIATION CERTIFICATE. The execution of this Contract by CONSULTANT shall act as the execution of a truth-in-negotiation certificate certifying that the wage rates and costs used to determine the compensation provided for in this Contract are accurate, complete and current as of the date of any specific Work Authorization. CONSULTANT's rates and costs shall be adjusted to exclude any significant sums should the CITY determine that the rates and costs were increased due to inaccurate, incomplete or noncurrent wage rates or due to inaccurate representations of fees paid to CONSULTANT. The CITY shall exercise its rights under this "Certificate" within one (1) year following final payment.

SECTION 33. ENFORCEMENT COSTS / VENUE / WAIVER OF JURY TRIAL. If any legal or other proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default, or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party or parties shall be entitled to recover, from the losing party, reasonable attorney's fees, court costs and all expenses, even if not taxable as court costs, including costs and expenses related to appeals, incurred in that action or proceeding, in addition to any other relief to which such party is entitled.

The venue for any dispute, action, or proceeding involving this Agreement, whether at law or in equity, shall be in the county or circuit courts for the Seventh Judicial Circuit, Volusia County, Florida.

THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHT WHICH ANY PARTY MAY HAVE TO TRIAL BY JURY IN RESPECT OF ANY PROCEEDING, LITIGATION OR COUNTERCLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY. IF THE SUBJECT MATTER OF ANY LAWSUIT IS ONE IN WHICH THE WAIVER OF JURY TRIAL IS PROHIBITED, NO PARTY TO THIS AGREEMENT SHALL PRESENT AS A NON-COMPULSORY COUNTERCLAIM IN ANY SUCH LAWSUIT ANY CLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT. FURTHERMORE, NO PARTY TO THIS AGREEMENT SHALL SEEK TO CONSOLIDATE ANY SUCH ACTION.

SECTION 34. NOTICES. Whenever either party desires to give notice unto the other, it must be given by written notice, sent by registered or certified United States mail, return receipt requested, addressed to the party for whom it is intended at the place last specified. The place for giving of notice shall remain such until it shall have been changed by written notice in compliance with the provisions of this Section. For the present, the parties designate the following as the respective places for giving of notice, to-wit:

For CITY:

City of Ormond Beach
City Engineer
Engineering Division
22 South Beach Street, Suite 104
Ormond Beach, Florida 32174

For CONSULTANT:

Universal Engineering Sciences, LLC
4205 Vineland Road
Suite L1
Orlando, Florida, 32811

SECTION 35. SURVIVAL OF TERMS / SEVERABILITY. The terms of this Agreement shall survive the expiration or termination of this Agreement to the full extent necessary for their enforcement and for the protection of the party in whose favor they operate. Should any provision of this Agreement be determined by a court to be unenforceable, such a determination shall not affect the validity or enforceability of any other section or part thereof.

SECTION 36. RIGHTS AT LAW RETAINED. The rights and remedies of CITY, provided for under this Agreement, are in addition and supplemental to any other rights and remedies provided by law.

SECTION 37. STATE OR FEDERAL FUNDING. If federal or state funds/grants are wholly or partially funding the consideration of this Agreement, the parties mutually agree and cooperate fully to amend this Agreement to add any state or federally mandated clauses, or otherwise amend where necessary, as required by the state or federal conditions for funding.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement
on the date below.

City of Ormond Beach
City Commission Agenda
Staff Report

Agenda Date	December 2, 2025	Item No	7.I.
Section	CONSENT AGENDA	Category	Consent - Disposition Item
Subject	Intent to Bid - Annual Fourth of July Aerial Fireworks Display		
Recommended Action	It is staff's intent to proceed with the advertisement of RFP No. 2026-07 for the City's annual aerial fireworks display, unless otherwise directed.		
Strategic Goal	Quality of Life - Other		
Department Staff Contact	Parks and Recreation Robert Carolin, Parks and Recreation Director		

Summary

The purpose of this item is to provide notice of the City's intent to bid the Annual Fourth of July Aerial Firework Display services. RFP 2026-07 will be advertised on December 7, 2025, with an RFP opening on January 7, 2026.

July 4th fireworks hold special significance for a city because they celebrate our nation's independence, bring the community together, and promote civic pride. The City's annual celebration strengthens community bonds by giving families and neighbors a place to gather, celebrate, and recognize the history and values that unite us. Additionally, the event boosts the local economy by attracting visitors and increasing business for local restaurants, shops, and vendors. And, providing a professional, city-run show helps protect public safety by reducing the use of illegal or unsafe fireworks in neighborhoods. For the upcoming year, staff will also be working with the selected vendor to enhance the event in celebration of our nation's 250th anniversary.

Financial Impact

The budget impact will be determined by the bidders' proposals.

Citizen Impact

The City's annual July 4th fireworks display enhances the city's quality of life, reinforces local traditions, and creates memorable experiences that residents look forward to each year.

GENERAL CONDITIONS

PUBLIC ENTITY CRIMES: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit Proposals on leases or real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

DISCRIMINATION: Pursuant to Section 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid or proposal on a contract to provide any goods or services to a public entity, may not submit a bid or proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit bid or proposal on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity.

PUBLIC RECORDS/NON-CONFIDENTIALITY OF BIDS AND/OR PROPOSALS. The City of Ormond Beach cannot and does not warrant the confidentiality of any information submitted in response to this solicitation. Florida law provides that municipal records shall at all times be open for personal inspection by any person, Section 119.01, F.S., The Public Records Law. Information and materials received by the City of Ormond Beach in connection with all Proposers' response shall be deemed to be public records subject to public inspection upon award, recommendation for award, or 30 days after bid opening, whichever occurs first. Section 119.071, F.S.

DISTRIBUTION OF BIDS AND RFP'S: The City uses the services of DemandStar (www.demandstar.com) to distribute its bids and RFP's on-line on the Internet. If you have received a copy of this RFP from any source other than DemandStar, please be aware that you may not have received the latest version of the RFP or any related addendums.

SUBMISSION OF RESPONSES: All Submittals shall be delivered in a sealed envelope. The Request for Proposals (RFP) number, title, and opening date shall be clearly displayed on the outside of the sealed envelope (and on the outside of any express shipping package). The delivery of said submittal to the Purchasing Office on or before the specified opening date and time is solely and strictly the responsibility of the Submitter. Any submittal received by the Purchasing Office after the specified date and time will not be accepted. Submittals must be presented on forms provided by the City. No other forms will be accepted. Responses submitted by telephone, fax or email will not be considered. No Submittal may be modified after opening. No Submittal may be withdrawn after opening for a period of ninety (90) days unless otherwise specified.

EXECUTION OF SUBMITTAL: Submittals must contain a manual signature of authorized representative in the space(s) provided. Submittals must be typed or printed in ink. Use of erasable ink is not permitted. All corrections made by Submitter to any Submittal entry must be initialed. The company name and Federal Employer Identification Number (F.E.I.N.) number shall appear in the space(s) provided.

RFP OPENING: Submittals shall be opened and the name of the submitters shall be read publicly. No discussion of the Submittals will occur at this time.

SUBMITTAL TABULATION: The RFP Tabulation will be posted on Demandstar (www.demandstar.com). Any submitter wishing to receive a paper copy of the tabulation is required to enclose a stamped, self-addressed envelope with their Submittal response.

CLARIFICATION/CORRECTION OF RFP ENTRY: The City of Ormond Beach reserves the right to allow for the clarification of questionable entries and for the correction of obvious mistakes.

INTERPRETATION: Any questions concerning conditions and specifications shall be directed to the Purchasing Coordinator procurement@ormondbeach.org. Those interpretations which may affect the eventual outcome of this Submittal will be furnished in writing to all prospective Submitters. No interpretation shall be considered binding unless provided in writing by the City of Ormond Beach.

PROCUREMENT COMMUNICATION PROTOCOL: To protect the integrity of the procurement process, respondents, suppliers, contractors, sub-contractors or person acting on behalf of any of the above are prohibited from all communications regarding the solicitation with City staff, City consultants, City legal counsel, City agents, or elected officials unless such communication is specifically authorized in the City's solicitation or addenda. Violation of this provision may be grounds for rejecting a response.

MINORITY POLICIES: The City of Ormond Beach, Florida, encourages the full participation of Disadvantaged and Women Business Enterprises (D&WBE) in the provision of goods and services.

RESPONSIBILITY DETERMINATION: Pursuant to the provisions of Florida Statutes Chapter 287.05701, the City does not request or consider a vendor's social, political, or ideological interests in making a responsibility determination.

LICENSES AND PERMITS: The Vendor/Contractor is responsible for obtaining all necessary permits and licenses to comply with all Federal, State, local laws, rules and regulations required to perform work in accordance with the specifications.

ADDITIONAL TERMS AND CONDITIONS: The City of Ormond Beach reserves the right to reject Submittals containing any additional terms or conditions not specifically requested in the original conditions and specifications.

TAXES: The City of Ormond Beach is exempt from Federal Excise Taxes and all sales taxes.

SILENCE OF SPECIFICATIONS: The apparent silence of any specification and any supplemental specifications as to any details or the omission from same of any detailed description concerning any point shall be regarded as meaning that only the best commercial practices are to prevail and that only materials of first quality and correct type, size, and design are to be used. All workmanship is to be first quality. All interpretations of the specifications shall be made upon the basis of this statement.

ASSIGNMENT: Any purchase order or contract issued pursuant to a Submittal and the monies which may become due hereunder are not assignable except with the prior written approval of the City Manager or City Commissioner, whichever authorized the purchase or Agreement.

LIABILITY: The Contractor shall hold and save the City of Ormond Beach, its officers, agents, and employees harmless against claims by third parties resulting from the Contractor's or supplier's breach of contract or negligence, including all attorney's fees and costs, and shall pay any and all damages, fees, and costs assessed on behalf of the City. The City expressly reserves all rights, privileges and benefits of sovereign immunity.

PATENTS AND ROYALTIES: The Contractor, without exception, shall indemnify and save harmless the City of Ormond Beach and its employees from liability of any kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by the City of Ormond Beach. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the Submittal prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work.

NON-APPROPRIATION OF FUNDS: In the event sufficient budget funds are not available for a new fiscal period, the CITY shall notify the VENDOR/CONTRACTOR of such occurrence and the contract shall terminate on the last day of the current fiscal period, without any penalty or expense to the CITY of any kind whatsoever.

AWARDS: The CITY reserves the right, in its sole discretion, as the best interest of the CITY may require, to make award(s) by individual item, group of items, all or none, or a combination thereof; on a geographical basis and/or with one or more vendors, contractors, consultants or specialists; or to reject any and all Submittals or waive any minor irregularity or technicality in the Submittals received.

TERMINATION OF AGREEMENT:

- A. The City Manager shall have the right to terminate the Agreement for a material breach of this agreement that remains uncured for at least thirty days after prior written receipt of a notice of violation of same.
- B. The City Manager shall have the right to terminate this Agreement for the City's convenience if she determines in her sole discretion that it is in the best interests of the City. In that event,

the City shall only be obligated to Contractor to pay for any unpaid work already satisfactorily performed prior to the notice of termination.

C. This Agreement may not be terminated by the Contractor.

OTHER AGENCIES: All Bidder(s) awarded contracts from this bid or proposal may, permit any municipality or other government agency to participate in the contract under the same prices, terms, and conditions, if agreed to by both parties.

It is understood that at no time will any city, municipality, or other agency be obligated for placing an order for any other city, municipality, or agency: nor will any city, municipality, or agency be obligated for any bills incurred by any other city, municipality, or agency. Further, it is understood that each agency will issue its own purchase orders to the awarded bidder(s).

COMPLIANCE WITH FLORIDA PUBLIC RECORDS LAW:

Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

- (a) Keep and maintain public records required by the City to perform the contracted service.
- (b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.
- (d) Upon completion of the contract, transfer at no cost, to the City all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.
- (e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

**CITY CLERK
22 SOUTH BEACH STREET

Ref: Fla. Stat. §119.0701(2016)

THE CITY OF ORMOND BEACH RESERVES THE RIGHT TO REJECT ANY OR ALL PROPOSALS, AND TO WAIVE INFORMALITIES AS MAY BE DEEMED TO BE IN THE BEST INTEREST OF THE CITY.

TERMS AND CONDITIONS

- A. The City of Ormond Beach reserves the right without prejudice to reject any or all proposals, to request clarification of information submitted, and to request additional information of one or more proposers.
- B. The City reserves the right to award the contract to the next most qualified firm if the successful firm fails to execute a contract within two weeks after the award of the contract by the City Commission.
- C. In accordance with federal, State, and local regulations, the firm shall not discriminate under the contract against any person.
- D. The firm shall not assign or transfer any interest in the contract without prior approval of the City Commission.
- E. The City reserves the right to terminate the contract at any time due to the vendor's default under terms of agreement.
- F. Submission of a proposal indicates acceptance by the firm of the conditions contained in this Request for Proposals unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the City of Ormond Beach and the firm selected.
- G. Submittals should include a copy of firm's insurance certificate, Conflict, Non-Conflict of Interest Statement/Litigation Statement, Drug Free Workplace Certificate and E-Verify Statement.

INTRODUCTION

The City of Ormond Beach is soliciting proposals from qualified fireworks display operators for the annual display of aerial fireworks to be conducted on Independence Day 2026. The fireworks display is to be held each year ¼ mile south of the Granada Bridge, from no less than a 30'x110' barge located in the Halifax River beginning at sharply 9:00 p.m. and continuing for no less than twenty (20) minutes with no period of time from opening to finale where there is not a display in the air.

To be considered, the proposal must be received by the, Purchasing Coordinator, City of Ormond Beach, 22 South Beach Street, Ormond Beach, Florida, 32174, on or before January 7, 2026 at 2:00 P.M. Responses shall be submitted in sealed envelopes and clearly identified as "ORMOND BEACH AERIAL FIREWORKS DISPLAY" and reference RFP No. 2026-07 on the outside of the envelope. All proposals received after the specified time and date will not be accepted. The City shall not be responsible for late deliveries or mail delays. The City of Ormond Beach reserves the right to reject any or all proposals submitted. During the evaluation process, additional information or clarifications from proposers may be required.

The City of Ormond Beach reserves the right to retain all proposals submitted regardless of whether that proposal is selected. Submission of a proposal indicates acceptance by the firm of the conditions contained in this request for proposals, unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the City of Ormond Beach and the firm selected.

There is no expressed or implied obligation for the City of Ormond Beach to reimburse responding firms for any expenses incurred in preparing proposals in response to this request.

NATURE OF SERVICES REQUIRED

General

It is the intent of the City of Ormond Beach, Florida to award a contract to the successful bidder of this request for proposals to provide the annual aerial The Independence Day fireworks display. The awarded firm shall furnish all labor, materials, equipment and services in accordance with, but not limited to, the guidelines in the Scope of Work.

Background

The City of Ormond Beach is a Florida Municipal Corporation, which operates under a Commission-City Manager form of government. The City Commission is comprised of a mayor and four Commission members. The City Commission is governed by the City Charter and by state and local laws and regulations. The City Commission is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the Commission appointed City Manager. The City provides a comprehensive array of services including police, fire, leisure services, public works, planning and economic development. The City operates a water and sewer system, a stormwater utility, a solid waste utility and a municipal airport.

The City of Ormond Beach is located in Volusia County, along the Atlantic coast of Florida. The City has an estimated population of 43,500 living within an area of approximately 36 square miles.

The City of Ormond Beach produces a (4) hour Independence Day Celebration on July 4th annually. The celebration consists of bands, food vendors, children's activities and no less than a (20) minute aerial fireworks display showcasing the parks surrounding the Granada Bridge. An estimated 40,000 event goers take part in this annual tradition.

Scope of Work to be Performed

The City of Ormond Beach is requesting proposals for the purpose of providing a Fourth of July Aerial Fireworks Display ("Program") on July 4, 2026, July 4, 2027, July 4, 2028, July 4, 2029, and July 4, 2030. The City's needs are outlined in the following Request for Proposal ("RFP"). The selected firm will be issued an initial two (2) year contract for services with possible extensions as outlined in the agreement. This agreement is not anticipated to exceed July 4, 2030.

It is expected that the vendor(s) will satisfy the following requirements:

1. Produce a digital musical program for broadcast to synchronize for the entire display.
2. Provide, deliver and secure fireworks to the designated point of fire area.
3. Provide sufficient staff to set-up and fire display.
 - a. The pyro-technicians shall be certified and experienced in major electronically fired shows and in the handling, transporting and discharge of fireworks.
 - b. Provide a barge and tug company consisting of no less than a 30'x 110' with tug and crew for the duration of the event.
 - c. Display shall begin promptly at 9:00pm local time.
4. Provide an on-site inventory check of shells with assigned City staff at 10:00am. All fireworks packages shall be clearly labeled as to size, Type, quantity and country of origin.
5. Provide the shooter with a working cellular phone, and provide the designated City personnel with the cellular phone number.
6. Provide to the designated City staff on the day before the event, prior to inventory check, a printed, detailed, itemized, inventory shipping list of all shells shipped for the fireworks display.
7. Provide to the City, as early as possible, but no less than three (3) weeks prior to the event, a copy of all applicable permits (Fire, Coast Guard, local, state). Provide compliance with all state and local requirements.
8. Provide to the City a copy of the approved fireworks permit submitted to the Fire Prevention Department, as early as possible, but no less than three (3) weeks prior to the event.

9. Allow total access of contractor operations to the City of Ormond Beach Fire/Police and Leisure Services Departments at all times on the day of the display.
10. Provide written procedures outlining plans for delivery, set-up and discharge of fireworks display in response to variable weather.
11. Provide any and all other equipment required to provide fireworks display in accordance with RFP specifications shall be provided by the Contractor.

TERM OF AGREEMENT

The initial term of this contract shall be for a two (2) year agreement with a three (3) year renewal option. The term shall begin July 1 and conclude July 5 to permit for installation, execution and removal of the show. All terms and conditions shall remain firm for the initial two (2) year period and any optional renewal period of this contract based on contractor's acceptance, level of performance and approved funding. The City of Ormond Beach reserves the right to terminate this agreement, with or without cause, with thirty (30) days notification.

PROPOSAL REQUIREMENTS

Proposers, their agents and associates shall not contact or solicit any City of Ormond Beach employee or official regarding this RFP. Failure to comply with this provision may result in disqualification of the proposer, at the option of the City of Ormond Beach. Only that individual listed as the contact person in the specifications shall be contacted.

1. Title Page: Title page marked, "Proposal for Ormond Beach Aerial Fireworks Display," the firm's name; the name, address and telephone number of a contact person; and the date of the proposal.
2. Table of Contents: Include a clear identification of the material included in the proposal by page number.
3. Transmittal Letter: A signed letter of transmittal briefly stating the proposer's understanding of the work to be done, the commitment to perform the work within the time period, a statement why the firm believed itself to be best qualified to perform the engagement and a statement that the proposal is a firm and irrevocable offer for the engagement period. The transmittal letter shall have an original signature of an authorized official of the firm who has been designated to submit the proposal on behalf of the firm.
4. Profile of Proposer: State whether your firm is local, national or international in size. Give the location of the office from which the work is to be done. State the size of staff, number of professional staff and over-all experience of assigned staff for this project.
5. Technical Proposal: This detailed proposal should follow the order set forth in Technical Proposal section of this Request for Proposals.

PROPOSAL SUBMITTAL

Please check the contents of your RFP package carefully to ensure that you have in your possession all the necessary documents, as referenced within this RFP, including any addenda. If you are missing any items, please contact the City's Purchasing Coordinator at 386-610-0470, or by e-mail at: procurement@ormondbeach.org.

Submission of a proposal pursuant to this RFP shall constitute acknowledgement and acceptance of the terms and conditions set forth herein. Portions of this RFP and the contents of the proposal submitted by the successful proposer may become contractual obligations if an Agreement is awarded. Failure of the successful proposer to accept these obligations may result in cancellation of the award of contract.

The City reserves the right to withdraw this RFP at any time without prior notice. All proposals submitted in response to this RFP become the property of the City of Ormond Beach.

Deadline for Submission: To be considered, proposals must be received no later than January 7th, 2026 at 2:00 P.M.

Inquiries: Technical questions may arise as firms are preparing their proposals. The City will accept written inquiries regarding this RFP by December 28, 2025 at 2:00 PM. **Questions received after that time will not be responded to.** Answers to questions that warrant attention of all the potential proposers will be distributed in the form of an addendum.

Please direct written inquiries to:

Purchasing Coordinator
City of Ormond Beach
22 South Beach Street
Ormond Beach, Florida 32174
Telephone: (386) 610-0470
procurement@ormondbeach.org

Signature Requirements: Proposals must be signed by a duly authorized official(s) of the proposing firm. Consortiums, joint ventures, or teams submitting proposals, although permitted and encouraged, will not be considered responsive unless it is established that all contractual responsibility rests solely with one firm or legal entity which shall not be a subsidiary or affiliate with limited resources. Each proposal shall indicate the entity responsible for execution on behalf of the proposal team.

Proposal Delivery: Submit one (1) signed original of the complete proposal packet along with one (1) electronic fully complete copy in pdf format on either a CD or thumb drive, by the closing date and time. Both versions must be included in the sealed envelope.

Submit proposals to:

Purchasing Coordinator
City Hall Room 102
22 South Beach Street,
Ormond Beach FL 32174

The RFP title and number shall be plainly marked on the outside of the delivery envelope or package. It is solely the responsibility of the submitter to ensure that the Proposal is delivered on or before the specified date and time. **Late proposals will not be accepted.**

Addenda and Supplements to the Request for Proposals (RFP): In the event that it becomes necessary to revise any part of this RFP, or if additional information is necessary to enable the proposing firm to make an adequate interpretation of the provisions of this RFP, a supplement to the RFP will be provided to each firm that has requested a copy of this document.

Rejection Rights: The City of Ormond Beach reserves the right, at any time, to modify, waive or otherwise vary the terms and conditions of this RFP including, but not limited to, the deadlines for submission and submission requirements. The City further reserves the right to reject any or all submittals, to cancel or withdraw this RFP at any time and to negotiate with any party prior to or after submittal of proposals. Selection is also dependent upon the negotiation of a mutually acceptable contract with the successful proposers.

Cost of Proposal Preparation: No reimbursement will be made by the City of Ormond Beach for any costs incurred in the preparation of the proposal or presentation.

Proposals to be in Effect: Each proposal shall state that it is valid for a period of not less than 90 days from date of receipt.

Technical Proposal General Requirements

The purpose of the technical proposal is to demonstrate the qualifications, competence and capacity of the firms seeking to undertake the fireworks display services of the City of Ormond Beach in conformity with the requirements of this Request for Proposals. As such, the substance of proposals will carry more weight than their form or manner of presentation. The technical proposal should demonstrate the qualifications of the firm and of the particular staff to be assigned to this engagement. Although additional data may be included, the following items must be presented as they represent the criteria against which the proposal will be evaluated.

Independence

The firm should provide an affirmative statement that it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which would conflict in any manner or degree with the performance of the services hereunder. The firm should provide an affirmative statement that, in the performance of this contract, no subcontractor or person having such an interest shall be employed. Contractor should certify to the best of his knowledge, no one who has or will have any financial interest under this contract is an officer or employee of the City of Ormond Beach, Florida. It is

expressly agreed by the firm that in the performance of the services required under this contract, the firm, and any of its subcontractors or employees, shall at all times be considered independent contractors and not agents of the City of Ormond Beach, Florida.

Conflict of Interest

The firm shall list, and describe any relationships – professional, financial or otherwise – that the firm, any of its principals or employees, or any affiliate or subcontractor, may have with the City of Ormond Beach, its elected or appointed officials, its employees or agents or any of its agencies or component units for the past five (5) years, together with a statement explaining why such relationships do not constitute a conflict of interest relative to performing the services sought in this RFP. Failure to disclose any such contractual or personal relationships will be cause for disqualification of the proposal.

Additionally, the firm shall give the City written notice of any other relationships – professional, financial or otherwise – that the firm, any of its principals or employees, or any affiliate or subcontractor, enters into with the City, its elected or appointed officials, its employees or agents or any of its agencies or component units during the period of the agreement.

QUALIFICATIONS

In order to be considered responsive, Proposers shall, at a minimum, demonstrate compliance with the following Pre-Qualification Criteria in their proposal. All requested documentation and/or information shall be provided in the Proposal to confirm that the Proposer has satisfied the Prequalification Criteria in order to be properly evaluated as listed herein. Proposers failing to meet these requirements shall be deemed non-responsive. The Proposer shall, at the time of Proposal submittal, time of award, and throughout the duration of the Contract, continue to meet the following Pre-qualification Criteria requirements as stated in the Solicitation Documents. This section will be scored on the following criteria:

1. Each proposal should include an Executive Summary of not more than two (2) pages that highlight each of the key areas of the proposal and that summarizes the Proposer's case as to why such Proposer should be selected as the City's Aerial Fireworks Display provider.
2. List those persons who will have the lead in administering the contract, proposed on site technicians, and those who will assist the pyro-technicians during the set-up and show. List name, title or position, and specific duties.
3. Background of your firm including number of years in business, number of personnel, and other pertinent information.
4. Resumes of the primary principals of your company.

5. Performance of other fireworks displays shows, including safety records. Also supply details and outcome of any lawsuits your company has been involved in within the past five years relating to personal injury as a result of a fireworks display.
6. Prior failure (if any) to perform awarded contract.
7. Within the past five years, if your company has been cited by any local, state or federal agencies for violations involving safety procedures, please describe the details and outcome, including the agencies name and contact number.
8. References – a minimum of five (5) current (within the last three years) trade/business references including complete and current addresses, contact person(s), telephone and fax numbers, and length of contract.

Proposed Aerial Display

Proposer shall provide details of their proposed July 4th aerial fireworks display. The Proposer shall provide what each section of the program will consist of – the number of shells, size, and length of time. Each shell shall be described, including name, height of firing, color(s), size, sound effect, etc. The show must include opening, main body, and grand finale sequences. It is essential that the following information be included in the submitted proposal:

1. Opening, Main Body, Grand Finale (\$52,000 maximum)
 - Provide for each sequence of the display
 - General description
 - Description of shells proposed
 - Size and number of shells
 - Total number of shells
 - Time duration
 - Barge Rental
2. Total Display Recap
 - Total number of shells by each size
 - Total duration of display.
 - Total cost of display (not to exceed \$52,000)
 - Describe any proposed expanded display in details to include any additional shells and/or changes to shells for basic display.
 - Cost relative renting and operating the barge.
 - Describe details of any changes to time duration for each sequence of the display and total time duration. Please note; a significant display must be in the air from start to finish.

Information and Descriptive Literature

Proposer must submit for evaluation cuts, sketches, videotape, descriptive literature/brochures and technical specifications covering the products offered. Reference literature submitted with a previous proposal or on file with the City will not satisfy this provision.

Action Plan

A detailed, concise action plan for delivery, inventory, communication with staff, set-up, display, clean-up of area and disposal of defective, damaged or unsafe shells. Include safety procedures.

Display Price Adjustments

Proposer shall outline in his/her proposal what cost adjustments would be made to the contracted price of the fireworks display if the City were to encounter various difficulties with contract performance such as, but not limited to:

- Shells, which are not used because of damage, defective firing or other causes.
- Start of show significantly delayed by Contractor (10 minutes or more) or a time break in the show (dead air time).

Please be specific as to how adjustment(s) would be computed. If desired, Proposer may provide examples of adjustments. NOTE: If there is a delay in the show start or a break in the show due to WEATHER conditions, no adjustment will be expected for that delay or break. The City shall still require an adjustment for damaged or un-shot shells, even if there was a weather delay.

In the event the show is completely canceled due to weather conditions, (as determined by City personnel) the City reserves the right to reschedule or to completely cancel the display. Proposer is to outline in the proposal what price, if any, Proposer may charge if show is completely cancelled due to weather conditions.

Exceptions

Incorporation in a proposal of exceptions to any portion(s) of the RFP specifications may invalidate the proposal. Exceptions to the specifications and conditions shall be clearly and specifically noted in the Proposer's RFP on a separate sheet marked **"EXCEPTIONS TO THE SPECIFICATIONS"** and this sheet shall be attached to the proposal. The use of Proposer's standard forms or the inclusion of manufacturer's printed documents shall not be construed as constituting an exception within the intent of the RFP documents.

Identification of Anticipated Potential Problems

The proposal should identify and describe any anticipated potential problems, the firm's approach to resolving these problems, and any special assistance that will be requested from the City of Ormond Beach

Agency's Terms and Conditions

Agencies must submit with the proposal a complete set of any additional terms and conditions that they expect to have included in a contract negotiated with the City. Any additional terms and conditions, which may be the subject of negotiation, will be discussed only between the City and the selected Agency and shall not be deemed an opportunity to amend the proposal. Agencies may attach other materials that they feel may improve the quality of their responses. However, these materials should be identified as a supplement to their submittal.

EVALUATION PROCESS AND CRITERIA

The City of Ormond Beach will conduct an evaluation of all proposals, submitted by the deadline, to determine compliance with proposal requirements and mandatory document submissions. The committee will evaluate proposals and select the Proposer that meets the best interests of the City, and will make a recommendation of Award of Contract to the City Commission.

Evaluation Criteria:

For the purposes of further evaluation, the responsive proposals will be evaluated on, but shall not be limited to, consideration of the following criteria:

- Experience/Qualifications/References Weight: **40%**
- Proposed Aerial Display: Qty/Size/Type of Shells Weight: **60%**

Responsive proposals will be ranked in each of the criteria.

The City reserves the following rights:

Conduct pre-award discussion and/or pre-award negotiations with any or all responsive and responsible Proposer(s) who submit proposals determined to be reasonably acceptable of being selected for award; conduct personal interviews or require presentations of any or all Proposer(s) prior to selection.

Request that Proposer(s) furnish additional information as the City may reasonably require.

Process the selection of the successful Proposer without further discussion.

Accept or reject qualifications or proposals in part or whole.

Limit and/or determine the actual contract services to be included in a contract.

Engage outside experts to assist staff in evaluating the merits and viability of each Proposer.

Obtain information for use in evaluating submittals from any source.

Verify the information received in the proposal. If a proposer knowingly and willfully submits false information or data, the City of Ormond Beach reserves the right to reject that proposal. If

it is determined that an Agreement was awarded as a result of false statements or other data submitted in response to this RFP, the City of Ormond Beach reserves the right to terminate the Agreement.

Waive any irregularity in any proposal, or reject any or all submittals, should it be deemed in the best interest of the City of Ormond Beach to do so.

The City shall be the sole judge of the proposer's qualifications.

EXHIBIT A

REGISTRATION AND INSURANCE REQUIREMENTS FOR VENDOR/CONTRACTOR WORKING ON CITY PROJECTS

Registration Requirements

VENDORS doing business within the City Limits must be registered with the City.

Requirements for registering a business are as follows:

Copy of City Business Tax Receipt (where your business is located).

Certificate of Insurance showing General Liability and Workers' Comp (or State Workers' Comp Exemption form).

Application Fee: \$25.00 For more information, contact the City's Business Tax Receipt official at (386) 610-0540 or btonline@ormondbeach.org You can apply online here: <https://ormondbeachfl-energovweb.tylerhost.net/apps/selfservice#/home>

State Certified/Registered Contractors

All registered State contractors must be registered with Volusia County. Volusia County Contractor Licensing, 123 W. Indiana Ave., Rm 203, Deland, FL 32720 (386) 736-5957 contractorlicensing@volusia.org

<https://connectlivepermits.org/citizenportal/app/landing>

State certified contractors have the option of registering with Volusia County, or providing information directly to the business tax receipt official, to include copy of State license, certificate of insurance and copy of local business tax receipt. This information is provided with the permit application.

If you have any questions regarding the above requirements, please contact the business tax receipt official at (386) 610-0540 or btonline@ormondbeach.org

Risk Management and Insurance Requirements

A. Payment and Performance Bonds

1. Except as otherwise provided herein, the Contractor shall, prior to beginning performance, deliver to the City, and the City shall record in the public records of Volusia County, Florida, the Contractor's Payment and Performance Bond in an amount equal to the full amount of the Contract.

2.
 - (a) Payment and Performance Bonds shall not be required for any contract except those which are for the construction of a public building, for the prosecution and completion of a public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time) or for repairs upon a public building or public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time).
 - (b) With respect to those Contracts for which Payment and Performance Bonds are otherwise required:
 - i. Unless the City Manager, or his designee, determines such Bond to be necessary to protect the interests of the City, no Contractor shall be required to provide a Payment and Performance Bond for any Contract which is for \$25,000.00 or less.
 - ii. Upon the request of the contractor, good cause shown by the Contractor, and a determination that the public health, safety and welfare will be sufficiently protected, the City Commission may exempt the contractor from the requirement of providing a Payment and Performance Bond for any Contract which is for more than \$25,000.00 but is less than \$200,000.00.
3. The Payment and Performance Bond shall list the Contractor as Principal and be issued by a surety insurer authorized to do business in Florida as a surety and listed as an acceptable surety in the Federal Register.
4. The Payment and Performance Bond shall be executed pursuant to Section 255.05, **Florida Statutes**, and be in a form substantially similar to the form set forth in Section 255.05(3), **Florida Statutes**.
5. The Payment and Performance Bond shall specifically provide coverage for delay damages due to a default by the Contractor.
6. The Payment and Performance Bond shall not make the Contract part of the Bond agreement.
7. In lieu of the Payment and Performance Bond, the Contractor may file with the Finance Director of the City, in an amount equal to the full amount of the Contract, cash, a money order, a certified check, a cashier's check, an irrevocable letter of credit, or a security of a type listed in Part II, Chapter 625, **Florida Statutes**.
8. In the event the surety on any Payment and Performance Bond furnished by the Contractor is declared bankrupt or becomes insolvent, or its right to do business in the State of Florida is terminated, the Contractor shall, within

five (5) working days thereafter, substitute another Payment and Performance Bond and surety acceptable to the City.

9. The Contractor is totally and solely responsible for keeping its surety informed as to the Base Contract Price as bid, significant changes in the Project Scope, and the overall progress and completion of the Project for the entire life of the Contract.
10. The payment and performance bond requirements stated herein above shall not be applicable to service-related contracts unless otherwise determined by the City Manager in order to protect the health, safety and welfare of the general public.

B. Contractual Provisions Relative to Risk Management

All contracts for any public works to be performed, and service-related contracts, for or on behalf of the City shall include at a minimum, the following, or substantially similar, provisions:

1. Hold Harmless and Indemnity

The Contractor agrees to assume liability for and indemnify, hold harmless, and defend the City, its commissioners, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor, its agents, officers, contractors, subcontractors, employees, or anyone else employed or utilized by the Contractor in the performance of this Contract. The Contractor's liability hereunder shall include all attorney's fees and costs incurred by the City in the enforcement of this provision.

2. Payment on Behalf of City

The Contractor shall pay all costs of the City's legal defense, as may be selected by the City, for all claims described in the Hold Harmless paragraph. Such payment on behalf of the City shall be in addition to any and all other legal remedies available to the City and shall not be considered to be the City's exclusive remedy.

3. Loss Control/Safety

Precaution shall be exercised at all times by the Contractor for the protection of all persons, including employees and property. The Contractor shall comply with all applicable laws, regulations and ordinances related to safety and health, shall make special efforts to detect hazardous conditions, and shall take prompt action when loss control/safety measures are

reasonably necessary. The City may order work to be stopped if conditions exist that present an immediate danger to persons or property. The Contractor acknowledges that such work stoppage will not shift responsibility for any damages from the Contractor to the City.

4. Service Bond

For Service-related contracts only, the City may require the Contractor to secure a service bond with a minimum \$25,000 coverage limit for the period of the service agreement. The service bond covers dishonest acts of the contractor's employees against the City. A copy of the bond shall be provided to the City when the agreement commences. Service-related contracts include and are not limited to businesses providing janitorial, pest control, general repair, security, carpet cleaning, locksmith, temporary employment, painting, moving services or other contracts as determined in the discretion of the Risk Manager as necessary to minimize loss.

C. Contractor's Insurance

1. General

The Contractor, including service-related contractors, shall purchase and maintain for the entire life of the Project, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under the Contract Documents, whether such operations be by the Contractor, by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City. The Contractor is responsible for the amount of any deductible or self-insured retention.

2. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include and not limited to the following:

- (a)** Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

\$100,000 Each Accident Bodily Injury by Accident
\$100,000 Each Employee Bodily Injury by Disease
\$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

(b) Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

- a. Premises, Operations, Products and Completed Operations
- b. Owners' & Contractors' Protective
- c. Products & Completed Operation
- d. Explosion, Collapse & Underground Conditions
- e. Blanket Contractual Liability
- f. Personal Injury Liability
- g. Broad Form Property Damage Endorsement, including Completed Operations
- h. Independent Contractors
- i. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
- j. Pollution Liability (if applicable)
- k. Asbestos Abatement (if applicable)
- l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less and not limited to the following amounts:

Limits (not less than)

\$1 Million Each Occurrence

\$2 Million General Aggregate

\$1 Million Aggregate Products & Completed Operations

NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

- (c) Automobile Liability Insurance is required if an Automobile(s) is used in the performance of the contract. ISO Symbol 1 (Any Auto), or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos), and limits shall be no less than:

\$1 Million

Combined Single Limit for Bodily Injury and Property Damage

- (d) Excess Liability

For contracts \$250,000 or greater an Excess Liability Policy of at least but not limited to \$1,000,000 in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention not to exceed \$25,0000 per occurrence.

- (e) Builder's Risk

Contractor shall purchase Builder's Risk Insurance for any contracts that are deemed to be vertical construction on an All-Risk policy, and shall also include coverage for wind, hail, and named storm. Limits of coverage shall be at least and not limited to the value of the project.

- (f) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of \$1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended

beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

D. Requirements for Certificates of Insurance

1. With the execution of the Contract Documents, the Contractor, including service related contractors, shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain an endorsement that the coverage under the policies will not be canceled, non-renewed or materially changed until at least thirty (30) days' prior written notice of such cancellation, non-renewal or change (except for nonpayment of premium, which shall be ten (10) days) and a copy of the cancellation endorsement signed by an authorized representative of the insurer, be given to the City. The contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of the Contract Documents.
2. New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.
3. If requested by the City, the contractor shall immediately furnish complete copies of the Contractor's insurance policies, forms and endorsements.
4. For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
5. If the Contractor fails to obtain and maintain for the life of the Project the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Contract.

E. Policies of Insurance

1. Except as otherwise provided in this Exhibit, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-), in the latest edition of "Best's Key Rating Guide",

published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.

2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carrier; written confirmation is required.
3. All policies of insurance or certificates thereof referred to in this Exhibit shall be deposited with the City Clerk.
4. The City shall be named an Additional Insured on General Liability including products and completed operations and Automobile Liability policies of insurance and certificates thereof.

City of Ormond Beach
Request for Proposals (RFP)
ORMOND BEACH AERIAL FIREWORKS DISPLAY
RFP No. 2026-07

VERIFICATION OF EMPLOYMENT STATUS USING E-VERIFY SYSTEM

1. Undersigned firm warrants it **IS** currently registered with the U.S. Department of Homeland Security's E-Verify system, **and** is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
2. Undersigned firm warrants it **has not** had any contracts terminated as a result of violations of Sections 448.09 or 448.095, *Florida Statutes*, that prohibit it from contracting with a public agency.
3. Undersigned firm warrants that if it enters into an agreement with a subcontractor, an express provision shall be included in all of its subcontracts requiring subcontractors, who perform work or provide services pursuant to the contract, to use the E-Verify system to verify employment eligibility of all new employees hired by the subcontractor during the contract term.
4. Undersigned firm understands that any subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and the contractor understands it shall maintain any such affidavits for the duration of the contract, and the contract with the subcontractor must be immediately terminated if the City has a good faith belief that the subcontractor knowingly violated Section 448.09 (1), *Florida Statutes*.
5. Undersigned firm understands that in the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and the contractor may not be awarded a public contract for a period of at least one (1) year after the date of termination. The contractor may be held liable for any additional costs incurred by the City as a result of termination of the contract.

ORMOND BEACH AERIAL FIREWORKS DISPLAY
RFP No. 2026-07**

RFP RESPONSE FORM

THIS RESPONSE IS SUBMITTED TO:

Purchasing Coordinator
City of Ormond Beach
22 S. Beach Street
Ormond Beach, Florida 32174

The undersigned SUBMITTER proposes and agrees, if this Submittal is accepted, to enter into a Contract with the CITY that reflects the items of this Request for Proposal (RFP) and to provide all services, as specified or indicated in the RFP Documents, in full accordance with the terms and conditions set forth in therein.

SUBMITTER accepts all of the terms and conditions of the General Conditions. SUBMITTER will sign the Contract) and submit the Contract security (when applicable) and other documents required by the Contract Documents within ten (10) days after the date of CITY's Notice of Award.

In submitting this information, SUBMITTER represents, as more fully set forth in the Agreement, that:

SUBMITTER has examined copies of all the RFP Documents and of the following Addenda:

Addendum Date

Addendum Number

Receipt of all of which is hereby acknowledged.

This Submittal is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; SUBMITTER has not directly or indirectly induced or solicited any other Submitter to submit a false or sham Submittal; SUBMITTER has not solicited or induced any person, firm or a corporation to refrain from bidding; and SUBMITTER has not sought by collusion to obtain for himself any advantage over any other Bidder or over the CITY.

THIS RESPONSE IS SUBMITTED BY:

Request for Proposals (RFP)
CITY OF ORMOND BEACH, FLORIDA
DRUG-FREE WORKPLACE CERTIFICATION

IDENTICAL OR "TIE" SUBMITTALS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more proposals which are equal in respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

- 1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violation.
- 3) Give each employee that engages in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) calendar days after such conviction.
- 5) Impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- 6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

AFFIDAVIT OF COMPLIANCE WITH SECTION 287.138, FLORIDA STATUTES

AFFIDAVIT OF COMPLIANCE WITH SECTION 287.138, FLORIDA STATUTES CONTRACTING WITH FOREIGN ENTITIES OF CONCERN

The undersigned ("Affiant"), on behalf of the entity listed below ("Entity"), hereby attests under penalty of perjury as follows:

1. Affiant is the _____ of _____
(Title) (Business Name)
which does business in the State of Florida, hereinafter called the "Entity".
2. Entity is not owned by the government of a foreign country of concern, as defined in Section 287.138 (1) (c), Florida Statutes.
3. The government of a foreign country of concern does not have a controlling interest in Entity, as defined in Section 287.138 (1)(a), Florida Statutes.
4. Entity is not organized under the laws of, and does not have a principal place of business in, a foreign country of concern.
5. Entity is not owned or controlled by the government of a foreign country of concern.
6. For purposes of this affidavit, a foreign country of concern means the People's Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People's Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolas Maduro, or the Syrian Arab Republic, including any agency of or any other entity of significant control of such foreign country of concern, as defined in Section 287.138(1)(c), Florida Statutes.

The undersigned is authorized to execute this affidavit on behalf of the Entity.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A).
FLORIDA STATUTES ON PUBLIC ENTITY CRIME

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to _____

By _____

(print this individual's name and title)

for _____

(print name of entity submitting statements)

whose business address is _____

and if applicable whose Federal Employer Identification Number (FEIN) is _____

If the entity has no FEIN, include the Social Security Number of the individual signing this sworn Statement:

2. I understand that a "public entity crime" as defined in paragraph 287.133(1)(a), Florida Statutes, mean a violation of any state or federal law by a person with respect to and directly related to the transactions of business with any public entity or with an agency or political subdivision of any other state or with the United States including, but not limited to any bid or contract for goods or services to be provided to any public entity or any agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes means a finding of guilt or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a Jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in paragraph 287.133(1)(a), Florida Statutes, means:
 1. A predecessor or successor of a person convicted of public entity crime; or
 2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.
5. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the statement which I have marked below is true in a relation to the entity submitting this sworn statement. (Please indicate which statement applies).

____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or any affiliate of the entity has been charged with and convicted of a public entity crime within the past 36 months.

____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime within the past 36 months. AND (Please indicate which additional statement applies).

____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime within the past 36 months. However, there has been a subsequent proceeding before a Hearing Officers of the State of Florida, Division of Administrative Hearings and the Final Order by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. (Attached is a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THE PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED AND FOR THE PERIOD OF THE CONTRACT ENTERED INTO, WHICHEVER PERIOD IS LONGER. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

City of Ormond Beach
City Commission Agenda
Staff Report

Agenda Date	December 2, 2025	Item No	7.J.
Section	CONSENT AGENDA	Category	Consent - Disposition Item
Subject	Intent to Bid - Public Works Generator		
Recommended Action	The City intends to publicly advertise this project for request for bids, unless otherwise directed.		
Strategic Goal	Public Safety - Other		
Department Staff Contact	Public Works - Engineering Bob Preis, Utilities Manager		

Summary

This disposition item provides public notice of the City's intent to publicly advertise for bids for the Public Works Generator, RFP No. 2026-12. The current generator, located at Public Works, is a mobile generator unit that was sized and purchased to be used to provide temporary power in the City's production well field in the event of power loss from a storm or other disruption of electrical service. The generator system, proposed in this advertisement for bids, is intended to be a permanently mounted system with an automatic transform switch that can provide for continuous electric services to all departments housed at the public works facility in the event that electric service has been affected.

Financial Impact

Funding in the amount of \$350,000 was included in the Fiscal Year 2025-26, within Fund 409-Water and Wastewater Renewal and Replacement (Capital).

Citizen Impact

A reliable back-up power source for Public Works facilities will provide Staff the ability to respond to emergencies during storms and power outages.

SECTION 00030
ADVERTISEMENT FOR BIDS

Sealed bids for furnishing all labor, materials and equipment necessary for constructing the **Public Works Generator, Bid No. 2026-12** for the City of Ormond Beach, Florida, will be received at the Office of the Purchasing Coordinator, City Hall, Ormond Beach, Florida, until January 14, 2026 at 2:00 pm, at which time bids will be opened and publicly read aloud in the Training Room located in the breezeway between City Hall and the Public Library. Bids received after the above time and date will be returned unopened.

The work consists of: Furnish and install a 160 kW diesel generator with sound attenuated enclosure, automatic transfer switch and new electric service equipment at the City's Public Works facility. The work is shown on the Drawings and specified in the Project Manual. The project Drawings, Specifications and related Bidding documents are available on-line at **www.demandstar.com**, or by calling DemandStar at (206) 940-0305. If you have difficulty obtaining these documents, please contact the City's purchasing office at (386) 610-0470.

A **pre-bid conference** to discuss the details and requirements of the contract will be held on December 17, 2025 at 10:00 am, in the Training Room at City Hall. All prospective bidders are strongly encouraged to attend. The deadline for submitting questions is January 9, 2026 at 4:00pm.

END OF SECTION

SECTION 00100 INSTRUCTION TO BIDDERS

00101. Defined Terms

Terms used in these Instructions to Bidders are defined in the General Conditions of the Construction Contract and have the meanings assigned to them in the General Conditions. The term "Successful Bidder" means the lowest, qualified, responsible Bidder to whom OWNER (on the basis of OWNER's evaluation as hereinafter provided) makes an award.

The OWNER for this project is:

The City of Ormond Beach
22 South Beach Street
Ormond Beach, Florida 32174

The ENGINEER for this project is:

The City of Ormond Beach
22 South Beach Street
Ormond Beach, Florida 32174

00102. Copies of Bidding Documents

2.1 The City uses the services of DemandStar (www.demandstar.com) to advertise/distribute its bids and RFP's via the internet.

2.2 Complete sets of the Bidding Documents may be obtained from the issuing office designated in the Advertisement for Bids.

2.3 Complete sets of Bidding Documents shall be used in preparing Bids; neither OWNER nor ENGINEER assume any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bidding Documents.

2.4 OWNER and ENGINEER in making copies of Bidding Documents available, on the above terms, do so only for the purpose of obtaining Bids on the Work and do not confer a license or grant for any other use.

00102.1 COMPLIANCE WITH FLORIDA PUBLIC RECORDS LAW

Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

(a) Keep and maintain public records required by the City to perform the contracted service.

(b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.

(d) Upon completion of the contract, transfer at no cost, to the City all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.

(e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

**CITY CLERK
22 SOUTH BEACH STREET
ORMOND BEACH, FLORIDA 32174 (386) 610-0400
CITYCLERK@ORMONDBEACH.ORG**

Ref: Fla. Stat. §119.0701(2016)

00102.2 Public Records/Non-Confidentiality of Bids

The City of Ormond Beach cannot and does not warrant the confidentiality of any information submitted in response to this bid solicitation. Florida law provides that municipal records shall at all times be open for personal inspection by any person, Section 119, F.S., the Public Records Act. Information and materials received by the City of Ormond Beach in connection with responsive bids shall be deemed to be public records subject to public inspection upon award, recommendation of award, or 30 days after bid opening, whichever occurs first.

00103. Qualifications of Bidders

To demonstrate qualifications to perform the Work, each Bidder must be prepared to submit, within seven days after the OWNER's request, written evidence of his ability to perform the work, such as financial data, previous experience, and evidence of authority to conduct business in the jurisdiction where the Project is located. Each Bid must contain evidence of Bidder's qualification to do business in the state where the Project is located or covenant to obtain such qualification prior to award of the contract.

00104. Public Entity Crimes:

A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a Proposal on a contract to provide any goods or services to a public entity, may not submit a Proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit Proposals on leases or real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

4.1 Discrimination Pursuant to Section 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity.

00105. Examination of Contract Documents and Site

5.1 Before submitting a Bid, each Bidder must (a) examine the Contract Documents thoroughly, (b) visit the site to familiarize himself with local conditions that may in any manner affect cost, progress or performance of the Work, (c) familiarize himself with federal, state and local laws, ordinances, rules and regulations that may in any manner affect cost, progress or performance of the Work; and (d) study and carefully correlate Bidder's observations with the Contract Documents.

5.2 Reference is made to the Supplementary Conditions for the identification of those reports of investigations and tests for subsurface and latent physical conditions at the site or otherwise affecting cost, progress or performance of the Work which have been relied upon by ENGINEER in preparing the Drawings and Specifications. OWNER will make such reports available for inspection to any Bidder or copies may be obtained from the ENGINEER by the Bidder at reproduction cost. These reports are not guaranteed as to accuracy or completeness, nor are they part of the Contract Documents. Before submitting his Bid each Bidder will, at his own expense, make such additional investigations and tests as the Bidder may deem necessary to determine his Bid for performance of

the Work in accordance with the time, price and other terms and conditions of the Contract Documents.

5.3 On request OWNER will provide each Bidder access to the site to conduct such investigations and tests as each Bidder deems necessary for submission of his Bid. Bidders making such investigations shall return site to original condition and shall pay for any damages resulting therefrom.

5.4 The lands upon which the Work is to be performed, rights-of-way for access thereto and other lands designated for use by CONTRACTOR in performing the Work are identified in the Supplementary Conditions, General Requirements, or Drawings.

5.5 The submission of a Bid will constitute an incontrovertible representation by the Bidder that he has complied with every requirement of this Article 4 and that the Contract Documents are sufficient in Scope and detail to indicate and convey understanding of all terms and conditions for performance of the Work.

00106. Clarification/Correction of Proposal

The City of Ormond Beach reserves the right to allow for the clarification of questionable entries and for the correction of obvious mistakes.

00107. Interpretations

7.1 All questions about the meaning or intent of the Contract Documents shall be submitted in writing to the Purchasing Coordinator via email to procurement@ormondbeach.org. Replies will be issued by Addenda mailed or delivered to all parties recorded by ENGINEER as having received the Bidding Documents. Only questions answered by formal written Addenda will be binding. Oral and other interpretations or clarifications will be without legal effect.

7.2 To protect the integrity of the procurement process, respondents, suppliers, contractors, sub-contractors or persons acting on behalf of any of the above, are prohibited from all communications regarding the solicitation with City staff, City consultants, City legal counsel, City agents, or elected officials, unless such communication is specifically authorized in the City's solicitation or addenda. Violation of this provision may be grounds for rejecting a response.

00108. Minority Policies

The City of Ormond Beach, Florida, encourages the full participation of Disadvantaged and Women Business Enterprises (D&WBE) in the provision of goods and services.

00109. Bid Security

9.1 Bids shall be accompanied by a Bid Security. The Security shall be made payable to OWNER, in the amount of five percent (5%) of the total bid, and in the form of a certified or cashier's check or a Bid Bond issued by a Surety meeting the requirements of paragraph 5.1 of the General

Conditions. The Bid Security shall be irrevocable after the time and date set for the opening of bids, and for a period of ninety (90) days thereafter.

9.2 The Bid Security of the Successful Bidder will be retained until such Bidder has executed the Agreement and furnished the required Contract Security, whereupon it will be returned; if the successful Bidder fails to execute and deliver the Agreement and furnish the required Contract Security within fifteen (15) days of the Notice of Award, OWNER may annul the Notice of Award and the Bid Security of that Bidder will be forfeited. The Bid Security of any Bidder whom OWNER believes to have a reasonable chance of receiving the award may be retained by OWNER until the seventh day after the "effective date of the Agreement" or the first day after the expiration of the period that Bids are specified to remain open in the Advertisement for Bids. Bid Security of other Bidders will be returned within seven (7) days of the Bid opening.

00110. Contract Time

The number of days within which, or the date by which, the Work is to be completed (the Contract Time) is set forth in the Bid Form and will be included in the Agreement.

00111. Liquidated Damages

Provisions for liquidated damages, if any, are set forth in the Bid Form and Agreement.

00112. Subcontractors

12.1 If the Supplementary Conditions, Bid Form and/or Specifications require the identity of certain subcontractors to be submitted to the OWNER with the bid, the bidder will list in his bid all subcontractors proposed for those portions of the work for which such identification is so required. When requested, an experience statement, pertinent information as to similar projects satisfactorily completed and other evidence of qualifications for each listed subcontractor shall be submitted within seven (7) days after the bid. If the OWNER after due investigation has reasonable objection to any proposed subcontractor, OWNER may before giving the Notice of Award request the apparent low bidder to submit an acceptable substitute without an increase in his bid price. If the apparent Successful Bidder declines to make any such substitution, the contract shall not be awarded to such Bidder, but his declining to make any such substitution will not constitute grounds for sacrificing his Bid Security. Any Subcontractor so listed and to whom OWNER does not make written objection prior to the giving of the Notice of Award will be deemed acceptable to OWNER.

12.2 In contracts where the Contract Price is on the basis of Cost-of-the-Work Plus a Fee, the apparent Successful Bidder, prior to the Notice of Award, shall identify in writing to OWNER those portions of the Work that such Bidder proposes to subcontract and after the Notice of Award may only subcontract other portions of the Work with OWNER's written consent.

00113. Material and Equipment List (Manufacturers)

If the Supplementary Conditions, Bid Form and/or Specifications require the identity of certain material and equipment manufacturers be submitted to the OWNER with the bid, the bidder will list

in his bid all material and equipment manufacturers proposed for those portions of the work for which such identification is so required. Such list shall be supplemented by product descriptions for each listed material and equipment item. Supplemental information will be submitted with the bid unless it has been prefiled with the ENGINEER. In this latter case, the bid shall state that the information has been prefiled. Equipment manufacturers/suppliers must agree to OWNER'S terms of purchase. In no event will OWNER accept terms of sale that limit OWNER'S ability to reasonably recover in the event of equipment failure/defect such as, but not limited to; mandatory arbitration clauses, venue of court proceedings and applicable law outside of Volusia County, Florida, or damage limitations that preclude recovery for failed or defective equipment that would be less than full compensation for OWNER's loss. If the OWNER after due investigation has reasonable objection to any proposed material or equipment item, OWNER may before giving the Notice of Award request the apparent low bidder to submit an acceptable substitute without an increase in his bid price. If the apparent Successful Bidder declines to make any such substitution, the contract may not be awarded to such Bidder, but his declining to make any such substitution will not constitute grounds for sacrificing his Bid Security. Any material or equipment manufacturer so listed and to whom OWNER does not make written objection prior to the giving of the Notice of Award will be deemed acceptable to OWNER. This acceptance of a material or equipment manufacturer does not relieve the CONTRACTOR from the responsibility of submitting shop drawings in accordance with Section 01300 before incorporating said material and/or equipment into the Work.

00114. Material and Equipment Substitutions

Excluding items called for in the bidders Equipment and Subcontractors List in the Bid, Section 00300, whenever it is indicated on the Drawings or specified in the Specifications that a substitute or "or equivalent" item of material or equipment may be furnished or used by CONTRACTOR if acceptable to ENGINEER, application for such acceptance will not be considered by ENGINEER until after the "effective date of the Agreement". The procedure for submittal of any such application by CONTRACTOR and consideration by ENGINEER is set forth in Section 01630 - Substitutions and Product Options.

00115. Bid Form

15.1 Bids shall be submitted on standard forms which are furnished in this Project Manual.

15.2 Bid Forms must be completed in ink or by typewriter. All blank spaces must be filled. Where indicated on the Bid Form, the Bid price of each item on the form must be stated in words and numerals; in case of a conflict, words will take precedence.

15.3 The estimate of the various quantities of work applicable to unit price items as shown on the Bid Form is approximate and is intended solely to provide the basis of comparison upon which the award of contract is made. Final payment will be made on the basis of the actual completed quantities of each item.

15.4 Bids by corporations must be executed in the corporate name by the president or a vice president (or other corporate officer accompanied by evidence of authority to sign) and the corporate

seal must be affixed and attested by the secretary or an assistant secretary. The corporate address and state of incorporation shall be shown below the signature.

15.5 Bids by partnerships must be executed in the partnership name and signed by a partner, whose title must appear under the signature and the official address of the partnership must be shown below the signature.

15.6 Bids by a Joint Venture must be executed by all individuals, Partners, or Corporations interested in the Joint Venture in the same manner that bids by these separate entities are required to be executed.

15.7 All names must be typed or printed below the signature.

15.8 The Bid shall contain an acknowledgment of receipt of all Addenda (the numbers of which shall be filled in on the Bid Form).

15.9 The address to which communications regarding the Bid are to be directed must be shown.

15.10 Only one bid from any individual, firm, partnership or corporation under the same or different names, will be considered. Should it appear to the OWNER that any Bidder is interested in more than one bid, all bids in which such Bidder is interested will be rejected.

00116. Submission of Bids

Bids shall be submitted at the time and place indicated in the Advertisement for Bids and shall be included in an opaque sealed envelope, marked with the Bid Number, Project Title, and Bidder's Name and Address, accompanied by the Bid Security and other required documents. Include one (1) original bid form and (1) electronic file (thumb/flash drive or CD). If the Bid is sent through the mail or other delivery system, the sealed Bid shall be sent in a separate envelope with the notation "BID ENCLOSED" as well as the Bid Number, Project Title, and Bid Opening Date clearly displayed on the shipping envelope/package.

Submit bids to:

City of Ormond Beach
Purchasing Coordinator
22 South Beach Street, Room 102
Ormond Beach, FL 32174

00117. Modification and Withdrawal of Bids

Bids may be modified or withdrawn by an appropriate document duly executed (in the manner that a Bid must be executed) and delivered to the place where Bids are to be submitted at any time prior to the opening of Bids.

00118. Opening of Bids

Bids will be opened publicly and read aloud and an abstract of the amounts of the base Bids and major alternates (if any) will be made available after the opening of Bids.

00119. Bids to Remain Open

All Bids shall remain open for ninety (90) days after the day of the Bid opening, but OWNER may, in his sole discretion, release any Bid and return the Bid Security prior to that date.

00120. Award of Contract

20.1 OWNER reserves the right to reject any and all Bids, to waive any and all informalities and to negotiate contract terms with the Successful Bidder, and the right to disregard all nonconforming, nonresponsive or conditional Bids. Discrepancies between words and figures will be resolved in favor of words. Discrepancies between the indicated product of quantities and unit prices and the correct product thereof will be resolved in favor of the correct product. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

20.2 In evaluating Bids, OWNER shall consider the qualifications of the Bidders, whether or not the Bids comply with the prescribed requirements, and alternates and unit prices if requested in the Bid forms. It is OWNER's intent to accept alternates (if any are accepted) in the order in which they are listed in the Bid form but OWNER may accept them in any order or combination.

20.3 OWNER may consider the qualifications and experience of Subcontractors and other persons and organizations (including those who are to furnish the principal items or material or equipment) proposed for those portions of the Work as to which the identity of Subcontractors and other persons and organizations must be submitted as provided in the Supplementary Conditions. Operating costs, maintenance considerations, performance data and guarantees of materials and equipment may also be considered by OWNER.

20.4 Irregular bids may be rejected. Irregular bids are defined as those containing serious omissions, unauthorized alternative bids, incomplete bids or unbalanced bids. Failure to provide all of the information required to accompany the bid will be considered to be a serious omission.

20.5 OWNER may conduct such investigations as he deems necessary to assist in the evaluation of any Bid.

20.6 OWNER reserves the right to reject the Bid of any Bidder who does not pass any such evaluation to OWNER's satisfaction.

20.7 If the contract is to be awarded it will be awarded to the lowest responsible Bidder whose evaluation by OWNER indicates that the award will be in the best interests of the Project. Pursuant to the provisions of Florida Statutes Chapter 287.05701, the City does not request, or consider, a Vendor's social, political, or ideological interests in making a responsibility determination. The low

bid will be based on the total cost of the Base Bid and, when applicable, any Additive or Deductive Alternates that are to be included in the Contract, as decided by the OWNER.

20.8 If the contract is to be awarded, OWNER will give the Successful Bidder a Notice of Award within the number of days after the day of the Bid opening specified in the Advertisement for Bids to remain open.

00121. Performance and Other Bonds

Paragraph 5.1 of the General Conditions and the Supplementary Conditions set forth OWNER's requirements as to performance and other Bonds. When the Successful Bidder delivers the executed Agreement to OWNER it shall be accompanied by the required Contract Security.

00122. Signing of Agreement

When OWNER gives a Notice of Award to the Successful Bidder, it will be accompanied by at least two (2) unsigned counterparts of the Agreement and all other Contract Documents. Within fifteen (15) days thereafter CONTRACTOR shall sign all and deliver at least two (2) counterparts of the Agreement to OWNER with other Contract Documents attached. Within fifteen (15) days thereafter OWNER will deliver fully signed counterparts to CONTRACTOR.

00123. Special Requirements

23.1 Financing. Funds will be available for payment of estimate draws as they become due.

23.2 Prohibited Interests. No official of the OWNER who is authorized in such capacity, and on behalf of the OWNER to negotiate, make, accept or approve, or to take part in negotiating, making, accepting, or approving any architectural, engineering, inspection, construction or material supply contract or any subcontract in connection with the construction of the project shall become directly or indirectly interested, personally, in this Contract or in any part thereof. No officer, employee, architect, attorney, engineer, or inspector of or for the OWNER who is authorized in such capacity and on behalf of the OWNER to exercise legislative, executive, supervisory, or other similar functions in connection with the construction of the project, shall become directly or indirectly interested personally, in this Contract or in any part thereof, any material supply contract, subcontract, insurance contract, or any other contract pertaining to the project.

23.3 Performance of Work by CONTRACTOR:

Contract Assignment. The successful Bidder (or Bidders) will be required to perform the work as a prime contractor.

The CONTRACTOR shall not sublet, sell, transfer, assign or otherwise dispose of the contract or any portion thereof, or of his right, title or interest therein, without written consent of the OWNER.

END OF INSTRUCTION TO BIDDERS

**SECTION 00300
BID**

CONTRACTORS NAME _____ LICENSE NO. _____

PROJECT IDENTIFICATION:

PUBLIC WORKS GENERATOR

CONTRACT IDENTIFICATION AND NUMBER:

Bid No. 2026-12

THIS BID IS SUBMITTED TO:

(Name and Address of Owner)

City of Ormond Beach
22 South Beach Street
Ormond Beach, Florida 32174

1. The undersigned BIDDER proposes and agrees, if this Bid is accepted, to enter into an Agreement with OWNER in the form included in the Contract Documents to complete all Work as specified or indicated in the Contract Documents for the Contract Price and within the Contract Time indicated in this Bid and in accordance with the Contract Documents.

2. BIDDER certifies that he has investigated the requirements to do business in the jurisdiction where the project is located, and that he is either qualified to do business or will obtain such prequalification prior to award of the contract.

3. BIDDER accepts all of the terms and conditions of the Instructions to Bidders (Section 00100) including, without limitation, those dealing with the disposition of Bid Security, Public Entity Crimes, and Minority Policies. This Bid will remain open for 90 days after the day of Bid opening. BIDDER will sign the Agreement and submit the Contract security and other documents required by the Contract Documents within ten (10) days after the date of OWNER'S Notice of Award.

4. In submitting this Bid, BIDDER represents, as more fully set forth in the Agreement, that:

(a) BIDDER has examined copies of all the Contract Documents and of the following addenda:

<u>Date</u>	<u>Number</u>
_____	_____
_____	_____
_____	_____
_____	_____

(receipt of all of which is hereby acknowledged) and also copies of the Advertisement to Bid and the Instructions to Bidders;

BID (Cont'd.)
PUBLIC WORKS GENERATOR
ORMOND BEACH, FLORIDA

BIDDER acknowledges that the quantities are not guaranteed and final payment will be based on actual quantities determined as provided in the Contract Documents.

BIDDER agrees that the Work will be substantially completed within 180 calendar days after the date when the Contract Time commences to run, and completed within 210 calendar days after the date when the Contract Time commences to run.

BIDDER recognizes that time is of the essence to complete this Project and that OWNER will suffer financial loss if the Work is not substantially complete within the time specified above, plus any extensions thereof allowed in accordance with Article 12 of the General Conditions. The BIDDER also recognize the delays, expense and difficulties involved in proving, in a legal or arbitration proceeding, the actual loss suffered by OWNER if the Work is not substantially complete on time. Accordingly, instead of requiring any such proof, OWNER has determined and BIDDER agrees to accept that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER Five Hundred Dollars (\$ 500.00) for each calendar day that expires after the time specified above for substantial completion until the Work is substantially complete. After substantial completion, if CONTRACTOR shall neglect, refuse or fail to complete the remaining Work within the time specified above for completion and readiness for final payment or any proper extension thereof granted by OWNER, CONTRACTOR shall pay the OWNER an amount equal to all actual expenses incurred by the OWNER as a direct result of the CONTRACTOR'S negligence, refusal, or failure to so complete the remaining work. In the event the CONTRACTOR is terminated or abandons the work prior to the scheduled date for final completion, the CONTRACTOR may be liable for both liquidated damages attributable to delay and for excess completion costs.

6. The following documents are attached to and made a condition of this Bid:

- (a) Required Bid Security in the form of
 - (1) a certified check drawn in favor of the City of Ormond Beach in the amount of 5 percent of the total bid; or
 - (2) a Bid Bond in the amount of 5 percent of the total bid.
- (b) Equipment, Material, and Subcontractors List
- (c) All information required by the Trench Safety Act (Part VI, Chapter 553, Florida Statutes).
- (d) Drug Free Workplace Certificate
- (e) Conflict, Non-Conflict of Interest, Litigation Statement
- (f) Local Vendor Preference
- (g) Verification of Employment Status Using E-Verify System
- (h) Affidavit of Compliance F.S. 287.138 Contracting With Foreign Entities of Concern

EQUIPMENT AND SUBCONTRACTORS LIST

List the names of the manufacturers whose product is proposed for use. No more than one manufacturer's name shall be inserted for each item of material and/or equipment listed. Failure to list materials and equipment supplier may result in the Bid being rejected as incomplete and nonresponsive. If any Subcontractors are proposed to be used for any portions of the Work, the names, addresses, phone numbers and work classifications of each such Subcontractor must be listed. The failure to list all Subcontractors proposed for the work may result in the Bid being rejected as incomplete and nonresponsive. If more than one manufacturer or subcontractor is listed, selection will be made by the OWNER. If none is listed, those listed as the "Basis for Design" will be used.

DRUG-FREE WORKPLACE CERTIFICATION

Identical Or “Tie” Bids: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more proposals which are equal in respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

- 1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) Inform employees about the dangers of drug abuse in the workplace, the business’s policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violation.
- 3) Give each employee that engages in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) calendar days after such conviction.
- 5) Impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee’s community, by any employee who is so convicted.
- 6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

LOCAL VENDOR PREFERENCE

The following is taken from the Code of Ordinances, City of Ormond Beach, Chapter 2, Financial Matters, Division 3, Purchasing, Article IX, Section 2-304:

Except where otherwise provided by federal or state law or other funding source restrictions, purchases of goods and services under the Purchasing Code shall give preference to local businesses as follows:

- (a) Under a competitive bid solicitation, the City *may* give a local preference in the amount of three percent (3%) of the bid price or \$25,000, whichever is less. The bid price shall include not only the base bid price but all alternatives which are part of the bid and actually purchased or awarded.
- (b) A *local business* shall mean a vendor that has a valid occupational license issued by the City of Ormond Beach at least one year prior to bid opening, with a physical business address located within the municipal boundaries of the City of Ormond Beach from which the vendor operates or performs business on a day-to-day basis that is a substantial component of the goods or services being offered and has provided a Local Vendor Affidavit of Eligibility at the time the bid is submitted.
- (c) A *Local Vendor Affidavit of Eligibility* shall accompany the bid submittal to be considered valid and shall include, but not be limited to, the following information:
 - (1) A physical business and location address;
 - (2) A copy of current City of Ormond Beach Local Business Tax Receipt (occupational license) to verify the business location;
 - (3) Proof of payment of business tax and real property tax due to the City of Ormond Beach;
 - (4) A copy of the firm's most recent annual corporation report to the Florida Division of Corporations;
 - (5) Any additional information necessary to verify local status.
- (d) *Exemptions:* Goods or services provided under a cooperative purchasing agreement, contracts for professional services subject to Consultants' Competitive Negotiation Act, purchases or contracts funded in whole or part by a governmental entity that does not allow local preferences, purchases made under another agency's agreements or contracts (piggybacking), purchases under emergency or sole source situations and procurements subject to formal proposals including but not limited to request for proposals (RFP) or continuing contract, and request for quotes (RFQ) versus straight competitive bids.
- (e) This section shall not be deemed to require the granting of a local preference, and nothing herein prohibits the award of a contract to a non-local vendor where such award is in the public interest.

VERIFICATION OF EMPLOYMENT STATUS USING E-VERIFY SYSTEM

1. Undersigned firm warrants it **IS** currently registered with the U.S. Department of Homeland Security's E-Verify system, **and** is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
2. Undersigned firm warrants it **has not** had any contracts terminated as a result of violations of Sections 448.09 or 448.095, *Florida Statutes*, that prohibit it from contracting with a public agency.
3. Undersigned firm warrants that if it enters into an agreement with a subcontractor, an express provision shall be included in all of its subcontracts requiring subcontractors, who perform work or provide services pursuant to the contract, to use the E-Verify system to verify employment eligibility of all new employees hired by the subcontractor during the contract term.
4. Undersigned firm understands that any subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and the contractor understands it shall maintain any such affidavits for the duration of the contract, and the contract with the subcontractor must be immediately terminated if the City has a good faith belief that the subcontractor knowingly violated Section 448.09 (1), *Florida Statutes*.
5. Undersigned firm understands that in the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and the contractor may not be awarded a public contract for a period of at least one (1) year after the date of termination. The contractor may be held liable for any additional costs incurred by the City as a result of termination of the contract.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A).
FLORIDA STATUTES ON PUBLIC ENTITY CRIME

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to _____

By _____

(print this individual's name and title)

for _____

(print name of entity submitting statements)

whose business address is _____

and if applicable whose Federal Employer Identification Number (FEIN) is _____

If the entity has no FEIN, include the Social Security Number of the individual signing this sworn Statement:

2. I understand that a "public entity crime" as defined in paragraph 287.133(1)(a), Florida Statutes, mean a violation of any state or federal law by a person with respect to and directly related to the transactions of business with any public entity or with an agency or political subdivision of any other state or with the United States including, but not limited to any bid or contract for goods or services to be provided to any public entity or any agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes means a finding of guilt or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a Jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in paragraph 287.133(1)(a), Florida Statutes, means:
1. A predecessor or successor of a person convicted of public entity crime; or
 2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.
5. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the statement which I have marked below is true in a relation to the entity submitting this sworn statement. (Please indicate which statement applies).

BID (Cont'd.)
PUBLIC WORKS GENERATOR
ORMOND BEACH, FLORIDA

____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or any affiliate of the entity has been charged with and convicted of a public entity crime within the past 36 months.

____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime within the past 36 months. AND (Please indicate which additional statement applies).

____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime within the past 36 months. However, there has been a subsequent proceeding before a Hearing Officers of the State of Florida, Division of Administrative Hearings and the Final Order by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. (Attached is a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THE PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED AND FOR THE PERIOD OF THE CONTRACT ENTERED INTO, WHICHEVER PERIOD IS LONGER. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

KNOW ALL MEN BY THESE PRESENTS, that we

(hereinafter called *Principal*) and

(hereinafter called the *Surety*) a corporation chartered and existing under the Laws of the State of _____ with its principal offices in the County of _____, and authorized to do business in the State of Florida, in the full and just sum of _____ Dollars (\$_____) good and lawful money of the United States of America, to be paid upon demand of the City of Ormond Beach, Florida, to which payment well and truly to be made we bind ourselves, our heirs, executors, administrators, and assigns, jointly and severally and firmly by these presents,

WHEREAS, the Principal is about to submit, or has submitted to the City of Ormond Beach, Florida, a bid for work to be done on the **Public Works Generator (Bid No. 2026-12)** in, and for the City and,

WHEREAS, the Principal desires to file this bond in accordance with law, in lieu of a certified or cashier's check otherwise required to accompany this Bid.

NOW, THEREFORE: the conditions of this obligation are such that if the Bid be accepted the Principal shall within ten (10) days after the receipt of notification of the acceptance thereof execute a contract in accordance with the Bid and upon the terms, conditions and unit or lump sum prices set forth therein, in the form and manner required by the Owner, and execute a sufficient and satisfactory Contract Bond payable to the Owner, in an amount not less than the total contract price, as indicated by the approximate quantities shown in the Bid, in form and with security satisfactory to the said City, then this obligation to be void; otherwise to be and remain in full force and virtue in law; and the Surety shall upon the failure of the Principal to comply with any or all of the foregoing requirements within the time specified above, immediately pay to the aforesaid City upon demand the amount hereof in good and lawful money of the United States of America, not as a penalty, but as liquidated damages.

IN TESTIMONY WHEREOF, the Principal and Surety have caused these presents to be duly signed and sealed this _____ day _____, 20_____.

SECTION 00500
FORM OF AGREEMENT

THIS AGREEMENT is by and between City of Ormond Beach, a Municipal Corporation in the State of Florida (hereinafter called OWNER) and

(hereinafter called CONTRACTOR)

The bid for this contract was approved by the City Commission on _____, 2026.

Article 1. WORK

CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

Furnish and install a 160 kW diesel generator with sound attenuated enclosure, automatic transfer switch and new electric service equipment at the City's Public Works facility.

The Project for which the Work under the Contract Documents may be the whole or only a part is generally described as follows:

PUBLIC WORKS GENERATOR
and **BID NUMBER 2026-12**

Article 2. ENGINEER

The Project has been designed by City Engineer, 22 South Beach Street, Ormond Beach, FL 32174, who is hereinafter called ENGINEER and who will assume all duties and responsibilities and will have the rights and authority assigned to ENGINEER in the Contract Documents in connection with completion of the Work in accordance with the Contract Documents.

Article 3. CONTRACT TIME

3.1 The Work will be substantially completed within 180 calendar days after the date when the Contract Time commences to run as provided in paragraph 2.3 of the General Conditions, and completed and ready for final payment in accordance with paragraph 14.10 of the General Conditions within 210 calendar days after the date when the Contract Time commences to run.

3.2 Liquidated Damages. OWNER and CONTRACTOR recognize that time is of the essence of this Agreement and that OWNER will suffer financial loss if the Work is not substantially complete within the time specified in paragraph 3.1 above, plus any extensions thereof allowed in accordance with Article 12 of the General Conditions. They also recognize the delays, expense and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by OWNER if the Work is not substantially complete on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER Five Hundred Dollars (\$ 500.00) for each calendar day that expires after the time specified in paragraph

3.1 for Substantial Completion until the Work is substantially complete. After Substantial Completion, if CONTRACTOR shall neglect, refuse or fail to complete the remaining Work within the time specified in paragraph 3.1 for completion and readiness for final payment or any proper extension thereof granted by OWNER, CONTRACTOR shall pay the OWNER an amount equal to all actual expenses incurred by the OWNER as a direct result of the CONTRACTOR'S negligence, refusal, or failure to so complete the remaining work. In the event the Contractor is terminated or abandons the Work prior to the scheduled date for final completion, the Contractor may be liable for both liquidated damages attributable to delay and for excess completion costs.

Article 4. CONTRACT PRICE

OWNER shall pay CONTRACTOR for completion of the Work, in accordance with the Contract Documents, an amount in current funds equal to the lump sum TOTAL BID of \$_____, as listed in the Bid Form. Payment shall be for the actual completed work, as specified in the Measurement and Payment section of the project Manual and in accordance with Article 14 of the General Conditions.

Article 5. PAYMENT PROCEDURES

CONTRACTOR shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed by ENGINEER as provided in the General Conditions.

5.1 Progress Payments. OWNER shall make progress payments on account of the Contract Price on the basis of CONTRACTOR'S Applications for Payment as recommended by ENGINEER, on or about the 15th day of each month during construction as provided below, provided Applications for Payment are timely delivered pursuant to Article 14.1 of the General Conditions. All progress payments will be on the basis of the progress of the Work measured by the schedule of values provided for in paragraph 14.1 of the General Conditions.

5.1.1 When applicable, all progress payments shall be in an amount equal to:

Ninety-Five percent (95%) of the Work completed.

Ninety-Five percent (95%) of materials and equipment not incorporated in the Work but delivered and suitably stored, less in each case the aggregate of payments previously made and less such amounts as ENGINEER shall determine in accordance with paragraph 14.4 of the General Conditions.

5.2 Final Payment. Upon final completion and acceptance of the Work in accordance with paragraph 14.10 of the General Conditions, OWNER shall pay the remainder of the Contract Price as recommended by ENGINEER as provided in said paragraph 14.10.

Article 6. CONTRACTOR'S REPRESENTATIONS

In order to induce OWNER to enter into this Agreement CONTRACTOR makes the following representations:

6.1 CONTRACTOR has familiarized himself with the nature and extent of the Contract Documents, Work, locality, and with all local conditions and federal, state and local laws, ordinances, rules and regulations that in any manner may affect cost, progress or performance of the Work.

6.2 CONTRACTOR has studied carefully all reports of investigations and tests of subsurface and latent physical conditions at the site or otherwise affecting cost, progress or performance of the Work which were relied upon by ENGINEER in the preparation of the Drawings and Specifications and which have been identified in the Supplementary Conditions.

6.3 CONTRACTOR has made or caused to be made examinations, investigations and tests and studies of such reports and related data in addition to those referred to in paragraph 6.2 as he deems necessary for the performance of the Work at the Contract Price, within the Contract Time and in accordance with the other terms and conditions of the Contract Documents, and no additional examinations, investigations, tests, reports or similar data are or will be required by CONTRACTOR for such purposes.

6.4 CONTRACTOR has correlated the results of all such observations, examinations, investigations, tests, reports and data with the terms and conditions of the Contract Documents.

6.5 CONTRACTOR has given ENGINEER written notice of all conflicts, errors or discrepancies that he has discovered in the Contract Documents and the written resolution thereof by ENGINEER is acceptable to CONTRACTOR.

Article 7. CONTRACT DOCUMENTS

The Contract Documents which comprise the entire agreement between OWNER and CONTRACTOR are attached to this Agreement, made a part hereof and consists of the following:

7.1 This Agreement (pages 1 to 5 , inclusive).

7.2 Exhibits to this Agreement (pages ____ to ____ , inclusive).

7.3 Performance and other Bonds, identified as exhibits 00610 AND 00615 and consisting of 4 pages.

7.4 Notice of Award.

7.5 General Conditions (pages 1 to 35 , inclusive).

7.6 Supplementary Conditions (pages 1 to 7 , inclusive).

7.7 Specifications bearing the title:

PUBLIC WORKS GENERATOR

and consisting of 16 divisions, as listed in table of contents thereof.

7.8 Drawings, consisting of 3 sheets numbered 1 through 3 inclusive and bearing the following general title:

PUBLIC WORKS GENERATOR

7.9 Addenda numbers ___ to ___, inclusive.

7.10 CONTRACTOR'S Bid (pages 1 to 17 ,inclusive) marked exhibit _____ (Attach Bid Form only in special circumstances).

7.11 Documentation submitted by CONTRACTOR prior to Notice of Award (pages ___ to ___, inclusive).

7.12 Any Modification, including Change Orders, duly delivered after execution of Agreement.

There are no Contract Documents other than those listed above in this Article 7. The Contract Documents may only be altered, amended or repealed by a Modification (as defined in Section 1 of the General Conditions).

Article 8. MISCELLANEOUS

8.1 Terms used in this Agreement which are defined in Article 1 of the General Conditions shall have the meanings indicated in the General Conditions.

8.2 No assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another party hereto without the written consent of the party sought to be bound; and specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

8.3 OWNER and CONTRACTOR each binds himself, his partners, successors, assigns and legal representatives to the other party hereto, his partners, successors, assigns and legal representatives in respect to all covenants, agreements and obligations contained in the Contract Documents.

IN WITNESS WHEREOF, the parties hereto have signed this Agreement. One counterpart each has been delivered to OWNER and CONTRACTOR, and to ENGINEER as applicable. All portions of the Contract Documents have been signed by OWNER and CONTRACTOR or identified by ENGINEER on their behalf.

This Agreement will be effective on _____, 2026.

**SECTION 00610
PERFORMANCE BOND**

KNOW ALL MEN BY THESE PRESENTS: that

(Name of Contractor)

(Address of Contractor)

a(n) _____, hereinafter called Principal, and
(Corporation, Partnership or Individual)

(Name of Surety)

(Address of Surety)

hereinafter called Surety, are held and firmly bound unto

(Name of Owner)

(Address of Owner)

hereinafter called OWNER, in the penal sum of _____

_____ Dollars, (\$ _____) in lawful money of the United States, for the payment of which sum will and truly to be made, we bind ourselves, successors, and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION is such that whereas, the Principal entered into a certain contract with OWNER, dated ____ day of _____, 20____, for the construction of:

PUBLIC WORKS GENERATOR

Bid No. 2026-12

NOW, THEREFORE, if the Principal shall well, truly and faithfully perform its duties, all the undertakings, covenants, terms, conditions, and agreements of said contract during the original term thereof, and any extensions thereof which may be granted by the OWNER, with or without notice to the Surety and during the one-year guaranty period, and if he shall satisfy all claims and demands incurred under such contract, and shall fully indemnify and save harmless the OWNER from all costs and damages which it may suffer by reason of failure to do so, and shall reimburse and repay the OWNER all outlay and expense which the OWNER may incur in making good any default, then this obligation shall be void; otherwise to remain in full force and effect.

PROVIDED, FURTHER, that the said Surety, for value received hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the contract or to WORK to be performed thereunder or the SPECIFICATIONS accompanying the same shall in any wise affect its obligation on this BOND, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the contract or to the WORK or to the SPECIFICATIONS The Surety agrees that modifications and changes to the terms and conditions of the Contract that increase the total amount to be paid the Principal shall automatically increase the obligation of the Surety on this bond and notice to Surety is not required for such increased obligation.

PROVIDED, FURTHER, that no final settlement between the OWNER and the CONTRACTOR shall abridge the right of any beneficiary hereunder, whose claim may be unsatisfied.

IN WITNESS WHEREOF, this instrument is executed in _____ counterparts, each one of which shall be
(number)
deemed an original, this _____ day of _____, 20_____.

END OF SECTION

SECTION 00700
GENERAL CONDITIONS OF THE CONSTRUCTION CONTRACT

ARTICLE 1 - DEFINITIONS

Whenever used in these General Conditions or in the other Contract Documents, the following terms have the meanings indicated which are applicable to both the singular and plural thereof.

1.01. Addenda - Written or graphic instruments issued prior to the opening of Bids which clarify, correct or change the bidding documents of the Contract Documents.

1.02. Agreement - The written agreement between OWNER and CONTRACTOR covering the Work to be performed; other Contract Documents are attached to the Agreement and made a part thereof as provided therein.

1.03. Application for Payment - The form accepted by ENGINEER which is to be used by CONTRACTOR in requesting progress or final payment and which is to include such supporting documentation as required by the Contract Documents.

1.04. Approve - The word approve is defined to mean review of the material, equipment or methods for general compliance with the design concepts and with the information given in the Contract Documents. It does not imply a responsibility on the part of the ENGINEER to verify in every detail conformance with the Drawings and Specifications.

1.05. Bid - The offer or proposal of the Bidder submitted on the prescribed form setting forth the prices for the Work to be performed.

1.06. Bonds - Bid, Performance and Payment Bonds and other instruments of security.

1.07. Change Order - A written order to CONTRACTOR signed by OWNER authorizing an addition, deletion or revision in the Work, or an adjustment in the Contract Price or the Contract Time issued after the effective date of the Agreement.

1.08. Contract - The Agreement.

1.09. Contract Documents - The Agreement, Addenda (which pertain to the Contract Documents), CONTRACTOR's Bid (including documentation accompanying the bid and any post-Bid documentation submitted prior to the Notice of Award) when attached as an exhibit to the Agreement, Notice of Award, the Bonds, these General Conditions, the Supplementary Conditions, the Specifications and the Drawings as the same are more specifically identified in the Agreement, any other exhibits identified in the Agreement, together with all Modifications issued after the execution of the Agreement.

1.10. Contract Price - The Contract Price constitutes the total compensation (subject to authorized adjustments) payable by OWNER to CONTRACTOR for performing the Work.

1.11. Contract Time - The number of days (computed as provided in paragraph 16.2) or the

date stated in the Agreement for the completion of the Work.

1.12. CONTRACTOR - The person, firm or corporation with whom OWNER has entered into the Agreement.

1.13. Day - A calendar day of twenty-four hours measured from midnight to the next midnight.

1.14. Defective - Work that is unsatisfactory, faulty or deficient, or does not conform to the Contract Documents or does not meet the requirements of any inspection, test or approval referred to in the Contract Documents, or has been damaged prior to ENGINEER's recommendation of final payment.

1.15. Drawings - The drawings, which will be identified in the Agreement, which show the character and scope of the Work to be performed and which have been prepared or approved by ENGINEER and are referred to in the Contract Documents.

1.16. Effective Date of the Agreement - The date indicated in the Agreement on which it becomes effective, but if no such date is indicated it means the date on which the Agreement is signed and delivered by the last of the two parties to sign and deliver.

1.17. ENGINEER - The City Engineer of the City of Ormond Beach, Florida, or the designee of such Engineer.

1.18. Engineering Order - A written request issued by ENGINEER to CONTRACTOR requesting a cost for certain modifications to the Work. An Engineering Order is not an authorization to perform the modifications.

1.19. Field Order - A written order issued by ENGINEER which clarifies or interprets the Contract Documents or orders minor changes in the Work in accordance with paragraph 10.2, but which does not involve a change in the Contract Price or the Contract Time.

1.20. Furnish - The words "furnish", "furnish and install", "install", and "provide" or words with similar meaning shall be interpreted, unless otherwise specifically stated, to mean "furnish and install complete in place and ready for service".

1.21. General Requirements - Sections of Division 1 of the Specifications.

1.22. Inspection - The term "Inspection" and the act of inspecting as used in these Contract Documents is defined to mean examination of construction to ensure that it conforms to the design concept expressed in the Drawings and Specifications. These terms shall not be construed to mean supervision, superintending and/or overseeing.

1.23. Modification - (a) A written amendment of the Contract Documents signed by both parties, (b) a Change Order, or (c) a Field Order. A modification may only be issued after the effective date of the Agreement and must be in writing to be effective.

- 1.24. Notice of Award - The written notice by OWNER to the apparent successful Bidder stating that upon compliance by the apparent successful Bidder with the conditions precedent enumerated therein, within the time specified, OWNER will sign and deliver the Agreement.
- 1.25. Notice to Proceed - A written notice given by OWNER to CONTRACTOR (with a copy to ENGINEER) fixing the date on which the Contract Time will commence to run and on which CONTRACTOR shall start to perform his obligation under the Contract Documents.
- 1.26. OWNER - The City of Ormond Beach, Florida.
- 1.27. Product - Materials, systems, and equipment provided by the CONTRACTOR.
- 1.28. Project - The total construction of which the Work to be provided under the Contract Documents may be the whole, or a part as indicated elsewhere in the Contract Documents.
- 1.29. Project Manual - The term "Project Manual" includes Bidding Requirements, Conditions of the Contract, Specifications, and Drawings.
- 1.30. Project Representative - The authorized representative of ENGINEER who is assigned to the site or any part thereof.
- 1.31. Shop Drawings - All drawings, diagrams, illustrations, schedules and other data which are specifically prepared by CONTRACTOR, a Subcontractor, manufacturer, fabricator, supplier or distributor to illustrate some portion of the Work and all illustrations, brochures, standard schedules, performance charts, instructions, diagrams and other information prepared by a manufacturer, fabricator, supplier or distributor and submitted by CONTRACTOR to illustrate material or equipment for some portion of the Work.
- 1.32. Specifications - Those portions of the Contract Documents consisting of written technical descriptions of materials, equipment, construction systems, standards and workmanship as applied to the Work and certain administrative details applicable thereto.
- 1.33. Subcontractor - An individual, firm or corporation having a contract with CONTRACTOR or with any other Subcontractor for the performance of a part of the Work at the site.
- 1.34. Substantial Completion - The point reached when the Work (or a specified part thereof), in the opinion of ENGINEER as evidenced by his final certificate of Substantial Completion, is sufficiently complete, in accordance with the Contract Documents, so that the Work (or specified part) can be utilized for the purposes for which it was intended; or if there be no such certificate issued, when final payment is due in accordance with paragraph 14.10. The terms "substantially complete" and "substantially completed" as applied to any Work refer to Substantial Completion thereof.
- 1.35. Surety - Any person, firm or corporation which is bound with CONTRACTOR and which engages to be responsible for CONTRACTOR and his acceptable performance of the Work by a Performance or Payment Bond, or by a Public Construction Bond.

1.36. Work - The entire completed construction or the various separately identifiable parts thereof required to be furnished under the Contract Documents. Work is the result of performing services, furnishing labor and furnishing and incorporating materials and equipment into the construction, all as required by the Contract Documents.

ARTICLE 2 - PRELIMINARY MATTERS

Delivery of Bonds:

2.1. When CONTRACTOR delivers the executed Agreements to OWNER, CONTRACTOR shall also deliver to OWNER such Bonds as CONTRACTOR may be required to furnish in accordance with paragraph 5.1.

Copies of Documents:

2.2. OWNER shall furnish to CONTRACTOR, at OWNER's expense, up to three copies of the Contract Documents. Additional copies will be furnished, upon request, at the cost of reproduction.

Commencement of Contract Time; Notice to Proceed:

2.3. The Contract Time will commence on the day indicated in the Notice to Proceed.

Starting the Project:

2.4. CONTRACTOR shall start to perform the work on the date when the Contract Time commences to run, but no work shall be done at the site prior to the date on which the Contract Time commences to run, and no work shall be done at the site before the Payment and Performance Bond is executed, delivered to the OWNER, and recorded in the public records of Volusia County, Florida.

Before Starting Construction:

2.5. Before undertaking each part of the Work, CONTRACTOR shall carefully study and compare the Contract Documents and check and verify pertinent figures shown thereon and all applicable field measurements. CONTRACTOR shall promptly report in writing to ENGINEER any conflict, error or discrepancy which CONTRACTOR may discover; however, CONTRACTOR shall not be liable to OWNER for failure to report any conflict, error or discrepancy in the Drawings or Specifications, unless CONTRACTOR had actual knowledge thereof or should reasonably have known thereof. No verbal agreement or conversation with any officer, agent or employee of OWNER, either before or after the execution of this Contract, shall affect or modify any of the terms or obligations herein contained.

2.6. Before any Work at the site is started, CONTRACTOR shall deliver to OWNER certificates (and other evidence of insurance requested by OWNER) which CONTRACTOR is

required to purchase and maintain in accordance with paragraphs 5.3, 5.4, 5.6 and 5.7.

2.7. CONTRACTOR shall not allow any on-site Subcontractor to commence work on his subcontract until insurance required of the Subcontractor has been obtained and approved by the CONTRACTOR. Failure to obtain this insurance will be the sole responsibility of the CONTRACTOR.

ARTICLE 3 - CONTRACT DOCUMENTS; INTENT AND REUSE

3.1. The Contract Documents comprise the entire Agreement between OWNER and CONTRACTOR concerning the Work. They may be altered only by a Modification.

3.2. The Contract Documents are complementary; a requirement contained in one is applicable to all. If, during the performance of the Work, CONTRACTOR finds a conflict, error or discrepancy in the Contract Documents, he shall report it to ENGINEER in writing at once and before proceeding with the Work affected thereby; however, CONTRACTOR shall not be liable to OWNER for failure to report any conflict, error or discrepancy in the Specifications or Drawings unless CONTRACTOR had actual knowledge thereof or should reasonably have known thereof. The various Contract Documents shall be given precedence, in case of conflict, error or discrepancy, as follows: Modifications, Agreement, Addenda, Supplementary Conditions, General Conditions, Drawings and Specifications. In a series of Modifications or Addenda the latest will govern.

3.3. It is the intent of the Specifications and Drawings to describe a complete project (or part thereof) to be constructed in accordance with the Contract Documents. Any Work that may reasonably be inferred from the Specifications or Drawings as being required to produce the intended results shall be supplied whether or not it is specifically called for. When words which have well-known technical or trade meaning are used to describe Work, materials or equipment such words shall be interpreted in accordance with such meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association, or to the code of any governmental authority, whether such reference be specific or by implication, shall mean the latest standard specification, manual or code in effect at the time of opening of Bids (or, on the effective date of the Agreement if there were no Bids), except as may be otherwise specifically stated. However, no provision of any referenced standard specification, manual or code (whether or not specifically incorporated by reference in the Contract Documents) shall change the duties and responsibilities of OWNER, CONTRACTOR or ENGINEER, or any of their agents or employees from those set forth in the Contract Documents. Clarifications and interpretations of the Contract Documents shall be issued by ENGINEER as provided for in paragraph 9.2.

3.4. The Contract Documents will be governed by the law of the State of Florida, and venue for any action brought thereunder shall lie solely and exclusively in the Circuit Court in and for Volusia County, Florida.

Reuse of Documents:

3.5. Neither CONTRACTOR nor any Subcontractor, manufacturer, fabricator, supplier or distributor shall have or acquire any title to or ownership rights in any of the Drawings, Specifications or other documents (or copies of any thereof) prepared by or bearing the seal of ENGINEER; and they shall not reuse any of them on extensions of the Project or any other project without written consent of OWNER and ENGINEER and specific written verification or adaptation by ENGINEER.

ARTICLE 4 - AVAILABILITY OF LANDS; PHYSICAL CONDITIONS; REFERENCE POINTS

4.1. OWNER shall furnish, as indicated in the Contract Documents, the lands upon which the Work is to be performed, rights-of-way for access thereto, and such other lands which are designated for the use of CONTRACTOR. Easements for permanent structures or permanent changes in existing facilities will be obtained and paid for by OWNER, unless otherwise provided in the Contract Documents. If CONTRACTOR believes that any delay in OWNER's furnishing these lands or easements entitles him to an extension of the Contract Time, CONTRACTOR may make a claim therefor as provided in Article 12. CONTRACTOR shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

Physical Conditions - Investigations and Reports:

4.2. Reference is made to the Supplementary Conditions for identification of those reports of investigations and tests of subsurface and latent physical conditions at the site or otherwise affecting cost, progress or performance of the Work which have been relied upon by ENGINEER in preparation of the Drawings and Specifications. Such reports are not guaranteed as to accuracy or completeness and are not part of the Contract Documents.

Unforeseen Physical Conditions:

4.3. CONTRACTOR shall promptly, after becoming aware of and before further disturbing conditions affected thereby or performing any work in connection therewith, notify ENGINEER in writing of any subsurface or latent physical conditions at the site or in an existing structure differing materially from those indicated or referred to in the Contract Documents. CONTRACTOR, upon discovering and notifying OWNER of such subsurface or latent conditions, shall not perform work in the affected area until authorized to do so by OWNER. ENGINEER will promptly review those conditions and determine if further investigation or tests are necessary. If so determined by the ENGINEER, OWNER shall promptly obtain the necessary additional investigations and tests and furnish copies to CONTRACTOR. If ENGINEER finds that the results of such investigations or tests indicate that there are subsurface or latent physical conditions which differ materially from those intended in the Contract Documents, and which could not reasonably have been anticipated by CONTRACTOR, a Change Order authorizing CONTRACTOR to perform the additional work may be issued incorporating the necessary revisions.

Reference Points:

4.4. OWNER shall provide engineering surveys for construction to establish reference points which in his judgment are necessary to enable CONTRACTOR to proceed with the Work. CONTRACTOR shall be responsible for laying out the Work (unless otherwise specified in the General Requirements), shall protect and preserve the established reference points and shall make no changes or relocations without the prior written approval of OWNER. CONTRACTOR shall report to ENGINEER whenever any reference point is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for replacement or relocation of such reference points by professionally qualified personnel.

ARTICLE 5 - BONDS AND INSURANCE

Performance and Other Bonds:

5.1. CONTRACTOR shall furnish Performance and Payment Bonds, each in an amount at least equal to the Contract Price as security for the faithful performance and payment of all CONTRACTOR's obligations under the Contract Documents. The City will record the bonds in the public records at the CONTRACTOR's expense. These Bonds shall remain in effect at least until one (1) year after the date of final payment, except as otherwise provided by law. All bonds shall be deemed to contain all of the Conditions of Section 255.05, Florida Statutes, even if such language is not directly contained within the bond. CONTRACTOR shall also furnish such other Bonds as are required by the Supplementary Conditions. All Bonds shall be in the forms prescribed by the bidding documents or Supplementary Conditions and be executed by such Sureties as (i) are licensed to conduct business in the State of Florida, and (ii) are named in the current list of "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (amended) by the Audit Staff Bureau of Accounts, U.S. Treasury Department. All Bonds signed by an agent must be accompanied by a certified copy of the authority to act.

5.2. If the Surety on any Bond furnished by CONTRACTOR is declared bankrupt or becomes insolvent or its right to do business is terminated in the State of Florida or it ceases to meet the requirements of clauses (i) and (ii) of paragraph 5.1, CONTRACTOR shall within five (5) days after notice thereof, substitute another Bond and Surety, both of which shall meet the requirements of clauses (i) and (ii) of paragraph 5.1.

CONTRACTOR's Liability Insurance:

5.3. CONTRACTOR and on-site Subcontractors shall purchase and maintain such Commercial General Liability and other insurance as will provide protection from claims set forth below which may arise out of or result from CONTRACTOR's performance of the Work and CONTRACTOR's other obligations under the Contract Documents, whether such performance is by CONTRACTOR, by any Subcontractor, by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable;

5.3.1. Claims under workers' compensation, disability benefits and other similar employee benefit acts;

5.3.2. Claims for damages because of bodily injury, occupational sickness or disease, or death of CONTRACTOR's employees;

5.3.3. Claims for damages because of bodily injury, sickness or disease, or death of any person other than CONTRACTOR's employees.

5.3.4. Claims for damages insured by personal injury liability coverage which are sustained (i) by any person as a result of an offense directly or indirectly related to the employment of such person by CONTRACTOR, or (ii) by any other person for any other reason.

5.3.5. Claims for damages, other than to the Work itself, because of injury to or destruction of tangible property, including loss of use resulting therefrom; and

5.3.6. Claims for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance or use of any motor vehicle.

The insurance required by this paragraph 5.3 shall include the specific coverages and be written for not less than the limits of liability and coverages provided in the **Supplementary Conditions**, or required by law, whichever is greater. The Commercial General Liability insurance shall include completed operations insurance. All such insurance shall contain a provision that the coverage afforded will not be canceled, materially changed or renewal refused until at least **sixty** (60) days prior written notice of such cancellation, non-renewal or change (except for nonpayment of premium, which shall be fifteen (15) days) has been given to OWNER. All such insurance shall remain in effect until final payment and at all times thereafter when CONTRACTOR may be correcting, removing or replacing defective Work in accordance with paragraph 13.12. In addition, CONTRACTOR shall maintain such completed operations insurance for at least two years after final payment and furnish OWNER with evidence of continuation of such insurance at final payment and one year thereafter.

Contractual Liability Insurance:

5.4. The Commercial General Liability insurance required by paragraph 5.3 will include contractual liability insurance applicable to CONTRACTOR's obligations under paragraphs 6.15 and 6.16. The OWNER shall be named as "Additionally Insured" under the CONTRACTOR's Commercial General Liability insurance policy.

Owner's Liability Insurance:

5.5. OWNER may, at its option, purchase and maintain its own liability insurance and, at its option, may purchase and maintain such insurance as will protect OWNER against claims which may arise from operations under the Contract Documents.

Property Insurance:

5.6. CONTRACTOR shall purchase and maintain property insurance upon the Work at the site to the full insurable value thereof (subject to such deductible amounts as may be provided in the Supplementary Conditions or required by law). This insurance shall include the interests of

OWNER, CONTRACTOR, and Subcontractors in the Work, shall insure against the perils of fire and extended coverage and shall include "all risk" insurance for physical loss and damage including theft, vandalism and malicious mischief, collapse and water damage, and such other perils as may be provided in the Supplementary Conditions, and shall include damages, losses and expenses arising out of or resulting from any insured loss or incurred in the repair or replacement of any insured property (including fees and charges of engineers, architects, attorneys and other professionals). If not covered under the "all risk" insurance or otherwise provided in the Supplementary Conditions, CONTRACTOR shall purchase and maintain similar property insurance on portions of the Work stored on and off the site or in transit when such portions of the Work are to be included in the Application for Payment. The policies of insurance required to be purchased and maintained by CONTRACTOR in accordance with paragraphs 5.6 and 5.7 shall contain provisions that the coverage afforded will not be canceled or materially changed until at least **sixty** (60) days prior written notice has been given to OWNER.

5.7. CONTRACTOR shall purchase and maintain such boiler and machinery insurance as may be required by the Supplementary Conditions or by law. This insurance shall include the interests of OWNER, CONTRACTOR and Subcontractors in the Work.

5.8. OWNER shall not be responsible for purchasing and maintaining any property insurance to protect the interests of CONTRACTOR or Subcontractors in the Work to the extent of any deductible amounts that are provided in the Supplementary Conditions. If CONTRACTOR wishes property insurance coverage within the limits of such amounts, CONTRACTOR may purchase and maintain it at his own expense.

5.9. If CONTRACTOR requests in writing that other special insurance be included in the property insurance policy, OWNER shall, if possible, include such insurance, and the cost thereof shall be charged to CONTRACTOR by appropriate Change Order. Prior to commencement of the Work at the site, OWNER shall in writing advise CONTRACTOR whether or not such other insurance has been procured by OWNER.

Waiver of Rights:

5.10. OWNER and CONTRACTOR waive all rights against each other and the Subcontractors and their agents and employees and separate contractors (if any) and their subcontractors' agents and employees, for damages caused by fire or other perils to the extent covered by insurance provided under paragraphs 5.6 and 5.7, inclusive, or any other property insurance applicable to the Work, except such rights as they may have to the proceeds of such insurance held by OWNER as trustee. OWNER shall require similar written waivers from each separate contractor, and CONTRACTOR shall require similar written waivers from each Subcontractor (in accordance with paragraph 6.8 as applicable); each such waiver will be in favor of all other parties enumerated in this paragraph 5.10.

Receipt and Application of Proceeds:

5.11. Any insured loss under the policies of insurance required by paragraphs 5.6 and 5.7 shall be adjusted with CONTRACTOR and made payable to CONTRACTOR as trustee for the insured, as their interests may appear, subject to the requirements of paragraph 5.12. CONTRACTOR shall

deposit in a separate account any money so received, and shall distribute it in accordance with such agreement as the parties in interest may reach. If no other special agreement is reached the damaged Work shall be repaired or replaced, the moneys so received applied on account thereof and the Work and the cost thereof covered by an appropriate Change Order.

5.12. CONTRACTOR as trustee shall have power to adjust and settle any loss with the insurers unless one of the parties in interest shall object in writing within fifteen days after the occurrence of loss to CONTRACTOR's exercise of this power. If such objection be made, CONTRACTOR as trustee shall make settlement with the insurers in accordance with such agreement as the parties in interest may reach. If required in writing by any party in interest, CONTRACTOR as trustee shall upon the occurrence of an insured loss, give bond for the proper performance of his duties.

Acceptance of Bonds and Insurance:

5.13. If OWNER has any objection to the coverage afforded by or other provisions of the Bonds or Insurance required to be purchased and maintained by CONTRACTOR in accordance with Article 5 on the basis of non-conformance with the Contract Documents, OWNER shall so notify CONTRACTOR in writing within ten days after receipt of the certificates (or other evidence requested) required by paragraph 2.6. CONTRACTOR shall provide to OWNER such additional information in respect of insurance provided as OWNER may reasonably request. If CONTRACTOR does not purchase or maintain all of the Bonds and Insurance required of CONTRACTOR by the Contract Documents, CONTRACTOR shall notify OWNER in writing of such failure to purchase prior to the start of the Work, or such failure to maintain prior to any change in the required coverage. Without prejudice to any other right or remedy, OWNER may elect to obtain equivalent Bonds or Insurance to protect OWNER's interests at the expense of CONTRACTOR, and a Change Order shall be issued to adjust the Contract Price accordingly.

Partial Utilization - Property Insurance:

5.14. If OWNER finds it necessary to occupy or use a portion or portions of the Work prior to Substantial Completion of all the Work, such use or occupancy may be accomplished in accordance with paragraph 14.7; provided that no such use or occupancy shall commence before the insurers providing the property insurance have acknowledged notice thereof and in writing effected the changes in coverage necessitated thereby. The insurers providing the property insurance shall consent by endorsement on the policy or policies that the property insurance shall not be canceled or lapse on account of any such partial use of occupancy.

ARTICLE 6 - CONTRACTOR'S RESPONSIBILITIES

Supervision and Superintendence:

6.1. CONTRACTOR shall supervise and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. CONTRACTOR shall be solely responsible for the means, methods, techniques, sequences and procedures of construction.

CONTRACTOR shall be responsible to see that the finished Work complies accurately with the Contract Documents.

6.2. CONTRACTOR shall keep on the Work at all times during its progress a competent resident superintendent, who shall not be replaced without written notice to OWNER except under extraordinary circumstances. The superintendent will be CONTRACTOR's representative at the site and shall have authority to act on behalf of CONTRACTOR. All communications given to the superintendent shall be as binding as if given to CONTRACTOR.

Materials and Equipment:

6.3. All materials and equipment installed in the Work shall be of good quality and new, except as otherwise provided in the Contract Documents. If required by ENGINEER, CONTRACTOR shall furnish satisfactory evidence (including reports of required tests) as to the kind and quality of materials and equipment.

Equipment manufacturers/suppliers must agree to OWNER'S terms of purchase. In no event will OWNER accept terms of sale that limit OWNER'S ability to reasonably recover in the event of equipment failure/defect such as, but not limited to; mandatory arbitration clauses, venue of court proceedings and applicable law outside of Volusia County, Florida, or damage limitations that preclude recovery for failed or defective equipment that would be less than full compensation for OWNER's loss.

6.4. All materials and equipment shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturer, fabricator, supplier or distributor, except as otherwise provided in the Contract Documents.

Concerning Subcontractors:

6.5. CONTRACTOR shall not employ any Subcontractor or other person or organization (including those who are to furnish the principal items of materials or equipment), whether initially or as a substitute, to which OWNER may have any reasonable objection. CONTRACTOR shall submit with his Bid in writing the names, mailing addresses, and work classifications of all Subcontractors proposed for the Work. The failure to list all Subcontractors proposed for the Work may result in the Bid being rejected as incomplete and nonresponsive. A Subcontractor or other person or organization identified in writing to OWNER by CONTRACTOR prior to the Notice of Award and not objected to in writing by OWNER prior to the Notice of Award will be deemed acceptable to OWNER. Acceptance of any Subcontractor, other person or organization of OWNER shall not constitute a waiver of any right of OWNER to reject defective Work. If OWNER after due investigation has reasonable objection to any Subcontractor, other person or organization proposed by CONTRACTOR after the Notice of Award because the qualifications and experience of the Subcontractor, other person or organization indicate that he cannot perform or provide work, materials or equipment which will perform the specified functions, CONTRACTOR shall submit an acceptable substitute and the Contract Price shall be increased or decreased by the difference in cost occasioned by such substitution, and an appropriate Change Order may be issued. CONTRACTOR shall not be required to employ any Subcontractor, other person or organization to which CONTRACTOR has any reasonable objection. Whether

objections are reasonable shall be determined as specified in paragraph 9.8.

6.6. CONTRACTOR shall be fully responsible for all acts and omissions of his Subcontractors and of persons and organizations directly or indirectly employed by them and of persons and organizations for whose acts any of them may be liable to the same extent that CONTRACTOR is responsible for the acts and omissions of persons directly employed by CONTRACTOR. Nothing in the Contract Documents shall create any contractual relationship between OWNER and any Subcontractor or other person or organization having a direct contact with CONTRACTOR, nor shall it create any obligation on the part of OWNER to pay or to see to the payment of any moneys due any Subcontractor or other person or organization, except as may otherwise be required by law. OWNER may furnish to any Subcontractor or other person or organization, to the extent practicable, evidence of amounts paid to CONTRACTOR on account of specific Work done.

6.7. The divisions and sections of the Specifications and the identifications of any Drawings shall not control CONTRACTOR in dividing the Work among Subcontractors or delineating the Work to be performed by any specific trade.

6.8. All Work performed for CONTRACTOR by a Subcontractor will be pursuant to an appropriate agreement between CONTRACTOR and the Subcontractor which specifically binds the Subcontractor to the applicable terms and conditions of the Contract Documents for the benefit of OWNER and contains waiver provisions as required by paragraph 5.10. CONTRACTOR shall pay each Subcontractor an appropriate share of any insurance proceeds received by CONTRACTOR on account of losses under policies issued pursuant to paragraphs 5.6 through 5.8.

6.9. Neither the OWNER nor the ENGINEER will undertake to settle any differences between CONTRACTOR and his Subcontractors or between Subcontractors.

Patent Fees and Royalties:

6.10. CONTRACTOR shall pay all license fees and royalties and assume all costs incident to the use in the performance of the Work or the incorporation in the Work of any invention, design, process, product or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product or device is specified in the Contract Documents for use in the performance of the Work and if to the actual knowledge of OWNER its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by OWNER in the Contract Documents. CONTRACTOR shall **indemnify** and **hold harmless** OWNER and anyone directly or indirectly employed by either of them from and against all claims, damages, losses and expenses (including attorneys' fees) arising out of any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product or device not specified in the Contract Documents, and shall defend all such claims in connection with any alleged infringement of such rights. OWNER will promptly notify CONTRACTOR of any such allegation of infringement of such rights.

Safety and Protection:

6.11. Precaution shall be exercised at all times by the CONTRACTOR for the protection of all persons, including employees, and property. The CONTRACTOR shall comply with all laws, regulations or ordinances related to safety and health, shall make special effort to detect hazardous conditions, and shall take prompt action where loss control/safety measures are reasonably expected. The OWNER may order work to be stopped if conditions exist that present on immediate danger to persons or property. The CONTRACTOR acknowledges that such stoppage will not shift responsibility for any damages from the CONTRACTOR to the OWNER.

6.12. CONTRACTOR be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work. CONTRACTOR shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to:

6.12.1. All employees on the Work and other persons who may be affected thereby.

6.12.2. All the Work and all materials or equipment to be incorporated therein, whether in storage on or off the site, and

6.12.3. Other property at the site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures and utilities not designated for removal, relocation or replacement in the course of construction.

CONTRACTOR shall comply with all applicable laws, ordinances, rules, regulations and orders of any public body having jurisdiction for the safety of persons or property or to protect them from damage, injury or loss; and shall erect and maintain all necessary safeguards for such safety and protection. CONTRACTOR shall notify owners of adjacent property and utilities when prosecution of the Work may affect them. All damage, injury or loss to any property referred to in paragraph 6.12.2 or 6.12.3 caused, directly or indirectly, in whole or in part, by CONTRACTOR, any Subcontractor or anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, shall be remedied by CONTRACTOR. CONTRACTOR's duties and responsibilities for the safety and protection of the Work shall continue until such time as all the Work is completed and ENGINEER has issued a notice to OWNER and CONTRACTOR in accordance with paragraph 14.12 that the Work is acceptable.

6.13. CONTRACTOR shall designate a responsible member of his organization at the site whose duty shall be the prevention of accidents. This person shall be CONTRACTOR's superintendent unless otherwise designated in writing by CONTRACTOR to OWNER.

Emergencies:

6.14. In emergencies affecting the safety or protection of persons or the Work or property at the site or adjacent thereto, CONTRACTOR, without special instruction or authorization from OWNER, is obligated to act to prevent threatened damage, injury or loss. CONTRACTOR shall give OWNER prompt written notice of any significant changes in the Work or deviations from the Contract Documents caused thereby.

Indemnification/Hold Harmless:

6.15 The parties recognize that the CONTRACTOR is an independent contractor. The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the CITY, its commissioners, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONTRACTOR, its agents, officers, contractors, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Agreement. The CONTRACTOR's liability hereunder shall include all attorney's fees and costs incurred by the CITY in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the CITY and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. Such obligations contained in this provision shall survive termination of this Agreement and shall not be limited by the amount of any insurance required to be obtained or maintained under this Agreement.

In the event of any claim arising out of the paragraph above, the CITY will elect, in its sole discretion, that either:

- 1) The CONTRACTOR assume control of the defense of any claim asserted by a third party against the CITY and, in connection with such defense, shall appoint lead counsel, in each case at the CONTRACTOR's expense. The CITY shall have the right, at its option, to participate in the defense of any third party claim, without relieving CONTRACTOR of any of its obligations hereunder. If the CONTRACTOR assumes control of the defense of any third party claim in accordance with this paragraph, the CONTRACTOR shall obtain the prior written consent of the CITY before entering into any settlement of such claim. If the CONTRACTOR assumes control of the defense and the CONTRACTOR has failed or is failing to prosecute or defend vigorously the third party claim, the CITY may assume the control of the defense as provided by sub (2); or
- 2) The CITY will assume control of the defense of any third party claim, but CONTRACTOR shall pay the fees of counsel retained by the CITY and all expenses, including experts' fees.

Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith. It is further the specific intent and agreement of said parties that all the Contract Documents on this Project are hereby amended to include the foregoing indemnification. CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statutes or is unenforceable pursuant to Section 725.06, Florida Statutes.

Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the CITY may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

Precaution shall be exercised at all times by the CONTRACTOR for the protection of all persons, including employees and property. The CONTRACTOR shall comply with all applicable laws, regulation and ordinances related to safety and health, shall make special efforts to detect hazardous conditions, and shall take prompt action with loss control/safety measures as are reasonably necessary. The CITY may order work to be stopped if conditions exist that present an immediate danger to persons or property. The CONTRACTOR acknowledges that such work stoppage will not shift responsibility for any damages from the CONTRACTOR to the CITY.

Payment on Behalf of OWNER:

6.16. The CONTRACTOR agrees to pay on behalf of the OWNER, and to pay the cost of the OWNER's legal defense, as may be selected by the OWNER, for all claims described in 6.15 Indemnification/Hold Harmless. Such payment on behalf of the OWNER shall be in addition to any and all other legal remedies available to the OWNER and shall not be considered to be the OWNER's exclusive remedy.

ARTICLE 7 - WORK BY OTHERS

7.1. OWNER may perform additional work related to the Project by itself, or have additional work performed by utility service companies, or let other direct contracts therefor which shall contain General Conditions similar to these. CONTRACTOR shall afford the utility service companies and the other contractors who are parties to such direct contracts (or OWNER, if OWNER is performing the additional work with OWNER's employees) reasonable opportunity for the introduction and storage of materials and equipment and the execution of work, and shall properly connect and coordinate his Work with theirs.

7.2. If any part of CONTRACTOR's Work depends for proper execution or results upon the work of any such other contractor or utility service company (or OWNER), CONTRACTOR shall inspect and promptly report to ENGINEER in writing any patent or apparent defects or deficiencies in such work that render it unsuitable for such proper execution and results. CONTRACTOR's failure so to report shall constitute an acceptance of the work as fit and proper for integration with CONTRACTOR's Work except for latent or non-apparent defects and deficiencies in the other work.

7.3. If the performance of additional work by other contractors or utility service companies or OWNER was not noted in the Contract Documents, written notice thereof shall be given to CONTRACTOR prior to starting any such additional work. If CONTRACTOR believes that the performance of such additional work by OWNER or others involves additional expense to CONTRACTOR or requires an extension of the Contract Time, CONTRACTOR may make a claim therefor as provided in Articles 11 and 12.

7.4. Should any other contractor having, or who shall hereafter have, a contract with

OWNER for the performance of work upon the site of the Work to be performed hereunder sustain any damage through any act or omission of CONTRACTOR hereunder or through any act or omission of any Sub-contractor of CONTRACTOR, CONTRACTOR agrees to reimburse such other contractor for all such damages and to indemnify, defend and hold OWNER harmless from all such claims.

ARTICLE 8 - OWNER'S RESPONSIBILITIES

8.1. OWNER shall issue all communications to CONTRACTOR through ENGINEER.

8.2. OWNER shall furnish the data required of OWNER under the Contract Documents promptly and shall make payments to CONTRACTOR promptly after they are due as provided in paragraphs 14.3 and 14.10.

8.3. OWNER's duties with respect to providing lands and easements and providing engineering surveys to establish reference points are set forth in paragraphs 4.1 and 4.4. Paragraph 4.2 refers to OWNER's identifying and making available to CONTRACTOR copies of reports of investigations and tests of subsurface and latent physical conditions at the site or otherwise affecting performance of the Work which have been relied upon by ENGINEER in preparing the Drawings and Specifications.

8.4. OWNER's responsibilities with respect to the purchase and maintenance of liability insurance are set forth in paragraph 5.5.

8.5. In connection with OWNER's rights to request changes in the Work in accordance with Article 10, OWNER (especially in certain instances as provided in paragraph 10.4) may execute Change Orders.

8.6. OWNER's responsibility with respect to certain inspections, tests and approvals is set forth in paragraph 13.4.

8.7. The provisions relative to the OWNER's right to stop Work or suspend Work are set forth in paragraphs 6.11, 13.10 and 15.1.

ARTICLE 9 - ENGINEER'S STATUS DURING CONSTRUCTION

9.1. ENGINEER will be OWNER's representative during the construction period. The authority of ENGINEER shall, under no circumstances, relieve CONTRACTOR from CONTRACTOR's responsibilities to perform the Work in accordance with this Contract.

Clarifications and Interpretations:

9.2. ENGINEER will issue with reasonable promptness such written clarifications or interpretations of the Contract Documents (in the form of Drawings or otherwise) as ENGINEER may determine necessary, which shall be consistent with or reasonably inferable from the overall

intent of the Contract Documents. If CONTRACTOR believes that a written clarification or interpretation justifies an increase in the Contract Price or Contract Time, CONTRACTOR may make a claim therefor as provided in Article 11 or Article 12.

Rejecting Defective Work:

9.3. ENGINEER will have authority to disapprove or reject WORK which is defective, and will also have authority to require special inspection or testing of the Work as provided in paragraph 13.9, whether or not the Work is fabricated, installed or completed.

Change Orders and Payments:

9.4. In connection with ENGINEER's responsibilities as to Change Orders, see Articles 10, 11 and 12.

9.5 In connection with ENGINEER's responsibilities as to Applications for Payment, etc., see Article 14.

Project Representation:

9.6. ENGINEER may designate a Project Representative to assist ENGINEER in inspecting the performance of the Work. The duties, responsibilities and limitations of authority of any such Project Representative and assistants will be as provided in paragraphs 9.6.1 through 9.6.3.

9.6.1. General: Project Representative is ENGINEER's Agent. He shall have the authority to do anything which the ENGINEER could do. His dealings in matters pertaining to the on-site work will in general be only with OWNER, ENGINEER and CONTRACTOR. His dealings with subcontractors will only be through or with the full knowledge of CONTRACTOR or his superintendent.

9.6.2. Duties and Responsibilities: Project Representative shall:

9.6.2.1. Schedules: Review the progress schedule, schedule of Shop Drawing submissions, schedule of values and other schedules prepared by CONTRACTOR and consult with ENGINEER concerning their acceptability.

9.6.2.2. Conferences: Attend preconstruction conferences.

9.6.2.3. Liaison: Serve as ENGINEER's liaison with CONTRACTOR, working principally through CONTRACTOR's superintendent, and assist him in understanding the intent of the Contract Documents. Assist in obtaining from OWNER additional details or information, when required at the job site for proper execution of the Work.

9.6.2.4. Shop Drawings and Samples: Receive and record date of receipt of Shop Drawings and samples which have been furnished by CONTRACTOR. Review the Shop Drawings for conformance with the information given in the Contract Documents. Provide office review and approval of Shop Drawings (as that term is defined in Article 1) and samples, the results of tests

and inspections and other data which any contractor is required to submit, but only for conformance with the design concept of the project and compliance with the information given in the Contract Documents; determine the acceptability of substitute materials and equipment proposed by CONTRACTOR(S); and receive and review (for general content as required by the Specifications) maintenance and operating instructions, schedules, guarantees, bonds and certificates of inspection which are to be assembled by CONTRACTOR(S) in accordance with the Contract Documents.

9.6.2.5. Review of Work, Rejection of Defective Work, Inspections and Tests: Conduct on-site inspections of the Work in progress to assist ENGINEER in determining that the Project is proceeding in accordance with the Contract Documents and that completed Work will conform to the Contract Documents. Report to ENGINEER whenever he believes that any Work is unsatisfactory, faulty or defective or does not conform to the Contract Documents, or has been damaged, or does not meet the requirements of any inspections, tests or approvals required to be made; and advise ENGINEER when he believes Work should be corrected or rejected or should be uncovered for observation, or requires special testing or inspection. Verify that tests, equipment and systems start-ups and operating and maintenance instructions are conducted as required by the Contract Documents and in the presence of the required personnel, and that CONTRACTOR maintains adequate records thereof; observe, record and report appropriate details relative to the test procedures and start-ups.

9.6.2.6. Modifications: Consider and evaluate CONTRACTOR's suggestions for modifications in Drawings or Specifications and report them to ENGINEER with recommendations. Prepare change orders as required; he may, as OWNER's representative, require special inspection or testing of the work; he shall act as interpreter of the requirements of the Contract Documents, judge of the performance thereunder by the parties thereto, and transmitter of clarification and interpretation of the Contract Documents. Process contract change orders to reflect final measured contract quantities and to reflect changes in the contract Drawings and Specifications.

9.6.2.7. Payment Requisitions: Based on his on-site observations and on his review of CONTRACTOR(S) applications for payment and the accompanying data and schedules, determine the amounts owed the CONTRACTOR(S). The ENGINEER will then approve in writing payments to CONTRACTOR(S) in such amounts; such approvals of payment will constitute a presentation to OWNER, based on such observations and review, that the Work has progressed to the point indicated and that, to the best of his knowledge, information and belief, the quality of the Work is in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning Project upon Substantial Completion, to the results of any subsequent tests called for in the Contract Documents, and to any qualifications stated in his approval).

9.6.2.8. Guarantees, Certificates, Maintenance and Operation Manuals: During the course of the Work verify that guarantees, certificates, maintenance and operation manuals and other data required to be assembled and furnished by CONTRACTOR are applicable to the items actually installed; and deliver this data to ENGINEER for his review prior to final acceptance of the Project.

9.6.2.9. Completion: Before ENGINEER issues a Certificate of Substantial Completion, submit to CONTRACTOR a list of observed items requiring correction. Conduct final inspection in the company of CONTRACTOR and prepare a final list of items to be corrected. Verify that all items

on final list have been corrected and make recommendations to ENGINEER concerning acceptance.

9.6.3. Limitations of Authority: The Project Representative; shall not undertake any of the responsibilities of CONTRACTOR, subcontractors or CONTRACTOR's superintendent; shall not expedite Work for CONTRACTOR; shall not advise on or issue directions as to safety precautions and programs in connection with the Work; and shall not assist CONTRACTOR in maintaining up-to-date copies of Record Drawings.

Decisions on Disagreements:

9.7. ENGINEER will be the initial interpreter of the requirements of the Contract Documents and judge of the acceptability of the Work thereunder. Claims, disputes and other matters relating to the acceptability of the Work or the interpretation of the requirements of the Contract Documents pertaining to the execution and progress of the Work shall be referred initially to ENGINEER in writing with a request for a formal decision in accordance with this paragraph, which ENGINEER will render in writing within a reasonable time. Written notice of each such claim, dispute and other matter shall be delivered by the claimant to ENGINEER and the other party to the Agreement within fifteen days of the occurrence of the event giving rise thereto, and written supporting data will be submitted to ENGINEER and the other party within forty-five days of such occurrence unless ENGINEER allows an additional period of time to ascertain more accurate data. Failure to give the required notice constitutes a waiver of the claim.

9.8. The rendering of a decision by ENGINEER pursuant to paragraph 9.7 with respect to any such claim, dispute or other matter (except any which have been waived by the making or acceptance of final payment as provided in paragraph 14.13) will be a condition precedent to any exercise by OWNER or CONTRACTOR of such rights or remedies as either may otherwise have under the Contract Documents or at law in respect of any such claim, dispute or other matter. If the Owner agrees to pay all or part of a claim for which notice was not timely made, such agreement shall not be deemed a waiver of the right to enforce notice requirements in connection with any other claim.

Limitations on ENGINEER's Responsibilities:

9.9. Neither ENGINEER's authority to act under this Article 9 or elsewhere in the Contract Documents nor any decision made by ENGINEER in good faith either to exercise or not exercise such authority shall give rise to any duty or responsibility of ENGINEER to CONTRACTOR, any Subcontractor, any manufacturer, fabricator, supplier or distributor, or any of their agents or employees or any other person performing any of the Work.

9.10. Whenever in the Contract Documents the terms "as ordered", "as directed", "as required", "as allowed" or terms of like effect or import are used, or the adjective "reasonable", "suitable", "acceptable", "proper" or "satisfactory" or adjectives of like effect or import are used, to describe requirements, decision, review or judgment of ENGINEER as to the Work, it is intended that such requirement, direction, review or judgment will be solely to evaluate the Work for compliance with the Contract Documents (unless there is a specific statement indicating otherwise). The use of any such term or adjective never indicates that ENGINEER shall have

authority to supervise or direct performance of the Work or authority to undertake responsibility contrary to the provisions of paragraphs 9.11 or 9.12.

9.11. ENGINEER will not be responsible for CONTRACTOR's means, methods, techniques, sequences or procedures of construction, or the safety precautions and programs incident thereto, and ENGINEER will not be responsible for CONTRACTOR's failure to perform the Work in accordance with the Contract Documents.

9.12. ENGINEER will not be responsible for the acts or omissions of CONTRACTOR or of any Subcontractors, or of the agents or employees of any CONTRACTOR or Subcontractor, or of any other persons at the site or otherwise performing any of the Work.

ARTICLE 10 - CHANGES IN THE WORK

10.1. Without invalidating the Agreement, OWNER may, at any time or from time to time, order additions, deletions or revisions in the Work; these will be authorized by Change Orders. Upon receipt of a Change Order, CONTRACTOR shall proceed with the Work involved. All such Work shall be executed under the applicable conditions of the Contract Documents. If any Change Order causes an increase or decrease in the Contract Price or an extension or shortening of the Contract Time, an equitable adjustment will be made as provided in Article 11 or Article 12 on the basis of a claim made by either party.

10.2. ENGINEER may authorize minor changes in the Work not involving an adjustment in the Contract Price or the Contract Time, which are consistent with the overall intent of the Contract Documents. These may be accomplished by a Field Order and shall be binding on OWNER, and also on CONTRACTOR who shall perform the change promptly. If CONTRACTOR believes that a Field Order justifies an increase in the Contract Price or Contract Time, CONTRACTOR may make a claim therefor as provided in Article 11 or Article 12.

10.3. Additional Work performed without authorization of a Change Order will not entitle CONTRACTOR to an increase in the Contract Price or an extension of the Contract Time, except in the case of an emergency as provided in paragraph 6.14 and except as provided in paragraphs 10.2 and 13.9.

10.4. OWNER may execute appropriate Change Orders covering changes in the Work which are required by OWNER, or required because of unforeseen physical conditions or emergencies, or because of uncovering Work found not to be defective or as provided in paragraph 11.9, or because of any other claim of CONTRACTOR for a change in the Contract Time or the Contract Price which is recommended by ENGINEER.

10.5. If notice of any change affecting the general scope of the Work or change in the Contract Price is required by the provisions of any Bond to be given to the Surety, it will be CONTRACTOR's responsibility to so notify the Surety, and the amount of each applicable Bond shall be adjusted accordingly. CONTRACTOR shall furnish proof of such adjustment to OWNER.

ARTICLE 11 - CHANGE OF CONTRACT PRICE

11.1. The Contract Price constitutes the total compensation (subject to authorized adjustments) payable by OWNER to CONTRACTOR for performing the Work. All duties, responsibilities and obligations assigned to or undertaken by CONTRACTOR shall be at his expense without change in the Contract Price.

11.2. The Contract Price may only be changed by a Change Order. Any claim for an increase in the Contract Price shall be based on written notice delivered to ENGINEER within fifteen days of the occurrence of the event giving rise to the claim. Notice of the amount of the claim with supporting data shall be delivered within forty-five days of such occurrence unless ENGINEER allows an additional period of time to ascertain accurate cost data.

11.3. The value of any Work covered by a Change Order or of any claim for an increase or decrease in the Contract Price shall be determined in one of the following ways:

11.3.1. Where the Work involved is covered by unit prices contained in the Contract Documents, by application of unit prices to the quantities of the items involved (subject to the provisions of paragraph 11.9).

11.3.2. By mutual acceptance of a lump sum.

11.3.3. On the basis of the Cost of the Work (determined as provided in paragraphs 11.4 and 11.5) plus a Contractor's Fee for overhead and profit (determined as provided in paragraph 11.6).

Cost of the Work:

11.4. The term Cost of the Work means the sum of all costs necessarily incurred and paid by CONTRACTOR in the proper performance of the Work. Except as otherwise may be agreed to in writing by OWNER, such costs shall be in amounts no higher than those prevailing in the locality of the Project, shall include only the following items and shall not include any of the costs itemized in paragraph 11.5:

11.4.1. Payroll costs for employees in the direct employ of CONTRACTOR in the performance of the Work under schedules of job classifications agreed upon in advance by OWNER and CONTRACTOR. Payroll costs for employees not employed full time on the Work shall be apportioned on the basis for their time spent on the Work. Payroll cost shall include, but not be limited to, salaries and wages plus the cost of fringe benefits which shall include social security contributions, unemployment, excise and payroll taxes, workers' compensation, health and retirement benefits, sick leave, vacation and holiday pay applicable thereto. Such employees shall include superintendents and foremen at the site.

11.4.2. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and manufacturers' field services required in connection therewith. All cash discounts shall accrue to CONTRACTOR unless OWNER deposits funds with CONTRACTOR with which to make payments, in which case the cash discounts shall accrue to OWNER. All trade discounts, rebates and refunds, and all returns from sale of surplus materials

and equipment shall accrue to OWNER and CONTRACTOR shall make provisions so that they may be obtained.

11.4.3. Payments made by CONTRACTOR to the Subcontractors for Work performed by Subcontractors. CONTRACTOR shall obtain competitive bids from Subcontractors acceptable to CONTRACTOR and shall deliver such bids to OWNER who will then determine which bids will be accepted. If a subcontract provides that the Subcontractor is to be paid on the basis of Cost of the Work Plus a Fee, the Subcontractor's Cost of the Work shall be determined in the same manner as CONTRACTOR's Cost of the Work. All subcontracts shall be subject to the other provisions of the Contract Documents insofar as applicable.

11.4.4. Costs of special consultants (including, but not limited to, engineers, architects, testing laboratories, surveyors, lawyers and accountants) employed for services specifically related to the Work. Any such special consultants covered by the Consultants' Competitive Negotiations Act (Section 287.055, Florida Statutes), shall be selected in accordance with such Act.

11.4.5. Supplemental costs including the following:

11.4.5.1. The proportion of necessary transportation, travel and subsistence expenses of CONTRACTOR's employees incurred in discharge of duties connected with the Work.

11.4.5.2. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office and temporary facilities at the site and hand tools not owned by the workmen, which are consumed in the performance of the Work, and cost less market value of such items used but not consumed which remain the property of CONTRACTOR.

11.4.5.3. Rentals of all construction equipment and machinery and the parts thereof whether rented from CONTRACTOR or others in accordance with rental agreements approved by OWNER, and the costs of transportation, loading, unloading, installation, dismantling and removal thereof - all in accordance with terms of said rental agreements. The rental of any such equipment, machinery or parts shall cease when the use thereof is no longer necessary for the Work.

11.4.5.4. Sales, use or similar taxes related to the Work, and for which CONTRACTOR is liable, imposed by any government authority.

11.4.5.5. Deposits lost for causes other than CONTRACTOR's negligence, royalty payments and fees for permits and licenses.

11.4.5.6. Losses and damages (and related expenses), not compensated by insurance or otherwise, to the Work or otherwise sustained by CONTRACTOR in connection with the execution of the Work, provided they have resulted from causes other than the negligence of CONTRACTOR, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses shall include settlements made with the written consent and approval of OWNER. No such losses, damages and expenses shall be included in the Cost of the Work for the purpose of determining Contractor's Fee. If, however, any such loss or damage requires construction and CONTRACTOR is placed in charge thereof, CONTRACTOR shall be paid for services a fee proportionate to that stated in paragraph 11.6.2.

11.4.5.7. The cost of utilities, fuel and sanitary facilities at the site.

11.4.5.8. Minor expenses such as telegrams, long distance telephone calls, telephone service at the site, expressage and similar petty cash items in connection with the Work.

11.4.5.9. Cost of premiums for additional Bonds and insurance required because of changes in the Work.

11.5. The term Cost of the Work shall not include any of the following:

11.5.1. Payroll costs and other compensation of CONTRACTOR's officers, executives, principals (of partnership and estimators, lawyers, auditors, accountants, purchasing and contracting agents, expeditors, timekeepers, clerks and other personnel employed by CONTRACTOR whether at the site or in his principal or a branch office for general administration of the Work and not specifically included in the agreed upon schedule of job classifications referred to in subparagraph 11.4.1. - all of which are to be considered administrative costs covered by the Contractor's Fee.

11.5.2. Expenses of CONTRACTOR's principal and branch offices other than CONTRACTOR's office at the site.

11.5.3. Any part of CONTRACTOR's capital expenses, including interest on CONTRACTOR's capital employed for the Work and charges against CONTRACTOR for delinquent payments.

11.5.4. Cost of premiums for all Bonds and for all insurance whether or not CONTRACTOR is required by the Contract Documents to purchase and maintain the same (except for additional Bonds and insurance required because of changes in the Work).

11.5.5. Costs, including damages, due to the negligence of intentional acts of CONTRACTOR, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied and making good any damage to property.

11.5.6. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in paragraph 11.4.

Contractor's Fee:

11.6. The Contractor's Fee allowed to CONTRACTOR for overhead and profit shall be determined as follows:

11.6.1. A mutually acceptable fixed fee; or if none can be agreed upon,

11.6.2. A fee based on the following percentages of the various portions of the Cost of the Work;

11.6.2.1. For costs incurred under paragraphs 11.4.1. and 11.4.2., the Contractor's Fee shall be ten percent,

11.6.2.2. For costs incurred under paragraph 11.4.3., the Contractor's Fee shall be five percent; and if a subcontract is on the basis of Cost of the Work Plus a Fee, the maximum allowable to the Subcontractor as a fee for overhead and profit shall be ten percent, and

11.6.2.3. No fee shall be payable on the basis of costs itemized under paragraphs 11.4.4., 11.4.5. and 11.5.

11.7. The amount of credit to be allowed by CONTRACTOR to OWNER for any such change which results in a net decrease in costs, will be the amount of the actual net decrease. When both additions and credits are involved in any one change, the combined overhead and profit shall be figured on the basis of the net increase, if any.

Adjustment of Unit Prices:

11.8. Whenever the cost of any Work is to be determined pursuant to paragraphs 11.4. and 11.5., CONTRACTOR will submit in form acceptable to ENGINEER an itemized cost breakdown together with supporting data.

11.9. Where the quantity of Work with respect to any item that is covered by a unit price differs materially and significantly from the quantity of such Work indicated in the Contract Documents, an appropriate Change Order may be issued on recommendation of ENGINEER to adjust the unit price.

ARTICLE 12 - CHANGE OF THE CONTRACT TIME

12.1. The Contract Time may only be changed by a written Change Order. Any claim for an extension in the Contract Time shall be based on written notice delivered to ENGINEER within fifteen days of the occurrence of the event giving rise to the claim. Notice of the extent of the claim with supporting data shall be delivered within forty-five days of such occurrence unless ENGINEER allows an additional period of time to ascertain more accurate data. All claims for adjustment in the Contract Time shall be determined by ENGINEER if OWNER and CONTRACTOR cannot otherwise agree. Any change in the Contract Time resulting from any such claim shall be incorporated in a written Change Order.

12.2. The Contract Time will be extended in an amount equal to time lost due to delays beyond the control of CONTRACTOR if a claim is made therefor as provided in paragraph 12.1. Such delays shall include, but not be limited to, acts or neglect by OWNER or others performing additional Work as contemplated by Article 7, or fires, floods, labor disputes, epidemics, abnormal weather conditions, or acts of God.

12.3. All time limits stated in the Contract Documents are of the essence of the Agreement. The CONTRACTOR shall not be entitled to any claim for damages on account of hindrances or delays from any cause whatsoever, but if occasioned by an act of God, or by any act or omission

on the part of the Owner, such act, hindrance or delay may entitle the CONTRACTOR to an extension of time in which to complete the work which shall be determined by the ENGINEER, provided that the CONTRACTOR will give notice in writing of the cause of such act, hindrance or delay within ten (10) days after its occurrence.

ARTICLE 13 - WARRANTY AND GUARANTEE; TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

Warranty and Guarantee:

13.1. CONTRACTOR warrants and guarantees to OWNER that all Work will be in accordance with the Contract Documents and will not be defective. Prompt notice of all defects shall be given to CONTRACTOR. All defective Work, whether or not in place, may be rejected, corrected or accepted as provided in this Article 13.

Access to Work:

13.2. ENGINEER and ENGINEER's representatives, other representatives of OWNER, testing agencies and governmental agencies with jurisdictional interests will have access to the Work at reasonable times for their observation, inspection and testing. CONTRACTOR shall provide proper and safe conditions for such access.

Tests and Inspections:

13.3. CONTRACTOR shall give ENGINEER timely notice of readiness of the Work for all required inspections, tests or approvals.

13.4. If any law, ordinance, rule, regulation, code, or order of any public body having jurisdiction requires any Work (or part thereof) to specifically be inspected, tested or approved, CONTRACTOR shall assume full responsibility therefor, pay all costs in connection therewith and furnish ENGINEER the required certificates of inspection, testing or approval. CONTRACTOR shall also be responsible for and shall pay all costs in connection with any inspection or testing required in connection with OWNER's acceptance of a manufacturer, fabricator, supplier, or distributor of materials or equipment proposed to be incorporated in the Work, or of materials or equipment submitted for approval prior to CONTRACTOR's purchase thereof for incorporation in the Work. The cost of all other inspections, tests and approvals required by the Contract Documents shall be paid by OWNER (unless otherwise specified).

13.5. All inspections, tests or approvals other than those required by law, ordinance, rule, regulation, code or order of any public body having jurisdiction shall be performed by organizations acceptable to OWNER and CONTRACTOR.

13.6. If any Work that is to be inspected, tested or approved is covered without written concurrence of ENGINEER, it must, if requested by ENGINEER, be uncovered for observation. Such uncovering shall be at CONTRACTOR's expense unless CONTRACTOR has given ENGINEER timely notice of CONTRACTOR's intention to cover such Work and ENGINEER

has not acted with reasonable promptness in response to such notice.

13.7. Neither observations by ENGINEER, nor inspections, tests or approvals by others shall relieve CONTRACTOR from his obligations to perform the Work in accordance with the Contract Documents, and in all events in no less than a workmanlike manner.

Uncovering Work:

13.8. If any Work is covered contrary to the written request of ENGINEER, it must, if requested by ENGINEER, be uncovered for ENGINEER's observation and replaced at CONTRACTOR's expense.

13.9. If ENGINEER considers it necessary or advisable that covered Work be observed by ENGINEER or inspected or tested by others, CONTRACTOR, at ENGINEER's request, shall uncover, expose or otherwise make available for observation, inspection or testing as ENGINEER may require, that portion of the Work in question, furnishing all necessary labor, material and equipment. If it is found that such Work is defective, CONTRACTOR shall bear all the expenses of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction, including compensation for additional professional services, and an appropriate deductive Change Order shall be issued. If, however, such Work is not found to be defective, CONTRACTOR shall be allowed an increase in the Contract Price or an extension of the Contract Time, or both, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction if he makes a claim therefor as provided in Articles 11 and 12.

Owner May Stop the Work:

13.10. If the Work is defective, or CONTRACTOR fails to supply sufficient skilled workmen or suitable materials or equipment, OWNER may order CONTRACTOR to stop the Work, or any portion thereof, until the cause of such order has been eliminated; however, this right of OWNER to stop the Work shall not give rise to any duty on the part of OWNER to exercise this right for the benefit of CONTRACTOR or any other party.

Correction or Removal of Defective Work:

13.11. If required by ENGINEER, CONTRACTOR shall promptly, without cost to OWNER and as specified by ENGINEER, either correct any defective Work, whether or not fabricated, installed or completed, or, if the Work has been rejected by ENGINEER, remove it from the site and replace it with nondefective Work.

One Year Correction Period:

13.12. If within one year after the date of Substantial Completion or such longer period of time as may be prescribed by law or by the terms of any applicable special guarantee required by the Contract Documents, any Work is found to be defective, CONTRACTOR shall promptly, without cost to OWNER and in accordance with OWNER's written instructions, either correct such defective Work, or, if it has been rejected by OWNER, remove it from the site and replace it with nondefective Work. If CONTRACTOR does not promptly comply with the terms of such

instructions, or in an emergency where delay would cause serious risk of loss or damage, OWNER may have the defective Work corrected or the rejected Work removed and replaced, and all direct and indirect costs of such removal and replacement, including compensation for additional professional services, shall be paid by CONTRACTOR.

Acceptance of Defective Work:

13.13. If, instead of requiring correction or removal and replacement of defective Work, OWNER prefers to accept it, OWNER may do so. In such case, if acceptance occurs prior to ENGINEER's recommendation of final payment, a Change Order shall be issued incorporating the necessary revisions in the Contract Documents, including appropriate reduction in the Contract Price; or, if the acceptance occurs after such recommendation, an appropriate amount shall be paid by CONTRACTOR to OWNER.

OWNER May Correct Defective Work:

13.14. If CONTRACTOR fails, within a reasonable time after written notice of ENGINEER to proceed, to correct and to correct defective Work or to remove and replace rejected Work as required by ENGINEER in accordance with paragraph 13.11., or if CONTRACTOR fails to perform the Work in accordance with the Contract Documents (including any requirements of the progress schedule), OWNER may, after seven days' written notice to CONTRACTOR, correct and remedy any such deficiency. In exercising his rights under this paragraph OWNER shall proceed expeditiously. To the extent necessary to complete corrective and remedial action, OWNER may exclude CONTRACTOR from all or part of the site, take possession of all or part of the Work, and suspend CONTRACTOR's services related thereto, take possession of CONTRACTOR's tools, appliances, construction equipment and machinery at the site and incorporate in the Work all materials and equipment stored at the site or for which OWNER has paid CONTRACTOR but which are stored elsewhere. CONTRACTOR shall allow OWNER, OWNER's representatives, agents and employees such access to the site as may be necessary to enable OWNER to exercise his rights under this paragraph. All direct and indirect costs of OWNER in exercising such rights shall be charged against CONTRACTOR in an amount verified by ENGINEER, and a Change Order shall be issued incorporating the necessary revisions in the Contract Documents and a reduction in the Contract Price. Such direct and indirect costs shall include, in particular but without limitation, compensation for additional professional services required and all costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of CONTRACTOR's defective Work. CONTRACTOR shall not be allowed an extension of the Contract Time because of any delay in performance of the Work attributable to the exercise by OWNER of OWNER's rights hereunder.

ARTICLE 14 - PAYMENTS TO CONTRACTOR AND COMPLETION

Application for Progress Payment:

14.1. At least ten days before each progress payment falls due (but not more often than once a month), CONTRACTOR shall submit to ENGINEER for review an Application for Payment filled out and signed by CONTRACTOR covering the Work completed as of the date of the

Application and accompanied by such supporting documentation as is required by the Contract Documents and also as ENGINEER may reasonably require. If payment is requested on the basis of materials and equipment not incorporated in the Work but delivered and suitably stored at the site or at another location agreed to in writing, the Application for Payment shall also be accompanied by such data, satisfactory to OWNER, as will establish OWNER's title to the material and equipment and protect OWNER's interest therein, including applicable insurance. Each subsequent Application for Payment shall include an affidavit of CONTRACTOR stating that all previous progress payments received on account of the Work have been applied to discharge in full all of CONTRACTOR's obligations reflected in prior Applications for Payment. The amount of retainage with respect to progress payments will be as stipulated in the Form of Agreement, Article 5.

CONTRACTOR's Warranty of Title:

14.2. CONTRACTOR warrants and guarantees that title to all Work, materials and equipment covered by an Application for Payment, whether incorporated in the project or not, will pass to OWNER at the time of payment free and clear of all liens, claims, security interests and encumbrances (hereafter in these General Conditions referred to as "Liens").

Review of Applications for Progress Payment:

14.3. ENGINEER will, within ten days after receipt of each Application for Payment, either indicate in writing a recommendation of payment, or return the Application to CONTRACTOR indicating in writing ENGINEER's reasons for refusing to recommend payment. In the latter case, CONTRACTOR may make the necessary corrections and resubmit the Application. OWNER shall, within ten days of presentation to him of the ENGINEER's recommendation of payment, pay CONTRACTOR the amount recommended.

14.4. ENGINEER may refuse to recommend the whole or any part of any payment if, in his opinion, it would be incorrect to make such representations to OWNER. He may also refuse to recommend any such payment, or, because of subsequently discovered evidence or the results of subsequent inspections or tests, nullify any such payment previously recommended to such extent as may be necessary in ENGINEER's opinion to protect OWNER from loss because:

14.4.1. The Work is defective, or completed Work has been damaged requiring correction or replacement;

14.4.2. Written claims have been made against OWNER or Liens have been filed in connection with the Work;

14.4.3. The Contract Price has been reduced because of Modifications;

14.4.4. OWNER has been required to correct defective Work or complete the Work in accordance with paragraph 13.14;

14.4.5. Of CONTRACTOR's unsatisfactory prosecution of the Work in accordance with the Contract Documents, including failure to clean up;

14.4.6. Of liquidated damages payable by CONTRACTOR; or

14.4.7. CONTRACTOR's failure to make payment to Subcontractors, or for labor, materials or equipment.

Substantial Completion:

14.5. When CONTRACTOR considers the entire Work ready for its intended use CONTRACTOR shall, in writing to ENGINEER, certify that the entire Work is substantially complete and request that ENGINEER issue a certificate of Substantial Completion. Within a reasonable time thereafter, CONTRACTOR and ENGINEER shall make an inspection of the Work to determine the status of completion. If ENGINEER does not consider the Work substantially complete, ENGINEER will notify CONTRACTOR in writing giving his reasons therefor. If ENGINEER considers the Work substantially complete, ENGINEER will prepare a certificate of Substantial Completion which shall fix the date of Substantial Completion. There shall be attached to the certificate a list of items to be completed or corrected before final payment.

14.6. OWNER shall have the right to exclude CONTRACTOR from the Work after the date of Substantial Completion, but OWNER shall allow CONTRACTOR reasonable access to complete or correct items on the list.

Partial Utilization:

14.7. Use by OWNER of completed portions of the Work may be accomplished prior to Substantial Completion of all the Work subject to the following:

14.7.1. OWNER at any time may request CONTRACTOR in writing to permit OWNER to use any part of the Work which OWNER believes to be substantially complete and which may be so used without significant interference with construction of the other parts of the Work. If CONTRACTOR agrees, CONTRACTOR will certify to ENGINEER that said part of the Work is substantially complete and request ENGINEER to issue a certificate of Substantial Completion for that part of the Work. Within a reasonable time thereafter CONTRACTOR and ENGINEER shall make an inspection of that part of the Work to determine its status of completion. If ENGINEER does not consider that part of the Work to be substantially complete, ENGINEER will notify CONTRACTOR in writing giving his reasons therefor. If ENGINEER considers that part of the Work to be substantially complete, ENGINEER will execute and deliver to CONTRACTOR a certificate to that effect, fixing the date of Substantial Completion as to that part of the Work, attaching thereto a list of items to be completed or corrected before final payment. OWNER shall have the right to exclude CONTRACTOR from any part of the Work which ENGINEER has so certified to be substantially complete, but OWNER shall allow CONTRACTOR reasonable access to complete or correct items on the list.

14.7.2. In lieu of the issuance of a certificate of Substantial Completion as to part of the Work, OWNER may take over operation of a facility constituting part of the Work whether or not it is substantially complete if such facility is functionally and separately usable; provided that prior to any such takeover, OWNER and CONTRACTOR have agreed as to the division of responsibilities

between OWNER and CONTRACTOR for security, operation, safety, maintenance, correction period, heat, utilities and insurance with respect to such facility.

14.7.3. No occupancy of part of the Work or taking over of operations of a facility will be accomplished prior to compliance with the requirements of paragraph 5.14 with regard to property insurance.

Final Inspection:

14.8. Upon written notice from CONTRACTOR that the work is complete, ENGINEER will make a final inspection with CONTRACTOR and will notify CONTRACTOR in writing of all particulars in which this inspection reveals that the Work is incomplete or defective. CONTRACTOR shall immediately take such measures as are necessary to remedy such deficiencies.

Final Application for Payment:

14.9. After CONTRACTOR has completed all such corrections to the satisfaction of ENGINEER and delivered all maintenance and operating instructions, schedules, guarantees, Bonds, certificates of inspection, marked-up record documents and other documents - all as required by the Contract Documents, and after ENGINEER has indicated that the Work is acceptable (subject to the provisions of paragraph 14.13), CONTRACTOR may make application for final payment following the procedure for progress payments. The final Application for Payment shall be accompanied by all documentation called for in the Contract Documents and such other data and schedules as ENGINEER may reasonably require, together with complete and legally effective releases or waivers (satisfactory to OWNER) of all Liens arising out of or filed in connection with the Work. In lieu thereof and as approved by OWNER, CONTRACTOR may furnish receipts or releases in full; an affidavit of CONTRACTOR that the releases and receipts include all labor, services, material and equipment for which a Lien could be filed, and that all payrolls, material and equipment bills, and other indebtedness connected with the Work for which OWNER or his property might in any way be responsible, have been paid or otherwise satisfied; and consent of the Surety, if any, to final payment. If any Subcontractor, manufacturer, fabricator, supplier or distributor fails to furnish a release or receipt in full, CONTRACTOR may furnish a Bond or other collateral satisfactory to OWNER to indemnify OWNER against any Lien.

Final Payment and Acceptance:

14.10. If, on the basis of ENGINEER's observation of the Work during construction and final inspection, and ENGINEER's review of the final Application for Payment and accompanying documentation - all as required by the Contract Documents, ENGINEER is satisfied that the Work has been completed and CONTRACTOR has fulfilled all of his obligations under the Contract Documents, ENGINEER will, within ten days after receipt of the final Application for Payment, indicate in writing his recommendation of payment and present the Application for payment. Thereupon ENGINEER will give written notice to CONTRACTOR that the Work is acceptable subject to the provisions of paragraph 14.13. Otherwise, ENGINEER will return the Application to CONTRACTOR, indicating in writing the reasons for refusing to recommend final payment, in which case CONTRACTOR shall make the necessary corrections and resubmit the Application.

If the Application and accompanying documentation are appropriate as to form and substance, OWNER shall, within thirty days after receipt thereof pay CONTRACTOR the amount recommended by ENGINEER.

14.11. If, through no fault of CONTRACTOR, final completion of the Work is significantly delayed and if ENGINEER so confirms, OWNER shall, upon receipt of CONTRACTOR's final Application for Payment and recommendation of ENGINEER, and without terminating the Agreement, make payment of the balance due for that portion of the Work fully completed and accepted. If the remaining balance to be held by OWNER for Work not fully completed or corrected is less than the retainage stipulated in the Agreement, and if Bonds have been furnished as required in paragraph 5.1, the written consent of the Surety to the payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by CONTRACTOR to ENGINEER with the Application for such payment. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of claims.

CONTRACTOR's Continuing Obligation:

14.12. CONTRACTOR's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. Neither recommendation of any progress or final payment by ENGINEER, nor the issuance of a certificate of Substantial Completion, nor any payment by OWNER to CONTRACTOR under the Contract Documents, nor any use or occupancy of the Work or any part thereof by OWNER, nor any act of acceptance by OWNER nor any failure to do so, nor the issuance of a notice of acceptability by ENGINEER pursuant to paragraph 14.10, nor any correction of defective Work by OWNER shall constitute an acceptance of Work not in accordance with the Contract Documents or a release of CONTRACTOR's obligation to perform the Work in accordance with the Contract Documents.

Waiver of Claims:

14.13. The making and acceptance of final payment shall constitute:

14.13.1. A waiver of all claims by OWNER against CONTRACTOR, except claims arising from unsettled or unfilled Liens, from defective Work appearing after final inspection pursuant to paragraph 14.8 or from failure to comply with the Contract Documents or the terms of any special guarantees specified therein; however, it shall not constitute a waiver by OWNER of any rights in respect of CONTRACTOR's continuing obligations under the Contract Documents; and

14.13.2. A waiver of all claims by CONTRACTOR against OWNER other than those previously made in writing and still unsettled or unfilled.

ARTICLE 15 - SUSPENSION OF WORK AND TERMINATION

Owner May Suspend Work:

15.1. OWNER may, at any time and without cause, suspend the Work or any portion thereof for a period of not more than ninety days by notice in writing to CONTRACTOR and Surety which

shall fix the date on which Work shall be resumed. CONTRACTOR shall resume the Work on the date so fixed. CONTRACTOR may be allowed an increase in the Contract Price or an extension of the Contract Time, or both, directly attributable to any suspension of work at OWNER's request if he makes a claim therefor as provided in Articles 11 and 12.

Owner May Terminate:

- 15.2. Upon the occurrence of any one or more of the following events:
 - 15.2.1. If CONTRACTOR is adjudged a bankrupt or insolvent;
 - 15.2.2. If CONTRACTOR makes a general assignment for the benefit of creditors;
 - 15.2.3. If a trustee or receiver is appointed for CONTRACTOR or for any of CONTRACTOR's property;
 - 15.2.4. If CONTRACTOR files a petition to take advantage of any debtor's act, or to reorganize under the bankruptcy or similar laws;
 - 15.2.5. If CONTRACTOR repeatedly fails to supply sufficient skilled workmen or suitable materials or equipment;
 - 15.2.6. If CONTRACTOR repeatedly fails to make prompt payments to Subcontractors or for labor, materials or equipment;
 - 15.2.7. If CONTRACTOR violates any laws, ordinances, rules, regulations or orders of any public body having jurisdiction;
 - 15.2.8. If CONTRACTOR disregards the authority of ENGINEER; or
 - 15.2.9. If CONTRACTOR otherwise violates in any substantial way any provisions of the Contract Documents.

OWNER may after giving CONTRACTOR and his Surety seven (7) days' written notice, terminate the services of CONTRACTOR, exclude CONTRACTOR from the site and take possession of the Work and of all CONTRACTOR's tools, appliances, construction equipment and machinery at the site and demand the Surety to finish the Work by whatever methods he may deem expedient but subject to the approval of OWNER. The Surety shall use the same to the full extent they could be used by CONTRACTOR (without liability to CONTRACTOR for trespass or conversion), incorporate in the Work all materials and equipment stored at the site or for which OWNER has paid CONTRACTOR but which are stored elsewhere, and finish the Work as OWNER may require. In such case CONTRACTOR shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Price exceeds the direct and indirect costs of completing the Work, including compensation for additional professional services, such excess shall be paid to CONTRACTOR. If such costs exceed such unpaid balance, CONTRACTOR and the Surety shall be jointly and severally liable to pay the difference to OWNER. Such costs incurred by OWNER shall be incorporated in a Change Order, but in

finishing the Work OWNER shall not be required to accept the lowest figure for the Work to be performed by the Surety.

15.3. Where CONTRACTOR's services have been so terminated by OWNER, the termination shall not affect any rights of OWNER against CONTRACTOR or the Surety then existing or which may thereafter accrue. Any retention or payment of moneys due CONTRACTOR by OWNER will not release CONTRACTOR from liability.

15.4. Upon seven (7) days' written notice to CONTRACTOR and Surety, OWNER may, without cause and without prejudice to any other right or remedy, elect to abandon the Work and terminate the Agreement. In such case, CONTRACTOR shall be paid for all Work executed, any expense sustained plus reasonable termination expenses.

CONTRACTOR May Stop Work or Terminate:

15.5. If, through no act or fault of CONTRACTOR, the Work is suspended for a period of more than ninety (90) days by OWNER or under an order of court or other public authority, or ENGINEER fails to act on any Application for Payment within thirty (30) days after it is submitted, or OWNER fails for thirty days to pay CONTRACTOR any sum finally determined to be due, the CONTRACTOR may, upon seven (7) days' written notice to OWNER, terminate the Agreement and recover from OWNER payment for all Work executed and any expense sustained plus reasonable termination expenses. In addition and in lieu of terminating the Agreement, if ENGINEER has failed to act on an Application for Payment or OWNER has failed to make any payment as aforesaid, CONTRACTOR may upon seven (7) days' notice to OWNER stop the Work until payment of all amounts then due. The provisions of this paragraph shall not relieve CONTRACTOR of his obligations to carry on the Work in accordance with the progress schedule and without delay during disputes and disagreements with OWNER.

ARTICLE 16 - MISCELLANEOUS

Giving Notice:

16.1. Whenever any provision of the Contract Documents requires the giving of written notice it shall be deemed to have been validly given if delivered in person to the individual or to a member of the firm or to an officer of the corporation for whom it is intended, or if delivered at or sent by registered or certified mail, postage prepaid, to the last business address known to the giver of the notice.

Computation of Time:

16.2. When any period of time is referred to in the Contract Documents by days, it shall be computed to exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation.

General:

16.3. The duties and obligations imposed by these General Conditions and the rights and remedies available hereunder to the parties hereto, and, in particular but without limitation, the warranties, guarantees and obligations imposed upon CONTRACTOR by paragraphs 6.15, 13.1, 13.11, 13.14, 14.2, and 15.2, and all of the rights and remedies available to OWNER thereunder, shall be in addition to, and not in limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by law or contractor, by special warranty or guarantee or by other provisions of the Contract Documents, and the provisions of this paragraph shall be as effective as if repeated specifically in the contract Documents in connection with each particular duty, obligation, right and remedy to which they apply. All representations, warranties and guarantees made in the Contract Documents shall survive final payment and termination or completion of this Agreement.

Liquidated Damages:

16.4. OWNER and CONTRACTOR recognize that time is of the essence to complete this Project and that OWNER will suffer financial loss if the Work is not substantially complete within the time specified in Agreement, plus any extensions thereof allowed in accordance with Article 12. They also recognize the delays, expense and difficulties involved in proving in a legal proceeding the actual loss suffered by OWNER if the Work is not substantially complete on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER the amount stated in the Contract for each day that expires after the time specified in the Contract for Substantial Completion until the Work is substantially complete. After Substantial Completion, if CONTRACTOR shall neglect, refuse or fail to complete the remaining Work within the time specified in the Contract or any proper extension thereof granted by OWNER, CONTRACTOR shall pay the OWNER an amount equal to all actual expenses incurred by the OWNER as a direct result of the CONTRACTOR'S negligence, refusal, or failure to so complete the remaining Work. In the event the CONTRACTOR is terminated or abandons the Work prior to the scheduled date for final completion, the CONTRACTOR may be liable for both liquidated damages attributable to delay and for excess completion costs.

Reports of Investigations and Tests of Subsurface and Latent Physical Conditions:

16.5. Reports of investigations and tests of subsurface and latent physical conditions at the site or otherwise affecting cost, progress or performance of the work which have been relied upon by ENGINEER in preparing the Drawings and Specifications are as listed in the Supplementary Conditions. OWNER will make such reports available for inspection to any Bidder or copies may be obtained from the ENGINEER by the Bidder at reproduction cost. These reports are not guaranteed as to accuracy or completeness, nor are they part of the Contract Documents.

Performance of Work by CONTRACTOR:

16.6. Contract Assignment. The successful bidder (or bidders) will be required to perform the work as a prime contractor. CONTRACTOR shall not sublet, sell, transfer, assign or otherwise dispose of the contract or any portion thereof, or of his right, title, or interest therein. CONTRACTOR shall perform on the site and with his own organization work equivalent to not

less than fifty (50%) percent of the total dollar value of the work to be performed under this contract except that work designated in the Supplementary Conditions as specialty work may be performed by subcontractors and the cost of any such specialty work so performed by subcontracts may be deducted from the total contract amount before computing the amount of work required to be performed by CONTRACTOR with his own organization.

Limitation of Remedy and Liability:

16.7 Contractor and Owner expressly waive any claim for consequential damages against the other including but not limited to, a waiver of claims for diminished bonding capacity, loss of financing, loss of business reputation, lost profits on other projects or other lost opportunity damage claims.

Contractor expressly agrees that any claim (tort, contract, claim in equity, or otherwise) by Contractor for damages against Owner shall not exceed the total amount of the contract price, less any amounts actually paid to the Contractor by the Owner (or by an insurer of the Owner).

All liability of the City allegedly resulting from, arising out of or connected with this Agreement, or from the performance or breach thereof, shall terminate three years from the termination of this Agreement.

Waiver of Right to Jury Trial:

16.8 THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHT WHICH ANY PARTY MAY HAVE TO TRIAL BY JURY IN RESPECT OF ANY PROCEEDING, LITIGATION OR COUNTERCLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY. IF THE SUBJECT MATTER OF ANY LAWSUIT IS ONE IN WHICH THE WAIVER OF JURY TRIAL IS PROHIBITED, NO PARTY TO THIS AGREEMENT SHALL PRESENT AS A NON-COMPULSORY COUNTERCLAIM IN ANY SUCH LAWSUIT ANY CLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT. FURTHERMORE, NO PARTY TO THIS AGREEMENT SHALL SEEK TO CONSOLIDATE ANY SUCH ACTION IN WHICH A JURY TRIAL CANNOT BE WAIVED.

END OF SECTION

SECTION 00800 SUPPLEMENTARY CONDITIONS

The following supplements modify, change, delete from, or add to the General Conditions of the Construction Contract (Section 00700). Where any article of the General Conditions is modified or any paragraph, subparagraph or clause thereof is modified or deleted by these supplements, the unaltered provisions of that article, paragraph, subparagraph or clause shall remain in effect.

ARTICLE 16 - MISCELLANEOUS

Section 16.5 – Reports of Investigations and Test of Subsurface and Latent Physical Conditions

Add the following subparagraph:

- 16.5.1 The list of reports of investigations and tests of subsurface and latent physical conditions as referred to in General Conditions Section 16.5 are as follows:

None.

Add the following:

16.7 Minimum Requirements for the provision and maintenance of Payment and Performance Bonds, and Contractor's Insurance

In accordance with Resolution 2021-144 as it presently exists or may hereafter change, or applicable state, federal or local law, whichever is stricter, the following minimum requirements have been established:

A. Payment and Performance Bonds

1. Except as otherwise provided herein, the Contractor shall, prior to beginning performance, deliver to the City, and the City shall record in the public records of Volusia County, Florida, the Contractor's Payment and Performance Bond in an amount equal to the full amount of the Contract.
2.
 - (a) Payment and Performance Bonds shall not be required for any contract except those which are for the construction of a public building, for the prosecution and completion of a public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time) or for repairs upon a public building or public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time).
 - (b) With respect to those Contracts for which Payment and Performance Bonds are otherwise required:
 - i. Unless the City Manager, or designee, determines such Bond to be necessary to protect the interests of the City, no Contractor shall be

required to provide a Payment and Performance Bond for any Contract which is for \$25,000.00 or less.

- ii. Upon the request of the contractor, good cause shown by the Contractor, and a determination that the public health, safety and welfare will be sufficiently protected, the City Commission may exempt the contractor from the requirement of providing a Payment and Performance Bond for any Contract which is for more than \$25,000.00 but is less than \$200,000.00.
3. The Payment and Performance Bond shall list the Contractor as Principal and be issued by a surety insurer authorized to do business in Florida as a surety and listed as an acceptable surety in the Federal Register.
4. The Payment and Performance Bond shall be executed pursuant to Section 255.05, **Florida Statutes**, and be in a form substantially similar to the form set forth in Section 255.05(3), **Florida Statutes**.
5. The Payment and Performance Bond shall specifically provide coverage for delay damages due to a default by the Contractor.
6. The Payment and Performance Bond shall not make the Contract part of the Bond agreement.
7. In lieu of the Payment and Performance Bond, the Contractor may file with the Finance Director of the City, in an amount equal to the full amount of the Contract, cash, a money order, a certified check, a cashier's check, an irrevocable letter of credit, or a security of a type listed in Part II, Chapter 625, **Florida Statutes**.
8. In the event the surety on any Payment and Performance Bond furnished by the Contractor is declared bankrupt or becomes insolvent, or its right to do business in the State of Florida is terminated, the Contractor shall, within five (5) working days thereafter, substitute another Payment and Performance Bond and surety acceptable to the City.
9. The Contractor is totally and solely responsible for keeping its surety informed as to the Base Contract Price as bid, significant changes in the Project Scope, and the overall progress and completion of the Project for the entire life of the Contract.
10. The payment and performance bond requirements stated herein above shall not be applicable to service-related contracts unless otherwise determined by the City Manager in order to protect the health, safety and welfare of the general public.

B. Contractual Provisions Relative to Risk Management

All contracts for any public works to be performed, and service-related contracts, for or on behalf of the City shall include at a minimum, the following, or substantially similar, provisions:

1. Hold Harmless and Indemnity

The Contractor agrees to assume liability for and indemnify, hold harmless, and defend the City, its commissioners, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor, its agents, officers, contractors, subcontractors, employees, or anyone else employed or utilized by the Contractor in the performance of this Contract. The Contractor's liability hereunder shall include all attorney's fees and costs incurred by the City in the enforcement of this provision.

2. Payment on Behalf of City

The Contractor shall pay all costs of the City's legal defense, as may be selected by the City, for all claims described in the Hold Harmless paragraph.

Such payment on behalf of the City shall be in addition to any and all other legal remedies available to the City and shall not be considered to be the City's exclusive remedy.

3. Loss Control/Safety

Precaution shall be exercised at all times by the Contractor for the protection of all persons, including employees and property. The Contractor shall comply with all applicable laws, regulations and ordinances related to safety and health, shall make special efforts to detect hazardous conditions, and shall take prompt action when loss control/safety measures are reasonably necessary.

The City may order work to be stopped if conditions exist that present an immediate danger to persons or property. The Contractor acknowledges that such work stoppage will not shift responsibility for any damages from the Contractor to the City.

4. Service Bond

For Service-related contracts only, the City may require the Contractor to secure a service bond with a minimum \$25,000 coverage limit for the period of the service agreement. The service bond covers dishonest acts of the contractor's employees against the City. A copy of the bond shall be provided to the City when the agreement commences.

Service-related contracts include and are not limited to businesses providing janitorial, pest control, general repair, security, carpet cleaning, locksmith,

temporary employment, painting, moving services or other contracts as determined in the discretion of the Risk Manager as necessary to minimize loss.

C. Contractor's Insurance

1. General

The Contractor, including service-related contractors, shall purchase and maintain for the entire life of the Project, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under the Contract Documents, whether such operations be by the Contractor, by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City. The Contractor is responsible for the amount of any deductible or self-insured retention.

2. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include and not limited to the following:

- (a)** Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

- \$100,000 Each Accident Bodily Injury by Accident
 - \$100,000 Each Employee Bodily Injury by Disease
 - \$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

- (b) Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):
- a. Premises, Operations, Products and Completed Operations
 - b. Owners' & Contractors' Protective
 - c. Products & Completed Operation
 - d. Explosion, Collapse & Underground Conditions
 - e. Blanket Contractual Liability
 - f. Personal Injury Liability
 - g. Broad Form Property Damage Endorsement, including Completed Operations
 - h. Independent Contractors
 - i. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
 - j. Pollution Liability (if applicable)
 - k. Asbestos Abatement (if applicable)
 - l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less and not limited to the following amounts:

Limits (not less than)

\$1 Million Each Occurrence

\$2 Million General Aggregate

\$1 Million Aggregate Products & Completed Operations

NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

- (c) Automobile Liability Insurance is required if an Automobile(s) is used in the performance of the contract.

ISO Symbol 1 (Any Auto), or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos), and limits shall be no less than:

\$1 Million	Combined Single Limit for Bodily Injury and Property Damage
-------------	--

(d) Excess Liability

For contracts \$250,000 or greater an Excess Liability Policy of at least but not limited to \$1,000,000 in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention not to exceed \$25,0000 per occurrence.

(e) Builder's Risk

Contractor shall purchase Builder's Risk Insurance for any contracts that are deemed to be vertical construction on an All-Risk policy, and shall also include coverage for wind, hail, and named storm. Limits of coverage shall be at least and not limited to the value of the project.

**(f) Professional Liability, Malpractice and/or Errors and Omissions
(N/A for construction contracts)**

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of \$1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

D. Requirements for Certificates of Insurance

1. With the execution of the Contract Documents, the Contractor, including service-related contractors, shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain an endorsement that the coverage under the policies will not be canceled, non-renewed or materially changed until at least thirty (30) days' prior written notice of such cancellation, non-renewal or change (except for nonpayment of premium, which shall be ten (10) days) and a copy of the cancellation endorsement signed by an authorized representative of the insurer, be given to the City. The contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM

25-S (7/90), or its successor form, and shall be made a part of the Contract Documents.

2. New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.
3. If requested by the City, the contractor shall immediately furnish complete copies of the Contractor's insurance policies, forms and endorsements.
4. For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
5. If the Contractor fails to obtain and maintain for the life of the Project the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Contract.

E. Policies of Insurance

1. Except as otherwise provided in this Exhibit, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-), in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.
2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carrier; written confirmation is required.
3. All policies of insurance or certificates thereof referred to in this Exhibit shall be deposited with the City Clerk.
4. The City shall be named an Additional Insured on General Liability including products and completed operations and Automobile Liability policies of insurance and certificates thereof.

END OF SECTION

LIEN WAIVER

The undersigned does hereby certify that through _____, 20____, the undersigned has performed labor and/or furnished materials for the construction of the _____ located at _____ owned by _____, at a price of \$_____, and in consideration of the payment to the undersigned of such sum, the receipt of which is hereby acknowledged, the undersigned does hereby release and waive all liens and claims to liens which the undersigned may have as a result of the performance of such labor and/or the furnishing of such materials, and that the undersigned has paid in full for all materials purchased by the undersigned in connection with such project and for all labor furnished by the undersigned in connection with such project. The undersigned further certifies that the last date on which the undersigned furnished such labor and/or materials was _____, 20_____.

said County and State

SECTION 01010 SUMMARY OF WORK

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

Work Covered by Contract Documents:

Work under this Contract is described as: **PUBLIC WORKS GENERATOR
Bid Number 2026-12**

The Work consists of: Furnish and install a 160 kW diesel generator with sound attenuated enclosure, automatic transfer switch and new electric service equipment at the City's Public Works facility.

The Specification Divisions and Drawings are an integrated part of the Contract Documents and as such will not stand alone if used independently as individual Sections, Divisions or Drawings sheets.

The Specifications and Drawings establish minimum standards of quality for this project. They do not purport to cover all details entering into the design and construction of materials or equipment.

The CONTRACTOR is advised that the equipment arrangements as shown on the drawings may vary with different manufacturers and the CONTRACTOR is responsible at no cost to the OWNER for making the changes necessary to accommodate the specific equipment installed.

Omission of a specific item or component part of a system obviously necessary for the proper functioning of the system shall not relieve the CONTRACTOR of the responsibility of furnishing the item as part of the work at no additional cost to the OWNER.

Contracts:

Construct work under a single, lump sum price contract.

1.02 QUALITY ASSURANCE

Laws and Regulations:

The CONTRACTOR shall give all notices and comply with all laws, ordinances, rules and regulations applicable to the work. If the CONTRACTOR observes that the Specifications or Drawings are at variance therewith, the CONTRACTOR shall give the ENGINEER prompt written notice thereof, and any necessary changes shall be adjusted by an appropriate modification. If the CONTRACTOR performs any work knowing or having reason to know that it is contrary to such laws, ordinances, rules and regulations, and without such notice to ENGINEER, the CONTRACTOR shall bear all costs arising therefrom; however, it shall not be the CONTRACTOR's primary responsibility to make certain that the Specifications and Drawings are in accordance with such laws, ordinances, rules and regulations.

1.03 JOB CONDITIONS

Taxes:

The CONTRACTOR shall pay all sales, consumer, use and other similar taxes required to be paid by him in accordance with the law of the place of the project.

Permits and Business Tax Receipts:

The CONTRACTOR shall obtain and pay for all construction permits and business tax receipts. The OWNER shall assist the CONTRACTOR, when necessary, in obtaining such permits and business tax receipts. The CONTRACTOR shall provide OWNER with copies of all permits prior to commencing work.

The CONTRACTOR shall pay all charges of utility service companies for connections to the work, and the OWNER shall pay all charges of such companies for capital costs related thereto.

It shall be the responsibility of the CONTRACTOR to verify the existence of all necessary permits and business tax receipts prior to the start of work. The OWNER will obtain permits involving interagency agreements, i.e., State Highway Crossing Permits, Railroad Crossing Permits, and similar permits.

Fees for building permits and impact fees are the responsibility of CONTRACTOR.

The CONTRACTOR and each Subcontractor must be Registered with Volusia County or with the City of Ormond Beach. Requirements for registering a business are as follows:

STATE CERTIFIED CONTRACTORS

1. Register with Volusia County Contractor Licensing (386-248-8158)

OR

2. Provide City with:
Copy of local business tax receipt (where your business is located)
Copy of State License (if applicable)
Certificate of Insurance

For additional information regarding registration, permits or business tax receipts, please call: (386) 610-0540

Labor, Materials and Equipment:

The CONTRACTOR shall provide competent, suitably qualified personnel to survey and lay out the work and perform construction as required by the Contract Documents. The CONTRACTOR shall at all times maintain good discipline and order at the site. Except in connection with the safety or protection of persons or the work or property at the site or adjacent thereto, and except as otherwise indicated in the Supplementary Conditions, all work at the site shall be performed during regular working hours, and the CONTRACTOR will not permit overtime work or the performance of work

on Saturday, Sunday or any legal holiday without the OWNER's written consent given after prior written notice to the ENGINEER.

Unless otherwise shown, the CONTRACTOR shall furnish all materials, equipment, labor transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water and sanitary facilities and all other facilities and incidentals necessary for the execution, testing, initial operation and completion of the work.

The CONTRACTOR shall be responsible for all materials furnished by him and shall replace at his own expense all such material found to be defective in manufacture or damaged in handling. This shall include the furnishing of all material and labor required for the replacement of installed material discovered defective prior to the final acceptance of the work.

Contractor Use of Premises:

The CONTRACTOR shall confine construction equipment, the storage of materials and equipment and the operations of workmen to areas permitted by law, ordinances, permits or the requirements of the Contract Documents, and shall not unreasonably encumber the premises with construction equipment or other materials or equipment.

The CONTRACTOR shall not enter upon private property for any purpose without first securing the permission of the property owner in writing and furnishing the ENGINEER with a copy of said permission. This requirement will be strictly enforced, particularly with regard to such vacant properties as may be utilized for material storage.

The CONTRACTOR shall conduct his work in such a manner as to avoid damage to adjacent private or public property. Any damage to existing structures or work of any kind, including permanent reference markers or property corner markers, or the interruption of utility service, shall be repaired or restored promptly at no additional expense to the OWNER.

The CONTRACTOR shall preserve and protect all existing vegetation such as trees, shrubs and grass on or adjacent to the site which do not reasonably interfere with the construction, as determined by the ENGINEER. The CONTRACTOR will be responsible for all unauthorized cutting or damaging of trees and shrubs, including damage due to careless operation of equipment, stockpiling of materials or tracking of grass by equipment. The CONTRACTOR will be liable for, or will be required to replace or restore at no additional expense to the OWNER, all vegetation not protected or preserved as required herein that may be destroyed or damaged.

The CONTRACTOR will not be required to move or remove any utilities except as specifically required by the Drawings and Specifications.

During the progress of the work, the CONTRACTOR shall keep the premises free from accumulations of waste materials, rubbish and other debris resulting from work. At the completion of the work, the CONTRACTOR shall remove all waste materials, rubbish and debris from and about the premises as well as all tools, appliances, construction equipment and machinery, and surplus materials, and shall leave the site clean and ready for occupancy by the OWNER. The CONTRACTOR shall restore to their original condition those portions of the site not designated for alteration by the Contract Documents.

The CONTRACTOR shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall the CONTRACTOR subject any part of the work or adjacent property to stresses or pressures that will endanger it.

Subsurface Reports:

None.

Notification of Construction:

The CONTRACTOR shall notify, in writing, all residents and businesses adjacent to the project work area of pending construction no later than 48 hours prior to commencement of actual construction. Copies of the written Notice shall be provided to the ENGINEER for approval of wording prior to public distribution.

Notification of Street Closure:

The CONTRACTOR is required to obtain permission from the City Engineer prior to initiating street closures.

In the event a street closure is required, the CONTRACTOR shall notify, in writing, all emergency services and agencies, residents and businesses directly effected by any partial or full street closure caused by the construction no later than 48 hours prior to actual closure.

Below is a list of the agencies that are required to be notified in the event of a street closure:

<u>Agency:</u>	<u>Contact phone number:</u>
EVAC Ambulance Service	(386) 252-4911
Ormond Beach City Hall	(386) 610-0400
Ormond Beach Fire Dept. Administration	(386) 229-7090
Ormond Beach Police Dept.	(386) 229-7120
Ormond Beach Public Works Department	(386) 610-0700
Ormond Beach Postmaster (US Postal Service)	(386) 676-0693
Volusia County School Board - Transportation	(386) 258-4677
Volusia County VOTRAN	(386) 756-7496

If a **County** or **State Road** is to be closed, add the following agencies to the list:

Volusia County Department of Public Works	(386) 239-6535
Volusia County Emergency Management	(386) 254-1500
Volusia County Fire Services	(386) 254-4657
Florida Highway Patrol Dispatch	(407) 737-2200

If the closure will last longer than 5 days, the CONTRACTOR shall also notify the general public of such closures by placing an advertisement in the "Area" section of the local newspaper no later than 48 hours prior to the closure. The advertisement shall include information describing the extent of the closure (i.e. between which streets; detour routes, etc.), the date the closure will begin,

and estimated date the road will be reopened. Provide a copy of the proposed notification, for approval by the ENGINEER, before placing the advertisement.

The CONTRACTOR shall maintain full compliance with the traffic regulations found in Paragraph 1.06, Section 01500 of this Contract.

Contractor's Hours of Operation:

Except in the event of an emergency, no work shall be done between the hours of 7:00 P.M. and 7:00 A.M., or on Saturdays and Sundays. If the proper and efficient execution of the work requires operations during the night or on week-ends, the written permission of the ENGINEER shall be obtained prior to starting such items of the work.

PART 2 - PRODUCTS

(Not Applicable)

PART 3 - EXECUTION

(Not Applicable)

END OF SECTION

SECTION 01025 MEASUREMENT AND PAYMENT

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

This section defines the method which will be used to determine the quantities of work performed or materials supplied and establishes the basis upon which payment will be made.

1.02 ESTIMATED QUANTITIES

Where quantities are shown they are approximate and are given only as a basis of calculation upon which the award of the Contract is to be made. OWNER or ENGINEER do not assume any responsibility that the final quantities, nor shall CONTRACTOR claim misunderstanding because of such estimate of quantities. Final payment will be made only for the satisfactorily completed quantity of each item.

1.03 MEASUREMENT STANDARDS

All work completed under the Contract shall be measured according to United States Standard Methods.

1.04 METHOD OF MEASUREMENT

Measurement of Length:

Unless otherwise specified for the particular items involved, all measurements of distance for items to be paid for on the basis of length shall be taken horizontally or vertically.

Measurement of Area:

In the measurement of items paid for on the basis of area of finished work, the lengths and/or widths to be used in the calculations shall be the actual dimensions measured along the surface of the completed work within the neat lines shown or designated. At intersections, the measurement used for length of side area will be measured from the outside edge of the width allowed along the main trench.

1.05 PAYMENT

Lump Sum Items:

Where payment for items is shown to be paid for on a lump sum basis, no separate payment will be made for any item of work required to complete the lump sum item within the limits of work shown or specified.

Unit Price Items:

Where payment for items is shown to be paid for on a unit price basis, separate payment will be made for the items of work described herein and listed on the Bid Form. Any related work not specifically listed, but required for satisfactory completion of the work, shall be considered to be included in the scope of the appropriate listed work items.

1.06 COSTS INCLUDED IN PAYMENT ITEMS

No separate payment will be made for the following items and the cost of such work shall be included in the applicable pay items of work.

- Clearing and grubbing (including disposal of material).
- Trench excavation, including necessary pavement removal and removal of vegetative surfaces.
- Dewatering and disposal of surplus water.
- Structural fill, backfill, and grading.
- Replacement of unpaved roadways, grass and shrubbery plots.
- Cleanup.
- Foundation and borrow materials, except as hereinafter specified.
- Testing and placing system in operation.
- Any material and equipment required to be installed and utilized for tests.
- Pipe, structures, pavement replacement, restoration and/or appurtenances included within the limits of lump sum work, unless otherwise shown.
- Maintaining or detouring of the traffic.
- Appurtenant work as required for a complete and operable system.
- Surface restoration including removal and replacement of trees (under 4-inch diameter), shrubs, and sod disturbed by construction activities.
- Relocation and/or replacement of irrigation systems disturbed by construction.
- Relocation and/or replacement of mail boxes disturbed by construction.
- Furnishing adequate sanitary facilities for workers.
- Adjustment of valve boxes.
- Supporting of existing utilities during construction

Cleanup:

CONTRACTOR's attention is called to the fact that cleanup is considered a part of the work of construction. No payment will be made until cleanup is essentially complete.

At the end of each week of construction, the CONTRACTOR shall perform cleaning of the work site, to the satisfaction of the Owner, before proceeding to the next week's scheduled work.

Work Outside Authorized Limits:

No payment will be made for work constructed outside the authorized limits of work.

1.07 APPLICATIONS FOR PAYMENT

Applications for payment shall be prepared by the CONTRACTOR and submitted to the ENGINEER in accordance with the schedule established by the Conditions of the Contract and the Agreement. The applications for payment shall be submitted in the number and form established by the ENGINEER at the Preconstruction Conference. The form shall be completely filled out and executed by an authorized representative of the CONTRACTOR. Supporting data such as schedules of stored materials shall be attached to each copy of the application.

1.08 CHANGE ORDER PROCEDURE

As defined in the General Conditions, a Change Order is a written order to the CONTRACTOR signed by the OWNER authorizing an addition, deletion or revision in the Work, or an adjustment in the Contract Price or the Contract Time which is issued after the execution of the Agreement.

The following procedure shall be used in processing Change Orders:

For Additions to the Work:

The OWNER shall issue a written order to the CONTRACTOR directing him to accomplish the additional work. The CONTRACTOR shall review the order and if he feels that the additional work entitles him to additional payment or additional time, he may submit a claim as prescribed in the Conditions of the Contract.

For Deletions From the Work:

The OWNER shall issue a written order to the CONTRACTOR directing him to make the change. If the OWNER feels that the Contract price should be reduced as a result of the change, the OWNER shall make a claim for the reduction as provided in the Conditions of the Contract.

Cost of the changes in the work shall be determined in accordance with the requirements spelled out in the Conditions of the Contract. Modifications to incorporate the changes in cost will be made as the amount of any change is determined.

PART 2 - PRODUCTS

(Not Applicable)

PART 3 - EXECUTION

3.01 BID ITEMS

Bid Item No. 1 Mobilization/Demobilization

Definition. Mobilization shall be the preparatory work and operations in mobilizing for beginning work on the project, including, but not limited to, those operations necessary for the movement of personnel, equipment, supplies and incidentals to the project site, and for the establishment of temporary offices, buildings, safety equipment and first aid supplies, sanitary and other facilities, as required by the Contract Documents and applicable laws and

regulations. The cost of bonds, required insurance, permits and any other preconstruction expense necessary for the start of work, excluding the cost of construction materials, shall also be included in this item. Demobilization shall be the work of removing temporary facilities from the site.

Payment. Partial payments for this item will be made in accordance with the following schedule:

<u>Percent of Original Contract Amount Earned</u>	<u>Allowable Percent of the Lump Sum Price for the Item</u>
Contract Approval	25
10	50
25	75
50	100

These payments will be subject to the standard retainage provided in the agreement. Payment of the retainage will be made after successful completion of the work and demobilization.

Bid Item No. 2 General Conditions

Payment for general conditions shall be made at the Contract lump sum price and shall include the CONTRACTOR's overhead costs related specifically to this Contract.

Bid Item No. 3 Demolition

Payment for demolition shall be made at the Contract lump sum price as specified in the Contract Documents, and shall be full compensation for all labor, material and equipment required to do the Work. Payment includes demolition, removal from site and proper disposal of all materials required to construct the Project, as noted on the Drawings, and shall be full compensation for all labor, material and equipment required to do the work, unless covered in other Bid Items. No extra payment will be allowed for demolition greater than that necessary to complete the Work, unless directed by the OWNER or OWNER's representative.

Bid Item No. 4 Furnish and Install Generator

Payment for Furnish and Install Generator shall be made at the Contract lump sum price placed and accepted, as specified in the Contract Documents, and shall be full compensation for all labor, material and equipment required to do the Work. Payment includes forming and pouring concrete pad, purchasing and transporting generator to site, rigging and mounting, startup and testing by a factory authorized representative, and all wiring and connections, unless covered in other Bid Items. No extra payment will be allowed for repair and/or replacement of damaged and/or defective parts or pieces, or for adjustments, disassembly, and/or reassembly required to achieve an acceptable final product as determined by the manufacturer's requirements and project manual unless directed by the OWNER or OWNER's representative.

Bid Item No. 5 **Furnish and Install Automatic Transfer Switch**

Payment for Furnish and Install Automatic Transfer Switch (ATS) shall be made at the Contract lump sum price placed and accepted, as specified in the Contract Documents, and shall be full compensation for all labor, material and equipment required to do the Work. Payment includes purchasing and transporting ATS to site, mounting, startup and testing by a factory authorized representative, unless covered in other Bid Items. No extra payment will be allowed for repair and/or replacement of damaged and/or defective parts or pieces, or for adjustments, disassembly, and/or reassembly required to achieve an acceptable final product as determined by the manufacturer's requirements and project manual unless directed by the OWNER or OWNER's representative.

Bid Item No. 6 **Furnish and Install Electrical Equipment and Wiring**

Payment for Furnish and Install Electric Equipment and Wiring shall be made at the Contract lump sum price placed and accepted, as specified in the Contract Documents, and shall be full compensation for all labor, material and equipment required to do the Work. Payment includes purchasing, installing and wiring all electrical cabinets and panels, and coordination for electric service connections and shutdowns with FP&L and OWNER, unless covered in other Bid Items. No extra payment will be allowed for repair and/or replacement of damaged and/or defective parts or pieces, or for adjustments, disassembly, and/or reassembly required to achieve an acceptable final product as determined by the manufacturer's requirements and project manual unless directed by the OWNER or OWNER's representative.

Bid Item No. 7 **Furnish and Install Fence**

Payment for Furnish and Install Fence shall be made at the Contract lump sum price placed and accepted, as specified in the Contract Documents, and shall be full compensation for all labor, material and equipment required to do the Work. Payment includes purchasing and installing fence and all related components including concrete footers, posts, gates, and hardware, unless covered in other Bid Items. No extra payment will be allowed for repair and/or replacement of damaged and/or defective parts or pieces, or for adjustments, disassembly, and/or reassembly required to achieve an acceptable final product as determined by the manufacturer's requirements and project manual unless directed by the OWNER or OWNER's representative.

Bid Item No. 8 **Site Work**

Payment for Site Work shall be made at the Contract lump sum price placed and accepted, as specified in the Contract Documents, and shall be full compensation for all labor, material and equipment required to do the Work. Payment includes clearing and grubbing the site, site restoration, and sod, unless covered in other Bid Items. No extra payment will be allowed for repair and/or replacement of damaged and/or defective parts or pieces, or for adjustments, disassembly, and/or reassembly required to achieve an acceptable final product as determined by the manufacturer's requirements and project manual unless directed by the OWNER or OWNER's representative.

Bid Item No. 9**Miscellaneous Allowances**

An allowance is established to reimburse costs associated with fees, inspections, and related expenses for the Public Works Generator project. This will be paid at actual cost. Allowance can also be used to fund Owner approved items at actual cost. Allowances shall only be used based upon prior, written approval from the Owner and Engineer.

END OF SECTION

SECTION 01040 COORDINATION

PART 1 - GENERAL

1.01 PROJECT COORDINATION

A. The Contractor shall provide for the complete coordination of the construction efforts. This shall include, but not necessarily be limited to, coordination of the following:

1. the work of subcontractors
2. the flow of material and equipment from suppliers
3. the interrelated work with public utilities companies
4. the interrelated work with the Owner where tie-ins to existing facilities are required
5. the effort of independent testing agencies.

B. The Contractor will be allowed the widest practicable latitude in establishing his work plan. Contractor shall submit a plan of work to Owner and Engineer.

1.02 CUTTING AND PATCHING

A. The Contractor shall do all cutting, fitting and patching of his work that may be required to make its several parts come together properly and integrate with such other work. The Contractor shall not endanger any work of others by cutting, excavating or otherwise altering their work and will only cut or alter their work with the written consent of the Engineer and the others whose work will be affected.

PART 2 - MATERIALS AND EQUIPMENT

(Not Applicable)

PART 3 - EXECUTION

(Not Applicable)

END OF SECTION

SECTION 01050 FIELD ENGINEERING

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

The Contractor shall provide and pay for field engineering service required for the project. Such work shall include survey work to establish lines and levels and to locate and lay out site improvements, structures, and controlling lines and levels required for the construction of the work. Also included are such Engineering services as are specified or required to execute the Contractor's construction methods. Engineers and Surveyors shall be licensed professionals under the laws of the state where the project is located.

1.02 GRADES, LINES AND LEVELS

Existing basic horizontal and vertical control points for the project are those designated on the Drawings. The Contractor shall locate and protect control points prior to starting site work and shall preserve all permanent reference points prior to starting site work and shall preserve all permanent reference points during construction. In working near any permanent property corners or reference markers, the Contractor shall use care not to remove or disturb any such markers. In the event that markers must be removed or are disturbed due to the proximity of the construction work, the Contractor shall have them referenced and reset by a Land Surveyor qualified under the laws of the state of the project.

1.03 LAYOUT DATA

The Contractor shall lay out the work at the location and to the lines and grades shown on the Drawings. Survey notes indicating the information and measurements used in establishing locations and grades shall be kept and furnished with the record drawings for the project.

PART 2 - PRODUCTS

(Not Applicable)

PART 3 - EXECUTION

(Not Applicable)

END OF SECTION

01050-1

SECTION 01065
PERMITS AND FEES

PART 1 – GENERAL

1.01 DESCRIPTION

- A. Scope of Work: Obtain and pay for all permits and licenses including, but not limited to, all construction and Right-of-Way utilization permits.
- B. Permits by CONTRACTOR: CONTRACTOR will apply for and CONTRACTOR will pay for the following permits:

City of Ormond Beach Planning (SPRC), Building and Electrical Permits.

PART 2 – PRODUCTS (NOT USED)

PART 3 – EXECUTION (NOT USED)

END OF SECTION

SECTION 01200 PROJECT MEETINGS

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

Project meetings shall be scheduled as needed throughout the progress of the work. Those responsible for scheduling the meetings shall prepare the agenda, distribute written notice of each meeting not less than four days in advance of the meeting date, make physical arrangements for the meeting, preside at the meeting, record the minutes (include all significant proceedings and decisions), and reproduce and distribute copies of the minutes to all participants, all parties affected by decisions made, and the Engineer.

Representatives attending the meetings shall be qualified and authorized to act on behalf of the entities they represent.

1.02 PRE CONSTRUCTION CONFERENCE

Before the Contractor starts the work at the site, the Engineer will schedule a preconstruction conference which will be held for review and acceptance of the schedules referred to in Section 01300, to establish procedures for handling shop drawings and other submittals and for processing Applications for Payment, and to establish a working understanding among the parties as to the work.

The date for the start of construction shall be established at this conference.

PART 2 - PRODUCTS

(Not Applicable)

PART 3 - EXECUTION

(Not Applicable)

END OF SECTION

01200-1

SECTION 01300 SUBMITTALS

PART 1 - GENERAL

1.01 DESCRIPTION OF REQUIREMENTS

The type of submittal requirements specified in this section include the following:

- Progress Schedules and Reports
- Product Data
- Shop Drawings
- Manufacturer's Data
- Miscellaneous

Submittals shall be clear and legible, printed or typed. Submittals received that are not so, shall be returned to be resubmitted when in legible form.

1.02 PROGRESS SCHEDULES AND REPORTS

Within 10 days after the effective date of the Agreement, the Contractor shall submit to the Engineer for review and acceptance an estimated progress schedule indicating the starting and completion dates of the various stages of the work, a preliminary schedule of shop drawing submissions, and a preliminary schedule of values of the work. Include subschedules of related activities which are essential to its progress.

Revised schedules shall be submitted periodically as changes become apparent.

Unless other format or use of a network analysis system is required, schedules shall be prepared in the form of a horizontal bar chart. A separate horizontal bar shall be provided for each trade or operation. The first work day of each week shall be identified on the horizontal time scale. Scale and spacing will be such as to allow space for notations and revisions.

Schedules shall show the complete sequence of construction by activity with dates for the beginning and completion of each major element of construction. Projected percentage of completion for each item as of the first day of each month shall be shown.

Progress Reports:

The Contractor shall prepare and submit a monthly progress report. The report shall indicate the progress at the date of submission of each activity shown on his progress schedule. It shall show changes occurring since previous submissions, activities modified since previous submissions, and revised projections of progress and completion. The submittal shall include a narrative report to define: problem areas, anticipated delays, and the impact on the schedule, and corrective action recommended and its effect.

1.03 PRODUCT DATA (Shop Drawings and Manufacturer's Data)

The Contractor shall prepare and submit to the Engineer a schedule of the shop drawings, product data and samples which are required for the work together with anticipated submittal time. Any drawings which require critical timing for maintaining delivery or construction schedules shall be so noted. Shop drawing submittal schedule shall be coordinated with the requirements of construction progress schedules.

Those submittals required under various sections of the specifications, but not listed on the Contract Submittal List shall be submitted as "RECORD SUBMITTALS" and given to the Engineer along with the Record Drawings as specified in Section 01700 - Contract Closeout.

Product data submitted for substitutions shall be handled as specified in Section 01630 - Substitutions and Product Options.

Definitions:

Work-related submittals of this section are categorized for convenience as follows:

Shop drawings include specially-prepared technical data for this project, including drawings, diagrams, performance curves, data sheets, schedules, templates, patterns, reports, calculations, instructions, measurements and similar information not in standard printed form for general application to several projects.

Product data include standard printed information on materials, products and systems; not specially-prepared for this project, other than the designation of selections from among available choices printed in the information.

Miscellaneous submittals related directly to the work (non-administrative) include warranties, maintenance agreements, workmanship bonds, project photographs, survey data and reports, physical work records, quality testing and certifying reports, copies of industry standard, record drawings, field measurement data, operating and maintenance materials, overrun stock, and similar information, devices and materials applicable to the work and not processed as shop drawings, product data or samples.

1.04 GENERAL SUBMITTAL REQUIREMENTS

After checking and verifying all field measurements, the Contractor shall submit to the Engineer for review and approval, in accordance with the accepted schedule of shop drawing submissions, five copies of all shop drawings, which shall have been checked by and stamped with the approval of the Contractor and identified as the Engineer may require. The data shown on the shop drawings will be complete with respect to dimensions, design criteria, materials of construction and like information to enable the Engineer to review the information as required.

The Contractor shall also submit to the Engineer for review and approval with such promptness as to cause no delay in work, all samples required by the Contract Documents. All samples will have

been checked by and stamped with the approval of the Contractor, identified clearly as to material, manufacturer, and pertinent catalog numbers and the use for which intended. At the time of each submission, the Contractor shall, in writing, call the Engineer's attention to any deviations that the shop drawings or samples may have from the requirements of the Contract Documents.

The Engineer will review and approve with reasonable promptness shop drawings and samples, but the Engineer's review and approval shall be only for conformance with the design concept of the project and for compliance with the information given in the Contract Documents and shall not extend to means, methods, sequences, techniques or procedures of construction or to safety precautions or programs incident to the work. The review and approval of a separate item as such will not indicate approval of the assembly in which the item functions. The Contractor shall make any corrections required by the Engineer and shall return the required number of corrected copies of shop drawings and resubmit new samples for review and approval. The Contractor shall direct specific attention, in writing, to revisions other than the corrections called for by the Engineer on previous submittals. The Contractor's stamp of approval on any shop drawing or sample shall constitute a representation to the Owner and the Engineer that the Contractor has either determined and verified all quantities, dimension, field construction criteria, materials, catalog numbers, and similar data or assumes full responsibility for doing so, and that the Contractor has reviewed or coordinated each shop drawing or sample with the requirements of the work and the Contract Documents.

Where a shop drawing or sample is required by the Specifications, no related work shall be commenced until the submittal has been reviewed and approved by the Engineer.

The Engineer's review and approval of shop drawings or samples shall not relieve the Contractor from responsibility for any deviations from the Contract Documents unless the Contractor has in writing called the Engineer's attention to such deviations at the time of submission and the Engineer has given written concurrence and approval to the specific deviation, nor shall any concurrence or approval by the Engineer relieve the Contractor from responsibility for errors or omissions in the shop drawings.

Systems to be submitted in the shop drawing submittal shall include but not necessarily be limited to:

1. Each item of equipment and/or materials listed in the project equipment and material schedules;

Certifications:

Whenever a standard of quality is established by a reference specification, the Contractor shall submit a certificate by the manufacturer that the material supplied meets the requirements of both the project and reference specification.

Schedule of Values:

At least 10 days prior to submitting the first Application for a progress payment, the Contractor shall submit to the Engineer a schedule of values of the work. This schedule shall be satisfactory in form and substance to the Engineer. The schedule of values shall include quantities and unit prices aggregating the contract price, and shall subdivide the work into component parts in sufficient detail to serve as the basis for progress payments during construction. Upon acceptance of the schedule of values by the Engineer, it shall be incorporated into a form of Application for Payment acceptable to the Engineer.

Where estimated quantities and unit prices are shown in the Bid Form as the basis of payment, the quantities shown in the Bid Form are approximate and are given only as a basis of calculation upon which the award of the contract is to be made. The Owner or Engineer do not assume any responsibility that the final quantities will remain in accordance with estimated quantities, nor shall the Contractor claim misunderstanding or deception because of such estimate of quantities. Final payment will be made on the basis of the actual completed quantities of each item.

PART 2 - PRODUCTS

(Not Applicable)

PART 3 - EXECUTION

(Not Applicable)

END OF SECTION

**SECTION 01340
SHOP DRAWINGS**

PART 1 -GENERAL

1.01 REQUIREMENTS INCLUDED

- A. The Contractor shall submit to the Engineer for review and approval, such working drawings, shop drawings, test reports and data on materials and equipment, and certificates and affidavits as are required for the proper control of work, including but not limited to those working drawings, shop drawings, data and samples for materials and equipment specified elsewhere in the Specifications and in the Contract Drawings.
- B. Within twenty (20) calendar days after the effective date of the agreement, The Contractor shall submit to the Engineer a complete materials list of preliminary data on items for which shop drawings are to be submitted. Included in this materials list shall be the names of all proposed manufacturers furnishing specified items. Review of this list by the Engineer shall in no way be expressed or implied relief to the Contractor from submitting complete shop drawings and providing material, equipment, etc., fully in accordance with the specifications. This procedure is required in order to expedite final review of shop drawings.
- C. The Contractor shall maintain an accurate updated submittal log and will bring this log to each scheduled progress meeting with the Owner and the Engineer. This log shall include the following items:
 - 1. Submittal – Description and Number assigned.
 - 2. Date to Engineer
 - 3. Date returned to Contractor (from Engineer).
 - 4. Status of Submittal (Approved, Approved as Noted, Not Approved/Resubmit).
 - 5. Date of resubmittal and return (as applicable).
 - 6. Date material release (for fabrication).
 - 7. Projected date of fabrication.
 - 8. Projected date of delivery to site.
 - 9. Status of O&M manuals submitted.
 - 10. Specification Section.
 - 11. Drawings Sheet Number.

1.02 CONTRACTOR'S RESPONSIBILITY

- A. It is the duty of the Contractor to check all drawings, data and samples prepared by or for him before submitting them to the Engineer for review. Each and every copy of the drawings and data shall bear Contractor's stamp and signature showing that they have been so checked. Shop drawings submitted to the Engineer without the Contractor's stamp and signature will be returned to the Contractor for conformance with this requirement. Shop drawings shall indicate any deviations in the submittal from requirements of the Contract Documents. If the Contractor takes exception to the specifications, the Contractor shall note the exception in the letter of transmittal to the Engineer. Shop drawings submittals shall not be used as a vehicle for requesting approval of substitute or alternative equipment and materials. Substitution requests will be considered only when submitted in accordance with the applicable provisions of Section 01600.
- B. Determine and Verify:
 - 1. Field measurements
 - 2. Field construction criteria
 - 3. Catalog numbers and similar data
 - 4. Conformance with Specifications
- C. The Contractor shall furnish the Engineer a schedule of Shop Drawing submittals fixing the respective dates for the submission of shop and working drawings, the beginning of manufacture, testing and installation of materials, supplies and equipment. This schedule shall indicate those that are critical to the progress schedule.
- D. The Contractor shall not begin any of the work covered by a drawing, data, or a sample returned for correction until a revision or correction thereof has been reviewed and returned to him, by the Engineer, with approval.
- E. The Contractor shall submit to the Engineer all drawings and schedules sufficiently in advance of construction requirements to provide no less than thirty (30) calendar days for checking and appropriate action from the time the Engineer receives them.
- F. All submittals shall be accompanied by a transmittal letter prepared in duplicate containing the following information:
 - 1. Date
 - 2. Project title and number
 - 3. Contractor's name and address

4. The number of each shop drawing, product data, and sample submitted
 5. Notification of deviations from contract documents
 6. Submittal log number conforming to specification section numbers.
- G. The Contractor shall submit four (4) copies of descriptive or product data submittals to complete shop drawings for the Engineer plus the number of copies which the Contractor requires returned. The Engineer will retain four (4) sets.
- H. The Contractor shall be responsible for and bear all costs of damages which may result from the ordering of any material or from proceeding with any part of work prior to the completion of the review by Engineer of the necessary shop drawings.
- I. The Contractor shall be fully responsible for observing the need for and making any changes in the arrangement of piping, connections, wiring, manner of installation, etc., which may be required by the materials/equipment he proposed to supply both as pertaining to his own work and any work affected under other parts, headings, or divisions of Drawings and Specifications.

1.03 ENGINEER'S REVIEW OF SHOP DRAWINGS

- A. The Engineer's review of drawings, data and samples submitted by the Contractor will cover only general conformity to the specifications, external connections, and dimensions which affect the installation. The Engineer's review and exceptions, if any, will not constitute an approval of dimensions, quantities, and details of the material, equipment, device or item shown.
- B. The review of drawings and schedules will be general, and shall not be construed:
1. as permitting any departure from the Contract requirements;
 2. as relieving the Contractor of responsibility of any errors, including details, dimensions and materials;
 3. As approving departures from details furnished by the Engineer, except as otherwise provided herein.
- C. If the drawings or schedules as submitted describe variations and show a departure from the contract requirements which Engineer finds to be in the interest of the Owner and to be so minor as not to involve a change in contract price or time for performance, the Engineer may return the reviewed drawings without noting an exception.
- D. When reviewed by the Engineer, each of the shop drawings will be identified as having received such review being so stamped and dated. Shop drawings stamped "NOT APPROVED/RESUBMIT" and with required corrections shown will be returned to the Contractor for correction and resubmittal.

- E. Resubmittals will be handled in the same manner as first submittals. On resubmittals the Contractor shall direct specific attention, in writing or on resubmitted shop drawings, to revisions other than the corrections requested by the Engineer on previous submissions. The Contractor shall make any corrections required by the Engineer.
- F. If the Contractor considers any correction indicated on the drawings to constitute a change to the contract drawings or specifications, the Contractor shall give written notice thereof to the Engineer.
- G. Shop drawings and submittal data shall be reviewed by the Engineer for each original submittal and first resubmittal; thereafter review time for subsequent resubmittals shall be charged to the Contractor in accordance with the terms of the Engineer's agreement with the Owner.
- H. When the shop drawings have been completed to the satisfaction of the Engineer, the Contractor shall carry out the construction in accordance therewith and shall make not further changes therein except upon written instructions from the Engineer.
- I. No partial submittals will be reviewed. Submittals not complete will be returned to the Contractor for resubmittal. Unless otherwise specifically permitted by the Engineer, make all submittals in groups containing all associated items for:
 - 1. Systems
 - 2. Processes
 - 3. As indicated in the specifications sections. All drawings, schematics, manufacturer's product data, certifications and other shop drawing submittals required by a system specification shall be submitted at one time as a package to facilitate interface checking.

1.04 SHOP DRAWINGS

- A. When used in the Contract Documents, the term "shop drawings" shall be considered to mean Contractor's plans for materials and equipment which become an integral part of the project. These drawings shall be completed and detailed. Shop drawings shall consist of fabrication, erection and setting drawings and schedule drawings, manufacturer's scale drawing, and wiring and control diagrams. Cuts, catalogs, pamphlets, descriptive literature, and performance and test data, shall be considered only as supportive to required shop drawings as defined above. As used herein, the term "manufactured" applied to standard units usually mass produced; and "fabricate" means items specifically assembled or made out of selected materials to meet individual design requirements.

- B. Manufacturer's catalog sheets, brochures, diagrams, illustrations and other standard descriptive data shall be clearly marked to identify pertinent materials, product or models. Delete information which is not applicable to the work by striking or cross-hatching.
- C. Drawings and schedules shall be checked and coordinated with the work of all trades involved, before they are submitted for review by the Engineer and shall bear the Contractor's stamp of approval as evidence of such checking and coordination. Drawings or schedules submitted without this stamp of approval shall be returned to the Contractor for resubmission.
- D. Each shop drawing shall have a blank area located adjacent to the title block. The title block shall display the following:
 - 1. Project title and number
 - 2. Name of project building or structure
 - 3. Number and title of the shop drawing
 - 4. Date of shop drawing or revision
 - 5. Name of Contractor and subcontractor submitting drawing
 - 6. Supplier/manufacturer
 - 7. Separate detailer when pertinent
 - 8. Specification section
 - 10. Drawing number
- E. If drawings show variations from contract requirements because of standard shop practice or for other reasons, the Contractor shall describe such variations in his letter of transmittal. If acceptable, proper adjustment in the contract shall be implemented where appropriate. If the Contractor fails to describe such variations, he shall not be relieved of the responsibility for executing the work in accordance with the contract, even though such drawings have been reviewed.
- F. Data on materials and equipment include, without limitation, materials and equipment lists, catalog data sheets, cuts, performance curves, diagrams materials of construction and similar descriptive material. Materials and equipment lists shall give, for each item thereon, the name and location of the supplier or manufacturer, trade name, catalog reference, size, finish and all other pertinent data.
- G. For all mechanical and electrical equipment furnished, the Contractor shall provide a list including the equipment name, and address and telephone number of the

manufacturer's representative and service company so that service and/or spare parts can be readily obtained.

- H. All manufacturers or equipment suppliers who are proposed to furnish equipment or products shall submit an installation list to the Engineer along with the required shop drawings. The installation list shall include at least five (5) installations where identical equipment has been installed and has been in operation for a period of at least (1) year.
- I. Only the Engineer will utilize the color "red" in marking shop drawing submittals.
- J. Final, approved shop drawings shall be provided in pdf format.

PART 2 – PRODUCTS (NOT USED)

PART 3 – EXECUTION (NOT USED)

END OF SECTION

SECTION 01500 TEMPORARY FACILITIES AND CONTROLS

PART 1 - GENERAL

1.01 DESCRIPTION OF REQUIREMENTS

This section specifies the minimum requirements for temporary facilities, utilities to be brought to the site, refuse/waste collection and control required to enable the construction of the project to progress adequately. The providing of adequate facilities at every stage of performing the work is the Contractor's sole responsibility, and is not limited by the requirement of this section.

Except as otherwise indicated, the Contractor may, at his option, provide stand-alone utility plants to provide needed services, in lieu of connected services from available public utilities, provided such stand-alone plant facilities comply with governing regulations. Prior to availability of temporary utility services, provide trucked-in/trucked-out containerized or unitized services for startup of construction operations at the site.

Except as otherwise indicated, the costs of providing and using temporary utility services are included in the Contract Sum.

1.02 TEMPORARY FACILITIES

The types of utility services required for general temporary use at the project site include the following (other specific services may be required for specific construction methods or operations):

- Electrical Power Service
- Water Service (potable for certain uses)
- Sanitary
- Storm Sewer or Open Drainage/Run-off Control
- Refuse/Waste Collection

Temporary Electricity:

The Contractor shall make necessary applications and arrangements and pay all fees and charges for electrical energy for power and light necessary for proper completion of the work and during its entire progress up to time of final acceptance by the Owner. The Contractor shall provide and pay for all temporary switches, connections and meters.

Temporary Water:

The Contractor shall make all necessary application and arrangements, and pay all fees and charges for water necessary for the proper completion of the project up to the time of final acceptance. The Contractor shall provide and pay for any temporary piping and connections.

Temporary Sanitary Facilities:

The Contractor shall provide adequate sanitary facilities for the use of those employed on the work. Such facilities shall be made available when the first employees arrive on the site of the work, shall be properly secluded from public observation, and shall be constructed and maintained during the progress of the work in suitable numbers and at such points and in such manner as may be required or approved.

The Contractor shall provide these portable sanitary facilities “on-site” for use by workers. Transporting workers to the nearest “public” sanitary facility will not be considered an acceptable alternative to these requirements.

The Contractor shall maintain the sanitary facilities in a satisfactory and sanitary condition at all times and shall enforce their use. He shall rigorously prohibit the committing of nuisances on the site of the work, on the lands of the Owner, or on adjacent property. The cost of providing these sanitary facilities shall be included in the Contractor’s applicable pay items of work and no separate payment shall be made thereof.

Temporary Refuse/Waste Collection

The Contractor shall provide for adequate refuse/waste collection and disposal. City Ordinance requires that all rental open-top rolloff container units or rental cubic-yard container units must be procured from one of the City’s franchised construction and demolition debris providers. For a list of the City’s current Franchised Providers, please call Public Works at 386-676-3220.

It will be the Contractor’s responsibility to make all necessary arrangements for refuse/waste collection and disposal. The cost of providing for such refuse/waste collection and disposal shall be included in the Contractor’s applicable pay items of work and no separate payment shall be made thereof.

Termination and Removal:

At the time the need for temporary utility service or a substantial portion thereof has ended, or when its service has been replaced by use of permanent services, or not later than the time of substantial completion, promptly remove the installation unless requested by the Engineer to retain it for a longer period. Complete and restore work which may have been delayed or affected by the installation and use of the temporary utility, including repairs to construction and grades and restoration and cleaning of exposed surfaces. Replace work damaged beyond acceptable restoration.

1.03 TEMPORARY CONTROLS

Noise Control:

The Contractor shall provide adequate protection against objectionable noise levels caused by the operation of construction equipment.

Dust Control:

The Contractor shall provide for adequate protection against raising objectionable dust clouds caused by moving construction equipment, high winds or any other cause.

Water Control:

The Contractor shall provide for satisfactory disposal of surplus water and shall submit a plan to the Engineer for his review prior to initiation and implementation of the plan. Prior approval shall be obtained from the proper authorities for the use of public or private lands or facilities for such disposal.

Pollution Control:

The Contractor shall provide for adequate protection against polluting any public or private lands, lakes, ponds, rivers, streams, creeks, and other such areas, by the disposal of surplus material in the form of solids, liquids, or gases or from any other cause. The Contractor shall provide for adequate refuse/waste collection and disposal as described in Part 1, paragraph 1.02 of this Section.

The Contractor shall evaluate and assess the impact of any adverse effects on the natural environment which may result from construction operations and shall operate to minimize pollution of air, ground or surface waters vegetation, and afford the neighboring community the maximum protection during and up to completion of the construction project.

The Contractor shall take sufficient precautions to prevent pollution of streams, lakes and reservoirs with fuels, oils, bitumens, calcium chloride or other harmful materials. He shall conduct and schedule his operations so as to avoid or otherwise prevent pollution of siltation of streams, lakes and reservoirs and to avoid interference with movement of migratory fish.

All chemicals used during project construction or furnished for project operation, whether herbicide, pesticide, disinfectant, polymer, reactant or of other classification, must show approval of either EPA or USDA. Use of all such chemicals and disposal of residues shall be in strict conformance with instructions.

Erosion Control:

The Contractor shall not expose, by construction operations, a larger area of erosive land at any one time than the minimum necessary for efficient construction operations, and the duration of exposure of the uncompleted construction to the elements shall be as short as practicable.

Erosion control features shall be constructed concurrently with other work and at the earliest practicable time.

1.04 STORAGE FACILITIES

All products, materials and equipment shall be stored in accordance with the manufacturer's instructions, with seals and labels intact and legible. Products subject to damage by the elements shall be stored in weathertight enclosures. Temperature and humidity shall be maintained within the ranges required by the manufacturer's instructions. Fabricated products shall be stored above the

ground on blocking or skids. Products which are subject to deterioration shall be covered with impervious coatings with adequate ventilation to avoid condensation. Loose granular materials shall be stored in a well-drained area on solid surfaces to prevent mixing with foreign matter. Any products which will come in contact with potable water shall be stored off the ground so as to prevent contamination.

Storage shall be arranged in such a manner to provide easy access for inspection. Periodic inspections shall be made of all stored products to assure that they are maintained under specified conditions, and free from damage or deterioration.

After installation, Contractor shall provide substantial coverings as necessary to installed products to protect from damage from traffic and subsequent construction operations. Coverings shall be removed when no longer needed.

1.05 PRESERVATION OF PROPERTY

Preserve from damage all property along the line of the work, or which is in the vicinity of or in any wise affected by the work, the removal or destruction of which is not called for by the plans. Wherever such property is damaged due to the activities of the Contractor, it shall be immediately restored to its original condition by the Contractor at no cost to the Owner.

In case of failure on the part of the Contractor to restore such property, or make good such damage or injury, the Owner may, after 48 hours notice to the Contractor, proceed to repair, rebuild or otherwise restore such property as may be deemed necessary and the cost thereof will be deducted from any monies due or which may become due the Contractor under this Contract.

The Contractor shall be responsible for the protection of property, in the areas in the vicinity of the project; and for the protection of his equipment, supplies, materials and work, against any damage resulting from the elements, such as flooding, by rainstorm, wind damage, or other elemental cause resulting from the project configuration. The Contractor shall take all precautions against any such damage occurrence, and shall be responsible for damage resulting from same. The Contractor shall provide adequate drainage facilities, tie-downs, or other protection, throughout the Contract period, for the protection of his, the Owner's, and other properties from such damage.

1.06 TRAFFIC REGULATION

Signs, marking barricades and procedures shall conform to the requirements of the Florida Department of Transportation Manual on Traffic Controls and Safe Practices for Street and Highway Construction, Maintenance and Utility Operations.

The Contractor shall maintain one-lane, two-way traffic at all times and maintain customer access to local businesses at all times throughout the course of the work.

The Contractor shall provide and maintain adequate barricades, construction signs, torches, flashers, guards and flagmen as required in pedestrian and vehicular traffic areas. Regulations of local authorities shall be complied with.

The contractor shall provide suitable crossings at street intersections and driveways, and supply such aid as may be required for pedestrians and motorists, including delivery vehicles, to safely negotiate the construction areas.

The Contractor shall carry on the work in a manner that will cause the least interruption in traffic. Closing to through travel of more than two consecutive blocks, including the cross streets intersected will not be permitted without specific authorization from the local authorities. Where traffic must cross open trenches, the Contractor shall provide suitable bridges at street intersections and driveways and provide adequate ingress and egress to dwellings, business facilities, utilities and services. At any time the streets are required to be closed, the Contractor shall notify, in writing, law enforcement agencies, fire departments, and parties operating emergency vehicles before the street is closed and again as soon as it is opened. Access to fire hydrants and other fire extinguishing equipment shall be provided and maintained at all times. Refer to Section 01010 of these Specifications for "Notification of Construction" and "Notification of Street Closure" requirements.

On completion of work, the Contractor shall remove all debris, excess materials, barricades and temporary work leaving walkways and road clear of obstructions.

PART 2 - PRODUCTS

(Not Applicable)

PART 3 - EXECUTION

(Not Applicable)

END OF SECTION

SECTION 01600 MATERIALS AND EQUIPMENT

PART 1 - GENERAL

1.01 DESCRIPTION OF REQUIREMENTS

Materials and equipment furnished by CONTRACTOR shall be new and shall not have been in service at any other installation unless otherwise provided. Materials and equipment shall conform to applicable specifications and standards and comply with the size, make, type and quality specified, or as specifically approved in writing by ENGINEER.

Manufactured and fabricated items shall be designed, fabricated and assembled in accordance with the best engineering and shop practices. Like parts of duplicate units shall be manufactured to standard sizes and gauges to be interchangeable.

Two or more things of the same kind shall be identical, by the same manufacturer.

Materials and equipment shall be suitable for service conditions shown or specified.

Equipment which requires auxiliary devices or equipment in order to operate properly shall have such auxiliary devices or equipment included as a part of its system.

Equipment sizes, capacities and dimensions shown or specified shall be adhered to unless variations are specifically approved in writing.

Materials and equipment shall not be used for any purpose other than that for which it is designed or is specified.

Where existing materials or equipment is specifically shown or specified to be reused in the work, special care shall be used in removal, handling, storage, and reinstallation, to assure proper function in the completed work.

CONTRACTOR shall arrange for transportation, storage and handling of products which require off-site storage, restoration or renovation.

Salvaged Materials. In the absence of special provisions to the contrary, salvaged materials, equipment or supplies are the property of OWNER and shall be cleaned and stored as directed by ENGINEER.

Manufacturer's Instructions. The installation of all work shall comply with manufacturer's written instructions. CONTRACTOR shall obtain and distribute copies of such instructions to parties involved in the installation including two copies to ENGINEER. One complete set of instructions shall be maintained at the job site during installation and until completion. All products and equipment shall be handled, installed, connected, cleaned, conditioned and adjusted in accordance with the manufacturers instructions and specified requirements. Should job conditions or specified requirements conflict with manufacturers instructions, such conflicts shall be called to ENGINEER'S attention for resolution and revised instructions.

Equipment Guarantee. All mechanical and electrical equipment, together with devices of whatever nature and all components, which are furnished and/or installed by CONTRACTOR shall be guaranteed. The guarantee shall be against manufacturing and/or design inadequacies, materials and workmanship, improper assembly, hidden damage, failure of devices and/or components, excessive leakage or other circumstances which would cause the equipment to fail under normal design and/or specific operating conditions for a period of one year or such longer period as may be shown and/or specified from and after the date of acceptance of the equipment by OWNER. Each piece of equipment, device or component which shall fail within the above specified term shall be replaced with reasonable promptness by CONTRACTOR without cost to OWNER.

Operating Characteristics. Rotating machinery shall be designed and fabricated to provide satisfactory operation without excessive wear and without excessive maintenance during its operating life. Rotating parts shall be statically and dynamically balanced and shall operate without excessive vibration.

Lubrication System. The minimum design criteria for lubrication of moving parts of the equipment shall include one week of continuous operation during which no lubricants shall be added to the system. The system shall also be designed to receive lubricants whether in operation or shut down, and shall not leak or waste lubricants under either condition. The manufacturer's recommendations of grade and quality and a supply of the lubricants so recommended in quantities sufficient to conduct startup and testing operations shall be furnished with the equipment.

Safety Requirements. Screens, guards or cages shall be provided for all exposed, rotating or moving parts in accordance with accepted practices of applicable governmental agencies.

Nameplates. Each major component of equipment shall have the manufacturers name, catalog and/or model number, serial number and applicable performance requirements and characteristics embossed, stamped, or engraved on a stainless steel plate securely attached to the item of equipment.

Anchor Bolts. The manufacturer shall provide stainless steel anchor bolts for each piece of equipment furnished.

1.02 TRANSPORTATION AND HANDLING

Materials and equipment shall be loaded and unloaded by methods affording adequate protection against damage. Every precaution shall be taken to prevent injury to the materials or equipment during transportation and handling. Suitable power equipment will be used and the materials or equipment shall be under control at all times. Under no condition shall the materials or equipment be dropped, bumped or dragged. When a crane is used, a suitable hook or lift sling shall be used. The crane shall be so placed that all lifting is done in a vertical plane. Materials or equipment skid loaded, palletized or handled on skidways shall not be skidded or rolled against materials or equipment already unloaded.

Materials and equipment shall be delivered to the job site by means that will adequately support it and not subject it to undue stresses. Contractor shall promptly inspect the products for damage and defects and conformance with the specification. Materials and equipment damaged or

injured in the process of transportation, unloading or handling will be rejected and shall be immediately removed from the site.

1.03 STORAGE AND PROTECTION

All materials and equipment shall be stored in accordance with the manufacturer's instructions, with seals and labels intact and legible. Items subject to damage by the elements shall be stored in weathertight enclosures. Temperature and humidity shall be maintained within the ranges required by the manufacturers instructions. Fabricated items shall be stored above the ground on blocking or skids. Items which are subject to deterioration shall be covered with impervious coatings with adequate ventilation to avoid condensation. Loose granular materials shall be stored in a well-drained area on solid surfaces to prevent mixing with foreign matter. Any items which will come in contact with potable water shall be stored off the ground so as to prevent contamination.

Storage shall be arranged in such a manner to provide easy access for inspection. Periodic inspections shall be made of all stored items to assure that they are maintained under specified conditions, and free from damage or deterioration.

After installation, CONTRACTOR shall provide substantial coverings as necessary to protect installed items from damage, from traffic, and subsequent construction operations. Coverings shall be removed when no longer needed.

PART 2 - MATERIALS AND EQUIPMENT

(Not Applicable)

PART 3 - EXECUTION

(Not Applicable)

END OF SECTION

SECTION 01630
SUBSTITUTIONS AND PRODUCT OPTIONS

PART 1 - GENERAL

1.01 REQUESTS FOR REVIEW

- A. Requests to review substitute items of material and equipment will not be accepted by the Engineer from anyone other than the Contractor. If the Contractor wishes to furnish or use a substitute or equivalent item of material or equipment, the Contractor shall make written application to the Engineer for acceptance, certifying that the proposed substitute will perform adequately the functions called for by the general design, be similar and of equivalent substance to that specified and be suited to the same use and capable of performing the same function as that specified. The application will state whether or not acceptance of the substitute for use in the work will require a change in Drawings or Specifications to adapt the design to the substitute and whether or not incorporation or use of the substitute in connection with the work is subject to payment of any license fee or royalty. All variations of the proposed substitute from that specified shall be identified in the application and available maintenance, repair and replacement service will be indicated. The application will also contain an itemized estimate of all costs that will result directly or indirectly from acceptance of such substitute, including costs of redesign and claims of other contractors affected by the resulting change, all of which shall be considered by the Engineer in evaluating the proposed substitute. The Engineer may require the Contractor to furnish at the Contractor's expense additional data about the proposed substitute. The Engineer will be the sole judge of acceptability, and no substitute will be ordered or installed without the Engineer's prior written acceptance. The Owner may require the Contractor to furnish at the Contractor's expense, a special performance guarantee or other surety with respect to any substitute.

1.02 SUBSTITUTION AFTER EXECUTION OF AGREEMENT

- A. After execution of the Agreement, substitution of materials or equipment supplied by manufacturers or suppliers other than those listed, will be considered only if it is demonstrated by the Contractor that:
1. the material or equipment proposed for substitution is superior in design, construction and/or efficiency to that of the listed manufacturer or supplier;
 2. the material proposed for substitution is in every way equal to that of the listed supplier, and that availability and/or delivery of listed materials within the time frame scheduled cannot be met; or
 3. the material proposed for substitution is in every way equal to that of the listed supplier and is available at a lower cost. In the event such a substitution is allowed, the Contractor shall accept and execute a Change Order reducing the

Contract Price by an amount equal to the cost differential.

1.03 EQUIVALENT MATERIALS AND EQUIPMENT

- A. Whenever materials or equipment are specified or described in the Drawings or Specifications by using the name of a proprietary item or the name of a particular manufacturer, fabricator, supplier or distributor, the naming of the item is intended to establish the type, function, and quality required. Unless the name is followed by words indicating that no substitution is permitted, materials or equipment of other manufacturers, fabricators, suppliers or distributors may be accepted by the Engineer to determine that the material or equipment proposed is equivalent to that named.
- B. It is not the intent of the Contract Documents to function as proprietary specifications. Where a particular manufacturer make and model are cited and specifically required for interchangeability of parts and/or match existing equipment, this has been so stated in the Specifications.
- C. The standard products of manufacturers other than those specified may be considered when it is demonstrated to the ENGINEER that they are equal in quality, composition, durability, usefulness and convenience for the purpose intended. Requests for substitutions will only be considered, provided the following minimum conditions are met:
 - 1. The proposed coating system shall use an equal or greater number of separate coats to achieve the required dry film thickness.
 - 2. The proposed coating system shall use coatings of the same generic type.
 - 3. All requests for substitutions shall have the directions for application and descriptive literature which includes generic type, nonvolatile content by volume and information confirming that the substitution is equal to the specified coating system.
 - 4. The CONTRACTOR shall provide Certified Laboratory Data Sheets showing the results of complete spectrographic and durability tests performed on the proposed substitute. Tests shall be performed by a laboratory which conforms to the provisions of the American Society for Testing and Materials (ASTM E329) and which is a member of the American Council of Independent Laboratories. Costs incurred in the testing program shall be borne by the CONTRACTOR.
 - 5. The cost of all testing and analyzing of the proposed substitute materials that may be required by the ENGINEER, shall be paid by the CONTRACTOR. If the proposed substitution requires changes in the

contract work, the CONTRACTOR shall bear all such costs involved and the costs of allied trades affected by the substitution.

PART 2 - PRODUCTS

(Not Applicable)

PART 3 - EXECUTION

(Not Applicable)

END OF SECTION

SECTION 01670
OPERATING AND MAINTENANCE DATA

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

- A. Scope of Requirements:
 - 1. Compile product data and related information appropriate for Owner's maintenance and operation of products furnished under Contract.
 - 2. Prepare operating and maintenance data as specified in this Section and as referenced in other pertinent sections of the Specifications.
 - 3. Instruct Owner's personnel in maintenance of products and in operation of equipment and systems.

1.02 QUALITY ASSURANCE

- A. Preparation of data shall be done by personnel:
 - 1. Trained and experienced in maintenance and operation of described products.
 - 2. Familiar with requirements of this Section.
 - 3. Skilled as a technical writer to the extent required to communicate essential data.
 - 4. Skilled as draftsman competent to prepare required drawings.

1.03 FORMAT OF SUBMITTALS

- A. Prepare data in form of an instructional manual for use by Owner's personnel.
- B. Format:
 - 1. Size: 8 1/2 inches x 11 inches
 - 2. Paper: 20 pound minimum, white, for typed pages.
 - 3. Text: Manufacturer's printed data, or neatly typewritten.
 - 4. Drawings:
 - a. Provide reinforced punched binder tab, bind in with text.

- b. Reduce larger drawings and fold to size of text pages but not larger than 14 inches x 17 inches.
- 5. Provide fly-leaf for each separate product, or operating equipment.
 - a. Provide typed description of products and major component parts of equipment.
 - b. Provide indexed tabs.
- 6. Cover: Identify each volume with typed or printed title "**OPERATING AND MAINTENANCE INSTRUCTIONS**".

List:

 - a. Title of project
 - b. Identity of separate structure as applicable.
 - c. Identity of general subject matter covered in the manual.
- C. Binders:
 - 1. Commercial quality three-post binders with durable and cleanable plastic covers.
 - 2. Maximum post width: 2 inches.
 - 3. When multiple binders are used, correlate the data into related consistent groupings.

1.04 CONTENT OF MANUAL

- A. Neatly typewritten table of contents for each volume, arranged in systematic order.
 - 1. Contractor, name of responsible principal, address and telephone number.
 - 2. A list of each product required to be included, indexed to content of the volume.
 - 3. List, with each product, name, address and telephone number of:
 - a. Subcontractor or installer
 - b. A list of each product required to be included, indexed to content of the volume.
 - c. Identify area of responsibility of each SubContractor/Installer.
 - d. Local source of supply for parts and replacement

4. Identify each product by product name and other identifying symbols as set forth in Contract Documents.
- B. Product Data:
1. Include only those sheets which are pertinent to the specified product.
 2. Annotate each sheet to:
 - a. Clearly identify specific product or part installed
 - b. Clearly identify data applicable to installation
 - c. Delete references to inapplicable information.
- C. Drawings:
1. Supplement product data with drawings as necessary to clearly illustrate:
 - a. Relations of component parts of equipment and systems
 - b. Control and flow diagrams.
 2. Coordinate drawings with information in Project Record Documents to assure correct illustration of completed installation.
 3. Do not use Project Record Documents as maintenance drawings.
- D. Written text, as required to supplement product data for the particular installation:
1. Organize in consistent format under separate headings for different procedures.
 2. Provide logical sequence of instructions of each procedure.
- E. Copy of each warranty, bond and service contract issued.
1. Provide information sheet for Owner's personnel, give:
 - a. Proper procedures in event of failure
 - b. Instances which might affect validity of warranties or bonds.

1.05 MANUAL FOR EQUIPMENT AND SYSTEMS

- A. Submit four copies of complete manual in final form.

- B. Content, for each unit of equipment and system, as appropriate:
1. Description of unit and component parts.
 - a. Function, normal operating characteristics, and limiting conditions.
 - b. Performance curves, engineering data and tests.
 - c. Complete nomenclature and commercial number of replaceable parts.
 2. Operation procedures:
 - a. Start-up, break-in, routine and normal operating instructions.
 - b. Regulation, control, stopping, shut-down and emergency instructions.
 - c. Summer and winter operating instructions.
 - d. Special operating instructions.
 3. Maintenance procedures:
 - a. Routine operations
 - b. Guide to "trouble-shooting"
 - c. Disassembly, repair and reassembly
 - d. Alignment, adjusting and checking.
 4. Servicing and lubrication required:
 - a. Complete lubrications schedule.
 - b. List of all lubricants required and acceptable products from three manufacturers for each lubricant.
 5. Manufacturer's printed operating and maintenance instructions.
 6. Description of sequence of operation by control manufacturer.
 7. Original manufacturer's parts list, illustrations, assembly drawing and diagrams required for maintenance.
 - a. Predicted life of parts subject to wear.
 - b. Items recommended to be stocked as spare parts.

8. As installed control diagrams by controls manufacturer.
 9. Each Contractor's coordination drawings.
 10. List of original manufacturer's spare parts, manufacturer's current prices and recommended quantities to be maintained in storage.
 11. Other data as required under pertinent sections of specifications.
- C. Content, for each electric and electronic system, as appropriate:
1. Description of system and component parts.
 - a. Function, normal operating characteristics, and limiting conditions.
 - b. Performance curves, engineering data and tests.
 - c. Complete nomenclature and commercial number of replaceable parts.
 2. Circuit directories and panel boards.
 - a. Electrical service
 - b. Controls
 - c. Communications.
 3. As installed color coded wiring diagrams.
 4. Operating procedures:
 - a. Routine and normal operating instructions
 - b. Sequences required
 - c. Special operating instructions.
 5. Maintenance procedures:
 - a. Routine operations
 - b. Guide to "trouble-shooting"
 - c. Disassembly, repair and reassembly
 - d. Adjustment and checking.
 6. Manufacturer's printed operating and maintenance instructions.

7. List of original manufacturer's spare parts, manufacturer's current prices, and recommended quantities to be maintained in storage.
 8. Other data as required under pertinent sections of the Specifications.
- D. Prepare and include additional data when the need for such data becomes apparent during instruction of Owner's personnel.
 - E. Additional requirements for operating and maintenance data: Respective sections of Specifications.

1.06 SUBMITTAL SCHEDULE

- A. Submit two copies of preliminary draft of proposed formats and outlines of contents of Operation and Maintenance Manuals within 90 days after Notice to Proceed.
 1. Engineer will review the preliminary draft and return one copy with comments.
- B. Submit two copies of completed data in final form no later than 30 days following Engineer's review of the last shop drawing and/or other submittal specified in Section 01300. One copy will be returned with comments to be incorporated into final copies.
- C. Submit four (4) copies of approved manual in final form directly to the offices of the Owner within 30 calendar days of product shipment to the project site and preferably within 30 days after the reviewed copy is received.
- D. Provide four (4) copies of addenda to the operation and maintenance manuals as applicable and certificates as specified within 30 days after final inspection.

1.07 INSTRUCTION OF OWNER'S PERSONNEL

- A. Prior to demonstration test, fully instruct Owner's designated operating and maintenance personnel in operation, adjustment and maintenance of products, equipment and systems.
- B. Operating and maintenance manual shall constitute the basis of instruction. Review contents of manual with personnel in full detail to explain all aspects of operations and maintenance.
- C. Instructors shall be fully qualified personnel as outlined within the individual equipment specifications. If so specific training specifications are listed with the equipment, the Contractor shall provide the instruction with qualified Contractor personnel.
- D. The instructors shall provide for and prepare lessons scopes and handouts for up to five individual designated by the Owner that outline the items to be covered.

Separate sessions for operation and maintenance instruction shall be provided consecutively. Handouts shall be submitted to the Owner with at least one week's notice prior to the training session.

PART 2 - PRODUCTS

(NOT USED)

PART 3 - EXECUTION

(NOT USED)

END OF SECTION

SECTION 01700 CONTRACT CLOSEOUT

PART 1 - GENERAL

1.01 DESCRIPTION OF REQUIREMENTS

Definition:

Closeout is defined to include general requirements near end of Contract Time, in preparation for final acceptance, final payment, normal termination of contract, occupancy by OWNER and similar actions evidencing completion of the work. Specific requirements for individual units of work are specified in sections of Division 2 through 16. Time of closeout is directly related to "Substantial Completion", and therefore may be either a single time period for entire work or a series of time periods for individual parts of the work which have been certified as substantially complete at different dates. That time variation (if any) shall be applicable to other provisions of this section.

1.02 PREREQUISITES TO SUBSTANTIAL COMPLETION

When the CONTRACTOR considers the work to be substantially complete, he shall submit to the ENGINEER: a written notice that the work, or designated portion thereof, is substantially complete; and a list of items to be completed or corrected.

Within a reasonable time after receipt of such notice, the ENGINEER will make an inspection to determine the status of completion.

Should the ENGINEER determine that the work is not substantially complete, the ENGINEER will promptly notify the CONTRACTOR, in writing, giving the reasons. The CONTRACTOR shall remedy the deficiencies in the work and send a second written notice of substantial completion to the ENGINEER. The ENGINEER will reinspect the work.

When the ENGINEER finds that the work is substantially complete, he will prepare and deliver to the OWNER a tentative Certificate of Substantial Completion with a tentative list of items to be completed or corrected before final payment. After consideration of any objections made by the OWNER as provided in Conditions of the Contract, and when the ENGINEER considers the work substantially complete, the ENGINEER will execute and deliver to the OWNER and the CONTRACTOR a definite Certificate of Substantial Completion with a revised tentative list of items to be completed or corrected.

When the CONTRACTOR considers the work complete, he shall submit written certification that the Contract Documents have been reviewed, the work has been inspected for compliance with the Contract Documents, the work has been completed in accordance with the Contract Documents, equipment and systems have been tested in the presence of the OWNER's representative and are operational, and the work is completed and ready for final inspection.

With reasonable promptness after receipt of such certification, the ENGINEER will make an inspection to verify the status of completion. Should the ENGINEER consider that the work is

incomplete or defective, he will promptly notify the CONTRACTOR, in writing, listing the incomplete or defective work. The CONTRACTOR shall take immediate steps to remedy the stated deficiencies and send a second written certification to the ENGINEER that the work is complete. The ENGINEER will reinspect the work.

Should the ENGINEER perform reinspections due to failure of the Work to comply with the claims of status of completion made by the CONTRACTOR, the OWNER will compensate the ENGINEER for such additional services, and the OWNER will deduct the amount of such compensation from the final payment to the CONTRACTOR.

1.03 CLOSEOUT SUBMITTALS

When the ENGINEER finds that the work is acceptable under the Contract Documents, he shall request the CONTRACTOR to make closeout submittals.

The CONTRACTOR's closeout submittals shall include:

1. Evidence of compliance with requirements of governing authorities.
2. Project Record Documents.
3. Evidence of Payment and Release of Liens.
4. Certificate of Insurance for Products and Completed Operations.
5. Warranties and Bonds.

1.04 ADDITIONAL CLOSEOUT REQUIREMENTS

Project Record Documents:

The CONTRACTOR shall keep one Record copy of all specifications, drawings, addenda, modifications, shop drawings, field test records, and samples at the site in good order and annotated in red to show all changes made during the construction process. These shall be available to the ENGINEER for examination and shall be delivered to the ENGINEER for the OWNER upon completion of the work.

Documents and samples shall be stored in the CONTRACTOR's field office apart from documents used for construction. The CONTRACTOR shall provide files and racks for storage of documents, and a locked cabinet or secure storage space for storage of samples. Documents shall be maintained in a clean, dry, legible condition and in good order.

Record Documents shall not be used for construction purposes.

Each Document shall be labeled "PROJECT RECORD" in neat, large printed letters.

Information shall be recorded by the CONTRACTOR, on a daily basis, concurrently with construction progress. No work shall be concealed until required information is recorded on the CONTRACTOR's Record Drawings.

Drawings shall be legibly marked to record actual construction information on: depths of various elements of foundation in relation to finish first floor datum; horizontal and vertical locations of underground utilities and appurtenances, referenced to permanent surface improvements; location of internal utilities and appurtenances concealed in the construction, referenced to visible and accessible features of the structure; field changes of dimension and detail; changes made by Field Order or by Change Order; and details not on original contract drawings.

Specifications and Addenda shall have each section legibly marked to record: manufacturer, trade name, catalog number, and supplier of each product and item of equipment actually installed; and changes made by Field Order or by Change Order.

At contract closeout Record Documents shall be delivered to the ENGINEER for the OWNER. The submittal shall be accompanied with a transmittal letter in duplicate, containing:

1. Date
2. Project title and number
3. CONTRACTOR's name and address
4. Title and number of each Record Document
5. Signature of CONTRACTOR or his authorized representative

As-Built Survey Requirements:

Not Applicable

Operating and Maintenance Data:

The CONTRACTOR shall compile product data and related information appropriate for OWNER's maintenance and operation of products furnished under the Contract.

The submittals shall include but not necessarily be limited to:

Manufacturer's specifications.

Directions and instructions relating to assembly, installation, operation and maintenance.

Parts list with catalog numbers and other data necessary for ordering replacements.

1.05 WARRANTIES AND BONDS

The CONTRACTOR shall compile and submit to the ENGINEER in duplicate, for review and transmittal to the OWNER, warranties, bonds, service and maintenance contracts as specified in the respective sections of Specifications. Submittal shall be made within ten days after Substantial Completion and prior to final request for payment.

1.06 FINAL STATEMENT OF ACCOUNTING

The CONTRACTOR shall submit a final statement of accounting to the ENGINEER. The statement shall reflect all adjustments to the Contract Sum:

1. The original Contract Sum

2. Additions and deductions resulting from:
 - Previous Change Orders
 - Deductions for uncorrected work
 - Deductions for liquidated damages
 - Deductions for reinspection payments
 - Other adjustments
3. Total Contract Sum, as adjusted
4. Previous payments
5. Sum remaining due

1.07 FINAL CHANGE ORDER

The ENGINEER will prepare a final Change Order, if required, reflecting approved adjustments to the Contract Sum which were not previously made by Change Orders.

1.08 FINAL APPLICATION FOR PAYMENT

The CONTRACTOR shall submit the final Application for Payment in accordance with procedures and requirements stated in the Conditions of the Contract.

PART 2 - PRODUCTS

(Not Applicable)

PART 3 - EXECUTION

(Not Applicable)

END OF SECTION

SECTION 01710 FINAL CLEANING

PART 1 - GENERAL

1.01 DESCRIPTION OF REQUIREMENTS

The CONTRACTOR shall execute cleaning, during progress of the work, and at the completion of the work, as required by General Conditions.

Cleaning and disposal operations shall comply with all applicable codes, ordinances, regulations, and anti-pollution laws.

Refer to Section 01500 - Temporary Facilities And Controls for additional requirements.

PART 2 - MATERIALS

The CONTRACTOR shall:

Use only those materials which will not create hazards to health or property and which will not damage surfaces.

Use only those cleaning materials and methods recommended by manufacturer of the surfaces to be cleaned.

Use cleaning materials only on surfaces recommended by cleaning material manufacturer.

PART 3 - EXECUTION

3.01 CLEANING DURING CONSTRUCTION

The CONTRACTOR shall:

Execute periodic cleaning to keep the work, the site and adjacent properties free from accumulations of waste materials, rubbish and windblown debris, resulting from construction operations.

Provide on-site containers for the collection of waste materials, debris and rubbish. Rental of refuse/waste containers must fully comply with the requirements of Section 01500 - Temporary Facilities And Controls.

Remove waste materials, debris and rubbish from the site at least once a week and dispose of at legal disposal areas away from the site.

Prior to final completion, CONTRACTOR shall conduct an inspection of work areas, to verify that the entire work is clean.

3.02 FINAL CLEANING

The CONTRACTOR shall:

Employ skilled workmen for final cleaning.

Remove grease, mastic, adhesives, dust, dirt, stains, and other foreign materials from sight-exposed surfaces.

Broom clean exterior paved surface; rake clean other surfaces of the grounds.

Except as otherwise indicated or requested by the ENGINEER, remove temporary protection devices and facilities which were installed during the course of the work to protect previously completed work during the remainder of the construction project.

Prior to final completion, CONTRACTOR shall conduct an inspection of work areas, to verify that the entire work is clean.

Where extra materials of value remaining after completion of the associated work have become the OWNER's property, dispose or store at the site, as directed by the ENGINEER.

END OF SECTION

SECTION 01740 WARRANTIES

PART 1 - GENERAL

1.01 DESCRIPTION OF REQUIREMENTS

All work performed under this contract shall be warranted for labor and materials for a minimum period of one year after date of completion and acceptance of the project. Specific warranties are noted in specific sections.

Standard product warranties are preprinted written warranties published by individual manufacturers for particular products and are specifically endorsed by the manufacturer to the Owner.

Special warranties are written warranties required by or incorporated in the Contract Documents, either to extend time limits provided by standard warranties or to provide greater rights for the Owner.

1. Refer to the General Conditions for terms of the Contractor's period for correction of the work.

Disclaimers and Limitations: Manufacturer's disclaimers and limitations on product warranties do not relieve the Contractor of the warranty on the Work that incorporates the products. Manufacturer's disclaimers and limitations on product warranties do not relieve suppliers, manufacturers and subcontractors required to countersign special warranties with the Contractor.

Related Damages and Losses: When correcting failed or damaged warranted construction, remove and replace construction that has been damaged as a result of such failure or must be removed and replaced to provide access for correction of warranted construction.

Reinstatement of Warranty: When work covered by a warranty has failed and been corrected by replacement or rebuilding, reinstate the warranty by written endorsement. The reinstated warranty shall be equal to the original warranty with an equitable adjustment for depreciation.

Replacement Cost: Upon determination that work covered by a warranty has failed, replace or rebuild the work to an acceptable condition complying with the requirements of the Contract Documents. The Contractor is responsible for the cost of replacing or rebuilding defective work regardless of whether the owner has benefited from use of the work through a portion of its anticipated useful service life.

Owner's Recourse: Expressed warranties made to the Owner are in addition to implied warranties and shall not limit the duties, obligations, rights, and remedies otherwise available under the law. Expressed warranty periods shall not be interpreted as limitations on the time in which the Owner can enforce such other duties, obligations, rights or remedies.

1. Rejection of Warranties: The Owner reserves the right to reject warranties and to limit selection to products with warranties not in conflict with requirements of the Contract Documents.

2. Where the Contract Documents require a special warranty, or similar commitment, the Owner reserves the right to refuse to accept the work, until the Contractor presents evidence that entities required to countersign such commitments are willing to do so.

Submit written warranties to the Engineer prior to the date certified for Substantial Completion. If the Engineer's Certificate of Substantial Completion designates a commencement date for warranties other than the date of Substantial Completion, submit written warranties upon request of the Engineer.

END OF SECTION

SECTION 02050 DEMOLITION

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

A. The work includes, but is not limited to, demolition and removal of the top slabs for lift station valve vaults and wet wells, removal of concrete pavement, removal of pumps, piping, electrical controls, wiring and lighting within grassed and landscaped dedicated easements as shown on the drawings.

1.02 QUALITY ASSURANCE

A. Accomplish all demolition work so there is no injury to any persons and no damage to adjacent structures or property. All demolition methods shall be in full compliance with municipal, county, state, and federal ordinances. Demolition work shall comply with the requirements of the Occupational Safety and Health Administration (OSHA).

B. The Contractor shall comply with all municipal, county, state, and federal ordinances regarding the disposal of rubble, scrap metal, and refuse.

C. Demolition procedures shall provide for safe conduct of the work, protection of property which is to remain undisturbed, and coordination with other work in progress.

1.03 JOB CONDITIONS

A. General:

1. It shall be the responsibility of the Contractor to visit the site and inspect the nature and condition of the items to be removed and salvaged before submitting his bid.

B. Dust Control:

1. Control the amount of dust resulting from demolition to prevent the spread of dust to occupied portions of buildings and to avoid creation of a nuisance in the surrounding area. Do not use water when it will result in, or create, hazardous or objectionable conditions such as flooding and pollution.

C. Protection of Existing Work:

1. Protect existing work. Work damaged by the Contractor shall be repaired to match existing work.

1.04 PERMITS AND NOTICES

A. Permits and Licenses: Contractor shall obtain all necessary permits and licenses for performing the work and shall furnish a copy of same to the Engineer prior to commencing the work. The contractor shall comply with the requirements of the permits.

- B. Notices: Contractor shall issue written notices of planned demolition to Owner, Engineer and businesses or local residents located in the vicinity of the project site. Notices shall be received at least 48 hours in advance of the planned demolition activity.
- C. Utility Services: Contractor shall notify utility companies or local authorities furnishing gas, sewer, water, electrical or telephone to remove any equipment owned by them in structures to be demolished and to remove, disconnect, cap or plug their services to facilitate demolition.

1.05 TRAFFIC AND ACCESS

- A. Conduct demolition and modification operation, and removal of piping and debris to ensure minimum interference with roads, streets and sidewalks both onsite and off site and to ensure minimum interference with occupied or used facilities.
- B. Contractor shall at all times maintain safe and convenient access to the existing site.
- C. Do not close or obstruct streets or walks without permission from the Owner and Engineer. Provide alternate traffic routes around closed or obstructed access ways.

1.06 UTILITIES

- A. Existing utilities to remain in service and protected against damage during demolition operations. This may include the installation/construction of bypass piping where necessary.
- B. Do not interrupt existing utilities serving occupied or used facilities, except when authorized by the Owner and Engineer. Provide temporary services during interruption to existing utilities as required by the Owner.
- C. The Contractor shall cooperate with the Owner to shut off utilities serving the existing facilities as required by demolition operations. If service must be cut off to existing customers, the Owner must have at least three (3) days notice to make necessary preparations.
- D. The Contractor shall be solely responsible for making all necessary arrangements and for performing any necessary work involved in connection with the discontinuance or interruption of all public and private utilities or services under this jurisdiction of utility companies.

1.07 POLLUTION CONTROL

- A. For pollution control, use water sprinkling, temporary enclosures and other suitable methods as necessary to limit the amount of dust and dirt rising and scattering in the air to the lowest level of air pollution practical for the conditions or work. Comply with the governing regulations.
- B. Clean structures and improvements of all dust, dirt and debris caused by demolition operations as directed by the Engineer. Return areas to conditions existing prior to the start of work.

1.08 QUALITY CONTROL

- A. Protect all existing materials and equipment to be salvaged or reused from damage.
- B. Cap or plug all lines to be abandoned.
- C. Leave all exposed ends of all pipe covered and safe.

PART 2 - PRODUCTS

NONE

PART 3 - EXECUTION

3.01 DISPOSAL

- A. Equipment, piping, and materials which are designated to remain the property of the Owner shall be moved to a location designated by the Owner.
- B. All removed materials not specifically designated to remain the property of the Owner shall become the property of the Contractor and shall be removed from the site and disposed of in a lawful manner.
- C. Do not allow debris and rubbish to accumulate on the site. Remove debris and rubbish from the site.

3.02 CLEAN-UP

- A. Clean-up in areas where other work is to be done following demolition shall be as specified in the applicable Sections.
- B. Clean-up the job site in areas where no other work is to be done under this Contract following demolition. Remove all debris and rubbish, temporary facilities, and equipment. Level surface irregularities to eliminate depressions. Leave the work in a neat and presentable condition.

END OF SECTION

SECTION 02100 CLEARING AND GRUBBING

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

A. The work consists of clearing and grubbing, within the limits of construction shown on the drawings. Included is the removal and disposal of all trees, stumps, roots and other such protruding objects necessary to prepare the area for the proposed construction and landscaping.

B. The removal and disposal of all, structures, appurtenances, existing pavement and other facilities is described in Section 02050, Demolition.

1.02 PROTECTION OF PROPERTY REMAINING IN PLACE

A. Property obstructions which are to remain in place, such as buildings, sewers, drains, water or gas pipes, conduits, poles, walls, posts, bridges, and similar items are to be carefully protected from injury and are not to be displaced. Restore damaged improvements to their original condition, as acceptable to parties having jurisdiction.

B. Protection of Existing Trees and Vegetation:

1. Protect existing trees and other vegetation indicated to remain in place, against unnecessary cutting, breaking or skinning of roots, skinning and bruising of bark, smothering of trees by stockpiling construction materials or excavated materials within drip lines, excess foot or vehicular traffic, or parking of vehicles within drip line.

2. When ground is to be excavated under the drip line of any existing protected tree (as defined in the City of Ormond Beach Land Development Code), roots shall be pruned at the juncture of the grade excavation to reduce tree root shock and dieback. The depth of the pruning shall be equal to the depth of the excavation. The location of root pruning shall be marked with two (2)-inch by four (4)-inch fencing. The City of Ormond Beach Parks Department shall supervise all root pruning activities.

3. Provide temporary guards to protect trees and vegetation to be left standing.

4. Contractor shall water trees and other vegetation remaining within the limits of the Contract work as required to maintain their health during the course of construction operations.

5. Provide protection for roots over 1/2-inch diameter cut during construction operations. Coat the cut faces with an emulsified asphalt, or other acceptable coating, formulated for use on damaged plant tissues. Temporarily cover exposed roots with wet burlap to prevent roots from drying out; cover with earth as soon as possible.

6. Repair or replace trees and vegetation damaged by construction operations, in a manner acceptable to the Engineer. Repair tree damage with the services of a qualified tree

surgeon.

7. Replace trees which cannot be repaired and restored to full-growth status, as determined by the tree surgeon.

C. Improvements on Adjoining Property:

1. Authority for performing removal and alteration work on property adjoining the Owner's property will be obtained by the Owner prior to award of Contract.

D. Salvageable Improvements:

1. Carefully remove items indicated to be salvaged, and store on the Owner's premises where indicated, unless otherwise directed.

1.03 OWNERSHIP OF MATERIALS

A. Except as may be otherwise called for on the drawings or elsewhere in the specifications, all materials removed by the Contractor shall become the property of the Contractor and shall be disposed of in a lawful manner.

PART 2 - PRODUCTS

(Not Applicable)

PART 3 - EXECUTION

3.01 STANDARD CLEARING AND GRUBBING

A. Standard clearing and grubbing shall consist of the complete removal and disposal of all timber, brush, stumps, roots, rubbish and debris and all other obstructions resting on or protruding through the surface of the existing ground and the surface of excavated areas, and of all other obstructions necessary to be removed and for which the removal is not specified to be done under other items of the contract, including pipes and demolition.

B. Unless otherwise shown on the drawings, standard clearing and grubbing shall be done within the following areas:

1. All areas where retention areas will be modified or constructed.

2. Any other areas specifically called for on the drawings to have standard clearing and grubbing.

C. In all areas where excavation is to be done, roots and other debris shall be removed to a depth of at least one-foot below the finished ground surface. The surface shall then be plowed to a depth of at least 6-inches and all roots thereby exposed shall be removed to a depth of at least one-foot. All stumps within the area of standard clearing and grubbing shall be completely removed and disposed of by the Contractor.

D. Where excavation is done within the standard clearing and grubbing area and where excavation for structures is done, all roots and similar items, protruding through or appearing on the surface of the completed excavation shall be removed to a depth of at least one-foot below the excavation surface.

E. Within all other areas where standard clearing and grubbing is to be done, roots and other debris, projecting through or appearing on the surface of the original ground, shall be removed to a depth of one-foot below the surface, but no plowing and harrowing will be required in these areas.

F. As an exception to the above provisions where so directed by the Engineer, desirable trees within the clearing and grubbing area shall be trimmed, protected and left standing. Trees shown on the drawings to be relocated shall be relocated to a location identified by the Engineer.

G. Any boulders encountered in the site excavation or found on the surface of the ground, shall be removed and placed in neat piles at a location approved by the Engineer.

H. For pipeline construction the Contractor shall only remove trees, shrubs and grass which interfere with the construction. All other vegetation shall be protected, preserved and/or replaced.

3.02 DISPOSAL OF MATERIALS

A. General Disposal:

1. Timber, stumps, brush, roots, rubbish, and other objectionable material resulting from clearing and grubbing shall be disposed of by the Contractor in locations and by methods approved by the Engineer.

2. In some instances, materials may be disposed of on the Owner's property at a location and by a method approved by the Engineer, but only with advance written permission of the Owner.

B. Burning Debris:

1. In some instances, burning may be permitted on the Owner's property at a location and by a method approved by the Engineer, but only with advance written permission of the Owner.

2. Where burning of such material is permitted all such burning shall be subject to applicable laws, ordinances and regulations and shall be done at locations where trees and shrubs adjacent to the cleared area will not be harmed.

3. Where burning is prohibited by law, ordinance, or regulation, the Contractor shall dispose of the materials within areas provided by him and approved by the Engineer.

C. Disposal in areas Adjacent to Project:

1. Materials may be disposed of on private property, provided the Engineer is furnished

with a written statement from the owner of the property giving permission for the disposal of the materials on his property. All disposal areas for materials resulting from clearing and grubbing, both on private property and on property owned by the Contractor, shall be in areas out of sight of the project and at least 300 feet from the nearest right-of-way line of the project, unless such materials are buried, in which case the requirement that the areas be 300 feet distant will be waived.

END OF SECTION

SECTION 02222
TRENCHING, BACKFILLING AND COMPACTING

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

- A. The extent of trenching, backfilling and compacting is shown on the drawings.
- B. This section includes furnishing equipment, labor and materials, and performing all operations necessary and incidental to perform the required work.

PART 2 - PRODUCTS

(Not Applicable)

PART 3 - EXECUTION

3.01 CLEARING OF THE SITE

- A. The site of the work shall be cleared of all trees, shrubs, paving and objectionable material which interfere with the prosecution of the proposed work. Trees and shrubs which will not interfere with construction shall be protected from damage. Clearing shall be considered as an incidental item of excavation.

3.02 EXCAVATION

A. General:

- 1. Perform excavation described of whatever substance encountered to the dimensions and depths specified or shown on the drawings. Undercutting will not be permitted, except when ordered by the ENGINEER. Material suitable for backfill shall be stockpiled near the site. Rock or other material undesirable for backfill shall be spoiled outside the area in a neat manner, as directed by the ENGINEER. Where it is necessary to cut roots projecting into an excavation or where it is necessary to trim branches for equipment clearance, all severed root ends or cuts to branches over 1/2-inch diameter shall be treated with an asphalt base pruning paint. Backfill over exposed roots as soon as possible.

B. Rock:

- 1. Where encountered in the trench bed, rock shall be excavated to a depth of 1/4 of the pipe diameter below the bottom of the pipe but in no case less than 4-inches. All undercut trench excavation shall be backfilled and tamped with materials as specified in the following paragraphs under Unstable Subgrade.

C. Unstable Subgrade:

1. In the event that unsuitable material is encountered at or below the excavation depth specified or shown on the drawings, the ENGINEER shall be notified. Such material shall be removed and replaced with suitable material. Methods and materials used for replacement shall be one of the following as directed by the ENGINEER in writing.

- a. Suitable earth or sand, compacted in the trench. Materials shall be furnished as a part of the Bid Proposal item covering excavation and backfill.
- b. Gravel or crushed limerock, compacted in the trench and paid for under the appropriate item.
- c. Existing materials, stabilized after removal and then replaced and compacted in the trench at no additional cost to the OWNER.

2. The ENGINEER shall determine the methods and materials to be used, based upon the condition of the excavation, the pipe structure to be supported, and the availability and character of stabilizing materials.

D. Trenches:

1. Keep pipe laying operation as close to the excavation operation as possible during the prosecution of the work. The ENGINEER reserves the right to stop the excavation at any time when, in his opinion, the excavation is opened too far in advance of the pipe laying.

2. Pipe trenches shall be only of sufficient width to provide a free working space on each side of the pipe. To prevent excess pressure on the pipe, the maximum width of trench at the top of the pipe and at the bottom of the trench shall not be greater than 2-feet more than the greatest exterior diameter of the pipe. If this maximum width is exceeded, it shall be the CONTRACTOR's responsibility to provide, at no additional cost to the OWNER, such additional bedding or select backfill materials as the ENGINEER may require. The excavation below the spring line shall be made to conform as near as possible to the shape of the lower third of the pipe. To protect the pipe lines from unusual stresses, all work shall be done in open trenches. Excavation shall be made for bells of all pipes and of sufficient depth to permit access to the joint for construction and inspections. In no case will the bells be used to support the body of the pipe.

3. In order to avoid existing utilities, at times it may be necessary for the pipe to be laid deeper than the minimum cover specified in the preceding paragraph. At such time the CONTRACTOR will not be allowed extra compensation for additional excavation involved.

4. In case excavation has been made deeper than necessary, a layer of concrete, fine gravel or other material satisfactory to the ENGINEER shall be placed, at no extra cost, to secure a firm foundation for the lower third of each pipe. Where possible, excavated material shall be placed so as not to interfere with public travel. Bridging shall be provided to afford necessary access to public or private premises. Bridging shall be considered as part of the excavation operation and shall be supplied at no additional cost to the OWNER.

E. Structural: (For inlets, manholes, and similar structures)

1. Remove sufficient material to allow proper space for erecting and removing forms. The elevations of the bottoms of footings, if shown on the drawings, shall be considered as approximate only, and the ENGINEER may order, in writing, such changes in dimensions or elevations of footings as may be deemed necessary to secure a satisfactory foundation. Excavation for structures shall be sufficient to leave at least 12-inches in the clear between their outer surfaces and the embankment or timber that may be used to protect them. Backfill of earth under structures will not be permitted. Excess excavation for structures shall be filled with thoroughly compacted sand, gravel, or concrete at the expense of the CONTRACTOR.
2. After excavation for a structure is completed, the CONTRACTOR shall notify the ENGINEER to that effect. No concrete or reinforcing steel shall be placed until the ENGINEER has approved the depth of the excavation and the character of the foundation material.

F. Sheet piling and Shoring:

1. The CONTRACTOR shall provide all trench and structural bracing, sheet piling or shoring necessary to construct and protect the excavation, existing utilities, structures and private property of all types and as required for the safety of the employees. Sheet piling shall be removed or cut off by the CONTRACTOR during backfilling operations as directed by the ENGINEER. Removal of shoring for structures shall be done in such a manner as not to disturb or mar finished masonry or concrete surfaces.

3.03 DRAINAGE

A. Grading shall be controlled in the vicinity of excavations so that the surface of the ground will be properly sloped to prevent water from running into trenches or other excavated areas. Any water which accumulates in the excavations shall be removed promptly by well point or by other means satisfactory to the ENGINEER in such a manner as to not create a nuisance to adjacent property or public thoroughfare. Trenches shall be kept dry while pipe is being laid. Bridging of dewatering pipe shall be provided where necessary. Pumps and engines for well point systems shall be operated with mufflers, and at a minimum noise level suitable to a residential area. The CONTRACTOR will not be allowed to discharge water into the OWNER's storm drainage system without the written approval of the ENGINEER. Approval will be subject to the condition that the storm sewer be returned to its original condition.

B. The CONTRACTOR is responsible for carrying the water to the nearest ditch or body of water and for obtaining the necessary permission to use same. The CONTRACTOR shall be financially responsible for any nuisance created due to carrying off water from his drainage system.

3.04 BACKFILL

A. Trenches:

1. Trenches shall be backfilled immediately after the pipe is laid unless other protection for the pipe line is provided. Clean earth, sand, crushed limerock or other material

approved by the ENGINEER shall be used for backfill. Backfill material shall be selected, deposited and compacted (simultaneously on both sides of the pipe) so as to eliminate the possibility of lateral displacement of the pipe. Backfill material shall be solidly tamped around the pipes in layers to a level at least 1-foot above the top of the pipe. Each layer shall be compacted to a maximum thickness of 6-inches.

2. In unpaved areas, the remainder of the backfill shall be deposited and then compacted by puddling, water flooding or mechanical tampers. Mechanical tamping of layers in unpaved areas shall be to a maximum thickness of 12-inches. In areas to be paved or repaved, the entire depth of backfill shall be deposited in layers and compacted by hand or mechanical tampers to a maximum thickness of 6-inches. Compaction shall be carried out to achieve a density of at least 98% of the maximum density as determined by AASHTO, Method T-180. Under areas to be paved, puddling may be used for backfill consolidation after tamping to 1-foot over the pipe, as specified, provided the method is first approved by the ENGINEER and the density requirements are met.

3. In areas to be paved, density tests for determination of the specified compaction shall be made by a testing laboratory and spaced one in every 300-feet of trench cut. It is the intent of this specification to secure a condition where no further settlement of trenches will occur. When backfilling is completed, the roadway base for pavement replacement may be placed immediately. It will be the responsibility of the CONTRACTOR to restore the surface to the original grade wherever settlement occurs.

B. Structural:

1. After completion of foundation footings and walls and other construction below the elevation of the final grades, and prior to backfilling, forms shall be removed and the excavation shall be cleared of all trash and debris. Material for backfilling shall consist of the excavation, borrow sand or other approved materials, and shall be free of trash, lumber or other debris. Backfill shall be placed in horizontal layers not in excess of 9-inches in thickness, and have a moisture content such that a density may be obtained to prevent excessive settlement or shrinkage. Each layer shall be compacted by hand or approved machine tampers with extreme care being exerted not to damage pipe or structures. Backfill shall be placed and compacted evenly against the exposed surfaces to prevent undue stress on any surface.

3.05 RESTORATION OF SURFACE IMPROVEMENTS

A. Roadways, including shoulders, alleys and driveways of shell, limerock, stabilized soil or gravel, grass plots, sod, shrubbery, ornamental trees, signs, fences, or other surface improvements on public or private property which have been damaged or removed in excavating, shall be restored to conditions equal to or better than conditions existing prior to beginning work. Restoration of shoulders shall consist of sodding, seeding and mulching, or stabilizing with limerock as selected by the ENGINEER. The cost of doing this work shall be included in the cost of the various applicable items.

B. Materials for unpaved roadways, road shoulders, alleys, or drive-ways, shall be compacted to a minimum of 98% of the maximum density as determined by AASHTO, Method T-180. The cost of this work and furnishing new materials shall be included in the

cost of the applicable items of work as no separate payment will be made, unless a separate bid item is provided.

3.06 FINE GRADING

A. Finished areas around structures shall be graded smooth and hand raked and shall meet the elevations and contours shown on the drawings. Lumber, earth clods, rocks and other undesirable materials shall be removed from the site.

3.07 DISPOSAL OF MATERIAL

A. Such portions of the excavated materials as needed and as suitable, shall be used for backfilling and grading about the completed work to the elevations as shown on the drawings or as directed. Excavated material in excess of the quantity required for this purpose shall be disposed of by the CONTRACTOR. The CONTRACTOR shall leave the earth over the trenches or other excavations in a neat and uniform condition acceptable to the OWNER.

3.08 TESTS

A. The CONTRACTOR shall furnish facilities for making all density tests and make such restorations as may be necessary due to test operations. All density tests on backfill or base replacement will be made by a commercial testing laboratory employed by the OWNER and at such locations as may be recommended by the ENGINEER. The CONTRACTOR shall pay for all tests where the densities, as determined by the specified tests, fall below the required minimums (failed tests).

END OF SECTION

SECTION 02801
RESTORATION OF SURFACE IMPROVEMENTS

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

The work includes the restoration of driveways, lawn areas, trees and plants, roadways, sprinkler systems, walks and any other existing improvement affected by the proposed work.

This section includes furnishing equipment, labor and materials, and performing all necessary and incidental operations to perform the required work.

1.02 QUALITY ASSURANCE

Standards. Florida Grades and Standards for Nursery Plants, Part 1:

Irrigation Contractor Qualifications. Irrigation Competency Card is required for contractor or sub-contractor doing any irrigation repair, including relocation of heads, lines or valves, or any new irrigation work.

PART 2 - MATERIALS AND EQUIPMENT

2.01 SOD

Sod used for restoration shall match the existing sod in the area. St. Augustine sod shall be replaced with St. Augustine Floratam. In areas without irrigation, Argentina Bahia sod shall be used, unless otherwise directed by the Engineer/Landscape Architect.

Sod shall have well matted roots.

The sod shall be sufficiently thick to secure a dense stand of live grass, with a minimum thickness of two-inches. The sod shall be live, fresh and uninjured at the time of planting. It shall be planted as soon as possible after being dug and shall be shaded and kept moist from the time it is dug until it is planted.

The sod shall be commercial size rectangles measuring 12-inches by 24-inches or larger, except where 6-inch strip sodding is called for on the drawings.

Sod shall be planted as soon as possible after being harvested and shall be shaded and kept moist from the time of harvesting until it is planted.

The source of the sod may be inspected and approved by the Engineer/Architect prior to construction.

2.02 PLANTS

Existing damaged plants shall be replaced by plants of equal type, quality and size whenever possible. All new plants shall be sound, healthy, vigorous and free from defects, decay, disfiguring, bark abrasions, plant diseases, insect pests, their eggs or larvae. The new plants shall be approved by the Engineer/Landscape Architect before placing.

Existing plants may be removed, preserved, and replaced at the Contractors option, in which case, the plants shall be handled and maintained by approved nursery staff.

Plants shall be watered and cared for until new growth appears. Dead and dying plants shall be immediately replaced.

Plants used shall be in accordance with the standards for Florida No. 1 or better, as given in the current "Grades and Standards for Nursery Plants," State of Florida, Department of Agriculture, or their equal as approved by the Engineer/Landscape Architect.

Plants shall conform to the sizes indicated by the Owner.

2.03 MULCH

Mulch for all planter areas shall be shredded cypress or eucalyptus, clean, bright and free from weeds, moss, sticks, and other debris.

2.04 WATER

The water used in the performance of this Contract shall be of drinking water quality, clean and free from injurious amounts of oil, acid, alkali, organic matter, or any substance which might be harmful to plant growth or obnoxious to traffic.

2.05 PLANTING MIXTURE

The planting mixture, when required, shall consist of a thorough mixture of 40% peat and 60% sand. The peat shall be Florihome peat or equivalent and the sand shall be clean and free from debris of any kind.

2.06 FERTILIZER

Fertilizer shall be granular 8-8-8, or equivalent.

Commercial fertilizers shall comply with the State fertilizer laws.

Fertilizer may, at the discretion of the Engineer/Architect, upon satisfactory evidence of its feasibility from the manufacturer, be applied in liquid form.

2.07 ASPHALTIC CONCRETE

Asphaltic concrete for surface and base course applications shall be Type S-9.5 as specified in the Florida Department of Transportation's Standard Specifications for Road and Bridge Construction and shall be in accordance with the project specifications and plans.

2.08 PORTLAND CEMENT CONCRETE

Portland cement concrete used in the performance of this Contract shall have a compressive strength of 3000 psi at 28 days and shall conform to the requirements of Section 03300.

PART 3 - EXECUTION

3.01 LANDSCAPING RESTORATION

All grass areas disturbed by construction shall be restored with the same type of sod as was existing prior to disturbance.

Lawn Areas. Any lawn area affected by the required work shall be restored to a condition equal or better than the conditions existing before the commencement of work.

Balled Plants. Plants where required shall be adequately balled with firm natural balls of soil, sized as set forth in "Grades and Standards". Balls shall be firmly wrapped with burlap or equally approved strong cloth. No balled plant will be planted if the ball is cracked or broken before or during the process of planting.

Option. Plants may be furnished as container grown instead of balled if all other requirements are met.

Preparation of Plant Pits. All plant pits shall be circular in outline and have vertical sides. Tree pits shall be two feet wider than the width of the ball and one foot deeper than the depth of the ball. Shrubs that are either B&B or in 3 gallon and under containers shall have pits that are one foot wider than the width of the plant ball and 6-inches deeper than the depth of the ball.

Setting Plants. All plants except as otherwise specified, shall be centered in pits. Deep planting shall be avoided and unless otherwise specified, plants shall be set at such a level that after settlement they will bear the same relation to the required grade as they have to the natural grade before being transplanted.

Balled and burlapped plants and palms shall be placed on 6-inches to 12-inches of tamped planting mixture and adjusted so as to be at the proper level. The rope and burlap shall be cut away and the burlap folded down to the bottom of the pit. Very large B&B plants shall remain wrapped until fully backfilled and then just the upper portion of the burlap shall be removed. Backfill of planting mix shall be placed halfway up the pit and then water tamped. After this water has drained away, backfill around the edge of the pit to form a saucer and fill area three times with water.

Water. Water to be used initially during plant installation shall be furnished by the Contractor. The existing irrigation system, where damaged, shall be promptly repaired after the installation of the plants.

Sod Placement. The provisions for the preparation of the area to be sodded shall include scarifying and loosening the soil and application of fertilizer. Sodding shall not be performed when weather and soil conditions are, in the Engineer's opinion, unsuitable for proper results.

The sod shall be placed on the prepared surface with edges in close contact, and shall be firmly and smoothly embedded by light tamping with appropriate tools.

Where sodding is used in drainage ditches or ponds, the setting of the pieces shall be staggered, such as to avoid a continuous seam along the line of flow. Along the edges of such staggered areas, the offsets of individual strips shall not exceed 6-inches.

In order to prevent erosion caused by vertical edges at the outer limits, the outer pieces of sod shall be tamped so as to produce a featheredge effect.

On areas where the sod may slide, due to height and slopes, it shall be pegged, with pegs driven through the sod blocks into firm soil and at intervals as shown on the drawings or as directed by the Engineer/Architect.

Any pieces of sod which, after placing, show appearance of extreme dryness shall be removed from the work.

The sod shall be kept in a moist condition after planting and for the duration of the Contract.

Maintenance. Contractor shall maintain the planted areas in a satisfactory condition until final acceptance of the project. Such maintenance shall include mowing, edging, weed control, watering, filling, leveling and repairing of any washed or eroded areas as may be necessary.

3.02 PAVEMENT REPLACEMENT

Asphalt pavement shall be removed by saw cutting on a straight line with edges as vertical as possible. Concrete pavement or asphalt surfaced concrete shall be removed by cutting with a concrete saw in as straight a line and vertically as possible.

Prior to replacing concrete or asphalt pavement replacement, a limerock base shall be laid. The base for concrete pavement shall be six (6) inches of compacted thickness, and that for asphalt pavement shall be twelve (12) inches of compacted thickness for City roadways. The base course for each shall be compacted in two equal layers to a minimum of 98% of the maximum density as determined by AASHTO, Method T-180. The Owner will have tests made by an independent testing laboratory to verify compaction results.

Non-asphalt pavement replacement shall be replaced of like material and thickness. Asphalt or built-up asphalt pavement replacement shall be replaced with like material or concrete as directed by the Engineer/Architect. Where asphalt or built-up asphalt pavement is replaced by concrete,

the concrete shall have a minimum of six (6) inches in thickness and be reinforced with 6 by 6 No. 6 gage welded wire fabric. Where the pavement replacement is of like material, it shall be replaced in thickness equal to or better than that existing at the time of removal.

Unless the base is sealed or other temporary paving applied over driveway areas to be repaved, pavement shall be replaced not later than three weeks after completion of backfill.

3.03 CURB REMOVAL AND REPLACEMENT

Curb removal and replacement required in the construction of this work shall be done by the Contractor. Reasonable care shall be exercised in removing the curb, and the Contractor shall either stockpile or dispose of this material as directed by the Engineer/Architect. Curb shall be replaced of like material in a manner and condition equal to or better than that existing at the time of removal.

3.04 TESTS

The Contractor shall furnish facilities for making all density tests and make such restorations as may be necessary due to test operations. All density tests on backfill or base replacement will be made by a commercial testing laboratory employed by the Owner and at such locations as may be recommended by the Engineer/Architect. If the densities as determined by the specified tests fall below the required minimums, the Contractor shall pay for all retests.

END OF SECTION

**SECTION 02831
CHAIN LINK FENCING AND GATES**

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

This Section includes furnishing and installing the chain link fence as shown on the Drawings and as specified.

1.02 QUALITY ASSURANCE

Manufacturer. A company specializing in commercial quality chain link fencing with a minimum of two years experience.

1.03 SUBMITTALS

Submit layout.

Submit samples if requested by the Engineer.

PART 2 - MATERIALS AND EQUIPMENT

2.01 MATERIALS

Fabric. No. 9 gage (0.148-inch) steel wires, 2-inch mesh, with top and bottom selvages twisted and barbed. Furnish one-piece fabric width.

SELECT FABRIC FINISH TO BE USED FOR THIS PRODUCT.
COORDINATE WITH TENSION WIRE AND BARBED WIRE.

Fabric finish shall be galvanized conforming to ASTM A392, Class II, galvanized after weaving, with a minimum weight of 2.0 oz. per square foot of wire surface.

Framework. Galvanized steel, ASTM A120, with not less than 1.8 oz. zinc per sq. ft.

Hardware and Accessories. Galvanized, ASTM A153, with zinc weights as per Table 1.

2.02 FRAMING AND ACCESSORIES

End, Corner and Pull Posts. Minimum sizes and weights as follows:

Up to 6-foot fabric height, 2.875-inch OD pipe, 5.79 lbs. per lin. ft.

Line Posts. Space 10-foot o.c. maximum, unless otherwise shown, of following minimum sizes and weights.

Up to 6-foot fabric height, 2.375-inch OD steel pipe. 3.65 lbs. per lin. ft.

Gate Posts. Furnish posts for supporting single gate leaf for nominal gate widths as follows:

Up to 6-feet in width, 2.875-inch OD steel pipe.

From 6-feet up to 13-feet in width, 4.00-inch OD steel pipe.

From 13-feet up to 18-feet in width, 6.625-inch OD steel pipe.

Over 18-feet in width, 8.625-inch OD steel pipe.

Top Rail. 1-5/8-inch OD pipe, manufacturer's longest lengths, with expansion type couplings, approximately 6-inches long, for each joint. Provide fittings for attaching top rail securely to each gate, corner, pull, and end post.

Post Brace Assembly. Manufacturer's standard adjustable brace at gate posts and at both sides of corner and pull posts, with horizontal brace located at mid-height of fabric.

Use 1-5/8-inch OD pipe for horizontal brace and 3/8-inch diameter adjustable diagonal truss rod.

Post Tops. Weathertight closure cap (for tubular posts,) one cap for each post.

Furnish caps with openings to permit passage of top rail and arms to accept barbed wire. Caps shall be set screw retained.

Stretcher Bars. One piece lengths equal to full height of fabric, galvanized, with minimum cross-section of 3/16-inch x 3/4-inch. Provide one stretcher bar for each gate and end post, and two for each corner and pull post, except where fabric is integrally woven into post.

Stretcher Bar Bands. Space not over 15-inches o.c., to secure stretcher bars to end, corner, pull, and gate posts.

Tension Wire. Single strand spring coil steel wire, 6-gage, [galvanized.] [aluminum coated.]

Extension Arms. Cast steel, to accommodate 3 strands of barbed wire, sloped 45-degrees. Provide single, double or vertical arm as shown on the drawings.

Barbed Wire. Three strands of 12-1/2 gage, twisted [galvanized] [aluminum coated] wires with 14 gage, four point barbs at 4-1/2 or 5-1/2 inches on center (including gate).

Wire Ties. For tying fabric to line posts, use wire ties spaced 12-inch o.c. For tying fabric to rails and braces, use wire ties spaced 24-inch o.c. For tying fabric to tension wire, use hog rings spaced 24-inch o.c. Manufacturer's standard procedure will be accepted if of equal strength and durability.

Gates. Gates shall be swing [or rolling] as shown on the drawings and shall be complete with latches, stops, keepers, hinges [, rollers] and when shown, provision for 3-strands of barbed wire above the fabric.

Gate Frames. Gate frames shall be constructed of tubular members and, shall be constructed in a manner such as to provide a rigid frame and ample strength and gate shall be free from sag and twist. Where a barbed wire top is specified, the end members of gate frames shall be extended approximately 1 foot above the top member and arranged for attaching three uniformly spaced strands of barbed wire and furnished with bands or other suitable method for securely attaching the wire.

Latches, [Padlocks,] Stops and Keepers. Provide latches, [padlocks], stops and keepers for all gates. Latches shall have the plunger bar arranged to engage the gate stop, except that for single gates for openings less than 10-feet wide a forked latch may be provided. Latches shall be arranged for padlocking. [Padlocks shall be Type ED, brass, with 2 keys, conforming to Fed. Spec. FF-P-101.] Center stops shall consist of a device arranged to be set in concrete and to engage the plunger of the bar latch of double gates. No stop is required for single gates. Keepers shall consist of a mechanical device for securing the free end of the gate when in the full open position.

Rolling Gate. Provide a rolling gate where shown on the drawings. Furnish horizontal and vertical members to ensure proper gate operation and for attachment of fabric, hardware and accessories. Fabricate perimeter frames of tubular members to form a gate 6-feet high and up to 36-feet wide as follows:

Steel Pipe: 2-inch OD.

Assemble gate frames by welding or with special fittings and rivets for rigid connections. Use same fabric and gage as for fence. Install fabric with stretcher bars at vertical edges. Bars may also be used at top and bottom edges. Attach hardware to provide security against removal or breakage.

Where manufacturer's design requires, provide diagonal cross-bracing to ensure frame rigidity without sag or twist.

Provide rubber wheels for ground contact and metal wheels to roll on pipe support.

PART 3 - EXECUTION

3.01 INSPECTION

Installer must examine the condition under which the fence and gates are to be installed and notify the Contractor in writing of conditions detrimental to the proper and timely completion of the work. Do not proceed with the work until unsatisfactory conditions have been corrected in a manner acceptable to the Installer.

3.02 INSTALLATION

Do not begin installation and erection before final grading is completed, unless otherwise permitted.

Excavation. Drill holes for posts of diameters and spacings shown, in firm, undisturbed or compacted soil.

Setting Posts. Center and align posts in concrete with clearance as shown on the drawings. Place concrete around posts and vibrate or tamp for consolidation. Check each post for vertical and top alignment, and hold in position during placement and finishing operations.

Top Rails. Run rail continuously through post caps, bending to radius for curved runs. Provide expansion couplings as recommended by fencing manufacturer.

Center Rails. Provide center rails only where shown. Install in one piece between posts and flush with post on fabric side, using special offset fittings where necessary.

Brace Assemblies. Install braces so posts are plumb when diagonal rod is under proper tension.

Fabric. Leave approximately 2-inches between finish grade and bottom selvage, unless otherwise indicated. Pull fabric taut and tie to posts, rails, and tension wires. Install fabric on security side of fence, and anchor to framework so that fabric remains in tension after pulling force is released.

Stretcher Bars. Thread through or clamp to fabric 4-inches o.c., and secure to posts with metal bands spaced 15-inches o.c.

Tie Wires. Use U-shaped wire, conforming to diameter of pipe to which attached, clasping pipe and fabric firmly with ends twisted at least two full turns. Bend wire to minimize hazard to persons or clothing.

Fasteners. Install nuts for tension bands and hardware bolts on side of fence opposite fabric side. Peen ends of bolts or score thread to prevent removal of nuts.

Gates. Install gates plumb, level, and secure for full opening without interference. Install ground-set items in concrete for anchorage as recommended by the fence manufacturer. Adjust hardware for smooth operation and lubricate where necessary.

3.03 TOUCH-UP PAINT

Coat all exposed surfaces resulting from field cuts, welding and other installation activities.

Touch up paint shall be inorganic zinc rich coating. Zinc-Lock 351 from Porter Paint Company is an acceptable product. Equivalent products may be submitted.

END OF SECTION

SECTION 02930 GRASSING

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

- A. The extent of grassing consists of supplying and planting grass seed and/or sod in the locations shown on the drawings and in those areas where construction activity has damaged or destroyed the ground cover.
- B. The grassing work shall include, but not be limited to, supplying all labor, materials, and equipment necessary to perform seeding, sodding, fertilizing, liming when specified, mulching, watering, mowing, and clean-up.

1.02 QUALITY ASSURANCE

- A. Seeds shall meet the requirements of the State Department of Agriculture and Consumer Services and all applicable State laws.
- B. The Engineer/Architect reserves the right to test, reject or approve all materials before application.

1.03 DELIVERY, STORAGE, AND HANDLING

- A. Deliver grass seed in original containers showing analysis of seed mixture, percentage of pure seed, year of production, net weight, date of packaging, and location of packaging. Damaged packages will not be accepted.
- B. Deliver fertilizer in water proof bags showing weight, chemical analysis, and name of manufacturer.
- C. The Contractor shall, at the time of delivery, furnish the Engineer/Architect invoices of all materials received in order that the minimum application rate of materials may be determined. Failure to supply invoices at the time of delivery will warrant that payment for those items be delayed until proper submittal of invoices are obtained and the minimum application rates of material can be verified.
- D. Mixtures of different types of seed called for in these specifications shall be mixed in the proper proportions at the site of the work in the presence of the Engineer/Architect or his representative.

PART 2 - PRODUCTS

2.01 SEED

- A. Unless otherwise provided for on the drawings, the Contractor shall conform to the following seed schedule. The total pounds of seed per acre shall be the sum total shown for all the varieties of seed opposite the schedule number.

SEEDING SCHEDULE

<u>Schedule Number</u>	<u>Common Name of Seed</u>	<u>Rate Lbs. Acre</u>	<u>Planting Dates</u>
1.	Pensacola Bahia (scarified)	90	March 15-
	Bermuda Common (50% hulled)	25	October 15
2.	Pensacola Bahia (scarified)	100	October 16 -
	Bermuda Common (50% hulled)	35	March 14
	Annual Rye Grass	10	
	Rye Grain	30	

- B. The Bermuda seed shall be an equal mixture of hulled and unhulled seed.
- C. The Pensacola Bahia seed shall be scarified seed, having a minimum active germination of 40 percent and a total germination of 85 percent.
- D. Quick-growing type grass seed shall be a species approved by the Engineer/Architect which will provide an early ground cover during the particular season when planting is done and will not later compete with permanent grass.

2.02 SOD

- A. Sod shall be Pensacola Bahia with well matted roots.
- B. The sod shall be commercial size rectangles measuring 12-inches by 24-inches or larger, except where 6-inch strip sodding is called for on the drawings.
- C. The sod shall be sufficiently thick to secure a dense stand of live grass, with a minimum thickness of 2-inches. The sod shall be live, fresh, and uninjured at the time of planting. It shall have a soil mat of sufficient thickness adhering firmly to the roots to withstand all necessary handling. It shall be reasonably free of weeds and other grasses.
- D. Sod shall be planted as soon as possible after being harvested and shall be shaded and kept moist from the time of harvesting until it is planted.
- E. The source of the sod may be inspected and approved by the Engineer/Architect prior to construction.

2.03 MULCH

- A. Dry Mulch:

1. Dry mulch shall be straw or hay, consisting of oat, rye, or wheat straw, or of Pangola, Peanut, Coastal Bermuda or Bahia grass hay. Only undeteriorated mulch which can readily be cut into the soil shall be used.

B. Manufactured Mulch:

1. Manufactured mulches may consist of jute, cotton, or other fiber materials, plastic sheeting, netting, chemical adhesive soil stabilizers, or other approved coverings. Manufactured mulch shall only be used when specifically called for on the drawings and shall be as approved by the Engineer/ Architect.

C. Wood Cellulose Fiber Mulch (for use in hydro-seeding only):

1. Mulch material for use in hydro-seeding slurry shall consist of wood cellulose fiber material, especially prepared for this purpose. It shall be processed in such a manner that it will contain no growth-inhibiting or germination-inhibiting factors and shall be dyed an appropriate color for readily determining the rate of spread, by visual observation. It shall be manufactured in such manner that after agitation in slurry tanks, with fertilizer, grass seed, and water (and with other additives which may be approved for use), the fibers in the material will readily become uniformly suspended in the solution to form a homogeneous slurry; also that when the slurry is hydraulically sprayed on the ground, the mulch material will act to form a blotter-like ground cover, impregnated uniformly with grass seed, and will allow the absorption of water and permit rainfall and watering to percolate to the undersoil.
2. The Contractor shall, if requested, submit appropriate certification from the manufacturer that the material meets all of the above requirements, based on laboratory and field tests of the product.
3. The air dry weight (as defined by the Technical Association of the Pulp and Paper Industry for wood cellulose) shall be marked on each package by the manufacturer.

2.04 FERTILIZER

- A. The fertilizer shall be a commercial granular type with a chemical designation of [12-8-8] [16-4-8] [20-5-10] []
- B. The numerical designations for fertilizer indicate the minimum percentages (respectively) of (1) total nitrogen, (2) available phosphoric acid, and (3) water-soluble potash, contained in the fertilizer.
 1. At least 50 percent of the phosphoric acid shall be from a normal super phosphate or an equivalent source which will provide a minimum of two units of sulfur.
 2. The amount of sulfur shall be indicated on the quantitative analysis card attached to each bag or container.
- C. Commercial fertilizers shall comply with the State fertilizer laws.

- D. Fertilizer may, at the discretion of the Engineer/Architect, upon satisfactory evidence of its feasibility from the manufacturer, be applied in liquid form.

2.05 LIME

- A. Lime shall be agricultural grade, ground limestone minimum 80 percent passing No. 8 sieve, calcium carbonate equivalent minimum 80 percent and shall conform to the requirements of the State Department of Agriculture and Consumer Affairs.

2.06 WATER

- A. The water used in the grassing operations may be obtained from any approved spring, pond, lake, stream, or municipal water system.
- B. The water shall be free of excess and harmful chemicals, acids, alkalis, or any substance which might be harmful to plant growth or obnoxious to traffic.
- C. Salt water shall not be used.

2.07 GRAVEL BED

- A. In the locations shown on the drawings, provide a 3-inch deep bed of river-run gravel of rounded particles ranging in size from 1/2-inch to 2-inches. Gravel shall be as obtained from the vicinity of Montgomery, Alabama, or Chattahoochee, Florida, or equal.
- B. Where gravel is not kept in place by walls or sidewalk, an edging strip shall be used. The edging strip shall be of 1" x 6" cypress, and extend 1/2-inch above the gravel surface.

PART 3 - EXECUTION

3.01 GENERAL

- A. Grassing operations will not be permitted when wind velocities exceed 15 miles per hour. Grassing will be accomplished only when the soil is moist and in proper condition to induce growth. No grassing shall be done when the ground is frozen, unduly wet, or otherwise not in a tillable condition.
- B. Before acceptance of the seeding performed for the establishment of permanent vegetation, the Contractor will be required to produce a satisfactory stand of perennial grass whose root system shall be developed sufficiently to survive dry periods and winter weather and be capable of reestablishment in the spring.

3.02 GRASSING BY SEEDING

- A. Sequence of Operations:

1. The several operations involved in the work shall proceed in the following sequence: grading, fertilizing (and/or application of lime) and preparation of the ground, spreading of the mulch, seeding, cutting in mulch, and rolling.

B. Preparation of Area to be Seeded:

1. The ground over which the seed is to be sown shall be prepared by disk-harrowing and thoroughly pulverizing the soil to a depth of 4-inches. The prepared soil shall be loose and reasonably smooth. The area shall be reasonably free of large clods, roots, and other material which will interfere with the work or subsequent mowing and maintenance operations.

C. Application of Fertilizer:

1. The fertilizer (and/or lime) shall be spread uniformly in one or more applications as specified below.
 - a. An initial application of 500 lbs. per acre.
2. Unless otherwise directed, a second application of 500 lbs. per acre shall be applied within 90 calendar days after the initial application on projects which have not been accepted prior to this time.
3. Unless otherwise directed, a third application of 500 lbs. per acre shall be applied within 270 to 360 calendar days after the initial application on projects which have not been accepted prior to this time.
4. Lime shall be spread at a minimum uniform rate of 250 lbs. per acre and thoroughly mixed with the soil to a depth of 4-inches.

D. Dry Mulching:

1. Approximately 2-inches, loose thickness, of the dry mulch material shall be applied uniformly over the area to be seeded. After the area has been seeded, the mulch material shall be cut into the soil so as to produce a loose mulched thickness of 3- to 4-inches. Care shall be exercised that the materials are not cut too deeply into the soil.

- E. While the soil is still loose and moist, the seed shall be scattered uniformly over the area to be grassed. The application rates of the various types of seed shall be as described in Paragraph 2.01.

F. Rolling:

1. Immediately after completion of the seeding, the entire grassed or mulched area shall be rolled with a cultipacker, traffic roller, or other suitable equipment. At least two trips over the entire area will be required.

G. Watering:

1. The seeded areas shall be watered so as to provide optimum growth conditions for the establishment of the grass. The period for maintaining such moisture conditions shall not be less than two weeks after planting.

3.03 GRASSING BY HYDRO-SEEDING

A. General:

1. This method of grassing generally consists of distributing materials over the area to be grassed by spraying a slurry composed of water, seed, fertilizer, and mulch (wood cellulose fiber mulch for hydro-seeding applications).

B. Ground Preparation:

1. The provisions for the preparation of the seeding areas and for the subsequent maintaining of the moisture condition shall be as specified in Paragraphs 3.02 B, C and G.

C. Equipment:

1. Equipment used in hydro-seeding shall have a built-in agitation system with an operating capacity sufficient to agitate, suspend, and homogeneously mix a slurry of the specified amount of fiber, fertilizer, seed, and water. The slurry distribution lines shall be large enough to prevent stoppage. The discharge line shall be equipped with a set of hydraulic spray nozzles which will provide even distribution of the slurry on the various areas to be grassed. The slurry tank shall have a minimum capacity of 1,000 gallons.

D. Application:

1. Wood cellulose fiber mulch shall be applied at the rate of 1,500 lbs. per acre in a mixture of seed, fertilizer, and water. The seed, fertilizer, mulch, and water shall be combined into the slurry tank for distribution of all ingredients in one operation. The materials shall be combined in a manner recommended by the mulch manufacturer. The slurry mixture shall be so regulated that the amounts and rates of application shall result in a uniform application of all materials at rates not less than the amounts specified herein. Using the color of the mulch as a guide, the equipment operator shall spray the prepared seed-bed with a uniform visible coat. The slurry shall be applied in a sweeping motion, in an arched stream, so as to fall like rain, allowing the mulch fibers to build upon each other until an even coat is achieved.

3.04 SODDING

A. Ground Preparation:

1. The provisions for the preparation of the area to be sodded shall include scarifying and loosening the soil and application of fertilizer as described in Paragraphs 3.02 B. and C.

B. Inclement Weather and Unsuitable Conditions:

1. Sodding shall not be performed when weather and soil conditions are, in the Engineer/Architect's opinion, unsuitable for proper results.

C. Sod Placement:

1. The sod shall be placed on the prepared surface with edges in close contact, and shall be firmly and smoothly embedded by light tamping with appropriate tools.
2. Where sodding is used in drainage ditches or ponds, the setting of the pieces shall be staggered, such as to avoid a continuous seam along the line of flow. Along the edges of such staggered areas, the offsets of individual strips shall not exceed 6-inches.
3. In order to prevent erosion caused by vertical edges at the outer limits, the outer pieces of sod shall be tamped so as to produce a featheredge effect.
4. On areas where the sod may slide, due to height and slopes, it shall be pegged, with pegs driven through the sod blocks into firm soil and at intervals as shown on the drawings or as directed by the Engineer/Architect.
5. Any pieces of sod which, after placing, show appearance of extreme dryness shall be removed from the work.

D. Watering:

1. The sod shall be kept in a moist condition after planting and for the duration of the Contract. Water shall not be applied between the hours of 8:00 A.M. and 4:00 P.M.

3.05 MAINTENANCE

- A. The Contractor shall, at his expense, maintain the planted areas in a satisfactory condition until final acceptance. Such maintenance shall include watering, filling, leveling, and repairing of any washed or eroded areas and additional seed, fertilizer, and mulch or sod applied to areas where a satisfactory stand of grass has not been achieved.
- B. Immediately prior to final inspection, the Contractor shall mow and remove clippings from the areas grassed under this Contract.

END OF SECTION

SECTION 03300 CONCRETE

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

A. Work consists of the forming, mixing, placing and curing concrete for use in small structures, sidewalk, and curb replacement.

1.02 QUALITY ASSURANCE

A. Concrete may be standard design and product of commercial ready-mix or transit-mix supplier conforming to the following requirements:

<u>Class</u>	<u>Cement Content per cubic yard</u>	<u>Minimum 28-day Strength (lb. per sq. in.)</u>
Structural	6.25 bags or 600 pounds	4000
Non-Structural	5.75 bags or 560 pounds	3000

B. Job mixes of small quantities shall conform to the same requirements.

1.03 SUBMITTALS

A. Compressive strength tests, when required by the Engineer, shall be made by breaking standard 6-inch diameter by 12-inch high test specimens prepared, cured and broken in accordance with the ASTM C31 and C39. Three specimen test cylinders shall be taken from each concrete pour of three cubic yards. One additional test cylinder shall be taken for quantities up to one truck load. Test specimens shall be taken in the presence of the Engineer. One cylinder from each pour shall be broken at seven days, the remainder at twenty-eight days. Additional test cylinders may be ordered for determining the characteristics of a new design mix or changes in equipment or methods, and under adverse weather or curing conditions.

B. Slump test shall be made in accordance with ASTM C143, and shall be made whenever directed by the Engineer.

C. Responsibility for Tests and Reports:

1. The Contractor shall supply all cylinder molds, slump cones, tools and labor for preparing specimens, and shall provide clean, moist sand or burlap for curing. Cylinders shall be shipped to the testing laboratory until the third day following preparation, and shall be protected from accidental damage at all times.

2. The test cylinders shall be tested in a recognized commercial testing laboratory.

1.04 DELIVERY AND STORAGE

A. Ready-mixed concrete delivered shall be accompanied by delivery tickets showing the following:

Date and time leaving plant
Type of cement and weight
Quantity of water and time added
Additive (if any).

B. Bulk or bagged cement or bagged concrete mix shall be stored off the ground in a sheltered area.

PART 2 - PRODUCTS

2.01 CEMENT

A. Portland cement shall conform to the latest revision of Federal and/or ASTM Specifications enumerated below:

1. For general concrete construction, ASTM C150, Type I.
2. Type II (meeting ASTM C150) cement shall be used in all areas where the concrete will be subjected to a hydrogen sulfide environment (i.e., direct contact with groundwater).

2.02 AGGREGATES

A. Fine Aggregate:

1. Fine aggregate shall be clean, hard, strong, durable, uncoated particles of natural sand.
2. The fine aggregate shall be reasonably well graded from coarse to fine.

B. Coarse Aggregate:

1. Coarse aggregate shall be washed and consist of hard, tough, durable components, free from adherent coatings, salt, alkali, vegetable matter, and shall not contain an excessive number of soft, friable, thin or elongated particles. Coarse aggregate shall be properly graded from fine to coarse to produce concrete of the desired strength, density, and workability.
2. Where the cover over reinforcing is two inches or more, the maximum size of aggregate shall be 1-1/2 inches. Where the cover over reinforcing is less than two inches, the maximum size of aggregate shall be 3/4-inch. The maximum size of aggregate shall not exceed one-fifth of the narrowest dimension between forms nor three-fourths of the minimum clear spacing between reinforcing bars.

2.03 BAGGED CONCRETE MIX

A. For very small amounts of concrete a premixed sand, gravel and cement in 40 lb. (1/3 cu. ft.) or 80 lb. (2/3 cu. ft.) bags may be used. The Engineer must give approval for its use.

2.04 ADMIXTURES

A. The design mix may be based upon the use of such admixtures as the designer may select to improve the workability, plasticity or rate of curing of the concrete.

2.05 MIXING WATER

A. The water used in mixing concrete shall be fresh, clean and free from injurious amounts of oil, acid, alkali, or organic matter.

B. Water from any source other than a municipal water supply shall be shown by test to comply with Florida State Department of Transportation requirements for mixing water.

2.06 STEEL BAR AND WIRE FABRIC REINFORCEMENT

A. The reinforcing shall be fabricated to the proper shapes and dimensions. Before placing, all reinforcements shall be thoroughly cleaned of rust, mill scale and/or coatings.

B. Reinforcing bars shall conform to the requirements of ASTM A615, Grade 60 including hoops and stirrups.

C. Reinforcing steel shall be detailed, fabricated and placed according to the methods and standards recommended in the "Manual of Standard Practice for Detailing Reinforced Concrete Structures" of the American Concrete Institute.

D. Splices in reinforcing mats shall be staggered. Horizontal mats shall be supported on metal chairs with all sills or pads below subgrade. Spacers shall be provided for wall and column steel and shall be removed as the concrete is placed.

E. Wire fabric, unless otherwise shown or specified, shall be 6-inches by 6-inches by W1.4 x W1.4 woven or electrically welded wire fabric conforming to the requirements of ASTM A185.

PART 3 - EXECUTION

3.01 FORMS

A. Material:

1. Forms shall be of wood, metal, or other approved materials, shall be built true to line and grade, mortar-tight, adequately braced and supported, and sufficiently rigid to prevent displacement or sagging. Metal forms shall be of a type and manufacture acceptable to the

Engineer. Plywood, fiberboard, or absorptive type form linings may be used where appropriate.

2. Form work shall be constructed conforming to ACI 347 Chapter 2. Joints of sectional forms shall be located in a modular manner with as few fillers as possible. Voids in plywood and joints between form modules used for concrete exposed to view or hydraulic action shall be filled with silicone sealant and shall be tool smooth. Profile items such reglets and anchors shall be securely fastened with flush mechanical fasteners.

3. Pours shall not be scheduled until all erection and bracing of form work has been completed.

3.02 CONCRETE PLACING

A. Concrete shall not be placed until forms and reinforcing have been inspected.

B. Concrete shall be placed with the aid of mechanical vibrating equipment supplemented by hand forking or spading. Vibration shall be transmitted directly to the concrete and not through the forms. The duration of vibration at any location in the forms shall be held to the minimum necessary to produce thorough consolidation.

C. Concrete shall be compacted and worked in an approved manner into all corners and angles of the forms and around reinforcement and embedded fixtures in such a manner as to prevent segregation of the coarse aggregate.

D. Before depositing new concrete on or against concrete which has set, the existing surfaces shall be cleaned of all laitance, foreign matter and loose particles, and slushed with a neat cement grout. Grout for horizontal construction joints shall be of cement and fine aggregate in the same proportions as in the concrete to be placed, and shall be from 1/2- to 1-inch thickness.

E. The concrete shall be placed by suitable equipment as nearly as possible to its final location and without any segregation of the aggregate. Free vertical drop shall not exceed three feet.

3.03 CONCRETE CURING

A. Water for curing shall be clear and entirely free from any elements which might cause staining or discoloration.

B. Concrete shall be kept wet by covering with water, water saturated covering, or by alternate methods which will keep all surfaces continuously wet, for a period of seven days.

C. Where wood forms are left in place during curing, they shall be kept wet at all times.

3.04 WEATHER PROTECTION

A. No concrete shall be mixed or placed when the air temperature in the shade and away from artificial heat is as low as 40 degrees F., and falling. Concrete may be mixed and placed

when the air temperature in the shade and away from artificial heat is 35 degrees Fahrenheit, and rising.

B. Fresh concrete shall be protected from rain, flowing water and mechanical injury.

3.05 CONCRETE FINISHING

A. Slabs, Walks and Pavements shall be brought to a true and even finish by power or hand-floating. The surface shall be floated to a true, smooth finish. Troweling shall be the minimum to obtain a smooth, dense surface and shall not be done until the mortar has hardened sufficiently to prevent excess fine material from being worked to the surface. All walk and pavement surfaces, shall, immediately after troweling, be lightly broomed. The brooming shall be sufficient to mark the surface without appreciably disturbing the troweled finish.

END OF SECTION

SECTION 16025
CODES, FEES, AND STANDARDS

PART 1 - GENERAL

1.01 CODES AND FEES

- A. Install in accordance with latest edition of the National Electric Code and the regulations of governing local, State, County and other codes. Pay for all required licenses, fees and inspections.

1.02 STANDARDS

- A. All materials shall be new and free of defects, and shall be U.L. listed, bear the U.L. label or be labeled or listed with an approved, nationally recognized Electrical Testing agency. Where no labeling or listing service is available for certain types of equipment, test data shall be submitted to prove to the Engineer that equipment meets or exceeds available standards.

PART 2 - MATERIALS AND EQUIPMENT

(Not Applicable)

PART 3 - EXECUTION

(Not Applicable)

END OF SECTION

SECTION 16040 ELECTRICAL IDENTIFICATION

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

- A. Extent of electrical identification work is indicated in the drawings and schedules.
- B. Types of electrical identification work specified in this section include the following:
 - 1. Electrical Power
 - 2. Control and Communication Conductors
 - 3. Danger Signs
- C. Refer to appropriate sections on "system identification" for equipment and system nameplates and performance data information not covered in this section.

PART 2 - MATERIALS AND EQUIPMENT

2.01 GENERAL

- A. Acceptable Manufacturers. Subject to compliance with requirements, provide electrical identification products from one of the following (for each type of marker):
 - 1. Square D.
 - 2. Schneider Electric.
 - 3. ASCO ATS.
 - 4. FP&L approved electric service products.

- B. Cable/Conductor Identification Bands

General. Provide manufacturer's standard vinyl-cloth, self-adhesive cable conductor markers of wrap-around type, either pre-numbers plastic coated type, or write-on type with clear plastic self-adhesive cover flap; numbered to show circuit identification.

PART 3 EXECUTION

3.01 EQUIPMENT/SYSTEM IDENTIFICATION

- A. General. Install engraved plastic-laminate sign on each major unit of electrical equipment in building; including central or master unit of each electrical system including communication/control/sign systems, unless unit is specified, with its own identification. Provide single line text, 1/2" high lettering on 1-1/2" high sign, with white lettering in a black field. Provide text matching the terminology and numbering of the contract documents and shop drawings. Provide signs for each unit of the following categories of electrical work:
1. Panelboards, electrical cabinets and enclosures.
 2. Access panels and doors to electrical facilities.
 3. Major electrical switch gear, motor control centers and transformers.
- B. Install signs at locations indicated. Where not otherwise indicated, install at location for best viewing without interference with the operation and maintenance of the equipment. Secure signs to substrate with fasteners. Use adhesive where fasteners cannot or should not penetrate the substrate.

END OF SECTION

SECTION 16050
BASIC MATERIALS, INSTALLATION AND WIRING METHODS

PART 1 – GENERAL

1.01 MATERIALS AND EQUIPMENT

- A. Materials and equipment shall be new and in mint condition and shall bear the Underwriters' UL label, when under their jurisdiction, unless specifically permitted otherwise. Materials and products shall conform in all respects to the quality and features indicated by specifications and drawings and shall be the best materials and finishes available. Where material or product is indicated or necessary, but not specifically described in specifications or drawings, such material or product shall conform to the quality and features of similar items described or otherwise indicated. All materials and equipment shall be the standard products of manufacturers regularly engaged in the manufacture of the products. All materials and equipment shall be labeled Made in America and labeling shall be in accordance with the requirements of the Federal Trade Commission.

1.02 INSTALLATION

- A. In general, the "Standard of Installation" published by the National Electric Contractors Association (NECA) shall set the standard for installation of equipment and for workmanship. Where specific methods of installation are indicated by specifications or drawings, the methods so established shall be used unless otherwise permitted by the Engineer. Install materials and equipment in a neat and orderly manner. Secure cabinets, boxes, wiring, conduits and other equipment rigidly to structure. Cover conduits, boxes, cabinets and other enclosures with plastic covers or caps to prevent entrance of plaster, concrete or other debris when work is not being done therein. Materials and equipment shall be installed using tools and equipment designed for the particular application.

1.03 CORROSION PROTECTION

- A. Special precautions shall be taken to protect materials and equipment from corrosion during construction. Materials or equipment damaged from corrosion or other causes will be rejected and shall be removed from the project site immediately.

1.04 REQUIREMENTS

- A. Refer to Section 16134, "Outlet, Boxes, Cabinets and Structural Supports", for additional installation requirements.
- B. Refer to Section 16060, "Codes, Standards and Fees", for references.

- C. Systems shall be properly grounded and continuously polarized throughout following the color coding specified.
- D. All feeder connections shall be made to equipment using solderless connections of the compression type.
- E. In general, conductors shall be the same size from the last protective device to the load.
- F. The use of lubricating materials to help install non- lead conductors is to be avoided. Where absolutely necessary, Ideal-Aqua-Gel, Polywater, or Yellow 77 shall be used. Any other lubricants shall be approved by the Engineer prior to use.
- G. Non-metallic sheathed cable shall not be used.
- H. "MC" cable shall not be used.
- I. Aluminum wire and cable shall not be used.
- J. Conduit runs are shown diagrammatically and may be modified to meet field conditions, but the general arrangement shall be as shown.
- K. Deviations from the arrangement shown must have the approval of the Engineer.
- L. Become familiar with the general construction of the building and place all sleeves, inserts, etc., as required. Support all conduit with suitable fixtures and hangers.
- M. All conduit shall be arranged in a neat manner for access to other work installed by other trades.
- N. All exposed conduit runs shall be installed parallel or perpendicular to floors, walls and ceilings.
- O. Clean all equipment before leaving the job.
- P. Repair, refinish or touch up all damaged surfaces.
- Q. No materials except those specified shall be kept on the project site.

1.05 IDENTIFICATION

- A. Clearly and permanently label in a neat and orderly manner all devices, Panelboards, Disconnect Switches, Individual Motor Starters, Transformers and Automatic Transfer Switches. Locate nameplates for easiest reading.

- B. Nameplate shall provide the following information: Equipment name/designation, operating voltage and phases, feeder panelboard and circuit.
- C. Nameplates: Lamacoid type with 1/4" high white letters on black background machine engraved. Nameplates shall have strong adhesive backing for attaching to equipment.

1.06 OBSTACLES, INTERFERENCE AND COORDINATION

- A. Provide fittings, elbows, pullboxes, etc., as required to effect necessary changes in direction, offsets, transitions, etc.
- B. Coordinate the work with the other trades, determining exact routes and locations of raceways, equipment, etc., prior to fabrication and installation. Install the work to permit removal of the parts of other trade requiring periodic maintenance or replacement without damage. Allow for proper operation of swinging or overhead doors, access panels, control components, etc.
- C. Prior to roughing-in for equipment furnished by others, obtain approved roughing in drawings indicating exact location of services for each item of equipment. Relocation of any services incorrectly roughed-in shall be without extra compensation.
- D. Directories: Use card provided by equipment manufacture. Provide new card for each existing panel being altered. Typewrite identification of function and location for each circuit using final room names and/or numbers as selected by Owner. Permanently fasten in place and protect behind glass or heavy gauge non- yellowing plastic cover.

1.07 CHANGEOVERS, RELOCATIONS AND REWORK OF UTILITIES

- A. Make all changeovers, tie-ins, removals, etc., that affect the continuity of present building services or operation, at times selected to avoid interference with building activities. Set up special schedules and secure approval before proceeding.
- B. Do as much work as possible prior to any shut-down to minimize the down time. Make temporary connections as necessary to maintain approved schedules, at no increase in cost to the Owner.

END OF SECTION

SECTION 16060
ELECTRICAL CONNECTION FOR EQUIPMENT

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

- A. Type of electrical power connections specified in this section include the following:
 - 1. To motors
 - 2. To motor starters
 - 3. From motor starters to motors
 - 4. To lighting fixtures
 - 5. To transformers, rheostats, and similar current adjustment features of equipment
 - 6. To ground
 - 7. To master units of communication, signal, alarm, clock, public address, sound, and video systems, where applicable.
- B. Junction boxes and disconnect switches required for motors and other electrical units of equipment are specified in accordance with Division 16 - Electrical.

PART 2 - MATERIALS AND EQUIPMENT

2.01 COMPLIANCE REQUIREMENTS

- A. NEC Compliance. Comply with applicable portions of NEC as to type products used and installation of electrical power connections (terminals and splices), for junction boxes, motor starters, and disconnect switches.
- B. NEMA Compliance. Comply with applicable portions of NEMA standards pertaining to electrical connections for equipment.
- C. ANSI Compliance. Comply with applicable ANSI standards pertaining to products and installation of electrical connections.
- D. Splices and terminations of types indicated.

2.02 METAL CONDUIT, TUBING AND FITTINGS

- A. General. Provide metal conduit, tubing and fittings of types, grades, sizes and weights (wall thickness) indicated for each type service. Where types and grades are not indicated, provide proper selection as determined for installer to fulfill wiring requirements; comply with NEC requirements for raceways. Provide

products complying with basic materials and methods as found in Section 16110 - Raceways and Conduits, and in accordance with the following list of metal conduit, tubing and fittings:

1. Rigid Steel Conduit
2. Rigid Metal Conduit Fittings
3. Flexible Metal Conduit.
4. Flexible Metal Conduit Fittings
5. Electrical Metallic Tubing
6. Liquid-Tight Flexible Metal Conduit.
7. Liquid-Tight Flexible Metal Conduit Fittings,

2.03 WIRE, CABLE AND CONNECTORS

- A. General. Provide wires, cables and connectors complying with Section 16120 - Wires and Cables.
- B. Wire. Unless otherwise indicated, provide wire/conductors for electrical connections which match wires/conductors of the wiring supplying power.
- C. Connectors and Terminals. Provide electrical connectors and terminals as recommended by connector and terminal manufacturer for intended applications.

2.04 ELECTRICAL CONNECTION ACCESSORIES

- A. Provide electrical insulating tape, heat-shrinkable insulating tubing and boots, solder, electrical soldering flux, wire nuts and cable ties as recommended for use by accessories manufacturers for type of services indicated.

PART 3 - EXECUTION

3.01 INSTALLATION OF ELECTRICAL CONNECTIONS

- A. Install electrical connections as indicate; in accordance with connector manufacturer's written instructions and with recognized industry practices, and complying with requirements of NEC and NECA's "Standard of Installation" to ensure that products fulfill requirements.
- B. Connect electrical power supply conductors to equipment conductors in accordance with equipment manufacturer's written instructions and wiring diagrams. Wherever possible, mate and match conductors of electrical connections for proper interface between electrical power supplies and installed equipment.
- C. Coordinate installation of electrical connections for equipment with equipment installation work.

- D. Cover splices with electrical insulation equivalent to, or of higher rating, than insulation on conductors being spliced.
- E. Prepare cables and wires by cutting and stripping covering armor, jacket, and insulation properly to ensure uniform and neat appearance where cables and wires are terminated.
- F. Trim cables and wires as short as practical and arrange routing to facilitate inspection, testing and maintenance.
- G. Tighten wire-binding connector screws firmly.
- H. Provide flexible conduit for motor connections, and for other electrical equipment connections where subject to movement and vibration.
- I. Provide liquid-tight flexible conduit for connection of motors and for other electrical equipment where subject to movement and vibration, and also when subjected to one or more of the following conditions:
 - 1. Exterior locations
 - 2. Moist or humid atmosphere when condensation can be expected to accumulate
 - 3. Corrosive atmosphere
 - 4. Subjected to water spray
 - 5. Subjected to dripping oil, grease, or water
- J. Refer to basic materials and methods section for identification of electrical power supply conductor terminations, with markers approved by the Engineer as to type, color, letter and marker size. Affix markers at each point of termination, as close as possible to each point of connection.

END OF SECTION

SECTION 16110 RACEWAYS AND CONDUITS

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

- A. Extent of raceways is indicated by drawings and schedules.
- B. Types of raceways in this section include the following:
 - Metal Conduit
 - Rigid Nonmetallic Conduit
 - Surface Electrical Metallic Tubing
 - Flexible Metal Conduit
 - Intermediate Metal Conduit
 - Liquid-Tight Flexible Metal Conduit
 - Rigid Metal Raceways
- C. NEMA Compliance. Comply with applicable requirements to NEMA standards pertaining to raceways.
- D. UL Compliance and Labeling. Comply with provisions of UL safety standards pertaining to electrical raceway systems; and provide products and components which have been UL listed and labeled.
- E. NEC Compliance. Comply with requirements as applicable to construction and installation of raceway systems.

PART 2 - MATERIALS AND EQUIPMENT

2.01 METAL CONDUIT AND TUBING

- A. General. Provide metal conduit, tubing and fittings of types, grades, sizes and weights (wall thickness) for each service indicated. Where types and grades are not indicated, provide proper selection determined by installer to fulfill wiring requirements, and comply with applicable portions of NEC for raceways.
- B. Rigid Steel Conduit. FS WW-C-0581 and ANSI C80.1.
- C. Rigid Metal Conduit Fittings. FS W-F-408.
- D. Use Type 1 Fittings for rain-tight connections.
- E. Use Type 1 Fittings for concrete tight connections.

- F. Use Type 3 Fittings for other miscellaneous connections.
- G. Electrical Metallic Tubing (EMT). FS WW-C-563 and ANSI C80.3.

NOTE: IN GENERAL EMT RACEWAYS SHALL NOT BE USED ON THIS PROJECT.

- H. EMT Fittings. FS W-F-408.
 - Use Type 1 Fittings for rain-tight connections.
 - Use Type 2 Fittings for concrete tight connections.
 - Use Type 3 Fittings for other miscellaneous connections.
- I. Flexible Metal Conduits. FW WW-C-566, of the following type:
- J. Type 2. Zinc-coated steel.
- K. Flexible Metal Conduit Fittings. FS W-F-406, Type 1, Class 1, and Style A.
- L. Liquid, Tight Flexible Metal Conduit. Provide liquid-tight flexible metal conduit; construct of single strip, flexible, continuous, interlocked, and double-wrapped steel; galvanized inside and outside; coat with liquid-tight jacket of flexible polyvinyl chloride (PVC).

2.02 WIREWAYS

- A. General. Provide electrical raceways of types, grades, sizes, weights (wall thickness), number of channels, for each type service indicated. Provide complete assembly of raceway including, but not necessarily limited to, couplings, offsets, elbows, expansion joints, adapters, hold-down straps, end caps and other components and accessories as needed for complete system. Where types and grades are not indicated, provide proper selection as determined by installer to fulfill wiring requirements, and comply with applicable provisions of NEC for electrical raceways.

PART 3 - INSTALLATION

3.01 INSTALLATION OF ELECTRICAL RACEWAYS

- A. Install electrical raceways where indicate; in accordance with manufacturer's written instructions, applicable requirements of NEC and NECA "Standard of Installation", and comply with recognized industry practices.

- B. Coordinate with other work, including metal can concrete deck work, as necessary to interface installation of electrical raceways and components with other work.
- C. Coat under floor metal raceways with bitumastic type protective coating prior to placing concrete.
- D. Level and square raceway runs, and install at proper elevations/heights.
- E. Complete installation of electrical raceways before starting installation of cables/wires within raceways.
- F. Install PVC-coated conduit and fittings in highly corrosive atmospheres, and elsewhere as indicated.
- G. Install flexible conduit for motor connections, and for other electrical equipment connections where subject to movement and vibration.
- H. Install liquid-tight flexible conduit for connection of motors and for other electrical equipment where subject to movement and vibration, and also where subject to one or more of the following conditions:
 - Exterior location,
 - Moist or humid atmosphere where condensation can be expected to accumulate,
 - Corrosive atmosphere,
 - Subjected to water spray,
 - Subjected to dripping oil, grease, or water.
- I. Wherever possible, install horizontal raceway runs above water and steam piping.

END OF SECTION

SECTION 16120 WIRES AND CABLES

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

- A. Extent of electrical wire and electrical cable work is indicated by drawings and schedules.
- B. Types of wire, cable and connectors in this section include the following:
 - Copper Conductors
 - Tab Type Connectors
 - Split-Bolt Connectors
- C. Applications for wire, cable and connectors required for project as follows:
 - Power Distribution Circuitry
 - Lighting Circuitry
 - Appliance and Equipment Circuitry
 - Motor-Branch Circuitry

PART 2 - MATERIALS AND EQUIPMENT

2.01 QUALITY ASSURANCE

- A. Comply with NEC as applicable to construction and installation of electrical wire, cable and connectors.
- B. UL Compliance. Comply with UL standards pertaining to wire, cable and connectors.
- C. UL Labels. Provide electrical wires, cables and connectors which have been UL listed and labeled.
- D. NEMA/ICEA Compliance. Comply with applicable portions of NEMA/Insulated Cable Engineers Association standards pertaining to material, construction and testing of wire and cable.
- E. ANSI/ASTM. Comply with applicable portions of ANSI/ASTM standards pertaining to construction of wire and cable.

2.02 ACCEPTABLE MANUFACTURERS

- A. Available Manufacturers. Subject to compliance with requirements, manufacturers offering products which may be incorporated in the work include, but are not limited to the following:
- B. Manufacturers. Subject to compliance with requirements, provide products of one of the following (for each type of wire, cable and connector):

Wire and Cable

General Cable Corporation
Southwire Company
Triangle PWC, Inc.

Connectors

AMP, Inc.
Burndy Corporation
Ideal Industries, Inc.
Thomas and Betts Company

2.03 WIRE, CABLE AND CONNECTORS

- A. General. Except as otherwise indicated, provide wire, cable and connectors of manufacturer's standard materials, as indicated by published product information; designed and constructed as recommended by manufacturer, and as required for installation.
- B. Wire. Provide factory-fabricated wire of sizes, ratings, materials and types indicated for each service. Where not indicated, provide proper selection as determined by installer to comply with project's installation requirements and NEC standards. Select from the following types, materials, conductors, configurations, insulation and coverings:
 - UL Type: MTW
 - UL Type: THHN
 - UL Type: THWN
- C. Material: Copper
- D. Conductors: Solid (AWG 20 to AWG 8 only)
Conductors: Concentric-lay-stranded (standard flexibility)
Outer Covering: Thermoplastic
- E. Cable. Provide factory-fabricated, metal connectors of sizes, ratings, materials, types and classes as indicated for each service. Where not indicated, provide proper selection as determined by installer to comply with installation requirements and NEC standards.

2.04 CONNECTORS

- A. Provide factor-fabricated, metal connectors of sizes, ratings, material, types and classes as indicated for each service. Where not indicated, provide proper selection as determined by installer to comply with installation requirements and NEC standards. Select from the following types, classes, kinds and styles:

Type: Pressure
Class: Noninsulated
Kind: Copper (for Cu to Cu connection)
Style: Butt connection
Style: Split-bolt parallel connection
Style: Tap connection
Style: Pigtail connection

PART 3 - EXECUTION

3.01 GENERAL

- A. General. Install electrical cables, wires and connectors as indicated, in compliance with manufacturer's written instruction, applicable requirements of NEC and NECA's "Standard of Installation", and in accordance with recognized industry practices.
- B. Coordinate cable and wire installation work with electrical raceway and equipment installation work, as necessary for proper interface.
- C. Use pulling compound or lubricant, where necessary; compound must not deteriorate conductor or installation.
- D. Keep conductor splices to minimum.
- E. Install splices and tapes which have mechanical strength and insulation rating equivalent-to-better than conductor.
- F. Field Quality Control. Prior to, and after, test cable and wire for continuity of circuitry, and also for short circuits. Correct malfunctions when detected.
- G. Subsequent to wire and cable hook-ups, energize circuitry and demonstrate functioning in accordance with requirements.

END OF SECTION

SECTION 16130
ELECTRICAL BOXES AND FITTINGS

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

- A. Extent of electrical box and electrical fittings work is indicated by drawings and schedules.

Types of electrical boxes and fittings in this section include the following:

Outlet Boxes
Junction Boxes
Pull Boxes
Conduit Bodies
Bushings
Knockout Closures

PART 2 - MATERIALS AND EQUIPMENT

2.01 NEC COMPLIANCE

- A. Comply with NEC as applicable for construction and installation of electrical wiring boxes and fittings.
- B. UL Compliance. Provide electrical boxes and fittings which have been UL listed and labeled.
- C. ANSI/NEMA Standards Compliance. Comply with ANSI 134.1 (NEMA Standards PUB No. OS 1) as applicable to sheet-steel outlet boxes, device boxes, covers, and box supports.

2.02 FABRICATED MATERIALS

- A. Interior Outlet Boxes. Provide galvanized flat rolled sheet steel interior outlet wiring boxes, of types, shapes, and sizes, including box depths, to suite each respective location and installation; construct with stamped knockouts in back and sides, and with thread screw holes with corrosion-resistant screws for securing box covers and wiring devices.
1. Manufacturer. Subject to compliance with requirements, provide interior outlet boxes of one of the following:

Adalet-PLM Div., Scott and Fetzer Co.

Appelton Electrical Company\
Bell Electric/Square D Co.
RACO, Inc.
Steel City/Midland-Ross Corp.

- B. Weatherproof Outlet Boxes. Provide corrosion-resistant cast metal weatherproof outlet wiring boxes, of types, shapes, and sizes, including depth of boxes, with threaded conduit ends, cast-metal face plates and spring-tipped waterproof caps suitably configured for each application, including face plate gaskets and corrosion-resistant fasteners.
1. Manufacturer. Subject to compliance with requirements, provide weatherproof outlet boxes of one of the following:
- Bell Electric/Square D Co.
Harvey Hubbel, Inc.
O-Z/Gedney Co.
- C. Junction and Pull Boxes. Provide galvanized code-gauge sheet junction and pull boxes, with screw-on covers; of types, shapes, and sizes, to suite each respective location and installation; with welded seams and equipped with stainless steel nuts, bolts, screws and washers.
1. Manufacturer. Subject to compliance with requirements, provide junction and pull boxes of one of the following:
- Adelet-PLM Div., Scott Fetzer Co.
Appelton Electric Co.
Bell Electric/Square D Co.
Spring City Elec. Mfg. Co.
- D. Conduit Bodies: Provide galvanized cast-metal conduit bodies, of types, shapes, and sizes to suite respective location, construct with thread-conduit-entrance ends, removable covers, and corrosion-resistant screws.
1. Manufacturer. Subject to compliance with requirements, provide conduit bodies of one of the following:
- Appelton Electric Co.
Killark Electric Mfg. Co.
O-Z/Gedney Co.
- E. Bushings, Knockout Closures and Locknuts. Provide corrosion-resistant punched-steel box knockout closures, conduit locknuts and malleable iron conduit bushings, offset connectors, of types and sizes, to suite respective uses and installations.

PART 3 - EXECUTION

3.01 INSTALLATION OF ELECTRICAL BOXES AND FITTINGS

- A. General. Install electrical boxes and fittings where indicated, complying with manufacturer's written instruction, applicable requirements of NEC and NECA's "Standard of Installation", and in compliance with recognized industry practices to ensure that products fulfill requirements.
- B. Coordinate installation of electrical boxes and fittings with wire/cable and raceway installation work.
- C. Provide weatherproof outlets for interior and exterior locations exposed to weather and moisture.
- D. Provide knockout closure to cap unused knockout holes where blanks have been removed.
- E. Install boxes and conduit bodies in those locations to ensure ready accessibility of electrical wiring.
- F. Avoid using round boxes where conduit must enter box through side of box, which would result in difficult and insecure connections when fastened with locknut or bushing on rounded surface.
- G. Fasten boxes rigidly to substrates or structural to which attached, or solidly embedded electrical boxes in concrete or masonry.
- H. Provide electrical connections for installation boxes.

END OF SECTION

SECTION 16180

DISCONNECT SWITCHES

PART 1 - GENERAL

1.01 DESCRIPTION

- A. Related Work Specified Elsewhere
 - 1. Section 16181 – Fuses
- B. Requirements
 - 1. Individually mounted disconnect switches for protection of feeders and branch circuits.

1.02 QUALITY ASSURANCE

- A. Acceptable manufacturers - Square-D.
- B. Requirements of Regulatory Agencies
 - 1. Compliance with the following nationally recognized standards:
 - a. NEMA KS-1 - Enclosed Switches
 - b. Federal Specification WSS-865C.

1.03 SUBMITTALS

- A. Contractor submittals
 - 1. Include evidence of UL listing for each assembly with contractor submittals.

PART 2 - PRODUCTS

2.01 DISCONNECT SWITCHES

- A. General
 - 1. Switches shall be three-pole, three-pole double throw heavy duty industrial type rated for the voltage at which they are applied. Provide an insulated solid neutral bar and a ground bar for switches in 4-wire circuits.

2. All switches shall have switch blades which are fully visible in the "off" position, when the door is open.
3. Switches shall have a quick make and quick break operating feature and mechanism, and shall produce a true interlock to prevent opening the switch cabinet while the switch handle is in the "on" position. The switch handle shall have provision for padlock.
4. Lugs shall be UL listed for copper and/or aluminum cables and front removable.
5. Switches shall be fusible or non-fusible as indicated on the drawings.
6. For fused switches, the fuses shall be the cartridge type, as specified elsewhere. The fuse sizes shall be as indicated on the drawings or as required for the application.
7. Enclosures shall be suitable for the wiring methods of the area involved. Outdoor switches shall have a minimum of NEMA 3R enclosures.

PART 3 - EXECUTION

3.01 INSTALLATION

- A. Install individually mounted and enclosed, and fused/non-fused safety switches at approximate locations indicated on drawings in a readily accessible location with proper work space per NEC. Locate top of box at approximately 60" above finished floor unless otherwise noted. Arrangements resulting in top of handle at or above 6'-5" AFF are prohibited. Provide enclosures as appropriate for the location. Provide structural channel supports on masonry construction maintaining air space from wall/structure where exposed to moisture.

END OF SECTION

SECTION 16181

FUSES

PART 1 - GENERAL

1.01 DESCRIPTION

- A. Related Work Specified Elsewhere
 - 1. Section 16180 – Disconnect Switches
- B. Requirements
 - 1. Low voltage fuses: 600 volts and less, for use with switches.

1.02 QUALITY ASSURANCE

- A. Acceptable manufacturers
 - 1. Low voltage fuses: Bussmann, Gould Shawmut, or Economy.

PART 2 - PRODUCTS

2.01 GENERAL

- A. Fuses shall be rated for the voltage at which they are applied.
- B. Fuses shall be dual element.
- C. Fuses shall have minimum interrupting ratings required for the location where they are applied.

2.02 SERVICE ENTRANCE MAINS, FEEDERS AND BRANCH CIRCUITS

- A. Circuits 600 Amps or less shall be protected by current-limiting fuses. Fuses shall hold 500% of rated current for a minimum of 10 seconds and shall be UL listed and CSA certified with an interrupting of 200,000 rms symmetrical amperes. Gould Shawmut AJT or equal.
- B. Motor and Motor Controller Protection – All individual motor circuits shall be protected by Class J or Class L time delay fuse as follows:
 - Class J – AJT
 - Class L – A4BQ, A4BY, A4BT

- C. Circuit breakers and Circuit Breaker Panels shall be protected by Class J or Class L fuses sized in accordance with Tested UL. Series rated combination published in the UL Recognized Component Directory. Fuses shall be as follows:

Class J – AJT

Class L – A4BQ, A4By, A4BT

- D. Control Circuits shall be protected by Class CC time delay. Class CC – ATDR, ATQR.

PART 3 - EXECUTION

3.01 INSTALLATION

- A. Install quantity and type as required for device requiring fuses.
- B. Replace all fuses, which fail or are found to be defective during an inspection of all fuses.
- C. Supply one set of spare fuses for each fuse type and rating used on the project. The spare fuses shall be installed in a wall mounted cabinet neatly arranged in clips or holders. Mark the cabinet "Disconnect Switch Fuses", engraved in a plastic laminated nameplate.

END OF SECTION

SECTION 16450 GROUNDING

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

- A. Extent of grounding work is indicated by drawings and schedules.
- B. Application of grounding work in this section include the following:

- Underground Metal Piping
- Metal Building Frames
- Ground Electrodes
- Separately Derived Systems
- Service Equipment
- Enclosures
- Equipment

Requirements of this section apply to electrical grounding work specified elsewhere in these specifications.

PART 2 - MATERIALS AND EQUIPMENT

2.01 CONDUCTORS AND GROUND RODS

- A. Conductors. Copper cable; strand dia 0.045'; 14 strands.
- B. Ground Rods. Solid copper 5/8" dia. x 10'.

PART 3 - EXECUTION

3.01 GENERAL

- A. Install electrical grounding systems where shown, in accordance with applicable portion of NEC, with NECA's "Standard of Installation", and in accordance with recognized industry practices to ensure that products comply with requirement and serve intended functions.

END OF SECTION

SECTION 16620
STANDBY GENERATOR SET - DIESEL

PART 1 – GENERAL

1.1 DESCRIPTION OF WORK:

- A. Work Included: Provide standby engine-driven generator set work as shown, scheduled, indicated, and as specified.
- B. Type: The type of standby engine-driven generator set required for the project includes diesel engine-driven generator.

1.2 STANDARDS:

- A. Equipment and Manufacturers shall comply with applicable sections of the latest edition of the following standards.
 - 1. UL2200
 - 2. NEC
 - 3. NFPA 37
 - 4. NFPA 110 Level 1
 - 5. UL508A
 - 6. IEEE
 - 7. NEMA
 - 8. ANSI
 - 9. ISO9001

1.3 QUALITY ASSURANCE:

- A. UL2200 Compliance: Generator must be UL2200 certified.
- B. NEC and NFPA Compliance: Comply with applicable portions of the NEC including, but not limited, emergency and standby power generation systems and NFPA 37, and NFPA 110.
- C. IEEE Compliance: Comply with applicable Institute of Electrical and Electronics Engineers (IEEE) standard pertaining to generator construction.
- D. ISO 9001 Compliance: Generator manufacturer must comply with ISO9001 Standards.
- E. Emissions Compliance: The generator set engine shall comply with all applicable emissions regulations and requirements for Ormond Beach, Volusia County, Florida and

shall comply with all applicable EPA Tier Levels for Non-Road Engines that are currently in effect for Ormond Beach.

- F. Manufacturer: The system shall be built, tested, and shipped by the manufacturer of the Standby Electric Power System, who has been engaged in the production of engine-alternator sets, and associated controls for a minimum of 10 years.
- G. IBC Certificate of Compliance: Engine Generator Set shall have IBC Certificate of Compliance and must be tested in accordance of ICC-ES AC-156/ASCE7-16.

1.4 SUBMITTALS:

- A. Product Data: For each type of packaged engine generator indicated. Include rated capacities, operating characteristics, and furnished specialties and accessories. In addition, include the following:
 - 1. Thermal damage curve for generator.
 - 2. Time-current characteristic curves for generator protective devices.
 - 3. Applicable component and accessory datasheets.
- B. Shop Drawings:
 - 1. Dimensioned outline drawings of engine-generator set, and other components specified.
 - 2. Wiring diagrams: Power, signal, and control wiring.
- C. Source Quality-control test reports:
 - 1. Prototype-unit test report.
 - 2. Performance Tests: Show compliance with specified requirements to meet performance criteria for sensitive loads.
 - 3. Factory Test Report.
 - 4. Report of Sound Generation.
 - 5. EPA Certificate of Conformity.
- D. Warranty Statement: Warranty requirements are listed in Section 00700.
- E. Operation and Maintenance Data: For packaged engine generators to include 3 sets of operation and maintenance manuals.

PART 2 – PRODUCTS

2.1. MANUFACTURERS

- A. Provide products with these specifications and produced by one of the following:
 - 1. HIMOINSA POWER SYSTEMS (dba HIPOWER).

2.2. ENGINE – GENERATOR SETS:

- A. General: Provide a new diesel outdoor rated engine-driven generator set, complete with safety devices, 600 amp main output breaker, Level 2 sound attenuated aluminum enclosure and rubber isometric vibration isolators. Units shall be rated for emergency standby service.
- B. Design Basis: The standby generator set(s) specified and shown on the drawings are based on A HIPOWER model HDI-160F generator and selected from data derived from manufacturer's engineering manuals.
 - 1. Ambient conditions: of 10 ft. altitude and an ambient temperature of 100 °F.
- C. System Capacity: The engine-generator set, as a unit, shall be rated for emergency standby capacity of 160 kW at 0.8 p.f., with an output of 600 amperes while generating 208Y/120 volt, 3-phase, 4 wire, 60 HZ power, and with performance as specified herein.
 - 1. The engine generator set shall be capable of developing 120 skVA for motor starting with a maximum voltage dip of 10% and while complying with performance requirements specified herein.
- D. Seismic Performance: Engine generator housing, engine generator, batteries, battery, racks, silencers, sound attenuating equipment, accessories, and components shall withstand the effects of earthquake motions determined according to ICC-ES AC-156/ASCE7-16. Generators must be tested in accordance with these codes. Calculations will not be approved.

2.3. DIESEL ENGINE

- A. Engine shall be a 6 cylinder, 4 cycle, turbocharged and aftercooled, fuel injected diesel engine, water-cooled with mounted water pump. The engine shall be manufactured by FPT Industrial, Mitsubishi, Volvo, Yanmar or approved equal.
- B. Recommended Fuel: #2 Diesel
- C. Rated Engine Speed: Shall not exceed 1800 RPM
- D. Service Rating: Emergency Standby
- E. Governor: Mechanical with 5% Droop.
- F. Filters: Air Cleaner, Fuel, and Lube Oil
- G. Cooling System: Closed Loop, Liquid Coolant, with Radiator Factory Mounted on engine-generator-set mounting frame and integral engine-driven coolant pump.

1. Coolant: Solution of 50 percent ethylene-glycol-based antifreeze and 50 percent distilled water, with anticorrosion additives as recommended by engine manufacturer.
 2. Size of Radiator: Adequate to contain expansion of total system coolant from cold start to full load.
 3. Temperature Control: Self-contained, thermostatic control valve modulates coolant flow automatically to maintain optimum coolant temperature as recommended by engine manufacturer.
- H. Muffler/Silencer: Sized as recommended by Genset manufacturer to be able to meet dBA requirement.
- I. Crankcase Drain: Arranged for complete gravity drainage to an external fitting on the base frame to allow for easy drainage with no disassembly and without the use of pumps, siphons, special tools, or appliances.
- J. Starting System: 12 volt electric with negative ground
1. Components: Sized so they will not be damaged during a full engine-cranking cycle with the maximum ambient conditions specified in Section 2.2.B - Design Basis.
 2. Cranking Motor: Heavy-Duty unit that automatically engages and releases from engine flywheel without binding.
 3. Cranking Cycle: Maximum of 30 seconds.
 4. Battery: Adequate capacity within ambient temperature range specified in Section 2.2.B - Design Basis.
 5. Battery Cable: Size as recommended by Genset manufacturer.
 6. Battery-Charging Alternator: Factory mounted on engine with solid-state voltage regulation.
 7. Battery Charger: Current-limiting, automatic-equalizing, and float-charging type. Unit shall comply with UL 1236 and include the following features:

- a. Operation: Equalizing-charging rate of 6 A shall be initiated automatically after battery has lost charge until an adjustable equalizing voltage is achieved at battery terminals. The unit shall then be automatically switched to a lower float-charging mode and shall continue to operate in that mode until battery is discharged again.
 - b. Automatic Temperature Compensation: Adjust float and equalize voltages for variations in ambient temperature from minus 40 deg C to plus 60 deg C to prevent overcharging at high temperatures and undercharging at low temperatures.
 - c. Automatic Voltage Regulation: Maintain constant output voltage regardless of input voltage variations up to plus or minus 10 percent.
 - d. Ammeter and Voltmeter: Flush mounted in door. Meters shall indicate charging rates.
 - e. Enclosure and Mounting: NEMA 1, wall-mounted cabinet.

- K. Cooling heater shall be manufactured by Hot start or equivalent. The heating system shall come with a complete thermosiphon or pump driven coolant heater with thermostat and all required controls.
 - 1. Cooling heater capacity shall be minimum 1500 Watts and suitable for operation on 120VAC single phase.
 - 2. Coolant heater shall be UL-C/US listed and labeled.
 - 3. The coolant heater shall be installed on the engine with silicone hose connections. The coolant heater installation shall be specifically designed to provide a proper venting system. The coolant heater element shall be replaceable draining the coolant from the generator set. The quick disconnect couplers/valves shall allow for the heater element to be replaced without draining the engine coolant or causing significant coolant loss. Electric immersion type heater elements are not accepted.

- L. Air Intake Filter: Engine-mounted air clear with replaceable dry-filter element.

2.4. GENERATOR

- A. Generator end shall be manufactured by Stamford or approved equal. Generator shall be 4-pole, revolving field type, brushless, skewed laminated, two thirds pitch wound,

rotating rectifier exciter, single bearing, permanently aligned generator connected to engine with flexible disc coupling, including the following:

- B. 12 Lead, reconnectable.
 - C. Electrical Insulation: Class H.
 - D. Temperature Rise: 125 deg C at 40 deg C.
 - E. Subtransient Reactance: 12% percent, maximum
 - F. Stator Winding Leads: Brought out to terminal box to permit future reconnection for other voltages if required.
 - G. Instrument Transformers mounted within generator enclosure.
 - H. Construction shall prevent mechanical, electrical, and thermal damage due to vibration, overspeed up to 125% of rating.
 - I. A permanent magnet generator (PMG) shall provide excitation power to the automatic voltage regulator for immunity from voltage distortion caused by nonlinear SCR controlled loads on the generator.
 - J. Strip Heater: Thermostatically controller unit arranged to main stator windings
 - K. The alternator shall be constructed to protect against accidental contact and ingress of foreign bodies of water per IP23 as a minimum.
-
- 1. The generator shall include an automatic voltage regulator which is solid state type, include torque-matched generator mounted volts per hertz exciter-regulator to match engine and generator characteristics with voltage regulation +/- 1 percent from no load to full load. AVR includes manual controls to adjust stability, voltage level and voltage gain.
 - a. Voltage regulator should be 3-phase sensing.
 - b. Alternator shall have permanent magnet excitation (PMG) for the power source to the automatic voltage regulator.
 - 2. The generator waveform distortion at no load, harmonic content measured line to neutral shall not exceed 1.5%. Non-distorting balance linear load shall be less than 5%.

3. The generator telephone influence factor determined according to NEMA MG1, shall not exceed 50 percent.

2.5. FUEL OIL STORAGE

- A. UL142 Listed and Labeled Fuel Tank. The fuel tank shall be a double-walled, steel construction.
- B. Fuel storage tank shall be subbase type mounted beneath the generator set, double wall design with secondary spill containment; listed and labeled as complying with UL142.
- C. Sub-base tank shall be a minimum capacity of 540 usable gallons providing a 48 hours runtime at full load.
- D. Fuel storage tank shall be constructed with reinforced steel channel of sufficient size to support the generator set and other generator set accessories.
- E. Subbase tank shall be suitable for storage of #2 diesel fuel, be provided with all fuel system hoses as required for proper fuel flow from the engine and shall meet the following requirements:
 1. Direct reading fuel level gauge.
 2. Normal atmospheric vent.
 3. Emergency relief valve.
 4. Fuel fill with lockable cap.
 5. Low fuel level switch.
 6. Basin alarm switch, located within secondary containment interstitial space for detection of primary tank fuel leak
 7. Dedicated electrical conduit stub up area under breaker panel.

2.6 GENERATOR SET CONTROL

The generator set shall be provided with a UL508A Listed microprocessor-based control system, manufactured by Deep Sea Electronics, that is designed to provide automatic starting, monitoring, and control functions for the generator set. The control system shall also be designed to allow local monitoring and control of the generator set, and remote

monitoring and control as described in this specification. The control shall be mounted on the generator set. The control shall be vibration isolated, and prototype tested to verify the durability of all components in the system under the vibration conditions encountered. The generator set mounted control shall include the following features and functions:

A. Control Functions

1. The control system shall allow operator setting of OFF, Manual Running, and Automatic (remote starting) modes. When in the RUN or Manual position the generator set shall start and accelerate to rated speed and voltage as directed by the operator. In the OFF position the generator set shall immediately stop, bypassing all time delays. In the AUTO position the generator set shall be ready to accept a signal from a remote device to start and accelerate to rated speed and voltage.
2. EMERGENCY STOP switch. Switch shall be Red "mushroom-head" push-button. Depressing the emergency stop switch shall cause the generator set to immediately shut down and be locked out from automatic restarting.

B. Generator Set AC Output Metering. The generator set shall be provided with a metering set including the following features and functions:

1. AC volts (L-L, L-N, Avg).
2. AC ammeter (Avg and Per Phase).
3. AC frequency meter.
4. Generator kW (Total and Per Phase)
5. Generator kVA (Total and Per Phase)
6. Generator kVAR (Total and Per Phase)
7. Power Factor (Avg and Per Phase)
8. Total kW-hr
9. Total kVAR-hr
10. % kW
11. % kVA
12. % kVAR
13. DC voltmeter (alternator battery charging).
14. Engine-coolant temperature gage.
15. Engine lubricating-oil pressure gage.
16. Engine oil temperature

17. Engine RPM
18. Engine Crank attempt counter
19. Engine successful start counter
20. Service maintenance interval
21. Real time clock
22. Running-time meter.

C. The generator set control shall include LED alarm and status indication lamps. The lamps shall be of high-intensity LED type. The generator set control shall indicate the existence of the warning and shutdown conditions on the control panel. Alarms and shutdowns including indication, time, date, and engine hour stamp stored in control panel for first and last occurrence:

1. Low oil pressure alarm/shutdown
2. High coolant temperature alarm/shutdown
3. Loss of coolant shutdown
4. Overspeed shutdown
5. Overcrank shutdown
6. Emergency stop shutdown
7. Low coolant temperature alarm
8. Low battery voltage alarm
9. High battery voltage alarm
10. Control switch not in auto position alarm
11. Battery charger failure alarm

D. The generator set controller shall be configurable by using non-proprietary PC software. Front panel editing must be available.

E. Control shall include Modbus RTU Communications as standard via RS- 485 and TCP via Ethernet.

F. Local Annunciation: Comply with NFPA 110 requirements for Level 1 systems. Include individual lights in control and monitoring panel.

1. Overcrank shutdown.
2. Coolant low-temperature alarm.
3. Control switch not in auto position.

4. Battery-charger malfunction alarm.
5. Battery low-voltage alarm.
6. Engine high-temperature shutdown.
7. Lube-oil, low-pressure shutdown.
8. Overspeed shutdown.
9. Emergency-stop shutdown (local or remote).
10. Engine high temperature prealarm.
11. Lube-oil, low-pressure prealarm.
12. Day tank alarms.
13. Low coolant level

2.7 GENERATOR OVERCURRENT AND FAULT PROTECTION

- A. Generator Circuit Breaker: 600 Ampere Molded-case, electronic-trip type; 100 percent rated; complying with UL 489.
 1. Tripping Characteristics: Adjustable long-time and short-time delay and instantaneous.
 2. Trip Settings: Selected to coordinate with generator thermal damage curve.
 3. Shunt Trip: Connected to trip breaker when generator set is shut down by other protective devices.
 4. Auxiliary Contact: Tied to generator controller for breaker position.
 5. Mounting: Integrated with Gen-set by factory; Cable entry to coordinated with enclosure and sub-base frame.

2.8 OUTDOOR GENERATOR ENCLOSURE

- A. Enclosure that is vandal-resistant, weather-resistant acoustical steel housing, designed to reduce genset mechanical noise level to 72 dB(A), measured at a distance of 23 feet from the enclosure. Multiple doors shall be lockable and provide adequate access to components requiring maintenance. Instruments and control shall be mounted within enclosure.
- B. The Contractor shall provide signed and sealed drawings from a Registered Florida engineer confirming that the generator set, and its enclosure meets the wind load requirements of the Florida Building Code, and ASCE 7. Provide calculations in shop drawing including bolt in requirements for generator to concrete pad.
- C. The enclosure shall have at least four hinged side doors with heavy duty lockable latches.

- D. Exhaust silencer shall be mounted inside at the air discharge hood mounted in front of the radiator. Muffler installed on top of the engine in generator compartment may increase the temperature inside the enclosure. Mufflers located on top of engine inside enclosure or mufflers located on top of enclosure are not acceptable.
- E. Air discharge hood shall be mounted in front of the engine radiator and include an integral punched screed air discharge barrier mounted in front of the radiator and top of the muffler area to protect entry of small animals inside the enclosure.
- F. Air intake shall be provided as necessary as to the enclosure exterior for cooling air to enter the enclosure area so that air flows from back side of the generator, over the engine and out from the radiator side. Necessary deflectors need to be mounted inside enclosure to divert rainwater from the generator area.
- G. 100Amp, 120/208V Panel with breakers, NEC conduit, and wiring to all internal AC accessories.
 - 1. Interior Lights: AC/DC Enclosure Lighting Kit with Timer.
 - 2. 20A GFCI Receptacles.
 - 3. External E-stop on enclosure.
 - 4. Conduit and wiring to Battery Charger, Jacket Water Heater; pre-wired and designed for easy reconnection.
- H. All Carbon Steel or Aluminum enclosure surfaces are cleaned and power coated as follows:
 - 1. Base Coat – One coat A4700 primer (2.5 mils)
 - 2. Canopy Topcoat – One coat HIPOWER Matte Gray (2.5 mils). This coat coupled with A4700 Primer offers 5 mils of premium coating to all our canopies.
 - 3. Structural Parts/Chassis Topcoat – One Coat HIPOWER Matte Black (2.5 mils). This coat coupled with A4700 Primer offers 5 mils of premium coating to structural parts and chassis.
- I. Engine Cooling Airflow through Enclosure: Maintain temperature rise of system components within required limits when unit operates at 100 percent of rated load for 2 hours with ambient temperature at top of range specified in system service conditions.

2.9 INCLUDED OPTIONS

- A. - VAC Adjustment Rheostat.

- B. - VAC Alternator Strip heater.
- C. - Non-Proprietary Generator Controller with gatewayless MODBUS connectivity.
- D. - Low Coolant Switch.
- E. - Binary Output Expansion Module – 8 Dry Contacts.
- F. - EPO Switch – NEMA3R/ Break Glass – Shipped Loose.
- G. - 12VDC Engine Starting Battery – GROUP 24F.
- H. - Manual Set – Hard Copy.

I. - PART 3 - EXECUTION

3.1 EXAMINATION

- A. Examine areas, equipment bases, and conditions, with Installer present, for compliance with requirements for installation and other conditions affecting packaged engine-generator performance.
- B. Examine roughing-in of piping systems and electrical connections. Verify actual locations of connections before packaged engine-generator installation.
- C. Proceed with installation only after unsatisfactory conditions have been corrected.

3.2 INSTALLATION

- A. Comply with packaged engine-generator manufacturers' written installation and alignment instructions and with NFPA 110.
- A. Install packaged engine generator to provide access, without removing connections or accessories, for periodic maintenance.
- C. Electrical Wiring: Install electrical devices furnished by equipment manufacturers but not specified to be factory mounted.

3.3 CONNECTIONS

- A. Piping installation requirements are specified in other Sections. Drawings indicate general arrangement of piping and specialties.
- B. Connect fuel, cooling-system, and exhaust-system piping adjacent to packaged engine generator to allow service and maintenance.

- C. Ground Equipment according to Section 16450.
- D. Connect wiring according to Section 16050.

3.4 IDENTIFICATION

- A. Identify system components according to applicable codes and standards.

3.5 FIELD QUALITY CONTROL

- A. Testing Agency: Engage a qualified testing agency to perform tests and inspections and prepare test reports.
- B. Manufacturer's Field Service: Engage a factory-authorized service representative to inspect, test, and adjust components, assemblies, and equipment installations, including connections. Report results in writing.
- C. Perform tests and inspections and prepare test reports.
 - 1. Manufacturer's Field Service: Engage a factory-authorized service representative to inspect components, assemblies, and equipment installations, including connections, and to assist in testing.
 - 2. System Integrity Tests: Methodically verify proper installation, connection, and integrity of each element of engine-generator system before and during system operation. Check for air, exhaust, and fluid leaks.
- D. Tests and Inspections:
 - 1. The unit shall be tested at rated frequency and voltage.
 - 2. Following installation, the following tests shall be performed by the system manufacturer's local dealer representative(s) in the presence of the Owner's Engineer or designated appointee:
 - a. Pre-start checks:
 - aa. Oil Level
 - ab. Water Level
 - ac. Tank Fuel Level

- ad. Battery connection and charge condition
 - ae. Engine to control interconnects.
 - af. Engine generator intake/exhaust obstructions
3. Supplier shall provide onsite operation tests
- a. Load – 4 hours operation at 100% of full load rating. After the first half hour stabilization period at full load, the following shall be recorded at fifteen-minute intervals:
 - aa. Voltage, amps, and frequency
 - ab. Fuel pressure, oil pressure, and water temperature
 - ac. Ambient temperature
 - ad. Kilowatts
 - ae. Power Factor
 - af. kVARs
 - b. Test shall utilize resistive load banks for the full load. The minimum load shall be equal to the nameplate rating of the engine/generator set in kW. The generator supplier shall supply all load banks equipment necessary for connecting generator to load banks. Supplier shall provide all labor and material to perform test.
 - c. Proper operation of controls, engine shutdown and safety devices shall be demonstrated.
4. Battery Tests: Equalize charging of battery cells according to manufacturer's written instructions.
- a. Measure charging voltage and voltages between available battery terminals for full-charging and float-charging conditions. Check electrolyte level and specific gravity under both conditions.
 - b. Test for contact integrity of all connectors. Perform an integrity load test and a capacity load test for the battery.
 - c. Verify acceptance of charge for each element of the battery after discharge.
 - d. Verify that measurements are within manufacturer's specifications.
5. Battery-Charger Tests: Verify specified rates of charge for both equalizing and float- charging conditions.
- E. Coordinate tests with tests for transfer switches and run them concurrently.

- F. Test instruments shall have been calibrated within the last 12 months, traceable to the standards of NIST, and adequate for making positive observation of test results. Make calibration records available for examination on request.
- G. Operational Test: After electrical circuitry has been energized, start units to confirm proper phase rotation and unit operation.
- H. Test and adjust controls and safety. Replace damaged and malfunctioning controls and equipment.
- I. Retest: Correct deficiencies identified by tests and observations and retest until specified requirements are met.
- J. Report results of tests and inspections in writing.

3.6 DEMONSTRATION

- A. Engage a factory-authorized service representative to train Owner's maintenance personnel to adjust, operate, and maintain packaged engine generators.

END OF SECTION

SECTION 16623
AUTOMATIC TRANSFER SWITCH

PART 1 GENERAL

1.01 Scope

Furnish and install automatic transfer switches (3ATS) with number of poles, amperage, voltage, and withstand current ratings as shown on the plans. Each automatic transfer shall consist of a mechanically held power transfer switch unit and a microprocessor controller, interconnected to provide complete automatic operation. All transfer switches and control panels shall be the product of the same manufacturer.

1.02 Acceptable Manufacturers

Automatic transfer switches shall be ASCO Series 300 (3ATS).

1.03 Codes and Standards

The automatic transfer switches and accessories shall conform to the requirements of:

- A. UL 1008 - Standard for Automatic Transfer Switches
- B. CSA C22.2 No.178 – 1978
- C. NFPA 70 - National Electrical Code
- D. NFPA 99 – Health Care Facilities
- E. NFPA 110 - Emergency and Standby Power Systems
- F. IEEE Standard 446 - IEEE Recommended Practice for Emergency and Standby Power Systems for Commercial and Industrial Applications
- G. NEMA Standard ICS10-2005 (formerly ICS2-447) - AC Automatic Transfer Switches
- H. NEC Articles 700, 701, 702
- I. International Standards Organization ISO 9001: 2008
- J. IEC 60947 – 6 – 1

PART 2 PRODUCTS

2.01 Mechanically Held Transfer Switch

- A. The transfer switch unit shall be electrically operated and mechanically held. The electrical operator shall be a single-solenoid mechanism, momentarily energized. Main operators which include over current disconnect devices will not be accepted. The switch shall be mechanically interlocked to ensure only one of two possible positions, normal or emergency.
- B. The switch shall be positively locked and unaffected by momentary outages so that contact pressure is maintained at a constant value and temperature rise at the contacts is minimized for maximum reliability and operating life.
- C. All main contacts shall be silver composition. Switches rated 800 amperes and above shall have segmented blow-on construction for high withstand current capability and be protected by separate arcing contacts.

- D. Inspection of all contacts shall be possible from the front of the switch without disassembly of operating linkages and without disconnection of power conductors. A manual operating handle shall be provided for maintenance purposes. The handle shall permit the operator to manually stop the contacts at any point throughout their entire travel to inspect and service the contacts when required.
- E. Designs utilizing components of molded-case circuit breakers, contactors, or parts thereof which are not intended for continuous duty, repetitive switching or transfer between two active power sources are not acceptable.
- F. Where neutral conductors must be switched, the ATS shall be provided with fully-rated neutral transfer contacts.
- G. Where neutral conductors are to be solidly connected, a neutral terminal plate with fully-rated AL-CU pressure connectors shall be provided.

2.02 Group 'G' Controller with Integrated User Interface Panel

- A. The controller shall be connected to the transfer switch by an interconnecting wiring harness. The harness shall include a keyed disconnect plug to enable the controller to be disconnected from the transfer switch for routine maintenance.
- B. The controller shall direct the operation of the transfer switch. The controller's sensing and logic shall be controlled by a built-in microprocessor for maximum reliability, minimum maintenance, inherent serial communications capability, and the ability to communicate via the Ethernet through optional communications module
- C. A single controller shall provide single and three phase capability for maximum application flexibility and minimal spare part requirements. Voltage sensing shall be true RMS type and shall be accurate to $\pm 1\%$ of nominal voltage. Frequency sensing shall be accurate to $\pm 0.1\text{Hz}$. Time delay settings shall be accurate to $\pm 0.5\%$ of the full scale value of the time delay. The panel shall be capable of operating over a temperature range of -20 to $+70$ degrees C, and storage from -55 to $+85$ degrees C.
- D. The controller shall be enclosed with a protective cover and be mounted separate from the transfer switch unit for safety and ease of maintenance. Sensing and control logic shall be provided on printed circuit boards.
- E. The controller shall meet or exceed the requirements for Electromagnetic Compatibility (EMC) as follows:
 - 1. IEC 60947 – 6 – 1 Multiple Function Equipment Transfer Switching Equipment. 61000-4 Testing And Measurement Techniques - Overview
 - a. IEC 61000 – 4 - 2 Electrostatic Discharge Immunity
 - b. IEC 61000 – 4 - 3 Radiated RF Field Immunity.
 - c. IEC 61000 – 4 - 4 Electrical Fast Transient/Burst Immunity.
 - d. IEC 61000 – 4 - 5 Surge Immunity.
 - e. IEC 61000 – 4 – 6 Conducted RF Immunity.
 - 2. CISPR 11 – Conducted RF Emissions and Radiated RF Emissions

2.03 Enclosure

- A. The 3ATS shall be furnished in a NEMA type 1 enclosure unless otherwise shown on the plans.
- B. Provide strip heater with thermostat for Type 3R enclosure requirements.
- C. Controller shall be mounted on, visible, and operational through enclosure door.

PART 3 OPERATIONS

3.01 Controller Display and Keypad

- A. A 128*64 graphical LCD display and keypad shall be an integral part of the controller for viewing all available data and setting desired operational parameters. Operational parameters shall also be available for viewing and limited control through communications port. The following parameters shall only be adjustable via DIP switches on the controller.

1. Nominal line voltage and frequency
2. Single or three phase sensing on normal
3. Transfer operating mode configuration, (open transition, or delayed transition)

All instructions and controller settings shall be easily accessible, readable and accomplished without the use of codes, calculations, or instruction manuals.

3.02 Voltage and Frequency Sensing

- A. Voltage and frequency on both the normal and emergency sources (as noted below) shall be continuously monitored, with the following pickup ,dropout, and trip settings capabilities (values shown as % of nominal unless otherwise specified).

<u>Parameter</u>	<u>Sources</u>	<u>Dropout/Trip</u>	<u>Pickup/Reset</u>
Undervoltage	N & E	70 to 98%	85 to 100%
Overvoltage	N & E	102 to 116%	2% below trip
Underfrequency	N & E	85 to 98%	86 to 100%
Overfrequency	N & E	101 to 111%	2% below trip

- B. Repetitive accuracy of all settings shall be within 1% at +25C
- C. Voltage and frequency settings shall be field adjustable in 1% increments either locally with the display and keypad or remotely via serial communications port access.
- D. Source status screens shall be provided for both normal & emergency to provide digital readout of voltage and frequency. *Note: Single phase sensing on emergency*
- E. The backlit 128*64 graphical display shall have multiple language capability. Languages can be selected from the user interface.

3.03 Time Delays

- A. A time delay shall be provided to override momentary normal source outages and delay all transfer and engine starting signals, adjustable 0 to 6 seconds. It shall be possible to bypass the time delay from the controller user interface.

- B. A time delay shall be provided on transfer to emergency, adjustable from 0 to 60 minutes 59 seconds for controlled timing of transfer of loads to emergency. It shall be possible to bypass the time delay from the controller user interface.
- C. A generator stabilization time delay shall be provided after transfer to emergency adjustable 0 or 4 seconds.
- D. A time delay shall be provided on retransfer to normal, adjustable 0 to 9 hours 59 minutes 59 seconds. Time delay shall be automatically bypassed if emergency source fails and normal source is acceptable.
- E. A cooldown time delay shall be provided on shutdown of engine generator, Adjustable 0 to 60 minutes 59 seconds.
- F. All adjustable time delays shall be field adjustable without the use of special tools.
- G. A time delay activated output signal shall also be provided to drive an external relay(s) for selective load disconnect control. The controller shall have the ability to activate an adjustable 0 to 5 minutes 59 seconds time delay in any of the following modes:
 - 1. Prior to transfer only.
 - 2. Prior to and after transfer.
 - 3. Normal to emergency only.
 - 4. Emergency to normal only.
 - 5. Normal to emergency and emergency to normal.
 - 6. All transfer conditions or only when both sources are available.
- H. In the event that the alternate source is not accepted within the configured Failure to Accept time delay, the common alert indication shall become active.
- I. The controller shall also include the following built-in time delay for delayed transition operation.
 - 1. A time delay for the load disconnect position for delayed transition operation adjustable 0 to 5 minutes 59 seconds.

3.04 Additional Features

- A. The user interface shall be provided with test/reset modes. The test mode will simulate a normal source failure. The reset mode shall bypass the time delays on either transfer to emergency or retransfer to normal.
- B. A set of contacts rated 5 amps, 30 VDC shall be provided for a low-voltage engine start signal. The start signal shall prevent dry cranking of the engine by requiring the generator set to reach proper output, and run for the duration of the cool down. setting, regardless of whether the normal source restores before the load is transferred.
- C. Auxiliary contacts, rated 10 amps, 250 VAC shall be provided consisting of one contact, closed when the ATS is connected to the normal source and one contact closed when the ATS is connected to the emergency source.

- D. A single alarm indication shall light up the alert indicator and de – energize the configured common alarm output relay for external monitoring.
- E. LED indicating lights shall be provided; one to indicate when the ATS is connected to the normal source (green) and one to indicate when the ATS is connected to the emergency source (red).
- F. LED indicating lights shall be provided and energized by controller outputs. The lights shall provide true source availability of the normal (green) and emergency (red) source, as determined by the voltage sensing trip and reset settings for each source.
- G. LED indicating light shall be provided to indicate switch not in automatic mode (manual); and blinking (amber) to indicate transfer inhibit.
- H. LED indicating light shall be provided to indicate any alarm condition or active time delay (red).

The following features shall be built – in to the controller, but capable of being activated through keypad programming or the serial port only when required by the user:

- I. Provide the ability to select “commit/no commit to transfer” to determine whether the load should be transferred to the emergency generator if the normal source restores before the generator is ready to accept the load.
- J. A variable window inphase monitor shall be provided in the controller. The monitor shall control transfer so that motor load inrush currents do not exceed normal starting currents, and shall not require external control of power sources. The inphase monitor shall be specifically designed for and be the product of the ATS manufacturer. The inphase monitor shall be equal to ASCO feature 27.
- K. An engine generator exercising timer shall be provided to configure weekly and bi-weekly automatic testing of an engine generator set with or without load for 20 minutes fixed. It shall be capable of being configured to indicate a day of the week, and time weekly testing should occur.

The following feature shall be built – into the controller, but capable of being activated through keypad programming, communications interface port, or additional hardware.

- L. Terminals shall be provided for a remote contact to signal the ATS to transfer to emergency. This inhibit signal can be enabled through the keypad or serial port.
- M. System Status - The controller LCD display shall include a “System Status” screen which shall be readily accessible from any point in the menu by depressing the “ESC” key. This screen shall display a clear description of the active operating sequences and switch position. For example,

***Normal Failed
Load on Normal
TD Normal to Emerg
2min15s***

Controllers that require multiple screens to determine system status or display “coded” system status messages, which must be explained by references in the operator’s manual are not permissible.

- N. Self Diagnostics** – The controller shall contain a diagnostic screen for the purpose of detecting system errors. This screen shall provide information on the status input signals to the controller which may be preventing load transfer commands from being completed.
- O. Communications Interface** – The controller shall be capable of interfacing, through an optional serial communication port with a network of transfer switches, locally (up to 4000 ft.). Standard software specific for transfer switch applications shall be available by the transfer switch manufacturer. This software shall allow for the monitoring, control, and setup of parameters.
- P. Data Logging** – The controller shall have the ability to log data and to maintain the last 99 events, even in the event of total power loss. The following events shall be time and date stamped and maintained in a non – volatile memory.

- 1. Event Logging

- 1. Data and time and reason for transfer normal to emergency
 - 2. Data and time and reason for transfer emergency to normal
 - 3. Data and time and reason for engine start
 - 4. Data and time engine stopped
 - 5. Data and time emergency source available
 - 6. Data and time emergency source not available

- 2. Statistical Data

- 1. Total number of transfers
 - 2. Total number of transfers due to source failure
 - 3. Total number of day’s controller is energized
 - 4. Total number of hours both normal and emergency sources are Available
 - 5. Total time load is connected to normal
 - 6. Total time load is connected to emergency
 - 7. Last engine start
 - 8. Last engine start up time
 - 9. Input and output status

4.01 Optional Features

A. Accessory Package - An accessory bundle shall be provided that includes:

- 1. A fully programmable engine exerciser with seven independent routines to exercise the engine generator, with or without load on a daily weekly, bi – weekly, or monthly basis.
- 2. Event log display that shows event number, time and date of events, event type, and reason (if applicable). A minimum of 300 events shall be stored.
- 3. RS – 485 communications port enabled.
- 4. Common alarm output contact.

(This feature shall be equal to ASCO accessory 11BE, and shall be capable of being activated for existing switches through optional accessory dongle).

B. Controller Power Supply - A backup power UPS shall be provided to allow controller to run for 3 minutes minimum without AC power. (This feature shall be equal to ASCO accessory 1UP, and shall be capable of being added to existing switches without modification).

C. Communications Module – Shall provide remote interface module to support monitoring of vendor's transfer switch, controller and optional power meter. Module shall provide status, analog parameters, event logs, equipment settings & configurations over embedded webpage and open protocol. Features shall include:

1. Email notifications and SNMP traps of selectable events and alarms may be sent to a mobile device or PC.
2. Modbus TCP/IP, SNMP, HTTP, SMTP open protocols shall be simultaneously supported.
3. Web app interface requiring user credentials to monitor and control the transfer switch supporting modern smart phones, tablets and PC browsers. User will be able to view the dynamic one-line, ATS controls status, alarms, metering, event logging as well as settings.
4. Secure access shall be provided by requiring credentials for a minimum of 3 user privilege levels to the web app, monitor (view only), control (view and control) and administrator (view, control and change settings). 128-Bit AES encryption standard shall be supported for all means of connectivity.
5. Shall allow for the initiating of transfers, retransfers, bypassing of active timers and the activating/deactivating of engine start signal shall be available over the embedded webpage and to the transfer switch vendor's monitoring equipment.
6. An event log displaying a minimum of three-hundred (300) events shall be viewable and printable from the embedded webpages and accessible from supported open protocols.
7. Four (4) 100 Mbps Ethernet copper RJ-45 ports, two (2) serial ports, and LEDs for diagnostics.
8. DIN rail mountable.

This option shall be equivalent to ASCO accessory 72EE

D. Surge Suppression – A TVSS with a surge current rating of 65kA shall be provided with individually matched fused metal oxide varistors (MOVs). It shall include LED status indication of normal operation, under voltage, power loss, phase loss or component failure. Shall include form C dry contacts for external alarm or monitoring. The unit shall be enclosed in a Noryl housing rated NEMA 4, 12, and 4X. Shall comply with UL 1449 3rd edition (This feature shall be equal to ASCO accessory 73, and shall be capable of being added to existing switches).

PART 5 ADDITIONAL REQUIREMENTS

5.01 Withstand and Closing Ratings

- A.** The ATS shall be rated to close on and withstand the available RMS symmetrical short circuit current at the ATS terminals with the type of overcurrent protection

shown on the plans. WCR ATS ratings shall be as follows when used with specific circuit breakers:

ATS Size	Withstand & Closing Rating MCCB (480v/60hz)	W/CLF
30	22,000A	100,000
70 - 200	22,000A	200,000
230	25,000A	100,000
260 – 400	42,000A	200,000
600	50,000A	200,000
800 – 1200	65,000A	200,000
1600 – 2000	85,000A	200,000
2600 – 3000	100,000A	200,000

5.02 Tests and Certification

- A.** The complete 3ATS shall be factory tested to ensure proper operation of the individual components and correct overall sequence of operation and to ensure that the operating transfer time, voltage, frequency and time delay settings are in compliance with the specification requirements.
- B.** Upon request, the manufacturer shall provide a notarized letter certifying compliance with all of the requirements of this specification including compliance with the above codes and standards, and withstand and closing ratings. The certification shall identify, by serial number(s), the equipment involved. No exceptions to the specifications, other than those stipulated at the time of the submittal, shall be included in the certification.
- C.** The ATS manufacturer shall be certified to ISO 9001: 2008 International Quality Standard and the manufacturer shall have third party certification verifying quality assurance in design/development, production, installation and servicing in accordance with ISO 9001: 2008.

5.03 Service Representation

- A.** The ATS manufacturer shall maintain a national service organization of company-employed personnel located throughout the contiguous United States. The service center's personnel must be factory trained and must be on call 24 hours a day, 365 days a year.
- B.** The manufacturer shall maintain records of switch shipments, by serial number, for a minimum of 20 years.
- C.** For ease of maintenance, the transfer switch nameplate shall include drawing numbers and serviceable part numbers.

VI. METERING EQUIPMENT

VI - 8 of 16

FIGURE VI-3
CT Metering Configuration 6,7, 8, 9 - CT Cabinet Mounted on Wall or Inside a Vault

1. IT rated meter socket provided and installed by customer: ____ 1 ph or ____X____ 3 ph (check one)
2. Wall mounted current transformer (CT) cabinet provided and installed by customer.
3. 1-1/2" minimum rigid galvanized conduit (with bushings), or 1-1/2" minimum Schedule 80 PVC conduit with pull string installed between meter socket and current transformer cabinet provided and installed by customer. Maximum of 2-90 degree bends, no condulets allowed. **Maximum allowed distance from socket to cabinet is 40 feet.**
4. Window CTs provided by FPL and installed in the CT cabinet by the customer before pulling wire. Ensure the CTs are installed in the correct orientation (indicator dot toward the source).
5. Customer's conductor(s) must run continuous through the current transformer cabinet.
6. Size and number of conductors entering **shall** equal the size and number of conductors exiting.
7. Conduits / Cables must enter / exit opposing corners "AA" to "AA" or "BB" to "BB") as indicated below, within 10" of the cabinet's corner, and **must** be approved by FPL before installation.
8. Configuration 9 is for conduit / wire combinations exceeding the limits of Configuration 8. The cabinet will be custom designed and built by the customer to FPL specifications. **Contact FPL before specifying this configuration.**
9. For general installation and bonding details, refer to [Figure VI-4](#) "CT Cabinet and IT rated Meter Socket Installation and Bonding".

Note: Customer to label meter socket and switch covers with permanent and weatherproof/UV resistant placard with engraved letters. Markings should also be put **inside** meter socket with paint or other permanent durable marker (to prevent confusion if covers are interchanged before service is connected).

MAXIMUM CONDUCTOR SIZE AND NUMBER			
Conf	Wires per phase	Size Copper MCM	Size Alum MCM
7	2	600	400
8	4	600	400
9	Custom Designed		

MAXIMUM CONDUIT SIZE AND NUMBER			
Conf	Conduit Size	# Conduits Entering	# Conduits Exiting
7	4"	2	2
8	4"	4	4
9	Per Customer Requirements		

		CT Ratio		MAX AMPS
✓	Window Size	Ratio		
	Small	600:5		1200
	Interm	600:5		1800
	Interm	1000:5		2000
	Large	2000:5		4000
	Large	4000:5		6000

Typical Customer Conduits and Conductors **Same Phase conductors cannot be routed through the same conduit.** (condulets NOT allowed on "Line" side)

* Overhead Services are limited to 3 conduits

VI. METERING EQUIPMENT

VI - 9 of 16

**FIGURE VI-4
CT Cabinet and IT Rated Meter Socket - Installation and Bonding**

FPL Will:

1. Furnish and install the IT rated meter socket bonding wire.
2. Furnish and install the instrument transformers, the wiring from the transformer secondary to the meter, and set the meter.

The Customer Will:

1. Furnish and install the service entrance conduit, conductors, and equipment, including grounds.
2. Furnish and install the IT rated meter socket, current transformer cabinet (when required), and equipment enclosures (when required).
3. Furnish and install any conduit necessary to connect the cabinets and sockets including a pull string.
4. Mount cabinet with sealing ears at bottom.
5. Fasten cabinet and meter socket to masonry walls with toggle screws or expansion shields (no plastic plugs or impact tools).
6. When cabinet is installed in exposed locations, install conduits entering top of cabinet with approved watertight connectors.
7. Installations must conform to local code requirements.
8. Furnish and install bonding jumpers from service disconnect equipment to current transformer cabinet.

NOTES:

1. All IT rated meter sockets and current transformer cabinets to be bonded with #12C bonding jumper (green with white stripe) by FPL. Customer's service disconnect equipment to be bonded to current transformer cabinet with #12C bonding jumper (green with white stripe) by the customer.
2. If the IT rated meter socket or transformer cabinet is mounted on a utility pole, then it is to be grounded per FPL distribution standards.
3. Customer's conductor(s) must be continuous through the transformer cabinet.

DESCRIPTION

HIPOWER® Heavy Duty Industrial generators are an efficient, reliable and versatile source of back-up electrical power that have been designed to operate in the most extreme working conditions. All HIPOWER® Heavy Duty Industrial generators combine an innovative design and the use of high quality materials that provide the user with the most dependable power that can be relied on for non-stop power with easy to operate controls.

Powered by a radiator-cooled, industrial FPT Diesel engine that meets current Environmental Protection Agency (EPA) TIER 3 exhaust emission regulations, driving a single bearing, four-pole, three-phase alternator, with IP23 protection. The Emergency Power kVA rating is given with a 125 degree °C alternator winding temperature rise.

HIPOWER® FEATURES AND BENEFITS

FPT ENGINE: Diesel Engine: Long-life, heavy-duty, 4-cycle, direct injection engine for economy of operation and maximum reliability and durability.

Cooling: Radiator with belt driven pusher fan.

Air Filter: Heavy-duty replaceable element air-cleaner.

Alternator: Single bearing, rotating field, self-excited, self-ventilated, 12-wire reconnectable, 60Hz brushless alternator and Class H insulation. Automatic voltage regulator (AVR) providing close voltage regulation and skVA starting capability for electric motor loads.

Enclosure: Fully sound attenuated enclosure, manufactured using 7-gauge steel and thicker for the base; 12-gauge and 14-gauge for the enclosure, Interpon A4700 primer, in combination with Interpon 600 series coatings, are designed for exterior exposure and offers excellent light and weather resistance exceeding 1400-hr salt spray test. A 1" thick layer of durable sound insulating, oil and fire resistant foam material is installed all around the inside of the enclosure to allow high-pressure water cleaning. Vertical air discharge for quiet operation. Wide steel lockable access doors with rubber seals, easy access for maintenance and service activities, lift off Die Cast Zinc hinges textured black powder coat and corrosion resistant hardware and fasteners.

Exhaust: Low noise, steel residential-type exhaust silencer with rain cap.

Fuel Filtration: Standard and secondary water separator with visible level on fuel filters.

Controls: Digital control panel with manual and automatic start and stop features. Many programmable automatic functions for local and remote controls with LED lights and tamper proof engine hour recorder.

Certification: UL 2200 listed, CSA certified, meets ISO 8528-5, IBC Certification

APPLICATION DATA

ENGINE SPECIFICATION		LUBRICATION SYSTEM	
Manufacturer	FPT - Iveco	Oil pan capacity - gal (L)	3.2 (12)
Model	N67TE2X	Oil pan capacity with filter - gal (L)	4.5 (17.2)
EPA Certified	Tier 3	Oil cooler	Liquid
Crankshaft Speed	1,800 rpm	Recommended lubricating oil grade	SAE 10W-30 / ACEA E3/E5 (refer to owners manual)
Type	Diesel, 4-stroke	Oil consumption at full load	< 0.1% of fuel consumption
Injection	Direct	Oil pressure – psi (kPa)	72.6 (500)
Aspiration	Turbocharged aftercooled air/air	ENGINE ELECTRICAL SYSTEM	
Number of Cylinders	6	Starting motor voltage	12 volt
Cylinder Arrangement	In-line	Cold Cranking Amps - minimum	650 Amp
Displacement CID (liters)	408.9 (6.7)	Battery charging Alternator	90 Amp
Bore & Stroke Ins (mm)	4.1 x 5.2 (104 x 132)	Battery capacity	650CCA 850CA 115RC GROUP SIZE 24F
Nominal Power	198.5 hp		
Cooling	Liquid		
Governor	Mechanical		
Governor Regulation Class	ISO 8528 Part 1 Class G3		
Frequency Regulation	Isochronous		
Starting Motor & Alternator	12 Volt		
Compression Ratio	17.5:1		
Air Cleaner Type	Heavy duty - single cartridge		
ALTERNATOR SPECIFICATION			
Manufacturer	STAMFORD		
Model 120/240V Single phase	UCDI274J (WDG311)		
Model 120/208V Three phase	UCI274G		
Model 277/480V Three phase	UCI274F		
Model 347/600V Three phase	UCI274F		
Alternator Type	Four pole, rotating field		
Excitation System	Brushless		
Power Factor	0.8		
Number of Leads	12 leads, reconnectable		
Stator Pitch	2/3		
Insulation	Class H		
Windings – Temperature Rise	Class H (125/40° C)		
Enclosure (IEC-34-S)	IP23		
Bearing	Single, sealed		
Coupling	Flexible disc		
Amortisseur Windings	Full		
Voltage Regulation – No load to full load with MX341 AVR	± 1%		
TIF	<50		
Radio Frequency Emissions Compliance	Meets requirements of most industrial and commercial applications		
Line Harmonics	5% maximum

STANDARD FEATURES

ENCLOSURE (If selected)	ENGINE SYSTEM	FUEL SYSTEM
Rust-Proof Fastener with Nylon Washers Protect Finish	Oil Drain Extension	Primary Fuel Filter
High Performance Sound-Absorbing Material (L1)	Air Cleaner	Flexible Fuel Lines
Gasketed Doors	Fan Guard	GENERATOR SET
Air Discharge Hoods for Radiators- Upwards Pointing	Factory Filled Oil	Separation of Circuits – Multiple Breakers (load center)
Lift Off Door Hinges	Battery Charging Alternator	Separation of Circuits – High / Low Voltage
Stainless Steel Lockable Handles	ALTERNATOR SYSTEMS	Internal Genset Vibration Isolation
Textured Polyester Powder Coat	12 Leads (3-Phase, Non 600V)	Wrapped Exhaust Piping
COOLING SYSTEM	Class H Insulation Material	Standard Factory Testing
Factory-Installed Radiator	Vented Rotor	2 Year/2000 Hours Limited Warranty
Radiator Drain Extension	2/3 Pitch	Emergency Stop
50/50 Ethylene Glycol Antifreeze	Full Load Capacity Alternator	Silencer Mounted in the Discharged Hood (Enclosed Only)
ELECTRICAL SYSTEMS	Protective Thermal Switch	
Battery Cables and Battery Tray	Permanent Magnet Excitation	
Batteries	Skewed Stator	

CONTROL SYSTEM

- Charge alternator failure alarm
- 4-Line back-lit LCD text display
- Front panel editing with PIN protection
- Customizable status screens
- Power save mode
- 11 configurable inputs
- 8 configurable outputs
- Flexible sensor inputs
- Configurable timers and alarms
- 3 configurable maintenance alarms
- Multiple date and time scheduler
- Configurable event log (250)
- Configurable MODBUS pages
- Fully configurable via DSE Configuration Suite PC Software
- Data logging to assist with fault finding

- “Protections disabled” feature
- kW protection
- Reverse power (kW) protection
- LED and LCD alarm indication
- Power monitoring (kWh, kVA, kVAh, kVArh)
- Load switching (load shedding and dummy load outputs)
- Independent Earth Fault trip
- Fuel usage monitor and low fuel alarms
- Configurable display languages
- User selectable simultaneous RS232, RS485 & Ethernet communications
- MODBUS RTU & TCP support
- License-free PC software
- Multiple date and time scheduler
- DSENet® expansion compatible
- PLC editor allows user configurable functions to meet specific applications requirements.

CONFIGURABLE OPTIONS

ENCLOSURE	ENGINE SYSTEM	ELECTRICAL SYSTEM
Open Skid	Oil Heater	Battery Warmer
Level 1 Sound Attenuation	120V-1ph Water Jacket Heater (with Isolation Valves)	10A Battery Charger
Level 2 Sound Attenuation	208V-3ph Water Jacket Heater (with Isolation Valves)	6A Battery Charger
Level 1 Sound Attenuation (Aluminum Enclosure)	CIRCUIT BREAKER OPTIONS	10 Positions Load Center (100Amps)
Level 2 Sound Attenuation (Aluminum Enclosure)	Auxiliary Contacts for Main & Secondary Breaker	Remote ESTOP with N3R break glass
ALTERNATOR SYSTEM	Thermal-Magnetic Trip 80% & 100% Rated	120V GFCI Receptacle
Anti-Condensation Heater	LSI Electronic Trip 80% and 100% Rated	10A Relay Common Alarm
Alternator Up-Sizing	LSI Electronic Trip 80% and 100% Rated	10A Run Relay
Rheostat	LSIG Electronic Trip 80% and 100% Rated	8 LED Remote Annunciator on Surface Mounted Box
MX321AVR	Second Main Line Circuit Breaker	16 LED Remote Annunciator on Surface Mounted Box
CERTIFICATIONS	Mechanical Lugs	24 LED Remote Annunciator on Surface Mounted Box
IBC Certification	Shunt Trip	GENERATOR SET
		Extended Factory Load Testing
		Extended Warranty
		Seismic Mounts

ENGINEERED OPTIONS

ENCLOSURE	ENGINE SYSTEM	ELECTRICAL SYSTEM
Snow Hood (Only with L2)	Fluid Containment Pan	AC/DC Enclosure Lighting Kit with Timer
Air Outlet Gravity Dampers	CONTROL SYSTEM	Enclosure Heater
Air Inlet Motorized Dampers (Only with L2)	Spare inputs (x4) / output (x4)	240V Twist Lock Receptacle
CIRCUIT BREAKER OPTIONS	DSE2130 - DSENet Input Expansion Module	GENERATOR SET
3rd Breaker System	DSE2157 - DSENet Output Expansion Module	Special Testing
Shunt Trip on 3rd Breaker	DSE855 - DSENet USB to Ethernet ModBus TCP/IP Communication Module	ALTERNATOR SYSTEM
Auxiliary Contact on 3rd Breaker	DSE892 - DSENet USB to Ethernet ModBus TCP/IP - SNMP Comm. Module	Tropical Coating
FUEL TANK	DSE2520 - Remote Display Module	
Custom Size – 72hr and 96hr		
Custom Type to Meet State Spec.		
Vent Extensions		
Overfill Protection Valve

Notes

1. Switch sizes 30-600 amperes supplied in non-secure enclosures as standard.
2. 200 and 230 amperes rated switches for use with copper cable only.
3. Switch sizes 800-3000 amperes, and 150-400 amperes 3ADTS/3NDTS provided in secure type outdoor enclosures when required.
4. Use Type 3R secure for 1200, 2000, 2600, and 3000.
5. Available on switches rated 1200, 2000, 2600, and 3000 amperes.
6. When temperatures below 32°F can be experienced, special precautions should be taken, such as the inclusion of strip heaters, to prevent condensation and freezing of this condensation. This is particularly important when environmental enclosures (Type 3R, 4) are ordered for outdoor applications.
7. Type 3R enclosures are not suitable for installations subject to wind down rain or snow. Use Type 4 enclosures where available or install supplemental shelter protection around the 3R enclosure.

SERIES 300 EXTERNAL POWER CONNECTIONS
Size UL Listed Solderless Screw-Type Terminals

SWITCH RATING (AMPERES)	RANGES OF AL-CU WIRE SIZES (UNLESS SPECIFIED COPPER ONLY)
30-230 ¹ ATS and NTS only	One #14 to 4/0 AWG
150 ² , 260, 400	Two 1/0 AWG to 250 MCM or One #4 AWG to 600 MCM
600	Two 2/0 AWG to 600 MCM
800, 1000, 1200	Four 1/0 to 600 MCM
1600, 2000	Six 1/0 to 600 MCM
2600, 3000	Twelve 1/0 to 750 MCM

Notes:

- All SERIES 300 switches default to a solid neutral assembly unless a switched neutral is specified. If a switched neutral is required, order as solid neutral and left un-wired. Use wire rated 75°C minimum for all power connections.
1. 200 and 230 amperes rated switches for use with copper cable only. Refer to paragraph 310.15 of the NEC for additional information.
 2. 150 for DTS only.

Notes:

1. All WCR values indicated are tested in accordance with the requirements of UL 1008, 7th Edition. See ASCO Pub. 1128 for more WCR information
2. Application requirements may permit higher WCR for certain switch sizes.
3. Short Time ratings are provided for applications involving circuit breakers that utilize trip delay settings for system selective coordination
4. Max fuse rating is 1200A on front connected H frame switches
5. Switches utilizing overlapping neutral (code "C") have 35kA, 0.050 Sec time based rating at 480V Max
6. Rating shown is for Bypass switches only. Transfer Switch rating is 100kA for the G frame and 65kA max for the H and P frames. See ASCO Pub. 1128.
7. See ASCO for Service Entrance Switch ratings
8. These frames are only available on the 7000 Series product
9. Short Time Rating applies to 600A Bypass switch only, the 600A Transfer Switch does not have a Short Time Rating

All units are RMS Symmetrical Amperes.

All Withstand and Close-on Rating (WCR) values are established by testing in accordance with UL 1008. For the latest ratings, including transfer switch ratings when used with specific circuit breakers, see [ASCO Publication 1128](#) for more WCR information.

Application characteristics may permit higher WCRs for certain switch sizes.

EXTENDED WARRANTIES FOR SERIES 300 TRANSFER SWITCHES (3ATS/3NTS/3ADTS/3NDTS)

DESCRIPTION
1 Year Extension (Total of 3 Years)
2 Year Extension (Total of 4 Years)
3 Year Extension (Total of 5 Years)

Notes:

Standard warranty is (24) months. 2 years from date of shipment, extended warranty is in addition to the two years, for a total of 3, 4, or 5 years.

Refer to Publication 3223 for warranty terms and conditions.

City of Ormond Beach
City Commission Agenda
Staff Report

Agenda Date	December 2, 2025	Item No	7.K.
Section	CONSENT AGENDA	Category	Consent - Disposition Item
Subject	Auto Renewal - Bored Room, LLC d/b/a Grind Gastropub & Kona Tiki Bar (PAC Concessions)		
Recommended Action	Staff intends to automatically renew the Bored Room, LLC d/b/a Grind Gastropub & Kona Tiki Bar contract for an additional one-year period, unless directed otherwise.		
Strategic Goal	Quality of Life - Other		
Department Staff Contact	Parks and Recreation Robert Carolin, Parks and Recreation Director		

Summary

This is notification of staff's intent to allow the Bored Room, LLC d/b/a Grind Gastropub & Kona Tiki Bar agreement to automatically renew for one additional year.

In February 2024, the City Commission authorized the execution of an agreement with Bored Room, LLC d/b/a Grind Gastropub & Kona Tiki Bar for concession services at the Performing Arts Center (PAC).

The contract states the agreement will automatically renew for 3 additional one-year periods unless either party provides at least 30 days prior written notice to the other party of their intent not to renew the agreement. This renewal will be the first automatic renewal of this agreement.

This vendor has continually provided satisfactory concession services at the PAC.

Financial Impact

None

Citizen Impact

The renewal of this contract ensures concessions are provided in a consistent and professional manner to the PAC.

RESOLUTION NO. 2024-18

A RESOLUTION ACCEPTING THE PROPOSAL OF BORED ROOM, LLC d/b/a GRIND GASTROPUB & KONA TIKI BAR FOR THE PROVISION OF CONCESSIONAIRE SERVICES AT THE PERFORMING ARTS CENTER; AUTHORIZING THE EXECUTION OF AN AGREEMENT AND PAYMENT THEREFOR; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, the City solicited proposals for concessionaire services (the Project) (City RFP No. 2024-23), in accordance with Section 2-300, *Code of Ordinances*, and

WHEREAS, the City's evaluation committee reviewed the only proposal received and determined that the most advantageous proposal for the City is the proposal submitted by Bored Room, LLC d/b/a Grind Gastropub & Kona Tiki Bar to provide concessionaire services at the Performing Arts Center (a copy of said proposal being incorporated in the contract which is attached hereto and incorporated herein by reference), and

WHEREAS, based on the foregoing the City's professional staff recommends that the City Commission accept the proposal of Bored Room, LLC d/b/a Grind Gastropub & Kona Tiki Bar and execute an agreement for the Project, now therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The proposal of Bored Room, LLC d/b/a Grind Gastropub & Kona Tiki Bar to provide concessionaire services at the City's Performing Arts Center is hereby accepted.

SECTION TWO. The Mayor and the City Manager are hereby authorized and directed to execute an Agreement between the City and Bored Room, LLC d/b/a Grind Gastropub & Kona Tiki Bar for the Project.

SECTION THREE. This Resolution shall take effect immediately upon its adoption.

APPROVED AND AUTHENTICATED this 6th day of February, 2024.

BILL PARTINGTON
Mayor

ATTEST:

SUSAN CARROLL DAUDERIS
City Clerk

AGREEMENT

THIS AGREEMENT is made and entered into by and between the **City of Ormond Beach** ("City"), a Florida municipal corporation, 22 South Beach Street, Ormond Beach, Volusia County, Florida and **Bored Room, LLC d/b/a Grind Gastropub & Kona Tiki Bar** ("Contractor"), 49 W. Granada Blvd., Ormond Beach, FL 32174, and in consideration of the mutual promises and covenants herein contained, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree to the following:

1. **Scope of Work.** The Request for Proposals (RFP 2024-23, "Concessionaire for Ormond Beach Performing Arts Center") dated January 8, 2024 attached hereto as Exhibit "A", is incorporated herein by reference and is a material part of this Agreement. The Contractor shall fully comply with the terms and conditions described in the attached exhibit.
2. **Term and Occupancy.** This Agreement shall be effective on the date it is fully executed by the parties and shall have an initial term of two (2) years. This Agreement may be renewed for three (3) one-year terms upon written agreement of the parties hereto.

Contractor is granted a limited license for the non-exclusive use and occupancy of the Ormond Beach Performing Arts Center, located at 399 N. US1, Ormond Beach, FL 32174 ("the Premises") for the purpose of providing concessionaire services as provided in this Agreement. It is the responsibility of Contractor to provide dominion and control to serve wine and beer for consumption on the Premises.

3. **Consideration/Concession Percentage Fee.** Consideration for the Agreement, shall be calculated on a per event basis. Contractor shall retain 100% the first \$1,000.00 of net concession sales per event to cover its costs of staging and staffing. Contractor shall pay to the City 20% of net concession sales that exceed \$1,000.00 per event. Payment to the City shall be made no later than fifteen (15) days post production. For purposes of the Agreement, net sales shall be calculated as gross sales less sales tax and tips. The City shall not make any payments to the Contractor under the Agreement.
4. **Miscellaneous.** Contractor shall:
 - a) Obtain and maintain at its sole expense, all applicable licenses, permits and certificates which are necessary to discharge Contractor's duties under this Agreement.
 - b) Be solely responsible for paying all costs relative to the discharge of its duties under this Agreement, except as otherwise indicated herein.
 - c) Comply with all applicable federal, state, and local laws, rules, and regulations.
 - d) Have the option to serve beer and wine under the following conditions:
 - The Contractor must comply with state liquor licensing, and all state and local regulations.
 - The Contractor shall maintain liquor liability insurance of no less than 1 million per occurrence naming the City as an additional insured, and shall provide proof of liquor liability insurance in the same amount.

- The Contractor shall indemnify and hold the City harmless from any liability resulting from any personal injury or property damage occurring as a result of any service or sale of alcohol at the Performing Arts Center.
 - The Contractor is ultimately responsible for maintaining appropriate safety and security at any event where alcohol is served or sold. At any event in which alcohol is served, supervision by Contractor's staff is mandatory.
 - No alcohol shall be stored by Contractor at the Performing Arts Center.
 - All records of concession sales shall be provided by the Contractor to the City as set forth on Exhibit "A", Reporting and Financials.
 - The City shall have the right to terminate alcohol sales or service at the Performing Arts Center if any of the above conditions are not met.
- e) If Contractor serves catered food, the food will be prepared off Premises and Contractor must comply with all state and local requirements for permits, licensing, and inspections for sale of the food to the public.
5. **Termination of Agreement.**
 (a) This Agreement may be terminated by the City for convenience without cause upon thirty (30) days written notice to Contractor. The City may terminate the Agreement immediately if it is determined by the City Manager, in her sole discretion, to be necessary for the health, safety and welfare of the public.
6. **Assignment.** The Contractor shall not assign, convey or transfer all or any part of this Agreement, or all or any part of Contractor's interest herein, or all or any part of any interest in the Contractor, without the prior written consent of the City Commission, which consent shall not be unreasonably withheld.
7. **Complete Agreement.** This Agreement, including the provisions set forth in the exhibit attached hereto and incorporated by reference herein, constitutes the entire and complete agreement of the parties, and the promises and covenants herein contained shall survive the life of this Agreement.
8. **Amendment to Agreement.** Any amendment, change, or modification of this Agreement must be in writing and fully executed by both parties.
9. **Notices.** All notices which are required by this Agreement shall be provided to the parties at the following addresses, or such other addresses as may be requested in writing by either party:

10. **Sovereign Immunity.** The City expressly retains and reserves all rights, privileges, immunities, and benefits of sovereign immunity. This provision shall be construed broadly in favor of the City.

11. **Venue.** The terms and conditions of this Agreement shall be construed and enforced under the laws of the State of Florida. Any action or proceeding, either at law or in equity, regarding this Agreement shall be brought in the circuit court, Seventh Judicial Circuit in and for Volusia County, Florida. Venue in any other jurisdiction or forum, whether it be any other circuit, state or federal venue, is hereby expressly waived.
12. **Waiver of Conditions.** No waiver by the City of any condition or breach of performance by the Contractor shall constitute an irrevocable, continuing, or subsequent waiver by the City of the same condition or breach of performance, or of any other condition or other breach of performance.
13. **Severability.** If any part of this Agreement is declared to be unenforceable or void by a court of competent jurisdiction, the remaining parts of the Agreement shall remain in full force and effect as long as the services to be provided by the Contractor are not materially affected, altered or impaired as a result of said judicial declaration.
14. **Conflicting Provisions.** In the event of any conflict between the provisions of this Agreement and any exhibits, the provision most favorable to the City shall control and shall be given full force and effect.
15. **Indemnification.** The City, its agents, employees, and officials, both elected and appointed, shall be indemnified and held harmless by Contractor from any and all liabilities, claims, and causes of action which may arise out of the willful, negligent, or unlawful acts or omissions of the Contractor or its subcontractors in the performance of this Agreement, unless such claims are a result of the City's sole negligence, as determined by the final decision maker of such claim.
16. **Duty to Defend.** The Contractor shall defend all suits and administrative actions, including all appellate proceedings, brought against the City, its agents, employees, and officials, both elected and appointed and shall pay all attorneys' fees and costs associated with the City's legal defense, as may be selected by the City, arising from all claims and causes of action described in Section 15 above. Such payment on behalf of the City shall be in addition to any and all other legal or equitable remedies available to the City and shall not be considered to be the City's exclusive remedy.
17. **Contractor's Insurance.** The Contractor shall purchase and maintain for the entire life of this Agreement, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under this Agreement, whether such operations be by the Contractor, or by any Subcontractor, or by

anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City. The Contractor is responsible for the amount of any deductible or self-insured retention.

18. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include and not limited to the following:

- (a) Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

\$100,000 Each Accident Bodily Injury by Accident
\$100,000 Each Employee Bodily Injury by Disease
\$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

- (b) Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

- a. Premises, Operations, Products and Completed Operations
- b. Owners' & Contractors' Protective
- c. Products & Completed Operation
- d. Explosion, Collapse & Underground Conditions
- e. Blanket Contractual Liability
- f. Personal Injury Liability
- g. Broad Form Property Damage Endorsement, including Completed

- Operations
- h. Independent Contractors
- i. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
- j. Pollution Liability (if applicable)
- k. Asbestos Abatement (if applicable)
- l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less and not limited to the following amounts:

Limits (not less than)

\$1 Million Each Occurrence
 \$2 Million General Aggregate
 \$1 Million Aggregate Products & Completed Operations

NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

- (c) Automobile Liability Insurance is required if an Automobile(s) is used in the performance of the contract.

ISO Symbol 1 (Any Auto), or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos), and limits shall be no less than:

\$1 Million	Combined Single Limit for Bodily Injury and Property Damage
-------------	--

- (d) Excess Liability

For contracts \$250,000 or greater an Excess Liability Policy of at least but not limited to \$1,000,000 in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention not to exceed \$25,0000 per occurrence.

- (e) Liquor Liability

The Contractor shall maintain liquor liability insurance of no less than 1 million per occurrence naming the City as an additional insured, and shall provide proof of liquor liability insurance in the same amount.

19. **Requirements for Certificates of Insurance.**

- (a) With the execution of this Agreement, the Contractor shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain a provision that the coverage under the policies will not be canceled, non-renewed or materially changed until at least **thirty (30)** days' prior written notice of such cancellation, non-renewal or change [except for nonpayment of premium, which shall be **ten (10)** days] has been given to the City. The Contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACCORD FORM 25-S (7/90), or its successor form, and shall be made a part of this Agreement.
- (b) New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.
- (c) If requested by the City, the Contractor shall furnish complete copies of the Contractor's insurance policies, forms and endorsements.
- (d) For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
- (e) If the Contractor fails to obtain and maintain for the life of the Agreement the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Agreement.
- (f) **Policies of Insurance**
 - 1. Except as otherwise provided herein, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-) in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.

2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carriers; written confirmation is required.
 3. All policies of insurance or certificates thereof referred to herein shall be deposited with the City Clerk.
 4. The City shall be named an Additional Insured on General Liability and Automobile Liability policies of insurance and certificates thereof.
20. **Enforcement of Costs.** If any legal action or other proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default, or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable attorneys' fees, court costs, and all expenses even if not taxable court costs (including, without limitation, all such fees, costs and expenses incident to arbitration, appellate, bankruptcy, and post-judgment proceedings), incurred in that action or proceeding or any appeal, in addition to any other relief to which the party or parties may be entitled. Attorneys' fees include legal assistant fees, expert witness fees, investigative fees, administrative costs, and all other charges billed by the attorney for the prevailing party.
21. **Compliance With Laws.** Contractor shall comply with all applicable federal, state and local laws and regulations.
22. **Compliance With Florida Public Records Law.** Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:
- (a) Keep and maintain public records required by the City to perform the contracted service.
 - (b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
 - (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.
 - (d) Upon completion of the contract, transfer at no cost, to the City all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be

provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.

(e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

**CITY CLERK
22 SOUTH BEACH STREET
ORMOND BEACH, FLORIDA 32175. (386)677-0311
CITYCLERK@ORMONDBEACH.ORG**

Ref: Fla. Stat. §119.0701(2016)

23. **Limitation of Remedy and Liability.** Contractor and Owner expressly waive any claim for consequential damages against the other including but not limited to, a waiver of claims for diminished bonding capacity, loss of financing, loss of business reputation, lost profits on other projects or other lost opportunity damage claims.

Contractor expressly agrees that any claim (tort, contract, claim in equity, or otherwise) by Contractor for damages against Owner shall not exceed the total amount of the contract price, less any amounts actually paid to the Contractor by the Owner.

24. **Waiver of Right to Jury Trial.** THE PARTIES HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHT WHICH ANY PARTY MAY HAVE TO TRIAL BY JURY IN RESPECT OF ANY PROCEEDING, LITIGATION OR COUNTERCLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY. IF THE SUBJECT MATTER OF ANY LAWSUIT IS ONE IN WHICH THE WAIVER OF JURY TRIAL IS PROHIBITED, NO PARTY TO THIS AGREEMENT SHALL PRESENT AS A NON-COMPULSORY COUNTERCLAIM IN ANY SUCH LAWSUIT ANY CLAIM BASED ON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT. FURTHERMORE, NO PARTY TO THIS AGREEMENT SHALL SEEK TO CONSOLIDATE ANY SUCH ACTION IN WHICH A JURY TRIAL CANNOT BE WAIVED.

25. **Verification of Employment Status Using E-Verify System**

- (a) Section 448.09, *Florida Statutes*, makes it unlawful for any person to knowingly employ, hire, recruit, or refer, either for herself or himself, or on behalf of another, for private or public employment within the state, an alien who is not duly authorized to work in the United States. Contractor warrants that it is registered with the U.S. Department of Homeland Security's E-Verify system, and is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
- (b) Contractor agrees that if the contractor enters into an agreement with a subcontractor, the subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and contractor warrants it shall maintain any such affidavits for the duration of the contract. If the City has a good faith belief that a subcontractor knowingly violated Section 448.09 (1), the City shall promptly notify the contractor and order the contractor to immediately terminate the contract with the subcontractor.
- (c) In the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and as provided by statute, the contractor may not be awarded a public contract for at least one (1) year after the date of termination. The contractor may also be held liable for any additional costs incurred by the City as a result of the termination of the contract.

26. **No Conflict of Interest.** The Contractor warrants and agrees that neither it, nor any of its employees, agents, officers, directors, shareholders and independent contractors are, or will become, under contract with or accept compensation from any individual, business, corporation or governmental entity that has the possibility of an adverse interest to those of the City of Ormond Beach. The Contractor and its officers, directors, shareholders, employers, agents and subcontractors, agree not to provide any services or assistance to any entity directly or indirectly relating to the services provided to the City and to immediately notify the City Manager and City Attorney of any contact with any entity that has, or potentially has, a conflict of interest with the City of Ormond Beach. This provision shall be interpreted as broadly as possible to prevent any potential or actual conflict of interest presently or in the future by the Contractor.

27. **Effective Date.** This Agreement shall become effective upon the date last signed by the parties hereto.

IN WITNESS WHEREOF, the undersigned parties have caused this Agreement to be signed on the dates indicated hereinbelow.

DATED this 6 day of February, 2024.

GENERAL CONDITIONS

PUBLIC ENTITY CRIMES: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit Proposals on leases or real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

DISCRIMINATION: Pursuant to Section 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid or proposal on a contract to provide any goods or services to a public entity, may not submit a bid or proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit bid or proposal on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity.

PUBLIC RECORDS/NON-CONFIDENTIALITY OF BIDS AND/OR PROPOSALS. The City of Ormond Beach cannot and does not warrant the confidentiality of any information submitted in response to this solicitation. Florida law provides that municipal records shall at all times be open for personal inspection by any person, Section 119.01, F.S., The Public Records Law. Information and materials received by the City of Ormond Beach in connection with all Proposers' response shall be deemed to be public records subject to public inspection upon award, recommendation for award, or 30 days after bid opening, whichever occurs first. Section 119.071, F.S.

DISTRIBUTION OF BIDS AND RFP'S: The City uses the services of DemandStar (www.demandstar.com) to distribute its bids and RFP's on-line on the Internet. If you have received a copy of this RFP from any source other than DemandStar, please be aware that you may not have received the latest version of the RFP or any related addendums.

SUBMISSION OF RESPONSES: All Submittals shall be delivered in a sealed envelope. The Request for Proposals (RFP) number, title, and opening date shall be clearly displayed on the outside of the sealed envelope (and on the outside of any express shipping package). The delivery of said submittal to the Purchasing Office on or before the specified opening date and time is solely and strictly the responsibility of the Submitter. Any submittal received by the Purchasing Office after the specified date and time will not be accepted. Submittals must be presented on forms provided by the City. No other forms will be accepted. Telephone, telefax and telegraph Submittals will not be

considered. No Submittal may be modified after opening. No Submittal may be withdrawn after opening for a period of ninety (90) days unless otherwise specified.

EXECUTION OF SUBMITTAL: Submittals must contain a manual signature of authorized representative in the space(s) provided. Submittals must be typed or printed in ink. Use of erasable ink is not permitted. All corrections made by Submitter to any Submittal entry must be initialed. The company name and Federal Employer Identification Number (F.E.I.N.) number shall appear in the space(s) provided.

RFP OPENING: Submittals shall be opened and the name of the submitters shall be read publicly. No discussion of the Submittals will occur at this time.

SUBMITTAL TABULATION: Any submitter wishing to receive a copy of the tabulation is required to enclose a stamped, self-addressed envelope with their Submittal response.

CLARIFICATION/CORRECTION OF RFP ENTRY: The City of Ormond Beach reserves the right to allow for the clarification of questionable entries and for the correction of obvious mistakes.

INTERPRETATION: Any questions concerning conditions and specifications shall be directed to the Purchasing Coordinator. Those interpretations which may affect the eventual outcome of this Submittal will be furnished in writing to all prospective Submitters. No interpretation shall be considered binding unless provided in writing by the City of Ormond Beach.

MINORITY POLICIES: The City of Ormond Beach, Florida, encourages the full participation of Disadvantaged and Women Business Enterprises (D&WBE) in the provision of goods and services.

LICENSES AND PERMITS: The Vendor/Contractor is responsible for obtaining all necessary permits and licenses to comply with all Federal, State, local laws, rules and regulations required to perform work in accordance with the specifications.

ADDITIONAL TERMS AND CONDITIONS: The City of Ormond Beach reserves the right to reject Submittals containing any additional terms or conditions not specifically requested in the original conditions and specifications.

TAXES: The City of Ormond Beach is exempt from Federal Excise Taxes and all sales taxes.

SILENCE OF SPECIFICATIONS: The apparent silence of any specification and any supplemental specifications as to any details or the omission from same of any detailed description concerning any point shall be regarded as meaning that only the best commercial practices are to prevail and that only materials of first quality and correct type, size, and design are to be used. All workmanship is to be first quality. All interpretations of the specifications shall be made upon the basis of this statement.

ASSIGNMENT: Any purchase order or contract issued pursuant to a Submittal and the monies which may become due hereunder are not assignable except with the prior written approval of the City Manager or City Commissioner, whichever authorized the purchase or Agreement.

LIABILITY: The Contractor shall hold and save the City of Ormond Beach, its officers, agents, and employees harmless against claims by third parties resulting from the Contractor's or supplier's breach of contract or negligence, including all attorney's fees and costs, and shall pay any and all damages, fees, and costs assessed on behalf of the City. The City expressly reserves all rights, privileges and benefits of sovereign immunity.

PATENTS AND ROYALTIES: The Contractor, without exception, shall indemnify and save harmless the City of Ormond Beach and its employees from liability of any kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by the City of Ormond Beach. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the Submittal prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work.

NON-APPROPRIATION OF FUNDS: In the event sufficient budget funds are not available for a new fiscal period, the CITY shall notify the VENDOR/CONTRACTOR of such occurrence and the contract shall terminate on the last day of the current fiscal period, without any penalty or expense to the CITY of any kind whatsoever.

AWARDS: The CITY reserves the right, in its sole discretion, as the best interest of the CITY may require, to make award(s) by individual item, group of items, all or none, or a combination thereof; on a geographical basis and/or with one or more vendors, contractors, consultants or specialists; or to reject any and all Submittals or waive any minor irregularity or technicality in the Submittals received.

OTHER AGENCIES: All Bidder(s) awarded contracts from this bid or proposal may, permit any municipality or other government agency to participate in the contract under the same prices, terms, and conditions, if agreed to by both parties.

It is understood that at no time will any city, municipality, or other agency be obligated for placing an order for any other city, municipality, or agency: nor will any city, municipality, or agency be obligated for any bills incurred by any other city, municipality, or agency. Further, it is understood that each agency will issue its own purchase orders to the awarded bidder(s).

COMPLIANCE WITH FLORIDA PUBLIC RECORDS LAW:

Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

- (a) Keep and maintain public records required by the City to perform the contracted service.
- (b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.
- (d) Upon completion of the contract, transfer at no cost, to the City all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.
- (e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Ref: Fla. Stat. §119.0701(2016)

THE CITY OF ORMOND BEACH RESERVES THE RIGHT TO REJECT ANY OR ALL PROPOSALS, AND TO WAIVE INFORMALITIES AS MAY BE DEEMED TO BE IN THE BEST INTEREST OF THE CITY.

TERMS AND CONDITIONS

- A. The City of Ormond Beach reserves the right without prejudice to reject any or all proposals, to request clarification of information submitted, and to request additional information of one or more proposers.
- B. The City reserves the right to award the contract to the next most qualified firm if the successful firm fails to execute a contract within two weeks after the award of the contract by the City Commission.
- C. In accordance with federal, State, and local regulations, the firm shall not discriminate under the contract against any person.
- D. The firm shall not assign or transfer any interest in the contract without prior approval of the City Commission.
- E. The City reserves the right to terminate the contract at any time due to the vendor's default under terms of agreement.
- F. Submission of a proposal indicates acceptance by the firm of the conditions contained in this Request for Proposals unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the City of Ormond Beach and the firm selected.
- G. Submittals should include a copy of firm's insurance certificate, Conflict, Non-Conflict of Interest Statement/Litigation Statement, Drug Free Workplace Certificate and E-Verify Statement.

I. OBJECTIVE OF THE REQUEST FOR PROPOSALS

Opened in 1991, The Ormond Beach Performing Arts Center is a six hundred fixed seat auditorium with a performance stage. The venue provides the community with live entertainment including music concerts, dance recitals, comedy shows, traveling attractions, business and government meetings, and community theater productions. Over the course of the last five years, the Performing Arts Center averages over sixty performances and eighteen thousand attendees. The average total annual sales of concessions during this time frame is approximately six thousand dollars. Previous concession sales have not included sale of alcoholic beverages.

The purpose of this Request for Proposals (RFP) is to solicit competitive sealed proposals to provide fully insured and appropriately licensed concessionaire to sell snacks, hot and

cold beverages, and to provide beer and wine concession services at the Ormond Beach Performing Arts Center. The successful Respondent or Respondents will demonstrate the ability to provide a safe, consistent and reliable beer, wine, and other concession services that will:

1. Maximize the public's use and enjoyment of the Performing Arts Center.
2. Encourage tourism;
3. Provide an accurate and verifiable system to account for all revenue collected;
4. Provide an accurate and verifiable system to determine dates and times of operation at the request of the City.
5. Adequately compensate the City of Ormond Beach, as the trustee of the public's interest at the Ormond Beach Performing Arts Center and offset the City's costs of operating the PAC.

II. SCOPE OF SERVICES

- A. The successful respondent shall be responsible for reviewing and complying with all laws, regulations, and ordinances applicable to Concessionaires.
- B. Concessionaire shall have the option of proposing to provide the service to manage, maintain, and sell an inventory of ready to eat snack food items, bottled water, soft drinks, and coffee, in addition to all beer and wine operations and licenses at the PAC, or to provide only beer and wine service with the understanding that the Performing Arts Center would retain the sole and exclusive right to sell ready to eat snacks, soft drinks, coffee, and bottled water. The City shall have the sole right to determine at which events alcoholic beverages may be sold. Concessionaire shall at all times exercise total independent, prudent, reasonable judgment in the serving of alcoholic beverages. Concessionaire shall use only qualified and supervised personnel with training and experience in the sale of alcoholic beverages. The decision to refuse service of alcoholic beverages to any individual shall be the sole responsibility of concessionaire. Concessionaire shall be required to have all staff including management, involved in the service of alcoholic beverages, to complete an Alcohol Awareness Training Program that has been approved by the State of Florida.
- C. Concessionaire shall be responsible for furnishing and set up of appropriate bar and refrigeration equipment one hour prior to any show where Concessionaire's services are requested.
- D. Concessionaire shall be responsible for removal of appropriate bar and refrigeration equipment after any intermission along with any unsold beer or wine.
- E. City will be responsible for utility charges for any refrigeration equipment.
- F. Concessionaire shall use no undue pressure, coercion or persuasion in an attempt to influence the sale of any products.
- G. Concessionaire shall operate in a manner that will ensure the convenience and safety of the public.
- H. All employees, officers, agents, and subcontractors of the Concessionaire shall be neatly attired in uniforms that properly identify them as official Concessionaire personnel.
- I. All pricing for all goods and services are to be posted and visible for all customers.

- J. All employees, officers, agents, and subcontractors of the Concessionaire shall wear photo identification badges that will be furnished by and at the expense of the awarded Respondent.
- K. The design of such uniforms shall be subject to the prior approval of the City of Ormond Beach's Director of Leisure Services or his/her designee. All uniforms worn shall be maintained in a neat and clean manner.
- L. Except as expressly permitted by the resulting contract, solicitation outside of the designated concession area is prohibited.
- M. The public's right shall not be infringed upon by an activity of the Concessionaire or any of its employees, agents, or subcontractors. The activities of the Concessionaire shall be such as to render service to the public in a dignified manner.
- N. The City of Ormond Beach's Director of Leisure Services or his designee shall have the right to require any employee(s) of the Concessionaire to be permanently removed from the premises whenever it appears to be in the best interest of the City of Ormond Beach.
- O. In addition to City of Ormond Beach Commercial Liability Insurance requirements, Concessionaire shall provide evidence of coverage for liquor liability in an amount not less than \$1,000,000 per occurrence. If the Commercial General Liability policy covers liquor liability (e.g. host or other coverage), the Contractor shall provide written documentation to confirm that coverage applies to this Agreement.
- P. The Concessionaire shall maintain all facilities and equipment in a clean and sanitary condition. All food and beverage facilities shall be in accordance with all applicable rules, ordinances and/or laws pertinent to the health authorities of Volusia County, the Florida State Board of Health and any other health department having jurisdiction.
- Q. The Concessionaire shall be responsible for maintaining a clean, safe and appealing environment in and around the concession area. The Concessionaire shall develop and adhere to a recycling program approved by the City of Ormond Beach.

III. Personnel and Experience of the Concessionaire:

- A. All persons involved in concession activities are required to undergo a background check and drug test at the Concessionaire's expense. In addition, it is the Concessionaire's responsibility to insure all new hires, officers, and agents, are communicated to the City of Ormond Beach's Director of Leisure Services or his/her designee after completion of the background checks and drug testing. It is the responsibility of the successful Respondent to issue individual identification badges upon successful completion of the background check and drug test. No individual shall be permitted to work in the Performing Arts Center without this identification. The City of Ormond Beach reserves the right to request random drug testing of all of the successful Respondent's personnel.
- B. The City of Ormond Beach includes a diverse population and the successful respondent shall reflect this diversity by encouraging diversity in employment of concessions.

- C. The successful Respondent shall have documented experience in the applicable industry for the goods and services which will be managed. This documentation and references are a requirement and evaluation factor of this RFP.

IV. Concession Percentage Fee

- A. As consideration for the City of Ormond Beach granting the concession privileges to the successful Respondent, the Concessionaire shall pay to the City of Ormond Beach a Concession Percentage Fee. The Concession Percentage Fee is a percentage of the Concessionaire's gross receipts.
- B. Respondents shall propose a Concession Percentage Fee based on the criteria in Section IX, Proposal Process. The proposed Percentage Fee will be a factor in the decision to award a Contract to the successful Respondent.
- C. The Concession Percentage Fee shall not be listed as a separate line item on any receipt provided to any customer or member of the public.

V. Reporting and Financials

- A. The successful Respondent shall ensure the concession venue is equipped with a cash register system with duplicate receipt capability.
- B. Concessionaire shall provide sale statements within (5) days post production and will be required to send these reports electronically to the City of Ormond Beach's Performing Arts Center Supervisor and City of Ormond Beach Finance Department. The statements shall be sufficient for the City to determine the number, type and gross sales for all concessions sold. The amount of the Concession Percentage Fee shall be paid to the City no later than (15) days post production.
- C. The City of Ormond Beach reserves the right to audit any financial documentation at any time.
- D. Respondent shall include in the sales statement all sales and receipts for each production and shall be verifiable through the cash register system.

VI. Menu Items

The successful Respondent is expected to serve quality pre-packaged food, drinks to include soft drinks and beer and wine items (example: candy, crackers, canned/bottled sodas, water, etc.) to meet the needs of the visiting public. Simple menu items should be offered at competitive prices. Beer and wine are the only alcoholic beverages permitted on the premises. Each proposer will be required to include a sample menu of products to be offered with a proposed price list corresponding to each product

VII. TERM OF AGREEMENT

The initial term of this agreement shall be for a period of two (2) years and may be automatically renewed for three, one-year terms thereafter upon mutual written agreement.

VIII. MINIMUM QUALIFICATIONS

In order to be considered responsive, Proposers shall, at a minimum, demonstrate compliance with the following Pre-Qualification Criteria in their proposal. All requested documentation and/or information shall be provided in the Proposal to confirm that the Proposer has satisfied the Prequalification Criteria in order to be properly evaluated as listed herein. Proposers failing to meet these requirements shall be deemed non-responsive. The Proposer shall, at the time of Proposal submittal, time of award, and throughout the duration of the Contract, continue to meet the following Pre-qualification Criteria requirements as stated in the Solicitation Documents.

- Must be a registered Concessionaire in Florida.
 - Must submit copy of license with proposal.
- Must complete all attached contract documents.
- Must submit a sample menu including all items and pricing.
- A schedule of operations must be submitted with proposal and any deviation from that schedule must be approved by the Leisure Services Director or his/her designee.
- Concessionaire shall have the ability to manage and maintain all liquor operations and licenses at the Performing Arts Center. The City shall have the sole right to determine at which events alcoholic beverages may be sold. Concessionaire shall at all times exercise total Independent, prudent, reasonable judgment in the serving of alcoholic beverages. Concessionaire shall use only qualified and supervised personnel with training and experience in the sale of alcoholic beverages. The decision to refuse service of alcoholic beverages to any individual shall be the sole responsibility of concessionaire. Concessionaire shall be required to have all staff including management, involved in the service of alcoholic beverages, to complete an Alcohol Awareness Training Program that has been approved by the State of Florida.
- The Concessionaire shall have proven successful and progressive leadership (three years in a like business) in offering to the public those services as outlined. References are required as per the defined Evaluation Criteria listed in this package and shall be submitted on the forms provided with the proposal. A minimum of three (3)/maximum of five (5) customer references should include name and address of agency, length of contract, contact name, telephone number, fax number and email address. A minimum of two (2)/maximum of three (3) supplier references are also required and should include the above information.

IX. PROPOSAL PROCESS

The firm or individual(s) interested in this contract should include a response to each of the following items in their written proposal:

A. Background of firm:

B. Experience:

C. Investment Approach:

D. Concession Percentage Fee (the percentage of gross receipts Concessionaire proposes to pay to the City for each sale):

1. Percentage of beer and wine sales
2. Percentage of other concession sales (if Concessionaire proposes to provide concessions in addition to beer and wine)

The City of Ormond Beach will conduct an evaluation of all proposals, submitted by the deadline, to determine compliance with proposal requirements and mandatory document submissions. The committee will evaluate proposals and select the Proposer that meets the best interests of the City, and will make a recommendation of Award of Contract to the City Commission.

X. EVALUATION PROCESS AND CRITERIA

Evaluation Criteria:

For the purposes of further evaluation, the responsive proposals will be evaluated on, but shall not be limited to, consideration of the following criteria:

Qualifications and Experience (30 points)
Completeness of Submission (15 points)
Price/Variety of Offerings (30 points)
Proposed proceeds to City (25 points)

Responsive proposals will be ranked in each of the criteria

The City reserves the following rights:

- Modify, extend, or cancel this RFP at any time to obtain additional proposals or for any other reason the City determines to be in its best interest;
- Issue a new RFP with terms and conditions that are the same, similar or substantially different as those set forth in this or a previous RFP in order to obtain additional proposals or for any other reason the City determines to be in its best interest;

- Conduct pre-award discussion and/or pre-award negotiations with any or all responsive and responsible proposer(s) who submit proposals determined to be reasonably acceptable of being selected for award; and, conduct personal interviews or require presentations of any or all proposer(s) prior to selection.
- Request that proposer(s) furnish additional information as the City may reasonably require.
- Accept or reject qualifications or proposals in part or whole, and/or waive any defect or deficiency in any proposal, if in the City's sole judgment, the defect or deficiency is not material in response to this RFP;
- Limit and/or determine the actual contract services to be included in a contract.
- Engage outside experts to assist staff in evaluating the merits and viability of each proposer.
- Obtain information for use in evaluating submittals from any source.
- Verify the information received in the proposal. If a proposer knowingly and willfully submits false information or data, the City of Ormond Beach reserves the right to reject that proposal. If it is determined that an Agreement was awarded as a result of false statements or other data submitted in response to this RFP, the City of Ormond Beach reserves the right

The City shall be the sole judge of the proposer's qualifications.

XI. PROPOSAL SUBMITTAL

Please check the contents of your RFP package carefully to ensure that you have in your possession all the necessary documents, as referenced within this RFP, including any addenda. If you are missing any items, please contact the City's Purchasing Coordinator at 386-676-3223, or by e-mail at: rob.hart@ormondbeach.org.

Submission of a proposal pursuant to this RFP shall constitute acknowledgement and acceptance of the terms and conditions set forth herein. Portions of this RFP and the contents of the proposal submitted by the successful proposer may become contractual obligations if an Agreement is awarded. Failure of the successful proposer to accept these obligations may result in cancellation of the award of contract.

The City reserves the right to withdraw this RFP at any time without prior notice. All proposals submitted in response to this RFP become the property of the City of Ormond Beach.

Deadline for Submission: To be considered, proposals must be received no later than 10:00 a.m., January 19, 2024.

Inquiries: Technical questions may arise as firms are preparing their proposals. The City will accept written inquiries regarding this RFP until January 10, 2024 at 4:00 PM. Questions received after that time will not be responded to. Answers to questions that warrant attention of all the potential proposers will be distributed in the form of an addendum. Please direct written inquiries to:

Rob Hart
City of Ormond Beach
22 South Beach Street, Room 102
Ormond Beach, Florida 32174
Telephone: (386) 676-3223
FAX: (386) 676-3374
rob.hart@ormondbeach.org

Signature Requirements: Proposals must be signed by a duly authorized official(s) of the proposing firm. Consortiums, joint ventures, or teams submitting proposals, although permitted and encouraged, will not be considered responsive unless it is established that all contractual responsibility rests solely with one firm or legal entity which shall not be a subsidiary or affiliate with limited resources. Each proposal shall indicate the entity responsible for execution on behalf of the proposal team.

Proposal Delivery: You must submit one (1) unbound original plus one (1) electronic copy on compact disk (CD) or flash drive of the proposal no later than the date and time specified above. Submit proposals to: Rob Hart, Purchasing Coordinator, at City Hall downstairs in Room 102, 22 South Beach Street, Ormond Beach, FL 32174. The RFP title and number shall be plainly marked on the outside of the delivery envelope or package. It is solely the responsibility of the submitter to ensure that the Proposal is delivered on or before the specified date and time. Late proposals will not be accepted.

Addenda and Supplements to the Request for Proposals (RFP): In the event that it becomes necessary to revise any part of this RFP, or if additional information is necessary to enable the proposing firm to make an adequate interpretation of the provisions of this RFP, a supplement to the RFP will be provided to each firm that has requested a copy of this document.

Rejection Rights: The City of Ormond Beach reserves the right, at any time, to modify, waive or otherwise vary the terms and conditions of this RFP including, but not limited to, the deadlines for submission and submission requirements. The City further reserves the right to reject any or all submittals, to cancel or withdraw this RFP at any time and to negotiate with any party prior to or after submittal of proposals. Selection is also dependent upon the negotiation of a mutually acceptable contract with the successful proposers.

Cost of Proposal Preparation: No reimbursement will be made by the City of Ormond Beach for any costs incurred in the preparation of the proposal or presentation.

Proposals to be in Effect: Each proposal shall state that it is valid for a period of not less than 90 days from date of receipt.

REGISTRATION AND INSURANCE REQUIREMENTS FOR VENDOR/CONTRACTOR WORKING ON CITY PROJECTS

Registration Requirements

VENDORS doing business within the City Limits must be registered with the City. Requirements for registering a business are as follows:

Copy of City Business Tax Receipt (where your business is located).

Certificate of Insurance showing General Liability and Workers' Comp (or State Workers' Comp Exemption form).

Application Fee: \$25.00 For more information, contact the City's Business Tax Receipt official.

State Certified / Registered Contractors

All registered contractors must be registered with Volusia County. Volusia County Contractor Licensing, 123 W. Indiana Ave., Rm 203, Deland, FL 32720 (386) 736-5957 Opt. 2 - (386) 248-8158 Fax. Certified Contractors have the option of registering with Volusia County, or providing information directly to the business tax receipt official.

If you have any questions regarding the above requirements, please contact the business tax receipt official at (386) 676-3370.

EXHIBIT "A"

A. Payment and Performance Bonds

1. Except as otherwise provided herein, the Contractor shall, prior to beginning performance, deliver to the City, and the City shall record in the public records of Volusia County, Florida, the Contractor's Payment and Performance Bond in an amount equal to the full amount of the Contract.
2. (a) Payment and Performance Bonds shall not be required for any contract except those which are for the construction of a public building, for the prosecution and completion of a public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time) or for repairs upon a public building or public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time).

- (b) With respect to those Contracts for which Payment and Performance Bonds are otherwise required:
 - i. Unless the City Manager, or designee, determines such Bond to be necessary to protect the interests of the City, no Contractor shall be required to provide a Payment and Performance Bond for any Contract which is for \$25,000.00 or less.
 - ii. Upon the request of the contractor, good cause shown by the Contractor, and a determination that the public health, safety and welfare will be sufficiently protected, the City Commission may exempt the contractor from the requirement of providing a Payment and Performance Bond for any Contract which is for more than \$25,000.00 but is less than \$200,000.00.
- 3. The Payment and Performance Bond shall list the Contractor as Principal and be issued by a surety insurer authorized to do business in Florida as a surety and listed as an acceptable surety in the Federal Register.
- 4. The Payment and Performance Bond shall be executed pursuant to Section 255.05, Florida Statutes, and be in a form substantially similar to the form set forth in Section 255.05(3), Florida Statutes.
- 5. The Payment and Performance Bond shall specifically provide coverage for delay damages due to a default by the Contractor.
- 6. The Payment and Performance Bond shall not make the Contract part of the Bond agreement.
- 7. In lieu of the Payment and Performance Bond, the Contractor may file with the Finance Director of the City, in an amount equal to the full amount of the Contract, cash, a money order, a certified check, a cashier's check, an irrevocable letter of credit, or a security of a type listed in Part II, Chapter 625, Florida Statutes.
- 8. In the event the surety on any Payment and Performance Bond furnished by the Contractor is declared bankrupt or becomes insolvent, or its right to do business in the State of Florida is terminated, the Contractor shall, within five (5) working days thereafter, substitute another Payment and Performance Bond and surety acceptable to the City.
- 9. The Contractor is totally and solely responsible for keeping its surety informed as to the Base Contract Price as bid, significant changes in the Project Scope, and the overall progress and completion of the Project for the entire life of the Contract.
- 10. The payment and performance bond requirements stated herein above shall not be applicable to service-related contracts unless otherwise determined by the City Manager in order to protect the health, safety and welfare of the general public.

B. Contractual Provisions Relative to Risk Management

All contracts for any public works to be performed, and service-related contracts, for or on behalf of the City shall include at a minimum, the following, or substantially similar, provisions:

1. Hold Harmless and Indemnity

The Contractor agrees to assume liability for and indemnify, hold harmless, and defend the City, its commissioners, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor, its agents, officers, contractors, subcontractors, employees, or anyone else employed or utilized by the Contractor in the performance of this Contract. The Contractor's liability hereunder shall include all attorney's fees and costs incurred by the City in the enforcement of this provision.

2. Payment on Behalf of City

The Contractor shall pay all costs of the City's legal defense, as may be selected by the City, for all claims described in the Hold Harmless paragraph.

Such payment on behalf of the City shall be in addition to any and all other legal remedies available to the City and shall not be considered to be the City's exclusive remedy.

3. Loss Control/Safety

Precaution shall be exercised at all times by the Contractor for the protection of all persons, including employees and property. The Contractor shall comply with all applicable laws, regulations and ordinances related to safety and health, shall make special efforts to detect hazardous conditions, and shall take prompt action when loss control/safety measures are reasonably necessary.

The City may order work to be stopped if conditions exist that present an immediate danger to persons or property. The Contractor acknowledges that such work stoppage will not shift responsibility for any damages from the Contractor to the City.

4. Service Bond

For Service-related contracts only, the City may require the Contractor to secure a service bond with a minimum \$25,000 coverage limit for the period of the service agreement. The service bond covers dishonest acts of the contractor's employees against the City. A copy of the bond shall be provided to the City when the agreement commences.

Service-related contracts include and are not limited to businesses providing janitorial, pest control, general repair, security, carpet cleaning, locksmith,

temporary employment, painting, moving services or other contracts as determined in the discretion of the Risk Manager as necessary to minimize loss.

C. Contractor's Insurance

1. General

The Contractor, including service-related contractors, shall purchase and maintain for the entire life of the Project, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under the Contract Documents, whether such operations be by the Contractor, by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City. The Contractor is responsible for the amount of any deductible or self-insured retention.

2. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include and not limited to the following:

- (a) Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

\$100,000 Each Accident Bodily Injury by Accident
\$100,000 Each Employee Bodily Injury by Disease
\$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

- (b) Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):
- a. Premises, Operations, Products and Completed Operations
 - b. Owners' & Contractors' Protective
 - c. Products & Completed Operation
 - d. Explosion, Collapse & Underground Conditions
 - e. Blanket Contractual Liability
 - f. Personal Injury Liability
 - g. Broad Form Property Damage Endorsement, including Completed Operations
 - h. Independent Contractors
 - i. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
 - j. Pollution Liability (if applicable)
 - k. Asbestos Abatement (if applicable)
 - l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less and not limited to the following amounts:

Limits (not less than)

\$1 Million Each Occurrence

\$2 Million General Aggregate

\$1 Million Aggregate Products & Completed Operations

NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

- (c) Automobile Liability Insurance is required if an Automobile(s) is used in the performance of the contract.

ISO Symbol 1 (Any Auto), or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos), and limits shall be no less than:

\$1 Million

Combined Single Limit for Bodily Injury
and Property Damage

(d) Excess Liability

For contracts \$250,000 or greater an Excess Liability Policy of at least but not limited to \$1,000,000 in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention not to exceed \$25,000 per occurrence.

(e) Builder's Risk

Contractor shall purchase Builder's Risk Insurance for any contracts that are deemed to be vertical construction on an All-Risk policy, and shall also include coverage for wind, hail, and named storm. Limits of coverage shall be at least and not limited to the value of the project.

(f) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of \$1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

D. Requirements for Certificates of Insurance

1. With the execution of the Contract Documents, the Contractor, including service-related contractors, shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain an endorsement that the coverage under the policies will not be canceled, non-renewed or materially changed until at least thirty (30) days' prior written notice of such cancellation, non-renewal or change (except for nonpayment of premium, which shall be ten (10) days) and a copy of the cancellation endorsement signed by an authorized representative of the insurer, be given to the City. The contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of the Contract Documents.
2. New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.

3. If requested by the City, the contractor shall immediately furnish complete copies of the Contractor's insurance policies, forms and endorsements.
4. For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
5. If the Contractor fails to obtain and maintain for the life of the Project the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Contract.

E. Policies of Insurance

1. Except as otherwise provided in this Exhibit, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-), in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.
2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carrier; written confirmation is required.
3. All policies of insurance or certificates thereof referred to in this Exhibit shall be deposited with the City Clerk.
4. The City shall be named an Additional Insured on General Liability including products and completed operations and Automobile Liability policies of insurance and certificates thereof.

VERIFICATION OF EMPLOYMENT STATUS USING E-VERIFY SYSTEM**

1. Undersigned firm warrants it IS currently registered with the U.S. Department of Homeland Security's E-Verify system, and is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
2. Undersigned firm warrants it has not had any contracts terminated as a result of violations of Sections 448.09 or 448.095, *Florida Statutes*, that prohibit it from contracting with a public agency.
3. Undersigned firm warrants that if it enters into an agreement with a subcontractor, an express provision shall be included in all of its subcontracts requiring subcontractors, who perform work or provide services pursuant to the contract, to use the E-Verify system to verify employment eligibility of all new employees hired by the subcontractor during the contract term.
4. Undersigned firm understands that any subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and the contractor understands it shall maintain any such affidavits for the duration of the contract, and the contract with the subcontractor must be immediately terminated if the City has a good faith belief that the subcontractor knowingly violated Section 448.09 (1), *Florida Statutes*.
5. Undersigned firm understands that in the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and the contractor may not be awarded a public contract for a period of at least one (1) year after the date of termination. The contractor may be held liable for any additional costs incurred by the City as a result of termination of the contract.

(RFP No. 2024-23)
CITY OF ORMOND BEACH, FLORIDA
DRUG-FREE WORKPLACE CERTIFICATION**

IDENTICAL OR "TIE" SUBMITTALS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more proposals which are equal in respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

- 1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violation.
- 3) Give each employee that engages in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) calendar days after such conviction.
- 5) Impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- 6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

Title

Dear Performing Arts Center of Ormond Beach,

Thank you for the opportunity to submit a proposal for a strategic partnership between Grind Gastropub and the Performing Arts Center of Ormond Beach. We are excited about the possibility of forming a partnership that would benefit both of our organizations and enhance the experience of your patrons.

Our proposed partnership would involve Grind Gastropub providing concession services at the Performing Arts Center during events and performances. Our goal is to offer a diverse and appealing selection of food and beverages that would enhance the overall experience for your patrons. We believe that our unique food and beverage offerings would be a great fit for the Performing Arts Center's audience and complement the cultural offerings of the venue. Our concession services would include the sale of food, beer, wine, and potentially alcohol if permitted by the city. The food offerings would focus on small plates, appetizers, and entrees that are representative of Grind Gastropub's style and reputation. A sample menu is attached, however ultimately, we believe it is the best interest of both entities that Grind Gastropub maintain the flexibility to change the offerings to suit the diversity of the events offered at the Performing Arts Center. We would also offer a curated selection of craft beers, premium wines, and upon approval specialty cocktails, including signature cocktails inspired by Grind Gastropub's mixology program.

Our proposed timeline for the project would include the establishment of a comprehensive timeline for completion of renovations at the P.A.C. and a schedule of upcoming events, setting up of the concession stand, and execution of cross-promotion strategies. We are committed to ensuring that all necessary permits and licenses are obtained and that all food and beverage handling procedures comply with health and safety regulations.

1. Background of Grind Gastropub:

Grind Gastropub is a highly acclaimed restaurant and bar located in Ormond Beach, Florida. The establishment is known for its unique blend of polynesian charm and modern sophistication, offering a menu of globally inspired small plates, entrees, and craft cocktails in a lively inviting atmosphere. The restaurant has received numerous accolades and awards for its exceptional cuisine, service, and ambiance.

2. Experience:

Grind Gastropub has extensive experience providing high-quality food and beverage services for events and special occasions, including weddings, corporate events, and other private functions. The restaurant has a team of experienced chefs, servers, and bartenders who are committed to providing exceptional service and creating memorable experiences for guests. The restaurant's expertise in food and beverage service, combined with its reputation for quality and innovation, makes it an ideal partner for the Performing Arts Center of Ormond Beach.

1. Investment approach:

As a potential partner for the Performing Arts Center of Ormond Beach, Grind Gastropub is committed to making a significant investment in the project. This investment will include the

purchase of necessary equipment and supplies for the concession stand, as well as marketing and promotional materials to promote the partnership and enhance the overall experience for patrons. We are also committed to providing high-quality food and beverage offerings that will enhance the overall experience for your patrons.

1. Concession percentage fee to be paid to the city:

The percentage fee to be paid to the city for concession services would be subject to negotiation and would depend on several factors, including the volume of sales and the specific offerings the Performing Arts Center would find desirable. We are committed to working collaboratively with the Performing Arts Center of Ormond Beach to develop a fair and mutually beneficial fee structure that reflects the value of the services provided and the overall goals of the partnership.

We believe that a partnership between Grind Gastropub and the Performing Arts Center of Ormond Beach would be mutually beneficial and enhance the overall experience for your patrons as well as providing additional exposure for both venues. We look forward to the opportunity to discuss our proposal in more detail and answer any questions you may have.

Thank you for considering our proposal.

Sincerely,

Kevin Wakefield
Grind Gastropub

Menu

While we are happy to accommodate a variety of different menus to suit the needs and preferences of the Performing Arts Center, the menu presented in our RFP response is intended to be a sampling of the kinds of food and beverage offerings that we could provide. We believe that these options are representative of the high-quality, enticing cuisine that Grind Gastropub is known for, and we hope they will help to showcase the kind of experience that we will bring to the Performing Arts Center.

We understand that different events and performances may call for different menu options. We are more than happy to work with the Performing Arts Center to develop customized menus that reflect the specific needs and preferences of each event or performance. We are committed to ensuring that all our food and beverage offerings are of the highest quality, and we are confident that we can work together to provide a truly exceptional experience for your Patrons.

Schedule of Operations

At this juncture, it is challenging to submit an accurate schedule of operations because the facility is currently under renovation and closed for concessions. Ideally, the schedule of operations would include the following:

Day of Event

- Prepare food options for ensuing event. Menu may change depending on nature of event.
- Load in beverage inventory and refrigerate necessary items.
- Ensure that all food and beverage offerings are ready for sale 1.5 – 2 hours prior to any events.
- Ensure staff is ready to serve event attendees.
- Ensure point-of-sale system is ready to process transactions for event attendees.

During Event

- Offer food and beverage options to event attendees while following all state and local guidelines.
- Utilize point-of-sale system to record all food and beverage purchases.
- Follow safe alcohol service guidelines to ensure guests are served responsibly.
- Conclude service following the final intermission.

Following Events

- Clean and sanitize concession area.
- Reconcile cash and credit card sales via the point-of-sale system.
- Send sales report to City of Ormond Beach.

In-between Events

- Maintain concession area to ensure cleanliness.
- Coordinate with event manager to ensure any menu changes or promotions are planned accordingly.

By extending this certificate or the certificate number to a selling dealer to make eligible purchases of taxable property or services exempt from sales tax and discretionary sales surtax, the person or business named above certifies that the taxable property or services purchased or rented will be resold or re-rented for one or more of the following purposes:

- Resale as tangible personal property
- Re-rental as tangible personal property
- Resale of services
- Re-rental as commercial real property
- Incorporation into tangible personal property being repaired
- Re-rental as transient rental property
- Incorporation as a material, ingredient, or component part of tangible personal property that is being produced for sale by manufacturing, compounding, or processing

Your *Florida Annual Resale Certificate for Sales Tax* (Annual Resale Certificate) allows you or your representatives to buy or rent property or services tax exempt when the property or service is resold or re-rented. You may not use your Annual Resale Certificate to make tax-exempt purchases or rentals of property or services that will be used by your business or for personal purposes. Florida law provides for criminal and civil penalties for fraudulent use of an Annual Resale Certificate.

As a seller, you must document each tax-exempt sale for resale using one of three methods. You can use a different method each time you make a tax-exempt sale for resale.

1. Obtain a copy (paper or electronic) of your customer's current Annual Resale Certificate.
2. For each sale, obtain a transaction authorization number using your customer's Annual Resale Certificate number.
3. Each calendar year, obtain annual vendor authorization numbers for your regular customers using their Annual Resale Certificate numbers.

Online: Visit floridarevenue.com/taxes/certificates

Phone: 877-357-3725 and enter your customer's Annual Resale Certificate number

Mobile App: Available for iPhone, iPad, and Android devices

City of Ormond Beach AGENDA ITEM

February 6, 2024 - City Commission

Number: 7.H

Section:	CONSENT AGENDA		
Item Category:	Consent - Resolution	Res./Ord. No:	2024-18
Strategic Goal:	Quality of Life - Other		
Department:	Leisure Services		
Subject:	RFP Award of the PAC Concessionaire Agreement		
Summary:	This is a request for the City Commission to authorize the award of a contract for the Concessionaire of Ormond Beach Performing Arts Center (PAC). The Concessionaire of Ormond Beach PAC RFP was advertised in January 2023, and again in December 2023. The purpose of the RFP is to solicit competitive proposals to provide fully insured and licensed concessionaire to sell snacks, hot and cold beverages, and to provide beer and wine concession services at the Performing Arts Center. The City of Ormond Beach will determine at which events alcoholic beverages may be sold. As provided for in the RFP, the vendor will provide a safe, consistent and reliable beer, wine, and other concession services that will: 1. Maximize the public's use and enjoyment of the Performing Arts Center. 2. Encourage tourism 3. Provide an accurate system to account for all revenue collected 4. Provide an accurate system to determine dates and times of operation at the request of the City. 5. Adequately compensate the City of Ormond Beach to offset the costs of operating the Performing Arts Center. The City received and opened the proposals in January 2024. One proposal was received. The City's evaluation committee meeting was held on January 22, 2024, at which time the proposal was rated to ensure all stipulations of the RFP had been met. The bid was evaluated by a 3 members evaluation committee		

	comprising Kelly Britto, Leisure Services Office Manager, Sonja Johnson, Events Coordinator, and Sara Dionne, Recreational Program Supervisor. The proposal was rated using the following criteria: 1. Qualifications and Experience (30 points) 2. Completeness of Submission (15 points) 3. Price/Variety of Offerings (30 points) 4. Proposed proceeds to the City (25 points) Bored Room, LLC was the only vendor who submitted a bid, and also met all the RFP requirements.						
Financial Impact:	Revenue derived from the concession agreement will be used to offset costs associated with the PAC.						
Citizen Impact:	A concession contract for the PAC will ensure concessions are provided in a consistent and professional manner.						
Recommended Action (Staff, Advisory Board and/or Other):	Staff recommends approval of the agreement for the Concessionaire of the Performing Arts Center to Bored Room, LLC.						
Staff Contact:	Robert Carolin, Leisure Services Director, (386) 676-3279

GENERAL CONDITIONS

PUBLIC ENTITY CRIMES: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit Proposals on leases or real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

DISCRIMINATION: Pursuant to Section 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid or proposal on a contract to provide any goods or services to a public entity, may not submit a bid or proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit bid or proposal on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity.

PUBLIC RECORDS/NON-CONFIDENTIALITY OF BIDS AND/OR PROPOSALS. The City of Ormond Beach cannot and does not warrant the confidentiality of any information submitted in response to this solicitation. Florida law provides that municipal records shall at all times be open for personal inspection by any person, Section 119.01, F.S., The Public Records Law. Information and materials received by the City of Ormond Beach in connection with all Proposers' response shall be deemed to be public records subject to public inspection upon award, recommendation for award, or 30 days after bid opening, whichever occurs first. Section 119.071, F.S.

DISTRIBUTION OF BIDS AND RFP'S: The City uses the services of DemandStar (www.demandstar.com) to distribute its bids and RFP's on-line on the Internet. If you have received a copy of this RFP from any source other than DemandStar, please be aware that you may not have received the latest version of the RFP or any related addendums.

SUBMISSION OF RESPONSES: All Submittals shall be delivered in a sealed envelope. The Request for Proposals (RFP) number, title, and opening date shall be clearly displayed on the outside of the sealed envelope (and on the outside of any express shipping package). The delivery of said submittal to the Purchasing Office on or before the specified opening date and time is solely and strictly the responsibility of the Submitter. Any submittal received by the Purchasing Office after the specified date and time will not be accepted. Submittals must be presented on forms provided by the City. No other forms will be accepted. Telephone, telefax and telegraph Submittals will not be

considered. No Submittal may be modified after opening. No Submittal may be withdrawn after opening for a period of ninety (90) days unless otherwise specified.

EXECUTION OF SUBMITTAL: Submittals must contain a manual signature of authorized representative in the space(s) provided. Submittals must be typed or printed in ink. Use of erasable ink is not permitted. All corrections made by Submitter to any Submittal entry must be initialed. The company name and Federal Employer Identification Number (F.E.I.N.) number shall appear in the space(s) provided.

RFP OPENING: Submittals shall be opened and the name of the submitters shall be read publicly. No discussion of the Submittals will occur at this time.

SUBMITTAL TABULATION: Any submitter wishing to receive a copy of the tabulation is required to enclose a stamped, self-addressed envelope with their Submittal response.

CLARIFICATION/CORRECTION OF RFP ENTRY: The City of Ormond Beach reserves the right to allow for the clarification of questionable entries and for the correction of obvious mistakes.

INTERPRETATION: Any questions concerning conditions and specifications shall be directed to the Purchasing Coordinator. Those interpretations which may affect the eventual outcome of this Submittal will be furnished in writing to all prospective Submitters. No interpretation shall be considered binding unless provided in writing by the City of Ormond Beach.

MINORITY POLICIES: The City of Ormond Beach, Florida, encourages the full participation of Disadvantaged and Women Business Enterprises (D&WBE) in the provision of goods and services.

LICENSES AND PERMITS: The Vendor/Contractor is responsible for obtaining all necessary permits and licenses to comply with all Federal, State, local laws, rules and regulations required to perform work in accordance with the specifications.

ADDITIONAL TERMS AND CONDITIONS: The City of Ormond Beach reserves the right to reject Submittals containing any additional terms or conditions not specifically requested in the original conditions and specifications.

TAXES: The City of Ormond Beach is exempt from Federal Excise Taxes and all sales taxes.

SILENCE OF SPECIFICATIONS: The apparent silence of any specification and any supplemental specifications as to any details or the omission from same of any detailed description concerning any point shall be regarded as meaning that only the best commercial practices are to prevail and that only materials of first quality and correct type, size, and design are to be used. All workmanship is to be first quality. All interpretations of the specifications shall be made upon the basis of this statement.

ASSIGNMENT: Any purchase order or contract issued pursuant to a Submittal and the monies which may become due hereunder are not assignable except with the prior written approval of the City Manager or City Commissioner, whichever authorized the purchase or Agreement.

LIABILITY: The Contractor shall hold and save the City of Ormond Beach, its officers, agents, and employees harmless against claims by third parties resulting from the Contractor's or supplier's breach of contract or negligence, including all attorney's fees and costs, and shall pay any and all damages, fees, and costs assessed on behalf of the City. The City expressly reserves all rights, privileges and benefits of sovereign immunity.

PATENTS AND ROYALTIES: The Contractor, without exception, shall indemnify and save harmless the City of Ormond Beach and its employees from liability of any kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by the City of Ormond Beach. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the Submittal prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work.

NON-APPROPRIATION OF FUNDS: In the event sufficient budget funds are not available for a new fiscal period, the CITY shall notify the VENDOR/CONTRACTOR of such occurrence and the contract shall terminate on the last day of the current fiscal period, without any penalty or expense to the CITY of any kind whatsoever.

AWARDS: The CITY reserves the right, in its sole discretion, as the best interest of the CITY may require, to make award(s) by individual item, group of items, all or none, or a combination thereof; on a geographical basis and/or with one or more vendors, contractors, consultants or specialists; or to reject any and all Submittals or waive any minor irregularity or technicality in the Submittals received.

OTHER AGENCIES: All Bidder(s) awarded contracts from this bid or proposal may, permit any municipality or other government agency to participate in the contract under the same prices, terms, and conditions, if agreed to by both parties.

It is understood that at no time will any city, municipality, or other agency be obligated for placing an order for any other city, municipality, or agency: nor will any city, municipality, or agency be obligated for any bills incurred by any other city, municipality, or agency. Further, it is understood that each agency will issue its own purchase orders to the awarded bidder(s).

COMPLIANCE WITH FLORIDA PUBLIC RECORDS LAW:

Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

- (a) Keep and maintain public records required by the City to perform the contracted service.
- (b) Upon request from the City Clerk, provide the City with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the City.
- (d) Upon completion of the contract, transfer at no cost, to the City all public records in possession of the contractor or keep and maintain public records required by the City to perform the service. If the contractor transfers all public records to the City upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon the completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City Clerk, in a format that is compatible with the information technology systems of the City.
- (e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Contractor to penalties under Chapter 119.10 and subject this Agreement to termination for cause by the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

**CITY CLERK

Ref: Fla. Stat. §119.0701(2016)

THE CITY OF ORMOND BEACH RESERVES THE RIGHT TO REJECT ANY OR ALL PROPOSALS, AND TO WAIVE INFORMALITIES AS MAY BE DEEMED TO BE IN THE BEST INTEREST OF THE CITY.

TERMS AND CONDITIONS

- A. The City of Ormond Beach reserves the right without prejudice to reject any or all proposals, to request clarification of information submitted, and to request additional information of one or more proposers.
- B. The City reserves the right to award the contract to the next most qualified firm if the successful firm fails to execute a contract within two weeks after the award of the contract by the City Commission.
- C. In accordance with federal, State, and local regulations, the firm shall not discriminate under the contract against any person.
- D. The firm shall not assign or transfer any interest in the contract without prior approval of the City Commission.
- E. The City reserves the right to terminate the contract at any time due to the vendor's default under terms of agreement.
- F. Submission of a proposal indicates acceptance by the firm of the conditions contained in this Request for Proposals unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the City of Ormond Beach and the firm selected.
- G. Submittals should include a copy of firm's insurance certificate, Conflict, Non-Conflict of Interest Statement/Litigation Statement, Drug Free Workplace Certificate and E-Verify Statement.

I. OBJECTIVE OF THE REQUEST FOR PROPOSALS

Opened in 1991, The Ormond Beach Performing Arts Center is a six hundred fixed seat auditorium with a performance stage. The venue provides the community with live entertainment including music concerts, dance recitals, comedy shows, traveling attractions, business and government meetings, and community theater productions. Over the course of the last five years, the Performing Arts Center averages over sixty performances and eighteen thousand attendees. The average total annual sales of concessions during this time frame is approximately six thousand dollars. Previous concession sales have not included sale of alcoholic beverages.

The purpose of this Request for Proposals (RFP) is to solicit competitive sealed proposals to provide fully insured and appropriately licensed concessionaire to sell snacks, hot and

cold beverages, and to provide beer and wine concession services at the Ormond Beach Performing Arts Center. The successful Respondent or Respondents will demonstrate the ability to provide a safe, consistent and reliable beer, wine, and other concession services that will:

1. Maximize the public's use and enjoyment of the Performing Arts Center.
2. Encourage tourism;
3. Provide an accurate and verifiable system to account for all revenue collected;
4. Provide an accurate and verifiable system to determine dates and times of operation at the request of the City.
5. Adequately compensate the City of Ormond Beach, as the trustee of the public's interest at the Ormond Beach Performing Arts Center and offset the City's costs of operating the PAC.

II. SCOPE OF SERVICES

- A. The successful respondent shall be responsible for reviewing and complying with all laws, regulations, and ordinances applicable to Concessionaires.
- B. Concessionaire shall have the option of proposing to provide the service to manage, maintain, and sell an inventory of ready to eat snack food items, bottled water, soft drinks, and coffee, in addition to all beer and wine operations and licenses at the PAC, or to provide only beer and wine service with the understanding that the Performing Arts Center would retain the sole and exclusive right to sell ready to eat snacks, soft drinks, coffee, and bottled water. The City shall have the sole right to determine at which events alcoholic beverages may be sold. Concessionaire shall at all times exercise total independent, prudent, reasonable judgment in the serving of alcoholic beverages. Concessionaire shall use only qualified and supervised personnel with training and experience in the sale of alcoholic beverages. The decision to refuse service of alcoholic beverages to any individual shall be the sole responsibility of concessionaire. Concessionaire shall be required to have all staff including management, involved in the service of alcoholic beverages, to complete an Alcohol Awareness Training Program that has been approved by the State of Florida.
- C. Concessionaire shall be responsible for furnishing and set up of appropriate bar and refrigeration equipment one hour prior to any show where Concessionaire's services are requested.
- D. Concessionaire shall be responsible for removal of appropriate bar and refrigeration equipment after any intermission along with any unsold beer or wine.
- E. City will be responsible for utility charges for any refrigeration equipment.
- F. Concessionaire shall use no undue pressure, coercion or persuasion in an attempt to influence the sale of any products.
- G. Concessionaire shall operate in a manner that will ensure the convenience and safety of the public.
- H. All employees, officers, agents, and subcontractors of the Concessionaire shall be neatly attired in uniforms that properly identify them as official Concessionaire personnel.
- I. All pricing for all goods and services are to be posted and visible for all customers.

- J. All employees, officers, agents, and subcontractors of the Concessionaire shall wear photo identification badges that will be furnished by and at the expense of the awarded Respondent.
- K. The design of such uniforms shall be subject to the prior approval of the City of Ormond Beach's Director of Leisure Services or his/her designee. All uniforms worn shall be maintained in a neat and clean manner.
- L. Except as expressly permitted by the resulting contract, solicitation outside of the designated concession area is prohibited.
- M. The public's right shall not be infringed upon by an activity of the Concessionaire or any of its employees, agents, or subcontractors. The activities of the Concessionaire shall be such as to render service to the public in a dignified manner.
- N. The City of Ormond Beach's Director of Leisure Services or his designee shall have the right to require any employee(s) of the Concessionaire to be permanently removed from the premises whenever it appears to be in the best interest of the City of Ormond Beach.
- O. In addition to City of Ormond Beach Commercial Liability Insurance requirements, Concessionaire shall provide evidence of coverage for liquor liability in an amount not less than \$1,000,000 per occurrence. If the Commercial General Liability policy covers liquor liability (e.g. host or other coverage), the Contractor shall provide written documentation to confirm that coverage applies to this Agreement.
- P. The Concessionaire shall maintain all facilities and equipment in a clean and sanitary condition. All food and beverage facilities shall be in accordance with all applicable rules, ordinances and/or laws pertinent to the health authorities of Volusia County, the Florida State Board of Health and any other health department having jurisdiction.
- Q. The Concessionaire shall be responsible for maintaining a clean, safe and appealing environment in and around the concession area. The Concessionaire shall develop and adhere to a recycling program approved by the City of Ormond Beach.

III. Personnel and Experience of the Concessionaire:

- A. All persons involved in concession activities are required to undergo a background check and drug test at the Concessionaire's expense. In addition, it is the Concessionaire's responsibility to insure all new hires, officers, and agents, are communicated to the City of Ormond Beach's Director of Leisure Services or his/her designee after completion of the background checks and drug testing. It is the responsibility of the successful Respondent to issue individual identification badges upon successful completion of the background check and drug test. No individual shall be permitted to work in the Performing Arts Center without this identification. The City of Ormond Beach reserves the right to request random drug testing of all of the successful Respondent's personnel.
- B. The City of Ormond Beach includes a diverse population and the successful respondent shall reflect this diversity by encouraging diversity in employment of concessions.

- C. The successful Respondent shall have documented experience in the applicable industry for the goods and services which will be managed. This documentation and references are a requirement and evaluation factor of this RFP.

IV. Concession Percentage Fee

- A. As consideration for the City of Ormond Beach granting the concession privileges to the successful Respondent, the Concessionaire shall pay to the City of Ormond Beach a Concession Percentage Fee. The Concession Percentage Fee is a percentage of the Concessionaire's gross receipts.
- B. Respondents shall propose a Concession Percentage Fee based on the criteria in Section IX, Proposal Process. The proposed Percentage Fee will be a factor in the decision to award a Contract to the successful Respondent.
- C. The Concession Percentage Fee shall not be listed as a separate line item on any receipt provided to any customer or member of the public.

V. Reporting and Financials

- A. The successful Respondent shall ensure the concession venue is equipped with a cash register system with duplicate receipt capability.
- B. Concessionaire shall provide sale statements within (5) days post production and will be required to send these reports electronically to the City of Ormond Beach's Performing Arts Center Supervisor and City of Ormond Beach Finance Department. The statements shall be sufficient for the City to determine the number, type and gross sales for all concessions sold. The amount of the Concession Percentage Fee shall be paid to the City no later than (15) days post production.
- C. The City of Ormond Beach reserves the right to audit any financial documentation at any time.
- D. Respondent shall include in the sales statement all sales and receipts for each production and shall be verifiable through the cash register system.

VI. Menu Items

The successful Respondent is expected to serve quality pre-packaged food, drinks to include soft drinks and beer and wine items (example: candy, crackers, canned/bottled sodas, water, etc.) to meet the needs of the visiting public. Simple menu items should be offered at competitive prices. Beer and wine are the only alcoholic beverages permitted on the premises. Each proposer will be required to include a sample menu of products to be offered with a proposed price list corresponding to each product

VII. TERM OF AGREEMENT

The initial term of this agreement shall be for a period of two (2) years and may be automatically renewed for three, one-year terms thereafter upon mutual written agreement.

VIII. MINIMUM QUALIFICATIONS

In order to be considered responsive, Proposers shall, at a minimum, demonstrate compliance with the following Pre-Qualification Criteria in their proposal. All requested documentation and/or information shall be provided in the Proposal to confirm that the Proposer has satisfied the Prequalification Criteria in order to be properly evaluated as listed herein. Proposers failing to meet these requirements shall be deemed non-responsive. The Proposer shall, at the time of Proposal submittal, time of award, and throughout the duration of the Contract, continue to meet the following Pre-qualification Criteria requirements as stated in the Solicitation Documents.

- Must be a registered Concessionaire in Florida.
 - Must submit copy of license with proposal.
- Must complete all attached contract documents.
- Must submit a sample menu including all items and pricing.
- A schedule of operations must be submitted with proposal and any deviation from that schedule must be approved by the Leisure Services Director or his/her designee.
- Concessionaire shall have the ability to manage and maintain all liquor operations and licenses at the Performing Arts Center. The City shall have the sole right to determine at which events alcoholic beverages may be sold. Concessionaire shall at all times exercise total independent, prudent, reasonable judgment in the serving of alcoholic beverages. Concessionaire shall use only qualified and supervised personnel with training and experience in the sale of alcoholic beverages. The decision to refuse service of alcoholic beverages to any individual shall be the sole responsibility of concessionaire. Concessionaire shall be required to have all staff including management, involved in the service of alcoholic beverages, to complete an Alcohol Awareness Training Program that has been approved by the State of Florida.
- The Concessionaire shall have proven successful and progressive leadership (three years in a like business) in offering to the public those services as outlined. References are required as per the defined Evaluation Criteria listed in this package and shall be submitted on the forms provided with the proposal. A minimum of three (3)/maximum of five (5) customer references should include name and address of agency, length of contract, contact name, telephone number, fax number and email address. A minimum of two (2)/maximum of three (3) supplier references are also required and should include the above information.

IX. PROPOSAL PROCESS

The firm or individual(s) interested in this contract should include a response to each of the following items in their written proposal:

A. Background of firm:

B. Experience:

C. Investment Approach:

D. Concession Percentage Fee (the percentage of gross receipts Concessionaire proposes to pay to the City for each sale):

1. Percentage of beer and wine sales
2. Percentage of other concession sales (if Concessionaire proposes to provide concessions in addition to beer and wine)

The City of Ormond Beach will conduct an evaluation of all proposals, submitted by the deadline, to determine compliance with proposal requirements and mandatory document submissions. The committee will evaluate proposals and select the Proposer that meets the best interests of the City, and will make a recommendation of Award of Contract to the City Commission.

X. EVALUATION PROCESS AND CRITERIA

Evaluation Criteria:

For the purposes of further evaluation, the responsive proposals will be evaluated on, but shall not be limited to, consideration of the following criteria:

Qualifications and Experience (30 points)

Completeness of Submission (15 points)

Price/Variety of Offerings (30 points)

Proposed proceeds to City (25 points)

Responsive proposals will be ranked in each of the criteria

The City reserves the following rights:

- Modify, extend, or cancel this RFP at any time to obtain additional proposals or for any other reason the City determines to be in its best interest;
- Issue a new RFP with terms and conditions that are the same, similar or substantially different as those set forth in this or a previous RFP in order to obtain additional proposals or for any other reason the City determines to be in its best interest;

- Conduct pre-award discussion and/or pre-award negotiations with any or all responsive and responsible proposer(s) who submit proposals determined to be reasonably acceptable of being selected for award; and, conduct personal interviews or require presentations of any or all proposer(s) prior to selection.
- Request that proposer(s) furnish additional information as the City may reasonably require.
- Accept or reject qualifications or proposals in part or whole, and/or waive any defect or deficiency in any proposal, if in the City's sole judgment, the defect or deficiency is not material in response to this RFP;
- Limit and/or determine the actual contract services to be included in a contract.
- Engage outside experts to assist staff in evaluating the merits and viability of each proposer.
- Obtain information for use in evaluating submittals from any source.
- Verify the information received in the proposal. If a proposer knowingly and willfully submits false information or data, the City of Ormond Beach reserves the right to reject that proposal. If it is determined that an Agreement was awarded as a result of false statements or other data submitted in response to this RFP, the City of Ormond Beach reserves the right

The City shall be the sole judge of the proposer's qualifications.

XI. PROPOSAL SUBMITTAL

Please check the contents of your RFP package carefully to ensure that you have in your possession all the necessary documents, as referenced within this RFP, including any addenda. If you are missing any items, please contact the City's Purchasing Coordinator at 386-676-3223, or by e-mail at: rob.hart@ormondbeach.org.

Submission of a proposal pursuant to this RFP shall constitute acknowledgement and acceptance of the terms and conditions set forth herein. Portions of this RFP and the contents of the proposal submitted by the successful proposer may become contractual obligations if an Agreement is awarded. Failure of the successful proposer to accept these obligations may result in cancellation of the award of contract.

The City reserves the right to withdraw this RFP at any time without prior notice. All proposals submitted in response to this RFP become the property of the City of Ormond Beach.

Deadline for Submission: To be considered, proposals must be received no later than 10:00 a.m., January 19, 2024.

Inquiries: Technical questions may arise as firms are preparing their proposals. The City will accept written inquiries regarding this RFP until January 10, 2024 at 4:00 PM. Questions received after that time will not be responded to. Answers to questions that warrant attention of all the potential proposers will be distributed in the form of an addendum. Please direct written inquiries to:

Ormond Beach, Florida 32174
Telephone: (386) 676-3223
FAX: (386) 676-3374
rob.hart@ormondbeach.org

Signature Requirements: Proposals must be signed by a duly authorized official(s) of the proposing firm. Consortiums, joint ventures, or teams submitting proposals, although permitted and encouraged, will not be considered responsive unless it is established that all contractual responsibility rests solely with one firm or legal entity which shall not be a subsidiary or affiliate with limited resources. Each proposal shall indicate the entity responsible for execution on behalf of the proposal team.

Proposal Delivery: You must submit one (1) unbound original plus one (1) electronic copy on compact disk (CD) or flash drive of the proposal no later than the date and time specified above. Submit proposals to: Rob Hart, Purchasing Coordinator, at City Hall downstairs in Room 102, 22 South Beach Street, Ormond Beach, FL 32174. The RFP title and number shall be plainly marked on the outside of the delivery envelope or package. It is solely the responsibility of the submitter to ensure that the Proposal is delivered on or before the specified date and time. Late proposals will not be accepted.

Addenda and Supplements to the Request for Proposals (RFP): In the event that it becomes necessary to revise any part of this RFP, or if additional information is necessary to enable the proposing firm to make an adequate interpretation of the provisions of this RFP, a supplement to the RFP will be provided to each firm that has requested a copy of this document.

Rejection Rights: The City of Ormond Beach reserves the right, at any time, to modify, waive or otherwise vary the terms and conditions of this RFP including, but not limited to, the deadlines for submission and submission requirements. The City further reserves the right to reject any or all submittals, to cancel or withdraw this RFP at any time and to negotiate with any party prior to or after submittal of proposals. Selection is also dependent upon the negotiation of a mutually acceptable contract with the successful proposers.

Cost of Proposal Preparation: No reimbursement will be made by the City of Ormond Beach for any costs incurred in the preparation of the proposal or presentation.

Proposals to be in Effect: Each proposal shall state that it is valid for a period of not less than 90 days from date of receipt.

REGISTRATION AND INSURANCE REQUIREMENTS FOR VENDOR/CONTRACTOR WORKING ON CITY PROJECTS

Registration Requirements

VENDORS doing business within the City Limits must be registered with the City. Requirements for registering a business are as follows:

Copy of City Business Tax Receipt (where your business is located).

Certificate of Insurance showing General Liability and Workers' Comp (or State Workers' Comp Exemption form).

Application Fee: \$25.00 For more information, contact the City's Business Tax Receipt official.

State Certified / Registered Contractors

All registered contractors must be registered with Volusia County. Volusia County Contractor Licensing, 123 W. Indiana Ave., Rm 203, Deland, FL 32720 (386) 736-5957 Opt. 2 – (386) 248-8158 Fax. Certified Contractors have the option of registering with Volusia County, or providing information directly to the business tax receipt official.

If you have any questions regarding the above requirements, please contact the business tax receipt official at (386) 676-3370.

EXHIBIT "A"

A. Payment and Performance Bonds

1. Except as otherwise provided herein, the Contractor shall, prior to beginning performance, deliver to the City, and the City shall record in the public records of Volusia County, Florida, the Contractor's Payment and Performance Bond in an amount equal to the full amount of the Contract.
2. (a) Payment and Performance Bonds shall not be required for any contract except those which are for the construction of a public building, for the prosecution and completion of a public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time) or for repairs upon a public building or public work (as described in Section 180.06, **Florida Statutes**, as amended from time to time).

- (b) With respect to those Contracts for which Payment and Performance Bonds are otherwise required:
 - i. Unless the City Manager, or designee, determines such Bond to be necessary to protect the interests of the City, no Contractor shall be required to provide a Payment and Performance Bond for any Contract which is for \$25,000.00 or less.
 - ii. Upon the request of the contractor, good cause shown by the Contractor, and a determination that the public health, safety and welfare will be sufficiently protected, the City Commission may exempt the contractor from the requirement of providing a Payment and Performance Bond for any Contract which is for more than \$25,000.00 but is less than \$200,000.00.
- 3. The Payment and Performance Bond shall list the Contractor as Principal and be issued by a surety insurer authorized to do business in Florida as a surety and listed as an acceptable surety in the Federal Register.
- 4. The Payment and Performance Bond shall be executed pursuant to Section 255.05, **Florida Statutes**, and be in a form substantially similar to the form set forth in Section 255.05(3), **Florida Statutes**.
- 5. The Payment and Performance Bond shall specifically provide coverage for delay damages due to a default by the Contractor.
- 6. The Payment and Performance Bond shall not make the Contract part of the Bond agreement.
- 7. In lieu of the Payment and Performance Bond, the Contractor may file with the Finance Director of the City, in an amount equal to the full amount of the Contract, cash, a money order, a certified check, a cashier's check, an irrevocable letter of credit, or a security of a type listed in Part II, Chapter 625, **Florida Statutes**.
- 8. In the event the surety on any Payment and Performance Bond furnished by the Contractor is declared bankrupt or becomes insolvent, or its right to do business in the State of Florida is terminated, the Contractor shall, within five (5) working days thereafter, substitute another Payment and Performance Bond and surety acceptable to the City.
- 9. The Contractor is totally and solely responsible for keeping its surety informed as to the Base Contract Price as bid, significant changes in the Project Scope, and the overall progress and completion of the Project for the entire life of the Contract.
- 10. The payment and performance bond requirements stated herein above shall not be applicable to service-related contracts unless otherwise determined by the City Manager in order to protect the health, safety and welfare of the general public.

B. Contractual Provisions Relative to Risk Management

All contracts for any public works to be performed, and service-related contracts, for or on behalf of the City shall include at a minimum, the following, or substantially similar, provisions:

1. Hold Harmless and Indemnity

The Contractor agrees to assume liability for and indemnify, hold harmless, and defend the City, its commissioners, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor, its agents, officers, contractors, subcontractors, employees, or anyone else employed or utilized by the Contractor in the performance of this Contract. The Contractor's liability hereunder shall include all attorney's fees and costs incurred by the City in the enforcement of this provision.

2. Payment on Behalf of City

The Contractor shall pay all costs of the City's legal defense, as may be selected by the City, for all claims described in the Hold Harmless paragraph.

Such payment on behalf of the City shall be in addition to any and all other legal remedies available to the City and shall not be considered to be the City's exclusive remedy.

3. Loss Control/Safety

Precaution shall be exercised at all times by the Contractor for the protection of all persons, including employees and property. The Contractor shall comply with all applicable laws, regulations and ordinances related to safety and health, shall make special efforts to detect hazardous conditions, and shall take prompt action when loss control/safety measures are reasonably necessary.

The City may order work to be stopped if conditions exist that present an immediate danger to persons or property. The Contractor acknowledges that such work stoppage will not shift responsibility for any damages from the Contractor to the City.

4. Service Bond

For Service-related contracts only, the City may require the Contractor to secure a service bond with a minimum \$25,000 coverage limit for the period of the service agreement. The service bond covers dishonest acts of the contractor's employees against the City. A copy of the bond shall be provided to the City when the agreement commences.

Service-related contracts include and are not limited to businesses providing janitorial, pest control, general repair, security, carpet cleaning, locksmith,

temporary employment, painting, moving services or other contracts as determined in the discretion of the Risk Manager as necessary to minimize loss.

C. Contractor's Insurance

1. General

The Contractor, including service-related contractors, shall purchase and maintain for the entire life of the Project, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under the Contract Documents, whether such operations be by the Contractor, by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City. The Contractor is responsible for the amount of any deductible or self-insured retention.

2. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include and not limited to the following:

- (a) Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

\$100,000 Each Accident Bodily Injury by Accident
\$100,000 Each Employee Bodily Injury by Disease
\$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

- (b) Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 85, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

- a. Premises, Operations, Products and Completed Operations
- b. Owners' & Contractors' Protective
- c. Products & Completed Operation
- d. Explosion, Collapse & Underground Conditions
- e. Blanket Contractual Liability
- f. Personal Injury Liability
- g. Broad Form Property Damage Endorsement, including Completed Operations
- h. Independent Contractors
- i. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
- j. Pollution Liability (if applicable)
- k. Asbestos Abatement (if applicable)
- l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less and not limited to the following amounts:

Limits (not less than)

\$1 Million Each Occurrence
\$2 Million General Aggregate
\$1 Million Aggregate Products & Completed Operations

NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

- (c) Automobile Liability Insurance is required if an Automobile(s) is used in the performance of the contract.

ISO Symbol 1 (Any Auto), or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos), and limits shall be no less than:

\$1 Million

Combined Single Limit for Bodily Injury
and Property Damage

(d) Excess Liability

For contracts \$250,000 or greater an Excess Liability Policy of at least but not limited to \$1,000,000 in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention not to exceed \$25,0000 per occurrence.

(e) Builder's Risk

Contractor shall purchase Builder's Risk Insurance for any contracts that are deemed to be vertical construction on an All-Risk policy, and shall also include coverage for wind, hail, and named storm. Limits of coverage shall be at least and not limited to the value of the project.

(f) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of \$1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provides a retroactive date no later than the inception date of claims made coverage.

D. Requirements for Certificates of Insurance

1. With the execution of the Contract Documents, the Contractor, including service-related contractors, shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain an endorsement that the coverage under the policies will not be canceled, non-renewed or materially changed until at least thirty (30) days' prior written notice of such cancellation, non-renewal or change (except for nonpayment of premium, which shall be ten (10) days) and a copy of the cancellation endorsement signed by an authorized representative of the insurer, be given to the City. The contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of the Contract Documents.
2. New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.

3. If requested by the City, the contractor shall immediately furnish complete copies of the Contractor's insurance policies, forms and endorsements.
4. For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
5. If the Contractor fails to obtain and maintain for the life of the Project the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Contract.

E. Policies of Insurance

1. Except as otherwise provided in this Exhibit, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-), in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.
2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carrier; written confirmation is required.
3. All policies of insurance or certificates thereof referred to in this Exhibit shall be deposited with the City Clerk.
4. The City shall be named an Additional Insured on General Liability including products and completed operations and Automobile Liability policies of insurance and certificates thereof.

VERIFICATION OF EMPLOYMENT STATUS USING E-VERIFY SYSTEM**

1. Undersigned firm warrants it **IS** currently registered with the U.S. Department of Homeland Security's E-Verify system, **and** is compliant with the requirements of Sections 448.09 and 448.095, *Florida Statutes*.
2. Undersigned firm warrants it **has not** had any contracts terminated as a result of violations of Sections 448.09 or 448.095, *Florida Statutes*, that prohibit it from contracting with a public agency.
3. Undersigned firm warrants that if it enters into an agreement with a subcontractor, an express provision shall be included in all of its subcontracts requiring subcontractors, who perform work or provide services pursuant to the contract, to use the E-Verify system to verify employment eligibility of all new employees hired by the subcontractor during the contract term.
4. Undersigned firm understands that any subcontractor must provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien, and the contractor understands it shall maintain any such affidavits for the duration of the contract, and the contract with the subcontractor must be immediately terminated if the City has a good faith belief that the subcontractor knowingly violated Section 448.09 (1), *Florida Statutes*.
5. Undersigned firm understands that in the event the City has a good faith belief that the contractor has knowingly violated Section 448.09 (1), *Florida Statutes*, the City shall terminate the contract, and the contractor may not be awarded a public contract for a period of at least one (1) year after the date of termination. The contractor may be held liable for any additional costs incurred by the City as a result of termination of the contract.

CITY OF ORMOND BEACH, FLORIDA
DRUG-FREE WORKPLACE CERTIFICATION**

IDENTICAL OR "TIE" SUBMITTALS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more proposals which are equal in respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

- 1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violation.
- 3) Give each employee that engages in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) calendar days after such conviction.
- 5) Impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- 6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

Title

Dear Performing Arts Center of Ormond Beach,

Thank you for the opportunity to submit a proposal for a strategic partnership between Grind Gastropub and the Performing Arts Center of Ormond Beach. We are excited about the possibility of forming a partnership that would benefit both of our organizations and enhance the experience of your patrons.

Our proposed partnership would involve Grind Gastropub providing concession services at the Performing Arts Center during events and performances. Our goal is to offer a diverse and appealing selection of food and beverages that would enhance the overall experience for your patrons. We believe that our unique food and beverage offerings would be a great fit for the Performing Arts Center's audience and complement the cultural offerings of the venue.

Our concession services would include the sale of food, beer, wine, and potentially alcohol if permitted by the city. The food offerings would focus on small plates, appetizers, and entrees that are representative of Grind Gastropub's style and reputation. A sample menu is attached, however ultimately, we believe it is the best interest of both entities that Grind Gastropub maintain the flexibility to change the offerings to suit the diversity of the events offered at the Performing Arts Center. We would also offer a curated selection of craft beers, premium wines, and upon approval specialty cocktails, including signature cocktails inspired by Grind Gastropub's mixology program.

Our proposed timeline for the project would include the establishment of a comprehensive timeline for completion of renovations at the P.A.C. and a schedule of upcoming events, setting up of the concession stand, and execution of cross-promotion strategies. We are committed to ensuring that all necessary permits and licenses are obtained and that all food and beverage handling procedures comply with health and safety regulations.

1. Background of Grind Gastropub:

Grind Gastropub is a highly acclaimed restaurant and bar located in Ormond Beach, Florida. The establishment is known for its unique blend of polynesian charm and modern sophistication, offering a menu of globally inspired small plates, entrees, and craft cocktails in a lively inviting atmosphere. The restaurant has received numerous accolades and awards for its exceptional cuisine, service, and ambiance.

2. Experience:

Grind Gastropub has extensive experience providing high-quality food and beverage services for events and special occasions, including weddings, corporate events, and other private functions. The restaurant has a team of experienced chefs, servers, and bartenders who are committed to providing exceptional service and creating memorable experiences for guests. The restaurant's expertise in food and beverage service, combined with its reputation for quality and innovation, makes it an ideal partner for the Performing Arts Center of Ormond Beach.

1. Investment approach:

As a potential partner for the Performing Arts Center of Ormond Beach, Grind Gastropub is committed to making a significant investment in the project. This investment will include the

purchase of necessary equipment and supplies for the concession stand, as well as marketing and promotional materials to promote the partnership and enhance the overall experience for patrons. We are also committed to providing high-quality food and beverage offerings that will enhance the overall experience for your patrons.

1. Concession percentage fee to be paid to the city:

The percentage fee to be paid to the city for concession services would be subject to negotiation and would depend on several factors, including the volume of sales and the specific offerings the Performing Arts Center would find desirable. We are committed to working collaboratively with the Performing Arts Center of Ormond Beach to develop a fair and mutually beneficial fee structure that reflects the value of the services provided and the overall goals of the partnership.

We believe that a partnership between Grind Gastropub and the Performing Arts Center of Ormond Beach would be mutually beneficial and enhance the overall experience for your patrons as well as providing additional exposure for both venues. We look forward to the opportunity to discuss our proposal in more detail and answer any questions you may have.

Thank you for considering our proposal.

Sincerely,

Kevin Wakefield
Grind Gastropub

Menu

While we are happy to accommodate a variety of different menus to suit the needs and preferences of the Performing Arts Center, the menu presented in our RFP response is intended to be a sampling of the kinds of food and beverage offerings that we could provide. We believe that these options are representative of the high-quality, enticing cuisine that Grind Gastropub is known for, and we hope they will help to showcase the kind of experience that we will bring to the Performing Arts Center.

We understand that different events and performances may call for different menu options. We are more than happy to work with the Performing Arts Center to develop customized menus that reflect the specific needs and preferences of each event or performance. We are committed to ensuring that all our food and beverage offerings are of the highest quality, and we are confident that we can work together to provide a truly exceptional experience for your Patrons.

Schedule of Operations

At this juncture, it is challenging to submit an accurate schedule of operations because the facility is currently under renovation and closed for concessions. Ideally, the schedule of operations would include the following:

Day of Event

- Prepare food options for ensuing event. Menu may change depending on nature of event.
- Load in beverage inventory and refrigerate necessary items.
- Ensure that all food and beverage offerings are ready for sale 1.5 – 2 hours prior to any events.
- Ensure staff is ready to serve event attendees.
- Ensure point-of-sale system is ready to process transactions for event attendees.

During Event

- Offer food and beverage options to event attendees while following all state and local guidelines.
- Utilize point-of-sale system to record all food and beverage purchases.
- Follow safe alcohol service guidelines to ensure guests are served responsibly.
- Conclude service following the final intermission

Following Events

- Clean and sanitize concession area.
- Reconcile cash and credit card sales via the point-of-sale system.
- Send sales report to City of Ormond Beach.

In-between Events

- Maintain concession area to ensure cleanliness.
- Coordinate with event manager to ensure any menu changes or promotions are planned accordingly.

- Resale of services
- Re-rental as commercial real property
- Incorporation into tangible personal property being repaired
- Re-rental as transient rental property
- Incorporation as a material, ingredient, or component part of tangible personal property that is being produced for sale by manufacturing, compounding, or processing

Your *Florida Annual Resale Certificate for Sales Tax* (Annual Resale Certificate) allows you or your representatives to buy or rent property or services tax exempt when the property or service is resold or re-rented. You **may not** use your Annual Resale Certificate to make tax-exempt purchases or rentals of property or services that will be used by your business or for personal purposes. Florida law provides for criminal and civil penalties for fraudulent use of an Annual Resale Certificate.

As a seller, you must document each tax-exempt sale for resale using one of three methods. You can use a different method each time you make a tax-exempt sale for resale.

1. Obtain a copy (paper or electronic) of your customer's current Annual Resale Certificate.
2. For each sale, obtain a transaction authorization number using your customer's Annual Resale Certificate number.
3. Each calendar year, obtain annual vendor authorization numbers for your regular customers using their Annual Resale Certificate numbers.

City of Ormond Beach
City Commission Agenda
Staff Report

Agenda Date	December 2, 2025	Item No	7.L.
Section	CONSENT AGENDA	Category	Consent - Disposition Item
Subject	Auto Renewal - Sports Agreements		
Recommended Action	Staff intends to allow the automatic renewal of these sports agreements, unless otherwise directed.		
Strategic Goal	Quality of Life - Other		
Department Staff Contact	Parks and Recreation Robert Carolin, Parks and Recreation Director		

Summary

The City maintains the following sports agreements in order to offer quality youth sports programs.

Ormond Beach Youth Baseball & Softball Association — City Commission approved Resolution No. 2011-86 authorizing execution of a second amended agreement. The agreement will auto-renew in Jan 2026. Terms of the agreement allow for automatic renewal each year for 1 additional year, unless either party provides written notice of termination at least 60 days prior to expiration of the existing term.

Ormond Beach Youth Basketball Association, Inc. - City Commission approved Resolution No. 2011-85 authorizing the execution of a first amended lease agreement. The agreement has a 60-day non-renewal notice stipulation. The agreement will auto-renew July 2026.

Ormond Beach Soccer Club, Inc. - City Commission approved Resolution No. 2017-185 authorizing the execution of a third amended agreement. The agreement has a 60-day non-renewal notice stipulation. The agreement will auto-renew in September 2026.

These associations/clubs provide well-rounded youth programs that meet the needs of the community and all the requirements of the respective agreement.

Financial Impact

The automatic renewal amount for FY 2025–26 is approximately \$27,000. These funds are already allocated within the existing budget.

Citizen Impact

By renewing these agreements, youth residents have the opportunity to participate in quality sports programs.

THIRD AMENDED
SOCCER FACILITIES LEASE AGREEMENT

THIS AGREEMENT, is made and entered into by and between the **City of Ormond Beach**, a Florida municipal corporation ("LESSOR") and **Ormond Beach Soccer Club, Inc.**, a non-profit corporation ("LESSEE").

WITNESSETH:

WHEREAS, the LESSOR recognizes the important services rendered by non-profit volunteer recreation groups and paid positions to assist said non-profit volunteer recreation groups, such as LESSEE, and desires to assist such non-profit volunteer recreation groups in their endeavor to provide recreational programs in the Ormond Beach area; and

WHEREAS, the LESSOR owns certain real and personal property more particularly described and designated hereinbelow for use by LESSEE; and

WHEREAS, the LESSOR and LESSEE desire to enter into a non-exclusive lease for the use of certain facilities for the purpose of assisting LESSEE in its endeavor to provide youth soccer programs.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, it is mutually agreed between the parties as follows:

1. RECITALS.

The foregoing recitals are true and correct, and are incorporated herein by reference and are hereby made part of this Agreement.

2. GENERAL COVENANTS.

The LESSEE is a non-profit corporation and no officer, director, board member, manager, coach, or volunteer thereof shall receive any compensation for their services in

recreational soccer programs. Further, no officer, director, board member or volunteer thereof, other than manager and coach, shall receive any compensation for their services in competitive soccer programs. All funds inuring to the benefit of LESSEE for recreational soccer programs are to be used exclusively to pay direct operating expenses of recreational youth soccer programs in the City of Ormond Beach, and any unused or surplus funds shall be carried over to the next ensuing year. Further, all funds inuring to the benefit of LESSEE for competitive soccer programs are to be used exclusively to pay direct operating expenses of competitive youth soccer programs in the City of Ormond Beach, and any unused or surplus funds shall be carried over to the next ensuing year. In the event this Agreement is terminated, any unused or surplus funds for recreational and competitive soccer shall be returned to the LESSOR. LESSEE shall provide financial accounting statement of all funds or accounts along with current 501(c)3 certificate verifying active status to the LESSOR no later than THIRTY (30) days after the end of LESSEE'S fiscal year for the recreational soccer programs and for the competitive soccer programs. The LESSOR shall have the right to examine and photocopy any and all records relative to the operation of the recreational and competitive youth soccer programs with reasonable notice.

The LESSEE shall provide well-rounded youth soccer programs; shall comply with all federal, state, and local laws, regulations, and rules; shall provide all personnel who are trained to operate all facets of youth soccer programs, including directors, coaches, and referees; shall establish and implement rules for the fair and effective operation of youth soccer programs; and shall obtain sponsors and state and national affiliations consistent with the purpose and covenants of this Agreement. The LESSEE shall comply with the Conduct Policy adopted by the LESSOR attached hereto as Exhibit "A" and shall provide annual written verification that they

are in compliance.

The LESSOR shall pay all expenses for the provision of electricity at all facilities; shall provide administrative staff to assist LESSEE in its endeavor to provide youth soccer programs in the Ormond Beach area; and shall not maintain or exercise any direct control over the operation of the youth soccer programs.

3. THIRD PARTY VENDORS.

The LESSEE may, at its expense, contract with third-party vendors for the purpose of:

1. Assisting the LESSEE in the organization and operation of its annual tournament.
2. Providing referee services.
3. Coaching competitive teams, provided such coaches are independent contractors.
4. Providing coaching education services to all coaches of LESSEE.
5. Providing administrative services for the LESSEE'S competitive program, including activities related to the compliance with any and all rules and regulations of the LESSEE'S state and national association (e.g., Florida Youth Soccer Association and United States Youth Soccer Association), activities related to the competitive league in which the LESSEE'S team are entered, and activities related to coaching initiatives or a curriculum for soccer instruction that may be implemented by the LESSEE'S state or national association.
6. Assisting LESSEE in the operation of clinics and camps organized and run by the LESSEE, and as may be approved by the City pursuant to the terms of this Lease. Any vendors engaged by the LESSEE must provide adequate proof of insurance, must adhere to any and all rules and regulations imposed by the City related to the use of the soccer

fields, and must ensure that all personnel that may be working directly with youth players to first pass a background check as required by and performed by the LESSEE'S state association.

4. **TERM.**

The initial term of this amended Agreement shall be for a period of two years commencing on the date this Agreement is last signed by the respective parties. Thereafter, the Agreement shall be automatically extended for additional one year periods unless either party gives the other party written notice of the termination of the Agreement at least sixty (60) days prior to the expiration of the then existing term of the Agreement.

5. **USE OF FACILITIES.**

The LESSEE shall have the non-exclusive privilege of using the facilities at the designated times described herein below, including regular and post-season play. The initial period for recreational program use shall be: spring recreational soccer – **Mid-February through May 31st**; fall recreational soccer – **August 15th through November 30th**; competitive soccer – length of season will be mutually agreed upon by LESSOR and LESSEE. Thereafter, the facilities may be used for like periods upon renewal of this Agreement. No team of the LESSEE may use any portion of any facilities for any scheduled or unscheduled practice which requires the use of lights, unless at least one-half (1/2) of the membership of the team's official roster is present and participating in such practice.

Ormond Beach Sports Complex Soccer Fields: 700 Hull Road, Ormond Beach, Florida, inclusive of Soccer Fields 1 through 6 and 8 through 10, concession stand, bathroom facilities, and parking areas, as follows:

Monday through Friday:
From 3:00 p.m. until close of games or practices
All pre-scheduled Saturday and Sunday activities

Requested field scheduling for games and practices is to be submitted to the City's Athletic Supervisor by LESSEE at least one week prior to the beginning of each season for LESSOR coordination and approval.

The LESSEE shall cooperate in all respects with the LESSOR in scheduling programs/events. The LESSOR may use the facilities at such times and for such programs/special events as the LESSOR desires, provided that such use shall not be exercised in a manner that unreasonably interferes with the scheduled use of the facilities by LESSEE.

Any and all tournaments must be approved by the Director of Leisure Services or his designee prior to being planned or scheduled. In addition, any more than two tournaments per season are subject to approval of Director of Leisure Services or his designee and may result in LESSEE having to pay field rental and/or any and all associated tournament costs to LESSOR.

Field lights shall not be used after 11:00 p.m. except to conclude a game or practice already in progress. The LESSEE shall be responsible for turning off all field lights at the conclusion of such use. Failure to do so may result in elimination of utilization of lights by LESSEE. Lightning detection system warnings must be obeyed at all times. LESSOR shall develop and enforce a policy to insure that coaches and participants understand the operation of the lightning system and obey the warnings at all times. Failure to adhere to said warnings may result in suspension or dismissal from the fields.

6. MAINTENANCE.

The LESSOR shall maintain and repair the facilities at its own expense, and shall have the right to close the facilities to protect the health, safety, or welfare of the public and the condition of facilities. Fields will be closed in late-November for field maintenance and winter rye seeding and will reopen upon approval of Director of Leisure Services, or his designee. The

LESSEE shall not perform any maintenance or repair of the facilities without the prior written consent of the LESSOR.

7. IMPROVEMENTS.

The LESSEE shall not make any improvements or additions to the facilities, structures or landscape therein or thereon, without the prior written consent of the LESSOR. The LESSEE shall comply with all federal, state, and local laws, regulations, and rules regarding such improvements or additions, and shall obtain all necessary permits, licenses, and certificates at its own expense. All such improvements or additions shall be a permanent part of the facilities, which shall inure to the benefit of the LESSOR and shall not be removed by LESSEE.

8. EQUIPMENT, UNIFORMS AND STORAGE.

The LESSEE shall provide all equipment and uniforms at its own expense to all participants of youth soccer programs. The LESSOR shall provide limited storage space to LESSEE for the storage of equipment. The LESSOR shall not be liable for loss or damage to any such property stored therein. The property of LESSEE shall be labeled in a manner which clearly distinguishes it from property of the LESSOR. Any property not labeled shall be conclusively presumed to be the property of LESSOR.

9. REFEREES.

The LESSEE shall provide referees and or officials for all soccer games, and said referees shall be compensated by the LESSEE.

10. MONETARY CONSIDERATION.

The LESSEE shall pay in advance to the LESSOR the sum of ONE DOLLAR AND NO CENTS (\$1.00) per year for use of the facilities. Further, if the LESSOR performs the registration for the soccer programs for the LESSEE, the LESSOR shall retain from the registration fees collected the sum of TWO DOLLARS AND FIFTY CENTS (\$2.50) for each

registrant and any established surcharge for each non-resident registrant and a facility fee surcharge for each registrant. The LESSOR will remit remaining proceeds to the LESSEE.

If the LESSEE performs the registration for its own soccer programs, the TWO DOLLARS AND FIFTY CENTS (\$2.50) per registrant will be eliminated. Further, the LESSEE shall collect all registration fees including a City-imposed facility fee per participant and a City-imposed non-resident surcharge per non-resident pursuant to current City fee resolution. At the close of registration, the LESSEE will provide pertinent registration accounting data to LESSOR and LESSOR will provide invoice for payment by LESSEE for the appropriate facility fee and nonresident surcharge. Payment for spring recreational soccer and for fall recreational soccer will be payable within 30 days of registration ending date. Payment for competitive soccer and for any additional late registered competitive players will be payable within 30 days of registration ending date.

11. FACILITY AND REGISTRATION FEES.

Pursuant to **Section 15-14, Code of Ordinances**, as the same presently exists or may be hereafter amended, the City Commission of the City of Ormond Beach has the authority to establish facility and registration fees, by adoption of an appropriate resolution, for resident and non-resident participants of youth soccer programs. The LESSEE shall also be permitted to establish registration fees for resident and non-resident participants. The LESSOR shall be entitled to charge an additional surcharge to non-resident participants and a facility fee per registrant per current fee resolution. The LESSEE shall collect all registration fees and shall retain the proceeds less the facilities fee collected, and any established surcharge for each non-resident registrant.

12. YOUTH SPORTS GRANT.

Subject to appropriation in the sole and absolute discretion of the City

Commission, the LESSOR shall provide an annual grant of FIFTEEN DOLLARS AND NO CENTS (\$15.00) for each City of Ormond Beach resident participating in fall season youth recreational soccer programs only, excluding fee-waived participants. These funds may be used to cover LESSEE's operating expenses in providing recreational youth soccer programs only in Ormond Beach (i.e., such as compensation for referees, the purchase of sports equipment, team uniforms, etc.).

Any such sports grant appropriated by the City Commission shall be provided to the LESSEE based upon the total number of City of Ormond Beach residents who are paid participants in the fall youth recreational soccer program. Sports grant payment will be payable to the LESSEE within 30 days of registration ending date; but if feasible, may be shown as a deduction in the invoice provided to the LESSEE for payment of facility fee and nonresident surcharge fees. Any sports grant money that has not been used may be carried over to the next ensuing recreational soccer season; however, any improper use of sports grant money shall be reimbursed to the City upon demand.

13. PROMOTIONAL MATERIAL.

All promotional material shall be submitted to the City's Director of Leisure Services, or his designee, for approval prior to distribution.

14. CONCESSION STANDS.

The LESSEE shall have the non-exclusive privilege to sell pre-packaged food items and beverages as follows:

- A) The City's Director of Leisure Services, or his designee, shall designate the times and places where such food items and beverages may be sold and consumed.
- B) The LESSEE shall provide trained personnel who must

comply with all health department regulations to operate and maintain the concession stands.

- C) The LESSEE shall not sublease, assign, or otherwise contract away its non-exclusive privilege to sell such food items and beverages.
- D) The LESSEE shall be entitled to retain all profits and shall be solely responsible for all expenses relative to the operation of the concession stands.
- E) The LESSEE shall provide indoor containers for the temporary collection of trash and garbage, and shall be responsible for transferring all such accumulations to outside trash containers provided by the LESSOR. The LESSOR shall collect and dispose of the trash and garbage on a regular basis.
- F) The LESSEE shall obtain all permits, certificates, and licenses necessary to operate the concession stands.
- G) The LESSEE shall save, hold harmless, and indemnify the LESSOR, and its officers and employees from and against all claims, liability, and damages relative to the operation of the concession stands.

15. ADVERTISEMENT.

No one shall be permitted to display any advertisement at the facilities without the prior written approval of the City's Director of Leisure Services or his designee. The LESSEE shall be responsible for administering the display of any approved advertisement consistent with all rules, regulations, policies, and ordinances of the LESSOR.

16. INSURANCE.

The LESSEE shall at its own expense purchase and maintain applicable insurance in accordance with **Section 2-315, Code of Ordinances** and **Resolution 2011-116**, as same presently exists or may be hereafter amended.

17. LIABILITY AND INDEMNIFICATION.

a) **Hold Harmless.** The LESSOR, its agents, employees, and officials, both elected and appointed, shall be held harmless against all claims for bodily injury, sickness, disease, death or personal injury or damage to property or loss of use resulting therefrom, arising out of this Agreement or use of the facilities, unless such claims are the result of the LESSOR's sole negligence.

b) **Payment On Behalf of LESSOR.** The LESSEE agrees to pay on behalf of the LESSOR, all attorneys fees and costs of the LESSOR's legal defense (through and including any and all appeals), as may be selected by the LESSOR, for all claims described in the "Hold Harmless" paragraph, above. Such payment on behalf of the LESSOR shall be in addition to any and all other legal remedies available to the LESSOR and shall not be considered to be the LESSOR's exclusive remedy.

c) **Loss Control and Safety.** Precaution shall be exercised at all times by the LESSEE for the protection of all persons and property. The LESSEE shall comply with all laws, regulations or ordinances related to safety and health, shall make special efforts to detect hazardous conditions and shall take prompt action where loss control and safety measures are reasonably expected.

d) **Release and Waiver of Liability.** When registering participants, LESSEE agrees to obtain a release from liability and indemnification in favor of the LESSOR from all participants and/or their parents or legal guardians.

18. SOVEREIGN IMMUNITY.

The LESSOR expressly retains and reserves all rights, privileges, immunities, and benefits of sovereign immunity.

19. ASSIGNMENT.

The LESSEE shall not assign, transfer, or otherwise convey all or any part of this Agreement, or all or any part of its privilege to use the facilities, without the prior written consent of the City Commission.

20. COMPLETE AGREEMENT.

This Agreement constitutes the entire and complete agreement, and the promises and covenants herein contained shall survive the life of this Agreement.

(LEFT BLANK INTENTIONALLY)

FIRST AMENDED
BASKETBALL FACILITIES LEASE AGREEMENT

THIS AGREEMENT, is made and entered into by and between the **CITY OF ORMOND BEACH**, a Florida municipal corporation ("LESSOR") and **ORMOND BEACH YOUTH BASKETBALL ASSOCIATION, INC.**, a non-profit corporation ("LESSEE").

WITNESSETH:

WHEREAS, the LESSOR recognizes the important services rendered by non-profit volunteer recreation groups and paid positions to assist said non-profit volunteer recreation groups, such as LESSEE and desires to assist such non-profit volunteer recreation groups in their endeavor to provide recreational programs in the Ormond Beach area, and

WHEREAS, the LESSOR owns certain real and personal property more particularly described and designated hereinbelow for use by LESSEE, and

WHEREAS, the LESSOR and LESSEE desire to enter into a non-exclusive lease for the use of certain facilities for the purpose of assisting LESSEE in its endeavor to provide a recreational youth basketball program.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, it is mutually agreed between the parties as follows:

1. RECITALS.

The foregoing recitals are true and correct, and are incorporated herein by reference and are hereby made part of this Agreement.

2. GENERAL COVENANTS.

The LESSEE is a non-profit corporation and no officer, director, board member, manager, coach, or volunteer thereof shall receive any compensation for their services. All funds inuring to

the benefit of LESSEE are to be used exclusively to pay direct operating expenses of a recreational youth basketball program in the City of Ormond Beach, and any unused or surplus funds shall be carried over to the next ensuing year. In the event this Agreement is terminated any unused or surplus funds shall be returned to the LESSOR. LESSEE shall provide financial accounting statement of all funds or accounts along with current 501(C)3 certificate to LESSOR no later than THIRTY (30) days after the end of LESSEE's fiscal year. The LESSOR shall have the right to examine and photocopy any and all records relative to the operation of the recreational youth basketball program with reasonable notice.

The LESSEE shall provide a well-rounded recreational youth basketball program; shall comply with all federal, state, and local laws, regulations, and rules; shall provide all personnel who are trained to operate all facets of a recreational youth basketball program, including directors, coaches, and referees; shall establish and implement rules for the fair and effective operation of a recreational youth basketball program; and shall obtain sponsors and state and national affiliations consistent with the purpose and covenants of this Agreement. The LESSEE shall comply with the Conduct Policy adopted by the LESSOR attached hereto as Exhibit "A" and shall provide annual written verification that they are in compliance.

The LESSOR shall pay all expenses for the provision of electricity at all facilities; shall provide administrative staff to assist LESSEE in its endeavor to provide a recreational youth basketball program in the Ormond Beach area; and shall not maintain or exercise any direct control over the operation of the recreational youth basketball program.

3. TERM.

The initial term of this amended Agreement shall be for a period of two years commencing on the date this Agreement is last signed by the respective parties. Thereafter, the Agreement shall

be automatically extended for additional one year periods unless either party gives the other party written notice of the termination of the Agreement at least sixty (60) days prior to the expiration of the then existing term of the Agreement.

4. USE OF FACILITIES.

The LESSEE shall have the non-exclusive privilege of using the facilities at the designated times described hereinbelow. The initial period for regular recreational season use shall be after November 1st and will end by February 14th. The facilities may also be used for post-season playoffs during the last two weeks in February. Thereafter, the facilities may be used for like periods upon renewal of this Agreement. No team of the LESSEE may use any portion of any basketball court for any scheduled or unscheduled practice, unless at least one-half (1/2) of the membership of the team's official roster is present and participating in such practice.

Nova Community Center Gymnasium, 440 North Nova Road, Ormond Beach, Florida, Monday through Friday, from 5:30 p.m. until 9:30 p.m.; and Saturday, from 8:30 a.m. until 2:00 p.m.

South Ormond Neighborhood Center Gymnasium, 176 Division Avenue, Ormond Beach, Florida, Monday, Wednesday, and Friday, from 5:30 p.m. until 9:00 p.m.; and Saturday, from 8:30 a.m. until 2:00 p.m. (The outside basketball courts may be used on an occasional basis with the prior approval of the City's Director of Leisure Services or his designee.)

Requested facility scheduling for games and practices is to be submitted to the City's Athletic Supervisor by LESSEE at least one week prior to the beginning of each season for LESSOR coordination and approval.

The LESSEE shall cooperate in all respects with the LESSOR in scheduling programs/events. The LESSOR may use the facilities at such times and for such programs/special events as the LESSOR desires, provided that such use shall not be exercised in a manner that

unreasonably interferes with the scheduled use of the facilities by LESSEE.

Lightning detection system warnings must be obeyed at all times. LESSOR shall develop and enforce a policy to insure that coaches and participants understand the operation of the lightning system and obey the warnings at all times. Failure to adhere to said warnings may result in suspension or dismissal.

5. MAINTENANCE.

The LESSOR shall maintain and repair the facilities at its own expense, and shall have the right to close the facilities to protect the health, safety, or welfare of the public and the condition of facilities. The LESSEE shall not perform any maintenance or repair of the facilities without the prior written consent of the LESSOR.

6. IMPROVEMENTS.

The LESSEE shall not make any improvements or additions to the facilities, structures or landscape therein or thereon, without the prior written consent of the LESSOR. The LESSEE shall comply with all federal, state, and local laws, regulations, and rules regarding such improvements or additions, and shall obtain all necessary permits, licenses, and certificates at its own expense. All such improvements or additions shall be a permanent part of the facilities which shall inure to the benefit of the LESSOR and shall not be removed by LESSEE.

7. EQUIPMENT, UNIFORMS AND STORAGE.

The LESSEE shall provide all equipment and uniforms at its own expense to all participants of the recreational youth basketball program. The LESSOR shall provide limited storage space to LESSEE for the storage of equipment. The LESSOR shall not be liable for loss or damage to any such property stored therein. The property of LESSEE shall be labeled in a manner which clearly distinguishes it from property of the LESSOR. Any property not labeled shall be

conclusively presumed to be the property of LESSOR.

8. REFEREES.

The LESSEE shall provide all referees and/or officials for the basketball games, and said referees shall be compensated by the LESSEE.

9. MONETARY CONSIDERATION.

The LESSEE shall pay in advance to the LESSOR the sum of ONE DOLLAR (\$1.00) per year for use of the facilities. Further, if the LESSOR performs the registration for the recreational basketball programs for the LESSEE, the LESSOR shall retain from the registration fees collected the sum of TWO DOLLARS AND FIFTY CENTS (\$2.50) for each registrant, any established surcharge for each non-resident registrant and a facility fee surcharge for each registrant. The LESSOR will remit remaining proceeds to the LESSEE.

If the LESSEE performs the registration for its own recreational basketball programs, the TWO DOLLARS AND FIFTY CENTS (\$2.50) per registrant will be eliminated. Further, the LESSEE shall collect all registration fees including a City-imposed facility fee per participant and a City-imposed non-resident surcharge per non-resident pursuant to current City fee resolution. At the close of registration, the LESSEE will provide pertinent registration accounting data to LESSOR and LESSOR will provide invoice for payment by LESSEE for the appropriate facility fee and nonresident surcharge. Payment will be payable to LESSOR within 30 days of registration ending date.

10. FACILITY AND REGISTRATION FEES.

Pursuant to **Section 15-14, Code of Ordinances**, as the same presently exists or may be hereafter amended, the City Commission of the City of Ormond Beach has the authority to establish facility and registration fees, by adoption of an appropriate resolution, for resident and

non-resident participants of the recreational youth basketball program. The LESSEE shall also be permitted to establish registration fees for resident and non-resident participants. The LESSOR shall be entitled to charge an additional surcharge to non-resident participants and a facility fee to all participants per current fee resolution.

11. YOUTH SPORTS GRANT.

Subject to appropriation in the sole and absolute discretion of the City Commission, the LESSOR shall provide an annual grant of FIFTEEN DOLLARS AND NO CENTS (\$15.00) for each City of Ormond Beach resident participating in the winter season recreational youth basketball program, excluding fee-waived participants. These funds may be used to cover LESSEE's operating expenses in providing a youth recreational basketball program in Ormond Beach (i.e., such as compensation for referees, the purchase of sports equipment, team uniforms, etc.).

Any such sports grant appropriated by the City Commission shall be provided to the LESSEE based upon the total number of City of Ormond Beach residents who are paid participants in the recreational winter youth basketball program. Sports grant payment will be payable to the LESSEE within 30 days of registration ending date. Any sports grant money that has not been used may be carried over to the next ensuing winter recreational basketball season; however, any improper use of sports subsidy money shall be reimbursed to the City upon demand.

12. PROMOTIONAL MATERIAL.

All promotional material shall be submitted to the City's Director of Leisure Services, or his designee, for approval prior to distribution.

13. ADVERTISEMENT.

No one shall be permitted to display any advertisement at the facilities without the prior

written approval of the City's Director of Leisure Services or his designee. The LESSEE shall be responsible for administering the display of any approved advertisement consistent with all rules, regulations, policies, and ordinances of the LESSOR.

14. INSURANCE.

The LESSEE shall at its own expense purchase and maintain applicable insurance in accordance with **Section 2-315, Code of Ordinances** and **Resolution No. 2010-125** as same presently exists or may be hereafter amended.

15. LIABILITY AND INDEMNIFICATION.

a) **Hold Harmless.** The LESSOR, its agents, employees, and officials, both elected and appointed, shall be held harmless against all claims for bodily injury, sickness, disease, death or personal injury or damage to property or loss of use resulting therefrom, arising out of this Agreement or use of the facilities, unless such claims are the result of the LESSOR's sole negligence.

b) **Payment On Behalf Of LESSOR.** The LESSEE agrees to pay on behalf of the LESSOR, all attorneys fees and costs of the LESSOR's legal defense (through and including any and all appeals), as may be selected by the LESSOR, for all claims described in the "Hold Harmless" paragraph, above. Such payment on behalf of the LESSOR shall be in addition to any and all other legal remedies available to the LESSOR and shall not be considered to be the LESSOR's exclusive remedy.

c) **Loss Control And Safety.** Precaution shall be exercised at all times by the LESSEE for the protection of all persons and property. The LESSEE shall comply with all laws, regulations or ordinances related to safety and health, shall make special efforts to detect hazardous conditions and shall take prompt action where loss control and safety

measures are reasonably expected.

d) Release and Waiver from Liability. When registering participants, LESSEE agrees to obtain a release and waiver from liability and indemnification in favor of the LESSOR from all participants and/or their parents or legal guardians.

16. SOVEREIGN IMMUNITY.

The LESSOR expressly retains and reserves all rights, privileges, immunities, and benefits of sovereign immunity.

17. ASSIGNMENT.

The LESSEE shall not assign, transfer, or otherwise convey all or any part of this Agreement, or all or any part of its privilege to use the facilities, without the prior written consent of the City Commission.

18. COMPLETE AGREEMENT.

This Agreement constitutes the entire and complete agreement, and the promises and covenants herein contained shall survive the life of this Agreement.

IN WITNESS WHEREOF, the undersigned parties have caused this Agreement to be signed on the dates indicated hereinbelow.

Coaches, Players, and Parents Conduct Policies

The Ormond Beach Leisure Services Department needs the entire support from the Leisure Services Advisory Board and the community in joining this cause to change the culture in youth sports. To ensure that the entire community operates consistently with regard to children's sports, it is necessary for the City Commission to adopt this resolution.

WHEREAS, the City of Ormond Beach recognizes the need to inspire changes in youth sports to make the experience safe, positive and fun for everyone involved; and

WHEREAS, we believe in the benefits of recreation and attraction of youth sports as a means to teach the children of this community values and skills that will be of benefit to them throughout life; and

WHEREAS, we believe that in order to realize the true value of youth sports participation and to provide a safe, positive and fun environment for youth and their families to participate, we must raise the standards set forth by the City and NYSCA among the users of our community's youth sports facilities; and

WHEREAS, we are proud to announce that the Ormond Beach Leisure Services Department has appointed a qualified professional youth sports administrator who has been trained and certified to oversee all organized City youth sports programs and Parent Sports Associations to ensure a high standard among the users of our community's facilities; and

WHEREAS, we believe that league organizers, administrators, commissioners, and coaches, should be educated on how to provide a safe, positive and fun youth sports environment before being granted permits to use facilities; and

WHEREAS, we believe volunteer coaches and parents must receive orientation and education as to their individual roles and responsibilities in our community's effort to raise the standards of youth sports programs and that volunteer coaches, parents, game officials and players be held accountable for their behaviors; and

WHEREAS, we believe young children must be given the opportunity to develop motor skills and sports specific knowledge with their parents in a structured program before they enter organized sports;

NOW THEREFORE, we strongly believe each youth, volunteer, coach, parent, player and game official must sign a Code of Ethics document, which is necessary to ensure proper conduct is exhibited at all times.

[Signed by Leisure Services Advisory Board Chairman May 8, 2002]

NYSCA Coaches' Code of Ethics Pledge

I hereby pledge to live up to my certification as a NYSCA Coach by following the NYSCA Coaches Code of Ethics:

I will place the emotional and physical well-being of my players ahead of a personal desire to win.

I will treat each player as an individual, remembering the large range of emotional and physical development for the same age group.

I will do my best to provide a safe playing situation for my players.

I will promise to review and practice the basic first aid principles needed to treat injuries of my players.

I will do my best to organize practices that are fun and challenging for all my players.

I will lead by example in demonstrating fair play and sportsmanship to all my players.

I will provide a sports environment for my team that is free of drugs, tobacco, and alcohol, and I will refrain from their use at all youth sports events.

I will be *knowledgeable* in the rules of each sport that I coach, and I will teach these rules to my players.

I will use those coaching techniques appropriate for each of the skills that I teach.

I will remember that I am a youth sports coach, and that the game is for children and not adults.

Players' Code of Ethics Pledge

I hereby pledge to be positive about my youth sports experiences and accept responsibility for my participation by following this Players' Code of Ethics pledge:

I will encourage good sportsmanship from fellow players, coaches, officials and parents at every game and practice by demonstrating good sportsmanship.

I will attend every practice and game that I can, and will notify my coach if I cannot. I will be on time for practice and games.

I will do my best to listen and learn from my coaches.

I will treat my coaches, other players, officials and fans with respect regardless of race, sex, creed, or abilities, and I will expect to be treated accordingly.

I deserve to have fun during my sports experience and will alert parents or coaches if it stops being fun.

I deserve to play in an environment that is free of drugs, tobacco, and alcohol and expect adults to refrain from their use at all youth sports events.

I will encourage my parents to be involved with my team in some capacity because it is important to me.

I will do my very best in school.

I will remember that sports participation is an opportunity to learn and have fun.

I will not engage in any behavior which would endanger the health, safety, or well being of a coach, parent, player, participant, league official or any other attendee.

I will not engage in the use of profanity while attending or participating in a youth sports event.

Parents' Code of Ethics Pledge

I hereby pledge to provide positive support, care, and encouragement for my child participating in youth sports by following this Parents' Code of Ethics:

I will encourage good sportsmanship by demonstrating positive support for all players, coaches, and officials at every game, practice or other youth sports event.

I will place the emotional and physical well being of my child ahead of my personal desire to win.

I will insist that my child play in a safe and healthy environment.

I will require that my child's coach be trained in the responsibilities of being a youth sports coach and that the coach upholds the Coaches' Code of Ethics.

I will support coaches and officials working with my child, in order to encourage a positive and enjoyable experience for all.

I will demand a sports environment for my child that is free from drugs, tobacco and alcohol and will refrain from their use at all youth sports events.

I will remember that the game is for youth – not adults.

I will do my very best to make youth sports fun for my child.

I will ask my child to treat other players, coaches, fans and officials with respect regardless of race, sex, creed or ability.

I will help my child enjoy the youth sports experience by doing whatever I can, such as being a respectful fan, assisting with coaching, or providing transportation.

**SECOND AMENDED
BASEBALL & SOFTBALL
FACILITIES LEASE AGREEMENT**

THIS AGREEMENT, is made and entered into by and between the **CITY OF ORMOND BEACH**, a Florida municipal corporation ("LESSOR") and **ORMOND BEACH YOUTH BASEBALL & SOFTBALL CORP.**, a non-profit corporation ("LESSEE" or "OBYBSC").

WITNESSETH:

WHEREAS, the LESSOR recognizes the important services rendered by non-profit volunteer recreation groups and paid positions to assist said non-profit volunteer recreation groups, such as LESSEE, and desires to assist such non-profit volunteer recreation groups in their endeavor to provide recreational programs in the Ormond Beach area, and

WHEREAS, the LESSOR owns certain real and personal property more particularly described and designated hereinbelow for use by LESSEE, and

WHEREAS, the LESSOR and LESSEE desire to enter into a non-exclusive lease for the use of certain facilities for the purpose of assisting LESSEE in its endeavor to provide youth baseball and softball programs.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, it is mutually agreed between the parties as follows:

1. RECITALS.

The foregoing recitals are true and correct, and are incorporated herein by reference and are hereby made part of this Agreement.

2. GENERAL COVENANTS.

The LESSEE is a non-profit corporation and no officer, director, board member, manager, coach, or volunteer thereof shall receive any compensation for their services in

recreational baseball and recreational softball programs. Further, no officer, director, board member or volunteer thereof, other than manager and coach, shall receive any compensation for their services in competitive baseball and competitive softball programs. All funds inuring to the benefit of LESSEE for recreational baseball and softball programs are to be used exclusively to pay direct operating expenses of recreational youth baseball and softball programs in the City of Ormond Beach, and any unused or surplus funds shall be carried over to the next ensuing year. Further, all funds inuring to the benefit of LESSEE for competitive programs are to be used exclusively to pay direct operating expenses of competitive youth baseball and softball programs in the City of Ormond Beach, and any unused or surplus funds shall be carried over to the next ensuing year. In the event this Agreement is terminated any unused or surplus funds for recreational and competitive baseball and softball shall be returned to the LESSOR. LESSEE shall provide financial accounting statement of all funds and accounts and current 501(c)3 certificate verifying active status to the LESSOR no later than THIRTY (30) days after the end of LESSEE'S fiscal year for recreational baseball and softball programs and for competitive baseball and softball programs. The LESSOR shall have the right to examine and photocopy any and all records relative to the operation of the recreational and competitive youth baseball and softball programs with a reasonable notice.

The LESSEE shall provide well-rounded youth baseball and softball programs; shall comply with all federal, state, and local laws, regulations, and rules; shall provide all personnel who are trained to operate all facets of youth baseball and softball programs, including directors, coaches, and umpires; shall establish and implement rules for the fair and effective operation of youth baseball and softball programs; and shall obtain sponsors and state and national affiliations consistent with the purpose and covenants of this Agreement. The LESSEE shall comply with the Conduct Policy adopted by the LESSOR, attached hereto as Exhibit "A" and shall provide annual written verification that they are in compliance.

The LESSOR shall pay all expenses for the provision of electricity at all facilities; shall provide administrative staff to assist LESSEE in its endeavor to provide youth baseball and

softball programs in the Ormond Beach area; and shall not maintain or exercise any direct control over the operation of the youth baseball and softball programs.

3. **TERM.**

The initial term of this amended Agreement shall be for a period of two years commencing on the date this Agreement is last signed by the respective parties. Thereafter, the Agreement shall be automatically extended for additional one year periods unless either party gives the other party written notice of the termination of the Agreement at least sixty (60) days prior to the expiration of the then existing term of the Agreement.

4. **USE OF FACILITIES.**

The LESSEE shall have the non-exclusive privilege of using the facilities at the designated times described hereinbelow, including regular and post-season play. The initial period for regular season use shall be: spring baseball and softball February through May; fall baseball and softball August through October. Thereafter, the facilities may be used for like periods upon renewal of this Agreement. No team of the LESSEE may use any portion of any facilities for any scheduled or unscheduled practice, unless at least one-half (½) of the membership of the team's official roster is present and participating in such practice.

Nova Baseball Fields: 440 North Nova Road, Ormond Beach, Florida, inclusive of Fields 1 through 5 and all parking areas, infield warm-up areas, concession stand, bathroom facilities, and batting cages; Monday through Friday, from 3:00 p.m. until the close of games or practices; and all pre-scheduled Saturday and Sunday activities.

Ormond Beach Sports Complex Baseball/Softball Fields: 700 Hull Road, Ormond Beach, Florida, inclusive of the Kiwanis Fields, T-Ball Fields Machine Pitch Fields, Practice Fields, Softball Quad, Harry Wendelstedt Fields when not under lease with Harry Wendelstedt, Inc., parking areas, concession stand, bathroom facilities, and batting cages; Monday through Friday, from 3:00 until the close of games or practices; and all pre-scheduled Saturday and Sunday activities.

Requested field scheduling for games and practices is to be submitted to the City's Athletic Supervisor by LESSEE at least one week prior to the beginning of each season

for LESSOR coordination and approval.

The LESSEE shall cooperate in all respects with the LESSOR in scheduling programs/events. The LESSOR may use the facilities at such times and for such programs/special events as the LESSOR desires, provided that such use shall not be exercised in a manner that unreasonably interferes with the scheduled use of the facilities by LESSEE.

Any and all tournaments must be approved by the Director of Leisure Services or his designee prior to being planned or scheduled. In addition, any more than two tournaments per season are subject to approval of Director of Leisure Services or his designee and may result in LESSEE having to pay field rental and/or any and all associated tournament costs to LESSOR.

Field lights shall not be used after 11:00 p.m. except to conclude a game or practice already in progress. The LESSEE shall be responsible for turning off all field lights at the conclusion of such use. Failure to do so may result in elimination of utilization of lights by LESSEE. Lightning detection system warnings must be obeyed at all times. LESSOR shall develop and enforce a policy to insure that coaches and participants understand the operation of the lightning system and obey the warnings at all times. Failure to adhere to said warnings may result in suspension or dismissal from the fields.

5. MAINTENANCE.

The LESSOR shall maintain and repair the facilities at its own expense, and shall have the right to close the facilities to protect the health, safety, or welfare of the public and the condition of facilities. Fields will be closed in late-November for field maintenance and winter rye seeding and will reopen upon approval of Director of Leisure Services, or his designee. The LESSEE shall not perform any maintenance or repair of the facilities without the prior written consent of the LESSOR.

6. IMPROVEMENTS.

The LESSEE shall not make any improvements or additions to the facilities, structures or landscape therein or thereon, without the prior written consent of the LESSOR. The LESSEE shall comply with all federal, state, and local laws, regulations, and rules regarding

such improvements or additions, and shall obtain all necessary permits, licenses, and certificates at its own expense. All such improvements or additions shall be a permanent part of the facilities which shall inure to the benefit of the LESSOR and shall not be removed by LESSEE.

7. **EQUIPMENT, UNIFORMS AND STORAGE.**

The LESSEE shall provide all equipment and uniforms at its own expense to all participants of the youth baseball and softball programs. The LESSOR shall provide limited storage space to LESSEE for the storage of equipment. The LESSOR shall not be liable for loss or damage to any such property stored therein. The property of LESSEE shall be labeled in a manner which clearly distinguishes it from property of the LESSOR. Any property not labeled shall be conclusively presumed to be the property of LESSOR.

8. **UMPIRES.**

The LESSEE shall provide all umpires and/or officials for the baseball and softball games, and said umpires shall be compensated by the LESSEE.

9. **MONETARY CONSIDERATION.**

The LESSEE shall pay in advance to the LESSOR the sum of ONE DOLLAR (\$1.00) per year for use of the facilities. Further, if the LESSOR performs the registration for the baseball and softball programs for the LESSEE, the LESSOR shall retain from the registration fees collected the sum of TWO DOLLARS AND FIFTY CENTS (\$2.50) for each registrant, any established surcharge for each non-resident registrant and a facility fee surcharge for each registrant. The LESSOR will remit remaining proceeds to the LESSEE.

If the LESSEE performs the registration for its baseball and softball programs, the TWO DOLLARS AND FIFTY CENTS (\$2.50) per registrant will be eliminated. Further, the LESSEE shall collect all registration fees including a City-imposed facility fee per participant and a City-imposed non-resident surcharge per non-resident pursuant to current City fee resolution. At the close of registration, the LESSEE will provide pertinent registration

accounting data to LESSOR and LESSOR will provide invoice for payment by LESSEE for the appropriate facility fee and nonresident surcharge. Payment for spring baseball and softball will be payable within 30 days of registration ending date.

10. FACILITY AND REGISTRATION FEES.

Pursuant to Section 15-14, Code of Ordinances, as the same presently exists or may be hereafter amended, the City Commission of the City of Ormond Beach has the authority to establish facility and registration fees, by adoption of an appropriate resolution, for resident and non-resident participants of the youth baseball and softball programs. The LESSEE shall also be permitted to establish registration fees for resident and non-resident participants. The LESSOR shall be entitled to charge an additional surcharge to non-resident participants and a facility fee to all participants per current fee resolution.

11. YOUTH SPORTS GRANT.

Subject to appropriation in the sole and absolute discretion of the City Commission, the LESSOR shall provide an annual grant of FIFTEEN DOLLARS (\$15.00) for each City of Ormond Beach resident participating in spring season recreational youth baseball and softball programs only, excluding fee-waived participants. These funds may be used to cover LESSEE'S operating expenses in providing recreational youth baseball and softball programs only in Ormond Beach (i.e., such as compensation for umpires, the purchase of sports equipment, team uniforms, etc.).

Any such annual sports grant appropriated by the City Commission shall be provided to the LESSEE based upon the total number of City of Ormond Beach residents who are paid participants in the spring recreational baseball or softball program only. Sports grant payment will be payable to the LESSEE within 30 days of registration ending date.

Any sports grant money that has not been used may be carried over to the next ensuing recreational baseball and softball seasons; however, any improper use of sports grant money shall be reimbursed to the City upon demand.

12. PROMOTIONAL MATERIAL.

All promotional material shall be submitted to the City's Director of Leisure Services, or his designee, for approval prior to distribution.

13. CONCESSION STANDS.

The LESSEE shall have the non-exclusive privilege to sell pre-packaged food items and beverages as follows:

- A) The City's Director of Leisure Services, or his designee, shall designate the times and places where such food items and beverages may be sold and consumed.
- B) The LESSEE shall provide trained personnel who must comply with all health department regulations to operate and maintain the concession stands.
- C) The LESSEE shall not sublease, assign, or otherwise contract away its non-exclusive privilege to sell such food items and beverages.
- D) The LESSEE shall be entitled to retain all profits and shall be solely responsible for all expenses relative to the operation of the concession stands.
- E) The LESSEE shall provide indoor containers for the temporary collection of trash and garbage, and shall be responsible for transferring all such accumulations to outside trash containers provided by the LESSOR. The LESSOR shall collect and dispose of the trash and garbage on a regular basis.
- F) The LESSEE shall obtain all permits, certificates, and licenses necessary to operate the concession stands.
- G) The LESSEE shall save, hold harmless, and indemnify the LESSOR, and its officers and employees from and against all claims, liability, and damages relative to the operation of the concession stands.

14. ADVERTISEMENT.

No one shall be permitted to display any advertisement at the facilities without the prior written approval of the City's Director of Leisure Services or his designee. The LESSEE shall be responsible for administering the display of any approved advertisement consistent with all rules, regulations, policies, and ordinances of the LESSOR.

15. INSURANCE.

The LESSEE shall at its own expense purchase and maintain applicable insurance in accordance with **Section 2-315, Code of Ordinances** and **Resolution No. 2010-125** as same presently exists or may be hereafter amended.

16. LIABILITY AND INDEMNIFICATION.

a) **Hold Harmless.** The LESSOR, its agents, employees, and officials, both elected and appointed, shall be held harmless against all claims for bodily injury, sickness, disease, death or personal injury or damage to property or loss of use resulting therefrom, arising out of this Agreement or use of the facilities, unless such claims are the result of the LESSOR'S sole negligence.

b) **Payment On Behalf Of Lessor.** The LESSEE agrees to pay on behalf of the LESSOR, all attorneys fees and costs of the LESSOR'S legal defense (through and including any and all appeals), as may be selected by the LESSOR, for all claims described in the "Hold Harmless" paragraph, above. Such payment on behalf of the LESSOR shall be in addition to any and all other legal remedies available to the LESSOR and shall not be considered to be the LESSOR'S exclusive remedy.

c) **Loss Control And Safety.** Precaution shall be exercised at all times by the LESSEE for the protection of all persons and property. The LESSEE shall comply with all laws, regulations or ordinances related to safety and health, shall make special efforts to detect hazardous conditions and shall take prompt action where loss control and safety measures are reasonably expected.

d) **Release and Waiver of Liability.** When registering participants, LESSEE agrees

to obtain a release and waiver from liability and indemnification in favor of the LESSOR from all participants and/or their parents or legal guardians.

17. **SOVEREIGN IMMUNITY.**

The LESSOR expressly retains and reserves all rights, privileges, immunities, and benefits of sovereign immunity.

18. **ASSIGNMENT.**

The LESSEE shall not assign, transfer, or otherwise convey all or any part of this Agreement, or all or any part of its privilege to use the facilities, without the prior written consent of the City Commission.

19. **COMPLETE AGREEMENT.**

This Agreement constitutes the entire and complete agreement, and the promises and covenants herein contained shall survive the life of this Agreement.

(LEFT BLANK INTENTIONALLY)

IN WITNESS WHEREOF, the undersigned parties have caused this Agreement to be signed on the dates indicated hereinbelow.

DATED this 13th day of December, 2011.

Coaches, Players, and Parents Conduct Policies

The Ormond Beach Leisure Services Department needs the entire support from the Leisure Services Advisory Board and the community in joining this cause to change the culture in youth sports. To ensure that the entire community operates consistently with regard to children's sports, it is necessary for the City Commission to adopt this resolution.

WHEREAS, the City of Ormond Beach recognizes the need to inspire changes in youth sports to make the experience safe, positive and fun for everyone involved; and

WHEREAS, we believe in the benefits of recreation and attraction of youth sports as a means to teach the children of this community values and skills that will be of benefit to them throughout life; and

WHEREAS, we believe that in order to realize the true value of youth sports participation and to provide a safe, positive and fun environment for youth and their families to participate, we must raise the standards set forth by the City and NYSCA among the users of our community's youth sports facilities; and

WHEREAS, we are proud to announce that the Ormond Beach Leisure Services Department has appointed a qualified professional youth sports administrator who has been trained and certified to oversee all organized City youth sports programs and Parent Sports Associations to ensure a high standard among the users of our community's facilities; and

WHEREAS, we believe that league organizers, administrators, commissioners, and coaches, should be educated on how to provide a safe, positive and fun youth sports environment before being granted permits to use facilities; and

WHEREAS, we believe volunteer coaches and parents must receive orientation and education as to their individual roles and responsibilities in our community's effort to raise the standards of youth sports programs and that volunteer coaches, parents, game officials and players be held accountable for their behaviors; and

WHEREAS, we believe young children must be given the opportunity to develop motor skills and sports specific knowledge with their parents in a structured program before they enter organized sports;

NOW THEREFORE, we strongly believe each youth, volunteer, coach, parent, player and game official must sign a Code of Ethics document, which is necessary to ensure proper conduct is exhibited at all times.

[Signed by Leisure Services Advisory Board Chairman May 8, 2002]

NYSCA Coaches' Code of Ethics Pledge

I hereby pledge to live up to my certification as a NYSCA Coach by following the NYSCA Coaches Code of Ethics:

I will place the emotional and physical well-being of my players ahead of a personal desire to win.

I will treat each player as an individual, remembering the large range of emotional and physical development for the same age group.

I will do my best to provide a safe playing situation for my players.

I will promise to review and practice the basic first aid principles needed to treat injuries of my players.

I will do my best to organize practices that are fun and challenging for all my players.

I will lead by example in demonstrating fair play and sportsmanship to all my players.

I will provide a sports environment for my team that is free of drugs, tobacco, and alcohol, and I will refrain from their use at all youth sports events.

I will be *knowledgeable* in the rules of each sport that I coach, and I will teach these rules to my players.

I will use those coaching techniques appropriate for each of the skills that I teach.

I will remember that I am a youth sports coach, and that the game is for children and not adults.

Players' Code of Ethics Pledge

I hereby pledge to be positive about my youth sports experiences and accept responsibility for my participation by following this Players' Code of Ethics pledge:

I will encourage good sportsmanship from fellow players, coaches, officials and parents at every game and practice by demonstrating good sportsmanship.

I will attend every practice and game that I can, and will notify my coach if I cannot. I will be on time for practice and games.

I will do my best to listen and learn from my coaches.

I will treat my coaches, other players, officials and fans with respect regardless of race, sex, creed, or abilities, and I will expect to be treated accordingly.

I deserve to have fun during my sports experience and will alert parents or coaches if it stops being fun.

I deserve to play in an environment that is free of drugs, tobacco, and alcohol and expect adults to refrain from their use at all youth sports events.

I will encourage my parents to be involved with my team in some capacity because it is important to me.

I will do my very best in school.

I will remember that sports participation is an opportunity to learn and have fun.

I will not engage in any behavior which would endanger the health, safety, or well being of a coach, parent, player, participant, league official or any other attendee.

I will not engage in the use of profanity while attending or participating in a youth sports event.

Parents' Code of Ethics Pledge

I hereby pledge to provide positive support, care, and encouragement for my child participating in youth sports by following this Parents' Code of Ethics:

I will encourage good sportsmanship by demonstrating positive support for all players, coaches, and officials at every game, practice or other youth sports event.

I will place the emotional and physical well being of my child ahead of my personal desire to win.

I will insist that my child play in a safe and healthy environment.

I will require that my child's coach be trained in the responsibilities of being a youth sports coach and that the coach upholds the Coaches' Code of Ethics.

I will support coaches and officials working with my child, in order to encourage a positive and enjoyable experience for all.

I will demand a sports environment for my child that is free from drugs, tobacco and alcohol and will refrain from their use at all youth sports events.

I will remember that the game is for youth – not adults.

I will do my very best to make youth sports fun for my child.

I will ask my child to treat other players, coaches, fans and officials with respect regardless of race, sex, creed or ability.

I will help my child enjoy the youth sports experience by doing whatever I can, such as being a respectful fan, assisting with coaching, or providing transportation.

City of Ormond Beach
City Commission Agenda
Staff Report

Agenda Date	December 2, 2025	Item No	7.M.
Section	CONSENT AGENDA	Category	Consent - Disposition Item
Subject	Auto Renewal - Yellowstone Athletic Fields Maintenance		
Recommended Action	Staff recommends the auto-renewal of the Yellowstone Landscape Athletic Field Maintenance Service Agreement for an additional 1-year period effective April 1, 2026, unless otherwise directed.		
Strategic Goal	Quality of Life - Recognized as a leader in Parks & Recreation through the offering of diverse, high-quality parks and natural spaces.		
Department Staff Contact	Parks and Recreation Robert Carolin, Parks and Recreation Director		

Summary

This is notification of staff's intent to allow the Yellowstone Landscape, LLC (Yellowstone) agreement for athletic fields maintenance services agreement to auto-renew for 1 additional year.

The City Commission, on March 17, 2015, authorized through Resolution No. 2015-79 an athletic field maintenance contract with Yellowstone for an initial 3-year term, which automatically renews for additional 1-year periods each year, unless either party provides at least 90 days prior written notice to the other party of their intent not to renew the contract. This will be the 10th year the contract has been allowed to auto-renew.

The scope of work includes services to 71 acres of athletic turf at the Ormond Beach Sports Complex, Nova Community Center, South Ormond Neighborhood Center and OB middle school, which consists of 8 baseball fields, 7 softball fields, 4 t-ball fields, and 14 multi-use football/soccer fields. This includes mowing each field 3 times per week, irrigation repairs, parts and maintenance, winter over-seeding, aerification, fertilization, pest control, weed control, vertical mowing, top-dressing, and trash/debris pickup.

Yellowstone Landscape, LLC, provides high quality work in performing the athletic field maintenance services for the City. Yellowstone is proactive when providing services, is responsive to concerns, and is willing to take on new projects.

Financial Impact

The current cost for these services (\$681,574.76) is included in the FY 2025-26 General Fund budget. Staff performs ongoing due diligence to ensure the contract is below or at market value and top-notch services are received.

Citizen Impact

The renewal of the athletic field maintenance contract ensures residents have well-maintained athletic surfaces to use and enjoy.

AGREEMENT

THIS AGREEMENT is made and entered into by and between the **City of Ormond Beach** ("City"), a Florida municipal corporation, 22 South Beach Street, Ormond Beach, Volusia County, Florida and **Austin Outdoor, LLC** ("Contractor"), 3235 North State Street, Bunnell, FL 32110, and in consideration of the mutual promises and covenants herein contained, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree to the following:

1. **Scope of Work.** The Invitation to Bid dated June 12, 2014 ("Athletic Field Maintenance Service, 2014-15"), attached hereto as Exhibit "A", and "Equipment to be Purchased by Austin Outdoor", attached hereto as Exhibit "B", are incorporated herein by reference and are a material part of this Agreement. The Contractor shall fully comply with the terms and conditions described in the attached exhibits.
2. **Term.** This Agreement shall be effective on the date it is fully executed by the parties. The initial term of this Agreement shall be for a period of three (3) years beginning on April 1, 2015 and will be automatically renewed for additional one (1) year periods unless either party provides at least ninety (90) days prior written notice to the other party of their intent not to renew the Agreement.
3. **Consideration.**
 - A. Contractor will submit a monthly invoice to the City for Part 1 (Base Bid Schedule) at 1/12 of the cost of the total base bid. Contractor will submit an invoice to the City for Part 2 (Additive Alternate) per unit prices based on actual work performed. Invoices shall be based on the prices set forth on Exhibit "A" and submitted to City at the end of the month. Invoices will be processed by City in a timely manner, and if all conditions of the Agreement have been met, payment will be made to Contractor no later than thirty (30) days after City's approval.
 - B. Contractor shall purchase the equipment "as is" at the prices set forth on Exhibit "B" having a total value of \$89,875.00. For the first twelve (12) months of the Agreement, Contractor's invoices to City shall reflect a credit of \$7,489.58. In the event the Agreement is terminated within the first year, Contractor shall immediately pay City the balance owed for the equipment (\$7,489.58 x the number of months remaining in the first year of the Agreement). The parties agree to execute any and all documents necessary to effectuate the sale of the equipment listed on Exhibit "B".
 - C. Upon termination of the Agreement, City has the option to buy back the equipment listed on Exhibit "B" from Contractor at the fair market value at the time of termination.
4. **Delivery.** Contractor shall complete the project within the time frame set forth on Exhibit "A".
5. **Termination of Agreement.**

- (a) If the Contractor fails to perform the conditions of the Agreement as specified and as interpreted by the Contract Manager, the Contract Manager shall provide written notice of such violations. Full payment may be withheld unless the discrepancy is resolved within five (5) calendar days of written notice. If the violations are not corrected to the satisfaction of City staff or reoccur, the City may in its sole discretion immediately terminate the Agreement. Termination or cancellation of the Agreement will not relieve the Contractor from any contractual obligations to the City.

The City reserves the right to terminate the Agreement without cause with a forty-five (45) calendar day written notice.

The City Commission shall have the right to terminate the Agreement in the event the Contractor files any petition or proceeding for bankruptcy relief, or is adjudicated to be bankrupt or insolvent, or fails to pay just debts as they ordinarily become due.

- (b) This Agreement may not be terminated by the Contractor.

6. **Assignment.** The Contractor shall not assign, convey or transfer all or any part of this Agreement, or all or any part of Contractor's interest herein, or all or any part of any interest in the Contractor, without the prior written consent of the City Commission, which consent shall not be unreasonably withheld.
7. **Complete Agreement.** This Agreement, including the provisions set forth in the exhibit(s) attached hereto and incorporated by reference herein, constitutes the entire and complete agreement of the parties, and the promises and covenants herein contained shall survive the life of this Agreement.
8. **Amendment to Agreement.** Any amendment, change, or modification of this Agreement must be in writing and fully executed by both parties.
9. **Notices.** All notices which are required by this Agreement shall be provided to the parties at the following addresses, or such other addresses as may be requested in writing by either party:

City of Ormond Beach
Joyce Shanahan, City Manager
(copy to City Attorney)
22 South Beach Street
Ormond Beach, FL 32174

Contractor
Austin Outdoor, LLC
Barry Critcher, Business Development Mgr.
3235 North State Street
Bunnell, FL 32110

10. **Sovereign Immunity.** The City expressly retains and reserves all rights, privileges, immunities, and benefits of sovereign immunity. This provision shall be construed broadly in favor of the City.
11. **Venue.** The terms and conditions of this Agreement shall be construed and enforced under the laws of the State of Florida. Any action or proceeding, either at law or in

equity, regarding this Agreement shall be brought in the circuit court, Seventh Judicial Circuit in and for Volusia County, Florida. Venue in any other jurisdiction or forum, whether it be any other circuit, state or federal venue, is hereby expressly waived.

12. **Waiver of Conditions.** No waiver by the City of any condition or breach of performance by the Contractor shall constitute an irrevocable, continuing, or subsequent waiver by the City of the same condition or breach of performance, or of any other condition or other breach of performance.
13. **Severability.** If any part of this Agreement is declared to be unenforceable or void by a court of competent jurisdiction, the remaining parts of the Agreement shall remain in full force and effect as long as the services to be provided by the Contractor are not materially affected, altered or impaired as a result of said judicial declaration.
14. **Conflicting Provisions.** In the event of any conflict between the provisions of this Agreement and any exhibits, the provision most favorable to the City shall control and shall be given full force and effect.
15. **Indemnification.** The City, its agents, employees, and officials, both elected and appointed, shall be indemnified and held harmless by Contractor from any and all liabilities, claims, and causes of action which may arise out of the willful, negligent, or unlawful acts or omissions of the Contractor or its subcontractors in the performance of this Agreement, unless such claims are a result of the City's sole negligence, as determined by the final decision maker of such claim.
16. **Duty to Defend.** The Contractor shall defend all suits and administrative actions, including all appellate proceedings, brought against the City, its agents, employees, and officials, both elected and appointed and shall pay all attorneys' fees and costs associated with the City's legal defense, as may be selected by the City, arising from all claims and causes of action described in Section 15 above. Such payment on behalf of the City shall be in addition to any and all other legal or equitable remedies available to the City and shall not be considered to be the City's exclusive remedy.
17. **Contractor's Insurance.** The Contractor shall purchase and maintain for the entire life of this Agreement, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under this Agreement, whether such operations be by the Contractor, or by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be

reduced or eliminated at the sole discretion of the City. The Contractor is responsible for the amount of any deductible or self-insured retention.

18. **Types of Insurance and Limits of Liability.** The insurance required herein shall be written for not less than the limits of liability specified herein or as required by law, whichever is greater, and shall include the following:

- (a) Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

\$100,000. Each Accident Bodily Injury by Accident
\$100,000. Each Employee Bodily Injury by Disease
\$500,000. Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the city or performs any work on behalf of any such contractor be covered by workers compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverages.)

- (b) **Commercial General Liability Insurance** shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 88, or its successor form, including but not limited to the following coverages (any deviation shall be noted on the Certificates of Insurance), and the CITY OF ORMOND BEACH shall be named as an additional insured:

1. Premises and Operations
2. Owners' & Contractors' Protective
3. Products & Completed Operations
4. Explosion, Collapse & Underground Conditions
5. Blanket Contractual Liability
6. Personal Injury Liability
7. Broad Form Property Damage Endorsement, including Completed Operations
8. Independent Contractors

9. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
10. Pollution Liability (if applicable)
11. Asbestos Abatement (if applicable)
12. Fire Damage Liability

Certain coverages outlined above may not be required if they do not relate to the Agreement, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less than the following for all tiers of Contractors and Subcontractors:

<u>Contract Value</u>	<u>Limits (not less than)</u>
0 - 25,000	\$300,000 Each Occurrence \$300,000 General Aggregate* \$300,000 Aggregate Products & Completed Operations \$ 25,000 Fire Damage (any one fire)
\$25,001 - \$250,000	\$500,000 Each Occurrence \$1 Million General Aggregate* \$1 Million Aggregate Products & Completed Operations \$ 50,000 Fire Damage (any one fire)
\$250,001 - \$3,000,000	\$1 Million Each Occurrence \$1 Million General Aggregate* \$1 Million Aggregate Products & Completed Operations \$ 50,000 Fire Damage (any one fire)
\$3,000,001 & over	20% of the Value of the Contract [Minimum \$1 Million Each Occurrence/\$2 Million General Aggregate]

* NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

- (c) **Automobile Liability Insurance** for the operation, use, maintenance, loading or unloading of automobiles - ISO Symbol 1 (Any Auto) or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9

(Non-Owned Autos). The coverage limits shall be no less than the following for all tiers of Contractors and Subcontractors:

<u>Contract Value</u>	<u>Limits (not less than)</u>
0 - 25,000	\$300,000 Combined Single Limit
\$25,001 - \$250,000	\$500,000 Combined Single Limit
\$250,001 and over	\$1 Million Combined Single Limit

(d) Excess Liability

For Contracts of \$250,000 or more, and in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention for occurrences insured in this Excess Policy not to exceed \$25,000 and a minimum limit of \$1 Million.

(e) Professional Liability, Malpractice and/or Errors and Omissions

The Contractor shall purchase and maintain professional liability, malpractice, or errors or omissions insurance with minimum limits of \$1,000,000 per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts. Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great a duration as is available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provide a retroactive date no later than the inception date of claims made coverage.

19. **Requirements for Certificates of Insurance.**

- (a) With the execution of this Agreement, the Contractor shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain a provision that the coverage under the policies will not be canceled, non-renewed or materially changed until at least **thirty (30)** days' prior written notice of such cancellation, non-renewal or change [except for nonpayment of premium, which shall be **ten (10)** days] has been given to the City. The Contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of this Agreement.
- (b) New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.

- (c) If requested by the City, the Contractor shall furnish complete copies of the Contractor's insurance policies, forms and endorsements.
 - (d) For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
 - (e) If the Contractor fails to obtain and maintain for the life of the Agreement the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Agreement.
 - (f) **Policies of Insurance**
 - 1. Except as otherwise provided herein, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-) in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.
 - 2. For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carriers; written confirmation is required.
 - 3. All policies of insurance or certificates thereof referred to herein shall be deposited with the City Clerk.
 - 4. The City shall be named an Additional Insured on General Liability and Automobile Liability policies of insurance and certificates thereof.
20. **Enforcement of Costs.** If any legal action or other proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default, or misrepresentation in connection with any provision of this Agreement, the successful or prevailing party or parties shall be entitled to recover reasonable attorneys' fees, court costs, and all expenses even if not taxable court costs (including, without limitation, all such fees, costs and expenses incident to arbitration, appellate, bankruptcy, and post-judgment proceedings), incurred in that action or proceeding or any appeal, in addition to any other relief to which the party or parties may be entitled. Attorneys' fees include

legal assistant fees, expert witness fees, investigative fees, administrative costs, and all other charges billed by the attorney for the prevailing party.

21. **Compliance With Laws.** Contractor shall comply with all applicable federal, state and local laws and regulations
22. **Compliance With Florida Public Records Law.** Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:
- (a) Keep and maintain public records that ordinarily and necessarily would be required by the City in order to perform the contracted service.
 - (b) Provide the public with access to public records on the same terms and conditions that the City would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
 - (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
 - (d) Meet all requirements for retaining public records and transfer, at no cost, to the City all public records in possession of the contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the City in a format that is compatible with the information technology systems of the City.
 - (e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Agreement to termination for cause by the City.
23. **Effective Date.** This Agreement shall become effective upon the date last signed by the parties hereto.

IN WITNESS WHEREOF, the undersigned parties have caused this Agreement to be signed on the dates indicated hereinbelow.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

GENERAL CONDITIONS

PUBLIC ENTITY CRIMES: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a Bid on a contract to provide any goods or services to a public entity, may not submit a Bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit Bids on leases or real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

DISCRIMINATION: Pursuant to Section 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid or proposal on a contract to provide any goods or services to a public entity, may not submit a bid or proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit bid or proposal on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity.

JESSICA LUNS福德 ACT COMPLIANCE: Bidder will be responsible for compliance with Section 1012.465, Florida Statutes (Jessica Lunsford Act).

PUBLIC RECORDS/NON-CONFIDENTIALITY OF BIDS AND/OR PROPOSALS: The City of Ormond Beach cannot and does not warrant the confidentiality of any information submitted in response to this solicitation. Florida law provides that municipal records shall at all times be open for personal inspection by any person, Section 119.01, F.S., The Public Records Law. Information and materials received by the City of Ormond Beach in connection with all Proposers' response shall be deemed to be public records subject to public inspection upon award, recommendation for award, or 10 days after bid opening, whichever occurs first. Section 119.071, F.S.

NOTIFICATION OF BIDS AND RFP'S: The City uses the services of Onvia DemandStar (www.demandstar.com) for notification of its Bids and RFP's on-line on the Internet. If you have received a copy of this Bid/RFP from any source other than Onvia DemandStar, please be aware that you may not have received the latest version of the Bid/RFP or any related addendums.

SUBMISSION OF BIDS: All Bids shall be submitted in a sealed envelope. The Invitation to Bid (ITB) number, title, and opening date shall be clearly displayed on the outside of the sealed envelope. The delivery of said Bid to the Purchasing Office on or before the specified opening date and time is solely and strictly the responsibility of the Bidder. Any Bid received by the Purchasing Office after the specified date and time will not be accepted. Bids must be submitted on forms provided by the City. No other forms will be accepted. Telephone, telefax and telegraph Bids will not be considered. No Bid may be modified after opening. No Bid may be withdrawn after opening for a period of One Hundred and Twenty (120) days unless otherwise specified.

EXECUTION OF BID: Bid must contain a manual signature of authorized representative in the space(s) provided. Bids must be typed or printed in ink. Use of erasable ink is not permitted. All corrections made by Bidder to any Bid entry must be initialed. The company name and Federal Employer Identification Number (F.E.I.D.) shall appear in the space(s) provided.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

PRE-BID MEETING: Any bidder wishing to respond to this solicitation will be required to attend a pre-bid meeting at a date and time prescribed herein.

BID OPENING: Bids shall be opened and the name of the Bidders and the bid amounts shall be read publicly. Bid amounts announced at the bid opening are subject to change due to math errors made by Bidders

BID TABULATION: Any Bidder wishing to receive a copy of the Bid tabulation is required to enclose a stamped, self-addressed envelope with their Bid response. Bid opening tabulations will be posted on DemandStar.com.

CLARIFICATION/CORRECTION OF BID ENTRY: The City of Ormond Beach reserves the right to allow for the clarification of questionable entries and for the correction of obvious mistakes.

INTERPRETATION: Any questions concerning conditions and specifications shall be directed to the Purchasing Coordinator. Those interpretations which may affect the eventual outcome of this Bid will be furnished in writing to all prospective Bidders. No interpretation shall be considered binding unless provided in writing by the City of Ormond Beach.

MINORITY POLICIES: The City of Ormond Beach, Florida, encourages the full participation of Disadvantaged and Women Business Enterprises (D&WBE) in the provision of goods and services.

LICENSES AND PERMITS: The vendor is responsible for obtaining all necessary permits and licenses to comply with all Federal, State, and Local laws, rules and regulations required to perform work in accordance with the specifications.

LOCAL VENDOR PREFERENCE: The City *may* give a local preference in the amount of three percent (3%) of the bid price or \$25,000, whichever is less. The bid price shall include not only the base bid price but all alternatives which are part of the bid and actually purchased or awarded. A Local Vendor Affidavit of Eligibility shall accompany the bid submittal to be considered valid.

PRICING: Firm prices shall be proposed and include FOB DESTINATION, all packing, handling, shipping charges and delivery to any point within the City of Ormond Beach to a secure area or inside delivery. Prices shall be valid for One Hundred and Twenty (120) days from date of Bid opening. In the event there is a discrepancy between the unit price and the extended amount, the unit price will prevail.

ADDITIONAL TERMS AND CONDITIONS: The City of Ormond Beach reserves the right to reject Bids containing any additional terms or conditions not specifically requested in the original conditions and specifications.

TAXES: The City of Ormond Beach is exempt from Federal Excise Taxes and all sales taxes.

DISCOUNTS: All discounts EXCEPT THOSE FOR PROMPT PAYMENT shall be considered in determining the lowest net cost for Bid evaluation purposes. If a Bidder offers a discount, it is understood that the discount time will be computed from the date of satisfactory delivery, at the place of acceptance, and receipt of correct invoice, at the office specified, whichever occurs last.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

SILENCE OF SPECIFICATIONS: The apparent silence of any specification and any supplemental specifications as to any details or the omission from same of any detailed description concerning any point shall be regarded as meaning that only the best commercial practices are to prevail and that only materials of first quality and correct type, size, and design are to be used. All workmanship is to be first quality. All interpretations of the specifications shall be made upon the basis of this statement.

ASSIGNMENT: Any purchase order or contract issued pursuant to a Bid and the monies which may become due there under are not assignable except with the prior written approval of the City Manager or City Commissioner, whoever authorized the purchase.

LIABILITY: The vendor shall hold and save the City of Ormond Beach, its officers, agents, and employees harmless against claims by third parties resulting from the vendor's or supplier's breach of contract or negligence, including all attorney's fees and costs, and shall pay any and all damages, fees, and costs assessed on behalf of the City. The City expressly reserves all rights, privileges and benefits of sovereign immunity.

PATENTS AND ROYALTIES: The Bidder, without exception, shall indemnify and save harmless the City of Ormond Beach and its employees from liability of any kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by the City of Ormond Beach. If the Bidder uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the Bid prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work.

SAFETY WARRANTY: The selling dealer, distributor, supplier, and manufacturer shall be responsible for compliance with all Federal, State and local laws, rules and regulations concerning the equipment and/or service specified and the use thereof, applicable and effective on the date of manufacture including safety and environmental standards as apply to both private industry and governmental agencies.

WARRANTY: The Bidder agrees that, unless otherwise specified, the services furnished under the Bid shall be covered by the most favorable commercial warranty for comparable services, and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to the City of Ormond Beach by other provision of the Bid.

AWARDS: The City reserves the right, in its sole discretion, as the best interest of the City may require, to make award(s) by individual item, group of items, all or none, or a combination thereof; on a geographical basis and/or with one or more vendors or contractors; or to reject any and all Bids or waive any minor irregularity or technicality in the Bids received.

NON-APPROPRIATION OF FUNDS: In the event sufficient budget funds are not available for a new fiscal period, the CITY shall notify the VENDOR/CONTRACTOR of such occurrence and the contract shall terminate on the last day of the current fiscal period, without any penalty or expense to the CITY of any kind whatsoever.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

COMPLIANCE WITH FLORIDA PUBLIC RECORDS LAW: Contractor expressly agrees that it shall comply with the public records law provided in Florida Statutes, Chapter 119, and specifically to:

- (a) Keep and maintain public records that ordinarily and necessarily would be required by the City in order to perform the contracted service.
- (b) Provide the public with access to public records on the same terms and conditions that the City would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
- (d) Meet all requirements for retaining public records and transfer, at no cost, to the City all public records in possession of the contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the City in a format that is compatible with the information technology systems of the City.
- (e) Failure of the Contractor to comply with Public Records Law as provided by Florida Statutes, Chapter 119, shall subject the Agreement to termination for cause by the City.

THE CITY OF ORMOND BEACH RESERVES THE RIGHT TO REJECT ANY OR ALL BIDS, AND TO WAIVE INFORMALITIES, AS MAY BE DEEMED TO BE IN THE BEST INTEREST OF THE CITY.

If the Bidder proposes to furnish an "Equivalent" product, the brand name, if any, of the product to be furnished shall be inserted in the space provided or such product shall be otherwise clearly identified. The evaluation of Bids and the determination as to equality of the product offered shall be the responsibility of the City and will be based on information furnished by the Bidder. The Purchasing Coordinator is not responsible for locating or securing any information which is not identified in the Bid and reasonably available to the Purchasing Coordinator. To insure that sufficient information is available the Bidder shall furnish as a part of the Bid all descriptive material necessary for the Purchasing Division to determine whether the product offered meets the salient characteristics required by the specifications and establish exactly what the Bidder proposes to furnish and what the City would be binding itself to purchase by making an award.

OTHER AGENCIES: Any bidder(s) awarded a contract resulting from this bid is/are given the privilege and is/are required to permit all public and governmental entities in the State of Florida to participate in the contract under the same terms and conditions.

It is understood that at no time will any agency be obligated for placing an order for any other agency. Each agency will only have the authority to obligate itself and will not be held responsible for bills incurred by any other agency. Further, it is understood that each agency will issue its own purchase order(s) or contract to successful bidder(s).

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

GENERAL INSTRUCTIONS

STATEMENT OF PURPOSE: The City of Ormond Beach, Florida, is requesting Bids and intends to select a qualified firm or individuals to provide the City with professional athletic field maintenance service at the Ormond Beach Sports Complex, Nova Community Park, South Ormond Neighborhood Center and the Ormond Beach Middle School (Jessica Lunsford Act compliance required).

SCHEDULE OF BID:

<u>May 11, 2014</u>	Legal Advertisement
<u>May 29, 2014</u>	Mandatory Pre-Bid Meeting at 2:00 P.M., Human Resources Training Room, Ormond Beach City Hall, 22 South Beach Street Ormond Beach, Florida 32174.
<u>June 12, 2014</u>	Bids due, no later than 10:00 A.M., in the office of the Purchasing Coordinator, Ormond Beach City Hall, 22 South Beach Street Ormond Beach, Florida 32174.

TERM OF AGREEMENT: The initial term of this Agreement shall be for a period of **three (3) years** starting on the commencement date and will be automatically renewed for additional **one (1) year periods** unless either party provides at least ninety (90) days prior written notice of non-renewal prior to the end of the initial term or one of the renewal terms. Commencement date is planned to coincide with the start of the City's next fiscal year on October 1, 2014.

BID DELIVERY: Submit **one (1) signed and unbound original** Bid packet, with all required attachments, by the closing date and time. Deliver Bids to: Purchasing Coordinator, Ormond Beach City Hall, 22 South Beach Street, Ormond Beach, Florida 32174. **Make sure the bid number is clearly visible on the outside of the delivery package. Bids delivered after the time and date specified will not be accepted.** For questions regarding bid delivery contact the purchasing office at 386-676-3223.

TECHNICAL QUESTIONS: Submit all technical questions regarding this Bid to the City's Landscape Architect, Paul MacDonald, by telephone (386) 676-3296 or by e-mail, paul.macdonald@ormondbeach.org.

REJECTION RIGHTS: The City of Ormond Beach reserves the right, at any time, to modify, waive or otherwise vary the terms and conditions of this Bid including, but not limited to, the deadlines for submission and submission requirements. The City further reserves the right to reject any or all submittals, to cancel or withdraw this Bid at any time and to negotiate with any party prior to or after submittal of proposals.

COST OF BID PREPARATION: No reimbursement will be made by the City of Ormond Beach for any costs incurred in the preparation of the Bid, proposal or presentation.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

BIDS TO BE IN EFFECT: Each Bid shall state that it is valid for a period of not less than one hundred and twenty (120) days from date of receipt.

BID FORM: Bids shall be submitted on standard forms which are furnished in this Invitation to Bid. Bid Forms must be completed in ink or by typewriter. Where indicated on the Bid Form, the Bid price of each item on the form must be stated in words and numerals; in case of a conflict, words will take precedence. The Bid shall contain an acknowledgement of receipt of all Addenda (the numbers and dates of which shall be filled in on the Bid Form.)

REGISTRATION AND RISK MANAGEMENT REQUIREMENTS: Any Contractor doing work for the City of Ormond Beach, on City property shall be **registered** to do business in the City of Ormond Beach and shall provide **proof of**, abide by and maintain, for the entire life of the Contractual Agreement, including any and all approved time extensions, such **insurance** as is required by City ordinance, which shall be incorporated in and made part of the contract documents. This proof of insurance will be required prior to commencement of any **on-site** work.

DEFINITION OF TERMS: For the purpose of this Agreement the following terms, phrases, words and their derivations shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, and words in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

City - the City of Ormond Beach, a Florida municipal corporation, acting through the City Commission or City Manager, or official designated by the City Manager as the case may be.

City Representative - the employee or employees designated by the City Manager to represent the City in the administration and supervision of this contract.

Contractor - the individual, firm or corporation who or which agrees to perform the work or services as set forth in this Agreement.

Debris - all material normally removed after maintenance or installation, such as sand, glass, paper, cans, trimmings, etc.; it does not include larger items such as large stones, wood, cable, etc.

Director - the Leisure Service Director, or his/her designee.

Erosion - the group of natural processes, including weathering, dissolution, abrasion, corrosion, and transportation, by which material is worn away from the earth's surface.

Fertilizer - anything added to the soil to maintain or increase its fertility. Fertilizers may be organic, that is derived from once-living matter, as are manure, compost, and bone meal; or inorganic (artificial), such as soleplate or ammonia or superphosphate, which are prepared in chemical factories.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

Herbicide - a substance that kills plants or inhibits their growth. Nonselective herbicides, generally toxic, are used to clear all plants from a broad area; selective herbicides attack weeds without permanently harming ornamental plants.

Irrigation System - the supply of water to turf grass by an automatic sprinkler system.

Logbook - an official record book with daily entries of project status, pertaining to plant condition, fertilization, herbicide, pesticides, and irrigation repairs.

Pesticide - A chemical substance used to destroy or inhibit the lifecycle of non-beneficial insects or diseases causing pathogens.

Supervision - the act, process, or function of supervising.

Surety - the party which is bound with and for the Contractor to insure the payment of all lawful debts pertaining to and for the acceptable performance of the Agreement.

SCOPE OF WORK AND SPECIFICATIONS – BASE BID ITEMS:

STATEMENT OF RESPONSIBILITIES: The Contractor will be responsible for providing all machinery, equipment, tools, materials, labor, supervision, transportation, supplies, insurance, proper safety measures and all incidentals necessary to provide and perform professional athletic field maintenance service at the Ormond Beach Sports Complex, Nova Community Park, South Ormond Neighborhood Center and the Ormond Beach Middle School.

The proposed contractor will be responsible to maintain and properly care for approximately 71 acres of Bermuda grass. The Contractor shall assume all responsibility for mowing, edging, general clean up, fertilization and pest/fungal/weed control applications to keep the Bermuda sod healthy.

This written scope of services represents the minimum standards required. The ultimate responsibility of the Contractor is to provide Bermuda grass that is at all times attractive and uniformly manicured, which will reflect favorably upon the City and the Contractor.

BERMUDA GRASS MAINTENANCE

1. Ormond Beach Sports Complex – 56 Acres
2. Nova Community Park – 10 Acres
3. South Ormond Neighborhood Center – 2 Acres
4. Ormond Beach Middle School – 3 Acres (Jessica Lunsford Act compliance required)

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

Mowing: All Bermuda grass will be mowed with appropriate reel type mowers at a minimum height of 1 ¼". The contractor shall provide a cut that is clean and sharp, with no streaks or scalping and with uniform distribution of cuttings. The contractor will not be allowed to mow when the field is saturated, or the grass is too wet for proper distribution of cuttings. Mowing directions shall be alternated in different directions after each cycle mow. Contractor will be responsible for removing all litter and debris from all Bermuda grass areas prior to each mowing to prevent the scattering of foreign material on the playing surface. Contractor will be responsible for moving any trash receptacles and soccer goals from Bermuda grass areas prior to each mowing, and for replacing those moved objects when mowing the area is completed.

March through October: All Bermuda grass shall be mowed three (3) times a week, Monday through Friday, 7:00 a.m. to 3:30 p.m.

November through February: All Bermuda grass shall be mowed two (2) times a week, Monday through Friday, 7:00 a.m. to 3:30 p.m.

The contractor shall assume the above schedules are an absolute minimum and shall be altered based on need, temperature, rainfall or other conditions that impact growth.

Edging: All Bermuda grass adjacent to paved surfaces, sidewalks, landscape beds and/ or tree ring shall be edged with a blade edger in order to maintain a clean, crisp and consistent edge line and prevent encroachment. Edging shall occur with every mowing.

Clean up: All excessive grass trimmings and clippings will be collected and removed. All sidewalks will be blown off in order to remove all debris generated during the performance of the contract.

Any damage caused by the above maintenance activities (including the irrigation system), shall be repaired by the contractor at no additional cost to the City

Fertilization, Pest and Weed Control: The contractor will be responsible to apply fertilizer, insecticides, and herbicides to ensure the Bermuda grass is healthy, pest and weed free at all times. The chemicals used shall be applied only in accordance with the manufacturer's instructions. All products are to be applied in such a manner as to insure public safety. The vendor shall adhere to the rules and regulations of the State Board of Health and other local and federal regulations. The contractor shall be responsible for any damages caused by its spraying or broadcasting.

All applicators shall have a State licensed, certified operator on staff or use a City approved sub-contractor that is licensed and certified for pest control.

The contractor shall provide the City Representative with all product MSDS sheets prior to applications. The contractor shall provide a written schedule for staff approval. One approval is granted, the contractor shall provide (24) hour advance notice of their intent to start applications. Signs must be posted after each application identifying the chemicals applied.

Late February or Early March: 15-0-15 50% slow release with 1% Ronstar

60 Days after 1st application: 15-0-15 50% slow release with 1% Ronstar

May: Chipco Choice Slit injection for Mole Crickets

June: 15-0-15

August or September: 15-0-15 50% slow release with 1% Ronstar

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

November or December: Blue Tag Winter Rye overseeding (Alternate Bid Item)
December: 15-0-15

AS REQUIRED:

21-0-0, 0-0-62, 6-2-0 Milorganite, Limestone

Herbicides: Q-4, Sencor, Revolver, Speedzone Southern, Certainty

Insecticides: CrossCheck (Bifenthrin), Seven, Advion,

The contractor shall assume the above schedules are an absolute minimum and shall be altered based on need, temperature, rainfall or other conditions that impact growth.

SCOPE OF WORK AND SPECIFICATIONS – ALTERNATE BID ITEMS:

IRRIGATION MAINTENANCE

The contractor shall be fully responsible to operate, maintain and adjust the run times of the irrigation controllers to ensure proper watering of all Bermuda grass. The contractor shall be responsible to maintain the entire irrigation system after the pump, backflow or curb stop and after the service panel.

Prior to the commencement of the maintenance program, the contractor shall have forty-five (45) days from the start of contract to inspect the irrigation system and report existing damage or incorrect operation and coverage to the City. The contractor shall be responsible for the integrity of the system after this initial inspection report and subsequent repairs.

The contractor shall run every irrigation zone valve twice per month to evaluate each zone for required repair. All repairs shall be made by utilizing the same manufacturer unless otherwise approved by the City. The contractor shall be required to make all repairs within a 24 hour period. Any form of damage to the irrigation system must be reported to the City Representative immediately upon discovery. The contractor will be responsible to document all materials and labor hours required to operate and maintain the irrigation systems.

OVERSEEDING TURF

The Contractor shall over seed all Bermuda grass a minimum of one (1X) time per year, starting in November or December, as approved by the City Representative with Blue Tag Winter Rye. Spread Winter Rye seed at a minimum rate of one (1) LB per thousand feet, spread in both directions to provide uniform coverage.

CORE AERATION /SPIKING OF TURF

The contractor shall core aerate the Bermuda grass a minimum of two (2X) times per year. Core aeration must be done in both directions to provide uniform coverage.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

VERTICAL MOWING

The contractor shall vertical mow the Bermuda grass one (1x) time per year from April to September, in one direction to control mat and thatch build up.

TOP DRESSING

The Contractor shall topdress the Bermuda grass with a 1/8 inch layer of sterile 50/50 premium sand to fill in voids that occur from use of the fields. The City Representative must approve the topdressing material prior to installation. Golf Specialties Inc. is a preferred material supplier (800) 340-8337

TURF RESTORATION

The Contractor shall be responsible for repairing the Bermuda grass by patching small damaged areas that occur during in season leagues to keep the field in optimum condition. The contractor shall remove the sod with the appropriate equipment (sod cutter or Koro), laser grade if necessary and install 419 Bermuda sod. The new sod must be properly rolled with an appropriate weight roller to level repair.

GENERAL MAINTENANCE TASKS

The contractor shall provide a sufficient number of supervised staff, seven (7) days a week, 365 days per year, to complete the maintenance duties as outlined below, or as directed by the City representative. The contractor is solely responsible to complete all tasks in a reasonable amount of time and/or to not disturb the scheduled use of the playing fields or facilities.

Soccer: Currently, we have 9 soccer fields. Each field may have up to 4 smaller soccer fields on each at the Sports Complex

- Initial layout/paint soccer fields for spring and fall seasons
- Paint soccer fields weekly throughout the spring and fall season
- Paint competitive soccer fields throughout the year
- Move soccer goals onto playing fields and sandbag daily
- Prepare soccer fields for games (i.e., install flags and move player benches)
- Inspect soccer nets and re-strap daily
- Remove/replace trash totes from soccer fields for contractor to empty three times per week

- Assistance with City Wide emergencies
- Hurricane preparation for all sports complexes

ADDITIONAL CONTRACT REQUIREMENTS :

EQUIPMENT: The Contractor shall have on hand at all times and in good working order such equipment as shall permit the Contractor to adequately and efficiently perform its Contractual duties. All equipment shall be kept in good repair, appearance, and in a sanitary and clean condition at all times.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

Equipment shall have the name of the Contractor, business telephone number and the number of the vehicle in letters not less than three (3) inches high on each side of the vehicle. The Contractor may also place its corporate logo on the vehicles; however, no other form of advertising shall be permitted on vehicles. The Contractor shall supply the City with a listing of the vehicle numbers normally assigned to performance of duties under this Contract and shall keep the list current.

All equipment shall be kept in good safe operating condition with sharp blades and in such condition that oil and gasoline are not leaked.

EQUIPMENT STORAGE: The Contractor will be allowed to use half of an existing storage building located at the Ormond Beach Sports Complex. The space is approximately 50' x 50'. If alternate #8 and #9 is awarded, the contractor will be allowed to use the entire building. The Contractor will not be required to pay the City to use the building or pay any monthly utility cost.

EQUIPMENT FUELING AND LUBRICATING: Mowers and power equipment shall be fueled and lubricated using proper tools and equipment. Any fuel or oil spills are the sole responsibility of the Contractor to clean up and / or remove at the Contractor's expense. Any damage caused by such fuel or oil spills shall be corrected within three (3) days by Contractor at the Contractor's expense.

CONTRACTOR SCHEDULE: Contractor shall submit a calendar schedule of all work, including a fertilizer timetable, specifying fertilizer manufacturer and formulary, to be performed for one (1) year. A copy of the yearly calendar shall be submitted to City Representative. Contractor shall update schedule on a monthly basis as needed. The use of noise making equipment is restricted to the hours of 7:30 A.M. to 6:30 P.M. Monday through Friday, (unless otherwise approved in writing by the City Representative).

REPLACEMENT OF PLANT MATERIALS: City will be responsible to replace all Bermuda grass that is vandalized, or otherwise destroyed by unforeseen or unpreventable circumstances. However, if the City staff determines that the poor condition of Bermuda grass is due to improper maintenance or irrigation, the Contractor will be responsible for replacing the Bermuda grass at the Contractor's sole expense. City shall be notified of Bermuda grass areas in distress. These grass areas need to be evaluated for plan of action and monitored by Contractor.

SAFETY CONSIDERATIONS: The Contractor is responsible for being in compliance with all OSHA rules and regulations at all times.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

EMERGENCY: The Contractor must respond within one (1) hour to emergency calls placed by the City staff. Contractor shall employ all available means to expedite the service applicable to the nature of the emergency.

STORM DAMAGE CLEANUP: The Contractor must fully cooperate with the City in the cleanup efforts of the Bermuda grass. Storm damage cleanup must be completed within twenty-four (24) hours after the storm event. A storm is defined as winds of 35 M.P.H. or greater, rain in excess of three (3) inches over a twenty-four (24) hour period or other acts of nature. Provided the Contractor has obtained prior written authorization from the City Representative, the Contractor shall be reimbursed for the actual documented cost to the Contractor of all required additional labor, overhead and equipment provided by the Contractor in response to the storm event.

ADDITIONAL MAINTENANCE (Non-emergency): The Contractor is required to complete additional maintenance and/or additional regularly schedule maintenance activities to new site not currently listed within this contract, at the request of City Representative. Additional costs will be in accordance with the executed contacts unit costs, or as otherwise negotiated by City staff for additional site maintenance not presently included within this contract.

EXTRAORDINARY OCCURRENCES: It is agreed that in no event shall the City or Contractor be liable or responsible to each other or any other person to perform work herein provided, where such stoppages or delays result from inclement weather, drought or excessive rain, acts of God, fire, or any other cause not within the control of the City and/or the Contractor.

QUALITY OF SERVICE: The direction and supervision of athletic field maintenance services shall be by competent and qualified personnel and the Contractor shall devote sufficient personnel, time and attention to the direction and detail of the operation to assure performance satisfactory to the City. In the event the quality of work performed is not acceptable to the City or the work is not performed when specified, the City will reduce the next payment using the full price as submitted in this bid for the affected site.

SUPERVISION: The Contractor is responsible for all personnel and supervision required performing work in accordance with these specifications. Supervision will be required for all working hours of the contract. The Contractor and their employees must comply with all City regulations. The Contractor understands that all planning, coordinating, and implementation of the described services shall be done through personal contact between the Contractor and City Representative. Contractor will notify the City Representative (via fax, e-mail, text, or in person) when the specified scheduled services are fully completed. This is to allow the City Representative to inspect for full contract compliance and authorization for scheduled payments. City approved representatives of the Contractor shall be available to meet with the City Representative as required to accomplish the City's objectives. All meetings with the City will be at no charge. **A weekly progress meeting is a requirement of this bid.**

CONTACT PERSON: The Contractor shall provide the name and telephone number(s) of an English speaking contact person in case of an emergency.

The Contractor shall provide the name and telephone of an English-speaking representative to meet periodically with the City Representative.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

CONTRACTORS EMPLOYEES: Contractors employees must be bonded. Proof of bonding must be submitted with bid. The City may request the Contractor to provide a list of employees working certain days, hours, or assignments. Such list must be submitted within two (2) hours (unless otherwise indicated) of the City's request and may include Social Security numbers, driver's license numbers, and addresses.

The City reserves the right to accept or reject any employee of the Contractor.

All personnel must be visible as Contractor's employee(s) by uniform and/or badge while on City property. The Contractor's work force shall be neat and clean in appearance and shall wear identification. Identification shall include the employee's name and company name.

SUBCONTRACTOR: The Contractor is not permitted to use any subcontractors in performing any services related to these specifications unless the Contractor obtains prior written approval from the City Representative or is approved during the bid process.

Approval by the City does not make the City a party of such subcontract, or subject the City to liability of any kind to any subcontractor. No subcontract will, under any circumstances, relieve the Contractor of their liability and obligation under this Contract; and despite any such subletting; the City shall deal through the Contractor. Subcontractors will be dealt with as employees and representatives of the Contractor, and as such shall be subject to the same requirements as are other employees of the Contractor.

VACATION: Contractor shall not be allowed vacation time as part of this contract.

AWARD: The City reserves the right to award any contract(s) to the bidder(s) which it deems to offer the best overall service; therefore, the City is not bound to award any contract(s) based solely on lowest quoted price. The City also reserves the right to negotiate separately with competing bidders as deemed to be in the City's best interest.

COST ADJUSTMENT: No later than June 1, of each contract year, the Contractor may petition the City through the Contract Manager for a rate adjustment to reflect the change in the cost of doing business, as measured by fluctuations in the Consumer Price Index (CPI), All Urban Customers, published by the U.S. Department of Labor, Bureau of Labor Statistics, for the preceding July 1-June 30 period. The maximum increase for any annual period shall be four (4%) percent which will only apply to the future year; increases will not be retroactive. The adjusted rate, if approved by the City Commission shall take effect on October 1, of the year in which approved.

TAXES: The Contractor is responsible for paying any and all taxes associated with this agreement.

OTHER AGENCIES: Any bidder(s) awarded a contract resulting from this bid is/are given the privilege and is/are required to permit all public and governmental entities in the State of Florida to participate in the contract under the same terms and conditions. It is understood that at no time will any agency be obligated for placing an order for any other agency. Each agency will only have the authority to obligate itself and will not be held responsible for bills incurred by any other agency. Further, it is understood that each agency will issue its own purchase order(s) or contract to successful bidder(s).

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

NON-APPROPRIATION OF FUNDS: In the event sufficient budget funds are not available for a new fiscal period, the City shall notify the Contractor of such occurrence and the contract shall terminate on the last day of the current fiscal period, without any penalty or expense to the City of any kind whatsoever.

PAYMENT PROCEDURES: Payment will be made after satisfactory completion of the work. Each invoice shall be paid by the CITY within thirty (30) days of receipt, in accordance with the Florida Prompt Payment Act (Part VII, Chapter 218, *Florida Statutes*). Submit invoices to the CITY's Facilities Maintenance Manager, Public Works Department, 501 N. Orchard Street, Ormond Beach, FL 32174. Due to such occurrences if the work scheduled is unable to be performed or cancelled, no payments will be let for service(s) not rendered.

TERMINATION OF AGREEMENT: If the Contractor fails to perform the conditions of the agreement as specified and as interpreted by the Contract Manager, the Contract Manager shall provide written notice of such violations. Full payment may be withheld unless the discrepancy is resolved within five (5) calendar days of written notice. If the violations are not corrected to the satisfaction of City staff or reoccur, the City may in its sole discretion immediately terminate the agreement. Termination or cancellation of the agreement will not relieve the Contractor from any contractual obligations to the City.

The City reserves the right to terminate the agreement without cause with a forty-five (45) calendar day written notice.

The City Commission shall have the right to terminate the Agreement in the event the Contractor files any petition or proceeding for bankruptcy relief, or is adjudicated to be bankrupt or insolvent, or fails to pay just debts as they ordinarily become due.

This Agreement may not be terminated by the Contractor.

SELECTION OF CONTRACTOR, SUBMITTALS AND BID SCHEDULE

PROFESSIONAL QUALIFICATION: Any firm or individual licensed and bonded to perform the landscape maintenance work, having demonstrable professional experience in the project category for a minimum of 10 years and having interest in providing these services to the City of Ormond Beach, is invited to submit a Letter of Interest and Bid. References will be verified and past performance must be found acceptable by City staff.

INFORMATION TO BE SUBMITTED: The Bid package shall consist of the following:

1. One (1) complete original BID including Bid (ITB) form, Addendum Acknowledgement and completed fee schedule.
2. Required Bid Security in the form of
 - (1) a certified check drawn in favor of the City of Ormond Beach in the amount of 5 percent of the total bid; or
 - (2) a Bid Bond in the amount of 5 percent of the total bid.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

3. One (1) original letter of interest.
4. Philosophy and general project approach of the firm or individual.
5. Proposed organizational chart, with resumes of the project team. Include subcontractors for consideration, if appropriate.
6. Provide financial information (Balance Sheet and Income Statement) for 2011, 2012, and 2013.
7. Past Experience - Similar contracts. List projects which are similar in scope and size that the proposed firm or individual has been awarded within the past five (5) years including:
 - a) Contract name
 - b) Address
 - c) A brief description of the work
 - d) Contract amount
 - e) Duration
 - f) Name of contact with telephone number
8. List of equipment the bidder possesses.
9. Copy of firm's current Operational Business License renewal.
10. Copy of firm's insurance certificates.
11. Conflict, Non-Conflict of Interest Statement and Litigation Statement
A list of all lawsuits that the bidder has been a party to in the past five (5) years
12. Drug Free Workplace Certificate

The undersigned BIDDER proposes and agrees, if this Bid is accepted, to enter into an Agreement with OWNER to complete all Work as specified or indicated in the Contract Documents for the Contract Price as indicated in this Bid Proposal and in full accordance with all requirements as set forth in the Contract Documents.

(a) The Contract Documents, which set forth the terms and conditions of the Agreement, are comprised of the signed Quotation, with all related attachments and addendum (if any), any documentation accompanying the Quote, any post-quotation documentation submitted prior to the Notice of Award, the Certificate of Insurance, the Bonds (when required), the Project Specifications and/or Drawings, and any other exhibits identified in the Agreement, together with any modifications issued after the execution of the Agreement.

(b) The Contract Price constitutes the total compensation (subject to authorized adjustments) payable by the OWNER to the CONTRACTOR for performing the Work.

The Contractor is responsible for furnishing and maintaining all equipment in safe operating condition to perform duties in accordance with these specifications.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

The City may order work to be stopped if conditions exist that present an immediate danger to persons or property. The Contractor acknowledges that such work stoppage will not shift responsibility for any damages from the Contractor to the City.

HOLD HARMLESS: The City, its agents, employees, and officials, both elected and appointed, shall be held harmless from and against all claims for bodily injury, sickness, disease, death or personal injury or damage to property or loss of use resulting there from, arising out of the agreement, contract or lease unless such claims are a result of the City's sole negligence, as determined by the final arbiter of such claim.

The City, its agents, employees, and officials, both elected and appointed shall be held harmless from and against all claims for bodily injury, sickness, disease, death or personal injury or damage to property or loss of use resulting there from arising out of performance of the agreement or contract, unless such claims are a result of the City's sole negligence, as determined by the final arbiter of such claim.

The City, its agents, employees, and officials, both elected and appointed shall also be held harmless from and against all claims for financial loss with respect to the provision of or failure to provide professional or other services resulting in professional, malpractice, or errors and omissions liability arising out of performance of the agreement or contract, unless such claims are a result of the City's sole negligence, as determined by the final arbiter of such claim.

In submitting this Bid, BIDDER represents, as more fully set forth in the Agreement, that:

- (a) BIDDER has examined copies of all the Contract Documents and of the following addenda (receipt of all of which is hereby acknowledged):

<u>Addendum Date</u>	<u>Addendum Number</u>
<u>May 15, 2014</u>	<u>No. 1</u>
<u>June 2, 2014</u>	<u>No. 2</u>

- (b) BIDDER has examined the site and locality where the Work is to be performed, the legal requirements (federal, state and local laws, ordinances, rules and regulations) and the conditions affecting cost, progress or performance of the Work and has made such independent investigations as BIDDER deems necessary.

- (c) BIDDER accepts all of the terms and conditions of the Contract Documents. This Bid will remain open for 120 days after the day of Bid opening. BIDDER will submit the Contract security bonds (when required) and other documents required by the Contract Documents within ten (10) days after the date of OWNER'S Notice of Award.

- (d) This Bid is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; BIDDER has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid; BIDDER has not solicited or induced any person, firm or a corporation to refrain from bidding; and BIDDER has not sought by collusion to obtain for himself any advantage over any other Bidder or over OWNER; and

- (e) BIDDER will complete the Work for the following price(s):

BID BOND

Page 843 of 2279

Aspen American Insurance Company
175 Capital Boulevard, Rocky Hill, CT 06067

POWER OF ATTORNEY

KNOW ALL PERSONS BY THESE PRESENTS, THAT Aspen American Insurance Company, a corporation duly organized under the laws of the State of Texas, and having its principal offices in Rocky Hill, Connecticut, (hereinafter the "Company") does hereby make, constitute and appoint: Ryan P. Rothrock; Stephen P. Farmer; Pamela Thompson; M. Decker Youngman; Tyler DeBord of Brown & Brown of Florida, Inc. its true and lawful Attorney(s)-in-Fact, with full power and authority hereby conferred to sign, execute and acknowledge on behalf of the Company, at any place within the United States, the following instrument(s) by his/her sole signature and act; any and all bonds, recognizances, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking and any and all consents incident thereto, and to bind the Company thereby as fully and to the same extent as if the same were signed by the duly authorized officers of the Company. All acts of said Attorney(s)-in-Fact done pursuant to the authority herein given are hereby ratified and confirmed.

This appointment is made under and by authority of the following Resolutions of the Board of Directors of said Company effective on April 7, 2011, which Resolutions are now in full force and effect;

VOTED: All Executive Officers of the Company (including the President, any Executive, Senior or Assistant Vice President, any Vice President, any Treasurer, Assistant Treasurer, or Secretary or Assistant Secretary) may appoint Attorneys-in-Fact to act for and on behalf of the Company to sign with the Company's name and seal with the Company's seal, bonds, recognizances, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said Executive Officers at any time may remove any such appointee and revoke the power given him or her.

VOTED: The foregoing authority for certain classes of officers of the Company to appoint Attorneys-in-Fact by virtue of a Power of Attorney to sign and seal bonds, recognizances, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, as well as to revoke any such Power of Attorney, is hereby granted specifically to the following individual officers of Aspen Specialty Insurance Management, Inc.:

Michael Toppi, Executive Vice President, Scott Sadowsky, Senior Vice President, James Mercier, Senior Vice President, Mathew Raino, Vice President, Scott Mandeville, Vice President and Ryan Field, Assistant Vice President.

This Power of Attorney may be signed and sealed by facsimile (mechanical or printed) under and by authority of the following Resolution voted by the Boards of Directors of Aspen American Insurance Company, which Resolution is now in full force and effect:

VOTED: That the signature of any of the Officers identified by title or specifically named above may be affixed by facsimile to any Power of Attorney for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any and all consents incident thereto, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company. Any such power so executed and certified by such facsimile signature and/or facsimile seal shall be valid and binding upon the Company with respect to any bond or undertaking so executed.

IN WITNESS WHEREOF, Aspen American Insurance Company has caused this instrument to be signed and its corporate seal to be hereto affixed this 16th day of October, 2013

STATE OF CONNECTICUT

SS. ROCKY HILL

COUNTY OF HARTFORD

Aspen American Insurance Company

Ryan Field, Assistant Vice President

On this 16th day of October, 2013 before me personally came Ryan Field to me known, who being by me duly sworn, did depose and say; that he/she is Assistant Vice President, of Aspen American Insurance Company, the Company described in and which executed the above instrument; that he/she knows the seal of said corporation and the seal affixed to the said instrument is such corporate seal; and that he/she executed the said instrument on behalf of the Company by authority of his/her office under the Resolutions thereof.

Patricia C. Taber

Notary Public

My commission expires: May 31, 2016

CERTIFICATE

I, the undersigned, Ryan Field of Aspen American Insurance Company, a stock corporation of the State of Texas, do hereby certify that the foregoing Power of Attorney remains in full force and has not been revoked; and furthermore, that the Resolutions of the Boards of Directors, as set forth above, are now and remain in full force and effect.

Given under my hand and seal of said Company, in Rocky Hill, Connecticut, this 29 day of May, 2014

By:

Name: Ryan Field, Assistant Vice President

INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

DRUG-FREE WORKPLACE CERTIFICATION

IDENTICAL OR "TIE" BIDS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal in respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violation.

Give each employee that engages in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).

In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) calendar days after such conviction.

Impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

LOCAL VENDOR PREFERENCE

The following is taken from the Code of Ordinances, City of Ormond Beach, Chapter 2, Financial Matters, Division 3, Purchasing, Article IX, Section 2-304:

Except where otherwise provided by federal or state law or other funding source restrictions, purchases of goods and services under the Purchasing Code shall give preference to local businesses as follows:

- (a) Under a competitive bid solicitation, the City *may* give a local preference in the amount of three percent (3%) of the bid price or \$25,000, whichever is less. The bid price shall include not only the base bid price but all alternatives which are part of the bid and actually purchased or awarded.
- (b) A *local business* shall mean a vendor that has a valid occupational license issued by the City of Ormond Beach at least one year prior to bid opening, with a physical business address located within the municipal boundaries of the City of Ormond Beach from which the vendor operates or performs business on a day-to-day basis that is a substantial component of the goods or services being offered and has provided a Local Vendor Affidavit of Eligibility at the time the bid is submitted.
- (c) A *Local Vendor Affidavit of Eligibility* shall accompany the bid submittal to be considered valid and shall include, but not be limited to, the following information:
 - (1) A physical business and location address;
 - (2) A copy of current City of Ormond Beach Local Business Tax Receipt (occupational license) to verify the business location;
 - (3) Proof of payment of business tax and real property tax due to the City of Ormond Beach;
 - (4) A copy of the firm's most recent annual corporation report to the Florida Division of Corporations;
 - (5) Any additional information necessary to verify local status.
- (d) *Exemptions:* Goods or services provided under a cooperative purchasing agreement, contracts for professional services subject to Consultants' Competitive Negotiation Act, purchases or contracts funded in whole or part by a governmental entity that does not allow local preferences, purchases made under another agency's agreements or contracts (piggybacking), purchases under emergency or sole source situations and procurements subject to formal proposals including but not limited to request for proposals (RFP) or continuing contract, and request for quotes (RFQ) versus straight competitive bids.
- (e) This section shall not be deemed to require the granting of a local preference, and nothing herein prohibits the award of a contract to a non-local vendor where such award is in the public interest.

Bid No. 2014-15

Contractor Insurance

1. General

The Contractor, including service-related contractors, shall purchase and maintain for the entire life of the Project, including any and all approved time extensions, until its final acceptance by the City, such insurance as will protect the Contractor from claims under Workers' Compensation, disability benefit laws or other similar employee benefit laws; from claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees; from claims insured by usual or unusual injury liability coverage; from claims or injury to or destruction of tangible property and from claims insured by usual Commercial General Liability coverage. This includes loss of use resulting therefrom, any or all of which may arise out of the Contractor's operations under the Contract Documents, whether such operations be by the Contractor, by any Subcontractor, or by anyone directly or indirectly employed by any of them or for whose acts any of them may be legally liable. The Contractor's deductibles/self-insured retentions shall be disclosed to the City and may be disapproved by the City, and may be reduced or eliminated at the sole discretion of the City. The Contractor is responsible for the amount of any deductible or self-insured retention.

2. Types of Insurance and Limits of Liability

The insurance required herein shall be written for not less than any limits of liability specified and incorporated as part of the Contract Documents or as required by law, whichever is greater, and shall include the following:

- (a) Workers' Compensation Insurance in statutory limits for the State of Florida with Coverage B - Employer's Liability limits of not less than:

\$100,000 Each Accident Bodily Injury by Accident
\$100,000 Each Employee Bodily Injury by Disease
\$500,000 Policy Limit Bodily Injury by Disease

Certificate of Exemptions. If the contractor has a State-issued Certificate of Exemption, the contractor may provide a copy in place of the requirement for coverage. However, if the contractor subcontracts or retains any other person or entity to perform under the contract, that person or entity must provide proof of workers' compensation insurance as required by law or provide a Certificate of Exemption.

It is the intent of the City that any individual who either contracts directly with the City or performs any work on behalf of any such contractor be covered by workers' compensation insurance or have a valid exemption from said coverage.

(If applicable to the Project, the policy must include benefits under the United States Longshoremen's and Harbor Workers' Act and the Jones Act coverage--all maritime coverage.)

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

- (b) Commercial General Liability Insurance shall be written on a coverage form as broad as Insurance Services Office (ISO) Form CG 00 01 11 88, or its successor form, including but not limited to the following coverage (any deviation shall be noted on the Certificates of Insurance):

- a. Premises and Operations
- b. Owners' & Contractors' Protective
- c. Products & Completed Operation
- d. Explosion, Collapse & Underground Conditions
- e. Blanket Contractual Liability
- f. Personal Injury Liability
- g. Broad Form Property Damage Endorsement, including Completed Operations
- h. Independent Contractors
- i. Watercraft--Owned and Non-Owned (if applicable, endorsement must be included in General Liability policy or a separate Protection & Indemnity Policy must be written)
- j. Pollution Liability (if applicable)
- k. Asbestos Abatement (if applicable)
- l. Fire Damage Liability

Certain coverage outlined above may not be required if they do not relate to the Project, as may be determined at the sole discretion of the City.

Commercial General Liability Coverage shall be written on an occurrence basis and the limits shall be no less than the following amounts for all tiers of Contractors and Subcontractors:

<u>Contract Value</u>	<u>Limits (not less than)</u>
0 - \$25,000	\$300,000 Each Occurrence \$300,000 General Aggregate* \$300,000 Aggregate Products & Completed Operations \$25,000 Fire Damage (any one fire)
\$25,001 - \$250,000	\$500,000 Each Occurrence \$1 Million General Aggregate* \$1 Million Aggregate Products & Completed Operations \$50,000 Fire Damage (any one fire)
\$250,001 - \$3,000,000	\$1 Million Each Occurrence \$1 Million General Aggregate* \$1 Million Aggregate Products & Completed Operations \$50,000 Fire Damage (any one fire)

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

\$3,000,001 & over 20% of the Value of the Contract
[Minimum \$1 Million Each
Occurrence/\$2 Million General Aggregate]

* NOTE: Commercial General Liability Coverage must be purchased on either a project basis (separate policy per contract) or an endorsement allocating an aggregate limit per location or specified project.

- (c) Automobile Liability Insurance for the operation, use, maintenance, loading or unloading of automobiles - ISO Symbol 1 (Any Auto) or alternatively a combination of Symbol 2 (Owned Autos), Symbol 8 (Hired Autos), and Symbol 9 (Non-Owned Autos).

<u>Contract Value</u>	<u>Limits (not less than)</u>
0 - \$25,000	\$300,000 Combined Single Limit
\$25,001 - \$250,000	\$500,000 Combined Single Limit
\$250,001 and over	\$1 Million Combined Single Limit

- (d) Excess Liability

For Contracts of \$250,000 or more, and in addition to the scheduled underlying policies for Commercial General Liability, Automobile Liability and Employers' Liability, the Contractor shall also provide an Excess Liability Policy with a maximum self-insured retention for occurrences insured in this Excess Policy not to exceed \$25,000 and a minimum limit of \$1 Million.

C. Requirements for Certificates of Insurance

- (a) With the execution of the Contract Documents, the Contractor, including service-related contractors, shall provide certificates of such insurance acceptable to the City. These certificates and insurance policies shall contain an endorsement that the coverage under the policies will not be canceled, non-renewed or materially changed until at least thirty (30) days' prior written notice of such cancellation, non-renewal or change (except for nonpayment of premium, which shall be ten_(10) days) and a copy of the cancellation endorsement signed by an authorized representative of the insurer, be given to the City. The contractor shall be required to replace any expired or canceled policies in like amount and coverage to the satisfaction of the City. The Certificate of Insurance shall be the ACORD FORM 25-S (7/90), or its successor form, and shall be made a part of the Contract Documents.
- (b) New certificates of insurance shall be provided to the City at least fifteen (15) days prior to coverage renewals.

CITY OF ORMOND BEACH
INVITATION TO BID
Athletic Field Maintenance Service
Bid No. 2014-15

- (c) If requested by the City, the contractor shall immediately furnish complete copies of the Contractor's insurance policies, forms and endorsements.
- (d) For Commercial General Liability coverage the Contractor shall, at the option of the City, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage. If the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit may be required by the City for the given contract.
- (e) If the Contractor fails to obtain and maintain for the life of the Project the insurance required hereby or to replace any such expired or canceled policy, the City may obtain and maintain such insurance with such company as it deems satisfactory. Any amounts expended by the City in payment of premiums for such insurance shall be deducted by the City from the amount due the Contractor for the work covered by the Contract.

D. Policies of Insurance

- (a) Except as otherwise provided in this Agreement, all insurance policies shall be issued by insurers licensed to do business in the State of Florida on an admitted basis or which is an eligible surplus lines insurer in the State of Florida, and any such insuring company is required to have a minimum financial rating of (A-) in the latest edition of "Best's Key Rating Guide", published by A. M. Best Co., Inc., or some similarly nationally recognized rating authority, including Standard and Poors and Demotech.
- (b) For Workers' Compensation coverage only, self-insurance programs are acceptable with a minimum A- rated reinsurance carriers; written confirmation is required.
- (c) All policies of insurance or certificates thereof referred to in this Agreement shall be deposited with the City Clerk.
- (d) The City shall be named an Additional Insured on General Liability and Automobile Liability policies of insurance and certificates thereof.

Re: Proposal for Athletic Field Maintenance Service (ITB-2014-15)

I am pleased to submit Austin Outdoor's proposal for Athletic Field Maintenance Service for ITB-2014-15. Our full-service approach to maintaining the **City of Ormond Beach's** Athletic Fields, from irrigation monitoring to fertilization applications, are all coordinated to deliver the same high level of quality that Austin Outdoor is proud to produce for the **City of Ormond Beach's** Facilities, Parks and Right of Way since 2012.

As you review our proposal, you'll notice that quality, integrity and detailed planning have helped us build strong relationships and maintain nationally award-winning properties for our clients. We promise to serve our clients effectively by providing:

Crystal-Clear Communication

You want to know what's going on, and our people, systems and policies put communication first.

Proactive Attitudes

Procedures, checklists and training all focus on making sure you don't have to manage our work.

Quality Work

Our experienced staff and integrated approach allow us to find unique solutions to meet your needs.

Please find enclosed:

- Philosophy and Project Approach
- Organizational Chart, with Resumes of the Austin Outdoor Team
- Financial Information for 2011, 2012, 2013
- Past Experience and Similar Projects
- Equipment List
- Insurance Certificates
- Conflict, Non-Conflict of Interest Statement, & Litigation Statement
- Drug Free Workplace Certificate

We certify that the proposal and fee schedule for Athletic Field Maintenance Service (ITB-2014-15) will remain in effect for 120 days after the due date. Thank you for the opportunity to further our mission to *create premier properties and build lasting relationships* with the **City of Ormond Beach**.

Best Regards,

Barry Critcher

Overview

How It All Began

Austin Outdoor was established in 1994 and has since developed a solid reputation as leading landscape professionals. It all began with a single location here in Flagler County and has grown to now include locations across Florida, Georgia, and South Carolina. Each location enables us to manage and enhance a variety of complex landscapes.

Services Offered

Our three distinct landscape divisions – **Landscape Design**, **Landscape Installation** and **Landscape Management** – are equipped to handle a wide variety of projects, including streetscapes, planned communities, condominiums, golf clubs, office complexes, retail establishments and resorts. Our company has the ability to handle all aspects of projects from concept to completion.

Approach

Austin Outdoor takes a client-centric, proactive approach when it comes to landscaping. We partner with our clients to fulfill all your landscape needs while providing sustainable landscapes, according to Best Management Practices.

MISSION STATEMENT

Austin Outdoor is a horticultural organization dedicated to creating, building and maintaining sustainable landscapes. Through our knowledgeable professionals and innovative approach, we provide a wide range of services that enhance client's investments and improve the quality of life.

Our Core

Delivering Our Service Promise

People

At Austin Outdoor, our people make the difference. That's why we go to great lengths to recruit and develop inspired people. Austin Outdoor has over 800 employees.

Vision Statement

Relentless dedication to our Strategic Principle of "Creating premier properties. *Building lasting relationships.*" generates Lasting Value for clients and makes us their company of choice.

Brand Promise

Austin Outdoor is your premier landscaping partner. We will deliver absolutely superior work and treat you as a truly valued client. You can relax because our highly professional team will be extremely responsive to all of your needs, while ensuring that your investment is protected and your property looks great. We will provide a single point of contact offering services from concept to completion. We offer innovative design, years of experience, a full cadre of resources, and an honest passion for creating breathtaking landscapes that are sustainable, showcase the beauty of nature and truly add to the quality of life.

Austin Absolutes

Attitude—Focus on the positive, on what you can do, and not what you can't.

Understanding—Listen, communicate and deliver.

Surpass All Expectations—Meeting expectations is expected; surpassing them will set us apart.

Trust—Trust has to start somewhere. Let it start with you.

Initiative—Own it, really!

Never be Satisfied—Excellence is a journey, not a destination.

AUSTIN ABSOLUTES

The Austin Absolutes were created by our Customer Service Excellence Teams and are the key customer service beliefs, promises and standards that each and every employee of Austin Outdoor must passionately commit to delivering, every single day, for every single client. The Austin Absolutes are based on direct client feedback and the observations of field and business development management.

Exceeding Expectations

By Listening to Our Client's Voice

Each year our clients are asked to spend a few moments responding to a brief online survey and tell us how we are performing in our mission to create premier properties and build lasting relationships.

The survey asks that each client rank Austin Outdoor in the following categories:

- Quality of Work*
- Ability to Meet Expectations*
- Responsiveness to Individual Needs*
- Clarity of Information*
- Level of Respect for You*
- Overall Satisfaction*

It concludes with the simple question:

Would you recommend Austin Outdoor to others?

2014's survey responses are summarized here:

Category	% Positive
Quality of Work	94.8%
Ability to Meet Expectations	93.4%
Responsiveness to Individual Needs	95.1%
Clarity of Information	95.1%
Level of Respect for You	100%
Overall Satisfaction	94.1%
Would Recommend Austin Outdoor	93.9%

Various Caterpillar Equipment	30+

NOTE OF INTEREST

Austin Outdoor takes great care when maintaining its fleet and equipment. It ensures all equipment has regularly scheduled preventative maintenance and care.

Approach

The City of Ormond Beach

Athletic Field Maintenance

Approach to Scope of Services

The following is an explanation of Austin Outdoor's approach to providing turfgrass management services for the City of Ormond Beach's Athletic Field Maintenance:

I. TURFGRASS MAINTENANCE PROGRAM

A. Turfgrass Specifications

1. Mowing

- a. All Bermuda grass will be mowed with appropriate reel type mowers at a minimum height of 1 ¼". **Austin Outdoor** shall provide a cut that is clean and sharp, with no streaks or scalping and with uniform distribution of cuttings.
- b. Mower blades will be kept sharp at all times to prevent tearing of grass leaves.
- c. Various mowing patterns will be employed to insure the even distribution of clippings and to prevent ruts in the turf caused by mowers. Grass clippings will be left on the lawn to restore nutrients, unless excess clippings create an unsightly appearance.
- d. **Austin Outdoor** will move any trash receptacles and soccer goals from Bermuda grass areas prior to each mowing and will replace those moved objects when mowing of the area is complete.

2. Edging & Trimming

- a. **Austin Outdoor** will neatly edge and trim around all plant beds, curbs, streets, trees, buildings, etc. to maintain shape and configuration.
- b. Edging equipment will be equipped with manufacturer's guards to deflect hazardous debris.
- c. All walks will be blown after edging to maintain a clean, well-groomed appearance.
- d. All grass runners will be removed after edging to keep mulch areas free of weeds and encroaching grass.
- e. "Hard" edging, "Soft" edging and string trimming shall be performed in conjunction with turf mowing operations.
- f. Areas mutually agreed to be inaccessible to mowing machinery will be maintained with string trimmers or chemical means, as environmental conditions permit.

3. Debris Removal

- a. Prior to mowing, each area will be patrolled for trash and other debris to reduce the risk of object propulsion and scattering, excluding areas concentrated with trash (e.g., dumpster zones, dock areas, and construction sites).
- b. Removal of all landscape debris generated on the property during landscape maintenance is the sole responsibility of **Austin Outdoor**, at no additional expense to the **City of Ormond Beach**.

4. Fertilizer

- a. Turf grass will be fertilized as appropriate in accordance with type using a premium turf fertilizer containing minor elements. Various ratios of Nitrogen, Phosphorus, and Potassium (NPK) will be utilized for different growing seasons and environmental conditions.
- b. All sidewalks, roads, curbs, and patios will be swept clean of granular fertilizer after applications to minimize staining.
- c. Please see *Comprehensive Program for the City of Ormond Beach Athletic Field Maintenance Service* attached.

Approach

Page 2

5. Insect, Disease, and Weed Control

- a. Treatment of turf areas for damaging insect infestation or disease and weed control will be the responsibility of **Austin Outdoor**.
- b. All products will be applied as directed by the manufacturers' instructions and in accordance with all state and federal regulations.
- c. **Austin Outdoor** must possess and maintain an active certified Pest Control License issued through the Florida Department of Agriculture and Consumer Services. Only trained applicators will apply agricultural chemicals.
- d. Access to a water source on the **City of Ormond Beach**'s property must be provided for use in spray applications.

B. Irrigation (*contingent upon addition to the scope of services*)

1. Irrigation inspections include inspection of sprinkler heads, timer mechanism, and each zone. In addition, the system will be inspected visually for hot spots and line breaks with each additional visit to the property.
2. Irrigation rotors and spray nozzles will be kept free of grass and other plant material to ensure proper performance.
3. Minor nozzle adjustments and cleaning and timer adjustments will be performed with no additional charge.
4. **Austin Outdoor** will promptly inform the client of any system malfunction or deficiencies.
5. Repairs for items such as head replacement, broken lines, pumps or timers will be performed upon the client's approval and billed accordingly. Any damage caused by **Austin Outdoor** personnel shall be repaired promptly at no cost to the **City of Ormond Beach**. In the event that a problem arises to the system that could result in additional damage occurring or threat to safety, **Austin Outdoor** will immediately make the necessary repairs and then contact the **City of Ormond Beach**.

II. ADDITIONAL SERVICES

- A. **Austin Outdoor** will provide extra services (such as irrigation repair and plant material replacement), special services and/or landscape enhancements over and above the Contract Performance Specifications at an additional charge with written approval from an authorized management representative of the **City of Ormond Beach**.

III. PERSONNEL

- A. **Austin Outdoor** will provide all labor, transportation and supervision necessary to perform the work described herein.
- B. Field personnel will be equipped with all necessary supplies, tools, parts and equipment and trained to perform work in a safe manner.
- C. Personnel will be licensed for all applicable maintenance functions, including any pesticide applications, as required by law.
- D. **Austin Outdoor** recognizes that its personnel are perceived as representatives of the **City of Ormond Beach** while on the **City of Ormond Beach**'s property and, as such, will conduct themselves in an efficient, well-mannered, well-groomed and workman-like manner at all times.
- E. Any damage caused by **Austin Outdoor** personnel shall be repaired promptly at no cost to the **City of Ormond Beach**.
- F. **Austin Outdoor** may utilize qualified subcontractors at any time during the agreement period (e.g. palm pruning, mulch, and irrigation).
- G. All work performed by **Austin Outdoor** will be coordinated with the **City of Ormond Beach** to minimize disruption and to maximize safety to people and vehicular traffic on the property.

Approach

Page 3

IV. AUSTIN OUTDOOR'S VEHICLES AND EQUIPMENT

- A. **Austin Outdoor** service vehicles must be well maintained and clean in appearance. Vehicles must be properly licensed and tagged, and operated only by licensed personnel.
- B. All **Austin Outdoor** vehicles must operate in a safe and courteous manner while on the **City of Ormond Beach's** property. Pedestrians have the right-of-way, and service vehicles are expected to yield.
- C. All trailers, storage facilities, and maintenance equipment must be in good condition and present a clean and neat appearance.
- D. Tools and equipment must be properly suited for their purpose and used in a safe manner utilizing the appropriate safety gear when necessary.

V. ADDITIONAL PROVISIONS

- A. Property inspections will be conducted regularly by an authorized **Austin Outdoor** representative. **Austin Outdoor** will document and correct any turfgrass issues or deficiencies immediately and provide a status update for work requiring a longer period to accomplish.
- B. **Austin Outdoor** will provide the **City of Ormond Beach** with a contact list for use in case of emergencies and will have personnel on call after regular business hours to respond accordingly.

Comprehensive Program for the City of Ormond Beach Athletic Field Maintenance Service

In accordance with our industry's Best Management Practices, we propose the following chemical program for your Athletic Fields:

Round 1

Application Period: March 1st
Product: 15-0-15, Ronstar 1% (.95), 50% Poly Slow Release
Application Rate: .5lbs Nitrogen/1000sf = 142lbs/acre

Round 2

Application Period: May 1st
Product: 15-0-15, Ronstar 1% (.95), 50% Poly Slow Release
Application Rate: .5lbs Nitrogen/1000sf = 142lbs/acre

Round 3

Application Period: May
Product: Chipco Choice Slit Injection

Round 4

Application Period: June 15th
Product: 15-0-15, 50% Poly Slow Release
Application Rate: .5lbs Nitrogen/1000sf = 142lbs/acre

Round 5 - AUSTIN OUTDOOR RECOMMENDS

Application Period: July
Product: 21-0-0 *recommended for turf recovery*
Application Rate: 1lb/1000sf = 207lbs/acre

Round 6

Application Period: August 15th
Product: 15-0-15, Ronstar 1% (.95), 50% Poly Slow Release
Application Rate: .5lbs Nitrogen/1000sf = 142lbs/acre

Round 7 - AUSTIN OUTDOOR RECOMMENDS

Application Period: September
Product: 21-0-0 *recommended for turf recovery*
Application Rate: 1lb/1000sf = 207lbs/acre

Round 8 - AUSTIN OUTDOOR RECOMMENDS

Application Period: October
Product: 21-0-0 *recommended for turf recovery*
Application Rate: 1lb/1000sf = 207lbs/acre

Round 9

Application Period: December
Product: 15-0-15, 50% Poly Slow Release
Application Rate: .5lbs Nitrogen/1000sf = 142lbs/acre

TOTAL MATERIAL

15-0-15 with Ronstar	30,246 lbs
15-0-15	20,164 lbs
21-0-0	44,091 lbs

Fertilization and Chemicals

Professional, Responsible Solutions

Fertilization and chemicals are often times fundamental to the health of a landscape. Austin Outdoor's team of licensed and experienced professionals know the needed nutrients for your property and we apply them through environmentally sensitive practices.

Fertilization

Our fertilization programs are customized for each property. After all, each property has it's own set of specific needs and requirements. Having developed fertilization programs for golf courses, resorts, and athletic fields, our knowledge is extensive, and we apply what we've learned on every property we service.

Chemicals

Pest management is often needed to protect your living assets. Ants and other bugs can sometimes destroy plant material quickly. Invasive weeds can crowd out healthy landscapes. Our pro-active team identifies problems and works to rid your landscape of harmful weeds and pests.

Sustainability

Protecting the environment is one of our top priorities. Our fertilization and chemical programs are built around minimizing our environmental footprint. Some of the ways we reduce our environmental impact are:

- Use slow-release fertilizers that minimize run-off
- Nutrient Management—we provide nutrient's based on the plant's need
- Follow State, County and City Best Management Practices to prevent pollution of water sources

Plan for Success

The Maintenance Service Transition

Prepared for **City of Ormond Beach - Athletic Field Maintenance Service**

30 Day Plan:

- ☐ Meet with the Director to review 30 – 60 – 90 Day Plan
- ☐ Review overall conditions of all Athletic Fields with Director
- ☐ Discuss upcoming special events, games, etc. and adjust schedule accordingly
- ☐ Take soil samples of all Athletic Fields
- ☐ Adjust turf treatments based on previous applications and soil test
- ☐ Immediately begin mowing the fields
- ☐ Identify any safety hazards and correct immediately
- ☐ Identify preventative maintenance measures and act upon immediately
- ☐ Identify and report any needed repairs to the facilities and grounds
- ☐ Identify areas for sodding
- ☐ Spot treat weeds in turf and in bed spaces
- ☐ Begin weed control program in infield, sidewalks, parking lots etc
- ☐ Complete an irrigation audit of the entire system
- ☐ Present irrigation deficiencies with plan for corrections
- ☐ Discuss any further areas of concern with the Director

60 Day Plan:

- ☐ Continue irrigation maintenance and inspections
- ☐ Continue all inspection as listed above
- ☐ Continue RoundUp applications throughout property
- ☐ All procedural maintenance to Athletic Fields
- ☐ Discuss options to improve "curb appeal" in high profile areas
- ☐ Walk Athletic Fields with Director to evaluate improvements

90 Day Plan:

- ☐ Continue irrigation maintenance/inspections
- ☐ Continue turf weed applications as needed
- ☐ Continue RoundUp applications throughout property
- ☐ Continue all procedural maintenance items
- ☐ Assess results from actions taken in 30 day and 60 day plans.
- ☐ Walk Athletic Fields with Director to evaluate improvements

Austin Outdoor Staffing

Account Manager:

The Account Manager represents the vital link between Austin Outdoor and your Athletic Fields. In that capacity, he arranges, schedules and directs daily delivery of services in accordance with the performance specifications for your fields. The primary responsibilities outlined below are carried out in a manner that will assure peak efficiency and the delivery of high-quality products and services. The Account Manager reports directly to the District Manager and works closely with support service managers (Fertilization & Spray, Irrigation) in fulfillment of his regular duties.

Responsible for:

- ✓ Planning, Scheduling and Implementation of Field Operations Activities
- ✓ Client Relations and Service
- ✓ Budgeting and Cost Tracking
- ✓ Quality Control
- ✓ Safety
- ✓ Training
- ✓ Employee Evaluation and Development
- ✓ Sustainable Practices

Mow and Detail Crew:

The Mow and Detail Crew consists of a team of experienced landscape and maintenance professionals. Their focus will be on maintaining the Athletic Fields with our commercial equipment in accordance with the specifications of the contract. This includes mowing with reel or rotary mowers, depending on the turf type, blowing, vacuuming, edging and policing (trash pick up). They will fulfill all of the obligations set forth and directed by the Account Manager.

Austin Outdoor Staffing

Page 2

Irrigation Technician:

The Irrigation Technician oversees all irrigation practices including timers, valves, sprayers and piping. Once per month (unless otherwise noted in the contract specifications), the Irrigation Technician will walk through each zone and assure all irrigation functions work properly. Small adjustments will be made in order to assure water conservation and proper watering techniques. Any major irrigation problems will be expressed and appropriated according to the process defined by Account Manager and District Manager.

State Licensed Pesticide Contractor:

This contractor will treat each of the Athletic Fields with EPA approved pesticides in accordance with best management practices and will be over-seen/managed through our assigned Account Manager.

Fertilization & Chemical Crew:

The Fertilization & Chemical Crew utilizes proper and sustainable fertilization methods that best fit the fields' need and contract specifications. All fertilization and chemical team members are fully trained and licensed. The team is also proactive in alternative fertilization methods that are earth-friendly and sustainable.

District Manager Oversight:

The District Manager is responsible for Austin Outdoor's landscape installation and management operations and personnel within the district. The primary responsibilities outlined below are carried out in accordance with the strategic plan and in a manner that will assure peak efficiency and the delivery of high-quality products and services. The District Manager reports directly to the Regional Vice President, and works closely with the Executive Team, Business Development Department, Purchasing Agent, other Division Managers, and Office Management in fulfillment of his regular duties.

Responsible for:

- ✓ Planning, Scheduling and Implementation of Field Operations
- ✓ All Landscape Management Practices
- ✓ All Landscape Construction Practices
- ✓ Client Relations and Service
- ✓ Quality Control
- ✓ Safety
- ✓ Training

Your Service Team

Overseeing Your Premier Property

To oversee the delivery of Athletic Field Maintenance Services, Austin Outdoor proposes allocation of the following strategic resources to the City of Ormond Beach:

Executive Oversight: *Brian Martin*, Regional Vice President, South, will be the high level point of contact, always accessible to the City of Ormond Beach. Mr. Martin will oversee local management to insure that our quality and service delivery are exceeding expectations.

Property Oversight: *Paul LaMontaine*, District Manager, will conduct weekly property inspections to insure that all properties are maintained at the expected level of service excellence.

Ongoing Relationship Building: *Barry Critcher*, Business Development Manager, will be engaged to insure that the ongoing client relationship standards of Austin Outdoor are maintained once landscape services have begun on the properties.

Account Manager: *Ryan Smith*, Account Manager, is responsible for direct, daily oversight of all crew members and the services performed for the City of Ormond Beach. As the dedicated Account Manager, he will continue to be the primary point of contact for all landscape service requests and activities for the City, expanding the role he has occupied for the past year to include the City's Athletic Fields. To assist Mr. Smith with day-to-day responsibilities in his expanded role will be an assigned *Assistant Account Manager*.

Crew Foreman: Each Athletic Field maintenance crew will be assigned a *Crew Foreman* who is responsible for his crew's completion of the daily tasks, scheduled and directed by the dedicated Maintenance Account Manager. He is additionally responsible for his crew's equipment and their adherence to Austin Outdoor's Code of Conduct and Safety Guidelines.

Brian K. Martin

PROFESSIONAL EXPERIENCE SUMMARY

As **Regional Vice President** for Austin Outdoor, Brian Martin is responsible for managing all Florida landscape operations. This includes oversight of eight service locations with over 500 employees.

EDUCATION

1988 - 1994 BLA, Landscape Architecture	Virginia Tech	Blacksburg, VA
---	----------------------	-----------------------

PROFESSIONAL EXPERIENCE

Jan 2005-Present	Austin Outdoor	Bunnell, FL
-------------------------	-----------------------	--------------------

Regional Vice President

Experience

Landscape Management and Improvements

Project Name Blue Cross Blue Shield of Florida

Project Type Premier Corporate Campus

Project Location Jacksonville, FL

Project Scope

Blue Cross Blue Shield of Florida is comprised of three separate campuses in Jacksonville. The main corporate campus, which accommodates 6,500 employees, hosts eight buildings, a large lake, a reflecting pond and a class "A" athletic complex, which includes basketball and tennis courts, sand volleyball courts and Bermuda soccer fields.

Blue Cross Blue Shield of Florida requires impeccable landscape maintenance services and quick responsiveness for enhancement needs. As an example, BCBS required a new baseball field to be constructed on the corporate campus with little lead time.

Austin Outdoor was able to construct the ball field on a moment's notice. Due to this flexibility and ability to respond quickly, BCBS of Florida has awarded Austin Outdoor with additional service areas and responsibilities.

Every Sunday for four hours, a property evaluation and drive thru is completed with senior level executives and Austin Outdoor's District Manager.

The Scope of Work

Due to the nature of working on a large corporate campus, landscape services must be completed during off peak hours and weekends. These services include high-level arborist care for 1173 large oaks, high-level and specialty irrigation maintenance, sports fields demands (painting, sand replenishment, detailed weeding programs, and specialty fertilization and pesticide programs. Additionally, the campus is constantly making major upgrades and requires professional landscape installation services.

Experience

Landscape Management and Improvements

Project Name Johns Creek Owners Association

Project Location Johns Creek, GA

Project Type Mixed-Use Master Planned Community
Landscape Maintenance

Project Scope Johns Creek is a 1,900-acre master planned mixed use development that includes Class A office space, retail centers, and residential communities designed with a small town park setting as its inspiration.

The Johns Creek Owners Association's current landscape maintenance agreement with Austin Outdoor includes over 600,000 square feet of turf.

A 150 plus zone irrigation system pulls water from any of the five lakes located within the development.

Seasonal color rotations are performed twice per year under the current agreement and include over 7900 square feet of flowers.

The project, submitted with Austin Outdoor's work at Technology Park Atlanta, was awarded a PLANET Award of Excellence in 2013.

Experience

Landscape Management

Project Type

Croquet Court

Project Names

Grand Haven
Palm Coast, Florida

Project Scope

Grand Haven has two immaculately maintained, tournament-regulation croquet courts that are home to the 40-plus member Grand Haven Croquet Club and hosts numerous tournaments. The croquet courts feature—

Bermuda turf that is cut 148 times a year at 4/16 to 5/16 of an inch

Turf that is fertilized monthly for a continuously green appearance

Turf that is aerified twice a year as well as verticutted and topdressed 10 times a year

Rolling twice a year to ensure the courts are flat

Palms, trees and shrubs that surround the courts for both privacy and an aesthetic appearance

POINT OF INTEREST

The Grand Haven croquet courts were home to the 2006 National Croquet Day hosted by the United States Croquet Association.

Experience

Landscape Management

Project Type

Putting Course

Project Name

The Club at Hammock Beach
Palm Coast, Florida

Project Scope

The nine-hole putting course at The Club at Hammock, a 1,000-acre, AAA Four-Diamond resort community, features—

The use of growth regulators and preventative fungicide programs to provide tournament-quality putting conditions equivalent to those of championship courses

A lush landscape that surrounds the putting greens and includes a variety of palms, shrubs and annuals

Paspalum turf, which is mowed three times a week

Monthly fertilizing of the turf to provide a vibrantly green appearance

Bi-weekly rotating of hole cups

Weekly raking of sand traps

POINT OF INTEREST

Austin Outdoor was honored with two awards in 2008 for its landscape management work at The Club at Hammock Beach, which included recognition for its work on the putting course. The awards include the PLANET Environmental Improvement Grand Award (national) and FNGLA Award of Excellence (statewide).

Case Study

Specialty Landscape Management

Project Name **Savanna Club**

Project Location Port St. Lucie, Florida

Project Type Golf Course

The Need The Savanna Club, an 18-hole golf course in South Florida, was working hard to manage the landscape on their golf course in-house. With changes in the area's economy and less golfers on their course, it was difficult to keep up with high-quality maintenance and budgetary goals.

The Solution The Savanna Club already had equipment and employees onsite, easing Austin Outdoor's transition for the course's employees, the ongoing maintenance of equipment, and the agronomic oversight of the landscape. Under Austin Outdoor's leadership, a proper horticultural plan was written and implemented and safety and training programs were established.

The Result The course is now in the best condition the community has experienced, while saving tens of thousands in operational costs. According to the General Manager, Elfi Collins, this is the first time the Savanna Club course has been consistently in good condition and operated in the black.

FROM THE CLIENT'S PERSPECTIVE

"I for one think the golf course is in the best condition I have ever experienced."

Marcia Richling
Golf Committee

Staff Report

Agenda Date	December 2, 2025	Item No	8.A.
Section	PUBLIC HEARINGS	Category	Public Hearing - Ordinances
Subject	Land Development Code Amendment - Section 2-42, Design Standards (SECOND READING)		
Recommended Action	The Planning Board has recommended APPROVAL of the Land Development Code amendment for Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards of the Land Development Code, to amend building design standards to be consistent with Section 163.3202, Florida Statutes.		
Strategic Goal	Transportation & Community Development - Other		
Department Staff Contact	Planning & Building Steven Spraker, Planning Director		

Summary

This is an application for an administrative amendment to Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards of the Land Development Code, to amend building design standards to be consistent with Section 163.3202, Florida Statutes, regarding residential building design elements.

The purpose of the Land Development Code amendment is to delete the residential building design standards that are not consistent with the Florida Statutes section.

The Land Development Code amendment was reviewed at the Planning Board meeting on October 9, 2025, and was recommended for approval with a unanimous 7-0 vote.

Financial Impact

None

Citizen Impact

Section 2-42 of the Land Development Code contains residential design standards that may not be enforced based on Section 163.3202, Florida Statutes. The Land Development Code

amendment seeks to delete the existing residential design standards that are inconsistent with the Florida Statutes section.

ORDINANCE NO. 2025-35

AN ORDINANCE AMENDING CHAPTER 2, DISTRICT AND GENERAL REGULATIONS, ARTICLE II, DISTRICT REGULATIONS, SECTION 2-42, DESIGN STANDARDS OF THE CITY OF ORMOND BEACH *LAND DEVELOPMENT CODE* BUILDING DESIGN STANDARDS TO BE CONSISTENT WITH SECTION 163.3202, FLORIDA STATUTES REGARDING RESIDENTIAL BUILDING DESIGN ELEMENTS; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR SEVERABILITY; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, this is an administrative request to amend Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards, of the *Land Development Code* to amend building design standards to be consistent with Section 163.3202, Florida Statutes regarding residential building design elements; and

WHEREAS, the local planning agency, being the Planning Board of the City of Ormond Beach, has conducted a public hearing on October 9, 2025 on the requested amendment and has made recommendations thereon to the City Commission; and

WHEREAS, all applicable notice requirements of Section 166.041(3)(a), *Florida Statutes*, have been complied with; and

WHEREAS, for the purposes of this Ordinance, underlined type constitute additions to the original text and ~~striketrough~~ shall constitute deletions from the original text; and

WHEREAS, the City Commission finds the amendment to be consistent with the provisions of the *Comprehensive Plan* of the City of Ormond Beach and in the overall best interest of the public health, safety and welfare; now therefore,

BE IT ENACTED BY THE PEOPLE OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. Section 2-42, Design standards, Article II, District Regulations, Chapter 2, District and General Regulations of the City of Ormond Beach *Land Development Code* is hereby amended to the following:

Sec. 2-42. Design Supplemental residential standards.

- ~~(a) *Single family dwelling exterior infill standards.* It is the intent of this section to provide minimum design guidelines for infill single family units to include manufactured housing so as to ensure harmony and similarity in exterior appearance with established single family dwellings which have been constructed under these and other lawful regulations on adjacent lots in the same residential district. The following design standards shall be used in determining similarity in appearance for the infill construction of single family dwellings and manufactured housing:-~~
- ~~(1) *Minimum dimension of main body.* Minimum dimension of the main body of a dwelling unit shall not be less than twenty feet (20'), as measured across the narrowest portion. This is not intended to prohibit the offsetting of portions of the home;-~~
- ~~(2) *Minimum roof pitch; minimum roof overhang; roofing materials.* Minimum pitch of the main roof shall be not less than three feet (3') of rise for each twelve feet (12') of horizontal run and minimum roof overhang shall be one foot (1'). In cases where housing generally has been constructed in adjacent or nearby locations with lesser roof pitches and/or roof overhangs of less than one foot (1'), then the proposed infill dwelling may have less roof pitch and overhang. In general, any roofing material other than a built-up composition roof may be used.-~~

- ~~(3) *Exterior finish; light reflection.* When siding is proposed, all siding shall be nonreflective and shall be installed from the foundation up to the eaves.~~
- ~~(4) *Permanent foundations required in residential districts.* No dwelling shall be placed or occupied for residential use on a site in a residential district without a foundation that is similar in appearance to foundations of homes built on adjacent or nearby sites. All homes shall be placed on permanent foundations.~~
- (5) (a) *Site orientation.* Dwelling units shall be placed on lots in such a manner as to be compatible with and reasonably similar in orientation to existing housing which has been constructed in the neighborhood.
- (6) (b) *Garages, carports in residential neighborhood.* All dwellings shall be required to be provided with a garage and/or carport compatible with and similar to garages and/or carports constructed in the neighborhood.
- ~~(7) *Infill compatibility with nearby housing.* Dwellings shall be compared to existing housing in the neighborhood within the same zoning district. Approval for a dwelling shall not be granted unless it is found that the proposed infill unit is substantially similar in size, siding, material, roof pitch, roof material, foundation and general appearance to existing housing in the neighborhood in the same zoning district.~~
- ~~(b) *Building orientation.* Buildings shall in all cases orient their facades toward the front yard as defined in article I of this chapter. However, buildings on lots having frontage on two (2) or more streets shall provide a finished wall toward all streets. No accessory operation, other than parking, where permitted, shall occur between said wall and the street.~~
- (4) (c) *Multiple structures.* In any single-family residential district, no more than one (1) principal structure housing a permitted principal use shall be erected on a single lot.
- ~~(2) In all other districts, a development project having more than one (1) principal structure may not be subdivided without the prior approval of the city commission, following review and recommendation by the site plan review committee. No such approval shall be given unless, after the division, all principal structures and lots comply with all requirements of the ordinance from which this Land Development~~

~~Code is derived, including, but not limited to, building setbacks, required yards, buffer areas and other dimensional requirements.~~

~~(3) Whenever a site plan includes either multiple structures on a single parcel, or multiple parcels under one (1) site development plan, the applicants shall record a unity of title agreement for each parcel included in the site plan which will prohibit its division except in accordance with this section.~~

~~(d) *Single family detached residences and planned manufactured home communities.* Detached single family residences and new manufactured homes within planned manufactured home communities, shall conform to the following standards provided that existing single family detached structures which do not meet these requirements shall not be subject to the nonconforming provisions of article V of this chapter:~~

~~(1) A minimum offset of at least two feet (2') in that part of the house facing a street. A house on a corner lot shall be required to have only one (1) offset.~~

~~(2) A minimum of two (2) parking spaces shall be provided with at least one (1) space in a single car attached or detached garage or carport. Such garage or carport shall not be removed or altered in any way that would prohibit its use for automobile storage nor shall the required number of on-site parking spaces be reduced. This requirement shall not apply to previously existing mobile home parks which were in operation on July 1, 1984, and which have continued in operation without abandonment or closure for six (6) months or more, and which mobile home parks do not comply with one (1) or more of the dimensional requirements set forth in this article.~~

~~(3) A minimum roof pitch of three to twelve (3:12) for the main roof only, excluding flat, mansard or dome roofs or additions to the main roof.~~

SECTION TWO. All Ordinances or parts of Ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION THREE. In the event any word, phrase, clause, sentence, paragraph, term, or provision of this Ordinance shall be held to be invalid by a court of competent jurisdiction,

such judicial determination shall not affect any other word, clause, phrase, sentence, paragraph, term or provision, of this Ordinance, and the remainder of this Ordinance shall remain in full force and effect.

SECTION FOUR. This Ordinance shall take effect immediately upon its adoption.

PASSED UPON at the first reading of the City Commission, this 18th day of November 2025.

PASSED UPON at the second and final reading of the City Commission, this 2nd day of December 2025.

PLANNING STAFF RECOMMENDATION:	Approval
STAFF CONTACT:	Steven Spraker, AICP, Planning Director

SECTION 1, INTRODUCTION: This is an application for an administrative amendment to Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards of the Land Development Code to amend building design standards to be consistent with Section 163.3202, Florida Statutes regarding residential building design elements.

SECTION 2, BACKGROUND: Section 163.3202(5)(a), Florida Statutes preempts the application of building design standards to single-family and two family dwelling units with several exceptions. The section states:

(5)(a) Land development regulations relating to building design elements may not be applied to a single-family or two-family dwelling unless:

1. The dwelling is listed in the National Register of Historic Places, as defined in s. 267.021(5); is located in a National Register Historic District; or is designated as a historic property or located in a historic district, under the terms of a local preservation ordinance;
2. The regulations are adopted in order to implement the National Flood Insurance Program;
3. The regulations are adopted pursuant to and in compliance with chapter 553;
4. The dwelling is located in a community redevelopment area, as defined in s. 163.340(10);

5. The regulations are required to ensure protection of coastal wildlife in compliance with s. 161.052, s. 161.053, s. 161.0531, s. 161.085, s. 161.163, or chapter 373;
6. The dwelling is located in a planned unit development or master planned community created pursuant to a local ordinance, resolution, or other final action approved by the local governing body before July 1, 2023; or
7. The dwelling is located within the jurisdiction of a local government that has a design review board or an architectural review board created before January 1, 2020.

Section 2-42 of the Land Development Code contains residential design standards that may not be enforced based on Section 163.3202, Florida Statutes. The Land Development Code amendment seeks to delete the existing residential design standards inconsistent with the Florida Statutes section.

SECTION 3, ANALYSIS: The purpose of the Land Development Code amendment is to delete the residential building design standards that are not consistent with the Florida Statutes section. The underlined text is an addition to the original text, and the ~~strike-through~~ text represents the deleted text of the amendment.

Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards

Sec. 2-42. Design Supplemental residential standards.

- (a) ~~Single family dwelling exterior infill standards.~~ It is the intent of this section to provide minimum design guidelines for infill single-family units to include manufactured housing so as to ensure harmony and similarity in exterior appearance with established single-family dwellings which have been constructed under these and other lawful regulations on adjacent lots in the same residential district. The following design standards shall be used in determining similarity in appearance for the infill construction of single-family dwellings and manufactured housing:
 - (1) ~~Minimum dimension of main body.~~ Minimum dimension of the main body of a dwelling unit shall not be less than twenty feet (20'), as measured across the narrowest portion. This is not intended to prohibit the offsetting of portions of the home;
 - (2) ~~Minimum roof pitch; minimum roof overhang; roofing materials.~~ Minimum pitch of the main roof shall be not less than three feet (3') of rise for each twelve feet (12') of horizontal run and minimum roof overhang shall be one foot (1'). In cases where housing generally has been constructed in adjacent or nearby locations with lesser roof pitches and/or roof overhangs of less than one foot (1'), then the proposed infill dwelling may have less roof pitch and overhang. In general, any roofing material other than a built-up composition roof may be used.
 - (3) ~~Exterior finish; light reflection.~~ When siding is proposed, all siding shall be nonreflective and shall be installed from the foundation up to the eaves.
 - (4) ~~Permanent foundations required in residential districts.~~ No dwelling shall be placed or occupied for residential use on a site in a residential district without a foundation that is similar in appearance to foundations of homes built on adjacent or nearby sites. All homes shall be placed on permanent foundations.

- (5) *Site orientation.* Dwelling units shall be placed on lots in such a manner as to be compatible with and reasonably similar in orientation to existing housing which has been constructed in the neighborhood.
- (6) *(b) Garages, carports in residential neighborhood.* All dwellings shall be required to be provided with a garage and/or carport compatible with and similar to garages and/or carports constructed in the neighborhood.
- ~~(7) *Infill compatibility with nearby housing.* Dwellings shall be compared to existing housing in the neighborhood within the same zoning district. Approval for a dwelling shall not be granted unless it is found that the proposed infill unit is substantially similar in size, siding, material, roof pitch, roof material, foundation and general appearance to existing housing in the neighborhood in the same zoning district.~~
- ~~(b) *Building orientation.* Buildings shall in all cases orient their facades toward the front yard as defined in article I of this chapter. However, buildings on lots having frontage on two (2) or more streets shall provide a finished wall toward all streets. No accessory operation, other than parking, where permitted, shall occur between said wall and the street.~~
- (c) *Multiple structures.*
 - (1) In any single-family residential district, no more than one (1) principal structure housing a permitted principal use shall be erected on a single lot.
 - ~~(2) In all other districts, a development project having more than one (1) principal structure may not be subdivided without the prior approval of the city commission, following review and recommendation by the site plan review committee. No such approval shall be given unless, after the division, all principal structures and lots comply with all requirements of the ordinance from which this Land Development Code is derived, including, but not limited to, building setbacks, required yards, buffer areas and other dimensional requirements.~~
 - ~~(3) Whenever a site plan includes either multiple structures on a single parcel, or multiple parcels under one (1) site development plan, the applicants shall record a unity of title agreement for each parcel included in the site plan which will prohibit its division except in accordance with this section.~~
- ~~(d) *Single family detached residences and planned manufactured home communities.* Detached single family residences and new manufactured homes within planned manufactured home communities, shall conform to the following standards provided that existing single family detached structures which do not meet these requirements shall not be subject to the nonconforming provisions of article V of this chapter:~~
 - ~~(1) A minimum offset of at least two feet (2') in that part of the house facing a street. A house on a corner lot shall be required to have only one (1) offset.~~
 - ~~(2) A minimum of two (2) parking spaces shall be provided with at least one (1) space in a single car attached or detached garage or carport. Such garage or carport shall not be removed or altered in any way that would prohibit its use for automobile storage nor shall the required number of on-site parking spaces be~~

~~reduced. This requirement shall not apply to previously existing mobile home parks which were in operation on July 1, 1984, and which have continued in operation without abandonment or closure for six (6) months or more, and which mobile home parks do not comply with one (1) or more of the dimensional requirements set forth in this article.~~

- ~~(3) A minimum roof pitch of three to twelve (3:12) for the main roof only, excluding flat, mansard or dome roofs or additions to the main roof.~~

The proposed amendment deletes a majority of the section and maintains three (3) standards:

1. Site orientation for the structure.
2. Garage and carport requirement.
3. No more than one (1) principal structure permitted per lot.

SECTION 4, CONCLUSION:

Section 1-15(e) of the Land Development Code requires certain criteria that must be evaluated before the adoption of a Land Development Code amendment when making their recommendation, as follows:

- 1. The proposed development conforms to the standards and requirements of this Code and will not create undue crowding beyond the conditions normally permitted in the zoning district, or adversely affect the public health, safety, welfare or quality of life.**

No development is proposed as part of the proposed amendment. This is an administrative amendment to amend building design standards to be consistent with Section 163.3202, Florida Statutes. The amendment will not create undue crowding beyond the conditions normally permitted in the zoning district, nor will it adversely affect public health, safety, welfare, or quality of life.

- 2. The proposed development is consistent with the Comprehensive Plan.**

The proposed Land Development Code amendment is consistent with the Comprehensive Plan. Objective 2.1 of the Future Land Use Element of the Comprehensive Plan discussed the need to update Land Development Code regulations.

- 3. The proposed development will not adversely impact environmentally sensitive lands or natural resources, including but not limited to waterbodies, wetlands, xeric communities, wildlife habitats, endangered or threatened plants and animal species or species of special concern, wellfields, and individual wells.**

The proposed Land Development Code amendment does not approve any site-specific development and will not have an adverse impact on environmentally sensitive lands. This is an administrative amendment to amend building design standards to be consistent with Section 163.3202, Florida Statutes.

- 4. The proposed use will not substantially or permanently depreciate the value of surrounding property; create a nuisance; or deprive adjoining properties of adequate light and air; create excessive noise, odor, glare, or visual impacts on the neighborhood and adjoining properties.**

The proposed Land Development Code amendment does not approve any site-specific development and will not have any impacts on surrounding properties.

- 5. There are adequate public facilities to serve the development, including but not limited to roads, sidewalks, bike paths, potable water, wastewater treatment, drainage, fire and police safety, parks and recreation facilities, schools, and playgrounds.**

This is an administrative amendment to amend building design standards to be consistent with Section 163.3202, Florida Statutes. The proposed amendment would not have a negative impact on public facilities.

- 6. Ingress and egress to the property and traffic patterns are designed to protect and promote motorized vehicle and pedestrian/bicycle safety and convenience, allow for desirable traffic flow and control, and provide adequate access in case of fire or catastrophe. This finding shall be based on a traffic report where available, prepared by a qualified traffic consultant, engineer or planner which details the anticipated or projected effect of the project on adjacent roads and the impact on public safety.**

There is no development proposed as part of the proposed amendment. The application pertains to a Land Development Code amendment.

- 7. The proposed development is functional in the use of space and aesthetically acceptable.**

There is no development proposed as part of the proposed amendment. This is an administrative amendment to amend building design standards to be consistent with Section 163.3202, Florida Statutes.

- 8. The proposed development provides for the safety of occupants and visitors.**

There is no development proposed as part of the proposed amendment. This is an administrative amendment to amend building design standards to be consistent with Section 163.3202, Florida Statutes.

- 9. The proposed use of materials and architectural features will not adversely impact the neighborhood and aesthetics of the area.**

There is no development proposed as part of the proposed amendment. This is an administrative amendment to amend building design standards to be consistent with Section 163.3202, Florida Statutes.

- 10. The testimony provided at public hearings.**

There has not been a public hearing at this time. The comments from the Planning Board meeting will be incorporated into the City Commission packet.

SECTION 5, RECOMMENDATION: It is recommended that the Planning Board **APPROVE** a Land Development Code amendment for Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards of the Land Development Code, to amend building design standards to be consistent with Section 163.3202, Florida Statutes, as provided below:

Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards

Sec. 2-42. Design Supplemental residential standards.

- (a) ~~Single family dwelling exterior infill standards.~~ It is the intent of this section to provide minimum design guidelines for infill single-family units to include manufactured housing so as to ensure harmony and similarity in exterior appearance with established single-family dwellings which have been constructed under these and other lawful regulations on adjacent lots in the same residential district. The following design standards shall be used in determining similarity in appearance for the infill construction of single-family dwellings and manufactured housing:
- (1) ~~Minimum dimension of main body.~~ Minimum dimension of the main body of a dwelling unit shall not be less than twenty feet (20'), as measured across the narrowest portion. This is not intended to prohibit the offsetting of portions of the home;
 - (2) ~~Minimum roof pitch; minimum roof overhang; roofing materials.~~ Minimum pitch of the main roof shall be not less than three feet (3') of rise for each twelve feet (12') of horizontal run and minimum roof overhang shall be one foot (1'). In cases where housing generally has been constructed in adjacent or nearby locations with lesser roof pitches and/or roof overhangs of less than one foot (1'), then the proposed infill dwelling may have less roof pitch and overhang. In general, any roofing material other than a built-up composition roof may be used.
 - (3) ~~Exterior finish; light reflection.~~ When siding is proposed, all siding shall be nonreflective and shall be installed from the foundation up to the eaves.
 - (4) ~~Permanent foundations required in residential districts.~~ No dwelling shall be placed or occupied for residential use on a site in a residential district without a foundation that is similar in appearance to foundations of homes built on adjacent or nearby sites. All homes shall be placed on permanent foundations.
 - (5) *Site orientation.* Dwelling units shall be placed on lots in such a manner as to be compatible with and reasonably similar in orientation to existing housing which has been constructed in the neighborhood.
 - (6) (b) *Garages, carports in residential neighborhood.* All dwellings shall be required to be provided with a garage and/or carport compatible with and similar to garages and/or carports constructed in the neighborhood.
 - (7) ~~Infill compatibility with nearby housing.~~ Dwellings shall be compared to existing housing in the neighborhood within the same zoning district. Approval for a dwelling shall not be granted unless it is found that the proposed infill unit is substantially similar in size, siding, material, roof pitch, roof material, foundation

~~and general appearance to existing housing in the neighborhood in the same zoning district.~~

- (b) ~~*Building orientation.*~~ Buildings shall in all cases orient their facades toward the front yard as defined in article I of this chapter. However, buildings on lots having frontage on two (2) or more streets shall provide a finished wall toward all streets. No accessory operation, other than parking, where permitted, shall occur between said wall and the street.
- (c) ~~*Multiple structures.*~~
- (1) In any single-family residential district, no more than one (1) principal structure housing a permitted principal use shall be erected on a single lot.
 - (2) In all other districts, a development project having more than one (1) principal structure may not be subdivided without the prior approval of the city commission, following review and recommendation by the site plan review committee. No such approval shall be given unless, after the division, all principal structures and lots comply with all requirements of the ordinance from which this Land Development Code is derived, including, but not limited to, building setbacks, required yards, buffer areas and other dimensional requirements.
 - (3) Whenever a site plan includes either multiple structures on a single parcel, or multiple parcels under one (1) site development plan, the applicants shall record a unity of title agreement for each parcel included in the site plan which will prohibit its division except in accordance with this section.
- (d) ~~*Single family detached residences and planned manufactured home communities.*~~ Detached single family residences and new manufactured homes within planned manufactured home communities, shall conform to the following standards provided that existing single family detached structures which do not meet these requirements shall not be subject to the nonconforming provisions of article V of this chapter:
- (1) A minimum offset of at least two feet (2') in that part of the house facing a street. A house on a corner lot shall be required to have only one (1) offset.
 - (2) A minimum of two (2) parking spaces shall be provided with at least one (1) space in a single car attached or detached garage or carport. Such garage or carport shall not be removed or altered in any way that would prohibit its use for automobile storage nor shall the required number of on-site parking spaces be reduced. This requirement shall not apply to previously existing mobile home parks which were in operation on July 1, 1984, and which have continued in operation without abandonment or closure for six (6) months or more, and which mobile home parks do not comply with one (1) or more of the dimensional requirements set forth in this article.
 - (3) A minimum roof pitch of three to twelve (3:12) for the main roof only, excluding flat, mansard or dome roofs or additions to the main roof.

ATTACHMENT 1: Section 163.3202, Florida Statutes

Select Year: 2025 

The 2025 Florida Statutes

Title XI	Chapter 163	View Entire Chapter
COUNTY ORGANIZATION AND INTERGOVERNMENTAL RELATIONS	INTERGOVERNMENTAL PROGRAMS	

163.3202 Land development regulations.—

(1) Within 1 year after submission of its comprehensive plan or revised comprehensive plan for review pursuant to s. [163.3191](#), each county and each municipality shall adopt or amend and enforce land development regulations that are consistent with and implement their adopted comprehensive plan.

(2) Local land development regulations shall contain specific and detailed provisions necessary or desirable to implement the adopted comprehensive plan and shall at a minimum:

- (a) Regulate the subdivision of land.
- (b) Regulate the use of land and water for those land use categories included in the land use element and ensure the compatibility of adjacent uses and provide for open space.
- (c) Provide for protection of potable water wellfields.
- (d) Regulate areas subject to seasonal and periodic flooding and provide for drainage and stormwater management.
- (e) Ensure the protection of environmentally sensitive lands designated in the comprehensive plan.
- (f) Regulate signage.
- (g) Provide that public facilities and services meet or exceed the standards established in the capital improvements element required by s. [163.3177](#) and are available when needed for the development, or that development orders and permits are conditioned on the availability of these public facilities and services necessary to serve the proposed development. A local government may not issue a development order or permit that results in a reduction in the level of services for the affected public facilities below the level of services provided in the local government's comprehensive plan.
- (h) Ensure safe and convenient onsite traffic flow, considering needed vehicle parking.
- (i) Maintain the existing density of residential properties or recreational vehicle parks if the properties are intended for residential use and are located in the unincorporated areas that have sufficient infrastructure, as determined by a local governing authority, and are not located within a coastal high-hazard area under s. [163.3178](#).
- (j) Incorporate preexisting development orders identified pursuant to s. [163.3167](#)(3).

(3) This section shall be construed to encourage the use of innovative land development regulations which include provisions such as transfer of development rights, incentive and inclusionary zoning, planned unit development, impact fees, and performance zoning. These and all other such regulations shall be combined and compiled into a single land development code for the jurisdiction. A general zoning code shall not be required if a local government's adopted land development regulations meet the requirements of this section.

(4) The state land planning agency may require a local government to submit one or more land development regulations if it has reasonable grounds to believe that a local government has totally failed to adopt any one or more of the land development regulations required by this section. Once the state land planning agency determines after review and consultation with local government whether the local government has adopted regulations required by this section, the state land planning agency shall notify the local government in writing within 30 calendar days after receipt of the regulations from the local government. If the state land planning agency determines that the local government has failed to adopt regulations required by this section, it may institute an

action in circuit court to require adoption of these regulations. This action shall not review compliance of adopted regulations with this section or consistency with locally adopted plans.

(5)(a) Land development regulations relating to building design elements may not be applied to a single-family or two-family dwelling unless:

1. The dwelling is listed in the National Register of Historic Places, as defined in s. [267.021\(5\)](#); is located in a National Register Historic District; or is designated as a historic property or located in a historic district, under the terms of a local preservation ordinance;
2. The regulations are adopted in order to implement the National Flood Insurance Program;
3. The regulations are adopted pursuant to and in compliance with chapter 553;
4. The dwelling is located in a community redevelopment area, as defined in s. [163.340\(10\)](#);
5. The regulations are required to ensure protection of coastal wildlife in compliance with s. [161.052](#), s. [161.053](#), s. [161.0531](#), s. [161.085](#), s. [161.163](#), or chapter 373;
6. The dwelling is located in a planned unit development or master planned community created pursuant to a local ordinance, resolution, or other final action approved by the local governing body before July 1, 2023; or
7. The dwelling is located within the jurisdiction of a local government that has a design review board or an architectural review board created before January 1, 2020.

(b) For purposes of this subsection, the term:

1. “Building design elements” means the external building color; the type or style of exterior cladding material; the style or material of roof structures or porches; the exterior nonstructural architectural ornamentation; the location or architectural styling of windows or doors; the location or orientation of the garage; the number and type of rooms; and the interior layout of rooms. The term does not include the height, bulk, orientation, or location of a dwelling on a zoning lot; or the use of buffering or screening to minimize potential adverse physical or visual impacts or to protect the privacy of neighbors.

2. “Planned unit development” or “master planned community” means an area of land that is planned and developed as a single entity or in approved stages with uses and structures substantially related to the character of the entire development, or a self-contained development in which the subdivision and zoning controls are applied to the project as a whole rather than to individual lots.

(c) This subsection does not affect the validity or enforceability of private covenants or other contractual agreements relating to building design elements.

(6) Land development regulations relating to any characteristic of development other than use, or intensity or density of use, do not apply to Florida College System institutions as defined in s. [1000.21\(5\)](#).

(7) The state land planning agency shall adopt rules for review and schedules for adoption of land development regulations.

Planning Board minutes from October 9, 2025

ITEM:

PZ-2025-202

Design Standards, Section 2-42
Land Development Code Amendment

Recommended for Approval (7-0)

time he was on the security control and walked around the property and only noticed a little water when there were heavy rains that puddled in the parking lot. The retention pond to the south is dry most of the time, he said.

Chairman Thomas concluded with comments on fencing types and said that he feels that white vinyl-fences get discolored and are not as sturdy, and there have been differences of opinion regarding the costs of masonry walls but has not voted against a project because of vinyl fencing.

Mr. Galloway inquired about thoughts on wrought-iron fencing instead. Chairman Thomas responded that he favors concrete block with stucco, but that he is not overly concerned with this application due to the intense vegetation between the residents.

Mr. Railsback motioned to approve PZ-2025-129, First United Methodist Church, Special Exception. Mr. Scudiero seconded it. Vote was called, and the motion was approved (7-0).

B. PZ-2025-202, Design Standards, Section 2-42, Land Development Code Amendment

Mr. Steven Spraker, Planning Director, explained the application for an administrative amendment to Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards of the Land Development Code to amend building design standards to be consistent with Section 163.3202, Florida Statutes, regarding residential building design elements. He continued that Section 2-42 contains residential design standards for single-family homes, Section 163.3202 Florida Statutes preempts building design standards for single-family structures and expressed how amendments make this section consistent with Florida Statutes.

Board Questions

Mr. Jorczak asked if community changes already evaluated and implemented for the City of Ormond Beach, can remain due to past board efforts. Mr. Spraker replied that the LDC must be consistent with state statutes. He further explained that in a Planned Development architectural standards can be negotiated but how design standards cannot be applied on a single-family property.

Mr. Scudiero motioned to approve PZ-2025-202, Design Standards, Section 2-42, Land Development Code Amendment, to be consistent with state statutes. Mr. Railsback seconded it. Vote was called, and the motion was approved (7-0).

C. PZ-2025-203, Detached Garages, Section 2-50, Land Development Code Amendment

Mr. Steven Spraker, Planning Director, explained the application for an administrative amendment to (1) Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words of the Land Development Code (LDC) to amend the definition for principal structure and (2) Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o), Garages of the Land Development Code (LDC) to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square-footage of the principal structure.

Ordinance Adoption **Business Impact Estimate**

Proposed ordinance's number and legal title:

2025-35

AN ORDINANCE AMENDING CHAPTER 2, DISTRICT AND GENERAL REGULATIONS, ARTICLE II, DISTRICT REGULATIONS, SECTION 2-42, DESIGN STANDARDS OF THE CITY OF ORMOND BEACH *LAND DEVELOPMENT CODE* TO AMEND BUILDING DESIGN STANDARDS TO BE CONSISTENT WITH SECTION 163.3202, FLORIDA STATUTES REGARDING RESIDENTIAL BUILDING DESIGN ELEMENTS; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR SEVERABILITY; AND SETTING FORTH AN EFFECTIVE DATE.

This Business Impact Estimate is provided in accordance with section 166.041(4), Florida Statutes. If one or more boxes are checked below, this means the City is of the view that a business impact estimate is not required by state law for the proposed ordinance, but the City is, nevertheless, providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant or other financial assistance accepted by the municipal government;
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☒ The proposed ordinance is enacted to implement the following:
 - a. Part II of Chapter 163, Florida Statutes, relating to growth policy, county and municipal planning, and land development regulation, including zoning, development orders, development agreements and development permits;
 - b. Sections 190.005 and 190.046, Florida Statutes, regarding community development districts;
 - c. Section 553.73, Florida Statutes, relating to the Florida Building Code; or
 - d. Section 633.202, Florida Statutes, relating to the Florida Fire Prevention Code.

In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the City hereby publishes the following information:

1. A summary of the proposed ordinance, including a statement of the public purpose to be served by the proposed ordinance, such as serving the public health, safety, morals, and welfare of the City.

This is an application for an administrative amendment to Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards of the Land Development Code, to amend building design standards to be consistent with Section 163.3202, Florida Statutes, regarding residential building design elements.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City, including the following, if any:

- a. An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted;

None. This is an application for an administrative amendment to Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards of the Land Development Code, to amend building design standards to be consistent with Section 163.3202, Florida Statutes, regarding residential building design elements.

- b. Identification of any new charge or fee on businesses subject to the proposed ordinance, or for which businesses will be financially responsible; and

None. This is an application for an administrative amendment to Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards of the Land Development Code, to amend building design standards to be consistent with Section 163.3202, Florida Statutes, regarding residential building design elements.

- c. An estimate of the City's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.

None. This is an application for an administrative amendment to Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards of the Land Development Code, to amend building design standards to be consistent with Section 163.3202, Florida Statutes, regarding residential building design elements.

3. A good faith estimates of the number of businesses likely to be impacted by the ordinance.

None. This is an application for an administrative amendment to Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards of the Land Development Code, to amend building design standards to be consistent with Section 163.3202, Florida Statutes, regarding residential building design elements.

4. Any additional information the City determines may be useful.

(This section may include: methodology or data used to prepare the Business Impact Estimate, e.g., City staff solicited comments from businesses as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail/email, posting on the City's website, public workshop, etc.; efforts made to reduce the potential fiscal impact on businesses; and state the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals or businesses) and, therefore, the proposed ordinance does not affect only businesses.)

No business impacts proposed. The item was advertised in newspaper advertisements. Information on the application is also on the city's website.

Subject	Land Development Code Amendment - Section 2-50(o), Detached Garages (SECOND READING)		
Recommended Action	The Planning Board has recommended APPROVAL of the Land Development Code amendments for (1) Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words to amend the definition for principal structure, and (2) Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o), Garages of the Land Development Code to amend the maximum size of detached garages for properties two (2) acres or greater in size to seventy-five percent (75%) of the total square footage of the principal structure.		
Strategic Goal	Transportation & Community Development - Other		
Department Staff Contact	Planning & Building Steven Spraker, Planning Director		

Summary

This is an application for an administrative amendment to (1) Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words of the Land Development Code to amend the definition for principal structure and (2) Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o), Garages of the Land Development Code to amend the maximum size of detached garages for properties two (2) acres or greater in size to seventy-five percent (75%) of the total square-footage of the principal structure. At the first reading of this agenda item, the City Commission reduced the allowable square footage for detached garages for properties two (2) acres or greater from 100% to 75%. The attached Ordinance has been updated based on the amendment on first reading.

Key points of the amendments include:

1. The amendment expands the definition of principal structure.
2. The square-foot allowance for properties 1.99 acres and less remains unchanged.

3. The City Commission's direction did not specify the maximum allowance for the detached garage structure. If there is a desire for a percentage other than 75% of the principal structure for the detached garage for lots properties (2) acres and greater, an amendment would be needed.
4. Sheds that are over 150 square feet are classified as garages within the Land Development Code and are required to meet the regulations of Section 2-50(o) of the Land Development Code.
5. Carports are a hard-roof structure with unenclosed walls and are permitted under a separate subsection of Section 2-50 of the Land Development Code and do not have size requirements.
6. Properties in large lot residential zoning districts, REA, Rural Estate and Agriculture, and SR, Suburban Residential, with five (5) acres or greater, are allowed agricultural uses, and accessory structures used for agricultural purposes. These structures are not governed under Section 2-50(o) of the Land Development Code.

The Land Development Code amendment was reviewed at the Planning Board meeting on October 9, 2025, and was recommended for approval with a 5-2 vote.

Financial Impact

None

Citizen Impact

This item is based upon the City Commission's direction to allow properties over 2 acres the ability for more square footage for detached garages. The regulations would remain unchanged for properties 1.99 acres or less. For properties that are greater than 2 acres, the detached garage can be up to the same square footage as the principal structure. No negative citizen impacts are anticipated.

ORDINANCE NO. 2025-36

AN ORDINANCE AMENDING CHAPTER 1, GENERAL ADMINISTRATION, ARTICLE III, DEFINITIONS AND ACRONYMS, SECTION 1-22, DEFINITION OF TERMS AND WORDS OF THE CITY OF ORMOND BEACH *LAND DEVELOPMENT CODE* TO AMEND THE PRINCIPAL STRUCTURE DEFINITION AND CHAPTER 2, DISTRICT AND GENERAL REGULATIONS, ARTICLE III, GENERAL REGULATIONS, SECTION 2-50, ACCESSORY USES, SUBSECTION (O) GARAGES, OF THE CITY OF ORMOND BEACH *LAND DEVELOPMENT CODE* TO AMEND THE MAXIMUM SIZE OF DETACHED GARAGES ALLOWED FOR PROPERTIES TWO (2) ACRES OR GREATER IN SIZE TO SEVENTY-FIVE PERCENT (75%) OF THE TOTAL SQUARE-FOOTAGE OF THE PRINCIPAL STRUCTURE; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR SEVERABILITY; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, this is an administrative request to amend Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words of the City of Ormond Beach *Land Development Code* to amend the principal structure definition and Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o) of the City of Ormond Beach *Land Development Code* to amend the maximum size of detached garages allowed for properties two (2) acres or greater in size to seventy-five percent (75%) of the total square-footage of the principal structure; and

WHEREAS, the local planning agency, being the Planning Board of the City of Ormond Beach, has conducted a public hearing on October 9, 2025 on the requested amendment and has made recommendations thereon to the City Commission; and

WHEREAS, all applicable notice requirements of Section 166.041(3)(a), *Florida Statutes*, have been complied with; and

WHEREAS, for the purposes of this Ordinance, underlined type constitute additions to the original text and ~~striketrough~~ shall constitute deletions to the original text; and

WHEREAS, the City Commission finds the amendment to be consistent with the provisions of the *Comprehensive Plan* of the City of Ormond Beach, and in the overall best interest of the public health, safety and welfare; now therefore,

BE IT ENACTED BY THE PEOPLE OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. Section 1-22, Definition of terms and words, of Article III, Definitions and Acronyms, of Chapter 1, General Administration, of the City of Ormond Beach *Land Development Code*, is hereby amended to the following:

*Primary wellfield protection zone *** No change to existing text****

Principal structure means any structure that is occupied by a principal use as defined in this Land Development Code. The principal structure shall include all square footage enclosed by four (4) walls, including the garage. The principal structure area shall not include screen porches or patios.

*Principal use *** No change to balance of existing text****

SECTION TWO. Section 2-50, Accessory Uses, Subsection (o), Garages, of Article III, General Regulations, of Chapter 2, District and General Regulations of the City of Ormond Beach *Land Development Code*, is hereby amended to the following:

(o) Garages. All single-family residences are required to have a garage or carport structure. No garage may be enclosed for additional living area unless an additional garage or carport is constructed or presently exists on the subject property.

(1) *Attached garages.* *** No change to existing text***

(2) *Detached garages.* Detached garages are permitted in residential zoning districts under the following conditions:

a. Maximum size of detached garage:

1. Properties 1.99 acres and less: The detached garage may not exceed fifty percent (50%) of the total square footage of the principal structure.

2. Properties 2.00 acres and larger: The detached garage may not exceed seventy-five percent (75%) of the total square footage of the principal structure.

b. The building setbacks of the detached garage shall conform to the principal building setbacks of the zoning district.

c. Garages that provide an accessory apartment shall be required to meet all the requirements contained in subsection (b) of this section.

d. Architectural standards. *** No change to existing text***

SECTION THREE All Ordinances or parts of Ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION FOUR. In the event any word, phrase, clause, sentence, paragraph, term, or provision of this Ordinance shall be held to be invalid by a court of competent jurisdiction,

such judicial determination shall not affect any other word, clause, phrase, sentence, paragraph, term or provision, of this Ordinance, and the remainder of this Ordinance shall remain in full force and effect.

SECTION FIVE. This Ordinance shall take effect immediately upon its adoption.

PASSED UPON at the first reading of the City Commission, this 18th day of November 2025.

PASSED UPON at the second and final reading of the City Commission, this 2nd day of December 2025.

PLANNING BOARD STAFF REPORT

Land Development Code (LDC) Amendment Detached Garages

PLANNING BOARD DATE:	October 9, 2025
TENTATIVE CITY COMMISSION DATES:	November 18, 2025 (1 st Reading) December 2, 2025 (2 nd Reading)
APPLICANT:	Administrative
PROJECT NUMBER:	PZ-2025-000203
SUBJECT:	Land Development Code amendments: Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words; and Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory uses, Subsection (o), Garages
PLANNING STAFF RECOMMENDATION:	Approval
STAFF CONTACT:	Steven Spraker, AICP, Planning Director

SECTION 1, INTRODUCTION: This is an application for an administrative amendment to **(1)** Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words of the Land Development Code to amend the definition for principal structure and **(2)** Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o), Garages of the Land Development Code to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square-footage of the principal structure.

SECTION 2, BACKGROUND: Section 2-50(o) of the Land Development Code contains the regulations for detached garages within residential zoning districts. At the August 3, 2025 City Commission meeting, Commissioner Briley requested an amendment to the detached garage regulations to allow for larger detached garages on properties over two (2) acres based upon the larger parcel size. The City Commission concurred with the requested Land Development Code amendment and directed staff to draft an amendment.

Section 2-50(o) of the Land Development Code contains a maximum size allowance of fifty (50%) percent of the total square footage of the principal structure. The percentage

limitation was developed in the early 2000s as the city experienced the development of garages that were larger than the principal single-family structures. The principal structure is calculated as the total square footage of the house that has four walls, including the air-conditioned living space and garages. Open screen rooms and patios do not count towards the overall square footage of the principal structure for the square footage calculations for detached garages. Section 2-50(o) of the Land Development Code also requires that detached garages meet principal building setbacks.

SECTION 3, ANALYSIS: The purpose of the Land Development Code amendment is to (1) better define the term principal structure and (2) allow larger detached garage structures on properties two (2) acres and greater. The underlined text is an addition to the original text, and the ~~strike-through~~ text represents the deleted text of the amendment.

Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words

*Primary wellfield protection zone *** No change to existing text****

Principal structure means any structure that is occupied by a principal use as defined in this Land Development Code. The principal structure shall include all square footage enclosed by four (4) walls, including the garage. The principal structure area shall not include screen porches or patios.

*Principal use... *** No change to balance of existing text****

Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o), Garages

(o) *Garages.* All single-family residences are required to have a garage or carport structure. No garage may be enclosed for additional living area unless an additional garage or carport is constructed or presently exists on the subject property.

(1) *Attached garages.* *** No change to existing text***

(2) *Detached garages.* Detached garages are permitted in residential zoning districts under the following conditions:

a. Maximum size of detached garage:

1. Properties 1.99 acres and less: The detached garage may not exceed fifty percent (50%) of the total square footage of the principal structure.

2. Properties 2.00 acres and larger: The detached garage may not exceed one hundred percent (100%) of the total square footage of the principal structure.

b. The building setbacks of the detached garage shall conform to the principal building setbacks of the zoning district.

c. Garages that provide an accessory apartment shall be required to meet all the requirements contained in subsection (b) of this section.

d. Architectural standards. *** No change to existing text***

Key points of the amendments include:

1. The amendment expands the definition of principal structure.
2. The square-foot allowance for properties 1.99 acres and less remains unchanged.
3. The City Commission direction did not specify the maximum allowance of the detached garage structure. If there is a desire for a percentage other than 100% of the principal structure for the detached garage for lots properties (2) acres and greater, an amendment would be needed.
4. Sheds that are over 150 square feet are classified as garages within the Land Development Code and are required to meet the regulations of Section 2-50(o) of the Land Development Code.
5. Carports are a hard-roof structure with unenclosed walls and are permitted under a separate subsection of Section 2-50 of the Land Development Code and do not have size requirements.
6. Properties in large lot residential zoning districts, REA, Rural Estate and Agriculture and SR, Suburban Residential, with five (5) acres or greater, are allowed agricultural uses, and accessory structures used for agricultural purposes. These structures are not governed under Section 2-50(o) of the Land Development Code.

SECTION 4, CONCLUSION:

Section 1-15(e) of the Land Development Code requires certain criteria that must be evaluated before the adoption of a Land Development Code amendment when making their recommendation, as follows:

- 1. The proposed development conforms to the standards and requirements of this Code and will not create undue crowding beyond the conditions normally permitted in the zoning district, or adversely affect the public health, safety, welfare or quality of life.**

No development is proposed as part of the proposed amendment. This is an administrative amendment to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square footage of the principal structure. The amendment also expands the definition of principal structure. The amendment will not create undue crowding beyond the conditions normally permitted in the zoning district, nor will it adversely affect public health, safety, welfare, or quality of life.

- 2. The proposed development is consistent with the Comprehensive Plan.**

The proposed Land Development Code amendment is consistent with the Comprehensive Plan. Objective 2.1 of the Future Land Use Element of the Comprehensive Plan discussed the need to update Land Development Code regulations.

3. **The proposed development will not adversely impact environmentally sensitive lands or natural resources, including but not limited to waterbodies, wetlands, xeric communities, wildlife habitats, endangered or threatened plants and animal species or species of special concern, wellfields, and individual wells.**

This proposed Land Development Code amendment does not approve any site-specific development and will not have an adverse impact on environmentally sensitive lands. This is an administrative amendment to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square footage of the principal structure. Any accessory structures will require a building permit and be reviewed for Building and Land Development Code compliance at time of permit review.

4. **The proposed use will not substantially or permanently depreciate the value of surrounding property; create a nuisance; or deprive adjoining properties of adequate light and air; create excessive noise, odor, glare, or visual impacts on the neighborhood and adjoining properties.**

The proposed Land Development Code amendment does not approve any site-specific development and will not have any impact on surrounding properties.

5. **There are adequate public facilities to serve the development, including but not limited to roads, sidewalks, bike paths, potable water, wastewater treatment, drainage, fire and police safety, parks and recreation facilities, schools, and playgrounds.**

This is an administrative amendment to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square footage of the principal structure. The proposed amendment would not have a negative impact on public facilities.

6. **Ingress and egress to the property and traffic patterns are designed to protect and promote motorized vehicle and pedestrian/bicycle safety and convenience, allow for desirable traffic flow and control, and provide adequate access in case of fire or catastrophe. This finding shall be based on a traffic report where available, prepared by a qualified traffic consultant, engineer or planner which details the anticipated or projected effect of the project on adjacent roads and the impact on public safety.**

There is no development proposed as part of the proposed amendment. The application pertains to a Land Development Code amendment.

7. **The proposed development is functional in the use of space and aesthetically acceptable.**

There is no development proposed as part of the proposed amendment. This is an administrative amendment to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square footage of the principal structure. The amendment also expands the definition of principal structure.

8. The proposed development provides for the safety of occupants and visitors.

There is no development proposed as part of the proposed amendment. This is an administrative amendment to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square footage of the principal structure.

9. The proposed use of materials and architectural features will not adversely impact the neighborhood and aesthetics of the area.

There is no development proposed as part of the proposed amendment. This is an administrative amendment to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square footage of the principal structure. The amendment also expands the definition of principal structure.

10. The testimony provided at public hearings.

There has not been a public hearing at this time. The comments from the Planning Board meeting will be incorporated into the City Commission packet.

SECTION 5, RECOMMENDATION: The City Commission has requested a review of detached garages on properties that are two (2) acres or greater. It is recommended that the Planning Board provide a recommendation for a Land Development Code amendment for **(1)** Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words to amend the definition for principal structure, and **(2)** Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o), Garages of the Land Development Code to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square footage of the principal structure as provided below:

Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words

*Primary wellfield protection zone *** No change to existing text****

Principal structure means any structure that is occupied by a principal use as defined in this Land Development Code. The principal structure shall include all square footage enclosed by four (4) walls, including the garage. The principal structure area shall not include screen porches or patios.

*Principal use *** No change to balance of existing text****

Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Garages

- (o) *Garages.* All single-family residences are required to have a garage or carport structure. No garage may be enclosed for additional living area unless an additional garage or carport is constructed or presently exists on the subject property.

-
- (1) *Attached garages. *** No change to existing text****
- (2) *Detached garages.* Detached garages are permitted in residential zoning districts under the following conditions:
- a. Maximum size of detached garage:
 - 1. Properties 1.99 acres and less: The detached garage may not exceed fifty percent (50%) of the total square footage of the principal structure.
 - 2. Properties 2.00 acres and larger: The detached garage may not exceed one hundred percent (100%) of the total square footage of the principal structure.
 - b. The building setbacks of the detached garage shall conform to the principal building setbacks of the zoning district.
 - c. Garages that provide an accessory apartment shall be required to meet all the requirements contained in subsection (b) of this section.
 - d. Architectural standards. **** No change to existing text****

Planning Board minutes from October 9, 2025

ITEM:

PZ-2025-203

Detached Garages, Section 2-50
Land Development Code Amendment

Recommended for Approval (5-2)

time he was on the security control and walked around the property and only noticed a little water when there were heavy rains that puddled in the parking lot. The retention pond to the south is dry most of the time, he said.

Chairman Thomas concluded with comments on fencing types and said that he feels that white vinyl-fences get discolored and are not as sturdy, and there have been differences of opinion regarding the costs of masonry walls but has not voted against a project because of vinyl fencing.

Mr. Galloway inquired about thoughts on wrought-iron fencing instead. Chairman Thomas responded that he favors concrete block with stucco, but that he is not overly concerned with this application due to the intense vegetation between the residents.

Mr. Railsback motioned to approve PZ-2025-129, First United Methodist Church, Special Exception. Mr. Scudiero seconded it. Vote was called, and the motion was approved (7-0).

B. PZ-2025-202, Design Standards, Section 2-42, Land Development Code Amendment

Mr. Steven Spraker, Planning Director, explained the application for an administrative amendment to Chapter 2, District and General Regulations, Article II, District Regulations, Section 2-42, Design Standards of the Land Development Code to amend building design standards to be consistent with Section 163.3202, Florida Statutes, regarding residential building design elements. He continued that Section 2-42 contains residential design standards for single-family homes, Section 163.3202 Florida Statutes preempts building design standards for single-family structures and expressed how amendments make this section consistent with Florida Statutes.

Board Questions

Mr. Jorczak asked if community changes already evaluated and implemented for the City of Ormond Beach, can remain due to past board efforts. Mr. Spraker replied that the LDC must be consistent with state statutes. He further explained that in a Planned Development architectural standards can be negotiated but how design standards cannot be applied on a single-family property.

Mr. Scudiero motioned to approve PZ-2025-202, Design Standards, Section 2-42, Land Development Code Amendment, to be consistent with state statutes. Mr. Railsback seconded it. Vote was called, and the motion was approved (7-0).

C. PZ-2025-203, Detached Garages, Section 2-50, Land Development Code Amendment

Mr. Steven Spraker, Planning Director, explained the application for an administrative amendment to (1) Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words of the Land Development Code (LDC) to amend the definition for principal structure and (2) Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o), Garages of the Land Development Code (LDC) to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square-footage of the principal structure.

Mr. Spraker stated that there is a City Commission directive for an LDC amendment to look at how properties are treated with having two acres and greater related to a detached garage. The current LDC limits detached garages to fifty percent (50%) of the principal building. An example was given with a 2,000-square-foot principal house, you could have a 1,000-square-foot-detached garage. If a property owner has two acres or greater in any residential zoning district, the detached garage could be up to 100 percent the square footage of the principal residence. Example; 2,000-square-foot house is allowed a 2,000-square-foot garage if the property is two acres or greater.

Mr. Spraker stated that the genesis of the detached garage standards came out in the early 2000's when the garages were noticeably bigger than single-family houses. The argument for this amendment is if someone has a larger property, they should be able to have a larger detached garage.

Mr. Spraker added that City Commission did not give a percentage, therefore if one hundred percent (100%) is not agreed upon, it can be amended by the Board. He mentioned that in the agricultural REA zoning district, they are able to have barns and accessory structures related to agricultural uses, which are not bound by detached garages, different than the subject at hand.

Board Questions

Mr. Galloway asked if he had one hundred acres and was in an agricultural zoning district, if he could build the largest barn that he wanted. Mr. Spraker confirmed that is correct and would have to have agricultural zoning and have a function justifying the agricultural use. If in the REA zoning district, which allows agricultural uses, accessory structures are allowed that are needed to serve that type of property, not bound by the detached garage limitation.

Chairman Thomas asked the restrictions on a two-acre of non-developable lot, located along the Halifax or Tomoka River, backed up to a conservation area with a limited setback line, with a 4,000-square-foot home on it, can put a 2,000-square-foot garage. Mr. Spraker replied that wetlands could be included in the property acreage and if the structure could not physically fit on the property, a variance would have to be sought or would have to put a structure on it that fits into the property. He added that a 4,000-square-foot garage could be built in this example.

Mr. Gentry remarked that he would be more comfortable with leaving it at the fifty percent (50%).

Mr. Galloway delivered examples, referencing how some people may want to build smaller houses or downsize, with 2-3-4-car garages and have more land for recreational equipment and vehicles, and some that are moving to acreage, out of a 3,700-square-foot house, moving into a 2,200-2,250-square-foot house where they have 4- car garages and store their RV equipment offsite. He added some may have garages larger than their house because of all of their toys.

Mr. Gentry commented that if it were still at fifty percent (50%), they could ask for a Special Exception.

Mr. Spraker confirmed that it is not a dimensional standard that the Board of Adjustments and Appeals can waive. The only way to alter the fifty percent (50%) regulation is through this Land Development Code process. He added that a Land

Development Code amendment is not a hardship-based application. It has to be an LDC amendment versus a variance.

Mr. Galloway inquired about detached garages, connected by a covered walkway, if it counted as a detached garage, and how the city considers it. Mr. Spraker answered that it is not attached unless there are four walls that encompass both buildings. A covered walkway is a detached structure as far as square-footage.

Chairman Thomas brought it back up to the Board for discussion and entertained a motion.

Mr. Railsback motioned to approve PZ-2025-203, Detached Garages, Section 2-50, Land Development Code Amendment. Ms. Shull seconded it. Vote was called, and the motion was approved, with Mr. Gentry and Mr. Galloway in opposition (5-2).

Chairman Thomas brought it back up to the Board for discussion.

Board discussion ensued on the topic.

It was confirmed that the item and motion is in reference to any property that is over two acres or greater, and that for any properties 1.99 or less than two acres, the percentage would be fifty percent (50%) of the total square footage of the principal structure.

Mr. Scudiero remarked that he would like to stick with what is presented and implement the proposed changes, as the motion was made. He added that if it were to ever get to the point where a five- or ten-acre property owner wants a garage two or three times the size of the principal structure, that it could happen and it could be revisited then.

VIII. PUBLIC COMMENTS

In response to an inquiry by Mr. Jorczak, Sergeant Josh DeLong, Ormond Beach Police Department, commented on the U.S. Highway 1 and Granada Boulevard traffic light timing issue and explained that the Ormond Beach Police Department is also looking into it with the Volusia County Traffic Engineering Department. It is a controller issue within the traffic control box, according to Sergeant DeLong. Another concern is the intersection at S. Halifax Drive and Granada Boulevard/State Road 40, with the same issue. It was further discussed amongst the Board and Sergeant DeLong that Tymber Creek is also having similar issues with the timing cycles.

Commission Harold Briley spoke on the traffic light timing signal issues and explained the loop systems short-cycling problems.

IX. OTHER BUSINESS

A. 2026 Planning Board Calendar

Mr. Spraker brought attention to the 2026 Planning Board calendar, pointing out that there is no July meeting planned and inquiring if the Board is interested in moving January and February 2026 meeting dates. The January meeting fell on January 8th, and it was offered to move due to the holidays. The February 12th meeting falls on Daytona Beach Race Week.

January 15th was suggested for the January meeting date revision.

Ordinance Adoption **Business Impact Estimate**

Proposed ordinance's number and legal title:

2025-36

AN ORDINANCE AMENDING CHAPTER 1, GENERAL ADMINISTRATION, ARTICLE III, DEFINITIONS AND ACRONYMS, SECTION 1-22, DEFINITION OF TERMS AND WORDS OF THE CITY OF ORMOND BEACH LAND DEVELOPMENT CODE TO AMEND THE PRINCIPAL STRUCTURE DEFINITION AND CHAPTER 2, DISTRICT AND GENERAL REGULATIONS, ARTICLE III, GENERAL REGULATIONS, SECTION 2-50, ACCESSORY USES, SUBSECTION (O) GARAGES, OF THE CITY OF ORMOND BEACH LAND DEVELOPMENT CODE TO AMEND THE MAXIMUM SIZE OF DETACHED GARAGES ALLOWED FOR PROPERTIES TWO (2) ACRES OR GREATER IN SIZE TO SEVENTY-FIVE PERCENT (75%) OF THE TOTAL SQUARE-FOOTAGE OF THE PRINCIPAL STRUCTURE; REPEALING ALL INCONSISTENT ORDINANCES OR PARTS THEREOF; PROVIDING FOR SEVERABILITY; AND SETTING FORTH AN EFFECTIVE DATE.

This Business Impact Estimate is provided in accordance with section 166.041(4), Florida Statutes. If one or more boxes are checked below, this means the City is of the view that a business impact estimate is not required by state law for the proposed ordinance, but the City is, nevertheless, providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant or other financial assistance accepted by the municipal government;
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☒ The proposed ordinance is enacted to implement the following:
 - a. Part II of Chapter 163, Florida Statutes, relating to growth policy, county and municipal planning, and land development regulation, including zoning, development orders, development agreements and development permits;
 - b. Sections 190.005 and 190.046, Florida Statutes, regarding community development districts;
 - c. Section 553.73, Florida Statutes, relating to the Florida Building Code; or
 - d. Section 633.202, Florida Statutes, relating to the Florida Fire Prevention Code.

In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the City hereby publishes the following information:

1. A summary of the proposed ordinance, including a statement of the public purpose to be served by the proposed ordinance, such as serving the public health, safety, morals, and welfare of the City.

This is an application for an administrative amendment to (1) Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words of the Land Development Code to amend the definition for principal structure and (2) Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o), Garages of the Land Development Code to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square-footage of the principal structure.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City, including the following, if any:

- a. An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted;

None. This is an application for an administrative amendment to (1) Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words of the Land Development Code to amend the definition for principal structure and (2) Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o), Garages of the Land Development Code to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square-footage of the principal structure.

- b. Identification of any new charge or fee on businesses subject to the proposed ordinance, or for which businesses will be financially responsible; and

None. This is an application for an administrative amendment to (1) Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words of the Land Development Code to amend the definition for principal structure and (2) Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o), Garages of the Land Development Code to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square-footage of the principal structure.

- c. An estimate of the City's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.

None. This is an application for an administrative amendment to (1) Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words of the Land Development Code to amend the definition for principal structure and (2) Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o), Garages of the Land Development Code to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square-footage of the principal structure.

3. A good faith estimates of the number of businesses likely to be impacted by the ordinance.

None. This is an application for an administrative amendment to (1) Chapter 1, General Administration, Article III, Definitions and Acronyms, Section 1-22, Definitions of terms and words of the Land Development Code to amend the definition for principal structure and (2) Chapter 2, District and General Regulations, Article III, General Regulations, Section 2-50, Accessory Uses, Subsection (o), Garages of the Land Development Code to amend the maximum size of detached garages for properties two (2) acres or greater in size to one hundred percent (100%) of the total square-footage of the principal structure.

4. Any additional information the City determines may be useful.

(This section may include: methodology or data used to prepare the Business Impact Estimate, e.g., City staff solicited comments from businesses as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail/email, posting on the City's website, public workshop, etc.; efforts made to reduce the potential fiscal impact on businesses; and state the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals or businesses) and, therefore, the proposed ordinance does not affect only businesses.)

No business impacts proposed. The item was advertised in newspaper advertisements. Information on the application is also on the city's website.

Subject	Comprehensive Plan Amendments, Comprehensive Plan 2045 Update, Readoption		
Recommended Action	The Planning Board recommended to RESCIND Ordinance 2025-17 and APPROVE the proposed Comprehensive Plan amendments to the following Elements: Plan Administration, Future Land Use, Transportation, Utilities, Conservation, Coastal Management, Housing, Recreation and Open Space, Capital Improvements, Intergovernmental Coordination, Cultural and Historical Resources, Public School Facilities, and Property Rights.		
Strategic Goal	Transportation & Community Development - Other		
Department Staff Contact	Planning & Building Steven Spraker, Planning Director		

Summary

This is a request to rescind Ordinance 2025-17 and readopt Comprehensive Plan amendments to the following Elements: Plan Administration, Future Land Use, Transportation, Utilities, Conservation, Coastal Management, Housing, Recreation and Open Space, Capital Improvements, Intergovernmental Coordination, Cultural and Historical Resources, Public School Facilities, and Property Rights based on comments from Florida Commerce.

On August 19, 2025, the City Commission adopted Ordinance 2025-17, which adopted the Comprehensive Plan 2045 update. On October 17, 2025, Florida Commerce issued a null and void letter identifying Policy 1.6.4. of the Transportation Element as more restrictive and burdensome and Policy 1.1.9. of the Housing Element as potentially more restrictive and burdensome based on Senate Bill 180.

The Comprehensive Plan amendments in the attached Ordinance are the same as Ordinance 2025-17, except for the removal of the two Policies identified as more restrictive and burdensome by Florida Commerce. The changes are as follows:

POLICY 1.6.4. of the Transportation Element (underlined type constitutes additions to the

original text and ~~strikethrough~~ constitutes deletions to the original text)

~~Where d) Development proposals that are consistent with the City's Future Land Use Map (FLUM) in terms of both land use type and density or intensity and located along the Multi-Modal Corridors where current and projected 2017 level of service standards are currently met, shall implement the following strategies will be implemented:~~

1. Access management;
2. Bike facilities; and
3. Sidewalk connectivity.

Subsection (d) was included in Ordinance 2025-17 and is not included in the amended Ordinance.

~~d) On or off site transit facility improvements as recommended by Votran.~~

POLICY 1.1.9. of the Housing Element (~~strikethrough~~ text constitutes deletions to the original text)

This proposed Policy was included in Ordinance 2025-17 and is not included in the amended Ordinance. The Policy stated in Ordinance 2025-17:

~~The city shall maintain and consistently review the permitting process that facilitates the private sector housing production.~~

The Planning Board reviewed the proposed Comprehensive Plan amendments on November 13, 2025, and recommended approval. No other Goals, Objectives, or Policies have been changed. If approved by the City Commission, the Ordinance would be transmitted back to FloridaCommerce for review.

The Planning Board reviewed the proposed amendments and recommended approval to the City Commission.

Financial Impact

None

Citizen Impact

State law requires an Evaluation and Appraisal Report for the Comprehensive Plan. The proposed amendments have been discussed at multiple amendments with several changes directly from citizen input. No citizen impacts are expected from the amendments.

ORDINANCE NO. 2025-37

AN ORDINANCE OF THE CITY OF ORMOND BEACH, FLORIDA, AMENDING THE COMPREHENSIVE PLAN FOR THE CITY OF ORMOND BEACH IN ITS ENTIRETY PURSUANT TO CHAPTER 163, FLORIDA STATUTES; RESCINDING ORDINANCE 2025-17; ADOPTING COMPREHENSIVE PLAN 2045 AMENDMENTS BASED UPON COMMENTS RECEIVED FROM FLORIDACOMMERCE, INCLUDING AMENDMENTS TO THE PLAN ADMINISTRATION, FUTURE LAND USE ELEMENT, TRANSPORTATION ELEMENT, UTILITIES ELEMENT, CONSERVATION ELEMENT, COASTAL MANAGEMENT ELEMENT, HOUSING ELEMENT, RECREATION AND OPEN SPACE ELEMENT, CAPITAL IMPROVEMENTS ELEMENT, INTERGOVERNMENTAL COORDINATION ELEMENT, CULTURAL AND HISTORICAL RESOURCES ELEMENT, PUBLIC SCHOOLS FACILITIES ELEMENT, AND PROPERTY RIGHTS ELEMENT, AND ALL ASSOCIATED MAPS AND FIGURES; PROVIDING FOR THE TRANSMITTAL OF COPIES OF THE AMENDMENTS TO THE FLORIDACOMMERCE; PROVIDING PUBLIC HEARINGS; PROVIDING FOR SEVERABILITY; AND SETTING FORTH AN EFFECTIVE DATE.

WHEREAS, by Ordinance No. 90-36, the City Commission adopted the *City of Ormond Beach Comprehensive Plan* (“*Comprehensive Plan*”) in accordance with applicable law, now known as the Growth Policy Act (Chapter 163, Part II, *Florida Statutes*), which *Comprehensive Plan* has been subsequently amended; and

WHEREAS, Section 163.3191, *Florida Statutes*, requires local governments to evaluate their Comprehensive Plans periodically to determine if plan amendments are necessary; and

WHEREAS, on May 23, 2024 the Planning Director provided a letter to the FloridaCommerce confirming that the City would perform a review of the *Comprehensive Plan* and necessary amendments as part of an Evaluation and Appraisal Report of each of the *Comprehensive Plan* elements; and

WHEREAS, on April 15, 2025, the City Commission passed on first reading Ordinance 2025-17 to transmit the Comprehensive Plan 2045 update to the Volusia Growth Management Commission and state agencies; and

WHEREAS, on May 27, 2025, the Volusia Growth Management Commission issued a Certificate of Consistency with no objections from any other governmental entity; and

WHEREAS, on June 23, 2025, the city received the FloridaCommerce review letter. The review letter noted one comment (not an objection) from the Department of Environmental Protection regarding the conversion of a septic system to central sanitary sewer service. During the review process, St. Johns River Water Management District staff requested that Policy 5.1.19 of the Utilities Element not be deleted; and

WHEREAS, on August 19, 2025, ordinance 2025-17 was adopted by the City Commission. Within the adoption packet was a summary of the amendments, including how the Department of Environmental Protection's comment and the St. Johns River Water Management District's request were addressed; and

WHEREAS, on September 2, 2025, FloridaCommerce provided a letter stating that the amendment package appears to be complete and that a Notice of Intent was due on October 17, 2025; and

WHEREAS, on October 17, 2025, FloridaCommerce issued a null and void letter identifying Policy 1.6.4. of the Transportation Element was more restrictive and burdensome and Policy 1.1.9. of the Housing Element as potentially more restrictive and burdensome based on Senate Bill 180; and

WHEREAS, in order to delete a portion of Policy 1.6.4. of the Transportation Element and Policy 1.1.9. of the Housing Element, Ordinance 2025-17 is required to be rescinded and the Comprehensive Plan 2045 amendments readopted; and

WHEREAS, the data and analysis for the Comprehensive Plan 2045 amendments remain unchanged; and

WHEREAS, public input has been sought on the *Comprehensive Plan* 2045 update through community engagement meetings, a survey, project webpages, and advisory board reviews of the *Comprehensive Plan* elements; and

WHEREAS, the proposed amendments to the *Comprehensive Plan* have been reviewed by the Historic Landmark Preservation Board, Quality of Life Advisory Board, Leisure Services Advisory Board and the Planning Board; and

WHEREAS, on November 13, 2025 the Planning Board serving as the local planning agency, conducted a public meeting with due public notice on the *Comprehensive Plan* amendments, and recommended approval thereof; and

WHEREAS, the City Commission has duly conducted a public hearing adopting the requested *Comprehensive Plan* amendments, as described in §163.3184(4)(e)(1) and (11), *Florida Statutes*, and

WHEREAS, the City Commission finds that approval of the *Comprehensive Plan* amendments will preserve the internal consistency of the City's *Comprehensive Plan* pursuant to Section 163.3177, *Florida Statutes*; and

WHEREAS, the *Comprehensive Plan* amendments are attached to this Ordinance as Exhibit “A” attached hereto and incorporated herein by reference; and

WHEREAS, for the purposes of this Ordinance, underlined type constitute additions to the original text and ~~striketrough~~ shall constitute deletions to the original text; now therefore,

BE IT ENACTED BY THE PEOPLE OF THE CITY OF ORMOND BEACH, FLORIDA, THAT:

SECTION ONE. The foregoing recitals are incorporated herein by reference as the legislative findings of the Ormond Beach City Commission.

SECTION TWO. Ordinance 2025-17 is rescinded based upon the letter from FloridaCommerce dated October 17, 2025 identifying Policy 1.6.4. of the Transportation Element is more restrictive and burdensome and Policy 1.1.9. of the Housing Element is potentially more restrictive and burdensome based on Senate Bill 180.

SECTION THREE. The *City of Ormond Beach Comprehensive Plan*, is hereby amended with the text, figures, and map amendments to the Plan Administration, Future Land Use Element, Transportation Element, Utilities Element, Conservation Element, Coastal Management Element, Housing Element, Recreation and Open Space Element, Capital Improvements Element, Intergovernmental Coordination Element, Cultural and Historical Resources Element, Public

School Facilities Element, and Property Rights Element, as set forth in Exhibit “A” attached hereto and incorporated herein by reference.

SECTION THREE. In order to make the *City of Ormond Beach Comprehensive Plan*, as hereby amended, available to the public, a certified copy of the enacting Ordinance, as well as certified copies of the *City of Ormond Beach Comprehensive Plan* and the amendments thereto, shall be located in the Planning Department of the City of Ormond Beach. The Planning Director shall also make copies available to the public for a reasonable reproduction charge.

SECTION FOUR. The Planning Director is hereby authorized and directed to transmit the appropriate number of copies of the notice and amendment within ten (10) days after the first reading of this Ordinance to the FloridaCommerce.

SECTION FIVE. All Ordinances or parts of Ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION SIX. In the event any section or provision of this Ordinance be declared by any court of competent jurisdiction to be unconstitutional or invalid, such declaration shall not be deemed to affect the validity of this Ordinance as a whole or any other section or provision thereof.

SECTION SEVEN. The effective date of this plan amendment, if the amendment is not timely challenged, shall go into effect pursuant to the state land planning agency’s notice of intent. If timely challenged, this amendment does not become effective until the state land planning agency or the Administration Commission enters a final order determining the adopted amendment to be in compliance. No development orders, development permits, or land use dependent on this

amendment may be issued or commence before it has become effective. If a final order of noncompliance is issued by the Administrative Commission, this amendment may nevertheless be made effective by adoption of a resolution affirming its effective status, a copy of which resolution shall be sent to the state land planning agency.

PASSED UPON at the first reading of the City Commission, this 2nd day of December, 2025.

PASSED UPON at the second and final reading of the City Commission, this 16th day of December, 2025.

INTRODUCTION

This Chapter sets forth the guidelines and criteria for administering the Ormond Beach Comprehensive Plan. Proper Plan administration requires the establishment of procedures to ensure that the Plan provides for a means of Plan interpretation, Plan interpretation appeals, and Plan amendment.

A. PLAN INTERPRETATION

It is the responsibility of the Planning Department Director (hereinafter referred to as the Director) to interpret the Comprehensive Plan and its application to public and private land and to activities permitted thereon. Plan interpretations are to be based on the applicable text, maps, figures and tables within the adopted Comprehensive Plan along with the support documentation developed to support the Comprehensive Plan. Plan interpretations shall be based upon the following guidelines:

1. Use and Status of Support Documentation – The City’s supporting data and analysis establishes the base data compiled to support the Comprehensive Plan. The support documentation is not adopted as part of the Plan but may be used in any review, interpretation and update of the adopted Comprehensive Plan. The support documentation may be updated periodically and portions may be incorporated as a Plan amendment if deemed appropriate.
2. Interpretation of Conflicts – Conflicts shall be judged under the following guidelines:
 - a. In the event of any difference of meaning or implication between the text of the Plan and any caption, illustration, summary table, or illustrative table, the text shall control.
 - b. In the event of an apparent conflict between the Future Land Use Map and any other map or figure in the adopted Comprehensive Plan, the Future Land Use Map shall control.
 - c. In the event of an apparent conflict between Plan goals, objectives and policies or any other portion of the Plan text, the Plan goals, objectives and policies shall control.
3. Interpretation of Undefined Terms – Terms not otherwise defined herein shall be interpreted first by reference to the relevant provisions of the Local Government Comprehensive Planning and Land Development Regulation Act Part II, Chapter 163 F.S. Florida Statutes, or other relevant and appropriate State Statutes or Administrative Rules if specifically defined therein; secondly, by reference to generally accepted planning or otherwise professional terminology if technical; and otherwise according to the latest edition of Webster’s New Collegiate Dictionary.

4. Administrative Interpretations – It is the responsibility of the Director to make Comprehensive Plan administrative interpretations. Applications for an administrative interpretation together with the appropriate fee as may be required by resolution of the City Commission shall be filed with the Director. Administrative interpretations may be required as a result of one of the following actions:

- a. Failure to obtain a Comprehensive Plan consistency finding based on submission of a building permit, or subdivision or site plan application:

In the event a building permit, or subdivision or site plan application is found inconsistent with the Plan, the application may be forwarded to the Director for an administrative interpretation. The building permit, or subdivision or site plan application shall serve as the application for an administrative interpretation.

- b. Request for interpretation of land use designation boundaries:

Written requests are required for administrative interpretations related to land use designation boundaries. The request shall include a legal description of the parcel(s) and depending on the circumstance a current survey may be required. The applicant may submit additional materials that he feels supports his application and the Director may ask for additional information to explain said request.

- c. Any other action that would require a Comprehensive Plan interpretation.

Any affected party may make application for an administrative interpretation of the Comprehensive Plan. The application would be for a set of circumstances not covered under one of the aforementioned interpretations. Specifically, the application shall include a written statement which clearly identifies the section or sections of the Plan for which an interpretation is required along with references to text, maps, figures and support document(s) which the applicant feels supports the application.

5. Administrative Interpretation of Plan Consistency and its Relationship to the Concurrency Provisions of the Capital Improvements Element – An administrative interpretation resulting in a determination of consistency does not constitute a determination of concurrency, which is a separate determination that is subject to Article 7, Concurrency Management, of the City Land Development Code and the concurrency provisions of the Comprehensive Plan's Capital Improvements Element.
6. Appeal of an Administrative Interpretation – Any administrative interpretation made by the Director under the provisions of this Chapter may be appealed to the City Commission. Appeals may be initiated by any person aggrieved, or by any officer, board, department or agency of City Government. An appeal shall be submitted within 10 days after rendition of the interpretation by filing with the Director and with the Legal Department, a written Notice of Appeal specifying its grounds

together with the appropriate fee, as may be required by resolution of the City Commission. The appeal shall be submitted on a form prescribed by the Director. Upon receipt of the Notice of Appeal, the Director shall transmit to the City Commission all documents, plans, papers, minutes, applications, recommendations or other materials relating to the appealed decision. In its deliberations, the City Commission shall decide that the interpretation of the Director is either consistent or inconsistent with the Comprehensive Plan and then shall direct the disposition of the appeal. In lieu of a consistency/inconsistency ruling, the Commission may determine that the scope of the appeal goes beyond a simple interpretation of the Plan and deals with a substantive issue affecting City policy. Having made such a determination, the City Commission may then refer the application to the Planning Board. The Board shall review the appeal to determine its policy implications and recommend whether or not the appeal would constitute a Comprehensive Plan amendment.

7. Recourses to Decisions of the City Commission – Any City Commission decision on an administrative interpretation may be appealed by an aggrieved person, to the Circuit Court for review by certiorari, within 30 days after the rendition of the City Commission decision. The aggrieved person shall notify all interested persons as required by law and shall have established a record before the City Commission during its hearing on the appeal.

B. PLAN AMENDMENTS

From time to time it will be necessary to amend the Comprehensive Plan to keep up with changing conditions, to comply with State mandated updates and evaluations, to achieve implementation of the Plan and to provide citizens and affected parties a means of recourse to participate in the City's Comprehensive Plan Program. All amendments to the Comprehensive Plan shall, as a minimum, comply with the advertising requirements as prescribed by Part II, Chapter 163 F.S. and by City Ordinance. Any action which requires that a change be made to any of the maps, text, figures, tables or charts and any other change having the effect of altering the use of land as prescribed by this Plan shall be deemed to require a Comprehensive Plan amendment. Plan amendments may be initiated by elected bodies, public agencies, appointed officials, advisory boards, public, semi-public or private utilities, individuals and groups, or any other affected person or combinations thereof.

1. Types of Comprehensive Plan Amendments – The Comprehensive Plan may be amended as a result of one of the following types of applications:
 - a. Mandated Amendment - an amendment required to comply with State laws and rules thereof. A mandated amendment would include court directed settlements in accord with State law.
 - b. Administrative Amendment – an amendment which is initiated by the City Commission through their own actions or acting on the advice or recommendation of the Planning Board, staff or other agency of government.

Development Amendment – an amendment which is initiated by the property owner or his authorized agent to change the Plan so that a particular development type or land use not otherwise consistent with the Plan, would become consistent following the adoption of the amendment. Applicants may be a single individual owning a single parcel or two or more individuals owning contiguous land areas. Applicants may also be an individual or groups of individuals owning 51% percent or more of the subject land area. Applicants may be private individuals sponsoring a residential, commercial, industrial or related use or a public agency sponsoring a public use amendment subject to the Comprehensive Plan.

- e. Small Scale Development Amendment – a Development Amendment that qualifies under the small-scale development amendment provisions of Part II, Chapter 163.3187(1)(c) F.S. and Section 3, below. ~~This Section exempts small-scale amendments from the two-a-year amendment limitations and provides for an accelerated review and adoption schedule.~~

2. Submission of an Application for a Comprehensive Plan Amendment –

- a. Mandated and Administrative Amendments shall not require a formal application, but shall be processed consistent with the amendment requirements of Part II, Chapter 163 F.S. and ~~Administrative Rule 9J-5~~. No fee is required for a Mandated or Administrative Plan Amendment.
- b. Development Amendment applications shall be submitted to the Planning Department on a form prescribed by the Director, together with the appropriate fee as may be required by resolution of the City Commission. Development Amendments may require a pre-application meeting. If required, the Planning Department will schedule the pre-application meeting and may invite other public agencies and representatives as appropriate to attend the meeting.

3. Notification Requirements of Small-Scale Development Amendments –

Small-Scale Development Amendments require the notification of adjacent property owners in the manner described herein:

For the purpose of a Small-Scale Amendment, adjoining property is intended to include property for which any portion of the boundary is contiguous to any portion of the boundary of the property encompassed by the proposed “Small-Scale Amendment” and which is not owned or leased by the individual(s) having ownership of the property encompassed by the proposed Small-Scale Amendment. In the case of an intervening easement or right-of-way, this term shall mean the property adjoining said easement or right-of-way which is not owned by the owner(s) of the property encompassed by the proposed Small-Scale Amendment. Where the proposed Small-Scale Amendment encompasses part of a larger property owned or leased by the same individual(s), the boundary of the larger property shall be used to determine the adjoining property(ies).

At least ten days prior to the Planning Board scheduled public hearing date, the ~~landowner, or his duly authorized agent,~~ City shall mail notice of the public hearing to the owner(s) of adjoining property. The latest ad valorem tax record shall be used to identify the name and address of the adjoining property owner(s).

Said notice, which is to be mailed by ~~certified regular-mail – return receipt requested,~~ shall set forth the time, day, place and purpose of the public hearing. ~~The Planning Department will provide the owner or his authorized agent with a notice form. The owner or his authorized agent shall acknowledge receipt of the notice form.~~

4. Processing of Plan Amendment Applications –

Upon the Director's determination that the application is complete, the Department shall prepare a staff report with all applicable exhibits, information and materials and schedule the application for a Planning Board hearing. The Planning Board shall consider the staff report and forward its recommendation on said Plan amendment to the City Commission. It shall be the responsibility of the City Commission to approve, approve with conditions, continue, or deny the Plan amendment. All Plan amendments must meet the requirements as set forth by Part II, Chapter 163, F.S. and Section 3 above, ~~for Small-Scale Amendment~~ and the applicable Rules of the Volusia Growth Management Commission. Plan amendments are not in effect until the Volusia Growth Management Commission makes a determination of consistency in accordance with their Rules and the Florida Department of Community Affairs determines that the Plan amendment is in compliance with Part II, Chapter 163 F.S. ~~and Administrative Rule 9J-5.~~

**€. RIGHT TO CHALLENGE DEVELOPMENT ORDER
CONSISTENCY WITH COMPREHENSIVE PLAN**

The right of any aggrieved or adversely affected party to bring action for injunctive or other relief against the City of Ormond Beach to prevent the City Commission from taking any action on a development order that is not consistent with the Comprehensive Plan shall be as set forth in Part II, Chapter 163.3215 F.S.

DEFINITIONS OF TERMS AND WORDS

The following words, terms and phrases, when used in this Comprehensive Plan, shall have the meanings ascribed to them in this section. All words not defined in this Comprehensive Plan shall carry their customary meaning as found in the City's Land Development Code or the most recent edition of Webster's New Collegiate Dictionary.

Abandon or abandonment of use or structure: to discontinue a use or structure for a period of six (6) continuous months, eighteen (18) months in a two-year (2) period or for a time period greater than specified by the City's Land Development Code without demonstrating intent to continue the use as indicated by the following: (1) Allowing business tax to lapse; (2) Removing utility meters; (3) Not maintaining structure in a habitable condition; (4) Not making unit available for occupation

(i.e., advertising or marketing through a realtor or other agent); and/or (5) Failure to perform actions pursuant to the terms of an active building permit.

Abandonment, street: to vacate, abandon, discontinue and close any existing public or private street, alleyway, road, highway, or other place used for travel, or any portion thereof, and to renounce and disclaim any right of the public in and to any land in connection therewith.

Abutting or adjoining: having a common border with, or being separated from such common border by a right-of-way, alley or easement.

Accessible: describes a site, building, facility or portion thereof that complies with the Florida Accessibility Code.

Accessory dwelling unit: a subordinate habitable living unit that is created on a residential lot with a principal structure that is detached and provides for independent cooking, living, sanitation, and sleeping. Accessory dwelling units shall not be subdivided or otherwise subdivided in ownership from the primary residence.

Accessory use or structure: any use or detached structure customarily incidental and subordinate to the principal use or structure and located on the same lot containing such principal use or structure. Accessory uses or structures contribute to the comfort, convenience or necessity of the principal use or structure. The term "accessory use and structure" includes, but is not limited to, detached patios, swimming pools, tennis courts, barbecue pits, fireplaces, decorative or ornamental structures, air conditioner compressors, fuel storage tanks, utility buildings, fences, walls and the like. Accessory uses or structures are not allowed except in conjunction with an existing principal use.

Addition: a construction project physically connected to the exterior of a contributing property. For the purpose of floodplain management, the term "addition" means any walled and roofed expansion to the perimeter of a building in which the addition is connected by a common load-bearing wall other than a firewall. Any walled and roofed addition, which is connected by a firewall or is separated by independent perimeter load-bearing walls, is new construction.

Adequate school capacity: the circumstance where there is sufficient school capacity by school type, based on adopted level-of-service standards (LOSS), to timely accommodate the demand created by a proposed residential development.

Adult family care home: a full-time, family-type living arrangement, in a private home, under which a person or persons provide, for profit or not for profit, room, board and one (1) or more personal services, as appropriate for the level of functional impairment, for no more than five (5) frail elders or disabled adults as defined under Florida Statutes Section 429.65, who are not relatives.

Adverse impacts: any modifications, alterations or effects on a feature or characteristic of a natural resource such as a beach and dune area, designated species, community waters, wetlands, or upland vegetative community, including their quality, quantity, hydrodynamics, surface area, species composition, living resources, aesthetics or usefulness for human or natural uses which are or may potentially be harmful or injurious to human health, welfare, safety, or property, to biological productivity, diversity, or stability or which unreasonably interfere with the enjoyment of life or property, including outdoor recreation. Any result of a development action, including the

secondary impacts of development, that would reduce, over time, the quantity or quality of a natural community, the population of a species, the habitat of a species or the significant attributes of other regionally significant resources covered by the City's Land Development Code.

Aesthetics: the science and philosophy of beauty.

Affordable housing: quality designed housing which is available to a household earning one hundred and twenty percent (120%) or less of area median income (adjusted for family size), which can be rented or purchased in the market without spending more than thirty percent (30%) of household income.

Agricultural uses, major: agricultural activities involving silviculture, apiaries, aviaries, pisciculture, the raising of livestock or worms, dairying, and kindred activities, hog farming, poultry farming and similar uses that may produce excessive noise, odor or dust.

Agricultural uses, minor: agricultural activities restricted primarily to the cultivation, production, processing, packaging and storage of crops, orchards, forage and pasture. These uses allow the sales of agricultural products, including hay and livestock grown or raised on the premises.

Agriculture: the cultivation of the soil primarily consistent with the standards of this article and secondarily consistent with best management practices for food products or any other useful or valuable growths of the field or garden; also, by extension farming, including any industry practiced by a cultivator of the soil in connection with such cultivation, as breeding and rearing of stock and dairying.

Airport: any area of land designed and set aside for the landing and takeoff of aircraft, including all necessary facilities for the housing and maintenance of aircraft.

Aisle: traffic circulation paths between vehicles or rows of parking stalls that allow access to individual stalls.

Alteration: any act or process, which changes one (1) or more of the exterior architectural features of a contributing property.

Alteration of a watercourse: a dam, impoundment, channel relocation, change in channel alignment, channelization, or change in cross-sectional area of the channel or the channel capacity, or any other form of modification which may alter, impede, retard or change the direction and/or velocity of the riverine flow of water during conditions of the base flood.

Amendment: a change made to either a map or the text of this Comprehensive Plan in accordance with general law.

Animal: all nonhuman species of animal.

Apartment: a customarily renter occupied dwelling unit constructed as part of a group of three (3) or more dwelling units, having common utility service and maintenance furnished by the management.

Appeal: a request for a review of the Planning Director's interpretation of the Comprehensive Plan

Applicant: a landowner, developer, builder or other authorized person who files a petition for a development order and/or a development permit.

Aquatic preserves: an exceptional area of submerged lands and its associated waters and adjacent uplands set aside by the city, the county, the state or a federal agency for the purpose of leaving and maintaining the area in its natural or existing condition.

Aquifer: a geologic formation, group of formations, or part of a formation that contains sufficient saturated permeable material to yield useful quantities of groundwater to wells and springs.

Archaeological site: any site which contains prehistoric or historic artifacts, relics or structures which represent a particular culture, historic event or epoch and which is of local, regional, state or national significance.

Artificial drainage system: any canal, ditch, culvert, dike, storm sewer or other manmade facility, which tends to control the flow of surface water.

Artificial erosion: the loss or washing away of sand, sediment, or other material from riparian property caused by manmade projects and operations, which result in submerged lands formerly not covered by water.

Assisted living facility: any building or buildings, section or distinct part of a building, private home, boarding home, home for the aged or other residential facility, whether operated for profit or not, which undertakes through its ownership or management to provide housing, meals, and one (1) or more personal services for a period exceeding twenty-four (24) hours to one (1) or more adults who are not relatives of the owner or administrator.

Backlogged roads: roads that operate below the adopted level-of-service, are not in the Florida Department of Transportation (FDOT) three-year (3) work program and are not constrained.

Base flood: the flood having a one-percent chance of being equaled or exceeded in any given year. The base flood is commonly referred to as the "100-year flood" or the "1-percent-annual-chance flood."

Base flood elevation (BFE): the elevation of the base flood, including wave height, relative to the National Geodetic Vertical Datum (NGVD), North American Vertical Datum (NAVD) or other datum specified on the flood insurance rate map (FIRM).

Beach: that area of unconsolidated material that extends landward from the mean low water line to the place where there is a marked change in material or physiographic form, or to the line of permanent vegetation (usually the effective limit of storm waves).

Best management practices: management practices accepted by the City and found in the most current edition: (1) Of the Silviculture Best Management Practices Manual, state department of agriculture and consumer services, division of forestry; (2) Of a Manual of Reference Management Practices for Agricultural Activities; (3) Of the Florida Development Manual, state department of environmental protection; or (4) As otherwise accepted and approved by the City Engineer and Chief Building Official.

Bicycle lane or bike lane: a portion of a roadway, or a lane adjacent to a roadway, which has been designated by striping, signing and pavement markings for the preferential or exclusive use of bicyclists.

Bicycle path: any road, path, or way that is designed and intended for use by pedestrian and bicycle travel, which motor vehicles are prohibited or controlled.

Buffer/bufferyard: a strip of land with natural or planted vegetation located between a use or structure and another use or structure to separate and, in some cases, partially or completely obstruct the view of two (2) abutting land uses or properties from each other, to mitigate incompatible impacts one (1) use or structure would otherwise place on another, or to create horizontal separation between uses to discourage encroachment of development impacts from one (1) use onto another use.

Buffer, perimeter: the reserved area along the boundary of a parcel in which landscaping, natural vegetation, and/or walls, fences or berms provide a separation for uses of differing type and intensity as well as providing an attractive boundary between parcels.

Buffer, roadway: the reserved area within and along the boundary of a parcel abutting road right-of-way in which such area is placed landscaping, preserved natural vegetation and/or walls, fences or berms that provide a separation of uses and adjacent roadway impacts and that create an aesthetic roadway corridor on which to travel.

Buffer, upland: an area of undisturbed or appropriately managed vegetation that surrounds wetlands and other natural communities, conservation area, a species and its habitat, or a significant regional resource that is utilized to minimize man-induced disturbances and adverse impacts, including the secondary impacts of development, from either interfering with the life history requirements of a species, or causing adverse changes in the plant or faunal species, or causing adverse changes in the plant or faunal species composition or quality of a natural community. The buffer also serves to create horizontal separation between such natural resources and impacts generated by adjacent uses or structures. The buffer includes canopy, understory and ground cover, which consist of preserved existing vegetation or planted native species in those areas where the buffer was significantly disturbed previously.

Buffering: the use of any manmade or natural materials or open space in any fashion designed to limit the effects of one (1) land use upon adjoining land uses, conservation areas, or natural resources.

Buildable area: the portion of a lot remaining after required yard and required open space and landscaped areas have been provided.

Building: any structure, either temporary or permanent, having a roof impervious to weather that encloses a space used for sheltering any occupancy.

Building height: See *Height, building*.

Building permit: an official document or certification issued by the building official authorizing performance of a specified activity.

Building, principal: a building in which the principal use conducted on the premises is situated.

Building setback line: the required minimum horizontal distance between the front, rear or side lines of the lot and the front, rear or side lines of the building.

Bulkhead line: a legally described line established in or along the Atlantic Ocean, a river, watercourse or other body of water, in order to fix and establish the maximum distance from the water within which property improvements may be permitted. The term "bulkhead line" includes the terms "seawall line" and "coastal construction setback line."

Capacity Enhancement Agreement: an agreement entered into by the City, the School Board and applicant for a Comprehensive Plan amendment or rezoning which increases residential densities in order for a Finding of Adequate School Capacity to be issued by the School District.

Carrying capacity: the maximum number of individuals that a given area can satisfactorily support based on the availability of food, shelter, breeding sites and other factors related to the life history requirements of a wildlife species.

Certificate of Concurrency (COC): a determination by the City that the facilities addressed under the concurrency system will be in place concurrent with the impacts of the development.

Certificate of Occupancy: a document prepared by the administrative official certifying that a specific development has been designed and constructed in a manner consistent with applicable terms of the City's Land Development Code and applicable building codes so long as uses associated with the development are carried out consistent with all applicable laws and ordinances.

Change of use: any change, modification or alteration of the use of any structure, lot, or building from one (1) defined principal use to another. In instances where the principal use is not defined, the defined use nearest to that of the specific use shall apply.

Child care: includes any child care center or child care arrangement which provides child care for more than five (5) children unrelated to the operator and which receives a payment, fee, or grant for any of the children receiving care, wherever operated, and whether or not operated for profit. Facilities that are not considered child care are further defined in the City's Land Development Code.

Clearing: the removal of trees, brush and other ground cover from the land by hand or mechanical means. The term "clearing" does not include sight trails necessary for the surveying of the subject parcel.

Cluster subdivision, single family dwelling: a subdivision in which lot sizes are reduced below the minimum required conventional single-family lot size to concentrate development density thereby creating additional common open space.

Coastal construction control line: that line established by F.A.C. rule as 62B-26.023. Such line generally identifies the landward extent of that portion of the beachdune system which is subject to severe fluctuations based upon a one hundred year (100-year) storm surge, storm waves or other predictable weather conditions, as established by the Department of Environmental Protection in accordance with F.S. § 161.053.

Coastal High Hazard Area (CHHA): that portion of the city within the "threat 'a' evacuation zone" category 1 storms, as identified in figure 1 of the Coastal Management Element.

Coastal planning area: the criteria for determining the boundaries of the coastal planning area; also known as the Adaptation Action Area (AAA) within the jurisdiction of the City of Ormond Beach are listed in Chapter 163.3177, F.S. Figure 2 of the Coastal Management Element displays the coastal area for the City.

Common areas/space: any part of a development designed and intended to be used in common by the owners, residents or tenants of a development.

Compact development: a planning term that seeks to use land efficiently through mixed use with existing infrastructure. The concept also aims to cluster residential lots to preserve land areas, including wetlands.

Comprehensive plan: the City of Ormond Beach Comprehensive Plan, as may hereinafter be amended and which was prepared and adopted pursuant to F.S. ch. 163, pt. II.

Concurrency: a state or condition where adequate capacity exists of certain public facilities and services as measured by adopted level-of-service standards and where such adequate capacity is available concurrent with the impacts of development. In addition, transportation facilities needed to serve new development shall be in place or under actual construction within three (3) years after the local government approves a building permit or its functional equivalent that results in traffic generation.

Concurrency Reservation Certificate (CRC): a certificate attesting that adequate capacity to provide necessary public facilities to meet concurrency requirements is currently available to meet the demands of the development subject to a certificate making such assurance to be issued with the building or site development permit.

Concurrency service area level-of-service standard (LOSS): the maximum acceptable percentage of school utilization determined by dividing the total number of students for all schools of each type in each CSA by the total number of permanent student stations for that type of school in each CSA.

Condominium: a single-family or multifamily dwelling unit separately owned and valued for property tax purposes, with common areas under group ownership and property taxes paid by a homeowners' association.

Cone of influence: for purposes of regulating development and land use under section 3-19 of the City's Land Development Code, public water supply wellfield protection, the area surrounding a pumping well operating continuously for at least a twenty-four-hour (24) duration within which the water table or potentiometric surfaces have been changed by more than one (1) foot due to groundwater withdrawal.

Conservation area: any area that has been set aside for environmental protection through conservation easements, dedicated open space or other legal mechanism.

Consistent: in accordance, in compliance, in agreement and to the same extent as.

Construction: the erection of an on-site improvement to a building, structure, or site located within a designated historic district, historic site, historic landmark or an archaeological site.

Consumptive use: any use of water, which reduces the supply from which it is withdrawn or diverted.

Contract: the agreement executed by the developer and the contractor for the performance of the work, or between the developer and the city for faithful performance, as indicated.

Contractor: the person with whom the developer has executed a contract for the performance of the work connected with a subdivision, or his legally authorized representative.

Crown of road: the elevation of the highest surface of street pavement within the right-of-way abutting the property or the elevation approved by the city engineer.

Cul-de-sac: a street terminated at the end by a vehicular turnaround.

Cultural and civic activities: activities typically performed by public or private not-for-profit entities for the promotion of a common cultural or civic objective such as historical, literary, scientific, musical, dramatic, artistic or similar objectives.

Demolish: to alter a structure in such manner as to render it unfit for use to such an extent that repair is not feasible or is so costly as to be economically prohibitive. Alterations within the scope of an approved building permit shall not be regarded as demolition as defined in this section.

Density: the total number of dwelling units per gross acre of land. For purposes of computing density allowances, the total amount of unbuildable area, including wetlands, retention ponds, and inaccessible areas shall not exceed ten percent (10%) of the gross acreage. Density, in turn relates to the total population load on the land in terms of families or persons per acre. In calculating maximum potential densities for any given parcel of property, such calculations shall be exclusive of that existing portion which is considered to be submerged lands.

Deposited or discharged: as pertains to hazardous materials, any spilling, leaking, seeping, pouring, emitting, emptying or dumping. The term "deposited" or "discharged" does not include the use of a hazardous material in accordance with its intended use as specified by the manufacturer.

Designated species (endangered or threatened species): includes those classified, by either the Florida Fish and Wildlife Conservation Commission or the U.S. Fish and Wildlife Service, as endangered, threatened or species of special concern, or those species actively being considered for such designation.

Detention: the collection and temporary storage of stormwater or surface water for subsequent discharge at a rate that is less than the rate of inflow.

Developer: any person who acts in his own behalf or as the agent of an owner of property and engages in development or the alteration of land or vegetation in preparation for construction activity.

Development activity or development: includes any of the following activities: (1) Construction, clearing, filling, excavating, grading, paving dredging, mining, drilling or otherwise significantly disturbing the soil of a site. (2) Building, installing, enlarging, replacing or substantially restoring a structure, impervious surface, or water management system, and including the long-term storage of materials. (3) Subdividing land into two (2) or more parcels. (4) A tree or vegetation removal for which authorization is required under the City's Land Development Code. (5) Erection of a sign for which authorization is required under the City's Land Development Code. (6) Alteration of a historic property for which authorization is required under the City's Land Development Code. (7) Changing the use of a site so that the need for parking is increased. (8) Construction, elimination or alternation of a driveway on a public street.

Development agreement: an agreement entered into between the city and a developer and property owner for the purpose of assuring the city that the property owner/developer shall provide required on-site and/or off-site improvements according to established schedules, meet development and

construction design conditions acceptable to the city, and establish developer commitments that demonstrate that the development meets or exceeds requirements set forth in the Land Development Code and the Comprehensive Plan. The term "development agreement" includes, but is not limited to, agreements authorized pursuant to the Florida Local Government Development Agreement Act (F.S. § 163.3220 et seq.) and F.S. § 380.032, both as may be amended from time to time.

Development order: any order granting, denying or granting with conditions an application for approval of a development project or activity.

Development permit: any official city document, which authorizes the commencement of construction or land alteration without need for further application and approval. Development permits include: all types of construction permits (plumbing, electrical, foundation, mechanical and so forth, in addition to the building permit itself), grading and clearing permits, tree removal permits, street graphic permits, etc.

Discharge, point of: the outflow of water from a project, site, aquifer, drainage basin or facility.

District: an area or areas of the city designated on the zoning map as being subject to the uniform regulations and requirements of a particular zoning category established in this chapter.

Dock: a fixed or floating structure, including moorings, used for the purpose of berthing buoyant vessels or other water-dependent recreational use.

Documentation: photographs, slides, maps, drawings, graphics, plans, factual written descriptions or legal records.

Drainage system, natural: watercourses or those wetlands which convey water to natural points of discharge or which store water.

Drainage systems (surface water or stormwater): all artificial stormwater control systems, facilities and structures including, but not limited to, basins, canals, conduits, channels, culverts, dams, impoundments, pipes, reservoirs, swales and other such works or natural features such as wetlands, creeks, rivers and lakes that provide collection, drainage, conveyance or other surface water management capabilities located inside publicly-owned rights-of-way or easements.

Dredging: excavation by any means in water or wetlands. The term "dredging" also means the excavation or creation of a water body.

Driveway: a paved area on a site used for ingress and egress of vehicles.

Dune: a mound or ridge of loose sediments, usually sand-sized, lying upland or landward of the beach or shore, and deposited by any natural or artificial means. The term "dune" may also include a beach ridge, dune ridge, chenier or similar topographic feature.

Dune, primary: the first natural or manmade mound or bluff of sand which is located landward of the beach which has substantial vegetation, height, continuity and configuration.

Dwelling, duplex: a building containing only two (2) dwelling units.

Dwelling, multiple-family: a building containing three (3) or more dwelling units.

Dwelling, quadraplex: a building containing four (4) dwelling units.

Dwelling, single-family detached: a building containing only one (1) dwelling unit that is entirely surrounded by open space and not attached to another dwelling unit's foundation or roof or joined at one (1) or more sides by a party wall or walls.

Dwelling, triplex: a building containing three (3) dwelling units.

Dwelling unit: a room or rooms connected together to form a separate and independent housekeeping establishment to be occupied by one (1) family and containing sleeping facilities, sanitary facilities and one (1) kitchen.

Dwelling unit, attached: a dwelling unit that is attached in any manner to another dwelling unit's foundation or roof or joined at one or more sides by a party wall or walls.

Easement: a grant to another party by a property owner of the right to use land for a specific purpose, such as, but not limited to, drainage or placement of utility lines, protection of conservation areas or the movement of vehicles or people.

Easement, conservation: a legal document consistent with F.S. § 704.06, executed by a property owner to ensure that the natural resource values of the property as identified therein are preserved and protected indefinitely. Easements may also be incorporated within a plat.

Engineer: a person professionally licensed by the state to practice engineering.

Environmentally sensitive land: shall include but is not limited to the following areas: (1) All areas of the City shown as "Open Space/Conservation" on the Future Land Use Map. (2) All areas proposed for acquisition for conservation (e.g., Conservation and Recreational Lands, Land and Water Conservation Fund, Volusia County Land Acquisition Trust Fund proposal sites). (3) Halifax River and adjacent lands including wetlands and vegetative buffers. (4) Tomoka River and adjacent lands including wetlands and vegetative buffers. (5) Intact sand dunes and beach. (6) All creeks or streams, adjacent lands including wetlands and vegetative buffers (e.g., Thompson's, Strickland, Groover, Priest, and Dodson's Creeks; Misner's Branch and the Little Tomoka River). (7) All floodways and flood prone areas. (8) Critical habitat areas for designated flora, fauna, and marine species. (9) Primary aquifer recharge areas. (10) Wellfield protection zones of influence associated with municipal wellfields. (11) Areas subject to erosion. (12) Tomoka Marsh Aquatic Preserve and the Tomoka River Manatee Sanctuary.

Equivalent living unit: a measure of consumption for impact fee calculations.

Erosion: the wearing away of land surface by the action of wind, water, gravity or any combination thereof.

Estuary: a semi-enclosed, naturally existing, coastal oriented body of water in which saltwater is naturally diluted by freshwater and which ultimately has an open connection with oceanic waters. The estuary in Ormond Beach includes, but is not limited to, the Halifax River, portions of the Tomoka River and its tributaries.

Evacuation routes: routes designated by the county civil defense authority or the local peacetime emergency plan as necessary for the movement of persons to safety in the event of a hurricane or coastal flood hazard.

Families, low- and moderate-income: lower income families as defined under the Section 8, Federal Assisted Housing Program, or families whose annual income does not exceed eighty percent (80%) of the median income of the area.

Family: one (1) or more persons occupying a single dwelling unit, provided that unless all members are related by blood, marriage or adoption, no such family shall contain over four (4) persons. Domestic servants employed on the premises may be housed on the premises without being counted as a separate family or families. In addition, a related family may have up to two (2) unrelated individuals living with them.

Federal Emergency Management Agency (FEMA): the federal agency that, in addition to carrying out other functions, administers the National Flood Insurance Program.

Fence or wall: a structure intended to separate or enclose or define space, basically freestanding, constructed of one (1) or more of materials such as wire, wood, stone, cement or brick, designed to be decorative or ornamental or to serve utilitarian purposes as to control ingress or egress of persons or animals. The term "fence" may include a hedge, wall or landscaped berm.

Filling: the depositing of any materials by any means into water, wetlands, floodplain or upland area.

Finding of available school capacity: a determination by the county school district that public school concurrency has been achieved, based on the projected impacts of a residential development. A finding of available school capacity may be based upon an executed proportionate share mitigation agreement.

Finding of no available school capacity: a determination by the county school district that public school concurrency has not been achieved, based on the projected impacts of a proposed residential development and the failure of the applicant to proffer an acceptable proportionate share mitigation agreement.

Florida Inventory of School Houses (FISH): an official inventory report of all county school district-owned facilities.

Flood or flooding: a general and temporary condition of partial or complete inundation of normally dry land areas from: (1) The overflow of inland or tidal waters; and/or (2) The unusual and rapid accumulation of runoff or surface waters from any source.

Flood hazard area: the greater of the following two areas: (1) The area within a floodplain subject to a 1-percent or greater chance of flooding in any year. (2) The area designated as a flood hazard area on the community's flood hazard map, or otherwise legally designated.

Floodplain: any land area susceptible to being inundated by floodwaters from any source.

Floodplain manager: the office or position designated and charged with the administration and enforcement of the floodplain management and protection regulations of the City's Land Development Code, may be referred to as the floodplain administrator.

Floodplain, tidal: an area likely to flood or become inundated from water, which is subject to tidal action.

Floodway: the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water-surface elevation more than a designated height. The term "floodway" is synonymous with the term "regulatory floodway."

Floor area: the sum of the gross horizontal areas of all floors of a building measured from the exterior faces of the exterior walls or from the centerline of walls separating two (2) buildings, excluding attic areas with a head room of less than seven feet (7'), unenclosed stairs or fire escapes, elevator structures, cooling towers, areas devoted to air conditioning, ventilating or heating or other building machinery and equipment, vehicle parking structures, basement space, or porches, patios, breezeways, sunporches and other similar structural additions that are unenclosed or enclosed with screening. Where no exterior wall encloses a retail or other similar commercial use, such as outdoor dining areas, the floor area is measured from the perimeter or edge of the floor or as may otherwise be defined within the City's Land Development Code.

Floor area ratio: the extent of development of any lot, expressed as a ratio of the gross floor area of all buildings on the lot (or of all principal buildings on the lot if the ratio is so limited) to the total developable lot area.

Florida Building Code: the family of codes adopted by the Florida Building Commission, including: Florida Building Code, Building; Florida Building Code, Residential; Florida Building Code, Existing Building; Florida Building Code, Mechanical; Florida Building Code, Plumbing; Florida Building Code, Fuel Gas.

Freeboard: a factor of safety, expressed in feet above a flood level which is applied for the purpose of floodplain management. Freeboard is used to compensate for the many unknown factors that could contribute to flood heights greater than those calculated for a selected flood or floodway conditions.

Golf course/country club: a course of at least ten (10) acres devoted to the game of golf and does not include miniature golf or standalone driving ranges. Driving ranges may serve as an accessory use to a bona fide eighteen-hole (18) golf course.

Golf course, contoured: a golf facility contained on less than ten (10) acres and used for instruction and practice of the game of golf. Such facility includes practice driving ranges, putting greens, and or both.

Greenbelt and Gateway Preservation District: the preservation of large natural areas and vegetation leading into the city. Specific roadways are designated as greenbelt areas. Refer to greenbelt and gateway preservation districts in the City's Land Development Code for specific requirements.

Groundwater: water beneath the surface of the ground whether or not flowing through known and definite channels.

Group home: any building or part thereof whether operated for profit or not, which undertaken through its ownership or management to provide, for a period exceeding twenty-four (24) hours, services to individuals who require such services. The ownership or management must have obtained applicable licenses from the state to provide services rendered to resident occupants or

clients. The term "group home" includes individuals who are elderly, developmentally disabled, physically disabled or dependent children.

Habitat: the particular natural community or communities that typically supports a population of a particular plant or animal species.

Hazardous substances: any substances or materials in a quantity or form which, as determined by the city engineer or his designee, pose an unreasonable and imminent danger to the life, health or safety of persons or property or to the natural environment and shall include, but not be limited to, such substances as explosives, radioactive materials, petroleum or petroleum products or gases, poisons, etiologic (biologic) agents, flammables and corrosives; and hazardous wastes. Such materials and substances include, but are not limited to, the following: (1) Substances listed on the state substances list as set forth in F.A.C. 62-150.200, as amended. (2) 40 CFR 261, identification and listing of hazardous wastes, adopted May 19, 1980. (3) 40 CFR 302.4, table 302.4, list of hazardous substances and reportable quantities, as amended. (4) 40 CFR 355, appendices A and B, lists of extremely hazardous substances, as amended. (5) Any other hazardous or harmful substance, waste or material as so defined in any state or federal statute or regulation.

Hazardous substances storage system: any one (1) or combination of tanks, sumps, wet floors, waste treatment facilities, pipes, vaults or other portable or fixed containers used, or designed to be used, for the storage of hazardous substances at a facility.

Height, building: the vertical distance from finished grade to the highest finished roof surface in the case of flat roofs or the midpoint of the highest most continuous roofline between the eaves and ridge for gable, hip, and gambrel roofs, except that in no case shall any building exceed a maximum height of seventy-five (75) feet when measured from the average median lot elevation to the highest point of any structure and/or attached services.

Historic district: a geographically defined area possessing a significant concentration, linkage, or continuity of landmarks, improvements, or landscape features united by historic events or aesthetically by plan or physical development, and which area has been designated as a historic district by ordinance; such a district may have within its boundaries noncontributing properties which, while not of such historic significance as to be designated as historic landmarks, nevertheless contribute to the overall character of the district.

Historic landmark: any site, structure, building or object meeting one (1) or more of the criteria specified in Chapter 2, Article VI of the City's Land Development Code, overlay districts.

Historic preservation, mixed use: limited nonresidential use of a single-family residence, which is listed on either the National Historic Register or the City's local landmarks list.

Hospitals and extensive care facilities: institutions providing health services, primarily for in-patients and medical or surgical care; including, as an integral part of the institution, related facilities, central service facilities and staff offices.

Hotel: a building or group of buildings in which sleeping accommodations are offered for rental primarily for transients on a short-term basis and the primary means of access to the sleeping rooms is through an inside lobby. Not more than thirty (30) percent of the hotel rental units may be designed with kitchens for use by the occupants. A hotel is subject to the regulations of the division of hotels and restaurants of the state Department of Business and Professional Regulation.

Hurricane shelter: a structure designated by the city or county as a place of safe refuge during a coastal storm or hurricane.

Hurricane vulnerability zone: the portion of the city within the category 3 to 5 storm surge, as identified in Figure 1 of the Coastal Management Element of this Comprehensive Plan.

Hydric soil: a soil that is saturated, flooded, or ponded long enough during the growing season to develop anaerobic conditions in the upper part that favor the growth and regeneration of hydrophytic vegetation (USDA Natural Resources Conservation Service, March, 2014). Hydric soils that occur in areas having positive indicators of hydrophytic vegetation and wetland hydrology are wetland soils. In addition, soils are hydric according to the soil profile which obtains hydric characteristics of organic matter accretions at the soil surface, high organic matter content in soil surface layer, and gray soil matrix color near the surface layer (soils which undergo saturation for a sufficiently long period of time usually give distinct gray color resulting from oxidation and reduction processes).

Hydrologic and hydraulic engineering analysis: an analysis performed by a professional engineer in accordance with standard engineering practices as accepted by FEMA, for the purpose of determining base flood elevations and/or floodway boundaries.

Impervious: surface material incapable of being penetrated by moisture and preventing the percolation of water to subsurface areas.

Improved and open road: a road that has been accepted by the City as a public street or private street if approved by plat, in accordance with chapter 4, article II of the City's Land Development Code.

Improved property: any real property that has a principal structure or principal outdoor use located thereon.

Improvements: include, but are not limited to, street pavements, curbs and gutters, sidewalks, alley pavements, walkway pavements, water mains, sanitary sewers, storm sewers or drains, street name signs, landscaping, permanent reference monuments (PRMs), permanent control points (PCPs) or any other improvement required by a governing body.

Industrial park: a defined geographic area planned and coordinated for the development of various industrial uses and associated activities. An industrial park is designed, constructed, and managed on an integrated basis with particular attention given to vehicular circulation, parking, utilities, stormwater management, building design, signage and landscaping.

Industrial uses: a use engaged in the manufacturing, predominately from previously prepared materials, of finished products or parts, including processing, fabrication, assembly, treatment, packaging, incidental storage, sales, and warehousing and distribution of such products, but excluding basic industrial processing. All manufacturing activities and associated equipment and storage occur inside a completely enclosed building, unless otherwise authorized by the city on a limited basis through a special use permit, special exception or development agreement.

Industrial wastes: the liquid wastes from industrial processes and distinct from sanitary sewage.

Industry: any activity involving the manufacturing of any commodity including the assembly, packaging, canning, bottling or processing of any items. To change any commodity in

composition, form, size, shape, texture or appearance is deemed to be an industrial process. The term "industry" includes the term "manufacture."

Industry, heavy: a use engaged in the basic processing and manufacture of materials or products predominately from extracted or raw materials, or a use engaged in storage of, or manufacturing processes using flammable or explosive materials, or storage or manufacturing processes that potentially involve hazardous or commonly recognized offensive conditions. Storage and manufacturing activities may be permissible outdoor activities subject to requirements of the City's Land Development Code.

Infill (development): development projects on vacant or underutilized lands in developed areas of the City or with existing infrastructure on the property.

Infrastructure: manmade structures which serve the common needs of the population, including, but not limited to, roadways, water and wastewater treatment systems, solid waste facilities, drainage and retention facilities and wellfields.

Integrated management practice (IMP): a low impact development practice or combination of practices that are the most effective and practicable (including technological, economic, and institutional considerations) means of controlling the predevelopment site hydrology.

Irrigation: the process of artificially applying water to living plant material.

Irrigation system: the supply of water to landscape areas by an automatic sprinkler system.

Land: the earth, water, air, above, below or on the surface, and includes any vegetation or structures customarily regarded as land.

Land, submerged: lands beneath navigable waters as follows: (1) All lands within the boundaries of the state which are covered by nontidal waters that were navigable under the laws of the United States at the time the state became a member of the Union, or acquired sovereignty over such lands and waters thereafter, up to the ordinary high-water mark as heretofore or hereafter modified by accretion, erosion, and reliction; (2) All lands permanently or periodically covered by tidal waters up to but not above the line of mean high tide and seaward to a line three (3) geographical miles from the coast line of the state and to the boundary line of the state as it existed at the time it became a member of the Union, or as heretofore approved by Congress, extends seaward (or into the Gulf of Mexico) beyond three (3) geographical miles; and (3) All filled in, made, or reclaimed lands which formerly were lands beneath navigable waters, as described in this definition.

Land use: the development that has occurred on the land or that is proposed by an applicant for the land, or the use that is permissible or permitted on the land under this Comprehensive Plan.

Landscape architect: the City's landscape architect or designee.

Landscape features: any permanent structure, such as trellis, arbor, fountain, pond, garden sculpture, landscape lighting, decking, patio, decorative paving, gazebo, monument or pole signage and other similar elements.

Landscaping: includes of any of the following or combination thereof, but is not limited to: (1) Turf grass, ornamental grass, ground covers, shrubs, vines, hedges, trees or palms; and (2) Nonliving durable material commonly used in landscaping, such as earthberm, rocks, pebbles,

sand, walls or fences. The term "landscaping" does not include any impervious surfaces or synthetic materials.

Lawn: an area planted with lawn grasses.

Level of service: an indicator of the extent or degree of service provided by or proposed by a facility based on and related to its operation characteristics, as established by the adopted Comprehensive Plan.

Lot: a plot, parcel or tract of land of at least sufficient size to meet the minimum zoning requirements for use, lot coverage, area, width and other requirements of the City's Land Development Code that may be applicable. Nonconforming lots of record are exempted from certain provisions under the terms of the City's Land Development Code.

Lot frontage: any side of a lot that abuts the public right-of-way or a private ingress/egress easement. For double frontage lots, rear yard access is prohibited unless specifically approved by a development order issued by the City Commission.

Lot, illegal nonconforming: a lot that was never duly approved by the City and fails to conform to the present land development regulations.

Lot lines: the boundary lines of the lot.

Low impact development: a stormwater management approach that uses a suite of hydrologic controls (structural and non-structural) distributed throughout the site and integrated as a treatment train (i.e., in series) to replicate the natural hydrologic functioning of the landscape which ranges in effective area from the residential lot level to the entire watershed.

Maintain: to preserve from decline, keep in an existing state or retain in possession or control.

Manufactured home community: an area of land under single ownership where designated areas for manufactured homes are rented or sold on a condominium basis and which meet the requirements of the Planned Development Mobile Home Community and which has a minimum gross site area of fifty (50) acres.

Manufactured home park or subdivision: a parcel (or contiguous parcels) of land divided into two (2) or more manufactured home lots for rent or sale.

Manufactured home/mobile home: a structure, transportable in one (1) or more sections, which is eight (8) feet or more in width and greater than four hundred (400) square feet, which is built on a permanent, integral chassis, and designed to be used with or without a permanent foundation when attached to the required utilities. The term "manufactured home/mobile home" does not include "recreational vehicle or park trailer."

Marina: a small craft harbor complex designed and used for storing, fueling, berthing and launching of private pleasure watercraft.

Mean high water: the intersection of the local elevation of mean high water as established under F.A.C. ch. 18-21, sovereignty of submerged land management. The term "mean high water" means the average height of the high tides over a nineteen-year (19) period. For shorter periods of observation, the term "mean high water" means the average height of the high waters after corrections are applied to eliminate known variations.

Mean high-water line/mark: the intersection of the tidal plane of mean high water with the shore. Mean high water is the average height of high waters over a nineteen-year (19) period. (See F.S. § 177.27(15).)

Mining or excavation: the removal or recovery by any means whatsoever of soil, rock, minerals, mineral substances or organic substances other than vegetation, from water or land on or beneath the surface thereof, or beneath the land surface, whether exposed or submerged.

Mixed use development: a development or building designed and constructed to accommodate more than one (1) principal use.

Mixed uses: the occupancy of a principal building by two (2) or more principal uses.

Mobile home: See *Manufactured home*.

Motel: a building or a group of buildings in which sleeping accommodations are offered for rental primarily to transients and having individual access from the units to the parking lot. A motel is subject to the regulations of the division of hotels and restaurants of the state Department of Business and Professional Regulation.

National Flood Insurance Program (NFIP): the federal program that makes flood insurance available to owners of property in participating communities nationwide through the cooperative efforts of the federal government and the private insurance industry.

Native plants: those plants, including commonized plants, which are appropriate to the ecological setting, are not exotic invasive plants, are tolerant of the hydrological conditions of the site, and require little maintenance upon maturity.

Natural area: an area identified on an approved site plan containing natural vegetation which will remain undisturbed when the property is fully developed.

Natural flow: the rate, volume and direction of the surface [water] or groundwater flow occurring under natural conditions.

Natural vegetation: vegetation existing prior to development of a site which includes understory vegetation and typically includes a wooded area, of generally native species. The term "natural vegetation" does not include invasive exotic or nonnative vegetation.

Noise: a subjective description to an undesirable or unwanted sound.

Nonresidential use or activity: any use or activity occurring on any described parcel of land, whether or not within a structure, with the exception of residential activity as defined herein.

Obstruction: any dam, wall, wharf, embankment, levee, dike, pile, abutment, protection, excavation, channelization, bridge, conduit, building, wire, fence, rock, gravel, refuse, fill, structure, vegetation or other material in, along, across or projecting into any watercourse which may alter, impede, retard or change the direction and/or velocity of the flow of water, or due to its location, its propensity to snare or collect debris carried by the flow of water, or its likelihood of being carried downstream.

Official zoning map: the map that graphically illustrates the boundaries of each zoning district and meets the requirements of the zoning map referred to in chapter 2, article I of the City's Land Development Code.

On-site: occurring or located within the boundaries of a project, lot, or parcel, as may be applicable to the circumstance.

Open space: that portion of a development that is used for landscaping, landscape buffers, landscaped areas above the pop-off elevation of stormwater retention ponds, conservation areas, tree preservation areas, beach outside of public lands and permeable surfaces of outdoor recreation areas. A minimum of twenty percent (20%) of any development's ground surface shall be open space, but may be more to comply with standards set forth in the City's Land Development Code or may be less if explicit standards reduce the minimum open space standard.

Open space, common: an area of land that is reserved primarily for the leisure and recreational or other utilitarian use of all residents of a particular land development project and is owned and maintained in common by such residents or the project management.

Open space use, public: a landscaped or naturalistic area used primarily for passive recreation, active recreation, visual amenity or for purposes of environmental conservation. These uses include: parks, plazas, squares, greenspaces, pedestrian and bicycle pathways, outdoor recreation facilities, wetlands, woodlands, and native plant community conservation areas and preserves, public parks, and stormwater facilities that are visual amenities. An open space use is accessible to all residents. An open space use does not include uses requiring membership. An open space use may be privately-owned, owned in common or publicly owned.

Owner: any person or legal entity having sufficient proprietary interest to undertake development authorized through this Comprehensive Plan and the City's Land Development Code.

Park and recreation facilities, private: the use of land, buildings, and structures for park and recreational purposes provided for the exclusive use by residents of a subdivision or development.

Park and recreation facilities, public: the recreational areas and facilities owned, operated and maintained by a municipality, county, state or federal government, or any agency thereof for the purpose of providing park facilities and/or recreation activities such as swimming, tennis, and other court games, field sport and similar indoor/outdoor facilities. Such parks and areas are developed for use by the general public. These facilities may include: (1) **Parks and recreation, active:** leisure time activities, usually of a more formal nature and performed with others, often requiring equipment and taking place at prescribed places, sites or fields. This may include, but is not limited to, swimming, tennis and other court games, baseball and other field sports, and playground activities. (2) **Parks and recreation, passive:** leisure time activities not considered active. This may include water-related activities such as boardwalks and interpretive trails, fishing piers as well as boating. Passive recreation may also include non-water-related activities such as hiking, golfing, observation towers and picnicking.

Parking: a temporary, transient storage of private passenger motor vehicles used for personal transportation while the operators of such vehicles are engaged in other activities. The term "parking" does not include storage of new or used cars for sale, service, rental or any other purpose except as specified herein.

Parking area, off-street: all areas located outside of the right-of-way which are designed and constructed for the circulation and parking of automobiles, motorcycles and bicycles, unless

otherwise authorized by the City for other vehicles (i.e., boats, heavy equipment, etc.), and all land upon which vehicles traverse as a function of the principal uses.

Parking, bicycle: an off-street parking area exclusively for the temporary storage of bicycles.

Parking lot: an off-street, ground level area for the temporary, transient storage of private passenger motor vehicles and such area has been approved by the City for parking, as such term is defined in this article.

Parking, off-street: a lot or parcel of land or structure designed, constructed, or utilized for the temporary parking of operational and licensed motor vehicles and for bicycles.

Parking, remote: a parking lot or parking garage not located within the same lot or an adjacent lot to the use for which the parking facility serves.

Parking, shared: a parking lot or parking garage, whether located on-site or occurring as remote parking, which is approved by the City to accommodate the parking needs for two (2) or more property owners.

Pavement: that part of a street composed of vehicular travel lanes having an improved surface of asphalt, concrete, brick or other paving materials acceptable to the City engineer.

Pedestrian access: an improved surface that connects the public right-of-way with private property or a building entrance.

Permit: an official document or certificate issued by the appropriate City official authorizing the performance of a specified activity.

Permit approving authority: the City agency or official, as authorized by this Comprehensive Plan and the City's Land Development Code, responsible for providing final approval of the overall development applications including, but not limited to, the Site Plan Review Committee, the Planning Board, the City Commission, City Engineer, Planning Director and the Chief Building Official.

Person: any individual, firm, association, joint venture, partnership, estate, trust, syndicate, fiduciary, corporation, group, or unit of federal, state, county or municipal government, or two (2) or more persons having a joint or common interest, or any other legal entity.

Personal services: beauty parlor, shop or salon, barbershop, tanning salon and similar uses.

Phase: a designated portion of a larger development, which is to be constructed as a unit and which is so designed that it can stand on its own even if the other phases of the development are never constructed.

Pier, access: a pedestrian walkway allowing access to a dock or access to water for recreational purposes.

Plans: the officially approved plans, or exact reproductions thereof, which show the location, character, dimensions and details of the work to be done.

Plat or subdivision plat: a map or delineated representation of the subdivision of lands, being a complete, exact representation of the subdivision and other information in compliance with the

requirement of all applicable sections of chapter 4, article II of the City's Land Development Code, subdivision.

Plaza: an outdoor area to accommodate public assembly and pedestrian movement and which contains landscaping, lighting, pedestrian amenities and has at least forty percent (40%) impervious ground coverage.

Post office, U.S.: a facility operated and occupied by the United States Postal Service for the purpose of delivering, storing, and/or transferring mail, and for carrying out related governmental functions.

Potable water, domestic use: the domestic use of water that is satisfactory for drinking, culinary and domestic purposes meeting current state and federal drinking water standards.

Potentiometric surface: a surface that represents the static head in an aquifer and defined by the levels to which water will rise in a tightly cased well. The water table and the artesian pressure surface are particular potentiometric surfaces.

Practicable alternative: an economically viable alternative to the proposed project that would accomplish the basic purpose of the project and avoid or have less adverse impact on a natural or historic resource.

Preapplication meeting: informal discussions between a developer or individual and the Site Plan Review Committee, planning department, or other designated City department occurring prior to the submission of an application for action by a permit approving authority. The preapplication meeting allows City staff to acquaint the applicant with the applicable procedures and regulations, suggest modifications to a proposed design, encourage the applicant to contact appropriate authorities on the provision of public utility service, and provide the applicant with any pertinent information relating to the proposed application.

Principally responsible: property owner is responsible for all connection, installation, and utility line extension fees.

Property owner: a public or private individual, partnership, corporation, association, group, company, firm, society or other legal entity of human beings, whether natural or artificial, including the City and all other municipal, state and federal governments, to include the plural as well as the singular, holding any legal ownership interest in any real property subject to this Comprehensive Plan and the City's Land Development Code.

Public and private utilities: use of land which is customary and necessary to the maintenance and operation of essential public services, such as electricity and gas transmission systems; water distribution, collection and disposal; communication; and similar services and facilities.

Public facilities, minor: facilities such as switching huts when included as an integral part of a subdivision or planned development, television, radio, or telephone transmission rights-of-way, lines, substations, power stations and other appurtenances; and gas transmission lines or appurtenances, other appurtenances of a private or regulated utility corporation.

Public land: any property owned by a public body such as the city, the county, the state, and the St. Johns River Water Management District. The term "public land" includes utility corridors.

Public school concurrency: the necessary public-school facilities to maintain and ensure level of service standards are in place to ensure the capacity of schools is sufficient to support student growth within the five-year (5) planning period.

Public use: a use of any premises by a municipality, public body or board, commission or authority, county, state or federal government, or any agency thereof for a public service or purpose, other than parks and recreation areas and facilities.

Public utilities: facilities such as underground utilities, City operated lift stations, water towers, and other water, wastewater, reclaimed water storage facilities.

Public water supply well: a well that is constructed for the purpose of supplying water to a public water system.

Public water system: a system for the provision to the public of piped potable water for domestic use or human consumption. If such a system has at least five (5) service connections and regularly serves at least ten (10) individuals at least sixty (60) days out of the year, it is regulated under chapter 3, article V of the City's Land Development Code, utility and infrastructure design standards.

Reclaimed water: water reused for reasonable and beneficial purposes after flowing out of any domestic wastewater treatment facility that has received treatment acceptable to Department of Environmental Protection.

Recreational areas and facilities, indoor: recreational areas and facilities, in a completely enclosed structure, owned, operated and maintained by private or commercial interests for the purpose of providing athletic activities such as swimming, tennis, and other court games, field sports and similar activities including health spa and racquet club. Commercial amusements such as amusement rides, amusement parks, water slides, game rooms, billiard rooms, miniature golf, driving ranges and similar activities shall not be construed to be athletic activities and shall be prohibited unless specifically permitted in the district regulations.

Recreational areas and facilities, outdoor: outdoor recreational areas and facilities owned, operated and maintained by private or commercial interests for the purpose of providing athletic activities such as swimming, tennis, and other court games, field sports and similar activities.

Remove or removal: actual or effective removal through killing, damaging or destroying any trees not listed as exempt.

Replat: the redividing of lots within a platted subdivision for the purpose of recording in the public records of the county.

Restaurant: a building or room, not operated as a dining room in connection with a hotel or motel, where meals or prepared foods, including beverages and confections, are served to customers.

Retail sales and services: those business activities customarily providing retail goods and household services. Such uses shall include daily needs retail sales and services, department stores, variety stores, convenience food stores (type A), drug and sundry stores, laundromats, dry cleaning (pickup only), pharmacies, grocers and markets, gift shops, wearing apparel, home and auto supply, hardware stores, furniture and stationery stores, shoe repair shops, printing shops (limited to copying and duplicating), luggage shops, bakeries and candy shops (provided that all products

made on the premises are sold on the premises), camera and photo supply shops, radio and television sales and services, floor coverings, sporting goods, florists, jewelers, music and piano sales and services, art shops, electrical and lighting fixtures; and wine, beer and liquor stores (when included as an integral part of a supermarket or located within a shopping center) and similar uses. Intensive retail activities include: supermarkets, convenience stores, hardware stores, drug stores, laundromats, department stores, personal services, shopping centers (not including out-parcels or isolated structures designed for restaurant use) and similar uses.

Retention: the collection and storage of a given volume of stormwater or surface water runoff without subsequent discharge into surface waters.

Right-of-way: land dedicated, deeded, used, or to be used for a street, alley, walkway, boulevard, drainage facility, access for ingress and egress, or other purpose by the public, certain designated individuals or governing bodies.

Road, arterial: a roadway providing service which is relatively continuous and of relatively high traffic volumes, long trip length and high operating speed.

Road, collector: a roadway providing service, which is of relatively moderate traffic volume, moderate trip length, and moderate operating speed. Collector roads collect and distribute traffic between local roads or arterial roads.

Road, constrained: a road that operates below the adopted level-of-service which may not be feasible to expand by adding two (2) or more lanes due to physical, environmental or policy constraints.

Road, local: a roadway providing service, which is of relatively low traffic volume, short average trip length, minimal through traffic movements and high volume land access for abutting property.

Road, service: a service road is a public or private roadway lying parallel or nearly parallel to a collector or arterial road for the purpose of providing access to two (2) or more lots or parcels. A service road is constructed consistent with road design standards and not by driveway design standards.

Sand dunes: naturally occurring accumulations of sand in ridges or mounds landward of the beach.

Sanitary landfill: a solid waste disposal facility which meets the criteria of F.A.C. ch. 62-701, and is permitted by the state Department of Environmental Protection, excluding those exempted under section 62-701.220(2) of that rule. The term "sanitary landfill" does not include a land spreading site, a surface impoundment, or an injection well-defined under and subject to the provisions of F.A.C. ch. 62C-29.

Sanitary sewer: a sewer which carries sewage and to which stormwater, surface water and groundwater are not intentionally admitted.

School concurrency allocation: a reservation of school capacity made by the county school board after a finding of available school capacity, upon the approval of a final development order for a residential development. The reservation shall be indicated on the school concurrency schedule until such reservation expires.

School concurrency application: an application made on a county school board form requesting a finding of available school capacity and issuance of a school concurrency allocation.

School concurrency schedule: a schedule maintained by the county school board that tracks the availability of school capacity over time.

School board five-year (5) facilities work program: the school board of the county five-year (5) work plan and capital budget as authorized by F.S. § 1013.35.

School, private: any private institution providing instruction at any level from kindergarten through the college level.

School, public: a facility devoted primarily to providing a curriculum of elementary or secondary academic instruction and is so certified by the state. The term "public school" includes all or a portion of all grades from kindergarten through high school (K through twelve (12)).

Sea turtle: any marine turtle, including the species *Caretta caretta* (loggerhead turtle), *Chelonia mydas* (green turtle), *Dermochelys coriacea* (leatherback turtle), *Ertmochelys imbricata* (hawksbill turtle), and *Lepidochelys kemp*i (Kemps Ridley turtle).

Sea turtle nest: an area where sea turtle eggs have been naturally deposited or subsequently relocated.

Sea turtle nesting season: the period from May 1 through October 31 of each year.

Sediment: fine particulate material, whether inorganic (minerals) or organic, that is in suspension or has settled in a waterbody.

Sedimentation: the deposition of waterborne sediment into a body of running water, into a lake, on property other than the site of origin, or on public rights-of-way.

Sewage: a combination of the water-carried wastes from dwellings, business buildings, institutions and industrial establishments. In effect, it is the water supply of a community after it has been fouled by various uses and discharged into a sewer.

Shoreline: the mean high-water line for tidal waterbodies and ordinary high-water line for nontidal waters for inland waterbodies.

Sidewalk: an improved walkway intended primarily for pedestrians, usually running parallel to one (1) or both sides of the pavement of a street.

Silviculture: an activity that, in the long-term, maintains the City's urban forest tree cover and involves the ongoing cultivation and harvesting of pine trees from a property with an agricultural exemption which is conducted by a bona fide commercial silviculture operation in a manner primarily consistent with the City's Land Development Code and secondarily consistent with silviculture best management practices.

Single structure, mixed use development: a development consisting of residential and office or specialty retail uses located in a single structure such that the ground floor is used for office or specialty retail uses and the remaining floors may be used for residential purposes.

Site: any tract, lot or parcel of land or combination of tracts, lots or parcels of land which are in one (1) ownership, or are contiguous and in diverse ownership, where development is to be performed as part of a unit, subdivision or project. However, the term "site" shall not be construed to allow any retention areas, primarily serving a use or building in a commercial or industrial zoning district, to be located in a residential zoning district, regardless of land ownership.

Smart growth: a set of cohesive urban and regional planning principles that can be blended together and melded with unique local and regional conditions to achieve a better development pattern. Smart Growth is an approach to achieving communities that are socially, economically, and environmentally sustainable.

Special exception: a use permitted in a particular zoning district that generally may have an impact that transcends an area, neighborhood, or subdivision. Such use may be compatible within part of a district but not throughout the district and is permitted only after a public hearing and only upon demonstration by the applicant that the use as proposed on a specific site will comply with all the special use criteria and standards for location, design and/or operation.

Special flood hazard area (SFHA): an area in the floodplain subject to a one (1%) percent or greater chance of flooding in any given year. Special flood hazard areas are shown on FIRMs as Zone A, AO, A1 A30, AE, A99, AH, V1—V30, VE or V.

Specifications: the directions, provisions and requirements contained herein, together with all written agreements made or to be made, setting out or relating to the method and manner of performing the work, or to the qualities of materials and labor to be furnished.

Stakeholder: anyone interested in a topic or anyone who is involved in or affected by a course of action.

Storm sewer: a sewer that carries stormwater and surface waters and drainage, but excludes sewage and polluted industrial wastes.

Street: any access-way, such as a street, road, lane, highway, avenue, boulevard, alley, parkway, viaduct, circle, court, terrace, place or cul-de-sac, and also includes all of the land lying between the right-of-way lines as delineated on a plat showing such streets, whether improved or unimproved, but shall not include those accessways, such as easements and rights-of-way intended solely for limited utility purposes, such as for electric power lines, gas lines, telephone lines, water lines, drainage and sanitary sewers and easements of ingress and egress.

Street centerline: the surveyed and prescribed centerline of a street established by the state Department of Transportation or City Public Works department or, if no centerline has been so established, the line midway between the existing or proposed street right-of-way lines.

Street, private: any street that is not dedicated to any public body, which provides access to more than one (1) property owned in fee simple, and whose primary function is traffic circulation rather than access to individual parking spaces.

Street right-of-way line: the edge of the dedicated street right-of-way.

Structure: that which is built or constructed, an edifice or building of any kind, or any piece of work artificially built up or composed of parts joined together in some definite manner but shall not include fences or signs. For the purpose of floodplain management, the term "structure" also includes gas or liquid storage tanks that are principally above ground.

Subdivision: the division of a parcel of land, whether improved or unimproved, into two (2) or more contiguous lots or parcels of land, whether by reference to a plat, by metes and bounds or otherwise, unless such division is exempt pursuant to the City's Land Development Code. The

term "subdivision" includes a resubdivision and, when appropriate to the context, relates to the process of subdividing or to the land subdivided. See Lot split under Lot classification.

Surface water management systems: all artificial stormwater control systems, facilities and structures including, but not limited to, basins, canals, conduits, channels, culverts, dams, impoundments, pipes, reservoirs, swales and other such works or natural features such as wetlands, creeks, rivers and lakes that provide drainage, water storage, conveyance, treatment or other surface water management capabilities located outside publicly-owned rights-of-way or easements.

Systematic growth: a general planning term that seeks to develop in an orderly manor that maximizes infrastructure and City services.

Temporary: a time period of not more than ninety (90) days unless otherwise defined within the City's Land Development Code.

Tenant: any person who alone or jointly or severally with others occupies a building under a lease or holds a legal tenancy.

Tomoka River Aquatic Marsh Preserve: that portion of the Tomoka River designated and protected as a state aquatic preserve pursuant to F.S. Ch. 258 and F.A.C. Ch. 18-20.

Tomoka River Manatee Sanctuary: that portion of the Tomoka River designated as a manatee sanctuary.

Townhouse: an individually-owned single-family dwelling unit constructed as a group of at least three (3), but not more than eight (8), attached single-family dwelling units on individually-owned lots.

Transient lodging: short-term rental of any residential dwelling for a period of less than six (6) months. The term "transient lodging" also includes a facility providing sleeping quarters to the general public for a fee, such that the facility must be licensed by the state for a hotel, motel timeshare resort, bed and breakfast, executive suite or similar use.

Tree: any living, self-supporting wood perennial plant which, at maturity, attains a trunk diameter of at least three inches (3") or more when measured at a point four and one-half feet (4½') above ground level and which normally attains an overall height of at least fifteen feet (15'), usually with one (1) main stem or trunk and many branches.

Tree preservation area: a heavily wooded area preserved as open space for the protection and proliferation of trees.

Tree, street: street trees species in which normally mature to a height of at least twenty feet (20') and have a mature canopy spread of thirty feet (30').

Trip rate or trip generation rate: the average number of vehicle trip ends (one-way (1) trips) which can be attributed to a specific type of land use per unit of development per day as documented in the current ITE trip generation report, and as used in commonly accepted engineering practice.

Upland area, significant: area of land adjacent to a wetland or upland buffer area and comprised of mesic, xeric or other vegetative communities that provide essential functions necessary to maintain the value of the preserved wetland system.

Urban service boundary: is the area where water and sewer services are provided. The Utilities Element includes a water supply map that has been recently updated with the Water Supply Work Plan. The utility service area is adopted as part of this Comprehensive Plan and acted upon by the City Commission.

Use: the purpose for which land or a structure is: (1) Designed, arranged, constructed, altered, converted, rented or leased; (2) Intended to be occupied or utilized; or (3) For which it is occupied or maintained.

Vacant or unimproved land: land on which permanent improvements consisting of one or more buildings do not exist or are not being utilized for the express purpose of engaging in a primary business use; and shall include land for which a business tax receipt has been issued authorizing a business use where discernible business activities that are customarily associated with such business are not being conducted.

Variance: an exception to the regulations of the City's Land Development Code issued by the Board of Adjustment and Appeals where such variance will not be contrary to the public interest and where a literal enforcement of the City's Land Development Code would result in unnecessary and undue hardship.

Vegetation: all plant growth, especially trees, shrubs, vines, ferns, mosses and grasses.

Vegetation, protected: native trees less than six-inch (6") DBH, except unprotected trees, and native plant species located within the following: (1) Wetlands; (2) Conservation easements or similar designated areas; (3) Coastal upland protection zone; (4) Upland buffers; (5) Riparian habitat zones; (6) Lakes or waterbodies, or landscape yards or buffers; (7) Established within a site plan, subdivision plan, plat, easement, planned development or other development permits approved by the City.

Vehicle: any self-propelled vehicle or conveyance designed and used for the purpose of transporting or moving persons, animals, freight, merchandise or any substance. The term "vehicle" includes passenger cars, trucks, buses, motorcycles, scooters and station wagons. The term "vehicle" does not include tractors, construction equipment or machinery or any device used for performing a job except as stated in subsection (2) of this definition.

Water, raw: untreated water withdrawn from the aquifer by the City's wells that is intended to be sent to the water treatment plant for the purposes of processing into potable water.

Wall, retaining: a structure, either masonry, metal or treated wood, designed to prevent the lateral displacement of soil, rock, fill or other similar material.

Water or community waters: any and all water on or beneath the surface of the ground or in the atmosphere. The term "water" or "community waters" includes the water in any watercourse, waterbody or drainage system. The term "water" or "community waters" also includes diffused surface water and water percolating, standing or flowing beneath the surface of the ground, as well as, coastal waters and those waters as may be further defined by F.S. § 403.031(13).

Water conservation plan: a combination of goals, objectives, methods, and an implementation schedule of actions specifically designed to maximize water use efficiency.

Water management plan: the detailed analysis required by chapter 3, article II of the City's Land Development Code, environmental protection.

Water table: that surface of a body of unconfined groundwater at which the pressure is equal to that of the atmosphere; defined by the level at which water within an unconfined aquifer stands in a well that penetrates the aquifer far enough to hold standing water.

Waterbody: any natural or artificial pond, lake, reservoir or other area which ordinarily or intermittently contains water and which has a discernible shoreline.

Watercourse: any natural or artificial stream, river, creek, channel, ditch, canal, conduit, culvert, drain, waterway, gully, ravine, swale or wash in which water flows in a definite direction, either continuously or intermittently, and which has a definite channel, bed or bank.

Watercraft: any motorized or nonmotorized vessel designed, constructed, or used for recreation or transportation on the water. The term "watercraft" includes, but is not limited to, all types of a boat, sailboat, motorboat, canoe and personal watercraft. When a trailer or motor vehicle is used to store, support, or transport a watercraft, the watercraft and trailer or motor vehicle shall be considered a single unit and subject to the regulations and restrictions applicable to watercraft.

Watercraft, personal: a vessel less than sixteen feet (16') in length which uses an inboard motor powering a water jet pump, as its primary source of motive power and which is designed to be operated by a person sitting, standing or kneeling on the vessel, rather than in the conventional manner of sitting or standing inside the vessel.

Watershed: a drainage area or drainage basin contributing to the flow of water in a receiving body of water.

Well: any excavation that is drilled, cored, bored, washed, driven, dug, jetted or otherwise constructed when the intended use of such excavation is for the location, acquisition, development or artificial recharge of groundwater. The term "well" does not include any well for the purpose of obtaining or prospecting for oil, natural gas, minerals or products of mining or quarrying, for inserting media to dispose of oil brines or to repressure oil-bearing or natural gas-bearing formations or for storing petroleum or natural gas or other products or temporary dewatering or subsurface formation for mining, quarrying or construction purposes.

Wellfield: an area of land which contains or is designated for future use for one (1) or more public water supply wells.

Wellfield protection zone, primary: the land area immediately surrounding any public water supply well and extending a radial distance of two hundred feet (200') or that area that is within the first twenty percent (20%) of the total radial distance of the cone of influence, whichever is greater.

Wellfield protection zone, secondary: the land area surrounding the primary wellfield protection zone, and extending a radial distance of eight hundred feet (800') from said primary wellfield protection zone or that area within the cone of influence exclusive of the primary zone whichever is greater.

Wetland areas of influence: all lands in or within one hundred feet (100') of a wetland located within the jurisdiction of the City.

Wetland creation: any artificial or manmade creation of a wetland which did not previously exist in a natural state and which possesses or is intended to possess functions performed by a wetland. See Wetland functions.

Wetland functions: the roles which wetlands serve, including the following: (1) Storage, conveyance, and attenuation of floodwaters and stormwaters; (2) Groundwater recharge (very limited) and discharge; (3) Protection of water quality and reduction of sediment and erosion; (4) Propagation of waterfowl, game and nongame birds, mammals and other living resources; (5) Protection of habitat for rare, threatened and endangered species and species of special concern; (6) Food chain support for a broad range of fish and wildlife; (7) Educational, historical and archaeological value protection; and (8) Scenic, aesthetic and recreational amenities.

Wetland, impacted or altered: wetlands which have incurred adverse impacts from human activities or natural events, but which continue to be characterized by wetland/transitional vegetation and soils that are at least ordinarily saturated or where such characteristics are not evident but which would be reestablished within a reasonable period of time if there occurred a change in human activities or such events.

Wetland, isolated: an area with no natural connections, permanent or seasonal, with waters as defined by F.S. § 403.031(13). It is inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances does support, a prevalence of vegetation typically adapted for life in saturated soil conditions, commonly known as hydrophytic vegetation.

Wetland management plan: the detailed analysis and information regarding wetlands that is required to be submitted under chapter 3, article II of the City's Land Development Code, environmental protection standards.

Wetland mitigation: actions including, but not limited to, restoration, enhancement, and creation of wetlands, upland buffers and preservation of significant upland areas required to be taken to offset or compensate for activities and other alterations that adversely impact the functions of wetlands.

Wetland mitigation, off-site: restoration or creation of a wetland or preservation of significant upland areas at a location neither adjacent to nor within a project site.

Wetland mitigation, on-site: restoration, enhancement, or creation of a wetland or preservation of significant upland areas adjacent to or within a project site.

Wetland mitigation, out-of-kind: the restoration, enhancement or creation of a wetland with vegetation or other characteristics not resembling or approximating those of a specified wetland.

Wetland mitigation plan: a plan that establishes methods, implementation requirements and maintenance commitments for which wetland mitigation will be performed to compensate for wetland impact or alteration. See *Wetland mitigation*.

Wetland preservation areas: an area set aside for the preservation of wetland, typically with easements granted to the City and the St. Johns River Water Management District.

Wetland restoration: a human activity that returns a wetland or former wetland from a disturbed or altered condition with lesser acreage or functions to an enhanced condition with greater wetland acreage or functions.

Wetlands: those areas that are inundated or saturated by surface water or groundwater at a frequency and a duration sufficient to support, and under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soils. Soils present in wetlands generally are classified as hydric or alluvial, or possess characteristics that are associated with reducing soil conditions. The prevalent vegetation in wetlands generally consists of facultative or obligate hydrophytic macrophytes that are typically adapted to areas having soil conditions described above. These species, due to morphological, physiological, or reproductive adaptations, have the ability to grow, reproduce, or persist in aquatic environments or anaerobic soil conditions. The state wetlands generally include swamps, marshes, bayheads, bogs, cypress domes and strands, sloughs, wet prairies, riverine swamps and marshes, hydric seepage slopes, tidal marshes, mangrove swamps and other similar areas. The state's wetlands generally do not include longleaf or slash pine flatwoods with an understory dominated by saw palmetto.

Wetlands, regulated area: any site which contains within its boundaries an identifiable class I wetland area or a one-quarter (1/4) acre or larger area of another wetland class or is located within one hundred (100) feet of such areas.

Wildlife habitat impacts of development, secondary: indirect developmental impacts to a species or its habitat, or to a natural community, from activities including, but not limited to, motorized vehicles, noise, man-induced hydrological changes, stack emissions, and pesticide and fertilizer applications, that adversely impact the individuals of a species, its habitat, or a natural community.

Wildlife management areas: public areas that allow a variety of recreational activity, including, but not limited to, aquatic preserves, hunting, fishing, campgrounds, canoe rentals, nature study areas and nature and hiking trails.

Wind energy systems: a facility consisting of a wind turbine generator and associated control and conversion electronic equipment to convert kinetic wind energy into electricity.

Yard, required: a required open space area which shall not be occupied or obstructed by any structure or portion thereof except as necessary for maintenance of plantings or otherwise permitted by the City's Land Development Code.

GOALS OBJECTIVES AND POLICIES

OVERVIEW

The Future Land Use Element establishes the pattern of land uses and location of urban growth for the City of Ormond Beach through ~~2025~~ 2045. It identifies locations in the City of Ormond Beach where various land uses and intensities of use will be permitted to occur in the future. It establishes and articulates broad policy in keeping with the traditional role of the comprehensive plan as a framework for future development.

The Future Land Use Element reflects previously adopted plans, current development trends, established land uses, and zoning patterns. Upon adoption, the Future Land Use Element sets forth the City's policy regarding future zoning and land use patterns. The major goal of the Future land Use Element is to achieve the highest quality of life for all the residents of the City, its visitors and businesses by managing growth in a manner that is consistent with sound social, economic, fiscal, and environmental principals. The element reflects existing urban service capacities and constraints, and it also establishes locations where future service improvements will follow.

Regarding public infrastructure, the areas adjacent to existing public infrastructure will be the primary areas for future infrastructure development. Expansion of existing facilities in a fiscally and environmentally appropriate manner will be the primary objective. The intent is to maximize efficiency of urban services through compact development and utilization of existing development and facilities for planned developments otherwise consistent with the City of Ormond Beach Comprehensive Plan.

In addition to encouraging development near existing or planned public facilities, areas that are outside the proposed development areas or contain environmentally sensitive or historical attributes will receive special attention to ensure proper management of the City's natural and historic resources.

The Future Land Use Element contains all of the material required by Section 163.3177, *Florida Statutes*, (6)(a), (F.S.) and ~~Section 9J-5.006, Florida Administrative Code (F.A.C.)~~ which establish the minimum requirements for the content of the Future Land Use Element. The adopted components of the Future Land Use Element include the Goals, Objectives and Policies and the Future Land Use Map presented as Figure 1.

GOALS OBJECTIVES AND POLICIES

GOAL 1. FUTURE LAND USE CATEGORIES

THE FUTURE LAND USE CATEGORIES ARE DECLARED TO BE A PART OF THE ADOPTED FUTURE LAND USE POLICIES. THE GENERAL FUTURE LAND USE CATEGORIES HAVE BEEN DEVELOPED TO HELP IN THE DETERMINATION OF WHERE DEVELOPMENT SHOULD OCCUR THROUGH 2025 2045. THE CATEGORIES ARE DESCRIBED ~~BELOW~~: IN THE OBJECTIVES AND POLICIES BELOW.

1. OBJECTIVE 1.1. RESIDENTIAL

The Future Land Use Map shall include the following Residential land use categories.

POLICY 1.1.1.

A. Rural Estate/Agriculture (REA)

Purpose: To protect the rural character of certain sections of the City where lands are environmentally sensitive, and also to protect those areas where it is the desire of the property owners to maintain their exurban character. Limited agricultural uses, such as kennels and veterinarians, and institutional uses may be permitted in accordance with the maximum floor area ratio.

Density: 1 unit per five acres

Maximum FAR Floor Area Ratio: 0.2

POLICY 1.1.2.

B. Rural Residential (RR)

Purpose: To provide one-acre or larger “exurban” homesites for those landowners who desire a semi-rural environment in close proximity to urban facilities and services. Areas in this classification can also serve as a transition zone between Rural Estate/Agricultural uses and areas proposed for development at suburban level densities. Institutional uses may be permitted in accordance with the maximum floor area ratio.

Density: 1 unit per 2.5 acres to 1 unit per acre

Maximum FAR Floor Area Ratio: 0.2

GOALS OBJECTIVES AND POLICIES

POLICY 1.1.3.

€. Suburban Low Density Residential (SLDR)

Purpose: To establish development guidelines, densities and land uses appropriate to the undeveloped and outlying suburban areas of the City, including areas that may be the subject of future annexations within the Ormond Water and Sewer Utility Service Area. It is the intent of the SLDR District to establish density standards that will achieve an intensity of development approximately 20% to 30% less than in the urban core (e.g., 1.6 to 2.5 units per acre, gross density) while encouraging smart growth principles such as compact and cluster development to reduce the cost of extending utilities and allow for the efficient delivery of government services.

Maximum potential density or holding capacity within the SLDR District is determined on a case by case basis based on site specific conditions relative to on-site environmental constraints and the availability of central water and sewer services. Environmental constraints for each parcel of property proposed for development are synthesized from high water table, soil characteristics and flood prone area data derived from the U.S. Soil Conservation Service study and the National Flood Insurance Program maps. This information is used by the applicant to arrive at the maximum potential density, or holding capacity, for a particular parcel of land. Actual densities may differ from the maximum potential densities due to zoning requirements that establish minimum lot sizes and setbacks and due to environmental protection requirements, that are designed to maintain the integrity of the natural ecological system. The actual density figure is dependent upon the degree of severity of the environmental constraints, the availability of central utilities, and the type of development that is proposed.

Limited daily need retail, not to exceed 20% of the gross project area, and institutional uses may be permitted in accordance with the maximum floor area ratio.

Density: Minimum .2-6 units per acre. Requires holding capacity analysis per the Land Development Code

Maximum FAR Floor Area Ratio: 0.2

POLICY 1.1.4.

Ð. Low Density Residential (LDR)

Purpose: To protect and encourage the continued development of typical single-family residential areas and stabilize and protect the character of such neighborhoods. Institutional uses may be permitted in accordance with the maximum floor area ratio.

Density: up to 4.3 units per acre

Maximum FAR Floor Area Ratio: 0.2

FUTURE LAND USE ELEMENT

GOALS OBJECTIVES AND POLICIES

POLICY 1.1.5.

~~E.~~ Medium Density Residential (MDR)

Purpose: To allow a variety of highly aesthetic dwelling units, encouraging the establishment of recreation areas and open space and discouraging look-alike rows of dwellings. MDR also allows the development of relatively low-density duplex, townhouse and multi-family projects which emphasize open space and maintain a low profile, thus maximizing the compatibility with single-family areas. Institutional uses may be permitted in accordance with the maximum floor area ratio.

Density: Minimum 5-12 units per acre except in the Downtown Community Redevelopment Area where 5 - 15 units shall be allowed.

Maximum FAR Floor Area Ratio: 0.3

POLICY 1.1.6.

~~F.~~ High Density Residential (MHDR)

Purpose: To provide lands suitable for the development of multi-family residential structures. Institutional uses may be permitted in accordance with the maximum floor area ratio.

Density: Minimum 12-32 units per acre.

Maximum FAR Floor Area Ratio: 0.3

2. OBJECTIVE 1.2. COMMERCIAL

The Future Land Use Map shall include the following Commercial land use categories.

POLICY 1.2.1.

~~A.~~ General Commercial (GC)

Purpose: A multi-use land use category to provide for the sales of retail goods and services, high density multi-family, professional offices and services, and restaurants, depending on the range of population to be served and the availability of transit. For projects that propose a mixture of residential and non-residential uses, the minimum FAR Floor Area Ratio should be 0.2.

Density: Maximum: 32 units per acre.

Maximum FAR Floor Area Ratio: 0.7 (2.0 within the Downtown Community Redevelopment area)

FUTURE LAND USE ELEMENT

GOALS OBJECTIVES AND POLICIES

POLICY 1.2.2.

~~B.~~ Heavy Commercial (HC)

Purpose: A multi-use land use category to provide for the sale, service, display, and storage of certain commodities which, by their nature, are not compatible with most retail uses. Such uses are often related to the automobile, but may also include business and home improvement services. For projects that propose a mixture of residential and non-residential uses, the minimum ~~FAR~~ Floor Area Ratio should be 0.2.

Density: Maximum: 18 units per acre.

Maximum ~~FAR~~ Floor Area Ratio: 0.8

POLICY 1.2.3.

~~C.~~ Tourist Commercial (TC)

Purpose: A multi-use land use category to provide uses along the Atlantic Ocean, SR A1A and highway interchanges, that include transit availability, retail services, tourist attractions, restaurants, multi-family and lodging to visitors to the City. For projects that propose a mixture of residential and non-residential uses, the minimum ~~FAR~~ Floor Area Ratio should be 0.2.

Density: Maximum: 32 units per acre.

Maximum ~~FAR~~ Floor Area Ratio: 1.5

POLICY 1.2.4.

~~D.~~ Residential, Office, Retail (ROR)

Purpose: A multi-use land use category to provide areas served by transit for use by residential uses, general office, medical and professional uses, restaurants, retail sales and personal services. It is expected that at least 30% of the undeveloped office/professional lands in the City will be developed with multi-family residential uses and adult care/retirement facilities. For projects that propose a mixture of residential and non-residential uses, the minimum ~~FAR~~ Floor Area Ratio should be 0.2.

Density: Maximum: 15 units per acre.

Maximum ~~FAR~~ Floor Area Ratio: Restaurants, retail sales, and personal services shall not exceed a 0.2 FAR. All other uses shall not exceed 0.5.

GOALS OBJECTIVES AND POLICIES

POLICY 1.2.5.

~~E.~~ Low Intensity Commercial (LIC)

Purpose: A multi-use land use category to depict those areas of the city that are now developed, or appropriate to be developed, for retail, office and professional services, residential, and restaurants consistent with the surrounding uses, transportation facilities and natural resource characteristics of such areas. For projects that propose a mixture of residential and non-residential uses, the minimum ~~FAR~~ Floor Area Ratio should be 0.2.

Density: Maximum: 10 units per acre.

Maximum ~~FAR~~ Floor Area Ratio: 0.6

3. OBJECTIVE 1.3. PUBLIC INSTITUTIONAL

The Future Land Use Map shall include the following Public Institutional land use category.

POLICY 1.3.1.

~~A.~~ Public Institutional (PI)

Purpose: This category includes governmental and public uses, such as City Hall, post offices, fire and police stations, and libraries; educational facilities, such as elementary, middle, and high schools, whether public, parochial or private; cemeteries; religious facilities; airport, hospitals, and other facilities, such as civic associations and service clubs, child care centers, and facilities for the care of the aged and infirm. Public uses are provided for in all zoning districts either as permitted or special exception uses.

The City does not have a special zoning district for this land use category. Therefore, the underlying zoning district may be any district, provided that it is compatible with the surrounding zoning districts and the use of the parcel is consistent with the uses allowed in the district. In districts where such uses may be questionable, a public hearing may be required.

Due to the scale and impracticability of showing all public/institutional uses, such uses are not always shown on the Land Use Map, even when permitted.

Density: ~~Maximum:~~ Not permitted.

Maximum ~~FAR~~ Floor Area Ratio: 0.8 (~~2.0 within the Downtown Community Redevelopment area~~)

GOALS OBJECTIVES AND POLICIES

4. OBJECTIVE 1.4. INDUSTRIAL

The Future Land Use Map shall include the following Industrial land use category.

POLICY 1.4.1.

A. Light Industrial/Utilities (LI/U)

Purpose: To provide for the location of light industrial operations and similar uses and would generally include the I-1 (Light Industrial) type of development as stipulated in the zoning district regulations. This land use category also includes areas of the City which will be used for public utilities such as water and wastewater treatment plants, water tanks, and power stations and transit.

Density: Not permitted.

Maximum FAR Floor Area Ratio: 0.8

B. Heavy Industrial

~~Purpose:~~ To depict those areas of the City that are now developed, or appropriate to be developed, in a general industrial manner and location consistent with surrounding use, transportation facilities, and natural resource characteristics. Heavier industrial land uses are generally appropriate to locations with sufficient size to encourage either an industrial park type arrangement with provision for internal service access or as a stand-alone industrial location, both of which incorporate adequate buffering of adverse noise, odor, or emissions; with minimal adverse impact on adjoining uses; and served directly by an arterial road network as well as by transit.

~~Density:~~ Not permitted.

~~Maximum FAR:~~ 0.75

GOALS OBJECTIVES AND POLICIES

5. OBJECTIVE 1.5. RECREATION/OPEN SPACE

The Future Land Use Map shall include the following Recreation/Open Space land use category.

POLICY 1.5.1.

A. Recreation/Open Space (R/OS)

Purpose: To provide land for public, semipublic, or privately-owned areas intended for active recreational uses. Permitted uses within this category include ball fields, golf courses, archery ranges, sports complexes, outdoor recreation areas, contoured golf courses, public parks, picnic areas and gymnasiums. Recreation uses are provided for in all zoning districts as principal uses or special exceptions depending on the specific districts and whether they are public or private and indoor or outdoor.

Density: Not permitted.

Maximum FAR Floor Area Ratio: 0.5

6. OBJECTIVE 1.6. OPEN SPACE/CONSERVATION

The Future Land Use Map shall include the following Open Space/Conservation land use category.

POLICY 1.6.1.

A. Open Space/Conservation (OS/C):

Purpose: This category includes two (2) subcategories: Parks, which includes public areas used for passive recreation, and Conservation which consists of areas within the City that have significant limitations to development, related to elevations, soils, probability of flooding, relationship to a major waterbody, wetland characteristics, or similar factors. This category of land use is applicable to all zoning districts.

Density: Not permitted.

Maximum FAR Floor Area Ratio: 0.5

B. ~~Activity Center~~

~~*Purpose:* To encourage the development of master planned, mixed-use developments that serve as a catalyst for economic development opportunities and provide for balanced, integrated communities. Density and intensity standards are listed under Policy 1.7.7 of the Future Land Use Element.~~

FUTURE LAND USE ELEMENT

GOALS OBJECTIVES AND POLICIES

OBJECTIVE 1.7. ACTIVITY CENTER

The Future Land Use Map shall include the following Activity Center land use category.

POLICY 1.7.1.

Activity Center (AC)

Purpose: To encourage the development of master planned, mixed-use developments that serve as a catalyst for economic development opportunities and provide for balanced, integrated communities.

Density: Maximum 2,950 residential units.

Non-Residential Building Area permitted:

<u>Land Use</u>	<u>Total Non-Residential Building Area ⁽¹⁾</u>
<u>Commerce Park:</u>	
<u>Office</u>	900,000 sq. ft.
<u>Business Park/Flex Space</u>	350,000 sq. ft.
<u>Light Industrial</u>	800,000 sq. ft.
<u>Mini-warehouse</u>	240,000 sq. ft.
<u>Warehouse</u>	560,000 sq. ft.
<u>Commercial</u>	200,000 sq. ft.
<u>Institutional</u>	165,000 sq. ft.
<u>Elementary School</u>	720 students

The list of uses identified in the previous table reflects the ideal mixture of uses based on current market conditions. The conversion of non-residential uses within the Ormond Crossings Activity Center to residential or retail commercial uses is strictly prohibited, but the conversion of non-residential uses to other non-residential use, excluding commercial retail, shall be allowed based on the net impacts of the proposed use on the roads, water, sewer and stormwater utilities. Any conversion to a different use cannot create additional impact on these facilities since these intensities and uses reflect the maximum impacts estimated to be produced by the land use mix shown in the table. The amount of a particular non-residential land use within Ormond Crossings may increase or decrease per Policy 2.7.7. of the Future Land Use Element.

GOALS OBJECTIVES AND POLICIES

GOAL ~~1.~~ 2. LAND USE DISTRIBUTION

FUTURE DEVELOPMENT AND REDEVELOPMENT ACTIVITIES SHOULD BE DIRECTED IN APPROPRIATE AREAS AS DEPICTED ON THE FUTURE LAND USE MAP TO MEET THE LAND USE NEEDS OF THE ANTICIPATED POPULATION, IN A MANNER CONSISTENT WITH SOUND PLANNING PRINCIPLES, THE GOALS, OBJECTIVES AND POLICIES CONTAINED HEREIN, AND THE DESIRED COMMUNITY CHARACTER.

THE FUTURE LAND USE ELEMENT SHOULD ALLOW LIMITED COMMERCIAL EXPANSION, PROMOTE INDUSTRIAL USE, AND MAINTAIN CURRENT RESIDENTIAL DENSITIES IN THE CORE AREA WHILE ESTABLISHING LOWER DENSITIES IN THE PERIMETER AREAS, FOCUSING REDEVELOPMENT IN THE DOWNTOWN COMMUNITY REDEVELOPMENT AREA, US1, AND SRA1A, AND PROVIDING FOR A CONTINUED HIGH LEVEL OF OPEN SPACE. FUTURE GROWTH SHALL BE TIMED AND LOCATED TO MAXIMIZE EXISTING PUBLIC INFRASTRUCTURE.

OBJECTIVE ~~1.1.~~ 2.1. RESIDENTIAL LAND USE

Ensure the availability of adequate lands to meet the residential land use needs of the community.

POLICY ~~1.1.1.~~ 2.1.1.

The basic unit of measurement for residential density is dwelling unit per gross residential acre. In calculating maximum potential densities for any given parcel of property, such calculations shall be exclusive of that portion of the property, which is considered to be submerged lands. Assisted living facilities and transient lodging shall be measured based on the floor area ratio with the maximum number of units established in the Land Development Code.

POLICY ~~1.1.2.~~ 2.1.2.

Continue to promote sound planning for the location and design of new residential developments including on-site common open space and recreation facilities.

POLICY ~~1.1.3.~~ 2.1.3.

Preserve the character of existing neighborhoods by not allowing intrusion of land uses that would threaten to alter the neighborhood character and by encouraging voluntary rehabilitation and sound maintenance programs in viable neighborhoods which are capable of self-renewal and establishing code enforcement or public redevelopment activities in areas not capable of self-renewal.

FUTURE LAND USE ELEMENT

GOALS OBJECTIVES AND POLICIES

POLICY ~~4.1.4.~~ 2.1.4.

Preserve the single-family estate character of oceanfront properties north of Granada Boulevard. Preserve the existing beachside, single-family residential areas, south of Granada Boulevard and east of South Atlantic Avenue, by maintaining their land use designation of “Low Density Residential.”

POLICY ~~4.1.5.~~ 2.1.5.

Encourage innovative design measures for new residential developments and ensure that adequate provision is made for neighborhood facilities suitable to the type of development proposed.

POLICY ~~4.1.6.~~ 2.1.6.

Provide the opportunity, through zoning and other land use controls, for the development of a variety of housing types (i.e., single-family, duplex, townhouse, multi-family) in both conventional, planned unit and cluster type developments, that will meet the varied needs of the citizens of Ormond Beach.

POLICY ~~4.1.7.~~ 2.1.7.

Continuously review and modify development and building regulations to provide for sound residential communities and quality housing.

POLICY ~~4.1.8.~~ 2.1.8.

Maintain the holding capacity requirement of the ~~SLDR~~ Suburban Low Density Residential land use designation in the Land Development Code.

POLICY ~~4.1.9.~~ 2.1.9.

Medium and high-density multi-family residential development shall be encouraged near employment centers with convenient access to public recreational facilities, the thoroughfare system and mass transit routes.

POLICY ~~4.1.10.~~ 2.1.10.

Provide opportunities for housing geared to lower income families and the elderly in close proximity to shopping areas, mass transit facilities, convenient shopping, hospitals and recreational opportunities by designating these “opportunity” areas as Medium Density Residential on the Future Land Use Map.

FUTURE LAND USE ELEMENT

GOALS OBJECTIVES AND POLICIES

~~POLICY 4.1.11.~~ 2.1.11.

Encourage medium density multi-family residential development within the Downtown ~~CRA~~ Community Redevelopment Area and in areas where excessive commercial uses currently occur. Generally, maintain the current density ranges in the core City while providing for lower density development in the perimeter areas of the City.

~~POLICY 4.1.12.~~ 2.1.12.

The City shall continue to implement its Community Development Block Grant Program to improve the general quality of existing viable, but deteriorating neighborhoods, and remove blighting influences, in accordance with the programs described in the Housing Element. Building and housing codes shall be strictly enforced to help prevent or eliminate urban blight.

~~POLICY 4.1.13.~~ 2.1.13.

Encourage the redevelopment of blighted residential areas and promote the rehabilitation of deteriorated residential areas to increase the supply of affordable housing.

~~POLICY 4.1.14.~~ 2.1.14.

Enhance community livability in the central core and older sections of the City by encouraging infill as appropriate, transit-oriented development and walkable residential areas.

~~POLICY 1.1.15.~~

~~Densities in the Medium Density Residential (MDR) land use category shall be limited as provided in Section B of the Future Land Use Element. Notwithstanding, on or after April 1, 1993, whenever an individual site is designated MDR and zoned Manufactured Home Community District (T-1), the density of development of such site shall be limited to a maximum of 5 du/ac.~~

~~In the event that such site is subsequently rezoned or is otherwise developed under zoning provisions other than those for Manufactured Home Community District, the maximum density shall nevertheless remain 5 du/ac unless changed pursuant to a duly adopted amendment to the Comprehensive Plan.~~

~~POLICY 4.1.16.~~ 2.1.15.

Properties with the ~~REA~~ Rural Estate/Agriculture land use designation shall maintain their existing land use density. These properties shall not have their land use modified to permit more intensive residential uses.

GOALS OBJECTIVES AND POLICIES

OBJECTIVE ~~1.2.~~ 2.2. COMMERCIAL LAND USE

Ensure that adequate amounts of land are available to meet the commercial land use needs of the community.

POLICY ~~1.2.1.~~ 2.2.1.

New development and redevelopment shall not exceed the FAR established in Section B Floor Area Ratio established in Goal 1 of the Future Land Use Element. Parking garages shall not be calculated as floor area ratio.

POLICY ~~1.2.2.~~ 2.2.2.

Auto based strip commercial development along existing and future roads shall be discouraged while compact centers located near major intersections with adequate off-street parking shall be encouraged. Uses generating high traffic volumes should be restricted to corner locations.

POLICY ~~1.2.3.~~ 2.2.3.

Shopping centers shall be located in areas along arterials with secondary access to another collector or arterial street providing convenient access to surrounding residential areas as well as opportunity to facilitate return trips. Such uses shall provide adequate off-street parking and loading spaces; adequate on-site traffic circulation; and be encouraged to incorporate landscaping and other aesthetic amenities in their design.

POLICY ~~1.2.4.~~ 2.2.4.

Tourist oriented hotel/motel development and appropriate support facilities shall be located along A1A south of Granada Boulevard and near highway interchanges, and shall not be permitted to intrude into established residential areas north of Granada Boulevard nor established residential areas east of South Atlantic Avenue, further westward of A1A than is currently permitted south of Granada Boulevard.

POLICY ~~1.2.5.~~ 2.2.5.

The redevelopment and renewal of blighted commercial areas shall be encouraged.

POLICY ~~1.2.6.~~ 2.2.6.

New commercial development shall be required to provide appropriate buffers and landscaping to minimize negative impacts on surrounding uses.

FUTURE LAND USE ELEMENT

GOALS OBJECTIVES AND POLICIES

POLICY ~~1.2.7.~~ 2.2.7.

Maintain the tourist commercial character of the A1A corridor, except as noted in Policies ~~1.1.4.~~ 2.1.4. and ~~1.2.4.~~ 2.2.4. Design guidelines ~~should be established in the Land Development Code~~ should be maintained for all new development along the ocean so that, in the future, buildings will be homogeneous and compatible with surrounding constructions and will represent a common theme. Maintain oceanfront setbacks for properties located along the Atlantic Ocean. Oceanfront development should be airy and open with a minimum of interference with the ocean view and breeze.

POLICY ~~1.2.8.~~ 2.2.8.

Professional and medical uses shall be encouraged to locate along the Greenbelt corridor and in the area accessible to their respective clientele.

POLICY ~~1.2.9.~~ 2.2.9.

Commercial uses that require open storage should be developed with such areas in the rear while preserving the road frontage for offices, showrooms and landscaping. Adequate landscape buffers shall be provided and maintained by the property owner.

POLICY ~~1.2.10.~~ 2.2.10.

Commercial truck traffic not destined for residential areas should not travel through residential areas.

POLICY ~~1.2.11.~~ 2.2.11.

The present use of those sites that have billboards shall not be allowed to expand as long as the billboards, which are non-conforming structures, remain. Billboards shall not be permitted to be reconstructed if destroyed as defined by state and local law. Reasonable repair and maintenance, not an expansion, is allowed and replacement material must be like kind as existing material.

POLICY ~~1.2.12.~~ 2.2.12.

The City shall maintain an overlay district for US 1 that encourages redevelopment with a mixture of open space, commercial and industrial uses to the north and commercial to the south, to create an attractive entranceway to the City, as implemented by the Land Development Code.

POLICY ~~1.2.13.~~ 2.2.13.

Those properties for which a ~~BPUD~~ Business Planned Unit Development has been approved in the County can develop under those land uses, provided that the Development Agreement with the County is still valid and in effect. Applicants shall be encouraged to meet City land development standards.

GOALS OBJECTIVES AND POLICIES

~~POLICY 2.1.14.~~ 2.2.14.

The City shall maintain citywide architectural standards for the new development and substantial redevelopment of existing buildings.

OBJECTIVE ~~1.3.~~ 2.3. PUBLIC AND INSTITUTIONAL LAND USES

Ensure that public and institutional facilities are developed in support of residential developments and are based on projected needs.

~~POLICY 1.3.1.~~ 2.3.1.

Avoid deterioration of existing City facilities, and encourage renovation or expansion where needed.

~~POLICY 1.3.2.~~ 2.3.2.

Coordinate with the School Board to provide for the location and development of schools where needed. Provide for shared use of facilities wherever feasible.

~~POLICY 1.3.3.~~ 2.3.3.

The location of public and institutional facilities shall maximize their efficient use, minimize their cost and impact on the natural environment, and provide for an adequate level-of-service.

~~POLICY 1.3.4.~~ 2.3.4.

Care facilities such as day-care centers, nursing homes and ~~ALF's~~ assisted living facilities, should be located in areas where their impact will be reduced such as on the perimeter of residential neighborhoods, or within residential neighborhoods on sites that can be developed with adequate buffers to prevent noise, visual, or traffic impacts on residential properties. When located in residential areas, they shall be designed in a way that will not interfere with the character of the neighborhood.

~~POLICY 1.3.5.~~ 2.3.5.

Public and private schools may be located in all zoning districts permitted under the residential and commercial land use classifications, except for the B-2 (Neighborhood Commercial) and the B-6 (Oceanfront Tourist Commercial) zoning district in the Tourist Commercial classification.

OBJECTIVE ~~1.4.~~ 2.4. UTILITY/INDUSTRIAL LAND USES

Provide sufficient land area for the location of utility/industrial land uses, and encourage light industrial development in order to provide increased employment opportunities and to broaden the City's economic base.

POLICY ~~1.4.1.~~ 2.4.1.

Light industry shall be encouraged to locate in the community in those areas where transportation, power, and water and sewer facilities are available or can be provided, and where impact on surrounding residential areas and the environment can be kept to a minimum.

POLICY ~~1.4.2.~~

~~Heavy industrial uses shall be located to minimize impacts to adjoining properties, especially residential uses. It is anticipated that some heavy industrial uses will be annexed into the City as they require connection to City utilities. In general, the heavy industrial land use category should be used sparingly and where no adverse impacts can be demonstrated.~~

POLICY ~~1.4.3.~~ 2.4.2.

Continue to develop the Airport Business Park and encourage employee-intensive, light industry to locate there.

POLICY ~~1.4.4.~~ 2.4.3.

Excessive air, noise, water, and visual pollution from industrial activities shall be prohibited and incorporation of landscaping and other aesthetic amenities in industrial project design shall be encouraged.

POLICY ~~1.4.5.~~ 2.4.4.

Industrial uses shall provide required buffers and landscaping to minimize the negative impact on surrounding less-intensive uses.

POLICY ~~1.4.6.~~ 2.4.5.

Development of industrial sites shall be coordinated with the Goals, Objectives, and Policies of the Conservation Element.

POLICY ~~1.4.7.~~ 2.4.6.

Industrial sites with rail access shall be preserved to the maximum extent possible.

FUTURE LAND USE ELEMENT

GOALS OBJECTIVES AND POLICIES

POLICY ~~1.4.8.~~ 2.4.7.

Blight in industrial areas should be avoided. Code enforcement activities shall continue to target such areas.

POLICY ~~1.4.9.~~ 2.4.8.

Industrial uses that require open storage of materials should not occupy sites along major roads. Where such uses occur, the road frontage shall be dedicated to showroom, office and landscaping uses, with the open storage proportion located in the rear. Adequate landscape buffers shall be provided and maintained by the property owner.

POLICY ~~1.4.10.~~ 2.4.9.

Industrial truck traffic not destined for residential areas should not travel through residential neighborhoods.

POLICY ~~1.4.11.~~ 2.4.10.

Adequate sites shall be provided for utility facilities and services (solid waste, drainage, potable water, sanitary sewer, electric, and telephone). Such facilities and services shall be improved and expanded to maintain adopted level of service standards consistent with the Capital Improvements Element.

POLICY ~~1.4.12.~~ 2.4.11.

Industrial and commercial operations shall minimize or, where possible eliminate, the following impacts on the environment:

- | | |
|------------------------------------|----------------------------|
| a. Odor, fumes, vapors, and gases; | g. Smoke, dust and dirt; |
| b. Erosion and stormwater runoff; | h. Vibrations; |
| c. Noise; | i. Glare; |
| d. Fire and explosion hazards; | j. Hazardous Waste; |
| e. Radioactive elements; | k. Toxic Waste; and |
| f. Electromagnetic interference; | l. Petroleum contaminants. |

GOALS OBJECTIVES AND POLICIES

OBJECTIVE ~~1.5.~~ 2.5. RECREATION/OPEN SPACE LAND USE

The City shall acquire or dedicate lands for the provision or expansion of active recreation facilities to meet the existing and future needs of the population, as determined in the Capital Improvements Element.

POLICY ~~1.5.1.~~ 2.5.1.

The recreation impact fee ~~rebate program~~ should be continued to offset the recreation and open space impacts of new development.

POLICY ~~1.5.2.~~ 2.5.2.

The City shall upgrade existing facilities when needed to assure that they provide for adequate active recreation opportunities.

OBJECTIVE ~~1.6.~~ 2.6. OPEN SPACE/CONSERVATION LAND USE

The City shall acquire or dedicate lands to ensure their protection where there are environmental assets that shall be preserved, as well as providing community access and/or recreation opportunities/value to the community.

POLICY ~~1.6.1.~~ 2.6.1.

The City shall upgrade existing City-owned parks when, as financially feasible, to assure that they provide for adequate access to passive recreation areas.

POLICY ~~1.6.2.~~ 2.6.2.

The City shall maintain a zoning district ~~category~~ to assure protection of open space/conservation uses entitled: "Special Environmental ~~District~~" (SE). The following criteria shall apply to the implementation of this Policy:

- The ~~SE~~ Special Environmental zoning district applies to all Department of Environmental Protection or Army Corps of Engineers jurisdictional wetland lines. This area includes mosquito impoundment districts.
- The ~~SE~~ Special Environmental zoning district applies to environmentally sensitive areas designated for public acquisition and protection or areas currently in public ownership which should be subject to open space and conservation type land uses.

POLICY ~~1.6.3.~~ 2.6.3.

~~Project~~ Protect existing agricultural lands by allowing existing agricultural operations to continue; ~~rezoning of these lands should not occur unless requested by property owners.~~

FUTURE LAND USE ELEMENT

GOALS OBJECTIVES AND POLICIES

POLICY ~~1.6.4.~~ 2.6.4.

Encourage retention of natural vegetation and use of native plant species in all projects in order to reduce irrigation needs and minimize vegetation loss during deep freeze periods, protect wildlife habitat areas, and provide suitable natural open space areas in the urban environment.

POLICY ~~1.6.5.~~ 2.6.5.

The City shall continually consider the acquisition of sensitive lands in the North US1 corridor and in the flood prone areas south of Granada Boulevard that are shown in the Future Land Use Map as Open Space/Conservation for passive open space use. Environmentally sensitive areas as defined in Policy ~~4~~5.1.1. of this Element with an underlying land use in the Land Use Element are to be carefully monitored for on and off-site environmental impacts during the site plan review process.

OBJECTIVE ~~1.7.~~ 2.7. ACTIVITY CENTERS LAND USE

The City of Ormond Beach establishes the “Activity Center” land use classification to encourage the development of master planned, mixed-use developments that serve as a catalyst for economic development opportunities and provide for balanced, integrated communities.

POLICY ~~1.7.1.~~ 2.7.1.

The application of the Activity Center land use designation shall be limited to properties with minimum areas of 2,000 acres that are under single ownership. A Development of Regional Impact or rezoning to Planned Development shall be required of all properties designated as “Activity Center” on the Future Land Use Map. The Florida Community Renewal Act of 2009 identified that property owners can decide to not participate in the ~~DRI~~ Development of Regional Impact process if the project is located in a Dense Urban Land Areas (DULA’s). The City is a DULA, as so designated by the Florida Department of Community Affairs in July 2009. To ensure that there is a coordinated and integrated development, all property designated as “Activity Center” shall be required to have a zoning classification of “Planned Development.” The City shall not use the “Activity Center” land use to prematurely develop lands in a fashion that encourages sprawl. Sprawl shall be identified by the following conditions:

1. Promotes, allows or designates for development substantial areas of the jurisdiction to develop as low-intensity, low density or single-use development or uses in excess of the demonstrated need.
2. Fails to maximize use of existing and future public facilities and services.
3. As a result of premature or poorly planned conversion of rural land to other uses, fails to adequately protect and conserve natural resources, such as wetlands, floodplains, native vegetation, environmentally sensitive areas, natural groundwater aquifer

GOALS OBJECTIVES AND POLICIES

recharge areas, lakes, rivers, shorelines, beaches, bays, estuarine systems, and other significant natural systems.

4. Fails to adequately protect adjacent agricultural areas and activities, including silviculture, active agricultural activities, as well as passive agricultural activities, dormant, unique prime farmlands and soils.
5. Allows for land use patterns or timing which disproportionately increase the cost in time, money and energy of providing and maintaining facilities and services, including roads, potable water, sanitary sewer, stormwater management, law enforcement, education, health care, fire and emergency response, and general government.
6. Fails to provide a clear separation between rural and urban uses.
7. Results in the loss of significant open space.

POLICY ~~1.7.2.~~ 2.7.2.

Development proposals for property designated as “Activity Center” shall provide for a diversity of land uses, including, but not limited to industrial, manufacturing, commercial, office, and residential. Emphasis shall be placed on developments that integrate linkages between related land uses; for example, a development that minimizes home to work trips through shorter distance and/or public transportation.

POLICY ~~1.7.3.~~ 2.7.3.

The following guidelines and standards shall be established through the ~~DRI~~ and rezoning to Planned Development procedures and shall, at a minimum, address the following:

1. Integration of land uses and enhancement of economic and environmental opportunities;
2. Urban design and architectural control;
3. Coordinated, transportation systems and access management standards;
4. Innovative land use standards designed to protect and enhance environmental resources;
5. Coordinated and orderly provision of public utilities; ~~and~~
6. Comprehensive provision of educational and recreational activities and facilities. This will require the coordination and approval of the ~~DRI~~ and/or rezoning to “Planned Development” by the appropriate staff member of the Volusia County School Board.

GOALS OBJECTIVES AND POLICIES

7. The following are specific design guidelines that are established to ensure that projects developed within the “Activity Center” land use provide for a balanced and sustainable mix of uses. All development shall, at a minimum, be required to:
 - A. Provide visual harmony by, but not limited to, such mechanisms as sign control (i.e., number, height and copy area), establishing landscape screening/buffering requirements (i.e., width and composition), requiring the use of underground utilities, and establishing building setbacks and height requirements;
 - B. Encourage building orientation which promotes interaction between different projects and discourages creating unnecessary separation or the isolation of projects;
 - C. Use shared parking, access and loading facilities, as practical in an effort to reduce impervious surfaces;
 - D. Promote vehicular, pedestrian, and non-vehicular movement throughout the Activity Center;
 - E. Provide a network of unifying open spaces (said open spaces shall be in, or predominantly in, a natural state) which promote linkage with other adjoining developments; and
 - F. Use common frontage/service roads where appropriate; and
 - G. Use shared or joint facilities, such as stormwater, bus stops, and utility easements.
8. The “Activity Center” land use must provide for a balance of uses within a framework of transportation, social and economic connectivity. The following guidelines will be applied to all projects developed through either a DRI or a Planned Development within the “Activity Center” land use category:
 - A. There shall be an industrial component located near major transportation facilities to provide for employment opportunities and expansion of the City’s economic base. The development within these areas shall focus on manufacturing, distribution, and warehousing. Other ancillary uses may be allowed provided it is compatible with the industrial uses.
 - B. There shall be commercial retail located at critical points to serve local and regional needs. Local retail uses shall be integrated within both residential and non-residential areas, for example within industrial and office complexes the integration of convenience shopping and restaurant uses will be encouraged. The development of town centers shall be identified so that vertical integration of office, retail and residential uses shall be massed in a compact urban form. Lastly, the location of regional retail centers should be located and developed in a manner that does not prohibit the development of industrial and office uses, nor shall it be inconsistent with efforts to develop compact town centers.

GOALS OBJECTIVES AND POLICIES

POLICY ~~1.7.4~~ 2.7.4.

There are limited opportunities to use this designation, given the existing land use pattern within the City and properties in adjacent unincorporated Volusia County. There is a property that is identified as "Ormond Crossings". This property is located west of US1 and straddles both sides of 1-95. There are approximately 3,095 acres of land ~~included in this amendment~~ that ~~will be~~ was under the sole ownership of one corporation, ~~Tomoka Holdings, L.L.C.~~ The following provides generalized standards for any property that the City determines to be appropriate for this land use classification. There are also specific standards established solely for the "Ormond Crossings" development. The following are general standards that apply to all properties designated as "Activity Center" on the City's Future Land Use Map:

1. Land uses within Activity Centers shall include residential, office, business park/flex space, light industrial, mini-warehouse, warehouse, commercial, institutional, schools and recreation. The density and intensity of each land use and the percentage distribution among the mix of uses shall be provided in each land use plan amendment designating an Activity Center.
2. Contain a minimum of 2,000-acres under single ownership.
3. Located adjacent to major transportation systems such as interstate and intrastate highways, transit/bus route, rail lines and/or the municipal airport to ensure access to various modes of travel.
4. Incorporate a balanced integration of varied land uses that are interrelated and dependent on each other. For example, multi-family elements in close proximity to retail and work-related uses.
5. Provide for a land use pattern that emphasizes employment-based uses (light industrial, manufacturing, distribution, and corporate headquarters), daily and regional retail and various residential uses.
6. The land use pattern within Activity Centers shall be designed to ensure sufficient connectivity between these uses through various travel opportunities. The intent is to internalize the trips and minimize the length of the home to work; home to school, and home to shopping trips.
7. Integrate urban design and architectural standards that provide for enhanced value and improved use of space. Typical standards would include, but not be limited to, the regulation and design of signage, tree preservation and landscape buffering, building placement and architectural style, parking arrangement and orientation, and pedestrian/transit opportunities.
8. Establishing specific master plans for the protection and enhancement of natural resources, including but not limited to, wetlands, protected species and protection of the floodplain.

GOALS OBJECTIVES AND POLICIES

9. Site development/civil engineering plans that emphasize connection to public supplies of water, sanitary sewer and effluent that provide incentives to projects to develop in areas appropriate for development.
10. Traffic circulation and access management that integrate the project into the local, county, regional, and State road system in a manner that maintains the applicable level of service. The focus is to ensure that the appropriate facility is being used to move the maximum volume of traffic in the most efficient way.
11. Establishing a master plan for recreational, public safety and educational facilities to serve the development. Emphasis shall be placed on integration of educational and recreational facilities to better serve the population. Public safety facilities shall be designed to serve the entire project and shall be constructed at time where there are adequate response times from the various public safety providers.

POLICY ~~1.7.5.~~ 2.7.5.

The application of the Activity Center land use designation shall be limited to properties with minimum area of 2,000 acres that are under single ownership. A ~~Development of Regional Impact~~ or rezoning to Planned Development shall be required of all properties designated as “Activity Center” on the Future Land Use Map. The Florida Community Renewal Act of 2009, identified that property owners can decide to not participate in the DRI process if the project is located in a Dense Urban Land Areas (DULA’s). The City is a DULA, as so designated by the Florida Department of Community Affairs in July 2009. To ensure that there is a coordinated and integrated development, all property designated as “Activity Center” shall be required to have a zoning classification of “Planned Development.” The City shall not use the “Activity Center” land use to prematurely develop lands in a fashion that encourages sprawl. Sprawl shall be identified by the following conditions:

1. Promotes, allows or designates for development substantial areas of the jurisdiction to develop as low-intensity, low density or single-use development or uses in excess of the demonstrated need.
2. Fails to maximize use of existing and future public facilities and services.
3. As a result of premature or poorly planned conversion of rural land to other uses, fails to adequately protect and conserve natural resources, such as wetlands, floodplains, native vegetation, environmentally sensitive areas, natural groundwater aquifer recharge areas, lakes, rivers, shorelines, beaches, bays, estuarine systems, and other significant natural systems.
4. Fails to adequately protect adjacent agricultural areas and activities, including silviculture, active agricultural activities, as well as passive agricultural activities, dormant, unique prime farmlands and soils.
5. Allows for land use patterns or timing which disproportionately increase the cost in time, money and energy of providing and maintaining facilities and services, including

FUTURE LAND USE ELEMENT

GOALS OBJECTIVES AND POLICIES

roads, potable water, sanitary sewer, stormwater management, law enforcement, education, health care, fire and emergency response, and general government.

6. Fails to provide a clear separation between rural and urban uses.
7. Results in the loss of significant open space.

~~POLICY 1.7.6.~~

~~The following guidelines and standards shall be established through the rezoning to Planned Development procedures and shall, at a minimum, address the following:~~

- ~~1. Integration of land uses and enhancement of economic and environmental opportunities;~~
- ~~2. Urban design and architectural control;~~
- ~~3. Coordinated, transportation systems and access management standards;~~
- ~~4. Innovative land use standards designed to protect and enhance environmental resources;~~
- ~~5. Coordinated and orderly provision of public utilities; and~~
- ~~6. Comprehensive provision of educational and recreational activities and facilities. This will require the coordination and approval of the rezoning to "Planned Development" by the appropriate staff member of the Volusia County School Board.~~
- ~~7. The following are specific design guidelines that are established to ensure that projects developed within the "Activity Center" land use provide for a balanced and sustainable mix of uses. All development shall, at a minimum, be required to:~~
 - ~~A. Provide visual harmony by, but not limited to, such mechanisms as sign control (i.e., number, height and copy area), establishing landscape screening/buffering requirements (i.e., width and composition), requiring the use of underground utilities, and establishing building setbacks and height requirements;~~
 - ~~B. Encourage building orientation which promotes interaction between different projects and discourages creating unnecessary separation or the isolation of projects;~~
 - ~~C. Use shared parking, access and loading facilities, as practical in an effort to reduce impervious surfaces;~~
 - ~~D. Promote vehicular, pedestrian, and non-vehicular movement throughout the Activity Center;~~
 - ~~E. Provide a network of unifying open spaces (said open spaces shall be in, or predominantly in, a natural state) which promote linkage with other adjoining developments; and~~
 - ~~F. Use common frontage/service roads where appropriate; and~~

FUTURE LAND USE ELEMENT

GOALS OBJECTIVES AND POLICIES

~~G. Use shared or joint facilities, such as stormwater, bus stops, and utility easements.~~

~~POLICY 4.7.7. 2.7.6.~~

The Ormond Crossings Activity Center is a project that consists of 2,940 acres of land situated southwest of the ~~FEC~~ Florida East Coast Railroad, north of the City of Ormond Beach Municipal Airport, east of the Flagler County line. There are 155-acres of land located between the ~~FEC~~ Florida East Coast Railroad and US1 that was part of the original annexation. This area is disconnected from the Activity Center project by the ~~FEC~~ Florida East Coast Railroad and is best developed under the commercial and industrial land uses that were originally assigned by the City or Volusia County.

The owner of the property, ~~Tomoka Holdings, L.L.C.~~, working in conjunction with the City, plans to develop the property for a mixed-use development. The City of Ormond Beach vision, as defined by the City Commission in July 2004, establishes specific design, use and development goals for the entire property. The property owner has cooperated with the City of Ormond Beach and prepared a Preliminary Assessment Report that provides better details and direction to the vision established by the City Commission. Both of these documents have been referenced and ~~shall be used for conceptual guidance of the review of the~~ were used in the rezoning to "Planned Development." There are specific conditions that establish minimum standards for the development within the "Activity Center" and the City cannot approve any development orders that deviate from those standards. The standards applicable to the Ormond Crossings project include the following:

1. The project shall consist of a mixture of uses, with the following establishing the minimum building area allocated by use. In order to ensure that the project provides the necessary economic diversity there shall be a minimum of 1,000-acres of land (inclusive of rights-of-way, wetlands and stormwater facilities) to be developed for a "Commerce Park" that will have a mixture of industrial, warehousing, distribution, office and limited retail. This will be coordinated with retail and residential uses in order to minimize net external trips outside the boundary of the Activity Center land use area. The following table establishes the maximum intensities of the uses allowed within the Ormond Crossings project. The table reflects the development intensities required by the City of Ormond Beach and Volusia County in order to ensure a viable economic impact to the area.

Ormond Crossing Activity Center Land Use

Land Use	Total Non-Residential Building Area ⁽¹⁾	Dwelling Units
Commerce Park:		
Office	900,000 sq. ft.	
Business Park/Flex Space	350,000 sq. ft.	
Light Industrial	800,000 sq. ft.	
Mini-warehouse	240,000 sq. ft.	
Warehouse	560,000 sq. ft.	

FUTURE LAND USE ELEMENT

GOALS OBJECTIVES AND POLICIES

Commercial	200,000 sq. ft.	
Institutional	165,000 sq. ft.	
Elementary School	720 students	
Residential:		2,950

2. The list of uses identified in the previous table reflects the ideal mixture of uses based on current market conditions. The conversion of non-residential uses within the Ormond Crossings Activity Center to residential or retail commercial uses is strictly prohibited, but the conversion of non-residential uses to other non-residential use, excluding commercial retail, shall be allowed based on the net impacts of the proposed use on the roads, water, sewer and stormwater utilities. Any conversion to a different use cannot create additional impact on these facilities since these intensities and uses reflect the maximum impacts estimated to be produced by the land use mix shown in the table. The amount of a particular non-residential land use within Ormond Crossings may increase or decrease, provided:
 - A. Aggregate potable water, wastewater and reclaimed water demands of Ormond Crossings shall not exceed the totals proposed for the uses identified in the table above. Any change of land use must address changes to the potable water usage and identify if the potable water capacity allocation under the applicable consumptive use permit is available.
 - B. The intensity within the Business Park shall not exceed 1.0 ~~FAR~~ Floor Area Ratio on any individual building site or an average .35 ~~FAR~~ Floor Area Ratio throughout the entire Business Park.
 - C. The building height shall not exceed 75'.
 - D. Increasing the number of residential units and retail commercial uses is strictly prohibited.
 - E. The change will not increase total offsite traffic impacts from the project (4,551 Net External Peak Hour Trips).
3. The development of this mixed-use project shall incorporate focal points of retail, office, residential and open space to create "Town Centers" that will provide a variety of services to corporate, industrial and residential developments located throughout the project. The final development shall incorporate residential uses in urban, suburban and rural settings. Densities shall be established in the Planned Development Orders, but the total number of units allocated to the portion of Ormond Crossings project in Ormond Beach shall not exceed 2,950 units. There shall be a fixed number of units allowed in the Ormond Beach portion of the project. The final residential densities shall be coordinated with the adjacent uses to ensure compatibility. It is important that the Planned Development use development standards that encourage the use of buffers and clustering of units to ensure that the rural and natural resources of the area are protected. To encourage compact urban development higher density residential uses should be integrated into the office and commercial development occurring within the project.

GOALS OBJECTIVES AND POLICIES

Due to the amount of environmentally sensitive lands located at the southwest portion of the Ormond Crossings Activity Center, west of I-95, near Durance Acres, the use of clustering to establish large tracts of open land for preservation and conservation shall be encouraged.

- A. Provision of utilities and other urban infrastructure shall be the responsibility of the Developer and shall be coordinated with the adjacent counties and municipalities to ensure efficiency. The City shall work with the Developer to establish a Community Redevelopment Agency that will facilitate the design and construction of a “spine road” that serves as a principal arterial roadway. This roadway shall provide for elevated crossings of the Florida East Coast Railroad and I-95 so as to connect the east and west sides of the project. The road shall span from US1 on the east side of I-95 to over I-95 and terminate at Tymber Creek Road on the west side of I-95.
- B. The I-95 and US1 corridors provide for valuable inter and intrastate transportation. The visual impact of this project on these two roadways has been identified as a primary concern by the City Commission. The Planned Development zoning development orders shall include specific design standards for the appearance of the project adjacent to these roadways. The plans shall also include an access management plan that protects the efficiency of the roadway by limiting driveway access, limited number of full turning movement intersections and a hierarchy of principal arterial, collector and local roads that feed into US1.
- C. The project shall provide for a master plan regarding wetland impacts and mitigation. The plan shall also address floodplain issues, such that there is a comprehensive approach to the wetland and flood-prone areas to be impacted by development. The primary purpose is to identify marginal wetland areas that may be developed as well as larger pristine areas that should be protected. The second purpose is to establish a mitigation plan that allows for the transfer of impacts and mitigation that preserves and protects large ecosystems within the project boundary.
- D. The interim use of the property for silviculture, pasture lands and similar low-intensity agricultural uses shall be allowed. A site will no longer be deemed to be in a bona fide agricultural use after there is an active development proceeding on the site. Active development shall mean a site plan or subdivision application for non-agricultural uses has been reviewed and approved by the City. Intensive agricultural uses such as mining, animal/crop processing or animal holding pens for food production shall not be allowed within the project. Provisions implementing this policy shall be incorporated into the Planned Development zoning.
- E. The primary goal of the Ormond Crossings development is to provide an opportunity for the development of industrial uses on the east side of I-95 that is integrated with other commercial, office and residential uses. The final outcome is an integrated mixed-use development that provides opportunities for work, home,

FUTURE LAND USE ELEMENT

GOALS OBJECTIVES AND POLICIES

social/cultural and preservation of natural resources. The following are guidelines to be used in the drafting of the Planned Development rezoning.

1. Accessibility: In regard to the Ormond Crossings project, accessibility is a primary resource to draw both employment-based users. It is understood that market conditions indicated that the development of the property for residential uses can be accomplished quickly. The primary rationale for attempting to diversify the land uses for non-residential uses is to capitalize on the accessibility to truck and rail freight. This provides the area with a strong attraction. In order to assure that the diversity of land uses within this project is realized, the following conditions should be in place:
 - a. Thoroughfares identified to service industrial uses shall be identified through the zoning to Planned Development. These roads shall be designed to accommodate the loading and travel demands of the pending industrial users. Integration with a grid or modified grid system shall be incorporated into the final design to ensure simplicity in movement of truck and passenger vehicles. The integration of multi-modal opportunities shall be developed and incorporated into the design of all development types.
 - b. Integration with non-industrial uses within Ormond Crossings shall be accomplished through a series of collector roads that connect to the proposed arterial roadway that connects US1.
 - c. Residential development shall be laid out such that each neighborhood shall provide pedestrian connectivity throughout the neighborhood to sidewalks, off-street paths and roadways. The integration of multi-modal opportunities shall be developed and incorporated into the design of all development types.
 - d. Commercial and office uses shall provide for vehicular, pedestrian and multi-modal accessibility throughout the development.
2. Land Use Compatibility: The balancing of industrial retail, residential land use with the natural resources within the Ormond Crossings area is the principal concern of the City. The project provides opportunities to attract significant employment-based land uses, as well as opportunities to preserve, protect and enhance significant natural resources. The following guidelines shall be used as additional requirements to Federal, State and Regional regulations:
 - a. Industrial land uses shall be located to minimize potential negative impacts to wetlands and upland systems. The primary location of intensive industrial uses shall be concentrated on the east side of I-95. There are wetlands of varying quality located on this side of I-95. The large cypress dome located near Harmony Road and Pineland Trail should be preserved and integrated into the stormwater management systems. This area also serves as a potential buffer to the residential uses located south of Ormond Crossings. The other significant wetland resources consist of wet prairies and isolated

GOALS OBJECTIVES AND POLICIES

cypress domes. All of this area has been impacted by wildfires and silviculture. The development of industrial uses adjacent to the FEC Florida East Coast railroad shall be done in a fashion that limits negative impacts to those wetland resources that are to be preserved. Preservation shall be through either public ownership or through private ownership with conservation easements granted to the City and other reviewing agencies.

- b. Traditional retail and industrial uses along the US1 corridor, outside the Activity Center area shall be allowed, however there shall be sufficient standards to ensure:
 - 1) Architectural and landscaping standards that provide for a coordinated and unified development theme to ensure stability and vitality along the corridor;
 - 2) Integration of public spaces connected to the retail areas such as linear parks, sidewalks and trails to ensure that pedestrian and bicycle traffic can easily access the retail centers; and
 - 3) Development of access easements and/or frontage road systems to ensure connectivity between sites and encouraging traffic to remain off of US1.
- c. Office, Multi-family residential and retail uses shall be encouraged to be developed in a "Town Center." The exact location and size shall be determined by the final conceptual plan for the master plan for the Planned Development zoning, but the following guidelines shall be used to finalize the land use plan:
 - 1) Town centers shall have automobile and pedestrian access from local streets to encourage connection to the adjacent neighborhoods;
 - 2) The development standards for town center shall encourage and include for vertical mixes of uses within the same structure such that residential, office, commercial and parking needs are serviced within one building;
 - 3) The town center mix of uses shall include uses that provide for employment-based uses (office, service centers and administrative facilities) combined with service and daily retail needs to service both the residents within the town center and the adjacent residential neighborhoods; ~~and~~
 - 4) The use of civic plazas, parks and defined open space shall be used with streetscape treatments and urban design standards to ensure that the built environment addresses the functional and aesthetics needs of the residents and businesses within the town center; ~~and~~
 - 5) Corporate offices and research and development uses may be located on both sides of I-95 within the Commerce Park. Additionally, these types of uses are appropriate at the interchange of US 1 and I-95 and along

GOALS OBJECTIVES AND POLICIES

the US 1 and I-95 corridors where the buildings, landscaping and design of the site serve as landmarks identifying the Ormond Crossings project to the public;

- 6) Wetland communities have been identified and cataloged as part of the Comprehensive Plan amendment process. This has identified the need to preserve and protect significant resources that are located along the City municipal boundary with Flagler County. The primary areas targeted for preservation are the uplands and wetlands located in Flagler County that cross into Ormond Beach at the southwest quadrant of the Ormond Crossings project. There are pockets of isolated wetlands throughout the site. The goal is to use an ecosystems management philosophy of protecting both wetlands and uplands in both Ormond Beach and Flagler County. The final outcome will be large tracts of land preserved through either public ownership or conservation easement;
